

Trick Me 1671

Chapter 1671: did something to her!

“Yes!” The assistant bowed and left.

Yan Jun took a deep breath and tried his best to suppress his anxiety. He returned to his room and carried Xia Jinqi out.

After getting off the plane, he went straight to the hospital.

The specialists who had received the notice had been waiting for a long time. Yan Jun sent Xia Jinqi here and immediately arranged for her to be examined.

During the long examination, Yan Jun never left her side.

Whether it was an MRI scan of the entire body or a blood test, a few examination rooms were switched back and forth. The nurses wanted to come and help, but Yan Jun shook his head and asked them to leave.

The few nurses present were extremely envious of their doting wife.

“Our young master is really good. He has been hugging young Madam all this time and has never let go.”

“That’s right. I’ve never seen such a loving man in my entire life! I really don’t understand why people outside say that our young master is the cold-faced King of Hell... in my opinion, there is no man in this world who is warmer and gentler than our young Master!”

“I really hope that young Madam will wake up soon... when I went in just now, I saw the way young master looked at Young Madam. It was really sad!”

“Sigh, this Rao city incident is all thanks to our young Master! Young master is such a good person, how could God bear to torture him and Young Madam...”

A few nurses gathered outside the ward and muttered. Coincidentally, the doctor came over with the results of the examination and slapped them on the head one by one. He scolded them in frustration “Don’t you have anything to do? Is Young Master’s matter something that you can gossip about? HURRY UP AND GET DOWN!”

The nurse was scolded and all of them scattered.

Only then did the doctor knock on the door and enter.

“young master, Young Madam’s body hasn’t suffered any damage. She’s very healthy. Only when her blood was tested did we find a small amount of phenobarbital, one of the main ingredients of the sedative.”

Yan Jun had just placed Xia Jinqi on the hospital bed and carefully covered her with the blanket.

Hearing the doctor's words, he straightened his body and narrowed his eyes as he asked, "is this the reason that caused her to be unconscious for so long?"

"One of the reasons." The doctor's words were not particularly certain. Then, he asked again, "young master, has young Madam suffered any stimulation during this period of time?"

Yan Jun suddenly frowned. "What do you mean?"

"although sedatives can calm people down for a short period of time, this amount is not much. At the same time, during the examination, we also found that young Madam's brain waves were very unstable. It could even be said that it was very chaotic. We guessed that before she fainted, she might have suffered some huge stimulation,"the doctor said.

From a medical point of view, Xia Jinqi should have woken up a long time ago.

However, she had been in a deep coma for a long time. This was somewhat unusual.

Yan Jun carefully recalled what had happened before, and there didn't seem to be anything that was worth scaring Xia Jinqi.

In the few days that she had been kidnapped by Lu Yiming, she had been able to eat and sleep. Huo Ting had also seen her with his own eyes, and she was no different from an ordinary person.

If she had been frightened... .. Then it would only have been a few hours before he found her ...

In those few hours, had anything happened that could provoke her?

What on Earth had Lu Yiming done to her? ! ! !

His long and narrow Phoenix eyes suddenly narrowed. Yan Jun stood up with a swoosh and walked out!

However, the moment he took this step, the person who had been sleeping on the bed suddenly moaned!

"En..."

Yan Jun's heart seemed to have skipped a beat.

Chapter 1672: Mr. Zhang you've mistaken me for someone else

He turned around and lowered his gaze, just in time to see Xia Jinqi's slightly furrowed brows, as well as her pair of large, intelligent eyes that slowly opened.

"Ah Jin!" He cried out in joy. He rushed to her bedside very quickly and held her hand tightly. "You're awake?"

The doctor was also surprised. He hurriedly went forward to check Xia Jinqi's heartbeat and breathing, and found that they were all normal.

"Young Madam, do you feel uncomfortable anywhere?"

As for the person involved, Xia Jinqi, she raised her heavy eyelids in a daze. Her pupils narrowed slightly due to the stimulation of the bright light around her.

At the beginning, her vision was blurred and she couldn't see things clearly. She could only see two figures swaying in front of her and the conversation beside her ears. It was a buzzing sound and she couldn't hear it clearly.

Everything was so unfamiliar. It was as if she hadn't only been unconscious for a day and a night, but for a whole fifteen years... ..

After spending a long time to adapt to this strange body, she slowly sat up.

The two faces in front of her also became clear.

She frowned at them, moved her lips and asked, "who... Are you? Where am I?"

The moment she finished speaking, Yan Jun and the doctor were completely frozen.

At that moment, Yan Jun's heart sank. Two words appeared in his mind: Amnesia.

"You... don't remember me?" He forced the corners of his lips and looked at her in disbelief ...

"I don't know you." She looked at Yan Jun with her beautiful eyes filled with strangeness and caution.

Yan Jun was at a loss for words.

He didn't know what to say. or rather, he didn't know how he should react at this moment.

The woman sitting in front of him was clearly Xia Jinqi, the wife he loved deeply.

But why did her eyes look so strange when she looked at him?

So strange that it was as if they had never met before.

The doctor listened from the side. Although he was extremely surprised, he was still very calm on the surface.

In medicine, even if the head had not suffered any obvious injuries, there were still many patients who would suffer from temporary or permanent Amnesia after experiencing a huge psychological trauma or shock.

In addition, Xia Jinqi's brain waves were very chaotic during the previous examination. Even if she really lost her memory, it was not impossible.

"Then, May I ask what your name is?" The doctor suddenly stepped forward and asked.

To determine whether a person had amnesia, it was not enough to rely on such a speculation alone. They still needed to do more precise examinations.

"My name is Bi Yue," she replied.

These four simple words were like a bolt from the blue, exploding in Yan Jun's mind.

If Xia Jinqi's answer was 'no', then he could accept it!

Yet, she said her name was Bi Yue?

It would be fine if it was an unfamiliar name, but it was someone Yan Jun knew Moreover, it was a dead person! ! !

Yan Jun, who had always been calm and indifferent, could not remain calm at this moment.

He rested his right hand on his brow for a moment before looking at Xia Jinqi with a smile. "Stop Fooling around, Ah Jin. I'm late. Don't be angry, okay?"

He coaxed her, thinking that she was just angry, so he deliberately put on an act to scare him.

Otherwise, who would explain how a perfectly fine person would wake up after sleeping and become another person? ! !

A magical legend?

However, Xia Jinqi firmly pulled her hand out of his left hand and said firmly, "I'm sorry, sir, I really don't know you. Moreover, my name isn't Ah Jin, you've got the wrong person. "

Chapter 1673: where is my child?

Every word she said was filled with strangeness and rejection, like a person with the highest authority in the world. With just one sentence, she sentenced Yan Jun to death.

Yan Jun froze on the spot.

In the bottom of his heart, it was as if something sharp had opened a hole.

The cold wind blew in... ..

It was not that he did not think about what would happen after she woke up.

He would be angry that he did not catch up to her that night, and he would blame him for taking such a long time to pick her up.

He thought of a million possibilities, and even thought of how to make it up to her, give her gifts, Cook for her, and take her around the world.

As long as she wanted it, he could give it to her.

But he had never thought that when she woke up, she would look at him with such an unfamiliar Gaze, saying that she didn't know him... ..

The cruelest punishment in the world was probably nothing more than this... .. n/(Ove**l**BIn

Even someone as wise as him couldn't find a word to say at this moment. He could only stare at her picturesque face with those sorrowful eyes for a long time.

Xia Jinqi felt her heart ache when she saw his sorrowful eyes. She frowned slightly.

The man in front of her was so strange. Why was he so intimate with her He was clearly not in her impression at all.

She hurriedly withdrew her gaze and did not look at Yan Jun again. She began to focus on pulling the needle off the back of her hand.

The doctor saw this and hurriedly advised, "Young Madam, your health is not very good. You need to stay in bed to recuperate."

Actually, the doctor had also said earlier that Xia Jinqi's body was very healthy. However, from the current situation, it seemed that there was nothing wrong with her body, but there was something wrong with her brain... ..

She still needed to undergo further examination.

Xia Jinqi had already lifted the blanket and was about to get out of bed, but when she heard the doctor say this, she subconsciously touched her abdomen.

The area that was supposed to be high and bulging was now flat!

Her heart skipped a beat. She grabbed the doctor and asked anxiously, "where's my child? How come my child is gone? !"

The doctor, "..."

Yan Jun, "..."

"where did my child go? My Child..." Xia Jinqi protected her stomach as if she had gone crazy. In the blink of an eye, her eyes turned red, and bean-sized tears fell like pearls that had lost their thread.

The doctor did not understand and turned to look at Yan Jun..

After all, he did not even know if the patient was pregnant or if she had miscarried before coming to the hospital.

At this moment, Yan Jun no longer cared about his grief. His pair of sharp black eyes narrowed as he paid attention to Xia Jinqi's every move, every word, and every action.

They had only been separated for a few short days.

It was impossible for her to be pregnant.

But at this moment, she was holding her stomach to look for the Child?

Yu Han was already so old. Even if she wanted to look for him, she should not do so.

Moreover... .. She was crying so sadly and sincerely. It didn't seem like she was putting on an act at all ...

Yan Jun suddenly recalled her self-introduction just now.

She said that she was Bi Yue... ..

He originally thought it was just a joke, but now it seemed like... ..

Yan Jun furrowed his brows tightly and suddenly asked her in an extremely serious tone, “how old... is your child?”

“Five months!” Xia Jinqi blurted out. Her large black and white eyes still contained tears, and her voice was also filled with sobs. “I just went to the hospital for a check-up this morning. How could it be gone? Why... why is it like this?”

After hearing her words, Yan Jun’s heart trembled violently!

He reached out to wipe his face. He couldn’t believe what he had heard, but he had to believe it!

Chapter 1674: had become a completely different person!

He had read Bi Yue’s information before!

Bi Yue was also one of the victims of the riot that happened fifteen years ago!

At that time, she was five months pregnant!

Yan Jun had been wondering why Lu Yiming was so interested in Xia Jinqi. Even if he didn’t want everything that he had worked so hard to create for more than ten years, he still wanted to take Xia Jinqi and Yu Han away.

At first, he thought that Lu Yiming wanted to capture the mother and son as blackmail, but he learned that Lu Yiming let Yu Han go halfway.

From this, it could be seen that he was not very interested in Yu Han. Instead, it was Xia Jinqi. He was unscrupulous and would do anything to take Xia Jinqi away.

And... ..

At the entrance of the laboratory last night, Lu Yiming’s performance and what he said... ..

Could it be... ..

Yan Jun held his breath, his deep black eyes suddenly constricted!

Could it be... .. That Lu Yiming used some method to let Bi Yue reincarnate into Xia Jinqi’s body??

This thought that went against science had just appeared in Yan Jun’s mind when Xia Jinqi had already asked the doctor for her phone and dialed a number.

“Pick up the phone, pick up the phone...” she mumbled as she listened to the phone.

Then, she heard the repeated words, “I’m sorry, the number you dialed is empty...”

“empty number? How could it be...” Bi Yue shook her head in panic, and her phone fell into the quilt.

Yan Jun casually picked it up and took a look, and a string of numbers instantly appeared in front of his eyes.

This number... ..

At that time, he had obtained Lu Yiming's information from fifteen years ago and recorded his contact number. Yan Jun only needed to look at it once to be able to recite it fluently.

And this number was something that Xia Jinqi absolutely could not know... ..

Unless, it really was Bi Yue... ..

After realizing this, Yan Jun's hand trembled heavily!

He raised his eyes and looked in disbelief at the woman in front of him who was clearly supposed to be his wife... ..

How could such a thing happen?

It was clearly Xia Jinqi herself. The Red Mole on her wrist was the Ji family's unique totem!

The smell on her body and the feeling when he hugged her did not change! n(.01)eLbIn

But she had indeed become another person!

Was it... .. hypnosis ? ?

Yan Jun could not help but guess these possibilities, and his eyes suddenly became extremely flustered!
!!

Ever since he was born, this was the first time he had been so flustered!

Xia Jinqi was also flustered. Her brain was now occupied by Bi Yue's brainwaves. In other words, other than her own DNA, everything else belonged to Bi Yue now.

As for Bi Yue... ..

She had been in a coma for 15 years, and all her memories were still stuck in the morning of the riot that happened 15 years ago.

As for the soul communication between her and Xia Jinqi, she seemed to have completely forgotten about it. She directly took over Xia Jinqi's body and successfully resurrected!

When she woke up, not only did she realize that she was five months pregnant, she couldn't even contact her husband!

"My child..." crying, Xia Jinqi pushed the doctor away and was about to rush out.

She didn't know what she was going to do. Perhaps, she should go home first... ..

The doctor naturally wouldn't let her leave just like that. He tried his best to stop her. "Young Madam, you can't be discharged from the hospital with your current body. You need to recuperate."

"But I... I can't contact my husband. I want to go look for him."

"... " the doctor was a little confused. He subconsciously looked at Yan Jun, thinking to himself, "isn't your husband here?" Where are you going to find him... ..

Could it really be a brain nerve injury?

Chapter 1675: I'll help you find him

At this moment, Yan Jun had already stood up.

His hands hanging by his side clenched tightly. After inhaling deeply for countless times, he finally looked at Xia Jinqi. No... .. She should be called Bi Yue ...

Although she now possessed Xia Jinqi's body, she was no longer Xia Jinqi. She was no longer his Ah Jin... ..

"Bi Yue." He forced the corners of his lips to move, following her meaning as he called out.

The doctor's eyes were about to pop out of their sockets! ! What kind of situation was this ? ?

However, miraculously, the young Madam, who had been in a state of panic just a moment ago, suddenly quieted down. She even turned around to look at Yan Jun..

This glance seemed to have completely torn Yan Jun's heart apart.

His guess had indeed come true.

She was really Bi Yue.

But... Where was Xia Jinqi ? Where did XIA Jinqi go ? ?

No matter what, he had to first stabilize Bi Yue. After all, this was XIA JINQI's body!

"I know where Lu Yiming is. I'll help you look for him." He endured the heart-wrenching pain as he slowly opened his mouth.

"really?" Bi Yue's eyes lit up immediately.

Because she heard Yan Jun mention the name 'Lu Yiming' . That was her husband's name!

It seemed that this person really knew his husband!

"Yes." Yan Jun nodded bitterly and stared at her. "But your body hasn't recovered yet. You need to do a detailed check-up at the hospital. After I find him... I'll bring him to see you."

This was the first time he had told such a true lie.

Bi Yue looked at the strange man in front of her who she had just met for the first time. She should have been suspicious, but her heart seemed to be very assured of this person. It seemed that as long as it was what he said, she should believe him unconditionally... ..

In addition, she really could not contact Lu Yiming, so she nodded. "thank you."

Yan Jun gritted his teeth and walked out of the door.

Just as he reached the door, he had just stepped out when a light call came from behind him. "that..."

Yan Jun stopped in her tracks, a glimmer of hope rising from the bottom of her heart.

She stopped herself.

If he turned around, would she throw herself into his arms with a smile and tell her that all of this was just a joke to scare him?

However, the next second, she said, "can you please tell yiming to come over as soon as possible?"

The greater the hope, the greater the disappointment.

Yan Jun's pupils trembled slightly, and an unknown mist rose in his eyes. He gritted his teeth and made a sound of agreement, then quickly walked out.

The doctor called the nurse in to give Bi Yue another infusion, and he also quickly walked out of the ward.

He was originally very surprised that Yan Jun would have such a good reaction on the spot!

From his doctor's point of view, the best way to meet such a patient was to follow the patient's train of thought. Only then would it have a calming effect, preventing the patient from suddenly losing control of his emotions and doing something that could not be saved.

He himself did not even have the time to react at that time, but Yan Jun did it!

As expected of Yan Jun!

Walking out, he found that Yan Jun, who was still calm and composed just a moment ago, was now leaning against the wall. His right hand was tightly clutching his chest, and his handsome face instantly turned extremely pale!

"young master? Are you alright?" The doctor was shocked and asked hurriedly.

Looking at the young master's appearance, he seemed to have some symptoms of acute angina.

Yan Jun gritted his teeth hard and forcefully endured the pain of having his liver and intestines broken. "I'm fine."

He shook his head and did not care about his body at all. Instead, he asked, "has there been any medical precedent for my wife's condition?"

Chapter 1676: was in chaos!

His own guess was still a guess. After all, he had never dabbled in the medical world, so naturally, he had to ask the authorities first.

The doctor frowned and pondered for a moment before answering, "there are a lot of cases of Amnesia. It's not that young Madam doesn't completely imagine herself as another person, it's just that there are very few exceptions."

"..."Yan Junmo.

Seeing this, the doctor hesitated for a moment before asking again, "May I ask if young master knows Bi Yue?"

The doctor did not know of Bi Yue's existence. He was still not sure if this person was Xia Jinqi's imagination or something else?

Yan Jun frowned and replied, "she's already dead. Moreover, my wife has never come into contact with her."

"This? Then how did young Madam..." the doctor had spent his entire life learning, but he still could not figure out what was going on!

If a patient suffered a heavy blow to the head or mental injury, they might lose their memory and imagine their own identity, but if they were to directly become another person, that would be too amazing!

After a short period of silence, Yan Jun straightened up again and tidied up his suit. He then turned to look at the ward behind him. "take good care of her."

After saying that, he took a step and was about to leave.

The doctor wanted to stop him. "Young Master, you..."

Yan Jun's speed was extremely fast. Without turning his head, he disappeared at the corner of the corridor.

He did not have the mood to listen to the doctor's words right now. His mind was filled with raging anger!!!

Lu Yiming... ... What exactly did he do to his wife!!!

?`?`

According to the procedure, Lu Yiming was brought back to Rao city, and the first thing he had to do was to be locked up in the privy court.

However, due to Lu Yiming's previous series of actions, no one could guarantee that he still had his henchmen outside to save him. After the unanimous decision of the parliament, Lu Yiming was sent to a military prison, where Huo Ting would personally escort and watch him.

Huo Ting also agreed with this decision. After all, he could feel more at ease with people watching him.

Especially such a dangerous person.

After a long journey, he had just thrown Lu Yiming into a cell with the highest safety factor in the military district. Before the lock was locked, Yan Jun, who was full of murderous intent, rushed in angrily!

He grabbed the stun baton from the waist of the policeman next to him and swung it at Lu Yiming without saying a word!

Things happened too quickly. The surrounding prison guards did not even have time to react. Including Huo Ting, Yan Jun's strike directly knocked LU YIMING TO THE GROUND!

"PFFT!" Lu Yiming spat out a mouthful of blood. He was knocked unconscious, and waves of intense pain came from his chest!

Several of his ribs were probably broken.

Only at this moment did huo ting come back to his senses and hurriedly stopped Yan Jun. "what happened?"

Previously, Yan Jun's emotions were still very stable. Why did he suddenly become so impatient?

This was the first time Huo Ting had seen Yan jun in such a state of panic He actually personally rushed over, picked up his weapon, and began to beat people up!

Yan Jun sucked in a deep breath, and his hook-like black eyes were filled with raging flames that almost burned himself!

"What did you do to Jin Qi? !" He roared loudly, and all the blood vessels on his neck burst out!

His usual calmness, calmness, and strategy were all forgotten!

Huo Ting frowned subconsciously. Did something happen to the girl?

Lu Yiming, who was lying on the ground, laughed at this moment. "Haha..."

His voice became louder and louder, and his laughter became more and more impudent!

Chapter 1677: begged me, and I'll tell you!

Yan Jun's dignity had never been so provoked before!

He tightened his grip on the stun baton, raised it high, and prepared to drop it again!

The current Lu Yiming didn't even have the ability to fight back. He lay on the ground for a long time, UNABLE TO STAND UP!

If Yan Jun gave him another stick, the situation would probably become very troublesome.

Huo Ting stopped him without thinking and asked anxiously, "what happened to the girl?"

"..."Yan Jun pursed his thin lips tightly, his eyes were red, and he couldn't say anything!

What could he say?

That Xia Jinqi had become another person? !!

Even now, he still didn't want to believe it!

"Hahahaha! Cough, cough, cough!" Instead, it was Lu Yiming, who was lying on the ground, unable to move due to the pain all over his body. He laughed so arrogantly that he began to cough.

As he coughed, he vomited blood.

He wiped the corner of his lips with the back of his hand and lowered his head to look at the blood in his palm. His eyes gradually darkened.

A few days ago, he was still the most powerful man in Rao city!

He stood at the top of the food chain, looking down on all living things!

But now, he had become a miserable prisoner. He was beaten until his body was covered in wounds, and his breath was stained with the smell of blood.

Falling from the clouds to the bottom of the valley was nothing more than this... ..

But, this change happened too quickly!

“She’s awake, right?” After a long silence, Lu Yiming suddenly spoke.

Yan Jun had come to ask about Xia Jinqi. Xia Jinqi must have woken up.

And not only had she woken up, she might have already become Bi Yue... ..

Otherwise, Yan Jun would not be so angry.

Huo Ting instinctively raised his eyebrows and looked at Yan Jun with a slightly shocked expression.

That gaze seemed to be asking, is the girl really awake?

However, Yan Jun did not have the time to care about him. The hand that was holding the stun baton suddenly loosened. “Clang!” The stun baton fell to the ground.

He did not intend to pick it up. Instead, he took a few steps forward and pinched Lu Yiming’s collar. He lifted him up easily like he was lifting a mouse.

His cold and gloomy black eyes tightly gripped his eyes.

“What did you do to her?”

Lu Yiming did not flinch as he looked straight at Yan Jun. suddenly, he smiled sinisterly. “Beg me. If you beg me, I’ll tell you!”

He was certain that Bi Yue had been resurrected, and at this moment, Yan Jun’s mind must have been in chaos!

So what if he fell into the abyss His Bi Yue was alive Xia Jinqi was gone... .. It was still too early to say who would be the victor !!

Yan Jun narrowed his cold eyes and looked at him disdainfully. “Are you courting death? !”

“But you won’t kill me.” Lu Yiming seemed to be certain that he would kill him. His laughter became more and more impudent. “If you kill me, you’ll never know what happened to Xia Jinqi!”

“Ha...” the corners of Yan Jun’s mouth twitched. His smile was surging with a menacing killing intent!

It seemed that all of this was in Lu Yiming’s plan, right?

He created everything single-handedly!

From the beginning, his target was Xia Jinqi, right? ! ! !

“Why her?” Yan Jun grabbed Lu Yiming’s collar and pulled him in front of him.

When Lu Yiming heard his question, he was a little surprised at first, but he quickly understood. He smiled at Yan Jun and said, “you know? How clever...”

“I asked you why her! !”

“blood type match, similar age, perfect donor. She must have perfectly accepted Yue’er’s soul...” Lu Yiming seemed to have realized something. He grabbed Yan Jun and asked urgently, “take me to see her! !”

Chapter 1678: she is Xia Jinqi, my woman!

After listening to all of this, Yan Jun’s previous guess had basically been verified.

Lu Yiming placed Bi Yue’s soul into Xia Jinqi’s body.

Although this sounded like a fantasy, it really happened in front of Yan Jun’s eyes... ..

He suddenly let go of Lu Yiming’s collar and straightened his wobbly body. His face suddenly turned green.

Seeing that he was about to leave, Lu Yiming anxiously hugged his leg and begged, “I want to see her! Let me see my bi Yue!”

His wife, who he had spent his whole life to resurrect, was not in front of him at this moment!

Lu Yiming was about to go crazy!

However, Yan Jun used extremely cruel and cold words to tell him, “you will never see her again in this life!”

“No! ! Yan Jun! You can not be so cruel! She is my wife, the woman I love the most! You can not stop me from seeing her! !” Lu Yiming shouted crazily, not caring about his dignity at all ...

It was fine if he did not say this, but the moment he opened his mouth, Yan Jun’s surging killing intent instantly boiled up!

“Your Wife? The woman you love the most? ?” Yan Jun repeated these two words with a sneer. His patience had reached its limit!

Without mercy, he kicked Lu Yiming Away. Yan Jun clenched his fists and smashed them down. “She is Xia Jinqi, my woman!”

Lu Yiming had no strength to fight back at all. His face was smacked to the side. The corner of his mouth, which had been bruised from the beating earlier, now had a touch of beauty added to it!

But he did not care about the pain at all. He only continued, “she is Bi Yue, my wife. Please let me see her...”

He had probably forgotten how arrogant he was just now and how humble he was now. He was even worse than an ant! ! !

Huo Ting, who was beside him, frowned and looked at him blankly.

Wasn't he talking about the girl just now Why did he suddenly mention Bi Yue again?

Now it seemed like two people were fighting over a woman?

What was the meaning of this?

Yan Jun, who had not noticed huo ting at all, was already propping up his brow with one hand. God knows how much willpower he had used to suppress the killing in his heart! ! !

If he dared to treat the woman he loved like this, even ten lives would not be enough to pay for it!

But... ..

He still needed to learn the cause and effect of the matter from Lu Yiming.

Only by knowing the crux of the matter could Xia Jinqi recover!

Taking a deep breath, Yan Jun took a step back. "Tell me what you did to her. "

Lu Yiming's eyes lit up with hope. "If I tell you, will you take me to see her? ! "

"..."Yan Jun did not speak, which was equivalent to acquiescence.

Having received confirmation, Lu Yiming no longer cared about hiding anything. He only wanted to see bi yue once!

He really wanted to see her too much... ..

Fifteen years, more than five thousand days and nights, he never stopped missing her!

So he opened his mouth and told Yan Jun the whole story, including the fact that Yan Qing and Yan Yuhan had finally disappeared!

Huo Ting, who was next to him, was shocked when he heard it... ..

What Lu Yiming said, about being in a coma for fifteen years, brainwave transplants, and living subjects, was simply a fantasy! ! !

However, the ashen-faced Yan Jun in front of him made him have no choice but to believe that Xia Jinqi had really become another person!

Moreover, this person was none other than Lu Yiming's wife!

Even Huo Ting was so shocked, let alone Yan Jun who was the husband of the subject?

Chapter 1679: How can he fight with you nobles?

God knows how strong his heart is. That's why he can still calmly think and deal with such a terrible thing!

Yan Jun, who heard Lu Yiming's words, did not have the same reaction as Huo Ting.

Perhaps it was because what Lu Yiming said was not too different from what he had guessed.

The only thing he did not expect was that this so-called brain wave transplant was actually proposed and operated by Zhao Chongbin!

When he led his army to break into Lu Yiming's stronghold, they searched the entire stronghold but could not find any trace of Zhao Chongbin.

In addition, Xia Jinqi's condition was not good at the time, and Yu Han was nowhere to be found. How could he care about others?

Now that he thought about it, Zhao Chongbin should have taken advantage of the chaos to escape after completing the transplant.

As for whether Xia Jinqi's whereabouts and the ability could still be reversed, the only way was to ask Zhao Chongbin.

Having made up his mind, Yan Jun shook off Lu Yiming and walked out of the door.

Lu Yiming was shocked and wanted to chase after him. However, he moved his feet and his body went limp. He fell to the ground. "Yan Jun! You said you would take me to see Yue'er! You!"

Yan Jun pretended not to hear him and left without looking back.

Huo Ting looked back at him, his eyes cold and full of killing intent. "You hid for so many years just to resurrect your wife?"

"What do you think?" Lu Yiming said sarcastically.

"For this, you didn't hesitate to steal so many children and train them into your men of sacrifice?" Huo Ting asked with a dark face.

Lu Yiming sneered, "without the forces that are loyal to me, how can I fight with you nobles? Without the cruel methods of thunderbolt, how can they be afraid of me?"

Although Lu Yiming's family did not have to worry about food and clothing, and had a little capital, it was only a little... ..

In Rao city, there were many more people who were richer than the Lu family, and there were even more people who were more powerful than the Lu family! ! !

In order to stand out from the crowd, the fastest way was to be ruthless!

Zhao Chongbin gave him a large amount of money to support him. He used the money to buy the kidnapped children and even found someone to rob them!

After robbing them, he gathered them together for training. He did not need to personally appear. Naturally, someone would do it for him.

The best among them would become his right-hand man. As long as they were in his way, he would have a way to make them disappear!

Over time, he mastered this inhuman technique and used it skillfully! ! !

Slowly, his position climbed higher and higher, the power in his hands grew larger and larger, and his followers grew more and more!

From an unknown citizen to the nomination of the president, it only took him fifteen years! ! !

Such eagerness for success and instant benefits, the only thing that supported him from the beginning to the end was to wake bi yue up!

“then you can decide the fate of those children as you please? You can trample on their lives as you please? !” Huo Ting reprimanded him harshly. He really did not know how a monster like Lu Yiming could successfully reach such a stage! ! !

How many people were diligent and worked hard for their dreams, but they could only stay on the same spot for ten years!

But those who used inhuman means could rise to the top and become the best!

Was this world always so unfair?

“HAHAHAHA!” Lu Yiming laughed again and retorted Huo Ting, “what about me? What about my wife and I? Aren’t we trampled by those people? !”

Chapter 1680: How to soothe the pain in his heart

“...”Huo Ting was speechless.

When was the time for revenge?

He looked silently at Lu Yiming, who was now crazy and extremely down and out, and suddenly understood one thing.

A person who was eager for quick success and immediate benefits could use inhuman means to climb quickly.

However, without a solid foundation and a sincere heart, he would climb as fast and as high as he could, and fall as fast and as hard as he could!

Lu Yiming was a living example.

How many people had envied him for his power and position, but now?

He was as lowly as an ant, deprived of his freedom and covered in injuries. He didn’t even have the ability to fight back!

In the future, there was still the trial of the people and the pain waiting for him!

Or... ... There was also death ...

On the contrary, those who worked hard and steadily, although they walked slowly, they walked steadily
They walked further!

As for Lu Yiming, Huo Ting really felt that there was no need to continue wasting his breath.

He turned around and walked out of the cell. The prison guard behind him immediately locked the door and stood guard at the door.

“Get the doctor to examine him in a while. This is an important prisoner. Nothing can go wrong!” Before he left, Huo Ting ordered sternly.

“Yes, chief!” The Prison Guard’s reply was sonorous and forceful.

When Huo Ting was about to take a step forward to look at Xia Jinqi, he saw Li Jie standing at the door.

He was facing the cell and observing Lu Yiming from a small window.

His face was very tense. He gritted his teeth and clenched his fists by his side!

Huo Ting knew the history between Li Jie and Lu Yiming. He did not even doubt that if it were not for this wall, Li Jie would have rushed in and killed the person inside.

He sighed and walked to Li Jie’s side. “Don’t worry, the law will give you and your brothers an explanation.”

At this point, other than these Pale words, Huo Ting did not know what else to say.

He also knew that even if Lu Yiming died, it would not be able to save Li Jie and the other victims’ childhood, or even their lives.

What had already happened could not be changed anymore... ..

The malice and resentment in Li Jie’s eyes could not be contained. Only he himself knew how much suffering he had suffered over the years!

The memories of his childhood were like a nightmare. Every time they came to his door in the middle of the night, they were like an invisible hand, tightly strangling his neck, making him unable to breathe!

Now that he had finally caught the culprit, it was fine if he was not allowed to do anything, but he actually had to find a doctor to treat him?

Why didn’t anyone treat him and his two younger brothers when they were injured?

Why didn’t anyone treat those children who had fever or even died because of the infection on their wounds?

The more he thought about it, the more hatred Li Jie felt in his heart!

He clenched his fists and slammed them on the iron door with a bang!

A loud clanging sound suddenly exploded in the silent prison!

Huo Ting did not know how to comfort the victim who was full of hatred, nor did he know how to ease the pain in his heart. He only sighed and said, “I’m going to see the girl. Are you going?”

Perhaps it would be better to bring him away from this depressing and gloomy place.

Sure enough, when Li Jie heard that he was going to visit Xia Jinqi, he immediately came back to his senses and nodded in a daze.

Apart from Huo Ting who saved his life back then, the person he had to thank the most was Xia Jinqi.

She was the one who gave him a brand new life and gave his two younger brothers a good home. She even... Brought him to meet the girl he liked — Ling Yue ...
