

## Trick Me 2171

### Chapter 2171 went to her liking

Bai Yuchen suddenly felt that she wouldn't listen to simple advice when dealing with a little girl like Qiannian. It would be better to let her hit her head until it bled, so that she could learn from her mistakes.

"You!" Qiannian's throat choked up, and her pouted little mouth twitched violently. "Just you wait! I'll definitely snatch brother Che over!"

Originally, she had been feeling indignant. She had been unable to find a place to vent her anger, but she had been provoked like this. For a girl in her teens, it was very difficult for her to endure it.

It was said that young people were full of vigor, but it wasn't completely nonsense.

"THAT'S GREAT!" Bai Yuchen nodded and continued to ask, "I just don't know how you plan to snatch him away?"

"I..." Qi Nian was stunned. Her pink little mouth opened and closed for a long time, saying that she couldn't come up with a reason. "I..."

She did have that evil intention, but she didn't have the guts to do so.

To put it bluntly, she was still a child at the moment. She was just a piece of white paper, and her mind didn't have so many messy things in it. Therefore, even if she had a thought, she could only be anxious like this.

Bai Yuchen knew that if he didn't guide her properly at her age, she might very well go astray. What's more, one wrong step could ruin the rest of her life.

Although Qi Hanlin and Wei Wei weren't familiar with him, they were good friends with Quan Che and Bai Ran. His adoptive father, Bai Ye, treated him like his own son. In addition, Little Che had even promised him a mansion that he dreamed of.

It was only right that he put in more effort into this matter.

Thinking of this, Bai Yuchen coughed lightly. He put on the airs of a teacher and began to teach her earnestly, "little Nian 'er, do you know that only by knowing yourself and your enemy can you win a hundred battles?"

"... I know." Qi Nian answered in a depressed manner. He did not know what he meant by saying this at this moment ...

"Look, this Yan Yusheng is your rival in love, right? If you want to defeat her, you have to understand her. Only then can you know what your brother Che likes about her. Only then can you please your brother Che, right?"

"..." Qi Nian frowned. Before he could answer, the melodious piano music ended at this moment.

Qi Nian turned to look at the girl on the high platform.

This time, there was no longer only jealousy and unwillingness in her eyes. Instead, there was a trace of inquiry.

Bai Yuchen smiled and turned on all the lights in the venue, leisurely waiting for Qi Nian's comprehension.

At this moment in the venue.

The last note ended with Yan Yusheng's finger.

She lowered her eyes and looked at the row of black and white piano keys under her hand. A satisfied smile slowly curled up on her lips.

It was as if what was in front of her was not a lifeless object, but a musical instrument full of vitality and emotions.

Thank you for accompanying me to complete this performance.

The Piano Music had already ended, but everyone was still immersed in the wonderful music just now. It was like a dream that touched their hearts. It was already bright tomorrow, but they still did not want to wake up.

After greeting the piano, Yan Yusheng finally snapped out of the world of music. She turned her eyes and saw him, the brightest among the crowd.

It just so happened that Quan Che was also looking at her.

For a moment, their eyes met again.

His eyes were dark, but his thin lips contained a faint smile. He looked at her, suddenly opened his long legs, and walked towards her with determination.

Yan Yusheng slowly stood up.

In the haze, his handsome face, which was as sharp as an axe, carried an incomparably gentle expression, especially the trace of a smile at the corner of his mouth, which was as bright as a spring flower and as warm as the blazing sun.

"You played very well." He stopped a step away from her, and his clear voice slowly spread out.

### **Chapter 2172 was accidentally slapped in the face**

Perhaps it was because of the non-stop gifts and video greetings for the past twelve years, even though the two of them had been separated for twelve years, there was not the slightest bit of estrangement between them.

Just like at this moment, he looked down at her and recalled every detail of the past twelve years. He saw everything about her, especially her love for music.

As for Yan Yusheng... ..

She did not receive any regular video messages from Quan Che, but the amazing thing was that when she saw him for the first time, she did not have any defenses at all.

Perhaps, it was only because she recognized him at the first glance?

Perhaps, it was only because he was Che Er's brother.

It was as if to her, Che Er's brother was not an outsider. He was the same existence as her parents and her big brother.

No, it seemed to be somewhat different. *novel* (1B.1n

But what was the difference? She could not quite put her finger on it.

She only knew that when he looked at her, her heart beat slightly faster, and her face would heat up.

"I practiced for a long time. I wanted to send it to you, but..." halfway through her words, Yan Yusheng paused.

At that time, Quan Che's gift had been cut off for a month. She didn't know what he was thinking, so she couldn't send him another video.

"It's not too late." Quan Che guessed what she wanted to say but didn't say anything. He only smiled and said softly.

Hearing him say this, Yan Yusheng was stunned at first. Then, as if she had thought of something, she let out a smile.

Then, her gaze fell on the hideous-looking Qin Shuangshuang behind Quan Che.

Qin Shuangshuang was gritting her teeth. She didn't expect Yan Yusheng to suddenly turn his head to look at her. She was absent-minded for a moment. Then, she frowned and looked ready for battle.

Yan Yusheng smiled slightly. He bypassed Quan Che and stopped in front of Qin Shuangshuang.

"To some people, music is a lifelong belief. So, please don't insult it casually." Yan Yusheng said each word clearly and powerfully!

Qin Shuangshuang's face stiffened. It was green and white, like a seasoning plate.

She could not refute it because she could hear that Yan Yusheng's level was above hers. It was so high that she could not even touch it... ..

The surrounding audience who were watching the show came back to their senses at this moment. When they heard Yan Yusheng's words, they instantly sighed.

"This is really hiding her true strength..."

"Yeah, her spiritual level is also very high!"

"What should I do? I seem to have fallen in love with her..."

When she heard the people around her turn to compliment Yan Yusheng, the jealousy in Qin Shuangshuang's heart burned again. She glared at Yan Yusheng and scolded angrily, "Yan Yusheng, you liar! Didn't you say that you didn't pass the exam? ! I thought you didn't know how to play! "

"I didn't pass the exam, but I never said that I didn't know how to play the piano." Yan Yusheng looked at her firmly.

"You! " Qin Shuangshuang gritted her teeth. She wanted to say more, but was stopped by Shenjia Linxi "That's enough, Miss Qin. If you're not as good as others, don't get angry out of embarrassment! Oh right, remember not to brag about being a level 10 piano player when you go out in the future. If you're not careful, you'll be slapped in the face! That slap, slap, slap. My heart aches when I hear it! "

When Shenjia Linxi said these words, she deliberately pinched her throat in a strange manner, making the people around her burst into laughter.

Moreover, this laughter did not decrease. One after another, it provoked Qin Shuangshuang so much that a mouthful of blood rushed to her forehead and she shouted, "Shenjia Linxi! SAY IT AGAIN! "

"It's the same even if I say it 10,000 times! You'd better not provoke Yu Sheng in the future. Otherwise, I'm not done with you! "

### **Chapter 2173: Two handsome men escorting**

Qin Shuangshuang gritted her teeth. She was so angry that she wanted to rush up and fight with Shenjia Linxi. However, a round of applause suddenly came from outside the crowd.

"CLAP CLAP CLAP! "

The sound was clear and loud, carrying some kind of majesty.

Everyone turned around and saw the young master of the Yan family walking over.

Yan Yuhan clapped while looking at his little sister. He did not have any intention of being modest and directly praised her, "little sister, your piano skills are getting better. Not Bad, not bad. "

Hearing her big brother's praise, Yan Yusheng was naturally the happiest. She hurriedly turned around and walked to her brother's side. Tian Tian's delicate little face was filled with a sweet smile. "Big Brother! "

"MM. " Yan Yuhan replied. He smiled and stroked her hair. Then, he turned to look at Quan Che. "Long Time No see, big brother Quan Che. "

Speaking of which, Quan Che was two years older than Yan Yuhan. In addition, the marriage between him and his little sister had not been decided yet. Therefore, according to their seniority, Yan Yuhan did not hesitate to call him big brother.

Back then, he and his little sister had also been taken care of by Quan Che.

A drop of kindness should be repaid in kind. n/-o)-V.)e..L((b)-l-(n

Quan Che nodded slightly and his thin lips curled up slightly. "Long Time no see. "

The two of them had just exchanged greetings when the people behind them began to whisper.

"Big Brother Quan? Our Rao city has never heard of a celebrity with the Surname Quan... where did this come from?" These people had been crushed for no reason and did not even know their family name ! Now that they knew something was fishy, they did not hurry to investigate ? ?

"Our Rao city doesn't have one, but... Three rivers do! Damn, it can't be that Quan family, right?"

"OMG! It's that one! Isn't the Yan Corporation working with the Quan family?"

"Then how many sons does the Quan family have?"

"Are you stupid? Didn't you hear them call him Big Brother Quan? He's the only one of the four children in the Quan family with the Surname Quan! He must be the eldest! But I heard that he went abroad when he was seven years old. Is He back now?"

"Tsk Tsk, the Yan family and the two handsome men of the Quan family are escorting him. What kind of virtue did Yan Yusheng accumulate in his past life... if I were her, my life would be worth it!"

After listening to these gossips, Qin Shuangshuang and Zhou Qi's faces immediately turned ashen.

The two of them looked at each other. It was not an exaggeration to describe their gazes as 'earth-shattering' !

Initially, they thought that the Yan family was the president of a foreign country after all. They wanted to save face and would not brazenly do anything excessive. That was why they dared to provoke Yan Yusheng.

But this Quan family... ... They were not people that could be easily provoked ! !

Qin Shuangshuang suddenly recalled Quan Che's words earlier, 'your father should be very regretful' .

She swallowed in fear, her gaze towards Quan Che filled with lingering fear... ...

The Quan family, they should... ... Not Be as scary as the rumors said, right ? ?

Just as this thought surfaced in her mind, the sound of her phone ringing could be heard.

Someone took a look at the phone first, and then exploded, "Oh my God! Qin Guangming has a scandal! 'a certain boss with the surname Q is generous, giving away 30 million villas to tender Mo' ! "

"What nonsense are you spouting!" Qin Shuangshuang's body was filled with alarm bells as she scolded back loudly.

"It's already on the news! You're still spouting nonsense! Quickly take a look!"

As soon as she said this, everyone took out their phones and kept eating melons.

"Qin Shuangshuang, you still have a half-brother outside! Wow, only two years old? How did your father do it? He's still young and strong! ! "

“Also, Qin Guangming has revealed a scandal. The Qin Corporation’s stock price has plummeted by eighty percent. All the major shareholders have withdrawn their capital. The Qin Corporation is going bankrupt? ! “

### **Chapter 2174 was even younger than her!**

The last string of tension in Qin Shuangshuang’s mind also snapped!

She hurriedly took out her phone and indeed found that whether it was Weibo or the headlines, they were all scandals about her father... ..

As if an invisible whip had ruthlessly lashed her body, Qin Shuangshuang was almost dumbfounded on the spot and did not react for a long time.

In her heart, her father was so tall and majestic, how could he raise a woman outside of his mother?

And... .. He was only 18 years old, younger than her ! ! !

He even had a two-year-old child. How old was she when she started following her father?

At such a young age, her father could actually do it?

Also, why did the Qin Corporation go bankrupt just like that How could such a big company go bankrupt overnight because of a little scandal?

Before she could figure out the connection, a call had already come in.

Qin Shuangshuang picked it up without thinking. “Mom, have you seen the news? There’s... “

Before she could finish her words, her mother’s crying came from beside her ear. “Shuang ‘er, COME BACK QUICKLY! Your father has been taken away, and they say he bribed them! He cheated on his taxes!  
“

“What? ! “ It really happened again and again Before Qin Shuangshuang could think of anything else, she ran outside. “I’LL BE BACK SOON! “

When Zhou Qi saw Qin Shuangshuang run away, she was also stunned.

The reason why she had been licking Qin Shuangshuang everywhere was because of the Qin Corporation behind her. She wanted to enjoy the shade of the tree. Who knew that this Qin Corporation would go bankrupt in the blink of an eye?

And from the looks of it, it would be difficult for Qin Guangming to make a comeback... .. n)-O--v.-E.-  
ℓ))b.-1.-n

At this moment, Zhou Qi really wanted to give herself a slap. If she had known earlier, she would not have targeted Yan Yusheng that much tonight.

Now, Qin Shuangshuang had fallen. Who would still support her?

She secretly looked around and found that no one had noticed her. Zhou Qi took advantage of the chaos.

However, the moment she left, Quan Che looked in her direction, whether intentionally or not.

When she escaped to the door, Zhou Qi let out a long sigh of relief. "Fortunately, no one noticed me..."

Just as she finished mumbling, her phone rang. She was puzzled. Why would her father call her at this time?

However, when she picked up the phone, there was a barrage of insults "You B \* Stard! HURRY UP AND GET BACK HERE! I spent so much money to send you to school, not for you to be a prostitute! Damn you! You even sent your nude photos to me, do you still have any shame?"

A bolt from the blue could not compare to Zhou Qi's feelings at this moment. Her face instantly turned Pale and she stammered, "Dad, what... What photos? I..."

"HURRY UP AND GET BACK HERE! I don't care if you're shameless or not! You're not allowed to go back to school. Go back to your hometown!"

"Dad, I..."

"Du du Du!" The call was already hung up.

Zhou Qi felt her whole body go soft and she fell to the ground.

She... .. was indeed helping her ...

She had been hanging out with people like Qin Shuangshuang all day long. How could she behave herself?

Qin Shuangshuang was wearing brand names all over her body. The places she went out to play were all high-end and luxurious. Although Qin Shuangshuang occasionally gave her some brand names, that was only a small part of it.

If she wanted more, she had to think of a way... ..

Her parents definitely wouldn't be able to do it, and this was the only thing that could make money quickly.

However, she had always been very careful. Even Qin Shuangshuang didn't know that she was doing this, so why was there a photo this time?

### **Chapter 2175 I treat her like a sister**

Wu Shu saw the woman who had fallen to the ground from afar.

He walked out of the darkness and stood in front of her.

Zhou Qi had yet to recover from the confusion of the scandal when a pair of polished leather shoes appeared in front of her.

Her heart skipped a beat. She raised her head and instantly met a pair of death-like sharp eyes... ..

It was the feeling of being strangled by someone! n--Ove**l**n

Death seemed to be the next thing!

“Get out of Rao city, and I’ll spare your life. “

A cold voice seeped out from Wu Shu’s lips.

He quietly looked at the woman in front of him. Deep murderous intent and anger were suppressed in his eyes!

“... you, you...”Zhou Qi was so frightened that her entire body was trembling. Her throat was twitching, and she could not even utter a complete sentence ...

Wu Shu looked down at her condescendingly. “Remember, if the Yan family loses even half a hair, I’ll bury your entire family with them. “

His words were full of threats, but they were downplayed. It was as if the entire Zhou family’s life was just as simple as a sentence to him.

At this moment, Zhou Qi was completely dumbfounded. Her face was Ashen, and her jaw kept trembling as she nodded her head.

After waiting for a while, when Wu Shu stopped speaking, Zhou Qi got up shakily and stumbled away.

Wu Shu did not chase after her. He just stood in the distance with his hands behind his back, his icy gaze locked onto her retreating figure.

Quan Che had taught Qin Shuangshuang a lesson. As his own brother, Yan Yuhan naturally would not sit idly by.

Without Yan Yuhan’s acquiescence, Wu Shu would definitely not do anything in the name of the Yan family.

Of course, even if Yan Yuhan did not say anything, he would not let Zhou Qi off either.

He would not let go of anyone who bullied the eldest miss! ! !

“...”

In the venue.

The dance was still going on.

After the two annoying troublemakers left, everyone’s interest became even higher.

After listening to Yan Yusheng’s zither music, many of the students had their horizons broadened. They were clamoring for her autograph and even wanted to acknowledge her as their teacher!

For a moment, Yan Yusheng was busy.

Quan Che and Yan Yuhan were talking at the side. The two of them kept looking at Yan Yusheng, who was shining in the crowd, and smiled at the same time.

“Brother Quan, how long do you plan to stay in Rao city this time?” Yan Yuhan shook the wine glass in his hand and asked.

The originally calm wine-red liquid immediately rippled a few circles.

Quan Che looked back when he heard that. He thought for a moment and answered, “there are still some things that haven’t been settled yet. “

What he meant was that the date of return had not been set yet.

As for what exactly was the matter, everyone was well aware of it.

Smart people did not need to be so clear about many things.

Yan Yuhan raised his eyebrows slightly. His gaze turned to look at Qi Nian, who was stopped by Bai Yuchen not far away. He said meaningfully, “I heard that when brother Quan was studying abroad, his childhood sweetheart went too? “

This was a major event that concerned his own younger sister’s life. Yan Yuhan had already made two preparations. When he was investigating Quan Che’s whereabouts, he had also checked all the people and relationships around him.

Although he didn’t find out the exact relationship between Quan Che and Qi Nian, at least he knew that Qi Nian and Quan Che grew up together. The two of them were childhood sweethearts. This time, they even came to Rao city together.

It was best to clarify matters of the relationship earlier.

If they were entangled, he wouldn’t feel at ease leaving his younger sister in the hands of such a person.

“I treat her like a sister.” Quan Che did not avoid this question. After taking a sip of the thin wine, he slowly replied, “I will handle this matter. “

### **Chapter 2176: I WANT too!**

Yan Yuhan had a good impression of her for being so confident and daring.

His father had taught him this since he was young. It seemed that the Quan family’s educational philosophy was similar to his family’s.

With similar family backgrounds and similar ways of doing things, the two families could really be considered to be of equal status.

Coincidentally, Yan Yusheng had escaped from the crowd of people. She patted her chest in fear. “I’ve finally escaped... “

Her original intention of playing the zither was not like this. Who knew that she would inadvertently reap the benefits.

Just as she took a breath, she was called over by her big brother. “little sister, why aren’t you here to thank Big Brother Quan? In the future, I’m afraid that no one will dare to make things difficult for you in this school. “

It was not that Yan Yuhan did not know what had happened to the Qin family just now. It was just that he did not expose it.

Everyone present was also sensible people. With the experience of Qin Shuangshuang and Zhou Qi, who would dare to make things difficult for Yan Yusheng? n./0VEI&In

It was fine if it was just the Yan family, but now with the Quan family, it was probably not enough to even have a few lives.

Therefore, the reason why those people fawned over Yan Yusheng so much was not only because she played the zither well, but also because they valued these two great families.

Yan Yusheng naturally knew as well. She took a little deep breath, nodded, and walked up to Quan Che. “thank you, brother Che’er. “

Quan Che smiled but did not say anything. He took the thin square handkerchief on the chest of his suit and wiped the sweat from her forehead.

Actually, she did not need to be so polite. Of course, she had to protect her own daughter-in-law.

Yan Yusheng lowered her head shyly, but had no intention of dodging.

It was as if they were supposed to be like this.

Looking at his little sister’s shy face, Yan Yuhan understood a little.

It seemed that the few jokes between their parents back then were about to come true.

But... ... There was another problem ...

Quan Che was two years older than him. If he married his sister, how could this seniority be counted?

Being A brother-in-law only happened once in his life. He wouldn’t have to omit it, right?

Yan Yuhan suddenly felt that he was at a disadvantage.

However, seeing the smile in his little sister’s eyes, Yan Yuhan let out a relieved smile.

Nothing was more important than his little sister’s happiness.

The atmosphere here was just right. On the other side, Qi Nian saw Quan Che gently wiping away Yan Yusheng’s sweat from afar. The little universe in his mind immediately exploded, and he ran over with his little skirt in hand.

“Brother Che! I’M SWEATING TOO! ” As he said that, he leaned his head over, “I want to wipe too! “

Yan Yusheng blinked and looked at the bright and beautiful girl who had suddenly appeared in surprise, a little confused.

Quan Che's hand holding the square handkerchief stiffened slightly, but he didn't stretch it out. Instead, he put it down quietly. At the same time, his sharp gaze fell on Bai Yuchen, who was panting and chasing after him, "why are you guys here? "

"I... " Qi Nian was just about to speak when he was interrupted by Bai Yuchen. "She insisted on coming to see student Yan. She said that she plays the zither well! "

Qi Nian pursed his lips and wanted to retort, but Bai Yuchen gave her a cold glance.

He had no choice but to nod stiffly. "Alright, it does sound a little nice... "

Someone was praising him. Yan Yusheng smiled politely and thanked him. "thank you. "

Qi Nian wasn't sincere to begin with. Although she admitted that Yan Yusheng played the zither well, who asked brother Che to like her!

However, the other party sincerely thanked her for her awkward words... ..

Qi Nian looked at the kind smile on Yan Yusheng's face and her heart suddenly felt stifled.

She suddenly felt that she had gone a little overboard... .. treating a person who smiled at her with such a bad attitude ...

#### **Chapter 2177: I'll give it to you**

She felt apologetic and hesitated for a moment before opening her mouth again. She said sincerely, "it's really nice to listen to. You're very good. "

She had also learned to play the piano since she was young, but she also knew that it was just to fulfill her mission and satisfy her parents.

She herself did not have much attainments in the piano. She could only play a few pieces of music. It was just a superficial performance.

After listening to Yan Yusheng's music tonight, she realized that not everyone was just learning something to pass the time... .. There were still people who were silently and diligently studying it ...

And such a person would often become the most dazzling one.

When Bai Yuchen saw this, he nodded his head as if he was a child worth teaching.

For Qiannian to be able to say the latter part of the sentence, it meant that she still had a pure heart. She was just blinded by a moment of jealousy.

Yan Yuhan raised his eyebrows and was a little surprised. When love rivals meet, is this the way it is now?

On the other hand, Yan Yusheng did not use any other thoughts to size up Qiannian from the beginning to the end. She only listened to her words and could not help but laugh. "If you keep praising me, I'll be embarrassed. "

“Yeah, you guys are still chatting here! Isn’t tonight’s Dance Party? Quick, let’s have an opening dance! ” Bai Yuchen interrupted this topic. As he spoke, he turned to look at the lonely Dj not far away, indicating that he could start playing music.

The DJ, whose head was filled with dark clouds, understood and immediately perked up. He controlled a few buttons and the rhythmic music rose up, instantly stirring up the atmosphere of the venue.

Once the music started, Qi Nian looked at Quan Che again, “Brother Che, let’s GO DANCE! “

Quan Che,” ...”

Before he could answer, Qi Nian was pulled away by Bai Yuchen. “Little Nian ‘er, come, dance with me! “

“Hey! I want to dance with brother Che! “

“I dance better than him! “

“You@#! “

After Qi Nian was pulled away, Yan Yusheng asked, “is that teacher Bai’s friend? “

“It’s the daughter of my parents’ friend. Her name is Qi Nian. ” Quan Che looked at the two people dancing on the dance floor and answered her doubts.

“Oh, ” Yan Yusheng answered gloomily. It wasn’t that she didn’t see the intimacy between that girl and Quan Che.

People with an ordinary relationship wouldn’t call him ‘brother Che’ .

But what exactly was the relationship between them? Yan Yusheng didn’t ask. She just had a faint strange feeling in her heart... ..

Her emotions weren’t as high as before.

Yan Yuhan seemed to have noticed his little sister’s unhappiness and asked with a frown, “are you not feeling well? “

“No... ” Yan Yusheng shook her head slightly, looking a little dejected.

It was the first time in her life that she had such a strange feeling. She couldn’t put her finger on it. The only thing she could be sure of was that this feeling was very bad, very bad!

Quan Che furrowed his brows slightly. He looked at Yan Yusheng with worry in his eyes. “Shall I send you back? “

Before Yan Yusheng could answer, Big Brother made the decision for her. “That’s good too. Then I’ll have to trouble big brother Quan. “

As soon as he finished speaking, Yan Yusheng said anxiously, “big brother, you... “

“I have something to do later. I’ll be back later. Be Good. I can only be at ease if big brother Quan sends you.” Yan Yuhan rubbed the top of her head lovingly and said gently.

“...”since he had already said this much, Yan Yusheng did not have any room to refuse.

But to be honest, she was a little surprised.

In the past, no matter where she went, brother would always bring her along and never let her leave alone. But this time... .. She was so assured ? ?

### **Chapter 2178: lived next door to her house**

Twenty minutes later, Yan Yusheng got into Quan Che's car.

It wasn't a low-profile business car, nor was it a luxurious Bentley. Instead, it was a rolls-royce that Yan Yusheng had never seen before.

It was all black in color, but it wasn't hidden in the dark. Instead, it had an extra touch of mystery and nobility. especially the mysterious totem on the front of the car, which made the owner appear even more noble.

This car... Should be custom-made ...

And that totem... .. Yan Yusheng lowered her head to look at the totem on her dress, then looked at the totem on Quan Che's suit. It was exactly the same ...

What did this totem represent?

When Quan Che looked back, he happened to see the girl's slightly furrowed eyebrows. He asked subconsciously, "what's wrong? "

He only asked her what was wrong, not whether she was feeling unwell. It was because he had probably noticed long ago that she was probably just in a bad mood.

Yan Yusheng gripped the Hem of her dress. After hesitating for a few seconds, she finally asked the question in her heart, "brother Che er, all these years, the things you gave me all have this totem on them... what does this mean? "

As she spoke, she stretched out her green fingertips and poked at the badge on her chest.

Actually, she had thought that it might be the symbol of the Quan family, but she had searched the internet for a long time and did not find that the Quan family had such a totem.

"Do you want to know? " He asked with a smile.

Yan Yusheng nodded obediently and waited for his answer.

However, Quan Che did not explain. Instead, he invited her, "the answer is in one place. I'll take you there. "

"..."Yan Yusheng was obviously stunned. She thought that the answer was just a sentence, but who knew that he would say that he would take her to a place.

Didn't he say he was going to send her home?

But... .. Her heart seemed to be eager to give it a try ...

“okay.” In the end, she still nodded.

To Her, Quan Che’s existence was like that of a family member. There was no need to guard against him.

They arrived at their destination in less than half an hour’s drive.

When the car stopped not far from their home, Yan Yusheng was still a little surprised.

It wasn’t until the people in the villa came out to greet Quan Che and called Him ‘young master’ that Yan Yusheng asked in puzzlement, “Brother Che Er, do you... live here?” She lived next door??

“Yes.” Quan Che nodded and walked in. “The location here is not bad, and it’s convenient.”

Yan Yusheng did not ask about convenient. She only raised her eyes to look at the Ferris wheel that was flashing with colorful lights in the night sky not far away. She felt somewhat at ease for some reason.

Seeing that she was standing there in a daze, Quan Che smiled and said, “let’s go. Let’s go in first.”

Only then did Yan Yusheng come back to her senses. She followed his footsteps and walked into the courtyard.

Not to mention, Yan Yusheng had grown up in this area since she was young and had never seen the courtyard next door.

When she was young, she had heard from her grandmother that the courtyard next door was a little smaller than the Yan family’s. In the past, they had lived in a prestigious family, but it seemed that they had gone overseas, so the courtyard had become empty.

Before she entered the main door, she was attracted by the two hundred-year-old Camphor trees on the left and right side of the door.

Yan Yusheng looked up at the large tree with luxuriant leaves, and she was immediately filled with awe.

There was a plaque hanging at the door, and on it were the words “Qi Xiang Ji” written in cursive.

When she entered the main door, she saw two white villas in the simple style of northern Europe. They were hidden in the surrounding green, and large areas of glass windows were simple and elegant.

Warm-colored lights from the windows, dispel the darkness, but also the surrounding scenery foil a dream.

### **Chapter 2179: I care for you**

“You probably haven’t eaten dinner yet.” A voice that sounded like a clear spring suddenly rang in her ears, calling Yan Yusheng back to her senses.

She retracted her gaze and looked closer. Only then did she realize that under the two villas was a huge open-air swimming pool. The blue waves rippled and reflected her and Quan Che’s figures, as well as... .. The rectangular dining table beside them had long been prepared. There was a dazzling array of dishes on it ...

She didn't know if the weather was playing nice, but a gentle breeze blew, and the fragrance wafted towards her.

She immediately felt hungry.

"I'm so hungry..." she could not help but walk towards the dining table.

Quan Che smiled and walked over with her. He pulled out a chair for her in a very gentlemanly manner, "these are all home-cooked dishes."

Hearing this, Yan Yusheng looked towards the table and really found that the dishes on the table were all familiar to her, and they were all dishes that she liked.

She even discovered that there were a few dishes that required a little effort. It might not be a day or two, but four to five hours was still required.

It seemed that they had long prepared this.

Realizing this, Yan Yusheng frowned slightly. She looked at the man who had already taken his seat in surprise and asked, "you knew we would come back for dinner?"

The smile on Quan Che's lips did not diminish. He held his chopsticks with one hand and laid out the dishes for her. "Let's eat first."

He did not answer, even if he had tacitly agreed.

Yan Yusheng did not ask any further questions. Instead, she nodded and ate.

She suddenly felt that in some ways, brother Che'er was similar to her big brother and Daddy.

Perhaps... All outstanding people were like this ...

After two mouthfuls of the dishes, a maid carrying red wine came over to pour Yan Yusheng some wine. However, just as the spearhead of this action appeared, Quan Che waved his hand, indicating for her to leave.

Yan Yusheng blinked and suddenly said, "I'll just have a taste, okay?"

When she was at home, she didn't have the chance to drink. Sometimes, she would come into contact with Shenjia Linxi outside, but she didn't drink either.

Tonight... She inexplicably wanted to give it a try ...

Quan Che looked deeply at her. Without hesitation, he directly denied, "you're still young."

There were some things that could not be differentiated by age.

However, it was more important to be able to differentiate between what age and what to do.

Yan Yusheng pursed her lips. Actually, she did not really want to drink that much, but Quan Che's words were still young, which made her already low spirits even lower.

She poked at the vegetables in the bowl and said gloomily, "that girl called Qi Nian looks even younger than me."

She did not know why she suddenly thought of that girl, but she said it without thinking. Moreover, her tone was sour. There was clearly no vinegar in the vegetables she ate... ..

Or perhaps, the chef secretly put vinegar in the vegetables and did not tell her.

Quan Che's hand that was picking up the vegetables stiffened slightly. At this moment, his eyes that were as bright as the stars became incomparably deep.

He stared at her clearly gasping little face across the table of delicacies. After a moment, he laughed softly.

That soft and bright laughter stimulated Yan Yusheng's little nerves. Like a kitten whose tail had been stepped on, she instantly revealed her sharp claws. "What are you laughing at? ! "

However, the more she acted like this, the happier he felt in his heart.

After laughing, he continued to lay vegetables for her without batting an eyelid. At the same time, he raised his prayer lightly. "Do you really care about her? "

"I! I... " Yan Yusheng was at a loss for words for a moment. She did not know how to answer. In the end, she could only mutter without thinking, "I care about her for you. "

#### **Chapter 2180: have you thought about me all these years?**

The moment she said those words, Yan Yusheng wished she could bite off her own tongue!

What was she saying! ! She didn't look like herself at all ...

Little did she know that at this moment, her annoyance was also captured by Quan Che's eyes.

The joy in her heart couldn't be hidden from her face. The Smile on Quan Che's lips never disappeared.

Even when he completed his studies three years earlier and returned to the country, he had never been so happy.

"She's a good friend of my parents. She grew up with me. All these years, she studied abroad and could be considered to have no family, so she became closer to me. " Quan Che slowly talked about the relationship between him and Qi Nian He didn't hide anything or feel embarrassed. On the contrary, he was very calm.

At the end of his sentence, he added with a helpless smile, "when I was young, she didn't pay much attention to me. "

He was a few years older than Qi Nian. On the contrary, Qi Nian liked to play with his two younger brothers. It was probably... .. A generation gap ? ?

"Oh, you studied abroad together?" Yan Yusheng's focus was here.

During the twelve years that she and Che Er's brother were apart, Qi Nian had been by his side... ..

Suddenly, she felt a little jealous.

“MM. ” Quan Che nodded.

“She also studied business management?” Yan Yusheng continued to ask.

Actually, Yan Yusheng didn’t know exactly what Quan Che had learned in the past few years abroad. She just asked casually. After all, her brother had also learned it.

However, this question stumped Quan Che. He furrowed his brows slightly and paused for a moment before saying, “you can ask her directly next time. “

Yan Yusheng was a little puzzled, “you don’t know? “

“I haven’t noticed,” Quan Che replied. There weren’t too many emotions and ups and downs in Qing lingling’s voice.

On the contrary, he seemed to be more focused on what Yan Yusheng had eaten just now and what she had not eaten. He picked out the nutritious and delicious ones for her.

Yan Yusheng stared blankly at the slice of tomato fish that he had picked out from his bowl. “How did you know that I like this? “

Her taste was a little similar to her mother’s. Her mother liked vinegar fish, but she felt that it was too sour. The boiled tomato fish was much gentler and had a hint of sweetness that was difficult to detect. It was aunt Liu’s specialty dish.

This was not a dish that people in Rao city usually ate, but it was specially placed on the dining table tonight.

Even Yan Yusheng herself would not believe it if she said that it was not prepared on purpose. n-

The moment she asked this question, she already knew in her heart.

She must have put in a lot of effort. Otherwise, how would she know what she liked?

Then, which gift of twelve years did not suit her heart?

Communication between people could actually be very simple. Before she even said it out loud, the other party already knew what she wanted and what she wanted to eat. In itself, it was a long-lasting confession of love.

In contrast, Quan Che could understand her so meticulously even though she was thousands of miles away. Food, clothing, accommodation, travel, everything was done with care. As for the prayers that accompanied him for more than ten years of studying abroad, he did not even know what major she studied... ...

Care and not care, the boundary was so clear.

After thinking this through, Yan Yusheng suddenly became cheerful, and a smile appeared on her face. Without waiting for him to answer her question, she smiled and put food into his bowl. “You try it too, see if you like it! “

Under the moonlight, the girl's bright and brilliant smile was like the coolest breeze on a summer night, blowing the calm lake of the youth's heart bit by bit.

He looked at her quietly, the corners of his lips slightly curved, and his eyes were incomparably gentle. "Yu Sheng, all these years, have you ever thought of me? "
