Chapter 10 See how I can fix you!

"Boy, who told you to run away from home, this is very dangerous, you know?" Before Keke could figure out what was going on, a powerful big hand grabbed his little arm. Li Zhenting's eyes were dignified and his tone was serious .

Coco looked up and gasped!

Sure enough

He is the handsome uncle I met at the high-speed rail station yesterday!
His scumbag!

His big shrewd eyes blinked.

Got it! Just count!

Suddenly, he fell into the man's arms and pretended to be asleep!

Hmph, you dare to bully my mommy, you will always abandon me, you scumbag!

Watch how I fix you!

A plan has been formed in his little head!

Li Zhenting lowered his head and saw his son tucked into his arms obediently, with his eyes squinted tightly. Upon closer inspection, the little guy's long eyelashes were still trembling slightly from time to time. He was indescribably soft and cute.

The corners of his lips twitched slightly.

Boy, I am afraid of punishment.

Didn't expose him at the moment, tightened his arms, and walked towards the luxury car with him in his arms.

Ke Ke was lifted up into the air by Li Zhenting, her strong and powerful arms hugged him firmly like two big trees, and her strong chest was especially warm.

The little guy lost his mind for a moment!

This is the first time he was picked up by Daddy!

Daddy's arms are really firm and comfortable. He has never felt such a sense of security, which is completely different from the feeling when Mommy hugged him.

It turns out that it feels so good to have a daddy!

The luxury car drove towards Li's Castle.

After a while, it drove in steadily.

Little Keke quietly opened her curious eyes, and peeked out through the gap in Li Zhenting's arm.

My god, is this the palace?

How could it be so grand and luxurious!

He stared wide-eyed, the car passed by all the way, his eyes seemed to be enjoying a visual feast, the old castle was surrounded by green trees, decorated with lights, and the golden walls were brilliant, the rich and gorgeous villas criss-crossed , like a kingdom in a fairy tale world.

Until the nanny took him into the shower and came out of the shower, he was still standing there in a daze, in a fog.

When Li Zhenting came over from the shower, he saw his son's silly appearance, his little body was extremely lonely and lonely, and his heart sank.

"Son, come, Daddy will have a good talk with you tonight." He touched his head and spoke gently.

Ke Ke finally came back to his senses, and looked at the noble man in front of him.

He is dressed in navy blue bath foam, and his whole body is full of domineering and mysterious temperament. Under the chandelier on the palace ceiling, his slender body looks even more aloof and extravagant, unattainable.

But at this moment, his brows and eyes are all kind and gentle, and there is a feeling that he wants to get close to him.

Ke Ke's mind shook, scratched his little head, and secretly blamed himself:

Classmate Ke Ke, didn't you come here to avenge Mommy? Why do you have a good impression of this scumbag?

This is absolutely impossible!

He bullied Mommy, and now Mommy hates him so much.

Mommy is angry, so he must be angry too!

"Scumbag." He blurted out suddenly.

Li Zhenting was stunned for a moment, and quickly asked: "Ding Ding, what are you talking about?"

"No, didn't you say anything?"

Coco is so shrewd. He immediately sensed the chill on Daddy's body, smiled slyly, and shook his head hurriedly.

Li Zhenting was taken aback for a moment, and suddenly he sighed.

The son called him a 'scumbag', and he was not deaf, so of course he heard it.

This kid has a lot of resentment towards him! It should be because of his mother, Shen Mei.

Shen Mei has lived in Li's house for six years.

In the past six years, he has not given her a title, and the outside world has talked about it, and some gossip media have ridiculed her from time to time.

A woman gave birth to a child out of wedlock and lived in a man's house, and the man didn't give him a title. The pressure can be imagined. Besides, he was drugged and forced her...

This may be the reason why Shen Mei is hot and cold towards Ding Ding!

Actually, why did he think so!

It's just that marriage can't be settled!

Since Shen Ning's death, the impression Shen Mei left on him was really not good. He had already had a failed marriage, so he was more cautious about marriage.

But right now, for the sake of his son, he can't delay any longer.
