

Troublemakers 1161

Chapter 1161: admiration

Zhang Xiaoxian touched her face with her hand, pain, sadness, embarrassment, grievance... All kinds of emotions came to her heart, and her eyes filled with tears.

Growing up, although she was poor, she had never been wronged like this!

"Miss Zhu, I'm sorry, it's my fault that I accidentally splashed the soup on your clothes." She turned around with tears in her eyes and apologized.

This matter is her fault first, apology, she can accept it.

"Hmph." Seeing her humble appearance, Zhu Jinzhi despised her even more, snorted coldly, and said arrogantly and unreasonably: "I'll just pay you for an identical dress, otherwise, this matter will never end."

"Miss Zhu, please raise your hand high. Today is Xiaozhang's first day at work, and she is not familiar with the situation. Please forgive her. Her family is very poor, and her parents are sick. I really can't afford to pay you for this dress." The foreman Accompanied by the side carefully explained, hoping that the high-ranking Zhu Jinzhi can calm down and let Zhang Xiaoxian go.

But Zhu Jinzhi sneered and said: "Your Xinyue restaurant is really interesting. How much money we spend here in a year, you actually let an intern who came to work on the first day come to serve us. Are you looking down on us? Now It's a trivial matter to destroy my global limited edition clothes. The key is how do you let me wear them out? Let me tell you, if she can't afford it, then your restaurant will pay for it. This is your responsibility. You must pay for my suit. I have to pay, otherwise the next time I change clothes and you destroy them again, how much money do I have to spend here?"

The foreman was dumbfounded.

Today, this incident was considered a big deal, she was crying and crying in secret, calling it over.

Zhu Qixiong looked at his domineering sister coldly, and was about to intervene.

Sudden

I saw Zhang Xiaoxian looking at Zhu Jinzhi, and said calmly: "Miss Zhu, I was at fault for today's incident. I have already apologized to you, but it was your fault that you hit someone. Your clothes were damaged. Ask for an explanation, I can understand, then I was beaten by you, I also ask for an explanation."

"Oh, you did something wrong first, yet you still dare to ask me for an explanation so righteously. You are really capable. It seems that you are not going to be strong. Look, you won't bow your head. I want to see, you Want to ask me for an explanation, let me tell you, I just ordered this suit from Paris, and there is only one set in the world, 150,000 yuan, can you afford it? Country bumpkin." Zhu Jinzhi was furious and domineering He stared at Zhang Xiaoxian intently, as if he was about to eat her.

Zhang Xiaoxian looked at the glittering gemstones on her body, and knew that today was a bad day, but she is also a famous college student, and her personality and self-esteem cannot be trampled on.

She pursed her lips, took out her mobile phone and said, "Let's deal with things tonight one by one. I ruined your clothes. I apologize first. Now that you hit me, I want to call the police. The Civil Code has regulations." : Whoever beats another person or deliberately injures another person shall be detained for not less than five days but not more than ten days, and shall be fined not less than 200 yuan but not more than 500 yuan; if the circumstances are relatively minor, he shall be detained for not more than five days or fined not more than 500 yuan. As for the compensation for the clothes, we'll just wait for the police to judge."

After Zhang Xiaoxian finished speaking fluently, she wanted to call the police.

The foreman was terrified

"Jin Zhi, it's her first day at work, why are you harsh on her, who hasn't had a first time?" Xu Xiangzhi immediately stood up, walked up to Zhang Xiaoxian, scolded her daughter, and then smiled at Zhang Xiaoxian He said: "Xiao Zhang, it's all just a misunderstanding, there's no need to call the police, we can discuss the solution ourselves, okay?"

Zhang Xiaoxian put down her phone, her fingers trembling.

Originally, she never thought of calling the police, but Zhu Jinzhi was unforgiving and insisted on forcing her to pay for the dress. If she really paid 150,000 yuan, considering her current situation, it is impossible to pay back. It will also hurt her parents, no matter how many beatings she suffers, she can only bear it, who made her poor.

"Madam, what do you want to solve?" Despite this, she asked calmly.

"Well, I'm in charge. It's my daughter's fault for beating you. In this way, you don't need to pay for her clothes. You can just leave it like this, okay? Everyone makes money with harmony." Xu Xiangzhi held her thoughts , Open your mouth slowly.

Tonight is the meeting between Zhu Qixiong and Wu Xueying, and she doesn't want things to go wrong.

As soon as these words came out, the foreman breathed a sigh of relief.

Zhang Xiaoxian also secretly heaved a sigh of relief.

Zhu Qixiong's eyes lit up over there, he didn't expect such a difficult matter to be solved by Zhang Xiaoxian herself, she was a country girl who came to the imperial capital for the first time, for a while, he looked at Zhang Xiaoxian with admiration.

Chapter 1162: Oh it's you

Zhu Jinzhi did not expect that a small waiter, a country bumpkin, could recite the Civil Code so proficiently. It was really unexpected.

"Okay, you can figure it out." Under Xu Xiangzhi's supervision, she had to sit down angrily, with a look of reluctance.

In fact, she has already been terrified by the detention of five to ten days, so she doesn't want to go to the police station. Besides, if she is a thousand-dollar lady, if she is taken into the police station by the police, she will be ashamed Ah.

Therefore, no matter how reluctant she was, she dared not continue the trouble.

"Thank you Madam for your generosity, then this matter will be like this." The foreman accepted it as soon as he saw it, and immediately flattered Xu Xiangzhi, and pulled Zhang Xiaoxian and said, "Xiao Zhang, let's go, other tables have to serve food Woolen cloth."

After speaking, Zhang Xiaoxian couldn't help but pull Zhang Xiaoxian out.

Zhang Xiaoxian didn't want to cause extra problems, so she could just let it go.

But half of his face was in burning pain, and he stood in the corner stroking half of his face, tears streaming down uncontrollably.

Sudden

A hand stretched out and pulled her to walk outside.

Zhang Xiaoxian was taken aback, before she realized it, she was already pulled outside.

"Xiaoxian, when did you come to the imperial capital?" Zhu Qixiong looked at her with surprise on his face.

He remembered that Shen Ning had said that he was going to be invited to pick up Zhang Xiaoxian's family when they came to the imperial capital. Afterwards, he was locked up and had no time to go out.

"Young Master Zhu, it turned out to be you." Zhang Xiaoxian raised her eyes and saw that it was Zhu Qixiong, her heart sank a little. If she guessed correctly, the woman who beat her just now was Miss Zhu's family. It should be his younger sister. Surnamed Zhu, they are all high-ranking capitalists, people all the way, she replied faintly, "I have been in the Imperial Capital for almost a week, and my sister sent someone to pick me up."

Shen Ning?

A trace of doubt flashed in Zhu Qixiong's eyes, but he didn't ask any more questions. After all, he promised her but failed to do so. She must have been too worried about Xiaoxian, and really wanted to help her before taking her over.

"Qixiong, Qixiong." At this moment, Xu Xiangzhi's voice came from inside.

Zhu Qixiong suddenly pulled Zhang Xiaoxian into the corridor.

Zhang Xiaoxian looked at him strangely.

"Shh." Zhu Qixiong put his fingers to his lips and hissed at her.

Soon, Xu Xiangzhi couldn't find him and walked in another direction.

"Let's go." Zhu Qixiong pulled Zhang Xiaoxian and walked towards the street. A Palaca luxury car was parked there, and he took Zhang Xiaoxian into the car.

"Young Master Zhu, I still have to work." In the car, Zhang Xiaoxian was very anxious.

"You are a dignified graduate student serving dishes in this restaurant." Zhu Qixiong frowned, "Stop doing it here, the environment here is too complicated and not suitable for you."

"Yes, I really didn't know that the rich people in the imperial capital would be so difficult and domineering." Zhang Xiaoxian sneered.

Zhu Qixiong turned around, looked at her face, stretched out his hand to turn her face away, stroked the fingerprints on her face with his fingers, and gave the driver an address.

The driver immediately took them to the front.

"Young Master Zhu, where are you taking me?" Zhang Xiaoxian was very dissatisfied that she was forcibly taken away by Zhu Qixiong.

She has worked for three hours today, and she can get 300 yuan if she works another three hours. This amount of money is not worth mentioning to them rich people, but to her, it is the food for their whole family for several days. What about Fei, and she is penniless now, money is too important to her.

Zhu Qixiong didn't speak, the car stopped in front of a hospital, and he took her to an office of the dermatology department.

Inside, a young man in a white coat is busy in front of the computer.

"Young Master Qi, apply an ice compress to the wound on her face." Zhu Qixiong brought Zhang Xiaoxian in front of him, "What a beautiful face, it will be troublesome to leave marks on it."

Young Master Qi looked up at Zhang Xiaoxian, a trace of surprise flashed in his eyes, and he looked at Zhu Qixiong.

"My friend." Zhu Qixiong replied lightly.

friend? Qi Shao glanced at Zhang Xiaoxian again, okay, we haven't seen each other for a few days, Zhu Qixiong is getting better and better, this girl looks pure and clean, she doesn't seem to be hanging out with men all day, she seems to be from the countryside.

"Okay, I'll help her deal with it." Qi Shao personally applied the ointment on Zhang Xiaoxian's face, asked some questions while applying it, and knew within a few seconds that the girl was being bullied in a restaurant.

Zhu Qixiong is a hero to save the beauty tonight! he thinks!

Chapter 1163: Daddy will be bringing your mommy home soon

Early in the morning, when Li Zhenting woke up, he heard crying in the room over there, and immediately ran over.

Xiaoxiao was lying sideways on the bed, crying loudly.

"Xiaoxiao, what's wrong with you?" He ran up in a panic and bent down, only to see that although Xiaoxiao was crying, his eyes were closed.

He was taken aback. It turned out that she didn't wake up, but fell asleep and cried.

"Mommy." Xiaoxiao sucked her nose and cried very sadly.

Daughter's crying made Li Zhenting very distressed.

She must have had a nightmare!

"Xiaoxiao, don't be afraid, Daddy is here." He picked up Xiaoxiao with his strong arms, hugged her into his arms, and let her sleep on his shoulder.

The little guy's body is soft and small. As soon as he hugged him, his arms hugged him tightly, like a caring little padded jacket.

The corners of his lips were bent, and he stroked the child's back with his big hands.

"Mummy, where are you? I miss you so much." At this moment, Xiaoxiao opened her tearful eyes and saw herself being hugged by Li Zhenting. At this moment, she missed Mommy very much. Just now, she dreamed When Mommy was bullied by bad guys, Mommy was so pitiful, she burst into tears, with big tears falling down her cheeks.

"Don't cry, little one, Daddy is with you." Li Zhenting comforted her.

"I want Mommy, I want to go to bed." Xiaoxiao cried loudly.

Li Zhenting was flustered by her crying.

Xiaoxiao grew up with her mommy since she was a child. Whenever she was sad, she would always be with her mommy. After such a long time, she couldn't adapt to the days when there was only daddy and no mommy.

Li Zhenting carried her to the bed, and she hugged a big pillow into her arms, shrunk to the innermost side of the bed, sobbing: "Daddy, I'll just lie here and miss Mommy, when will you give Mommy a hug?" Get it back."

Li Zhenting watched Xiao Xiao shrunk into a ball, hugging the pillow tightly, that thin and pitiful appearance tore his heart apart.

This little guy looks timid, timid and sensitive from childhood insecurity.

As a father, he is responsible!

He wanted to comfort her, but he was afraid of disturbing her, so he could only stand not far away and solemnly promised: "Xiao Xiao, don't worry, Daddy will bring your mommy home soon, but you also Be sensible, no matter what happens to Mommy, you have to be considerate of her, can you?"

"Yeah." Xiao Xiao nodded.

"Do you still want Daddy to accompany you?" Li Zhenting glanced at the watch on his wrist, it was getting late, he had to go to Aunt Dong's to get breakfast for Shen Ning, but he was really reluctant to let his daughter stay alone .

"No, I'll hold Xiaoxuexue and wait for Mommy to come back." Xiaoxiao sobbed and sniffed, "Daddy, you can go to work, but you must get Mommy back soon."

"Okay, Daddy will." Li Zhenting stepped forward to kiss Xiaoxiao, then stroked her forehead, comforted her for a while, and then went out.

"Daddy." But as soon as he went out, he saw Lan Lan standing at the door of his room with disheveled hair and red eyes.

"What's the matter? Lan Lan." Li Zhenting was stunned for a moment, and immediately asked warmly.

"Daddy, I miss Mommy." Lan Lan rubbed her eyes and pursed her lips.

Li Zhenting's heart sank, could the emotion of thinking about Mommy be contagious? The two little guys couldn't help but start thinking about Mommy early in the morning!

"Hurry up and go to bed. Your mommy has gone to a far away place and won't be able to come back for a while." Li Zhenting immediately ordered.

When he thought of Shen Mei, his face darkened.

If Lan Lan wasn't born by Shen Mei, how wonderful it would be! Now that there is such a mommy on the booth, she will always be shadowed in this life.

"Daddy, you are biased." Lan Lan burst into tears.

Chapter 1164: Because daddy loves little mummy

Li Zhenting was stunned for a moment, walked over and touched her little head, and said: "Why is Daddy so partial, you and Xiaoxiao are both Daddy's good daughters, but you grew up beside Daddy, Daddy I gave you a lot of love, but Xiaoxiao just came back to Daddy, Daddy should care about her more, and also to make up for the fatherly love she lost since she was a child, understand?"

He understands Lan Lan's thoughts. She compares everything with Xiao Xiao now, and I'm afraid she will be less affectionate. Maybe it's the girl's thoughts, but Ding Ding and Ke Ke don't care about him. As long as there are games to play, they She never cared about his love, and her disregard for him was like a white-eyed wolf!

Thinking of these two little bastards, he hated his teeth so much.

"Daddy, my little mommy is gone. You go to look for her every day, but my mommy is gone. You never mention it. You just like Xiaoxiao and don't like me, woohoo." Lan Lan was so sad again. burst into tears.

The shadow on Li Zhenting's face became a little heavier.

A woman like Shen Mei, how could he go looking for her, besides, she is going to jail.

He will never find her.

"Lan Lan, you have grown up now, you must be sensible." He thought for a while, then squatted down, and patiently explained: "Your mommy is different from little mommy."

"What's the difference? You used to be nice to Mommy, but after the little Mommy came, you treated Mommy badly." Lan Lan was very unconvinced.

"Little, you are still young and don't understand adults." Li Zhenting tensed his face, "Because Daddy loves little Mummy, so I want to find her back. She is Daddy's wife. We It's a family, of course you have to go home, and your mommy made a mistake, and I never loved her. She will find another man and become someone else's wife in the future, so I can't go back to her Got it, do you understand?"

Lan Lan's tears flowed more urgently.

"So, Daddy doesn't love my mommy, and he doesn't love me anymore, I'm so pitiful." She said something loudly, turned around and ran into her bedroom, locked the door, and cried loudly inside. stand up.

Li Zhenting was upset for a moment.

Lan Lan doesn't know what's going on, before when Shen Mei wasn't around, she never saw her being so emotional, but now it's good, she's always crying to find Mommy, and her personality is much more extreme.

Thinking that she is still young, it should be because Xiaoxiao misses her mommy, and it will be better after a while.

He called Xiao Li over and ordered her to do Lan Lan and Xiao Xiao's ideological work, while he took his briefcase and walked away quickly.

Aunt Dong is already waiting for him to pick up breakfast.

In the ward, Shen Ning had washed up early.

Last night, the nurse said that the condition of the two babies has been brought under control, and they will return to the ward tonight.

She was very happy.

Woke up early in the morning and made the bed and everything, just waiting for the two babies to come back.

In the past few days, Li Zhenting has fulfilled his responsibility as a father, bought all the baby bottles, clothes and other things that the children need, and put them neatly aside.

Not long after, the door opened, and Li Zhenting walked in with big and small bags.

"Ningning, get hungry. Eat breakfast. Aunt Dong cooked you peanut and pork knuckle soup, papaya and fish soup, which are very nutritious. She wants you to eat five meals a day. The babies are coming back, so it is necessary A lot of milk." He opened the big and small breakfast and soup boxes, and began to force Shen Ning to eat.

Shen Ning was expressionless, his face tensed.

Although she doesn't want to see Li Zhenting, she still eats obediently so that the children can have milk to drink. Besides, these soups are made by Aunt Dong, not Li Zhenting, so eating and drinking is quite normal.

"Drink another bowl of soup." Li Zhenting stood beside Shen Ning and gently wiped Shen Ning's lips with a tissue, supervising her to eat breakfast like a child. When Shen Ning ate dumplings, meat buns and pastries, Li Zhenting forced She drank the soup.

Chapter 1165: Do not forgive!

After Shen Ning finished drinking the soup, Li Zhenting started to clean up the dishes.

He skillfully put away the lunch box and took it to the bathroom to clean. His white and slender fingers scrubbed the lunch box without the slightest sense of disobedience.

This confinement, he didn't let Shen Ning get a little bit cold.

Shen Ning looked at him, even though he didn't want to see him, he had to admit that Li Zhenting had changed a lot.

"Ningning, I want to discuss something with you." After cleaning the lunch box, Li Zhenting came out to clean up the things, sat down beside her and spoke seriously.

Shen Ning just looked down and swiped his phone without looking up.

"Ning Ning, the children miss you very much, take the baby home with me." Li Zhenting's tone was gentle.

"Impossible." Shen Ning immediately replied coldly.

Li Zhenting's face darkened:

"Ningning, don't you miss the children?"

Don't want the kids? How can it be!

She is thinking about it in her dreams!

But thinking about it, asking her to follow him home is a completely different matter!

Cocoa and Xiaoxiao have been given custody of Li Zhenting. They are both six years old, and it is impossible for the Li family to give them back to her. Even if they think about the children, no matter how the children think about her, they are destined not to be together .

This stage is inevitable!

Let the children learn to forget her, although it is cruel, there is no way.

She believes that the children will gradually forget her as a mother.

Her eye circles were red, her lips were tightly pursed, but her eyes were determined, showing no sign of letting go.

"Ning Ning, come home with me? Please." At this moment, Li Zhenting held her hand and begged bitterly.

Shen Ning quickly withdrew his hand, and sneered: "Li Zhenting, you are wrong, I have no home for a long time, why should I return home?"

"No, you have a home, and my home is your home."

"Enough, Li Zhenting, put away your hypocritical rhetoric, I have already been cheated once, and I will never be cheated a second time, besides, can that be my home? Please don't forget, we I've been divorced a long time ago, and my home is not with you." Her face was full of indifference.

Some mistakes are destined to last a lifetime and must not be forgiven!

Marriage and family are sacrosanct!

In the world of adults, there is no willfulness and randomness, a man who betrays and cheats! He is the least qualified to ask for forgiveness!

"No, Ningning, I was designed by that woman last time. I was unconscious and didn't know what I was doing. Therefore, that divorce doesn't count, and the law won't recognize it." Li Zhenting anxiously defended.

Shen Ning said indifferently: "What about Lan Lan? She was born to you and Shen Mei. When I married you, when did you go home? It's not fake that you and Shen Mei are together. "

"I..." Li Zhenting was speechless.

Shen Ning looked at his self-ashamed appearance, sneered, and stood up.

At this time, the door of the ward opened.

"President Li, Ms. Shen, the babies are back." Two nurses walked in pushing the babies with smiles.

"Baby." A smile appeared on Shen Ning's face immediately, and he greeted him, but when he saw the pink and tender faces of the two little guys, the anguish and depression in his heart disappeared instantly, and his mother's love rose up, The anxiety of not being able to see the child for so many days finally dissipated.

"Miss Shen, look, how cute the babies are." The nurses pushed the babies to the bedside and spoke with smiles.

"Yes." Shen Ning bent down with a smile, and the two little guys opened their eyes, looking at her with their black eyeballs.

When Shen Ning looked at them, maybe it was a mother-child connection, they suddenly curled their lips and made funny expressions at her.

Shen Ning's heart was so cute that he laughed happily.

"The little guy is so smart, he knows it's Mommy." The nurse laughed beside him.

The corners of Li Zhenting's lips curled up, seeing the two babies, his heart warmed.

Chapter 1166: She would rather die than follow him!

"Let's go, I'm going to breastfeed the children." After the nurses left, the two little guys must have been hungry and cried uncomfortably. According to Shen Ning's past experience, it was time to breastfeed, but Li Zhenting still didn't. The meaning of leaving, she had no choice but to urge him to leave as soon as possible.

"Ningning, it's hard work for you to take care of two little guys by yourself. It's been so hard for you these years." Thinking of her taking care of the big cocoa and the little picture all these years, he felt very sorry, "I have hired three special guards, it will come soon, if you have anything to do, just tell them to do it, and now you must rest well during the confinement period, and take care of your body."

In the future, there will be six children who need her to take care of them. If the health is not good, not only will he feel distressed, but it will also affect the children.

The little guy pursed his lips and began to cry.

Shen Ning picked up one of the little guys who was crying the most and comforted him.

Then the door opened.

Three special guards walked in.

Li Zhenting gave them some instructions carefully before leaving.

Modern Hospital Plastic Surgery Department.

"Mom, I don't want to have plastic surgery to look like that bitch." Before entering the operating room, Shen Mei retreated.

"No, if you want to take revenge, be promising, and live a good life in your future life, you have to do this." Lan Feiyun was firm, "Our Shen Group has long been involved, and now the family is sitting at home drinking northwest wind, you If you don't want to have plastic surgery, then follow Boss Pei."

President Pei?

The Mediterranean with a mouth full of yellow teeth and a shy belly?

No, she would rather die than follow him!

"Okay." In desperation, Shen Mei could only agree.

"Doctor, how long will it take for me to return to normal after plastic surgery?" Before going to the operating table, she asked tremblingly.

"It usually takes about half a year."

Half a year? Shen Mei felt helpless.

Half a year is indeed a long time, but what can I do, I must succeed before I can appear in front of Li Zhenting, otherwise it will be troublesome to pass through!

She knows Li Zhenting's temper best!

"How high is the success rate? Can it be made exactly the same?" She asked anxiously again.

"Don't worry, our hospital is the first and second plastic surgery hospital in the country. With technology, it will definitely succeed." The doctor is very confident.

"Okay." Shen Mei could only lie down on the operating table.

People's Hospital Inpatient Department.

"Uncle, aunt." Zhu Qixiong followed Zhang Xiaoxian back to the ward, and hurriedly greeted Zhang's father and mother who were lying on the hospital bed.

Zhang's parents have never been in such a good hospital in their life, and they don't know how much it costs to live here.

He knew that his daughter had made very rich friends, but honestly, they didn't want to use other people's money, they couldn't afford it.

Therefore, they always talked about leaving the hospital in front of Zhang Xiaoxian.

"Hi, master." The two elders looked at Zhu Qixiong's expensive handmade suit, only thought that he was a rich friend his daughter had made, and he sent someone to pick them up, and they were terrified.

Zhang Xiaoxian was very depressed because she thought that the three hundred yuan tonight was gone, and she was slapped by Zhu Jinzhi.

"Xiaoxian, there is still some money in this card, you can use it first." After a while, Zhu Qixiong had a conversation with Zhang's parents, said goodbye and walked out, and handed a gold card to Zhang Xiaoxian.

"No, Young Master Zhu, I can't take yours." Zhang Xiaoxian immediately pushed his hand back.

She doesn't know him very well, and secondly, the people of Zhu's family are not easy to provoke, she dare not provoke them at all.

Zhu Qixiong seemed to see what she was thinking, and smiled: "Don't worry, I have severed the father-son relationship with my father long ago. My money has nothing to do with the Zhu family, and he has no right to interfere with me."

As soon as Zhang Xiaoxian said this, Zhang Xiaoxian was very surprised. She wondered if Zhu Qixiong was joking. After all, who in this world would calmly say that he severed his father-son relationship with his father!

"You don't believe me? It seems that you are worried about me." Zhu Qixiong smiled wryly, and understood her feelings, "If I was like them, why did I take you to the hospital? Hey, forget it, you'd better don't know."

He directly stuffed the gold card in Zhang Xiaoxian's hand, turned around and left.

Zhang Xiaoxian was in a daze holding the gold card.

She and Zhu Qixiong are nothing, so how could she be ashamed to use his money? Even if he didn't care, she would be too embarrassed.

It seems that finding a job is the first thing to bear the brunt right now!

Chapter 1167: He hates this kind of woman

However, something embarrassing Zhu Qixiong still came!

That night, he was drinking in KTV. Halfway through the drink, a beautiful woman with tall buttocks and fat **** approached him and breathed alcohol at him: "Master Zhu, do you want to serve me?"

She winked at him while speaking, raised her lips, red lips were like blood.

"How is the technology? Can you guarantee satisfaction?" Zhu Qixiong whistled, glanced at the gully on her chest, smiled improperly, and touched her face with his fingers.

"Don't worry, if you are satisfied, you can pay for an extra night if you are not satisfied." The beauty immediately leaned her chest over, bit the wine glass in his hand with her teeth, and drank it with her head held high, "It's just that the price will not be low."

"Don't worry, I have money." Zhu Qixiong took out a gold card from his pocket and waved it in front of her, smiling.

Today, 20% of Zhu's Group's equity dividends will be transferred to his card, at least two or three million.

The beauty's eyes lit up, she took the finger with red nails from his hand, and put it to her lips for a kiss.

"Master Zhu, we want a bottle of Agni 2, okay?" She asked ambiguously.

"Of course." Zhu Qixiong narrowed his eyes.

Agni No. 2 is a kind of concocted wine, which is quite strong and has a lot of stamina, which can make people want to die.

A woman is not afraid to drink this kind of wine, how dare a man lag behind, this is a matter of his masculine dignity.

However, he has plenty of ways to deal with this kind of woman.

"Waiter, bring a bottle of Agni No. 2." The woman ordered to the waiter at the bar.

"Okay." The waiter agreed, and immediately began to mix drinks.

"Young Master Zhu, I have to charge at least five figures a night for drinking this." The woman put her lips next to Zhu Qixiong's ear, very ambiguous.

Zhu Qixiong slightly tilted his head: "No problem."

"Then pay half of the deposit first." The woman took out her mobile phone and smiled evilly.

Zhu Qixiong's eyes flashed a cold light. In his bones, he hated this kind of woman the most, and would sell anything for money!

He played with the gold card in his hand, but he didn't turn on the phone screen for a long time.

At this time, the woman became anxious, and simply sat on his lap, coquettishly: "Young Master Zhu, I am the famous number one here, and you will never lose money."

Zhu Qixiong was about to push her away, the waiter adjusted Agni No. 2 and put it in front of them and said, "Young Master Zhu, 3800, please scan the QR code to pay."

Zhu Qixiong hesitated.

"Master Zhu, can't you even pay for a bottle of wine?" The woman looked at him provocatively.

Zhu Qixiong thought, drink her down first, he can't lose face.

"Come on." He picked up his phone and switched to the payment code, and handed it to the waiter.

"Thank you." The waiter picked up the sensor.

Zhu Qixiong put the phone on the sensor.

"Young Master Zhu, I'm sorry, the balance is insufficient." After a while, the waiter looked up at him and said so.

Zhu Qixiong was taken aback, no, a sum of money would come in every month today, rain or shine, it has been many years.

"Are you sure?" He looked at the waiter and asked dissatisfied.

"Sure."

Li Zhenting frowned, turned on his phone and checked.

After a while, I was stunned, and the balance on the phone was only five hundred yuan.

He thought for a while, and changed another card, but the balance was still insufficient. When he reached for it again, he remembered that he gave Zhang Xiaoxian a card last night, and there was definitely money in it.

For a moment, he was embarrassed.

He really has no money on him!

The woman saw that he couldn't even pay for the bottle of wine, and immediately her face was full of contempt, and she secretly called herself unlucky, wasting the most profitable time of the night.

"Master Zhu, can you really not afford to pay for a bottle of wine?" Her voice became much colder.

"Yes, I have no money. I'm a poor man. You can get out now." Zhu Qixiong said coldly.

Chapter 1168: He felt the embarrassment of having no money

The woman stood up abruptly, and glared at him angrily.

"Get out." Zhu Qixiong yelled angrily.

"Get out, get out, don't come to play if you don't have money, if you can't afford to play, it's disgusting, bad luck." The woman muttered to leave. Unexpectedly, Zhu Qixiong heard it.

Now the man's self-esteem cannot dilute these insults.

In the past, when he had money, he spent a lot of money in these places, but now, he was insulted by them as soon as he had no money.

This is more uncomfortable for him than killing him, and because of this, he looks down on these snobbish dirty women who only have money in their eyes.

"Stop." He shouted and stood up abruptly.

The woman had just walked out a few steps, and was startled when she heard the angry shout. Looking back, she saw Zhu Qixiong's eyes staring at her as if she was about to kill someone, and cold sweat broke out on her back in fright.

At the KTV gate over there, a tall man walked in with a few buddies.

Li Zhenting was almost forcibly dragged out by these buddies.

The reason is that he has disappeared for a long time, and he should invite these buddies out to consume and relax, and make up for their long-empty stomachs.

Li Zhenting has a lot of money, so of course he doesn't care about the little money.

The most important thing is that these buddies usually perform well, and they are not useless. When the Li Group was in trouble, they also contributed.

Moreover, during this period of time, in order to get Shen Ning back, he did not invite them to eat or drink for several months, so he agreed.

But what he didn't expect was that as soon as he walked into the KTV gate, he saw Zhu Qixiong who was mad at a woman.

Only when he saw Zhu Qixiong, was he filled with complicated emotions.

In principle, he doesn't like Zhu Qixiong at all. His close relationship with Shen Ning makes him jealous, but he is Shen Ning's friend, Shen Ning values him very much, and he dare not despise him.

Through this period of understanding, he also feels that Zhu Qixiong is not the kind of villain who sneaks in, at least he can be regarded as aboveboard. Although he is the young master of the Zhu family, his life experience is quite rough.

Perhaps he plays games in life, and under his unrestrained appearance, there is also incomparable bitterness and helplessness.

"Hey, Young Master Zhu, you can't even afford a bottle of wine, what's the matter? You have an appointment but you don't need it. Do you still want to find a woman to make trouble for you?" The woman has been in this kind of place for many years. After being afraid for a moment, he immediately became courageous, but most of the men who come to this kind of place to hang out are justified, and when they really make trouble, for the sake of face and reputation, they are often the ones who let things go and their waists are hollowed out.

"You dirty and snobbish women who only have money in their eyes, corrupt the social atmosphere, and really disgrace women." Zhu Qixiong was so annoyed by the woman's words, he slapped the bar counter, knocking down several wine bottles .

The woman didn't care, and sneered: "We are dirty, it's not because of you whores, you look down on us now, don't come if you have the ability, and don't be afraid to spend money when you come."

Zhu Qixiong only came here to drink to relieve boredom. He never thought of asking a woman to serve him, and she clearly licked it by herself.

"You are really shameless, I don't care about you." He gritted his teeth, his forehead was bruised, and he turned and left.

But as soon as he turned around, the waiter over there greeted him with the bill.

"Master Zhu, this is your consumption for tonight, please pay first."

Zhu Qixiong picked it up and saw that it was nearly four thousand yuan, and his face turned green.

"How can there be so much money?" He just drank a few bottles of beer.

"I'm sorry, the Agni No. 2 you ordered is a blend of several wines. Since it is blended, several bottles of new wine have been opened. You have to pay for these whether you want them or not." The waiter explained clearly .

Zhu Qixiong was a little dumbfounded. For the first time in his life, he experienced the embarrassment of having no money.

Chapter 1169: What is he?

When the situation was awkward, suddenly the venue manager came over and shouted at the waiter angrily: "Xiao Li, what kind of eyes are you looking at? This is Mr. Zhu. The Zhu family has money. Will he be short of our money? Get out of here."

"I'm sorry, Mr. Zhu, for disturbing you." The waiter saw what the manager said, checked his words, and immediately apologized and retreated.

"Manager Wang, I'm sorry, I took the wrong card today, so I'll check out another day." Zhu Qixiong still had a displeased look on his face.

"Master Zhu, no need, someone has already paid for you." Manager Wang greeted him with a smile.

Paid?

Zhu Qixiong was very surprised.

"Who paid for me?" He thought that his buddies were also playing here, so he turned around and looked around.

But in the process of searching around, he saw Li Zhenting sitting calmly on the sofa over there, with light eyes and a strong aura.

He froze!

"Young Master Zhu, Mr. Li paid for it for you." Manager Wang said immediately.

"Why did he pay for me?" Zhu Qixiong was shocked.

He has basically no friendship with Li Zhenting, and because of Shen Ning, he even has hostility towards him.

"Then we don't know, you might as well ask him yourself." The manager left with a smile.

Zhu Qixiong thought for a while, then walked towards Li Zhenting.

Li Zhenting was joking with his buddies, but when Zhu Qixiong came, he didn't look up at him.

"Boss Li, thank you for helping me out today. I will return the money to you next time." Zhu Qixiong could only thank you after thinking about it for a while.

Li Zhenting said lightly: "I did this for my wife's sake. After all, my wife's friend is in trouble, so how can I just stand by and watch?"

"Thank you, don't bother me anymore." Zhu Qixiong's eyes darkened, and the man's self-esteem seemed to have been hit without pain or itching, but he couldn't say anything, he turned around and walked outside.

Looking at his back, Li Zhenting narrowed his eyes.

"Uncle Wang, what's the matter? Why didn't Zhu's Group send me money in this month?" After returning home, Zhu Qixiong lit a cigarette and called the financial assistant of Zhu's Group.

Uncle Wang is his mother's natal family, and also the only old man of his mother who is still in Zhu's group. Over the years, Zhu Qixiong has always come to him for anything.

After being silent for a while, he sighed and said, "Young master, you can fight for yourself, Zhu's Group won't give you any more money in the future."

"Why?" Zhu Qixiong was very angry, "The Zhu Group was supported by my mother's dowry and my grandparents. The 20% of the shares were left to me by my mother."

"Although this is the case, it's different now." Uncle Wang was crying over there, "The day before yesterday, Wang Qiming notified the accountant, and from then on, your 20% of the equity is voided, and they will no longer I won't give you a penny."

"It's unreasonable, can't the board of directors pass the invalidation of the equity? Why does he say that it is invalid? What is the basis? What is he? What's more, it is my mother's shares." Zhu Qixiong was furious.

Uncle Wang wiped away his tears, and said in a trembling voice: "Isn't the board of directors just your father, and those uncles and nephews of the Zhu family, they have long since wished to give you the 20% of the shares, now that Zhu Qiming is in charge, He said to abolish it, and they all wished for it, and you have to ask your father about this matter."

"Ah." Zhu Qixiong roared angrily, and threw the phone heavily on the sofa.

Will it be useful to find Zhu Dongjin? He was already fascinated by Xu Xiangzhi!

Needless to say, everyone knows that this must be Xu Xiangzhi blowing the pillow wind from behind. This woman greets him with a smile on the surface, but her heart is more poisonous than a hornet. Apart from calculating and using him, she can't wait to gnaw all his bones It's over.

He took out a bottle of strong liquor from the wine cabinet, unscrewed it and poured it into his mouth.

Chapter 1170: don't want to owe them too much

"Little baby, call me aunt." In the ward, Zhang Xiaoxian smiled and teased one of the pink and tender little guys.

The little guy looked at her with **** eyes open, moved his little hand from time to time, and opened his mouth.

"Sister, the baby is looking at me and smiling." Zhang Xiaoxian shouted happily.

Shen Ning smiled: "The little guy who has just been born for a few days knows how to laugh."

"Really, I saw her smile, her lips raised." Zhang Xiaoxian firmly believed.

Shen Ning didn't argue with her, but just smiled.

Zhang Xiaoxian continued to play with the little guy with great enthusiasm.

"You, hurry up and find a boyfriend to marry and have children." Seeing her greediness, Shen Ning joked beside her.

Zhang Xiaoxian blushed: "Sister, I'm so poor now that ghosts will run away if they see me. I don't expect to get married."

"Hey, who said that you have to be rich to get married? According to you, people without money in this world can't get married? Besides, your girl is so beautiful, a man who is really capable won't care whether you have money or not, what they care about is whether you are a good person or not, moreover, it is often the poor families who are happy, but it is difficult for rich people to find true love and find happiness." Shen Ningyu persuaded earnestly.

Zhang Xiaoxian is feeling extremely inferior right now, and she feels that she needs to persuade her not to marry.

Zhang Xiaoxian smiled bitterly: "I'm afraid that I won't meet that real man, I'm afraid that all I meet will be bears."

When she was in college, she also talked about her boyfriend. After the boy knew about her family situation, he immediately shut up and stopped talking to her.

Shen Ning smiled: "Don't worry, with me here, I will help you pay attention, and there are many elite men in the imperial capital, you will definitely meet them, but the premise is that you have to live hard and actively, your filial piety and warmth of sunshine, It will definitely bring you happiness."

"I wish." Zhang Xiaoxian murmured with a gleam in her eyes.

After a while, the little guy fell asleep in her hands, and she put it down carefully. When she straightened up, she suddenly remembered something, and asked, "Sister, where is Young Master Zhu?"

"Where he can be, he must be at home." Shen Ning replied, "Are you looking for him?"

"Yes. I want to find him. It's a small matter." Zhang Xiaoxian remembered the card he gave her last time. He wanted to return it to her, but he couldn't find him.

Of course, she didn't want Shen Ning to know about Zhu Qixiong giving her a gold card yet.

She was afraid that Shen Ning would give her money after she knew about her predicament. She didn't want to be a parasite, she just wanted to go to work early to earn money, and support her parents by her own ability.

She is really grateful to these noble people, but she doesn't want to owe them too much.

"Did you call him?"

"I have called several times, either no one answered or the phone was turned off."

Shen Ning raised his head and looked out the window upon hearing the words, his face became serious.

Zhu Qixiong is still being locked up by his father and stepmother. She couldn't get through to his phone in those days.

"Let me try it." Shen Ning took out his mobile phone and started calling Zhu Qixiong.

But no matter how she called, no one answered, and her eyelids jumped up inexplicably.

Last time, when she was on the phone, someone pressed it down on purpose, and Xu Xiangzhi even picked it up.

This time, it seems like a stone sinks into the sea!

How is Zhu Qixiong doing now?

Wishing you a living room.

"Xiangxiang, where did Qixiong die?" Zhu Dongjin walked in with a gloomy face and asked.

That night, at Xinyue Restaurant, during the meal, he actually slipped away just like that.

A few days have passed, and there is no news at all!

Thinking of him as a rebellious son, he loses his face at all!
