

Troublemakers 1171

Chapter 1171: Then he won't dare to fight against me

"Dong Jin, don't worry, he will definitely come back in a while."

"Why?"

"Because he has no money, have you forgotten? We have already cut off his source of income, and he has no job. He always hangs around romantic places, which cost a lot of money. Now that he has no money, he can use it." Is it? Of course not, so he will come back to us soon." Xu Xiangzhi was quite confident.

Zhu Dongjin reacted, put one arm around Xu Xiangzhi's waist, and smiled on his face: "Xiangxiang, you did the right thing, it seems that it is wise to take back his 20% shares, so that he can Don't dare to go against me, come back obediently."

"Of course, Qixiong is also my son, can I not be good for him? In that case, he will realize the importance of money, come back obediently and take the initiative to find Wu Xueying, as long as he marries Wu Xueying, all problems will be solved It is." Xu Xiangzhi said proudly.

"Haha, you are such a sweet and smart little fairy, I would have listened to you if I knew it." Zhu Dongjin applauded Xu Xiangzhi's idea.

If Zhu Qixiong can marry Wu Xueying, it will definitely bring unexpected benefits to the Zhu family, so he can let go of this concern.

"So, you know my sincerity to you, right?" Xu Xiangzhi put her arms around his neck and asked coquettishly.

"I see, I see, you are really a good wife and mother." Zhu Dongjin hugged Xu Xiangzhi into his arms and laughed.

At the entrance of Zhu Qixiong's villa.

A silver Mercedes-Benz stopped.

The door opens.

Zhang Xiaoxian got out of the car.

"Wow, it's so grand." She glanced at the European-style villa and admired it secretly.

Is this the place where Zhu Qixiong usually lives? Sure enough, he is a wealthy family. This villa alone must cost hundreds of millions. In such a location.

She looked around and walked towards the gate.

It turned out that the more Shen Ning thought about it in the ward, the more he felt that something was wrong, so he took Zhang Xiaoxian's mobile phone and called Zhu's mansion anonymously. From

there, he learned that Zhu Qixiong hadn't come home for several days, and that Zhu Dongjin and Xu Xiangzhi were also looking for him.

She immediately thought of this.

She has been here twice, and she has a position.

Because she was still in confinement and it was not appropriate to go out, she called a car from Gu Qi and sent Zhang Xiaoxian to Zhu Qixiong to see what was going on with him, otherwise, she couldn't rest assured.

That's when Zhang Xiaoxian came to look for Zhu Qixiong.

Zhang Xiaoxian stood at the gate and began to ring the doorbell.

But after pressing for a long time, no one opened the door.

After a while, she sniffed.

Careful, she smelled a strong smell of alcohol through the crack of the door.

Her heart skipped a beat, she concluded that there was someone inside.

Zhu Qixiong should be here!

Shen Ning guessed right!

"Young Master, Young Master." She slapped the door and shouted loudly.

But there is still no movement inside.

She looked around and found a window over there, so she hurried over.

Fortunately, one of the windows is still open!

She pushes away.

only

This window is facing the dining room, and it is too far away to see the situation on the other side of the living room.

But the moment the window opened, she smelled a stronger smell of alcohol.

Poked his head over and saw a wine bottle scattered in the living room.

She was even more sure that Zhu Qixiong was here, and he was probably already unconscious.

"Uncle Marley." She ran back to the Mercedes and called into it.

Marley got out of the car immediately.

"What's wrong?"

"It's not good, Young Master Zhu must be drunk, there is a strong smell of alcohol in it."

Marley's eyelids twitched.

hurriedly came to knock on the door, but the door was locked from the inside and remained motionless.

"My sister said that Zhu Shao lives alone, and there are no servants in it." Zhang Xiaoxian was anxious, "What should I do? I wonder if he has anything to do in there? How drunk is he? Trouble!"

Chapter 1172: Started the crazy 'fatherly love' mode

Marley thought for a while, then called Shen Ning.

Shen Ning was very anxious when he heard it, and immediately instructed him to call the police.

Just like that, Marley called the police, and not long after, a police car came.

The police decided to break open the door after some inspection.

After the door was pried open, Zhang Xiaoxian was the first to rush in.

On the floor next to the sofa in the living room, Zhu Qixiong was lying there motionless.

"Young Master, Young Master." Zhang Xiaoxian squatted down and shouted anxiously.

Marley turned on the living room ceiling light.

Zhang Xiaoxian immediately saw that Zhu Qixiong's face was flushed with bruises, and he closed his eyes tightly. Upon closer inspection, his lips were darkened, and he felt that something was wrong.

"Not good, alcohol poisoning, send to the hospital." At this time, the police made a decision immediately after some observation.

Marley started calling 120.

Zhang Xiaoxian felt very sad when she saw the handsome and sunny man turned into a pile of drunken mud and his life was in danger.

A rich and powerful man would be so greedy for drinking, I really don't know what these rich people think!

When she was worrying about her parents' medical expenses, these rich children were actually dreaming of their lives!

Soon, 120 came, and Zhu Qixiong was sent to the ambulance.

"Who is the family member? Come up one." The doctor asked standing in the ambulance.

Marley looked at Zhang Xiaoxian.

Zhang Xiaoxian was about to wave her hand.

"Come up quickly, it's dangerous." The doctor called to her.

"But I..." Zhang Xiaoxian wanted to explain, but Marley said to her: "Miss Zhang, you can go along, my company has other things to do, besides, I don't know how to take care of people."

"Okay." Looking at the doctor's serious face, Zhang Xiaoxian was worried about Zhu Qixiong's condition, so she got into the car.

The ambulance drove to the hospital.

Fortunately, the ambulance went to the People's Hospital, which was the hospital where Zhang Xiaoxian's parents were hospitalized.

She breathed a sigh of relief.

In this way, she can take care of three people at the same time. She is not afraid of hardship, as long as she can take care of her parents!

Zhu Qixiong started emergency treatment as soon as he was sent to the hospital. Fortunately, he was sent in time and there was no serious problem.

Here, after listening to Ma Li and Zhang Xiaoxian's reply, Shen Ning was very thoughtful.

Most people in this world are not happy! Each has its own misfortune!

Shen Ning can understand Zhu Qixiong's suffering.

But there was nothing she could do to help him!

In the evening, Li Zhenting sent a lot of food.

Since the baby returned to the ward, Li Zhenting has started a crazy 'fatherly love' mode.

He can come here two or three times a morning. At noon, because he has to go back to supervise Ke Ke, Ding Ding, Xiao Xiao, and Lan Lan for dinner, he can only go back to Li's Castle first and then come to the hospital. There is almost no lunch break.

He came here early at night, for fear that Shen Ning would be hungry.

As soon as he came over, he stared at his children affectionately, his face full of doting.

The more nervous and concerned about the child, the more worried and anxious Shen Ning was about him.

In her opinion, the reason why he was so attentive was because he wanted to **** the custody of the children. He came from a wolf with a big tail.

The more nervous she became, the more indifferent she became to Li Zhenting.

"Ning Ning, when I first came here the nurse told me that I could be discharged from the hospital tomorrow." Shen Ning had just finished dinner, and the children had already fallen asleep. Li Zhenting spoke softly after finishing the dishes.

"So?" She looked at him warily.

Li Zhenting froze for a moment, understood her thoughts, and smiled wryly in his heart.

"Ningning, don't be so nervous, I have no ill intentions towards you." He held her hand, wanting to give her a sense of security.

Chapter 1173: you can go now

"Don't touch me, I feel sick when I see you." But Shen Ning retracted his hand and stared at him vigilantly.

Li Zhenting's heart sank to the bottom of the valley, his whole body was chilled, and his eyes were full of sadness.

"Ningning, what exactly do you want me to do to forgive me?" He asked painfully.

"No matter what you do, I won't forgive you. I'm not interested in cheating men." Shen Ning replied coldly.

Li Zhenting seemed to have suffered a heavy blow, and didn't know what to say.

Originally, he wanted to discuss with her again to see if she could return to Li's Castle.

But now it seems that it is completely impossible!

He can explain Xiaofeng's matter to her to prove his innocence. Ke Lanlan was born by Shen Meisheng, and he is not even qualified to explain.

"It's time, you can go." After a while, Shen Ning began to chase him away.

He stood up dejectedly.

"Ningning, the children miss you very much."

"I see. After I go home tomorrow and make arrangements, you can let them come over. I will be a good mother." Shen Ning replied coldly.

Li Zhenting had nothing to say, so he looked at the sleeping children affectionately, and then walked away in despair.

Shen Ning sat on the bed, upset.

She hoped that Li Zhenting would never appear in front of her in the future. They were divorced, and she didn't want to have any involvement or scandal with him.

After Li Zhenting got home, the children were already asleep.

He first went to Coco and Ding Ding's bedroom. The two little ones were sleeping on their side, and the other was sleeping on their side. They were both in a deep sleep. He looked at their little faces for a while, the corners of his lips curled up, and walked towards the small room. go.

Xiaoxiao has fallen asleep, holding Snow White in her hands, like an angel who feels insecure.

He sat beside her, full of guilt.

In the past, he was as guilty as he was of being partial to Xiao Xiao.

"Xiao Xiao, I'm sorry. I didn't find your mommy back. She refused to forgive me. I can't do anything now. I can only blame me for hurting her too much." He held his little hand, his eyes moist up.

After coming out of the small bedroom, he came to the study, and just after entering, he received a text message from Shen Ning to Lawyer Niu.

She was urging him to file a lawsuit for her children over there, trying to **** the custody of the children.

He was getting more and more upset.

Finally turned off the phone, threw the phone aside, took a bottle of wine and poured it into his mouth.

The fact is that no matter how much effort he puts in, no matter how much he wants to express himself, Shen Ning is indifferent to him and obviously resists.

He didn't know how to get her back, let alone what to do in the future?

Thinking of the children and Shen Ning's indifference, he poured more wine into his mouth.

It was very late for Li Wanqing to return to Li's Castle.

During this time, the nearly ninety-year-old mother was seriously ill, and she had to go back to take care of her for a while.

But after all, there are four little ones at home, so she is also very worried.

Now that the old mother's condition is relatively stable, she rushed home in the middle of the night.

As soon as she got home, she went upstairs to check on her grandchildren to see if they had kicked the quilt, if they were sleeping well, and if the nannies were being lazy.

It's okay, the kids slept well.

She breathed a sigh of relief, and when she was about to go downstairs, she suddenly smelled a strong smell of alcohol, turned her head, and saw that the light in Li Zhenting's study was still on, she frowned, and walked towards the study.

"Ning Ning, why don't you forgive me, what exactly do you want me to do to forgive me?" Li Zhenting was flushed, sitting on the sofa and wailing, with tears all over his face.

Li Wanqing was stunned.

Since my son was ten years old, I have never seen him cry. In those years, the Li Group was very difficult, and I have never seen him cry.

Available now

He was crying, for a woman, a man so big was crying secretly.

No matter how he grows up, in Li Wanqing's mind, he is still her child.

Seeing her son so sad, her heart felt inexplicably sad.

Chapter 1174: What should I do?

"Zhen Ting, what time is it? You are still drinking here, what do you look like?" She came over and snatched the bottle from his hand, "Go to sleep, you have to work tomorrow."

"Wine, give me wine, I want wine, don't work." Li Zhenting reached out to grab it.

But Li Wanqing was agile and put away the wine bottle.

Li Zhenting couldn't find her, looked at her, rubbed his eyes suddenly, and smiled: "Ningning, you are finally back."

"Open your eyes and see, I am your mother, not your wife." Li Wanqing said loudly with a tense face.

"Mom." Li Zhenting rubbed his eyes a few more times, and finally saw clearly that it was really Li Wanqing, not Shen Ning. His heart sank again, and he staggered towards the sofa. When he was approaching the sofa, he accidentally stepped and nearly fell down.

Li Wanqing immediately stepped forward to help him up.

"You! You didn't listen to me before. If you had listened to me earlier, you wouldn't be in this situation." She said sadly.

"Mom, I feel so miserable. Ningning won't forgive me no matter what. What should I do?" Li Zhenting cried loudly while hugging Li Wanqing.

"Son." Li Wanqing choked up.

No matter how disobedient the son is, he is still his own son. He is sad. How can she, a mother, feel better?

Moreover, her son was so sad and lost his temper, she hadn't seen him in a mess for a long time!

She stroked Li Zhenting's head, didn't speak, and waited until he finished venting before asking softly: "Zhenting, haven't you been looking for Shen Ning during this time, how is she doing now? Can you tell mom? "

Li Zhenting was silent for a while, and told everything that happened during this period of time.

"You said that Shen Ning was pregnant again, and gave birth to a pair of twins." Li Wanqing's eyes widened when she heard that.

"Yes."

"Silly boy, why didn't you tell us earlier?" She thumped Li Zhenting's shoulder hard and asked.

"Mom, Shen Ning has already warned me, don't let me tell you."

"Damn, if she says she won't tell you, she really won't tell me. Think about it, she is pregnant and has a baby. None of our in-laws have ever appeared, but as a woman, can her heart be warm? She won't let you tell us, that's her angry at you, she doesn't want to have further contact with you, but you also have to know what to do, you are more than smart in business, but lacking in emotion, this needs to be changed ." Li Wanqing said earnestly.

Li Zhenting was startled, speechless.

Is that true? A needle in the bottom of a woman's heart, he doesn't understand women at all.

"Hey, don't worry, there is mom here, mom knows how to do it, besides, Shen Ning gave birth to a pair of dragon and phoenix twins for our Li family, it's really great, I must thank this great hero, I really Happy." Li Wanqing's face was full of joy, wishing she could fly to Shen Ning's side right now.

But it's too late now!

She comforted her son again, then turned to leave.

"By the way, Mom, now Shen Ning is very afraid that our Li family will **** her twins, so if you go to see her and her grandchildren, don't be so obvious, it will scare her." Li Zhenting Suddenly stopped her and told her carefully.

"Don't worry, Mom is not a child, she won't grab cocoa and Xiaoxiao recklessly like you, otherwise, she wouldn't be so embarrassing to you now, you really did too much and stubborn at that time, I am I really can't persuade you, so you deserve what happened to you today, reflect on yourself." Li Wanqing turned around and scolded.

Li Zhenting bowed his head in guilt.

Li Wanqing sighed, turned and left.

Chapter 1175: I have to take care of you myself

Early in the morning, Aunt Dong and Zhang Xiaoxian came over, and Marley also brought two staff to help.

Today is the day when Shen Ning leaves the hospital with her babies.

Shen Ning is very happy.

"Babies, we're going home." The two little guys had just nursed, and looked around with their **** eyes. Zhang Xiaoxian teased them with a smile.

The two little guys bit their lips and babbled.

Last night, Shen Ning had already packed up all his things.

Everyone started to help carry luggage, which was very lively.

Aunt Dong bought a cart.

Shen Ning carried the two little guys into the stroller, and was about to push them out.

Room door

Sudden

A middle-aged woman walked in gracefully with two nannies carrying large and small bags.

Shen Ning froze.

"Ning Ning, Mom misses you so much." When Li Wanqing saw Shen Ning, her eyes turned red, her voice choked up, she stepped forward and hugged her tightly.

"Ah, aunt." Shen Ning didn't come back to his senses until he was hugged by her, and shouted loudly.

"Ning Ning, during this time, I have been thinking about you and worrying about you every day. I don't know where you have gone, and I don't know if you are doing well. A good daughter-in-law doesn't know how to keep you, she's too stupid." Li Wanqing was very sad, wiping her tears.

Shen Ning's heart is very complicated.

To be honest, in her heart, she is ten thousand and ten thousand unwilling to contact Li's family anymore. After all, that has become a thing of the past, and it would be bad for anyone to keep pestering her!

Besides, when the time comes to fight for the custody of the child, they will be unable to let go of their hands and feet.

That's why she warned Li Zhenting again and again not to let him tell Li's family what happened during this time and what happened to her child, so as not to cause unnecessary trouble.

As the richest man in a wealthy family, the Li family has always attached great importance to their children and grandchildren. She gave birth to a pair of twins. If Mr. Li finds out, even if Li Zhenting is willing to let him go, these elders probably won't.

Now she can't wait to pretend she doesn't know Li Wanqing, the ex-mother-in-law!

But this ex-mother-in-law was really good to her before, and she treated her like a daughter.

"Auntie, I'm sorry, I haven't had time to tell you." She forced a smile.

"It's okay, it's okay, as long as you are nice." Li Wanqing took Shen Ning's hand, her face was full of dissatisfaction with Li Zhenting, "Zhenting is really confused, you have given birth to such a big event, he actually hides it from me He and his family didn't talk to us. I only found out last night when I asked him again and again. He said that he had slipped his mouth. I came to see you, but it was too late, and I was afraid of disturbing your sleep, so I asked Butler Luo to take me shopping early in the morning and

hurried over here. Don't blame me for being late, hey , I'm also to blame, your grandma was sick during this time, I went to take care of her, so I neglected you, it's really hard for you."

Shen Ning shook his head again and again: "No, Auntie, thank you for coming to see me."

"Ning Ning, how is your health now? Are you recovering well?" At this time, Li Wanqing took Shen Ning's hand and looked up and down, her face full of concern and love.

"fine."

"This woman is in confinement. It's a big event, but she must take good care of it and rest well, otherwise confinement disease will be troublesome." Li Wanqing said solemnly, "Last time, when you gave birth, we all I don't know, I have never taken care of you, and I have not fulfilled my responsibilities as a mother-in-law, this time, no matter what, I will take care of you personally, let you sit in the confinement period, and keep your body in good shape."

Chapter 1176: How could he let her be sad?

Shen Ning's heart sank, and she declined politely: "Auntie, you should take care of grandma. She is so old and needs your care the most. I already have someone here to take care of me. Aunt Dong has already prepared for me. everything."

"Don't worry, your grandma's condition has stabilized, and now you are the focus of care. Only when you recover, can my grandchildren be well taken care of. I know this very well." She refuses.

Afterwards, she looked at her cautiously again: "Ningning, Zhen Ting has tidied up the house, come home with me, he even arranged a fairy tale kingdom for the children."

"No, auntie, I'll go back to my own home." Shen Ning shook his head this time, clearly refusing.

"Oh, that's fine." Seeing that she refused flatly, Li Wanqing didn't force her, "Then I'll go to your place to take care of you for a while, otherwise I won't feel at ease."

"Auntie, my place is too far away from Li's Castle, you should go home, I accept your wish, really, I just need Aunt Dong to take care of me, thank you." Shen Ning Still rejecting.

"Ningning, you are giving birth to our Li family. If I don't come to take care of you, how can I live in my heart? To be honest, you are a great hero of our Li family. I have to blame Zhen Ting for not knowing how to cherish it before." You, otherwise you must be a good daughter-in-law whom we hold in our hands and dote on." When Li Wanqing said this, there were tears in her eyes again, and her voice choked up.

Seeing her like this, Shen Ning couldn't refuse, so he could only stand awkwardly.

"Ma'am, then come back to Shaw Villa with us, we have to go, the car is still waiting below, and the children will have to drink milk later." At this time, Aunt Dong came up and said to Li Wanqing with a smile, Circus.

"Ah, my little grandchildren." Li Wanqing seemed to remember the two little guys at this moment, hurriedly wiped away her tears, ran to the two little guys, and looked at them excitedly: "Show grandma quickly, What a dear grandson."

She was so excited that she hugged her with kisses and smiles, feeling very distressed.

Shen Ning stood beside him, his face was calm, but his mood was uncertain.

No matter how good Li Wanqing is, she is also Li Zhenting's biological mother. Can she let this pair of children go?

The more affectionate she was, the more disturbed she felt.

A secluded place downstairs.

The man's slender body stood upright, his eyes staring straight ahead.

Shen Ning came down with a group of people. In the middle, she was pushing a double stroller, with her skirts flying and her fairy air.

On the car are his twins.

He dared not step forward.

Because Li Wanqing came over, he was afraid that Shen Ning would blame him for telling his family.

How much he wanted to rush up and go home with his beloved woman and child in his arms, but he didn't dare.

He did something wrong, there is no way to ask for her forgiveness!

But he was reluctant, so he could only watch from a distance.

After a while, they got into the car.

The car drove away.

He turned around slowly.

When he left last night, he had already gone through the discharge procedures and paid the bill.

He walked out reluctantly, Shen Ning's Mercedes-Benz was no longer seen on the street, so he had no choice but to get in the car and go back to the company.

But as soon as he sat down in front of the office, his cell phone rang.

Opening it, it was another message from Shen Ning to Lawyer Niu.

It seems that last night, he didn't reply to her message, and she panicked.

It hurts his heart when he thinks that she is so eager to take the child to draw a line with him and **** the custody of the child.

"Lawyer Niu, are you there?" She sent a 'please' expression.

Obviously, last night, he didn't text her back, which made her very uneasy.

Thinking that she is in confinement, and has to take care of her two little treasures, and worry about it, how could he let her be sad.

Her flattery made him even more uncomfortable.

At the moment, I immediately replied a message: "Yes, I'm sorry, I fell asleep as soon as I got home last night, so I didn't reply to your message."

Shen Ning saw that it was okay, so he was relieved.

Chapter 1177: I will thank you then

"It's okay, I just want to ask you, when will you be able to help me with the lawsuit, I'm getting more and more worried now, after all, the Li family is too powerful, I'm afraid you won't be able to beat Li Zhenting's lawyer team." Shen Ning was incomparable over there worry.

The corners of Li Zhenting's lips curled up slightly.

"I've said it before, you don't have to worry about confinement, and leave everything to me. What is Li Zhenting, he's just a paper tiger. I will definitely let you win the lawsuit and completely defeat him."

"That's good, thank you, Lawyer Niu, I'll treat you to a meal when you have time." Shen Ning was very grateful.

"You're welcome, as a lawyer, this is my duty."

"Actually, we haven't signed the agreement yet, how about we sign the agreement someday?" Shen Ning seemed worried, and asked additionally.

"Well, the 10,000 yuan deposit you gave me last time didn't have a receipt yet, so you can indeed sign an agreement first." In order to make her feel at ease, he immediately cooperated.

"It's okay, it's only 10,000 yuan, I believe you, besides, there are certificates for WeChat transfers, I just want to sign an agreement on the matter of asking you to file a lawsuit, so that it will be more formal.

"Shen Ning is hypocritical, but in fact, she is afraid that he will go back on his word, so she won't help her with the lawsuit.

"Okay, I'm going to make preparations in the next few days. After the agreement is completed, we can sign it online." Li Zhenting sent a message very considerately.

Shen Ning looked at it, completely relieved, and sent a 'OK.' Then I sent him a bow and thank you emoji.

Just as she was about to hang up the phone, Lawyer Niu sent another greeting:

"Miss Shen, how is your health now? You have to rest well after giving birth."

"Thank you, I'm alright. This time is no better than last time. Last time was really hard. This time, with Aunt Dong taking care of me, it's much better."

Li Zhenting's heart sank.

"You shouldn't underestimate a woman's confinement, otherwise the root cause of the disease will fall. You confine yourself well and leave the rest to me. Don't worry about the lawsuit. I will definitely help you win that scumbag."

This time, he was really scolding himself.

Last time, when she gave birth to Keke, Ding Ding and Xiaoshi didn't know how they got here, he felt very guilty when he thought of it.

"Well, well, thank you."

"Oh, by the way, is there anything you want to eat or lack? I have someone buy it for you and send it to you. If you have a baby, I should buy some gifts for you. After all, we are also good friends." He asked sincerely.

"No, I am thankful that you can help me with the lawsuit. If you can really help me win the lawsuit, I will thank you then."

"Thank you?" Li Zhenting actually got jealous.

After all, Shen Ning trusts this strange lawyer Niu very much. Although Lawyer Niu is himself, in Shen Ning's mind, he doesn't know, but he is a man worthy of her trust.

"We'll talk about it at that time." Shen Ning sent a big smile, "Okay, the children are awake, I'm going to breastfeed, let's do this first."

"Okay, um."

Her profile picture faded away.

Li Zhenting imagined that the two little ones had woken up, and felt inexplicably kind in his heart, but when he thought of the picture of her breastfeeding the children, his body actually felt hot.

Only then did I realize that he hadn't had that need for several months. He is a normal man after all, okay!

In the hospital.

When Zhu Qixiong opened his eyes, he found that he had a severe headache and was dizzy, but what appeared in his eyes was all white.

where is this place? what happened?

Chapter 1178: Do you think it's so chic

"Master Zhu, are you awake?" Zhu Qixiong turned over and was about to sit up when a girl's crisp voice came from beside him.

He froze for a moment and turned his head away.

Facing a pair of **** and white eyes sparkling in a palm-sized face, she was wearing a white goose-yellow dress with two small dimples when she smiled. She was simple and clean, but her skin was a little healthy and dark.

"Xiaoxian, is it you? Why am I here?" Zhu Qixiong suddenly felt pain on the back of his hand when he raised his hand.

"You still have the nerve to ask." Zhang Xiaoxian rolled her eyes at him, "Is there anyone like you drinking like this? If Uncle Marley and I hadn't gone to your house to look for you yesterday, you have already reported to God. "

Zhu Qixiong was stunned for a moment, and some fragments emerged in his mind. After a while, a bitter smile appeared on the corner of his lips.

"You rich playboys, others are busy making a living, but you are drinking to your death. You really don't know the sufferings of the world, so you should be criticized." Zhang Xiaoxian scolded him, picked up the medicine and water glass on the bedside table, and handed them to him: "The nurse said, take this medicine when you wake up, it protects the liver."

"Okay, thank you." Zhu Qixiong took it and ate it with his head held high, draining all the water in the glass.

"Did you bring this water glass for me?" He looked at the water glass and asked.

This is his usual drinking glass at home!

"Yes, I also took your towel and toiletries. Last night, I washed your face for you." Zhang Xiaoxian put the cup on the bedside table, her face was slightly red.

In fact, last night she not only helped him wash his face, but also wiped his body, and even took off his pants and changed into a hospital gown.

"Thank you, Xiaoxian." Zhu Qixiong was a little moved, such a girl is so careful, simple and kind, and she even brought him a water glass, which is really nice.

"Are you hungry? I'll go down and buy you something to eat. What would you like to eat? Porridge, rice, or noodles?" Zhang Xiaoxian asked softly.

Zhu Qixiong felt that he was really hungry.

"You can buy me a bowl of porridge with some capers, and another bun." He thought for a while and replied.

"Okay, pay attention to the water in the hanging bottle. If you finish hanging, ring the bedside call bell to call the nurse." Zhang Xiaoxian turned and left after giving orders.

Zhu Qixiong sat up, his head was still dizzy, some images flashed in his mind, his face was terribly gloomy.

Xu Xiangzhi, you actually took away all the inheritance my mother left me, it's too vicious, I will never spare you!

A pain in his chest hit him, he reached out and took out a cigarette, lit it tremblingly, took a deep breath, and felt better.

"Yeah, why did you start smoking?" Not long after, Zhang Xiaoxian came back with food, at this time Zhu Qixiong had finished smoking two cigarettes, she looked at the cigarette **** on his finger, frowned and covered her mouth. He coughed a few times, put the food on the bedside table, and questioned him directly.

This man really doesn't know how to live or die. He has not recovered from alcoholism, and he started smoking again.

Zhu Qixiong flicked the cigarette **** in his hand, leaned against the bed screen, handsome and bleak, silent.

"I really don't understand you rich people. You smoke before your health is complete. Do you think it's so cool? No, you are making a fool of your body. Now you are still young, and when you get old, you will know how damaging it is to my body." She continued to count, her face full of seriousness.

Zhu Qixiong's eyes fell on her face, gradually deepening and gloomy.

In this life, no woman has ever taken care of him, and Zhang Xiaoxian is the first one!

I don't know why, but he finds this feeling very useful!

Chapter 1179: Who let you in?

Shaw Villa.

"Ningning, come and drink the soup, this one is good for breastfeeding." Li Wanqing brought a bowl of papaya and crucian carp soup in vain, and said with a smile.

"Thank you, Auntie." Shen Ning took it with both hands and drank it slowly.

"Little baby, grandma is here. Come and see grandma." Li Wanqing lowered her head to tease her grandchildren, smiling all over her face.

She has been here to take care of Shen Ning for three days.

Every day, she would personally check and purchase a large amount of fresh ingredients, and then invited a nutritionist to cook for Shen Ning in different ways.

I have to say that since Li Wanqing came to take care of Shen Ning, her body has recovered quickly, and her milk is also sufficient, which can satisfy the two little guys.

In her heart, she was also very grateful to Li Wanqing. Although she was a former mother-in-law, she always treated her like a daughter.

Li Zhenting has been here twice.

But Shen Ning always rolled his eyes every time, even when looking at the children, he had to be careful and act according to Shen Ning's face.

However, he didn't have anything to complain about, he just promised Shen Ning.

This evening.

Shen Ning is breastfeeding the children.

She looked down at the children's pink and tender faces sucking milk vigorously, humming while sucking, with a slight smile on the corners of her lips, and stroked the children's earlobes with her fingers.

Sudden

A shadow cast down above the head.

Soon, he smelled a familiar-to-unfamiliar aura, and hurriedly raised his eyes.

is meeting a pair of eyes full of affection.

Li Zhenting is here!

only

Tonight's Li Zhenting's eyes were filled with heat, which was falling on her breast feeding the child.

After she was stunned for a moment, she immediately understood, her face was inexplicably hot, she quickly turned around, her eyes became sharp: "Who told you to come in? Get out."

Li Zhenting came back to his senses, realized his gaffe, and sat up straight.

"Ningning, I just want to see the children, I am their father." He didn't want to leave at all, begging in a low voice.

"If you don't go out, then I will take the children out." Shen Ning got angry, stood up with the children and was about to leave.

"Don't, Ningning, don't do this. It's cold outside and it's dark. It will scare the children. You can't blow cold wind even if you are confinement. I'll go." Li Zhenting hurriedly pulled her to sit down.

But as soon as his hand touched Shen Ning's arm, she retracted, her stern eyes angrily scolded him, so frightened that he could only retract his hand.

no way!

He had to walk out dejectedly.

Shen Ning sat under the quilt when he saw him rolling.

As soon as Li Zhenting went out with a disheveled face, he ran into Aunt Dong who was about to come in.

He said hello and walked quickly with his head down.

Aunt Dong glanced at his back as he fled hastily, and shook her head.

I don't know when this evil relationship will be resolved.

"Ningning." After Shen Ning finished feeding, Aunt Dong sat next to her and chatted with her, "I don't know what happened to Xiaoxian's parents, can they be cured? I called her yesterday, and she was there. He hesitated to speak, as if he was working part-time."

Shen Ning was stunned when he heard this, and then remembered that Zhang Xiaoxian's parents were still being treated in the hospital.

What about their medical bills?

She even forgot about this.

"It's enough for her to take good care of her parents. I'll be responsible for the medical expenses." Shen Ning immediately said, "It was my intention to bring their family to the Imperial Capital. I will ask Uncle Marley to pay the deposit tomorrow, so she can rest assured Bar."

"Xiaoxian is really lucky to meet you." Aunt Dong sighed.

"No, I'm just doing it with a little effort." Shen Ning smiled, "Help if you can, and I can't help if you can't."

She took out her mobile phone and called Marley, asking him to get the matter done tomorrow.

Unexpectedly, not long after, Marley called and said that he called to check. Li Zhenting was responsible for all the hospitalization expenses of Zhang Xiaoxian's parents, and he had already paid the deposit.

Shen Ning was so speechless.

Chapter 1180: he can come and see the kids

"Ning Ning, Mr. Li has performed really well these days. Should you consider giving him a chance to perform?" Aunt Dong sighed a little while listening to the side, remembering the appearance of Li Zhenting who had just left in despair, the richest man in the capital, so it's very rare for the CEO of a big company to be able to do this in front of a woman. I don't know how much patience he can have.

"Aunt Dong, I've said it before, it's impossible." But Shen Ning's answer was very straightforward.

Aunt Dong sighed: "Sometimes, you have to think about the children, after all, they also need father's love."

"He can come and see the kids, I didn't stop him."

"What about Keke, Ding Ding and Xiaoxiao, what if they miss Mommy?"

Shen Ning heard this and said: "By the way, Aunt Dong, please tidy up the upstairs room. I want to pick up the children and stay here for a few days."

"I'm already tidying up, I just need to buy some playthings for the children." Aunt Dong replied.

While they were talking, Li Wanqing came in with a bowl of boiled fruit soup.

"Ningning, I warmed up this apple, eat it while it's hot."

"Thank you, Auntie." Shen Ning took it and started to eat slowly.

The children fell asleep, and the three of them sat together and talked.

Li Wanqing still respects Aunt Dong very much, and she has no airs at all.

While they were chatting and laughing, Li Wanqing's cell phone rang.

She picked it up and saw that it was Ke Ke, Ding Ding and Xiao Xiao who sent her a video.

She quickly picked it up.

"Grandma, where have you been these days?" There was little Coco's lovely voice over there.

Shen Ning's hands drinking the soup trembled, and his son's little voice made him feel uncomfortable.

It has been several months since I saw Coco, Ding Ding and Xiao Xiao!

I don't know how many times I have dreamed of them!

Her head tilted slightly.

"Grandma is taking care of an aunt's younger brother and younger sister here." Li Wanqing said kindly, "It's so late, why are you still not sleeping? Where are Aunt Yun and Sister Li? Didn't they let you sleep?"

"Grandma, I can't sleep, I miss Mommy, and I also miss Grandma." Coco said pitifully over there.

"Yeah, Mommy ran away and we don't want us anymore." Ding Ding also spoke beside him, sniffing from time to time.

Shen Ning's heart felt like a knife cut.

How could she not want them, she wanted to be with them in her dreams, but she couldn't help it!

Their custody rights have been given to Li Zhenting!

She lowered her head, her eyes were red.

"Nonsense, your mommy didn't want you, she didn't run away, she just went to something, and she will be back after a while." Li Wanqing corrected immediately.

"When will Mommy come back?" Next to him, Xiao Xiao asked feebly.

Li Wanqing was taken aback, and hurriedly shouted inside: "Xiao Xiao, what's wrong with you?"

At this moment, the door over there opened.

Aunt Yun hurried in and saw Li Wanqing's face on the children's mobile phones.

"Ma'am, Xiaoxiao is sick and has a fever, and Ding Ding is also running a nose." She hurriedly reported over there.

When Li Wanqing heard this, the smile on her face disappeared.

"What's going on? Where's Zhenting?" She asked immediately.

Shen Ning's heart seemed to be torn open, and he almost stood up and rushed over to grab the phone.

The children are sick, how can she feel at ease as a mother!

"Ma'am, the young master is still working overtime in meetings in the company. Since this afternoon, Xiaoxiao hasn't talked much, just lying on the bed and sleeping. When I finished dinner and went to call her to eat, I saw her blushing and squinting." Calling Mommy, I reached out and touched her hot forehead, and then I took her temperature, it was more than 39 degrees." Aunt Yun was very anxious.

"Then hurry to the hospital." Li Wanqing shouted, "Where is Housekeeper Luo, tell him to send Xiaoxiao to the hospital immediately, and I will call Zhenting right away."
