

## **Read Three Little Troublemakers Turned the World Upside Down After My Divorce TLTTWUD Chapter 12: confront!**

Chapter 12 Confrontation!

Li Zhenting was shocked again.

Dating her?

"Stop."

What a shrewd person he is, he immediately got something, and before Shen Ning walked out of the president's office, he spoke loudly,

"Are you Miss Daisy?"

Shen Ning stopped, and tightened his fingers on the bag pendant.

"if not?"

She turned around slowly and gracefully, and shook an invitation letter between her fingers.

Li Zhenting's handsome and cold white skin changed color again, and his deep eyes were cold and unpredictable, sizing her up.

After six years of not seeing each other, this woman has become very strange from top to bottom. In my memory, the little woman who was obedient in front of him and dared not speak loudly disappeared.

Now she stands in front of him, her whole body is like a rose covered with thorns, gorgeous and flamboyant.

It's just that she is more beautiful and temperamental than before...

That's right, today he did invite Miss Daisy, an internationally renowned perfume expert, to the company to discuss cooperation matters, otherwise, he would not have appeared here early in the morning.

The owner of Gucci Perfume Company is Shen Mei, but obviously, she is not good at running the company.

Since she took over, the company has been losing money every year. If it weren't for the sake of the two children, he wouldn't want to take care of it at all.

No matter how rich the Li Group is, as a shrewd businessman, he doesn't want to be taken advantage of. He has to advance hundreds of millions of dollars every year, and he doesn't know when it will be the top. It is obviously a bottomless pit.

therefore.

He went out in person, hired international experts, and wanted to reverse the situation.

only

Unexpectedly, this expert turned out to be Shen Ning, his ex-wife who committed suicide by jumping into the sea six years ago.

"What's your purpose?" He almost believed that Shen Ning had come here to deliberately make things difficult, with a sullen face and a cold snort.

"Purpose?" Shen Ning sneered coldly, disdaining to speak, "I just want to make Gucci perfume bigger and stronger, and restore its former glory."

"Are you so kind?"

"Then what do you think I'm here for?"

Shen Ning's voice suddenly raised several degrees, sharp and piercing,

"Could it be that you came to seduce me because of my handsome appearance, President Li? Do you really think that I am handsome because I am a woman and I want to put it back? How arrogant!"

Miss Secretary happened to come in with tea and saw this scene, her face changed color with fright.

God, what is the background of this woman, dare to speak to President Li like this, you know, their boss Shen Mei is always humble and terrified in front of President Li.

And what she said is wrong, Li is always the richest man in Nancheng, young, handsome and rich, I don't know how many women want to climb into his bed every day, it's true that every woman wants to post up.

Li Zhenting's icy eyes were filled with cold air, and his whole body was filled with a terrifying sense of oppression.

In the imperial capital, she was the first woman who dared to be so presumptuous in front of him!

His dark eyes stared at the woman in front of him who was not afraid of death.

Shen Ning's almond eyes were indifferent, without fear.

The two faced each other stiffly.

Shen Ning felt a dull pain in his heart.

So far, Li Zhenting didn't know that this perfume company was founded by her mother Shao Meiqi. In his eyes, it was just a company given to Shen Mei by her father Shen Deshun.

The perfume formula left to her by her grandmother was developed by her mother Shao Meiqi's half-life painstaking efforts, and it is also her affectionate expectation for love. Unfortunately, it will be a wrong payment in the end.

"Okay, since Miss Shen is so talented, let's have a good talk."

Suddenly, Li Zhenting raised his thin lips, put away his arrogance for the first time, and took the initiative to break the deadlock.

He felt a sense of interest, and wanted to see what kind of real skills this woman who hadn't seen for a few years had grown! How dare you shout so loudly in front of him.

He has always been good at the trick of the eagle catching the chick!

Isn't she just a woman, let alone the ex-wife he looked down upon before!

He sat down calmly on the sofa again.

Shen Ning also walked over generously and sat down opposite him.
