

## Troublemakers 121

Chapter 121 completely treats him as air

Early in the morning, Gu Qi's financial office.

As soon as Wan Zhengping sat down, Li Zhenting walked in.

"President Li." Wan Zhengping was surprised, and immediately went up to him.

"How is Gu Qi doing now?" Li Zhenting sat down on the sofa.

Wan Zhengping replied carefully: "Mr. Li, now Gu Qi is facing a financial crisis, and Mr. Shen is trying to find a way to find a bank or institution for financing. If there is no money in the account in three days, he will face bankruptcy."

Li Zhenting frowned slightly: "Did the Jing Group help?"

Jing Chenxi loves Shen Ning so much, he is also a shrewd businessman, it is impossible that he does not know Shen Ning's predicament!

Jing Group?

Wan Zhengping shook his head in surprise: "Mr. Li, Mr. Shen has never received any help from the Jing Group. She never thought of going to Jing Chenxi to borrow money."

"..." Li Zhenting was taken aback, then the corners of his lips curled up slightly, and he stood up silently.

\*

In the ward.

Ding Ding woke up and saw Shen Ning sitting on the bed and looking at him with a smile.

Mommy!

The little guy was extremely happy, even though he was a cold and slow-heating type, he was also very excited at this time, he got up and threw himself into Shen Ning's arms, hugged her neck and whispered 'Mommy'.

Shen Ning had hot eye circles, hugged him and kissed him, and said in a low voice: "You can't call like that when there are people around, do you understand?"

"I understand." Ding Ding nodded sensibly, "Mommy, is it because of that ugly witch, Shen Mei, that you don't want people to know that you belong to my mommy? Don't worry, I won't let Daddy marry her."

Shen Ning was taken aback, and immediately said: "It's not because of this, you are still young and don't understand."

How did the innocent child know that the reason she couldn't be with his daddy was not because of Shen Mei, but because Li Zhenting didn't love her.

If there is true love between them, even ten Shen Meis cannot separate them.

Ding Ding really can't understand these things, but he is happy when Mommy is with him.

He was sitting in Shen Mei's arms, his body was still very weak, with cold sweat on his forehead.

Shen Mei saw that his small face was pale, his lips were bloodless, and his two big eyes became bigger and lifeless after he lost weight due to illness.

She was very distressed, and took a tissue to wipe the sweat on his forehead.

Ding Ding lay quietly in her arms, enjoying the sweet maternal love.

Shen Ning kissed his forehead distressedly from time to time.

While the mother and son were swaying, Li Zhenting walked in, followed by several hotel waiters, each holding delicate breakfasts in their hands.

"Ding Ding, eat breakfast."

After Li Zhenting came in for a while, Ding Ding didn't look at him, but just whispered to Mommy.

The two whispered to each other, smiling, completely treating him as air.

Li Zhenting's face turned dark.

This kid, he raised him and accompanied him for so many years, but he is not as good as a strange woman!

"Hmph." He snorted heavily with a sullen face, and the adults and children on the hospital bed woke up with a start. Looking at his dark face, they didn't dare to speak.

Shen Ning began to take care of Ding Ding for breakfast.

"Auntie, I really can't eat anymore." But Ding Ding shook his head after only drinking a small bowl of porridge.

"No, let's have another bowl of bird's nest soup." Li Zhenting sullenly said, "The reason why you catch a cold and get sick is because you usually eat too little and your body's resistance is weak."

Ding Ding took a look at the bird's nest soup, it was fishy and sticky, he couldn't eat it, and looked at Shen Ning pitifully.

Shen Ning felt very distressed.

"The child is still sick and has diarrhea, so eat less and more meals, and you can't become fat with one bite." She suggested.

"That's right." Ding Ding immediately agreed, "Sir, don't force children to eat. You are not a child, so you don't understand me."

Chapter 122 But I am worried about you

Li Zhenting deliberately put on a straight face and glared at him.

Relying on Shen Ning's presence, this kid was very frightened.

But what Shen Ning said is also right, children's gastrointestinal function is poor now, so it is right to eat less and more meals.

After breakfast, Shen Ning was packing up his things.

Suddenly, her cell phone rang.

She picked it up.

It was Wan Zhengping calling.

"Mr. Shen, great news. The commercial bank has agreed to give us a loan, and the funding problem has been solved." Wan Zhengping's voice was mixed with surprise.

"Really?" Shen Ning was refreshed when he heard it, and his whole body became energetic.

"Of course it's true." Wan Zhengping smiled. With Li Zhenting around, let alone 50 million, even 500 million is fine. "Gu Qi's credit is good. After I talked with their manager for a while, he I agreed, and even promised to give us a low-interest loan."

"Great, then you should immediately notify Manager Yan, start production as soon as possible, and make sure to make a profit within three months." She straightened her back.

This is the best news she has received in a while.

"Okay, Mr. Shen, I'll take care of it right away." Wan Zhengping agreed and hung up the phone.

Shen Ning held the phone with a smile on his lips.

As long as Gucci's perfume goes to the market, it will be a matter of time to make money.

When she raised her eyes, she met Li Zhenting's eyes.

He was looking at her with faint eyes.

"Mr. Li, why don't you leave?" Because he was happy, there was a smile on his lips.

"Where are you going?" The man's magnetic voice was warm.

"Go to work, doesn't the president of the Li Group need to go to work?" Shen Ning asked back.

Li Zhenting lowered his eyes slightly: "The child is so sick, let's stay with him for two days, and the company will take care of it."

Shen Ning was stunned.

He stayed with the child for two days, here?

That is to say, she has to stay here with him for two days, which is not a good feeling.

"Well, Mr. Li, I can actually take good care of Tintin. How about this? I'll take care of him for the next two days, and you will come to accompany him in the next two days. This way, someone will always be with Tintin, isn't it good?" Shen Ning smiled. A bit 'rape'.

As long as you can stagger with him and not be alone in the same space, that's fine!

But Li Zhenting straightened his face, and suddenly leaned forward, whispering in her ear, "That's good, but I'm worried about you."

"You..." Shen Ning laughed angrily.

"Okay, you can do whatever you like, anyway, I just need to do my duty."

Shen Ning lowered his head and stopped talking to him.

"Daddy, auntie, I want to play a game." Tintin is a big kid, he is not happy seeing that mommy and daddy are not close, he likes to see mommy and daddy together, and also likes to see them with each other. He looked beautiful, so he came up with an idea and opened his mouth in a baby voice.

"What game?" Shen Ning didn't know what it was, so he raised his head and asked with a smile.

Li Zhenting also looked at him.

"Let's play cards, compare big and small, and whoever loses will pay. If you don't have money, then kiss one." Ding Ding held his small round face in both hands, blinking his eyes.

"As soon as Shen Ning heard the words 'qian' and 'dear', he immediately shook his head: "This is not fun, you are sick, you'd better have a good rest, stop playing, worry about it."

"No, Auntie, I want to play." Ding Ding began to act like a baby.

Shen Ning looked at Li Zhenting, because of his dislike for her, he would definitely not agree to play with her.

who knows

He smiled ambiguously: "What are you afraid of? It's just to play with the children, and you won't lose much. Maybe you will win and make a fortune."

Shen Ning rolled his eyes at this unreliable man.

Chapter 123 This scheming is too deep!

"Mummy, don't worry, if you lose, I'll help you out, if Daddy wins, I'll help you kiss him." When she was upset, Ding Ding leaned into her ear and whispered that only the two of them could hear. The voice spoke softly.

Shen Ning was amused, this method is not bad, in order not to disappoint the child, she reluctantly agreed.

Ding Ding was in high spirits, most of his illnesses were cured, he said loudly: "Daddy, Auntie, you are both grown-ups today, and I am a child, so you all have to listen to me and don't lie."

"Okay." Shen Ning readily agreed.

Li Zhenting narrowed his eyes and looked at the big and the young, not knowing what tricks they were playing, why did he feel that they were calculating him.

Now Shen Ning deliberately asked mockingly: "Mr. Li, can you afford to lose?"

Li Zhenting's face darkened, he couldn't afford to lose with a woman and a five-year-old child.

"OK."

So, Li Zhenting went to the hospital supermarket to buy a card.

The three of them played together.

The cards are dealt by Tintin.

"Yeah, I won." Xiao Dingding cheered after winning three times in a row, but after he won, he only needed Li Zhenting's money. As for Shen Ning, of course he wanted to kiss.

After Shen Ning kissed him three times, he was so happy that he laughed out loud.

Next, Li Zhenting won two rounds.

Ding Ding immediately crawled over and hugged Li Zhenting's face and kissed each other twice.

When Li Zhenting looked at Shen Ning, Shen Ning shrugged and said that Tintin had already kissed him.

Li Zhenting was stunned.

"Daddy, as I said just now, you all have to listen to me, and I will make the decision. Auntie is a lady, we can't bully her, so I kissed you for her." Ding Ding said logically.

"..." Li Zhenting touched his dark face with his hands and was speechless.

After winning twice, he got two kisses from the brat, and he got drool all over his face.

"Boss Li, you don't care about anything with a sick child, right?" Shen Ning held back a smile and asked teasingly.

Li Zhenting gritted his teeth.

Forget it, stop fussing with women and children!

Next, Shen Ning played five games in a row.

Like this, Li Zhenting stretched his face over. According to the regulations, he could kiss Shen Ning five times.

"Daddy, Auntie is a girl, she can decide whether to kiss or ask you for money." Ding Ding suddenly spoke again in a childish voice.

Now, Li Zhenting's face really turned dark.

Boy, did you do it on purpose!

Shen Ning was overjoyed, it really was his own, and he was completely toward her.

She immediately stated: I want money!

Ding Ding immediately announced that he would win 100,000 yuan once.

Li Zhenting blew his hair, and only then did he understand Tintin's carefulness, his teeth itched with hatred, and he was cooperating with this little \*\*\*\* to cheat his money with outsiders.

How did he raise such a son: eat inside out!

This time, he lost half a million!

What made him even more angry was that

Ding Ding also asked Li Zhenting to transfer the money to her immediately in front of Shen Ning.

Li Zhenting had no choice but to transfer 500,000 yuan to Shen Ning.

Next, Ding Ding was even more proud.

After one round, Shen Ning won another five rounds, and Li Zhenting had to transfer another 500,000 to Shen Ning.

So far, Shen Ning has won a million dollars!

"Mommy, you can buy Ke Ke and Xiao Xiao something to eat and play with this money, and I will help you earn it later." Ding Ding also gave Shen Ning the money he won, and whispered in her ear.

Shen Ning's eye sockets became moist. Ding Ding looks aloof and aloof on the outside, but in fact he is warm inside. He always thinks about others, he is such a good boy!

Li Zhenting half-closed his eyes and looked at them. Could it be that this woman, Shen Ning, is using his son to ask him for money! If so, her scheming is too deep!

"Daddy, brother." At this moment, suddenly, a little girl's sweet voice came from outside.

They turned their heads and saw Lan Lan running in wearing a red puff-sleeved skirt, calling affectionately as she ran, followed by Shen Mei in exquisite makeup.

Chapter 124 You are very irresponsible like this

"Lan Lan." As soon as Li Zhenting saw Lan Lan, a friendly and gentle smile appeared on his face, he put down the sign, stood up to meet her, bent down to hug her, and kissed her small face.

"Daddy, I miss you so much." Lan Lan hugged Li Zhenting's neck and smiled, shaking from side to side on his body, giggling happily.

Shen Ning's heart felt as uncomfortable as sand.

How much Li Zhenting loves Lanlan, the gentle smile on his face is so dazzling, even when he is facing the sick Tintin, he has never cared so much.

That's it, men are animals that use their lower body to think about problems. He loves Shen Mei deeply, so he will naturally love Shen Meisheng's Lan Lan more. This is nothing surprising, after all, she is his biological daughter!

Shen Mei took Shen Ning's lonely expression into her eyes, and a smug sneer appeared on the corner of her lips.

"Ding Ding, how are you? Are you better?" She walked over, pushed Shen Ning who was standing aside, hugged Ding Ding who was on the bed, and hugged her into her arms, with a caring face and an intimate voice .

Ding Ding watched her push her mommy away, and was very angry in her heart. She pursed her mouth and looked unhappy.

"Has Ding Ding taken the medicine?" At this time, Shen Mei began to check the medicine on the bedside, picked up the water glass and looked at it, poured the water into the bathroom, and told Shen Ning: "Go to the canteen to buy a few bottles. Mineral water is boiled for the children to drink, but this hospital does not know what kind of water it is from, if you drink it, you will have diarrhea."

Afterwards, seeing a bag of snacks on the bedside, his face changed color, and he immediately asked seriously:

"Shen Ning, is this what you gave Ding Ding to eat? No wonder the child's diarrhea is not cured. It turns out that you have given the child food indiscriminately. Ding Ding has been pampered since he was a child. If he eats bad food, he will have diarrhea. You are very irresponsible of."

Immediately afterwards, he casually took out a few high-grade foods from the bag he was carrying, and said to Shen Ning: "These are what Ding Ding has been used to since he was a snack, and they are very precious. I am afraid you have never seen them in your life." Yes, there are instructions on it, you should read it carefully and give it to him."

After a series of actions, Shen Ning was completely treated as a nanny.

Taking care of her son, Shen Ning didn't feel very sad, and did everything one by one, but she was sincerely disgusted by Shen Mei's acting.

After a while, Shen Ning bought mineral water and was putting it into the pot to boil. Shen Mei took out a delicate silver pot from her bag and said with a frown:

"Shen Ning, don't use these messy kettles to boil water for my son if you haven't used good things yourself. Who knows what materials the kettles in the hospital are made of? Will the lead content exceed the standard? My son is Young master of the Li family, you are so precious, you can't use these rotten things, I really doubt if you can take good care of my son."

She kept saying 'son', making Ding Ding really look like her own. Shen Ning felt pain in his heart, but his son could not recognize each other openly, instead he was raised by his enemy and even drank in front of her face. Rebuked, trampled her self-esteem under her feet.

This pain is beyond comprehension!

When Shen Ning was sad, Shen Mei took a few steps closer and pushed her aside again.

But this time, whether it was unintentional or intentional, her heel stepped \*\*\*\* Shen Ning's instep, and the stiletto heels crushed heavily.

Shen Ning immediately felt severe pain in the back of his instep, and when he lifted his foot, he pulled it back forcefully.

Chapter 125 I don't want her, only you

Shen Mei had already snatched the kettle and was about to throw it away. Shen Ning lifted her foot in pain, but she was led to one side, and the kettle in her hand fell down.

"Ah, it hurts to death." She suddenly cried out in pain, covering her feet with her hands.

Although the pot of water hadn't boiled yet, it was still a little hot, and it splashed all over her feet.

"What's the matter?" Li Zhenting was playing with Lan Lan and Ding Ding, and didn't notice this side. When he heard the cry and turned around, he saw Shen Mei covering her feet with a painful look, and couldn't help but wrinkled Frown.

"Zhen Ting, my sister scalded me with boiling water." Shen Mei looked at him with tears in her eyes, and cried out aggrieved.

Li Zhenting stood up, frowned and looked at Shen Ning.

Shen Ning said coldly: "I didn't. She stepped on me, and I just lifted her foot. She didn't stand still, and it's none of my business."

"Nonsense, I was about to boil water for my son, but you pushed me with your foot, ouch, it hurts." She cried out in pain, shed tears, and said to Shen Ning aggrievedly:

"Sister, I know you don't like me. I was a little strict with you just now, but I didn't mean to make it difficult for you. After all, Ding Ding is my only son. I know him well. He has a bad stomach since he was a child, and he never easily Mess eaters, in the past, he was either me or a senior nanny, and he had to get my consent to eat anything. I think you don't understand anything, so be anxious, afraid that Ding Ding will have diarrhea after eating , so I spoke a little faster, but I definitely mean it well, not against you."

After finishing speaking, he looked at Li Zhenting, weeping: "Zhenting, I am Ding Ding's mother, and I have the right to care about my son. I have no objection to you hiring a psychological teacher for him, but I also have the responsibility to give advice, right?"

Speaking of this, he became more and more aggrieved and burst into tears.

Li Zhenting frowned, put down Lan Lan, walked to Shen Mei, bent over and picked her up, and put her on the bed. Looking at her feet, they were white and tender, and they were indeed red.

He immediately called the doctor over, prescribed some medicine for her burns, and treated her.

After a while, Li Zhenting asked Shen Mei to take Lan Lan home.

But Shen Mei was unwilling, saying that Ding Ding was her son, and she wanted to take care of it herself, not worrying about others.

Li Zhenting had a headache.

If Shen Mei is forced to leave, Ding Ding is indeed her son, so he can't separate mother and child.

But anyone with a discerning eye knows that Shen Ning and Shen Mei are at odds. They are fighting openly and secretly. This is not a good thing for children!

"Ding Ding, come here, give me a hug from Mommy." On the hospital bed, Ding Ding had become much weaker since Shen Mei came in, and she didn't speak anymore, just lying sick. Li Zhenting called for a sumptuous lunch, and Shen Mei wanted to express With maternal love, she stretched out her hands to him, and said affectionately.

But Ding Ding didn't even look at her.

"Ding Ding, there are a lot of delicious food, including your favorite cola chicken wings and charcoal-grilled oysters, as well as hot dogs and beef balls." Shen Mei thought she knew the child well, and continued to tempt him with his favorite food.

But Ding Ding just looked at Shen Ning and shouted to her: "Auntie, come here, I want you."

The smile on Shen Mei's face disappeared instantly, and she stood there awkwardly.

Shen Ning was frightened, hesitant, and did not pass.

Ding Ding's performance was a bit obvious, and she was worried that Shen Mei would become angry and hate Ding Ding because of this.

After all, Ding Ding will still live with her and Li Zhenting in the future.

She suppressed the pain in her heart and smiled at Ding Ding: "Ding Ding, your mommy is here, please stay with Makongmi."

"No, I don't want her, I only want you." Ding Ding objected without any scruples, and sat up and stretched out his hands towards her, looking at her pitifully.

Shen Ning's heart felt like a knife was twisted.

Chapter 126 I only want an aunt

She wanted to go and hold the baby in her arms, but Shen Mei is here, she is his mommy.

It's not that she is weak, but that she can't take the lead at this time, otherwise, it will only arouse Shen Mei's jealousy, and instead harm Ding Ding. After all, she has no way to compete with Li Zhenting to get the custody of the child.

"Ding Ding, come, Mommy will feed you." Shen Mei didn't give up, with a sweet smile on her face, she reached out and hugged Ding Ding.

"No, you go away." What everyone didn't expect was that Ding Ding was so hardcore, he pushed Shen Mei away with a face full of disgust, and stretched out his hands to Shen Ning: "Auntie, come here ."

Everyone was shocked, including Shen Ning!

At this moment, Shen Ning was terrified!

Children are still young and don't know the sinister nature of human beings!

He only knows that if he likes it, he likes it, and if he doesn't like it, he doesn't like it.

She originally thought that Shen Mei and Ding Ding had been together for so many years, from childhood to adulthood, that they would have some affection and would not reject her like this.

I didn't expect it to be so bad!

And this also proves from another aspect that Shen Mei has never treated Ding Ding sincerely. If so, Ding Ding is really pitiful!

But if he does this, it will only arouse Shen Mei's jealousy, after all, she is not a kind person!

Sure enough

She saw the cold light in Shen Mei's eyes, and her fingers clenched into fists.

Suddenly, my heart ached to the extreme. How did such a small person grow up? How much neglect did you have to develop such an extreme character!

"Zhen Ting, look, Ding Ding is very hostile to me, I really don't know what I did wrong, although sometimes I don't care enough for him, but I am his real mother, at least I care about him, I doubt Was he being used by someone with ulterior motives?" Shen Mei looked at Li Zhenting with tears in her eyes, looking at Li Zhenting with a pale face, like a wounded bunny, looking very miserable.

Her words were very obvious. She suspected that Tintin had been used by Shen Ning to treat her as a real mother like this. This made the nature of it very serious.

Li Zhenting narrowed his eyes, and doubts flashed in his heart.

Ding Ding's rejection of Shen Mei is really chilling, but it's for his own mother!

At least in front of Li Zhenting, Shen Mei has always cared for Ding Ding. There is hard work without credit. It is obviously wrong for Ding Ding to treat Shen Mei so badly.

Although last night, when Li Zhenting went back, he saw Shen Mei's dislike and indifference to Tintin who had diarrhea, but Shen Mei was pampered since she was a child, and she hated and disliked the child's stool. This does not mean that she has bad intentions and does not love children.

Therefore, although he asked Shen Mei to wait for him in the study, he did not criticize her when he thought of Tintin's indifference to her. In addition, he wanted to take Shen Ning back to Li's Castle to be a tutor for the children. It's not too good for him, so let's forget about it.

"Ding Ding, your mommy may not be doing well in some areas, but at least she gave birth to you, brought you up, and usually cares for you. She is your elder. You must know how to be grateful, and you can't be so rude to mommy. Yes." Li Zhenting approached and criticized Ding Ding seriously.

Ding Ding curled his lips and retorted: "Huh, you just like Lan Lan and her, so don't come to see me, I don't want to be with you, I only want auntie."

When Li Zhenting heard it, it was not bad, this guy even disliked him, it was good or bad, and he was not less educated than usual, he was playing bad and uneducated.

"Ding Ding." He suddenly spoke harshly.

Ding Ding saw Daddy's dark face, his whole body was covered with cold, and he was a little scared. He pursed his lips and looked at Shen Ning with tears in his eyes.

Shen Ning couldn't bear it anymore, rushed over, and picked up Tintin.

Chapter 127 Please stop scolding Mommy, okay?

Ding Ding immediately buried his face in Shen Ning's arms, holding her tightly.

Just now, Shen Mei maliciously pushed Shen Ning away twice, and he even stepped on Mommy's feet with high heels. In fact, since Shen Mei came in, Mommy was forced to leave him, and his attention was all on He is very clear about what happened to Shen Ning when he got into Mummy's body, and this is the reason why he treats Shen Mei like this.

At this moment, Shen Ning felt extremely uncomfortable.

Children are not wrong.

Only she understands why Ding Ding did this.

Which child is willing to recognize another woman as a mother, not to mention that Shen Mei usually treats children with indifference, indifference, and duplicity.

She never gave her child any maternal love!

"Mr. Li, please speak softly. Don't scare the child. He is still young, and some things should not be seen on the surface. Ding Ding is actually a kind child. It's not that he doesn't know how to be grateful." Shen Ning hugged Ding Ding and looked at him coldly. Li Zhenting.

"Yo, sister, what do you mean? You mean I abused Ding Ding? Is it bad for Ding Ding? Do I still use you to manage my own children? You are sowing discord, telling you, this is our family You are not qualified to make irresponsible remarks here." Shen Mei angrily yelled at Shen Ning in front of Li Zhenting.

Shen Ning looked at her coldly: "Every child is innocent by nature. If you treat her well, he will repay you sincerely. Why should Ding Ding treat you like this? Shouldn't you reflect on it?"

"You bitch, how dare you say that about me." Shen Mei was so angry that her face was flushed, she rushed over and raised her hand to hit Shen Ning in the face.

But before she rushed over, Li Zhenting grabbed her hand and dragged her out with a gloomy face.

"Meimei, you take Lan Lan home first, don't make a fuss in the hospital, we'll talk about it later." Li Zhenting raised his brows and said in a serious tone, "Don't bring Lan Lan back in the next few days It's the hospital."

"Why." Shen Mei stomped her feet angrily, tears streaming down her face, "Why do you only care about me and not her? She is obviously using the child to deal with me. I am Ding Ding's real mother. How can a real mother not?" With the child, Ding Ding has been used by her, you can't ignore it."

A cold light flashed in Li Zhenting's eyes: "Meimei, I'm not talking about you, have you really had a clear conscience towards Tintin? Last night, you watched him wet his pants and didn't care, but let the nanny come, the nanny Can you be like your mother? You really don't care much about Ding Ding. You should go back and reflect on yourself. Ding Ding has always refused to eat your food and insisted on eating mine. Is there no reason for this? "

"Zhen Ting, it's just that I'm not good at cooking. Are you despising me and don't want me?" Shen Mei cried loudly because of her grievances.

Lan Lan heard Mommy crying inside, and ran out with her little mouth curled up, holding Li Zhenting's arm and shaking it from side to side: "Daddy, Mommy is crying, please stop scolding Mommy!" Okay? Mommy is so pitiful."

Lan Lan burst into tears as she spoke.

Li Zhenting had a headache for a while.

"Meimei, remember that there are new products, both for adults and children, you can take Lan Lan to have a look first, and buy if you like it." He could only hug Shen Mei's shoulders and comforted him gently.

Shen Mei's crying finally subsided.

"Zhen Ting, I really love Ding Ding, you must say more good things for me in front of the children." She raised her tearful face and spoke coquettishly.

Chapter 128 Pregnant with his child as soon as possible

"Okay, I will, you go first." Li Zhenting bent down and hugged Lan Lan, wiped away her tears, said a few words of comfort, took Shen Mei's hand and walked towards the luxury car parked outside .

Shen Ning stood in the ward with Tintin in his arms, listening to Shen Mei and Lan Lan's coquettish cries outside, feeling very heavy.

Outside, Li Zhenting held Lan Lan in one hand and took Shen Mei's hand in the other. The family of three walked out in harmony. What a beautiful family of three this is.

They kiss each other goodbye, and Tintin is more like a poor homeless kid who doesn't fit in with them. It was like a sharp stone had been thrown in her heart, and she was in pain and suffering.

Ding Ding is still so young and has a long way to go. How can she feel at ease when such a young child is involved in such a complicated family?

She sat down and wanted to say something to the child, but Ding Ding had already fallen asleep in her arms because she was too tired.

She buried her face in the child's chest, tears streaming down her face.

If Shen Mei can treat Ding Ding better, she will be happy to see it. Even if it is found out that the cause of her mother's death is related to Shen Mei's mother and daughter, the responsibility will also be on Lan Feiyun, after all, Shen Mei was too young at that time. No, there is not much responsibility.

And Shen Mei has already given birth to Lan Lan for Li Zhenting, and Li Zhenting also loves her deeply. After they get married, as long as Shen Mei can treat Ding Ding well, even if she has hurt her, she can ignore it.

But now... can she rest assured?

Ding Ding is still so young, he will definitely not be able to learn to be tactful, will Shen Mei let him go? She hugged Tintin and wet her clothes with tears!

In the luxury car, Shen Mei wiped her tears with a tissue when her phone rang.

"Mom." As soon as she picked up the phone, she vomited bitterness to Lan Feiyun, "That \*\*\*\* Shen Ning is too resourceful, and now she has come to Li's house to be Ding Ding's psychological tutor, which made Ding Ding even feel ashamed of me. No more."

"Did you run to fight with Li Zhenting again?" Lan Feiyun asked resentfully over there.

"Mom, I..." Shen Mei faltered.

"My silly daughter, I told you a long time ago that you only need to be a good wife and mother in the Li family, take good care of your two children, and get Li Zhenting's favor. You don't need to worry about anything else, just leave it to me. Why don't you listen to me?"

"Mom, I understand." Shen Mei lowered her head, "But I can't swallow that breath."

"Then can you beat her? If you can't beat her, just follow Mom's arrangement." Lan Feiyun's tone was solemn.

Shen Mei didn't speak, but she was not convinced. What's so good about that \*\*\*\* Shen Ning? Why can't she beat her?

"Don't worry, Meimei, everything depends on your mother, and your mother will vent your anger on you."

Lan Feiyun didn't hear her daughter's answer, knowing that she was sad, so she comforted her over there, and solemnly told,

"You must do what your mother said, and you must be calm. No matter what, you are now the mother of Li Zhenting's children. Based on this alone, he can't abandon you. He must marry you. As long as you get married. If you win, you win, you must remember Mom's words, get pregnant with his child as soon as possible, and leave the rest to me."

"Okay, thank you Mom." Shen Mei replied in a low voice.

The mother and daughter hung up the phone after talking again.

Lan Feiyun sat down on the sofa with her mobile phone in her hand, with a vicious glint in her cold eyes.

Shao Meiqi, you were defeated by me when you were alive, how can your cheap daughter beat me, I will definitely not let your daughter disturb my daughter's good deeds, if you know about it, then take a good look Well, look at how your daughter and grandson were defeated and tortured by my hands.

When Li Zhenting returned to the ward, Shen Ning sat on the edge of the bed holding Ding Ding's little hand and bowed his head, full of thoughts.

Chapter 129 Do you like Daddy?

"Shen Ning, let's forget about today's matter, Shen Mei has such a personality, you don't have to think about it." Li Zhenting pondered for a while, came over and said.

Shen Ning said with a cold face: "President Li, what do you mean by 'let it go'? You mean to say that what happened today was my fault, are you making an exception and not holding me accountable? Let me tell you, it's not necessary I was right today, it was your woman who pushed me first and stepped on me with her feet."

"I've said it before, let's leave it as it is." Li Zhenting frowned impatiently.

"What if I don't?" Shen Ning objected mercilessly.

"Shen Ning." Li Zhenting's voice was displeased, "Shen Mei is Ding Ding's mommy, it is right for mommy to care about her son, even if she is picky, that is her right."

Shen Ning felt a pain in his heart when he heard it.

Yes, what is wrong with a mother caring about her son!

Shouldn't she care about Tintin?

"From what you said, even if I was insulted by her and beaten by her, I should, right?" She sneered sadly, "What era is it now, do you still think that you are feudal landlords and can bully long-term workers at will? Tell you , I am the family teacher you hired, not your nanny."

Li Zhenting used to have a lot of things in the company during this time, Ding Ding was sick again, and now he has to face the conflicts between women, and he is really tired. Besides, Shen Mei is Ding Ding's mother, and Shen Ning voluntarily tried his best to take care of Ding Ding No matter how you look at this situation, she is also responsible.

He lowered his face: "Shen Ning, you also understand that you are only Tintin's tutor, so please do your own thing in the future and don't worry about other things. Please remember, you have to try to avoid contact with her." If there is a conflict, I don't want the family to be in trouble."

After he finished speaking, he turned and strode outside.

Shen Ning bit his red lips with his teeth.

This dog man doesn't care about the truth of the matter, but blindly covers up Shen Mei, it's extremely hateful!

At this moment, she really wanted to pick up Tintin and leave here, leaving this man forever!

But how is that possible!

So far, what did she use to fight him?

She thought of Ke Ke and Xiao Xiao, and a little relief surged in her heart.

No matter what, she still has Coco and Xiaoxiao, for their sake, bear with it!

Just Tintin...

She looked down at the child's sleeping innocent little face, pressed her cheek against his forehead, and shed tears of pain.

In the next few days, Shen Mei never brought Lan Lan over to make trouble again.

Shen Ning began to take care of Ding Ding wholeheartedly, trying to turn every minute and every second into the best time for their mother and child, wishing to give him all the mother's love.

This may be the last time for their mother and son to stay together. Despite the heartache and sadness, she can only do her best.

Li Zhenting comes every day. Every time he comes, he sees Shen Ning taking care of Ding Ding meticulously. The relationship between the two is close, and there is no sign that Shen Ning wants to harm the child at all. This makes him happy and at the same time a little bit Confused, what does this woman mean? Why should he care so much about his children?

Perhaps there is only one explanation for this, that is, Shen Ning still loves him!

"Auntie, do you like my daddy?" On this day, as soon as Li Zhenting walked to the door of the ward, he heard Ding Ding asking Shen Ning childishly.

At this time, Shen Ning and Ding Ding were sitting on the bed, and they were playing poker.

Li Zhenting stopped abruptly when he heard the voice of questioning. For some reason, he was still a little nervous.

"I don't like it." Soon, he heard Shen Ning's voice from inside, with a very affirmative tone.

His face darkened suddenly.

"Why? Daddy is handsome and rich, why don't you like him?" Ding Ding had a lonely and disappointed expression on his face.

If Mommy likes Daddy, and Daddy likes Mommy, then it would be great for them to get married together!

In this way, he, Ke Ke, and Xiao Xiao both have a daddy and a mommy!

Chapter 130 I don't have any feeling for him anymore

"No reason, if you like it, you like it, if you don't like it, you don't like it. Besides, your daddy already has a woman he likes, and the person he likes is not me." Shen Ning rubbed the little guy's head and looked at him. With disappointed eyes, he replied with pity.

"Then if the person Daddy likes is you, can you fall in love with Daddy? Even a little bit." Ding Ding still asked hopefully.

"impossible."

Looking at the child's urgent eyes, Shen Ning's whole heart was throbbing. Since she and Li Zhenting separated six years ago, it is no longer possible. Even the impossible things must not let the child have the slightest fantasy. Otherwise, it will only make him more painful and disappointed.

"Your daddy and I are people from two worlds. It is impossible for us to be together. Moreover, I don't love your daddy anymore, and I don't have any feelings for him. Therefore, you will follow your daddy well in the future." You have to live in peace, you have to remember that grandpa and grandma love you, and no matter what happens in the future, you must remember to go to your grandpa and grandma, understand?"

Mommy doesn't love Daddy at all, and they will never be together, Tintin sniffed, with tears in his eyes, and nodded sadly.

Li Zhenting stood in the corridor, the corners of his lips drawn into a cold arc.

I have no feeling for him at all, and I don't love him at all!

Fortunately, this woman has self-knowledge. It seems that the conspiracy was exposed six years ago, which gave her a memory.

It is best for her to have such a mentality, otherwise she will only ask for trouble!

He turned coldly and walked out.

the next day.

Shen Mei got up early in the morning and went to the vegetable market to buy vegetables.

After several days of treatment and careful care, except for a little cough, Ding Ding's other symptoms have recovered.

Once the child's physical condition improves, he will have an appetite for special food.

Before falling asleep last night, he told Shen Ning that he wanted to eat seven-color dumplings and chicken soup.

Shen Ning is very happy! Therefore, I went to the nearby vegetable market early in the morning!

When Li Zhenting came over, he could smell the aroma in the ward while he was still in the corridor, and his stomach made a few unconscious rumbles.

He walked in.

"Come on, hold it like this, pinch the sides with both hands, and press lightly." In the ward, Shen Ning was teaching Ding Ding how to make dumplings. Ding Ding was sitting on a small bench learning very seriously, his little hands were covered with flour.

"Yeah, the dumpling is ready." Soon, Ding Ding happily lifted the wrapped dumpling to the top of his head and smiled with a row of small white teeth.

"Ding Ding is great." Shen Ning kissed his little face and praised with a smile.

Ding Ding's face flushed slightly.

Looking at his son's bright smile, Li Zhenting couldn't help being moved.

This is the first time he has seen the bright smile on his son's face. In his memory, Ding Ding seems to have never smiled like this.

The interaction between him and Shen Ning is really like a pair of biological mother and child, which gave him an illusion, as if Tintin was born to Shen Ning.

But how is this possible!

Six years ago, he had never met Shen Ning, so how could she give birth to a son like Tintin for him!

He thinks this should be because Shen Mei and Shen Ning are sisters. Shen Ning has a good personality and is approachable, so the little guy is very attached to her!

"The dumplings are well made." Li Zhenting looked at the dumplings of various shapes and colors in the fruit bowl, and smiled slightly.

Shen Ning had heard footsteps in the corridor a long time ago, and knew that it was him.

At this moment, she didn't even raise her head, just like the previous few days, she maintained the proper courtesy with him, neither cold nor cold, neither far nor close.
