

Troublemakers 1251

Chapter 1251: Indeed it is

Lan Feiyun smiled openly: "Madam Zhu, what's the hurry, isn't the engagement wedding postponed for three days, don't be in a hurry."

"It's only five days." Xu Xiangzhi reminded with a cold face, and then threatened, "Remember, if you break the contract or fail to complete the task, you will have to return the double deposit, otherwise, I will let you stay in the same place nothing."

"Don't worry, the task will definitely be completed." Lan Feiyun replied confidently, with a chill in his eyes.

This Xu Xiangzhi is really a ruthless person, not only greedy, but also extremely vicious. I think Zhu Qixiong is really pitiful. He has no mother since he was a child.

Zhu Dongjin is really a dog. He was tricked by this woman and couldn't tell the difference between good and bad.

I think men in this world really don't have a good thing!

Xu Xiangzhi hung up the phone, and Lan Feiyun smiled sinisterly while holding the phone.

In the hospital.

"Zhenting, tell me the truth, is your grandfather seriously ill?" After dinner, Mr. Li fell asleep, and Li Wanqing called Li Zhenting aside and asked in a low voice.

Knowing sons is like mothers!

Ever since Li Zhenting was called away by the Dean and Director He, when he came back, he was in a trance, his face was solemn, and his mind was heavy.

She already had a premonition that the old man's illness was not as simple as it appeared on the surface!

"Mom, that's true." Li Zhenting thought that this disease cannot be concealed, so he might as well tell her directly, and discuss with her what to do, so he admitted it immediately.

Li Wanqing's heart skipped a beat.

So, Li Zhenting told Li Wanqing everything the doctor said.

Li Wanqing's face was serious, and after a long silence, she said: "Zhen Ting, birth, old age, sickness and death are natural laws, I know how important grandpa is to you, but you must cheer up, don't lose the chain at critical moments, that is, take good care of grandpa. You are sick, and the company's affairs can't be left behind. You have to gather your energy. Your grandfather is now ninety years old, and it's normal for him to leave. His biggest wish is you. If you are well, he will be happy, you can't live up to his old man's wish."

"I understand." Li Zhenting nodded, "Mom, I can't tell the old man about grandpa's illness for the time being. Wait for the doctor's notice for the specific situation."

"Well, good." Li Wanqing was in a heavy heart, but what worried her most was Li Zhenting's relationship problems, he and Shen Ning...

Early the next morning.

Li Jichun coughed violently and spit out the first mouthful of blood.

Li Zhenting hurriedly found Director He.

After a detailed examination, Director He called Li Zhenting aside and said: "Mr. Li, the old man just had a heart operation, and he didn't wake up for a long time after the anesthesia. We were all worried about his health. Now this situation is here again. At this age, coupled with his frail health, as a doctor, I don't recommend any more surgery. Conservative treatment can allow him to live longer. Your family can make him happier, happier, and prolong his life. The operation will have to wait until he is in better health and can bear it."

"Thank you, I understand." Li Zhenting agreed with a heavy heart.

Director He prescribed some medicine and left.

Li Zhenting stood on the balcony, his tall and slender figure was covered by the afterglow of the setting sun, his handsome face was silent.

next day

Shen Ning was correcting documents in the office when suddenly the door opened.

Li Zhenting strode in.

Chapter 1252: I have a request

"President Li." Shen Ning raised his head, and Li Zhenting was standing in front of him. Shen Sui's facial features were slightly haggard, but his spirit was still good, his figure was slender, and he was oppressive. As indifferent as before.

"Ning Ning, I have something to tell you." Li Zhenting sank before speaking slowly.

"What do you say?" Shen Ning's face was pale, and he couldn't guess what medicine was in his gourd.

"Ning Ning, I have a request, please agree to me." Soon, Li Zhenting spoke in a low voice, with a heavy tone of begging.

"What request?" Shen Ning looked up at him.

"Ningning, why don't you bring five children back to Li's old house with me?" Suddenly, he lowered his head, very humble!

"Impossible." Shen Ning immediately shook his head in denial.

"Ning Ning, I beg you, you can pay whatever you want." There was a bit of pain in Li Zhenting's tone.

Shen Ning just said coldly: "Li Zhenting, you want to use your grandfather's illness as an excuse to let me and the children go back to Li's house, and tell you that we are already divorced, and it is impossible for me to be fooled by you. You don't need to say anything to me about bringing the child back to your Li's house, I will never agree to it."

She seemed to have seen through Li Zhenting's thoughts long ago, and would never agree no matter what.

"Ningning, do you have to be so heartless?" Li Zhenting's eyes were red.

"As I said, I will go to the hospital to visit your grandpa. The relationship between your grandpa and us is two different things. Your grandpa treats me fairly well. I will not forget his old man, but this has nothing to do with you. ." She clearly distinguishes between public and private.

Li Zhenting bowed his head and remained silent for a while.

"By the way, you can take Ke Ke, Ding Ding and Xiao Xiao to visit his old man, or you can send them to live in Li's old house to accompany him, grandparents like children very much." Shen Ning kindly reminded.

"But they like you too." He whispered back.

Shen Ning turned his head away: "I will visit his old man, don't mention anything else."

"Okay." Li Zhenting stayed for a while, then turned and left.

Shen Ning looked up at his lonely back, and didn't take it seriously at all. After all, he has always been like a dog in front of her during this period of time.

She can't live without committing crimes, she will have no mercy for him.

In the afternoon, Shen Ning was thinking about going to visit Mr. Xia Li, and just as he was about to leave, Marley came in and reported to her on the work of this quarter.

Shen Ning hasn't worked in the company for a long time, and he also wanted to know the specific situation. He thought that the old man would not be able to leave the hospital for ten days and a half months after undergoing surgery, and he could go tomorrow.

So she sat down with Marley to discuss the work.

the next day.

Shen Ning had just returned to the company, and the company's financial officer told her that there was an abnormal account this month, and the goods were ready but they couldn't receive the money.

After she checked it, she realized that the client of this account was a big client, who signed the contract with Gu Qi only in the last six months, and had a monthly supply of about 50 million.

This is not a small client!

Shen Ning calculated that with a shipment of 50 million yuan a month, the profit will reach 20 million yuan.

Twenty million yuan is enough to support all of Gu Qi's expenses.

In other words, this order is enough to ensure the normal operation of Gucci.

It is simply Gu Qi's God of Wealth, the treasure of the store!

She didn't dare to neglect, and immediately started to investigate the reason seriously.

After this investigation, I found out that it turns out that every month is fixed on the 8th, and the other party will send money in, and the delivery will be made on the 9th.

But three days have passed since the 8th of this month, and the money has not yet come in, and their goods have already been prepared, just waiting for delivery.

Chapter 1253: he would love to see you and the kids

Shen Ning frowned.

For such a large business, Gu Qi has already prepared the goods, but the other party has not sent the money.

This means that once the other party breaks the contract, they will lose at least nearly 50 million.

Fifty million is just a slightly larger order loss for a large company, but for Gucci it is likely to cause a break in the entire company's funds.

She immediately retrieved the relevant contract to examine it carefully.

At first glance, this contract is very fair, and even trusts Gu Qi. In the first few months, he paid first and then ordered the goods. Perhaps because of this, he did not pay this month and produced according to the contract. The goods were delivered, but I didn't expect something abnormal to happen this month.

She checked it repeatedly, but she couldn't see anything wrong.

If the other party is deliberately defrauding, then the money in the first few months was delivered on time, and the goods were taken away, and for several consecutive months, the contract was signed for one year, which shows that the other party already has the right to operate it's on sale, and there's no reason for it to be discontinued suddenly.

There is only one reason, that may be that the other party forgot, or that the other party's business is not good, and they lost money after buying Gu Qi's products. If they lose money and don't want the goods, according to the contract, they should notify the company at least half a month in advance, what is the reason?

She called the marketing department and asked them to focus on tracking this matter, and be sure to reply to her as soon as possible.

Because of the delay, there were a few more clients to deal with. Soon, one day passed.

On the third day, Shen Ning took her to the hospital because the younger sister among the babies was spitting up milk, and then remembered to visit Mr. Li.

After seeing the doctor with Xixi, Shen Ning ordered fruit baskets and flowers, and then rushed towards the People's Hospital with Xixi in his arms.

Generally, Mr. Li is in a high-end VIP ward, and you can find him as long as you report your name at the front desk.

But the strange thing is that when she came to the front desk of the hospital to report the name of old man Li, she couldn't find him.

Then where did he go?

Isn't it hospitalized here?

She stood holding Xixi and looked silly.

After a while, Xixi started crying because she didn't like the environment here, so she had to go home with Xixi in her arms.

It wasn't until then that she remembered that she hadn't seen Li Zhenting for three days!

After returning home, Ke Ke, Ding Ding and Xiao Xiao also gathered around. The three little guys may be able to see Daddy every day because they got used to it. They didn't see Li Zhenting coming over for three days in a row, so they missed Daddy. Ask about Shen Ning.

Shen Ning had no choice but to explain that their great-grandfather was sick, and Daddy went to take care of his old man.

The three little guys stopped pouting.

night.

It's raining!

Shen Ning was feeding medicine to Xixi when the doorbell rang.

Aunt Dong went to open the door.

Li Wanqing walked in with a black umbrella.

"Ning Ning." She went directly to Shen Ning's bedroom after chatting with Aunt Dong. I have something to tell you after Bei falls asleep."

"Okay." Shen Ning was about to ask about Mr. Li's condition, so he agreed immediately.

An hour later, the two stood facing each other in front of the desk.

"Ningning, take the children and Zhenting back to Li's old house." Li Wanqing asked sincerely.

Shen Ning looked embarrassed: "Auntie, is it because of grandpa? How is grandpa's illness?"

"Ningning, let me tell you the truth, your grandfather's illness is very bad now, he really wants to see you and the children."

Shen Ning was very surprised: "Didn't you say the operation was a success?"

"Hey." Li Wanqing sighed, "The heart surgery was successful, but his disease is not in the heart, but in the shadow of the lungs. The doctor said that it will not exceed four months at most."

After finishing speaking, she told her the situation these days in detail.

Shen Ning was stunned, his face turned pale.

"So, Ningning, please take the children back to Li's old house for the sake of the old man. We will spend the last time with him there. What he misses most is you and the children. At the age of ninety, the possibility of surgery for him is very small, and he can only be treated conservatively. We are all doing our best to make him happy and happy, so as to benefit his condition. My wish is to enjoy family happiness, what do you think?" Li Wanqing looked at her with an expectant expression on her face.

Chapter 1254: she finally agreed

Shen Ning was speechless for a while, and stood blankly, not knowing how to answer her.

She felt sad and apprehensive.

What is sad is that Mr. Li's illness is so serious, and what is disturbing is what should she do?

Agree, it means that she will take the children back to Li's house again, which means that she and Li Zhenting will live together again.

Although it was only during the period of Mr. Li's illness, it was not a short period of time. Moreover, after she got involved with Li Zhenting, the news media would make a fuss again. She didn't like being judged by the media. scandal.

But if you don't agree, Mr. Li is already terminally ill, can she refuse?

Her head throbbed.

"Ning Ning, I know this is a difficult choice for you. Zhen Ting has come to beg you, and you didn't agree. I can understand you. After all, he was sorry for you first, and our Li family is sorry for you and owes you. Yes, you are right not to agree, but I can't help it now. The old man refuses to be hospitalized now, and he is thinking about seeing his great-grandchildren at home every day. I really have no choice. I can't bear to let him die. His wish could not be realized before." Li Wanqing said and shed tears.

"Auntie, it's so difficult for me." Shen Ning was very contradictory and painful.

"Ning Ning, just agree. This is the last time our Li family begs you, okay?" Seeing that Shen Ning was still hesitant, Li Wanqing had no choice but to move the entire Li family out.

No matter how cruel Shen Ning was, he couldn't refuse Li Wanqing's tears.

"Okay." She finally bowed her head.

"Ning Ning, you agreed, finally agreed, that's great, thank you." Li Wanqing's eyes lit up, and she firmly held Shen Ning's hand, with tears of excitement in her eyes.

Shen Ning turned his head away, feeling very complicated.

Soon, Li Wanqing picked up the phone: "Zhenting, hurry up and take Ningning and the children home, she has agreed."

"Auntie, are you leaving now?" Shen Ning asked in surprise after seeing her hang up the phone.

It's the middle of the night!

"Yes, I'm not afraid to tell you that the old man asks about you and the children every day when he wakes up. We have promised him that you will come back tomorrow, so if he wakes up tomorrow morning and doesn't see you And the kids will be very disappointed."

Well, Shen Ning has nothing to say.

"One more thing, Ningning, now the old man and the old lady don't know about the old man's condition, we are all hiding it from them, don't tell him about his condition after you go home, just say it's a common heart disease, It will be all right soon." Li Wanqing then warned softly.

"Okay, I know." Shen Ning nodded.

"Then let's pack up quickly, it will affect the children's sleep if it is too late, I have already packed up there." Li Wanqing started to pack up.

Shen Ning smiled bitterly.

She even packed up the place where they lived, which means she will agree to go back to Li's old house!

Hey, she just has a soft heart, and was once again manipulated by the Li family.

Not long after, the sound of the car's engine sounded outside, and Li Zhenting hurried in with cold blood.

Li Zhenting looked tired, but he was in good spirits, especially when he saw Shen Ning, his eyes were as gentle as water.

Shen Ning understood what he was thinking, and looked away from him with a sullen face, and just packed things in silence.

"Li Zhenting, I solemnly declare that the reason why I agreed to go back to Li's house this time is not because of you, but because of your grandfather's illness. I am only going to live temporarily. Please

respect me, otherwise, I will I will move out immediately." After everything was ready and before getting into the car, Shen Ning stopped Li Zhenting and spoke solemnly.

Li Zhenting's eyes darkened, and he said deeply: "Okay, I understand, Ningning, thank you, don't worry, I will respect you."

"That's good, you'd better remember." Shen Ning reiterated blankly.

"Ning Ning, get in the car, the children are calling you." Li Zhenting hit her umbrella on her head, urging her.

Before Shen Ning raised his feet to get into the car, suddenly, his eyes turned to the guest room upstairs.

Chapter 1255: I can't refuse

By the window of the guest room upstairs, the figure of a man was submerged in the darkness.

There are footsteps in the corridor outside.

Zhu Qixiong slowly turned around.

Soon, footsteps stopped at the door.

"Qixiong." Shen Ning stood at the door and called in a low voice.

"Ningning." He strode out.

"Qixiong, I'm going to move to Li's old house now, you can live here with peace of mind, Aunt Dong is still here, she will take good care of you."

"Ning Ning, just go with peace of mind, I'll be fine." Zhu Qixiong leaned against the door frame and smiled, feeling lonely and disappointed in his eyes.

"Hey, there's no way. Mr. Li is seriously ill. He wants to enjoy family happiness in his last days. I can't refuse." Shen Ning explained in a low voice.

"understand."

A car horn sounded from downstairs, and it was Li Zhenting urging her to go down.

"I'm leaving first, if you have anything to do, call me, and I will call you too." Shen Ning reminded after a pause.

"good."

Shen Ning stopped for a while, then turned and left.

Zhu Qixiong stood in the dark and looked out at the night without moving.

Not long after, the sound of a car engine came from downstairs, and soon, the luxury car downstairs drove away.

Zhu Qixiong returned to the guest room, put his clothes on the bed, and pinched the space between his eyebrows with his fingers.

Early the next morning.

Shen Ning opened his eyes and washed and dressed Ke Ke, Ding Ding and Xiao Xiao. She also changed into a new set of clothes. Li Zhenting walked in and bent down to hold Xi Xi and Bei Bei in each hand, and said to her: "Ning Ning, let's go!" Let's go visit Grandpa."

"good."

The family walked downstairs, Ke Ke, Ding Ding and Xiao Xiao quietly followed behind, the little guy also seemed to have a premonition that the atmosphere was not right, they were all very quiet.

When they came downstairs, they heard a violent cough coming from the bedroom where the old man lived, and Shen Ning's heart twitched.

Grandpa was really sick.

At the door of the bedroom, the housekeeper and the nanny were wiping tears.

"Young master, young mistress." Li Zhenting brought Shen Ning over, and after they greeted each other, they immediately moved out of the way.

Li Zhenting walked in with Shen Ning.

Sandalwood is lit in the bedroom.

Old Master Li was lying on the bed, his eyes were slightly closed, his face was pale and purple, and he was far worse than the state of mental flickering before.

Li Jinyao and his wife were standing aside, and there was a woman in her thirties beside her. Shen Ning recognized her as the eldest daughter-in-law of Li Jinchang in the third room. Her name was Rao Yajing. When Shen Ning was the head of the Li family, she had just married in , and later gave birth to three boys in a row, Li Jin was so happy that his son married a good wife, and even gave her the whole house, and rewarded her with a lot of house jewels.

The only fly in the ointment for Rao Yajing is that her family background is not very good.

"Dad, hurry up and see who's here?" Li Wanqing shouted excitedly as soon as Shen Ning came in.

Li Jinyao, who was in a deep sleep, opened his eyes.

"Ning Ning, Zhen Ting, quickly show the child to grandpa, grandpa has been reading." Li Wanqing hurriedly said loudly.

"Okay." Shen Ning and Li Zhenting immediately carried the child to the bed, bent down, and shouted almost at the same time: "Grandpa."

Li Jichun had a long-lost smile on his face: "Ningning, Zhenting, you are here."

"Grandpa, are you feeling better?" Shen Ning asked with concern.

"Well, it's better." The old man's eyes fell directly on the child in Shen Ning's arms, and he said to Li Wanqing, "Help me up quickly, I want to see my little great-grandchildren."

Li Jinyao immediately went forward to help the old man, Li Zhenting also freed up a hand, and the two helped Li Jichun one by one, who was half lying on the bed.

Chapter 1256: how good we live together

"Grandpa, take a look at Xixi, Beibei." Shen Ning and Li Zhenting immediately put the baby in their hands in front of him.

"Okay, okay." Li Jichun looked at the pink and tender little guy, smiled happily, and kept applauding.

"Ke Ke, Ding Ding, Xiao Xiao, come and visit Grandpa." Shen Ning called out to the three children following behind.

Ke Ke, Ding Ding and Xiao Xiao immediately ran in front of Li Jichun, lying on the bed and looking at him, shouting in a childlike voice, "Grandpa, we miss you so much and love you so much."

"Okay, my little grandchildren." Hearing the baby's greetings and heartfelt words from the little ones, Li Jichun suddenly felt that his health has improved a lot, even his illness seemed to be cured, with a smile on his face, he stretched out his hand Touching the heads of the three little ones, he told the butler next to him, "Hurry up and give out red envelopes to the little ones."

"Okay." The butler distributed the big red envelopes he had prepared long ago to each of the five little guys, especially Xixi and Beibei. Not only were there red envelopes, but also gold bars and locks, full of love.

In the end, Li Jichun personally gave Shen Ning a beautiful bag, and said in a trembling voice: "Ning Ning, thank you for your hard work, you are really a great hero of our Li family, this is for you, don't leave when you come back this time , How good it is for us to live together, how lively it is."

"Okay, Grandpa, I will take the children here to stay with you for a while." Shen Ning looked at the exquisite bag, thinking it was a brand-name bag, and it was not appropriate to refuse it on such an occasion, so he agreed with a slight smile , took the bag over.

The old man was so happy that he couldn't close his mouth from ear to ear.

Just like that, Shen Ning took the children to live.

Li Jinyao and his wife also stayed.

Li's old house also has a second room, a third room, and uncles and brothers. The news of Li Jichun's serious illness is known to everyone except Mr. Li and the old lady.

Every day they would come to visit Li Jichun, people came and went, it had never been so lively.

The next afternoon, Li Zhenting was preparing to go to work when his phone rang suddenly.

He picked it up.

"Sir, I am Secretary Gu Qi. Our company has already produced the perfume you need, and the delivery date has passed. When will you come to pick up the goods?" There was the euphemistic and sweet voice of Miss Secretary.

Li Zhenting was taken aback when he heard that.

Isn't Gucci perfume delivered directly by the company's purchasing department? Why did you call him?

"What? Has the perfume not been delivered yet?"

"Yes, it's been more than three days this month and no payment has come in, and no one has come to pick up the goods." The secretary explained the situation over and over again.

Li Zhenting frowned.

"Okay, I'll follow up."

He hung up the phone.

Originally, this project was purely to secretly support Shen Ning. For the Li Group, it was just a small project, and it was handed over to the company's purchasing department. After all, it was Shen Ning's company. He was worried, and finally retained Lawyer Niu that phone number.

Unexpectedly, it really came in handy.

Is the purchasing department of the company still so confused!

He hung up the phone and called the manager of the purchasing department directly.

When Manager Wang of the Purchasing Department heard this, he broke out in a cold sweat and hurried to investigate the responsibility. After investigation, it turned out that the manager in charge of this project was transferred to the Marketing Department. The new manager was not familiar with this project, so it was delayed.

Li Zhenting was furious. A project he personally confessed to handle was so neglected. Wouldn't that be a slap in the face? Fortunately, nothing major happened.

Soon, he called the manager of the purchasing department over and scolded him bloody, bluntly saying that if there was a second time, he would pack up and leave.

Manager Wang was trembling with fright, and immediately started to deal with it.

Before Shen Ning had time to ask about the reason for this project, the secretary over there beamed and called.

Chapter 1257: like, too much like

"Mr. Shen, I have some good news for you. The manager of the Xinjin project department called. It turned out that they had changed the person in charge and forgot about it. The money has been transferred. They will come to pick up the goods tomorrow. And they have repeatedly apologized to us and are going to compensate us for our losses, do you think they should compensate us?"

Shen Ning was of course happy when he heard it, and hurriedly said: "There is no need to pay, this is a friendly cooperation between the two companies, they can sign a contract with us, they are already our big customers, don't worry about a small mistake, it is our side. We didn't pay attention to big customers and invited them to dinner."

"Okay, then I'll tell the business department." The secretary was about to hang up the phone happily, when Shen Ning remembered something and asked, "Secretary Yang, what is the origin of this Xinjin company? What did it originally produce? "

Shen Ning seems to have never heard of such a big company, so it's better to know something about his company's big customers.

Secretary Yang said with a smile over there: "Mr. Shen, this company is very large and is mainly responsible for overseas assets. It is very well-known in Southeast Asia. At that time, they contacted us directly to ask for an order. I remember it was very refreshing when we signed the contract. , presumably they are also very profitable."

"Oh, good." Shen Ning was relieved to hear that, no matter what, having business is a good thing, so at least she doesn't have to worry about the sales of Gu Qi, and Gu Qi can be supported by this company alone.

After hanging up the phone, she went to take care of the child without worrying about it.

The entrance of the community.

Lan Feiyun got out of the car, carrying a bag, carrying a lot of delicious food and walking towards her home.

With the 500,000 deposit from Xu Xiangzhi, she and Shen Mei spent nearly 100,000 on a bag alone, bought a car worth more than 200,000, and bought all kinds of brand-name clothes and outfits for Shen Mei. Eating, drinking and having fun, after a while there is not much left.

"Mrs. Shen." Just as she was walking to the door of her own building, a woman's cold voice suddenly sounded, which startled her. She turned around and saw Shen Ning standing in front of her, looking straight at her. Looking at her, he was indifferent.

She panicked, and hurriedly asked loudly: "Shen Ning, what are you doing here?"

"Nothing, just to see you." Shen Ning suddenly smiled, and took a few steps towards her.

Looking at her smiling face, Lan Feiyun felt inexplicably guilty, and took several steps back.

"Mrs. Shen, how did my mother die? Why did you get out of prison so soon?" But Shen Ning seemed to be trying to scare her on purpose, and pushed towards her, with a gloomy face and big eyes, From time to time glowing dead fish white.

"I don't know, don't ask me, it's none of our business." Lan Feiyun said incoherently, turned around and ran in, just as the elevator came, she ran in, quickly pressed the elevator button to close, leaned on the On the elevator, I felt sweaty all over my body.

After a while, the elevator door opened, and she walked out quickly, took the key to open the door, for fear that Shen Ning would catch up with her.

But the more she was afraid, the more her hands kept shaking, and she couldn't even match the chain holes.

"Let me drive it." I was really afraid of anything, when Shen Ning's voice suddenly came from behind.

"Go away, follow me again, I'm going to call the police." Lan Feiyun's face changed color, and he turned around and yelled angrily.

Shen Ning stood there looking at her, motionless.

Sudden

She couldn't straighten up laughing with her hands on her belly.

Lan Feiyun's eyes widened, she woke up suddenly, ran over, grabbed 'Shen Ning' and asked in surprise, "Meimei, is that you?"

"Mom, you don't even know me anymore." Shen Mei laughed triumphantly and burst into tears.

"Damn girl, you even lied to my mother." Lan Feiyun hit her, pulled her to look up and down, excited: "Like, so similar, even I was lied to, Meimei, good job , it's time for us to make money."

As she spoke, she hugged Shen Mei and walked around in a circle.

"Mom, you're still guilty." Shen Mei felt a little terrified when she thought of Lan Feiyun's performance just now. In fact, she was also guilty, otherwise she wouldn't be able to say that.

"What a guilty conscience, living happily with money is the best." Lan Feiyun refused to admit it, and pulled her to open the door and happily entered the house.

Chapter 1258: Do you not believe me?

The next afternoon, Zhu Qixiong was busy in front of the computer when suddenly the phone rang.

He was a little surprised.

During this period of time, no one called his cell phone. Those buddies knew that the Zhu family was down and out, and he was penniless, so they would never take the initiative to call him to find him.

Who will call?

He picked it up and took a look, it showed Shen Ning.

It turned out to be Ning Ning!

He was very happy and quickly picked it up.

"Ning Ning."

"Master Zhu, are you okay now?" Shen Mei heard that it was indeed Zhu Qixiong's voice, she scolded a **** in her heart, and would seduce men, and Zhu Qixiong called Shen Ning's nickname in it, it seemed that They were very acquainted, and Zhu Qixiong's tone didn't seem like a normal relationship between a man and a woman. The relationship between the two was indeed unusual, and she was very jealous.

"It's okay." Zhu Qixiong was a little strange when he heard this question, but he was very excited when Shen Ning called, and he would not doubt anything.

"Where are you now?" Shen Mei asked over there again.

"I'm at your house, have you forgotten?" Zhu Qixiong felt a little strange now.

"Oh, I didn't forget, I just thought you were out." Shen Mei smiled over there.

"No, you told me not to go out, of course I won't go out." Zhu Qixiong answered truthfully.

"You are really obedient."

Shen Mei rolled her eyes, her mother's methods were really clever!

This time, Zhu Qixiong's location and the relationship with Shen Ning are fully understood.

"Absolutely."

"How about it, Master Zhu, I have something to tell you tomorrow, let's meet at the Spring Cafe on Liuxin Road." Shen Mei said affectionately over there.

Zhu Qixiong hesitated when he heard this: "Ningning, didn't you say that I can't go out for a while?"

"Yes, but I have something important to discuss with you tomorrow, it's about your engagement to Miss Wu, so come out, don't worry, I will take good protection measures and won't be seen by others." Shen Mei replied earnestly.

Zhu Qixiong seemed to be still in fear, hesitating over there without answering.

"How about it, I'll pick you up at the gate tomorrow, so that no one will see you." Shen Mei was worried about the change, and began to take the initiative to think more thoughtfully for him.

"Ning Ning, since you've come to pick me up, why not talk about it at home." Zhu Qixiong said.

"No, Young Master Zhu, I want to take you to meet someone tomorrow. The situation in Zhu's family is not good for you now. That person should still be helpful to you. You should come out." Shen Mei said with concern.

Unexpectedly, Zhu Qixiong's vigilance is still very high! She asked him out as Shen Ning, but he was still hesitant.

Hearing that Zhu Qixiong still didn't reply, she was a little unhappy: "Young Master Zhu, don't you believe me? I let you live in my house, so can I still harm you?"

"No, no, I don't trust others, but I will trust you. Okay, I'll go tomorrow, so let's see you tomorrow." Seeing that Shen Ning was unhappy, Zhu Qixiong immediately agreed readily.

He may not trust anyone, but he absolutely believes in Shen Ning.

"Okay, see you tomorrow." Seeing that the appointment was successful, Shen Mei held back her happiness and said a concluding sentence, then hung up the phone and walked around the room happily.

"Meimei, how are you?" Lan Feiyun asked from the side.

"He agreed, Mom, we got three million." Shen Mei was beaming with joy, with a bright smile on her face.

"Mei Mei, you are awesome." Lan Feiyun hugged Shen Mei and danced, "We will have a lot of money in the future, just wait and live the life of a rich wife."

"Great, thank you, Mom." Shen Mei was extremely happy, looking at the face that resembled Shen Ning in the mirror, she no longer resisted so much. Even at this moment, she was still very proud.

With this face, he will appear next to Li Zhenting in a short time. When the wind blows, the rain will rain. I don't know how proud he is.

Chapter 1259: Your stomach is so proud

"Mrs. Zhu, hello, it's me." After a while, Lan Feiyun sat on the sofa and called Xu Xiangzhi confidently.

"Mrs. Shen, how are you?" Xu Xiangzhi raised her eyebrows after picking up the phone.

"Don't worry, I keep my word. I'm calling to discuss with you." Lan Feiyun's tone was very confident.

"How to say?"

"So, tomorrow afternoon, Zhu Qixiong will come to the Spring Cafe on Liuxin Road. I told you the address, and I have made an appointment. I don't need to take care of the rest."

"Are you sure?" Xu Xiangzhi still doesn't quite believe that Lan Feiyun can ask Zhu Qixiong out. After all, his people have been looking for Zhu Qixiong for so long and they haven't even seen him.

"Of course it's true. Even if I want to lie to you, I don't want to lose the 2.5 million." Lan Feiyun smiled triumphantly.

"Okay, as long as Zhu Qixiong can really appear in the Spring Cafe on Liuxin Road tomorrow, then I will keep my word and call you 2.5 million." Xu Xiangzhi was very straightforward. Now Wu Xueying has learned from the media that Zhu Qixiong is missing. Suspicious about the marriage, as long as Zhu Qixiong can be found, the money is not a problem.

"Okay, then let's wait, my side is ready, and your side should also be ready."

"OK."

The two discussed the details again before hanging up the phone.

Li's old house.

Shen Ning was walking in the front yard with a Shuangbao stroller. It was afternoon, and the sun was just right.

"Siblings." A voice came from behind.

She turned her head away.

I saw a handsome and beautiful young woman walking towards her with a smile.

She is Rao Yajing.

Rao Yajing is sweet-mouthed, very good at business, and very shrewd. In the Li family's old house, she was deeply loved by the old man and the old lady. She was once regarded as the headmistress of the Li family. Especially after the old man's birthday, Shen Ning and Li Zhenting got divorced again, and she was even reused. The housework in Li's old house was basically handed over to her.

"Sister Jing." Shen Ning smiled at her and called out politely.

"Siblings, how are you? Are you used to living downstairs?" Rao Yajing asked with a smile.

"fine."

"Originally, I wanted to arrange for you and the children to live in the big guest room on the south side, but the old lady said that that room is too close to the old man. It's not good for you to take the children and live next to the patient, so I arranged Here it is, although the orientation is not so good, but the house is square, which is good." Rao Yajing still had the attitude of a hostess.

Shen Ning was startled when he heard that, and laughed quickly: "Thank you, Sister Jing, for the arrangement."

"You're welcome, it should be." Rao Yajing raised her eyebrows and smiled, "Sister and sister, you are a great contributor to the Li family. I didn't expect that you divorced Zhen Ting and gave birth to a pair of twins for him. Your stomach is really uplifting." Yeah, I envy you so much."

"How come, your stomach is really competitive. You have had three children in a row, and grandpa often praises you." Although Shen Ning doesn't like to talk about this topic very much, her two births are almost accidental, so it's not like her. All the favors.

"But no matter how much I can give birth, I'm not like my sister. I have three babies in one birth, and twins in a dragon and a phoenix. Grandpa really likes you and often mentions you in front of me. It's a pity that you and Zhen Ting divorced again." Rao Yajing seemed interested in this topic, continue to talk.

Shen Ningxiu frowned.

What she said inside and outside the meaning is that she lived in Li's house after giving birth to five children. In fact, if the old man was not seriously ill, she would never have lived here.

With a high probability, she understood Rao Yajing's thoughts. She had secured her position as the headmistress of the Li family in the future by giving birth to three boys in a row. Although Shen Ning only had two children, she had five, which was a steal. Her limelight.

She was worried that she and Li Zhenting would remarry, and then take away her position as the mistress of the Li family. After all, six years ago, she was the mistress of the Li family, and Rao Yajing was still standing aside at that time.

"Don't worry, Li Zhenting and I divorced a long time ago, and now I'm only coming back because the old man is seriously ill, and let him enjoy the family happiness. I won't stay here for a long time." Shen Ning replied with a smile, pushing the baby carriage Went to the other side.

Chapter 1260: one mind

Rao Yajing touched a soft nail and was a bit apprehensive, but then laughed.

Shen Ning is right, she and Li Zhenting have already divorced, this wealthy marriage is not something she can rely on, even if Mr. Li likes her again, he is about to die, if Li Zhenting does not marry her for a day, she will be considered alive Eight births out of ten are useless.

In the imperial capital, several female celebrities worked for the rich and powerful families, and even gave birth to four or five children without being able to get the status.

She was Li Zhenkun Zheng Erbajing married in and got married and had children.

This status is unmatched by anyone!

She walked away confidently.

Shen Ning pushed Xixi and Beibei outside for a walk, then went back.

Back in the bedroom, she saw that the exquisite designer bag that Li Jichun rewarded her was placed in the corner of the dressing table. She looked at it, walked over to pick it up, and prepared to put it in the cabinet.

No matter what, the old man gave her this award, and if she doesn't treat her well, she will be disrespectful to his old man!

The bag is from the Chanel brand, and it can't be considered particularly expensive. It's about 20,000 to 30,000 yuan each. This is why she accepts it. It's too expensive, and she really dare not take it

She picked up the bag and was about to put it in, but she didn't want to, she took it down for a while, and suddenly a hard block fell from it, and there was a crisp echo when it fell to the ground.

She was stunned, and immediately bent down to pick it up. When she opened it, she found that it was a thick gold brick, which was heavy in her hand and not light in weight.

Her heart skipped a beat, and she hurriedly opened her bag.

The opening made her eyelids twitch.

I saw that there were real estate certificates, gold bars, gold locks, and ancestral jewelry sets inside.

Her eyes could hardly be opened.

Oh my god, the old man actually gave her such a precious thing, what can she do!

She closed the door, sat on the head of the bed, and opened the various gifts to examine them carefully.

The real estate certificate comes from a villa, which is located in the central district of the imperial capital. This district is the most expensive area in the entire imperial capital. Such a villa has a market value of at least 800 to 900 million yuan, which is more expensive than the villa that Li Zhenting gave her a few days ago .

And those jewels, especially the ancestral set, were worn by a certain empress of the Qing Dynasty. They should be said to be priceless treasures. As for the gold bricks and gold bars, they are still the cheapest.

Shen Ning was in a daze holding the pile of gifted property.

Master Li is really kind to her!

She thought of what Rao Yajing said just now, and suddenly understood why Mr. Li just gave her a slightly more expensive bag in front of outsiders, and stuffed all these jewelry and property into this bag, because he was afraid that someone would jealous.

He made others mistakenly think that he just rewarded her with a bag. In fact, the most valuable things are hidden in it. This also confirms that Rao Yajing didn't get so many rewards. Otherwise, he doesn't need to cover up up.

She sighed in her heart!

At this time, she can't return the gifts to Mr. Li. This will only expose these gifts and cause conflicts within the family, which will disappoint his old man's wishes.

What the old man gave her was nothing more than what he hoped to leave to his descendants in the end. Coco, Ding Ding, Xiao Xiao, Xixi, and Bei Bei were all grandchildren of the Li family, so she just left them to them.

Thinking of this, she carefully put all the presents into the cabinet and put them away.

During lunch, there were three tables open because there were a lot of people coming and going.

One table is for immediate family members, uncles, brothers, sisters, and hostesses, all of them are Li family members, the other table is for management personnel who interact with some relatives, and the other table is for children.
