### Chapter 1371: Li Zhenting's strength and loving wife 97

"Master..." Ah Zhen didn't want to go to the police station. She also hoped that Li Zhenting could forgive her and just let her go, but Li Zhenting had already left.

"Let's go." Leng Xue said coldly, "The young master is already the most merciful to you. Do you still want to escape the punishment of the law? Fortunately, you are not the main culprit, and you have not done anything fatal or bad. But you are Witness, you have to go to the police station. The young master is not above the law. You should go in and plead guilty. If you don't go in, your legs may be broken one day, and it may even cost you your life."

Hearing this, Ah Zhen turned pale with fright and burst into tears.

But at this time, she had no choice. Moreover, she also felt that what Li Zhenting and Leng Xue said was right, so she could only follow Leng Xue to the police station obediently.

Later, when Lengxue came back, Li Zhenting asked, "Where is Cao Wei?"

Lengxue whispered: "Mr. Li, Cao Wei is more cunning. He has not appeared since he left the Li family's old house."

"Is it possible that he is still in the Li family's old house?" Li Zhenting pondered.

"It's completely possible." Lengxue replied.

After all, since he disappeared, no trace of him has been seen on high-speed rail, trains, civil aviation, or on any means of transportation. It is impossible for him to disappear out of thin air.

"Mr. Li, I checked the surveillance of the gate of Li's old house, and I didn't see him leaving, which means he never went out." Lengxue continued.

Li Zhenting's eyes flashed coldly and he sneered.

"I want to see how long he can hide and where he can hide. Who dares to hide him secretly? He is the most important murderer and must not be let go."

"Mr. Li, we will conduct a sweeping search next. Now the police have spread all over the high-speed trains, train station exits, and the airport. I believe that as soon as he appears, he will be caught by the law."

"Well, I hope he can be arrested and brought to justice as soon as possible. Shen Ning and I are getting married on the 8th of next month. I hope this matter can be handled well before then and she can be given justice." Li Zhenting looked at the ward. Shen Ning, who was thin inside, had a solemn expression.

"Okay, don't worry, I will try my best."

Lengxue left.

Li Zhenting entered the ward. At noon, Li Wanqing came over and she brought a lot of delicious food.

"Ning Ning, are you feeling better?" She came in and saw Shen Ning sitting on the hospital bed, feeling much better, and immediately asked with a smile.

Shen Ning looked at her with strange eyes.

"Ning Ning, don't you recognize me?" She was heartbroken. Now her two babies had no milk to drink at home and cried several times every day. But this mother actually forgot about her children.

"Auntie, who are you?" Shen Ning looked at her and asked.

"I am Zhen Ting's mother." Li Wanqing's eyes dimmed and she replied.

"Who is Zhen Ting?" Shen Ning had confusion in her eyes.

"Ning Ning, Li Zhenting is my name. She is my biological mother and your future mother-in-law." Li Zhenting came over and hugged her, and introduced her immediately.

"Ah, your mother." Shen Ning became very nervous when she heard this. This is her future mother-in-law.

She was worried whether she would like her!

"Hello, auntie." She rubbed her little hands, a little cautiously.

"Ning Ning, take good care of your injuries and eat more." Li Wanqing smiled and opened the food she brought.

The aroma was fragrant. Shen Ning sniffed and felt a little greedy.

Li Zhenting picked up the bowl and filled her with a large bowl of chicken soup. He asked her to drink it slowly, and he also poured something into it to eat.

"Mom, Shen Ning and I will have a wedding on the 8th of next month. Get ready." After a while, they finished eating. Li Wanqing took the dishes and chopsticks and went to the bathroom to clean them. Li Zhenting walked over, leaned against the door frame and spoke calmly.

Li Wanqing's fingers holding the rice bowl shook.

#### **Chapter 1372: Li Zhenting's strength and loving wife 98**

"Ke Zhenting, now that she has lost her memory, will she marry you willingly?" Li Wanqing asked back.

Li Zhenting's face sank: "Before she lost her memory, she was willing and agreed personally."

"Zhen Ting, don't be upset. Mom still has to tell the truth. Let's not be so hasty about this first, okay? Let's wait and ask her clearly after she recovers her memory. Marriage is not a child's play and cannot be careless. ." Li Wanqing spoke sincerely.

"Mom, you must dislike her because you saw those indecent photos and thought she was no longer clean, right?" Li Zhenting said with a sullen face, "Who showed you those indecent photos? Liang Ruqi or

Rao Yajing? These two women have ulterior motives and have always regarded Shen Ning as a thorn in their flesh. Do you believe what they show you?"

"Zhen Ting, mom doesn't believe it, but Zhu Qixiong also admitted it. It's not that mom has any prejudice against her. You also know that mom has always liked her before and only recognized her as my only daughter-in-law. But The problem is, now Zhu Qixiong loves her, and she also loves Zhu Qixiong. You have been married twice. If you forcefully marry her this time when she loses her memory, when she wakes up and knows everything, what will happen to her? What should I do? This is a marriage, not playing house." Li Wanqing was full of worry.

Li Zhenting was unwavering: "Mom, do you know? Shen Ning is Xiaofeng. She has always been the woman I love and the only woman I want to marry. Now that she has lost her memory and is more dependent on me, I will have the responsibility to love her, take good care of her, and give her the best life. Marrying her is the best choice and the best way to take care of her. Besides, we have five children. Why don't I marry her? As for getting married, what should I worry about? If Zhu Qixiong really loved her, why didn't he come to her? Instead, he disappeared for so long. He could have married Shen Ning openly, but he didn't. Regardless of whether he was in love or not, based on this If not, he is no longer worthy of Ning Ning."

He finished speaking in one breath, looked at Li Wanqing, and expressed his determination again:

"Mom, I must marry Shen Ning. Even if she has really done something sorry for me, it will be my punishment, because everything is caused by my fault. I am willing to bear this mistake, and, only in this way, Only then can I be happy."

Li Wanqing was stunned. Looking at her son's determined face, she murmured, "Is Shen Ning Xiaofeng? Who did you listen to?"

"She said it herself, and I have verified it. Now she only remembers the time we spent in the past, and has forgotten everything else." Li Zhenting was very excited, "She saved my life. If there is no more She, my eyes have long been blind, why should I hesitate? I want to marry her back, even if she will never regain her memory in her lifetime, I will still be with her, take care of her, and learn from each other for the rest of my life, because She is the greatest happiness in my life."

Li Wanqing exhaled several times, her back bent, and asked puzzledly: "If she is your Xiaofeng, then who is the original Xiaofeng?"

"That is a chess piece being used. Only a fool like me would believe it."

"No, you were just used by them." Li Wanqing shook her head.

"You are a fool if you can be used by others." Li Zhenting turned around and walked to Shen Ning, picked up the water glass on the table, and said softly, "Ning Ning, you need to take medicine."

"Okay, thank you, Shanshan." Shen Ning held the water glass and looked up at Li Zhenting with dependence, "Thank you for taking care of me."

"I should." Li Zhenting counted the medicine carefully and put it into her mouth, replying softly.

She saved his life, and she gave birth to five children for him. Even if he had to take care of her for the rest of his life, it was his responsibility.

"Thank you, Shanshan." Shen Ning took the medicine and snuggled into Li Zhenting's arms.

Li Zhenting hugged her tightly with a loving look on his face.

Looking at the scene of the two loving each other, Li Wanqing sighed and left.

She couldn't control her son before, and now she can't change him anymore. She can only let him go.

### **Chapter 1373: Li Zhenting's strength and loving wife 99**

The old house of the Li family.

"How is it? Is Shen Ning dead or alive?" Liang Ruqi asked immediately as soon as she saw Rao Yajing coming back.

Rao Yajing shook her head: "I don't know. No one there mentioned this matter. I can't ask anything, and it's not easy to ask all the time. Now the people in the old man's family are all Li Zhenting's, and our people have long been Got kicked out."

"Is there any news from the police now?" Liang Ruqi's eyelids twitched.

"Mom, I heard that Ah Zhen was captured by Li Zhenting." Rao Yajing replied in a low voice.

Liang Ruqi's face turned pale.

"Then where is she now?"

"I asked a friend to go to the police station to inquire, and he said that she was sent to the police station in cold blood." Rao Yajing was very panicked, "Will she recruit us?"

"Didn't she just go up and say those few words to Shen Ning? What can she do to attract others? Don't worry, as long as Cao Wei is not arrested, nothing will happen. The most he can do is be suspicious. Anyway, he has already been I have doubts, and it's not just this one thing."

Rao Yajing felt more at ease after hearing this.

"Mom, what will happen to Cao Wei?"

Liang Ruqi sneered: "Probably not."

At this time, Xiao Shitou ran over, his face full of grievances.

"Grandma, Mommy." He had red eyes.

"My grandson, what's wrong with you?" Seeing her grandson, Liang Ruqi had a smile on her face.

"Grandma, Coco and Ding Ding bullied me, and they teamed up to steal my things."

"What did they steal from you?" When Liang Ruqi heard this, her face immediately tightened.

"They robbed my scooter." Xiao Shitou curled his lips and shed tears.

"What motorcycle? When did you bring it to school?" Rao Yajing frowned. She checked his schoolbag in person every day. She had never brought any motorcycle to kindergarten.

"Lan Lan gave it to me, but Ke Ke and Ding Ding said it was theirs. They came and snatched it away. I scolded me for being shameless." Shitou said while crying.

Only then did Rao Yajing understand what was going on. There were a lot of messes here, and she was not in the mood to deal with such trivial matters. Originally, they had offended Li Zhenting, so how could they dare to settle accounts with his son.

"That motorcycle originally belonged to Coco and Ding Ding. Lan Lan took it and gave it to you. They will definitely take it back. If it's not yours, don't take it. It's okay." She immediately enlightened her son.

But Xiao Shitou has always been used to being domineering. Hearing Rao Yajing's angry words, he was very unhappy and tears fell even more.

Seeing that her grandson was unhappy, Liang Ruqi felt distressed. She hugged him and said, "Good boy, little Shitou, grandma will buy you a new one. Lanlan is a girl. Where did she get the motorcycle from? She must have got it from Coco and Ding Ding. They If you want to go back, just give it to them."

"But they still called me shameless." Xiao Shitou was unconvinced and pouted.

"Shitou, Lan Lan is a little bully. She is usually unreasonable. Don't take the things she gives you anymore. Coco and Ding Ding are actually scolding Lan Lan, not you. Just don't argue with them, but If they hit you, hit back hard."

"But I can't defeat them both by myself and the two of them."

"Then find a way to separate them and fight them again, or find something to frame them up, then tell the teacher and let the teacher teach them a lesson." Rao Yajing's eyes had a fierce light.

She squatted down and said some methods in Xiao Shitou's ear.

Little Shitou nodded in understanding and stopped crying.

#### **Chapter 1374: Li Zhenting's strength and loving wife 100**

Early the next morning.

Liang Ruqi took Rao Yajing to see the old man.

In the past few days, some new medicines have been sent from the United States. The old man got better after taking them, but he became thinner and thinner.

As soon as they entered the door, they saw the servants busy cleaning.

"Second Madam, hello, Miss Jing." Someone saw them greeting them politely.

Liang Ruqi smiled and said, "You are so diligent and clean."

"Yes, there will be a banquet soon. Madam asked us to clean up."

"Banquet?" Liang Ruqi was stunned. What kind of banquet should be held at this time? Mr. Li is not dead yet. Could it be that Shen Ning is dead? Immediately, he blurted out and asked, "What kind of banquet are we going to have? Red or white?"

When the servant heard this, he thought about what the second lady was asking. It was still red and white, so why didn't he talk about herself?

Just when he was about to speak, he saw Li Wanqing walking over.

"Sister-in-law." Liang Ruqi greeted her immediately, very enthusiastically.

Li Wanqing forced a smile and said, "Come and see dad. He just woke up and you guys just went in."

The servant immediately went to clean the table.

Liang Ruqi had no choice but to take Rao Yajing towards the old man's bedroom.

Li Wanqing walked outside.

"Sister-in-law, is Dad going to do something here? It's so clean." Liang Ruqi was unwilling to give in, turned around and called Li Wanqing and asked with a smile.

"It's nothing. Clean it up and make people feel more comfortable. And it hasn't been cleaned for a long time." Li Wanqing didn't look back, lowered her head and said, and left.

Liang Ruqi was stunned and had no choice but to walk towards the old man's bedroom.

After a while, after they said hello to the old man, they walked out absentmindedly and looked around.

I haven't heard any news yet, so I'm not willing to accept it!

When they walked to the lobby, they met Li Zhenting coming out of the elevator.

"Zhenting, good morning, are you going to work?" Liang Ruqi seemed to have nothing to do, and deliberately greeted Li Zhenting affectionately.

Li Zhenting smiled: "Second Aunt, Sister Jing, we have prepared snacks and good tea in the tea room. Go and sit down first. I have some things to ask you."

When the two heard this, they looked at each other.

"Okay, I haven't had breakfast yet." Rao Yajing was trying to find out something. She felt like a frog being boiled in warm water these days, and she didn't know how uncomfortable it was. All the roots lie with Li Zhenting, but these days, he says nothing, and his silence is terrifying. Now that he can talk to them and understand some things clearly, he is naturally happy.

"Then let's go and sit down." Li Zhenting's eyebrows were indifferent, and he couldn't tell what he was thinking.

They walked to the tea room.

Sure enough

The tea room has fragrant morning tea and many snacks. The green plants inside are clean and green, the windows are clean, and it is very comfortable.

"Second Madam, Miss Jing, please sit down." Sister Wang was busy. When she saw them coming in, she immediately respectfully asked them to sit down.

Liang Ruqi and Rao Yajing sat down, but when they turned around, Li Zhenting was nowhere to be seen.

"Are we just the two of us?" Liang Ruqi asked after sitting down.

Sister Wang smiled: "The young master just went to answer the phone and will be here later. You guys should have something to eat."

The tea is fragrant and the food is tempting.

Rao Yajing picked up the food and ate it.

Liang Ruqi also picked up the teacup.

...

Veranda garden.

Li Zhenting picked up the phone.

"Lengxue, you can go in now. If you need anything, send me a WeChat message."

"good."

Li Zhenting put away his phone and looked outside. The weather in the early morning was foggy and cool!

It is indeed autumn, time flies so fast!

He remembered that in the autumn of that year, his grandfather ordered him to marry Shen Ning. At that time, the Shen Group was going bankrupt, and the Shen family wanted to exchange Shen Ning for investment from the Li Group, and he hated Shen Ning to the extreme. ...Now that I think about it, how stupid I was back then, and how wise my grandpa was.

Later he learned that Lan Feiyun actually wanted to marry Shen Mei to him, and she even teamed up with Li Xuemei, but Mr. Li didn't agree and temporarily changed her name to Shen Ning.

He never knew about this drama and didn't understand why his grandfather did this. But now it was clear. But at this time, everything was too late. Shen Ning was already covered with bruises... His heart ached and he leaned against the wall. On the pillar...

**Chapter 1375: Li Zhenting's strength and loving wife 101**

"Didn't Zhenting have something to ask us? Why hasn't he come yet?" Half an hour later, Rao Yajing was full, and Liang Ruqi was almost done drinking, but Li Zhenting still didn't come, and they were the only two in the entire tea room. , as if it was specially set up for them, Liang Ruqi couldn't hold her breath, and asked unhappily when she saw Sister Wang coming over.

"The young master just received a call from the company. He has something to do and is taking care of it. I'm going to ask him when he will come over." Sister Wang was very polite and immediately turned around to find Li Zhenting.

Rao Yajing frowned: "Mom, let's go. I always feel like he's teasing us."

"Well, that makes sense." Liang Ruqi was already impatient. If Rao Yajing hadn't enjoyed the meal and Li Zhenting said he wanted to see them for something, she would have left long ago.

The two stood up as they spoke.

At this time, Li Zhenting walked over slowly. As soon as he reached the door, the phone rang.

He picked it up and took a look. It was sent in cold blood.

"We've arrived at the underground warehouse, and we'll find a way to hold them back for a while."

He put away his cell phone.

"Second aunt, sister Jing, have you eaten?" He looked up with a smile on his face.

"Have eaten, Zhen Ting, you just said you wanted to ask us something, what was it?" Liang Ruqi sat down again and asked with a smile.

"Don't worry, there are still fruits. They just arrived by air from California. If the old man wants to eat, we will eat some too." Li Zhenting replied slowly and politely, "I will ask them to send some back to each of you later. There are a lot of them, and they all come by plane anyway."

"Thank you." Rao Yajing thanked her quickly.

Li Zhenting opened the teapot and looked at it. There was not much tea left. He stood up and boiled water and added tea leaves himself. He was very busy.

Liang Ruqi really couldn't sit still.

Cao Wei is still in the underground garage and hasn't had breakfast. In order not to leak the secret, she personally delivered food to him these days.

And now she always feels like something is about to happen, her eyelids are twitching from time to time, and she is panicking.

"Zhenting, if there's nothing else, let's leave first and come visit your grandpa tomorrow." Seeing that Li Zhenting didn't ask questions, she was about to leave.

At this time, Li Zhenting asked slowly: "Second Aunt, Ah Zhen is back."

With these words, Liang Ruqi's heartbeat slowed down for half a beat and she sat upright.

"Didn't she resign? Why did she come back? The old man and the old lady were very kind to her in the past, but she would resign suddenly. She is really ungrateful." Rao Yajing said angrily as if she didn't know anything.

Li Zhenting did not expose them. Anyway, his purpose was to hold them back. He just said: "She really deserves to die. She lied about the military situation and left without saying goodbye."

"Can she still betray information?" Liang Ruqi was deliberately surprised.

Li Zhenting looked at her lightly and said: "The night when Shen Ning's accident happened, she deliberately went upstairs to tell Shen Ning that something happened to me in the back mountain. In fact, there was no such thing at all. She had bad intentions and deliberately hurt Shen Ning. rather."

"That's really damned." Liang Ruqi immediately cursed, "I didn't expect she was this kind of person. I wish I had known how to drive her away."

Li Zhenting raised his eyes slightly and said, "But she said that Young Madam Jing ordered her to go up and speak."

"No way, she is making a false accusation." Rao Yajing stood up excitedly, "You can't listen to her nonsense. She has always wanted to be a foreman and wants me to give her a salary increase. She has told me several times. I think her performance is still good. I agreed to her if I could, but who knew that after she became the foreman, she would often disobey me and always do things on her own initiative, and I criticized her several times."

The coldness in Li Zhenting's eyes flashed, but was suppressed again, and his eyes were gentle.

"Zhen Ting, did she say anything else? You must not believe her. This woman is very cunning. She once stole two bottles of peanut oil from the kitchen, refused to acknowledge her alive or dead, and framed it for others. I have long wanted to deal with it. She is dead." Rao Yajing continued to ask.

## **Chapter 1376: Li Zhenting's strength and loving wife 102**

Li Zhenting pondered and shook his head.

At this time, Liang Ruqi's thoughts changed slightly and she asked with concern: "By the way, Zhen Ting, how is Shen Ning doing now? I heard that she fell off the cliff that night. How was the fall? Is it serious?"

They both looked at Li Zhenting at the same time.

Li Zhenting frowned: "The situation is very dangerous. She is unconscious. We still don't know how she fell off the cliff. We can only ask after she wakes up."

Liang Ruqi felt at ease after hearing this. It was best this way, and she would die without any evidence.

No wonder Li Zhenting is not doing well now. It turned out that he could not be charged.

It seems that this operation was very good. The only bad thing is that Shen Ning was not thrown to death and was left alive. If she died, there would really be no evidence to prove that they were behind it.

Li Zhenting stared at Liang Ruqi with his sharp eyes, but his fingers under the table were clenched into fists.

"Zhen Ting, don't be too sad. It was raining heavily that night, and the road to the back mountain was not easy to walk. I heard that Shen Ning climbed up the highest hillside. It would be easy for him to lose his footing and fall. Hey, it's just that it's her fault for being so irrational. She doesn't even think about what would happen if she ran to the back hill alone as a woman. If she had been calm enough, she wouldn't have gone to that kind of place, and this kind of thing wouldn't have happened." Rao Yajing She was blaming Shen Ning for not being smart enough. She had to go to a place like the back mountain, and then she made a mistake and had an accident. She had no one to blame but herself.

Li Zhenting pursed his lips and did not deny it.

An hour later, they had almost finished drinking the tea they needed to drink and had finished saying what they needed to say.

During this period, Liang Ruqi looked at her watch from time to time, as if she was in a hurry to leave. It wasn't until Lengxue sent a WeChat message that Li Zhenting read it and then said: "Second Aunt, Ya Jing, you guys have other things to do, so go ahead and get busy. I have to rush to the hospital too."

When Liang Ruqi heard this, she immediately stood up and said some words of comfort to Li Zhenting, and then walked out with Rao Yajing.

"Mom, it seems that Li Zhenting can't do anything about Shen Ning falling off the cliff. He can't figure out what happened now, and he can't find any evidence. Shen Ning fell like that again. I'm afraid he won't be able to wake up in this life. Come, God is really helping us." Rao Yajing's restless heart finally relaxed, and a sneer appeared on the corner of her lips.

They say that Li Zhenting is shady and has tricks, but it turns out that's all he is!

"Yeah." Liang Ruqi was also relieved. As long as Cao Wei never showed up again, Li Zhenting couldn't do anything about this matter. If that \*\*\*\* didn't wake up, there shouldn't be any impact. Otherwise, Li Zhenting wouldn't be so free. Police I won't stop coming to Li's old house.

They walked towards home relieved.

Li Zhenting drove to the hospital.

On the way, he stopped the car when passing a jewelry store and walked in.

"Mr. Li, the gold key you customized is ready. Please take a look at it." As soon as the jewelry store manager saw him, he immediately smiled and held an exquisite jewelry box in his hands.

Li Zhenting took it and opened it. There was a pure gold key lying inside.

That was the gift he wanted to give to Shen Ning.

That day, Shen Ning said that he gave her a key, but she couldn't remember where she put it. She had been feeling guilty these days and was looking around for it.

He promised to give her another one.

So, he customized one in this jewelry store.

"Well, it's not bad." Li Zhenting picked it up and it was heavy. The gold was of good quality and the graphics were beautiful. After paying the money, he put it in his briefcase and turned around to leave.

### **Chapter 1377: Li Zhenting's strength and loving wife 103**

"Ning Ning." In the ward, Shen Ning was sitting on the bed, scrolling through her mobile phone. She was wearing a purple sweater and a circle of plush floral velvet on her arms. She was slightly gathered up and her high ponytail looked like a little girl. White rabbit.

"Shanshan, you're here." She was pleasantly surprised when she heard Li Zhenting's voice, and there were little stars in her clear eyes.

"Ning Ning, have you taken your medicine?" Li Zhenting came over and asked lovingly.

"Shanshan, give me a hug." Shen Ning opened her arms like a little girl in love, with a shy and cute smile on her face.

Li Zhenting sat down in front of her, opened his arms and held her in his arms, kissing her forehead.

Shen Ning buried her face in his broad chest, her face full of happiness.

"Tell me first, have you taken the medicine? Especially Professor Ackerman's medicine, you must remember to take it." Li Zhenting was worried and continued to ask.

"Eat it." Shen Ning smiled and stuck out her tongue at him, "If you don't believe me, look, it still tastes like medicine."

Li Zhenting tilted his head and sniffed: "Well, you performed well. It really smells like medicine. It's because you took it."

Shen Ning retracted her tongue, but it was too late. The next second, Li Zhenting suddenly lowered his head and bit her tongue deftly...

A numb feeling came over her, and Shen Ning couldn't help but moan softly, gently scratching the tip of Li Zhenting's heart like a kitten.

His Adam's apple rolled and heat surged in his lower abdomen, but he quickly let her go.

Her body is still very weak, but she cannot withstand his torture.

He sat upright, put an arm around her and hugged her to his chest. She leaned docilely in his arms. The time was quiet and the years were beautiful.

Shen Ning, who had lost her memory, was deeply dependent on him and loved him very much. All her thoughts were about the beauty of when they first met. Her love was pure and simple, without any impurities.

Li Zhenting's thoughts were very complicated. He enjoyed Shen Ning's unreserved love for him, but he was also worried that if one day she regained her memory and knew the harm he had done to her in the past, she would still love him like this. ?

"Ning Ning, open it and take a look." After a while, Li Zhenting took out the gold key jewelry box from his bag, put it in her hand, and spoke affectionately. Now is the best time for him to make up for her. He must try his best to be good to her, love her, and let her implant the seeds of love deeply into her mind. In this way, even if she wakes up in the future and thinks of everything in the past, she I can also remember how good he was, at least not that bad.

"What is this?" Shen Ning looked at the exquisite jewelry box in her hand and looked at him curiously, "This must be very expensive and worth a lot of money."

Shen Ning knew that she was poor and had no money, and the Shanshan she knew also had no money, so she became a little nervous when she saw such a precious jewelry box.

"Open it and take a look." He encouraged her.

Shen Ning carefully opened the jewelry box.

A very fine gold key lies in the jewelry box.

"Ah, key, is this the key you gave me?" She shouted in surprise, "But I forgot where I put it. How did you find it?"

"Yes, that's it. Do you like it? If you like it, put it away. Don't forget where to put it this time." Li Zhenting smiled slightly.

"I like it." Shen Ning took the key into her palm and looked at it carefully, then suddenly shook her head, "No, Shanshan, this is not the key you gave me. It is not so new, nor is it so yellow. That one is The old one, you said it was the key to your lockbox."

"That's it. When I found it, it was too old, so I had it processed. Look, I even put diamonds on it." Li Zhenting said, pointing to a shining pink diamond right above the key.

"What a beautiful diamond, is it real?" she exclaimed.

"Of course it's not real, it's fake, it's made of glass, it's worthless." Li Zhenting said calmly.

"Oh." Shen Ning's eyebrows smiled like a crescent moon.

She turned around, put an arm around his neck, knitted her upper body, and kissed his face.

**Chapter 1378: Li Zhenting's strength and loving wife 104**

"Do you like it?" Li Zhenting kissed her back and asked gently.

"Yeah, I like it." Shen Ning clenched her fists and held the key on her chest.

"Be sure to put it away this time." Li Zhenting kissed her ear and warned her carefully.

"Okay, I will put it away." Shen Ning carefully put the jewelry box into his pocket.

Li Zhenting smiled and held her hand.

He hopes that she can always love him wholeheartedly and rely on him, and he will definitely use all his strength to love her and pamper her for the rest of his life.

At noon, Li Zhenting received a call from Lengxue.

"Mr. Li, Cao Wei has caught him."

"Okay, take him to the underground warehouse of the Li Group, and I'll come over as soon as possible."

Li Zhenting flashed a cold light and ordered in a low voice.

"good."

Li Zhenting hung up the phone. Shen Ning was sitting on the bed, taking out the key he gave her from time to time and playing with it like a child. She could see that she cherished it and liked it very much.

Meals were delivered from the Li family's kitchen.

"Ning Ning, have a good sleep after dinner. I will take you to the Civil Affairs Bureau in the afternoon." Li Zhenting spread out the food and took care of Shen Ning to eat.

"Why are you going to the Civil Affairs Bureau?" Shen Ning asked strangely, his eyes widening.

"Go to the Civil Affairs Bureau to get a marriage certificate. We are going to get married, so we have to get the certificate first, otherwise it is illegal, understand." Li Zhenting smiled fondly.

"Oh, I understand." Shen Ning's eyes were bright and shiny, and her face was red.

"Want to go?" he asked gently.

"I want to go." Shen Ning smiled shyly and agreed happily.

"Then you have to promise me that you have to have a good sleep at noon, otherwise you won't be beautiful when we take wedding photos in the afternoon. My wedding must be the most beautiful."

"Okay, then I'll go to bed after eating and taking a rest."

"Well, you're so obedient." Li Zhenting touched her little nose.

Shen Ning smiled playfully.

After eating, Li Zhenting urged her to take medicine and talked with her.

Half an hour later, Shen Ning yawned.

Li Zhenting put her into the quilt, lay beside her, stretched out his arm and put it behind her head. Shen Ning rested her head on his arm and quickly fell asleep.

After a while, Li Zhenting saw that she was sleeping soundly, and quietly pulled out her arm, and called the special guard to look at her, while he strode outside.

Li's Group Warehouse.

"Mr. Li." When Li Zhenting came over, Lengxue was standing outside smoking a cigarette.

Li Zhenting stood solemnly, his eagle eyes reflected a cold light, Lengxue handed him a cigarette, he took it, lit it, took a deep breath, and ordered in a cold voice: "Break his hands and feet first."

"Okay." Lengxue agreed and walked inside.

Soon, several muffled sounds came from inside.

Not long after, Lengxue came out.

"Mr. Li, his limbs have been broken."

"Okay." Li Zhenting took the last puff of the cigarette, threw it to the ground, stamped it out with his foot, and strode towards the warehouse with a cold chill in his sharp eyes.

In the warehouse.

Cao Wei had a white towel stuffed in his mouth, his face was pale, and he collapsed on the ground covered in cold sweat. The severe pain made him faint.

Li Zhenting narrowed his eyes, walked over, and kicked the broken part of his thigh hard.

Another sharp pain woke him up and opened his fearful eyes.

"Woo." When he looked into Li Zhenting's sharp eagle eyes, the fear in his eyes increased, as if he had seen the King of Hell.

Li Zhenting glanced at Lengxue.

Lengxue walked over and took out the strip of cloth from his mouth.

"Ah, it hurts, it hurts so much." He shouted after a sharp breath.

"Shut up." Lengxue kicked him over, stepped \*\*\*\* his mouth with the heel of his shoe, and crushed him hard.

"Ah, ugh." Cao Wei's face was filled with stars in pain.

"Huh, coward." Lengxue sneered, retracted his foot, and said sternly, "Answer Mr. Li's words carefully, if there is even half a lie, you will not be able to survive today, and you will have no way to die. The pain just now is just the beginning. "

Cao Wei was so frightened that he immediately nodded his head like garlic, gritted his teeth and endured the severe pain all over his body, and did not dare to scream again.

## Chapter 1379: Li Zhenting's strength and loving wife 105

"Tell me, what did you do to Shen Ning? Why did you do it? Who told you to do it? Be honest!" Li Zhenting put one foot on the broken chair next to him, the cold air was biting, and his words were scornful, The oppressive air made the man tremble.

"Mr. Li, I'm sorry, I'm not a human being, I killed the young mistress." He cried bitterly.

Li Zhenting felt even colder and shouted angrily:

"Say it."

His clenched fist seemed ready to swing at him at any time and smash him into a pulp.

Cao Wei immediately said: "Master, I was instigated by Liang Ruqi's mother-in-law. I did what I did because of my greed for money. Please forgive me and give me a way out."

He wept bitterly.

"Say it quickly, don't act like a woman. If you have the guts to do it, you have the guts to admit it." Lengxue kicked him.

He stopped wailing and spoke in detail.

It turned out that Liang Ruqi's mother-in-law and daughter-in-law had always wanted to deal with Shen Ning and drive her out of the Li family. However, there were surveillance cameras everywhere in the Li family's old house, and they did not dare to take action.

On that day, there was heavy wind and rain, and something happened on the back mountain, injuring a worker. Li Zhenting rushed over, which gave Liang Ruqi an idea.

If Shen Ning rushed to the back mountain at this time and accidentally fell down the mountain, it would be her own fault and it would be none of other people's business.

This is the best time!

So, they immediately asked Ah Zhen to lie to Shen Ning that Li Zhenting went to the back mountain and fell down from the mountain.

Sure enough, Shen Ning believed it to be true and immediately ran over desperately.

Then they called Cao Wei and promised him five million to follow Shen Ning and push her down the mountain from behind at the right time.

Cao Wei was a ruthless person, but now he was bribed with money. He immediately wore a raincoat and blended into the rescue team. He followed Shen Ning until she climbed to the top of the mountain. He quietly followed her and pushed Shen Ning from behind. Down the mountain.

Everything is very simple and not complicated, it's just that the bad people are too bad and the human heart is too sinister.

Li Zhenting seemed to have anticipated this process, and asked coldly: "That night, when I climbed up the hillside to look for someone, were you hiding in the woods behind me, and were you following me? When I saw you, you left " Yes, Liang Ruqi's mother-in-law and daughter-in-law were worried when they learned that you went to the back mountain to look for Shen Ning. She also wanted to find out the news, so she asked me to keep an eye on it. At that time, I saw you climbing to the top of the mountain and told the situation I gave it to them, but I didn't expect you to discover it. I was afraid that the target would be revealed, so I had to leave."

As soon as he finished speaking, Li Zhenting kicked him on the head and knocked him unconscious.

"Lengxue, have you finished recording?"

"Well, Mr. Li, it's been recorded."

"Okay, send him to the police station."

"Yes." Lengxue agreed, turned around and picked up Cao Wei like a dead dog, walked outside and threw him into the trunk car.

Li Zhenting drove directly back to the hospital.

Fortunately, Shen Ning hasn't woken up yet.

She slept deeply this time!

Li Zhenting sat down next to her and looked at her sleeping face, feeling extremely guilty.

It was because he was incompetent and failed to protect her, causing her to suffer again and again.

This time, he helped her get revenge, and he must give her a stable life.

It's time to get the marriage certificate!

Shen Ning woke up soon.

Li Zhenting took out a set of beautiful clothes and smiled to help her put them on.

"Shanshan, I'm like a child now. I can't even put on clothes anymore. It's better for me to do it myself." Shen Ning took the clothes in his hand and went to the bathroom by herself.

During this period of time, under Li Zhenting's pampering, she could barely open her mouth for food or stretch out her hands for clothes. She couldn't even take care of herself. Originally, her head injury had hampered her ability to use her hands. If she continued like this, she was really worried that she wouldn't be able to live. , so she has to train herself.

Li Zhenting smiled and followed her.

After a while, after a lot of effort, Shen Ning finally put on her clothes. It was a red skirt.

She walked out with thin shoulders and fair skin. Although she had given birth to two children, her waist was still slender and could be held in her hands. She was full of fairy spirit.

Once Li Zhenting's eyes fell on her, he couldn't take them away.

"Shanshan, why is it red?" Shen Ning looked at the red color on her body and felt a little embarrassed.

She doesn't like too flashy clothes.

"Today is the day we get our marriage certificate. Of course we have to dress festively. We don't have to wear it in the future, but we still have to wear it today." Li Zhenting stepped forward and hugged her, kissing her nose.

"Okay." Shen Ning smiled and agreed.

She now admires Li Zhenting extremely, and she believes in everything he says. He is her protector. As long as he is around, she can feel at ease.

"Am I good-looking?" she asked with a raised face.

"Of course you are beautiful, you are my little fairy, no one can compare to you."

"Thank you." Shen Ning smiled happily.

"Okay, let's go quickly, the auspicious time is coming soon." Li Zhenting held her hand and was about to leave.

Sudden

The door of the room was dark.

Ji Qingshan walked in.

"Ning Ning, how have you been these past few days? Are you feeling better?" Ji Qingshan asked with concern as soon as he came in.

"Professor Ji, I'm feeling better. Thank you for the medicine you prescribed." Shen Ning smiled sweetly.

Ji Qingshan looked at her face. We haven't seen each other for a few days, and there is a blush on her face, and her smile is sweet. Although the clothes Li Zhenting picked for her are a bit red, they suit her very well, and they look dignified and decent.

Looking at Shen Ning's face, he was filled with love for Li Zhenting from the bottom of his heart.

He felt a little sour in his heart!

Just like him, no matter how much he cares about her and loves her, he is not the person she wants. He has tried hard, but he is never the right person!

"Ning Ning, you are very beautiful." Although he felt a little sad in his heart, he still praised her sincerely.

"Thank you." Shen Ning thanked him, took Li Zhenting's hand and said, "Shanshan, let's go quickly."

Ji Qingshan frowned.

"Mr. Li, where are you taking her?" He turned his head to Li Zhenting and asked coolly.

"I want to take her to the Civil Affairs Bureau to get a marriage certificate." Li Zhenting thought for a moment and answered truthfully.

"Mr. Li." Ji Qingshan said expressionlessly, "It's best not for Ning Ning to go out now, and it's best not to be stimulated. Before she fully recovers her memory, she must be stimulated less."

"Professor Ji, I have no amnesia. I remember everything. I remember every bit of Shanshan and I. We are going to get married. Of course we need to get a marriage certificate."

Shen Ning has always only admitted that he suffered a brain injury and did not lose his memory.

She clearly remembers everything about her and Shanshan. Why do doctors keep saying she has lost her memory?

Li Zhenting thought for a moment, then sent Shen Ning to sit on the hospital bed, and then called Ji Qingshan to the corridor.

"Professor Ji, when will Ning Ning's memory be restored?" he asked sincerely.

Every time he went to find Ji Qingshan, he would always ignore him. This time, he took the initiative to find him. He wanted to ask clearly.

"She no longer has headaches. It's just that the wound has healed. It doesn't mean that her brain will definitely recover. Recovery is a process. When the brain cells have been repaired to a certain level, something can slow her down. Slowly accept it. For now, you must not over-stimulate her." Ji Qingshan's face was sullen and expressionless.

"Professor Ke Ji, my original plan was to hold a wedding with her on the 8th of next month. I must get a marriage certificate before the wedding. I think she will be able to accept it if I get the marriage certificate with her at this time. You should know, she only has our memories in her mind, she doesn't reject me at all, she even relies on me, we get married, and I take care of her for the rest of her life, this is definitely a happy event for her and will only help her restore her memory."
