Chapter 2 She Never Got His Heart

Shen Ning was stunned.

Before she could react, she was already laid down by the man on the extra-large soft bed... The familiar faint scent of bellflower came straight to her nostrils, and this man was none other than Li Zhenting!

Her heart beat to her throat!

For so many years, he has been indifferent to her, what happened today?

The man's hot palms began to tear her skirt... Rose-colored lips covered her red lips hard...

Shen Ning's brain was buzzing.

No, Li Zhenting must have regarded her as Shen Mei! Otherwise, how could he want her?

Having loved this man for ten years, she has never won his heart.

When the heat from the man's palm came, she began to be distracted!

Li Zhenting, don't blame me, you provoked me... After all these years of marriage, you have always owed me a wedding night!

violently

She hugged the man's neck with her backhand and kissed him back...

It was already dawn when Li Zhenting woke up.

He sat up and looked around, his thin lips were tightly pressed, his face was ashen.

Last night, he was drugged after a dinner party!

He couldn't control himself and forced a woman to sleep!

Then who is this woman?

He looked down at himself...recalling the intensity of last night...a surge of excitement.

At this time

The shower room door opened.

A tall and beautiful woman stepped out.

"Meimei." He shook his body.

"Zhen Ting, you're awake." Shen Mei glanced at him embarrassedly, smiled charmingly and shyly, walked to him and sat down next to him.

Li Zhenting's dark eyes darkened.

"Meimei, was that you last night?" His magnetic voice was full of apology and inquiry.

Shen Mei's face had already turned red into a gorgeous rose, and she nodded slightly! buried her face in his arms:

"Brother Ting, you kept calling my name last night..."

"Mei Mei, I'm sorry, I will take responsibility for you." Li Zhenting paused, his voice sank, he raised his hand to hug Shen Mei into his arms, his words were firm and forceful.

In the hospital.

When Shen Ning arrived after receiving the call, the doctor had already issued a critical illness notice.

Holding the critical illness notice in her trembling hands, her legs were weak, and she knelt down.

Last night, after the incident, she woke up from a near coma, she really didn't have the courage to face Li Zhenting! It is impossible to imagine how furious he would be when he woke up and saw that the sleeping woman was not Shen Mei but her.

She quietly left!

Now that the sky is bright, he should wake up too!

With trembling fingers, she picked up the phone and called Li Zhenting...

*

presidential suite.

Li Zhenting is taking a shower in the shower room.

When the phone rang, Shen Mei was beside her.

Her face changed color in an instant, and a sinister and cold light flashed in her eyes.

Shen Ning, you bitch, the man who slept with me dared to call!

She quickly picked up the phone and hung up the call, and deleted the call record. After that, she set Shen Ning's phone number as reject and turned off the phone.

...

Shen Ning dialed Li Zhenting's mobile phone number over and over again in the hospital, but there was no answer or the phone was turned off.

She was so angry that her eyes went dark at last, and she passed out.

...

a week later.

The dark sea.

Shen Ning hugged his mother's urn, his face was pale and his eyes were empty.

Mom is dead!

Li Zhenting, you are so cruel! So ruthless!

Since that night, she hasn't seen him again. It is said that he is with Shen Mei every day.

A cold and mocking smile floated on Shen Ning's lips!

Li Zhenting, from now on, I don't have to beg you anymore, and I won't be so stupid as to live for you again! I will make you unable to climb high!

She took a deep breath, completely oblivious to the sinister, cold and vicious eyes behind her, but hugged her mother's urn tightly, turned around and was about to leave.

Ge Di

A force pushed towards her fiercely.

"Ah." She screamed, unable to stand, and fell into the sea.

A wave is coming.

She was sucked into the bottom of the sea.
