

Troublemakers 571

Chapter 571 He will not give her this chance

"Hey, let me tell you something." Shen Ning stood at the other end of the dining table and spoke lightly.

"What's the matter?" Li Zhenting drank porridge, raised his eyes, and threw a flirtatious smile at Shen Ning with his eyes like hooks.

Shen Ning's face blushed again.

This **** seems to be in heat early in the morning, she is really afraid of him.

"It's like this." She said solemnly, "Yesterday I invited Butler Luo, and I plan to let him return to Li's Castle to continue to be the butler."

"Housekeeper Luo?" Li Zhenting froze for a moment, remembered something, and looked at her: "That's all?"

"yes."

"In the future, you can decide such trivial matters by yourself, and you don't need to tell me."

"Okay, then it's settled." Seeing that he agreed, Shen Ning felt that he had nothing to say, and turned around to leave.

"By the way, you can adjust the salary of Butler Luo to the third level. He is an old employee of our Li family, so he should be given it." Li Zhenting suddenly ordered behind him.

Shen Ning was taken aback, hey, this guy must have found out his conscience.

"Okay." She replied.

Li Zhenting watched her walk away quickly after she finished speaking, without any intention of staying for a moment, a little disappointment flashed in her heart.

It can be seen that she really doesn't want to be with him, but he really wants to be with her now!

She wants to stay away from him, and he won't give her this chance.

"Shen Ning, where are you going?" After breakfast, he came out just in time to see Shen Ning walking outside with a bag, and immediately followed and asked.

"Go back to the company." Shen Ning didn't turn his head, and walked quickly as if the soles of his feet had been oiled, for fear of being entangled by Li Zhenting.

But she came here for whatever she was afraid of, and before she even got to the car, Li Zhenting followed up lingeringly.

"I'm going to the company too, let's go together." Before she entered the cab, Li Zhenting opened the car door first, and Shen Ning was so angry that she really wanted to throw the brown candy down.

"Please don't be so stingy, isn't it just a ride, tell me, how much do you want?" Li Zhenting deliberately took his mobile phone and asked to transfer money to her on WeChat.

Want your sister!

Shen Ning had no choice but to get into the cab.

She started the car.

But the **** Li Zhenting was sitting next to her, and she even trembled when driving for a while, always feeling that he would stretch out a hand to disturb her at any time, and her body was tense.

Looking at her appearance, Li Zhenting couldn't help being a little funny, the corners of his lips curled up slightly: "Can you do it, if you can't, let me open it."

Seeing her driving the car extremely erratically, he couldn't stand it any longer. Are all women so nervous when driving?

"No need." Shen Ning finally regained some form, and suddenly stepped on the accelerator with his foot, and the car drove very fast.

Now even Li Zhenting was terrified by her big car, driving fast under normal circumstances is what he often does, the key is that Shen Ning's sudden fast driving is like a novice, and the car is extremely slow stable.

He really wondered if she wanted to take him to die with her!

Finally came to the Gucci Building.

Shen Ning opened the door and got out of the car.

"Shen Ning, does the company need my help?" Li Zhenting took her hand and asked with concern.

"No need." Shen Ning withdrew his hand violently, "Thank God if you don't bother me."

She walked quickly towards the CEO's office, leaving him with her back.

Li Zhenting was stunned, the corners of his lips curled up slightly, and he got on the elevator and headed for the second floor.

Shen Ning came to the conference room.

Marley, several business managers and sales managers are here.

"Mr. Shen, the police have found Wu Meimei and interrogated her. Wu Meimei has been recruited. Someone gave her 50,000 yuan to inject formaldehyde and toxic substances into our perfume, and then bribed Zhanyuanshan You and that couple deliberately caused trouble in two shopping malls, and then tried to completely destroy our business through the media." As soon as Shen Ning sat down, Marley began to talk.

Chapter 572 I knew you would agree

Shen Ning nodded: "Have those people been arrested?"

"Yes, Wu Meimei, Zhan Yuanshan and those who made troubles were taken away. These people have all been punished as they should, but the people behind them have not been caught, and they are still escaping from the law." Ma Leigh replied.

Shen Ning's eyes were a little cold, and a sneer appeared on the corner of his lips.

The business manager Xu Mingxing said: "Mr. Shen, the truth has come to light now, but the managers of the two shopping malls in the east and west of the city are very arrogant, saying that our products have caused losses to their shopping malls, and they don't want to let our perfume station in the mall." gone."

Shen Ning smiled calmly: "If you are in full bloom, the breeze will come naturally. One day, our Gucci perfume will become a symbol of the fashion industry, become a mainstream consumption, and the beer and purchasing power will rise sharply. I will come here to beg in person, we only need to make our own products well, nothing else matters."

Moreover, the two shopping malls in the east and west of the city are very strange now. She has no intention of re-stationing the products in the mall, so let's see the situation first.

"Mr. Shen, this time our turmoil calmed down so quickly, there must be someone behind it to help, especially the Internet turmoil, which was even broadcast on foreign YouTube channels. It disappeared without a trace, and if there were no masters behind the scenes, I wouldn't believe it." The manager of the sales department sighed.

Shen Ning pondered.

In fact, she has discovered this problem a long time ago. Every time she was hacked miserably, those online videos would disappear inexplicably, as if someone was guarding her behind, which made her puzzled.

Next, she and Marley made a new inspection of each production process of the perfume. When she was so busy that she straightened her waist, it was already noon.

When she remembered that the children were still in Li's old house, and Li Minhua also wanted to eat the food she cooked, she hurriedly took her bag and ran outside.

When she drove back to Li's old house, she suddenly remembered that Li Zhenting also followed her car to the upstairs office, so where did he go?

It seems that he is also very busy during this time.

Thinking of the two shopping malls in the east and west of the city, she sank her heart.

Fortunately, when she returned to Li's Castle, Li Wanqing had already cooked light meals with the old lady herself.

"Shen Ning, what do you think?" After eating, Li Wanqing asked kindly.

After hesitating for a while, Shen Ning looked at her earnest eyes and could only smile: "I'll do my best."

"Thank you." Li Wanqing took her hand, "I knew you would agree, you just feel free to do it, if you need anything, you can always find me, I will definitely support you behind the scenes."

"Okay, thank you, Auntie." Shen Ning nodded.

Now that Gu Qi's turmoil has stopped, she can also spare time to host this birthday banquet.

In order for Ke Ke and Ding Ding to have a protective umbrella in this family in the future, she had to agree to Li Wanqing's request. After all, her heart is for the children. With a strong backing, she can't lose her strength.

Time passed quickly, and it was Tuesday in a blink of an eye.

The day after tomorrow is the old man's birthday banquet, and guests will come one after another tomorrow.

Shen Ning handed over all the company's business to Marley, and devoted himself to organizing the birthday banquet in Li's Castle.

Chapter 573 Who made you look so cute

"Cousin." In the afternoon, Shen Ning was negotiating related matters with Butler Luo. Li Jiaojiao ran in from outside, and hugged Shen Ning's neck as soon as she came in, very intimate.

Shen Ning was not on guard, and was suddenly hugged by her and had difficulty breathing.

"Miss Biao, please let her go." Housekeeper Luo was also taken aback by Li Jiaojiao who suddenly barged in. Seeing her hugging Shen Ning's neck tightly, Steward Luo hurriedly reminded her.

"Haha, cousin, it would be best if you come back." Li Jiaojiao let go of Shen Ning and smiled.

"Ahem." Shen Ning choked several times, feeling puzzled in his heart.

By the way, is she very familiar with Li Jiaojiao? Are they so close!

The fact is that before this, she had never even met her face to face.

And last time, she and Li Zhijun tricked her into going to her house to attend the **** ball, almost letting that black seven destroy her.

Therefore, she actually has scruples about her.

"Cousin, I'm really sorry last time. I didn't expect such a thing to happen. At that time, I just heard my brother praise you for dancing well and wanted to win the championship. I'm really sorry. Because of this, my cousin is right now. I don't care about it, I'm also in pain." Li Jiaojiao hurriedly explained.

Shen Ning listened to her nonsensical words, and didn't blame her for anything, but just shook his head: "It's okay, everything is over, what's the matter with you?"

"Of course I'm here to attend the old man's birthday banquet. You have to arrange a room for me to stay in tonight." Li Jiaojiao said solemnly, "By the way, cousin, if you need my help these days, just ask Ha, I have already promised my cousin that I will take the blame and make meritorious service, don't forget me when you are too busy."

"Tsk tsk." As soon as Li Jiaojiao finished speaking, she heard Ding Ding smacking her tongue from behind, "I think you are here to cheat and drink."

"Uh, how dare you say that about my aunt, you little guy is really rude." Li Jiaojiao turned around and saw the little guy standing behind with a water glass, his face was cool.

Today's Ding Ding is wearing a set of denim, with a little red face, and his skin can be broken, he is not too handsome!

"Here, pour me a glass of water." Ding Ding handed her the water glass, "There must be something to do, otherwise, why would I have the nerve to eat our food."

"Yes, auntie will pour you some water." Li Jiaojiao felt helpless, so she had to take the cup in his hand, and touched Ding Dingshui's tender face along the way: "This little guy is really cute. , the more I look at it, the more I love it."

"Hey, how can you, a woman, touch a man's face casually? It's a violation of me." Ding Ding knocked off her hand, and immediately protested righteously.

This made both Shen Ning and Butler Luo laugh.

Li Jiaojiao smiled: "Who made you so cute, I can't help it."

"Idiot." Ding Ding gave her a white look, "Hurry up and fill it with water and bring it to me. I'm busy and don't have time to talk to you."

The little guy turned and ran away after speaking.

"Uh, this little guy is getting more and more like a young master, and even ordered me to work." After Li Jiaojiao took the water glass, she didn't go directly to the water dispenser to pour water, but walked to the side of the health pot to fill it up , and put it in the temperature measuring area next to it to test the temperature.

Shen Ning saw that although she was a charming lady, she was unambiguous when pouring water for Ding Ding. It seemed that she should be very familiar with Ding Ding and understood his needs very well, so she was relieved.

Li Jiaojiao came upstairs with Ding Ding's water glass and opened the children's room, and saw Ke Ke, Ding Ding, Xiao Xiao, and Lan Lan, four little guys were huddled together on a big bed, and Ke Ke and Ding Ding were playing a room escape game , who was sweating profusely while playing, while Xiao Xiao and Lan Lan shouted for cheer.

Li Jiaojiao patted Ding Ding's butt, and handed him the water glass: "Drink more water, I'm sweating."

Ding Ding took the water cup and drank it with his head up. I don't know how long he hasn't drunk water.

Li Jiaojiao put her hand into Ding Ding's back, wow, she was actually sweating.

She immediately found two soft towels, put one on Ding Ding's back, and put the other on Coco's back.

Chapter 574 I will come and take care of you for three days

"Little guys, stop playing games, come here, Auntie has something to tell you." Li Jiaojiao clapped her palms and shouted loudly.

Ke Ke and Ding Ding were head to head, and the bird didn't pay attention to her. Xiao Xiao glanced at her, saw that Ke Ke and Ding Ding didn't respond, and went to watch the game, Lan Lan simply ignored her.

"Children, I told you not to play games, come and listen to what my aunt has to say." Li Jiaojiao clapped her palms again, and finally turned off the power directly for them.

Coco and Ding Ding glared at her angrily.

"Auntie, I have a gold bar, don't you want it anymore?" Ding Ding's voice was threatening.

Li Jiaojiao's eyes lit up when she heard that.

Ding Ding, this little rich man, is definitely richer than her!

"Ding Ding, my little baby, Auntie loves you the most. Now that you don't listen to Auntie, there is nothing Auntie can do, because Auntie was found by your father, and he asked me to take care of you these few days." Li Jiaojiao She hugged Ding Ding and kissed and kissed, and even hugged him in a circle.

Ding Ding was coaxed to be a little happy, and asked: "Daddy asked you to take care of us?"

"Yes, your mommy is going to be the head of the house these days, but I'm busy. I'll come and take care of you for three days. During these three days, if you listen to me and behave well, I'll buy you candied haws to eat. Not good. If so, I will tell your daddy."

Like This!

Ding Ding rolled his eyes. Li Jiaojiao took care of him for a month before.

"Well, we have listened to you for the past three days." Ding Ding believed it, "Let me go."

Li Jiaojiao immediately put Ding Ding down and stared at him without blinking.

Sure enough

Little Ding Ding ran to the desk, opened the drawer, and took out a gold bar from it: "Auntie, this is for you."

Li Jiaojiao took it immediately, her eyes burning greedily, and she asked with a smile: "Ding Ding, how many gold bars do you have?"

"No more." Ding Ding is not stupid, he still has a lot, but those are for Mommy.

Li Jiaojiao put away the gold bars, and praised Ding Ding vigorously: "Ding Ding is such a good boy, he knows how to be filial to his aunt, and in the future, he will give these to aunt, understand?"

"Auntie, I have mine too, and I'll give it to you." Of course Lan Lan is also a little rich woman. Seeing that Ding Ding was praised, she didn't want to be outdone, so she also took a gold pendant and gave it to Li Jiaojiao.

Li Jiaojiao's eyes were so bright that she couldn't close her mouth with joy.

But Ke Ke and Xiao Xiao, the two of them have nothing to give, after all, Ke Ke is still young, and he just entered Li's Castle, and he hasn't encountered any holidays, and the elders haven't had a chance to give him. Of course, there will be a festival in the next few days The child recognition ceremony can gain a lot.

Xiaoxiao, Shen Ning usually gives a hundred yuan, which is not bad, let alone gold or silver.

Fortunately, Li Jiaojiao didn't treat them badly because of this, and treated them equally.

Outside the window.

A pair of cold eyes looked at all this, and the corners of his lips curled into a cold arc.

Li Jiaojiao was so happy that she got into trouble with a few little guys, she didn't notice the gloomy eyes outside the window at all.

I had dinner.

Shen Ning and Steward Luo went to the warehouse to check the inventory and various furniture and utensils that will be used in the future. When they passed by an ancestral hall, they suddenly saw a light in the ancestral hall.

She couldn't help frowning.

This ancestral hall enshrines the ancestral tablets of the Li family. If it is not a special day, there is usually no one there, so how can there be light when no one is there.

But now there is light at this point, could it be that someone is inside?

Chapter 575 Outsiders should not come in casually

"Steward Luo, can the Li family allow people to enter the ancestral hall casually now?" Shen Ning asked with a frown.

Six years ago, when she was in charge of the Li family, the ancestral hall was a very serious place. Except for the usual holidays and the anniversary of death, she was not allowed to enter it at all. Even if she really went in, not everyone could get in. , must be a direct relative of the Li family, like illegitimate children, lovers are not eligible to enter.

Shen Mei, for example, has stayed in this family for six years and has never been in the ancestral hall. Even if she gave birth to Lan Lan for the Li family, she is not qualified.

If the servants go in to clean up, it is absolutely impossible at this point.

"No." Steward Luo immediately shook his head and replied, and looked towards the ancestral hall, his eyes suddenly widened, "No, why is there light inside?"

"Let's go and have a look." Shen Ning turned and walked towards the ancestral hall, and Housekeeper Luo immediately followed.

It has only been 20 days since he left Li's Castle. It is impossible for the Li family to change the rules. Moreover, these rules are left by the ancestors, and no one can change them.

"Meow." When Shen Ning was about to reach the gate of the ancestral hall, suddenly, a cat sprang out from nowhere, and Shen Ning was so frightened that he said "ah" and took several steps back.

Just this sound alarmed the people inside, and the light inside quickly went out.

"Who's inside?" Shen Ning asked loudly.

There is no sound inside.

"Is anyone there? Who's in there?" Butler Luo pushed the door open and shouted.

Still no sound.

"Open the door." Shen Ning took out the bunch of keys.

Butler Luo was about to get the key to open the door.

Sudden

The door creaked and opened from the inside to the outside.

Shen Ning looked up.

A woman in her fifties came out, with short hair, clean and neat, wearing a gray suit, with a serious face and dark eyes.

"So it's the second lady. Hello, second lady." Steward Luo greeted after being stunned for a moment.

"Hello, Auntie." Shen Ning followed suit and greeted politely.

This woman is Ximen Lihua, the wife of Li Zhenting's second uncle Li Jinchong, who lives in Li's old house. Of course, she also has a villa in Li's Castle.

Ximen Lihua glanced at Shen Ning, with contempt flashing in his eyes.

"Today is the anniversary of the death of my second uncle's grandfather. I'm here to pay my respects. It's nothing to do with you. Let's go." Her tone was unquestionable, "This is the ancestral hall of our Li family. Outsiders should not come in casually."

Shen Ning was silent for a while.

"good."

Ximen Lihua obviously disliked and was arrogant towards her, but, thinking about her status, she was indeed not qualified to manage the affairs of the Li family's ancestral hall, so she immediately agreed and winked at Butler Luo.

The two walked outside.

Ximen Lihua's eyes fell on Shen Ning's back, and she let out a cold snort, Li Zhenting's ex-wife, who successfully climbed into bed, got divorced and gave birth to two children, just stayed with Li's family, isn't it just for the money and property of Li's family what!

She suddenly thought of her son Li Zhenjun, with black air all over his face, turned around and locked the door, and walked towards her home.

"President Shen, this second lady has a weird temper, don't take it to heart." Steward Luo comforted Shen Ning as he walked.

Just now, Ximen Lihua's tone was arrogant and negligent, obviously aimed at Shen Ning.

Butler Luo was just a housekeeper, but Shen Ning was different. She was the mother of the two young masters of the Li family. Even if she divorced the young masters, her actual status was much stronger than the two wives. This young master is going to inherit the Li family's property!

Shen Ning smiled: "Don't worry, I'm not that fragile."

At this time, footsteps came from behind.

Shen Ning turned his head, only to see that Ximen Lihua had already turned and walked towards his home.

She raised her eyes to look at the low-key and luxurious Li family's old house, and suddenly remembered what her grandmother said: In this world, wherever there is interest, there must be ugliness. Only consider issues from your own standpoint, and for the sake of profit, you can use any means.

Yes, within the Li family, the richest man in the imperial capital, there will definitely be more than that!

Li Zhenting's ability to stand out among many descendants is not just a matter of inheritance of the ancestral system, and many people will definitely be dissatisfied.

She thought of Ke Ke and Ding Ding. They are both the eldest grandsons of the Li family. They will also have to face the problem of inheritance of family property in the future. I don't know how complicated it is.

Thinking of this, I once again regret that I should not have returned to the imperial capital, but the death of my mother...

Her heart is heavy.

Chapter 576 Is anyone here bullying you?

"Mr. Shen, since the second uncle Li Jinchong was sent to prison by the old man, the second lady has been jumping up and down. Later, something happened to her son, and she has no energy to jump around. She is in a strange mood all day long, and nothing seems right.

This person can't do bad things. If he does something, he will definitely end badly. I don't know how they managed to harm the young master at that time. The young master is only fifteen years old, and he

didn't even care about basic things just for the sake of money. She has no conscience, she really deserves what she is doing now, her family will never be respected in the Li's Castle, and at that time they were still delusional about being the president of the Li's Group.

What kind of person is that old man? Can he succeed? If he is really allowed to become the current Li Group, how can he achieve today's achievements. "

Butler Luo thought about it.

"Speaking of the young master, he is really a talent. Over the years, he has managed the company flourishingly. Last year, he was ranked in the top ten on the Forbes list."

When it comes to Li Zhenting, Housekeeper Luo's eyes are full of admiration and excitement, and he is proud of him, as if he is happier than his own son who is promising.

Shen Ning knew that Steward Luo had stayed here all his life, and he really treated Li Zhenting as his own son, perhaps even closer than his own son in his mind.

Shen Ning smiled and did not speak. While the two were talking, they went to the warehouse and began to count things.

At the gate of Li's old house.

"Miss Shen Mei, I'm sorry, the young master is not at home, you should wait for him to come back and ask for instructions before going in." The security guard blocked the door and refused to let her in.

"Bah, the old man's birthday is the day after tomorrow, and I'm here to celebrate his old man's birthday. Besides, my daughter is still here, so why can't I see my own daughter?" Shen Mei asked angrily.

"Miss Shen, I'm just a security guard, not to mention the old house of the Li family, even the old mansion of the Li family. If you are here to celebrate your birthday, please show your invitation letter."

Shen Mei glared at him, and said angrily: "You really look down on people, Shen Ning is no longer the Li family, you don't stop her, but come to stop me, okay, I'll let you see the invitation letter ."

She opened the bag, took out a red invitation letter from it, and shook it in front of him: "Take a good look and see if I was invited."

The security guard looked at it, took it over and looked at it carefully, and finally had to let her go.

Shen Mei drove in the car haughtily.

"Lan Lan, my precious daughter." Before entering the living room, she shouted loudly, for fear that others would not know that she was Lan Lan's biological mother.

"Mummy." Lan Lan was watching TV. When she looked up, she saw her mommy was very stylishly dressed, walking in with jewels, her eyes lit up, she immediately jumped off the sofa and ran towards Shen Mei, excited as she ran. Shout.

At this time, Li Wanqing was coming back from the back garden, and she was shocked when she saw Shen Mei.

How did this woman come here?

She was stunned for a moment, then scolded Li Zhenting for being confused, Shen Ning is still in charge here, hosting the birthday banquet, what is it for him to let this woman come over?

She looked at her coldly, thinking about whether to drive her out.

"Lan Lan." At this time, Lan Lan ran up to Shen Mei and threw herself into her arms. Shen Mei hurriedly bent down and picked her up, kissed her on the small cheek, and asked in a friendly voice, "Is there any love these days?" Don't you miss Mommy?"

"I think about it every day." Lan Lan hugged Mummy's neck, pursed her lips, "Mummy, I want to be with you every day, when will you come back?"

Shen Mei's eyes were red when she heard it.

"Lan Lan, I'm sorry, Mommy can't be with you every day, because, because your daddy doesn't like Mommy, saying that Mommy made a mistake."

"If you make a mistake, you can correct it. As long as you correct it, you will be a good boy. Why doesn't Daddy let you come back?" Lan Lan was very puzzled.

"Hey, I don't know, maybe, maybe your daddy likes Aunt Shen Ning." Shen Mei said in a low voice, she secretly glanced at Li Wanqing who was standing by the door, tears just flowed down, and asked while crying: "Lan Lan, it doesn't matter what happens to Mommy, as long as you are happy here, is there anyone bullying you here?"

Chapter 577 I have something to tell your mommy

Lan Lan was stunned, and when she was about to shake her head, Shen Mei suddenly pinched her waist.

Lan Lan understood, and immediately started crying: "Mum, it's okay, I'm fine here, grandpa and grandma, grandpa and grandma are very kind to me, I just miss Mommy."

"Isn't Mommy here? Be good, don't cry." The mother and daughter cried with each other in their arms, looking miserable.

Li Wanqing's tense face eased a little, and her heart that originally wanted to drive Shen Mei out softened a bit.

No matter what, Shen Mei is also Lan Lan's biological mother, and she also gave birth to a child for the Li family. There is no reason to completely deprive a mother of her daughter's love!

She sighed heavily, feeling helpless in her heart, and looked outside.

Over there, Shen Ning and Butler Luo were checking the sanitation of the garden and the decorations.

After all, from tomorrow onwards, the people who come to Li's old house will be the upper-class elites of the entire imperial capital, all of them are dignitaries who have seen the world. a shame.

On this point, Shen Ning is definitely qualified.

only

Now Shen Mei, the deadly enemy, is here again...

"Lan Lan, go play with Ke Ke and Ding Ding first, I have something to tell your mommy." Li Wanqing came over and told Lan Lan.

"Okay, grandma, I like grandma the most." Lan Lan's small mouth was so sweet that it flowed honey.

Shen Mei let go of Lan Lan when she heard the words. She was a little afraid of Li Wanqing, so she secretly winked at Lan Lan.

Lan Lan suddenly threw herself into Li Wanqing's arms, with tears in her big beautiful eyes: "Grandma, please don't drive my mommy away, okay? I want to be with mommy, please."

Li Wanqing was taken aback for a moment, looking at the child's immature face and eager eyes, her heart ached.

She patted Lan Lan's head, and said softly: "Lan Lan, go and play, don't worry, grandma won't do that."

"Okay, thank you grandma, I love you so much." Lan Lan smiled happily, turned to Shen Mei and said, "Mommy, I'm going upstairs to play first, and I'll come to accompany you later."

"Well, good." Shen Mei was very satisfied with Lan Lan's performance, she nodded with a smile.

Lan Lan skipped and walked away.

"Hello, Auntie." As soon as Lan Lan left, Shen Mei immediately greeted Li Wanqing.

"Come and sit down." Li Wanqing said lightly, and walked towards the sofa.

Shen Mei hurriedly followed.

"Auntie, please drink water!" As soon as she passed by, she rushed to pick up the tea cup in front of Li Wanqing, filled her with water, and handed it to her respectfully with both hands.

Li Wanqing sighed.

Shen Mei's superficial skills are indeed much better than Shen Ning's, and she is also very good at being cute. Fortunately, she is not the kind of superficial person who only looks at appearances, and she doesn't like Shen Mei's behavior in her heart. .

but

Now, Lan Lan misses Mommy, so she can't do too much, can she?

She took a sip from the water glass and said lightly: "Shen Mei, the day after tomorrow is the old man's eighty-eighth birthday. Since you have also received the invitation letter and Lan Lan is here, you want to accompany Lan Lan. I object, but I have already asked Shen Ning to host this Shouyan. She is now in

charge of this family. Therefore, if you want to stay here, you must obey her instructions and do not do anything that violates the regulations. Otherwise, I will drive you out at any time."

Speaking of later, her tone was very severe.

At most, it will be three days. The guests will come one after another tomorrow, and she will come too. As long as she is disciplined, she doesn't care if she stays for one more night, and Lan Lan also needs her mother to accompany her.

Chapter 578 This **** really has wrists!

"Auntie, grandpa's eighty-eighth birthday, I just want to help, how could it disturb my sister's work, my sister has always been more capable than me, I have to learn a lot from her, don't worry, I just want more Stay with Lan Lan, after all, the child is still young, and she misses me a lot." Shen Mei immediately took up the topic in a reasonable manner, and when she talked about Lan Lan later, her eyes were red, and she looked like she missed her child miserably.

actually

She hated it terribly in her heart.

Shen Ning has become the master of the Li family, this bitch, she really has skills!

Li Wanqing looked at it and said: "Then you can stay here tonight. I will let the nanny Wang Ma tidy up a guest room for you, and you can take Lan Lan to sleep at night."

"Okay, thank you, Auntie." Shen Mei immediately thanked, took out a beautiful jewelry box from her bag, handed it to Li Wanqing with both hands, and said sincerely, "Auntie, this is a gift from me, please friend I brought it from abroad, I hope you like it."

Li Wanqing was taken aback, Shen Mei actually wanted to give her a gift!

While he was in a daze, the gate was dark, and Shen Ning walked in from the outside.

Shen Ning has been busy for a long time today, and he didn't even drink his saliva. At this time, he was thirsty and tired. He came back to drink water first, but he didn't expect to see Shen Mei sitting on the sofa, still giving gifts to Li Wanqing.

moment

Her heart sank.

After being Li Wanqing's daughter-in-law for so many years, she never thought of currying favor with this ex-mother-in-law.

She thinks that it is enough to do her job in this family honestly, but she can't do it by giving these false gifts on the surface, but doing bad things behind the scenes.

"No, keep it for yourself, I won't need these when I'm old." Li Wanhua immediately refused.

The things Shen Mei sent out with both hands were placed in the air but no one came to pick them up. She felt embarrassed and had to take them back.

At this time, Li Wanhua saw Shen Ning, stood up immediately, and walked towards Shen Ning with a smile: "Ning Ning, you are back, I really thank you."

She stepped forward and held Shen Ning's hand.

Shen Ning smiled reluctantly: "Auntie, I'm coming back to drink some water, and I want to see the children. I wonder if they have drunk water to do their homework."

Because the old man Shouyan had to hold a son-recognition ceremony at Keke, Li Zhenting simply asked the little ones for three days off to play and study at home.

But Shen Ning was busy with work and had no time to take care of them, so he could only come back occasionally to check.

"Don't worry, Jiaojiao is leading them upstairs to do their homework. Jiaojiao has a lively personality and is good at English. She gets along very well with the children. She is no worse than a kindergarten teacher, and I will also watch from the side. " Li Wanqing spoke lovingly, pulled Shen Ning aside and whispered:

"Ning Ning, it's like this. You have seen that Shen Mei is here. She is here to celebrate the old man's birthday. Originally, I didn't intend to let her come. I also know that you have no relationship with your father and stepmother. Well, I don't want to invite them at all, but for some reason, she actually received the invitation letter and came early, come on now, I can't drive her back, besides, she is Lan Lan's mother, Lan Lan Lan misses Mommy, so I will let her stay here for one more night to accompany Lan Lan, don't think too much, you should know that I have never liked her, and I have confiscated the gifts she gave me , and I also warned her, let her not disturb your work, you can work with peace of mind, if she does something bad, you tell me immediately, I will teach her a lesson. "

Shen Ning understood what she was thinking. She was afraid that after seeing Shen Mei, she would feel burdened and affect her work.

In general, Li Wanqing was quite frank and sincere to her.

She knew this in her heart.

"Auntie, this is the Li family. If I can come, she can come too. I have no objection." Shen Ning immediately gave her a reassurance.

"Okay, I have wronged you." The stone in Li Wanqing's heart fell to the ground.

"Auntie, I'm going to drink water first." Shen Ning smiled and walked towards the restaurant.

"Yes." Li Wanqing looked at her with a smile, turned around and went to her bedroom, ignoring Shen Mei.

Chapter 579 Isn't it good to be a kind person?

Shen Ning drank slowly while holding a water glass, but he couldn't help ridiculing in his heart.

Even Li Wanqing didn't know why Shen Mei received the invitation. Obviously, the invitation was sent by Li Zhenting.

The invitation letters of the Li family are all in charge of Leng Xue, and Leng Xue is Li Zhenting's confidant, so it must have been approved by him.

She drank the water, feeling sore in her heart.

Just then, her cell phone rang.

She picked it up and saw that it was Jing Chenxi calling.

For a while, I felt uncomfortable in every possible way.

"Chen Xi." She answered the phone after a while.

"Ning...Ning Ning, I heard...you have returned to Li's...old castle?" Jing Chenxi stammered and asked, hiccupping from time to time.

Shen Ning was startled: "Chen Xi, where are you now?"

"I, I, I'm drinking here, I'm drinking." Jing Chenxi stuck out his tongue, looking like he had drunk a lot.

"Chen Xi, are you drinking alone? Or with a friend?" Shen Ning was anxious to hear this, and he drank like this. If there is no one around, it is very dangerous.

"Ning... Ning... Ning Ning, where are you now?"

Shen Ning was silent and replied: "I am now in the Li family's mansion."

"Okay, then I... come here, come to you, you wait for me." Jing Chenxi stood up staggeringly over there, and was about to find Shen Ning, but before walking a few steps, he suddenly staggered and fell Down, the phone also fell to the ground.

"Chenxi, hello, Chenxi." Shen Ning couldn't hear Jing Chenxi's voice, but heard the noise from the phone, and his heart sank. I don't know where he was drinking, so drunk Drunk, in case something happens, it will be troublesome.

She waited for a few more minutes, but there was still no voice from Jing Chenxi, she seemed to have heard his groaning in pain, so she hung up the phone, thought for a while, and called the person next to Jing Chenxi Confidant Jiang Zhong.

Jiang Zhong has always been Jing Chenxi's capable confidant, helping him carry the great responsibility of the Jing Group.

Because Gu Qi cooperates with Jing Group, she has met Jiang Zhong and has his phone number.

After standing down, she called him and told him about Jing Chenxi's drunkenness.

Jiang Zhong said that he would look for him immediately, so she felt relieved and hung up the phone.

"Sister." A woman's voice suddenly came from behind her just after hanging up the phone, startled her, and turned around quickly, only to see Shen Mei standing behind her with a sly smile in her eyes, "Who are you calling?"

Shen Ning's face tensed: "It's none of your business."

"Sister..." Shen Mei continued to speak.

Shen Ning turned around: "Shen Mei, if you still want to stay here, be quiet and behave like a guest, and don't offend the family, otherwise, I will kick you out at any time."

"You..." Shen Mei became angry.

"What are you?" Shen Ning angrily scolded directly, "Is it difficult to be disciplined? Isn't it good to be a kind person? Do you have to play tricks to survive?"

Shen Mei's face was as black as a dark cloud.

"Shen Mei, I don't care who you are, you came here under the banner of Lan Lan's mother, in short, don't offend me, don't make any small moves behind your back, even if others can't do anything to you, I can do the same Get rid of you, you've **** me off, and this time I've pierced your body full of holes." Shen Ning was aggressive.

Shen Mei's face turned pale, probably from the terrible memory of the last time, her head was retracted into her neck, her eyes were filled with fear.

Shen Ning sneered and went out to get busy.

To deal with this kind of woman, kindness will only make her more and more presumptuous.

Sure enough, Shen Mei obediently went upstairs to find Lan Lan.

Chapter 580 Utilitarianism, hypocrisy

In the evening, Li Zhenting returned to Li's old house.

"Brother Zhenting." Shen Mei greeted him as soon as she saw him, with a cute smile on her face.

Li Zhenting looked at her, his sword eyebrows were tightened, and his eyes sank, but he quickly regained his composure.

"Meimei, are you here to see Lan Lan?" He replied lightly, but looked inside.

In the kitchen, Shen Ning was busy, he passed her and walked towards the kitchen.

Shen Mei was left behind.

"Ning Ning, I heard that you have worked hard these two days, perform well, and then I will reward you." Li Zhenting came to Shen Ning's side, put one hand on her waist, and the other hand was already fried from the side He pinched a piece of the dish and threw it into his mouth, chewing and smiling ambiguously.

"I didn't make it for you to eat, go ahead, don't wash your hands, and you still let others eat." Shen Ning scolded softly, and knocked off his hand.

"Okay, I'll wash my hands right away." Li Zhenting suddenly bent down and kissed her on the cheek, walked aside and turned on the tap to wash his hands.

Shen Ning blushed, what did this man think of her? His woman? Or are you deliberately bullying her and taking advantage of her? Too much!

"Get out, Shen Mei is in the living room, you go and accompany her." She said angrily.

"Really? Are you willing to let me accompany her?" Seeing her indifferent appearance, Li Zhenting inexplicably felt uncomfortable in his heart, and asked with a dark face.

"Of course, she is your woman. Why don't you accompany her with me? Don't forget, I'm just your Li family's nanny." Shen Ning replied indifferently.

Li Zhenting looked at her, with a white sweater, black trousers, hair tied back naturally, a delicate and tender little face without makeup, but his expression was cold and heartless, and he didn't care about him.

He was a little frustrated and irritable.

"Oh, by the way, Shen Mei will be sleeping here for the next few days. I have arranged her guest room next to your bedroom for your convenience." At this moment, Shen Ning seemed to remember something, and then spoke again.

Li Zhenting was taken aback, and arranged Shen Mei next to his bedroom, which was closer than when he was in Li's Castle.

What does this woman mean?

He narrowed his eyes and glanced at her, snorted coldly, turned and walked outside.

In the living room, Shen Mei was standing, and as soon as she saw him coming out, she immediately greeted her, but he ignored her, just went to the sofa and sat down.

When eating.

The whole family was neat and tidy, with Li Jichun and Li Minhua sitting on top, Li Jinyao and Li Wanqing on the left, and Li Zhenting on the right.

Shen Ning deliberately sat on the side with the children.

"Grandpa, grandma, drink the soup." Shen Mei didn't sit down, but stood among the elders and kept busy. After filling the soup for the two old people, she went to fill the soup for Li Jinyao and his wife, and returned it to them. Picking vegetables, even his own daughter Lan Lan was left out in the cold.

Shen Ning just took care of Ke Ke, Ding Ding and Xiao Xiao eating, very focused.

"My cousin's cooking is really delicious, delicious." Sitting next to Li Wanqing, Li Jiaojiao looked coldly at Shen Mei, who was busy like a butterfly, and was very uncomfortable with it.

Obviously Shen Ning cooked all the food on the table, but it seemed like she did it all. She kept trying to curry favor with the elders. She was utilitarian and hypocritical. She didn't like it.

"These are all made by my mommy. My mommy is very skilled." Xiao Xiao completely saw what Shen Mei was thinking, and said with a smile.

The ugly witch wanted to take credit for Mommy, but she was not happy, so she brought it up on purpose.

"Yes, Shen Ning really worked hard." Li Wanqing immediately touched her small face, and praised Shen Ning with a smile.

Shen Mei's face was a little uncomfortable, and Shanshan laughed: "Yes, my sister is very good at cooking, and I also like her cooking very much."
