

Troublemakers 661

Chapter 661 Is this considered retribution?

"Here, drink."

Shen Ning came to Li Zhenting with a water glass, looked at this man who was blind, unable to move, and had to rely on her to drink saliva, and thought of his usual arrogant appearance in front of her, especially the various favoritism towards Shen Mei, I really want to take the opportunity to fix him.

Usually she could not see all kinds of evil deeds of Shen Mei with her eyes open, but she did not expect to be really blind now, is this considered retribution?

She slammed the water glass to his lips heavily.

Li Zhenting was indeed thirsty. As soon as his lips touched the water glass, he opened his mouth to drink, but he didn't drink any water after drinking several times. When he was about to get angry, Shen Ning suddenly poured the water glass into his mouth heavily, and the water flowed toward him. He choked in his mouth and nose.

"Cough cough." In an instant, Li Zhenting was choked and coughed again and again.

"I'm sorry, my hands are a little heavy." Shen Ning looked down at his distressed appearance, a sly smile appeared on the corner of his lips, but he apologized softly.

Of course Li Zhenting would not believe her apology, his face flushed: "Shen Ning, were you also rude when you were taking care of Jing Chenxi in the hospital?"

"I'm sorry, come on, let's have another sip." Shen Ning raised his lips, poured the water glass into his mouth heavily again, and pretended to wipe his chin with a towel in his left hand.

Li Zhenting was blushed again from choking, and his neck was thick, and he gritted his teeth in anger.

Finally, he had no choice but to grab the water glass himself, and drank the water upside down with his head held high.

"Shen Ning, do you know who Jing Chenxi was with last night?" Li Zhenting asked mischievously.

Hmph, the more unwilling you are to take care of me, the more I want to kill your wounds.

"I don't know, and I don't want to know." Shen Ning was very happy after taking revenge on him, and put his cup on the desk.

"Let me tell you, Jing Chenxi slept with Secretary Li last night." Li Zhenting smiled sinisterly.

Shen Ning was startled.

"Last night, Jing Chenxi got drunk, and Secretary Li took care of him. Then, he pulled Secretary Li and forced her, and they slept together."

Li Zhenting is very proud!

"I didn't expect Jing Chenxi to be a virgin. It's really rare. He guards his body like a jade for you. Are you very sad now? Your man was slept by your secretary."

Shen Ning slowly came back to his senses, and smiled: "I sent Secretary Li to take care of him."

The smile on Li Zhenting's lips disappeared.

She sent Secretary Li to take care of her fiance? Cut, who would believe it!

As far as he knew, Jing Chenxi would come to his grandfather's birthday banquet this time, and he came with desperate courage. He wanted to ask his grandfather, Mr. Jing, to help him facilitate his marriage with Shen Ning.

"Hurry up and go to bed, you have surgery tomorrow." At this time, Shen Ning pulled back the quilt and pushed Li Zhenting onto the bed, "It's really speechless for a big man to like these goofy things."

Li Zhenting was furious at what she said.

Is he like that!

After Shen Ning covered him with the quilt, he turned around and was about to leave.

Li Zhenting grabbed her: "Where are you going?"

"I'll go to the nurse for an extra bed and sleep in that room."

"No, I have to sleep here." Li Zhenting pulled hard, and Shen Ning fell into his arms, "I can't see, you sleep so far away, how do you take care of me?"

"You..." Shen Ning pushed him.

The man took the opportunity to lift a thigh and pressed it on her body.

Shen Ning struggled a few times and was crushed by him, unable to break free. Within a few seconds, heavy breathing came from her ears. She glanced sideways and found that Li Zhenting had fallen asleep.

She tried to leave him, but found that her arm was also tightly held by him, and his entire thigh straddled her body, unable to shake him at all.

They were indeed too tired these days. Thinking that he would have eye surgery tomorrow, they couldn't bear to push him away, so they closed their eyes, and fell into a deep sleep as soon as they closed them.

Chapter 662 Let me take care of you

"Ning Ning." A good night's sleep, the next day, Shen Ning went downstairs to the nearby hotel to buy breakfast for Li Zhenting, when she was walking towards the hospital with breakfast, suddenly, someone behind her called her.

She turned around.

A middle-aged man was standing behind her, smiling.

She was taken aback.

This man turned out to be Shen Deshun, her own father.

She turned and left.

"Ning Ning." Shen Deshun chased after her and stopped in front of her.

"Are you okay?" Shen Ning asked coldly.

For this father, if he hadn't taken the initiative to appear in front of her, if it wasn't for the suspicion of his mother's death, she would have forgotten him long ago.

"Ning Ning, the Shen Group is in danger and is about to go bankrupt." Shen Deshun cleared his voice and spoke cautiously.

This daughter has no affection for him, of course he knows it. Of course, before he knew that she gave birth to a pair of sons for Li Zhenting, he also had no affection for her.

"Is this none of my business?" Shen Ning asked indifferently.

"Ning Ning, you are also from the Shen family. The Shen Group was founded by your mother back then. You are so good to Gu Qi, why can't you give a little bit to the Shen Group?" Shen De said naturally.

Shen Ning sneered: "You also know that the Shen Group was founded by my mother. When the Shen Group was profitable, did you give my mother a penny for medical treatment? Now that the Shen Group is in debt, you think of me Yes, it's so funny."

She passed him to leave.

How could Shen Deshun let her go? He glanced at the breakfast in his hand and knew that it was for Li Zhenting.

"Ning Ning, tell Zhen Ting that the 'cloud project' should be signed by him. As long as he nods, the troubles of the Shen Group can be solved." He begged in a low voice.

"Impossible." Shen Ning flatly refused. Don't say that she and Li Zhenting are nothing, even if they were really husband and wife, she would not say that. Six years ago, Shen Deshun and Lan Feiyun relied on her to marry Li Zhenting, I don't know how many times he threatened Li Zhenting for benefits, every time she thinks about it, she feels nauseated.

She strode away with her breakfast.

"Shen Ning, if you don't solve this problem for me, I won't let you go." Shen Deshun threatened fiercely from behind.

Shen Ning trotted all the way into the elevator.

Until the elevator door opened, she didn't recover from the nausea, and what made her even more disgusted was that she saw a very coquettishly dressed woman coming out of another elevator just as she got out of the elevator.

As soon as she came out, she twisted her waist and ran towards Li Zhenting's ward.

Shen Ning stopped.

Shen Mei! This disgusting woman is here too!

She took a deep breath and really wanted to turn around and leave, but Li Zhenting hadn't had breakfast yet, and Professor Rhodes was coming for surgery soon.

She thought about it and walked towards the ward.

"Zhenting, what's wrong with your eyes?" As soon as Shen Mei ran into the ward, she rushed towards Li Zhenting who was sitting on the bed, lay down in his arms, wrapped her hands around his waist, and cried bitterly, "I just now knowing that your eyes were injured, I felt so distressed and worried, so I ran over right away."

Li Zhenting's face darkened, he broke her hand with his hand, and said in a low voice, "Shen Mei, go away."

"No, Zhenting, your eyes are hurt, let me take care of you, I feel so sorry."

Shen Mei hugged Li Zhenting and wept, sincerely.

Shen Ning stood at the door, looking at the loving couple inside, feeling sad and sarcastic in his heart.

A woman like Shen Mei is ruthless in front of her face, but not behind her back. No matter how many bad things she has done, Li Zhenting just pretends not to see it. It is actually quite good for such a man to be blind.

Chapter 663 Please give me the shock

"Oh, sorry to bother you." Shen Ning walked in with breakfast, looked at the men and women hugging each other tightly, and said sarcastically.

"Shen Mei, go away." Li Zhenting went to break Shen Mei's hand again, and sternly shouted.

"No, I don't want to go away, Zhenting, I love you, let me take care of you." No matter how much Li Zhenting resisted, Shen Mei didn't go away, still tightly wrapped around his waist.

"Sister, let's go, just leave it to me, I will take good care of Zhenting." Shen Mei turned her head and said softly to Shen Ning, "Thank you for taking care of Zhenting."

"Okay, then you can take care of him to have breakfast." Shen Ning replied coldly, put the breakfast in front of the bed, and went to the side to clean things up.

"Zhen Ting, let me feed you breakfast." Shen Mei stood up, took the breakfast and spoke politely and gently.

"Get out." Li Zhenting's face turned serious, and he called, "Shen Ning, come and feed me."

Shen Ning sneered: "President Li, forget it, let your beloved woman feed you, aren't you afraid that I will feed it into your nose?"

"Zhen Ting, let me feed it to you, don't worry, I promise I won't feed it into your nose." Shen Mei was extremely gentle, she picked up a small sesame ball and fed it to his lips, "This sesame ball is Your favorite food, it smells so good."

But she didn't finish her sentence.

With a "snap", Li Zhenting suddenly stretched out his hand and slapped the sesame ball away, his face was so gloomy that it was about to rain.

"Ning Ning." He called to Shen Ning.

Shen Ning was startled when he heard the voice, and turned around.

I saw the sesame ball rolling to the ground, and Shen Mei was standing there with fear and grievance on her face, her fingers twisted into a ball.

"Ning Ning, feed me breakfast." Li Zhenting sat there, looking straight ahead like a stubborn child, exuding a terrible jitter all over his body.

Shen Ning's heart skipped a beat.

He is going to have an operation soon, and he can't do it without breakfast.

She silently walked over and picked up breakfast...

"Zhenting, drink water quickly, I've already mixed it." After breakfast, Shen Ning hadn't had time to get up, and Shen Mei, who was standing aside, took Li Zhenting's water glass and filled it to his lips in time.

Shen Ning thought he would drink it this time, but he didn't expect that Li Zhenting's eyes froze, and he stopped drinking immediately: "Take it away, let Shen Ning feed it."

Shen Mei's face turned pale again, with tears welling in her eyes, she obediently handed the water glass to Shen Ning.

Shen Ning was a little surprised. After all, when feeding him water last night, he deliberately made him choke several mouthfuls. Unexpectedly, he would still choose her, which made her a little embarrassed.

This time, she obediently let him drink up after taking the water glass.

Shen Mei has been standing by the side aggrievedly watching the scene of Shen Ning and Li Zhenting lovingly eating breakfast and drinking water, her fingers clenched into fists.

Now that Li Jinchong and Li Xuexi have lost power, Li Zhenting has become even more powerful. She is absolutely unwilling to lose such a man just like this, and even if she is Lai, she will rely on him.

Just after breakfast, Dr. Rhodes hurried in accompanied by Leng Xue.

"You guys go out first." Li Zhenting gave an order and sent Shen Ning and Shen Mei out of the ward.

"Mr. Shen, I'm sorry, please wait outside first, let's discuss the condition of Mr. Li's eyes." Leng Fei said to Shen Ning very respectfully and politely when he closed the door of the ward, but he didn't even look at Shen Mei.

Shen Ning nodded slightly.

"Sister, I love Zhenting, please give me Zhenting." Outside the ward, Shen Mei kept wringing her fingers and standing against the wall. After a while, she suddenly begged Shen Ning.

Shen Ning was taken aback, and suddenly a sneer appeared on the corners of his lips: "Shen Mei, have you ever seen that love succeeds by giving in? Actually, I have been letting you in for six years. When you pushed me into the sea six years ago, I will 'die', you are the only one around Li Zhenting, but why haven't you married him yet? Obviously, Li Zhenting doesn't love you at all."

Shen Mei's face turned pale.

Chapter 664 Will you die if you are not hypocritical?

"But sister, I love Zhen Ting, and you don't love him. Since you don't love him, why bother to fight with me?" Shen Mei clenched her lips, begging bitterly.

"Shen Mei, please make it clear that I never robbed you of Li Zhenting, it's because he doesn't love you, and everything I did was only for the sake of the two children." Shen Ning corrected sternly, "You are the one who is insane, cruel and merciless, ruin yourself."

Shen Mei's fingers were twisted into a ball, and her eyes shone coldly: "Sister, no matter what, I will not give up on Zhenting, unless I die. If you must fight with me, then we have to fight on." ."

Shen Ning smiled coldly.

Really can never wake up a person who pretends to sleep!

At this time, the door opened, and Professor Rhodes walked out accompanied by Cold Blood.

"Professor Rhodes, please wait a moment." Just as Leng Xue was about to leave with Professor Rhodes, Shen Ning suddenly stopped Professor Rhodes in French.

Professor Rhodes was taken aback, and turned around with surprise on his face: "You can speak French."

"Yes." Shen Ning nodded with a smile, and said politely, "Can I chat with you alone?"

"Yes, yes." Professor Rhodes readily agreed.

Shen Ning led Professor Rhodes to the side.

Shen Mei stood aside and was secretly surprised that Shen Ning could speak French. It seems that she has learned a lot outside these years, no wonder Li Zhenting appreciates her.

Jealousy flashed in her eyes.

Five minutes later, Shen Ning walked over calmly.

"Shen Ning, come in." At this moment, Li Zhenting called his name from inside.

Shen Ning walked in slowly, stood in front of him, and looked at him, this arrogant and noble man in the past.

He is still handsome and dignified, but there is a trace of sadness in the corners of his eyes and brows no matter how he looks at it.

She has already communicated with Professor Rhodes. Li Zhenting's eye disease is very serious. Not only did the last injury not heal, but this time he injured the cornea and eyeball, and it is very likely that he will be blind for life!

This is definitely a fatal blow to a man, especially a proud man like Li Zhenting.

"President Li, what's the matter?" She asked softly.

"Can't I call you if I have nothing to do?" Li Zhenting's ears twitched, and suddenly asked roughly, "Did you despise me because you saw my eyes getting better, didn't you?"

"..." Shen Ning was speechless for a while.

"Zhen Ting, what's the matter with you?" Shen Mei who was standing outside immediately ran in and said flatteringly, "What do you want, tell me quickly, I'll help you."

Li Zhenting's face was covered with icicles: "Shen Ning, help me go to the bathroom."

"Go to the toilet?" Shen Ning was a little surprised.

How is she going to help a man to the bathroom?

"Zhen Ting, I'll help you, I'm not afraid of the smell." Shen Mei quickly stepped forward to support him, said softly, and then went to help him with all her strength.

But she was so spoiled and spoiled that she couldn't support Li Zhenting at all, but she still tried her best to support him.

After finally helping Li Zhenting up, suddenly, he threw her away with a wave of his hand.

At the same time, he precisely grabbed Shen Ning's arm with his hand, pulled her over, and said in an almost fierce tone, "Shen Ning, tell me, is it because I'm blind that you dislike me?" Me? Were you half-hearted when taking care of Jing Chenxi?"

Shen Ning's arm hurts from being pulled by him, and he pushed him away: "Li Zhenting, will you die if you are not hypocritical? Don't you love Shen Mei? Isn't it nice to have her supporting you? Why do you have to want me? I Whoever is not yours does not owe you."

This relationship between the three of them has made her body and mind burn like fire, and she has been burned beyond endurance.

Chapter 665 If I can't get it, don't even think about it!

"Shen Ning." Li Zhenting gritted his teeth, "Don't you understand what I mean?"

"I don't understand." Shen Ning sneered, "Do you know who took that pink diamond? Do you know where Ke Ke went the night before? Do you know who gave the laxatives to those people who had diarrhea at the banquet? You bring me What came? Nothing but pain, do you know how I 'died' six years ago?"

Forget it, there are many, many things that this blind man can't understand.

At this time, Shen Mei rushed forward, hugged Li Zhenting's waist, and cried loudly:

"Zhen Ting, what's the matter with your eyes? Will you be blind forever? You are still so young, what should you do if you can't see your eyes, I feel so distressed, don't worry, no matter what, I will never leave you ."

Li Zhenting stood blankly, not knowing whether it was because Shen Ning's words touched him or because Shen Mei's crying moved him, in short, he stood motionless.

Shen Ning glanced at Shen Mei who was weeping affectionately, turned around and walked out.

A calculating smile flashed in Shen Mei's eyes, Shen Ning, as long as I'm here, you can never have a positive result with Li Zhenting. If I can't get it, you can't get it either!

In the taxi, Shen Ning sat in a state of distraught.

The depression and encounters in the past few days made her eyes full of tears, and she couldn't roll out, and couldn't flow back, and the pain was stuck next to the eyeball.

She is also a human being, and she also needs feelings.

Li Zhenting just wanted to let her take care of him, but when did he think about her? Just because she loves him? Can she tolerate him infinitely?

Shen Mei has done so many bad things, why she can still escape the law until now, isn't it because of his protection!

She let the taxi go to Gucci.

Because she held the Shou Yan for Mr. Li, she hasn't been back to Gu Qi for three days.

As soon as I returned to Gu Qi, I was surrounded by various reports and got busy.

In the ward.

Li Zhenting has been restless.

After Shen Ning left, he drove Shen Mei away.

Sitting alone, he picked up his mobile phone several times and wanted to call Shen Ning, but thinking of her upright temper, he finally put it down.

In the afternoon, Ke Ke, Ding Ding and Lan Lan came directly from kindergarten after school.

"Daddy." The three little guys shouted and ran towards him.

"Ke Ke, Ding Ding, Lan Lan." Hearing the voices of the three little guys, Li Zhenting instantly dissipated the restlessness in his heart, and a happy smile appeared on his face.

"Daddy, don't worry, your eyes will be fine soon."

"Daddy, it's okay, you can't see it, I'll get it for you."

"Daddy, I love you so much." Lan Lan climbed into his arms and gave him a big kiss directly.

...

"Thank you." Li Zhenting hugged Lan Lan, his face was full of emotion, he had never been so happy as now, they are really the lights in his life, once they are lit, the darkness in the whole heart will be dispersed.

They surrounded him, kept getting things for him, talking with him, chirping, and the ward was full of joy.

"Daddy, isn't Mommy here?" Ke Ke asked after circling around, blinking her bright eyes.

"Absent."

"But grandpa and grandma said that mommy is here to take care of you." Don't believe me.

Li Zhenting's face sank: "She ran away a long time ago. She dislikes my blindness and doesn't want to take care of me."

"Impossible." Coco objected loudly, "When she rescued you from the back mountain yesterday, both feet were pierced by stones, and they were covered in blood. If she disliked you, she would never have rescued you back yesterday."

Li Zhenting was taken aback, and quickly asked, "Did your mommy's feet hurt?"

"Yes, not only the feet were injured, but also a large piece of skin was lost on the arm, and it was bleeding." Ke Ke nodded heavily, feeling very distressed.

Li Zhenting sat blankly and didn't speak for a long time.

Chapter 666 A dark shadow quietly followed

The night was dark.

Gu Qi President's Office.

Shen Ning was working, when suddenly there was a knock on the door in the quiet office.

"Who?" she asked looking up.

It's so late, who will come over? Moreover, the office has a doorbell, so why doesn't someone ring the doorbell?

There is no echo outside, and the night is so quiet that even a needle dropped to the ground can be heard.

"Is there anyone outside?" Seeing that no one answered, Shen Ning asked again, stood up and walked towards the gate.

It was very quiet outside the gate. It didn't look like someone was knocking on the door. She looked out through the cat's eyes.

There was no one in the corridor of Nuoda, and it was gloomy under the dim streetlights.

She suddenly became a little scared. Looking at her watch, it was already eleven o'clock in the evening. She immediately turned around, took her bag, walked out of the president's office, and entered the elevator, ready to go to the underground parking lot and drive back to Chunhui Garden.

The elevator door slowly stopped on the negative floor.

She walked out and walked quickly towards her business Mercedes.

But she didn't notice, a black shadow quietly followed behind her.

"Stinky." Just as Shen Ning opened the car door and bent over to get in, there was an extremely harsh curse from behind.

Shen Ning was taken aback and hadn't turned around yet.

violently

A powerful big hand reached out from behind and grabbed her hair and pulled it back fiercely. Shen Ning's whole body was pulled out, and the scalp on the top of his head seemed to be torn off, and the pain penetrated to the marrow.

She screamed, but before she could react, the man punched her chest with his elbow. Shen Ning was hit so hard that her chest bone seemed to be broken.

The man pushed her forward, and she knelt on the ground with a golden light in front of her eyes, and a fishy-sweet liquid gushed out of her mouth.

"Skunk, this face is really attractive. Be obedient tonight. I love you so much. Maybe I can save your life. Otherwise, I will go straight to hell." The man patted Shen Ning's delicate face. With a smirk on her face, she reached out and grabbed the clothes on her back, about to carry her away.

"Help, help." In a flash, Shen Ning woke up quickly. When the man was about to pick her up, she turned around and pulled on the window of her car with one hand, pulling hard and screaming.

The scream of the woman is recalled in the underground garage, which is particularly penetrating.

The man was stunned for a moment. He probably didn't expect that she would have the strength to grab the car window to ask for help. After a moment of panic, he was furious and hit her arm hard.

Shen Ning quickly switched to the other arm and grabbed it, shouting heart-piercingly: "Help, come help, I'm going to kill someone."

She knew that if she was kidnapped by this vicious man tonight, it would be the end of her game, so she tried her best to grab the car window.

"Stinky frame." The man was annoyed, "If you don't let go of your hands, I'll stamp your hands off with a knife."

The man took out a shining sharp knife while speaking.

Shen Ning's eyes were blood red, even if he lost his arms, he would not want to be taken away by such villains. Seeing the knife in the man's hand flashing with a cold light, it was swung in mid-air and was about to be chopped off.

She closed her eyes in despair.

"Who? Stop it." Suddenly, footsteps sounded from behind, followed by a shout.

The man was startled and turned his head away.

I saw a young man standing not far away, his eyes staring straight ahead, his sharp-edged face was covered with icicles, and his whole body was full of murderous aura.

His hands trembled, fear flashed in his eyes, he didn't expect someone to be here so late.

"Shen Ning, is that you?" Li Zhenting stood there and asked in a deep voice. He couldn't see anything and could only perceive the other party's information with his own ears.

Chapter 667 I will protect you from now on

"Mr. Li." Shen Ning saw Li Zhenting standing behind him the moment she turned her head, a great surprise surged in her heart, and she shouted tremblingly, but soon, she broke out in cold sweat.

How did Li Zhenting find this place? He is blind in both eyes, come here like this, isn't he here to die?

What about cold-blooded?

She looked left and right, and there was nothing around. Obviously, Leng Xue didn't come over.

Her heart sank to the bottom of the valley.

Li Zhenting's ears twitched, he already understood that Shen Ning was in danger, and shouted angrily: "Let her go quickly, and I will spare you."

"Zhen Ting, hurry up, leave me alone." Shen Ning suddenly shouted sharply, "Take care of the children from now on."

After speaking, she burst into tears.

Li Zhenting moved his ears, and judged Shen Ning's direction, not only did not walk, but walked towards her.

"Haha, so he is blind." After seeing that Li Zhenting was blind, the man's cold eyes radiated a bloodthirsty light, and he left Shen Ning and walked towards him.

"Zhenting, be careful ahead, he has a knife." At this moment, Shen Ning saw the knife in the man's hand stabbing Li Zhenting's chest, his face was pale with fright, and he shouted loudly.

Li Zhenting had sensed the sound of the wind in front of him early on, and his body nimbly dodged to the left.

The man's hand with the knife was chopped off.

"Be careful to the left." The man slashed at Li Zhenting after he slashed at nothing, Shen Ning's heart raised his throat, and he reminded loudly.

Li Zhenting dodged to the right again, turned around suddenly, and kicked the man with a flying kick.

There was a crisp sound of "bang", that kick just hit the man's wrist, and the sharp knife fell to the ground.

Shen Ning's eyes flashed with light.

At this moment, the agile Li Zhenting kicked him again. The man was kicked in the chest, screamed, fell to the ground and struggled, unable to get up again.

"President Li." Shen Ning ran towards Li Zhenting.

"Ning Ning, are you injured? How is the injury?" As soon as she ran close to him, Li Zhenting stretched out his hands and hugged her tightly, hugging her tightly, and asked with concern.

The man's black pupils are deep, and the bottom of his eyes is full of green vitality. Although the eyes are straight and out of focus, Shen Ning feels that they are the most beautiful at this moment, and they are so beautiful that they break her heart.

"I'm fine." She whispered.

"It's fine, I'm sorry, I'm late, I will protect you in the future, and won't let you get hurt a little bit." Li Zhenting held her in his arms and murmured, his tone firm and gentle.

Shen Ning lifted his face from his arms and looked up at him. The man's perfectly contoured jawline was now full of tenderness, especially gentle, a warm current slowly flowing through the heart of the desert.

But at this moment, her eyes widened in horror.

later.

Three men in black clothes are coming to surround here, each of them looks fierce.

"Zhen Ting, let's go, the bad guys are coming." Shen Ning immediately pulled him and ran towards his car.

"Ah." The three men rushed towards them like hungry wolves in three directions.

"Ning Ning, hurry up, go to the car first, don't get off." Li Zhenting pushed Shen Ning forward and shouted loudly. He quickly turned around, put his whole body into a state of alert, stood in a horse stance, with his ears pricked up, Take it easy.

But no matter how calm and agile he is, he is also blind. How could he defeat these three gangsters attacking in three directions at the same time?

"Zhen Ting, don't." When Shen Ning was pushed in front of the car, turned around and raised his head, the color on his face was gone.

A man sneaked up on him behind the back, and the other two men attacked one from the left and the other from the right.

The man behind kicked Li Zhenting **** the back. He was kicked and fell forward on the spot, and the other two men took the opportunity to punch Li Zhenting on the head.

"Shocking." At that moment, Shen Ning's heart seemed to be pierced by a thousand knives, and the pain buried deep in his heart rushed out.

At this moment, Li Zhenting was knocked down to the ground, and three men started punching and kicking him.

Chapter 668 She has a sore nose and wants to cry

"Don't hit him." Shen Ning rushed up like crazy, pushed a man down hard, and rushed to protect Li Zhenting's body.

The man's fist hit Shen Ning's back heavily.

"Ah." Shen Ning cried out in pain.

"Ning Ning." Li Zhenting's heart throbbed, this woman is crazy, she rushed over like this, how could she, a weak woman, bear the beatings of these vicious men.

"Don't hit her, hit me." He roared angrily, and opened his arms to protect Shen Ning into his arms.

The fists of the three men hit Li Zhenting violently.

Shen Ning was hugged by Li Zhenting into his arms, full of anger.

at this time.

An off-road vehicle roared and rushed over from there.

"Bastard." The cold-blooded eyes were blood red, and he stepped on the accelerator, and the car rushed over and knocked a gangster into the air.

It turned out that Leng Xue received a call from the hospital nurse saying that Li Zhenting had disappeared.

He was startled, and after thinking for a while, he rushed to Gu Qi. Sure enough, he saw the scene that made him angry in the underground parking lot.

"President Li." He jumped out of the car and punched a man on the head.

With a sound of "swelling", a gangster spit out blood from his mouth, shook his body a few times, Leng Xue leaped into the air again, kicked his chest with both feet, and kicked him to the ground directly.

Another gangster, seeing the other two men fell down in an instant, knew that a master was coming, turned around and ran away in fright, roared in cold blood, and ran over...

"Zhenting, how are you?" As soon as the gangster ran away, Shen Ning immediately struggled out of Li Zhenting's arms. When he was struggling, he realized that Li Zhenting's arms were hugging her so tightly that his whole body was covered in All of her body blocked those fists and feet for her. For a moment, her nose was sore and she wanted to cry.

"I'm fine." Li Zhenting said indifferently, "It's okay for a big man to be punched and kicked."

"No, those people are vicious, they must be injured, let's go, let's go back to the hospital." Shen Ning sniffed and was about to help him up.

Sudden

A man who fell on the ground next to him woke up, took out a sharp knife from his arms, and stabbed fiercely at Li Zhenting's back.

"Be careful." Shen Ning pushed Li Zhenting, rushed over and instinctively protected him.

At this moment, the sharp knife stabbed towards her abdomen.

It's too late to say it, but it's too soon.

Before Shen Ning could close his frightened eyes, Li Zhenting picked her up and rolled her to the ground. The man's sharp knife fell through the air. Li Zhenting kicked the man's head to the side with a roundabout kick, and the knife on his arm fell to the ground. I can't stand up anymore.

"Zhenting, hurry up, let's go." Shen Ning breathed a sigh of relief, and immediately helped Li Zhenting stand up and got into her car.

Not knowing how many gangsters were still here, she started the car and drove out until the car stopped in front of the hospital, her hands were still shaking.

"Doctor, hurry up, check him to see where he is injured." Shen Ning directly helped Li Zhenting into the emergency room, and shouted at the doctor.

Her biggest worry was hurting his eye again.

Fortunately, after a doctor's examination, it was okay, Li Zhenting was just punched, there were no fatal injuries, and his eyes were fine.

She breathed a sigh of relief, and when she was about to help Li Zhenting stand up and go back to the ward, suddenly the world spun and she fell down.

...

In the hospital ward.

"Boss Li, the four gangsters have already confessed. According to their confession, they were ordered by others to have those men gang-rape Shen Ning and destroy her." Reported coldly and seriously.

Li Zhenting's face was tense, every pore oozes chill, his voice was as cold as coming out of hell: "Who ordered it?"

Cold-blooded and clear: "Shen Mei."

Li Zhenting narrowed his long and narrow eyes, and his facial features were sharp: "Are you sure? The evidence is solid?"

"It is certain, this time the criminal directly confessed her name, and no one else was involved."

"What about Li's old house?"

"Boss Li, the police have already checked Li Xuexi, she confessed everything, and the man in black who snatched Keke and was wearing a mask was Shen Mei, this is also the most direct evidence that she was the one who beat Keke. "

"Yes." Li Zhenting nodded slowly, chilling, "This time, it's enough to send her in."

"Yes."

"You send all the evidence and those three gangsters to the police station, and everything will be handled according to the law."

"good."

Turned around in cold blood and left.

Li Zhenting clenched his fists into fists.

Shen Mei, you are too much! This time, you must be severely punished by the law, otherwise, it would be too unfair to Shen Ning and Ke Ke!

As early as when Shen Mei maliciously poured poisonous liquid on Shen Ning's face in Gu Qi's warehouse to disfigure her face, he was somewhat selfish at that time. After all, nothing happened to Shen Ning, and Gu Qi needed to develop, and Lan Lan, I can't live without Mommy.

Therefore, he let her go and didn't pursue her.

Later in Li's Castle, when Shen Mei poisoned Ke Ke and Ding Ding, he was already very angry, but there was no evidence at that time, and he couldn't bear the heart that Lan Lan didn't have a mother, so he endured it.

He had long guessed that what Hei Laoqi did to Shen Ning in Li's compound was related to Shen Mei, and he was determined to send Shen Mei in, but unfortunately there was not enough evidence, that fat woman took all the responsibility. Guilty, he also understood that this was the reason why Lan Feiyun was manipulating behind the scenes.

So.

When his grandfather was in Shouyan, he carefully arranged a big game of chess and invited Lan Feiyun and Shen Mei, as well as the eventful Zhu Lingmei. Sure enough, these women lived up to their high expectations and made so many monsters. Let them all enter the game.

certainly

What he didn't expect was that Lan Feiyun's mother and daughter would secretly collude with Li Xuexi, it's simply too abominable...

Shen Ning was awakened by a burst of miserable cries. When he opened his eyes, he found himself lying on the hospital bed. He quickly turned over and got up, but when he climbed up, he felt pain in his chest, scalp and back. Those gangsters hurt last night.

"Zhen Ting, please forgive me, next time I won't dare to frame my sister again, please, if I go in, Lan Lan won't have a mommy anymore!" A woman's miserable cry came from outside, The sound is louder than the sound, isn't this Shen Mei!

She stood up holding the head of the bed, and walked slowly towards the door.

"Shen Mei, you are cruel and ruthless, you don't want to repent, you have violated and framed Shen Ning again and again, your nature is bad, this time, no one can save you." Li Zhenting was expressionless and his tone was blunt.

"Zhenting, I did this because I love you. Please don't send me to the police station for the sake of loving you. You can beat or scold me if you want." Shen Mei knelt and crawled over to hug Li Zhenting Tears and snot running down my thighs, heartbroken, "At the beginning, you promised to marry me, but now, you don't love me anymore, so you cruelly abandoned me. I couldn't stand the stimulation and did those things Yes, please have pity on me."

She howled!

"Shen Mei, let me tell you again, I have never loved you, even if you pretended to be Xiaofeng and followed me for so many years, I still did not fall in love with you, because you are not my Xiaofeng at all, you are vain, greedy Fen Wudu, cruel and merciless, I have seen through you long ago, but for Lan Lan's sake, I didn't do anything unfeeling to you.

At that time, the reason why I agreed to marry you was entirely because of Ding Ding. I thought Ding Ding wanted me to marry you so that I could give my children a complete family, but it turned out that it was a misunderstanding. Ding Ding never wanted me to marry you. you.

Shen Mei, you are such a failure in life. Even if Ding Ding likes you and begs me to marry you, I will form a family with you out of responsibility, but you don't know how to repent and get worse. Take care of yourself, try to come out as soon as possible, don't worry, I will take care of Lan Lan. "

With a straight face, Li Zhenting rebuked Shen Mei's crimes sadly, his eyes were as cold as ice.

She committed a crime, a very serious crime, and cannot escape the punishment of the law.

Chapter 670 He will never fall in love with any woman again

Shen Ning stood blankly, completely stunned by what Li Zhenting said outside.

It turned out that Li Zhenting had never loved Shen Mei before, and he was going to clean up Shen Mei a long time ago. This time, Mr. Li's birthday banquet was carefully arranged by Li Zhenting. He specially invited Shen Mei's mother and daughter to come, just to catch them...

She may have misunderstood Li Zhenting!

But from his mouth, it is also clear that the woman he loves is Xiaofeng, and Shen Mei just came to him pretending to be Xiaofeng...

"Ning Ning, are you awake?" At some point, Li Zhenting groped to the door of her room and asked softly while standing outside.

She didn't speak.

Shen Mei has been taken away by the police. She believes that even if she doesn't hand over the recorded evidence of pushing her into the sea six years ago, Shen Mei will spend at least ten or eight years in prison.

A woman spends her best years in prison, which is what she deserves!

But for some reason, she didn't feel happy at all, and turned around silently.

Li Zhenting waited outside for a while, probably afraid of waking her up, and walked back after groping.

Shen Ning sat in front of the hospital bed with a dull expression!

She has loved this man for so many years, but she never knew his heart. Shen Mei pretended to be Xiaofeng and lurked by his side for so many years but failed.

Shen Mei is enchanting, **** and beautiful, even a man would want to have sex, but Li Zhenting didn't because of Xiaofeng!

Then what kind of woman is Xiaofeng, who can make Li Zhenting protect her so affectionately?

Her phone rang, she picked it up blankly, there was a short message on it, she clicked on it:

"Shen Ning, although I was taken away and I will never threaten you again, don't get too complacent, you won't get Li Zhenting, because, from beginning to end, there is only one woman Li Zhenting loves, and that is : Xiaofeng. Apart from her, he will never fall in love with any woman, including you, so give up, I won't get it, and you won't get it, haha, I hope you won't suffer forever in the future."

Shen Ning threw away his phone, like throwing away a hot potato, his mouth and heart were full of bitterness.

She covered the quilt and fell asleep again.

"Mommy, Mommy." At some point, she was awakened by a cry, and opened her eyes, and Keke and Ding Ding were standing in front of her, staring at her with concern and calling her.

"Ke Ke, Ding Ding, you are here." Seeing this pair of children, Shen Ning was immediately surrounded by warmth, stretched out his hand to touch their little heads, and sat up smiling.

"Mum, I heard that you passed out last night, what's going on?" Coco asked worriedly.

Shen Ning smiled: "I didn't faint, Mommy just worked overtime too late last night, so tired that she fell asleep."

It seems that Li Zhenting hasn't told the children about her being beaten by gangsters, which is good.

"Mum, don't work overtime too late, don't worry, we will make money for you when we grow up, so don't work so hard." Ding Ding said coolly after listening to his heartache.

Shen Ning's heart was warm, holding Ding Ding's hand, before speaking, when the door was dark, Li Zhenting groped and walked in.

"Don't worry, I will never let your mommy work overtime in the future, I will take care of her." Ding Ding ran over and pulled Li Zhenting to Shen Ning's hospital bed, helped him sit down on the hospital bed, he smiled and said.

"Really, Daddy, will you never bully Mommy?" Coco and Ding Ding asked almost at the same time.

"Of course not, it's too late for me to love her." Li Zhenting was a little embarrassed, these brats always thought he was bullying their mother, how could he bully a woman.

"Then we will look at your performance in the future. If Daddy doesn't pay attention to what you say, we will go with Mommy." Ke Ke and Ding Ding threatened.

"Okay, just wait and see, Daddy is a man, and he will definitely keep his word." Li Zhenting had a serious face and a firm tone.

The two little ones looked at each other and laughed happily.
