

## Troublemakers 861

Chapter 861 Don't give up easily

"Hey, Daddy is too disappointing." Xiao Xiao's eyes were red, and his face was full of disappointment.

He promised that she would treat Mommy well, but he disappointed her time and time again. This daddy is really unreliable.

San Xiao only looked at the surveillance screen, extremely frustrated.

It turned out that they went to Li's Group that day to install a surveillance camera in Li Zhenting's office to monitor Daddy, and they found out the problem!

"what to do?"

"What can I do, of course it is to help Mommy fight monsters and upgrade." Coco said naturally.

"Then how to fight?"

"Come here." Ke Ke beckoned to Ding Ding and Xiao Xiao.

The heads of the two little guys came together.

The three little guys muttered in a low voice.

In the study room, Li Wanqing was looking at traditional Chinese paintings with her eyes on.

Shen Ning knocked on the door.

"Come in."

Shen Ning pushed open the door and walked in slowly.

"Mom." She stood still in front of Li Wanqing, bowed her head and spoke softly.

Because I was a little nervous, my heart was beating very hard.

Li Wanqing looked up at her with a friendly smile on her face.

"Ningning, are you okay?"

"Yes, Mom, there is something I want to tell you." Shen Ning pursed his lower lip, and finally made up his mind.

"Oh, what is it?"

Intuition made Li Wanqing's eyelids twitch, she stood up and took Shen Ning's hand to sit on the sofa, looking at her kindly.

Seeing her mother-in-law's concerned smile, Shen Ning felt a sharp pain in her heart.

What a great mother-in-law, she really can't bear to talk about it, she really wants to live happily in this big family forever.

But now there is really no way to persist.

It was the original sin that Li Zhenting didn't love her. She shouldn't have taken over his love.

"Mom, I've already made up my mind. I want to divorce Zhen Ting." After she cleared her voice, she met Li Wanqing's eyes and spoke boldly and firmly.

The smile on Li Wanqing's face froze, and the light in her eyes gradually deepened.

"Why?"

Shen Ning's heart was pounding, because of guilt and sadness, his throat felt as uncomfortable as a handful of sand.

"Is it because of the little wind?" Li Wanqing continued to ask.

"Mom, I..." Shen Ning's eye circles were moist.

"Ning Ning, you and Zhen Ting are legally married and are protected by the law. They are also the daughter-in-law of our Li family's famous matchmaker. Why should you, a dignified Mrs. Li, be afraid of a woman who can't see her face? What is Xiaofeng? You are nothing in our Li family, everyone in our Li family only recognizes you, what's the use of her jumping around, why do you want to divorce because of her?"

Li Wanqing persuaded her earnestly,

"The door of the Li family is not something that any woman can enter if she wants to. Li's group is a large multinational enterprise. As the president of a company, based on his status, there will be some women with unscrupulous intentions who want to approach him and play tricks on him. Yes, it's normal, but it's not scary. As Zhen Ting's wife, your endurance and wisdom will be tested at this time. Do you know why Mom arranged you to work with Zhen Ting? Yes. I want to drive those women away so that you and your husband can be inseparable, happy forever, and take care of several children, but you have only persisted for a few days and you are about to retreat, this is not what I want to see."

Li Wanqing's tone was very serious, with a solemn face.

"It is a great fate that two people who have never met before can become husband and wife. Mom hopes that you can persevere and don't give up lightly. Happiness is always in your own hands."

"But Mom, love can't be forced. Zhen Ting and I are really not suitable. He doesn't love me." After a long time, Shen Ning replied with a pale face.

"Nonsense." Li Wanqing's face turned serious, her eyes sharp, "Zhen Ting is my son, don't I know him well? If he doesn't love you, can he remarry you?"

Chapter 862 Didn't he tell you?

Shen Ning felt sad.

Maybe Li Zhenting has love for her, but that love is definitely not enough, definitely not as good as the love for Xiaofeng.

But what she wants is not this little bit, what she wants is a lifetime of a couple, all his love, if she can't give it, she would rather not have it at all!

Now I follow him every day, watching him and Xiaofeng love and ambiguous, life is worse than death.

If Xiaofeng died before, she still had the confidence to fight for it, but now that Xiaofeng is right in front of her, and her rank is still so high, what would she use to fight for it, she doesn't have the ability.

Ke Li Wanqing spoke resolutely:

"Ningning, I don't allow you to give up lightly, and I don't allow you to divorce my son. You are the mother of my three grandchildren. Only you can bring happiness to this family. You can rest assured and persevere. Me and your father, grandparents and grandparents, will definitely support you behind the scenes, and let you win this war."

"Ningning, do you know? When I appointed you as the vice president of the company last time, when I asked your grandfather to get the token, he gave it to me without saying a word. You must know that this is the only time. , He never gave it to anyone before."

...

Shen Ning suddenly felt that he was very powerless, unable to say anything in front of this mother-in-law.

Her affirmation and support, generosity and determination made her feel ashamed.

In the end, she repeatedly confessed that she would never be allowed to leave after divorcing Li Zhenting.

In desperation, Shen Ning had to bow his head and walk out of the study.

the next day.

Shen Ning came to the Li Group early in the morning.

In the past few days, Li Zhenting often has headaches, is very angry, and has an unstable temper. Shen Ning wants to make some heat-clearing and heart-nourishing soup for him.

When she was cleaning the Chinese herbal medicine in the washbasin, the smell of angelica came from one of them, and suddenly, there was a violent churn in her stomach. All the jaundice was vomited out before it was considered to have stopped.

"Hey, sister, what's wrong with you? Are you feeling unwell?" When she stood up after rinsing her mouth and drying her mouth, suddenly, a woman's cold voice came from behind.

She was startled and turned away.

I saw Xiaofeng standing behind, with a vigilant face, staring at her coldly, with an unknown smile on the corner of his lips.

"Who told you to come in? Get out quickly." After being stunned for a while, Shen Ning immediately shouted angrily.

Xiaofeng smiled coldly: "Vice President Shen, since yesterday, Zhenting has notified the secretary's office. For work needs, I can freely enter and leave the president's office. Didn't he tell you?"

Free access?

Shen Ning was stunned for a moment. Li Zhenting actually allowed Xiaofeng to freely enter and leave his president's office, knowing that she had ordered that no one could enter freely without approval, especially Xiaofeng.

Isn't this slapping her in the face?

Li Zhenting, you really are an asshole, for the sake of women, you have no principles at all!

She threw all the ingredients in her hand into the trash can, turned around and ran out.

Xiaofeng stared at her back, his eyes fell on her waist, and there was a dark light of suspicion in his pupils.

In the chip design room, Fang Xianyun sat in front of the computer with a heavy heart, staring at the design drawings in front of him without blinking, frowning.

"Manager Fang, what are you thinking?" Wang Qingfei brought him a cup of coffee and boiled water.

This young department manager is really handsome and talented, and she is willing to get close to him.

Chapter 863 She said that she likes to be called Xiaofeng the most

"Little girl, hurry to work." Fang Xianyun took a sip of coffee and chased her away.

Wang Qingfei stuck out his tongue: "Manager Fang, when will Xiaofeng's chip be developed? Will our department be disbanded next month?"

"It's impolite to call her Xiaofeng. Be careful if she wears small shoes for you. She's a big celebrity now." Fang Xianyun knocked her on the head.

Wang Qingfei touched her head, pouted: "She told us to call her Xiaofeng, she said she likes to be called Xiaofeng the most."

"Forget it then." Fang Xianyun waved his hand at her, his eyes still on the design drawing on the computer.

This design drawing is a chip design drawing carefully researched by their entire team. All kinds of data are already complete, but there is a set of data that cannot be successfully calculated, resulting in the failure of the entire project to break through.

Wang Qingfei suddenly sat down next to him and complained: "Manager Wang, Xiaofeng's design drawings are only discussed with President Li, and he doesn't tell us at all. Like the president's wife, I

really feel wronged for President Li's wife, if this continues, I really don't know when there will be a breakthrough, and now I wonder if she has the ability."

In Wang Qingfei's eyes, besides tidying up, Xiaofeng's eyes are on Li Zhenting's body every day. After they get off work, she is still working overtime every day, and she doesn't know what it is.

Fang Xianyun frowned, and gave her a look: "The little girl doesn't know the rules of the workplace and chews her tongue, so she won't know how she died."

"Okay." Wang Qingfei pouted, and had no choice but to go to work, but she felt something was wrong in her heart, but she was just a newcomer after all, and even Manager Fang didn't say anything, so of course she had no right to say anything.

As soon as Wang Qingfei left, Fang Xianyun became more preoccupied.

Xiaofeng has been in the design department for a while, except for the design drawings that she just brought, there is no progress so far, but she and Li Zhenting have become much closer.

It made him wonder if she could even design the chip.

As a well-known chip expert in the industry, the blueprints brought by Xiaofeng are indeed a bit novel, and even one or two data were not researched by their professional team. It is precisely this that makes everyone have no doubts about her.

But as time went by, except for discussing work with Li Zhenting every day, Xiaofeng had almost no communication with the people in their department, and his work was stagnant. He was really confused.

But Li Zhenting, who has always been shrewd, didn't say anything. Instead, he trained them because of Xiaofeng's physical problems, and they didn't dare to speak out.

Five p.m.

Xiao Xiao, Ke Ke and Ding Ding came to the Li Group again.

This time, they entered through the back door quietly.

There are only a few days before the Chinese New Year, the company is doing the year-end summary, and there are many meetings and meetings. They quickly came to Xiaofeng's office from the back stairs.

"Go in, I'll watch outside." Xiao Xiao whispered to Ke Ke and Ding Ding.

"Okay." Coco and Ding Ding slipped in.

Fortunately, no one usually comes to Xiaofeng's office. One is that it is confidential, and the other is that she has no one close to her in the Li Group except Li Zhenting, and no one comes to pay attention to her.

Xiaoxiao was standing by the door with a small schoolbag on her back, when she suddenly heard footsteps, and when she looked up, she saw Xiaofeng walking over from there, and Nurse Wu followed her to support her.

Not good, here comes the old goblin.

Ke Ke and Ding Ding have not been in for a long time, and they probably haven't installed it yet!

At that moment, she cleared her voice, and suddenly ran up.

"Hello, Aunt Xiaofeng." She greeted her with a smile.

Xiaofeng took a closer look, isn't this cute girl the daughter of Li Zhenting!

She actually came to the company again, and immediately rolled her eyes, and immediately smiled kindly:

"It turned out to be Xiaoxiao, you are so obedient and beautiful. Auntie likes you the most."

Chapter 864 Can you buy me something to eat?

"Auntie, I'm thirsty, can you buy me a bottle of water to drink?" Xiaoxiao looked at Xiaofeng with her two bright black eyes, and said sweetly.

Xiaofeng was thinking in his heart to curry favor with these three little guys. After all, after becoming Mrs. Li, he would be their mommy. In order to get a solid foundation, he had to get close to them.

"Okay, just wait, I'll go buy it right away." She immediately agreed, went to the side of the vending machine and took out her mobile phone to scan the code, and soon bought a bottle of mineral water.

"Auntie, can you unscrew it for you?" She asked gently.

"Okay, thank you, Auntie." Xiaotiantian said.

Ke Ke and Ding Ding are still in the office and have to delay.

"Aunt Xiaofeng, I'm a little hungry, can you buy me something to eat?" Before Xiaofeng unscrewed the bottle cap, she asked cutely.

"Okay, of course." Xiaofeng readily agreed, and immediately agreed with a smile, and walked towards the vending machine.

But this time, she took Xiao Xiao to go, and she wanted to let her choose what she likes to eat.

Xiaoxiao stood in front of a dazzling array of drinks, bread, and desserts, ordering this and touching that on purpose. After dawdling for a while, she pretended to order a few things.

"Okay, that's all." She didn't speak until her phone rang, and she looked down and saw that it was a message from Coco, telling her that they had installed the monitoring.

"Okay, Auntie will pay the bill." Xiaofeng took out his mobile phone and scanned the WeChat code to pay.

"Thank you, Auntie." Xiaoxiao smiled brightly.

"Come on, Xiaoxiao, be hungry, eat quickly." After the snack jumped out, Xiaofeng picked it up, first tore a piece of bread, and put it in her mouth.

Xiaoxiao suddenly put her hands behind her back and shook her head: "I don't want to eat."

Well!

Xiaofeng was stunned.

"Why? Aren't you hungry?"

The little eyes rolled and said: "This bread is cold and not soft. I don't like to eat it. The water is too cold. If I drink it, my stomach will hurt."

Oh, so it is!

"Okay, I'll heat it up for you, mix some warm water for you to drink, come with me." Xiaofeng took bread, snacks and water and took Xiaoxiao to her office.

Xiao Xiaopao walked behind her, rolling his eyes at her back.

In the office.

"That cup is so dirty, I don't want it." Xiaofeng picked up an unused cup of his own and cleaned it, and was about to mix some warm water for Xiaoxiao to drink, but Xiaoxiao yelled beside him.

After hearing this, she had to clean it twice.

"Is this okay?" She asked, shaking the bottom of the white cup.

"Yeah." Xiaoxiao nodded her head.

Xiaofeng carefully mixed the warm water, took half a cup and put it on the coffee table in front of her.

"Drink some warm water first, and Auntie will help you heat the bread in the microwave." Xiaofeng tried his best to help Xiaoxiao heat the bread.

"Thanks."

"You're welcome."

"Ah." Xiaofeng was heating the bread, suddenly, there was a 'bang' sound, Xiaoxiao cried out in pain, and the cup in his hand fell to the ground and shattered.

"Xiao Xiao, what's the matter?" Xiaofeng was startled, and hurried over to ask.

"The water is so hot." Xiao Xiaozhang cried loudly while holding her reddened fingers.

Xiaofeng's face changed color, and she was very surprised. The temperature of the water she adjusted was just right, and it wasn't too hot. How could it burn her fingers like this?

"I'm sorry, I'm sorry, Auntie didn't adjust the water temperature properly, I'll get you some Thai cooling ointment and you'll be fine." She had no choice but to apologize, and hurriedly searched for the cooling ointment in her bag.

Chapter 865 Are you trying to kill her on purpose?

Hearing her apology, Xiaoxiao cried even louder.

Xiaofeng was flustered and flustered.

"Xiao Xiao, what's the matter with you?" At this moment, Ke Ke and Ding Ding heard Xiao Xiao crying and ran in and asked.

"Brother, my finger hurts." Xiao Xiao put her red finger in front of them.

"How could this be?" The two little ones looked at it, and asked anxiously.

Xiaoxiao winked at them and said, "The water my aunt poured for me was scalding."

"I'm sorry, I'm sorry, come, apply the cooling ointment." Xiaofeng hurriedly came over with the cooling ointment, apologized to them again, and wiped Xiaoxiao's fingers.

"Hey, my poor sister." After wiping her fingers, Ke Ke stretched out her arms to hold Xiao Xiao, patted her on the back and comforted her: "Okay, don't cry, don't cry, Aunt Xiaofeng has never taken care of children, no Knowing that your skin is delicate, you can't use water over thirty degrees."

When Xiaofeng heard it, it turned out that the skin of a child is so delicate that the water temperature can only be below 30 degrees. She has never raised a child before and has no experience.

"Xiaoxiao, Auntie, let me feed you bread. I'm sorry, Auntie didn't know that the water would be so hot. I won't do it next time." Xiaofeng felt guilty, coaxed Xiaoxiao, and tore the soft bread from the microwave oven. Put it on the plate, bring it over, use a fork to fork a small piece and put it in front of the small mouth.

Xiaoxiao sobbed, opened her mouth and took a bite, then suddenly said "Yeah" and spit it all out.

She cried loudly again: "The bread is so hot, it's burning my tongue."

As she spoke, she stuck out her little tongue, it was red, and she was crying miserably.

Xiaofeng was completely frightened.

"Auntie Xiaofeng, didn't I just say that Xiaoxiao can't eat things over 30 degrees Celsius? This bread was given to Xiaofeng right after it was taken out of the microwave oven. Are you trying to kill her on purpose?" Keke became angry, yell at her.

"No, that's not the case." Xiaofeng panicked, she only thought that the bread was very soft just after taking it out, and she never thought that it should not be too hot. The only reason is that she has never taken care of children, and she really has no experience at all.

Coco's face was tense: "Aunt Xiaofeng, I think you just want to intentionally mutilate children, I want to tell Daddy."

"No, I never thought of doing this." Xiaofeng hurriedly defended.

"Hey, forget it, Aunt Xiaofeng definitely didn't do it on purpose." At this moment, Ding Ding said hypocritically from the side, took a piece of bread with a fork, put it in his mouth and chewed slowly, "It's a little hot, but it's cold now. It's ready to eat."

Xiaofeng heard that Ding Ding was the best, and quickly smiled at Ding Ding: "Ding Ding is right, I definitely didn't mean it, if you like to eat, eat more, and Auntie will buy you delicious food."

"Okay, thank you, Aunt Xiaofeng." Ding Ding put another piece of bread into his mouth.

Xiaofeng breathed a sigh of relief.

Sudden.

"Ouch." Ding Ding covered his stomach with his small hands and shouted, "There is something wrong with this bread, my stomach hurts so much, I'm going to poop."

Xiaofeng was dumbfounded when he heard it. How could there be a problem with the bread?

Hey, these little brats are really troublesome. If I knew this, I might as well not buy them something to eat.

"Aunt Xiaofeng, I'm going to have diarrhea, can you help me go to the toilet?" At this time, Ding Ding's short legs were tightly together, twisting his little butt, with a look of discomfort on his face, and asked in a childlike voice .

"Okay, Auntie will help you." Xiaofeng had no choice but to agree, and walked towards the toilet with his arms, but the little guy's legs were tightly together, and he couldn't walk at all, and he cried out for stomach pain.

She gritted her teeth and had no choice but to hug him up.

But as soon as he picked it up, he heard "Puff puff puff" a few times, and Ding Ding farted several times in a row!

It stinks!

In an instant, Xiaofeng's face was black with smoke, and the smell was unbearable.

But she couldn't put down Ding Ding and ignored her, so she frowned, raised her lips, held back her breath, and continued walking towards the bathroom with Ding Ding in her arms.

But at this time something even worse happened, I saw Ding Ding's face was flushed red, he was holding his breath hard, and after letting out another bunch of little butts, he yelled bitterly: "Auntie, I'm sorry, I can't help it!" Stop it, Papa has pulled it up on the trousers."

Chapter 866 A solid slap

Xiaofeng only felt a burst of heat on her body, and then a strong stench wafted out, making her so sick that she almost vomited.

She couldn't bear it anymore and put Ding Ding down.

As soon as I put it down, I saw that my body was full of feces and urine, which stinks badly, and my face turned dark.

Ke Ke and Xiao Xiao looked at each other behind their backs, and both held back their smiles.

It turns out that Ding Ding is so good at acting, they are really convinced!

"Auntie, can you clean my ass, I'm so cold now." Ding Ding looked at Xiaofeng pitifully, and sneezed loudly.

"I, okay, help you wash." Xiaofeng gritted his teeth and agreed in order to please the children and impress them, but he was completely dissatisfied in his heart.

She hates children \*\*\*\* and peeing the most, let alone pulling her all over now, but there is no way, she wants to be Mrs. Li, a good wife and mother. In this case, for children, at least the superficial work must be done well .

Ke Ke stood there with disgust on her face. This woman could tell that she didn't love children at all. She was just pretending, even his children could tell that she was pretending!

If Mommy sees that Ding Ding has pulled his pants, she will immediately help him take off his pants, and will keep asking him if his stomach hurts, and will take him to the hospital immediately, and clean him immediately. Cover him tightly to prevent him from catching a cold, and he won't be afraid of the smell at all.

How could someone be as reluctant as her and still despise them!

Only mother is good in the world!

We must drive this witch away from Daddy, otherwise, the three of them will be in trouble after Mummy runs away in anger!

In the bathroom.

"Aunt Xiaofeng, why don't you go and help me find my daddy and get a pair of clean pants, I'll clean them myself." Ding Ding suddenly said very caringly.

This statement is in Xiaofeng's arms.

"Okay, then you clean up yourself, I'll get you pants." She immediately agreed and turned and ran away.

"Huh." As soon as she left, Ding Ding stood up straight.

He ate too much at school today, he already had a stomachache twice, and this time, he was going to pull it on her.

"Hurry up, bring her water glass." He took off his pants and shouted at Coco.

Keko understood, and immediately went to the desk to take Xiaofeng's water glass...

But Xiaofeng said that after running out, he went to the back cloakroom to change into a set of clean and beautiful clothes, and then walked towards Li Zhenting's president's office.

In the president's office.

Shen Ning was not there, and there was a person sitting at Li Zhenting's desk, looking down at the documents.

fine!

Li Zhenting is here!

She's just about ready to act her part!

"Zhenting." She walked over with a light body, opened her arms, pursed her lips, and yelled coquettishly, hugged Li Zhenting's arm, and fell directly into his arms as limp as a boneless body.

"Presumptuous." But just as her body was about to fall down, she was pushed by an arm, and she was pushed back a few steps, almost falling down. Seriously, before she could understand, she raised her hand and slapped her hard across the face.

With a "slap", she was slapped firmly on the face, and she was stunned and stood there.

"You really are seducing my son all the time, bitch." Li Wanqing stood up and pointed at Xiaofeng and cursed loudly, "I warned you again and again in the hospital last time, but you didn't change your mind, and you even got worse."

#### Chapter 867 Not Chilling

Xiaofeng stared blankly at the angry and disgusted face in front of him, and couldn't figure out why Li Wanqing came to Li Zhenting's office suddenly and sat on his office chair.

Generally speaking, no one would dare to sit on Li Zhenting's office chair.

"Auntie, I'm sorry." Xiaofeng's face was burning with pain, full of grievances in his heart, "I just took care of Xiaoxiao and Dingding, and I was a little anxious at the moment, so I didn't see clearly."

"If you didn't see it clearly, you should hit it. This means that you have been seducing my son and hurting Shen Ning." Li Wanqing was unambiguous and harsh, but when she heard her mention Xiaoxiao and Ding Ding, she quickly changed the subject, "You just now What happened to Xiaoxiao and Ding Ding?"

Xiaofeng felt hairy again when he heard it. Just now, Xiaoxiao burned her hands because she poured hot water for her, and Ding Ding also had diarrhea because she ate the bread she bought. If Li Wanqing knew about this, she would still have Is there a way to survive?

She trembled with fear and could not speak.

Li Wanqing is in a hurry now. The reason why she suddenly came to Li's Group is because the housekeeper said that Ke Ke, Ding Ding and Xiao Xiao didn't receive them again today. He heard that the three of them came to Li's Group privately again.

She was worried that something might go wrong, so she hurried over here.

I didn't expect to see the three little guys when I came here, so I asked Li Zhenting and Shen Ning to find them immediately.

Because she was getting old and her legs hurt, Li Zhenting let her rest here.

She wanted to know about her son's work situation, so she sat on the president's chair, but not long after she sat down, Xiaofeng came in and mistook her for Li Zhenting to seduce Li, for a moment, she flew into a rage.

"What the \*\*\*\* happened to them?" she snapped.

"Ah, auntie, they are fine. They are all playing in my office. Just now, I poured water for them to drink, bought bread to eat, and took care of them." Xiaofeng trembled with fear.

Li Wanqing put down what she was holding and left.

Her grandchildren are in this woman's office, she is worried, she has to go and see.

She didn't believe that this woman could have any good intentions.

"Ah, auntie, Ding Ding has diarrhea and tore his pants, do you have any clean pants here?" Seeing Li Wanqing's panic-stricken look, Xiaofeng hurriedly asked cautiously behind.

Li Wanqing's face changed again: "What? Ding Ding has diarrhea? Why did he have diarrhea? Did you feed him something?"

The continuous questioning made Xiaofeng even more chilled, his whole body trembled, and his face turned pale.

"Tell you, if something happens to my grandchildren, I will not spare you." Li Wanqing gave her a hard look and ran outside.

Xiaofeng's whole face was extremely ugly.

"Oh, Ding Ding, Xiao Xiao, what's wrong with you guys?" When Li Wanqing ran into Xiao Feng's office, she saw tears still on Xiao Xiao's face, her little fingers were spread open, and her tongue stuck out from time to time, which was very scary, the floor is full of debris, and Ding Ding is in the bathroom with his little \*\*\*\* naked, and he is pointing the shower at his butt. What a big deal, I yelled loudly in fright.

"Grandma." When Xiao Xiao and Ding Ding saw her, they all burst into tears, as if they had been abused.

"Tell grandma, what's wrong with you? It's so cold now that you even took off your trousers. You can't catch a cold." Li Wanqing rushed into the bathroom in a hurry, picked up Ding Ding, and immediately cleaned his \*\*\*\* But when I picked up the shower, I was so angry that I rushed out of the sky. The water in the shower turned out to be cold. In this winter, it is really vicious to let the child wash with cold water.

She turned her head and glared at Xiaofeng angrily, her eyes seemed to kill her.

Xiaofeng flinched in fright, his face pale to transparent.

Chapter 868 Do you still favor her?

"Xiaofeng, you actually let the child take a naked cold bath in such a cold day? How could you be so vicious?" Li Wanqing turned on the hot water switch a few times and washed Ding Ding's butt, then took

off her coat Wrapping the little guy, he put him on the sofa, ran to Xiaofeng, and questioned aggressively.

"Auntie, I didn't. I really didn't know he used cold water." Xiaofeng hurriedly explained.

At that time, Ding Ding and herself were smelly, so she left in a hurry, never thinking that Ding Ding would not be able to use the shower to switch on and off.

"Grandma, I'm so cold. She dislikes me for being smelly, so she doesn't wash it for me. I can only wash it myself. The water is so cold." Ding Ding's pale face shivered from the cold, his whole body was shaking, and his eyes were full of tears. , is really as pitiful as you can be.

Xiaoxiao pursed her lips beside her, wanting to laugh.

It turns out that Ding Ding still has such an acting talent, I really didn't see it before!

Actually, Tintin was washed with hot water at first, but after hearing footsteps, he quickly switched to cold water to deal with Xiaofeng on purpose.

"Auntie, I, I really don't know, I didn't mean it." Xiaofeng was wronged, his face was flushed with anxiety, and at this moment he was in a mess like a dog in the water who was beaten with a stick.

Li Wanqing became powerful, but she was a big shot, and a woman like Xiaofeng had to be dealt with by her.

When Xiao Xiao, Ding Ding told about her experience, and Ke Ke added fuel to the scene, she rushed up to grab the clothes on Xiao Feng's chest, and slapped her \*\*\*\* the spot.

After this slap in the face, Xiaofeng was completely disabled. He stood there stupidly, his ears were ringing, and he couldn't even stand still.

"Bitch, it's fine if you seduce my son, but you even want to harm my grandchildren. They are my treasures, and I can't let you hurt them. Let me tell you, if you are sensible and leave as soon as possible, I will forget it. If If you want to harm my grandchildren again, just wait for me to deal with you." Li Wanqing said sharply, with a strong aura.

Both sides of Xiaofeng's face were swollen, and he shrank into a ball, crying and said: "Madam, you really misunderstood me, I just want to take good care of them, it's too unfair for you to beat me like this."

"Unfair?" Li Wanqing sneered, "You tried every means to destroy my son's marriage, knowing that he already has a family, and still pestering him like this, are you fair to Shen Ning? I have been putting up with you for a long time. Last time you were sick, I I tried my best to take care of you and persuade you to leave, but you still want to make waves, even if you make waves, you will harm my grandchildren. If I can tolerate you, then I am not worthy of being a grandma. Today I must let Zhen Ting kill you, a goblin. Get kicked out of the Li Group." Li Wanqing's eyes were sharp and her tone was majestic.

Xiaofeng burst into tears when he heard it.

At this time, footsteps sounded at the door of the room.

Soon, Li Zhenting and Shen Ning ran in panting.

"Daddy, Mommy." The three little ones immediately became miserable when they saw the two of them, pursing their lips and yelling aggrievedly.

"Ding Ding, Xiao Xiao, what's wrong with you guys?" Shen Ning's heart tightened only when he saw his children appearing in Xiaofeng's office. Shen Mei's framing of the children was vivid in his memory. The rank will only be higher than Shen Mei's, not knowing what's going on at the moment, immediately follow the past and hugged Ding Ding and Xiao Xiao, asking repeatedly.

Naturally, the three little guys recounted their experiences with embellishment.

Shen Ning was so angry that she burst into tears. First, she found a spare set of clothes from Ding Ding's schoolbag and put them on for him. Then she stood up and looked at Li Zhenting with sharp eyes.

"Zhenting." Xiaofeng's defenses collapsed when he saw Li Zhenting, and looked at him with tears in his eyes, "I just want to take care of the children, and I haven't done anything."

Li Wanqing sneered, and said sharply to Li Zhenting: "Zhenting, now she is bullying your child, do you still want to favor her?"

Chapter 869 came to avenge her

A gloomy light flashed in Li Zhenting's eyes, and he asked in a deep voice, "Xiaofeng, why did you do this?"

"I..." Xiaofeng met Li Zhenting's cold eyes, but he didn't expect that he didn't believe her. He grabbed the clothes on his chest with both hands and shouted, "Zhenting, I, I really, no, yes."

She burst into tears.

"Xiaofeng, stop pretending here, the children are so young, they won't tell lies, let me tell you, you can bully me however you want, but if you treat the children like this, I will not let you go." Shen Ning looked at the appearance of the white lotus and Lihua with rain, and walked over, very angry.

She hates Bai Lianhua's pitiful and wronged appearance the most.

"Mr. Li, Ke Ke, Ding Ding and Xiao Xiao are all your own children. Do you have the heart to watch them being hurt by other women? Tiger poison is not poisonous, so you are not more poisonous than a tiger, right?" Shen Ning looked at Li Zhenting coldly.

Li Zhenting's eyes were sharp, and he looked at Xiaofeng: "Xiaofeng, you are too much, even bullying the children, let's go, our Li Group can't tolerate you anymore."

yeah!

Ke Ke, Xiao Xiao and Ding Ding couldn't help cheering secretly when they saw this, and after looking at each other, there was a triumphant expression on their faces.

Xiaofeng stared at Li Zhenting with wide eyes: "Zhenting, you actually want to drive me away?"

"Yes." Li Zhenting's tone was affirmative.

"What about those blueprints? What about the chip design?" Xiaofeng asked threateningly, taking out his strengths.

"I'll figure out what to do with that, let's go." Li Zhenting was expressionless, without any hesitation, walked over and hugged Xiao Xiao first, checked her little hand nervously and distressedly, put it on his lips and kissed it, picked up Ding Ding again, and asked him if his stomach still hurts.

After the two little ones shook their heads, he picked them up one by one and walked out.

When passing by Xiaofeng, he didn't even look at her.

At that moment, Shen Ning saw the brilliance of fatherly love in Li Zhenting, which seemed to brighten up with the whole world. His handsome face was full of concern and tension for the child, which melted her cold heart a little.

"Ah." Xiaofeng cried loudly and ran out.

Li Wanqing nodded slightly, she looked like a husband.

"Yeah, grandma, you are so powerful and domineering. I adore you so much now, especially when you slapped that goblin in the face with your hands. You are so handsome." Ke Ke ran to Li Wanqing and grabbed her hand, shaking it from side to side, full of admiration.

"Yo, you kid." Li Wanqing looked at the childish face, cute and adorable, and laughed out loud, hugging her brother like a mad kiss.

Coco giggled happily.

"Who dares to bully my grandson, I will beat her to eat shit." Li Wanqing announced domineeringly.

"Grandma is so mighty." Ke Ke hugged her neck and smiled.

In the president's office.

The family enjoyed themselves happily.

"Mum, that little goblin was finally chased away by Daddy, that's great." Xiao Xiao crawled into Shen Ning's arms, and whispered in her ear, "I don't like her at all."

Shen Ning's eye circles were a little wet: "Yes, I don't like her either."

"Mum, don't worry, if anyone dares to bully you again, we will come to help you, and we must find a way to drive her away." Coco and Ding Ding also said lying on her other ear.

Shen Ning was taken aback for a moment, and instantly understood something, hugged the three little ones, and bit his lips tightly.

It seems that these three little kids are just here to avenge her today, Xiaofeng is likely to be played by these three little kids this time.

"Mommy, she always uses this trick to harm you, slander you, and provoke the relationship between you and Daddy. This time, we will learn from him." When Shen Ning was still in a daze, Tintin said this directly next to her ear said.

It really is the trick of these three big little guys.

She was a little dumbfounded for a while.

However, when I thought that Bai Lianhua, who was usually super high, was tricked by three little guys, I felt a surge of joy in my heart.

This means that bad people always have bad rewards.

## Chapter 870 Conspiracy 1

"Mom, Ningning, let me take you and the children outside for a meal." After a while, Li Zhenting came out with a briefcase, under his thick black hair, his handsome face was perfect and impeccable .

"Okay, let's go." Li Wanqing agreed.

The family walked out.

Night falls.

In a simple apartment on the outskirts of the city.

A short-haired woman holds a lady's cigarette between her fingers, and is gracefully putting it into her mouth, taking a puff slowly, and then spit it out. A middle-aged man with blond hair, blue eyes, tall figure, and a denim T-shirt is sitting next to her He was sitting comfortably with his legs crossed.

In front of them, stood a beautiful and seductive woman, she was Xiaofeng.

"Mr. Reines, Ms. Li, I would like to ask you, is the chip implanted in Li Zhenting's brain still useful?" Xiaofeng asked aggrievedly as he touched his red and swollen face.

"How to say?"

"Today he seems to have come to his senses again. Not only did he not defend me, but he also kicked me out." Xiaofeng's eyes were bloodshot and he was very angry.

During this period of time, Li Zhenting has indeed become more and more 'nice' to her, and is slowly accepting her, but suddenly, after seeing the children, he came to his senses again. drive away.

"Of course it works." The short-haired woman smiled contemptuously, "Now Li Zhenting loves Shen Ning, not you, Xiaofeng. If it weren't for the chip implanted in his brain, do you think you can get close to him? Dreaming Impossible."

"Miss Li, I am Xiaofeng. The woman he loves has always been Xiaofeng." Xiaofeng was not reconciled, "I knew him before, and he kept calling my name in his dreams. Why? No, I am the woman he loves deeply."

She fought hard!

"You are really naive. Shen Ning has already given birth to three children for him. They have experienced hardships. Even if you had a vague first love with Li Zhenting, what is it? Will he divorce Shen Ning because of you? Not to mention He will abandon Shen Ning because of you. He is a shrewd businessman

who weighs the pros and cons. It is his mission to make the company bigger and stronger. It is impossible for him to do something unethical because of you. His probably had none.

Besides, even if you have the opportunity to get close to him and gain his love, the Li family will not accept you. The elders of the entire Li family only recognize Shen Ning as a daughter-in-law, so you can stay and cool off. "The short-haired woman snorted.

Just because she actually wanted to be Mrs. Li, she thought so beautifully!

This woman with short hair is none other than Li Xueyan!

Since she was rescued by Renes's private plane in Li's old house last time, she left the imperial capital and went to the United States.

The reason why Renes saved her was of course because of her identity and use value.

As we all know, Li's Group is now a well-known high-tech company in China, and has gathered many industry elites.

At present, the West is stepping up efforts to suppress the inland and curb the development of high-end technology projects in the inland. The Li Group is the company that scares the West the most. Their production of mobile phones, new energy vehicles, and especially 5G networks directly threaten the interests of the United States.

The rulers of the United States have stepped up the blockade of chip technology in an attempt to jam the neck of the interior.

The Li Group is the company most likely to break through chip technology. According to their understanding, the chip design department of the Li Group has gathered many elites, and they have been vigorously researching chip design for a long time. Now they only need the last step. It worked.

This is absolutely not allowed.

They must destroy, and Li Xueyan is one of the best people they can use.

Li Xuexi is the eldest daughter of the Li family, and she has a deep hatred for the Li family. Last time, she was almost wiped out by Li Zhenting in the revenge supported by them. They used their greatest strength to find her in the woods of the back mountain. Killed her and brought her back to the United States.
