

## Troublemakers 941

Chapter 941 The dream is about to come true

"President Li, here are two documents, please sign." Unexpectedly, when they walked outside, they walked over in cold blood, holding two documents in their hands.

"Okay." Li Zhenting immediately turned and walked in.

Xiaofeng had no choice but to walk in behind him.

I thought it was just two documents, and the signing was quick, but Leng Xue kept responding to Li Zhenting with some questions about one of the documents, which delayed a lot of time. Later, an executive came over, and Li Zhenting was very busy, no longer bring up to get the documents.

Xiaofeng was in a hurry.

"Zhen Ting, when are we going to get the documents?" After a long time, she asked from the side.

"Let's go tomorrow, I have something to do today." Li Zhenting's brows were light.

Xiaofeng is suffering and cannot speak.

"Assistant Shen, what certificate do you want to get? How about I help you?" Leng Xue asked beside him.

Li Zhenting listened and said in a deep voice: "Okay, Leng Xue, you can ask Ke Ke and Ding Ding when you go back to see if they have taken away my ID card and household registration book. If they have taken them, please take them here."

"Okay." Leng Xue agreed.

Xiaofeng was very happy to hear that, it would be good if Leng Xue could take it over, but, this Leng Xue is too shrewd, will he find something?

She felt faintly uneasy, but there was nothing she could do.

Yunhai Hotel.

Ji Qingshan's car just drove into the entrance of the conference room lobby.

The president of the academic society and several responsible persons greeted him.

"Professor Ji." They were very respectful.

Ji Qingshan is the leader of the cardiology department in the medical field. Usually, it is difficult to see the beginning and the end of the dragon, and his academic medical skills are top-notch.

"Sorry, I'm late." Ji Qingshan nodded slightly, and walked inside accompanied by them.

"Hi, Ji Mingshou, welcome." While Ji Qingshan was walking, suddenly, a beautiful woman in front of him greeted him with a charming and enchanting appearance, and greeted him warmly with friendly words.

Ji Qingshan raised his eyes slightly, and almost jumped up, God, isn't this Li Jiaojiao?

How did she appear here?

"Why are you here?" He asked in a low voice with a dark face.

Li Jiaojiao raised her lips and smiled, and said sunnily: "I came here specially to welcome Professor Ji."

"Welcome?" Ji Qingshan narrowed his eyes, what the \*\*\*\* is this woman doing to appear on such a serious occasion, he doesn't want to get involved with her.

He stopped looking at her and walked in.

Li Jiaojiao smiled at his back and followed him.

"Call the beast, I made coffee for you, please take it slowly." After Ji Qingshan was welcomed to the guest seat and sat down, Li Jiaojiao asked the waiter to bring the coffee, and she put it in front of Ji Qingshan herself, smiling like a flower .

The corners of Ji Qingshan's lips twitched, and at this moment he wanted to strangle this woman to death!

Li Jiaojiao seemed to see his thoughts, the corners of her lips curled up, she turned and retreated to the back of the stage.

I don't know why, whenever Li Jiaojiao sees him, she feels full of energy and fun, as if the air is extraordinarily sweet and the sun is particularly bright.

Even if he doesn't want to see her, she doesn't care.

Ji Qingshan sat heavily, with an indifferent profile.

He didn't dare to drink the coffee that Li Jiaojiao brought, because he always felt that the woman was plotting against him, which was very unreliable.

Li Group.

"Mr. Li, here is your ID card and opening book." Li Zhenting and Xiaofeng were having dinner, and walked in coldly, and handed the household registration book and ID card to Li Zhenting.

"Thank you." Before Li Zhenting reached out to pick it up, Xiaofeng took the lead in thanking him, and reached out to take it.

Withdrawing his hand coldly, he said, "Assistant Shen, this is President Li's certificate."

Xiaofeng Shanshan smiled and withdrew his hand.

"Cold-blooded, it doesn't matter, leave it to her, I will use it tomorrow." Li Zhenting ordered lightly.

"Okay." Leng Xue had no choice but to hand over the certificate to Xiaofeng.

Xiaofeng took it and looked at it, then put it in the bag, feeling ecstatic in his heart.

Tomorrow, she and Li Zhenting will be able to go to the Civil Affairs Bureau to obtain a certificate. She will soon be a legitimate Mrs. Li, and her dream will come true. She really can't restrain her excitement!

Chapter 942 What is your attitude!

Beside the door in the dressing room.

Facing the venue, Li Jiaojiao was applying makeup with a makeup mirror.

The position in the mirror is exactly where Ji Qingshan is sitting.

She looked at him through the mirror, but he couldn't see her inside.

Sudden

Seeing a small pimple on her face, she quickly put down the mirror and squeezed it with her fingers for a while, and when she picked up the mirror to look at it again, she panicked.

I saw Ji Qingshan was talking with a young beauty sitting next to him with his head bowed. Both of them had smiles on their faces, very intimate.

She was stunned, and jealousy rose from the bottom of her heart.

Damn it, why did you arrange a beautiful woman next to Ji Qingshan? By the way, who is that beautiful woman? What's the background? To be able to sit next to Ji Qingshan, it shows that her strength is not shallow.

She hurriedly put down the mirror, took out her mobile phone and checked it.

After this investigation, I completely panicked.

It turns out that this beautiful woman is the director of a maternal and child health care hospital in Imperial Capital. She has excellent medical skills and has published many papers. She is well-known in the industry and her status is on par with Ji Qingshan.

Sitting together with Ji Qingshan, she can be said to be a talented couple, a natural match.

Li Jiaojiao is not calm anymore.

In the office, Xiaofeng took Li Zhenting's household registration book and ID card to his lips and kissed it.

Li Zhenting has promised to go to the Civil Affairs Bureau with her tomorrow to get a marriage certificate, and the appointments are all made.

She will soon be a veritable Mrs. Li.

so happy!

Lifting up the skirt, she turned around the office several times.

"Assistant Shen, Manager Fang asked you to sort out the data of the last period as soon as possible, and use it in the meeting tomorrow afternoon." Wang Qingfei finally saw Xiaofeng returned to the office, and immediately walked over and said to her.

"When is it my turn to sort out these data? What are you guys doing for food?" Xiao Feng, who was beaming with joy, was already drifting away, and she was very unhappy to hear Wang Qingfei's almost commanding words. She would soon be the eldest mistress of the Li family. It is also necessary to sort out the data for these staff, when she is what? It seems that if you don't give these blind staff a prestige, they won't know her status.

Wang Qingfei was taken aback when he heard that: "Assistant Shen, didn't you calculate all these data yourself? You sorted it out yourself before."

"Before? I used to discuss chip design drawings with Mr. Li every day. Doesn't that mean that Mr. Li also has to sort out a copy of the data for you?" Xiaofeng raised her eyebrows, her face sullen, and she asked arrogantly .

Wang Qingfei was stunned. Is this Xiaofeng sick? Mr. Li is the president of the Li Group, the decision maker, but who is she? She is just an assistant. If she doesn't sort out her own data, who will help her sort it out? It's funny.

"Assistant Shen, I just came here to inform you. Whether you clean it up or not is your own business. It's up to you." Although Wang Qingfei knew the relationship between Xiaofeng and Li Zhenting, she came to the company 20 days earlier than Xiaofeng. , she is just an assistant. She is at the same level as her, and she is also a newborn calf who is not afraid of tigers. She just turned around and left.

A little wind blows the air orifice to produce smoke.

"Stop." She stopped Wang Qingfei, and shouted sharply, "What's your attitude, have you ever spoken to me like this?"

Wang Qingfei was stunned, and said mockingly: "Assistant Shen, what is my attitude? I am just performing the duties of an assistant now, and I am doing my duty to remind you. This is for work, but what do you mean to me? The fact is that you have a bad attitude, not mine, okay? Be sober, we are all just assistants, why bother acting like a wolf in front of me."

Chapter 943 Who dares to bully you?

"Hmph, how dare you compare yourself to me!" Xiaofeng sneered arrogantly and disdainfully, "Now come here and kneel down to apologize to me, and I'll forgive you, otherwise, you're dead."

Wang Qingfei was trembling with anger: "Assistant Shen, even if I die, I won't kneel down and apologize to you. Except for my parents, no one is worthy of my knees."

"Okay, you have the guts, just wait." Xiaofeng rushed out, pushed her when passing her, and went to Li Zhenting's office.

"Zhenting, someone bullied me, please help me out." Xiaofeng ran to Li Zhenting's side, took his hand, and cried.

Li Zhenting paused and said, "Who dares to bully you?"

"Wang Qingfei, that new assistant has no rules at all. Just now he ordered me to work and scolded me as an idle assistant who didn't work all day, but I take care of you every day and design drawings. It's hard enough, can you tell me something fair?" Xiaofeng wiped his tears.

"Don't cry, I will immediately promote you to be the deputy manager of the design department." Li Zhenting patted her hand and comforted her.

"real?"

"Um."

"Thank you so much, Zhen Ting, you are so kind to me." Xiaofeng smiled through his tears and jumped up happily.

Soon, the news of Xiaofeng's promotion to deputy manager of the design department was sent to the mailbox and spread to every corner of the company.

Xiaofeng strutted into the office of the design department.

"Wang Qingfei." She shouted expressionlessly.

"Assistant Shen, what's the matter?" Seeing the menacing Xiaofeng, Wang Qingfei already had a premonition that something was wrong, so he agreed and walked over.

There was a crisp sound of "pop", Xiaofeng raised his hand and slapped her across the face, and said coldly, "How do you go to work? Didn't you see the mailbox? You even called me Assistant Shen."

Wang Qingfei never dreamed that Xiaofeng, who was always considered cautious, would become so arrogant and beat her in public.

In an instant, I was stunned!

Everyone in the office was stunned by this scene, even Fang Xianyun was stunned, unable to react.

"Tell you, from now on you will be transferred to be my assistant, responsible for sorting out data materials, helping me, and cleaning the office every day." Xiaofeng gave Wang Qingfei a disdainful look, and announced loudly in public.

"Wang Qingfei, you'd better be sensible and work hard, otherwise, I'll make your life worse than death." She walked up to her side and spoke in a low voice, then walked away with her head held high and left with a loud bang on the door Straight ring.

Everyone was awakened by the sound of the door and looked at each other.

"Ah, you \*\*\*\* bitch, how dare you hit me, I will fight you hard." Wang Qingfei reacted, touched his hot and painful face, jumped up in anger, and rushed out to find her to settle the score.

But Fang Xianyun pulled her back.

"Wang Qingfei, don't be impulsive." He persuaded, "Calm down."

"I've been beaten like this, can I still calm down?" Wang Qingfei shouted, "What is she? How dare she beat someone like this? What is she? What did I do wrong? Didn't I just go and tell her to sort it out?" Data? Why can she hit me? I want to call the police and let the police come and punish her."

"Assistant Wang, do you still not recognize the reality? She is different from you. A hero does not take advantage of short-term disadvantages, and don't show off for a moment." Fang Xianyun's face was serious.

"Okay, I'm not as cowardly as you are. What is she? Even if she gets promoted, she's just a deputy manager. You are the manager. I'm not afraid. What are you afraid of?" Wang Qingfei was so angry that she shed tears. , full of anger.

Chapter 944 Are you so uneducated?

Fang Xianyun said silently: "It is useless to show off for a while at this time, it will only make yourself suffer more."

"It's okay, I will resign after I get revenge." Wang Qingfei said angrily.

"Are you really going to resign? Li's Group is the best company in the imperial capital, with an annual salary of 800,000 yuan. Are you willing to do it? After this village, there will be no such store." Fang Xianyun reminded her with a serious face.

Wang Qingfei calmed down after his head agitated.

Fang Xianyun pulled her into a chair and sat down, saying: "You are being watched by her now, first think about how to get through this."

Xiaofeng appointed her to be an assistant, of course not to help her, but to make things difficult for her, he was worried for her.

"It's okay, the soldiers will block you, and the water will cover you." Wang Qingfei wiped away the tears on his face, and said to him, "Manager Fang, I don't care what happens to me, but you have to be careful, her ambition will never be just a vice. manager."

Recently, it has been rumored that Xiaofeng will soon become Mrs. Li. If she really becomes Mrs. Li, she will only become more arrogant. Moreover, she seems to be particularly interested in the chip design department. Will not be guaranteed.

Fang Xianyun frowned, his face was solemn, and he hadn't spoken yet when the phone on his desk rang.

He picked it up.

"Manager Fang, let Wang Qingfei come over and clean the office for me." Xiaofeng's commanding tone came from inside.

Fang Xianyun's fingers holding the phone tightly, and after a long while, he replied in a deep voice: "Okay."

He put down the phone and looked at Wang Qingfei, with worry on his face: "Go to Xiaofeng's office to clean up, be careful, don't argue with her, people have to bow their heads under the eaves."

Wang Qingfei understood, this must be Xiaofeng deliberately finding fault with her.

Her fingers clenched into a fist.

If it was a legal society these days, she would not believe that Xiaofeng dared to do anything to her.

She stood up and walked to the next office.

Xiaofeng is sitting on the office chair, trimming his fingertips.

Wang Qingfei walked in, picked up the rag and began to sweep the table.

"Are you so uneducated?" Xiaofeng raised his beautiful eyebrows, his eyes were piercing.

Wang Qingfei looked at her: "What do you want? Isn't it enough to slap me?"

"For a woman like you who doesn't know the rules and has no education, this slap is just a lesson for you. Do you think any employee should not greet first when entering the boss's office?" She asked sharply.

Wang Qingfei gritted his teeth: "Manager Shen."

"Go out, knock on the door again and ask for instructions before coming in."

Wang Qingfei stood still.

"If you don't understand the rules, then pack up and leave immediately." Xiaofeng said coldly.

"You didn't start the Li Group."

"I didn't drive it, it was also my man's." Xiaofeng was shameless.

Wang Qingfei has finally seen how shameless people are.

Okay, Shinobu!

She turned and walked out, stood at the door, knocked on the door a few times, and asked, "Manager Shen, can I come in?"

Seeing her humiliating appearance, Xiaofeng breathed out secretly, and bent the corner of his lower lip: "Come in."

This tone was like calling a dog, Wang Qingfei was so angry that he wanted to rush up and slap her a few times.

But right now, she had to swallow her breath and walk in.

"First clean the entire office, sprinkle rose water on it, and then clean up all the data. I will give you two hours to finish it." Xiaofeng ordered.

Wang Qingfei glanced at the stack of documents. There are dozens of pages of paper, and the data is densely packed. Can it be cleaned up within two hours?

She gritted her teeth and said nothing.

"Are you dumb? Is this how your boss talks to you?" Xiaofeng asked angrily.

"Okay, got it." Wang Qingfei clenched his loose fingers into fists again.

Xiaofeng snorted coldly, glanced at her, and walked outside.

Bah, bitch, go to hell.

Wang Qingfei spat, picked up the rag and began to clean up.

Chapter 945 You are fired now

President's Office.

Xiaofeng walked in obediently with lowered eyebrows.

"Zhen Ting, don't work overtime, shall I go for a walk with you?" Standing beside the man, she spoke softly, placing her slender fingers on his shoulders and gently massaging them.

Li Zhenting seemed to enjoy it, put down his pen, and said, "No need, it's the Chinese New Year, I have to approve these documents and reports."

"Then I'll accompany you." After finishing the massage, Xiaofeng sat down next to him, and after a while said with longing on his face: "Zhenting, we are going to get a marriage certificate tomorrow, what clothes do you think I should wear better?" Woolen cloth?"

Li Zhenting didn't raise his head: "You look good in anything."

"Really?" Xiaofeng was shy.

"Mmm." Li Zhenting said softly "Mmm", and an imperceptible cold light flashed in his eyes.

"Thank you so much, Zhen Ting, I'm so excited to think that I can become your wife tomorrow. The day of my dreams has finally come." She spoke very emotionally, with a dark light of greed shining in her eyes.

"Well, good thing." Li Zhenting lowered his head and approved the documents, "Go and rest first, I have to work overtime tonight."

"Don't be so tired." Xiaofeng hugged his neck from behind coquettishly.

The cold light in Li Zhenting's eyes flashed again, he pulled her arm away, and said in a low voice, "Be obedient."

It was just two words in a very low voice, but it was mixed with sternness and majesty. Xiaofeng suddenly retracted his hand and walked up to him quickly to look at him.

At this time, she felt that Li Zhenting was like a lurking lion, full of anger, biting her bloody, this feeling is not very good!

At this time, Li Zhenting stretched out his white and slender fingers to pat her hand lightly, and said gently: "Go and rest, I have to work overtime for a while, you are weak and cannot stay up late."

Xiaofeng saw his demented face, and the eyes under the sunglasses were a little dull, and finally heaved a sigh of relief. It seems that not only has he not changed, but he has also listened to her more.

"Okay, then I'll go first, let's go to the Civil Affairs Bureau tomorrow." She said again with a gentle smile on her face, and walked away with light steps.

The night is already deep.

In the office, Wang Qingfei was still sorting out the files.

Xiaofeng walked in sullenly.

"It's been more than an hour. Why haven't you sorted it out? Is your work efficiency so low?" She asked critically.

As soon as she saw Wang Qingfei, her face was full of contempt. This girl was from a poor family. It was hard for her family to provide a college student. Usually, those poor relatives came to look for her every day or two. She was already twenty-eight and still couldn't find a boyfriend. What a shame, what she despised most of all.

Wang Qingfei rolled his eyes, and said: "Manager Shen, you took so much data and asked me to clean it up within two hours. I am also a human being, and I don't have superhuman powers."

"Yo, you can't finish your work, and you're full of reasons. So, I've wronged you." Xiao Feng got angry and slapped the table, "Do it if you can, and get out if you can't."

Wang Qingfei won the trust of Fang Xianyun and was in charge of some key data. If Xiaofeng wants to achieve his goal, the first step is to get rid of this annoying girl.

Wang Qingfei saw that every word she said was to take her job. This woman's heart is too vicious.

"Why should I leave, did you start the Li Group?" She asked in disbelief.

"I am your boss, so I have the right to fire you. I tell you, you will be fired now." Xiaofeng waved her hand arrogantly, and just like that, her one sentence decided Wang Qingfei's career in Li's Group.

"You shameless mistress, you didn't start the Li's Group, you have no right to fire me, I didn't make a mistake." Wang Qingfei was already holding back his anger, his eyes were dead, and he was so angry that he cursed.

Xiaofeng gave an order, and two security guards came up and held Wang Qingfei down.

Chapter 946 Come to the door in person

"Wang Qingfei, you not only contradicted your boss but also insulted me, get out of here immediately, and you are not allowed to appear in the Li's Group again." Xiaofeng came up majestic and slapped Wang Qingfei severely.

Wang Qingfei wanted to resist, but was stopped by two security guards, and he was so angry that he cursed.

Xiaofeng looked at her embarrassed appearance, and smiled triumphantly: "Wang Qingfei, tell you, no matter where you go to work in the future, you must know how to watch your words, don't stand on the wrong team, this is what you will end up with if you offend me."

"Bah." Wang Qingfei spat at her fiercely, "Shameless mistress, you will die badly."

Spit spit on Xiaofeng's face, she became angry from embarrassment, rushed up and grabbed Wang Qingfei's hair and beat him.

"President Li." The two security guards pulling Wang Qingfei couldn't bear to look down on them, but there was nothing they could do. At this moment, Xiaofeng was the manager, and they couldn't resist. Fortunately, at this moment, they saw Li Zhenting standing at the gate, immediately called out.

Xiaofeng was startled, hurriedly withdrew his hands, turned around and saw a man standing stiffly at the gate, the lens under the man's sunglasses shone a cold light under the light, and his lips were pursed into sharp knives.

She took a few steps back in fright.

It turned out that the noise here had alarmed Li Zhenting, who was working overtime over there.

When he came over, he saw Xiaofeng beating Wang Qingfei.

"Zhenting." After being stunned for a moment, Xiaofeng rushed over and threw himself into Li Zhenting's arms and began to complain, "Wang Qingfei insulted me, and now she is asked to work overtime. She is not only unwilling, but also targets me, scolds me, and The work efficiency is very low, the materials I handed to her are delayed, and this kind of newcomer fails the probationary period, and I have already fired her."

"Mr. Li, I didn't make any mistakes, and I worked honestly. It was Xiaofeng who made things difficult for me maliciously. Please investigate carefully." Wang Qingfei cried.

Li Zhenting was expressionless and didn't say a word.

"Zhen Ting, don't trust her. She is very cunning. She doesn't work hard at ordinary times. She knows how to flatter Fang Xianyun every day. She is scheming. I have already fired her." Xiaofeng stroked Li Zhenting's neck, and slowly touched the back of the man's head.

Li Zhenting gave a soft 'hmm', turned and left.

Wang Qingfei was kicked out by two security guards.

Xiaofeng looked at Wang Qingfei who had been chased away in embarrassment, with a successful sneer on the corner of his lips.

Hmph, fight with me, you will only die worse!

the next day.

Xiao Fengda woke up early in the morning, put on the most beautiful fashion, and came to Li Zhenting's president's office early.

Today is the day they go to the Civil Affairs Bureau to get their marriage certificate.

Last night, Li Zhenting worked overtime until very late. At this time, there was no movement in the suite next to the president's office. He should still be sleeping.

Xiaofeng sat on the sofa and waited patiently.

The appointment time is nine o'clock, and it's only half past seven, which is still early.

She was sitting on the sofa playing with her mobile phone.

Before I knew it, it was twenty past eight.

She saw that Li Zhenting hadn't woken up yet, and couldn't sit still now, so she was going to wake him up.

At this time, Leng Xue walked in.

"Vice President Leng." Seeing that Leng Xue always had an inexplicable guilt and fear, Xiaofeng immediately stood up.

"Where's President Li?"

"I haven't woken up yet, I'll wake him up right away." Xiaofeng was about to wake up Li Zhenting.

"Oh, no need, Mr. Li worked overtime late last night, let him sleep a little longer." Leng Xue stopped her.

Xiaofeng had no choice but to stand still, raised his hand to look at his watch, and said, "Vice President Leng, it's half past eight, and we have to go to the Civil Affairs Bureau to get a marriage certificate later, so he should get up."

Hearing the words, Leng Xue looked at his watch and said, "Oh, that's it, but there is a very important contract that needs to be signed by Mr. Li himself. It is estimated that nine o'clock can't be over, why don't we let Mr. Li rest first?" Next, in the afternoon, I will ask my friends from the Civil Affairs Bureau to bring all the things to the Li Group to register you and President Li."

Xiaofeng opened his mouth, is it okay?

"This...isn't that good." She forced a smile.

He smiled coldly and said: "Mr. Li is a big taxpayer in the entire imperial capital, and the government departments have to provide him with some privileges. Don't worry, you won't be delayed in getting your marriage certificate. Besides, this is a happy event, and the Civil Affairs Bureau will definitely be happy. Perfect."

Xiaofeng had no choice but to agree after hearing the words, but there was something faintly wrong in her heart. She wanted to say something else, but she said coldly:

"I'm going to contact my friends in the Civil Affairs Bureau now."

After speaking, he went out.

Xiaofeng had no choice but to agree. Although she really wanted to go to the Civil Affairs Bureau with Li Zhenting to get a marriage certificate, but the cold-blooded privileges were specially arranged, so she didn't need to make an extra trip.

Besides, if the staff of the Civil Affairs Bureau came to Li Zhenting and her to apply for a marriage certificate in person, that would be an honor, unprecedented in history.

Driven by vanity, she became complacent.

Chapter 947 You Scum Daddy

afternoon.

Two majestic staff members appeared in the corridor of the Li Group. They wore work cards from the Civil Affairs Bureau on their chests, carried briefcases, and walked straight.

From time to time, in the offices on both sides, there are staff sticking their heads out and looking around.

"I heard that Boss Li and Xiaofeng are going to get a marriage certificate, and this person from the Civil Affairs Bureau came to the door to apply for a marriage certificate for them."

"After all, it is a wealthy family. Power and power are different. The administrative department has to give the green light."

"Xiaofeng is really shameless. Mr. Li has a family, so he insisted on forcing Mr. Li to divorce. It's really wicked."

"Vice President Shen is so gentle and dignified, but Xiaofeng is not enough to cling to others."

"Hey, President Li doesn't love Vice President Shen. Everyone knows that love can't be forced, and Xiaofeng can design chips. Men like women who are helpful to their careers."

"Are you saying that Xiaofeng and Shen Ning are real sisters? Why do they look so alike? Who borrowed whose beauty?"

"This is really weird."

...

Everyone whispered.

"Zhen Ting, do you think I look good in this?" Xiaofeng asked with a cheerful face wearing a set of newly ordered limited-edition designer clothes.

"Well, it looks good." Li Zhenting sat on the soft chair, with his head slightly raised, and the smile on his lips was as stiff as a sculpture.

In the past few days, rumors that Li Zhenting is going to get a marriage certificate with Xiaofeng are spreading everywhere in the company, and the news that Xiaofeng fired Wang Qingfei last night has also flown to every corner early in the morning.

Now every employee in the company is respectful when they see Xiaofeng, and some people who are good at flattering have begun to approach Xiaofeng consciously, flattering her and flattering her.

After all, this Mrs. Li will go hand in hand with President Li, and she will have a great say in the company's affairs in the future, and President Li will obey her.

Xiaofeng began to feel swaying, and walked with his head held high, looking proud of the spring breeze.

"Zhenting, we are going to be husband and wife soon, are you happy?" Xiaofeng walked over to put his arms around his neck and asked coquettishly.

"Hmm." Li Zhenting gave a soft 'hmm'.

At this time, the doorbell rang.

Cold-blooded walked in with two Civil Affairs Bureau staff.

"President Li, Ms. Shen, the staff of the Civil Affairs Bureau are here."

"Thank you." Xiaofeng immediately let go of his hands, and greeted him with a smile on his face, "Please sit down."

"President Li, hello Miss Shen." The two staff members greeted each other in a polite manner after they entered.

The secretary brought the best tea.

"Hello, thank you for your hard work." Li Zhenting stood up and walked gracefully towards the sofa.

A group of people sat down at the place prepared earlier.

In the corridor outside.

Three well-carved little guys walked towards the office swaggeringly, followed by five strong Baobao.

Two boys with milk balls, wearing white shirts, stylish leather jackets, and shiny leather shoes, are engraved with nobility and elegance in their bones, but with a murderous look all over their bodies.

Female Naibao has a pink face with beautiful eyes, but her nose and small mouth are tight, and there is no expression on her face.

The three little guys stepped into the president's room neatly.

"President Li, please sign." Inside, the staff is orderly applying for marriage certificates for Li Zhenting and Xiaofeng, with a solemn scene.

Suddenly, three little guys rushed in with Baobao, breaking the tranquility of the room.

"Daddy, you actually abandoned our mommy and married this bad woman." Coco and Ding Ding pointed at Xiaofeng with little fingers, their faces full of anger, "You scumbag daddy."

Li Zhenting's rigid face turned bluish white.

"Hmph, scumbag daddy, you promised me to be good to my mommy, but now you betray mommy and marry this bad woman, daddy, you are so annoying." Xiaoxiao pursed her lips, blushing. Eye circles, hate on his face.

"Ke Ke, Ding Ding, Xiao Xiao, why are you here?" Li Zhenting stood up heavily, wanting to get in touch with them and hug them.

But the three little ones took a few steps back and shouted in unison: "Don't touch us, we don't have a daddy like you."

#### Chapter 948 You are a big liar

Li Zhenting's eyes flashed with imperceptible pain, but he opened his mouth and still didn't say anything.

"Ke Ke, Ding Ding, Xiao Xiao, you are here." Xiaofeng turned his head and saw the three little guys coming, his heart sank suddenly, but his face was full of smiles, and he spoke very affectionately.

"Hmph, bad woman." The three little guys turned their heads and ignored her.

Xiaofeng smiled awkwardly.

"Daddy, you don't want our mommy, and we don't want you either." Ke Ke and Ding Ding stared at him with anger, threatening with hatred.

"Coco, Ding Ding." Li Zhenting stepped forward and took their little hands, "Daddy, I'm sorry."

"Daddy scum, you let me down too much." Ke Kexiu frowned, and raised her hand to shake off his hand, but Li Zhenting held his hand tightly and wouldn't let it go.

The furious Ke Ke lowered her head and bit the back of his hand hard.

"Shh." Li Zhenting gasped in pain, how much the little guy hated him, biting to death.

But he didn't have any objection, just let him bite.

Ding Ding also had a sullen face, and said angrily: "Daddy, you will definitely regret it in the future, she is not a good woman."

Li Zhenting pursed his thin lips tightly, without any expression on his face.

"Daddy, you turned out to be a big liar." Xiaoxiao finally couldn't help crying, "Mummy is so pitiful, I will never like you again, I will believe your nonsense."

"Small don't cry, it's okay to be a bad daddy, we have a good mommy." Coco was finally discouraged, let go of her mouth, turned around and hugged her younger sister, patted her on the shoulder, comforted her, and brought up her mother. When the microphone was on, the little guy's eyebrows and eyes were curved, and his originally indifferent and angry face was full of tenderness.

"Yeah." Xiaoxiao nodded while crying.

Li Zhenting looked at the deep teeth marks on the back of his hand, his eyes under the sunglasses were dry, but the corners of his lips still curled into a stiff smile.

"Daddy, let me ask you one last question, do you want the three of us?" Ding Ding seemed unwilling, and asked with a raised face.

"No, no." Li Zhenting shook his head, his voice hoarse, "Daddy will always love the three of you the most. For you, Daddy's life is not necessary."

"Then since you want us, don't marry this woman. We all hate her and don't want her to be our stepmother. If you are obedient, we are still willing to call you daddy." Affection.

"Zhenting, don't worry, I will treat Keke, Dingding and Xiaoxiao as my own love in the future." Xiaofeng looked at Li Zhenting nervously.

Choosing between her and his children, she was a little uncertain.

Li Zhenting gritted his teeth tightly, tears were shining in his eyes behind the sunglasses, he looked at Ding Ding after a while, and said gently: "Ding Ding, Ke Ke, Xiao Xiao, please be obedient and go home, you are too young to understand I will explain clearly to you about the matter of adults in the future."

"Yes, we don't understand, but we know that you are a scumbag." The three little ones said in unison.

Li Zhenting's face paled, he bowed his head and said nothing.

"Zhen Ting, the children are still young, they don't know that true love is between us, they must be partial to their mommy, don't be too sad, they will understand you when they grow up, I feel so sorry for you " Xiaofeng came over to comfort him, and leaned against Li Zhenting.

"Don't get close to our daddy, bad girl." Ke Ke suddenly rushed up and dragged Xiao Feng to the side, and Ding Ding also ran up, grabbed Xiao Feng and pushed him to the side.

The two little guys were quite strong, but Xiaofeng was pulled and pushed by them and fell down.

"Ouch." Xiaofeng fell to the ground, covered his feet with his hands, his face was full of pain.

"Zhenting, I...it hurts so much." Xiaofeng looked at Li Zhenting with tears in his eyes, his face full of grievances but trying not to shed tears, really pitiful.

Chapter 949 We will have revenge

Li Zhenting looked cold-blooded: "Send the children back to Li's Castle, don't let them run around."

"Yes." Cold-blooded came over to hold the little guy's hand.

"Don't touch me." Coco shouted stubbornly, shook off his cold-blooded big hand, looked at Li Zhenting, "We will go by ourselves."

His small face is tight, his whole body is cold and stern, and at a young age, his aura is powerful and intimidating.

"Daddy, let me tell you, as long as you marry this woman, Ding Ding and I will bankrupt the Li Group. We will treat you as you did to our mommy." Ding Ding was even more ruthless.

"Daddy, you are a big bear in my eyes, and I will never worship you again." Xiaoxiao sobbed, her eyes and nose were red, and she rarely cried in front of Daddy when she was wronged. But he was not good to Mommy, she wanted to cry.

While the children were in a stalemate, suddenly, the phone and watch in Coco's hand rang.

Ke Ke lowered her head and looked down, a soft color flashed in her eyes, her indifferent lips were bent, her small mouth opened and closed, and she called out in a childish voice, "Mommy."

"Ke Ke, where are you now?" Shen Ning didn't see the three little guys for a while, and was anxious, fearing that they would go to Xiao Feng again, so he hurriedly called them.

"Mommy, we're playing outside, we're buying some snacks, and we'll be home soon." Coco said sweetly, the indignation and indifference to Li Zhenting just now was completely gone when she was facing Mommy, only the innocence of a child casual.

Shen Ning smiled and breathed a sigh of relief.

"Okay, then you guys go home early, Mommy will make kebabs for you." Shen Ning urged gently.

The time to leave the children is getting closer, how much she wants to stay with the children.

"Okay, then we'll be back right away, thank you Mommy, we love you." Coco was very happy, and the little milk's voice became more and more sweet and cloying.

The whole room was so quiet that you could hear a needle drop to the ground, and everyone was praising the cute and sensible little ones in their hearts.

"Li Zhenting." After Ke Ke hung up the phone, he directly called Li Zhenting by his name, "If you marry this bad woman, then we will follow Mommy, and I tell you, we will take revenge. The system of the group has all collapsed, let you cry."

After speaking, he took Ding Ding and Xiao Xiao's hand and said, "Let's go."

"Okay." The two little ones answered loudly.

Three little males, Jiu Jiu, strode outside in high spirits, followed by five mighty and majestic Bao Biao, whose handsome and domineering style was shocking.

In fact, Ke Ke and Ding Ding said that they wanted to destroy the Li Group's system. That was really not to scare Li Zhenting. A shield that resists any malicious attack.

Now they can remove the shield as long as they move their little fingers. They are more aware of the protective wall of the Li Group and can easily destroy it.

The little ones look at such an annoying Daddy, they really want to clean him up and vent their anger on Mommy!

"Young master is really domineering."

"That face is unbelievably beautiful, so cute, I really want to touch it."

...

The secretaries and sisters in the office stuck their heads out one by one, looking at these three pink and jade-carved little guys in a craving, wishing to come up and touch their tender little cheeks.

"Hi, Coco, Ding Ding, Xiao Xiao." As soon as the three little guys walked outside, they saw Li Jiaojiao standing at the gate and waving at them, smiling wickedly.

"Hmph." The three little guys turned their faces away and snorted heavily, ignoring her.

"Hey, what's the matter with you? Why are you ignoring me? I didn't offend you." Li Jiaojiao was very puzzled and came up to stop the three little ones.

"Hmph, bad aunt, you lied, didn't you say you wanted to help us find our daddy? Now that our daddy is married to that bad woman, how can we find him?" Ke Ke yelled at her with red eyes.

Chapter 950 We don't have a daddy

Li Jiaojiao was stunned, and immediately said: "Little heartless, didn't I tell you to come and make trouble after knowing that your father and Xiaofeng will get a marriage certificate, why? Didn't the trouble succeed?"

"No, Daddy is too scum." Ding Ding was dejected.

"That's it. Your father is such a scumbag. I can't help it. I can't beat him, and it's useless to scold him. He is fascinated by that vixen. There is nothing I can do. You have to be considerate of me." Li Jiao Jiao shrugged.

"Hmph." Ding Ding glanced at her sideways, "What did you do a few days ago? Didn't you go to Pazai every day, and you lost your soul when you saw the little white face, and didn't bother to help us at all, otherwise, how could Daddy be so fast?" Marry that bad woman, lie to the child, there is no way."

"This..." Li Jiaojiao couldn't help but blush. Indeed, she has been chasing Ji Qingshan all this time, and almost forgot the task of helping them find their father back, but even so, she has been helping them all the time yes, no.

"Although I'm chasing that Jijiao beast, I'm also doing it for your mommy's benefit. In the final analysis, I'm also trying to bring your mommy back." She scratched her head, very serious.

"I believe you are a ghost." Ding Ding said disdainfully, "Anyway, I won't give you my gold bars and melon seeds."

"Oh, my little ancestor, you can't break your promise." Li Jiaojiao said anxiously, "I'm really helping your mommy, you don't know, Ji Qingshan circled around your mommy every day, I'm afraid He hooked your mommy away and pestered him on purpose, in fact, I was doing it for your own good."

Coco looked at Ding Ding: "Do you believe it?"

"I do not believe."

Xiao Xiao also said, "I don't believe it either."

"Aunt Jiaojiao, you see that the three of us don't believe you, what should we do?" Ke Ke asked with blinking red eyes.

Li Jiaojiao pouted: "How could you three little fellows do this? If I really didn't help you, I wouldn't have called you here today."

"But it's too late at this time, it's useless, our daddy has already married that woman, and we don't have a daddy." Coco's eyes were red, and she pulled Ding Ding and Xiaoxiao to leave.

The Chinese New Year is coming soon, the three little guys are small fortunes, Li Jiaojiao can't lose them.

"Ke Ke, Ding Ding, Xiao Xiao, don't worry, I will help you again. If you break your promise, I will never help you again. Anyway, you will definitely ask me in the future. Let me tell you, that woman can't help you. That's amazing, she won't let you and your mommy go." Li Jiaojiao threatened from behind.

After thinking about it, Ke Ke turned around and said, "Well, if you behave well in the future, we will give you all the gold melon seeds and gold bars."

"You're good, don't worry, aunt will definitely help you, because aunt is the embodiment of justice." Li Jiaojiao made a cheering gesture with five fingers, ran over to hug Keke and kissed, and then went to kiss When Ding Ding, Ding Ding turned his face away, allowing Li Jiaojiao to kiss him empty.

"Hmph, you always take advantage of us, so you won't let you kiss." Ding Ding snorted, and took the lead to run towards his business nanny car.

"Boy, if you want to renege on your debt, there is no way." Li Jiaojiao stood behind her and smiled wickedly.

But thinking that Li Zhenting would marry that woman, she also hated her teeth.

I thought that she could save the situation by letting the three children come over to make trouble, but I didn't expect that he would now disown his six relatives because of that woman.

Li's Castle.

When Ke Ke, Ding Ding and Xiao Xiao came back, they saw Lan Lan wearing beautiful clothes and eating snacks leisurely. Seeing the three of them with black heads and black faces, they couldn't help humming a song.
