

## **True God 1931**

Chapter 1931 Heal Yue Enlong's wounds

Yue Ya went and prepared the troops she had.

Ye Chen went along and prepared everything.

"Okay, both of you let's get ready" Ye Chen said to Xiao Lulu and Liu Yue, Ye Chen told both of them to get ready, both of them had to do as Ye Chen said.

Liu Yue and Xiao Lulu immediately remembered all the plans and scenarios they had to do, Liu Yue would disguise herself as Yue Ya, while Xia Lulu would disguise herself as Vei.

Ye Chen would make the two of them as close as possible, that way both of them would be able to run things well.

Yue Ya had prepared everyone who was highly trusted, herself prepared everyone to fight against the First Elder's stronghold and Yue Whang who wanted to get rid of her.

"This is still lacking" Yue Ya felt that the strength they had was still not great, if Yue Enlong could help, it would definitely be a great thing.

"How ?" Ye Chen asked Yue Ya, he asked Yue Ya about her progress.

"Everything is ready, it's just that our strength is still lacking" Yue Ya, Yue Ya explained to Ye Chen that their strength was still lacking.

"I see." Ye Chen nodded, he understood that their strength was still below that of the first elder and Yue Whang.

"Is this all you can collect?" Ye Chen asked Yue Ya, Ye Chen wanted to know if this was all Yue Ya could gather.

"This is all I can gather, you should know that if there are some people who are still questionable, I can't bring them into this matter" Yue Ya said to Ye Chen.

"Um. . ." Ye Chen nodded, for the sake of being safe, Yue Ya did not expend all the power that was considered a spy for the other side.

It was a very good decision, Yue Ya did a good job while doing so.

"Ye Chen, I still have one more person with great strength, too bad he can't join the fight" Yue Ya said.

" why?" Ye Chen asked Yue Ya, Ye Chen wanted to know who it was.

"He is one of the great elders, he has quite an old age and great strength, too bad he is injured and sick" Yue Ya said to Ye Chen.

"Oh I see, then let me see, who knows I have a way to help him" Ye Chen will help, he will try to treat this old man.

"Are you able to do that?" Yue Ya was surprised when she heard this.

"Are you doubting me, haven't I helped you before" Ye Chen said to Yue Ya, Ye Chen reminded Yue Ya when she was injured, Ye Chen was the one who saved her.

"Oh, you're absolutely right." Yue Ya nodded, she of course remembered that when she was injured, Ye Chen was the one who had treated her well.

"Then come with me" Yue Ya believed Ye Chen, he immediately took Ye Chen away with him, both of them went to meet Yue Enlong.

Yue Enlong went to sleep on the bed, his condition was not good, he looked like a dying old man.

"Yue Ya, who else did you bring?" Yue Enlong asked Yue Ya, she had never seen Ye Chen.

"He is one of my acquaintances." Yue Ya said that Ye Chen was one of her acquaintances.

"Doesn't he still look very young?" Yue Enlong asked Yue Ya, Yue Enlong could see that Ye Chen was still very young, Ye Chen still looked very young and had a big difference with Yue Ya.

"Great Elder, don't look at him like that, he is a very great person" Yue Ya said to Great Elder.

Yue Ya said that Ye Chen was really great, at his current age, he had great strength and talent.

"Is that true?" Great Elder didn't believe what Yue Ya said, he didn't believe what Yue Ya just said about Ye Chen.

"Ye Chen, do you already know his condition?" Yue Ya asked Ye Chen, Yue Ya wanted to know if Ye Chen had a way to help Yue Enlong.

"Hmmm, it's a little complicated, I might be able to help him, but his body is really bad, maybe he can't live more than 2000 years" Ye Chen said to Yue Ya.

Ye Chen told Yue Ya that Yue Enlong wouldn't be able to live long, his body was really very old.

"Hahahaha" Yue Enlong laughed when he heard this, one could say that he already knew about this.

"I've lived for hundreds of thousands of years, so I already know that he only has a short lifespan." Yue Enlong didn't deny what had happened, he admitted it too.

"But you can cure it right?" Yue Ya asked Ye Chen, previously Yue Ya had heard that Ye Chen could overcome Yue Enlong's wound.

"I can heal the wound." Ye Chen said that he could do that, but it wouldn't change that this old man wouldn't be able to survive for long.

"I was prepared for what happened, if you really can heal my wounds, then I will owe you" Yue Enlong was prepared for the consequences he had to face, that's why Yue Enlong was prepared for everything.

"Very good, then I will immediately do the treatment" Since Yue Enlong said like that, then Ye Chen will do the treatment, he will do the treatment on Yue Enlong.

Ye Chen took the golden needle, he started to help Yue Enlong's wound.

Yue Enlong's wounds were quite severe, he needed time to heal Yue Enlong's wounds.

Ye Chen opened all the blocked meridian channels using his profound fire, he spit out blood and started spitting out blood that couldn't come out properly.

"The wound is really very serious, it seems like it will take me a long time to completely heal it." Ye Chen felt that it took him a long time to heal Yue Enlong's meridians and cells.

"Master, it looks like Li Jingyi can help you completely heal this old man, just do some basic help" Chu Yuechan said to Ye Chen.

If Ye Chen focused on healing this old man, then it would take him quite a long time, this old man's injuries were extremely severe and would take a long time to fully recover.

"I will recover, maybe his condition will not return 100%, but at least he can fight" Ye Chen said to Chu Yuechan.

Ye Chen couldn't bring Li Jingyi to this place, Li Jingyi was also being targeted by God Realm Illumination, so it's best if Ye Chen didn't involve him in this matter, Ye Chen focused on solving Yue Ya's problem first.

"I will respect your decision." Chu Yuechan nodded, she respected Ye Chen's decision not to involve Li Jingyi.

Ye Chen used healing herbs and pills on Yue Enlong, he gave his best to make Yue Enlong's strength to 100%.

After 2 days of treatment, Ye Chen was finally able to make Yue Enlong recover.

"It's done, please stand up." Ye Chen told Yue Enlong to stand up.

Yue Enlong did as Ye Chen said, he got up from the bed and started to stand up.

Originally Yue Enlong couldn't get up from the bed, but now she had completely managed to get up.

"This is great. . ." Yue Enlong said to Ye Chen, what Ye Chen did was really great.

Chapter 1932 Attack by Yue Whang (1)

"You better not get too excited, I still haven't completely healed your wound" Ye Chen said to Yue Enlong.

"I see, I can already fight in this state" Yue Enlong told Ye Chen.

"If your condition worsens, you must stop, otherwise it will get you in trouble" Ye Chen warned Yue Enlong to stop when he couldn't take it anymore, otherwise it would be a very big problem.

"Thank you very much, I will remember what you said" Yue Enlong would remember what Ye Chen said, he would stop when things started to get bad.

"Very good" Ye Chen didn't need to bother anymore, Yue Enlong was easier to warn than people who were against Yue Ya.

After regaining his strength, Yue Enlong left, he finished his business and joined Yue Ya's army.

"That was really great" Yue Ya praised Ye Chen, she praised Ye Chen for what happened, what Ye Chen did was a very great thing.

"Of course, if it wasn't for me, how would all of this have happened?" Ye Chen said to Yue Ya.

"You are getting arrogant again" Yue Ya said to Ye Chen, Yue Ya saw that Ye Chen was starting to be arrogant again.

"Hahaha" Ye Chen laughed when he heard this.

"Okay, I've done what I had to do, won't you give me a present?" Ye Chen asked Yue Ya.

"gifts, what other gifts, this goddess is good enough to give things that no emperor in this world has ever tasted" Yue Ya said to Ye Chen.

Yue Ya had given Ye Chen a very good thing, he had provided an excellent service that no one but Ye Chen had ever experienced.

"You are right, then the gift of a kiss is fine for me" Ye Chen said to Yue Ya.

"You always force someone to do embarrassing things" Yue Ya said to Ye Chen, Ye Chen always forced herself to do unreasonable things like this.

"Hehehe" Ye Chen just laughed when he saw this.

Without saying anything to Ye Chen, Yue Ya immediately kissed Ye Chen, he started kissing Ye Chen passionately.

Ye Chen welcomed Yue Ya's kiss with passion, it became Ye Chen's happiness because he got a chance to kiss a goddess like Yue Ya.

"I hope you can survive, if I lose you better go and stay away" Yue Ya said to Ye Chen, Yue Ya told Ye Chen to leave when they lost, she didn't want anything bad happen to Ye Chen.

"I'm not a coward, if the situation really gets out of control, I will use everything I have, even if it cost me my strength" Ye Chen said to Yue Ya.

Ye Chen would do his best, he would do everything he could to help defeat all of Yue Ya's enemies.

Even if the situation got out of control, Ye Chen still had quite a lot of things he could use against the enemy, so for the time being Ye Chen was still confident.

" you . . ." Ye Chen was speechless, he was speechless when he listened to what Ye Chen said.

Ye Chen was very loyal, he was really very loyal to the person he felt was precious to him.

"I hope we win" Yue Ya only hoped that he could win, this was so that the Blue Moon God Star Realm could become a place that was clean of dirty people.

"Let's go, we won't win if we continue like this" Ye Chen asked Yue Ya to leave, they won't get victory if they continue like this.

Ye Chen and Yue Ya left, Ye Chen took Liu Yue and Xiao Lulu into Yue Ya's profound ark.

"Do you two already know about what you two should do?" Ye Chen said to Liu Yue and Xiao Lulu, did both of them already know about what they should do.

"We already know" Liu Yue and Xiao Lulu already knew, they even wore Yue Ya and Vei's clothes.

Yue Ya, Vei and Yue Enlong had already left, they had already left first to sneak and look for a suitable place to carry out a surprise attack.

Ye Chen accompanied the two, he put on a robe and disappeared while watching the movements around.

After confirming where the enemy was, Ye Chen would immediately tell Liu Yue, that way they could immediately know where the enemy was.

In this case, Yue Ya, Vei and Yue Enlong could only wait, they could only wait for Ye Chen's signal.

Otherwise they would be in big trouble if their place was discovered by the enemy.

The profound arks started to leave, their destination was the Knowledge Star Realm, there were countless people with great high level knowledge, there Yue Ya intended to discuss business and look for someone with above average talent.

There appeared a great deal of talent which the great powers often sought for research.

"How long will it take to get to the knowledge star realm?" Ye Chen wanted to know how long it would take to get to the knowledge star realm.

Ye Chen turned his attention towards Liu Yue and Xiao Lulu, both looking alert and ready for battle.

Ye Chen kept looking around, he looked around this place for Yue Whang's whereabouts.

"Master" Chu Yuechan said to Ye Chen, telling him that there was a slight movement around.

"I see, I see them" Ye Chen also saw them, he saw the movement of approximately 1000 people with about 26 people who have high cultivation.

Even though the number of enemies was only 1000, it seemed that Yue Whang and the first elder brought their best troops, they brought their best troops to fight Yue Ya.

These troops were strong, their strength was equivalent to hundreds of thousands of troops from the Blue Moon God Star Realm.

"I didn't expect that they would bring all the best troops." Ye Chen looked at all the troops, they were all strong and the best among all the troops.

"Yue, Lulu, get ready" Ye Chen told Xiao Lulu and Liu Yue to get ready, they will be fighting soon.

Xiao Lulu and Liu Yue nodded, they were ready for battle.

The two of them took their weapons and already prepared, they would immediately attack when the time came.

"There it is, this is an empty Zone, there are no stars around this place, so this is a suitable location for an attack." The first elder said, himself saying that this was the place they had prepared.

"Shall we attack immediately?" the third elder asked, he was ready to fight.

"Immediately surround, don't let him run away" Yue Whang gave the order, he immediately asked everyone to immediately surround the profound ark that Yue Ya was riding.

"Army, prepare, we will fight, this is for the sake of the future of the Blue Moon God Star Realm." The seventh elder said to the troops, he was in charge of leading the troops to carry out the attack.

Using the signal that had been given by the seventh elder, all the troops attacked the profound ark, first they used their strength to break the fairly strong barrier of the profound ark.

Even though it was strong, the profound ark would not be able to last long in resisting attacks from strong people.

Ye Chen was still silent when he saw the profound ark he was riding on was attacked, he waited for the barrier in front of him to break.

Chapter 1933 Attack by Yue Whang (2)

Liu Yue and Xiao Lulu came out, they both came out and directly greeted the enemy in front of them.

"Stop there, don't make trouble with us anymore." Liu Yue tried to stop the person who was trying to break the barrier.

Liu Yue did a great job, she was able to act like Yue Ya, it made Yue Whang and the others believe that Liu Yue was Yue Ya.

"You are a very stupid woman, a woman like you is not worthy to lead" Yue Whang said to Liu Yue.

Yue Whang and the others were wearing robes, they were wearing closed clothes to hide their identities, plus there were several troops in the distance that were quite strong and were being hidden.

"Lulu, use your strength to catch them, I will take care of some people" Ye Chen gave a message to Xiao Lulu, he told Xiao Lulu to directly catch them with strong tree roots.

"I see, I will catch them" Xiao Lulu nodded, she used **YGGDRASIL heart art**, she grew plants from space rocks.

A very large tree root appeared, this tree root caught the troops attacking them.

"What is this" Yue Whang's troops looked confused, they looked confused when they saw a huge plant that appeared out of nowhere and started to catch them.

After being strengthened by using the Yggdrasil Ring, now that Xiao Lulu's strength has become even greater, she can catch hundreds of people easily.

Xiao Lulu has done a good job, she has caught quite a lot of people.

Liu Yue, also started to move, she used the Celestial Moon Light Sword and started fighting.

When Liu Yue used the Celestial Moon Light Sword, everyone was immediately shocked, they were all immediately shocked when they saw Liu Yue open and use the Celestial Moon Light Sword.

"What is it?, the radiance is so powerful" Everyone was shocked, they were all shocked when they saw Liu Yue wielding the Celestial Moon Light Sword.

"That weapon, how did she get it?" Yue Whang was shocked when he saw Liu Yue wielding the Celestial Moon Light Sword.

The Celestial Moon Light Sword weapon should have disappeared long ago, it had disappeared from this world a long time ago.

"Blue Moon Shadow blink" Liu Yue used Blue Moon Shadow blink, she used Blue Moon Shadow blink to fight the enemy.

By using Blue Moon Shadow blink he is able to attack enemies very easily.

"Careful, pay attention to your surroundings" Yue Whang told everyone to look around.

Yue Whang knew this technique, so he told everyone to be even more careful.

"Alright, we all understand." Everyone nodded, they would all do their best to fight Liu Yue.

Liu Yue and Xiao Lulu's attack had wreaked havoc within the enemy army, now the enemy army looked confused.

"It can't be like this, if it continues like this, then it will be a very troublesome thing." Yue Whang couldn't let this happen, his army wasn't that strong.

"You guys, quickly go and stop them" Yue Whang told all the elders to attack Yue Ya, if they didn't do it quickly, or Yue Ya could call for help and all their plans would be in vain.

They only had a limited amount of time, they only had a limited amount of time in dealing with Yue Ya, if they ran out of time then they should immediately retreat.

When Yue Whang carried out the attack, Ye Chen secretly made a very large dome, he made a huge dome that could not be penetrated.

Ye Chen had things to do, he would make sure that these people didn't run away.

"They have already started eating the bait, they should immediately reduce their defenses" Ye Chen said.

"Where is Yue Ya, why doesn't he help immediately" Ye Chen wanted to know where Yue Ya was, she should come and help.

The enemy's attack was getting stronger, Liu Yue and Xiao Lulu wouldn't last long when they were attacked like this.

"Looks like I have to join the battle too" Ye Chen had no other choice, he had to join the fight against the enemy.

Ye Chen stepped forward, he started to fight and attack the enemy, every time Ye Chen stepped, there would definitely be someone who would fall, Ye Chen attacked and fought without the enemy noticing.

The battle was so intense, Ye Chen, Liu Yue and Xiao Lulu only fought three of them, they fought only three and fought the troops of Yue Whang and the 25 elders of the Blue Moon God Star Realm.

Ye Chen tried to buy time until Yue Ya and the others came, it would be a good thing when they came.

"nonsense, where did they go?" Ye Chen felt that something was wrong, he felt that Yue Ya and the others didn't show up and they were being blocked by something.

Ye Chen's feelings were evident, they were indeed being blocked by the two people in front, this made Liu Yue and Yue Enlong unable to provide assistance to Ye Chen.

"Who are you two?" Yue Ya asked, who are the two people in front of them, they seem to be very strong.

These two people were able to withstand Yue Ya and Yue Enlong, naturally they were that strong to be able to hold Yue Ya and Yue Enlong in this place.

"We are all here to catch you, as long as you surrender, then everything will be fine" said one person to Yue Ya.

"You two won't survive, I won't give up" Yue Ya wouldn't give up, she started to attack the two people in front of him.

"What a stubborn woman, I will make you aware" one of the two people came forward, this person attacked Yue Ya with a weapon similar to a large scythe.

"Clang. . ." Yue Ya's attack was able to be blocked and matched by the person in front of her, it seemed that the person in front of her was a very strong person who was able to withstand Yue Ya's full attack very easily.

"They are not random people. . ." Yue Enlong saw that these two people in front of him were not just random people.

"Yue Ya retreat, they seem to be from God Realm Illumination" Yue Enlong said to Yue Ya.

Their strength is abnormal, they must be from God Realm Illumination.

In this world, only the people of the God Realm Illumination were able to do something like this, they were strong people with abnormal abilities.

"As expected of an old man, you know what we are" another person said to Yue Enlong.

This person's voice looks like a child's voice, it seems that he is still young and has been able to obtain this strong power, obviously this person is not normal.

Yue Enlong and Yue Ya became more and more alert, it seemed that their opponent would be quite a formidable opponent.

"Yue Ya, it looks like we won't be able to help them, what should we do?" Yue Enlong asked Yue Ya, they wouldn't be able to help Ye Chen in time and it might be too late.

"It's okay, I really trust him, he can definitely find a way to solve this problem." Yue Ya believed in Ye Chen, he really believed that Ye Chen could solve this problem.

"Alright, then let's focus on fighting it" because of this kind of situation, Yue Enlong and Yue Ya had to cooperate, the two of them had to team up against the two people in front of them.

Back in the battle, Ye Chen, Liu Yue and Xiao Lulu joined forces and helped each other, both of them helping fight the enemy in front of them.

That way they can balance the strength of the enemy in front of them.

"Husband, where are those people?" Liu Yue asked where was Yue Ya and the others.

"I think they are also having problems" Ye Chen replied to Liu Yue.

Chapter 1934 Ye Chen VS Yue Whang battle, first elder and third elder

"So do we have to depend on ourselves?" Liu Yue said to Ye Chen

"Seems like that" Ye Chen had no other choice, he said that they should completely depend on themselves.

"Lulu, prepare yourself" Ye Chen told Xiao Lulu to get ready.

"Alright" Xiao Lulu nodded, she would prepare for battle and support Ye Chen from behind.

Ye Chen stepped forward, himself using an enormous amount of power to show his strength.

Ye Chen's strength was immense, such a great power would definitely be able to make a big impact around this place.

"Damn, the power is so big" Everyone was shocked by the power that Ye Chen emitted.

"Alright, looks like it's time to crush you guys" Ye Chen said to everyone in front of him.

Hearing this, everyone felt scared, they all felt scared when they heard what Ye Chen said.

"Don't be afraid, we will definitely win" Yue Whang said to everyone in this place, they can definitely win against Ye Chen, if they work together they can win against Ye Chen.

"Hehehe, let's see" Ye Chen said to everyone in front of him, Ye Chen would not hold back, he would use a powerful destructive technique.

Yue Whang, the first and third elders immediately surrounded Ye Chen, they used the Crescent Moon Formation to surround Ye Chen.

"You will die in this place" Yue Whang said to Ye Chen, he told that Ye Chen would die in this place.

"Don't just talk nonsense, if you can afford it, why don't you show it to this old man" Ye Chen said as he challenged Yue Whang.

Yue Whang was very upset when he saw Ye Chen's arrogance, Ye Chen's arrogance was enormous.

"I will repay what you did" Yue Whang was angry, he would immediately reply to Ye Chen who had made himself kneel.

"We must continue to be careful" Yue Whang said to the first elder and third elder, they had to be super careful against Ye Chen.

Yue Whang learned from previous experiences, he learned from previous experiences that Ye Chen was a dangerous opponent.

"Alright, we understand" the first elder and third elder understood, they were going to attack Ye Chen with all the strength they had.

"crescent moon slash. . ." Yue Whang, the first elder and the second elder instantly launched their attacks towards Ye Chen, they launched a powerful attack towards Ye Chen with full strength.

"**Invisible Body Art**" Ye Chen's uses **Invisible Body Art**, his body becomes translucent and cannot be attacked by enemies.

Yue Whang's attack, First Elder and third elder passed through Ye Chen, their attacks couldn't even scratch Ye Chen.

"no way, did he dodge the attack just now" Yue Whang thought positively, Ye Chen might just dodge his attack.

"You three are too naive, such an attack will have no impact on this old man" Ye Chen said to Yue Whang, the first elder and the third elder.

"All of you, don't listen to him, he's trying to confuse the thoughts we have." Yue Whang said to the first and third elders, himself saying that Ye Chen wanted to confuse them.

"Looks like he made our minds scared and confused" The first elder understood what Yue Whang meant, it seemed that Ye Chen's goal was to confuse them.

"If we use strength and focus against him, then everything will be fine" Yue Whang said to the first and third elders.

The first elder and the third elder agreed, they would use a forbidden technique against Ye Chen.

"Master, they are using high-level techniques against you" Chu Yuechan gave a warning to Ye Chen, he gave a warning to Ye Chen about Yue Whang who would use a forbidden technique.

"Among all the people here, they are the most troublesome" of all the enemies, Yue Whang was the most terrifying, he was the most terrible person in this world.

"Time to get serious" Ye Chen couldn't play around anymore, the three of them had already started to get serious in fighting Ye Chen, if Ye Chen was still playing around, then it would give the enemy an advantage.

Ye Chen combined Heavenly Silver Flame and Profound Ice, a slightly blue silver colored flame appeared in Ye Chen's hand.

"Since you guys still dare to resist, then this old man will show you a little trick" Ye Chen said to Yue Whang, the first elder and the third elder.

"Stop talking nonsense" Yue Whang said to Ye Chen, Ye Whang told Ye Chen to be quiet, he already knew what Ye Chen was trying to do.

"You will regret this" Ye Chen said to Yue Whang, he would definitely regret what happened.

Ye Chen threw the flames in his hand towards Yue Whang, the flames from the Heavenly Silver Flame and Profound Ice went straight towards Yue Whang.

"What kind of child technique are you using" Yue Whang swung his sword, he slashed at the flames that were aiming at him.

"Slashes. . ." With a light slash, Yue Whang was able to destroy Ye Chen's flames.

"Hahahaha, your strength is nothing" Yue Whang said to Ye Chen, Yue Whang said that Ye Chen's strength was very weak.

"Are you sure, you don't realize you're on fire" Ye Chen said to Yue Whang.

when Yue Whang heard this, he immediately looked at his weapon, Yue Whang's weapon was indeed on fire, the weapon caught fire very quickly and grabbed Yue Whang's hand.

"Gah. . ., what is this." Yue Whang tried to extinguish the fire in his hand.

Yue Whang didn't feel any pain from the fire burning his hand, the flames spread and started to rise up into Yue Whang's arm.

Yue Whang tried to extinguish the fire in his hand, when he tried to do so, Yue Whang could not extinguish the fire on his body.

"Damn it. . ." Yue Whang had no other choice, he only had one choice.

Yue Whang instantly used his strength to cut off his arm, he cut off his arm.

"Gah. . ." Yue Whang felt pain, he immediately covered the wound on his hand with another hand.

"unlucky . . ." Yue Whang cursed, what Ye Chen did made him very upset.

"hahahaha, you sacrificed your own hand, it seems you are afraid" Ye Chen said to Yue Whang, Ye Chen said to Yue Whang who was afraid.

Yue Whang gritted his teeth, he was very annoyed when he heard what Ye Chen said.

"Great elder, leave quickly now, we are done" The first elder said to Yue Whang, he told Yue Whang to leave this place immediately.

Yue Whang nodded, he immediately retreated and moved away from Ye Chen.

"This time it's your turn to counter your attack" Yue Whang said to Ye Chen.

Yue Whang smiled evilly, he seemed to be enjoying this well.

Ye Chen also smiled, Ye Chen smiled when he saw what Yue Whang was doing.

"I will make sure that you get good things" Ye Chen said that he would make sure that Yue Whang got good things.

"Divine moonlight galaxy" The the first and third elders used a technique that created an enormous moonlight and had an extremely bright light.

This light is able to illuminate all dark places in a very wide radius.

Chapter 1935 Yue Wang defeat

"So this is a forbidden technique that they have, not bad." Ye Chen could feel this power was very strong and made Ye Chen's body feel a little heavy.

"Ugh. . ." Liu Yue and Xiao Lulu found it difficult to withstand this attack, they seemed to have a hard time withstanding the strongest attacks that the first and third elders had.

"Not good, they weren't able to withstand the attack" Ye Chen had to worry, he saw that Liu Yue and Xiao Lulu were unable to withstand this attack.

Ye Chen walked over to them, he used his power to protect Xiao Lulu and Liu Yue.

The ray of light is very strong, nothing can escape this ray, the rocks and empty planets around this place must be destroyed when facing this ray of moonlight.

"Their strength is pretty big too" Ye Chen had to admit that their strength was huge, he used high level armor to withstand this attack.

Using his armor, Ye Chen was able to withstand attacks from the enemy.

"Crack. . ." Suddenly, the barrier around him was shattered when it received the Divine Moonlight Galaxy's attack.

"Not good, I'll open the Veins of my land." Ye Chen felt that this was not good, he opened his Veins to strengthen the defense.

After Ye Chen used his Veins, Ye Chen's defense became extremely strong and could no longer be breached.

"Husband, are we going to be okay?" Liu Yue asked if they would be okay.

"We will be fine" Ye Chen said to Liu Yue.

Ye Chen could guarantee that they would be fine, he was confident that he would be fine.

"Big brother, I can't see anything" Xiao Lulu said that she couldn't see what was in front of her.

"I understand that too, everything will be fine, trust me" Ye Chen said to Xiao Lulu.

Ye Chen's defense was extremely strong, the Divine moonlight galaxy's mighty power couldn't break through Ye Chen's defense.

"That should be enough to destroy them, shall we stop?" asked the third elder to the first elder.

"Don't stop, our opponent is not a random person, don't stop yet." Yue Whang told the third elder and the first elder not to stop.

Their opponent was a very dangerous and very strong person, so they should not stop at this place.

"They won't stop." Ye Chen could see that Yue Whang and the others didn't want to stop attacking Ye Chen, Ye Chen had to counterattack them.

**"Half Dimension"** Ye Chen used **Half Dimension**, he minimized the attacks of the third elder and the first elder.

With the absolute power of Half Dimension, the huge Divine moonlight galaxy began to shrink to a very small size.

"What happened" When the light from the Divine Moonlight Galaxy disappeared, Yue Whang directly asked the first and third elders.

"We don't know" the first elder and the third elder didn't know what had just happened, the two of them didn't know what happened, how the Divine Moonlight Galaxy could disappear so quickly.

"You guys have angered me, this time you will feel my wrath" Ye Chen felt angry because they all wanted to hurt Liu Yue and Xiao Lulu, this was something that Ye Chen couldn't forgive, Ye Chen had to make them pay for what they had done .

"Is this his doing" Yue Whang knew that this was all Ye Chen's doing, the only person who could do this was Ye Chen, no one else in this world could do such crazy and unreasonable things except Ye Chen.

Ye Chen opened the Fire and Water Veins that he possessed, Ye Chen's strength and Profound Energy became enormous.

**"Dimension Breaker"** Ye Chen used **Dimension Breaker**, dimension cracks instantly appeared around Yue Whang, the first elder, the seventh elder and the other elders who were in front.

These cracks got bigger and bigger, this made the time around them stop and they couldn't move.

"Fuck, what happened" Yue Whang didn't know what happened, he couldn't move his body like normal.

"You are all over" Ye Chen crushed them, he used **Dimension Breaker** to destroy everyone.

"Clank. . ." a huge explosion occurred, this explosion shattered the bodies of Yue Whang, the first elder, the third elder and the others.

There were a few survivors, but there were countless people who had to be blown to pieces.

"Wow" Liu Yue and Xiao Lulu were shocked when they saw what Ye Chen had just done, what Ye Chen had just done was really great.

"That just drained my energy." Ye Chen was quite tired, he felt tired after using Dimension Breaker, Half Dimension and opening his three veins directly.

" Are you alright?" Liu Yue asked Ye Chen, Liu Yue asked about Ye Chen's condition, she was worried about Ye Chen's condition.

"Big brother hang on" Xiao Lulu said to Ye Chen, Xiao Lulu also looked very worried for Ye Chen.

"You two, I'm fine" Ye Chen said that he was fine, so Liu Yue and Xiao Lulu didn't have to worry about him.

"Even if you say that" even though Ye Chen said that, Liu Yue and Xiao Lulu still felt worried for Ye Chen.

"Everything will be fine" Ye Chen said to Liu Yue and Xiao Lulu.

"Forget about it, let's see how Yue Ya and the others are." Ye Chen would confirm Yue Ya's condition, Yue Ya's and Yue Enlong's condition.

"You guys please take care of them, make sure the survivors don't run away" Ye Chen asked Liu Yue and Xiao Lulu to take care of these people, he had to see Yue Ya's condition.

"You understand" Liu Yue understood, she would make sure that these people didn't do anything dangerous.

"Thank you very much" Ye Chen thanked her, he believed in the two women.

Ye Chen went and looked for Yue Ya's whereabouts, Ye Chen wanted to know what happened to Yue Ya right now.

in Yue Ya's place, Yue Ya was in a fairly fierce battle, the opponents were two mysterious people with strange and moderately strong powers.

Yue Ya had even used the Full Blue Moon God Domain, she was fighting with her full strength.

"As expected of the moon goddess, your strength is immense, it's a pity that your cultivation level is still not at the peak stage" both of them acknowledged Yue Ya's strength, it was a pity that Yue Ya had not yet reached the highest level and she was still far from the two people in front of her.

If only Yue Ya's strength was comparable, Yue Ya would be a very troublesome opponent at all, but now he still couldn't win easily against the two people sent by.

"Yue Ya, you better leave now, the two of them are too strong, I will hold them back" Yue Enlong said to Yue Ya, he told Yue Ya to leave right now if he stayed here, then Yue Ya's safety would be in jeopardy.

"I won't do that" Yue Ya refused Yue Enlong's orders and offers, she didn't want to do what Yue Enlong said.

Yue Ya didn't like to leave people she belonged to and run away alone, she would feel guilty for the rest of her life.

"If you don't go, then you will be arrested and they will do bad things to you" Yue Enlong said to Yue Ya.

"I don't care" Yue Ya didn't care, she didn't care about what happened.

Now they must work together to be able to win against the enemy.

Chapter 1936 Scorpion King Hell

"You don't need to do that, you two won't be able to leave this place" one of the enemies in front told Yue Ya that she wouldn't be able to leave this place.

"That sucks" Yue Enlong cursed upon hearing the words of the two people in front of them, this would be a very troublesome thing.

"Before I defeat you, I will tell you what my name is, I am Ma Bakyu, and my friend is Xin Jine, you are a member of the 12 Guardian Gods." Ma Bakyu introduced himself to Yue Ya and Yue Enlong.

"You are a member of the 12 Guardian Gods." Yue Enlong was surprised when he heard this, it turned out that the opponent in front of them was very strong.

"Great elder, aren't their strength equal to you and Yue Whang?" Yue Ya asked Yue Enlong.

"I hate to say this, their strength is slightly above mine, if I am correct their strength is slightly below the previous leader" Yue Enlong said to Yue Ya.

"So it's true that they are strong." Yue Ya finally believed that these people were strong.

"You better be careful, they are not easy opponents to deal with" Yue Enlong said to Yue Ya.

Yue Enlong knew that if they had no way of escaping, they had to fight the enemy in front of them no matter what.

as members of the 12 Guardian Gods, they were strong people that Yue Ya and Yue Enlong would not be easy to deal with.

"I'm a little bored to play with you guys, let's end this soon" said Ma Bakyu.

"Summon, Scorpion King Hell" Ma Bakyu summoned a fire scorpion, this fire scorpion appeared and roared very loudly.

"I hope you like the gift I gave you" Ma Bakyu said to Yue Ya and Yue Enlong.

"No, he summoned a dangerous monster" Yue Enlong said to Yue Ya.

"It is a very terrifying killing monster, I heard that it once crushed several high-class stars with ease" Yue Ya said to Yue Enlong.

"You're absolutely right, don't get hit by monster attack, it can melt your body if you get hit by it" Yue Enlong said to Yue Ya.

"I see" Yue Ya understood, she would try her best not to get hit by the Scorpion King Hell's attack.

"You're overreacting to summoning the Scorpion King Hell to fight them." Xin Jine said to Ma Bakyu.

"Hahahaha, let my little monster play with them, he won't kill them, but I'm not sure that other people will survive" Ma Bakyu said with an evil laugh that sounded like a child's laugh.

"It's best to end this quickly, it looks like those people are in trouble, I feel a terrible danger, so hurry up" Xin Jine said to Ma Bakyu.

"No need to worry, no one will help them" Ma Bakyu said to Xin Jine.

"I hope what you say is true." Xin Jine hoped that what Ma Bakyu said would be the truth.

The two of them turned their attention towards Yue Ya and Yue Enlong.

Yue Ya and Yue Enlong teamed up, both of them doing their best to fight Scorpion King Hell.

"Blue Moon Quick Slash" Yue Ya's did a sword slash attack towards Scorpion King Hell.

"moonlight palm" Yue Enlong's also made an attack, he made an attack at the Scorpion King Hell.

This attack would destroy the Scorpion King Hell's internal organs.

The two of them used their full strength, they tried to destroy the Scorpion King Hell.

Yue Ya and Yue Enlong's attacks could inflict wounds on the Full Blue Moon God Domain's body, unfortunately the wounds did not last long, in a short time the Full Blue Moon God Domain's wounds recovered.

"No way, Full Blue Moon God Domain" Yue Ya opened the Full Blue Moon God Domain again, this was the second time she had used the Full Blue Moon God Domain.

"Don't push yourself, it will drain your energy" Yue Enlong said to Yue Ya.

Opening the Full Blue Moon God Domain would drain Yue Ya's energy, it would drain him of profound energy.

"We have no other choice, if we really want to win, then we have to do this" Yue Ya said to Yue Enlong.

Yue Ya had no choice, if he didn't do this, then they would lose at the Scorpion King Hell's hand.

Using the Full Blue Moon God Domain, the Scorpion King Hell's body was enveloped and its inner body began to crumble by the Full Blue Moon God Domain.

Ma Bakyu and Xin Jine used their strength to fend off the Full Blue Moon God Domain, once again the Full Blue Moon God Domain was unable to kill the two.

"Slashes. . ." The Scorpion King Hell's body started to crumble and turn into shards, right now the Hell Scorpion King had been completely smashed into pieces.

"Humph. . ." Yue Ya knelt down, she had already exhausted quite a bit of profound energy when using the Full Blue Moon God Domain.

"Looks like she has reached his limit, what a shame" Ma Bakyu said to Yue Ya, Yue Ya had reached her limit and could no longer fight.

"Who said I've reached the limit" Yue Ya was still able to fight, she tried to stand up and fight Ma Bakyu.

"Wait a minute, your opponent is not me, your opponent is him." Ma Bakyu pointed at the Scorpion King Hell's body fragment, the Scorpion King Hell's body began to recombine and form the Scorpion King Hell which was much bigger than before.

Yue Ya couldn't believe what was happening, her attack just now couldn't destroy and kill Scorpion King Hell, it seemed Yue Ya had done something pointless.

"Just give up, just admit that you can't win against us" Ma Bakyu said to Yue Ya, he told Yue Ya to give up right now.

"I told you I won't give up" Yue Ya still insisted on giving up.

"Too bad, looks like I have to scratch your pretty face" Since Yue Ya refused to give up, Ma Bakyu had no choice but to attack and injure Yue Ya.

Scorpion King Hell started running towards Ye Chen, Scorpion King Hell attacked Ye Chen using the stinger and claws he had.

"I won't let you" Yue Enlong wouldn't let Ma Bakyu succeed in harming Yue Ya, he intended to help Yue Ya.

"Ugh. ." just as Yue Enlong was about to help Yue Ya, he felt a little dizzy, he felt the pain in his body return sick.

It seemed that the previous battle had put Yue Enlong at his limit, he was no longer capable of fighting.

What Ye Chen said came true, Yue Enlong was really incapable of fighting for long, he had not fully recovered.

"Damn it, why is it like this" Yue Enlong didn't give up, he tried to get up and help Yue Ya.

Yue Enlong had tried hard, unfortunately he couldn't get up, the pain in his body returned again and made him unable to do anything.

Yue Ya raised the Moon Lord Sword, he would battle the Scorpion King Hell with the remaining strength he had.

Yue Ya knew that he might not have enough strength to win, at least he could still put up a fight against the enemy.

"Hehehehe, Scorpion King Hell quickly defeat him and cripple him" Ma Bakyu ordered Scorpion King Hell to immediately immobilize Yue Ya.

Scorpion King Hell advanced towards Yue Ya and targeted Yue Ya with his stinger.

"Boom. . ." just when the Scorpion King Hell was about to attack Yue Ya, something extremely fast hit the Scorpion King Hell's body.

"What was that?" Ma Bakyu didn't know what had just happened, he didn't know what had just happened to Scorpion King Hell.

Chapter 1937 Ye Chen came and fight Ma Bakyu and Xin Jine

Densedust enveloped Scorpion King Hell, so they didn't know what was really going on in this place, whether Scorpion King Hell was okay or not, this became a question for everyone.

When the dust cleared, everyone finally saw what had happened, they all seemed to see that the Scorpion King Hell fell and was being occupied by someone.

"Who is it?" Yue Ya wanted to know who the person who saved them was, she really wanted to know the person who had saved them from Ma Bakyu and Xin Jine.

"You two are very annoying people, I feel sick to see you two" someone descended from Scorpion King Hell's body.

" who are you?" Ma Bakyu asked the person who had just appeared right in front of them.

"Do I need to introduce myself to you, it seems that there is no advantage for me to do that" this person said to Ma Bakyu.

"So arrogant, I have never seen someone dare to be arrogant in front of me" Ma Bakyu had never seen someone as arrogant as this in front of him.

"Go ahead and don't waste my time" this man told Ma Bakyu to hurry up and start the battle.

"Scorpion King Hell kill him" Ma Bakyu ordered Scorpion Hell to kill the person in front of him.

The person who just appeared was Ye Chen, luckily Ye Chen came in time so he could save Yue Ya.

"These two people, they were able to make Yue Ya in a state like this" Ye Chen did not expect that these two people were able to make Yue Ya to be like this, surely the two of them were not ordinary people because they were able to make Yue Ya to be in this condition.

Scorpion King Hell came forward, Scorpion King Hell spit out a sting of poisonous lava fire towards Ye Chen.

"God Thunder Armor" Ye Chen's wielded the God Thunder Armor, his body shrouded in heavenly lightning.

"Heavenly Lightning! !!" when they saw the heavenly lightning that enveloped Ye Chen's body, Ma Bakyu and Xin Jine were immediately alert, they immediately felt threatened by Ye Chen.

"He" Yue Ya saw that this was the Mask Hero, one of the people who had wreaked havoc in the God Realm several times.

"Bam. . ." Ye Chen used his heavenly lightning to destroy the Scorpion King Hell.

With a single blow, the Scorpion King Hell instantly shattered and evaporated.

"Too easy, looks like you guys need something stronger" Ye Chen said to Ma Bakyu.

"Damn, why are you in this place?" Ma Bakyu asked Ye Chen, why did Ye Chen come to this place, it was very strange to see Ye Chen in this place.

"Hahahaha, what a ridiculous question" Ye Chen replied to Ma Bakyu, this person's question was very ridiculous.

"he dares to mock me" Ma Bakyu looked displeased when he saw Ye Chen who was trying to mock him.

"Hehehe, looks like you're getting angry, little brat" Ye Chen saw that Ma Bakyu was getting angry, this woman was getting angry at Ye Chen.

"I will make you regret it." Ma Bakyu said to Ye Chen who was in front of him.

Ma Bakyu stepped forward, a purple profound Ice started to emerge from the ground and headed straight for Ye Chen.

Ye Chen waved his hand, when Ye Chen waved his hand, in an instant the purple ice turned into shards.

Ma Bakyu even had to retreat and defend against the divine lightning strike used by Ye Chen.

"What the hell" Ma Bakyu couldn't believe it, the power of the heavenly lightning belonging to the person in front of him was very strong, he had no resistance against this powerful force.

"I think this is the end of this battle" Ye Chen said to Ma Bakyu, he told that this was the end of the battle.

Ye Chen gathered his profound energy, he gathered his profound energy and started destroying Ma Bakyu.

Ye Chen condensed the heavenly lightning into a spear, he intended to throw this spear at Ma Bakyu.

"Shit" Ma Bakyu tried to block Ye Chen's attack, he tried to withstand the attack of the heavenly lightning thrown by Ye Chen.

"Get out of the way" when Ma Bakyu tried to block Ye Chen's attack, Xin Jine came, she used an artifact and blocked Ye Chen's attack.

A book-like artifact used by Xin Jine, this artifact emitted dark lightning and directly collided with the heavenly lightning.

An enormous explosion occurred, this explosion made Ye Chen, Xin Jine and Ma Bakyu retreat.

"black lightning?" Ye Chen saw the black lightning that just came out and was used by Xin Jine, the black lightning just now was very dark.

"That was close, you almost died from that guy's attack, if I didn't release the curse spell, you would have died already." Xin Jine said to Ma Bakyu who was almost dead.

Luckily Xin Jine released a curse spell from the book in her hand, otherwise the consequences would be enormous for Ma Bakyu.

"This guy is strong, his strength is not to be fooled." Ma Bakyu said that Ye Chen was very strong, he was a very strong opponent and not easy to beat.

"You're right, it looks like we won't be able to win against him, from the analysis I did, it takes 12 Guardian Gods to defeat him" Xin Jine told that it would take at least 12 of them to defeat Ye Chen.

"It's really troublesome, looks like we have to retreat now" Because Ye Chen appeared, they had to retreat, the strength of the two of them was not comparable to Ye Chen's.

"See you later Mask Hero, we will meet again, next time I will beat you" Ma Bakyu said that he would beat Ye Chen.

"Do you think you can leave this place without getting injured?" Ye Chen said to Ma Bakyu and Xin Jine.

Ye Chen blocked the enemy's escape route, he didn't let Ma Bakyu and Xin Jine escape.

"Jine, what are you doing?, quickly open the portal." Ma Bakyu told Xin Jine to open the portal he had.

"I can't do it, there is a strong force that makes me unable to open the portal" Xin Jine said to Ma Bakyu.

A great power made Xin Jine unable to create portals, it could be said that they were currently confined and unable to escape.

"No way" Ma Bakyu couldn't believe what had happened, the two of them couldn't escape from this place.

"It is time for the two of you to be buried in this place." Ye Chen said to Ma Bakyu and Xin Jine, it is time for the two of them to be buried in this place.

Ma Bakyu and Xin Jine dared to harm Yue Ya and intended to destroy Yue Ya's beauty, this was something Ye Chen could not forgive, that's why Ye Chen didn't let them escape.

"Damn" Ma Bakyu was so annoyed, they had no choice but to fight.

"I'll go and buy time, quickly find a way out" Ma Bakyu said to Xin Jine.

As long as Ma Bakyu bought time, Xin Jine should be able to find a way out of this place.

"Okay" Xin Jine agreed, he went and looked for an opening he could use to escape.

"Ice thorn mountain" Ma Bakyu's used his power, an Ice thorn mountain with very sharp edges appeared and formed under Ma Bakyu's body.

Ma Bakyu controlled the Iceberg and started attacking Ye Chen with the sharp tip of the Ice.

Ye Chen moved forward, himself taking all the attacks from Ma Bakyu with ease.

"Impossible, my attacks won't work" Ma Bakyu didn't expect that his attacks wouldn't work, even though the attacks he had were already very strong, there was no way that powerful attacks would be blocked and not work against Ye Chen.

Chapter 1938 Ma Bakyu and Xin Jine were cornered

Ye Chen continued to approach, despite using a rather slow speed, in fact Ye Chen was able to approach Ma Bakyu.

"This is so unreasonable" Ma Bakyu felt that what Ye Chen was doing was very unreasonable, how could Ye Chen withstand the powerful attack that was launched with just his body, this was completely unreasonable.

"Is this all you can do, if it's true, you should be careful because you will soon lose" Ye Chen said to Ma Bakyu.

Ma Bakyu was scared when he heard this, Ye Chen's voice was full of extreme fear.

"Impossible, how could this happen?" Ma Bakyu couldn't believe it when he saw this, how this all could happen, this was so unreasonable.

Ma Bakyu is a very strong person, so many strong people have died in his hands, but this time he felt afraid when facing Ye Chen, Ye Chen was like the most terrifying monster in this world.

"Bakyu, use the most technique against him, he is a very strong opponent" Xin Jine told Ma Bakyu to use his full strength against Ye Chen.

"Okay, this is the first time I've used this in a long time." Ma Bakyu hadn't used this technique in a long time.

**"Sky Snow Sword Storm"** Ma Bakyu's used the strongest technique he had, when Ma Bakyu used this technique, an immense amount of Ice began to form and enveloped millions of miles away.

This ice began to turn into swords and began to spin like an enormous storm.

If trapped around, then it was certain that one could instantly turn into a piece of meat.

"There are hundreds of billions of swords around you, all of these swords can kill you easily" Ma Bakyu said to Ye Chen, he told Ye Chen about what was going to happen.

"Hahahahaha" Ye Chen laughed when he heard this, Ma Bakyu just now made a funny joke.

"Why are you laughing, don't you know that your life is in danger" Ma Bakyu said to Ye Chen.

"Are you sure you can threaten my life with something like this?" Ye Chen said to Ma Bakyu.

"What do you mean?" said Ma Bakyu to Ye Chen, Ma Bakyu asked what Ye Chen meant.

"Attack me" Ye Chen told Ma Bakyu to attack him.

"You madman, you asked for it yourself" Ma Bakyu started to control the Ice sword, hundreds of billions of Ice swords rushed towards Ye Chen at a very fast speed, in an instant Ye Chen should have turned into a corpse.

"Slashes. . ." Ice swords passed through Ye Chen's body, all of them passed through Ye Chen's body without anyone being able to injure Ye Chen.

"Huh?" Ma Bakyu gaped when he saw that her attacks couldn't hurt Ye Chen, what Ye Chen did was something that Ma Bakyu couldn't understand.

"This isn't normal, what's wrong with this person?" Ma Bakyu said in a trembling voice.

"Jine, have you found a way out?" Ma Bakyu asked Xin Jine if she had found a way out of this hell.

"No, I haven't found a way out of this place, this place is very tight, it's very difficult to get out of this place" Xin Jine said to Ma Bakyu, she still hasn't found a place to escape.

Ma Bakyu bit her tongue, she was really afraid of Ye Chen, Ye Chen made herself feel very scared.

Ye Chen snapped his fingers, when Ye Chen did that, he controlled the Ice sword all over this place.

"Huh?" Ma Bakyu was again shocked, he was surprised when he saw Ye Chen take the alif of the technique he used.

"No way, you're joking with me" Ma Bakyu couldn't believe what was happening, how could Ye Chen take over the reins, when it was a technique that had been used.

"Hehehehe, I already told you that you are no match for me" Ye Chen said to Ma Bakyu.

For Ye Chen Ma Bakyu is not a worthy opponent, Ye Chen has lots of tricks that can be used to beat Ma Bakyu very easily.

"Now you will feel how your own technique is." Ye Chen said to Ma Bakyu, he would feel the pain of his technique.

"no . ." Ma Bakyu made an ice barrier, an enormous ice barrier to protect herself from her own attacks.

This is very funny, Ma Bakyu is trying to defend against his own attack, this is a very funny joke.

Ye Chen controlled the **Sky Snow Sword Storm**, he attacked Ma Bakyu with the **Sky Snow Sword Storm**.

"Slashes. . ." The Ice shield tried to resist the Sky Snow Sword Storm, it was a shame the Sky Snow Sword Storm was far stronger than Ma Bakyu's defense.

"Crack. . ." Ma Bakyu's defenses began to crumble, his defenses completely breaking when faced with the Sky Snow Sword Storm.

"Gahhhhhh. . ." Ma Bakyu was hit by her own attack, the Sky Snow Sword Storm began to rain down on Ma Bakyu's body.

Ma Bakyu's body started to get heavily injured, she was injured quite badly when she received the Sky Snow Sword Storm's attack.

"It's bad" Xin Jine who saw this immediately went and saved Ma Bakyu.

"**Dark Flame Seal**" Xin Jine's protected Ma Bakyu by using a **Dark Flame Seal**, this dark flame seal melted the **Sky Snow Sword Storm** that was attacking Ma Bakyu.

"This guy, all of them are forbidden techniques." Ye Chen looked at Xin Jine, he saw that everything this person released was forbidden techniques.

"That book contains various kinds of forbidden techniques, you are lucky because he can only use the same technique once" Chu Yuechan said to Ye Chen.

"Thank you for the information" Ye Chen was grateful for the information provided by Chu Yuechan, he knew that Xin Jine would not be able to use this twice.

"My opponent this time is very troublesome, I have used two of the most valuable collections, this is really a huge loss." Xin Jine felt that he was at a loss, Ye Chen had made himself use the two collections of forbidden techniques that were kept for a critical situation.

"That's great, they seem to be in an existing world" Seeing the battle that took place, Yue Ya could conclude that Mask Hero was in a different world from Ma Bakyu and Xin Jine.

"That person is not normal, he is like a god who can control whatever he wants." Yue Enlong felt that the person in front of him could do anything.

"That's true." Yue Ya agreed with this, he saw that Ye Chen seemed to be able to control everything.

"more" Ye Chen attacked Xin Jine and Ma Bakyu, he used more ice swords to attack both of them.

Xin Jine and Ma Bakyu were already cornered, they had no way to escape, all of their routes had been surrounded by Ye Chen.

"Looks like we've been completely cornered" Xin Jine and Ma Bakyu were already cornered, they could no longer leave Ye Chen.

"They've been cornered, it's time to hold them back" Seeing that Xin Jine and Ma Bakyu had already been cornered, it was time for Ye Chen to restrain them.

Ye Chen took out a chain, he would catch and immobilize both of them.

"Boom. . ." Just as Ye Chen wanted to knock out Xin Jine and Ma Bakyu, someone attacked Ye Chen from behind.

Luckily Ye Chen was aware of this attack and had time to make a shield to protect himself.

A woman appeared in front of Ye Chen, this woman was wearing an eye patch and had a very fine figure and body.

Chapter 1939 Catch Hang Sayu

"Who else is coming?" Ye Chen wanted to know who else was coming, this woman seemed to be pretty awesome.

"It looks like you are facing a very tough opponent" this woman said to Ma Bakyu and Xin Jine.

"That's true, he's not normal, his strength is not normal" Ma Bakyu said to the woman in front of him.

"So, then it looks like this will be a very tough opponent" this woman said that Ye Chen would be a very tough opponent.

"Hang Sayu, what are you going to do?" Ma Bakyu asked the woman who had just appeared.

The name of the woman who just appeared is Hang Sayu, it seems that this woman is a colleague of Ma Bakyu and also Xin Jine, the three of them are colleagues.

"You guys go, I'll hold him here" Hang Sayu ordered Ma Bakyu and also Xin Jine.

"thank you very much" Ma Bakyu thanked Hang Sayu, with Hang Sayu's help they could leave this place very easily.

"I will not let you go so easily" Ye Chen said that he would not let Ma Bakyu and also Xin Jine go.

"your opponent is me" Hang Sayu said to Ye Chen, she stopped Ye Chen by using a paper doll that emits light.

"light element user" Ye Chen became curious about the identity of the woman in front of him.

Light element users are very few, there are only a few people who can use light element, they are all usually under the shadow of Shui Yixian.

"users of light power, why are you helping them?" Ye Chen asked Hang Sayu why Hang Sayu wanted to serve God Realm illumination.

"There is no other reason, I want to protect the God Realm" said Hang Sayu firmly.

"protecting the God Realm, isn't it more accurate to control the God Realm and steal things from others, you say that's protecting?" Ye Chen asked Hang Sayu.

"we did that to keep everything safe and no one did bad things to the God Realm" Hang Sayu said to Ye Chen.

"obviously it's a lie, God Realm illumination takes advantage of all the items they take for themselves, for me they are a real threat" Ye Chen said again to Hang Sayu.

Hang Sayu was silent when he heard this, what Ye Chen said might be true too.

"You will not know about this problem" Hang Sayu said that Ye Chen would not understand this kind of problem.

" hahahaha, so funny" Ye Chen laughed when he heard this, Hang Sayu made Ye Chen laugh.

"Are you done wasting time?" Ye Chen asked Hang Sayu.

"So you're aware?" Hang Sayu saw that Ye Chen was aware of what she had done.

"From the beginning I was aware of what you were doing, I was aware that you were wasting time by talking about such things" Ye Chen was aware from the beginning, that's why Ye Chen responded to Hang Sayu's words.

"because they ran away, then I will just catch you" because two people have just left, Ye Chen will just catch Hang Sayu.

"You won't be able to do that, there is no one in this world who can catch me who is as fast as light" Hang Sayu has a special ability that can make her body as fast as light, no one has ever been able to catch her.

"I will show you a little trick" Ye Chen will show a trick to Hang Sayu.

.

Ye Chen snapped his finger, as Ye Chen did this, the two of them moved places, both of them were in the Fairy Gate Underground Jail.

"Welcome to my place, you will not be able to escape after entering this place" Ye Chen said otherwise no one will be able to escape from the Fairy Gate Underground Jail.

"nothing is impossible" Hang Sayu said that he was able to escape easily.

Hang Sayu's body turned into a particle of light, she tried to get out of the prison that Ye Chen used to lock her up.

Ye Chen took a chair, he sat and saw what Hang Sayu would do, he wanted to see an interesting show that Hang Sayu would show.

"Bang" when Hang Sayu wanted to get out of prison, she found an obstacle.

"a barrier, then I will break through it" Hang Sayu will break through the barrier in front of her, she is quite confident in doing this.

Hang Sayu tried to break through the barrier, when Hang Sayu tried to do this for the second time, she found that her body still couldn't break through the barrier in front of her.

"strange, why can't I penetrate it" Hang Sayu felt strange, why she was unable to penetrate the barrier in front of her.

Hang Sayu should be able to easily break through the barrier in front of her, but right now she is unable to do that.

"why, let's try again" Ye Chen told Hang Sayu to try again.

He told Hang Sayu to try to get out of this place, Ye Chen was quite pleased when he saw Hang Sayu bounced and unable to get out of this place.

Fairy Gate Underground Jail is a special prison, Ye Chen is sure that Hang Sayu will not be able to leave this place.

"What kind of this place?" Hang Sayu asked Ye Chen, she wanted to know what kind of place Ye Chen had just used to imprison himself.

"this is a private place that I own, you will not be able to leave this place" Ye Chen said that this is a private place and Hang Sayu will not be able to leave this place.

"so this is your private place, it's not strange if I can't go out" Hang Sayu finally understood why she couldn't go out of this place, it turned out that was the reason.

"what's wrong, have you given up" asked Ye Chen to Hang Sayu, Ye Chen asked if Hang Sayu had given up or not.

"What can I do?, I can't get out of this place" Hang Sayu said that he couldn't get out of this place.

"Now how about we start talking" Ye Chen invited Hang Sayu to speak, he wanted to know everything that Hang Sayu knew.

"I don't want to talk to you" Hang Sayu refused to talk to Ye Chen, more precisely she didn't want to talk to Ye Chen about what happened.

"why did you do that, you look good, I can feel it, why do you want to mix with these bad people" Ye Chen asked Hang Sayu again, he wanted to make Hang Sayu talk.

Hang Sayu was still silent, she didn't want to answer Ye Chen, more precisely she didn't want to say anything to Ye Chen.

"You shouldn't do something like that, you should fight the brand" said Ye Chen to Hang Sayu.

Ye Chen wanted Hang Sayu to fight God Realm illumination.

"I already said that if I don't do that, whatever you say, it will not destroy the position I have" Hang Sayu said that what Ye Chen did will not destroy the position she made.

"okay-okay, if you don't want to say it, then I won't force you" because Hang Sayu didn't want to say what happened, Ye Chen didn't force her.

"think about what I said earlier" Ye Chen told Hang Sayu to think about what he said before.

"Yuechan" Ye Chen called Chu Yuechan.

"What's wrong?" Chu Yuechan came, she wanted to know what Ye Chen wanted.

Chapter 1940 where did you get the Celestial Moon Light Sword

"Please keep an eye on him, if possible seek information from her" Ye Chen told Chu Yuechan to seek information from Hang Sayu.

"Just leave this to me" Chu Yuechan told Ye Chen to leave this matter to herself, Chu Yuechan would definitely help Ye Chen solve this matter.

" good. . . "Ye Chen nodded, after Ye Chen handed this matter to Chu Yuechan, Ye Chen immediately left the Fairy Gate Underground Jail.

"It seems that I will accompany you for a while" Chu Yuechan said to Hang Sayu, she will accompany Hang Sayu in this place.

"Fairy race, I thought you two were extinct from God Realm." Hang Sayu said to Chu Yuechan, she thought that the Fairy Race had long since disappeared from God Realm.

"We didn't disappear, rather the fairy race is rare and hard to find in the God Realm," Chu Yuechan said to Hang Sayu.

"Why do you want to follow that person?" Hang Sayu asked Chu Yuechan, why did Chu Yuechan want to follow Ye Chen.

"It's because I believe that he can change this world, I follow the person who can change this world" Chu Yuechan told the reason why she wanted to help Ye Chen.

"It doesn't make sense, he alone won't be able to do that, even if he is strong, there are still Supreme Gods who won't let him mess with God Realm".

"You mean the old parents, I have heard of it, it seems very interesting, I want to know more from you" Chu Yuechan was intrigued, she felt very interested when she heard this.

Chu Yuechan had already heard of this from Huang Ying, but to be clearer Ye Chen could ask Hang Sayu, it seemed that she knew better about this matter.

"I won't tell you anything." Hang Sayu said that she wouldn't tell Chu Yuechan anything, Hang Sayu would keep her mouth shut and not tell Chu Yuechan anything.

"Is that so, then I have no choice but to use this" Since Hang Sayu didn't want to tell Chu Yuechan, Chu Yuechan would do something.

"What would you do?" Hang Sayu asked Chu Yuechan what Chu Yuechan would do to her.

"Fufufu, I will do something to you, be prepared" Chu Yuechan called Qing Cheng, she could use Qing Cheng to find out information from Hang Sayu.

"Sister Yuechan, you need help?" Qing Cheng came over, she asked what Chu Yuechan needed.

"I have a task for you, I want you to find information that this woman has." Chu Yuechan said to Qing Cheng.

Qing Cheng looked at the woman who was in the cage, this woman was quite beautiful and looked clean and pure.

"Fufufufu" looks like the husband brought a beautiful girl into the cage, does he want to eat it" Qing Cheng said to Chu Yuechan.

"Be careful, it's quite dangerous." Chu Yuechan told Qing Cheng that this woman was dangerous.

"Okay, I understand" Qing Cheng understood, she would be careful when facing Hang Sayu.

Qing Cheng showed his abilities, as a person with very strong abilities, this allowed Qing Cheng to enter Hang Sayu's mind and start searching for information.

"This woman, she is able to search for information in my mind" Hang Sayu was shocked when she saw this, she tried to rebel.

Unfortunately, the power of the purple butterfly is too strong, so Hang Sayu can't rebel.

Qing Cheng searched for information, she saw the information in Hang Sayu's head.

When Qing Cheng tried to dig up more information, she discovered that a seal was used to seal her mind.

"How is the result?" Chu Yuechan asked Qing Cheng, she wanted to know the result that got Qing Cheng

"I think I need some time" Qing Cheng informed that he needed time.

"It's okay, she is indeed a formidable opponent." Chu Yuechan understood, she could understand that Qing Cheng must be in a bit of trouble when she faced this woman in front of her.

After exiting, Ye Chen went to where Liu Yue and Xiao Lulu were, whether the two were having trouble again or not.

"did something happen?" Ye Chen asked Liu Yue and Xiao Lulu, he wanted to know if something happened to the two.

"Everything is fine." Liu Yue said that everything was fine, they had gathered all the enemies that could be saved.

"Very good" Ye Chen was very satisfied when he saw this, Liu Yue and Xiao Lulu did an excellent job.

Ye Chen looked at the surviving enemies, they already had no enmity towards Ye Chen.

"Are you guys okay?" Yue Ya came over, she came to see how Ye Chen, Liu Yue and Xiao Lulu were doing.

"You are late" Ye Chen said to Yue Ya, Yue Ya was very late.

"I'm sorry, I was blocked by some annoying people" Yue Ya said to Ye Chen, she told Ye Chen that before they were blocked by very troublesome people.

"So you're having trouble too, it seems we're the same" Ye Chen pretended not to know what was going on, he didn't seem to come to help Yue Ya.

"You are great at killing those people too." Yue Ya saw that Ye Chen had killed quite a few.

"Of course, they are quite troublesome, it is very difficult to keep their lives" Ye Chen said to Yue Ya.

Ye Chen couldn't do that, Yue Whang, the first elder and the third elder were very troublesome, so Ye Chen had no choice but to fight with his full strength.

"It's okay, I'm happy that you guys are fine." Yue Ya was happy that Ye Chen and the others were fine.

"Wait, that sword, where did you get it from?" Yue Ya asked Liu Yue, she asked where did Liu Yue get the sword.

"Oh this, this is given by the husband" Liu Yue told who gave it.

" Husband . . .?" Yue Ya looked at Ye Chen, she looked at Ye Chen with a piercing gaze.

"Ye Chen, why don't you start explaining to me, where did you get that sword from?" Yue Ya immediately dragged Ye Chen, she directly asked where did Ye Chen get that thing.

"Ah. . ., that . . .?" Ye Chen was quite confused as to how he should explain this.

"Tell me quickly, don't be silent" Yue Ya forced Ye Chen, she told Ye Chen to tell her what happened.

The Celestial Moon Light Sword is a weapon belonging to the Blue Moon God Star Realm, it's a shame it was lost for no apparent reason and until now it's still a mystery.

it wasn't strange that Yue Ya would be very surprised when he saw the Celestial Moon Light Sword in Liu Yue's hand.

"I got it by accident, then I gave it to her" Ye Chen told that he got the Celestial Moon Light Sword by accident.

"Your luck is really unreasonable" Yue Ya believed Ye Chen's words, she believed that Ye Chen had unreasonable luck.

Two beautiful women like Liu Yue and Xiao Lulu can already describe the luck that Ye Chen has, plus Ye Chen has got her.

Yue Ya didn't know where this little rascal got such luck, to be honest Ye Chen's luck was quite absurd.

"What are you going to do to them?" Ye Chen asked Yue Ya, what would Yue Ya do to these people.

"It's easy, I will arrest them, they will get a proper punishment for the crimes they committed" Yue Ya told that these people would get a proper punishment.
