Chapter 2406 Defeating Ancient Spirits

"Damn brat, you're still as arrogant as ever" the elf elder said to Ye Chen.

"Do you have a problem with me?" Ye Chen said to the elder in front of him.

"Have you forgotten what you did to me" the elf elder said to Ye Chen.

"I might have forgotten about it" Ye Chen said that he had already forgotten about it.

"Damn brat, I will make you regret what you said" The elf elder was furious, She was really angry at Ye Chen.

The elf elder stretched out his hand, when he did this, a plant began to envelop her, or rather an ancient Spirit began to envelop the body of the elf elder.

"This is it, this is the true power" Elf Elder said that this was her true power, this was her true power.

"oh, so you are controlling the ancient spirit, good, that will make our job easier" Ye Chen was happy about this, this would make their job easier.

"husband, what are you going to do?" Xing Shenyi asked Ye Chen.

"Defeat her and finish everything quickly" Ye Chen said to Xing Shenyi, he told her that he would defeat the elder Elf quickly.

"okay" Xing Shenyi gave her full support, she gave Ye Chen her full support.

"Don't be arrogant, the strength I have now is much stronger, you won't have a chance to win against me" Elder Elf said that she was very strong and there was no chance for Ye Chen to win.

"Are you sure about that" Ye Chen questioned, he was not convinced by what this old lady said.

"Damn it, I will show you a bit of my power after joining the ancient spirit" Elder Elf said that she would show you her power.

She showed her strength, she used her full strength to attack the mountain and forest.

"Boom. ." A huge shock occurred, the land and mountains were flattened to the ground in just a matter of seconds.

"Terrible power, if until it leads to the center of the elven city, no one will survive" this power was much stronger compared to the titan that Ye Chen used to fight, this could destroy the city with one attack and it only took a few seconds.

"already seeing the strength I have, there is no chance of winning" the Elf elder said to Ye Chen, Ye Chen had no chance of winning.

"if you are indeed that strong, then accept this" Ye Chen raised his one finger up, a lightning bolt appeared and directly fell on the elder Elf's body.

"Boom. ." An extremely powerful explosion occurred, this explosion was so powerful that it destroyed several ancient spirits around this place.

"Damn it, what are you doing to me" elder Elf felt very painful, Ye Chen's attack made part of his body destroyed and he had to recover by sucking plants around.

"I see, to recover you need to absorb the plants around, then I just need to seal this place so that you can't absorb the forest" Ye Chen said.

Ye Chen decided, he decided to seal this place with a dimensional barrier, that way the elder Elf would not be able to recover anymore.

"Bastard man" Elder Elf realized what Ye Chen was doing, she realized that Ye Chen had now trapped herself, now she would not be able to leave this place.

she can only attack Ye Chen in order to get out of this place.

Ye Chen took out the Heavenly Silver Flame, he began to burn the elder Elf in front of him.

"Arghhhh, the elder Elf couldn't absorb Ye Chen's attack, her Spirit body began to disintegrate when she received an attack from Ye Chen.

"No, no way, this kind of power, I can't possibly lose" Elder Elf said.

Elder Elf refused to lose, she couldn't lose in this way, she had almost no resistance against Ye Chen.

The spirit elder Elf's body shattered and he fell to the ground with wounds on her body.

"Looks like you are much weaker compared to the spirits around" Ye Chen said.

"Even if you can defeat me, the ancient spirit will get out of control and it will destroy you, you won't be able to destroy the monster" Elder Elf said to Ye Chen.

"I don't need the world, I just need to control them" Ye Chen said that he only needed to control the ancient spirit.

"Leiya" Ye Chen said to Xu Leiya.

"What's wrong?" Xe Leiya asked Ye Chen, she wanted to know what Ye Chen wanted.

"Use the power you have" Ye Chen said to Xu Leiya, he told Xu Leiya to use her power to control the ancient spirit.

"Alright I'll try it" Xu Leiya nodded to Ye Chen, she wanted to try doing what Ye Chen said.

"I hope it works" Ye Chen said to Xu Leiya, he had high hopes for Xu Leiya.

Xu Leiya couldn't let Ye Chen down, she couldn't let Ye Chen down and decided to help Ye Chen.

Xu Leiya closed her eyes for a while, after closing her eyes for a while, she began to show her power, her purple eyes shone and enveloped the ancient spirits around this place.

Xu Leiya's enchantment this time was extremely powerful, she was able to influence everything around this place, her influence was enormous.

"What kind of power is this, who is that woman, I have never seen such a powerful enchantment" Xing Shenyi asked Ye Chen, she wanted to know more about Xu Leiya.

"she comes from an ancient Clan, naturally her strength can be said to be very good" Ye Chen said to Xing Shenyi.

"Do you think she will succeed" Xing Shenyi asked Ye Chen.

"Of course, I strongly believe in her, she will definitely succeed" Ye Chen believed in Xu Leiya, she will definitely succeed to control the ancient Spirit.

All the spirits looked towards Xu Leiya, when they gazed towards Xu Leiya, they were all instantly mesmerized and were silent for a while.

"I managed to influence them" Xu Leiya said to Ye Chen, she told him that she succeeded.

"Keep it up, I will start destroying them all" Ye Chen said to Xu Leiya.

"Understood" Xu Leiya understood, she just had to hold on.

"Honey, tell everyone to retreat" Ye Chen said to Xing Shenyi.

", everyone quickly retreat right now, stay away from the monster." Xing Shenyi gave orders to all the elves and cursed elves in this place.

Everyone moved away, they stayed away and kept their distance from the ancient spirits.

"Time to destroy them" Ye Chen used Heavenly Silver Flame, this was the only thing that could destroy them quickly.

"Silver Flame super nova " Ye Chen made a super Nova , this was enough to destroy them.

Several balls appeared above Ye Chen, Ye Chen shot these balls towards the ancient spirits.

This hot fireball was above the ancient spirit before it exploded and made an extremely powerful suction, the ancient spirit's body was sucked in and instantly turned into ashes by the high heat of the Heavenly Silver Flame.

"So hot" All the elves felt a scorching heat, Ye Chen's attack was extremely hot and was able to melt everything easily.

They retreated as far as possible, they couldn't stand this power.

"The strength of Queen's husband is so great, besides being handsome he is so strong, I've fallen in love with him" All the elves were happy, they all felt love for Ye Chen who was strong and saved them for the umpteenth time.

All the ancient Spirits were successfully destroyed, all of them were destroyed by Ye Chen.

"Is that all?" Ye Chen confirmed again, it seemed like he had destroyed them all.
