

True God 2409

Chapter 2409 In Demon God Realm

"Have you found a suitable choice?" the woman in front asked Ye Chen.

"Already, I chose this" Ye Chen said while pointing at the paper he was holding.

"Good choice, I will directly help you to hand over this information to the spies in Demon God Realm, I hope you return safely" this woman said to Ye Chen.

After completing the task, she saluted Ye Chen and Dongfang Xiu.

"What's wrong with her?" Ye Chen asked Dongfang Xiu.

"She is the one responsible for sending people to the Demon God Realm, out of the many sent there, there are only a few who can survive, so it is not strange that she is praying for you to return safely" Dongfang Xiu replied.

"I see" Ye Chen understood, it seemed like he was worried about Ye Chen's safety.

"I hope you return safe and sound" Dongfang Xiu also prayed for Ye Chen.

"I will, I will return safely" Ye Chen said that he would return safely.

"You promised" Dongfang Xiu said to Ye Chen.

The two returned to earth, they returned to the mansion to prepare everything needed.

"Husband, I have something for you" Zhao Yanyan said to Ye Chen.

She gave Ye Chen a talisman.

"Yanyan, this?" Ye Chen asked Zhao Yanyan.

"This is something that might be useful, it can let us know where you are, if anything happens, we can save you" Zhao Yanyan said.

"Alright, I'll keep this" Ye Chen kept the gift from Zhao Yanyan.

"I hope you come back soon, I can't be separated from you for long" Zhao Yanyan said to Ye Chen.

"I understand" Ye Chen understood, he would soon finish this task and return.

Ye Chen prepared everything that was needed, he managed to prepare everything needed to leave and learn the character of the person who would be used as a disguise.

"Everything is perfect, time to go" Ye Chen had completely changed, he hid his appearance power, no one would be suspicious of him when in the Demon God Realm.

Ye Chen went to the border, he was accompanied by Zhao Yanyan and Dongfang Xiu.

Ye Chen couldn't bring more people because they might be discovered, so only Zhao Yanyan and Dongfang Xiu escorted Ye Chen.

"From here onwards I will go alone" Ye Chen said that he would go alone.

Zhao Yanyan and Dongfang Xiu understood, they could only escort Ye Chen here.

Ye Chen entered into the Demon God Realm region and entered the black mist, he flew up and went inside.

Zhao Yanyan and Dongfang Xiu saw Ye Chen leave, they could only pray the best for Ye Chen.

"husband is gone, let's go back" Zhao Yanyan invited Dongfang Xiu to go back.

"Come on. ., it's not good if we are discovered" Dongfang Xiu agreed and they finally left to avoid being discovered by others.

Demon God Realm was almost the same as God Realm, the visible difference was that there was very little sun in this place, which was why some stars had an eternal night with no day.

After setting foot in the Demon God Realm, Ye Chen decided to go straight to the meeting point, the coordinates had already been determined so Ye Chen just needed to go straight there.

When Ye Chen arrived, there was already a man waiting for Ye Chen, this man had a substandard appearance and looked terrible with fairly shabby clothes.

"so you are the one, come with me" this person told Ye Chen to come along with him.

Ye Chen confirmed the identity of the person in front of him, after confirming that the person in front was Dongfang Xiong's spy, he immediately followed.

This person brought Ye Chen to a big star, they entered and walked in the city.

As Ye Chen entered into the city, he found some skirmishes and some blood around this place.

"is this Demon God Realm, what a chaotic place" seeing this alone, Ye Chen could confirm that this place was chaotic.

"Don't look at them, just ignore them, don't be too conspicuous and don't stare at them, you might be targeted if you fight them" the man in front said to Ye Chen, he told Ye Chen not to interfere in the battles going on because it was troublesome and would invite more danger.

"Alright I understand" Ye Chen nodded lightly, he walked and arrived at a small tavern far away from the crowd.

"I'm here to give some words to you, so listen carefully because I won't repeat what I said" the man in front said in a serious tone.

"First, you must always be alert, this place is like a battlefield, you can be stabbed in the back by people you don't even know"

"Second, don't stare at people for more than 10 seconds as it could be taken as a call to battle".

"third, don't show your Space Ring because you could invite thieves, thieves here are more vicious and will target and kill you".

"Fourth, rich and influential families have strong power and absolute influence, the slightest dislike for you, they will send people to kill you".

"fifth, be careful with beautiful women, because they are dangerous, they can suck you dry in one night, it is best to avoid this matter because their temptation is too strong for men like us".

Ye Chen raised his eyebrows, all he listened to was a warning of what could happen to Ye Chen.

"I have already told you some important points that you should know, here comes the uniform and servant sign, good luck, this is our first and last meeting, I hope you survive in this place" this man gave the required uniform, after which he escorted Ye Chen to the Sect where he would be staying.

"Good luck kid, I hope you can survive longer in this place" after saying that, he left leaving Ye Chen.

"What's with that person" Ye Chen didn't understand, he didn't understand the person just now.

He only said a few words to Ye Chen before leaving Ye Chen alone in this place.

"master what is your plan right now" Chu Yuechan asked Ye Chen.

"Let's start by sending a Clone to search for the whereabouts of Mo Xi" Ye Chen said.

Ye Chen made the Clone to start searching for traces of Mo Xi.

"hey you, what are you doing, hurry up and do your job" the guard said to Ye Chen, he told Ye Chen to return to the post.

"Alright" Ye Chen understood, he went straight to his post as a servant in the Sect.

"Ye Chen's task is very simple, he only needs to clean up the courtyard around this place and it is a very easy job for Ye Chen to do." Ye Chen said.

"Boom. . ." just as Ye Chen was about to clean up, an explosion sounded, it seemed like there was a battle within the Sect.

"battle, I just came and there is already a battle in this place" Ye Chen just walked in and saw a battle going on, the battle going on was a life and death battle, where both were killing each other.

"There are tons of people gathered to watch, for them this is a very interesting spectacle.

Ye Chen was not too interested in the low-grade battle, he continued with his work.

After finishing, he went straight back to the kitchen, that was the place for servants like Ye Chen.

"Hi you" another servant said to Ye Chen.

"What's wrong?" Ye Chen asked.

"Come with me, we have a lot of work" he told him that he had quite a lot of work still to do.
