

True God 2410

Chapter 2410 Beggar Woman

"The task I have is already completed, why do I have to come with you guys" Ye Chen had already completed his task, so there was no other work to be done by.

Everyone got a job that suited their criteria, once done with the job, the servants were free to do whatever they wanted.

"Friend, this is not the place to bargain, you could get into trouble" the servant in front said to Ye Chen.

"You know that I am also forced to do this in order to live" the servant told him that he was forced to do this.

The servant in front of Ye Chen had also finished his work, but he had to work again for someone else.

"I don't understand the situation please explain it to me more clearly" Ye Chen was still confused.

"Actually this is not the task we have, this is the task of those who have high positions here, they have connections with the disciples above so they are free to do what they want" she told Ye Chen.

"Then it is none of my business" Ye Chen said that it was none of his business, he did not want to interfere in such matters.

"You better listen carefully, if they find out you might be finished" the servant told Ye Chen.

"I don't have time for that" Ye Chen didn't have time, he had more important things than to obey a fool.

"You're really messing up" the servant on the side saw that Ye Chen wanted to mess up and maybe Ye Chen wouldn't be able to last long in this place, this place was harsh.

Ye Chen left, he had no other business and decided to look for traces of Mo Xi.

Ye Chen left the Sect, he slipped away so easily.

"I still have time, so better use it well" Ye Chen had enough time to look for traces of Mo Xi.

If his guess was right, that person should be around this place too.

"Feel this" Ye Chen flew around while hiding himself, he saw some street battles that were heavy and full of carnage, Ye Chen didn't want to interfere because he didn't know which one was good and which one was bad, they were all the same and Ye Chen didn't want to get into their business.

Normally Ye Chen would probably help, but this time Ye Chen chose to keep quiet and not help.

"This was a good choice because they had an evil aura and made Ye Chen reluctant to get close.

Those with good hearts were also reluctant to interfere and chose to look, they were used to this kind of place.

"Where are you, I will find you soon" Ye Chen was about to find Mo Xi, he searched the whole place using his Clone, this would increase the success rate of tracking King God Realm.

Ye Chen did tracking for some time, he used 5 hours of free time to track Mo Xi.

"There is nothing around this place, I should increase the range more and start listening to the news around" Ye Chen increased the search distance and used the existing rumors, that way he could find the whereabouts of Mo Xi.

"Just go back" Ye Chen decided to go back, let the Clones do the search because there were many of them and Ye Chen could still get information even if he used Clones.

"Master, please, I haven't eaten yet" when Ye Chen walked towards the Sect, he was stopped by a female beggar, she looked shabby and helpless.

Ye Chen looked at the beggar woman, she didn't seem to have any evil aura and didn't have any enmity with Ye Chen, it seemed like she was quite a nice person and different from those who had evil aura on their body.

"This is for you" Ye Chen gave a profound crystal, with this he should be able to eat for a few weeks.

"Thank you very much" this woman thanked Ye Chen.

"I'll be back, take good care of yourself" Ye Chen left the begging woman.

The begging woman looked towards Ye Chen's direction, she saw Ye Chen's disappearing figure.

"Didn't those clothes come from the servant in Demon Beast Sect, I didn't expect him to give me something like this, so rare" This woman looked at the profound crystal in her hand, she didn't expect that Ye Chen would give this to her.

This woman had been in this place for a few days and until now no one had given her anything, they seemed reluctant to give her anything.

If you look closely, this woman has a very good figure, her body seems to have developed very well, although her face is shabby and has some dirty stains that make her figure unattractive, but when all is removed, then this woman can be said to be one of the beauties.

"So attractive" the beggar woman felt a little attracted to Ye Chen's figure.

"Master" Chu Yuechan said to Ye Chen.

"What's wrong?" Ye Chen asked Chu Yuechan.

"Don't you think the woman just now is strange" Chu Yuechan said to Ye Chen.

"Strange?" Ye Chen didn't feel strange, She felt ordinary.

"Yes, she seems to be hiding something, plus I feel that the woman just now was trying to see through you" Chu Yuechan said to Ye Chen.

"I think she's pretty good, at least she's not like some of the people I've met and they seem to want to find trouble with me" Ye Chen replied.

"Whatever, I'm just reminding you" Chu Yuechan said to Ye Chen, she just wanted to remind Ye Chen about this matter.

Ye Chen went back inside the Sect, he went back to his room which happened to be shared for three people.

When Ye Chen entered, he saw two people who were already sleeping on the bed and looked very tired.

"Damn, this work is getting too much, my body hurts" they both cursed at their overwork and pain.

"Hey Ye Bai, how about your work, did they bully you again, it must be hard being you" one of the two people in this place said to Ye Chen.

"Today seems fine" Ye Chen said that today seems fine.

Ye Bai is Ye Chen's identity now, he will become Ye Bai and blend in with those in this place.

"You seem to be very lucky, but it looks like tomorrow will be difficult for you" the other man said to Ye Chen.

The two of them were Ye Bai's room mates, if I'm not mistaken their names were Tai Pile, and Dong Limo.

"I hope they don't interfere, I don't like trouble" Ye Chen said that he didn't like trouble.

"We don't like trouble either, but remember our current condition, we won't be able to fight them, they can kill us easily" Dong Limo was talking about the outer court disciples, where they could easily kill servants like Dong Limo and Tai Pile.

Ye Chen could understand the problem they had, they seemed to have a serious problem.

"Don't let them meet me, otherwise maybe they will start breaking their bones" Ye Chen said that he would defeat people who were looking for trouble.

Dong Limo and Tai Pile were silent as they listened to what Ye Chen said.

"What happened to him, he disappeared for a few days and suddenly became strange, did he hit his head on something?" Dong Limo felt that Ye Chen had become strange.

"Never mind, he became strange, it's possible that his brain contents shifted due to the impact" Tai Pile chimed in.

Both of them thought Ye Chen was strange and unreasonable, it was obvious that Ye Bai was a coward and a useless person.
