

True God 2417

Chapter 2417 Great Elders Appear

"greetings elder" everyone saluted, they saluted the man who had just arrived at this place.

This man waved his hand and told everyone to raise their heads.

"What happened in this place" the elder asked, he asked what happened in this place.

"Help me" Zhou Tong could no longer hold on, he was completely crushed under Ye Chen's attack.

"As usual, there is an internal battle going on" Xun Zhilin said, she informed that there was an internal battle between Ye Chen and Zhou Tong.

"Internal battle" the elder looked towards Ye Chen, no matter where you look at it, it is clearly unreasonable to see a servant bullying a core disciple like that.

"The servant in front of me is unusual, he can afford to do such a crazy thing, is he a cultivator who is hiding himself, but what is his purpose, there is obviously no advantage to doing so, let alone being a servant, and another thing is that there is no way a spy would do such a crazy thing by showing himself in public.

They wouldn't be so stupid to do what Ye Chen did, it means that there is one thing that he is a person who hides himself.

"You, can you let him go first, we need to talk" the elder said to Ye Chen.

"Do you want to save him" Ye Chen asked the old man in front of him.

"Please calm down, I didn't mean to do that" the elder told Ye Chen to calm down, he didn't want the situation to get worse.

"oh, so he's not your dependent" Ye Chen said to the elder in front of him.

"Indeed, but he has a stronger person than me, if you keep doing things like that, maybe that person will come out and destroy you" the elder gave Ye Chen a warning.

He was talking about Zhou Tong's father, if he found out about this and came out of the closed practice, then Ye Chen would definitely be in trouble.

Zhou Tong's father was a big elder, so Ye Chen would definitely get into trouble if he dared to put up more of a fight.

"Isn't it the same, if I let it go now, then in the future it will be the same" Ye Chen said.

Ye Chen knew that he wouldn't be able to run away because it was like this, facing it head on would be easier to do.

"Don't say that you will" the elder seemed to understand what Ye Chen was saying.

"What do you think?" Ye Chen said to the elder in front of him.

"I won't let you, it will be a big problem for some people in this place" the elder used his power, a black hole appeared under Ye Chen and intended to suck Ye Chen.

"This is the hole that will lead you to the place of punishment, so prepare yourself" the elder said to Ye Chen.

"Cheap trick, you think you can do such a silly thing to someone like me" Ye Chen kicked the circle in front of him, the circle instantly moved and hit the head of the elder in front of him.

"Huh? ? ?" everyone couldn't believe what happened, Ye Chen did the impossible again.

"This guy is too unreasonable" Xun Zhilin felt that Ye Chen was just getting more and more unreasonable, she didn't make sense when doing things that most people here couldn't do.

"how is it possible, this can't be the case, this is not normal, how can you do such a thing" the elder asked Ye Chen, what Ye Chen did made himself too surprised.

"uhuk. . ." Zhou Tong's condition became very bad, he was like a pig that was almost killed by Ye Chen.

"This is bad" the elder saw that the condition was getting worse and worse, if it continued like this, then Zhou Tong would not last long.

"Better stop this immediately, otherwise you will regret it if that person comes out" the elder had no choice but to order Ye Chen.

"If that person won't come out, fine, then I will force him to come out right now" Ye Chen said that he would force that person to come out right now.

Ye Chen stomped his foot, a strong shock struck the entire Sect.

"Earthquake . . . ?" everyone was shaken, they all felt a very strong and terrible tremor.

"What a big earthquake" everyone was shocked by the earthquake that occurred, the earthquake that occurred could be said to be very large and terrible.

"Crack . . ." the surrounding mountains shattered into pieces, the force of the earthquake was able to devastate the Sect.

"This is bad, this is bad" Everyone hurriedly saved themselves, they couldn't stay still in this place and wait for the destruction of the Sect.

"Because the shaking was so strong, it made the Sect's alarm go on, everyone in the know rushed out to see what was going on.

"Even the elders and people who were doing closed-door training immediately came out to find out what was going on right now.

"what happened, what happened" Elders from high positions came over, they were powerful people within the Sect.

Even the figure of a big elder with a pot belly finally appeared, he looked around and found something that made himself unhappy.

The big elder looked towards Ye Chen, he was not happy with what Ye Chen was doing.

"bastard, what are you doing" the elder asked Ye Chen, he asked what Ye Chen did to Zhou Tong.

"oh, so you are the father of this bad boy" Ye Chen looked at the figure of the man who fathered the bastard in front of him, honestly from the first look Ye Chen could tell that this person was not good.

"Quickly let him go, otherwise you will die" the great elder said to Ye Chen.

"What a fool, I won't do that" Ye Chen said that he wouldn't do that.

"look dead, I will make you regret for the rest of your life" the great elder attacked Ye Chen, he attacked Ye Chen with full force.

Ye Chen smiled, he used Zhou Tong's body to defend against the opponent's attack.

"ahhh. . ." Zhou Tong shouted, the attack left his body torn apart and blood gushed out quite severely.

"What?" the great elder couldn't believe that Ye Chen would use Zhou Tong as a shield.

"ummm, that was a deadly attack, it looks like it will kill him" Ye Chen said to the great elder.

"him, he is very brave" Ye Chen was quite brave, he used Zhou Tong as a shield, and this would definitely make the great elder furious.

"Unforgivable, unforgivable" the great elder was angry, he would not forgive Ye Chen, and decided to kill Ye Chen quickly.

"Rumble. . ." the aura of darkness began to spread, the great elder's body was enveloped by a terrifying and terrifying aura.

This is a fairly high level pressure, at least this person has reached the fifth or sixth level of the Divine Overlord Realm.

"Demon palm" the great elder used an attack with immense power, a palm came out and headed straight towards Ye Chen.

"He doesn't hold back" Everyone who appeared saw how the great elder used full force, he didn't hold back when fighting someone like Ye Chen.

"Then there's no need to hold back anymore" Ye Chen let out a possess aura, a terrifying pressure came out from Ye Chen's body.

This aura was powerful and repelled the attacks of the enemy.

"What ! ! !" the great elder was blown away by Ye Chen's attack, he couldn't believe Ye Chen parried with just aura alone.
