Chapter 2420 Demon Beast Summon Domain

"Of course, I have one word for you, scram" Ye Chen said to the Sect patriarch.

The Sect patriarch's face twitched when he listened to what Ye Chen said, it was obvious he would make such a face.

"You ignorant man" the Sect patriarch got angry he started attacking Ye Chen by using deadly punches and shots.

"looks like I should start using my darkness power" Ye Chen decided to use his darkness power.

This was the first time Ye Chen used his power of darkness for battle.

A dark aura enveloped Ye Chen's body, he was able to emit a terrifying darkness from his body.

The aura released by Ye Chen was powerful and extremely terrifying.

The Patriarch Sect was horrified by Ye Chen's power, he felt very scared when he saw Ye Chen's power.

"What's with his strength, how can he have such strength" the Sect Patriarch looked straight towards Ye Chen.

It was clear that the strength possessed by Ye Chen was abnormal, his current strength was abnormal and could not be estimated.

"But that's great, if I can get my hands on him, he will become a powerful combat weapon and help the Sect" The Sect Patriarch had a desire to make Ye Chen a slave, it could give the Sect Patriarch an advantage.

"Master, it seems like he thinks badly of you" Chu Yuechan said to Ye Chen.

"Of course, he must be thinking of doing bad things to me" Ye Chen realized, he realized what the opposing party would do to Ye Chen.

"the person in front of him is really evil as hell, it seems like destroying him is a very good choice" Ye Chen decided to destroy the enemy in front of him, it was the most excellent choice Ye Chen could make.

"I will defeat you and make you a puppet that I can move" The Sect Patriarch said that he would defeat Ye Chen and make Ye Chen his puppet.

"I guessed that you had that thought, then I will destroy you and seize this Sect" Ye Chen said to the Sect patriarch.

Ye Chen would seize the Sect and immediately use it for his own purposes, with a large Sect he could give the mission to be Mo Xi's trail.

That was the advantage Ye Chen could take, Ye Chen could not afford to waste the advantage.

"Boom. . ." the two exchanged blows, the Sect patriarch retreated when receiving an attack from Ye Chen.

"So powerful, is this the power he has" the Sect patriarch felt pain in his hand, his hand went numb after receiving an attack from Ye Chen.

Ye Chen's attack was indeed very powerful, it destroyed his wrist easily.

"I should attack him from a long distance" the Sect patriarch attacked Ye Chen from a long distance, he changed his battle strategy and attacked from a long distance to kill Ye Chen.

The Sect patriarch's attack did not make any significant injuries to Ye Chen, Ye Chen continued to advance and destroyed everything in front of him with a single wave of the hand.

Using one wave of Ye Chen's hand, everything was wiped out and destroyed.

"Damn it, why is he still able to deflect attacks" The Sect Patriarch was angry at Ye Chen, he was angry at Ye Chen who was still able to deflect his attacks.

"I can't let this happen" The Sect Patriarch couldn't let this matter happen, he couldn't let Ye Chen continue to win against him.

"Demon Beast Summon Domain" a red mist started to appear from the sky and enveloped around this place, the range of this Domain was about 500 miles away and covered the entire Sect.

"I admit it, you are indeed a very strong opponent, I can't defeat you in a normal way, so I decided to use all my strength, welcome to the party" said the Sect patriarch to Ye Chen.

"Welcome to the party ?, what is the meaning of the words" Ye Chen tried to figure out the meaning of the words party.

"roar. . ." a monster shout sounded around, Ye Chen immediately looked around himself, where there were many monsters swarming Ye Chen and considered Ye Chen as an easy prey.

"oh, so that's it, I understand" Ye Chen understood now, it turned out that the Sect patriarch summoned his monsters to fight Ye Chen.

The monsters around were made from the pure power of the Sect patriarch, he made this many monsters with his own power.

The Sect patriarch used all his existing power, he used all the power to open this Domain, all this was done just to be able to defeat Ye Chen.

The Sect Patriarch must have been very desperate when he fought Ye Chen, he used all his strength for one attack, if he lost, then everything would end here.

"This time everything will end" The Sect Patriarch said that everything will end right now.

"Welcome to the party and kill him" The Sect Patriarch gave an order, all the monsters headed towards Ye Chen.

They attacked Ye Chen using all their strength, their goal was to kill Ye Chen.

With such strength, no one could survive, the monsters numbering hundreds of thousands surrounded Ye Chen and looked thirsty for blood, they were starving and wanted to eat Ye Chen.

"Azure Domain" Ye Chen used Azure Domain, he used Azure Domain to destroy the enemy's Domain.

"The ancient pressure began to envelop this place, the monsters created by the patriarch Sect were unable to endure and were crushed by the terrifying pressure, even the strong and large ones fled when faced with Azure Domain.

"ahhhh . . ." the Sect Patriarch cried out, he felt a terrible pressure enveloping him, this pressure made his body limp once, he was helpless by this pressure.

"crack. . ." his domain began to crumble as it was unable to withstand Ye Chen's strength.

"This is impossible, this is impossible, how did you do it" The Sect Patriarch still couldn't believe what was happening, he couldn't believe that Ye Chen was able to destroy his powerful Domain.

"The law in this world, Domain can only be defeated by the higher, that means I am higher than you, are you still unable to accept this fact" Ye Chen said.

Ye Chen emphasized what he said, he told that this was his power that made the enemy Domain destroyed, clearly the difference in power made the enemy Domain unable to survive.

"Damn it" the Sect patriarch was angry at Ye Chen, he didn't want to admit defeat from Ye Chen.

"uhuk. . ." because his Domain was destroyed by Ye Chen, the Sect patriarch coughed up blood, this was clearly the result of Ye Chen's attack.

After destroying the domain of the enemy, Ye Chen ended his Azure Domain, he had won this battle.

"I have won" Ye Chen said to the Sect patriarch.

"I will not accept this" the Sect Patriarch said that he would not be able to accept this.

"I will take your place, I need this for my interests" Ye Chen said to the Sect patriarch.

"Hahahaha, do you think I will let you do it" he would not allow Ye Chen to be able to take the Demon Beast Sect.

"Then I don't need you anymore" Ye Chen crushed the Sect patriarch, he used full power to crush the Sect patriarch's body.

The Sect patriarch's body was shattered by the power of darkness possessed by Ye Chen.

"What a troublesome person" Ye Chen disliked and destroyed the Sect patriarch of Demon Beast Sect.

Ye Chen had successfully defeated the supreme leader of the Demon Beast Sect, now he could do everything he could want.

Ye Chen woke up everyone, he used his power to wake up those who had fainted.

"What happened?" Many people were still confused about what happened, they didn't seem to understand what happened a while ago.
