Chapter 2425 Demon Seeker Bandits

After saying these words to Lu Hanna, Ye Chen hurriedly handed it to Xun Zhilin.

After that Ye Chen decided to leave this place and do work to find Mo Xi's whereabouts.

"Fufufufu, so cute" Lu Hanna looked overjoyed when she saw Ye Chen run away, teasing Ye Chen became Lu Hanna's daily routine.

He felt so happy when he was seducing Ye Chen, she had never felt so happy when seducing someone.

"Empress, what are you doing in this place?" Xun Zhilin asked Lu Hanna, she wanted to know what Lu Hanna was doing in this place.

"I'm just having fun" Lu Hanna said to Xun Zhilin, Lu Hanna was having fun.

"You have never changed, older sister must be in trouble for taking care of the empress's work," said Xun Zhilin.

"That's right, I did just that on purpose, let her work for me for the time being, I want to have fun with that little guy" Lu Hanna said as she looked towards Ye Chen.

"That little guy isn't normal, he might be dangerous" Xun Zhilin passed Ye Chen an assessment.

"Have you found out about him?" Lu Hanna asked Xun Zhilin.

"Of course, he comes from a completely normal background, she's even just a servant, what's surprising is his strength, where did he get that power from?" Xun Zhilin was shocked by Ye Chen's strength, he clearly knew how strong Ye Chen was.

"is he that strong?" Lu Hanna asked Xun Zhilin.

"He defeated the Patriarch easily, I haven't measured his exact strength, one thing is for sure he is strong enough" said Xun Zhilin.

Xun Zhilin hasn't measured Ye Chen's strength, she still hasn't measured Ye Chen's true strength.

"So you still don't know his strength, then maybe I will" said Lu Hanna.

"But . ." Xun Zhilin was scared when she heard that, if anything happened to Lu Hanna, Xun Zhilin would be in big trouble, and even Xun Zhilin's entire family would be in serious trouble.

"it's okay, I'm sure it will be fun to play with him." Lu Hanna smiled, she couldn't wait to play with Ye Chen.

Her smile was too seductive, she was clearly planning something bad for Ye Chen, Ye Chen would probably get into some pretty serious trouble from now on.

"I'm sorry, I can't stop it" Xun Zhilin could only apologize, she would not be able to stop Lu Hanna.

"Let's go, from now on you come with me" Lu Hanna said to Xun Zhilin

she told Xun Zhilin to follow him wherever he went.

"an honor" Xun Zhilin was honored, she was honored when she received the assignment from Lu Hanna.

The two left, they were watching Ye Chen from afar, they wanted to know what Ye Chen was going to do.

Ye Chen rapidly traversed between the stars, he searched every star and hidden place he could see.

Ye Chen might be able to use his God Eyes to search, too bad he had to take a break because of the limit in using God Eyes.

"Help . . ." when Ye Chen was on the search, he heard a voice, he heard a voice asking for help from afar.

This voice sounded so loud, it seemed like it was coming from a lot of people.

Ye Chen decided to take a look, he wanted to know what was going on there.

Ye Chen went to a remote place, there happened to be a village with the size of 10 miles with thousands of people living and living in this place.

Ye Chen looked at the fires and destruction all around, there had been destruction all around this place.

"Who did this?" Ye Chen looked at the people rioting, he saw bandits carrying two swords taking the village and killing people sadistically.

Even small children are not spared from their attacks, they do things that are very cruel and unforgivable.

"damn . . ." Ye Chen obviously wouldn't be able to forgive this, he couldn't possibly stand it when he saw what was happening in front of his eyes.

"they seem to be looking for something" Chu Yuechan said to Ye Chen, from the movements they made, it seemed they were looking for something.

"I don't really care about that, I can't let them do that." Ye Chen couldn't stay silent in this kind of situation, there was no way Ye Chen would just sit back and watch what those people were doing.

Ye Chen still possessed a strong sense of justice, there was no way he could stand it when he saw something like this happening in front of his eyes, plus they were being ruthlessly ruthless with no mercy.

"Quickly hand over everything you have" the demon seeker bandit spoke to the people in this place, he was telling them to hand over everything they have.

"We have given up everything we have, please let us go" the village leader said that if they have given up everything they have, they have nothing more to give.

"Don't lie, otherwise you will die here" the demon seeker bandit group said to everyone, he couldn't believe their words.

everyone is having trouble, they all don't know what else to say.

"if you don't want to say it, then you all have to die" they started to attack, they killed everyone who resisted and refused.

"No . . ." everyone was screaming, they were all so desperate and full of suffering.

"Bam . ." Ye Chen shot pebbles towards the demon seeker bandits, the group was blown away several miles by Ye Chen's attack.

"What's going on here?" the few survivors immediately saw what was happening, who dared to make a sneak attack towards them.

"stop this madness, you guys really make me sick" Ye Chen said to the group of demon seeker bandits.

"Who are you, so dare to meddle in our affairs, don't you know that we are demon seeker bandits?" one of them said to Ye Chen.

"I don't know who you guys are, but you guys have done too much here" Ye Chen said that the demon seeker group of bandits had done too much and could no longer be tolerated.

"damn . . ." the remaining group of demon seeker bandits roared towards Ye Chen.

"Seek death, we will fulfill your wish to die" the group of demon seeker bandits attacked Ye Chen, they all used dual swords to fight and kill Ye Chen.

"then I'll do it too" Ye Chen did, he took out a sword and started to fight against them.

Using the Black Dragon Sword, Ye Chen started to destroy the enemy.

"Clang" every time Ye Chen took a full swing, he shattered the enemy's blade and slashed through the enemy's body in one fell swoop.

"No way, what kind of sword is that?" they were all shocked by Ye Chen's sword, Ye Chen's sword was very strong and was able to destroy their weapons easily and quickly.

Ye Chen stepped forward, he just swung his sword swiftly at the enemy and defeated all the bandits present.

"That's great" Everyone was of course surprised when they saw Ye Chen, they all looked surprised when they saw the strength that Ye Chen possessed.

"he is really great" they were all shocked by Ye Chen's strength, Ye Chen's strength was too strong.

Ye Chen swept through all of them, he defeated all of them easily.

"done" after finishing all the criminals present, Ye Chen immediately went and started helping the injured people, they all looked unwell and some could no longer be saved.

"what happened to this place, why did they attack you guys" Ye Chen asked, he wanted to know the reason.
