

True God 2681

Chapter 2681 The Gathering Of Young Talents Between Sects Begins (1)

"You don't need to think about it, you can just focus on the rear right away" Chu Peng said to Ye Chen.

"fine, if that's the case" it seemed that Chu Peng and the others hadn't chosen yet, so Ye Chen wouldn't get the answer to his question.

"I'll go first, enjoy your time to train, you still have an appointment in three more years" Chu Peng said to Ye Chen.

"I won't forget it" Ye Chen told Chu Peng that he wouldn't forget it.

Chu Peng left, he gave the participant number to Ye Chen, Ye Chen received it and kept it, Ye Chen only needed to wait for the time to come.

Ye Chen returned to training, he had just reached the eighth level, he had trained hard enough and had the advantage over Xuan Mei.

Ye Chen should be able to reach the tenth tier in a few weeks, a level that should be enough to make Ye Chen one of the elite disciples in the Sect.

Ye Chen increased his practice, he only practiced harder and harder, Ye Chen spent every day inside the fairy gate, he had a lot of time when training inside the fairy gate.

So Ye Chen's training speed became much faster and more efficient.

Shi Lin herself seemed to be busy preparing for the Sect meeting, she didn't come to see Ye Chen for a while.

Jia Li and Xuan Mei are also the same, they are in a busy time, everything must be carefully prepared, so that the Sect can get good results, at least they can't be the last as before.

That's why Jia Li, Xuan Mei and all the faction leaders prepared the best for their disciples, they subjected them to rigorous training and gave directions.

After waiting for a long time, finally the awaited day arrived.

Ye Chen together with everyone gathered for today, the day where everyone will fight together to dominate the enemy territory and defend their territory from enemy attacks.

"here" Wu Ziyi and Shi Lin have arrived, they both also join in this battle.

With Wu Ziyi and Shi Lin's current strength, they could easily follow along.

Ye Chen ge, he approached Wu Ziyi and Shi Lin.

"You two came faster compared to me" Ye Chen said to Wu Ziyi and Shi Lin.

"we are never late, unlike you who are almost late" Shi Lin said to Ye Chen.

"hehehehe" Ye Chen laughed when he heard this, he was indeed late, Ye Chen did not deny that he was almost late.

The medicine faction had quite a number of people, those who would be in charge of providing recovery items, so they were quite needed.

Meanwhile the faction that had the most was the destroyer faction, they were a group of fighters, so they were the most chosen as the attack troops.

They will be joined by a sword faction that is also proficient in battle.

The speed faction will be tasked with spying on the enemy, and the rest of the other factions will become guards to defend the existing fort.

Everything has been well arranged, all positions have been accurately arranged by the faction leader.

The least self-equipped faction, if counted with Ye Chen in it, there wouldn't even be ten people.

It was obvious that the equipment faction wouldn't be used much in this battle.

They would only be a complement in the great battle that was about to take place.

"There will be many core disciples coming, you should also be prepared" Shi Lin said to Ye Chen.

"Of course I'm ready." Ye Chen had prepared well.

"I am also strong, I will show them the strength that I have" Wu Ziyi said that she would show her strength.

Ye Chen and Shi Lin smiled when they saw what Wu Ziyi said.

"hello everyone" an old man came, he came and greeted everyone. I think you should take a look at

When this man came, everyone here immediately fell silent, they didn't dare say anything else and focused on the announcement.

"You are all selected disciples, you will fight for the Sect, don't embarrass the name of this Sect in front of all the existing Sects" he said to all the selected disciples in this place.

"who is that person?" Ye Chen asked Shi Lin, he had never met or seen that person.

Wu Ziyi was also curious about this matter, she wanted to know who the old man in front of them was right now.

"He is the leader of the Sect, to be honest he rarely goes out and is in closed training" Shi Lin said to Ye Chen.

"Is that so" Ye Chen and Wu Ziyi understood, they had just seen the Sect Leader.

"I'm not going to throw unnecessary words at you, get on with it, do the best you can do, bring out all your potential and talent and lastly have fun" he gave a few words to everyone.

"Yessss . ." Everyone understands, they will all do their best.

"From here on out, your faction leaders will be taking over, so listen to them carefully," the Sect Leader said to everyone present.

"Come on everyone we'll be late if we don't hurry" Xuan Mei said to everyone, they would be late if they didn't leave right now.

they all understood, they all set off as fast as they could, they were all afraid that they would be late.

They finally departed, a teleportation array was used to speed up the existing journey, that way they would be able to quickly arrive at the location.

Ye Chen along with everyone else was enveloped by the Array, they were transferred to the meeting place.

Ye Chen and the others arrived at a large and spacious place, there were quite a number of trees, mountains and valleys before their eyes.

"So this is the place, it's really big." Wu Ziyi said that this place is big, it's probably bigger than the Sect or the city.

"What a wide area, it will be difficult in battle because of the distance" Shi Lin said to Wu Ziyi and Ye Chen.

This place is wide, the level of difficulty in battle will of course increase.

They have to act carefully and calculatingly, otherwise they will get into trouble and will not get help in time.

"This is the battle ground you will use," Huang Peng said to everyone.

Huang Peng explained that this place would become a battlefield.

This place will be even more chaotic than they imagined, thousands of people will be fighting here for the huge territory that is here.

The sect with the most territory will be first on the list.

"Someone will explain the rules to you, so I won't go into details about it, just prepare yourselves" Huang Peng said to everyone.

They all immediately left, they gathered with Sect else in this place.

The other Sects had already arrived, this group could be said to be the last to arrive.

"Finally they came too, made us wait" a woman spoke and grumbled, she was from Golden Super Land Sect.

A woman with a gold shirt and shoulder-length hair who looks cool and seems more mature.

This lady didn't seem too pleased at being told to wait, which was why she grumbled when the Immortal Valley Sect's group came.

This woman's name was Ming Rashe, the high elder of Golden Super Land Sect, a woman who is not easy to command and seems to dominate in battle.

"You are quite a noisy old lady" Chen Ting said to Ming Rashe, she answered Ming Rashe's words.

Chen Ting and Ming Rashe were enemies who had not seen each other for a long time.

Chapter 2682 The Gathering Of Young Talents Between Sects Begins (2)

"what did you say" Ming Rashe couldn't take it when she heard what Chen Ting said.

"What?" The two of them glared at each other, it seemed something bad would happen if no one was willing to stop the two of them.

"hey stop, this is not a place for you to fight" some people had to separate them, like it or not they had to separate Chen Ting and Ming Rashe.

With the help of the elders in this place, the two of them managed to be separated, they were kept away from each other so as not to fight in this place.

"what the hell" Ye Chen said to Shi Lin.

"Hmmm, they really are enemies, they have an extraordinary grudge" Shi Lin said to Ye Chen.

"Wasn't it the Sect that was looking for trouble with us when we were in the Forest of Resurrection Realm" Wu Ziyi said to Ye Chen.

"That's true, we have to be careful with them." Ye Chen also remembered, they had to be careful with Golden Super Land Sect.

"why ?" Shi Lin didn't know what happened to Ye Chen and Wu Ziyi.

That's why he didn't know what they said about Golden Super Land Sect.

Sect does have problems with Golden Super Land Sect, everyone also knows this, surely the battle will be very fierce and they will fight against Golden Super Land Sect.

"all Sects have gathered in this place" Shin Yanho said to everyone.

He was the one in charge, he would explain the rules to everyone in this place.

Everyone listened to the news Shin Yanho brought him.

They didn't want to miss any news of the imminent battle.

"I will read the rules" Shin Yanho told him that he would read out the rules.

Everyone must listen and comply with these rules.

"Firstly, participants are prohibited from leaving the field, Anyone who leaves the field before the competition is over will be declared a failure," said Shin Yanho.

"Secondly, participants who have lost and can no longer fight will be immediately kicked out of the battle, they will not be able to return after losing the battle and can only see what will happen from behind the scenes."

"Third, you can make an alliance, this is so that the battle is fair and every power can be balanced, but be careful because there are no rules about alliances, you might be destroyed by the alliance you made because betrayal can happen at any time," said Shin Yanho.

This is a rather risky way, so it is better to avoid this problem because it is too risky to win.

"Each Sect will be given a total of 10 small fortresses and 1 large palace, the Sect that gets the most fortresses and castles will be the winner."

"Fourth, if your 10 forts and 1 castle have been overrun by the enemy, you are considered defeated and everyone will be immediately expelled from the battle."

"That's all the announcement I have for you guys" Shin Yanho said to everyone, that's all he could tell them all.

"The time of battle is three days and nights, all participants are allowed to fight day and night, there are no rules about fighting, you can use all the means and techniques at your disposal" said Shin Yanho.

"exciting" everyone was intrigued, they couldn't wait to fight against the enemy that was there.

"You guys still have time in the waiting room, preparations will be completed soon" Shin Yanho said that preparations will be completed soon.

everyone had the information they needed, now they only needed to find out about their opponents

pandasnovel.com "everyone gather in this place" there was a call for Ye Chen and everyone.

They all immediately gathered to discuss what they were going to do.

this battle will be led by Nang Wanla, a man who looks full of arrogance.

"he who will be our leader?" Ye Chen asked Shi Lin.

"That's true" Shi Lin nodded, she told that Nang Wanla would be the leader and give command to everyone.

"who is he, he seems too arrogant" Ye Chen asked Shi Lin.

"he is the son of the law hall elder, you know his authority is very high" Shi Lin said to Ye Chen.

"not strange" Ye Chen understood, it seems that he became the leader because of his family's interests.

"Looks like it's going to get messy" Ye Chen felt that it might get even more messy than he could imagine.

If the leader is like that, then there might be a problem.

"Then where's the strategist?" Ye Chen wanted to know where the strategist they had was.

"There, that is the person, she is the fiancé of Nang Wanla, the woman who came from the faction of the law of knowledge faction.

"ouch, what will happen next" the two are really a couple, can they both lead them to victory.

"It should be fine" Shi Lin said to Ye Chen, everything should be fine, Ye Chen doesn't have to worry too much about what will happen.

"Listen to me, you have to follow what I say here" Nang Wanla said to everyone in this place.

Gen Tez and everyone who was here came closer, they all listened to what Nang Wanla had to say.

Nang Wanla is the leader, so they are obliged to listen to what Nang Wanla says.

"We will divide the people in each fort, each fort will be filled by 20 people guarding, meanwhile the rest will carry out the attack, and the palace will be filled by 100 people, those who are injured and can still

be healed can immediately return to the fort to be treated, do you guys understand this strategy?" Nang Wanla asked everyone.

Everyone nodded, they all seemed to have understood what to do.

"Then what about the attack strategy, it's impossible for us to attack carelessly" Gen Tez asked.

"We don't know the direction of the enemy's movement and their numbers yet, before the reconnaissance unit is dispatched, we will wait," said Nang Wanla.

Nang Wanla didn't know what kind of strategy the enemy would use yet, so they could only wait for the scout unit before making a decision.

"That's absolutely true" some people agree, Nang Wanla be careful enough.

"There are good strategists here that we have from the knowledge law faction, so you don't need to worry" a lady assisted Nang Wanla, she informed that she would come up with a strategy for the battle, so they should listen to them.

"If I were you, I would have several groups attack the small sects, defeat the small sects and seize their territory first, instead of you focusing on the powerful big sects." Ye Chen said to Nang Wanla.

This battle is for the most territory, so it's better to aim for the small Sect.

It will be more profitable for them all than they have to be.

"Hey, hey who are you, you shouldn't interfere, this is an important matter that you don't know" Nang Wanla said to Ye Chen.

"I'm just giving an opinion" Ye Chen said, Ye Chen was only giving an opinion, it was because it seemed that Nang Wanla was inexperienced and made decisions slowly.

"The enemy will not remain silent, they have prepared a plan that may be better than we imagined, acting slowly will leave us one step behind" said Ye Chen.

The tactician here still didn't tell them what to do, it was really bad because the enemy would definitely rush in and attack them.

"You doubt the judgment I have" the woman beside Nang Wanla said to Ye Chen.

This woman was angry when she found out that Ye Chen doubted her abilities.

Chapter 2683 Battle Field Starts (1)

"I don't doubt you, but we should act before the battle, not wait for the reconnaissance unit to provide information, it would be a waste of time" Ye Chen said.

They cannot waste the time they have, they must be quick in taking action.

"here I am the one in control, you have no right to speak, and you also look the lowest among us" Nang Wanla said.

Ye Chen was only an outer court disciple, so he wasn't highly regarded in this place.

With Ye Chen's status, he was barely worthy to speak in this place.

"that's absolutely true" there were some people who didn't really agree with what Ye Chen said.

"It's up to you guys" Ye Chen said to Nang Wanla, he himself didn't really care about the results they got.

Since the situation had become like this, Ye Chen decided to sit in his place and let them do their thing.

"Are you okay?" Shi Lin asked Ye Chen, originally Shi Lin wanted to help Ye Chen, she felt displeased when she saw Nang Wanla bullying Ye Chen.

"No problem, I don't mind this matter" Ye Chen said to Shi Lin, himself telling that he didn't mind this matter.

Nang Wanla started dividing the groups, all the groups in this place had to follow what Nang Wanla ordered.

Ye Chen and Wu Ziyi were in the same place and they were in charge of guarding the fortress, while Shi Lin would join the attack team along with Gen Tez and other.

"I can't be with you guys, so you guys have to take good care of yourselves" Shi Lin said.

"Both of us will be fine." Wu Ziyi said to Shi Lin, she told them they would be fine.

"that's right, no need to worry about us, just focus on the battle" Ye Chen said to Shi Lin, he told Shi Lin to focus on the battle.

"I understand" Shi Lin understood, she would focus on the battle.

After everyone got their share, they just had to wait for the battle to start.

"Are you all ready ?" Shin Yanho said to all the participants, he said are all the participants ready.

"we are ready, start quickly" Everyone is ready, he told to start immediately.

"Then I will start and open the gate for you guys" said Shin Yanho.

Shin Yanho opened the teleportation gate, with that everyone was immediately teleported to their territory.

with that everyone got started right away, they all immediately moved in the assigned positions for each team.

"let's go" Ye Chen said to Wu Ziyi, it's time for them to go to their place.

"Come on" Wu Ziyi followed Ye Chen, Ye Chen and a few people headed towards the eastern fort.

They guard the fort from the enemy who will launch an attack.

Shi Lin herself went and joined the attack unit, she had to part ways with Ye Chen and Wu Ziyi.

Ye Chen and Wu Ziyi finally arrived at the fort they had to guard, they saw a hefty fort that could accommodate up to 200 people inside.

"the fort here is quite big" Wu Ziyi said to Ye Chen.

"only 20 people to guard this place, looks like it will be a bit difficult" Ye Chen said to Wu Ziyi.

This would probably be difficult, 20 people would obviously be too late to defend a fortress from attack.

If there were that many people attacking, then obviously those 20 people wouldn't be able to defend against the attack.

Ye Chen might be able to do it, but someone else would find it difficult to guard the fort.

"Will the other groups be okay?" Wu Ziyi wanted to know if the other groups would be okay, they must be thinking the same thing Ye Chen was thinking.

"We'd better focus on our group" Ye Chen said to Wu Ziyi.

Ye Chen told Wu Ziyi that they would only focus on their group, so it should be fine.

"Everyone, let's assemble, we will start making defenses" they invited Ye Chen to make defenses.

"let's go and put up a proper defense" Ye Chen said to Wu Ziyi.

"We'll make sure that no one is able to break through the defenses we have here" Ye Chen said to Wu Ziyi.

"Of course, let's make the people who attacked this place regret it," said Wu Ziyi.

They worked with eighteen other people, they made a defense that was difficult for the enemy to penetrate.

.

.

On the other hand.

Shi Lin along with Gen Tez and a member of the destruction faction were on a mission to fight the enemy.

"Hey, when are we going to attack ?, is the scout troop still not back?" the man asked Shi Lin and Gen Tez.

"I don't know, we haven't received the order yet, so we can only wait in this place" Gen Tez said that they can only wait in this place.

this man's name was Cao Muba, the best student in the destruction faction, he was even better than Gen Tez.

Cao Muba was impatient, he wanted to immediately attack the enemy that was in front of their eyes.

He wanted to flatten the enemy in front of them, that way he would be satisfied.

Cao Muba's character is quite barbaric, he wants to fight immediately and show what he has.

"You guys have to be patient, we are not playing games, if you lose, you will drop out, that's not funny" a woman with a sword in her hand said to Cao Muba.

this is the senior of Gen Tez, she is the first strongest in the sword faction, her name is Yae Leifu, she is the same as Cao Muba, her strength is the strongest in this place.

"But this is so boring," said Cao Muba.

Cao Muba was tired of waiting, there was nothing to do while waiting for the battle to start.

"I know what you're thinking, but you have to be patient and not take things too far" said Yae Leifu.

Yae Leifu told them that they shouldn't do anything rash.

"We will attack as soon as we get the news." The scouts will return soon, once they know the enemy's position, they will immediately attack.

"this is bad" a small man appeared, he appeared in front of the main force.

"what happened ?, didn't you become a reconnaissance troop" Cao Muba said.

"that's the problem, the enemy has noticed us, they will attack in the near future" he informed what happened.

"Where is the reconnaissance squad now?" Yae Leifu ask.

"They might have lost together with senior, the enemy brought 800 people with them, our small army can't defend against 800 people" he said to Yae Leifu and Cao Muba.

"800 people?, which Sect are they from?" Cao Muba asked, 800 is the number of 4/5 participants so that's a lot and it would be difficult to face such a large number of troops, a small team would definitely be crushed to pieces by such a large army.

"Golden Super Land Sect" is a team from Golden Super Land Sect, they moved and targeted the immortal valley sect first.

"So it's an old enemy, then we should leave right now, we can't waste time" Cao Muba said.

Cao Muba immediately ordered the people to prepare for battle, their opponent brought 800 people, this would be a tough battle since they only had about 400 people, the rest were attacking elsewhere.

"It's quite risky to fight 2x the number of our troops" said Yae Leifu.

"are you afraid" Cao Muba said to Yae Leifu.

Cao Muba mocked Yae Leifu who didn't dare to fight.

Chapter 2684 Battle Field Starts (2)

"no way I will be afraid" Yae Leifu is not afraid, she will not be afraid to fight the enemy.

"then let's do it" Cao Muba said to Yae Leifu, he took Yae Leifu to fight against the enemy.

"Are you guys listening to me ?" Nang Wanla spoke through the transmission stone.

"Of course, we listen to what you say ?." Yae Leifu and Cao Muba listened to what Nang Wanla said.

"It's good if you can listen to what I'm saying, the order has come down to you, in front of you there are enemies approaching, make sure you defeat them" said Nang Wanla.

παΠdasNovel.com Nang Wanla gave an order, he ordered to fight the enemy.

"Wait a minute, you are joking, how could you do such a thing" said Yae Leifu.

Nang Wanla did not give them clear orders, how could they fight the enemy without clear orders.

"You two are experts, so I request you to fight them using all the means at your disposal" said Nang Wanla.

Yae Leifu and Cao Muba looked at each other, that meant that they had the right to give orders and the strategy was determined by them.

"Now the decision is in our hands, this person can only order us to fight" said Yae Leifu.

"It can't be helped, we will fight to the death" said Cao Muba not caring, he just wanted to fight.

"Everyone follow me" Cao Muba gave the order, he gave the order to come with him.

"come with me" Yae Leifu also gave orders, she also gave orders to the people behind her.

Shi Lin didn't know the current situation, she could only follow behind to support them from behind.

The group from Cao Muba and Yae Leifu was about to clash with Golden Super Land Sect.

Cao Muba and Yae Leifu being the ones at the forefront, they displayed unbelievably strong combat abilities.

"beat them all" Gen Tez and Shi Lin joined the battle, they assisted Cao Muba and Yae Leifu in the battle.

"Boom. . ." The battlefield finally broke out, explosions and shocks engulfed this place, it was obvious that the damage caused was terrifying when the huge army fought.

"It has started" the audience didn't expect that the battle would start, it was faster than they imagined.

A full battle broke out, both sides began to attack blindly.

The team from Golden Super Land The Sect is led by two people, they are the two brothers Lu Xan and Lu Tan, they both wielded double maces and started to battle against Cao Muba and Yae Leifu.

Using large weapons, they shake the existing battlefield.

Cao Muba and Yae Leifu immediately went to fight Lu Xan and Lu Tan, if they let these two go berserk, then obviously their entire team would be destroyed.

"We can take care of the two of them," Cao Muba said to Yae Leifu.

"If we can't take them both out, then our army will be destroyed, let's take care of them" Yae Leifu agreed, they should take Lu Xan and Lu Tan out.

Cao Muba and Yae Leifu came in front of Lu Xan and Lu Tan.

"Finally our opponents have arrived." Lu Xan and Lu Tan saw that their opponents had arrived, their opponents were Cao Muba and Yae Leifu.

"Come on, fight us." Cao Muba and Yae Leifu said that Lu Xan and Lu Tan had to fight them.

"let's get this over quickly" Lu Xan and Lu Tan advanced, they attacked Cao Muba and Yae Leifu.

Lu Xan and Lu Tan attacked with their maces, they attacked with full force,

The ground immediately lifted when they attacked, their strength was extremely terrifying.

Cao Muba wielded a large ax and started to fight, He had just fought an enemy comparable to himself.

"Bang . . ." Lu Xan and Cao Muba started fighting, they showed off the abilities and strength they possessed.

"so this is your strength, it's an extraordinary strength" said Lu Xan to Cao Muba.

"You are also very strong" Cao Muba acknowledged Lu Xan's abilities.

"clang. . .,clang. . .,clang. . .,clang. . .,clang. . ." Their attacks clashed, they tried to knock each other out.

Cao Muba's strength increased, it increased rapidly when he fought with Lu Xan.

Lu Xan also became stronger, he used his own power to deal with the attacks coming from Cao Muba.

The two of them seemed to be even, their strengths were similar so the battle was intense.

Lu Tan and Yae Leifu fought, the battle between the two seemed to be unequal considering that Lu Tan's weapon was much stronger and more destructive than Yae Leifu's sword.

Yae Leifu had to be careful and keep her distance so that the enemy's weapons would not destroy the weapons she had.

Luckily Yae Leifu had agile movements, which was why she still had the advantage over Lu Tan.

"slashes. . ." Yae Leifu attacked quickly, her goal was to beat Lu Tan quickly.

Lu Tan defended and attacked, his attack well avoided by Yae Leifu.

"stop dodging, bitch" said Lu Tan to Yae Leifu.

Lu Tan was angry when he saw Yae Leifu dodge, this woman kept on dodging and made Lu Tan angry.

That big body you have is useless" Yae Leifu said that Lu Tan's big body is useless because he is slow.

"Don't underestimate me, I can still be fast" Lu Tan said to Yae Leifu.

He was still able to increase the speed he had.

Lu Tan did, he increased his speed and started to show Yae Leifu his speed.

Lu Tan was quick, this of course got Yae Leifu into trouble, Yae Leifu had to work hard to withstand the attacks from Lu Tan.

"What's wrong, are you unable to defeat me" said Lu Tan.

Lu Tan was very strong, he had become even better compared to before, he was now suppressing Yae Leifu.

"Then I'll use the flying sword technique." Yae Leifu used the flying sword technique, the sword in her hand flew towards Lu Tan.

Apart from being a swords woman, Yae Leifu could use flying sword techniques, this was a family technique that belonged to her.

The sword flew, it immediately struck and pierced through Lu Tan's defense.

"Clang. . ." Lu Tan was forced to retreat, he was forced back by the attack from Yae Leifu.

"This is getting interesting" Lu Tan was getting more and more interested, he was getting more and more interested in what Yae Leifu could do.

Lu Tan became more and more enthusiastic, he found a worthy enemy.

The battle between the four was fierce, none of them willing to give in.

Gen Tez and Shi Lin try to defeat the forces from Golden Super Land Sect.

This was their chance to defeat the army from Golden Super Land Sect.

"we have to be able to suppress them" they ran into trouble because they were outnumbered.

So Gen Tez and the others look for ways to win, they try to suppress the enemy.

"you all leave the rear to me, I will defeat them, protect me" Shi Lin said to Gen Tez and the others, she asked them to protect her.

Shi Lin could attack long distances, so she asked them to protect her.

"rain of sparks" Shi Lin started, she started to attack the enemy with strong and super hot sparks.

With that Shi Lin attacked all the enemies in the rear.

"arghhhh,hot" they shouted in pain, they were being burned by Shi Lin.

Shi Lin takes care of the rear, the front will be taken care of by Gen Tez.

Chapter 2685 Battle Field Starts (3)

They both started to return the enemy to their place of origin.

One by one people started leaving the arena, those who came out of the arena had been defeated by Shi Lin and Gen Tez.

meanwhile some of the immortal valley sect disciples also had to go home.

Golden Super Land Sect had lost 200 people who had exited the arena, meanwhile immortal valley sect had lost 100 people, this number wouldn't be too good for Golden Super Land Sect.

Lu Xan and Lu Tan saw that if they lost enough troops, it would be dangerous for them.

"We have to retreat" Lu Xan said that they had to retreat right away, otherwise they would suffer even more.

"You are absolutely right Lu Tan agrees, this battle is no good as they have already lost quite a lot.

"Everyone retreat" Lu Xan and Lu Tan gave the order, they gave the order to retreat immediately.

"Do you think we'll just let you guys run away like that?" Cao Muba and Yae Leifu charged, they blocked Lu Xan and Lu Tan who were trying to escape.

"you are interfering, combined attack" Lu Xan and Lu Tan used a combined attack, they used a combined attack on Cao Muba and Yae Leifu.

"boom" A huge explosion occurred, this huge explosion made Cao Muba and Yae Leifu retreat, even the troops behind them also retreated as a result of this attack.

"Retreat quickly" Lu Xan and Lu Tan took advantage of the opportunity to retreat, they all retreated to the nearest fort.

"let's go after them" Cao Muba decided to chase after them.

"hey, they might set up a trap for us, be careful" said Yae Leifu.

"I don't care" Cao Muba didn't care, he brought his troops forward and chased after Lu Xan and Lu Tan.

"what a fool" Yae Leifu said to Cao Muba, he did something really stupid.

"should we follow them" Gen Tez asked Yae Leifu.

"Of course, it would be dangerous to let them fight alone" said Yae Leifu.

Yae Leifu couldn't possibly allow Cao Muba to fight alone, it would be dangerous since their numbers weren't large.

"let's chase them" Yae Leifu said to everyone, she invited everyone to chase the enemy.

With that they started to chase after the enemy, they chased after the group from the Golden Super Land Sect.

They are too ambitious, they forget that the enemy is not only the Golden Super Land Sect, this will be put to good use by other enemies.

The small sect watched the battle from afar, they saw the current situation and made a strategy to attack the immortal valley sect.

"Half their troops have left, this is the perfect opportunity for us." The small Sect alliance group started to move, they started to move towards the outpost left by Cao Muba and Yae Leifu.

More than 3,000 people consisting of various Sects started to attack, this attack was carried out suddenly and quickly.

They had to be able to win before Cao Muba and Yae Leifu's group returned.

"There is a large group attack from the north and west." The scouts informed Nang Wanla, there were a large number of small sect troops who were attacking.

"Which group is it?" Nang Wanla asked.

"It looks like a large number of small sect alliance groups" the scouts informed about the enemy's attack.

"Hahahaha, it's just a small Sect, there's no problem with that." Nang Wanla said that if there's no problem with it, they don't need to worry too much.

"But . . ." the scout troop saw the enemy's large numbers, it would definitely be a problem defending.

"Tell them to defend" said Nang Wanla to all the troops in charge of guarding the fort.

Nang Wanla had already made a decision, they had to stick with it.

"understood" with that, information was spread, all forts had to defend against enemy attacks.

"We have to focus on the big Sects, we have to defeat them first Golden Super Land Sect, they are our main enemy" the woman next to Nang Wanla said that they must defeat the Golden Super Land Sect first. I think you should take a look at

Golden Super Land Sect is their enemy, they will definitely pose a threat to Sect, so it is better to destroy Golden Super Land Sect first.

"Those small sects are just annoying, they are useless in this place, this is not a stage for them," said Nang Wanla.

"They will soon be destroyed, we just have to wait" the woman said to Nang Wanla.

The situation was in their hands, they would definitely win in this battle, Nang Wanla was confident of that.

They just lost about 100 more people, there are still more than 800 people, that number can still compete with other Sects.

.

Meanwhile the West Lake Sect and Sky Gate Sect were putting up a strong defense, they had yet to advance and let the battle go first.

They would start attacking on the second day, it would be more profitable for them.

"So we wait here, a little boring." Several people from Sky Gate Sect were sitting on the top of the castle, they were looking at the battlefield from up here.

No troops or enemies are attacking, everything is still safe and under control.

there are four people here, they carry swords, spears, arrows and the other carries nothing.

their leader was the one carrying the spear, his name was Zhao Yunge, he was the strongest person in this battle and had already reached the early realm of the Immortal sky Realm.

It was clear that if he joined the battle, no one would be able to stand against him.

"be patient, our share will arrive soon, let them fight first" Zhao Yunge said.

Zhao Yunge told them to be patient, he knew that they were impatient and wanted to fight the enemy.

"Well, if the chairman thinks like that" hearing this, everyone understands, no one dares to argue it.

"Prepare yourselves well, I want you to be in prime condition tomorrow, we will level them all tomorrow, this battle will only last 2 days" Zhao Yunge said confidently.

Zhao Yunge was quite confident in his abilities, that's why he dared to say that, it was because he had the strength and ability to do so.

"I'm getting impatient" the three of them became impatient, they couldn't wait to fight against the enemy in front of them.

Battles broke out everywhere, countless people fighting and trying to take over the enemy's territory.

.

.

Ye Chen himself was currently sleeping, there was nothing that could be done as there had been no attacks on this place.

Everyone here didn't do anything either, they were quite bored and were pacing back and forth waiting for the enemy to come to this place.

"no orders" they are waiting for orders, until now no orders for them.

"what about you guys, just relax, no one is attacking us" Ye Chen said to everyone, he told them all to calm down.

"we can't possibly rest easy, we don't know what will happen next ?" they said to Ye Chen.

They couldn't calm down, this was the battlefield, here they couldn't calm down because the enemy could attack them at any moment.

"no enemy will attack this place, this place is at the end and the back" said Ye Chen.

They were stationed in a place close to the sea, nobody would attack this place since it wasn't very strategic to attack.

Ye Chen often used Clone to patrol, as long as he did that, Ye Chen had not encountered any enemies approaching this place.

so there was no problem here and they could sit back and enjoy the battle that was going on.

Chapter 2686 Battle Field Starts (4)

people couldn't understand how Ye Chen thought, how he was so relaxed even on the battlefield.

Wu Ziyi also looked very calm, she trusted Ye Chen, that's why she didn't worry about what would happen next.

As long as Ye Chen was around, then everything would be fine, so all of them didn't need to be afraid of what would happen next.

Ye Chen and Wu Ziyi brought packed food, they ate very leisurely, instead of fighting the two of them were having a picnic.

People gawked when they saw what Ye Chen and Wu Ziyi were doing, they couldn't imagine the two of them doing such a thing in this kind of place, both of them were too relaxed and too confident.

If the enemy attacks, they can be crushed in this place.

"we have to stay alert" they decided to be vigilant, they couldn't let their guard down like Ye Chen.

Ye Chen was guarding this place, so everything should be fine, they didn't need to worry about what would happen next.

They think too much, that's why they worry too much about what will happen next.

They had always thought that this place might be destroyed if it was attacked by a large number of enemies, if that was the case, what could they do.

They may be destroyed by the enemy along with this fortress.

This was their reason, so it wouldn't be strange for them to be scared like that.

They have good reason to fear what could happen next.

"ummm, this is very good" Wu Ziyi said to Ye Chen, she told that it tasted very good.

"Here, let me try it." Ye Chen said to Wu Ziyi, he wanted to try it too.

"this" Wu Ziyi gave it to Ye Chen, she told Ye Chen to try it.

Ye Chen tried it, he tried Wu Ziyi's food.

Ye Chen tasted the taste, it was indeed delicious.

"How?" Wu Ziyi asked Ye Chen, she wanted to know what Ye Chen thought about this.

"very good" Ye Chen said to Wu Ziyi, he told that it tasted good.

"Isn't that right" Wu Ziyi was happy to hear Ye Chen's words.

The two of them ate together, they waited until the enemy attack.

"about when someone will attack" said Ye Chen.

Ye Chen didn't discover that there was an attack any time soon, so they didn't have any work to do right now.

"Isn't this better" Wu Ziyi said to Ye Chen, Wu Ziyi felt that this was much better.

They don't have to do anything, they just have to wait.

So why not enjoy this free time well.

"You are absolutely right, we will enjoy it" Ye Chen said that they will enjoy it well.

The fort that Ye Chen was guarding was extremely safe, while the other forts were under siege, there were quite a number of people besieging a fort.

About 400 to 500 people surrounded the fortress, although their strength wasn't that high when compared to the Immortal Valley Sect's disciples, it still made it difficult for 20 people, they had a hard time fighting against that many people, plus the opponent was currently launching a brutal attack.

"we need help, we can't possibly fight against this many troops" people are starting to need help, they will not be able to win against that many enemies.

They were outnumbered as well as outstretched, with no chance of holding out for long.

"There is no help for you" Nang Wanla said that there is no help.

"What do you mean ?, why don't you get the raid troops to help, we are in trouble for not being able to hold off that many enemies" they complained to Nang Wanla.

"that's just a small Sect, don't complain, overcome them quickly" said Nang Wanla.

Nang Wanla had underestimated, he had underestimated the enemy.

Just because they were a small Sect, they were ignored by Nang Wanla.

Nang Wanla simply didn't see Minor Sect as a worthy threat.

what is done byWhen Lamb one could say extremely reckless and foolish, underestimating a small Sect was not a good thing as they could turn the tide with their numbers.

"we have to defend and attack them" they have no choice, no help will come to them.

.

.

On the other hand the attack group is still busy, they are still busy attacking GoldenSuper Land Sect.

Golden Super Land Sect went from attacking to defending, they were defending within their stronghold.

This makes it difficult for them to penetrate the enemy's defenses which are so strong, they must do something to penetrate the enemy's defenses which are so strong and difficult to enter.

"should we go back" Yae Leifu asked Cao Muba

"We've cornered them, we can't possibly turn back" Cao Muba informed them that they had succeeded to cornered enemy, there was no way they would turn back once they had come this far.

"But our place is under attack" Yae Leifu said to Cao Muba.

Yae Leifu was having the problem of not being able to go back and help, if they did return, the army would lose quite a bit of strength and they would definitely not be able to survive.

This is what makes Yae Leifu unable to return. There is no way back for them, They can only pull themselves together if they want to return.

Cao Muba refused to return, this created a new problem for Yae Leifu, he couldn't do anything about this matter, what to do about this kind of matter, Yae Leifu felt dizzy about what happened just now.

Here Yae Leifu wasn't a leader, so she couldn't give orders and told Cao Muba to retreat.

Cao Muba obeyed Nang Wanla's orders, that's why he didn't want to retreat and focused more on fighting the enemy in front of them.

This fellow was quite stubborn, he refused to leave before winning the battle.

.

.

Lu Xan and Lu Tan were still on the defensive, they were still waiting for the right moment to strike back.

"For the time being we will stay here and defend, we will reduce the number of them from inside the fort" Lu Tan said to all the troops.

"understood" all forces understood, they would do their best to defeat the immortal valley sect.

They must avenge what happened to their comrade who was sent back first.

.

The battlefield became very exciting, the audience was amazed by the games being played.

As this was a grand event, it was displayed in the most of the Sects participating in the battle, everyone felt excited as they saw the chaotic battlefield and explosions everywhere.

They loved battles like this, so it wasn't strange that there were so many people sponsoring events on the battlefield.

This is a big event and will create one winner, they want to bet illegally on the hotshot they have.

"Our situation is not good, our disciple army cannot attack, meanwhile we are being attacked by a small sect." Xuan Mei saw that the situation there was not good, it seemed that they were having trouble.

"everything is still fine, we can still defend and also carry out an attack, losing a bit of strength is not a problem since the strongest is still alive" Huang Peng said.

Chapter 2687 The Fort Is Under Attack

Their strength might be dwindling, but it didn't matter because the big powers like Cao Muba, Yae Leifu and Nang Wanla were still around, they still had a chance to win this battle.

"West Lake Sect as well as Sky Gate Sect, if they make their move, then a big battle will occur, we can see the result when they join the battle" said Jia Li.

The battle now is still dominated by small Sect and middle class, large Sects like West Lake Sect as well as Sky Gate Sect have not come out yet, they are in defensive mode and refuse to join the fight.

"That is an advantage for them, as long as the two Sects don't join, they can still defeat Golden Super Land Sect"

"Do you guys think it's easy to beat Golden Super Land Sect kami" Ming Rashe speaking, she told me that Golden Super Land Sect will not be easy to defeated.

"Your sect will lose to old hag soon" Chen Ting said to Ming Rashe.

"You shut up" Ming Rashe said to Chen Ting, they started their battle again.

They returned to battle, people could only watch as Chen Ting fought Ming Rashe.

This time no one was going to stop Ming Rashe, the two of them could battle and do as they pleased.

Elders and everyone watching, they prayed the best for all their students.

"It was night, two of the eight strongholds have fallen to the small Sect, the small Sect has managed to overthrow two of the eight strongholds, although they have lost quite a number of people in the process.

Nang Wanla didn't like this news, she didn't like the news that was currently happening, this was bad news, so it wasn't strange that Nang Wanla was angry when she heard this.

"all units come back right now" Nang Wanla told everyone to go back, it seems that they have failed to destroy the enemy.

They were really in trouble trying to destroy Golden Super Land Sect

They had to retreat to rearrange their formation, at this rate there was no victory for them.

"The plan you have is very bad" Yae Leifu said that Nang Wanla had a very bad plan, that made them unable to win.

"Everything is according to plan, all you need to do is defeat them and return, how difficult is that"

"do you think it's easy to do" Yae Leifu said that it won't be easy to do,

He was told that it would be a very difficult thing to do, the enemy had stronger defenses and bigger numbers compared to them right now, there was no chance of victory.

And Nang Wanla didn't think about it, that was what made them lose, this person didn't think about what would happen at all.

"Stop blaming each other, it's bad for teamwork." Cao Muba told Yae Leifu to stop right away, there's no point in blaming each other.

They have to find a way to win, tomorrow they cannot lose against the enemy, their pride is at stake.

To be honest Cao Muba wasn't happy about losing, he wasn't happy about losing.

He would definitely avenge today's defeat, he would not let this kind of defeat befall him.

Everyone is currently recovering, the enemy seems to have returned to their base, they refuse to fight and start to recuperate for tomorrow.

There were several groups that wanted to move around at night, but that would be difficult because it got dark and they set traps for intruders.

So they had to be careful when they wanted to move, otherwise they would be crushed.

.

.

Instead of going down, Ye Chen's group was still in the fort, they made a bonfire and started to rest.

Just as Ye Chen had said, no one was attacking this place, so they could rest easy and not have to think about anything else. I think you should take a look at

Today they won, so they decided to enjoy this victory in their own way.

They opened their drinks and started to enjoy this break, at night there would be less attacks, so they should be fine with it.

"Today went well, looks like we can hold on for quite a while" Wu Ziyi said to Ye Chen.

"What about Shi Lin, is she okay?" Ye Chen asked about Shi Lin, Wu Ziyi should know what happened to Shi Lin.

"she's fine, we just chatted using the transmission stone, she informed me that he's fine and is in an emergency meeting" Wu Ziyi said.

"Looks like he's in quite a bit of trouble." Ye Chen saw that Shi Lin was in quite a bit of trouble, it seemed like she was being forced into some stupid trouble.

"It seems there is a serious problem, what do you think?" Wu Ziyi asked Ye Chen.

Although Ye Chen was inside this place, he knew what was going on outside, Ye Chen knew that Nang Wanla's army lost, this person still didn't listen to Ye Chen's words, in the end he was defeated by the small Sect that he thought was weak.

"There is no victory when being led by such a person, he is too focused on the big sects, it's such a stupid" said Ye Chen.

"So it was like that" Wu Ziyi said.

Wu Ziyi understood, she believed what Ye Chen said.

All of this because of Nang Wanla, he had made a wrong decision, this caused everyone serious trouble.

"It looks like an attack is approaching." Ye Chen said to Wu Ziyi, he informed that there were about 100 people approaching at this place.

Ye Chen knew because he had a Clone that would send news to Ye Chen, so Ye Chen knew all the enemies that were around this place.

"Enemies, they are coming" Wu Ziyi said to Ye Chen.

"Of course they are coming, prepare yourself" Ye Chen said to Wu Ziyi, he told Wu Ziyi to prepare herself, they were going to battle.

"understood" Wu Ziyi will prepare herself to fight the enemy.

παΠdasNovel.com "Everyone prepare yourselves, we might encounter an enemy coming." Wu Ziyi said to everyone.

"What! ! !" everyone was shocked when they listened to what Wu Ziyi said.

"Are you serious ?" they asked Wu Ziyi again, did Wu Ziyi mean what she said.

"Of course" Wu Ziyi told that she was serious, there was no use for Wu Ziyi to lie to them.

"prepare yourselves, we will face a small number of enemies" Ye Chen said to everyone.

"A force appeared about 3 o'clock" as they were getting ready, the watchman above said he saw a hundred men approaching.

They were definitely not part of the Sect, they were fast approaching enemies, they were flying at an incredible speed, they would arrive in around 3 minutes from now.

"everyone prepare yourselves, our job is to guard this place, don't let them in or we will lose" one of the people said to everyone, he told them that they should defend themselves from the enemy attack that is coming.

"let's go to our positions" Ye Chen said to Wu Ziyi.

"let's go" Wu Ziyi went with Ye Chen.

This group was much better, at least they knew what to do and had prepared themselves to defend themselves, this was better than the army led by Nang Wanla.

"Where are they from, can you deduce who they are?" Ye Chen asked, they needed information about the enemy trying to attack.

Chapter 2688 Trap Enemies And Flatten Them

"They seem to be from a small Sect, the strength isn't great but their numbers are more than us" he told Ye Chen.

"That means they are not a strong army, we should be able to deal with this problem" Ye Chen said that they could overcome this problem.

"Ziyi, time to show your strength, defeat them all" Ye Chen said to Wu Ziyi.

"Understood, I will do it." Wu Ziyi was about to show off the skills she had.

The enemy was approaching fast, a few minutes later they finally came within striking distance.

They are in front and ready to attack the fort.

"surrender, otherwise we will destroy your place" the leader of the enemy forces told everyone in the fort to surrender.

"we won't give up" everyone said that they don't want to give up.

"then we will destroy you" seeing Ye Chen and everyone else not willing to give up, the enemy decided to attack.

They used ranged attacks to take down the fort.

Using ranged attacks, they quickly showered the fortress with devastating superpower attacks.

This fort was made of hard material, destroying it was completely impossible, even so the people inside could still be hit.

So those who are inside must survive the onslaught of enemy attacks.

"There are so many attacks." Even though there were only 100 of them, they were able to launch a devastating attack.

"Their attacks are not very strong." Ye Chen saw that the opponent's attacks were not very strong.

"It will have no effect on Ye Chen and Wu Ziyi.

"do I need to attack them" Wu Ziyi asked Ye Chen.

"Wait a minute" Ye Chen said to Wu Ziyi, he told Wu Ziyi to stop right now.

"let them attack first" Ye Chen said to Wu Ziyi, he let the opponent attack first.

"But . . ." Wu Ziyi wanted to know what Ye Chen was planning.

"everything will be fine, we defend first, if you attack, they might Run".

"so let's give them a chance to attack" Ye Chen said to Wu Ziyi.

Ye Chen wanted to let them attack, let them use up their profound energy first.

"hold on, don't let their attack in" everyone is united, they don't let the enemy's attack in.

would be a problem if the enemy's attack got inside, so they used a defense to repel the incoming attack.

Ye Chen used his ability to block the attack, all incoming attacks were stopped by Ye Chen and made to fall before they could touch the wall.

They kept attacking, they didn't seem too concerned with what was happening.

1 hour passed, they were getting exhausted when attacking the defense, the defense was so strong that not a single attack could penetrate inside.

"Unreasonable, why do they have such a strong defense." The enemy felt that the defenses in this fortress were much stronger compared to others, even their attacks were unable to penetrate inside.

"closer" they decided to get closer, they wouldn't make it at this distance.

"Ziyi, they are getting closer" Ye Chen said to Wu Ziyi.

Ye Chen saw an opportunity, he saw an opportunity to attack the enemy.

"I understand" Wu Ziyi understood, she used her fire power.

Wu Ziyi's body was enveloped in flames, a serene flame enveloped Wu Ziyi's body.

Ye Chen looked at the fire power of Wu Ziyi's soul, it seemed that Wu Ziyi's soul had developed well.

It had become even stronger compared to the beginning.

The harder Wu Ziyi practiced, the stronger he would become, his own soul would grow with time.

"I'm starting" Wu Ziyi made a huge wave of flames, she enveloped the enemy in front.

The Immortal soul flame art worked fine in Wu Ziyi's hands, it began to devour the enemy in front.

The enemy thought that Wu Ziyi's fire was weak, so they did not retreat and continued to advance.

"Forward, we will immediately attack the enemy hiding inside." They continued forward and ignored Wu Ziyi's attacks.

"Ziyi, catch them all, this is your chance" Ye Chen said to Wu Ziyi, this was a really good chance.

Enemies walk into traps, it will be easy for Ye Chen to destroy them.

"Understood" Wu Ziyi understood what Ye Chen wanted, she caught all the enemies using her powerful flames.

The enemy was still advancing, they were closing in and trying to penetrate Wu Ziyi's flames.

They made a shield, they thought of advancing through the enemy's defense by using a shield, that way they could be protected from enemy attacks.

They were pretty smart, at least they tried to work together and try to get into the fort.

The moment the shield they made came into contact with Wu Ziyi's fire, their shield was destroyed, unable to withstand the heat from Wu Ziyi's fire.

"Ehhhh" Those at the very front were shocked when they saw what was happening, they couldn't believe that the flames ahead were so strong that they were able to shatter their shields.

"retreat, it is strong" they immediately retreated, this is a powerful and terrible shield.

"Boom. . ." Ye Chen made a high wall using the ground, he blocked their way of retreat.

"Damn it" the enemy grumbled, they had been framed by Ye Chen.

"now is your chance, attack them" Ye Chen said to everyone.

Ye Chen and Wu Ziyi's attack had rendered the enemy unable to advance or retreat, they now had no way of turning back.

With that the attacks launched by the eighteen people, they launched a powerful charge towards the enemy.

The enemy that had been immobilized by Ye Chen and Wu Ziyi was unable to move.

"arghhh. . .," Wu Ziyi's flames burned them, one by one they began to be removed from the battle arena.

All enemy troops have been destroyed, 100 enemy troops have been sent back by everyone within the gate.

"we won" everyone cheered, they cheered for being the winner.

it's not strange that they are very happy, they just won, they managed to survive the attacks of existing enemies.

Since they all won, they continued the party, they cheered for having won so easily.

This battle was easy thanks to Ye Chen and Wu Ziyi, both of them had done their best and rendered the enemy helpless.

"thanks to you" they thanked for the hard work done by Ye Chen, thanks to Ye Chen they were able to deal with the attack quickly.

Everyone is back to partying, they are eating the food that is grilled on the fire.

Ye Chen took out all the seasonings he had, he was going to grill the barbecue

This time Ye Chen was cooking for everyone, he made sure everyone tasted his fine cooking.

Everyone was waiting, they wanted to enjoy Ye Chen's cooking.

"Ahhhh, this is so delicious, you are surprisingly good at cooking, people like it, they like Ye Chen's cooking.

The place became much more alive with the food brought by Ye Chen, they all got more excited and partied until the night came.

People took turns in vigil, so there was nothing to worry about and everyone could enjoy the party.

"You are not going forward?" Chu Yuechan asked Ye Chen.

"Not too interested in advancing" Ye Chen said to Chu Yuechan, he was not very interested in advancing.

Let them progress with their abilities.

Chapter 2689 Zhao Yunge

"You" Chu Yuechan was helpless when she heard what Ye Chen said, she didn't expect that Ye Chen would say such a thing.

Chu Yuechan couldn't force Ye Chen to do that, she could only let Ye Chen do what she liked.

The night quickly passed, they finally passed the night easily, there was no problem when they passed the night.

"This is the second day" Wu Ziyi said to Ye Chen, this is already the second day for them.

"It's already the second day, what will happen to us" Ye Chen saw that it was the second day, the second day would probably be more lively than the first day.

"I hope everything is fine." Wu Ziyi said to Ye Chen, she prayed that today would be fine.,

"everything is fine, no need to worry about what will happen" Ye Chen said to Wu Ziyi.

They went about their business as before, some on guard and some doing their jobs inside.

Ye Chen was in charge of supervising, himself watching over the fort from above this place.

"So crowded, I feel that this will be the last battle." Ye Chen felt that this would be the last battle.

"what do you mean ?" Chu Yuechan didn't understand what Ye Chen meant.

it looks like the most powerful force will move, will they start to end this battle.

The clone owned by Ye Chen felt a great power, it was a great power and could not be compared with any Sect that had previously fought.

Because of this, Ye Chen believes that the battle will end soon, this power will definitely end the battle quickly.

"There is a group with a fairly large strength, it seems that they will end this battle very quickly, Ye Chen is sure of this.

"Is that so" Chu Yuechan understood, it seemed that there would be an even bigger battle compared to the previous ones.

.

.

Zhao Yunge led his troops, this was the first time they were preparing to attack.

Previously they were just silent watching the battle that was going on, but this time they would join in to fight against the existing enemy.

"We are all going to fight against the enemy, prepare yourselves well" Zhao Yunge said to everyone.

"We will level all of the enemy's strongholds and castles, carve our name in victory" Zhao Yunge said to everyone.

"yesssssss. . ." they are very enthusiastic, they can't wait to fight against the enemy.

Zhao Yunge was riding on a horse, this horse was black and gave off a terrifying aura.

A flame enveloped the horse's body, he looked like a horse from hell.

This is the Flame Guardian horse, a beast that can run fast and is capable of spitting out a huge flame that can destroy in a wide radius.

It could be said that this was a powerful monster and a pet not to be underestimated.

The morale of the troops rose when they saw Zhao Yunge use the Flame Guardian horse, they would definitely obtain an easy victory.

"let's go ahead and show the might of the Sky Gate Sect" Zhao Yunge ordering all troops to advance, they began to invade the existing enemy.

Cao Muba and Yae Leifu also started to prepare, both of them started to prepare for battle.

"this time we can't lose anymore" Cao Muba gave an ultimatum that they can't lose, they can't lose like before.

"Do your best and don't make trouble, I don't want trouble to happen like before" said Yae Leifu.

Yae Leifu also did the same as Cao Muba said, she didn't want any mistakes like before.

Their troops had recovered from the previous battle, they had recuperated and were in excellent condition.

With the conditions they have right now, they should be able to win, they will beat GoldenSuper Land Sect.

"Let's go" Cao Muba and Yae Leifu immediately stepped forward, the two of them led their troops to advance.

Lu Xan and Lu Tan also prepared themselves, they would also charge into battle.

"let's go forward and take revenge on the immortal valley sect" Lu Xan and Lu Tan said to everyone, they will take revenge on the immortal valley sect for the previous defeat.

"let's go" they also come out, this will be a big battle because the three big Sect forces are out to fight.

while West Lake Sect still wasn't willing to leave, they didn't seem interested in leaving now knowing what was going on.

West Lake Sect had good and observant informants, so they knew what happened on the battlefield, instead of fighting now with the three great sects, West Lake Sect would rather fight when all three sides were tired, it would be to their advantage.

They are quite cunning, trying to take advantage of opportunities to attack opponents who are already struggling.

Zhao Yunge and his entire army began to move, they swept through a fortress in a matter of minutes, no one was able to defend against Zhao Yunge's attack.

One swing of the spear had already left the entire army in ruins, showing how strong Zhao Yunge was.

Plus there were many strong people standing behind Zhao Yunge, it makes Zhao Yunge increasingly invincible and become the most powerful.

One, two, three, five, ten, twenty, fifty" in just a few hours, they had already gained 50 new territories very quickly, no small sect was able to survive the onslaught of the Zhao Yunge army.

Zhao Yunge brought around 700 people with him, this was an enormous number and was capable of destroying everything in existence.

Meanwhile the rest of the people are made to guard the fort and the new territory they get.

all the small Sects were blurred, they refused to fight with the Zhao Yunge forces.

They saw that there wasn't a chance for them to win in battle, that's why they didn't want to continue and chose to just run away.

Zhao Yunge's army is too fierce, they will win in the near future.

The battle also took place between Lu Xan and Lu Tan Vs Cao Muba and Yae Leifu, they started fighting and showed the strength they had.

The battle between the two sides was still even, they were still even and neither was willing to give up.

"You guys are tough on you" Lu Xan and Lu Tan said to Cao Muba and Yae Leifu.

"So do you guys," said Cao Muba.

Both sides were both stubborn and unwilling to give up, no one would be victorious in this battle.

"bomb" at the peak of the battle, Zhao Yunge and his army joined the battle.

Lu Xan, Lu Tan, Cao Muba and Yae Leifu were shocked when they saw what happened.

"It looks like the battle here is very interesting, may we join your battle" said Zhao Yunge.

Lu Xan, Lu Tan, Cao Muba and Yae Leifu fell silent when they saw the arrival of Zhao Yunge.

"So he came." Cao Muba looked at the strong enemy in front of him, This was Zhao Yunge, a strong enemy far above Cao Muba.

"This might turn out to be a bad." Yae Leifu felt that this was going to be a bad battle, the person she most didn't want to meet finally appeared.

Zhao Yunge is a strong person, he is a strong man and is not easy to knock down.

Yae Leifu had fought against Zhao Yunge, so she knows the strength possessed by Zhao Yunge.

Chapter 2690 Shi Lin Vs Zhao Yunge

Joining Zhao Yunge into the battle, of course create chaos for Lu Xan and Lu Tan, they would find it even more difficult to defeat Cao Muba and Yae Leiya.

"spray" Zhao Yunge's horse started spraying towards everyone, everyone had to dodge.

Otherwise they will be roasted to charcoal by the horse.

The firepower of the Flame Guardian horse was extremely strong, it could easily incinerate people and send everyone out of the Field.

"no way, what happened ?" they all fled, the attack of the Flame Guardian horse.

"Stay in your positions, what are you doing" Cao Muba, Yae Leifu said to everyone, if they leave, then they will be crushed and lost.

"You guys stop, otherwise I will kill you" Lu Xan said to the soldiers who were trying to run away, he didn't let them run away, he would kill those who ran away and didn't dare to fight.

"The battle is still going on, don't you dare run away," said Lu Tan.

Lu Tan was angry when he found out that they wanted to run away, he would never forgive someone who ran away from battle, this was not the nature of warriors, a true warrior would not run away before being completely defeated.

Zhao Yunge is still on the horse, and they are already scared and want to run away, What if that man uses his strength, they will definitely run away and dare not fight anymore.

"let's destroy them, don't be afraid and show the power you have" the high ranking people said to the troops behind them.

These were powerful people who were under the command of Zhao Yunge, their strength was similar to Lu Xan and Lu Tan, they were quite strong and capable of crushing the enemy easily.

The armies of the immortal valley sect and Golden Super Land Sect battled, it was a three-sided battle and there were no comrades here, they could only attack enemies on sight.

"It's really too chaotic, it's difficult to attack" the battlefield became chaotic, Shi Lin couldn't use area attacks on the enemy.

Gen Tez is also in trouble, the enemy forces are surprisingly strong and he has to defend from all sides, this is a bit difficult for him.

The battle is getting fiercer and fiercer, it will be the biggest battle on the battlefield.

The three great Sect powers met, this was the climax of the battle, all the onlookers were excited when they saw the battle unfold.

"Finally started" Xuan Mei saw that the battle has started, this is the final battle, whoever wins will be the champion.

"Where is the existence of West Lake Sect, I don't see it, are they afraid, aren't they strong?" Huang Peng has not seen the nose of West Lake Sect.

West Lake Sect where strong people gather, why don't they join this battle.

"This feels weird to me too." Chen Ting felt the same way.

West Lake Sect should also join, if they join it will be livelier than now.

"It seems that they are waiting for the right time." Jia Li saw that they were waiting for the right time, they were probably waiting for the three Sects to fight it out, after that they would join in and attack the weak and tattered Sect.

"What a cowardly act" Huang Peng felt that this was a cowardly act.

"This is a battle, there are no complete rules about the matter, so they are free to do what they want" the elder from West Lake Sect said to Huang Peng.

"Just say you're a coward," Huang Peng said. I think you should take a look at

"this is not cowardice, this is strategy, in battle all things are doable" said the West Lake Sect Elder.

"hahahaha" West Lake Sect elder laughed, he seems to be enjoying this, he enjoys it when the three major Sects destroy each other, it will make it easier for them to become victorious.

"That plan of yours won't go well" Jia Li said that the West Lake Sect elder's plan won't go well.

"let's just see who wins, I'll laugh at it" said the West Lake Sect elder.

After saying that, he left, he was enjoying the moment of victory that was about to come.

Everyone turned their attention back into the battle, this was a huge battle, all of the Sect's best talents were in the arena and they were fighting to be victorious.

pandasnovel.com Zhao Yunge used his own abilities to destroy any enemy that was in his way, with his powerful and terrifying spear swinging technique, he was able to destroy many people at one time.

Zhao Yunge was unstoppable, almost no one could stop him, he was too strong and too formidable, no one was able to stop Zhao Yunge's moves.

Cao Muba, Yae Leifu, Lu Xan, and also Lu Tan were involved in the battle, they couldn't afford to interfere and block Zhao Yunge's path.

"You are all bothering me" Cao Muba told the people in front of him to get out of the way, if you let it, then Zhao Yunge would destroy everything.

They were all Zhao Yunge's right-hand men, their strength was unquestionable, they were able to withstand the moves of Cao Muba, Yae Leifu, Lu Xan, and also Lu Tan.

With that Cao Muba, Yae Leifu, Lu Xan, and also Lu Tan wouldn't be able to move and help, he wouldn't be able to move and help their comrades who were in trouble.

Zhao Yunge went crazy as he attacked everyone, he was like a monster that couldn't be stopped.

"I will try to stop him" Gen Tez tried to stop Zhao Yunge.

"get out of the way" Zhao Yunge slashed at Gen Tez, he was of course eliminated easily, the difference in their strength was too great, there was no chance or guarantee for Gen Tez to win in the battle against Zhao Yunge.

On the other hand, the troops from Lu Xan and Lu Tan were also having problems, their morale dropped when they saw the battle being dominated by the Sky Gate Sect.

Sky Gate Sect is strong, they are all definitely not a match for Sky Gate Sect, there is no guarantee that they can win against the strength of Sky Gate Sect.

"damn, the situation is so bad" Lu Xan and Lu Tan couldn't control the battle, right now the battle was played by Zhao Yunge and the two couldn't do anything about it.

"Are none of you capable of fighting me?" Zhao Yunge asked everyone in this place.

Everyone backed off when they heard what Zhao Yunge said, no one was stupid enough to go against Zhao Yunge.

"I will fight you" Shi Lin said to Zhao Yunge.

Shi Lin couldn't let the situation continue, she couldn't let the situation become like this.

"a woman, you want to fight me ?" Zhao Yunge seemed to underestimate Shi Lin.

"Are you all not ashamed of yourselves, seeing a woman wanting to step up, what's with you in this place?" Zhao Yunge sneered at the men around.

Everyone was still silent, they didn't want to come forward and acted as if they didn't hear what Zhao Yunge was saying.
