

True God 2901

Chapter 2901 Dian Ceng lost his patience

"This is the last chance you have" Feng Rue said to the person in front of her, this was the last chance for him to give up.

"I won't tell you" this person refused to tell Feng Rue, he chose to remain silent and not answer the questions given by Feng Rue.

"I won't be that kind to the enemy, you have to know that" Feng Rue will get the answer she wants, even if she has to use violence to get that answer from the opponent.

"You won't be able to make me talk" he says to Feng Rue, he tells her that Feng Rue won't be able to get an answer from him.

"Are you sure, don't underestimate me" Feng Rue said to the person in front of her, she told him that she would get the answer she wanted.

Feng Rue started to torture the person in front of her, she was merciless when she did this.

In order to dig out information from this person, Feng Rue was forced to do this.

After a while, Feng Rue finally got the answer she wanted, she got an answer from the person in front of her.

The culprit was very clear, the person who had done this was the merchant association, they did this to bring down Ye Chen and Feng Rue.

"As expected this is their doing, they want to do something bad" Feng Rue has found the reason, now she knows what to do to solve this problem.

The merchant association wanted to do something bad, Feng Rue naturally would not remain silent about this matter.

He will prepare people to survive from now on and ensure that nothing else can disrupt the business.

Ling Shu gave Feng Rue permission, with this permission, she was free to use all the abilities she had to do whatever she wanted and rule like Ling Shu.

Defense started to improve, Feng Rue would not let something like this happen again.

.

.

The merchant association heard about this matter, they immediately sent more people to be spies.

It was a pity that they were losing more and more people, because Ling Shu was so firm and told everyone to deal with this problem.

"Sir, all the people we sent didn't come back." They reported that all the people they sent didn't come back, this was quite a serious problem for Dian Ceng.

"That bastard" Dian Ceng was so angry about this, in his leadership, this had never happened, this was the first time a situation like this had happened.

"If they want to fight, then we will welcome fighting with them," said Dian Ceng.

"Are you sure?, they seem so strong" they asked Dian Ceng.

"Bamm. . ." Dian Ceng was so angry when he heard this, he immediately destroyed those who did not listen to his orders.

"You all better immediately carry out my orders, don't let me destroy you," said Dian Ceng.

"understand. ." They just went straight away, they didn't dare to delay any longer and immediately carried out the orders given by Dian Ceng.

They started to attack, they attacked with all their full force, they gathered all the best people who were allied with the merchant association.

Dian Ceng promised distribution when all these problems were resolved, so it's not surprising that many people will join in to celebrate it.

Ling Shu listened to this, she knew that this would happen soon, she told Feng Rue to start working well.

Ye Chen was busy, so everything was now in Feng Rue's hands to solve this problem.

Feng Rue understood, she immediately went to solve the problem that was currently happening.

"All of you, I hope you are all ready" Feng Rue said to her chosen people, they will survive the enemy's attack.

Feng Rue just got news that they will start to attack this place.

It seems Dian Ceng has run out of patience and wants to destroy the super origin mall.

Everyone gathered, they were ready to carry out an attack, just waiting for Dian Ceng.

Dian Ceng came, he was holding a big sword on his shoulder, this was the time for Dian Ceng to attack Ye Chen, he couldn't wait to do this.

"This is the day, you dare to oppose us, I will show the whole world how you are all destroyed" said Dian Ceng.

Dian Ceng encouraged everyone, he told them all that everything would end soon.

"Yes, destroy them" lots of people were excited, they were excited because they were going to loot Super Origin Mall.

"Everyone move forward quickly" Dian Ceng told them all to move forward and start to attack and create chaos in the super origin mall.

Super Origin Mall is still quite busy, many people come to buy goods, they are all unaware of the danger that will come to this place.

"Boom. . ." when they were about to attack, a fire slash stopped them from heading towards the super origin mall.

Feng Rue was the one to stop them.

He along with some people stopped the merchant association from attacking the super origin mall.

Feng Rue uses a cloak to cover herself, by doing this, she can easily hide herself quite well and no one will realize who she is

"damn, why did you stop us ?" Dian Ceng asked Feng Rue.

"You can only go up to here, anyone who crosses that line will be destroyed immediately" Feng Rue gave a warning, she gave a warning not to cross the line.

If not, he would do something to all of them, Feng Rue was quite serious, what they did was already quite excessive by bringing such a large number of troops to this place and it would not be acceptable for Feng Rue.

"So what if we cross the line, will you be able to destroy us, there are only a few of you," said Dian Ceng.

"number is not everything" Feng Rue tells us that number is not everything.

Strength will determine who will win, numbers are not something that needs to be taken into account right now.

"Go forward, don't waste any more time" Dian Ceng told everyone to move forward immediately, they must not waste any more time and finish this quickly before other forces intervene and take it from them.

"gooooooooo . ." they all just charged forward and didn't hold back any longer, they crossed the line of fire created by Feng Rue and ignored the warning that Feng Rue had given them all.

"Miss, what to do" they asked Feng Rue, what should they do now.

"They all don't want to listen to what we want, so destroy them all, don't spare any of them" Feng Rue gave an order, he gave an order to everyone to destroy them.

If they are not destroyed, then they will destroy the super origin mall.

Feng Rue didn't want that to happen, which is why she destroyed them before they finished destroying this place.

"Boom. . ." A fairly big battle finally occurred on both sides, this battle was quite big and quite complicated.

Feng Rue's group was clearly outnumbered, the enemy outnumbered them thousands of times.

Dian Ceng saw what was happening, he was enjoying the moment so much, he sat and watched what was happening from afar.

It was like he was a king watching his troops fight from such a far distance.

"Destroy you all" Feng Rue used a large area attack, her flame sword became so big and she launched a terrifying attack towards the opponent.

Chapter 2902 Dian Ceng lost

"Ahhhhhh" by using an area attack, Feng Rue flattens them all.

The strength that Feng Rue had just displayed was so great that it rendered the enemy speechless.

This power was so strong and so extraordinary that it made everyone retreat and did not dare to move forward.

"You idiots, what are you doing?" Dian Ceng was so angry when he saw what they were doing.

These fools are not working properly, they are making such stupid mistakes.

"He is so strong, please help us" They all asked Dian Ceng for help.

They wouldn't be able to win against Feng Rue, Feng Rue's strength was definitely no match for them.

"Slash . . ." Dian Ceng cut off some useless people, he didn't need useless people like them.

"You all are really very useless" Dian Ceng said that they were useless, there were so many of them, but they couldn't beat one woman.

That was a very embarrassing thing for Dian Ceng to see.

"It's useless, I should just bring competent people" Dian Ceng felt that they were incompetent, so he had to solve this problem in his own way.

Dian Ceng stepped forward, he faced Feng Rue one Vs one.

"Come on, fight me" Dian Ceng said to Feng Rue.

"I will solve this quickly" Feng Rue said that she would solve this problem quickly.

"Don't be arrogant in front of me, you don't know who I am yet," Dian Ceng said to Feng Rue, it seemed Feng Rue still didn't know who he was.

Dian Ceng was the first to step forward, his great sword swung towards Feng Rue at incredible speed.

Even though he was using such a large sword, the speed in swinging the sword was incredible.

That speed was so great that it shocked others.

"He could launch an attack like that using a sword like that" many people were surprised by what Dian Ceng did.

"This is nothing, he is much stronger than you can imagine" several people who were Dian Ceng's subordinates said that Dian Ceng was so great, he was so great and had not used all his abilities against Feng Rue.

To other people Dian Ceng's speed might be fast, but to Feng Rue, it was very slow and she could easily see the enemy's movements.

"I thought he was such a strong person, it turns out he was just an ordinary person" Feng Rue's expectations were too high, she thought this person was so great, it turns out this person is just ordinary.

"And someone like this dares to challenge him, this is so unreasonable" Feng Rue used her strength, she slashed at Dian Ceng who was in front of her eyes.

"You're dead" Dian Ceng felt like he was the winner, he used all his strength to destroy Feng Rue with one attack.

"Let's beat him" they shouted to Feng Rue, they told Dian Ceng to beat Feng Rue using all his strength.

They were all so confident in Dian Ceng's abilities, so they gave great support to Dian Ceng.

"Slash . ." When the two weapons met and clashed, Dian Ceng's weapon became two pieces, and the fire slash went straight to Dian Ceng's body.

"Impossible" Dian Ceng's body was devoured by Feng Rue's fire, there was no resistance when Dian Ceng's body was devoured by the fire.

"Their cultivation levels are quite different, Dian Ceng is only at the early stage of the Immortal God Realm, while Feng Rue is currently at the middle stage of the Immortal True God Realm.

After getting benefits from Ye Chen, she had become this strong and her position was getting closer to the powerful people within the Supreme God Realm.

it wasn't strange that she was so serious in helping Ye Chen, it was because she wanted to thank you, if it weren't for Ye Chen, she might still be stuck in the early stage of the Immortal True God Realm and wouldn't be able to advance to the middle stage in this life.

"People are so annoying, they don't know their strength" Feng Rue looked at the rest of the people who were still silent when they saw Dian Ceng defeated in one attack.

"losing with just one attack, that's impossible" they couldn't believe it when they saw Dian Ceng lose with just one attack, something that was impossible to happen.

Feng Rue looked at the remaining people who were still standing, she just needed to use her aura and destroy them.

All of them had no resistance against Feng Rue's power, they were completely defeated by Feng Rue.

Feng Rue managed to solve this problem so quickly, she defeated everyone who tried to attack.

"Let's go back" Feng Rue said to everyone, she invited everyone to come back right now and get back to work.

They all followed Feng Rue, they also finished defeating the enemy who was trying to break into Super Origin Mall.

.

.

Somewhere far away, there was a person who saw the previous battle, he was part of the central merchant association.

"Who would have thought that they would be that strong, it doesn't seem easy to defeat them" he saw that the person behind Super Origin Mall was strong, it could be seen from Feng Rue's strength which was so great and so strong.

So it won't be easy to defeat them, it seems he has to report this incident to the center.

He went and reported this problem to the center, only the people from the center could solve this problem quickly.

.

.

The center received this report, they sent the best people to solve this problem.

Several competent people were selected, they are great people and their strengths have been recognized by everyone in this place.

They immediately went to find the initial source of all the goods sold by Ye Chen.

If they all knew the source of the objects and materials that Ye Chen had, they would be able to easily destroy them.

They are quite smart, they know what to do in a situation like this, only smart people know what to do in a situation like now.

They were much smarter compared to Dian Ceng, they followed the people who sent the goods.

today was the day where, the people owned by Ye Chen went to take the harvest from the ancient forest, the fairies were already waiting for them.

People brought profound crystals to exchange for goods from the fairy, in addition they brought wine for the big dwarves.

This task was entrusted to them by Feng Rue, There were only two of them here, one in charge of carrying and one in charge of escorting.

They had done this several times and had never had a problem, everything ran smoothly and no one bothered them.

The two women who were picking up the goods were Lin Suze, and Ming Mafai, they were also part of Ling Shu's army and their strength was beyond doubt.

"This is great too, compared to before, I get quite a lot of money working at this place," said Lin Suze.

Working at Super Origin Mall was so profitable, it was several times more than what she got from Ling Shu.

"That's right, I also managed to get the item I wanted, I'm so happy about this," said Ming Mafai.

Ming Mofai was also happy about this, this job was easy and paid quite a lot.

Their job is just to pick up the goods every few days and bring them back, an easy and enjoyable job.

Chapter 2903 kidnapping of two workers

Lin Suze and Ming Mafai arrived in front of the ancient forest, there were several fairies who had prepared what Lin Suze and Ming Mafai asked for.

Because they had previously met and made transactions, they completed it quickly without any problems.

"let's go back" Lin Suze went straight back, their task was finished and it was time for them to go back.

A few minutes after they left the ancient forest, they felt that there were several people following them.

"Someone is following us" Ming Mafai said that someone was following them from behind.

"It seems like they have been following us from the start" Lin Suze felt that they had been following us for a long time.

"Let's just finish them off" Ming Mafai felt that they were evil bandits and deserved to be crushed.

"Don't underestimate them" Lin Suze said to Ming Mafai, she told Ming Mafai not to do something like that because it could harm both of them.

"Then what should we do, we can't just stay still" we have to go back immediately, use full speed" Ling Suze said to use full speed to go back.

They followed quickly, they could easily keep up with Lin Suze and Ming Mafai's speed and overtake forward.

Now the enemy is in front of Lin Suze and Ming Mafai, they are already in front of Lin Suze and Ming Mafai and are ready to take what Lin Suze and Ming Mafai have.

Lin Suze and Ming Mafai instantly changed to combat mode, they would not let these people steal what they had.

"Turn yourselves in, otherwise you will suffer the consequences" they said to Lin Suze and Ming Mafai.

"That won't happen" Lin Suze didn't want to give up and wanted to fight against them to protect the item they were carrying.

"Then don't blame us if we are cruel to you" With that they started attacking Lin Suze and Ming Mafai.

"I already thought that they were bandits" Lin Suze already suspected that they were bandits who had to be eradicated.

"clang-clang. . ." they exchanged several attacks, in the exchange just now Lin Suze and Ming Mafai already had problems.

"they are strong, are bandits this strong ?" Lin Suze began to suspect that they were not bandits, it was impossible for bandits to be that strong, it was an impossible thing to happen.

"I don't think they are bandits" Ming Mafai suspected that those in front were not bandits, their strength was too strong for bandits.

"These people, don't tell me they are people from the trade association?" Lin Suze and Ming Mafai both concluded, it was their enemy now.

They had heard this from Feng Rue, which was why Feng Rue told them to be careful when bringing things from the ancient forest.

Several more people came, both of them were now surrounded and it was very difficult to deal with this many people.

"We are surrounded" Ming Mafai saw no way out, both of them were already completely surrounded.

"Use a signal for help, we can't win against them" Ling Suze told Ming Mafai to call for help.

"Understood" Ming Mafai broke a Jade, it was a signal for help.

They asked for help, of course help would arrive in no time.

"catch them quickly" brand moved quickly, they had to catch Ming Mafai and Lin Suze quickly.

"Clang. . ." because the difference in their strengths was so great and so great, they were immediately defeated quickly by the enemy.

Their numbers and strength were too far apart, even if Lin Suze and Ming Mafai had powerful techniques, there was no guarantee of winning.

Feng Rue came together with help after 20 minutes, when they arrived, they only saw very fresh battle scars.

"We're late" Feng Rue saw that they were already late, by now Lin Suze and Ming Mafai had probably been taken away.

"Sister, there is no trace of their bodies, most likely they were taken away by the enemy" they did not find the bodies of Lin Suze and Ming Mafai.

Most likely they were taken away to the opponent along with all their belongings.

"This is not good news" Feng Rue saw that this was very bad news.

"Quickly look for them" Feng Rue gave an order, she ordered them to look for the whereabouts of Lin Suze and Ming Mafai.

"Understand" they all immediately looked for the whereabouts of Lin Suze and Ming Mafai who were taken away by strangers.

They had to be able to find the whereabouts of Lin Suze and Ming Mafai, otherwise it would be a loss and Ling Shu would definitely be very angry.

"I will tell this to that person" Feng Rue will tell this matter to Ling Shu.

Feng Rue went to where Ling Shu was currently sleeping in the room, this woman was really lazy to do anything and spend time cultivating.

Ling Shu could cultivate while sleeping, so it wasn't strange that she spent time in bed because she was also cultivating.

"What is the problem?" Ling Shu asked, she wanted to know what happened, it seemed like something quite important had happened.

"Miss, this is really bad, Lin Suze and Ming Mafai just went missing, they previously sent a signal for help, but we were too late and their condition is currently unknown," said Feng Rue.

"Who did it, how dare they do that to my sweet maid" Ling Shu looked annoyed by this, she didn't really like this.

"Most likely it was the work of the merchant association" said Feng Rue.

Feng Rue said that the biggest possibility right now, the possibility that it was them, was because they had no opponents other than the merchant association.

"Why are you so sure that it was their doing?" Ling Shu asked Feng Rue, she wanted to know why Feng Rue said that and suspected the merchant association.

"That's because Lin Suze and Ming Mafai are carrying a large amount of goods, they probably did this to get all the materials," said Feng Rue.

Feng Rue didn't just guess and suspect them, she thought and found that they were the group that might have done this.

Plus the strength of Lin Suze and Ming Mafai is strong, if only a bandit or evil person stands in their way, they will definitely be able to easily overcome them without any problems.

"If that is the case, you can tell him about this matter, I think he can solve this matter" Ling Shu said to Feng Rue.

"I understand" Feng Rue understood, she would look for Ye Chen to solve this problem.

"They are quite troublesome, I will help a little" Ling Shu said.

Ling Shu will help a little in this matter.

"I understand, I'll go" Feng Rue left, she had already gotten the answer and reported what happened, now she could immediately go and look for Ye Chen.

"Who would have thought that the central part would intervene in this matter, it looks like this will be quite a fierce battle" Ling Shu had already sensed that this would be quite a battle for Ye Chen.

"He's pretty good, I think he can get through all this easily" Ling Shu really believed in Ye Chen's abilities.

With Ye Chen's ability and intelligence, he would definitely be able to solve this problem easily, that was the confidence Ling Shu had in Ye Chen.

.

.

"Is it true?" Ye Chen asked Feng Rue.

"That's absolutely true, so help them right now" Feng Rue asked Ye Chen to help Lin Suze and Ming Mafai.

Chapter 2904 destroy merchant association facilities

"Okay, I'll go and take a look" Ye Chen said that he would go and look for the whereabouts of Lin Suze and Ming Mafai.

"You please look after this place for me, I don't want anything bad to happen in this place" Ye Chen said to Feng Rue.

Ye Chen was going to leave, but he wanted Feng Rue to look after this place.

"I understand" Feng Rue understood, she would guard this place because the enemy could attack like before.

The merchant association was so strict and Ye Chen was unwilling to let his guard down against them.

Feng Rue was happy to hear this, Ye Chen was so caring about his people.

Ye Chen went to look for the whereabouts of Lin Suze and Ming Mafai.

Ye Chen used his abilities to find the whereabouts of Lin Suze and Ming Mafai.

He had to find the whereabouts of the two of them quickly and couldn't waste any more time.

Using the abilities he possessed, Ye Chen began to find traces of Lin Suze and Ming Mafai.

"Found it, it's time to go follow the trail" Ye Chen immediately went to follow the trail.

Ye Chen followed the trail until he arrived at a river near a big city.

Ye Chen didn't know where he was, he only knew he had arrived at a star that was quite lively and very big.

"I still don't know what this place is" Ye Chen still doesn't know what this place is, he still doesn't know where he is right now.

It is likely that this is one of the secret places owned by the merchant association, Ye Chen is very confident about this matter.

Ye Chen looked around, when Ye Chen got here, the traces he was following started to become faint.

This of course made Ye Chen feel difficult, Ye Chen found it difficult to find the whereabouts of Lin Suze and Ming Mafai.

"This is not good, I will use Clone to find them" Ye Chen decided to use Clone.

By using Clone, Ye Chen could find them quickly and without any problems.

Ye Chen actually used such a large number of Clone, he used this to find Lin Suze and Ming Mafai.

After spreading the Clone, Ye Chen only needed to wait to get the answer he needed.

After waiting for a while, Ye Chen finally got the answer he needed, he got the answer to this problem.

"Finally, I found them" Ye Chen found them, feeling like they were inside the wall near the waterfall.

Inside the waterfall, Ye Chen could easily see that there was a facility that was quite large and very complete, a facility that was very strong and very complete for someone to use.

What is certain is that there is something hidden in this place.

Ye Chen had to find the whereabouts of Lin Suze and Ming Mafai.

He went inside with the teleportation ability.

Ye Chen managed to enter the deepest part so easily without being seen by anyone else.

He went to Lin Suze and Ming Mafai's place quickly.

After some time, Ye Chen finally arrived at Lin Suze and Ming Mafai's place.

He arrived and saw the two of them tied up and they were unconscious.

Their condition was also quite bad, you could see that they had just experienced something unpleasant.

To be honest, Ye Chen didn't really like it when he saw this, he didn't like seeing what happened to Lin Suze and Ming Mafai.

"they do things like this" Ye Chen came and saw the condition of Lin Suze and Ming Mafai.

He tries to provide help to them by healing them using medicine and his abilities.

"Who ?" after they were healed, they both saw Ye Chen in sight.

"How are you currently doing?" Ye Chen asked Lin Suze and Ming Mafai.

"You . . "They finally saw that it was Ye Chen, they were so happy to see Ye Chen.

"Quickly leave, this place is dangerous, there are traps in this place" Lin Suze and Ming Mafai spoke to Ye Chen, they both told Ye Chen that there were terrible traps in this place.

"terrifying traps" Ye Chen looked around, there were indeed some hidden traps, only Ye Chen didn't trigger them.

The trigger for this trap was when Ye Chen destroyed the shackles that bound Lin Suze and Ming Mafai.

When Ye Chen does that, all the traps will immediately come out and kill Ye Chen along with Lin Suze and Ming Mafai.

"So they won't let me take these two people, they are really very cunning" Ye Chen saw that they were so cunning.

"Even though they are cunning people, there are still other ways" said Ye Chen.

Ye Chen used his power to move Lin Suze and Ming Mafai.

Ye Chen snapped his fingers and immediately Lin Suze and Ming Mafai were moved to a place that was very safe and far from this place.

The moment Lin Suze and Ming Mafai disappeared, the trap automatically opened and all the arrows and various other things flew towards Ye Chen.

Ye Chen just smiled when he saw this, he used Invisible Body Art, by using this ability, all attacks passed through Ye Chen, nothing could hurt Ye Chen.

"Ring . ." The sirens immediately sounded, indicating that a prisoner had escaped.

They all moved quickly, in just a matter of seconds, this place was surrounded.

"Oh, they are quite fast" Ye Chen saw that these people were so fast, they quickly surrounded Ye Chen.

Ye Chen was now surrounded and had no way to escape or get out of this place.

"Who are you, turn yourself in" they told Ye Chen to turn himself in.

"One two three four five . ." Ye Chen didn't answer, he counted the number of enemies around him.

"Bastard, dare to ignore us, you will pay" they attacked Ye Chen.

"Twenty five" Ye Chen had counted everyone, he saw that the number of enemies was twenty five, not a large number and Ye Chen could overcome them quickly.

"okay, I will overcome them quickly" Ye Chen will defeat them quickly.

Ye Chen only needed a few seconds to take care of all of them in this place.

Ye Chen opened the fire vein and increased his power.

After opening the vein and using all the abilities he had, Ye Chen immediately used the Skywind Law and sent everyone flying until they flew quite far.

"Arghhh . . ." These facilities were immediately shattered into pieces, all of them were destroyed easily by the attack launched by Ye Chen.

Ye Chen finished this place using one attack, he destroyed the entire place with one attack and left nothing but rubble.

"There's nothing interesting in this place, just go home" Ye Chen didn't find anything interesting in this place, with that Ye Chen decided to go back.

Ye Chen went home, his task of saving Lin Suze and Ming Mafai was complete

Right now Ye Chen just had to go and see the condition of Lin Suze and Ming Mafai.

.

.

After Ye Chen left, someone arrived, he saw the destroyed secret facility and was furious about this.

"Who did this, he wants to be destroyed" this person was so angry and wanted to destroy Ye Chen.

If he knew who destroyed this place, he would definitely go find that person quickly.

Chapter 2905 Bad rumors started to spread

This person was so angry about what happened, he was going to destroy Ye Chen.

He looked around for survivors, that way he could find out who had done this.

The person found one of the people who survived, he found the person who survived this incident.

He just went to find out, he pulled the person from the rubble.

"Tell me, who is the person who did this?" he asked the injured person.

"a mysterious person came, this is his face" he showed Ye Chen's face to the man in front of him.

"This person, he dares to destroy my place, I will hunt him down and destroy him" he will hunt down Ye Chen.

"Master, this person is very dangerous, he is so strong and so terrible," he said to the person in front of him.

"How dare you underestimate me, I can destroy you easily" he didn't like being underestimated by other people, it felt so uncomfortable to be underestimated and compared to Ye Chen.

"I'm a treat, he destroyed this place with one attack, it's too scary" just remembering it made him scared.

"one attack, are you sure he only used one attack" he asked the person in front of him.

"I'm serious, he destroyed this place using just one attack, an attack that was so strong and so terrible" he said that Ye Chen's attack was so strong and so terrible.

"that's impossible" he didn't really believe this, how could Ye Chen be that strong, it was impossible.

"Is there anyone else safe?" he asked.

"Nothing, that person has also taken away the prisoner we arrested" Ye Chen has taken the prisoner away.

"so that person is involved with Super Origin mall which is recently on the rise, fine, I will deal with this problem in my own way and gather all the shareholders to defeat Ye Chen.

"small places dare to fight, they will be destroyed" this man went.

"clean this place" he said to clean this place.

"I understand" he understood and immediately went to clean this place.

This person went and started gathering shareholders from the merchant association, it could be said that they were powerful people who had quite large and powerful businesses.

These people were people with wealth that was so powerful and so terrifying, it could be said that they were the people who held the power in this world in business.

"Why did you gather us all here, is there something so important that you gathered us in this place, tell me the hunter Lie Ren.

This man's name is Lie Ren, a man who has earned the nickname as a hunter, a person with great fighting strength and very strong fighting instincts too.

"You invited all of you to discuss about Super Origin Mall which is on the rise now, they are trying to fight us" said Lie Ren.

"It's just a small place that sells cheap low-class items, why pay attention to such a small place" they asked Lie Ren.

They all seemed to really underestimate Ye Chen, they underestimated Ye Chen's abilities and strength.

"All of you, don't underestimate that place, to be honest, that place has some strong people, one of the facilities I own was just destroyed so easily by that person," said Lie Ren.

"What?" they didn't think that it could happen, who could do something like that in this world.

Only a few people have the ability to do that.

"Then this person is a real threat" they estimated that Ye Chen was a real threat.

"You all are absolutely right, he is a real threat, and it seems we have to start destroying that place by spreading bad rumors, if we do that, then we can solve the problem that is happening right now" if they can do that then Super Origin Mall will destroy itself.

"It's up to you, what you want to do, we will support you" they will give full support to Lie Ren.

"Thank you very much, your help is really needed to solve this problem" Lie Ren was very satisfied with all of their answers.

"Then we will leave, we will leave this matter to you" they were busy people, so they handed this matter over to Lie Ren.

"You can entrust this problem to me, I will solve this problem quickly and neatly" Lie Ren will solve this problem quickly.

Lie Ren begins to spread strange news and destroys the reputation of Super Origin Mall.

Ye Chen went to the place where he moved Lin Suze and Ming Mafai.

Lin Suze and Ming Mafai were moved to a very safe and good place in Super Origin Mall.

"You are back?" Feng Rue said to Ye Chen.

"um, how are they" Ye Chen asked Feng Rue.

"They are in such good condition and have received such good care, it's a shame that the things they were carrying were taken away," said Feng Rue.

"no problem, we can take it back from them, they dare to steal from me, I will steal more from them" Ye Chen said to Feng Rue.

Ye Chen smiled, he would take back his things, something that belonged to him had to be returned to him.

"You look like a bad person who is planning such a bad thing" Feng Rue said to Ye Chen.

"Do I look like that" Ye Chen asked Feng Rue.

"That's very true, you do look like that" Feng Rue admitted that Ye Chen looked like that.

"No problem either" Ye Chen said that he had no problem with this, his goal was still clear to take back his belongings.

"a bad thing happened" someone came and reported to Feng Rue and Ye Chen.

"There's trouble again, why are so many problems coming at once, it makes me feel dizzy" said Feng Rue.

Feng Rue was so dizzy with all the problems that were happening, she felt so depressed with so many problems that came and went.

Ye Chen understood what Feng Rue felt, she was experiencing quite a serious problem and Ye Chen had to help.

"Tell me what happened, we will solve this problem quickly" Ye Chen said that he would solve this problem quickly.

"There are some bad rumors about us that are spreading quickly, customers are starting to doubt the goods we have," she told what was happening right now.

"Why do they doubt us" Ye Chen asked, what was the reason they doubted the goods from this place.

"Someone said that some of the pills we sell are fake," she told Ye Chen.

"So that's how it is, that's how it is, they are quite clever at doing tricks too" said Ye Chen.

"Isn't this bad enough if we let it be" Feng Rue said to Ye Chen.

"Of course, this will be bad enough if we leave it alone, then let's catch the person who is throwing a tantrum" Ye Chen said to Feng Rue.

"what are you going to plan for this matter, tell me" Feng Rue wanted to know.

What will Ye Chen do, Ye Chen should have his own plan to overcome the problems that are currently occurring.

"This is the plan that we will carry out to solve the problem that is currently happening" Ye Chen told Feng Rue.

Feng Rue listened to the plans that Ye Chen had, she wanted to know what Ye Chen was trying to do now.

First, Ye Chen will make an announcement for every fake item purchased in this place.

Those who receive counterfeit goods will immediately receive 2x the compensation.

"Wait a minute, that's quite detrimental for us," said Feng Rue.

Chapter 2906 merchant association is so rich

"You are wrong" Ye Chen said to Feng Rue.

"I am wrong?" Feng Rue looked confused by what Ye Chen was trying to say, she didn't understand what Ye Chen was saying.

"Let me tell you what happened" Ye Chen explained briefly to Feng Rue.

"First we do that and see the people who come and exchange, this is a good opportunity for us to catch the fraudster" Ye Chen said to Feng Rue.

It could be said that this was a bait to get these people to come out and show themselves.

"So it was like that, I immediately understood" Feng Rue immediately understood what Ye Chen wanted, she could immediately know what Ye Chen was trying to do.

If Feng Rue was willing to think like that, she might be able to easily catch Ye Chen as Ye Chen said.

"Let's try that plan, I want to see who has the courage to do that," said Feng Rue.

Feng Rue will use the plan that Ye Chen has, she wants to see who dares to do bad things to them and plans this.

Feng Rue immediately released the news to make everyone believe that all the goods they sold were of the best quality.

With that, everyone started to believe again in what was happening, they were guaranteed adequate compensation and they felt comfortable.

Now all Feng Rue needed to do was wait and make sure they came out to show themselves.

she wanted to see the people who had dared to cause trouble for her and Ye Chen.

What Ye Chen did succeeded in getting these people to come out, they came and started exchanging their fake goods for real ones.

It was likely that they were people ordered by the association or people who were trying to take advantage of this matter.

Feng Rue first gave them the items they needed, it was to make everyone believe what was said.

"Follow them" after that Feng Rue gave an order to follow them.

"Understanding" they went and followed these people, a very good opportunity to find out where they came from.

Feng Rue had already marked several people and told people to follow them, it should all be revealed quickly and without any problems.

These people's abilities weren't that great and weren't too strong, so Feng Rue's people were able to deal with the problem so quickly and get information from them.

Feng Rue gets information about them, they are a group of criminals who were paid by the association to do this.

This group is quite dangerous and they carry out all their actions in a very evil way.

"just destroy such groups, we don't need them" Feng Rue said to destroy the evil groups.

"Understood" they already had an order, now they just needed to destroy the group and start quickly eradicating the bad rumors.

This problem was easily resolved, what Lie Ren did did not succeed in bringing down Ye Chen's business and instead made him suffer losses because more and more people came because they believed in the service from Super Origin Mall.

"That bastard" Lie Ren was so angry, he was so annoyed with what had happened, all the efforts he had made had failed and that made Lie Ren so angry.

"This can't happen, I can't lose" Lie Ren can't lose, he can't lose against a small organization that has just grown.

All methods had been used and they all failed, they could not destroy that small place, which was quite a strange thing to see.

Lie Ren continues to use underhanded methods to deal with the enemy's business, he must be able to destroy that small business, even if he uses all the resources he currently has.

Lie Ren is no longer playing around, he will be serious about facing Super Origin Mall and the people behind it.

.

.

Ye Chen waited for news from Feng Rue, he asked every place that was the center of the trade association's headquarters.

"Did you get everything?" Ye Chen asked Feng Rue, he wanted to know if Feng Rue had gotten all the locations of the trade association.

"Of course, I've got everything" Feng Rue told Ye Chen, she had gotten what Ye Chen wanted.

"These are all their treasure storage locations" Feng Rue said to Ye Chen.

He said that all of this was the location of the treasure trove owned by the trade association.

"Very good, let's see whether they have anything good or not" Ye Chen couldn't wait.

It's time to take revenge for what happened before, Ye Chen will take all the things they have.

"Of course, I can sneak in easily, if you guys want to help, please create a little chaos to catch them off guard" Ye Chen said to Feng Rue.

Ye Chen still needs help from Feng Rue, he wants Feng Rue to help him create chaos when he acts.

That way Ye Chen's action would run smoothly and without any problems.

"I understand" Feng Rue understands, she will help Ye Chen with her abilities.

Feng Rue would order people to create chaos as long as Ye Chen acted.

Ye Chen took the god mask and robe, it was time to take action and repay what they had done.

"I will take everything from them" Ye Chen will take all things from them.

"You are quite evil" Chu Yuechan said to Ye Chen, she saw that Ye Chen was quite evil in that way.

Ye Chen here is very similar to a criminal, instead of calling them a criminal, Ye Chen now looks like a real criminal.

"Heheheh" Ye Chen chuckled when he heard this, he didn't deny that he was like a criminal right now, to defeat criminals, he would become a criminal too.

Ye Chen doesn't need to be a hero, he will become a villain to fight the villain.

Feng Rue starts to create chaos, she creates a bit of an event by starting a few fires in some places and diverting her gaze from Lie Ren.

Lie Ren immediately left and told everyone to focus on dealing with the problem at hand, he was still unaware of Ye Chen's plan to trick them.

Ye Chen himself has now entered the storage area, he can enter without anyone realizing.

"Wow" Ye Chen saw something extraordinary, there were lots of treasures in this place.

"Who would have thought that they would have this many things" Ye Chen didn't expect that the merchant association would have this many things.

"This is the money they collected from small and large merchants, the value is extraordinary" Chu Yuechan said to Ye Chen.

"They keep this for their own interests, it's not strange if they insist on doing this, a business like this is really very profitable" Ye Chen understands why they force and eliminate dissidents, it's because the amount of profit is very large, of course they will do it. any means available to get what they want.

"Want to take all of this" Chu Yuechan asked Ye Chen.

"Of course, we have to make them pay for it" Ye Chen took all of this and started storing it.

After finishing taking all these things, Ye Chen immediately went to another place and did the same thing.

Chapter 2907 Lie Ren is angry when his treasure is stolen

Ye Chen went to every place to collect all the things the enemy had.

Using his abilities, he managed to take everything from the trade association without causing any problems.

"Retreat right now" Ye Chen gave a signal to Feng Rue, he told Feng Rue to step back right now.

Feng Rue immediately withdrew, she immediately withdrew and stopped causing chaos.

"What happened in this place, why did they retreat" Lie Ren didn't understand what happened, he didn't understand why they retreated suddenly.

"There's something not right here" Lie Ren felt that something was wrong, he felt an unpleasant feeling in his mind and heart.

"Quickly see what's wrong, check everything we have" Lie Ren said to everyone.

"Okay" they immediately went to see what was wrong, when they went to look at the safe, they found that all the things they had stored in the central safe were gone without a trace.

"master, what bad news, all the profound crystals and items we had are gone, this is really bad" they all gave reports to Lie Ren.

"Boom. . ." Lie Ren created an aura that was so terrible and frightening, an aura that was so imposing and filled with a strong killing aura.

"I will kill and destroy them" Lie Ren will definitely destroy them, he will not let them take what he has now.

"tell everyone, we will start destroying Super Origin Mall" Lie Ren tells everyone to prepare, they will destroy Super Origin Mall.

"understood" they all understood, they were ready to do what Lie Ren ordered.

Everyone got ready and spread the news to all the merchant association branches.

Using this news, they should be able to destroy Super Origin Mall.

Lie Ren brought around one million existing troops, these troops consisted of participants and mercenaries who could be used to fight Super Origin Mall.

The number of this army could be said to be very large, this was an army that was so large and so terrible.

With troop strength like this, it is certain that the enemy will be destroyed.

Who could have thought that Lie Ren would use this many troops to fight Super Origin Mall.

There were many observers who saw that what Lie Ren did was too excessive.

They all didn't know the strength that Ye Chen had, if they knew the strength that Ye Chen had, they would definitely not dare to underestimate Ye Chen.

And Lie Ren already knew the strength of Ye Chen and Super Origin Mall, the person behind Super Origin Mall was so great that he left Lie Ren in tatters and lost a lot.

"with what I have now, then I will make sure to destroy you" Lie Ren vowed to destroy Ye Chen, he would completely destroy Ye Chen down to the roots.

Lie Ren's words were welcomed by everyone, they would all do their best to win this battle.

Lie Ren was raising the morale of everyone in this place by using such provocative words.

"After all this is finished, you will all get your share" Lie Ren said that they would get their share after all this was finished and Lie Ren promised that.

As long as Lie Ren can get back all the crystals and items stolen by Ye Chen, he will do everything that needs to be done.

"There are so many of them" Ye Chen saw that the number of enemies was so large, this number was quite surprising to see.

"The estimate that I can see, the total number of enemies is around 1 million, a number that is so large and could easily destroy a star in just a matter of seconds," said Feng Rue.

Feng Rue had already concluded it, she could already see that the enemy was around 1 million with such a large combat power.

"How many do we have" Ye Chen asked Feng Rue.

"we only have around 300 people, if you want, you can borrow miss's power to bring in more" said Feng Rue.

Right now they only number around 300, if Ye Chen wanted to, he could use all of Ling Shu's troops which were much larger than this.

"That's not needed" Ye Chen said that now was enough.

"But their numbers" Feng Rue said to Ye Chen, she told Ye Chen that the number of enemies was quite large.

"It's not a problem for me" Ye Chen told Feng Rue, this problem was nothing to him, he could easily solve this problem.

Ye Chen came forward, he would face them all alone.

"Wait a minute, what are you trying to do, there are so many of them" Feng Rue said to Ye Chen.

Feng Rue tried to stop Ye Chen, unfortunately Ye Chen had already left and left Feng Rue alone.

"Oh my, what is he thinking, I don't understand what he is thinking at all" Feng Rue didn't understand what Ye Chen was thinking.

Ye Chen appeared in front of Lie Ren and his 1 million troops.

"Stop" Lie Ren immediately stopped everyone and told them to get ready.

They were all in full alert mode and right now they were pointing their weapons towards Ye Chen, as long as they wanted, they could easily kill Ye Chen by releasing a large number of attacks.

"Who are you" Lie Ren asked Ye Chen.

"You don't even know who I am" Ye Chen asked Lie Ren.

Lie Ren looked at Ye Chen, he saw a mask worn by Ye Chen.

"So it's you, the person behind all this" Lie Ren said to Ye Chen.

"That's absolutely true, I am the person behind all this" Ye Chen said that he was the person behind all this.

"Hand over all the things you have taken from me, that way I will let you go" Lie Ren said to Ye Chen.

Lie Ren told Ye Chen to return all the things that had been stolen from him.

"Hahahaha, give it back to you, don't joke with me, I won't do that" Ye Chen told him that he wouldn't do that, he didn't want to give back what was his.

"Damn it, you are trying to challenge me" attack him right now.

"Attack him right now and finish him off for me" Lie Ren told them all to finish off Ye Chen right now.

"Kill him" was only one person they had to fight, this was an easy thing for them to do and they had no problem facing and destroying Ye Chen.

Ye Chen was alone, what Ye Chen could do alone, he wouldn't be able to do anything.

"You have chosen the wrong opponent, I will show you extraordinary strength" Ye Chen used his strength, he showed an enormous pressure that enveloped this place.

Ye Chen used God Domination Pressure, he immediately made everyone unconscious by using such strong and terrifying pressure.

Everyone fell and became unconscious.

"What happened to you all?" Lie Ren shouted, why did everyone become quiet like that, it was unreasonable to see them all fall at the same time.

They were all unconscious, they all did not answer the calls given by Lie Ren.

Lie Ren gritted his teeth, he looked annoyed at what was happening.

Chapter 2908 against Lie Ren

"To bother bringing that many troops and be defeated, isn't that a shame" Ye Chen said to Lie Ren.

Ye Chen mocked Lie Ren who brought a large number of troops.

"damn . ." Lie Ren gripped his hand tightly, he seemed so angry when he listened to what Ye Chen said, because what Ye Chen said was a reality that could not be denied.

"That's great, what was that?" Feng Rue looked from afar, she saw Ye Chen who defeated 1 million people with one glance, what kind of strength was that, it made Feng Rue stunned.

"Come on, this is our time 1 vs 1" Ye Chen said to Lie Ren.

"Who's afraid of you, I'm not afraid of fighting you at all" Lie Ren said that he wasn't afraid of fighting Ye Chen.

"Very good, show me" Ye Chen said to Lie Ren.

"Then die" Lie Ren went towards Ye Chen, he used lightning steps and immediately tried to attack Ye Chen in the heart.

"Bam" when Lie Ren approached, Ye Chen hit the person in the face and knocked him away.

"huh?, what just happened?" Lie Ren didn't understand what had just happened.

He didn't see what Ye Chen did, what Ye Chen did was so fast that Lie Ren couldn't see it clearly.

"Uhhh . . ." Lie Ren tried to get up, he tried to get up and fight Ye Chen again.

Ye Chen waved his hand and told Lie Ren to come forward and fight him.

Lie Ren saw Ye Chen continue to provoke him.

"I have to be calmer" Lie Ren had to be calmer and not be provoked by Ye Chen.

"I've given up, isn't it too soon to give up" Ye Chen said to Lie Ren.

"Still not, this is just the beginning, I still haven't released the strength I have" Lie Ren said to Ye Chen.

Lie Ren still hasn't used all his abilities, he is still holding back and hasn't shown all the abilities he currently has.

"So that's it, you still haven't shown the strength you have, I want to see to what extent the strength you have" Ye Chen said to Lie Ren.

"You will regret not defeating me when you had the chance" Lie Ren said to Ye Chen.

Lie Ren released his seal, immense power burst out from his body.

This was such a powerful force, a force that overflowed and flooded the entire place.

"Why did he bother sealing his powers?" Ye Chen didn't understand Lie Ren's train of thought.

"I also feel strange" Chu Yuechan said.

Chu Yuechan also felt confused, she felt what Ye Chen was thinking, something strange and unreasonable to do.

"His strength rose, he is currently already in the middle stage of Immortal True God Realm" Chu Yuechan said.

"He has high strength too" said Ye Chen.

"Hahahahaha" Lie Ren laughed, he seemed to be enjoying this very well.

"I will tell you something interesting, when I release this power, I will become a hunter who will destroy everything, prepare yourself" said Lie Ren.

Lie Ren said that he would go on a rampage and destroy Ye Chen using extraordinary strength and abilities.

Lie Ren has the nickname the hunter, it's not without reason, it's because he has such great hunting abilities that he got that nickname.

"master, it looks like he has completely gone berserk" Chu Yuechan said to Ye Chen, she told Ye Chen that the enemy had gone completely berserk and started attacking Ye Chen blindly.

Ye Chen avoided every attack, every time Lie Ren attacked, he only attacked the shadow that belonged to Ye Chen.

"Deadly" he attacked with full force, he didn't care about anything else and attacked everything that got in his way.

Ye Chen felt like he was fighting against a wild animal, this person was like a predator hunting his prey.

Lie Ren tried to corner Ye Chen, he continued to attack and closed all of Ye Chen's paths to escape.

"You won't be able to escape, there is no chance for you to escape" Lie Ren's hands turned into monster hands with claws that were so strong and so terrifying.

The power of these claws easily destroys anything it touches.

"Slash . . ." Lots of attacks were launched towards Ye Chen, and Ye Chen avoided all the attacks aimed at him.

"What's wrong?, you are overwhelmed against me" Lie Ren said to Ye Chen, he saw Ye Chen was overwhelmed.

Even Ye Chen couldn't launch an attack towards him, it was an embarrassing thing to see.

For Lie Ren, Ye Chen was a little sheep who was trapped and unable to escape, he was trapped and could no longer escape.

"This is a good opportunity, die" Lie Ren saw such a good opportunity, he intended to kill Ye Chen quickly.

Ye Chen smiled when he saw what Lie Ren was trying to do.

"Why is he smiling?" Lie Ren didn't understand why Ye Chen was smiling, even though it was clear that he was already in a desperate situation and would soon lose.

"Bam. . ." Ye Chen finally started to launch an attack on Lie Ren.

"Ughhhhh . . ." Ye Chen's attack was so fast and hit Lie Ren's face for the second time.

For the second time, Lie Ren was punched backwards.

"Damn, damn" Lie Ren was so angry, he was so angry with what Ye Chen did.

"How dare you, this is the power that will defeat you" Lie Ren said to Ye Chen.

"Don't joke, that kind of strength, it's not enough to beat me" Ye Chen said to Lie Ren.

Ye Chen said that his strength was not enough to defeat him.

Ye Chen started fighting, he launched an attack towards Lie Ren.

"Bam. . ." Lie Ren continued to be hit and suffered injuries on various sides.

"Why, why did I lose to him?" Lie Ren didn't understand why he lost, even though he was much stronger than Ye Chen.

Ye Chen used True God power, of course Ye Chen could very easily match Lie Ren's strength without experiencing the slightest problem.

Every blow thrown by Ye Chen caused Lie Ren's body to be seriously injured, Lie Ren should not be able to hold on any longer.

"This can't be happening" Lie Ren couldn't believe that this was happening, how could he be defeated by Ye Chen.

Lie Ren knelt down, how could he possibly lose and be injured so badly.

Meanwhile Ye Chen was still standing well and there were no injuries on Ye Chen's body.

"What's wrong, can't stand up anymore, where is the arrogance you had before" Ye Chen asked Lie Ren.

"Bastard, I won't lose" Lie Ren used more strength, he tried to get up.

Despite pain all over his body, Lie Ren was still able to stand, but his body was shaking all over.

"Look at the power I have" Lie Ren said to Ye Chen, he told Ye Chen to look at the power he had.

"iron immortal claws" Lie Ren's intended to destroy Ye Chen.

He took out one of his trump cards to destroy his opponent.

With this attack, he can destroy and shred all enemies easily, no one has ever escaped after receiving this attack.

Chapter 2909 Slaughter blood talisman

"I thought you were a strong person, it turns out you are just someone who loses control when you have great power" Ye Chen said to Lie Ren.

"stop talking nonsense, you bastard" Lie Ren said to Ye Chen.

"You are absolutely right, I should stop talking nonsense and do what I have to do" Ye Chen said.

"Go forward" Ye Chen said to Lie Ren.

"Of course, I will come forward" Lie Ren said that he would come forward to face Ye Chen.

"Die" Lie Ren was within a very safe distance to attack Ye Chen, within this distance, Ye Chen would immediately be crushed into several pieces easily.

"Too naive" Ye Chen said to Lie Ren, he told him that Lie Ren was too naive.

"Eagle Cloud Turner Claw" Ye Chen's countered Lie Ren's attack by using the Eagle Cloud Turner Claw.

"let's see who is better between us, me or you" Lie Ren said to Ye Chen.

"Let's determine who is better" Ye Chen agreed, this was the time to determine who was better between the two of them.

"The two attacks met, even though the two attacks were different, in reality both attacks had an extraordinary impact when they hit the target.

"Boom. . ." A battle occurs when the two attacks meet, an extraordinary thing can happen when two attacks that are so powerful meet and it makes such a great impact on the surroundings.

"I will not lose, die . . ." Lie Ren became increasingly uncontrolled, he used all his strength and all the abilities he had to face Ye Chen.

Ye Chen strengthened the attacks he had, by strengthening the attacks he had.

When Ye Chen strengthened his attacks, Lie Ren started to experience a problem, he experienced a problem when Ye Chen decided to be more serious in dealing with him.

"My hand" Lie Ren could clearly feel that his hand was starting to twist, his bones were starting to twist from Ye Chen's attack.

"What is this?" Lie Ren didn't understand what was happening right now.

The rotating area began to expand, it began to expand and Lie Ren's entire body began to spin and fall downwards.

"Damn it, this can't be happening" Lie Ren couldn't believe that he lost this battle, he couldn't accept the result of defeat like this.

"Losing is still losing, just accept the defeat you have" Ye Chen said to Lie Ren.

"That's impossible, don't joke with me" Lie Ren said to Ye Chen.

"Boom. ." Lie Ren's body hit the ground very hard.

A super large hole was formed and Lie Ren was in the middle of the hole.

"I will not lose" Lie Ren refused to lose, he tried to get up.

It's a pity that part of his body has been destroyed and he is currently unable to get up.

"It's over" Ye Chen said to Lie Ren.

"Still not, this is still not over" said Lie Ren.

"You've already lost, it's stupid to think that this isn't over yet," said Ye Chen.

"Hehehehehe, I should be the one who said that" Lie Ren said to Ye Chen.

"You are very stupid for approaching the enemy without any guard, you will pay for your stupidity," said Lie Ren.

The talisman in Lie Ren's pouch began to glow, the talisman began to glow and a red, blood-like aura enveloped this place.

Ye Chen looked towards the sky, he seemed to know what would happen next.

"You should know what this is?" Lie Ren said to Ye Chen.

Ye Chen should know what this was, he knew what Lie Ren had just used.

"Slaughter blood talisman?, use this thing to kill me" Ye Chen said to Lie Ren.

"Of course, I know that killing you will not be easy, that's why I will take you" Lie Ren said to Ye Chen.

Slaughter blood talisman, this is an item that can be said to be an item to trap people inside until they die, people inside this place will not be able to get out and will be crushed by the powerful power of blood.

"You should be happy to accompany me," said Lie Ren.

"hahahaha" Ye Chen laughed when he heard what Lie Ren said.

"What's wrong with you, have you given up hope" Lie Ren said to Ye Chen.

"I should be the one saying that, you seem to be very desperate in fighting me" Ye Chen said to Lie Ren.

"You even did this, but it doesn't matter, let yourself feel being inside the slaughter blood talisman" Ye Chen said to Lie Ren.

"You won't be able to get out of this place" Lie Ren said to Ye Chen, he told him that Ye Chen wouldn't be able to get out of this place.

"That's what you think, I think I can get out easily" Ye Chen could get out of this place easily.

"What ?" Lie Ren looked confused by what Ye Chen said, he didn't really believe what Ye Chen said.

"Enjoy it in here" Ye Chen stepped away, he left this place using his teleportation ability.

Ye Chen disappeared, he had just come out of the slaughter blood Talisman.

"impossible, go back" Lie Ren said to Ye Chen, he was so angry, all his plans failed completely, he didn't succeed in dragging Ye Chen.

Inside this place began to rage, blood began to spread and began to enter Lie Ren's body.

Lie Ren's body felt excruciating pain, the pain was extraordinary.

The blood on Lie Ren's body was like a knife cutting into his flesh, it felt so painful and more painful than death.

"Arghhh. . ." Lie Ren screamed, a scream that was so terrible that Lie Ren had.

Ye Chen himself didn't care anymore, he had come out and was now in a safe place and breathing fresh air.

"Are you alright?" Feng Rue said to Ye Chen.

"of course, I'm fine, the problem is over" Ye Chen said to Feng Rue.

"that's absolutely right, everything is done, you solved the problem so quickly" said Feng Rue.

"Let's go back" Ye Chen said to Feng Rue, he invited Feng Rue to come back right now.

Feng Rue followed Ye Chen, they both went back and started to work as usual.

Ye Chen gave the items and treasures that he managed to get from the association, the amount was very large and these could be used for various things.

"it looks like you got quite a lot" Feng Rue said to Ye Chen.

"Of course, I got quite a lot" Ye Chen did get quite a lot.

"what are you going to do with this thing" Feng Rue said to Ye Chen.

"we can use this to help people, it will increase the reputation we have" Ye Chen said to Feng Rue.

"Aren't you too kind" Feng Rue said to Ye Chen, she felt that Ye Chen was too kind.

"I'm too kind" Ye Chen said to Feng Rue, he wanted to help some people in need.

after all, this amount was too much and would arouse suspicion and they might become targets for many criminals and greedy people, so it was better for Ye Chen to use it well and give some away.

"I understand" Feng Rue understood, she would help Ye Chen, what Ye Chen did was very good and it would have the opportunity to make the business develop quickly and be known by many people.

.

.

Meanwhile at the center of the trade association, the shareholders are experiencing problems due to the murder of Lie Ren.

the leadership position is not there and they have to look for a much more competent leader for this business.

Chapter 2910 Ling Shu killed all the higher-ups of the merchant association

"We also have to overcome the problems that are happening right now, if we let this problem continue, we will be the ones destroyed" they also have to solve the problems that are happening right now.

they have to do something about this problem, if they let this problem continue, then this business will be destroyed, plus they have just felt a huge and intense devastation over what just happened.

This is the most serious loss they have ever had in this life.

"we have to destroy it" they finally agreed to destroy Super Origin Mall.

"Fufufufu, you guys seem to be enjoying this" a sexy voice spoke in the middle of the conversation.

They were all of course shocked when they heard this voice, it was clear that this did not come from one of them.

They all immediately saw the origin of this voice. When they looked at the origin of this voice, they finally found a seductive and charming woman in front of them.

The woman in front of them was Ling Shu, she was standing in front of everyone in this place.

"why is she in this place" They all didn't know why Ling Shu was in this place.

"Why is someone like you here, do you have something to do with us?" they asked Ling Shu.

"Of course I have needs with you guys" Ling Shu did have needs with them.

"? ? ? ?" They looked confused, they couldn't guess what Ling Shu was going to do.

"Even though he was kind enough to let you go, who would have thought that you would still want to fight," said Ling Shu.

Ye Chen was probably too kind to let them be, he should have destroyed them all.

"what are you saying, don't talk nonsense in front of us" they said to Ling Shu, they all told Ling Shu not to talk nonsense.

"I didn't talk nonsense to you guys." Ling Shu said that she didn't talk nonsense to them.

"If you guys continue with this matter, I have no choice but to do it" Ling Shu said to all of them.

"Don't you think we will be afraid, here our numbers are more and our cultivation levels are all similar" they weren't afraid of fighting Ling Shu, that was because their strength and numbers were better and more numerous compared to Ling Shu.

"You guys want to use that method against me, aren't you embarrassed" Ling Shu asked them all.

"We are never ashamed" they said that they were never ashamed to do that.

"It's not strange, you despicable people" Ling Shu said.

"This woman is just annoying, just arrest her, we tell her to hand over all her assets, I think she is a rich woman" they tried to arrest Ling Shu.

"You are such rude men, and I don't really like rude men like you." Ling Shu didn't really like men like that.

"attack" they all immediately went towards Ling Shu, they all prepared to fight Ling Shu.

"So stupid" Ling Shu said to all of them.

Ling Shu stretched her hand forward, when she stretched her hand forward, arrows started to appear.

Fire arrows appeared and headed straight towards the approaching people.

"only a small arrow, useless" they saw that the small arrow would be useless against them.

"You guys should think twice about it" Ling Shu told them to think twice about it.

"? ? ?" when they were hit by arrows, their bodies burned and immediately turned to ashes.

"What's this?" they didn't understand, Ling Shu's attack directly burned them.

they were all easily burned to ashes by Ling Shu, only piles of ashes could be seen all around.

Ling Shu had just demonstrated the difference in strength she had with all of them.

she showed everyone that she had such great power.

"I won't let you guys do it again and make trouble" Ling Shu wouldn't let them hurt Ye Chen and make trouble for Ye Chen.

because of this, Ling Shu destroyed them all without a trace.

With this the annoying ones have been eliminated, currently the trade association has no top class leaders and will probably be destroyed in a short time.

"It's quite tiring, I want to sleep" Ling Shu wanted to sleep, she wanted to enjoy her time well.

Even though Ling Shu was lazy, she was still a very good person, she would take good care of Ye Chen and often help him.

"It's finished?" Chen Xing asked Ling Shu.

"Everything is finished" Ling Shu said that she had finished everything.

"very good . . . , with this the problem should be over," said Chen Xing.

"Now our task is finished, let's go back" Ling Shu said to Chen Xing.

"You must be sleeping, right?" Ling Shu seemed to already know what Ling Shu wanted to do.

"You know me so well, of course, I want to sleep" Ling Shu said.

Ling Shu wanted to sleep and laze around as usual, doing this required energy.

"It's up to you, I'll go back" Chen Xing said to Ling Shu.

"See you then" Ling Shu waved and she returned home with lightning speed.

Ling Shu and Chen Xing helped Ye Chen from behind, with the help of these two super strong women, Ye Chen should be fine.

.

.

Meanwhile in a place that is quite dark and always at night.

On a bed, there was a beautiful woman who was holding something.

this is Yin Xizu the beautiful goddess who is a beautiful vampire who has a perfect face.
