

100 CHAPTER 100

Koko's POV 1

My eyes came to his pulsing member that was already dripping precum from the purple head and then I quickly looked away, my cheeks as red as cherries.

We had already done this more than once, but I was still so shy, however Niyol was patience with me he held my fingers bringing it to his member and he groaned. I felt so silly, what is it supposed to do now?

"Don't think about it too much, my wolf told me. Just follow your instincts."

My hands were slow and unsteady and I was also shaking a bit too, but then I began to stroke him my fingers could barely go round it because of the sheer thickness, his hips moved the more I stroked until his dick became so hard it was as if I was stroking a steel.

Then he held my hands and claimed my lips, his tongue going so deep and I moaned into his kiss as he squeezed my breast like an orange tweaking the hard nipple, after he broke our kiss he spread my legs.

My face was now like a tomato as I looked

away tempted to cover myself with the duvet, because I was so shocked by the sounds coming from myself. My mate was obviously very experienced and that made me even feel more like a novice which I actually was.

When his mouth began to place kisses on my thigh, I shivered, he didn't stop kissing them, until he got to the spot between my thighs and I was now covering my face with my hand.

He chuckled and blew his hot breath there and shivers rushed through my body again.

His tongue slipped between my folds and he began to lick me, holding my thighs so that I would not leap out of the bed as my hips continued to shake in such an embarrassing way until I finally climaxed.

As I was still breathing and trying to recover myself the head of his member was at the entrance of my folds, I didn't know how I ever managed to take that huge thing in me.

He slipped into me in one smooth move and I gasped out, then he began to rock the bed with the way he was thrusting into me, then he threw my legs over his shoulders after placing a pillow under my butt and now he was going in so deep.

He began to pound into me as if his life depended on it and I thought it was going to

break me, we changed to doggy style and he slipped into me from behind filling me as I was on all fours on the bed and it was climax after another.

"Koko... ugh, I want us to be like ah.. this everyday, I can't wait to see you carrying our.. ah child..."

I managed a shy smile.

"You don't have to wait much long.. longer... I'm pregnant, Niyol..."

"Are you serious?" He raised his head up and was looking into my eyes.

"Y-yes." I nodded

"Yes!!!" He placed a kiss on my forehead.
"You should have told me earlier, I wouldn't have been that hard on you..."

I smiled. "I liked it, I.. enjoyed every bit of it."
I covered my face with both hands.

"Thank you for coming back alive baby." He planted kissed all over my face.

Finally when we were resting. After resting for about thirty minutes, I felt like it was time to join the party, after all, Chester gave us his best and it wouldn't be right not to show up at all.

"I think we should join the party." I

suggested, looking at his face.

"You need to rest." He carefully placed my head back on his chest.

"The party is about me and I'm not there, then why did you spend so much to organize it?"

"Fine! You win." He grumbled.

In about ten minutes, we were all ready and with our hands crossed together, we went over to the grand hall, when the heart of the party was at the moment our presence was announced.

Everyone immediately bowed, and I could not help but blush a little because it felt a little embarrassing.

I requested a glass of wine so that I could give a toast.

"This..." I began as my eyes swept across the grand hall and our sea of guests.

"...This feels like a dream, ever since I was a little girl I questioned why I was alive, why did I even exist...? I lived in self doubt and after I was rejected twice, I thought that it was finally over for me..."

I could feel tears building up in the corner of my eyes.

"...That I would never find any one that would like or want me again, but I never thought that the goddess would be so kind by blessing me with a mate like our Alpha King Niyol..."

I looked at him and could only see pure adoration in his eyes.

"... And so this toast is for everyone that believed in me... for everyone here celebrating my return.. and especially for him, my beloved mate... Cheers."

The party bubbled up even more after my toast, and the smile on my face continued to get wider and wider as I was being greeted left and right.

Finally I was too tired to keep up with the party which looked as if it was going to go all night long and Niyol was more than eager to drag me to the bedroom. I could see he was excited about the pregnancy as was I, but there was something we had to discuss.

"I haven't seen Chester anywhere..."

I said to my mate, he didn't look too troubled. "I'm sure that he was just overshadowed by the crowd, you'll definitely see him tomorrow."

He said his hands went around my waist as we walked to our bedroom.

"And that investigator, did you see her?"

"Honestly, Koko I didn't see anyone tonight because my eyes were on you and you alone..."

My cheeks turned red.

"How can you say something so cheesy with such a straight face?"

He smiled.

But then the smile on my face reduced when I remembered another topic that I wanted to discuss with him.

"I want to give Scarlet and Henry a fair trial..."

"Is that necessary? They are obviously guilty, there is no need to bother with that at all..." Niyol said and I could feel the acid dripping in his voice.

"But those are the laws, Niyol, everyone deserves a trial, if they are killed off like that it will look like jungle Justice."

I said to him, he didn't say anything for a while and then he stopped and turned to me.

"Is that what you really want?"

I nodded.

"Yes, soon I'll face the two of them."

He sighed, "Fine then... but that will have to be after your coronation as Luna Queen..."

Then he leaned closer and whispered in my ear.

"Tomorrow at midnight, I'll finally mark you as mine. I can't wait for any coronation before making you, the coronation will come after that."
