

## 30 CHAPTER 30

Steamy night 1

Alpha Niyole POV

I stared at the girl I just called mate as she laid on the bed, but it was too dark to make out her face. I wonder if the goddess was joking with me. Wasn't the girl in the hospital my mate? How could I have another again?

I pushed those thoughts from my head, as I focused on her. I swear I had not seen a more beautifully sculpted body than hers.

My eyes caught sight of her twin mold which was standing erect and full. I bent towards her and whispered into her ears.

"Let's get started with the fun, baby."

I didn't wait for her to respond as I rammed my lips on her luscious ones. My hands started moving all around her body, but it was hindered by her clothes. I slowly removed her clothes, watching her expression with keen interest.

She was the perfect figure of untainted beauty. Her flat stomach held a dark line that ran down to her cervical.

I growled in ecstasy as my body hardened to

the view before me. My wolf was howling at the sight of her erected boobs.

I buried my mouth in one of the molds while my other hand kept squeezing it gently. I tried to control my emotions because I didn't want to hurt her.

She let out a moan that set my d.ck throbbing loudly even as I sucked and squeezed it, her body aching upward, so I could pounce more on it.

"Ahhhh! Mhmmm! Ahh! Ahhh!!" She moaned loudly.

I could see she was highly sensitive, but I was just starting.

I removed my mouth from the boobs while I worked it down to her belly button. My tongue played with it for a few seconds before moving down to her clit which looked so tempting.

I could see her clit was already erect and her body wet. She was dripping as her body couldn't stop whining in pleasure.

I smirked in my mind, as I anticipated her reaction when I got down to the first stage of satisfaction.

Bringing my tongue to the entrance of her clit, I began to play with it. Slowly. Twirling my

tongue around its perky wall. She tasted just as I had imagined.

I stopped playing with it and dug my tongue into her clit as I rummage deeper and deeper thrusting my tongue around its walls.

I felt my mate twisting in ecstasy as she tried to hold in her moans.

"Not good, baby. You have to moan and scream my name." I said, chuckling at her suppressed emotions.

Without waiting for her response, I bury my mouth inside, as I began to suck and lick all over. She was damn sweet!

She let out a moan that drove me insane. I guess I underestimated her powers over my sexual urge. I removed my tongue from her clitoris just for a second before dipping my finger inside.

She was so tight as her walls clasped my finger tightly. It must be her first time, I guess. I didn't want to hurt her, so I removed my finger.

She was still moaning loudly and my body was quivering to the sound of her ecstasy. I felt myself losing it at her moan and if I don't get down to business, I will surely spill out in the open.

As I positioned myself in her entrance, wanting to go in, she held me tightly.

"It's... it's my first time." I heard her say.

"It will hurt at first, but it will be alright in the end. Just don't think about it, baby." I whispered into her ears.

I watched as she closed her eyes and her body tensed up in fear. This won't do, I have to take her mind off the pain.

I didn't answer her again but rather kissed her on her lips, trying to calm her emotions. As she was engrossed in the kissing and I felt her body loosening, I entered her slowly.

She let out a muffled painful moan because my mouth was still kissing her. I felt a tear escaping from her eyes, but it was now or never. I had to continue.

I entered her once again, this time slower than before. Seeing her body was real, I began thrusting slowly until I gained full access to her body.

Her grip on my body loosen and I could tell that she was enjoying it. I didn't go too fast or too slow. I let our emotions play the rhythm for us.

I kept grinding and thrusting her. She was

damn tight and sweet. My whole body shook at every thrust and I couldn't get enough of her.

Her moans were gradually becoming high-pitched as my thrust became faster and stronger. I was about to release myself, even though I didn't want to stop.

I kept moving in and out until I finally released all my seeds into her and we both laid tiredly on the bed.

I rolled to her side and planted a kiss on her forehead.

But before I fell asleep, it seemed like the moon shone brightly as it lit up the face of my sleeping mate.

I woke up again feeling the urge to go down with her once more. It seemed I couldn't get enough of her tonight. She was too alluring.

I placed my lips on hers again and began rummaging it. A moan escaped her mouth as she slowly opened her eyes.

I immediately pushed my fingers into her clit once again and I was pleased that she was responsive to my touch. She was damn wet again.

I used my finger to keep thrusting her slowly

and she let out moans that drove me crazy. I removed my mouth from hers and brought it down to her boobs. I sucked on those succulent boobs again.

I could feel her twisting her body and her hand suddenly went to my crotch. I felt my body tingling and I almost lost my breath for a minute.

She guided my crotch down to her clit and I knew she wanted me inside her.

"Can't wait, can you?" I smirked at her.

She smiled as she continued what she was doing. I helped her position it.

"Will... will it still hurt again?" I heard her timid question.

I didn't answer her, but gently pushed it in, watching her expression. "Does it still hurt?"

She shook her head, but then she whispered. "But it's kinda huge!"

I wanted to laugh at her words, but I restrained myself. "It's your first time. How can you tell it's huge?"

She bit her lips. "I... I have heard...the omegas in my pack. They said if... if a woman's hand can't cover a man's... you know, then it's huge."

I swear, I could barely hold back my laughter at her innocent reply. "Then let's get this huge thing working, okay?"

Still holding back my laughter, I entered her once again. I kept thrusting and grinding till we both released at the same time.

I kissed her forehead as I let her sleep more. It will dawn soon and we will soon be on our way home.

I wanted her to rest a little before we began our journey.

I stared at the face again. She was the same girl I left at the hospital, but why was she here? How did she get to this place? How did she know I was here?"

Wasn't Laci supposed to watch over her? Did she sneak out just to help me?

As I was thinking about all these questions, I slowly drifted to sleep.

I woke up with the sun shining brightly and my beta was knocking on the door of my room. We were given rooms at the mansion of the alpha of the district we just saved.

I turned to look at the other side of the bed so I could see the beautiful face of my mate.

But I was surprised to see an empty bed.

She wasn't in the room again. I quickly jumped out of the bed and was heading outside when I remembered I was naked.

I hurriedly put on my clothes and came out only to see my warriors were all set to leave.

"Where is she?" I asked Chester.

He looked at me in confusion, "I thought she was with you?"

"She was with me, but I couldn't find her when I woke up this morning," I replied, looking around the mansion.

"Maybe she left already," he said. Then he drew closer to me. "Is she another mate or the girl we left at the hospital?"

"She is the girl we left at the hospital."

"But why would she leave like that?" Chester asked.

"I don't know," I answered, honestly.

"Ayyyy! How could she leave after a steamy night like that?" Chester whispered in my ears.

I glared at him as my face turned red. "Shut the hell up! Let's leave right away!"

I knew he would know because his room was just next to mine!
