

## 163 CONSEQUENCES OF THEIR ACTIONS

Jasmine held onto the pole that would have landed on the girl firmly, stopping Lisa from hitting her violently. 1

Lisa gaped at her in shock.

"How dare you!" Lisa screamed.

She tried to pull the pole away from her grip, but Jasmine held onto it, preventing it from reaching impact.

"Don't do it," Jasmine said.

The girl Jasmine had been protecting took off the bedcovers and sat up in amazement as Jasmine held onto the pole as Lisa and she dragged for it.

Lisa screamed. "Let go, you ugly bitch!"

But Jasmine held onto it firmly while Lisa struggled.

Then, Lisa finally pulled it free from Jasmine's grasp.

The force at which she dragged it away forcefully sent her propelling back on the floor, and she landed hard on her bum.

**Lisa screamed as she scrambled up to her feet.**

**She went straight for Jasmine and began strangling her.**

**"I'll show you never in your life mess with me," Lisa swore as she began throwing punches at Jasmine.**

**The other girls cheered. "Yes! Beat her! Beat her up, Lisa!"**

**Jasmine and Lisa rolled down on the floor as Lisa went on Jasmine and sat down on her body as she beat her.**

**Jasmine tried to fight her off by restraining her.**

**The other girls were screaming and cheering.**

**"Fight! Fight! Fight!" They announced as the battle continued.**

**Then, from nowhere, someone jumped on Lisa, and Lisa screamed.**

**It was the girl Jasmine had saved from being hit with a pole by Lisa.**

**"Get off of me, you bitch!" Lisa screamed.**

**But the girl was already on her and dealing her more blows.**

**The girls were still cheering even though Lisa was now getting beat up.**

The three ensued in a heated fight while the other girls chanted.

Only Mya stood far away, watching, tensed.

"I will show you that you do not test me."

The serving girl said as she dragged Lisa's hair.

Jasmine tried to stop her. "It's enough. She isn't worth it!"

"Like bloody hell, she is not!" The girl responded, pushing Jasmine away and resuming beating Lisa.

Lisa's face was now vibrant red, and it looked like she was about to explode.

There was a loud slam, and then Lady Belinda came in.

"Enough! Enough." She screamed as she marched through the crowd.

The girls quickly gave way, and the noise calmed down.

Meanwhile, the three girls were still fighting.

"Enough!" Lady Belinda screamed. "Enough, I say!"

And then, she was forced to separate the three girls.

She dragged the serving girl away from Lisa's

grip.

"Let her go." Lady Belinda said as she pried her hands from Lisa's hair.

Lady Devine, who was Lady Belinda's assistant, was right behind her and also dragging Jasmine and Lisa away.

"I said enough!" Lady Belinda said.

All the girls were a shriveled mess, with their hair and clothes all rumped.

Lisa was the worst of all three.

Her front hair was almost uprooted from the scalp, and her dress was in tatters.

"You stupid bitch if I get my hands on you!" Lisa swore at the serving girl even though they were now well separated.

"Ha!" The girl scoffed. "Come fight me when you have grown back your hair!" 6

Then Lisa put her hand through her hair and realized what had happened.

She felt the hair and screamed when she touched it, being set apart from her head.

"You stupid bitch! When I get my hands on you, you will know never to test me! I will ruin your life!" Lisa said, struggling to run off and fight the serving girl.

"Bring it on, harlot!" The girl responded.

Then Lady Belinda and Lady Devine had to hold on to each other as they struggled to be free and resume their fight.

"I said Enough the both of you!" Lady Belinda's thunderous voice said.

Lisa fumed but was able to calm down.

The other girl folded her arms and reluctantly maintained peace.

Lady Belinda looked at the both of them, from one woman to the other.

"What is the matter with you girls?" She demanded. "Just look at yourselves! You are an absolute mess!"

Both girls sulked but did not counter what she was saying.

"Just look at yourselves!" Lady Belinda repeated at them.

Lisa tried to adjust her dress even though it was to no avail.

"Lisa, you look like you have just been dragged through the face of the earth," Lady Belinda said, turning to the serving girl. And you should be ashamed of yourself for fighting like a barbarian."

Then Lady Belinda looked at Jasmine.

"And you!"

She shook her head. "Why do I always have to find you in the middle of a fight." 1

Jasmine said nothing.

Then Lisa started to speak up.

"Lady Belinda, she was the one who started it!" Lisa said, pointing at Jasmine. "We all know she is bad news! And then, the other girl tried to get in between us and began hitting me. The girls can testify to everything!"

She turned to look at them for support, and they quickly began to nod in agreement and say. "Yes. We all indeed saw what happened."

Lady Belinda rolled her eyes. "Please do not speak as if I do not know that you control all the serving she-wolves."

Lisa's face squeezed into a tight frown.

"You three will be severely punished for what you have done." Lady Belinda said.

Lisa gasped. "B-but Lady Belinda-

"Silence!" Lady Belinda said. "You were strictly warned not to touch Jasmine. I had said it. Direct orders from the alpha himself, yet you disobeyed me. Directly disobeying HIM!"

There was a silence in the room.

Lady Belinda adjusted her dress. "Or maybe perhaps you want me to handle this matter himself!"

The three girls all shouted, "No!"

But Jasmine's was the loudest.

She had been in more than enough trouble with Xaden already.

"That is what I thought." Lady Belinda said.

With that, she turned back toward the other girls and said. "You all shall be meted out your punishments because pray tell how you can witness a fight and do absolutely nothing."

The girls all looked down at their feet without saying a word.

"You should be ashamed of yourselves." She said.

There was a pin-drop silence in the room.

She turned to the group of girls who had been chanting. "Lady Devine would handle you all in accordance."

And then she turned and back to the three girls.

"You three come with me this very instant!" Lady Belinda instructed as she headed out of the room.

The three girls followed her as she led them down to the fields.

"You will clear this entire field off of the weeds."  
She said. "I do not want to see a single weed  
lying around."

"B-but this is going to take forever!" Lisa wailed.  
"W-what are we even going to use to clean this  
up?!"

"There are a good number of rakes in that  
corner." Lady Belinda indicated. "Make your due  
choices."

Lisa fumed as she saw Lady Belinda turn her  
back on them and proceed to leave.

Lisa hurried off to pick up a rake and tried to  
begin raking the weeds off.

It was useless as she barely did anything at all.

"This is useless! This was not even my doing!"  
Lisa scowled. 2

She angrily took a seat on the rock and folded  
her arms. "I am going to do absolutely nothing!" 1

The serving girl and Jasmine had already picked  
up their rakes and began working quietly.

When the serving girl saw what she was doing,  
she lost her cool and fumed.

"Hey, you better pick up that rake!" She warned  
her. "I am here because of you, and I will not let  
this punishment because you are a lazy slut!"

Lisa folded her arms and turned away. "Nothing you do will make me work." Lisa sneered.

Jasmine spoke up. "Just ignore her. The earlier we are done. The better."

"We are not your slaves! We are all getting punished, so we have to do the work together! I do not want to spend any more second with you, any less than you do!" the girl flared up.

But Lisa maintained her saucy meh attitude and folded her arms, her face looking upward, obviously not listening to the conversation.

"Why, you little!

The girl was about to start fighting with Lisa again when Lady Belinda reappeared.

"I leave for barely five minutes! Barely five minutes!" Lady Belinda exclaimed. "And you want to kill yourselves again!"

The girl turned to Lady Belinda. "It is Lisa! Look at her! She is still sitting down while we work! She does not want to do anything!"

It was then Lady Belinda turned to look at Lisa in anger. "Is this true?"

Lisa squeezed her face.

"That is it!" Lady Belinda snapped. "Up! You will be sharing your own space. And if this is not

done before sunset, you will be taken to Alpha Xaden Himself!"
