

177 LISA'S PLANS

LISA'S POV 1

After Lisa had finished chatting and filing Lady Lily's mind with doubts and lingering thoughts of Xaden and Fiona, she went back to her room satisfied.

It was evident that Alpha Xaden did not care much about either Lady Aurora or Lady Lily, even though she was his mate.

He had made that quite obvious already at least it was Lisa who could see through it. The other women were just too dumb.

It was only Jasmine he cared about.

He had shown it to everyone in the pack times without a number.

They were just too stupid to see it.

But Alpha Xaden had a duty to Lady Lily, and Lady Lily had said she was going to try to talk her uncle out of leaving the pack after Lisa had finished spilling so many lies.

If Lady Lily indeed left, she would be left with Lady Aurora.

Lady Aurora's time was coming to an end very soon in the pack. She could smell it, and if she

left, only Jasmine would remain.

She would rather die than see Jasmine rise to the ranks of even being Alpha Xaden's mistress.

That spot was meant to be reserved for him and only her.

But if Lady Lily stayed, she would have an anchor while she worked her way up to making Alpha Xaden fall in love with her.

She was too bright, and she felt accomplished as she lay down in her bed to sleep.

But then, a short while after, she heard their door creak open.

She was facing the other side, so she was able to see who it was.

It was Jasmine.

That was true. No one had seen her since she had been dragged off by Alpha Xaden.

Lisa walked as she went to sleep in her bed. 1

She knew for sure that Jasmine had spent the night with their master, and Lisa boiled in fury.

She was about to go back to sleep when she started hearing Fiona and Jasmine discussing.

Her intrusive thoughts won; being the Queen gossip, she oversaw all the information.

She gasped as she listened to everything they were saying.

Secrets about Fiona being high-born and on a mission to kill the royal family.

That one might be useful.

But she doubted it; Fiona was fierce and did not let herself be intimidated so easily.

She listened some more.

Her wolf had the ability to use its power and was able to hear things from afar even though she was at the other end of the room. 2

Then she heard Jasmine say she was the bastard child of Alpha Bale.

She gasped.

And quickly closed her mouth.

The two women stopped talking for a few seconds and then resumed.

This was big news.

Jasmine was not Alpha Bale's daughter? 4

This was huge!

This could send Jasmine out of the pack

For good!

Was this why Alpha Alexander was using Jasmine

to his own side?

Because he knew about her secret?

So Alpha Xaden was being deceived all this while?

Oh, imagine someone were to tell Alpha Xaden this before Jasmine had the chance. How disastrous, she thought to herself!

Alpha Xaden would realize he had been taken for a fool this entire time. 2

A law would be broken, and then he would report to the wolf council and attack Alpha Bale before he even had the chance to defend himself.

And who would be the one to do such an honor of telling the Alpha such truth?

None but herself.

Lisa smiled devilishly. 2

She was not going to meet stupid old Aurora she would tell him herself so that she would gain favor in his sight.

Things were working out for her!

Then she overheard Fiona say.

"Fine, I shall not tell him, but you shall. One way or the other, or I will tell him myself."

Jasmine swallowed. "Will you like it? If I told everyone about you. That you are not meant to be a slave?!"

"It is not the same thing. If that is what you wish to do, then so be it. I would rather let you expose me than let such a monster get away with all of this!"

There was silence. "You will tell him before nightfall today, or I shall tell him myself. You are being puppeteered by people who betrayed you from the beginning, and I shall put an end to it."

And then there was silence between both women.

Lisa needed to meet Alpha Xaden! And she needed to do it quickly!

At least before Jasmine had the chance to!

Early the following day, Lisa was up.

Fiona and Jasmine were making up their beds.

She felt so fulfilled as she walked up to them.

"Good morning, girlies." Lisa said.

Jasmine and Fiona gave her a dirty look.

"What do you want?" Fiona asked, irritated.

Lisa smiled and put her hands on her waist.

"Today is going to be a good day. Do you not

think so?" She asked as she breathed in the air.
"Shiny, and lovely weather."

Thunderstruck as the rain that fell yesterday
night resumed.

"You are sick," Fiona said.

Her girls were behind her. "Quite the opposite. It
is a lovely weather."

"It is raining." One girl informed her behind.

"Did I ask you for your opinion on speaking?" She
snapped.

The girl quickly hushed then Lisa turned back to
Fiona and Lisa. 1

"Today will be a very good day." She repeated. "I
know something great is

Going to happen."

She was not stupid.

She was not going to tell them what she knew. If
Jasmine were alone, she would have, but she
now had that bully at her back.

Fiona!

And she knew that Fiona would probably lull her
if she knew.

She did not want to admit it, but she was scared
of Fiona even more than Lady Aurora.

177 LISA'S PLANS

All she had to do was go meet Alpha Xaden herself.

She smiled at them and went on her way out of the room.

"Did she hit her head?" Jasmine asked.

Even her minions were confused and shrugged
