231 LISA'S NEW ALLY

LILY'S POV 1

Lisa who was now well equipped with so much evidence against Jasmine and secrets to unveil was beyond words excited that Alpha Xaden had returned.

How on earth was she going to get her gain if he had died from that useless expenditure he had gone to. 1

But at least he was alive and well.

And most certainly in a better mood since his precious Jasmine was now well and alive.

She shorted in disgust. 1

She was not going to be so precious when she revealed everything to him.

She saw the large number of his men hovering around him.

"My lord." She called out. 1

She rushed up to him in the crowd.

"My lord."

She pushed through the crowd of wolves and managed to meet him.

He almost rammed into her but he stood still.

She breathed heavily when she caught her breath.

"My lord." She said. 1

"What is it Lisa?" He demanded. 1

" I had something important to tell you before you left." She said.

"And if I can recall it was some petty gossip about Jasmine." He said. "Some gossip that I am in not way interested in.I 2

"B-but my lord." She stuttered knowing that she was losing his interest if he even held it at all. 1

"Out of my way." He warned. "And do not come to me again. It would be the last time I am warning you." 1

She swallowed heavily and he had not just spoken to her, he had used his alpha tone and that had sent chills down her spine.

She nodded numbly and then he went past her.

When he had gone she leaned against the wall weakly.

It was only Damian who remained standing.

"Giving such silly ideas to his alpha." Damian said as he passed by. 1

She quickly caught his arm knowing that Damian did not like Jasmine one bit.

"Wait you have to believe me." She said. "What I have about Jasmine his majesty has to know. It is of the most importance." 1

Damian snorted in disgust.

"I am equally not ingested in such silly talks." He said as he proceeded to go away. 1

"Jasmine is an imposter!" She shouted and then Damian stopped . 1

"What did you say?" He asked turning back to look at her. 1

"Jasmine is an imposter." She said again. 3

He rushed up to her and closed her mouth firmly with his hand 1

"Do you have any idea what you are saying?" He asked. "Any idea what the words you have just spoken can do to you or worse where it might land you in?" 1

She pushed his hand away from her mouth.

"Yes I am fully aware of what can happen to

me." She said. "Hence why I am saying it. Do you truly take me for a fool and perhaps belive that I would lay such a claim without having any proof at all?" 2

He eyes her skeptically. "You are cunning but that does not mean you are quite smart." 1

She sighed. "Jasmine is not who she says she is. She is not the daughter of alpha bale and his wife Luna Maria. She not the daughter her has wanted and most of all she is not loved." 6

Damian eyed her and then he folded his arms ."So let us say that this information you have is true. Where is your proof?" 1

Lisa sighed deep with relief delighted at the fact that she had someone that she could finally tell.

"Come with me." She said as she took his hand pulled him up the stairs.

They went towards the servant's quarters and kept on going until they went into a little room.

She unlocked it with a key she has and he saw that it was a small store for working utensils. 1

She pushed aside the mops and brooms and then she stood at the ground.

He frowned, well angry and furious at her with the belief that she had fooled him and he had stupidly followed her. 1

"You had led me here as a joke?" He demanded angrily.

She went down to the ground and to us surprise she opened a secret compartment in the floor. 2

Then she looked up at him. 1

"Be patient will you?" She asked him her brow up. 1

And then she pulled open the little box and removed a large box. 2

She placed it beside her and then when she opened it an owl flew out. 2

She caught it and then handed it to Damian.

She pulled out a loc of hair and then a scroll.

"What is all this?" He asked.

"That is a message owl that Jasmine uses to discuss with her pack. She gives them information about us through it and then they in return give her messages." She nodded at the owl. 2

Damian touched the chest of the owl and he

knew instantly that it was true.

She handed him the scroll and then collected the owl.

He opened it and read through the contents. "Where did you find this?"

"It was with Aurora before she died. She told me to give alpha Xaden if anything happened 1

To her." Lisa lied.

Damian was breathing so hard. This was so much to take in and he knew that it was legit. He had known from day one that Jasmine was a liar and a deceiver.

Once Xaden discovered this he would be furious and that would be the end of her in the pack.

This spoke of deceit and that gave Xaden the right to kill Alpha Bale without having to wait for the new moon.

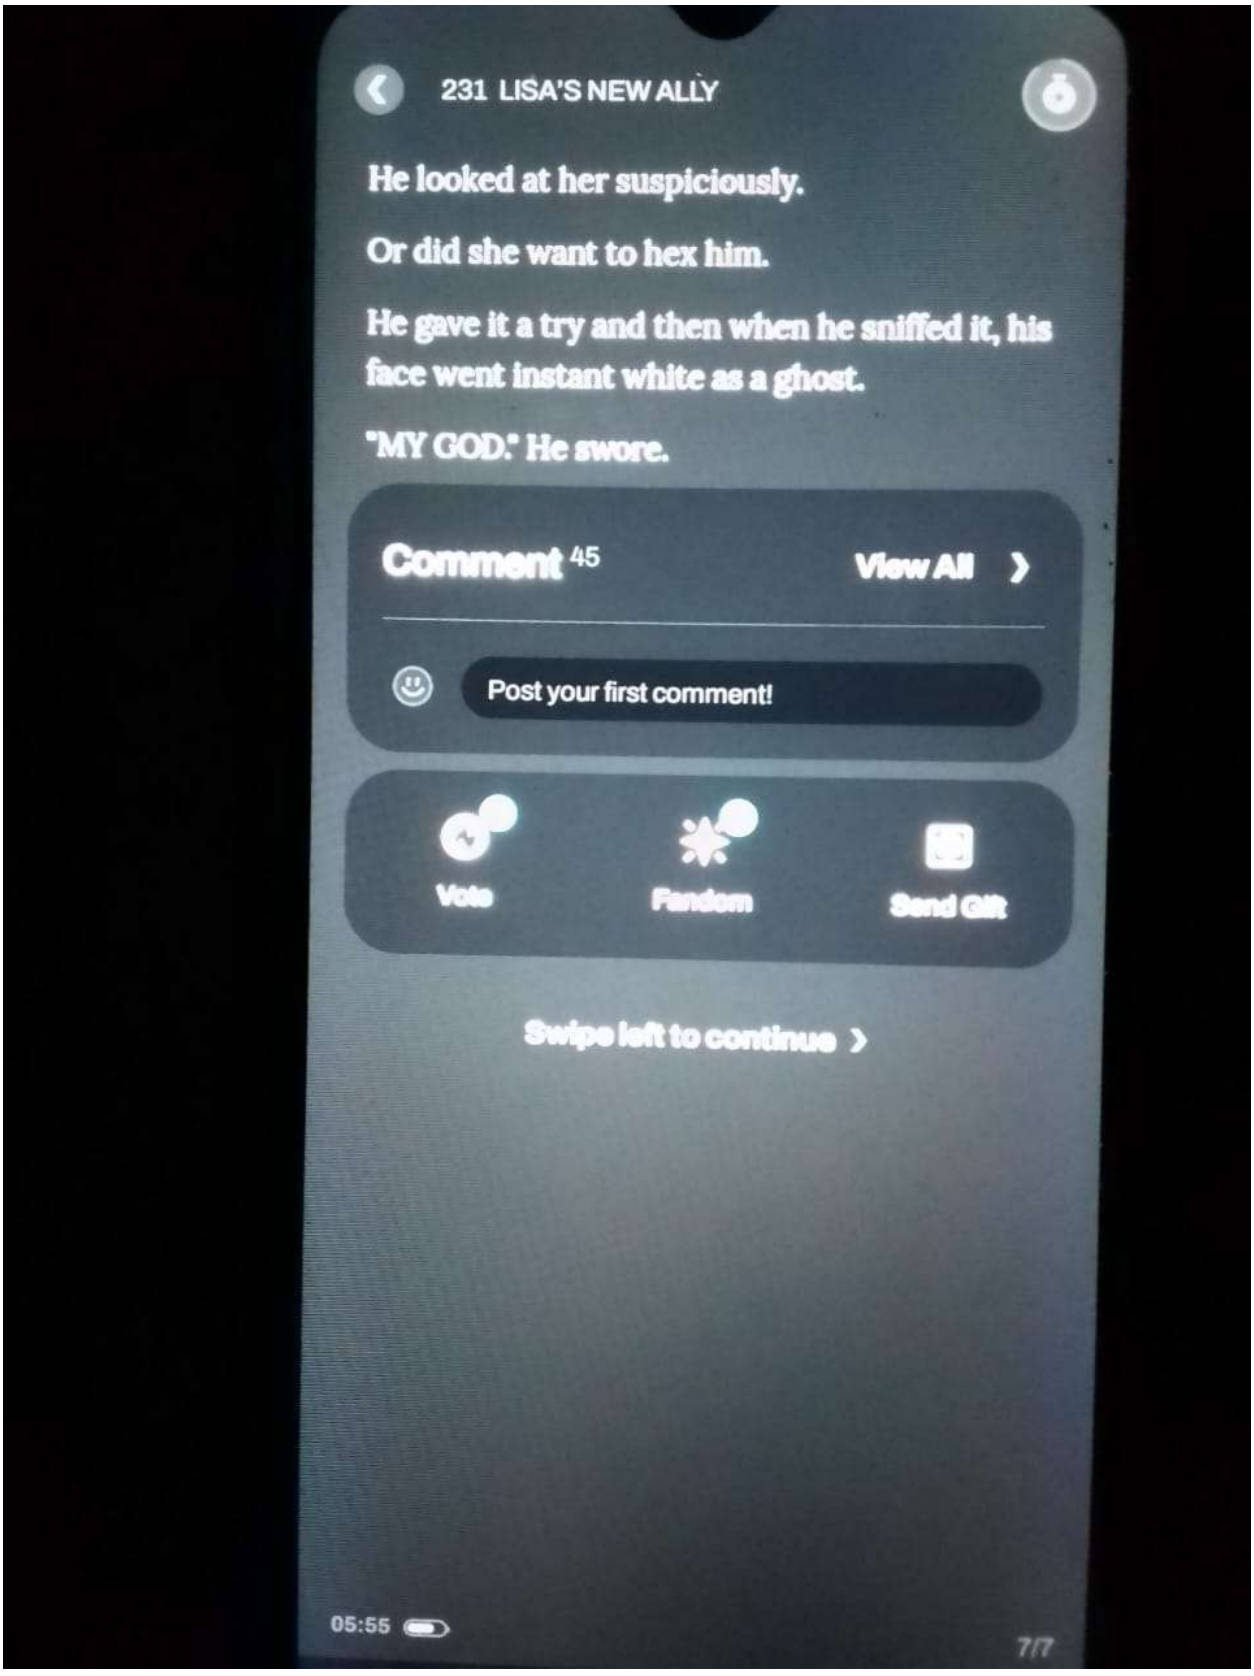

"That is not all." She said. 1

And then she handed him the loc of hair.

He frowned and received it.

"What am I supposed to do with it?" He asked

"Smell it." She said.

He looked at her suspiciously.
Or did she want to hex him.
He gave it a try and then when he sniffed it, his face went instant white as a ghost.
"MY GOD." He swore.
