362 AN OFFER NOT TO BE MISSED

Jasmine felt the terrible wave of nausea once again as she walked past the hallways and found herself in the kitchen . 1

She placed her hand against the wall and tried to fight the dizzy spells that overwhelmed her.

Why did she still feel this way?

Mya was already making pastries and assisting the other kitchen staff when she saw her.

"Jasmine are you okay?" Mya asked.

Jasmine nodded as she gave herself a minute to tone down her dizziness.

"Yes I'm fine." She managed with a weak smile.

Then she stood tall and cleared her throat.

"Good morning everyone." Jasmine greeted pleasantly. "I have spoken to Alpha Xaden and there is going to be an extensive work put into the rearrangement of this kitchen."

The workers murmured amongst themselves while some beamed with happiness.

"I would appreciate it if everyone came to me

with their complaints or things they want changed to make woke more conducive for them." She further expressed.

"Does this mean you are really heading us?" A mad asked.

"Yes for the mean time." Jasmine answered honestly.

One of the kitchen staff, spat as Jasmine said those words and then turned her face away.

There were a few others she could see that were not delighted with her new role.

"If anyone is not comfortable with me heading them, then they are very free to leave on their own accord." Jasmine informed.

The women said some words under their breaths but refused to voice it out.

No one said anything aloud.

Jasmine cleared her throat and said. "Since no one has any objections then I would come by later in the evening when you all have gathered your complaints and interview you."

And then Jasmine turned away from the kitchen.

She knew that most of them still hated her

because of who her father was and what he had done to them.

She told herself that it was only a matter of time and she didn't really blame them.

She informed Mya that she would returned later and then as she headed down the other hallway, she came across none other than uther.

She felt her skin go cold and she increased her pace so she could how her head and go past him.

But when they were at each other's elbows he stopped her.

"Jasmine." He said.

"Yes my lord." She said breathing heavily.

She could feel his eyes in her full bosom and she was disgusted.

She wanted to throw her hands over them and conceal them but her dresses wouldn't let her.

He licked his lips and she knew that he was just as bad as the other wolves she had met.

All seeking her body.

"Your meal was delicious." He said. "Different from what we have been eating here."

"Thank you." She replied and then started to leave.

"But that does not mean that I trust you." He stated clearly. "I still hate you and your family for what you did to me."

Jasmine swallowed. "I believe my father has paid for his sin death."

Uther's face went cold, but he very gently caught her chin and looked down at her.

"You have a very smart mouth and it I were you, I would control it."

A few maids came past and then he quickly let her go.

"I would like to make an offer to you." He said. "If you come to by bed chamber later at night for us to speak in somethings, then I would give you a permanent slot in this pack".

Jasmine's mouth dropped in shock.

"Surely you don't expect Xaden to keep you." Uther said.

"I am your nephew's bonded. Even though it was not by the right means, I am still his bonded." Jasmine said.

"You are his whore." Uther spat viciously. "I am

offering you an opportunity of a lifetime. Take it or deal with the repercussions of your actions. I have a very soft side in my nephew's heart. What do you think he would say when I tell him that you have been fraternizing with me. Trying to seduce me." 1

Jasmine tried her best to regain control of the situation. "I will not take such an offer. I belong to Alpha Xaden and no one else."

She started to leave when he grabbed her arm and pulled her to him.

"You slut." He spat and held her so tightly that his finger nails dug into her arm. "You tnink you are smart and special don't you. You think the world revolves around you don't you? Let me tell you now. You are nothing! Nothing! Xaden is going to marry his mate Lily and then Erik would marry Anna. Everyone is going to be happy and soon you would be discarded, forgotten. If you don't want that for yourself then you better take my offer wisely."

She gripped her arm free from his grip.

"I have told you already. You better choose wisely." Uther said and with that he walked away.

She was disgusted by him.

Xaden had so much people around him but few were genuine. 1

He would never believe her if she told him that his uncle has just tried to make her his whore.

The same way Xaden would never believe it if she told him about who Anna truly was. 1

She looked at her arm and felt sick seeing her blood.

She started to feel dizzy once again .

She shook it away and took in a deep breath before going around to resume her work.

She went to the servants and began instructing them on their new chores.

She laid out better ways she believed work would be easier for them.

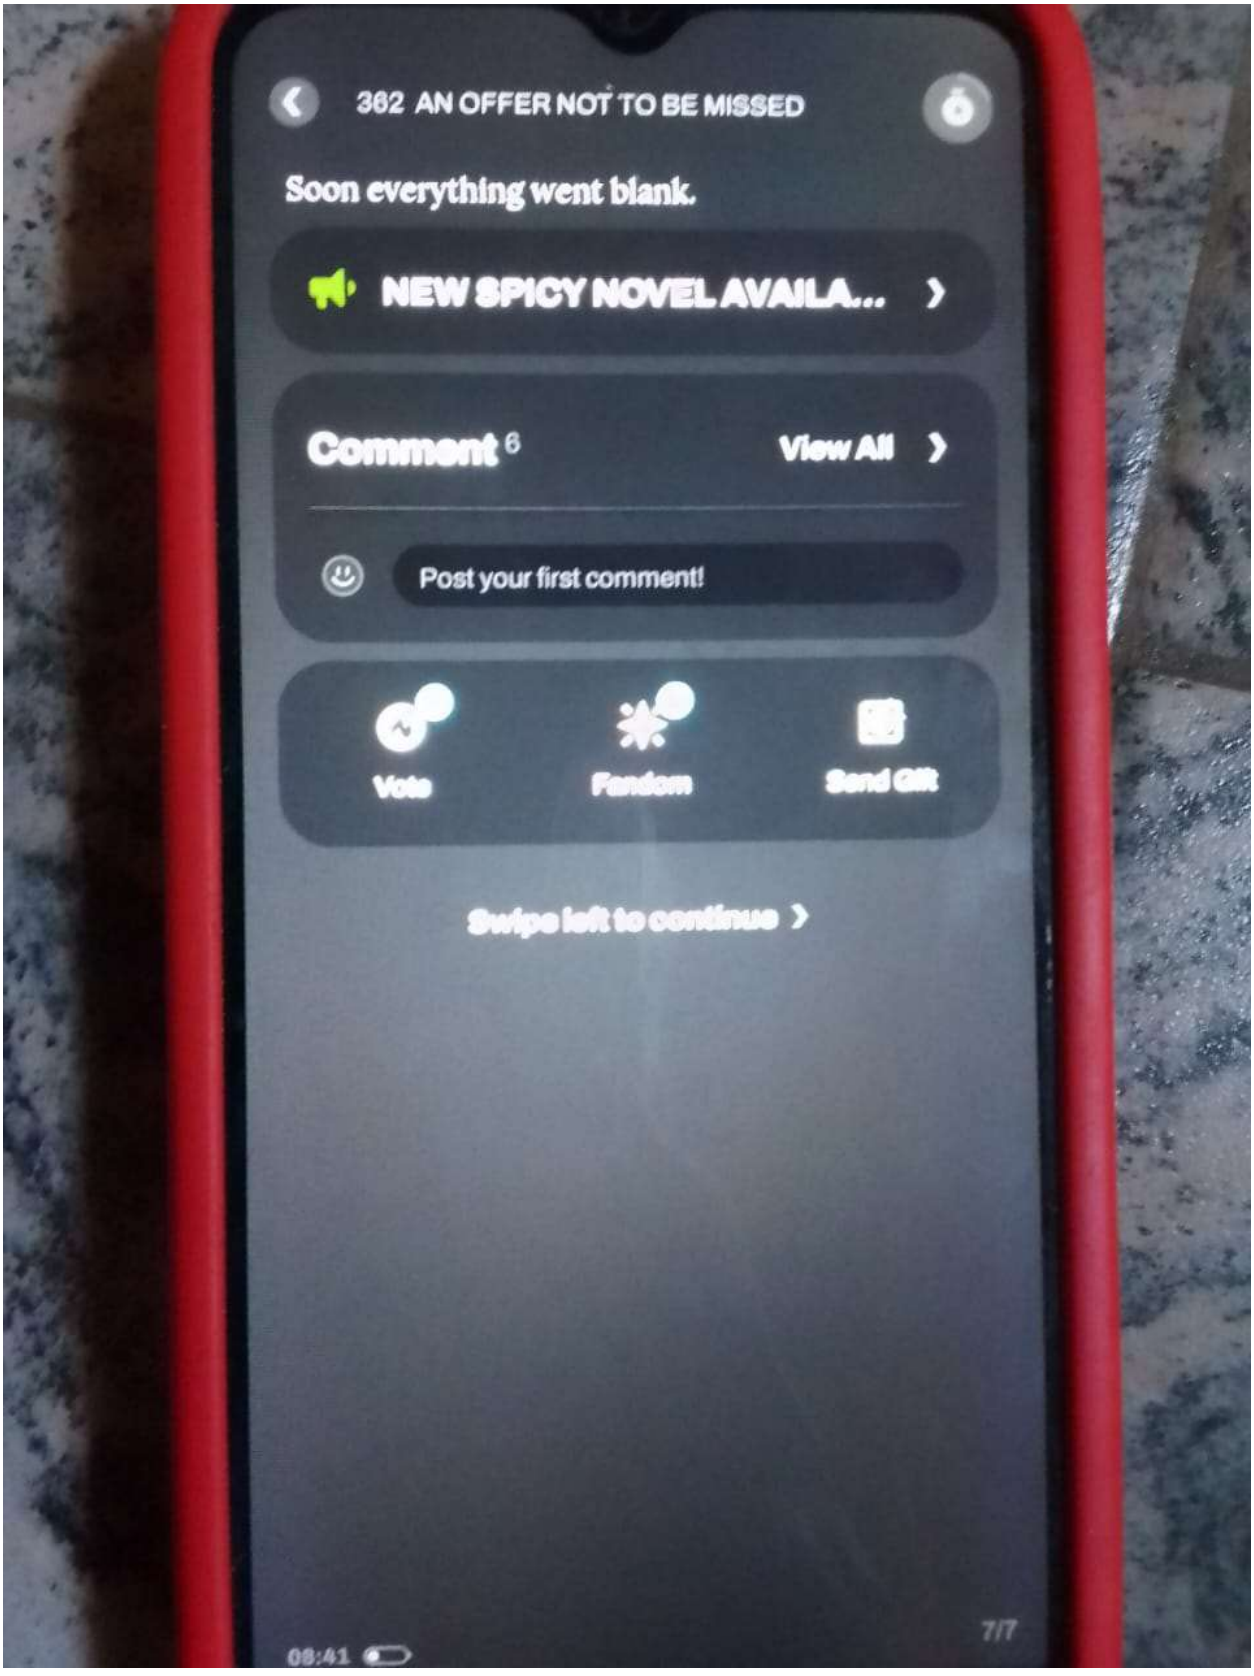

All of a sudden she started to feel herself go dizzy again.

She stumbled and placed her head on her forehead . 1

"Are you okay?" She heard someone ask.

She nodded, but she began to feel dizzy again.

She felt herself burn up and the voices began to fade.
