

U. CEO Daddy 1021

Chapter 1021

In the early morning, Xing Yifan was sleeping. He felt something fluffy around his neck agitating his skin. He immediately opened his eyes and curled up a kitten beside his pillow. He was throwing his side face with a small head, which was very intimate.

Xing Yifan immediately turned sideways, looked at Ono at a close distance, and looked at its clean glass like eyes, as if his good mood of the day was obtained from these eyes.

"You're not good." Xing Yifan, with a deep smile and scolding, stroked the head of Ono and got up.

The one meter eight five-year body, with years of satin training, is compact and powerful. Its strong but not exaggerated muscles and proper lines are perfect.

Wearing only a pair of black pajamas, he got up and went to the bathroom. However, Xing Yifan found that no matter where he went, the little guy followed him, with short legs sprouting, which didn't affect his jumping at all.

Xing Yifan's eyes were really attracted by this little guy. After washing and washing, he went upstairs to do exercises. The little guy also came up and jumped on the fitness equipment.

Then, when a jump is not enough, there is a scene of face brake, which makes the man who is doing sit ups laugh directly.

Ono shook his head, walked to him, squatted, and looked at him with big innocent and aggrieved eyes.

After doing some Satin exercises, Xing Yifan is going to go downstairs and get breakfast for Ono.

After breakfast, Xing Yifan was also a quiet person. He came to a green lawn in front of his villa, holding a cat stick to tickle Ono, and looked at his two short legs as if they were always waving their hands, like a little money cat.

Xing Yifan couldn't help but chuckle, "is there such a small fortune cat as you?"

But Ono was very serious. He wanted to catch enough of his cat stick. Xing Yifan teased for a while. He picked up a book from it, sat on the balcony next to his villa, basked in the morning sun, and read it.

Occasionally also teases the cat's day, lives very fast, in a twinkling of an eye, blue thousand Chen accompanies the fellow to have a vacation also to return home.

It's only a week before they go abroad together.

Xing Yifan received a call from the little guy today, and his mother bought her a short legged cat of the same breed.

"Mom, how can I buy the same one!" Xing Yifan asked a little gloomily.

"It's easy to breed in the future!" Mrs. Xing said with great foresight.

This made Xing Yifan's handsome face stiff for a few seconds. Looking at the little milk cat still at his feet, he had no words. "Mom, what's this

"When Ono grows up, isn't it lovely to have a litter of kittens?"

Xing Yifan and the little guy made a phone call for a while, and then received LAN Qianchen. He just had time to come out and let him play golf with him. Xing Yifan naturally wanted to relax.

So he took Ono with him.

This makes LAN Qianchen look at the tall man walking towards him, and he even holds a little milk cat. This picture makes him want to laugh.

"That's how you like this kitten?" Although LAN Qianchen also likes it, Xing Yifan obviously loves it even more.

Although just bought back less than half a month, his relationship with Ono's master and servant has been established completely. He feels that Ono will be kept by his side all his life.

Five days later, the time for Xing Yifan and LAN Qianchen to go abroad is getting closer.

In the villa area, a white BMW sedan drove in, only to see the sedan stopped in front of a single villa, a slender and charming girl stepped down, about one meter six five, micro curly long hair, clean white T, with a pair of milk pants.

If you only look at the back, it must be perfect. At this time, the girl turns around and looks around at Shengbo with a pair of clean and clear eyes. Her delicate and soft facial features are naturally beautiful without any artificial trace, as if she was born with a beautiful face.

The girl went to the house number and looked at the house number. She took out her mobile phone and checked it carefully. That's right. This is her rich little aunt's mansion in China.

She has just returned from studying abroad. As a cartoonist, she is going to find a quiet place to finish her work. Unexpectedly, my aunt asked her to come and show her the house.

My aunt married a rich man from abroad. She was not in China for many years. She only came back to visit her family once every autumn. This mansion is one of the properties she bought. At this time, the girl's phone rang, she picked up a look, Qingtian picked up, "Hello! Little aunt. "

"Did Xia Xia find the house number? You try to press the password to go in and have a look. These two days you let the housekeeper come and clean it. It shouldn't be too dirty. " There came the demure voice of the woman.

"Yes, I am at the gate of the villa! I'll try with the password. " With that, Bai Xia reached out and pressed the six digit code, and saw that the door which had not been opened for a long time opened with a light tap.

White summer Dynasty telephone that end way, "little aunt, I found right, I first move a gift into."

"Good! You can rest assured! Usually pay for water, electricity and gas. It's quiet, just right for your job. ""Well!" Bai Xia replied gratefully, "then I'll go first."

After hanging up the phone, the girl walked into the hall of the villa and looked at the luxurious decoration. She slightly wowed that xiaoyibukui was the title of the rich woman in the family. A set of villas she left unused at will were decorated in such a luxurious and high-grade way.

Bai Xia looks at the dirty floor. She doesn't want to ask for housekeeping. She can do this kind of cleaning.

After she opened the door and drove in the car, she rolled up her sleeves and cheered. She was a young cartoonist who had just come back from studying abroad, and she was as beautiful as a girl in a cartoon.

In the evening, she was so tired that she went to the top floor, holding a cup of coffee and enjoying the rare sunset. This is a single villa with the best location in this area, with a wider and wider vision. Besides, it is surrounded by green landscape, clear air and first-class security system. Like a girl, she lives in the top floor. This kind of high-grade villa is also safe.

At this time, Bai Xia's eyes saw another villa 1000 meters away. There were only two single villas here. She couldn't help thinking about it and didn't know who lived next to her.

However, it's not too close. Bai Xia is just curious and goes downstairs. She has been working for most of the day, but only received the hall. In the next few days, she will try the whole villa again.

Just as she was going downstairs, on the villa Avenue next to her, a black cross-country vehicle drove up, the iron door of the villa opened automatically, and the cross-country vehicle drove in slowly.

At seven o'clock in the evening, Xing Yifan had breakfast and was writing his paper on the balcony on the second floor. He noticed coldly that the villa nearby was lit up.

It seems that his neighbor has moved in. Although he is not interested in learning about it, he suddenly has more popularity, which is not bad.

At this time, only one meow was heard. Ono's squatting body immediately jumped into his arms, curled up in a small circle, and slept in the man's abdomen. Xing Yifan watched the little guy, but did not catch up with him, and continued to work late.

In the villa next to her, Bai Xia was so tired that she fell asleep in one of her chosen rooms. However, because she was afraid of the dark on the first night, the lights of her whole villa were on until dawn.

In the early morning, Xing Yifan heard the sound of rain outside the window. He frowned. He had no idea that he didn't like rainy days. He sat up beside his quilt, and Ono was still sleeping soundly.

Xing Yifan was gently lifted out of bed and opened the curtains. The sky was gray and there was no light. This kind of weather was oppressive and cold. It was already winter. It seems that the last warm sunshine before winter is coming to an end.

After having breakfast, Xing Yifan received a call from his mother to have dinner at home before going abroad.

Xing Yifan promised that he was going to leave at 11 o'clock. At the same time, he would feed Ono first. Because it's rainy, he doesn't plan to take him out of the country. This time when he goes abroad, he will consign him to go abroad with him for a year.

After feeding Ono, the rain outside is still very dense. In order to give Ono a warm home, Xing Yifan doesn't even turn off the central air conditioning.

Chapter 1022

Ono looked at him in a long black trench coat. His little head seemed to understand that he was going out.

This makes it not meow directly. Last time, he took it out with him. This time, he also wanted to go out with him.

Xing Yifan looks at the little guy who follows him to the door. He hooks his lips and smiles. "Ono, you wait for me at home. I'll come back in the afternoon. Behave yourself. Don't run around."

"Meow." Ono cried in a hurry.

"Be obedient." Xing Yifan stroked his little head and gave a gentle command.

After that, Xing Yifan got up and walked to the door. Seeing Ono still beside the sofa, he closed the door with satisfaction and strode to his garage. There were three cars, cars, SUVs and a limited edition gray sports car.

He chose the SUV to go out, and just when he got on the SUV, in the hall, in front of a window that he didn't close tightly, Ono's little short legs stepped on a chair beside him, and immediately his little body leaped to the window. The rain line outside the window was dense. Ono looked at the driving car, and it immediately jumped down regardless of everything.

It quickly ran into the woods, wanted to follow the master, that is, out of the yard, so with its small size, the whole garden want to come out, is also easy.

Ono runs all the way, drilling when he sees the ground, but when he stands in the open place, where is the owner's car shadow?

"Meow..." Ono in the wilderness issued a cry of sadness, the rain drenched its fluffy hair into a small strand, a small strand of wet hanging on its small body, looking at, like a slightly larger mouse, pitifully lying under a tree, shivering.

At this moment, the owner is gone, and he doesn't know how to get home.

"Meow Meow... " It was howling hard, cold and scared, shrinking into a small group, almost frozen.

From the villa next to her, Bai Xia received a express delivery, but because the delivery man was not familiar with the road, she had to say a prominent sign in front of her, let the courier wait a moment, she came out to take it.

Holding her umbrella, she got the express delivery, and was about to stride home. However, when she passed the garden, she suddenly heard a faint cat call.

A cat? Listen to or kitten, Bai Xia immediately distressed four times to look for.

Isn't it a little wild cat? Bai Xia immediately looked for the rain, bent down very patiently, and looked under the trees. Finally, Bai Xia saw a tree, the little poor child shivering with cold.

"What a pity, where's your mother? How can I leave you here! " Bai Xia reaches for it.

Ono shrank.

"Don't be afraid. I'll take you home. You'll freeze to death here. Come home with me!" Bai Xia is also a cat lover. Now, whether it's a little wild cat or a stray cat, she has made up her mind to take it home.

Ono can also see people. What's more, it's a beautiful and gentle girl. It feels a kind of being taken care of from her.

It's small, wet little head, immediately kissed in the palm of Bai Xia's heart miso, and Bai Xia took the opportunity to catch it.

Take it to the direction of home quickly. It's really cold outside. In rainy days, the skin is cold when the wet feeling gets into the clothes.

At the moment, Bai Xia walks into the house with Xiaoye in her arms and looks at the wet kitten with mud on her hair. She can't recognize any species for a while. "I'll give you a bath and blow your hair dry! Be good, or you will be ill. " Bai Xia carries the little guy upstairs.

Ono can be said to be very uncooperative to take a bath, but also the whole body of white summer splashed wet.

Bai Xia giggled, but didn't blame it. Finally, she cleaned up the poor girl. Bai Xia took her to the hair dryer and began to dry her wet hair. Blowing, Onokazu beautiful appearance came out, the hair color is very beautiful, and in the middle of the forehead, that small heart white hair, really special.

"How beautiful you are! Are you okay? Master, don't want you? Have you been kicked out? " White summer heart thinks, where come so cruel master!

On such a cold day, I left a kitten in the grass to get wet. If she hadn't picked it up, it would have been frozen today.

"Don't worry, I'll support you. How about living with me from now on?" Bai Xia smiled and held a clean little field in her arms. After looking at it, she found that it was the female cat. She smiled and stroked its cerebellum pocket and said, "can I give you a name! What can I call you? "

With that, Bai Xia held up the little kitten and looked at it. Most of its hair was gray, and there were two flowers of pure white hair in the color. She suddenly laughed, "how about calling you little one?"

"Meow." The kitten went to a warm home again. It was very happy, and there was a hostess who liked it so much.

Bai Xia picked up Ono as if she had found a good friend. She accompanied him all afternoon. Moreover, there was no cat food or tools for raising cats in her home. She had to go out to buy all the things for him. She went to the supermarket in the morning to buy food. She made a simple lunch by herself. After lunch and a rest, she drove out. At the same time, she went out with the little guy.

Because she's afraid that there are so many places in her home, the little guy will run out strangely. If he gets caught in the rain again, he will be really frozen.

When Bai Xia drove out of the gate of the villa, she could not help but see a powerful off-road vehicle rushing out of the rain. She was a novice at once.

"It's not fatal. It's raining so fast." Bai Xia protested to the owner of the taillight who disappeared in a flash.

And she was very careful driving the car, toward the nearby search for a cat house. The owner of the SUV is Xing Yifan. After eating, he inexplicably thought that there was a window at home that was not closed tightly, for fear that Ono would go out.

Xing Yifan walked quickly to the gate, pressed the fingerprint lock and pushed it away. He called out, "Ono..."

However, as soon as he hears his call, he comes to look for his kitten and is silent.

"Ono..." Xing Yifan's heart was filled with bad premonition, he cried loudly, and then found his room all the way from the hall, and then found every corner of the hall downstairs from upstairs.

"Ono..." Xing Yifan went to a half palm window gap, looked at the chair beside him, and then calculated the height from the window.

His head exploded, he immediately stepped out of the door, regardless of the rain outside, his slender figure stepped out in the rain.

"Ono, Ono, where are you?"

Xing Yifan strode to open the gate and came out of the yard. At the moment, his hair was drenched with ink, which was very pasted and messy. His handsome face was also covered with water drops. He slipped down his strong nose, overflowed his thin lips, and got into the collar of his black sweater.

But at the moment, where can he control what he looks like? He just wanted to find his cat.

Xing Yifan searched the whole garden where the kitten might be hidden, but in response to him, there was only the sound of rain, not even a small cat call.

In such cold weather, if Ono came out to get wet after he left, he would be frozen now.

"Ono..." Xing Yifan's eyes narrowed tightly, showing strong sadness and self reproach.

Because of his carelessness, Ono lost it.

At this moment, he has a despair that he will never find Ono in his life. Even his beloved cat died in a corner of the garden, but he can't do anything. Xing Yifan came back home with heavy steps. He was all wet, dripping water from head to foot. In such a cold winter, he felt cold. However, his heart was empty, as if he had lost a treasure.

However, he didn't know that his love cat was yawning lazily in the warm cage at the moment. Next to him, a slim and beautiful girl was choosing CAT tools with the boss.

Bai Xia is willing to live in such a big villa. She wants to have a cat. The cat is clean, sticky and cute.

In the bright villa, Xing Yifan took a bath and wore a set of pajamas. He also wore a clean bathrobe, but his face seemed to be lovelorn and full of sadness.

His eyes looked at one place, even his eyes were red.

The utensils for raising Ono are still there. Its small rice bowl, its nest and its cat stick are all there.

But the kitten is not there.

Xing Yifan closed his eyes tightly. He picked up his cell phone and said to the blue Qianchen, "I lost Ono."

"What? You lost it so soon! " That end blue thousand Chen is very shocked to ask, "how to get lost?"

"At noon, I promised my mother to go home for dinner. I thought it was inconvenient to take the cat with me in rainy days, so I put it at home. I didn't know that there was still some space left in one of my windows. It just slipped away from there and couldn't be found."

"Even if such a small cat goes out, it can't come back by itself." Blue thousand Chen also sighed.

Xing Yifan covered his face, "come out for a drink later! I'm in a bad mood. "

"Good! I'll leave tomorrow and come back in another year. It's better to relax. I'm out now. See you at the old place. "

"Good!" After Xing Yifan finished, he got up. After he changed a suit of clothes and went downstairs, he picked up an umbrella and went out again. This time, he walked along the whole garden carefully. He was quiet and listened to the surroundings. If Ono was still alive, he would make a cry. However, he stood for more than ten minutes, only the sound of rain beating leaves, no cat's cry.

Xing Yifan sighed. It seems that he really lost it.

Even if he has a strong ability, but some things are not in his scope, just like looking for a lost cat. In such cold weather, Ono either left this place long ago, or really had to leave the world.

Xing Yifan drives away. Tomorrow, he can only go abroad with LAN Qianchen. He wanted to take Ono with him. Now, he can only leave sadly.

In the villa next to her, Bai Xia is not afraid to have a cat as her companion. Therefore, she turned off other lights early, leaving only one lamp in her room to accompany the little cat that she just picked up.

At the moment, she took a piece of paper and began to draw pictures of xiaoduoduo. Her time is free. Now, she is working for a cartoon club and has a job that is leisurely but not short of money.

In the bar! Xing Yifan had several drinks in a row, because he was in a bad mood.

"Well, don't drink so much. I'll get up early tomorrow morning and pack up my luggage! If you like cats, you can have another one abroad! " LAN Qianchen advised.

Xing Yifan narrowed his eyes and shook his head firmly. "I don't care anymore."

"Why?"

"I'm not a cat material." Xing Yifan shakes his head. If he can't raise it, then don't hurt those little lives.

The two drank until 11:30, and Xing liehan's driver came to take them home.

In the evening, Xing Yifan dreamed of Ono. He was very sad for his poor and weak figure.

In the morning, at 10:30, at the International Airport, Junlang, a charming figure pushing the gift box, walked to the VIP waiting hall.

It was LAN Qianhao and his wife who sent them here. LAN Chu wanted to hold him and wave goodbye to LAN Qianchen.

"Big brother..." Blue thousand lips some embarrassed smile, toward blue early read aloud way, "sister-in-law, you go back!! I will take care of myself. "

"Good! Then be careful on your way. " LAN Qianhao waved at them.

Seeing their younger brother enter the waiting hall, LAN chunian and LAN Qianhao embrace each other and step out.

At this time, the airport is very easy to encounter paparazzi, and their eyes are also very poisonous. They saw them at a glance, and hurriedly followed and photographed carefully behind them.

In the afternoon, the pictures of them appearing in the airport were posted on the Internet. However, from the pictures, it seems that the figure of their love is the blessing and envy of fans, because they look so sweet.

Qiao Zhai, Zhuang wennuan is now an important time. The first pregnancy is a very hard thing. Zhuang wennuan has stopped all his work now, even in music. After giving birth, maybe he will think about returning to the music industry when the child is older!

Qiao Muze is also the careful care of Wanxin. Now, his life has become two frontlines, company and family.

Zhuang warm also fully felt her husband's love and care, now, their love crystallization in nine months, will come to this world.

Blue family, blue chunian and blue mother are mother and daughter originally. At this moment, she is still enjoying the love of the family at home. However, blue Qianhao has decided to move her out of blue house and build a love nest in his villa.

Mrs. blue is also the hope to have a grandson in the dark. However, LAN Qianhao is also along with fate! Now, he wants to spend more time with LAN chunian, because he has been waiting for this girl for a long time. Finally, when she comes, where can he afford to let a child make trouble immediately? A month later, Xing Yifan came back, because his sister Xing Yinuo had given birth to a daughter successfully. As an uncle, he would naturally come to visit his niece at the first time.

Wen's family and Xing's family are happy again. Both of them are very happy. In front of Xing Yinuo's bed, Wen Liangyao takes good care of him and makes Xing Yinuo's son have a very successful life.

It's said that when a woman is having a baby, she is easily depressed after childbirth. However, with the company of Wen Liangyao, Xing Yinuo doesn't encounter such a thing. What's more, the baby is so beautiful that she wants to hold it in her arms every day.

Wen Liangyao incarnates as a baby father. He puts everything down to take care of his wife and daughter. Even the nanny's work is rushing to do it!

After Xing Yifan came back, only stayed for a week, he went abroad again. Now, he has a case in his hand that needs to be sued. He has a wide range of occupations. In the economic and financial circles, he has been a figure in the legal circle, and he has become a celebrity in the legal circle.

However, he didn't take the case at sight, but first looked at the case itself. Whether it was worth it or not was worth him to win. If it wasn't worth it, he wouldn't take it at all.

Time flies, time flies, a year is coming.

A year later.

At the International Airport, two magnificent figures came out. It was Xing Yifan and LAN Qianchen who were planning to return to China for development. In one year, their temperament changed again.

It seems that it has become more mature and charming, especially Xing Yifan's momentum, as if it has become colder. Blue Qianchen's eyes are still warm, giving people a comfortable and sunny warm male atmosphere.

"Finally, I'm back home. Now, we'll do our best for our country and never leave again." Blue thousand Chen says with a smile.

Xing Yifan nodded, thinking the same way. When he came back from school, he only served his country.

"I'll go home, and you?"

"I'll go back, too." Xing Yifan nods, and Xing liehan's driver has come to pick him up.

Sitting in the back seat, Xing Yifan has such a beautiful face without any expression, which makes the driver sitting in front of him feel a kind of dignity from him.

Some people, silent, but can make people feel afraid, Xing Yifan has such momentum.

In Xing Yifan's mind, he suddenly thought of a cat, which was the little wild he lost a year ago. In this year, he still thought of it from time to time, because it gave him a happy time with its short life.

When he returned to Xing's house, he saw a little yiyi crawling on the sofa before he could stand. When he saw him coming in, he immediately crawled towards him like a little dog.

Xing Yifan immediately bent up a surprise smile. He crouched down and his little niece could climb.

Mrs. Xing looked at him with a smile. "Come back, hug your little niece!"

Xing Yifan's tall body stooped down, holding the little girl on the ground with a beautiful face and looking at him in her arms. Her big eyes were like Xing Yinuo's.

"It's like a promise girl." Xing Yifan said with a smile.

"Brother, you are back." Just then, Xing Yinuo stepped down from the second floor. Although he became a mother, the girl's breath was still strong.

Xing Yifan immediately chuckled and felt the beauty and warmth of his family. In such a time, he still remembered the time when he and his sister were fighting here. Now, his sister has children.

And he, alone.

Xing Yinuo immediately smiles at Mimi and asks her one of the things she wants to know most for her mother.

"Second brother, when can I bring my girlfriend back?"

Xing Yifan walked to her with the little guy in his arms. "She's still at the end of the earth. She can't bring it back for the time being."

"Don't look so high! Mom has taken a fancy to the daughters of some good families and intends to introduce them to you! " Xing Yinuo said with a smile.

Xing Yifan immediately felt frightened and looked at his mother, "Mom, don't do this."

And Xing's mother really looked at him seriously. "My sister's daughter, see you sometime!"

Xing Yifan did expect that the last thing he wanted to face when he returned to China happened.

A blind date.

Mother worried about his marriage in the first two years. Now, he is nearly 27 years old. It's strange that parents are not in a hurry!

"I'll meet you in two days. I don't want you to do anything. I'll know more about it!" "If you can bring it back by yourself, I don't have to worry about it."

Xing Yifan nodded helplessly, "OK! Another day. "

"You plan to live at home, or go to your villa!"

"I'd better go out and live!" Xing Yifan said, lest at home, his mother saw him, and wanted to introduce him to dating.

"Mom, let him out, so that he can make a girlfriend more easily." Xing Yinuo suggested.

"Good! I'll have someone clean up these two days" Said Xing mu.

Chapter 1024

After staying at home for a day, Xing Yifan can't wait to prepare his salute and move to his villa. Xing's mother has sent someone to clean it carefully. At the moment, it was autumn, the autumn was crisp and the breeze was not dry. When he moved into the open villa, Xing Yifan's mood immediately relaxed.

He's going to take a break and see a few cases in hand.

Xing's mother is afraid that the son is hungry again, so she must go back to Xing's home from him. It takes more than 40 minutes each time. It's too tired to catch a meal back and forth.

So, Mrs. Xing is in his fridge, full of food, fruit and his favorite food.

Xing Yifan is also a man who can stand the loneliness. Three days passed in a flash. At about three o'clock in the afternoon, he looked at the documents of the day. His eyes were dry. He looked out of the window at the grass. He felt warm and wanted to come out and walk.

On such a beautiful afternoon, in the villa not far away, the girl who is drawing the manuscript for most of the day also loosens her loins. Even after making a cup of coffee, she feels sleepy, and she doesn't intend to waste such a good time to sleep.

What's more, she is a person with poor self-discipline. She can sleep till night, but she can't sleep at night, and she has to stay up late. She doesn't want to live an upside down life, so if she is sleepy, she will go out for a walk and take her beloved cat to the sun.

Bai Xia took a sip of water and said to the lazy cat on the balcony, "come on, come on! Let's go to the sun and the grass. "

Duoduo has grown into a big cat in a year, and it has already weighed eight Jin.

However, the owner is very lovely! So, even when it grows up, it's cute and beautiful. The heart-shaped pattern on its head is just a bigger circle. It's the same as when it was a child!

"Flower after flower, let's go!" Bai Xia squats down, holds the clean little guy in his arms, pushes the door out of the villa's gate, and also steps out of the side gate of the yard, because on the

opposite side of the villa, there is a very beautiful green space, high-rise and low-rise trees, forming a very beautiful and prosperous garden scene.

Bai Xia comes to her favorite park chair with flowers. She puts them beside her, and she continues to relax, squint and enjoy the warmth of autumn sun.

Her white skin in the sun, with a layer of white luster, zero pore delicate skin, like a new baby, flawless, transparent and clean.

A long waist length hair is tied to the head of the ball at will. It is simple and elegant and clean. An artistic atmosphere is revealed from her.

Bai Xia squints her eyes, just intending to squint in the sun for a while. She reaches out to touch the flowers around her subconsciously.

Usually, she sits here as long as she can, and duo is here with her as long as she can. She never runs around.

However, Bai Xia reaches out for a touch, eh, empty? She quickly turned her head and looked to the side. Where are the figures of flowers?

"One after another?" Bai Xia immediately got up and shouted.

Where's dodo? Under the trees just now, a lost little mouse was exploring his head and was found by him. So, he jumped off the wooden chair and chased the mouse, and this chase, one after another, came out of several trees. Finally, he failed to catch the sly little mouse.

In another shade covered by a tall tree, Xing Yifan is also squinting. A book he brought out casually, at the moment, is blocking the strong sunlight for him and covering his handsome face half open.

Duo Duo's eyes looked around. He recognized the wooden chair. In his eyes, it was all chairs. He wanted to jump up, and at the same time, jump into the master's arms.

One after another made a leap, and then she got on the chair. Then she looked at the warm embrace in front of her eyes, and she let out a meow, "meow..."

Then, it lightly stepped on the man's thigh, ready to pounce in his lower abdomen.

The sudden cat call made Xing Yifan in a deep sleep seem to be dreaming. In his dream, there immediately appeared the little wild cat that accompanied him a year ago. But at this time, he felt something in his arms.

He immediately took the cat with big hands and looked down. He saw a cat jumping up in his arms. He was lying in his arms, trying to sleep.

Xing Yi Fan as like as two peas in his breath, he felt that the cat was so familiar with the hair that it was almost the same as Onokazu in his dream.

It's as if his Ono is back. Xing Yifan is in a hurry to make sure. He immediately holds each flower in his arms and raises his small head. In this view, Xing Yifan has a sense of shock in the daytime.

Ono?

My God! He couldn't believe looking at the cat. Isn't it the little wild cat he lost a year ago?

"Ono? You're not dead? ' Xing Yifan excitedly looks at the grown-up Ono. His short legs are still short, but his body is more round.

Xing Yifan's heart seemed to have some kind of redemption. He immediately hugged Ono tightly in his arms, bent down and kissed him on his face."Where did you go that day? I thought you At the moment, Xing Yifan is really excited to talk to a cat.

Ono's big eyes, also surprised, looked at Xing Yifan's face, as if finding a familiar feeling.

It's said that the cat has a strong memory. At this moment, although it's only when the kitten lives with Xing Yifan for a month, at least in Ono's memory, he is a gentle and good master.

"Meow..." Ono also seems to remember him.

Xing Yifan is so excited to regain the treasure. At this moment, he has a kind of firmness. He is unwilling to lose it in his life.

At this time, there was an anxious female voice calling not far away, "flower after flower, where are you?"! Come back Blossoming

Ono immediately put up his ears. Isn't this her gentle and beautiful mistress? It immediately made a profit from Xing Yifan's arms. Without his attention, Ono jumped on the grass. Then, as he walked, he looked back as if he was saying goodbye to Xing Yifan.

"Ono, where are you going?" Xing Yifan immediately got up to follow.

And from the other side of the Bush, Bai Xia just turned the corner and saw her pet on the grass. She immediately ran over in surprise and excitement, "flower, you are here! I was scared to death. I thought you were going to lose it! "

Xing Yifan did not react to the girl who suddenly sprang out. He saw his little field. The woman picked it up from the grass and called out for his little fields, while rolling the cat's fur, he was ready to leave.

White summer because of her love for the cat again, the whole body and mind are in the body of the hunting MI, where can also care about the attention of other people around!

She was really scared just now. Duoduo is the most important part of her life. If she loses it, she will cry to death.

For more than a year, they have established a very deep relationship between their two masters and servants.

Xing Yifan's eyes were sharp and shocked at the girl who took Ono from his eyes. Just after she turned around and walked a few steps, he finally opened his mouth in a cold voice, "Hello! Wait a minute. "

Bai Xia looked back in surprise, only to see a tall man in black clothes and black pants behind her. She was surprised. Why didn't she notice him just now?

This man is not only tall, but also very good-looking. He has a match with the perfect comic hero she wrote.

"What's the matter?" Bai Xia asked politely.

Xing Yifan stared at the girl's clean and beautiful face, but his face was still cold.

"How did the cat in your arms come from?" Xing Yifan asked, as if there was a line of annoyance in his eyes. In his eyes, he lost Ono. Did the woman deliberately take him away?

Then she is a cat thief.

Bai Xia blinked, pointed to the little guy in her arms and said, "do you say my cat?"

"Yes!" Xing Yifan responds with cold eyes.

Bai Xia looks at two people who are strangers. What does she do with him so much? "I bought it from the cat house. What's the matter?"

Chapter 1025

Hearing this sentence, Xing Yifan's heart is cold. Finally, it can be determined that even if his Ono ran out of the house, it was picked up by this woman. Doesn't she know that there was a master of Ono at that time?

"Are you sure you didn't steal it?" Xing Yifan uncovers her flustered words mercilessly, with a kind of malice.

Bai Xia used to leave when he was a strange man. When she heard this sentence, she immediately had a hot face and some breathing passages. "Did I provoke you, sir? Do I know you? "

With that, Bai Xia turns around to walk with her arms full of breath. How can Xing Yifan let her leave with his little wild behind?

That's his cat.

"Stop." Xing Yifan's extremely dignified low drink.

Bai Xia can't help being scared to stand still. She turns around angrily, looks at this extremely impolite man and asks, "what's the matter with you? If it's your way of accosting, I'm not interested."

Bai Xia will also meet many men to chat up, but this man is undoubtedly the worst, the most impolite one.

Xing Yifan narrowed his eyes and snorted, "I want to talk to you? Where do you get confidence? "

Bai Xia could not help but blush a little. She didn't want to talk to him. She turned around and wanted to leave.

After that, Xing Yifan's ugly face strides over her side. In front of her, he reaches for a stop and says, "don't go."

"What do you want! In broad daylight, do you want to play hooligans? " Bai Xia looks around. Where is the figure? This is the park in the villa. It's strictly controlled for ordinary people to enter here. If there is no other name to go for a walk, it's really quiet and empty here.

Xing Yifan can't help biting thin lips and staring at her sneeringly, "I'm not interested in you. Give me back the cat in your hand. It's mine."

Bai Xia's eyes widened in fright, and she hurriedly took a step back holding each flower. She looked at him in a defensive way, "what do you say? Is this your cat? How is that possible? I've had it for a year. It's mine. "

Xing Yifan didn't want to talk with her anymore. He took out his mobile phone and scratched it for a while. He drew a picture. He handed it directly to Bai Xia's eyes. "See clearly, the cat's name is Xiaoye. It's my pet. A year ago, it was stolen by someone, and the cat thief is you."

Bai Xia's eyes narrowed a little. The kittens in the picture were indeed the same as when he was a child. Soon, the man turned to the next picture, which was a self portrait of him holding Ono on the sofa. Ono sat on his shoulder and looked at the camera with full cute manner.

Bai Xia immediately backed up a few steps. Now she was really shocked and flustered. The cat she had kept for a year was this man's?

"You must have made a mistake. This is my cat." Bai Xia runs away from the side in panic.

What about him, she thought? Now it's her. She can't let this man take her flowers.

However, Xing Yifan's movement was also very fast. When she was ready to run, his long arm caught her arm and pulled hard. The girl who was holding the cat originally could not pull out to push him. She even hit the man's strong chest with the cat.

"Ah..." Bai Xia yelled, refusing to take the cat away, and hugging each other.

Xing Yifan, squinting his eyes, held out a hand directly to her and said, "return the cat to me. I can forgive you for stealing the cat."

"I didn't steal it. I picked it up. In the heavy rain that day, the kitten was frozen to death in this forest. I picked it up and fed it. Now, I am its lifesaver. This is mine." Bai Xia retorted angrily.

"One year's alimony, I can double it back to you." Xing Yifan now only wants Ono to come back to him and let him make up for his bad upbringing.

"I don't want your compensation! I just want my flowers. " Bai Xia struggles with his small arms.

At this time, the head of a cold hum, "it is not called what flower, its name is Ono."

"It's called flower after flower." Bai Xia is a little angry.

"Give it back to me." Xing Yifan's eyebrows twisted, showing limited patience.

"No..." Bai Xia tightly hugs each flower and never gives up.

"If you don't give it back to me now, we will see you in the court tomorrow. I can tell you that I have the purchase evidence of that year in my hand, and I have all the qualifications to take it back. Sooner or later, you will give it back to me."

"You You think I'm afraid of you! I can get a lawyer! " Bai Xia doesn't want to be scared by him.

"I'm a lawyer myself. I've never lost a case I want to win." Man's voice line is confident and arrogant.

Bai Xia immediately took a breath of fright. What? Is he a lawyer? There was a sense of panic in her heart.

"Then you say, when you bought one flower after another, how much did it cost? I can give it to you ten times more. You sell it to me." Bai Xia looks up and wants to discuss with him. Xing Yifan raised his eyebrows slightly and let go of her hand. He didn't dare to run away.

"I don't sell it." He said with a cold face around his arm.

"However, Duoduo and I have lived for a year. Our feelings are very deep. Even if you take it back, it will not be happy with you." Bai Xia had to be rational and emotional.

Xing Yifan narrowed his eyes and said without expression, "this is my business. You don't have to worry about it."

"You Why do you have to? You can't accommodate yourself! Big deal, I'll buy you a kitten in the afternoon. " Bai Xia doesn't want to give him flowers anyway.

"I don't need it. I just want my little field." Xing Yifan has now regained Ono, and he has a feeling of redemption in his heart, so he can't be replaced by a cat no matter how beautiful it is.

"Or, in this way, we all become its owners. Now, I put it in the middle, and we call its name together. If it comes to anyone, then he has custody." Bai Xia turns a corner and wants to gamble through this way.

But she did not know that all her careful thinking, men are in the eyes, and, chi to the nose.

"I'm not interested." Xing Yifan raises eyebrows and doesn't want to give her any chance at all.

Bai Xia is biting her teeth. She hasn't met such a unreasonable man.

"What do you want?" Bai Xia is also a good-natured person. He will be in a hurry now.

"Very simply, return the cat to me, and I will compensate you for this year's alimony. In the future, do not come near my cat again." The first master of Xing opened his mouth with an irrefutable tone in his words.

Of course, Bai Xia won't! Her pretty face was red with anger. She hurriedly said goodbye to each other. "Don't even think about it."

Xing Yifan hummed, "so you want to see the court?"

"It's just a cat. Why do you do that! The cost of suing me is enough for you to buy another one. " Naturally, Bai Xia didn't go to court because of a cat.

"Then give it back to me. Otherwise, you will receive my summons tomorrow. The result is the same. The cat belongs to me. You can't rob it." Xing Yifan doesn't let go.

"You How can you look like an asshole? " Bai Xia is so angry that she wants to scold people. She only blames her less scolding. It's not easy to scold.

Xing Yifan's face sank. Suddenly, when she didn't pay attention, he grabbed the cat from her arms with his long arm. Due to some rude actions, naturally his back of hand touched the place that the girl couldn't touch.

It's a nice place.

Of course, Bai Xia felt obvious. She immediately pointed at him angrily, "you If you rob each other, you will rob each other. If you still play hooligan, I will sue you. "

Xing Yifan's eyebrows were twisted, and his eyes were fixed on the place where she was touched

Bai Xia is so angry that he chops his feet. Does this man bring such insults? If you forget something, it will be very big.

"Give me back the flowers." Bai Xia is so angry that he wants to rob. Xing Yifan is taller than her head. He immediately stops his arm and warns in a cold voice, "you should dare to rob. I'm not polite."

"What? You still want to hit people Bai Xia immediately puffed up her chest in anger, "then you fight! Fight! I'm afraid you won't make it. "

Xing Yifan really doesn't want to have the same understanding with one of her women. He is holding Ono now and wants to go home.

The cat, who was contested by two people, was also a little dizzy. It didn't expect to be so aggressive.

Chapter 1026

Xing Yifan holds Ono, takes a book from the bench and walks towards home. After that, Bai Xia is in a hurry to follow him. Then she finds out that this man lives in the villa next to her. No wonder that a year ago, she found flowers nearby.

"Hey, if you love Duoduo, then why did you throw it out alone in the rain? I think you are the one who abused small animals." Bai Xia said to him behind him.

Xing Yifan doesn't want to pay attention to her. In his heart, Bai Xia has an identity, that is, he stole the cat.

Bai Xia followed him all the way to his gate, only to see Xing Yifan enter from the small door, Bai Xia wanted to follow up, and the man immediately swung the door, banged her out of the door.

"One after another.. Blossoming Come to mom, come back. " Bai Xia stood outside the iron gate and shouted to the cat.

And soon, Xing Yifan entered his hall, the golden door, also at this time, slammed it hard to stop Bai Xia from stealing and visiting.

Bai Xia immediately stared at the door, as if he wanted to stare through it.

"Blossoms, my blossoms..." Bai Xia cried a few sad words again, but she will not give up. One day, many flowers will come back to her side.

White summer bit red lips, and stood for a while, just unwilling to leave, back to her villa to find a way.

And Xing Yifan is sitting on the sofa at the moment. In his arms, Ono returns to him very obediently. Ono's influence on him is also very good, and he dotes on it very much.

At the moment, he rubs his small head and squints his eyes comfortably to enjoy it.

"Don't worry. From now on, I will never let you leave me again." Xing Yifan's deep and charming voice shows a kind of determination.

However, he still thinks about one thing, which is to let Ono and that woman make a clear relationship. No matter how she picked up Ono, she was the one who raised her for one year, so he will still give her this year's alimony.

Give her three times the price of a normal cat a year. I'm sure she won't have an opinion.

Xing Yifan guessed that this woman was living in the villa opposite him!

Unexpectedly, when he was in a hurry to find Ono, it was in the villa next to him.

When Bai Xia came back home, he was so angry that he wanted to cry and scold.

"Bastard, I dare to rob my cat. It's a treasure I've worked hard to raise for more than a year! Does it make sense for him to say "grab and grab" Bai Xia was angry from the window and stared at the direction of the villa.

Thinking that her cat was in the villa, she could only watch it become the man's pet.

No, she must find a way to steal it back. Bai Xia is biting her lips. After stealing it, she plans to move away, so that the man can never find it again.

Yes, that's what he did. Bai Xiaxin thought and made up his mind to steal it back. Now, just ten minutes apart from each other, she began to miss. She has already formed a conversation with Duoduo. At this moment, she only feels that the whole villa is cold and clear, without any anger.

In this villa, there are memories of her and blossoms in every corner. She breathed and felt crazy.

At the moment, Xing Yifan calls his elder brother's assistant and asks him to go to the cat house immediately and bring a whole set of CAT tools back. He doesn't want to leave now, because he just got together with Ono, and he wants to leave enough time to cultivate feelings with him.

Half an hour later, the assistant delivered everything. Now Ono was in his arms. He was very satisfied to see the assistant move everything in.

"Thank you, Komatsu."

"You're welcome, second young master. Is this your cat? It's beautiful. " Xiao Song praised.

"Yes, this is my cat." Xing Yifan nodded, satisfied with the answer.

This time, Xing Yifan made sure that all the windows in the whole villa were closed tightly, and he could not let Ono go out.

Now that Ono has grown up, if he goes out, he must know to go back to the woman's house opposite.

He didn't want to compete with her for the cat again. If she ran with Ono, he might not find her for a while.

"Ono, live with me and forget that woman." Xing Yifan put Ono in a cage and prepared water and cat food for him.

"Meow..." Ono's eyes, as expected, are unfamiliar with the environment for a year, some unfamiliar, it is thinking of Bai Xia.

"Don't think about her." Xing Yifan gave a low order.

Ono blinked a little wrongly, and looked at him pitifully. Xing Yifan's heart couldn't help being soft. "When I take a bath, I'll take you to sleep."

At the moment, Bai Xia is sitting in front of the painting. She has several other manuscripts to hand in at the end of this month. However, she's in a hurry. She's on her chin, sitting on the balcony, staring at the opposite villa. She'd like to rush to find her cat.

"I don't know if he is a big man who can keep cats. What if he keeps one after another thin?" Bai Xia can't help worrying about this. At this time, she saw the light on the opposite balcony suddenly open, then, a figure just around the bath towel stepped out, the man with a glass of water, one hand on the railing, overlooking the landscape.

Bai Xia rushes to the balcony and stares at him.

Xing Yifan had just taken a bath and was about to relax when he took Ono to bed. Suddenly, he felt a bunch of eyes coming from the opposite bright balcony.

As soon as he raised his eyes slowly, he could see clearly that there was a girl standing on the balcony, who was today's girl.

Xing Yifan just glanced at it, then drank the water in the cup and went back to his room.

It seems that his perfect figure surrounded by bath towel is not appreciated by the girl on the opposite side for free.

Bai Xia is not in the mood to appreciate his figure now! She just wanted to shout across the air and ask him to give her back flowers.

Watching the man go in, she had to go back to the room with a stomach full of anger. It's so cold when there are no blossoms in the room!

This evening, Xing Yifan went to bed with Ono. Ono was tired and fell asleep curled up on his quilt.

Xing Yifan still hasn't slept. Looking at the familiar little body, his thin lips make a smile, and he looks like a father, as if Ono is his child.

Xing Yifan's eyes couldn't help but fall on the opposite woman through the floor to floor window. He decided to give her the alimony tomorrow and never show up in front of him again.

Bai Xia was sleepless. She sat on the bed and put a thick painting in front of her. It was the flowers she had painted in all kinds of styles in the past year. The flowers in the painting were cute and lifelike.

Bai Xia couldn't sleep until four o'clock in the morning. She couldn't hold on. She fell asleep and had a nightmare. In the dream, she was shouting the names of many flowers.

But, suddenly appeared a handsome and cold man's face, he was very domineering to take flowers from her arms.

And her whole person also scared to wake up, she quickly opened her eyes, looked around, touched a face, only to find that flowers were robbed.

Bai Xia took a look at the time. At 6:30 in the morning, she took a look at the light outside the window. There was still some fog, gray, even the villa opposite was full of a mysterious atmosphere.

Bai Xia suddenly came up with an idea. At such an early age, the man must not have got up, but she knew that many flowers had already risen.

So, she just went to his villa and called for two words, maybe flowers would find their own way out.

Yes, that's it. After Bai Xia finished, she got up and washed. Then Jane put on a bunch of hair and a long T-shirt and went out.

Think of her a lady, unexpectedly be forced to want to do this kind of furtive thing, she has some helpless.

She didn't want any face for the sake of flowers.

Bai Xia carefully through the hazy fog, close to the opposite villa, she is at the door, towards the iron bar behind the gate, quietly began to call her pet.

"Blossoming Blossoming Come to mom. " Bai Xia calls in a low voice. He dare not shout too loudly, for fear that he will disturb the man. If he finds out, it will be embarrassing.

However, Bai Xia must not know, because each rose early and stepped on the man, so that the sleeping man also woke up. At this moment, Xing Yifan is taking Ono to the training room on the third floor to practice.

The cat's hearing is still very sensitive. Although Bai Xia's voice is not very loud, Ono hears it. He immediately makes a meow, and then turns around to go downstairs to find the woman calling him outside the door.

Xing Yifan naturally heard the call, and his expression was a little ugly in an instant. This woman never finished. She was sneaking around his door in the early morning. What did she want to do?

Xing Yifan is naked at the moment. He looks at Xiaoye who is downstairs. He also steps downstairs. Xiaoye waits for him. He squats at the door and meows at him, as if to let him open the door.

Xing Yifan put out his hand and hugged it with a smile. "First, stay in the cage for a while, and I'll be right back."

With that, Ono was shut in, and Xing Yifan opened the door and strode towards the gate.

At the moment, in the garden, there is still some morning fog, and the white summer outside has been staring at the fog behind, trying to see her blossoms come out.

However, just then, a tall and slender figure cut through the mist, as if approaching her like a God.

Bai Xia saw it clearly, and immediately he was shocked. He wanted to avoid it in panic. My God! How did he come out?

Just as Bai Xia was about to escape, a male voice called coldly, "stop."

Chapter 1027

Bai Xia is still very disheartened and runs away, whether the man behind her asks her to stop or not!

Besides, just now she glanced at the man coming out. He was still naked. He was abnormal. Did he think he had a great figure?

Xing Yifan pushed out the door, only to see the garden covered with some fog, a thin figure quickly fled.

Xing Yifan chuckled, what is the IQ of this woman?

When Bai Xia came back home, she could not help but gasp. She was biting her lips. She must have heard each other. This man didn't let it come out!

After Xing Yifan finished feeding Ono, he received a call from his mother, asking him to come out for lunch. Xing Yifan is just a family party! He replied, "OK! I will come. "

"I'll send you the address of the restaurant later. Come here earlier!" Xing mother ordered a sentence.

Xing Yifan had to promise, "OK, I'll be there on time."

Xing Yifan received the order of 11:30. He went to a restaurant early. After feeding Ono, he began to play with him at home. They all said that men play with cats, which is also fun.

Xing Yifan didn't expect his Ono to come back to him. He saw that his body was strong and full of meat, and he felt more meat. His hair was delicate, and his four clean and fluffy feet were playing with him.

Ono also smelled the familiar smell on him. He was tired of being coquettish in his arms. Xing Yifan accompanied Ono until eleven o'clock, so he had to be ruthless. He put Ono in a big cage first, put water and food, and he would come back after a meal.

Xing Yifan left at 11 o'clock to eat in the center of the city. His car drove out of the yard and straight to the straight road.

Bai Xia happened to be standing on the balcony drying clothes. She could not help but see the figure of the man's car going out. Her action of drying clothes suddenly stopped. She hid behind the clothes quietly and stared at his villa. She thought that the man who went out must have left her flower at home.

Hum! Later, she would go to the villa for a walk to attract more and more flowers.

Xing Yifan's car drove to a restaurant in the center of the city. His clear and unrestrained figure stepped off the road, dressed in black clothes and black pants, which made him look like he had some mysterious charm.

When Xing Yifan entered the restaurant, the two waiters immediately welcomed him warmly. At the same time, they couldn't help but stare at him. Because this man is the most handsome one they saw eating in the restaurant today.

Xing Yifan goes to the elegant room on the second floor. The waiter leads him to the door of a room, knocks it and pushes it away. Xing Yifan enters lazily.

However, when he looked at the people in the room, his handsome face immediately stiffened a little. His mother was there, of course, but he didn't see the eldest brother, sister-in-law and nephews. Instead, he was sitting next to his mother, sitting next to another Jeweled lady, who was sitting next to a beautiful girl in her early twenties.

"Yifan, here you are. Come and have a seat." Mrs. Xing immediately waved and looked at her son in the eyes, which was a kind of proud and favorite look.

Xing Yifan is also fond of seeing a mother and daughter beside her, especially the girl. On her delicate face, there are clearly flashes of excitement and secret joy. She didn't expect that today's blind date would be so handsome and charming.

Whether it's appearance or figure, there's no one to pick.

"Mom, big brother, they didn't come?" Xing Yifan asked casually. When he came here, he could not brush his mother's face and not give her face.

"Your elder brother is so busy. Your sister-in-law took Yutian to Sushi's house to play. Today! You can have dinner with mom and her friends! "

Xing Yifan knows quite a lot about it. Where is eating? Obviously, it's a blind date without greeting.

"Good." Xing Yifan sat by his mother's side, raised his eyes and received the adored eyes of the young girl beside him. She smiled at him sweetly, "hello."

"Hello." Xing Yifan nodded back.

"Come on, mom will introduce you. This is aunt Chu's only daughter, coco." "This is my second son, Xing Yifan. Just call him Yifan."

"The second young master Xing is really a good-looking man. He looks very handsome. I heard from your mother that you have achieved success in your studies and have obtained several doctorates abroad."

Xing Yifan smiled politely, "that's all luck."

"Young master Xing, you are so wonderful." Chucoco praised.

"My coco is twenty-three years old. I just came back from studying abroad. I majored in cosmetology. Later, I inherited the beauty salon in my hand and became my successor."

, "your beauty salon is also the largest in the world, and miss cocoa is also limitless in the future." As soon as Mrs. Xing heard that Chu coco had such aspirations, she liked it very much.

Chucoco's appearance belongs to the cute type that the elders like at first sight, which is very pleasing. Next came the order. Mrs. Xing and Mrs. Chu were regular customers. They knew which dishes were suitable for their tastes, so they ordered them directly. Xing Yifan had nothing to say.

Even though he didn't need to look at the Miss Chu around him, he knew what kind of person miss Chu was. That's a kind of person with selfie control. In Xing Yifan's mind, this kind of person is generally regarded as a superficial one.

He was not interested in such girls at all, and most of the girls he met from childhood were immediately interested in him because of their appearance.

No matter what his heart is, as long as he is willing to accept, those girls will not refuse, but unfortunately, he does not like this kind of people who are only greedy for appearance.

"Brother Yifan, is it convenient for us to leave a phone number? I will also develop in China in the future. We can always contact each other! " Chu coco wanted his contact information directly, because Xing Yifan didn't seem to take the initiative, so he had to change her to take the initiative.

Xing's mother immediately gave her son a wink. "Yifan, I haven't given Miss Chu your phone number yet. I'll make more friends later. Don't stay at home all day."

Xing Yifan said to chucoco, "give me your cell phone."

Chu cocoa immediately handed over his mobile phone. Xing Yifan picked up the phone and input his personal number. After dialing it, he gave it back to Chu cocoa. Chu cocoa happily took back his mobile phone, lowered his head and carefully saved it there.

Mrs. Chu looked at her daughter and saw that she liked Xing Yifan. At the same time, she wanted to marry Xing's family very much.

Next, Mrs. Xing and Mrs. Chu began to talk about their recent situation. Xing Yifan and Chu Ke were younger generation, so they sat by and listened. Chu Coco's eyes looked at Xing Yifan several times, and the longing was very obvious.

Xing Yifan's pretty face, plus his today's clothes, still has a few big boy's breath, which is her favorite type.

"Brother Yifan, what hobbies do you usually have?" Chucoco is talking to him.

Xing Yifan said, "I usually like reading at home and raising cats."

His meaning is to hope that Chucoco understands that he is a very boring and curtilage man. When girls hear this, they will lose half of their interest! But Chu coco has been fascinated by his appearance for a long time. How could he care about his hobbies?

"My son has just returned home! Take a few days off at home, he! Usually like fitness, work, he has his own ideas, but also in the bar a lot of achievements Mrs. Xing explained immediately.

This explanation made the mother and daughter of Chu family more interested in him, while Xing Yifan was silent.

When the food came, Chu coco appeared to be a very gentle lady in front of him. Her big eyes were always peering at Xing Yifan.

Xing Yifan is really good-looking. He has a very strong man's breath. This kind of man is a boyfriend.

Chucoco is attracted by his temperament. She wants to be his girlfriend, the one he dotes on.

During the meal, only Mrs. Xing and Mrs. Chu were chatting. The two young people just ate quietly.

Chapter 1028

After dinner, Xing Yifan said that he had something to leave. Mrs. Xing knew that he had nothing to do, but wanted to leave.

"No matter what happens today, I'll put it aside. I'll go to Aunt Chu's beauty salon for a while, and you can accompany cocoa! How about inviting coco to your villa? " Mrs. Xing said to him.

"Mom, I..." Xing Yifan wants to refuse, but under the table, his leg is suddenly twisted by Mrs. Xing, and her eyes also indicate it.

seems to be saying, "don't run away." Hello, Miss coco.

Xing Yifan was really hurt by his mother's twist, but his face was calm and self-contained, so he had to change his way, "OK! I asked Miss coco to sit in my house.

"Good! I would like to go. " Chucoco said excitedly.

"I'll leave cocoa with you today. I'll take it home before ten o'clock in the evening." Mrs. Chu was very relieved and satisfied to give her daughter to Xing Yifan.

Under his mother's authority, Xing Yifan was only a little reluctant to laugh. "OK! Miss coco, let's go! "

"Brother Yifan, just call me coco." Chucoco immediately picked up her bag and went out with Mimi.

In order to avoid a waiter who brought out the dishes, Chu coco seized the opportunity and immediately grabbed Xing Yifan's arm and approached him.

Xing Yifan frowned, a little unhappy. When he went out, his arm came out of her wrist without trace.

When they got on the bus, Xing Yifan really didn't want to take her anywhere. He was worried about Ono at the moment, so the bus went straight to his villa. On the way, Chu coco looked at him many times. He was very hot. If he changed into a man, he would have been deeply affected by her hot eyes. He could not point out that he was about to express his love to her.

However, Xing Yifan is like a stone that can't be covered hot. On how she suggests and how to send off the autumn wave, his handsome face looks coldly at the front, as if he doesn't find Chu Coco's behavior at all.

Chucoco is not a simple girl. It can be said that she has several love experiences abroad and is very rich. Although she looks pure and charming, she is extremely resourceful and resourceful.

"All brothers, are you living alone in the villa here?" Chucoco asked sweetly.

"Well!" Xing Yifan said in a low voice.

"Aren't you alone? At the same time, I'm going to move out of my house. I'm looking for a house. Can I live in your house! I'll pay you the rent. " Chucacao said.

Xing Yifan frowned. "It's not very convenient."

"It's not convenient! I promise to be a good tenant, and I won't disturb you. " Chu coco said that, in fact, it implied that she was willing to live with Xing Yifan directly.

"I'm used to living alone. I'm not used to having other people at home." Xing Yifan's tone, light refused.

In addition, chucoco is also classified as other people.

Chuke is a very tolerant person, and she will catch up with her target.

"Oh! OK, can I come to play with you when I have time? " Chucoco immediately asked with a smile.

Xing Yifan looked at her and said, "say it again! I've been very busy lately. "

Chucoco chuckled with his head askew! I'll wait for you! "

In the villa, when Bai Xia finished washing her clothes, she thought she could go to find Duo Duo at once. I didn't know that she had received an urgent call from the screenwriter to revise several manuscripts immediately. She was about to publish them. So, Bai Xia was so sad that she didn't even eat lunch, so she sat in front of the computer to revise the manuscripts. When she finally handed in the manuscripts, she looked at the time It's on.

Bai Xia hesitates for a second when she chooses whether to eat instant noodles or to look for blossoms! Maybe flowers are thinking about her!

Bai Xia came out of the villa as soon as possible, or the man would be in trouble if he came back.

Bai Xia immediately ran to Xing Yifan's villa emperor's side. She looked left and right, and then called the name of Duo through the iron gate.

"One after another, where are you? It's mom, come out quickly! " Bai Xia shouted to the yard.

At this time, Ono, who was in the cage, heard it and immediately gave out a cry in response to her, "meow Meow... "

Its voice is very loud. It spreads through the garden of fifty meters and into the ear of Bai Xia.

Although very weak, but also very avulsive, at this moment, the little wild in the cage, also very want to see Bai Xia, so it's helpless meow, meow and meow.

Intermittent call, coupled with some distance, let Bai Xia think it is not abused, dying feeling.

"Duoduo, what's the matter with you? Are you hurt? Dodo, mom has come to save you. " Bai Xia's heart was completely strained by the cries of many flowers. Was that man holding many flowers home just to abuse them?No, she must get it out.

Bai Xia was so angry that she even wanted to kill Xing Yifan and abused her cat.

At this moment, Ono is locked in a cage, and the meow really makes people far away, listening to some sense of despair.

Bai Xia took a look around and immediately thought that there was a ladder in the warehouse. If she moved the ladder, she would surely climb up the two meter high wall and enter.

Thinking about it, Bai Xia didn't say a word and went back to move the ladder. Finding a place suitable for the ladder, Bai Xia really had to climb the ladder.

In order to see her blossoms, Bai Xia really has to ignore any danger.

At the moment, Ono's voice is still ringing, and even the voice is hoarse, which makes Bai Xia listen, very distressed.

Finally, climbing to the two meter high wall, Bai Xiawei sat on the top of the wall, looking at the white porcelain floor below, she could not help but take a deep breath.

Jump! She doesn't care.

Bai Xia made a good posture of jumping down, and immediately jumped down. The hard floor made her feet ache.

She repeatedly hissed a few cold breaths, she could not care about the pain of the foot bottom plate, rushed to the direction of the gate, and at this time, she heard the voice of the flowers is still shouting, a weak look.

"Duoduo, mom is here. I'm here to save you. I'll save you right away. You're waiting for me."

After Bai Xia finished speaking, she began to find a place to enter the hall. She went to a nearby French window and saw a small door and window for ventilation. Unexpectedly, there was no internal lock. Bai Xia pushed it and opened it.

"God help me, too." Bai Xia finished saying, then she bent and came in. She was thin and could not get into trouble.

As soon as she landed on the ground, she heard the sound of cross-country vehicles coming from the yard behind her. She was so scared that she covered her mouth quickly. My God! Is that man back?

At this time, Bai Xia found that her flowers were just locked in a large cage, where there were water and food, as well as soft fur pads. It didn't look like she was abused, just locked up by this man.

"Meow..." Ono saw the hostess, immediately excited to walk back and forth in the cage, meow to her!

At this time, Bai Xia hears the sound of the SUV behind her in the yard. She quickly hides behind a dark curtain beside her, hisses at the excited kitten in the cage, and signals him to stop barking and expose her existence.

God knows how angry this man will be if he knows that she climbs the wall to enter his house. Besides, he is a lawyer. If he depends on her to steal from his office, her reputation will be ruined.

In the yard, Xing Yifan steps out of the car. At the other end, Chu coco also gets out of the car. She looks at the single villa and is already looking forward to it. If she can stay here with him in the future, how nice!

It's a wonderful thing to live in a romantic two person world, kiss me and do whatever I want.

Chu Coco's heart thought that her eyes could not help but fall on Xing Yifan's strong and perfect body, which could not help flooding with an electric current. She really wanted to be his woman.

Xing Yifan opens the fingerprint lock and pushes the door in. At this time, he hears Xiaoye in the cage excitedly shouting. With a smile on his lips, he immediately goes to the cage and squats down. "Xiaoye, see me, is that welcome? Do you miss me? "

Chapter 1029

Hearing Xing Yifan's words, Bai Xia, hiding behind the curtain, immediately sneered at the bottom of his heart, missing you? No wonder.

It's only after seeing her come in that she is so excited. This man and flower are gone for a year, and they have already forgotten him.

What's more, when she picked up flowers, she was just a kitten!

Bai Xia only thought that the man had gone home alone. Unexpectedly, she soon heard the voice of a woman's high-heeled shoes coming in. Then, a female voice with exaggeration and whine came, "Wow! What a beautiful cat! Is this your cat, brother Yifan? "

Finish saying, Chu coco also crouches down, looking at the small field in the cage, "seem to hold, touch!"

Xing Yifan didn't want her to touch him. He didn't even open the cage. He said to chucoco, "what do you want to drink?"

"I can do anything! As long as it's from my brother, I like it. " Chucoco's face is delicate, and there is a strong hint in her eyes!

It's all in Xing Yifan's house. She really hopes Xing Yifan won't be so polite to her. She will do anything he wants.

This makes Bai Xia, hiding behind the curtain, immediately cover her mouth and slightly stare at her eyes. It turns out that this man took a woman home? If there is something going on in front of her, isn't she forced to enjoy a big play?

No, she doesn't want to watch any intimate play in front of her!

I don't want to see it for free.

At the moment, because the curtains Bai Xia hid were thick curtains, she would not be found for a while.

And the little wild in the cage knows where the hostess is. At the moment, he is still very excited. He is meowing. He doesn't know why the hostess is there and doesn't come to hold it! How about touching it?

Bai Xia was so enthusiastic when she saw the flowers. Her heart was moved and happy. But at this moment, she really just wanted to hide. When the man didn't pay attention, she left.

Of course, maybe in a moment, the man will take the girl upstairs to do business, and she just took the opportunity to escape. Isn't that perfect?

Bai Xia was calculating all this in her heart. At this time, through the curtain, she could see the tall man holding a bottle of water to the girl.

"Thank you brother Yifan. May I have a look at your villa?"

"Nothing to look at." Xing Yifan said, naturally, he didn't want her to go upstairs to look at his things.

He hates people messing with his things.

Chu coco heard what he meant and immediately smiled, "well, that brother, let's talk!"

Xing Yifan sits on the sofa and takes a look at the iPad beside him. Obviously, he doesn't want to chat much.

However, chucoco looked at him like this, and she was lost immediately. She bit her lips secretly. Isn't her existence as good as the iPad?

"Brother Yifan, have you turned on the air conditioner here? Why is it a little hot! " At the moment, Chu coco has a suspender under it and a cardigan on it. She is wearing a cardigan and buttons. She looks like a lady, but once she takes off her cardigan, it's a deep V suspender.

Chucoco said, took off her cardigan and put it on the back of the sofa beside her. She was very confident in her figure. At the moment, a nude pink suspender skirt made her look very sexy and charming. She believed that it was a man who could not hold her temptation.

Xing Yifan saw through her ideas, he was still, and did not look up.

But Bai Xia, hiding behind the curtain, can't help making a mockery. This girl is too active! What's the meaning of this? This is clearly to find an excuse to undress in front of this man and show off his body!

Doesn't she know that this man is a big jerk? She takes off like this, is not afraid of this man to swallow her?

Ah! When a girl is outside, she still has to learn to protect herself. She just feels speechless for this girl.

Chu coco found that she had taken off her coat, wore a deep V sling with her, and failed to let Xing Yifan lift her eyes. She felt that she was not active enough. Xing Yifan, such a proud man, could not take it down without a little means.

"Brother Yifan, look at me! Some people say my collarbone looks good. Do you think it looks good? " Chu coco could not help but probe a few bodies and approach Xing Yifan.

Xing Yifan frowned and said, "if you are too hot, you can turn off the air conditioner."

"It's just right for me! It's neither cold nor hot." Chucoco smiled awkwardly. Then she looked at the kitten who was crying all the time and asked, "why is your cat crying all the time! Is it hungry?"

Xing Yifan just put down the iPad, looked back at Ono and asked gently, "what's wrong with you, Ono?"

At this time, Ono also looked a little tired, blinked big eyes, went to its nest and wanted to sleep. Xing Yifan said in a low voice, "honey, go to sleep. Dad will get you something to eat later."

Hearing this, Bai Xia, hiding behind the curtain, immediately opened his eyes. What? How could this man think of himself as the father of many? Then her mother How can I hear that?

Don't think he's a father.

And Chucoco also slightly stared, but at the same time, for her, the man who loves cats is so loving, so sexy and charming!

If he could speak to her in the tone of his cat, how nice!

So, Chucoco must take this man today, and she once used a trick, that is to sleep, sleep this man, he will be responsible for himself.

A man who looks at integrity like Xing Yifan doesn't look like a scum man who will abandon people, but a man's self-control, as long as a woman tempts him more, no matter how cold he is, he will also surrender.

Chucoco's heart is determined. Her red lips can't help but rise. She gets up and walks step by step to Xing Yifan, who is sitting on the sofa lazily. At the moment, Xing Yifan's eyes are still on the iPad.

Chucoco immediately reached out boldly and took his iPad, Jiao didi said, "brother Yifan, don't look at the iPad, I will play with you! I can do whatever you want me to do."

With that, she opened and sat on Xing Yifan's thigh, hugging his neck very vaguely.

At this moment, Bai Xia, hiding behind the curtain, immediately opened his eyes. Damn it, is there going to be a passion play?

My God! Can they do it again after she leaves! She doesn't want to see it!

White summer is there when daydreaming, she put out her hand to cover their eyes, also want to fortress on the ear.

But I don't know. Her actions behind the curtain also made the curtain move. Xing Yifan was a sharp eyed person, even if the beauty was in front of him, it didn't affect his eyes.

He stared at the back of the curtain. He felt that there was a man there. He immediately pushed chucoco away from his leg mercilessly. Then he got up and went straight to the direction of the curtain.

At the moment, Bai Xia thought they were going to perform a fierce drama. She squatted behind the curtain, blindfolded and covered her ears with one hand. She didn't know that a man was near her.

Until the curtain in front of her was pulled violently, exposing her whole body curled up here.

Bai Xia stares at the man who appears with a pretty face and a red face. My God! He found out.

Xing Yifan didn't expect that she was hiding behind his curtain.

"How are you?" His handsome face sank. He was very angry that she had stolen into his house.

Bai Xia immediately stood up and raised her eyebrows. "It's me. I'm here to pick up flowers!"

At this time, chucoco didn't expect that there was anyone else in the room. She immediately screamed with exaggerated fright, and then quickly covered her chest with a cardigan, "you Who are you! Why are you hiding there in secret? "

Chucoco was so angry that the pictures that she had just seduced men were seen by a woman. It's a matter of great influence on her reputation.

Bai Xia took a look at the screaming girl, "I'm sorry to disturb you! As long as he gives the cat back to me, I'll leave now. It's not in your way. "

Xing Yifan squints his eyes, some complicated light is flowing. At the moment, he really hates chucoco. In his eyes, her behaviors just now are disgusting him.

In order to prevent this Chu coco from disturbing his life in the future, there is a good way in front of him.

"Who is Yifan brother? Why does she peek at us here? " Chu coco immediately hung up low and pretended to be pitiful and compassionate.

Bai Xia is trying to explain. It's not very cold. She has an arm on her shoulder, and she's in his arms. She's frightened. She hears the voice of the man on her head. "She's my girlfriend, Miss Chu. Don't disturb our life later."

"What? Who is your girlfriend, I am not! " Bai Xia immediately angrily retorts, not giving him face, this man wants to use her? no way.

"Come on, I was wrong before." Xing Yifan pretends to love her.

Chu coco stared, but Xing Yifan had a girlfriend, and still lived in his home?

Bai Xia let her act when she saw him. OK! Can't she do it yet?

"Well, I'm not angry! I just want to have more flowers, so let me take them back! " Finish saying, white summer leaves his chest to want to open a cage to embrace many.

At this time, the man immediately pursued a few steps, and then pulled her into his arms. His eyes looked at her, smiling with warning, "blossoms are living well here, and you won't take them away for the moment."

In chucoco's eyes, he saw this couple kissing me and me. They almost regarded her as transparent. "No, I think Duo Duo still likes to be with me, but I am her mother. I will take better care of her." With that, Bai Xia pulled his hand hard and rushed to the direction of the cage.

Xingyifan where will let her take Ono, even if let her play, she can not take away.

Xing Yifan strode to catch up. When Bai Xia was going to open the cage, he immediately reached out and tried to hold her up.

How to know that his strength is too big, Bai Xia is unstable, and her feet slide, and she hits Xing Yifan hard.

Xing Yifan is also out of balance.

"Ah..." With a cry, Bai Xia pressed Xing Yifan to the ground.

A kind of ambiguous posture that is hard to save is formed by overlapping.

Bai Xia presses Xing Yifan, Xing Yifan holds her waist, and they touch each other closely.

One side of the Chu coco looked at, she immediately angrily biting red lips, was stimulated, it seems that she is really redundant and ridiculous here.

"Goodbye, brother Yifan." Chu coco is still angry red eyes, picked up her clothes and rushed out of the door, leaving in a hurry.

And on the ground, Bai Xia hurriedly wants to stand up, but the more flurried and disordered she is, her hands don't know where they are.

And then a man's warning sounded, "where are you touching?"

Bai Xia has stood up now, only to find that the hand just now seems to be propped up on his belly, and immediately her pretty face is red, and her palm is hot.

"I I didn't come across you. " Bai Xia explains in a hurry.

Xing Yifan stood up at the moment. Junyan was gloomy and ugly. He stared at her and encircled her arms. "How did you come into my house?" he said

Bai Xia looks at him and wants to investigate her responsibility. She immediately thinks that she can't take many flowers back today. She stops and says, "I I just want to see blossoms. I haven't touched anything of yours. I won't dare next time. "

With that, she was going to leave.

At this time, Xing Yifan snorted, "do you want to leave like this?"

Bai Xia went to the door and immediately looked back at him. "What do you think of me! You just let me go of acting gas, that annoying girl. Didn't I help you? "

"Who says I hate her? Didn't you see that I was about to have a good thing happen? It's your appearance that interrupts my good thing. Tell me how to compensate! " Xing Yifan has settled with her.

Chapter 1030

Bai Xia stood at the door, breathfully inserted in the slim waist way, "you You say panic, you don't like that girl

"How do you know I don't like it? For men, love and sex can be separated, don't you understand? " Xing Yifan snorted coldly. In a word, he would not let her go so easily. He dared to sneak into his house.

Bai Xia is so angry that she wants to spit blood. However, she has learned the hatefulness of this man. What does she think of women as? Playthings?

"What do you want?" Bai Xia doesn't want to argue with him about this topic. Anyway, he is not a serious man. It's useless to talk more.

"Do you know how serious it is that you sneak into my house? I can sue you for burglary. It's enough for you to stay in jail for more than three years. " Xing Yifan did not intimidate her, and this kind of behavior was against the law.

Bai Xia's head was blown up for a few seconds. Although she was angry with this man just now, she didn't have the guts to put her hands together. "I'm sorry, I'm sorry, I know I'm crawling in for a while, but I promise, I didn't steal anything from you. Can you let me go?"

"Let you go? It's too cheap to let you go. " Xing Yifan's eyes narrowed, and his slender body sat on the sofa, thinking about how to deal with her.

Seeing his deep and unpredictable expression, Bai Xia breathed quickly. She hurried to him and said, "as long as you don't catch me, let me do anything."

Bai Xia doesn't want to go to jail. She really doesn't want to, but she knows that if he sues, she really violates the criminal law.

Xing Yifan's overlapping long legs suddenly changed his posture. He sat on the sofa lazily, creating an ambiguous atmosphere.

Bai Xia felt it, immediately gaped at her eyes, and quickly retorted, "in addition to asking me to commit myself." With that, she also encircled her chest to protect herself.

Xing Yifan is so angry that he wants to laugh. Where is the confidence of this woman? Will he like her?

However, it's also fun to scare her. Xing Yifan raised his eyebrows and said, "you said clearly just now that you can do anything, so quickly you changed your mind?"

"I I'd rather die than go to bed with you or something. " Bai Xia made a picture of Zheng and iron bones.

Xing Yifan snorted and was laughed by Qi. He soon snorted, "don't worry, I'm the one who won the loss."

When Bai Xia heard this, he immediately became angry again. "What can you lose? Didn't you say just now, what kind of woman do you have? If you come here, can you eat?"

Xing Yifan's handsome face was shocked. As he didn't want to talk about these non nutritious topics, "I can not pursue this matter, but you must promise to do something for me."

"All right! You say it! " White summer finish saying, see next to curl up into a group of good sleeping flowers, she suddenly hope to embrace it.

"My family usually doesn't like outsiders coming here. I don't want to let housekeeping in. From now on, I'll leave it to you. How about cleaning once a week?" Xing Yifan squints at her.

Bai Xia is shocked. After a long time, he wants her to be a free servant? Clean the room for him?

"Then I have the conditions. In a week, Duo Duo can let me take it home and stay for two days." Bai Xia also took the opportunity to ask.

"No, you can accompany her when you come to my house to clean. You are not allowed to take her home at other times." Xing Yifan is not relieved to be taken away by her. After that, he corrects and says, "it doesn't need to blossom. It's called Ono."

"It's used to the name of Duoduo. Ono is too ugly. And she's a female cat." Bai Xia protested strongly.

Xing Yifan bit his thin lips. Indeed, he could feel that if he was called Ono, he would not come to him. It seems that he is really used to the name of "Duo".

"All right! It's just called Duoduo. Do you agree to all the conditions I just made? " Xing Yifan asked.

"How long should I be your servant for free! One year, two years, three years. " Bai Xia asked with some unhappiness. Now she thought she was stupid.

Threatened by him.

"Let's make it a year! Of course, I won't let you do it for nothing. I'll pay you for it. You're like working for me, but the service quality must be good. Don't perfunctory. " Xing Yifan gave a warning.

Bai Xia thinks that she still has money to pay for it. It's just that her recent performance in comics is not good. In this case, she has another part-time job!

"Well, how much do you give at one time?" Bai Xia continued.

"Five hundred times." Xing Yifan set a price for her.

Bai Xia immediately thought that four times a month, it would be two thousand, so she had to say, "OK! It's agreed that when I work in your house, I can accompany each other. You are not allowed to interfere with me to get close to each other. "

Xing Yifan doesn't have a problem, but many flowers like her. "Give me your cell phone."

"For what?" Bai Xia looks at him defensively.

"It's convenient to contact. Who will clean my house in case you find someone who doesn't want you?" Xing Yifan has no other ideas. After thinking about it, Bai Xia takes out his mobile phone from his pocket and hands it to him. Xing Yifan picks up and presses his number, dials up his mobile phone and hands it back to her.

"Come here every Saturday. Now you can leave." Xing Yifan said that it means to chase customers.

Bai Xia is not a guest either. She skimmed her red lips and went to the side of the cage reluctantly. She stroked the small heads of each flower with two fingers. She watched it sleep soundly and left without disturbing.

When Xing Yifan was ready to get up, his mobile phone beside him rang. He picked up it and looked at it. Junyan tensed up for a few minutes and answered, "Hello! Mom. "

"Yifan, Coco's mother just called me and said, do you have a girlfriend? How can I not know? " At the moment, Xing's mother's tone was surprised and a little relieved.

Xing Yifan can't help being upset. It seems that Chu coco told her mother everything happened here, and her mother told his mother what she said.

"Well Just talked about. " Xing Yifan suddenly thinks that if there is a girlfriend in a relationship, will it not happen again?

"Really! What's the girl's name? How old is this year? What's the job? When can I bring them home for dinner? "

Xing Yifan couldn't help but laugh, "Mom, I've just chased someone else! You haven't caught up yet. Give me some time! "

"When it comes to chasing girls, you can ask your elder brother. He had the ability to chase your sister-in-law." Suggested Mrs Xing.

"Mom, people are shy. Don't step in now. Otherwise, I will think about marriage after I'm 35 years old." Xing Yifan also fooled his mother.

As soon as Xing's mother heard about it, she also understood that many young people do not like the male's parents to interfere too much and she does not want to be a busy person.

"Well, then you can work harder! On your terms, it shouldn't be a problem. " Xing's mother is very confident about her second son.

Xing Yifan is in a good mood when he sees that he has solved the matter of blind date. "OK, mom, I will definitely cheer up."

Mrs. Xing asked for two more words and hung up.

Xing Yifan breathed a sigh, and his eyes flashed a little thought. It seems that this woman sneaked into his home and brought him such benefits, which is also considered to forgive her. Just, what's her name? What are you doing? Why are you so young and able to live in such a single villa?

If a girl like her doesn't have a very good family to afford the villa here, it must be another one.

Isn't she the little three and little four that don't have to be kept here by men?

Xing Yifan thought of this, but the sword eyebrow twisted it disgustingly. It seems that when she comes next time, she must ask clearly.

Bai Xia sat at home and was really upset. However, she fought for the right to visit blossoms every week, which was also a great joy.

She's in a good mood, too.

Two days later, in the morning, Bai Xia stayed up until two in the morning last night to rush for the manuscript, because the manuscript at the end of the month piled up a lot. When she was sleeping very sweet, it was cold. She put her cell phone beside her pillow last night when she was sleeping, and sang loudly.

She wakes up her whole body. She finds her cell phone in a daze and sticks it to her ear Who is it! "

"It's me! Come and clean my house in ten minutes. " At that end, a man's cold voice came.
