

U. CEO Daddy 1031

Chapter 1031

Bai Xia is still sleeping, and he says, "who are you?"

Someone at that end was obviously angry. "I'm next door to you. Hurry up."

Bai Xia finally knows who he is. However, she is so sleepy. Can you let her sleep in the early morning? I was really sleepy to catch up with the manuscript last night!

"That I'm so sleepy! Can I sleep a little longer White summer dynasty that end asked a sentence.

That end of the man, but refused her, "no, less than 10 minutes, the consequences." With that, I hung up.

Bai Xia is so sleepy that she can't open her eyes. She doesn't want to be separated from her dear bed. She can sleep until the sky is dark.

But

All right! The man's words were more effective than the alarm clock. She forced herself out of her sleep. She sat up and put her long hair behind her. She gathered and got out of bed.

Damn it! She is so sleepy.

After washing with her eyes closed, Bai Xia came to the wardrobe and casually took a pair of sports pants and a short T-shirt. After that, she picked up her mobile phone and went downstairs dizzy.

A long hair, also at random in the back of the head, she is usually more at home, so, dress up, she almost don't want to, but, God is a natural beauty of her face.

When Bai Xia went out, she was also confused, and finally came to Xing Yifan's home. She rang the doorbell.

It was a snap of the shutter that opened. Bai Xia pushed the door in. While she was chatting, she walked into the hall. Just then, a familiar meow came.

"Meow..."

Bai Xia's head is clear now. He looks at the flowers coming towards her, leans down, holds the little guy in his arms, rubs and caresses him, as if he wants to make up for the missing of these days.

Blossoming in her hands, but also very enjoy her gentle touch, coquettish like crying.

At this time, from the direction of the second floor, a slender and handsome figure stepped down.

Dark shirt, fitted with slim trousers, and a pair of social elite pillars, Xing Yifan is really handsome and stylish. Walking on the street, he is also a handsome guy with a return rate of more than 200.

Bai Xia's eyes can't help glancing at her. It's just that she is lack of inspiration now. She needs to attract a handsome man's high beauty value to create inspiration for her new works. Xing Yifan undoubtedly gives her a real-life version designed by a perfect male host.

she slobber in the dark, and had to make complaints about it. Though the others are not good, how can they look so good?

As expected, God is fair. If you give him a handsome appearance, you will give him a devil's heart. Hum! Such a man is still not liked.

Xing Yifan squints his eyes and looks at the girl holding his cat. He steps to the sofa and sits down lazily. At the moment, his posture with Bai Xia is like that of a big young man facing his ordinary little girl.

"What's your name? What do you do? " Xing Yifan raised his eyebrows and looked at her coldly.

Bai Xia is stunned. This man checks his account!

"Hum! My name is Bai Xia. Anyway, I don't need working experience to clean the room! " Bai Xia replied calmly.

"You'd better be honest about what you do now." Xing Yifan doesn't allow her to be careless.

Although Bai Xia is a famous caricaturist, she won't tell him! If he is bored to read her published comics, you know, it's all the plot of girl fantasy, he will laugh at himself.

"I don't have a career at the moment. I just play." Bai Xia answers him easily.

Xing Yifan suddenly sneers, "are you embarrassed to say? Or are you ashamed to talk about your current career? "

White summer pretty face a red, this man can understand people's heart? She said in a hurry, "I'm sorry to say that! I didn't do anything shameful. Besides, didn't I just clean your house? Is it necessary to inquire so carefully? "

Xing Yifan's handsome face is slightly heavy, "then tell me, is your family very rich, or are you now supported by rich people to live in the villa opposite me?"

After hearing this, Bai Xia immediately understood what he was thinking, and she stared at him angrily, "don't insult people, who is supported! That's my aunt's house. I live in her house at present. Do you have any opinion? "

Xing Yifan didn't look at her expression as if it was a lie. However, he couldn't help but be satisfied with the answer. At least this woman is not a canary raised by the rich.

Just looking at this woman, Xing Yifan can't help covering her thin lips with a light hand. How old is this woman? Even clothes can be worn backwards.

"Before you clean, I'd like to remind you that your coat is on the wrong side." Xing Yifan said kindly.

Bai Xia immediately looked down, and sure enough, her chest was blank. It wasn't her lovely chest design. Her pretty face turned red. My God! What a shame.

"Use the bathroom." Bai Xia quickly put down the flowers, and she went to the bathroom on the first floor. In front of the bathroom mirror, Bai Xia changed her clothes with a little red face. Xing Yifan shakes his head and finally sees a woman who is more stupid than his sister.

Bai Xia changes clothes and comes out. Xing Yifan tells her where to clean the tools, and he comes out to tease the cat with flowers in his arms.

And Baixia? There is no sense in cleaning his whole villa.

Bai Xia has been cleaning her house for a whole year. She has gained a set of experience. She knows where to start.

Because the pattern of the two villas is the same.

Xing Yifan teased each other. He didn't hear the sound in the hall, so he knew that the woman had started to clean from upstairs.

Bai Xia starts from the top floor. She first wipes the glass and handrails on the stairs. After arriving at the second floor all the way, she drags the floor from the top floor.

On the third floor, after dragging two rooms, she stood in front of the master bedroom and thought, would you like to go in and drag it?

This is the man's room. She shouldn't see what she shouldn't see! For example, throw a condom, or a woman's left underwear and underpants.

White summer thought, still pushed open the door, she was ready in the heart, suddenly saw the neat master bedroom, she slightly dark wow.

I didn't expect that this would be a man's master bedroom. It's too neat and clean. It's even more neat than her. This man has obsessive-compulsive disorder!

Even the quilts are neatly folded.

However, the breath of male hormones in the air still made Bai Xia bend down to mop the floor and come out after dragging. She was relieved.

Time also imperceptibly from 7:30 to 9:00, and Bai Xia's figure finally stood in the hall on the first floor, only this floor, she was tired and her back was sweaty.

However, she usually rushes for manuscripts and exercises her muscles and bones. She carries the bucket to the outside of the yard and prepares to wipe the windows. When it's cold, she sees the grass lying on her back, showing her white belly and letting the man rub it comfortably.

Bai Xia can't help being jealous. She raised many of them. Why do they change their hearts when this man appears? Do you know that he is handsome?

Xing Yifan hears the movement behind him. Turning around, he sees Bai Xia with a long rag, cleaning the floor window for him. Looking at this woman's skillful movements, it seems that she usually does nothing less.

Because Bai Xia lives in the villa of Xiaoyi, she loves Xiaoyi's house very much, so she cleans it up when it's OK.

Xing Yifan looked at it and saw that every time Bai Xia put it on, her T-shirt became a waist hanging one.

The exposed half waist is thin, white and soft, which makes him want to measure how thin it is.

Bai Xia doesn't know that she's gone. She continues to wipe it. After she's wiped all the way, she's tired enough. She's going to take the bucket back. A bottle of cold water is handed to her eyes.

She was really thirsty, she immediately reached for it, and subconsciously said, "thank you."

Then she looked up at the man who gave her the water. What did she thank! Not because of him, does she need to be tired into a dog? She took it back in her heart. Unfortunately, however, the cap of the bottle of water in her hand was also designed to be tight. With her strength, she couldn't open it.

When she was silent, the water in her hand was snatched by the man. He just opened it with a slight twist and then covered it and handed it to her.

Bai Xia takes over the water and looks at the back of the man leaving. She blinks her eyes. She is still a little surprised that he will be so kind-hearted.

Chapter 1032

Bai Xia has been working hard all morning. At eleven o'clock, she finally cleaned the whole villa. But she didn't sleep well, so she was a little tired. After Bai Xia packed the cleaning tools, she washed one hand and came out, thinking, she can't go like this, she must go with each other well.

She walked out of the hall and saw the white carved chairs outside, where flowers were lying lazily. When she saw her coming, she immediately jumped off the chair and walked towards her.

Bai Xia bent her lips with a smile, squatted down and said, "come to my mother, flower after flower."

One after another is really coming to her. Bai Xia happily reaches for her hand and kisses her on her small head. At this time, a cold male voice rings, "who says you are the mother of one after another? I haven't found it yet! "

When Bai Xia heard this, he immediately looked up with a pretty face and a red face, "what do you mean! I am the mother of blossoms. What's the matter? "

Xing Yifan's lazy and charming figure, in the sun, a handsome face with several high cold noble spirit.

"I'm its father, you say, what's our relationship?" Xing Yifan chuckled.

Bai Xia's face is red to the ears. Is this man taking advantage of her?

"We have nothing to do with each other. Don't talk with each other. I'll go with each other after I finish my work." White summer finish saying, holding each flower to sit on the chair, want to have a good play.

Xing Yifan squinted. "Do you want to stay here for lunch?"

After hearing this, Bai Xia immediately looked up with a smile and said, "if you ask me, of course I will."

Under the sun, a girl with a plain face also smiles out a kind of beautiful city. Those beautiful eyes are brighter than gemstones. The rows of white teeth and red lips are pure and attractive.

Xing Yifan wanted to refuse, but the smile made his heart rhythm disordered for a few seconds. He had to pretend to be helpless and said, "I haven't seen anything thicker than you."

Bai Xia also followed his words with a crooked smile! I just have a thick skin. Do you want to cook my share or not

"For the sake of your cleaning the whole morning, I'll give you a lunch!" Xing Yifan finished, went to the hall, ready to get lunch.

White summer this year, but also because of poor cooking, Paomian ah! Noodles! Frozen dumplings, steamed bread and other supports came over. At the moment, looking at this man's appearance of going to cook lunch, she was shocked.

Can he even cook? It's rare.

Just then, her mobile phone in the bag rang. She picked it up and did not dare to neglect it. This is the chief editor who opened money for her every month!

"Hello! How are you, editor in chief Bai Xia answers the phone playfully.

"I've seen the new work you sent last time. There is no problem with the painting skill, but the plot is too monotonous and has no potential for fire. You have to work hard on the characterization of the plot. It's really not good. It's OK to pay someone to write an attractive plot for you."

"So this time, I was rejected?" Bai Xia's face is helpless, and immediately looks like a little flower, listless.

"Have you lived in the house for a long time and don't know the market demand very well? The male owners we need should have a bit of personality design instead of just being calm and gentle. Those who are out of date and now popular are the devil type, the type with bad smell and handsome ruffian." The editor in chief took pains to persuade her.

Bai Xia has puffed up her cheeks. I don't know why. The image of the male Lord just described by the chief editor made her think of the owner of the villa in a second.

"Wait, do you mean it's popular now?"

"Yes, the current readers are very fond of this kind of male host. You are so ready to brew it and see if you can hand it in at the end of this month."

"Oh! ok I try. " Bai Xia said with a smile, "I will take the salary at the beginning of the month."

"If you hand in your manuscript at the end of the month, it won't affect your fee. Don't worry!" Said the chief editor.

"OK! Then I will try my best to open the book. " Bai Xia promised.

"OK! That's it! It will help you to come out and walk more when you are free and to get in touch with the crowd more often. "

"Well! I will. "

After Bai Xia hung up the editor in chief's phone, she immediately had a lot of inspiration and plot in her mind, and the appearance of the hero directly brought Xing Yifan's face and body.

Isn't he the kind of man the editor wants? Bai Xia secretly thinks that he is a prototype! Anyway, he doesn't know! She thought of it.

At this time, one after another jumped on her leg and meowed to her. Bai Xia was thinking of an interesting opening. When she looked down, she saw that one after another was petting her. Bai Xia stroked it as quickly as she could, smiling as if she were a child. "Well, mom, please don't be pettish. It's just like a pity."

Stroking one after another, the cold white summer an inspiration again surged on the head, and so on, what new plot! This time, this man and she rob each other. Isn't it a wonderful beginning? Two people meet because of a cat, then, all kinds of interesting things happen, finally, the man and the woman fall in love with each other, and then the perfect end.

Bai Xia can't help getting excited. In this plot, she can draw thousands of chapters. In case of fire, she will be famous.

Bai Xia can't help thinking. If she wants to get a new plot, she will have more inspiration if she gets along with this man more.

This man is the one with angel face and devil heart. She really doesn't know how the current readers like this. Such a man appears in the cartoon to have a vigorous love with the heroine, which is perfect.

But in reality and such a man get along, really do not feel where the heart.

Bai Xia is biting her red lips. At this time, she is so hungry that her front chest is close to her back. She coos twice. She is so embarrassed that she quickly covers her stomach. She looks around. Fortunately, no one hears.

Just thinking about when she could have dinner, she smelt a smell of food coming from the kitchen. She immediately took a greedy breath for two times. It was delicious! This man is really good at cooking.

Bai Xia just thought that she didn't know the name of this man until now!

Bai Xia walked into the hall with flowers in her arms and went straight to the door of the kitchen. She just had a sneak look at the back of the man in the kitchen, and a perfect cartoon scene of the hero appeared immediately.

Wearing a black shirt, half arm sleeves, showing a strong half arm, perfect waistline, very warped buttock line down, long straight legs, perfect.

Xing Yifan is cooking. He feels a pair of eyes behind him. He looks around and sees Bai Xia's eyes like thieves staring at him.

"What are you looking at?" Xing Yifan squints to ask.

Bai Xia quickly smiled at Mimi and said, "I'm hungry. When can I have a meal? I haven't even had breakfast!"

She's a little guilty. She'll look at him like a thief. He must know that he thinks she's abnormal!

"Hello! What's your name! " Bai Xia asked again.

"What? Interested in me? " Xing Yifan does not return to the cold hum.

Bai Xia immediately choked, "don't think about it! I just think it's not good to ask you to feed later! If you don't mind, I don't mind! Isn't it! Hello! "

Xing Yifan just felt speechless and said, "my name is Xing Yifan."

Bai Xia smiled proudly, "Xing Yifan! Very common name! "

Xing Yifan turns his head and stares at her. Bai Xia immediately covers his mouth and explains in a flurried way, "it's very pleasant!"

Bai Xia asked about his name, and came out with flowers in her arms. She took a breath and looked up at the villa. Everything here, her exhausted inspiration, as if she had found a spring, rose abruptly.

This made Bai Xia make up her mind. She took herself as the prototype of the female leader and this man as the prototype of the male leader. She started a love contest in the cartoon, which might be pretty.

Bai Xia chuckles at her lips. It seems that she has also found the benefits!

At the table, Xing Yifan fried three dishes. Although they are simple home-made dishes, they have appetites.

Bai Xia is really hungry. Without his active invitation, she has already sat in front of the table. Xing Yifan has put all the dishes on the table and even brought the rice.

Bai Xia picks up the bowl and hands the first bowl to Xing Yifan. "No, it's for you."

Xing Yifan reached out to take it, she picked up her own rice and sat down. She took the dish and said, "Wow! It's delicious. I haven't eaten such delicious food in a long time. "

After hearing this sentence, Xing Yifan could not help looking at her strangely, "what do you usually eat? Don't you cook by yourself? "

"I cook by myself! But I'm not good at cooking. I often burn and stir fry. So, most of the time, I'll eat instant noodles, or the following, frozen food. " Bai Xia said it herself, but she didn't feel sorry.

However, Xing Yifan's eyes still flashed a flash of surprise when he heard it. It's not easy for this woman to live a healthy life until now.

"And your family?" Xing Yifan asked casually.

Bai Xia's action of sandwiching vegetables suddenly froze, and her eyes clearly flashed a touch of sadness, but soon she began to laugh, "my family is not in China, and it's good for me to live alone."

Xing Yifan, however, still catches the emotion she just had, and he doesn't ask any more. But Bai Xia is hungry, and she just eats. Her family Oh She has long been an outsider, let alone a stranger.

Xing Yifan also steamed two bowls of rice. When she finished eating two bowls of rice in Baixia and was about to refill them, she found that there was only half a bowl of rice. She could not help but say to the man on the opposite side, "and rice, please eat it!"

Xing Yifan knew that she still wanted to eat. He put away the dishes and said, "I'm full. You can solve it. I don't like leftovers."

Bai Xia laughed. "OK, I'll solve it."

Chapter 1033

After eating, Bai Xia also took the initiative to clean up the table and wash the dishes, because this meal is so delicious.

This gave birth to the idea that Bai Xia would like to come to his house and eat. Anyway, she is always hungry and full at home alone. If there is a partner cooking, that would be great!

Bai Xia is holding flowers in the sun on the garden bench. The warm afternoon sunshine sprinkles on her face. She didn't sleep well last night, and now she's tired for a day. Now she feels sleepy.

On the back of the chair where her head is resting, she only closed her eyes for a few minutes, and then she fell asleep. She fell into a deep sleep before she could even dream. She fell back on the chair and fell asleep curled up in a comfortable position.

Xing Yifan went back to the study to look at the information for a while, and there was no sound when he came out. He thought the woman had gone, and he saw that the flowers were not in its nest. He could not help but go out to look for them.

In the garden, he did not expect to find flowers, but also found the girl sleeping in his parents' chair.

Xing Yifan frowned. What happened to the girl? Can you sleep like this? Doesn't she have any sense of defense?

That is to say, he is a man of integrity. Change a man and look at her with no defences. I'm afraid that he's already had an evil heart!

Xing Yifan came to hold the hidden flowers under the chair. When he leaned down to hold them, he slightly smelled the fragrance of Gardenia. He raised his eyes and looked away from Bai Xia's sleeping face, only half a palm away.

Xing Yifan's pupil slightly shrinks. In the bright sunlight, the skin of this woman will be delicate, but it is still glossy and charming. It can be broken by blowing. It makes him have an impulse. He wants to pinch it and try whether the elasticity is the imaginary Q bullet.

"Meow..." One after another did not know how to call.

Xing Yifan immediately accepted all the thoughts in his heart. He picked up flowers and immediately got up. He glanced at the sweet sleeping woman coldly and left without any words.

In the sun, Bai Xia slept comfortably and the air around her was very fresh. She was in a beautiful dream and was dating her prince charming!

Xing Yifan is sitting on the balcony on the second floor reading books with flowers in his arms. He makes a cup of tea and lies with flowers in his arms.

From time to time eyes down a glance, looking at that in the sun, sleep like a pig like woman, several times speechless shake his head.

What Xing Yifan dislikes most in his life is probably stupid, stupid, stupid girls! Because he can't understand what these girls are thinking all day long, what are they happy about. In such a precious time as now, the woman downstairs is sleeping loudly?

It's almost five o'clock in the afternoon, and the sun is slowly setting. It's only reflected on the balcony on the second floor. In the garden, where there's no sunshine, the coolness of autumn still comes out everywhere.

Xing Yifan heard a few girls sneezing in the garden. He couldn't help looking up his eyes and saw the girl who had already sneezed. He still didn't want to wake up.

It's just that I'm holding myself tighter around my arm, as if I'm suffering from coolness.

Xing Yifan frowned and let her sleep like this. She must have a cold.

Xing Yifan breathed a sigh. As expected, trouble is trouble. Wherever he goes, he is the trouble maker.

He went downstairs with flowers in his arms, not like some warm men who gave towels to cover their quilts. He thought that time was coming and that this woman should leave.

I can't wait for another dinner here! He's going out at night. There's no time to say hello.

Bai Xia sleeps in a daze, and suddenly a cold voice line breaks into her dream.

"Get up, you should go back."

Bai Xia smashed her mouth. She didn't want to pay much attention to the man who disturbed her sleep.

Xing Yifan bowed down and clapped her face twice. "Bai Xia, it's time to come."

The touch of the palm was conveyed to Xing Yifan's heart. As expected, it was as delicate and elastic as a shelled egg.

"Well Who hit me! " Bai Xia struggles painfully to open her eyes and complains. When she opens her eyes and sees a beautiful and cold face, she immediately sits up in fear.

She took a look around. She was sleeping in the garden! The next second, she did a more ridiculous action, chest protection.

"You What do you want to do? " Bai Xia stares at the man in front of him, and asks defensively.

Xing Yifan snorted, "what I want to do, what I have done long ago, I am not interested, you can be safe."

Bai Xia immediately blushed a little and replied, "thank you for not being interested in me."

"You're welcome. In my eyes, you look safe." Xing Yifan said, and said to her, "hurry home! I'm going out in a minute. "

As soon as Bai Xia heard this, he immediately raised his head and asked, "can you let each flower accompany me for one night? I promise to give it to you in the morning tomorrow." "No." Xing Yifan cruelly refused her request.

White summer immediately bitter face, some angry way, "you do not accompany it, also do not allow me to accompany it?"

"It has only one master now, that is me! I have the right to decide about it. " Xing Yifan can't help making his words clear.

Bai Xia bit her red lips, stood up and looked at the direction of the hall. She didn't see many flowers. She went to the door a little lost.

Xing Yifan's eyes watched her go through the door, and he took it back in complexity, showing some thoughts at the bottom of his eyes.

When Bai Xia came back to her home, she felt very tired and wanted to sleep for a while. Anyway, people like her can sleep whenever they want. She fell on the bed, pulled up the quilt and continued to mend their sleep.

Xing Yifan invited LAN Qianchen and several college students to come out for dinner. They are all masters of learning, not nerds. Everyone has his own achievements, including rich young men, senior executives, industry elites, and non top talents.

After dinner, men's night life, will naturally go to the bar to sit, relax.

Xing Yifan and LAN Qianchen did not refuse to accompany them. LAN Qianchen was helping LAN Qianhao management company recently. Because LAN Qianhao took LAN chunian and his parents abroad for vacation, it may take half a year to return home, because they are travelling around the world.

Xing Yifan is also on break recently, but he will soon take over a very challenging case. At present, he is looking up this information.

"Yifan, come to drink my wedding wine at the end of this month!" A friend said.

Xing Yifan immediately looked at him in surprise. "Are you going to get married?"

The man immediately had a happy look on his face! Some time ago, our family met my former favorite goddess and finally got married at the end of the month. "

"Wow! We have one less bachelor. "

Xing Yifan raised his glass and gave him a toast, "Congratulations, Qijun. "

" I'm waiting for your wedding wine, too! " The man named Qijun also swept over to the three unmarried people, "don't pick too much, find the right one, it's time to start."

LAN Qianchen and Xing Yifan take a look at each other. There is a common idea in their eyes. If they want to get married, they don't think about it. Let's live a comfortable life of being single for two years first!

In the villa, Bai Xia wakes up at about nine o'clock. She makes noodles and drinks milk tea and sits at her desk. She begins to write a dialogue novel. It's all for the dialogue that needs to be added after drawing the manuscript for a while. It must be vivid and interesting.

Bai Xia is still mainly painting by hand, with computer coloring and adjustment, because her painting skills are very good, and her characters are more vivid.

Bai Xia is coding words in the computer. Suddenly, she feels that the crystal light on her head is a little dark with unstable voltage. She immediately has a heart beating. What's the matter?

Before she finished, she was in complete darkness.

There is a power failure.

Bai Xia's breath smothers. She immediately reaches for the cell phone on the table next to her. My God! There's a power failure. How can it happen at night? Bai Xia felt for her mobile phone and hurriedly came out of the balcony. She saw that this villa was out of power, and only the lights in the distant city reflected on her balcony were a little bright.

However, Bai Xia is still very afraid, because this is a single villa! At least one kilometer away from the front townhouse.

Does Bai Xia suddenly think that Xing Yifan is at home? At this time, there was darkness all around. She really didn't care whether she was familiar with him or not. She just wanted to find someone to be a companion.

My aunt is far away from home. Even if she's afraid, she can't save the fire. It's better to let Xing Yifan come to pick her up and go downstairs and stay in a hotel in the city center for one night.

Anyway, she didn't want to stay in the dark.

Bai Xia just picked up her mobile phone and dialed the number of Xing Yifan that was saved today.

It's on.

In the bar at the moment! It's not very noisy either. Most of them are top-ranking elites who come here to relax.

At this time, a friend noticed that Xing Yifan's mobile phone in his trouser pocket was shining.

"Yifan, is your mobile phone ringing?" This friend reminds me.

Xing Yifan takes out his mobile phone and takes a look. He is stunned. Is it Bai Xia who called? This woman is so late. What else can I do to annoy him? Xing Yifan thought for a moment and said, "I'll take a call."

Finish saying, he voice line cold toward that end way, "hello."

"Xing Yifan, are you at home! We're out of power, you know? It's dark. It's terrible. Is it your home? Would you pick me up at home? I'll wait for you on the balcony. " At that end, it was Bai Xia's panicked voice, as if she was in some kind of fear.

Xing Yifan's eyebrows are twisted. Now he is standing on the quiet balcony. "If there is a power failure, you can call the power company to find out the reason and see when it can be repaired." Xing Yifan calmly reminded.

"I'm afraid I'm so scared. Can you come and pick me up and go downstairs? I'm on the balcony on the third floor. I'm afraid of the dark. Xing Yifan, please. " Bai Xia's voice is really not pretended. But it is hard to put that trembling voice line under fear.

"Please wait for me for a moment. I'll go home now." Xing Yifan said something to his chagrin.

"Well, I'll wait for you I'll wait for you to come back. " Bai Xia is like a weak believer waiting for her patron saint.

Chapter 1034

Xing Yifan holds his cell phone and walks to his position. He says to his buddies who are still drinking and chatting, "I have to go back in advance, and get together next time."

Blue thousand Chen still some do not give up of ask a way, "so early go back!"

"It's a bit of a hassle. I need to deal with it." After that, Xing Yifan's steps came out quickly, as if he knew that he was unconsciously in a hurry to save Bai Xia.

When Xing Yifan came to the parking lot, his off-road vehicle immediately stepped on the gas pedal to the end, and went straight to the direction of home, which happened to be not far away from home, and could arrive in 20 minutes.

Bai Xia is sitting on a small sofa on the balcony at the moment. She doesn't dare to look around. She has been turning over the information on her mobile phone. She wants to find something to pass the time.

However, if she is allowed to go downstairs alone, she is still a little timid, because the curtains in the villa are tightly covered, and the place from the third floor to the first floor doesn't even have a glimmer of light.

If there's electricity, it's placed. There's the first switch on everywhere.

Bai Xia's eyes have looked at the road back here for several times, eager for Xing Yifan's car to come back. At the moment, it's still a bit awkward to think about what he asked for just now.

He must have been unfamiliar with him for three years. No, it's only a week since I met him. Besides, so many unhappiness happened.

Bai Xia has been waiting. At last, she sees a white light coming from afar. It looks like a dark light for life. She stands up excitedly and turns on the light of her mobile phone to let Xing Yifan in the car know that she is here.

Xing Yifan's car stops in front of Bai Xia's villa. Xing Yifan just steps down and hears her cry from a balcony on the third floor, "I'm here Xing Yifan, I'm here. "

Xing Yifan stood in front of the villa and said to her through the iron gate, "come down, I'll wait for you here."

Bai Xia's breath is tight. She takes a deep breath and says, "OK, I'll come down and wait for me!"

Bai Xia opens the flashlight function with her mobile phone, picks up the bag from the front of her bed, and starts to go downstairs along the road. Sure enough, it's dark all around. She goes very fast. When she gets to the last two steps, Bai Xia, the two Baidu myopic people, doesn't find out. There is another step. She directly steps down.

"Ah..." Bai Xia's foot stepped on this step, the whole person lost his balance, banged, sprained his ankle, hit his knee, and the whole person fell on the floor.

"Ouch!" Bai Xia only felt the pain coming from her ankle. Her knees and feet were also hurt. In the dark, her mobile phone slipped far away.

Bai Xia crawled to pick up her mobile phone and limped towards the door. She opened the door and saw the bright lights in the yard outside. Her heart finally relaxed and closed the door. She still turned around, because her left foot couldn't touch the ground at all, causing her tears to come out.

Xing Yifan looked at the girl coming out through the iron door. When she opened the small door beside her, she saw that her left foot had just landed on the ground, and she immediately hissed twice. She stepped on the ground with her right foot, and the left foot only touched with the tip of her foot.

"What's the matter? Fell? " Xing Yifan's sword eyebrow picked one.

Bai Xia nodded and looked at him with a sad face. "When I went down the last step, I didn't see clearly. I fell on the floor with my foot in the air."

Finish saying, she crouches down, covering sprained ankle is drawing air conditioning.

Xing Yifan bit his thin lips, looked at her pitiful look, and wanted to say something. He swallowed it back, opened the front passenger's door, and said to her, "can you get on the bus?"

Bai Xia tried to bear the pain and stood up again. As soon as she stepped out, her hand instinctively grabbed Xing Yifan's arm. "Can I help you?"

When Xing Yifan saw her like this, he pulled her hand off her arm. When Bai Xia thought that he was too stingy to let her help him, he bent down and directly lifted her up horizontally and put her on the passenger seat.

Bai Xia is slightly gaping at her eyes. I can't believe she is hugged by him.

This is probably the first time that she has been held so close by a strange man. Xing Yifan didn't find out anything. He got in the car, stepped on the gas pedal, turned around the front of the car in place and headed for the bright city center.

In the carriage, Bai Xia's eyes looked at him through the dim light and thanked him, "thank you."

Xing Yifan said to her, "I've called. There's a repair line nearby. I'll call in the morning tomorrow."

"Oh! That's it! Well, let's stay in the hotel tonight! " Bai Xia said.

Power failure, Xing Yifan will not naturally live at home, he said expressionless, "first go to the hospital to see your feet."

Naturally, Bai Xia didn't want to trouble him because of her foot. She purposely said, "it's OK. My foot doesn't hurt. It will be OK tomorrow. Don't send me to the hospital."

Xing Yifan turned to stare at her. "Are you sure?"

"Sure! It's just a little bit of pain. I can stand it. " White summer Mi Mou a smile, express oneself very strong.

Xing Yifan doesn't think so. She has a serious sprain in her foot. If she doesn't rub some medicine, I'm afraid she will swell to the ground tomorrow. So no matter what the woman thinks, he must take her to the hospital.

Bai Xia has lived in another house, and she has been studying abroad for three years. Now she is not familiar with the road. Until Xing Yifan's car drives into a hospital, she just looks at the man around her with a little stare. "You bring me to the hospital!"

"You have to fix your feet quickly. Every Saturday, you have to clean the villa for me." Xing Yifan found a reason to answer casually. The car was parked in the parking lot. At this time, there were not many patients and the hospital was quiet.

Xing Yifan gets off and sees Bai Xia pushing open the door. He is getting ready to get off.

"Can I help you?" Xing Yifan squints at her.

Bai Xia immediately smiled and waved, "no need, I can do it myself."

Because it's an off-road vehicle, although it has pedals, it's still very high. Bai Xia first uses his right foot on the pedal, and then he prepares to force himself down with his left foot.

However, she underestimated the degree of sprain in her left foot, which could not support her body at all. Just after stepping on it, she gave a cold hiss. Then, before her right foot stepped down, she rushed to Xing Yifan in front.

Xing Yifan stood in front of her and was full of her arms.

Bai Xia's little face bumped into his chest, and it hurt a little. But now, she stepped back more embarrassed, "I'm sorry!"

Xing Yifan closed the door, locked the car, and looked at the woman standing on one foot. He deliberately asked, "if you can go, go!"

Who let her show off? If she asks him for a word, maybe he will help her and hold her.

But who made her mouth less sweet? I'm still pretending to be OK. That's right.

Bai Xia was a little bit worried. She had to jump a few steps on one foot, and then gently supported the ground with her left foot. She was ready to jump again. In a word, she didn't know when she would jump to the doctor's office.

However, if she begged Xing Yifan behind her, she was still embarrassed to open her mouth. She was also the kind of person who didn't want to bother as much as possible.

Xing Yifan is waiting for her to ask him. He wants to see if she can ask.

Bai Xia jumped, and a young doctor came from the side. This young man was also a new intern. He was young and handsome. Wearing a white robe, he immediately stepped forward to help Bai Xia. "Miss, did you hurt your foot? Come on, I'll carry you in. "

"Eh? No, I can. " Bai Xia is still a handsome young brother. As a girl, she is naturally embarrassed.

"It's OK. Let me recite it! Come on, come on. " The little handsome boy is very kind, just in front of her, leaning down slightly, waiting for Bai Xia to climb up.

Looking at his enthusiasm, Bai Xia's feet hurt so much that she thought about reciting it! Also can't brush the little handsome man's good intentions.

Just when she decided to climb on the back of the handsome boy, it was not cold. She felt that her upper body suddenly lay in a strong arm bend. Then, under the armpit and knee, she suddenly went through two arms. Her whole body was light and empty, and she was held up by someone.

She raised her head in shock, didn't need to think about it, and knew who was holding her. Her head was blank for a few seconds, blushing with shame.

The little handsome guy in front saw that she didn't have a back. Looking back, he saw that she was picked up by the tall man next to her. He stayed for a while.

"Please take the way down, orthopedic department." Xing Yifan's deep voice sounded.

"Come with me," laughed the handsome boy. It turns out that this couple of boyfriend and girlfriend!

The handsome boy took them to the door of the orthopedic department, where a doctor was still on duty.

"What happened to the feet?"

"When I went down the stairs, it came." Bai Xia answers quickly.

"Tell your boyfriend to roll up your trouser legs and let me see." The doctor opened his mouth.

Chapter 1035

The doctor's words made Bai Xia's face blush a few times. She stammered, "he He's my neighbor, not my boyfriend. "

The doctor looked up at Xing Yifan, who was obviously looking at the right young couple. How could they not be friends?

Although Bai Xia denies her boyfriend, he squats down, takes off her canvas shoes with his long fingers, rolls up her jeans legs, revealing Bai Xia's obviously swollen ankle, which is still very hard twisted.

The doctor lifted her foot slightly, looked left and right, and then pressed it gently.

"Ah What a pain, what a pain..." Bai Xia immediately screamed out, looking at the doctor's hand in fear that he would press harder.

The doctor is probably used to learning the patient's reaction, he is still very calm and pressed several times. This time, Bai Xia also knows that it's useless to scream. He can only bite his lips and bear it tightly.

Xing Yifan's way of seeing a doctor for a while, and his eyes are complex and inexplicable.

The doctor looked at it for a few eyes and said, "it's very serious. Go and take a film to see if it hurts the bone. If it hurts the bone, it's going to be plastered."

"Eh? It's so serious! " Bai Xia didn't expect to have a plaster cast on her ankle.

"Otherwise, how to recover! If you want to recover early, do it this way, otherwise, you will have to ache for several days and can't walk! " The doctor looked at her young and beautiful, but also humorous.

Bai Xia said in a hurry, "but But I have no one to look after me! Can I get rid of the plaster? "

"Cast her in plaster!" Xing Yifan's voice is low, firm and powerful.

Bai Xia immediately looked up at him in consternation. At this time, the doctor saw what kind of cat was tired of. He smiled and said, "listen to your boyfriend. It's quick to recover."

White summer face a hot, she just explained once? This man is not her boyfriend! The doctor can't remember.

"Let's take the film first! Come back and have a look. "

Bai Xia stood up and wanted to walk. At this time, the doctor suggested, "let your boyfriend hold you! You can't bear weight on this foot. Walking will aggravate the injury. "

Bai Xia looks at Xing Yifan in a flustered way. The doctor always hangs the three words of her boyfriend, and doesn't know if he has any opinions.

Xing Yifan continued to do that just now. He leaned down and picked her up. Bai Xia hurriedly put his arms around his neck for fear of falling down.

In the quiet corridor of the hospital, under the bright incandescent lamp, Bai Xia can only see the proud bridge of the nose of the man and the beautiful mandibular line of the arc. She can't help but breathe a little fast.

"Thank you Thank you! " Bai Xia thinks that after this time, invite him to have a big meal!

Xing Yifan took her to take the film and then went back to the doctor's office. Soon a nurse sent the result of the film. After the doctor saw it, he decided to plaster her. Bai Xia was injured like this. Can she say no?

She just thought that she still had several bags of instant noodles at home. She could spend these days and support her!

"Can I go home under the plaster?"

"If you want to go home, of course, but you can't touch your foot at will, let your family serve you for a few days!" Said the doctor.

Bai Xia blinked and murmured, "but I don't live with my family. I live alone. "

After listening, the doctor had to say, "then go to the hospital! Let the nurse help you. "

Bai Xia thought and said, "I'd better go home! I can take care of myself. "

The doctor took a look. Isn't there any help from the young man next to him? "Then let your boyfriend take care of you for a week! In a week's time, the plaster can be removed. "

After hearing this, Bai Xia smiled at Xing Yifan, "don't bother him, I can do it myself."

Bai Xia's ability to survive on his own is strong when he is young. He can handle everything by himself, so he has developed a tough life. He can make do with it.

Xing Yifan didn't talk with his thin lips tightly closed.

Bai Xia went inside and put on the plaster. After a while, the doctor came in and said, "come and hold your girlfriend. Stay here for half an hour before you leave. Remember, never touch the ground." Said the doctor.

Bai Xia nodded and thought to herself that if Xing Yifan was sent home tomorrow, she would not go out for a week.

In the following time, Bai Xia looked at her side, looking at her cell phone waiting for her, and said, "I'm sorry to take up your time. Next time, I'll treat you to a big meal."

Xing Yifan said faintly, "you should take care of the injury first."

Although Bai Xia saw his face was cold, she was moved by his care along the way. It seems that she misunderstood him before. He should be a cold-hearted person.

His high cold is only external, maybe the heart is a gentle person.

Bai Xia suddenly set up a portrait of her comic hero in her mind, which made her fuller. Yes, charming men, that's it.

After Xing Yifan accompanies her to wait for the plaster to form, the doctor says they can leave. Xing Yifan carries her back to the car. Bai Xia is really worried about whether he will be too heavy, which makes him carry too hard.

Xing Yifan got into the car and said to her, "now go to the hotel. "

" Er! Good! " Bai Xia said, suddenly want to ask, which hotel to go to, but look around the man, it seems that the heart has decided, she simply did not speak.

Just, she'll be sorry later.

Because the man drove into the underground garage of a seven-star hotel in the center of the city. Bai Xia's breath was smothering and his eyes were slightly gaping.

My God! Seven star hotel! Where can she live!

Bai Xia swallowed her saliva and asked the man beside her, "how much is the room here for one night?"

Xing Yifan saw through her mind. He narrowed his eyes and said, "I invite you to live."

Bai Xia is a little bit alarmed at once. Such an expensive hotel costs a lot for a night. Do you want him to come and invite him?

No, no, no, in that case, she owes him too much.

"Or you can take me to a nearby hotel! Just a normal hotel. You stay here. " Bai Xia is not willing to spend tens of thousands of yuan for a night!

Xing Yifan didn't have the Kung Fu to send it to him. Didn't he just stay overnight? If she can't afford to live, he will.

"I don't think you can get out of bed tonight. I'll open a suite. You stay with me." Xing Yifan said lightly.

Bai Xia stared at him with big eyes, swallowed his saliva, and lived with him?

Xing Yifan doesn't need to worry about guessing her mind. This woman's mind is written on her face.

"Don't worry, I'm not interested in you. I won't touch you at night." Xing Yifan's eyebrows are bland, promising to make a sound.

Bai Xia's face is hot. She can't help glancing at the window. Under the light, she reflects a hazy and beautiful face. Does she want to say that she really looks so bad?

"Thank you." Bai Xia is grateful to see that he has this heart.

Xing Yifan took her into the elevator, went up to the first floor, and let her sit on the leisure sofa. He opened a presidential suite, and continued to come back and take her into the elevator.

All the way, Bai Xia's face was almost cooked.

"Am I heavy?" Bai Xia asked him curiously.

Xing Yifan glanced at her and said, "how many Jin and how much are you missing?"

Bai Xia immediately looks at him in embarrassment, which means that she is very heavy?

She hoped to hurry to the room, and she would not come down when she sat in bed, nor would she need to be carried around by him.

Xing Yifan carried her into the room, and Bai Xia said, "take me to the room!"

Xing Yifan took her to bed. Bai Xia immediately sat on the bed and said to him, "thank you, Xing Yifan. I will repay you later."

Xing Yifan listened. When he went out, he gave a slight sidelong look to Jun Yan. "OK, I'll wait."

With that, he closed the door.

Behind him, Bai Xia curled her lips, of course, to repay him! When her feet are ready, clean his villa for one year for free!

Chapter 1036

Bai Xia is lying on the bed. At this moment, she is tired and aching. The time has been tossed to 12:30 at night. She lies on the bed and looks at it with her mobile phone for a while, then she falls asleep in a daze.

Xing Yifan took a bath, dressed in a white bathrobe, took a bottle of ice water and walked to the balcony. The view of this hotel is very good, which can catch the charming night view of the whole a city.

Xing Yifan's eyes can't help but look at the balcony of the next guest room and wonder if the girl is asleep.

Think of today to embrace, this is probably his life in addition to family, the first time so close to a girl.

It's really a problem.

In the morning, Bai Xia opened her eyes in a daze and looked at the ceiling. Her eyes widened and brightened immediately.

It occurred to her that this was a hotel, not a home.

She gently closed her foot, heavy plaster still made her very inconvenient, but the wound did not hurt so much.

Bai Xia rubs the neck of some pillows. The first thing she wants to know is whether she has come to the shop at home!

Such a hotel, stay overnight is tens of thousands of yuan of consumption ah! She can't afford it.

At this time, there was a knock outside the door. Bai Xia didn't even change any pajamas last night. Except for her long hair, she didn't have any clothes to hide.

"Come in." She hurriedly combed her long hair with her fingers and looked at the handsome man outside. She bent her lips and smiled, "good morning!"

"I'll have breakfast delivered." Xing Yifan said to her.

Bai Xia nodded at once, "OK! As it happens, I can't go anywhere now. I'll be out in ten minutes. "

Xing Yifan closes the door, and Bai Xia gets out of bed. Then she jumps to the washing table and cleans her face and teeth. She doesn't want to be too sloppy.

Looking at herself in the mirror, Bai Xia is still satisfied with her sleep last night. She looks very energetic.

Ten minutes later, Bai Xia opened the door, propped up the doorframe and jumped onto the sofa to sit down. At this time, there was a doorbell outside the door. Xing Yifan stepped over and opened it. It was the breakfast that was delivered.

The rich breakfast variety filled the whole table. The waiter left. Bai Xia smelled the fragrance and jumped over again. She sat down with the table and looked up at Xing Yifan. "How much is the room fee here? I'll share half of it with you."

White summer thought, although the meat hurts, but, so expensive consumption, she can not take advantage of him!

"No need." Xing Yifan refused lightly, reaching for hot milk to drink.

Bai Xia hurriedly said, "what you want, how much do you say! Really, I can afford half of it. "

Xing Yifan looks up at her stubbornness. He elegantly cuts the toast on the plate and casually says, "the total price of the room is 8000, and you give me 4000."

"Is the room so cheap here?" Bai Xia asked in surprise. She thought it would be sixty or seventy thousand nights!

"Well!" Xing Yifan calmly responded to her, but in fact, the room here was 68000 a night.

"Then I'll give you six thousand yuan. My medical expenses last night were counted together." Bai Xia figured it out.

Xing Yifan looked up at her face, which was clear about accounting with her. He raised his eyebrows and said, "you seemed to say last night that you want to repay me. How do you want to repay me?"

"I've decided to clean your house for free this year. I won't charge you a cent." Bai Xia looks at him sincerely to express her thanks.

The milk Xing Yifan was drinking almost came out. His slender fingers covered a corner of his mouth and looked up at the girl opposite. This is what she called reward?

Obviously this is also a kind of repayment, but why not as he would like?

"Good." Xing Yifan responds to the cold.

"I don't know if there's a call at home! After breakfast, can you take me home?" Bai Xia asked expectantly.

"I'm going back to feed dodo, too." Xing Yifan is also worried about the little guy.

Bai Xia is very happy to see that he is good to each other. She is also very pleased that each of them is raised in his home, at least not wronged.

"Maybe next Saturday, I can't clean it for you. This time I'll figure it out and supply you later." Bai Xia and he have a clear account.

Xing Yifan's appetite for breakfast disappears unconsciously, but the opposite Bai Xia is very hungry and delicious.

After breakfast, Xing Yifan carried her out. In the elevator, Bai Xia met several guests who entered the elevator. She was embarrassed. She buried a small face in Xing Yifan's arms and dared not look at them.

But on the first floor, when two girls came downstairs, there were two excited conversations floating in from the outside of the elevator.

"That man was so handsome just now!"

"It's a pity to have a girlfriend."

The elevator door clanged open, and Bai Xia's pretty face turned red with embarrassment. She took a sneak look at Xing Yifan and found that even if he listened, his face did not show any emotion.

Bai Xia immediately restrained some thoughts. People didn't think so. Why should she think more? Fortunately, they are all single. If he has a girlfriend, she will be bad for him. In the car, Bai Xia calls the villa's property to confirm the call, and there will be no power outage in the near future.

Bai Xia can't help sighing a sigh of relief. The next week, it's time for her to stay at home. After her foot injury, she can't go anywhere.

Xing Yifan's car drove to his door. Bai Xia looked at him in surprise, turned around and asked, "can you take me to my door?"

Xing Yifan looks at the eyes in front of her and slowly stares at her. "How do you live like this?"

"Don't worry, I can take care of myself." Bai Xia said with a smile.

"Stay in my house for a while! Move back when your legs are ready. " Xing Yifan's voice has a certain meaning that cannot be rejected.

Bai Xia could not help but stare at her eyes. When she was moved, she still worried, "is it inconvenient! I will disturb you! "

"If not, ask your family to take care of you." Xing Yifan's eyes locked her small face.

White summer 's eyes flashed a confused, she shook right, "I want one can."

Xing Yifan didn't ask much. He drove the car into his yard and got off at the door of the cart. He came to the passenger seat and said to Bai Xia, "then live in my house."

"Don't you really bother?" Xia Wan has no problem. He is afraid that it will affect him. For example, last time, he brought a beautiful girl home.

Xing Yifan's eyebrows are twisted. He can't help but say that he carried her into the sofa in the hall. Bai Xia is also depressed. She was good yesterday. Now, he needs to hold her everywhere.

Bai Xia handed a pen and a page of paper over his head, and Xing Yifan's voice fell, "I'll go to your house later, you need to let me pack something, now write it down well."

Bai Xia was shocked. She took the paper and pen and said to him, "thank you! Xing Yifan. "

Xing Yifan went upstairs to hold his cat. Duo's nest was installed in his room. When he came out last night, he locked it in the cage and put food and cat toilet. Bai Xia is sitting on the sofa, seriously thinking about the things he packed, and she won't live for long, so she just wrote a few simple

things, and packed her three sets of clothes, her laptop, as well as drawing paper, plus toothbrush, towel and so on.

After a while, Xing Yifan came downstairs holding each other and looked at Bai Xia. He was so excited that he meowed. As soon as Xing Yifan was on the ground, he couldn't wait to jump on her, and her head was arched in her arms.

Xing Yifan looked at the paper on the table. He picked it up and said, "have you finished?"

"Yes, it's done, and you don't need to bring too much." White summer Curved Eyebrow to smile a way, "fingerprint code also is below, you go in directly can."

Xing Yifan took it and went out. Bai Xia stroked many flowers and talked to her.

"It turns out that your hero is not as ruthless as he imagined! No wonder you like him. "

"Meow..." A pair of clear big eyes stared at her, as if asking, "do you like him?"

Bai Xia can understand it. She grins and rubs its small head. She chuckles but doesn't talk.

I am more grateful to Xing Yifan. I can't say that I like this feeling at present. In short, at present, he is her benefactor.

Chapter 1037

Xing Yifan goes into a room full of girl's breath, which is still very tidy, and the wall is covered with her paintings. Xing Yifan also turns over her works from the side, only to see that there is a cartoon author's name in the inner page of her published works, summer.

Xing Yifan raised his lips and smiled. He took it up and looked at several pages. He didn't expect that she was a cartoonist. No wonder she had nothing to do all day!

It has to be said that her cartoon is very beautiful and can't be seen. She has such a talent of muddling around.

He mentioned to her what she was going to bring in his villa at one time.

Bai Xia looked at him and said, "thank you."

"Your room is the third on the left of the third floor." After Xing Yifan finished, he took the lead in lifting things for her.

Bai Xia saw his figure upstairs. She bit her teeth and decided to go upstairs on her own.

After Xing Yifan put down her things, he also put clean quilts and pillows for her. This room is not occupied yet, and everything is fresh.

After Xing Yifan finished his own work, he was ready to close the door and come out. At this time, Bai Xia had jumped up the third floor on one foot, stroking the stairs, and jumped up with his teeth clenched.

At the moment, she was at the door. Xing Yifan opened the door and scared her.

She was standing on one foot and breathed.

"Ah..." A exclamation, her whole person shakes one time then accurately hugs toward the man.

Xing Yifan quickly lifted her pretty buttocks, lifted her whole body, and formed the posture of holding the princess, because if he didn't lift her whole body just now, her plaster foot would surely step on the ground with uncontrolled support.

Bai Xia hugs his neck, a frightened white face, and Xing Yifan's handsome face are just a palm apart.

Bai Xia finds out the ambiguous action at this moment. Her white face is pink with the speed visible to the naked eye.

"I'm sorry!" Bai Xia is also embarrassed. What's wrong with her? I've been jumping at him lately.

Xing Yifan took her into the room, put her on the sofa, and gave a low warning, "don't run around, stay in the room."

"Oh! All right! " Bai Xia sits like a obedient child.

When Xing Yifan pulled the door out and closed it, his expression remained calm, as if there were some abnormal disorders, even his breath was slightly hasty.

Bai Xia, with a bitter face, leans back on the sofa and wants to beat himself up. How can he always be so reckless?

She turned on the computer, connected to the mobile phone network, and immediately edited several pieces of information to urge contributions.

Bai Xia looks at the information of urging draft, and thinks that if he doesn't pay a beginning, it will be difficult to open money next month.

It seems that she just took advantage of the day when her foot was hurt to draw a piece of opening manuscript and hand it in!

Bai Xia said to do it, and there was no time for her to hesitate. Anyway, she can't go anywhere now.

She took up her pen and began to write on the special comic paper. She sat on the sofa, and the first thing that came to her mind was Xing Yifan's comic hero like face. Just in time, her whole plot was based on him.

Bai Xia decides that she doesn't need to look for any plot. Isn't it the climax of all the rich plots that she and Xing Yifan get along with now?

There is really a sense of ups and downs in the picture!

When Bai Xia was looking for something else, she turned over a canvas bag beside her. She opened it and found several underwear and bras on the top.

Her head went blank for a few seconds, my God! He even remembered to bring this to her.

Bai Xia only felt a flurry of fever on her face. Did he take his hand? Take these things from her?

My God! Kill her! Bai Xia is going to cry to death. She is embarrassed!

After a while of emotional ups and downs, Bai Xia saw the editor's urging information again, so she had to calm down and continue to open the painting.

When her drawing hand kissed by an angel was sketched on the paper, a cartoon hero's face that looked like Xing Yifan appeared on the paper.

Bai Xia stared at Xing Yifan for a long time. Xing Yifan's various appearances had a strong influence on her mind. The cold lines on his face showed his own cold temperament.

Bai Xia is very satisfied. Now, in addition to publishing, she can also cut the Internet and has a very high popularity. However, she is slow in drawing, but ensures the quality.

Xing Yifan didn't come in to disturb her, because he went out to buy lunch and dinner at the nearby supermarket.

Xing Yifan is also depressed. Why does he serve this woman? Is it kindness or something?

In a word, if he left her in her own villa and died, he could not bear it.

I'm afraid that this woman will hurt herself even more. When her family is not around, she will trouble him. So, he thought, help to the end! When she is ready, I will clean the villa for him!

Xing Yifan was driving back, thinking about it all the time. At the moment when he got home, he found such a decent reason.

Bai Xia has been painting for more than an hour. Her back is aching. She has to stop and close the picture book. She picks up the computer and starts to write a dialogue again. In her mind, it's all her conversation with Xing Yifan at the moment, and she doesn't deliberately modify how much. Xing Yifan's words are always firm, powerful, concise and clear.

Bai Xia is writing. There is a knock outside the door. Bai Xia quickly closes the document, arranges the clothes and says with a smile, "come in!"

Xing Yifan comes in with a glass of water and a plate of fruit in his hand. Bai Xia is staring at her eyes. She is flattered and surprised to see her treatment. It's too good!

Xing Yifan is ready to leave. Bai Xia immediately reaches out his hand and clasps his wrist. She is very moved. She looks up and touches Xing Yifan's look back. She sincerely says, "thank you."

Xing Yifan falls on the wrist tightly held by her tiny hand. Bai Xia quickly pulls back her hand. She is embarrassed.

Xing Yifan picked up his eyebrows and said, "I'm good to you now. You'll be well injured later. You need to pay me back twice."

Bai Xia listened, nodded his head and said, "Well! I will. "

Xing Yifan is satisfied with clenching his lips and pushes the door to leave.

Bai Xia is eating fresh Hami melon, which is sweet and delicious. She is in a good mood. After eating, she can continue to work.

For lunch, Xing Yifan carried her down. Bai Xiafu was on his broad back, feeling his strong body, as if carrying her on his back. For him, there was no pressure.

After lunch, Bai Xia had a rest on the sofa. When Xing Yifan went to wash the dishes, she jumped on one foot.

Next, the two did not disturb each other, until the evening, Xing Yifan prepared dinner, and Bai Xia came down to finish eating.

Bai Xia, who hasn't bathed for two days, is also very uncomfortable. She takes a bath in her own way, changes into comfortable cartoon pajamas, sits on the bed, and continues to draw with the drawing.

Until very late, Bai Xia has forgotten the time, she only has the enthusiasm and beat the chicken blood brain.

Only on paper, the scene is rich, the characters are full, and the pictures of each frame are very good.

Bai Xia finally can't bear to pack up the drawing board and fall asleep.

In the morning, Xing Yifan is used to getting up at 6:30 on time for fitness. After an hour of fitness, he goes downstairs to prepare breakfast. At 8:00, he stands at the door of Bai Xia's room with breakfast.

He knocked at the door, but there was no answer.

Xing Yifan's eyebrows slightly twisted. He pressed the door handle and gently pushed the door open. Bai Xia held the quilt in his arms and slept heavily in the room.

Chapter 1038

Xing Yifan stands at the door. Did the woman rob the bank last night? Can you sleep like this now?

Xing Yifan looks at the picture book beside her. It seems that she stayed up late last night to work. This woman really doesn't take her body seriously.

Xing Yifan retreats, but if she wants to sleep, let her sleep until she is full.

Bai Xia slept until 11 o'clock at noon. When she opened her eyes, she picked up her mobile phone and was immediately shocked. She quickly sat up and gathered her long hair.

She was lifted out of bed and washed in the bathroom. She sprang out on one foot. She jumped step by step along the stairs, only a few steps after the cold. Then she saw Xing Yifan's tall and straight figure coming up from downstairs.

"Good morning!" Bai Xia says hello with a smile.

Xing Yifan's handsome face sinks, "early? You look out at the sun and say hello. "

Bai Xia really took a look at the sun through the window. The sun was shining on her buttocks. She smiled and said, "good afternoon."

Xing Yifan's handsome face is still a little ugly. He stares at her and says, "I cooked breakfast for you in the morning. It's a waste."

"Eh? Have you prepared breakfast for me? Master Xing, don't prepare breakfast for me. I may not be able to get up in the morning. " Bai Xia thinks it's impolite to call him Xing Yifan. Seeing that he looks like a young master, she has changed her address.

Xing Yifan listened and stared at her for a few seconds. He ordered, "no late for breakfast at eight in the morning."

It seems to be forcing her to have breakfast.

Bai Xia blinked, and had to explain the situation: "my work nature, may often add a night off work, so the next day I may not be able to afford."

Said, white summer's one foot stand a little hard, because her feet are a little bit sore.

Xing Yifan watched her upper body caress on the fence, jumping and jumping with one foot. He immediately went to the next two stairs. He squatted down and motioned for her upper back.

As soon as Bai Xia was happy, she naturally put her hands around his neck, and her toes were slightly on his back.

Xing Yifan's hand also holds her leg tightly and carries her downstairs.

Sitting on the sofa, Bai Xia looks up and says, "thank you."

Xing Yifan goes to the water dispenser, takes a cup and pours it to her. Bai Xia regrets that she hurt her foot and makes her a person who can't even take care of her life.

"Thank you." Take the cup, she added.

"As soon as you live in my house, you should listen to all my arrangements. The next rule is that you should not be late for three meals a day. Otherwise, I will let you starve for one day and stay up

late at night. If I find out, I will bear the consequences." Xing Yifan is sitting on the sofa opposite, with a handsome face, like a dictator.

Bai Xia, who was drinking water on the opposite side, immediately choked a mouthful of water because of this sentence. She covered her mouth and coughed and looked at it with astonishment, but she didn't know what to say.

"Do you understand?" Xing Yifan's eyes locked on her.

Bai Xia nodded and listened like a child. She just wondered why he did it!

Why does Xing Yifan do this? Don't you want to correct her life? Even if she is young, she will suffer from illness in such an upside down day and night.

Xing Yifan is like an elder who worries about everything, but Bai Xia can't understand his pains completely.

Of course, Bai Xia is hungry. Duo jumps into her arms and gets bored with her. Xing Yifan enters the kitchen and begins to prepare lunch.

Bai Xia can't help being curious about his identity. He said he was a lawyer, but he didn't seem to do anything now. However, this man can afford to live in a seven-star hotel, a few sports cars in the garage, and this villa. He should be a young man from a rich family!

Bai Xia suddenly thought bitterly of her family background. Her father was not an ordinary person. She owned several listed companies, managed thousands of employees, and was very valuable. However, such a father raised three or four children outside, and was also full of his mother's having illegitimate children and illegitimate daughters.

After learning that he had children, the mother threw herself into the river for a while, leaving her five-year-old. Then, because of her mother's death and her father's guilt, she got a good compensation. As long as she wanted, her father satisfied her.

After she finished high school, she applied to go abroad and embarked on her own favorite career. When she got the first payment, she left her father's confused family completely, which had not been her home for a long time.

Therefore, she lives like an orphan. She is strong in life, independent and dependent on herself.

Bai Xia's eyes were moist. She took a deep breath. She thought that maybe only when she got married would she invite her father to attend once!

Anyway, he now has his family business, and busy entertainment and women, such a father, such a home, she would never want to go back.

Bai Xia is thinking deeply. Xing Yifan steps out. He seems to feel the sadness on her face. His sharp eyes sweep over, and Bai Xia immediately raises a bright smile. "What can I do?" Xing Yifan said, "no, don't run around."

Bai Xia immediately sat down in good order. She didn't give him any trouble except for the flowers in her arms.

Xing Yifan walked, heard the cell phone on the table ring, he picked up a look, immediately picked up, "Hello! Mom. "

"Yifan, Yinuo and I are going to come to your house for lunch. Are you at home?" The voice of Jiang LAN came.

Xing Yifan's heart strings tightened, and he went to the direction of the yard. He also replied, "Mom, I'm not at home."

"Not at home! Are you at home at night? "

"I'm not at home these days." Xing Yifan had to say that he was flustered. He could not let his mother and sister come to see a wounded woman in his arms.

"Then you should pay attention to your diet all day long. Don't go out all the time." Jiang LAN is not sure how many rich young masters are living in a dissolute life now.

"Mom, don't worry. I'm not the kind of person you think I am. I know what I'm going to do." Xing Yifan comforted.

Of course, Jiang LAN is also clear, "OK, I'll come back to see you when you go home in a few days."

"OK, I'll contact you when I'm at home. "

"Oh, by the way, did the girl catch up? Have you been promised to be your girlfriend? " Jiang Lan's call, the most important, is to inquire about this matter.

Xing Yifan could not help but walk further to the flower garden. "Mom, she hasn't looked up to me yet."

"Are you not using the right way! Yifan! When it's time to brighten up your family background, don't be vague. Don't let people not know what you are doing all the time. " Jiang LAN educated him.

Xing Yifan snorted, "Mom, those women who only like me for money, what am I going to do?"

Jiang LAN at that end of a consternation, "perhaps they are not all for money!"

"Mom, don't worry. I haven't planned to get married before I'm 30. Don't worry."

"If you are not thirty, then you plan to be forty! I'll tell you! Your father and I don't have anything else to wish for now. We'll wait for you to marry back and let us rest assured. " Jiang LAN still wants to put some pressure on him.

"Well, I'm not chasing it!" In front of his mother, Xing Yifan lost all his high cold temperament. He had only a good son who followed his mother in everything.

"Well, we'll wait for your good news." Jiang LAN smiled with satisfaction and said that she really knew which girl could be so excellent that her son caught up with her.

It seems that in a while, she will have to secretly investigate the girl's information.

Xing Yifan walked into the hall holding his cell phone and heard the giggle of Qingyue's girl.

"Well, well, one after another, don't kiss."

On the sofa, Bai Xia is holding each flower, and each flower is stretching out her small head from time to time, reaching up to her face, making Bai Xia giggle.

Xing Yifan's eyes fell on this scene, and his mood was joyful with the atmosphere at the moment.

He went into the kitchen and had a busy lunch.

This evening, Bai Xia didn't dare to stay up late. At 11 o'clock, she collected the drawing board and went to bed on time. She set three alarm clocks. From 7:00, 7:30, 7:40, she must catch Xing Yifan's breakfast before 8 o'clock.

Otherwise, she can't stand being hungry all day!

Although I know that this man will not be so cruel, but even if this is his home, she should listen to him.

Because the two people don't disturb each other, it's the fifth day in a blink of an eye. When Bai Xia had breakfast in the morning, she asked Xing Yifan to take her to the hospital to have a plaster cast because she didn't feel any pain in her ankle.

After lunch, Xing Yifan took her back to the previous hospital. The doctor took off the plaster for Bai Xia, and she recovered well. The injured foot can fall to the ground, but it can't lift heavy objects or run. It's OK to walk normally.

Bai Xia has a feeling of being reborn. At last, she doesn't have to bother Xing Yifan any more.

However, it also means that her living together with Xing Yifan is over, that is to say, her feet are ready, and she should move back to her villa.

Sitting in the car, Bai Xia brought up the matter.

"Well, I cleaned up and moved back this afternoon. Thank you for these days. I really appreciate what you have done for me." Bai Xia said sincerely.

Xing Yifan has no opinion either. He has done all he has to do. Next, there is nothing for him.

"Well! Then move back! " Xing Yifan replied in a low voice.

At the moment, Bai Xia is really thinking about how to repay him better. She asks, "I'm willing to clean the villa for you for a year. Besides this, how do you want me to repay you?"

Xing Yifan looked at her in a different way. "How about a life example?"

Bai Xia's pretty face turned red. She didn't expect that he would make such a joke. She looked at him in a daze and blushed.

When Xing Yifan saw that he had made fun of her, he glanced at her triumphantly. "Don't worry, I'll talk about it casually." Bai Xia also asked herself to step down. "I don't think you can see me like this. How many beautiful girls are going to attack you on your condition!"

After hearing this, Xing Yifan was stunned by Junyan. He just sneered, "I can't even see it coming."

Bai Xia thought of the girl who took the initiative last time. He said, isn't she bad for him?

Chapter 1039

When Bai Xia returned to Xing Yifan's villa, she went upstairs to pack up her things. Looking at the room where she only lived for five days and five nights, inexplicably, she really liked everything here and was reluctant to leave.

However, how could she continue to stay here? Eating him, using him, and letting him take care of himself with three meals a day really bothered him.

And, because she's here, taking up a lot of his time.

Bai Xia came out with the things in his hands. As soon as he got to the porch, Xing Yifan leaned on it. When he saw her coming out, he stepped over and reached for her bag.

Bai Xia was moved. The doctor asked her not to lift heavy things for a while. Unexpectedly, he was so considerate and considerate that he took care of her even at this point.

"Thank you!" Bai Xia also can't remember how many thanks he said to him in this period of time. It seems that every thing he did moved her to say thank you.

Xing Yifan just silently carried her things downstairs, and went downstairs without putting them down. He said to her, "I will deliver them for you."

Bai Xia said, then she looked at each flower and asked, "can I live with each flower for two days? I promise I will give it back to you. "

Xing Yifan was shocked at the thought of her last blackout. It would be better to have a cat with her. He didn't insist on it. "Take it with you!"

Bai Xia chuckles. At this time, each flower is just watching her on the sofa. When she comes, she holds each flower and rubs its small head with a smile. "How about going home with her mother for two days?"

"Meow..." Blossoming like a happy response to her.

Xing Yifan carries her things out of the door, and Bai Xia also opens the fingerprint lock on her side and pushes the door open. Xing Yifan carries her things upstairs and puts them at the door of her room. He looks at the woman holding the cat. "If you have anything, you can call me."

"Well, thank you." Bai Xia chuckles and nods.

Xing Yifan turned around and left. Bai Xia saw that he was about to leave. He didn't know which string in his heart was wrong. He called him, "Xing Yifan..."

Xing Yifan stood at the entrance of the stairs and turned to look over.

Bai Xia looked at him, and his mood was up and down. He said, "I..."

"What do you want to say?" Xing Yifan squinted and waited for her words.

"I just want to say, thank you for taking care of me these days, and I will remember it." Bai Xia said with sincere gratitude.

Xing Yifan said, "no need."

Finish saying, turning around, Xing Yifan's deep and dark eyes clearly flashed a trace of loss, thought that this woman would be moved to express her love to him!

Bai Xia stood at the stairs and watched him go downstairs. She breathed a little. She spent a year here, talking to herself every day with a cat.

But I don't know. After meeting Xing Yifan, it's the most wonderful story of her year. The days when she lived in his house are also the warm times she can only count in her life.

Bai Xia is thinking about something in a daze. Suddenly her mobile phone in her bag rings. She is surprised. Is the editor in chief urging the manuscript?

She took it up, but she took a little breath. It was her father's father's father, who had no contact for almost a year.

Bai Xia took a deep breath, then he said, "Dad."

"Xiaoxia! What's the matter with you? You've been back home for a year, and you don't contact me. Where do you live now?" The white father's voice seemed angry and disappointed.

"Dad, I'm fine. Don't worry." Bai Xia took a sip of her lips and didn't know what to talk about for a while.

"Xiao Xia, come home and let Dad see you. I haven't seen you for three years." The white father wants to do his duty as a father to his daughter who is away all year round.

"Now?"

"Yes, just tonight, go home for dinner." White father still wanted to see her because of his guilt.

"Oh! Well, I'll go home tonight. You haven't moved Bai Xia's curious question is actually a very ironic one.

It wasn't her home, so she wasn't sure if her father's would move.

"Oh! I'll send you the address later. In the last two years, my father has changed to a bigger villa. "

"Oh! OK, send me the address! " Bai Xia replied.

"In a second, you are all twenty-three, and my father wants you too! Come back early. "

"Good!" Bai Xia replied that Bai Fu hung up the phone first. It was clearly two fathers and daughters, but Bai Xia had nothing to talk about, as if the father had been forgotten in her heart.

Bai Xia thought that she would go home for dinner in the evening. She had to hurry up with some manuscripts, so she carried each flower into the room. She prepared for her work.

Imperceptibly, it's five o'clock. Bai Xia cleans up, chooses a fashionable floral dress, and paints her makeup lightly. She thinks, let's return the flowers!

She was afraid that she would come back late, and duo was alone. She drove out to Xing Yifan's house. She held duo in her arms and rang the door of his house. After a while, in the direction of the garden, Xing Yifan stepped over in black.

"Master Xing, I'll give you back one after another. I'm going out at night. I'm afraid I can't take care of it."

Through the distance of the iron door, she sent in many flowers.

Xing Yifan took each flower back to his bosom and twisted his eyebrows to ask, "where are you going?"

"I'll see my father when I get home. I may come back later." Then she said with a smile, "I'll go first."

Looking at her sitting in the car, Xing Yifan thought that her feet were just right, and told him in a low voice, "drive carefully."

"I know. I'm an old driver, too." White Xia ha ha ha a smile, finally leave Xing Yifan, is her beautiful smile, and her white car has left.

Xing Yifan holds many flowers, but there is a thing in his mind. What is the life experience of Bai Xia? Inexplicably, he was curious.

She lived alone for a year, and could not find a family to take care of her even when she was injured. Xing Yifan thought, and the curiosity became strong.

And he knows to inquire this matter, can find a person, elder brother that is very capable assistant, Han Yang.

Xing Yifan returns to the hall, picks up his mobile phone and dials up Hanyang's phone.

"Hello! Second young master. " Han Yang of that end has great respect for him.

"Assistant Han, would you please check a person's information for me, and don't tell anyone first?" Xing Yifan opens the road.

"OK! May I ask who you want to check. "

"A girl named Bai Xia is twenty-three years old and her birthday is August 20th." Xing Yifan says what he knows. This is a contract on her desk with her birth information when she last packed Bai Xia's things.

"What kind of information does the second young master want to find out about this young lady?"

"Check her family background!"

"OK! Give me some time. I'll call you as soon as I have any news. " Hanyang is very good at the main road.

"OK, I'll wait for your call." Xing Yifan said, hung up the phone, and realized that he was interested in Bai Xia. He was stunned for a few seconds.

Bai Xia is looking for a nearby address along the address sent by her father. It's a high-end residential area in the center of the city. It's said that the real estate here is the highest price in the center of the city. It can afford to buy a house here and it's a villa. The family situation is not ordinary. It must be this area. Money can't be robbed.

Bai Xia knows that her father's company has grown again in recent years, but she has never extravagantly asked for money at home, because there has been a very powerful woman around her father, with a son and a daughter occupying everything of his father.

Father is a very restless person, he had a lot of women in his early years, Bai Xia from the sad, to now indifferent.

However, what's more, the woman who gave birth to a son and a daughter beside her father is still sitting in her white lady's position, safe and sound.

Unlike her mother, who is so vulnerable and helpless that she can't accept her father's playful life style, she wrote a suicide note and ended her life as early as possible. She left behind the worldly affairs and the complex family she faced.

Bai Xia's car is parked in the parking space next to the community. She comes in with her bag. As soon as she comes in, the bodyguard asks her to register, "Miss, please register your details and write down the name of the visiting householder."

Bai Xia finished. The bodyguard looked and asked in surprise, "who are you, Mr. Bai?"

"I'm his oldest daughter." Bai Xia's self mocking answer.

"Oh! I didn't know Mr. Bai had such a big daughter! " The bodyguard was surprised that he had not seen it for three years.

Bai Xia was not surprised. She went into the community. The bodyguard kindly pointed out a direction for her. Bai Xia followed the spacious community road and looked at the number of the house. Finally, she stood in front of a large and medium-sized villa.

Chapter 1040

In front of him, this magnificent villa made Bai Xia stunned for a few seconds, but he had an impulse to escape instead of going in.

But when she comes, let's go in and say hello! Although the father is no longer competent, he is also the one who brought her to the world.

Bai Xia reached out and rang the doorbell. It took seven seconds for the door to open. Bai Xia pushed the door to enter. In a strange environment, she could not feel the warmth of home.

As soon as Bai Xia arrived at the door, he saw a young man coming out, Bai Shize, a white father dressed in great spirit. At the age of 46, he did not have a trace of old age, but lived younger and younger.

This is also the result of Bai Fu's pursuit of life, because around him, he always surrounds different women, keeping him in a young state of mind, coupled with extraordinary temperament and good looks, Bai Shize is a restless man from young to now.

This is Bai Xia's father.

"Xiaoxia, come back, come in! This is our new home." Bai Shize is still very affectionate to this eldest daughter. He will give all his love to her when he was a father for the first time.

"Dad." Bai Xia calls for him.

Behind Bai Shize, a 19-year-old and a 15-year-old girl also came out. These are the two children Bai Shize's current wife gave him.

"Rongrong, Yingying, come to call sister." Bai Shize spoke to his other two children.

"Sister." The young girl looked at Bai Xia, and she didn't have any feelings.

Bai Xia looks at them, but he has no feelings. Although he is a half brother, he treats each other as outsiders.

"Oh! Xiaoxia is back! Rare! Come on, come in and sit down! " A jeweled woman stepped out of the splendid hall, in her early forties, well maintained, but her eyes were full of calculation, which could not be concealed in her smiling eyes.

Her name is Ye Jiamei, and her name is the same, she was born with a foxy face, even now also gives a kind of uneasy breath.

Bai Xia looks at this woman and doesn't call her, because she was the one who forced her mother to give up her seat and made her want to leave? Although she never showed up, but she gave birth to a father and children, but somehow to the mother's ears.

The little aunt once told her angrily that it was she who told her mother behind her back that she had given birth to a son. The death of her mother may be her own choice in that year. However, the person who impelled her mother to end her life was the woman in front of her and the father of the flower.

"Xiao Xia will come back, and make a good dish to greet my eldest daughter." Bai Shize also did not know how to chat with Bai Xia, because he was strange to his daughter after three years.

"Xiaoxia, what are you doing recently? Are you still drawing comics? " Bai Shize asked with concern.

"Well! Yes. " Bai Xia sat on the sofa and answered. Under the light, Bai Xia's clean and beautiful face made Bai Shize realize that the daughter he had with his ex-wife was really beautiful!

Ye Jiamei comes here with fruit. Her eyes are also looking at her husband, the eldest daughter. She can't help being envious. How can she have a daughter born with a man? Her daughter is not so delicate?

"Xiao Xia, I'm going back to China. Come to find my father! How can I live in your aunt's house without saying a word? My father can't afford a house for you. I'll buy you an apartment later. " Bai Shize is probably ashamed of himself. He immediately decides to buy a house for Bai Xia.

Ye Jiamei's face slightly changed.

"Where do you like the house? Tell Dad that he'll let someone buy it for you." Bai Shize continued.

Bai Xia wanted to leave this family before, but today when she came back here, she suddenly thought of her mother's death, which was sad. Even though she didn't need her father to buy a house, when she saw Ye Jiamei's face sank slightly, she came up with an idea. She didn't understand before, and felt that she wanted to escape from this complex family, but now she has grown up and knows how to fight for it.

It's also the daughter of her father. Why did the woman who killed her mother in those days live here with her children, without worry about food and clothing and enjoying wealth?

"Dad, really? Where do I want a house? " Bai Xia asked, pretending to be happy.

"Of course, you can choose the real estate in this city." Bai Shize nodded at once.

"Good! Let me choose tomorrow! I'll let you know when I've chosen. "

"Cars are needed. Tell Dad what you want." Bai Shize continued.

Ye Jiamei's face on one side is already a little ugly. She knows that Bai Xia will not go back home actively, and she wants to attract her husband's full of guilt. No, once she goes home, she doesn't need to speak, and her husband will satisfy her with anything.

"Can I choose one?" Bai Xia asked happily.

"Of course, Dad owes you all these years. I have to make it up to you." Bai Shize is tired of playing. Maybe he is too old to play. He wants to return to his family and become a competent father.

"Well! Thank you, Dad. " Bai Xia chuckles."I say Shize! Will you be too anxious? It's not easy for Xiaoxia to make a decision! "

When Bai Xia saw his father, he thought it would be too urgent. When he was going to say something, Bai Xia said with a smile, "Dad, I've seen my house and my car."

"Really? Tell Dad, where does the house like? What kind of car do you like? " Bai Shize asked immediately.

Ye Jiamei's eyes glared at Bai Xia. She felt that Bai Xia didn't talk as well as she did when she was 18 or 9 years old. At that time, she didn't know anything and was ignorant as a child. Now, Bai Xia is different.

It's like she's here for revenge.

"Shall I tell you tomorrow?" Bai Xia also needs to think about it and see which car is the most expensive at home.

"OK! Just tell Dad when you think about it. " Now that Bai Shize has money, he wants to spend money on his eldest daughter to make up for his debt to her.

Bai Xia drinks with a teacup, and ye Jiamei sits down and looks at her with a pair of eyes and mind.

Bai Shize a phone rang, he picked up his cell phone to go out to connect.

When ye Jiamei saw her husband leave, she couldn't help sighing, "Xiao Xia, you don't know that your father's business has been losing in recent years. How can you afford to buy a house and a car for you! He's under a lot of pressure. You should be considerate of him. "

Bai Xia heard what she said, looked at her, and suddenly pointed to the watch that appeared on her wrist. "This watch seems to be more than one million!"

Ye Jiamei immediately put out her hand to hide her watch. Her face was a little stiff. "This is what your father gave me for my birthday a few years ago."

"This is a new model! I don't think it's a few years ago. It's this year's style! Are you so gullible as a child? " Bai Xia is also guessing.

But don't want to guess right, ye Jiamei's face sinks, some angry look at her, "Bai Xia, what do you mean?"

"You just said that my father lost his business and didn't make any money. Why did my father buy you more than one million watches and you took them with ease?"

"That's what your father would buy for me." Ye Jia replied angrily.

Bai Xia smiled, "just now my dad said that he would buy me a house and a car."

Now, ye Jiamei's face is very ugly. Moreover, she clearly knows that Bai Xia's purpose of returning home this time is not to let her live in peace.

"It seems that you have developed a lot of skills in these years abroad." Ye Jiamei doesn't pretend either, that is to say, Bai Xia is not good at acting.

Bai Xia also admired her saying, "many women around my father are like clothes. You haven't been replaced yet. It seems that you have a lot of skills in this old dress!"

"You Sharp teeth and sharp mouth. " Ye Jia was so angry that she dared to describe her as an old dress.

At this time, Bai Shize came in with a mobile phone, and ye Jiamei's face immediately smiled and chanted. He said to Bai Xia, "Xiao Xia! Come for tea! Have some fruit, too! "

Bai Xia secretly made a look of vomiting. Ye Jiamei stood up and said to her husband, "honey, I'll go to the kitchen and make more dishes that Xiao Xia likes. You'll accompany her."

Bai Shize didn't see what happened just now. At this moment, he was very pleased to see that his wife and Bai Xia got along well.
