

U. CEO Daddy 1041

Chapter 1041

Next, Bai Shize carefully inquired about Bai Xia's foreign affairs in recent years. Bai Xia also talked truthfully. Anyway, her father would like to give it to her, and she also accepted it. It's the same thing for her daughter and Bai family. She doesn't want it for nothing.

Xing Yifan has been waiting for Hanyang's call. At about 7pm, he waited for Hanyang's call.

"Hello! Assistant Han. " Xing Yifan quickly picks up the mobile phone to answer.

"Second young master, I have found the information you want. I sent you the detailed email. However, I have heard a lot about Miss Bai Xia's father in the business world!"

"What's the matter? How could her father be a businessman? "

"Ms. Bai's father is Bai Shize. Even though she developed a few years ago, she followed the right person and made good investment. In recent years, she has made good achievements in medicine. However, he is a man with business sense, that is The private life is very chaotic. " Han Yang can't help reminding him, "second young master, you should pay more attention to such a family."

"How chaotic?" Xing Yifan frowned.

"It's said that there are no less than a dozen female stars he has played. However, in all likelihood, the rumors come out. You let me find out that Miss Bai Xia is his eldest daughter. However, his ex-wife committed suicide by jumping into the river more than ten years ago." Han Yang still believes in this kind of Tao.

Xing Yifan was really shocked. That's why Bai Xia lived alone? A father with a rampant private life, a mother who died early?

"OK, thank you." Xing Yifan thanked him.

"No, second young master, if you have anything to do, just tell me."

"Don't tell anyone about this first, nor my eldest brother." Xing Yifan reminds me.

"OK! I will stick to it. "

Xing Yifan hangs up the phone and opens the mailbox in his notebook. It contains the company status of baishenze, his detailed identity and his current family status.

He later married a wife and gave birth to a pair of children. Obviously, Bai Xia seems to be very redundant in this family.

Xing Yifan bit his thin lips, and his mood was inexplicably complicated.

White House.

Bai Xia sits at the table to eat. A pair of young girls in the opposite side are also indifferent to her. Ye Jiamei calls a warm greeting to Bai Xia in front of her husband. She pretends that Bai Xia has no appetite at all.

Ye Jiamei took chopsticks and put them into her bowl. Bai Xia immediately put them in the bowl beside her. "I don't like this dish."

"Don't you like it? Then eat this. " Ye Jiamei is to annoy Bai Xia. If she dares to be rude to her, won't her husband be annoyed?

Bai Xia immediately reached out to block, "aunt ye, I can come by myself. I'm not a child."

Bai Shize also some hate Ye Jiamei's behavior, "Xiao Xia himself clip on the line."

Ye Jiamei immediately complained, but her husband took care of her. She said to her son, "Rongrong, you have done well in the exam recently. What university are we all trying to choose for you?" Ye Jiamei wants her husband to notice her son, which is the root of his white family!

Bai Shize was really attracted by his son, and Bai Xia was too lazy to compete for favor. He bowed his head to eat.

However, Bai Shize also knew that her son's performance was good. She said to her little daughter, "learn like your big brother."

The little girl turned her mouth. "I don't!"

"It's like your sister Xia studying." Bai Shize also hopes that the three children can get along well.

Ye Jiamei immediately chimed in, "Yingying doesn't like painting, how to learn! Besides, there's nothing to draw now! "

Bai Xia's hand to eat, she looked up and said, "these years I draw cartoons to earn money to support myself, it's better than reaching for money!"

When Bai Shize heard this, he immediately thought it was reasonable, "summer and summer are good, but there is no lack of money at home. Don't be so hard in the future. In a moment, dad will give you a card. The money in it will be enough for you to use for a long time."

Ye Jiamei's appetite is completely gone. She feels that as soon as Bai Xia appears, she asks her husband for this and that. It's almost as if she doesn't exist as the hostess of her family.

How to say that her husband's money is also her money. When her husband spends it on her, she is very upset.

"Shize! Young people! There must be a dream of struggle. Don't spoil Xia Xia like this. What can you do if she loses her fighting spirit later? "

Bai Xia sees Ye Jiamei say so, she also said casually, "my aunt's house had power cut a few days ago."

"Oh! What's the matter? " Bai Shize asked immediately.

"Because I didn't pay enough for the electricity, I suddenly cut off the electricity."

"Is money tight recently?" Bai asked worriedly.

Bai Xia smiled. "Dad, I'm ok."

"After a while, the card will be put away. When it's urgent, it will be used. Dad can't be around you. He's worried too!" Bai Shize decides to give her the card again.

Ye Jiamei's teeth were secretly clenched on one side. Bai Xia was really smart and knew how to pretend to be pitiful. When Bai Xia was eating, she looked up and saw the father in the opposite direction and the half brother sitting beside him. She couldn't help being surprised. How could this Bai Rong have no resemblance to his father? Father is a very standard facial features, but Bai Rong's appearance, but with a square face, next to the daughter, is also 80% like Ye Jiamei, even the father's shadow did not see.

Bai Xia thinks that the father's genes have not been passed on to any of the two children?

After dinner at half past eight, Bai Xia is ready to leave. Bai Shize says to one son and one daughter on the sofa, "you all go with me to see my sister."

Bai Xia didn't want to. She shook her head and said, "Dad, I'll go out myself! You don't have to send it either. "

Bai Shize has already given her the card and told her to tell him the room and car she would like to see tomorrow, so that he can send someone to handle it for her.

But his daughter, who lives in the house of his ex-wife and sister, will be disgraced.

He can't lose face with his ex-wife. He wants to create good living conditions for his daughter, so that they can understand that although he lost his ex-wife, he won't lose his daughter again.

Bai Xia sits in the car, but she is still sad inside. She sometimes envies others. Why can't she have a warm and beautiful home?

Now, her father took money to make up for her, she refused in her heart, but she accepted it safely when she thought that she could get angry with Ye Jiamei.

It's said that people live to fight for a breath, but she can't let her mother die and come back. So, as a daughter, what she can do is to let the woman who destroyed her mother's happiness suffer enough!

In the future, she will not be polite to anything she can get from her father.

She can't forget that one night, when she was chatting, she cried and said that her mother had received a test sheet, which was the parent-child test report, and she didn't tell anyone. At that time, her mother was so miserable that she could only adjourn the meeting. In this world, people who were not strong in heart could not walk out easily once they got into the dead alley.

Mother just didn't come out, she hit her head in, then she couldn't come back.

Although she left a personal note, no one is to blame, let her live well, she just can't live in this world in pain.

Bai Xia's eyes are moist. In her life, she can't mistake her feelings for a man like her mother. She needs to polish her eyes and see clearly.

On the balcony of the second floor of Xing Yifan's villa, he took a bath, dressed in white leisure clothes, and his hair was dried by the night wind, which was a bit messy and charming.

Xing Yifan's face was full of the smell of big boys. He held many flowers in his arms and stroked them on his small head from time to time. But his eyes were on the road from the center of the city not far from the villa.

He doesn't know what he's waiting for, but he's a little upset and doesn't know what to do.

It's impossible for Xing Yifan to cheat himself. He is waiting for Bai Xia to come back. Knowing her situation, he pays some attention to her for no reason.

Immediately, the pen drove straight across the road, and a beam of lights shone on it. It was a car driving from the road to this side. Xing Yifan didn't have to guess. He knew that Bai Xia was back.

It was Bai Xia's car. She drove straight to the door of her villa. The iron door opened. She drove in and got off the car from the garden. Her eyes also looked at the villa opposite.

Looking at the spectacular lights in the villa, she couldn't help thinking, what is Xing Yifan doing?

Bai Xia pushes the door into the villa, and lights up the landscape light outside himself, reflecting each other with the villa opposite.

Xing Yifan is also on the balcony, looking at the bright light, his handsome face flashed a light smile, stroking the flowers in his arms, he hooked his lips and smiled, "your mother is back."

"Meow..." One answer from each other.

Xing Yifan was stunned. He stroked the kitten in his arms and said, "go, dad will take you to sleep."
"

sitting in the room, Bai Xia sighed and held up her face. What did she think of? She took the iPad and began to check the better buildings in the center of the city. She directly searched the price list of the major buildings in the center of the city, and the first one was a community called Longjuyuan. The price here reached fifty thousand level. Bai Xia bit her lips and told her father tomorrow Want this property! She also wanted to see if she had a place in her father's heart.

As for the car, Bai Xia likes to go out and sketch, so she wants a better off-road car. She chooses a white Porsche Cayenne.

Although Bai Xia was tired, she couldn't sleep. She turned on the computer and began to write dialogue novels. She read from the beginning, and her heart couldn't help being sweet.

Because all the dialogues recorded here are those between her and Xing Yifan.

Bai Xia thought, no matter whether this cartoon has money or not, she would like to draw it down and record the interesting stories with Xing Yifan.

This evening, Bai Xia went to work until a little bit later.

But tonight, there is a person who is sleepless, that is, Bai Shize's wife Ye Jiamei. She lies on the bed, thinking of what she did, she is a little sleepless.

She used to force the woman with the test sheet, and there was also a list of male fetuses in her stomach. She clearly remembered the woman's expression of collapse after reading it. However, she still let her give birth to a child for a few years before she gave up her seat wisely. She was so tortured that she committed suicide by jumping into the river and gave her a chance to marry her son into the white family.

Two years later, she gave birth to a daughter, which was even more popular with her husband. Although her husband had money to live happily outside, she just had to sit firmly in Mrs. Bai's position and wait for her son to grow up and inherit all her husband's property. Then her life's prosperity and wealth would be really stable.

However, she underestimated Bai Xia's ability. When she was a child, Bai Xia was like a poor beggar. She could get away with some food. After that, she lived in junior high school and senior high school, and came back once a week, so she didn't have to be upset.

At the age of twenty, when she went abroad to study, she almost forgot the existence of the girl.

Until this evening, her appearance, her husband's attitude and her revenge made yejiamei unable to sleep, just like a stab in her chest.

I'd like to see where she is going to buy the house and what kind of car tomorrow, and how much money she can take away from her husband.

In the morning, Bai Xia got up as soon as the alarm clock rang. After washing, she went to the fridge to find a circle of food and went upstairs with a few packages of steamed bread.

She sat on the balcony, picked up her cell phone and dialed her father's number.

"Hello! Have you had breakfast in summer and summer? " The voice of baishize came.

"Dad, I chose the house. I like the apartment in Longjuyuan. I like it very much." Bai Xia asked with a smile.

"OK, sure, dad will ask the assistant to find out if there are any apartments on sale. If there are apartments on sale, I will buy them for you immediately. Is the car selected?"

"I chose an SUV."

"Good! When buying a car, my father will accompany you personally. "

"Well! Thank you, Dad. " White summer is exciting.

"This is what dad should do, and you should take good care of yourself. I will go to see the guests."

"OK! Goodbye, Dad Bai Xia hangs up the phone and sighs. She wants these things only to make ye Jiamei feel bad. She'd better let her compensate her mother's pain and let her know the end of Hatoyama's nest. Bai Xia was in a daze when he saw a handsome and upright figure coming out of the villa door opposite. Xing Yifan, holding many flowers, probably came out to bask in the sun.

When Bai Xia saw it, she immediately got up. She also wanted to go to accompany each other.

As expected, Bai Xia saw Xing Yifan sitting on the chair beside the grass, reading with a book. On the grass beside him, flowers were playing there.

"One after another." Bai Xia laughs and Mimi walks over and squats down to touch his little head.

Looking up, she touched a pair of bright and deep eyes. She bent her eyebrows and smiled, "you bring flowers out to bask in the sun!"

"Well!" Xing Yifan replied.

"The sun is fine today." Bai Xia said, sitting beside him, propped up her chin and approached him, "what book are you reading?"

Xing Yifan reveals the title of the book, but it's a series of complicated and astringent English titles, which Bai Xia can't understand.

"Hee, this is a book about something."

"Medical knowledge."

"Ah? You still study medicine! " Bai Xia admired him very much. He said that he studied law before.

"No, just learn more. It's not a bad thing." Xing Yifan said as he put down the book and looked at the girls around him.

Bai Xia looked at him with an adoring expression. "You are so excellent. Unlike me, I don't know what to do except draw."

Xing Yifan thought that she was born in such a complex family situation, and he could not help but sympathize with her. "As long as there is a skill that depends on survival." There is a trace of comfort in Xing Yifan's words.

"I'm ok. I can support myself." Bai Xia is not modest when he laughs!

Xing Yifan looked at her feet. "Does it hurt?"

"No more pain, oh! Last time I transferred the money to you, give me your card number, accommodation plus medical expenses. "

Xing Yifan said, "no need."

"Yes, I must, or I won't let you help me later! One size at a time. " Bai Xia doesn't want to owe him all the time, which is also the basic principle of life.

Xing Yifan saw that she was really persistent, so he had to take out his mobile phone and input a string of numbers of his account to her.

Bai Xia seriously picks up her mobile phone to transfer accounts to his account. She is nearsighted. Xing Yifan's mobile phone has a relatively small number of account numbers. Every time Bai Xia looks at it, she is almost shoulder to shoulder with him.

Xing Yifan smelled the faint female fragrance on her body. It was quiet, as if a thread could not be grasped wrapped around her heart.

Bai Xia finally succeeded in transferring money. Soon, Xing Yifan's message rang out. Bai Xia couldn't help but want to make sure, "show me if I transferred it."

Xing Yifan picks up the mobile phone information and gives her a look. Bai Xia sees that he has turned 6000 yuan. However, what is the number as long as the identity card number?

Is it money?

Bai Xia can't help but be shocked. He hasn't figured out how many zeros his balance is. Xing Yifan takes back his mobile phone.

Bai Xia's heart is constricted for a few seconds, my God! He is so rich!

Xing Yifan also finds out that she has found his balance. Looking at her blank expression, he hooks his lips. "Do you want to rob me?"

Bai Xia snorted, but raised his eyebrows and said, "yes! One night, while you are sleeping, I will go to your house and rob you! "

Xing Yifan said, "welcome to visit."

Bai Xia saw his expression, but she took it seriously. "Don't worry, I will never tell others that you are rich. I will keep a secret for you."

Chapter 1043

Xing Yifan is also in a good mood, that is to say, this woman knows that he has money. Doesn't she have any idea?

"Where are the flowers?" All of a sudden, Bai Xia found that the flowers playing on the grass were gone.

Xing Yifan also stood up and looked around anxiously. He saw flowers chasing a leaf blown by the wind and running hundreds of meters away.

"There! I'll get it back. " White summer finish saying, thin figure then ran past.

Xing Yifan appreciates the way she runs. Today, she is wearing a light colored long skirt. She is elegant and nimble. Her hair is flying. This figure, plus some diffuse shots, must be very beautiful.

Bai Xia soon ran back with flowers in her arms. She stood in front of Xing Yifan breathlessly. Her face was red. She didn't know what kind of reaction the man would have when she stood in front of a man like this.

"You can't lose it any more. If you lose it again, your mother will die of grief." Bai Xia patted her little head to educate her.

Xing Yifan also reached out to touch the flowers, which came into contact with Bai Xia's hand. Bai Xia took them back and handed them to him. "I'll go back to work and give them to you."

Xing Yifan held flowers, but some did not give up her to leave, he called her down, "do you want to eat in my house at noon."

Just walked a few steps of Bai Xia, looking back happily, "is that ok? May I come to your house for lunch? "

"How do you usually deal with it at home?" Xing Yifan asked in wonder.

"I can cook some simple noodles! And instant noodles are my best. " Bai Xia showed a row of white teeth, as if he was very proud.

Xing Yifan only feels speechless, which is what she usually eats? No wonder it looks malnourished.

"Come at half past eleven." Xing Yifan reminds me to take up the books and walk towards his home.

"Well! I'll be here on time. " White Xia smiled after him.

Looking at Xing Yifan's back, Bai Xia was grateful. He thought that when he met him here the first day, he was fierce and cold. Unexpectedly, he would still help others.

Bai Xia's coming back is a matter of manuscript submission. Her editor in chief really likes her new plot, praises her for a while, and asks her to continue drawing like this, with fire hope. Bai Xia also decided to record it. When she got the money, she would invite Xing Yifan to have a big meal, because he provided her with such good materials.

However, she would not tell him that she secretly drew his cartoons and recorded their lives.

Bai Xia left for Xing Yifan's home at 11:30 at noon. Just halfway there, he got a phone call from his father. Bai Shize's assistant has found a house with three rooms and two halls. In the afternoon, the assistant will come to take her to see it. If it is confirmed, he will buy it.

Bai Xia agrees. Although she can't buy it, it belongs to her. It's better to be angry with Ye Jiamei.

Bai Xia is sitting on Xing Yifan's sofa. He looks at the man cooking in the kitchen.

His back lines are perfect and his legs are unreasonable. How can he have such a well-known body proportion?

Bai Xia tut tut thought, at the same time, it can't help but think that the woman who will become Xing Yifan's wife in the future will be blessed!

There is a man cooking, simply not too happy Oh!

Xing Yifan is making a steak western meal this noon. It's delicious with spaghetti. Bai Xia is only smelling the fragrance in the hall, so he has a big appetite.

No matter who his future wife is, but now, the woman who enjoys this kind of fortune is her!

Xing Yifan brought out the steak set meal, Bai Xia came to help bring fruit salad and a few small dishes. She praised, "master Xing, your cooking is comparable to five-star meal!"

Xing Yifan said, "of course."

Bai Xia chuckles. He really doesn't need to be Feixu, because he really has such a level.

After lunch, at about two o'clock, Bai Xia was still in Xing Yifan's garden with Duoduo. He received a call from assistant Bai Shize, who had already come to pick up Bai Xia.

Bai Xia walked into the hall and said to the man reading on the sofa, "I'm going out. Thank you for your lunch."

"Well!" Xing Yifan did not ask more.

When Bai Xia came out of Xing Yifan's house, he hurried to his villa and saw the assistant waiting for her.

"Hello, Miss Bai, please get in the car." The middle-aged assistant said politely to her.

"Thank you." Bai Xia opens the door and sits in.

This is the number one and number two apartment. The design of natural building is not selected. The standard of carrying the bag is the pattern that Bai Xia likes. The main color of warm color is full of warmth. She said to the assistant, "I like it very much. Let's choose this one!"

"OK! Did Miss Bai bring her ID card? We will go through the purchase formalities immediately. "

"Yes." Bai Xia nodded.

That is to say, it's a natural victory to buy a house in full. Bai Xia went through the formalities that afternoon. In a few days, the property right certificate will be delivered to her. At about five o'clock, Bai Xia was sent home by an assistant. She looked at Xing Yifan's room as if there was no light. At this time, if he was at home, the landscape light would come on.

Looks like he's out, too.

Bai Xia breathed, opened the door and came in. Her cell phone rang. She thought to herself, did her father call?

She picked up a look, impressively is some long time did not contact the aunt.

"Hello! Little aunt! " Bai Xia picks it up.

"Xia Xia, I have something to tell you. Let's move out of the villa as soon as possible! There's something wrong with your uncle. All the properties under our name are going to be frozen. "

At that end, her little aunt Lin Ru's voice was worried.

"Auntie, don't worry about me. My father just bought me a house. I'll move in. Are you ok! Do you need my help? " Bai Xia asked anxiously.

"It's OK, it's just that there's something wrong with the project. You need the house to offset the working capital. You'd better pack up your things and move away before tomorrow afternoon. I'm afraid the court will come and paste the seal, and I'm afraid it will scare you. It's so sudden that I can't help it."

"OK! I'll clean up now and move out tonight. " Bai Xia replied.

"Well, do you have any friends? Let them come and help you! "

"It's OK. I don't have much, just two boxes. Soon." White summer speaks.

Lin Ru seemed to have to deal with other things. She hung up in a hurry.

Bai Xia also didn't expect that she would move to the house just after she bought it. She suddenly looked up at the villa opposite, and suddenly there was a rush of reluctance. If she left here, she and Xing Yifan would not be neighbors.

After that, there will be no chance to meet! Bai Xia lost without reason.

Even with his phone number, I know he lives here, but what identity does she have to come to him?

Bai Xia thought and went back to her room. In this year, she didn't occupy any other place except her room and hall, Nuo's villa.

Bai Xia quickly packed her car, picked up the garbage and took out all kinds of things in the refrigerator.

When she left, she cut off the water and electricity, stood at the door with her bag, and Bai Xia sighed.

After living here for a year, I really feel reluctant to part with it.

She also wanted to go to the opposite Xing Yifan to say hello before leaving, but now it's eight o'clock, his villa is still dark, it seems, he is not at home.

"Goodbye." Bai Xia said a sentence in the direction of Xing Yifan and opened the door and sat in.

Bai Xia's car slowly drove out of here and into the brightly lit city center. Although the crowd was crowded on the side of the road, Bai Xia sat in the car and waited for the traffic light, but suddenly felt lonely. Inexplicably, what she thought was not her father, but Xing Yifan.

Xing Yifan has given her care and warmth in this period of time, which is what she yearns for, so she really appreciates him!

However, if even the neighbor can't do it, the intersection between her and him will be over!

When Bai Xia was in trance, there was a honking voice behind her to urge her. She found that even the green light of trance had not been seen.

She quickly stepped on the accelerator and walked towards the newly purchased community.

Bai Xia enters the underground garage and mentions the things to the 18th floor apartment. She is busy buying things to use in the supermarket. Back and forth, she is busy until 11 p.m. alone.

And just as she was ready to drink, her cell phone rang.

She took a look and was shocked. It was Xing Yifan?

Chapter 1044

Looking at the mobile phone, Xing Yifan three words, Bai Xia inexplicably has a feeling of heart rate acceleration.

She picked up her cell phone, some can't wait to go to the balcony to pick up, "Hello!"

"Where are you? Why haven't you come home yet? " The voice of Xing Yifan asked.

White summer heart thought, he must have seen the little aunt's villa did not turn on the light! Thought she hadn't come home yet!

She had to say, "I'm sorry! I moved tonight and haven't said a word to you. "

Xing Yifan didn't expect her to move either. After a few seconds of silence, he asked, "where did you move?"

"I moved downtown. My father bought me a flat here. I'll live here in the future." Bai Xia looks at the lights in the distance. I don't know if winter is coming or something. She feels a little cold.

"Which neighborhood?" Xing Yifan asked.

"Longjuyuan community on this side of the city center." Bai Xia replied truthfully.

"Have you moved all of them? Can I help you? " Xing Yifan asked.

"No, I don't have much. I've moved here. After that, I'm not there. Take good care of Duo Duo. Don't lose it!" Bai Xia said with a smile, "it's lost. Maybe someone else will take it away, and it's too late to return it to you."

Bai Xia didn't want to make the atmosphere too stuffy. He made a joke.

But someone at that end didn't smile, just answered, "OK."

"Then Xing Yifan, I still want to say thanks to you. Goodbye. You should take good care of yourself in the future. " In Bai Xia's tone, it's hard to avoid some reluctance.

"Well, you too." Xing Yifan answers in a low voice.

Bai Xia suddenly wants to talk with him. However, it seems that there are not many topics between them! She had to say, "then I'll hang up first. Goodbye."

Even if she had time to make an appointment to meet him, she would not dare to say it, for fear that she might disturb him.

"Good." That end Xing Yifan shallow should be a sentence.

Bai Xia looks at the screen that is still talking. Her fingers are broken. She looks at the disappearing conversation. She looks up to the other side of Xing Yifan's villa. Tears suddenly burst out of her eyes.

At the moment, Xing Yifan is also standing on the balcony, holding his mobile phone in his hand, looking at the dark villa beside him. His deep eyes are filled with emotions.

"Meow Meow... " All of a sudden, voices came from his feet.

Xing Yifan bent down and picked it up, stroked its little head and asked, "what's your name? Is she gone? Don't you give up? "

"Meow..." Duo Duo's big starlike eyes stared at him, as if to ask, can I find my mother?

"Do you want to find her? " Xing Yifan suddenly asked the little guy. In fact, he was just asking himself.

Just now, he suddenly felt that without that woman living next door, he seemed to have lost something in his heart. He felt that the scenery here was no better, the night scenery was no more beautiful, and the environment was quiet, which could not attract him.

"Meow..." Duo Duo looked at him and cried again.

Xing Yifan seemed to get a response. He suddenly chuckled, "OK, if you miss her, go to find her!"

Holding each flower, Xing Yifan asked again, "how about we continue to live next door to her?"

"I'll keep it from her first. How about surprise her when I move in?" Xing Yifan chatted and put each flower on the sofa. He began to inquire. He had to find out where Bai Xia lives now.

Soon, he got Bai Xia's address, the specific number of the house. At the same time, he found out the information of the two owners next to her.

It seems that all the people live next to her. It's really not easy!

Bai Xia is cleaning up her new home alone. She is sitting in a spacious study and can't sleep, so go on working! It seems that the next plot of her cartoon depends on her own writing, because her contact with Xing Yifan has been up to now.

I made a cup of coffee in the summer. It's already two o'clock in the morning. It's not as quiet as the villa. The lights are brilliant here. Even now, the streets are bright and the high-rise buildings are bright as the daytime.

Bai Xia, dressed in a coat, sits on a soft chair, like a lonely spectator, watching the stars change, waiting for the dawn to come.

And in Xing Yifan's villa, he didn't sleep. At the moment, he is learning about the two owners next door to Bai Xia. Because these are the houses that young people like, they live in two young owners. They are all men. Xing Yifan is checking their information and planning how to let them buy the house to him.

People who can live here are not short of money, so raising the price is not necessarily successful unless they can find the conditions that these owners have to agree to.

Xing Yifan will never give up what he wants to do.

It's just that these two hapless owners don't know that they will offend him. Live here well and be calculated by others. Who are you really provoking? It's just that they all live next door with a beautiful girl.

Early in the morning, it came slowly, and Bai Xiafu slept on the sofa. She was cold to wake up. When she opened her eyes, she found that she had slept in a pajama under her cover. She went back to the room and went to sleep in the quilt as soon as she was cold.

Bai Xia yawns when she is cold in the quilt. She warms the quilt for a while before she continues to sleep sweetly.

Around 10 o'clock, Xing Yifan's mobile phone was awakened by the call LAN Qianchen made.

"Hello!" Xing Yifan touched his forehead and picked it up.

"Oh! What time is it? Why are you still sleeping? Yes? Where did you hang out last night? I didn't take it with me. " That end blue thousand Chen jokingly asks.

"Look up the information." Xing Yifan replied.

"Please have lunch."

Xing Yifan sat up. Although he only slept for a few hours, he was tired and recovered all his energy. He replied, "no time, I have something to do."

"What have you been doing with mystery recently?" LAN Qianchen is a little puzzled. It seems that Xing Yifan is hard to make an appointment recently.

"Nothing. I'll treat you in two days." Xing Yifan didn't want to hurt his brother.

"OK! That's it! I'll wait for your call. " Blue thousand Chen can be recorded.

Xing Yifan has a look at the time. It's already ten o'clock at noon. He gets up, and the flowers that have already risen on one side immediately follow him behind him.

After brushing his teeth and washing his face, Xing Yifan went into his cloakroom and pulled out another row of clothes in the wardrobe. There were more than ten suits neatly placed there. He took out a dark suit from inside.

Shirts and ties are taken out in turn. Xing Yifan usually wears casual clothes at home, but as long as he dresses up.

The elite aura of the pillar of the country is very powerful.

Xing Yifan put on a fashionable wristwatch and stepped out of the cloakroom gracefully.

As I went downstairs, I was finishing my cufflinks. My hair was shapeless and angular. My deep and sharp eyes gave me a cold and harsh atmosphere that was not easy to provoke.

After checking the information of two owners last night, Xing Yifan finally found a reason to find an owner, because the owner had a difficult lawsuit. Although he found a lawyer, Xing Yifan decided to talk with the owner.

He is willing to sue for him for free as long as he sells the house to him.

Xing Yifan's sports car is parked in the parking lot in front of a financial company. At this moment, at the entrance of the company, many employees have noticed him and his eye-catching sports car, thinking, which boss's rich young master has come out?

However, the oppressive atmosphere didn't dare to make the group look at him more. Some of them accidentally touched Xing Yifan's eyes, and immediately seemed to be stared at by some fierce beast. They quickly fell down to avoid it.

When Xing Yifan pushed the door to enter, several young female staff members were stunned with excitement. They were handsome and temperament men.

Xing Yifan inquired about the owner's office at the front desk, and the front desk told him immediately.

Xing Yifan brings a briefcase into the elevator and presses the 13th floor.

Finally, he stood in front of the owner, and the owner looked at him, some surprised.

"What can I do for you, sir?"

Xing Yifan sat opposite him with a smile and took the lead in taking out his professional lawyer's card. "I'm a lawyer. I want to fight a lawsuit for you for free."

"What? How do you know I need a lawyer? " The owner asked with great vigilance.

"Don't worry, I'm here to help you. I hope you can give me this chance to win this lawsuit for you." Xing Yifan looks confident and looks determined, as if winning is only one thing he said.

The owner did have a lawsuit that bothered him recently. However, it was very difficult for him to get involved with the other party. It was difficult for him to win when he hired several lawyers.

"Can you really help me? How do you charge? "

"I can help you for free, but on one condition."

"What?"

"I hope that your house in Longjuyuan can be sold to me. I can buy it at the current market price in full, and you will never be less than one cent."

The owner listened to such conditions, and he looked at him in shock, "why do you want to buy my house?"

"Personal reasons, inconvenient to tell."

Even if a free lawyer comes to his house and can buy his house in full, he will not lose money. Such a good thing, naturally, will not be rejected by the owner.

"Good! I promise you, as long as you win this lawsuit for me, I will sell the house to you immediately. " The owner agreed.

Xing Yifan raised a smile at the corner of his mouth and took a deep breath of relief. Finally, he found a chance.

However, this is the first time for him to do such a stupid and thankless thing, and for a woman.

The owner immediately said to him, "go to the next meeting room and I'll talk to you about the case."

Xing Yifan stood up with a nod, which was the first lawsuit after he returned to China, for this reason.

Chapter 1045

Bai Xia woke up and found that it was more than two o'clock in the afternoon. She was so sleepy that she stood on the balcony with a cup of warm boiled water and looked at the street not far down the stairs with a picture of a car, water, horse and wheel.

Her eyes inadvertently cast a direction, and her eyes were filled with loss. Since she returned to China, she has not contacted her former classmates and friends any more, so she was a little lonely, and spent a year with her. Now, she is alone again.

There was a rumbling sound in her stomach. Bai Xia found that her stomach was protesting. She didn't eat anything. Bai Xia went downstairs. There was a large shopping mall nearby. It was full of a food street. Bai Xia smelled a smell of barbecue. She rushed into a restaurant.

While eating, she took out her mobile phone and brushed her cartoon comments on the Internet. Seeing her works being liked by others, she was very pleased. It must be her own work, just like her own children.

After eating alone, Bai Xia went to the shopping mall again. When she came home, she turned on the music, listened to the music, and looked for inspiration to write. At the moment, Xing Yifan was all in her mind.

At the time of her writing, a long and elegant cold figure leaped into her pen and painted the scene of the kitchen around him. This is Xing Yifan cooking. At this moment, just like her, the heroine hid outside the door and peeped at the handsome and charming back of the man like a thief.

Bai Xia is painting. Her eyes are getting wet. She sighs and shakes her head. How can she still think of him?

In addition to knowing her name is Xing Yifan, she knows nothing about him, so don't look forward to any intersection in the future.

But she didn't know. At the moment, Xing Yifan sat at home and studied a financial case in his hand carefully. The next flowers lay quietly in his arms. They didn't quarrel or make noise, as if they knew the owner was working hard.

Time passed quickly, and a week passed in a flash.

On Monday, afternoon, a court session, a lawsuit, a young lawyer, in the debate, brave, sharp words, argue. His age made his lawyer despise him as soon as he came on stage, as if he was just a kid out of school.

However, in the next hour's complaint time, the young lawyer, as if he had formed a golden horse, let the middle-aged lawyer of the other side look down upon him and finally be speechless. With the materials and rich resources prepared by Xing Yifan, his client was the party whose interests were damaged. Xing Yifan was even more merciless and made the other side admit defeat.

After that, the owner was so grateful that he finally saved his financial reputation after so long suffering.

"Mr. Xing, you are so powerful. You are the youngest and most talented lawyer I have ever met." The owner didn't know how to thank him.

"Mr. Liu is very polite. I'm just trying my best to protect your interests and be worthy of your entrustment."

"Mr. Xing, I'll leave the house vacant immediately. I'll sell it to you as soon as three days. I'll give you a 10% discount."

"Thank you." Xing Yifan flashed a smile at the bottom of his eyes. In the smile, there were some deep meanings that others could not understand.

"When you have time, let's go through the transfer formalities!" Xing Yifan opens the road.

From the court side, Xing Yifan's car just passed the gate of the Longjuyuan community in the center of the city. He looked up at the community with the unique scenery and the light on all sides, which was exactly what he wanted.

In three days, he will be able to decorate and move in.

At the moment, Bai Xia started her work with a cup of milk tea just bought. Recently, the editor in chief urged her to hurry up. She said that the comic she had just serialized had gained high popularity, which made her update quickly.

This is Bai Xia's work. Her work has been affirmed. Of course, she is also very motivated. However, she is about to end the previous story with Xing Yifan. How can she make up the next story?

She's really in some trouble! Moreover, she also read the readers' messages and was fascinated by her male host, saying that her male host was very grounded.

Bai Xia smiled at her, and of course she was grounded, because there really must be such a perfect man in the real world.

Bai Xia is going to buy a picture book. As soon as he opens the door, he sees that the door next to him is open. There are people from the moving company coming in and out here.

She looked at a woman pointing at Hui, she asked curiously, "you move!"

When the woman saw that she was a neighbor, she replied kindly, "yes, I just sold this house and moved away."

"Nice house here! Why sell it! " Bai Xia is very comfortable to live in. I don't know whether it's the greening of the community or the surrounding environment, which is very suitable for living at home. The woman sighed, "in fact, I don't want to sell it, but my husband said that a young man had to buy the house here, and he also filed a lawsuit for my husband for free. You said, we are sorry not to sell such a good thing."

After hearing this, Bai Xia was surprised. In other words, it was a young lawyer who lived in this room! Bai Xia is very impressed by people in the profession of lawyer, because if you want to test lawyer's card, it will be big enough. "Oh, be careful. Don't touch the knee." The woman is busy. Bai Xia also went to the elevator on the other side and didn't rob them.

Bai Xia goes downstairs to go shopping nearby. She also tells her father that he lives here. Bai Shize has been on business in other cities recently. When he's done, he will come back to see her.

The next day, when Bai Xia came out for breakfast, it seemed that the next room had been moved and there was no movement.

After Bai Xia finished eating, he couldn't help wandering, because he was bored at home everyday.

At noon, a tall SUV drove into the underground garage. The man who stepped down from the SUV was young and handsome, and he still had a cat in his arms.

Who is not Xing Yifan?

He turned in the key today, and he is going to come here to see the house. In fact, no matter whether the house is big or small, what structure and taste, he doesn't care so much. He arrived at the 18th floor. There are four households and two ladders. The corridor area is very spacious, and there is a scenic balcony next to it.

Xing Yifan and Bai Xia share the same corridor. Here, there are only two of them, and the other two are at the other end of the corridor.

Xing Yifan is satisfied to raise his mouth. What he wants is this room.

He took a look at Bai Xia's door and imagined whether she was at home. However, Xing Yifan didn't plan to look for her now.

If you live next door, sooner or later you will meet.

Xing Yifan opens the door, and it's empty. Because Xing Yifan wants all the owners to move away, he wants to redesign and build his own quality home.

The use area of the house is only about 120 square meters. However, Xing Yifan is not worried about it.

He's going to see the soft clothing company this afternoon. It's better to give him all the styles he wants in a week.

The next morning, when Bai Xia went out, he saw another person coming from the next door. However, it's not the new owner, but the person of the decoration company. I think they need to redecorate.

Bai Xia just wants them to be quiet, because she's a little tired of writing recently, and she'll sleep in the daytime.

These people are the people from the decoration company that Xing Yifan invited. They promise to give him a week to create the style he wants.

In this week, Bai Xia didn't hear much noise, but sometimes she would hear the drill sound. At that time, she turned on the music and put on her headphones to listen to the music.

After half a month, Bai Xia came out of the days when she met Xing Yifan.

Because she has identified a fact that she and Xing Yifan belong to two worlds. Even if she is lucky enough to meet him, it is also because of the credit of her aunt's mansion.

How could she have met him if she hadn't been able to live there? She was the one who forced her way into the rich villa, where he was born to live.

Bai Xia is also relieved. She is now more in pursuit of her own creative achievements. Now she brushes her own comics every day, because she is also a fan of this cartoon.

Chapter 1046

Open those pictures, they are all scenes of her meeting Xing Yifan. They are vivid and vivid, making her want to forget that time.

In the swordsmanship hall, Xing Yifan and LAN Qianchen had a big fight. They took a bath and changed their clothes. There was a coffee shop next to them. They decided to take a rest here.

"Hello, I said what are you doing secretly recently?" Blue thousand Chen is a little annoyed to ask.

Xing Yifan raised his eyebrows and said, "I have recently received a lawsuit, and I am busy with the lawsuit."

"Starting to pick it up? What about? Come back to your battlefield, it's delicious! " Blue thousand Chen asks with a smile.

"It's OK. It keeps my reputation as Dugu Bubai." Xing Yifan chuckled and took up his coffee. He was in a good mood.

"Look at your pride. A small case can't test you. You should take a big one to be energetic!"

Xing Yifan nodded and asked him, "how about you?"

"Before my parents and brothers came back from traveling around the world, I couldn't go anywhere but stay in the company." Blue thousand Chen some depressed say.

"Then stay well! The blue family is big enough for you. "

LAN Qianchen is able to cope with it. Every time he visits the store, his identity as an unmarried and single second young master makes many young waiters stare at him. He is too enthusiastic.

Just then, Xing Yifan's cell phone rang. He picked it up and immediately picked it up. "Hello!"

"Hello, Mr. Xing, we've got all your houses ready for you. When will you check and accept the room?"

"Good! I'll be there in the afternoon. " Xing Yifan replied.

"Well, please let us know if you are dissatisfied. We will serve you wholeheartedly."

Xing Yifan hung up the phone and said to LAN Qianchen on the opposite side, "I have to leave. Call."

"Why go!" LAN Qianchen doesn't want to be left behind.

"I recently bought a property and asked me to check it."

"Don't you live in a villa? Why do you buy so many rooms? " Blue Xing Chen asked.

"Special reasons, I'll tell you later." After Xing Yifan finished, he left.

LAN Qianchen has no choice but to enjoy the afternoon.

Xing Yifan's sports car, like a wild horse, goes straight to the main block in the city center.

Xing Yifan is standing in the elevator. When the door of the elevator is opened, he really hopes to meet the woman. When he passes by her door, he stops for a few seconds. Then, he opens the fingerprint lock and pushes the door in.

The decoration style of the whole house is completely new. The warm color between them is replaced by the cold color. The male style is very simple and atmospheric.

After checking the details, Xing Yifan felt satisfied, so he called the decoration company to stop coming.

Next, as long as he prepares some daily necessities, he can settle down here.

Xing Yifan pushes the door out, and Bai Xia's door is closed all the time. He knows the nature of her work and the nature of her house girl, so it's unlikely to meet her in the corridor.

Xing Yifan went downstairs to the shopping mall. After a turn, he bought all the things he should have bought and carried them upstairs.

Xing Yifan tidied up and decided to bring more flowers in the evening. He can rest here tonight.

In the evening, Xing Yifan comes with all his belongings. As soon as he arrives at his new home, he jumps around and shouts happily. Xing Yifan stands on the balcony, propping up the railing, and looks at the nearby balcony. A faint yellow light comes out of it.

He really had an impulse to knock on her door and tell her that he was living in.

However, Xing Yifan is also proud and has strong self-esteem. If he tells her that he came for her, doesn't it mean that he directly confessed to her?

Although he did all this for her, he could not let her know because it was his secret.

At this time, on the balcony beside, there was a voice, which was Bai Xia's.

Xing Yifan immediately stood in the shadow of the balcony wall.

She just got a call from her aunt. She likes to stand on the balcony and look at the distant lights.

"Auntie, I'm doing well. Don't worry. I'll take care of myself." Bai Xia never reports happiness but sorrow.

"He is also your father. If you have any grievances, you can tell him. If he can't be the master, you can tell me."

"Well! I know. " Bai Xia was moved. At this time, her eyes found that the next balcony was lit. The new neighbor moved in?

"Xia Xia, I can't go back home for the time being. When I come back one day, I will see you."

"OK! Little aunty, don't worry about me when you finish your work. "

"Good! Did you take care of yourself and have dinner? "

"I'll be out in a minute." Bai Xia said with a smile, "there are many restaurants around here. I can't be hungry."

"Good! One should be careful." Bai Xia replied, and then hung up. Bai Xia is really going to eat now. She takes her cell phone back to go out.

And in the shadow, Xing Yifan's eyes flashed a little calculation. He also went back to the hall and said to the flowers in the nest, "I'll go out and come back soon. I'll be good."

Xing Yifan takes up his mobile phone and car key to push the door first. He stands at the door and waits for the door next door to open.

He heard the sound of opening the doorknob and pushing the door from inside. Xing Yifan immediately pretended to walk calmly and calmly through the door of Bai Xia.

Bai Xia pushes the door open. When he sees that he is standing in front of the elevator door, there is a tall figure waiting for the elevator.

She immediately wondered if it was the new neighbor? Bai Xia comes to the elevator from the corridor. Her eyes are fixed on the figure playing with mobile phones.

How can have a kind of familiar feeling?

Not only familiar, this man's back is very like a person. Bai Xia's breath is smothering. How could he not believe that Xing Yifan would meet him at the door of his home.

Is that him? Is it really him? Bai Xia just felt that she could hold her breath for a while, and this figure was standing in her eyes.

She looked forward to him, and could not believe that it would be him, just when her inner contradictions were tangled, and she was afraid and excited.

The elevator door clanged open. Looking at the man who walked in, Bai Xia was afraid that he would disappear.

"Wait a minute." With that, she rushed over.

Xing Yifan turned his back to her thin lips, which was a chance encounter he had been planning for a long time.

When he pretended to turn around carelessly, he heard a low cry, "ah..."

It turned out that Bai Xia was running too fast. At the moment when she entered the elevator door, she didn't know that it was the ground that had just been dragged, and she fell into the elevator with unbalanced body.

Just as Xing Yifan turned around, he felt a woman's delicate fragrance hit him hard. His strong body was rushed to the car wall by a woman, and his waist was the girl's tiny arm.

Bai Xia raised her head in fright and panic. Her eyes were gaping. Did she dream? Are you delusional? How is he? Is it really him?

"Xing Xing Yifan, how How are you? " She stammered.

Xing Yifan just wants to sigh now, is he an enemy? Why does she always rush into her arms when she meets?

"Do you usually like to do this?" Xing Yifan felt inexplicably that he had put it on the table. If the girl bumped into other men's arms all day long, it would not be a good thing.

Bai Xia blushed, and hurriedly stood up from his arms. He didn't understand what he wanted to express What do I do? "

Xing Yifan, squinting her eyes, said unkindly that she had just acted, "taking the initiative to throw arms at men."

Bai Xia's face was so red that she hurriedly explained, "I'm sorry, the floor was too slippery just now. My feet slipped."

Xing Yifan immediately picked up an eyebrow and said in a casual tone, "so you live here!"

Bai Xia immediately asked in surprise and excitement, "would you live next door to me?"

"That's how you like me to live next door?" Xing Yifan asked her.

Bai Xia immediately thought that there was a young lawyer living next door, maybe not him, but his friend?

The excitement of Bai Xia's eyes immediately darkened. She bit her red lips and said, "then Is that your friend next door to me? It's 1808. "

Xing Yifan looked at the sheen under her dark eyes, an inexplicable sense of satisfaction. I heard that it wasn't him. Was she so lost?

"It's me! Just moved in. " Xing Yifan returns to her directly.

White summer that pair of limpid eyes light, the moment surges up again surprise excited, "really is you! Why is it so clever? You live next door to me? "

This coincidence was created by Xing Yifan himself. However, he said quietly, "Well!"

But it's hard for Baixia to be calm! She was almost ecstatic. She was so excited that she wanted to hold him for a while. Fortunately, she kept her reserve.

"What about the flowers? Have you moved here with you? " Bai Xia asked.

"Well! At home. " Xing Yifan takes a look at her.

"That's great. I can accompany Duo Duo in the future. Have you eaten? I'll treat you to dinner! " White summer curved lips, smile as bright as flowers.

Looking at her smile, Xing Yifan's eyes narrowed slightly, as if all that he had done these days was worth it!

Chapter 1047

Xing Yifan raised his hand and looked at the wristwatch. He pretended to go out. Bai Xia looked at him like this, and immediately asked anxiously, "where are you going?"

Xing Yifan didn't speak, just thought for a few seconds and said to her, "OK, let's eat with you!"

This sentence seems to say that no matter where he is going, he has chosen to accompany her to eat.

Bai Xia's eyes flashed with joy. "I know there is a good restaurant near here."

Xing Yifan nodded, "Hmm!"

"Why do you move here?" Bai Xia asked curiously, and then immediately thought of the words of the former owner last time. She couldn't help but smile, "it's you who have a lawsuit for free, and then learn his house!"

Xing Yifan's handsome face is frozen and even confused. How does she know?

"You Who did you listen to? " Xing Yifan felt the heat on his cheek.

"That's what the husband's wife said when she moved that day. I didn't expect it would be you!" Bai Xia said with a smile, without seeing through his intention to come for her.

Xing Yifan sighed in secret, "Oh! I just want to buy a suite and work here because my recent work will be in the city center, so I want to get closer. "

Xing Yifan lightly explained.

Bai Xia couldn't help but cover her mouth and smile, "this is probably fate! Do you think so? "

Xing Yifan looked at her and said, "do you still believe this?"

At this time, the elevator jingled to open. Bai Xia walked outside and looked back at him with a smile.

"Believe it! Don't you think we've always been predestined? For example, I picked up many flowers a year ago, and then a year later, you came back, met many flowers, we knew each other, and now you live next door to me, that's fate! "

Xing Yifan looks at the excitement on her face. He squints his eyes and his thin lips slightly lift up. "It seems that there is a lot of fate."

"Great. You live next door to me. We can go through a door or something later. I think it's too lonely for me to live here alone." Bai Xia didn't know why. When she met him, she felt like she had a bunch of words to talk with him.

"I think you want to rub my meal!" Xing Yifan raised his eyebrows.

When Bai Xia heard this, he immediately looked at him with his head askew, and smiled pleasantly, "then you still don't want me to rub!"

Xing Yifan, with his long legs in his pocket, walked naturally and calmly to the charming garden road of the community and replied, "you can come if you want."

Bai Xia immediately catches up with him and laughs and answers, "I will definitely come. Don't worry, I will pay you the food expenses."

At the front corner, a man on a bicycle flashed over very quickly. Looking in that direction, he ran into Bai Xia. Xing Yifan immediately turned around. He pulled Bai Xia's arm with one button. Bai Xia ran into his arms, and the man on a bicycle passed by.

Bai Xia's face was pale with fear, so dangerous that she almost ran into it.

"Thank you." Bai Xia quickly said to the man beside her, Xing Yifan pulled her to the side next to the Garden Road, "this way."

And he walked by her side, but he blocked all the dangers.

Bai Xia immediately felt protected. She raised her head and looked at Xing Yifan. She was grateful.

The restaurant that Bai Xia led Xing Yifan to is not far away, but it is not very advanced. It is the most popular and lively restaurant for the common people, but the dishes in it have a good taste.

In the window position, two people sit at a quieter table. Bai Xia orders the food and says to the man on the opposite side, "you should seldom come to such a place!"

Xing Yifan rarely comes to this kind of restaurant, even if he just sits here, he is a bit out of line with the guests on the table around him.

In front of him, it seems that the male guests here are all set off in the shape of five big and three thick. He sits quietly, and his long fingers even hold a cup of tea show a noble and extraordinary temperament.

Bai Xia's eyes are also like appreciating a painting. They stare at him from time to time.

"What are you looking at?" Xing Yifan is curious to find that she always stares at him.

Bai Xia can't tell why she wants to see him with her chin on. She just wants to pursue beautiful things instinctively. Whatever he does, the man is as pleasant as the eyes.

"Because you look good!" Bai Xia doesn't know why. In front of Xing Yifan, she behaves like a narcissist. It's probably these days' separation that makes her realize that it's a very regrettable thing to lose contact with him.

Now, she lives next door to him again. What she didn't dare to say before, she has the courage to say now.

She was afraid that he might move back to his villa in a month!

Xing Yifan has met many girls who have expressed their love directly to him, but if those girls praise him directly, he doesn't want to pay any attention. But Bai Xia's words, he listened to them, and they were still useful.

Bai Xia also realized that she was a bit of a flower maniac. She was also worried that men would hate girls with such a lot of words. She immediately covered her mouth and said to the man opposite, "am I talking too much?" Xing Yifan squinted. "You can say what you want to say!"

Bai Xia is still reserved. She smiles and looks at the scenery outside the window. She thinks about things with her cheek. The happiest thing for her is that her cartoon creation doesn't have to force the plot. Because Xing Yifan's appearance immediately inspires her.

The handsome man lives next door! What more exciting plot?

At this time, the dishes came up. Bai Xia ordered the dishes very spicy. Because she liked spicy food, Xing Yifan was polite just now and asked her to order them. Therefore, four dishes were sent to the table successively, except one plate of green vegetables, which were occupied by green and red peppers.

Bai Xia looks at the dishes coming up. She says with a smile, "that Do you have spicy food? "

Even if Xing Yifan doesn't eat spicy food very much, the dishes will be ordered at this time. Can he say he won't eat them?

"Eat." Xing Yifan answered, directly under chopsticks.

Just after eating for a while, Xing Yifan was so hot that his forehead was sweating. He took off the black thin coat outside and revealed a tight leisure Black T inside, which made his slender and charming body appear.

Bai Xia is OK. From time to time, she looks at the hot and sweaty man on the opposite side, only to see that his cheeks are suffused with a trace of blush, which makes his cold face seem to have a trace of masculine style.

Xing Yifan has already drunk the second bottle of ice water, but it has to be said that the food here is very delicious, which makes him eat two bowls of rice, and has a very hot feeling. Finally, both of them finished eating. Bai Xia secretly checked out while going to the bathroom.

When he got up and left the table, Xing Yifan went to take his wallet and prepared to take the initiative to pay the bill. At this time, Bai Xia smiled proudly, "I have already paid the bill! That's for me. "

Xing Yifan took a look at her. "Next time, I'll invite you."

"Good! Next time! " Bai Xia also replied, which means they have another meeting.

"I'm so full. Do you want to go back in a hurry! Do you want to take a walk around? " Asked Bai Xia.

Xing Yifan nodded, "OK! Let's go! "

Bai Xia took him to the direction of a square park. They didn't talk about anything, just walked along the busy square.

Just after eating, Bai Xia didn't feel cold either, but when he walked into a street with four sides blowing in the square, the slight cold in early winter made Bai Xia immediately close the pretty but not very warm cardigan on himself.

Xing Yifan's coat next to him was still in his arm bend. He immediately felt the movement of her arm ring. He stretched out his coat and put it on her.

Bai Xia was stunned, and her cool body was immediately covered by a warm coat. She looked up and said, "wear it yourself!"

"I'm not cold." Xing Yifan said to her, "don't go forward, go back!"

Bai Xia nodded and walked for a while. She went back with Xing Yifan. In order to stir up a road which was close to the square, she approached a very quiet park view path. The street lights around were dim, and some neon red twined on the tree branches, creating a romantic atmosphere.

On the wooden chairs separated by trees every few meters, the couple occupied. The chatting, teasing and cuddling seemed very ambiguous.

When Bai Xia and Xing Yifan step into this road, they both feel something. Bai Xia is drooping her eyes, afraid to look around, and quietly blushes.

Xing Yifan's eyes narrowed slightly. There were several couples beside him. They had been cuddling in the dark, as if they were breaking through the bottom line. The woman sat on the man's leg, which was a fantasy.

"Hate Don't kiss! " There is a girl whine in the airway, "someone! Where are you touching, dead man! "

Bai Xia immediately lowered her head. She didn't see the way at all. There was a couple walking in front of her, and she was about to reach the man's back. Xing Yifan immediately holds the shy white Xia in his arms, and quickly steps over the couple.

Finally, from this path full of lovers' dating and cheating, Bai Xia is biting her red lips. Under the light, a pair of pretty faces turn red and dare not see Xing Yifan's expression.

I'm so embarrassed. I won't take this road after I'm killed. Bai Xia thought in her heart.

Xing Yifan asked her, "what do you want to buy? Or go straight home? "

"Go straight home!" Bai Xia doesn't want to go shopping anymore.

At this time, the park is away from the opposite community, but also across a very busy road, which needs to pass the traffic lights twice.

At this time, the green light of the pedestrian lights up. As soon as Bai Xia stepped on the sidewalk, he felt a big palm on his arm, holding her.

Bai Xia breathed slightly, she raised her head, and Xing Yifan's eyes were alert to her surroundings, as if he was just an instinctive action leading her.

Bai Xia's heart was warm. He followed him all the way across the road safely. When he was on the opposite side, Xing Yifan released her hand.

Bai Xia, dressed in his coat, followed him all the way to the community. At the same time, he entered the elevator. At this moment, no one was there. Bai Xia took down his coat and handed it to him. "Give it back to you!"

Xing Yifan takes over the arm. Bai Xia is still excited. I can't believe that this man lives next to her.

This is closer than the previous villa!

Two people get off the elevator, Bai Xia's door is in front of her. She stands at the door and says to the man who walks to the back door, "can I go to see some flowers? "

Xing Yifan now presses the fingerprint lock, pushes the door and turns to look at her." come in! "

Bai Xia immediately happily walked to his room, stepped into his door, and when she came in, she could not help but secretly wow a sentence, well decorated with style!

"Your house is beautiful." White summer praised a sentence, then, see the flowers that jump up on the sofa, she is glad to say, "one after another."

When dodo saw the hostess, she was immediately excited to meow. When Bai Xia leaned over and hugged her, she had jumped into her arms and meow with joy, as if to express her missing.

"I miss you too." Bai Xia put miso on his little head. Seeing that the little guy has weight again, it seems that his master is not starving him!

Xing Yifan asked her, "do you want something to drink?"

"No, I will not bother you if I accompany you." Bai Xia is too late to see him. She is afraid to disturb him.

Xing Yifan takes out a bottle of ice water, turns it on, drinks a few mouthfuls and comes to sit down lazily. He presses the ball game and doesn't make the atmosphere of the two too quiet.

It must be said that the two young men and women, both single and unfamiliar, are embarrassed to get along with each other.

Bai Xia comforted one after another, then put them on the sofa and said to Xing Yifan, "I'll go back first. You have a rest earlier. Good night."

With that, Bai Xia turned to the door. When she opened the door, she couldn't help looking back. She saw many flowers coming back to the man's arms and looking at her head.

And the man under the crystal light, the perfect body is just like sculpture, which is gorgeous. "Goodbye." Bai Xia waved and opened the door.

Just close the door, her mind, or Xing Yifan sitting charming posture. Her heart beat a little fast. She quickly opened her fingerprint and locked it in. She covered her chest and gave a light breath.

Now, her happiness, anger and sorrow don't need to be hidden. She directly showed an excited smile and murmured, "I didn't expect to be a neighbor again. It's so nice!"

Bai Xia is really happy, very happy, because she doesn't need a person to live alone, at least one can talk, one can visit.

In addition, Bai xiaka's cartoon creation for several days, and her inspiration flowed out like a spring. Now she wants to draw a picture immediately, that is, Xing Yifan just sat on the sofa, accompanied by a cat, which must be handsome, Su and charming. Said to do, white summer into the study, took out the paper began to trace.

In her cartoon world, Xing Yifan's all handsome are incisively and vividly displayed, and there is no omission in his every Yan Sha.

What's more, the following group of readers are licking the screen, all while the handsome hero comes.

Because the heroine in her comics is such an ordinary girl. In fact, Bai Xia often draws herself in, for example, her clothes and hair style are all integrated into the heroine in the comics, and even her appearance is seven points similar to her.

So Bai Xia has a prayer in her heart. This cartoon must not be found by Xing Yifan, otherwise, she will be miserable. Because the men and women in the cartoon are in love! The male host is Gao Leng, President fan, while the female host is an ordinary Cinderella. In order to promote the plot, Bai Xia makes the male and female host have a kiss in the cartoon!

Ah! That night when she drew this picture, her face was red. She was thinking, would Xing Yifan kiss the girl?

It seems that no girl can get his favor! Bai Xia looks back several times and tries to turn it over. I'm sorry!

However, Bai Xia is glad that a man like Xing Yifan will never like female comics, so he will never find out in his life!

Bai Xia unconsciously drew it late again. When she looked up, it was almost early in the morning, and the lights were still on in her whole room.

At this time, the cell phone next to her suddenly rings a message sound. She thinks it's so late. It must be a spam message. She still takes a curious look at it. However, the person who text messages, not what advertising number, but Xing Yifan.

Bai Xia hurriedly points to open the information, only one sentence, "don't stay up late, go to sleep."

White summer tiny is gaping eyes, how does he know she is staying up late! Does he have clairvoyance?

Bai Xia thought that she thought it was funny. Then she went back and said, "how do you know I didn't sleep?"

Bai Xia put down her mobile phone and waited for him to come back. The mobile phone rang directly. She was shocked. When it was so quiet, the mobile phone rang suddenly, which was very frightening.

She picked up a look, or Xing Yifan, she picked up some flustered, "Hello!"

"Don't stay up late. Go to bed." The man's voice has a kind of commanding tone.

"Oh I'm going to bed. " Bai Xia was afraid of him, so she replied.

"Breakfast at eight tomorrow."

"Eh? Eight o'clock! I may not be able to get up! " Bai Xia's time is reversed recently! She's still dreaming at eight!

"Then adjust the time, work during the day and go to bed at night." Xing Yifan wants to twist her schedule.

Bai Xia suddenly has a feeling of being managed by others, but, I have to say, being managed by him is still a little sweet.

"Oh! Well, I'll get up at eight tomorrow and have breakfast with you. " Bai Xia chuckled.

"Well! Hang up. " After Xing Yifan finished, he really hung up.

Bai Xia takes her mobile phone and looks at the unfinished painting. She bites her lips and decides to go to sleep.

Bai Xia takes a bath and goes to bed. She turns on her mobile phone and looks at Xing Yifan's message as if it has hypnotic effect. If she looks at Xing Yifan's message twice more, she feels sleepy.

In a short sentence, it seems to have magic.

The confused Bai Xia fell asleep, and did not know how long she slept. She had a dream. In the dream, she heard the sound of moving. Then, she got up and pushed the door out, and saw the moving worker moving the furniture next door. It was Xing Yifan's thing. He was going to move away.

"Xing Yifan, don't go." Bai Xia was so anxious that she called out in her dream. She woke up with a sharp shock, opened her eyes, and the sun came in. It was already dawn. She was busy and relieved. It was a dream!

Bai Xia takes a look at her mobile phone. At 7:30, she breathes a sigh and can catch up with him for breakfast.

Chapter 1049

After Bai Xia washed and opened the wardrobe, she found that she didn't buy new clothes recently. They were all old clothes. She took a long sleeved T-shirt and matched it with jeans, which was her favorite and simplest match.

Bai Xia stood in front of the mirror, tied a little curly hair and waist long hair to the back of her head, and turned it into a very cute ball head. She slightly tooted her cheeks and the baby's fat face, which made her look pure and lovely just after she left school.

Just then, at eight o'clock on time, her cell phone rang. She picked it up and couldn't help but pucker. She had never seen such a punctual person before.

"Hello!" Bai Xia is a little complacent.

"Are you up?" The voice of Xing Yifan asked.

"Get up! I can go out at any time. " There is a touch of coquettish in Bai Xia's tone.

"Well, come out." Xing Yifan gave a low order.

"Where are you!" Bai Xia asked curiously.

"Your door." When the man finished speaking, he hung up.

Bai Xia immediately stared, and he was at her door! She hurriedly pushed out the door, and saw Xing Yifan in a casual grey suit and grey trousers. After being treated by mohair, she was clean and fresh, with a masculine air.

This handsome face, is writing a word greatly, handsome.

Bai Xia's heart beat suddenly. She bent her lips and smiled, "early!"

Xing Yifan looks at her with a slight eyebrow, and Bai Xia immediately closes the door a little shamefully. She looks up and says, "where shall we eat breakfast! I know there's a home nearby..."

Bai Xia said, and then stopped. It was the breakfast shop at the roadside stall. He should not go to eat it, so he would not go down to it at all.

Xing Yifan said to her, "follow me."

Bai Xia immediately followed him into the elevator. The elevator in the morning was still crowded. As soon as he got down, someone came in constantly. When he arrived at the 12th floor, he saw a large group of people standing outside the door.

"Come on, let's make a squeeze!" A man said to the man in the elevator.

At the moment, Bai Xia not only leans to Xing Yifan's side, which makes her pretty face dark red, but the son of that big man, a middle-aged man, pushes hard to the inside, seeing that he is going to cling to Bai Xia. Xing Yifan suddenly pulls another person around her to his bosom, and Bai Xia's back is close to the wall, while Xing Yifan's tall and slender body covers her, blocking the elevator for her Everyone's squeeze.

Bai Xia's breath immediately fainted. Xing Yifan held one hand on the wall and the other hand beside her head, firmly protecting her.

Bai Xia's mouth curved immediately. It's about to reach the sixth floor. Unexpectedly, someone pressed the elevator again.

I saw a worried grandmother holding her grandson and saying to the crowd in the elevator, "the child is going to be late for school. Please let's go in!"

The warm-hearted old man immediately backed away. His back hit Xing Yifan's back. Xing Yifan's body immediately pressed against Bai Xia's body. Bai Xia's face was already on his chest. At this moment, her pretty face was red to the extreme.

Xing Yifan's eyebrows twisted, but he didn't say anything. He looked down at the girl whose whole head was buried in his arms. Inexplicably, his heart beat a little bit.

Finally, when he got to the first floor, Xing Yifan took a step back. Bai Xia bit his red lips, and his big clear eyes blinked, obviously laughing.

Xing Yifan's thin lips can't help but hook. At this moment, there seems to be a trace of delicacy over them.

When they got out of the elevator, neither of them spoke. They walked all the way to Xing Yifan's cross-country car. Bai Xia opened the door and sat in the passenger seat. Xing Yifan started the car and quickly drove out of the gate of the community. He knew that there was a good breakfast restaurant nearby.

When Bai Xia followed him into the restaurant, the elegant and quiet dining environment made her realize that such dining environment is the most suitable for his temperament and identity.

After ordering breakfast, Xing Yifan asked Bai Xia, squinting at her face, "do you have to finish your work in the evening?"

Bai Xia drinks a glass of water, and she nods, "Well! Better at night. "

"Don't you worry about getting sick?" Xing Yifan hummed.

"I'll pay attention. I'll try not to stay up late in the future." Bai Xia hurried, as if she had to promise him.

Bai Xia's cell phone rang suddenly. She picked it up and looked at it. She was stunned slightly. She didn't know the number.

"I'll take a call," said Xing Yifan, who was facing the white Xia Dynasty

Then she picked it up and said, "Hello! Hello. "

"It's me! Your father means let me see if you have anything to add. Are you at home today? " The voice of the beautiful leaf is not willing to come.

White summer listens, originally was full of smiling face, can't help but cold a few minutes, "no, I am here what also not lack."

"Oh! No shortage! It seems that you asked your father how many things on your back! Bai Xia, I'm warning you that this is a family that my father and I share. What he gives you needs my consent. You'd better be more interesting. " Ye Jiamei's voice is full of warning. Bai Xia takes a look at Xing Yifan from the opposite side. She gets up and goes to the balcony next to her. She responds to Ye Jiamei, "don't forget, I'm also my father's child. I'm a member of this family. You have no right to interfere in my affairs."

"You are a daughter. Sooner or later, you will marry out. The daughter you marry out is the water you throw out. My son is your father's heart and soul. You want to play an important role here?" Ye Jiamei feels that Bai Xia must know how to be measured and how much she weighs.

In Bai Xia's heart, she was stabbed, but she didn't want to admit defeat. "Even so, before I was married, I was still a member of my family."

"Oh, you are twenty-four! Sooner or later, I'll marry you. I'll be proud of you for two years. After that, all the property of your father is my son's. " Ye Jiamei is elated at that end.

Bai Xia was so angry that she wanted to hang up, but ye Jiamei said quickly, "I'll come to your home today."

"I'm not free." Finish saying, Bai Xia directly hung up.

Bai Xia was so angry that she bit her red lips and clenched her fists. When she felt a pair of eyes coming from the table next to her, she immediately breathed a little, put down all the resentment, smiled and went back to her position.

Xing Yifan didn't look back, but he also heard her words, as if he was quarreling with someone.

"Has anyone offended you?" Xing Yifan looks up with a hint of concern in his eyes.

Bai Xia shakes her head. She doesn't want to bother anyone about the things at home.

"I'm fine." She said with a relaxed face.

Chapter 1050

Xing Yifan didn't ask any more. At this time, breakfast was also delivered. Both of them quietly used breakfast. What did Xing Yifan think of? He looked up and said, "are you free today?"

Bai Xia nodded, "yes!"

"Come to my house in the afternoon and help me take a bath for dodo." Xing Yifan opens his mouth, and many baths are very unruly, so he is not easy to handle alone.

Bai Xia likes bathing for many flowers. She chuckles and says, "OK!"

After breakfast, Bai Xia thought that his car would pass the market where she often bought vegetables. She wanted to take some vegetables home, because she had no time to go out when she was working in the daytime.

"There is a food market in front of you. Just put me down. I'll go and buy some food." With that, she pointed to a huge billboard, "just there."

"I'll go with you." Xing Yifan raised his eyebrows.

"Eh? Would you like to visit this market? There's some dirt in it. " Bai Xia can't help but remind me.

"Why can't I go when you go?" Xing Yifan asked her a question, and Bai Xia immediately chuckled and stopped talking.

"Then can I go to your house for lunch?" Bai Xia takes the opportunity to ask.

Xing Yifan nodded. "Yes."

The vegetable market is the most ground-based existence. It's noisy, lively and has a mixed smell. People who pay attention to it generally prefer the elegant shopping environment of the vegetable market.

However, the dishes in the market are very fresh. Although they are a little messy, they can buy many dishes they want.

Bai Xia is a very earthy ordinary person. She has started cooking recently. With the video, she can also cook some home-made dishes.

Bai Xia lets his car drive into a parking lot nearby, and two people stroll to the vegetable market.

Bai Xia looks at him from time to time. Xing Yifan is probably from small to large. Let's enter the vegetable market of the city block for the first time!

There are a lot of agricultural products, seafood and aquatic products here, but they need to be selected patiently.

Bai Xia leads Xing Yifan. Xing Yifan's slender body is sandwiched in the crowd, which is also very eye-catching. He has thick sword eyebrows, deep eyes with bright and intelligent luster, and well-organized black hair. However, his handsome face is tight at the moment.

Maybe the air mixed with all kinds of smells is not suitable for him.

Bai Xia stood in front of a stall full of fresh vegetables and bought several kinds at one go. Xing Yifan also reminded her to buy some side dishes.

"Let's buy shrimp! The shrimp here is very fresh. " White summer dynasty he said, "also can buy half chicken to stew soup to drink."

"Good!" Xing Yifan has no opinion. Bai Xia leads him to the direction of buying aquatic live birds. Although it has been cleaned up here, Xing Yifan's sword eyebrows are tightened.

White summer is skilled to want half a chicken, and then, went to catch the fresh shrimp to weigh the end to carry over.

Xing Yifan is carrying the vegetables she bought. Seeing the bag she brought, he naturally reaches for it.

"I'm coming. It'll be very fishy." Bai Xia immediately won't let him touch it.

Xing Yifan was shocked and complained, "I'm not more noble than you. I can do everything you can."

White summer curved lips a smile, "but this kind of thing, I don't want you to do!"

This sentence stunned the man's face for a few seconds. At this time, Bai Xia walked forward with a bag, and Xing Yifan was a little complicated behind him.

Although it was only a small thing, he was moved.

At the moment, a black car is parked at the entrance of the residential area where Bai Xia lives. Ye Jiamei, dressed as a rich man, steps down. She looks up at the tall residential area, and there is a flash of resentment. Bai Xia, the stinky girl, is really able to choose such an expensive residential area. Can she spend her money as a husband?

She's not here today to see what Bai Xia lacks. She's just here to see what kind of house Bai Xia bought and what luxurious furniture she bought.

She didn't want her husband to spend too much money behind her back. She wanted to support and control the news.

Ye Jiamei registered at the door, and she came in to look for Bai Xia. Ye Jiamei takes the elevator to go upstairs, and at this moment, in the parking lot downstairs, Bai Xia and Xing Yifan just come back and walk towards the elevator.

At that time, the elevator doesn't have to be crowded. Xing Yifan of the white Xia Dynasty said, "then I'll work at home and come to see you at 11 o'clock."

Xing Yifan said a good word. He also hoped that after she finished her work, she could work and rest normally at night. He did not know why. He was very worried about the woman's health.

The plot in Bai Xia's mind at the moment is very rich, because what she is going to draw today is the picture of her hero accompanying her heroine to go shopping in the vegetable market. Thinking about Xing Yifan's tense face just now, she thinks that it must be very cool to draw. Ye Jiamei has arrived at Bai Xia's door and rang the doorbell, but no one behind the door opened the door for her, which made her a little upset.

She was wondering if Bai Xia really dared to shut her out? In this way, she can report to her husband well. However, just then, she heard the elevator door jingle next to her.

Ye Jiamei's eyes quickly turned to see Bai Xia and a tall and handsome young man step down and look at the two people as if they were still lovers.

Bai Xia looks up at the woman standing at the door. She is slightly staring at her eyes. Unexpectedly, ye Jiamei really has to run over.

"Oh! Out! " When ye Jiamei saw an outsider, she immediately raised her smile and pretended to be Bai Xia's good stepmother.

When Bai Xia saw her, she was in a gloomy mood. She hurriedly said to Xing Yifan, "go back first!"

Xing Yifan has checked her family background and found that this woman should be her stepmother. This woman is warm on the surface, but her smile is false and pretentious.

"Good! I will be at home all the time. If you have anything, please call me at any time. " Xing Yifan is a little uneasy about her being alone with this woman, so he hints.

Bai Xia also heard it. She smiled, "OK! I know. "

Ye Jiamei's eyes are fixed on the tall and handsome man standing beside Bai Xia. Although she is in her early forties, she can't help but look at such a young and handsome man.

There is some jealousy in her heart. Bai Xia is young and beautiful now, which makes such a good-looking man like her. She has no such life.

Ye Jiamei watched Xing Yifan open the door beside her and enter. She couldn't help but be stunned. Was she the neighbor next door?

Bai Xia twisted her eyebrows and asked, "what are you doing? Didn't I ask you not to come? "
