

U. CEO Daddy 1061

Chapter 1061

Sitting in Xing Yifan's car, Bai Xia looked out of the window at the busy street. He didn't come out for a day. He couldn't help but feel that even looking at the street view was very beautiful.

At this time, her mobile phone rang, she picked up a look, immediately surprised, it was my father called.

Did her father let her go home for dinner? "I'll take the call," said Xing Yifan

Xing Yifan nodded his head, and Bai Xia picked it up naturally. "Hello, Dad."

"Summer and summer, don't forget the party tomorrow night!" The voice of baishize came.

"I didn't forget." Bai Xia replied.

"In a moment, after my father accompanies the guests, he will take you to the tuxedo shop to buy a suit of tuxedo, which will be put on tomorrow evening and be more beautiful." Bai Shize said.

"Er! Dad, I have a skirt. Don't buy any more. " Bai Xia doesn't want to be too conspicuous.

"My father brought you out to meet my friend for the first time. Would you give my father more face?" Bai Shize wanted her to be present.

"If you're busy, Dad, you don't need to accompany me. I'm with my friends now. I'll buy it myself later." Bai Xia doesn't want to go shopping with her father.

"All right! Remember to buy a prettier one. " Once again, baishize stressed that he was a man of good face.

"OK! I will. " Bai Xia answered and heard that Bai Shize seemed to be very busy.

"Dad, I'll go first."

"Good! I'll pick you up at five tomorrow. " Bai Shize finished, and hung up first.

Bai Xia breathed a little, as if calling her father was a very stressful thing.

The carriage is very quiet. Just now, Xing Yifan heard a general idea from Bai Shize. Why does Bai Shize want his daughter to dress beautifully? Is he going to use his daughter to woo some guests?

Maybe it's Bai Shize's identity and his love affairs when he was young that made Xing Yifan have no good feelings for him. The man he hates most is the man with disordered private life. In addition, Bai Xia's mother died because of this, he felt that this kind of man is unworthy of being a man.

However, he is still Bai Xia's father.

"I have to see a tuxedo after dinner. Are you free?" Bai Xia looks up and asks the man around him.

"I'll buy it with you." Of course, Xing Yifan is free. Besides, he also has to check it. He can't let her wear it to the bone.

"Thank you." Bai Xia is also grateful that he would like to accompany her shopping.

As expected, the restaurant for dinner chose a high-end restaurant with an emotional appeal. When ordering, Bai Xia asked Xing Yifan to order. He also asked Xing Yifan to order a table. With those snacks, fruits and desserts, Bai Xia looked at this table and couldn't help but secretly rejoice. Fortunately, he took Dad's card with him.

Bai Xia didn't have enough at noon. She was really hungry at night, and it was all ordered. Can she not eat it? It's like eating with an open stomach.

Bai Xia is so full of food that it happens to be the most prosperous street in the center of the city. Xing Yifan's car is parked in the parking lot in front of the shopping mall, and they start shopping. Bai Xia doesn't know where to find the evening dress. Of course, Xing Yifan knows, because his little aunt Jiang Shan runs a senior dress shop.

However, he doesn't plan to take her there. If he takes a girl to pick out an evening dress, my aunt will report it to my parents at the first time. At that time, he doesn't want to embarrass Bai Xia.

It must be that their current relationship is only that of neighbors.

There are several good high-end evening dress shops nearby. Bai Xia stands at the door and admires the beautiful evening dress in the window. She can't help but be amazed. At this time, Xing Yifan reaches out and leads her into the hall.

"Hello! It's too expensive here. " Bai Xia is a little restrained, but people are already standing in the hall.

I saw the rows of neat and advanced evening gowns, each with an expensive smell.

The waiter immediately came forward. Even though Bai Xia didn't have the smell of money, their sharp noses also smelled the smell of money from the tall man around her. Which one of his clothes is not made by hand? In addition, the noble atmosphere he exudes without any reason is the identity of a rich young master.

"Hello, what can I do for you?" The beautiful waitress came and looked at Xing Yifan secretly.

"Find her a dress that suits her, more conservative." Xing Yifan opens.

"I'll choose myself!" Bai Xia didn't want to be bothered. She went to the row of evening gowns and picked them one by one. The waiter rushed to introduce her service.

Xing Yifan is sitting on the sofa, his long fingers are touching his chin lightly, the crystal lamp on his head is faintly yellow, and his facial features are as perfect as sculpture.

His deep eyes were fixed on the selected figures, and he didn't take a look at the beautiful waitress who served him tea.

Which of the waiters who can work here is not the best look?

However, Bai Xia has a simple white T-shirt, jeans and long hair. She is pure and clean. Standing beside them, she has a unique charm. Bai Xia put forward a pure white lace skirt. Who doesn't like this kind of fairy and beautiful lace skirt?

However, Xing Yifan noticed that the back of this skirt is a concealed open back dress. He directly opened his mouth and said, "change it."

Bai Xia can't help but look at it, so she has to put it back and continue to choose. Now, all the waitresses here understand that this is a couple indeed! Only boyfriend will care about his girlfriend's dress style!

The waiter immediately picked out some conservative suits for Bai Xia. The regular upper body design, as well as the elegant and nimble skirt layout, were good.

Bai Xia likes a white one, maybe she likes it!

"May I try it?" Bai Xia likes this one very much.

"Of course! This is our fitting room. "

Bai Xia nodded, then she took the small backpack off her shoulder and said to Xing Yifan, "can you take it for me?"

Xing Yifan reaches out and takes it. Bai Xia bends his lips and smiles. He tries.

Bai Xia went in and tried. It was really suitable for her. When she came out, the waiter arranged for her and exclaimed that her slim waist was just right for her to wear a small size.

"Well, miss, go and let your boyfriend look at it for you!" Said the waiter.

Bai Xia immediately turned around to explain, but she felt better, smiled, and stepped out on a pair of golden thin high-rooted sandals.

Xing Yifan is looking at the magazine beside him. When he hears the footsteps, he raises his eyes directly and sees the girl coming out slowly from behind the golden curtain.

He only felt a little breath, as if he saw a fairy who didn't eat fireworks. There was a too clean breath in Bai Xia's body. A white evening dress set off her temperament incisively and vividly.

"Pretty?" Bai Xia comes to him and turns subconsciously.

Xing Yifan squinted and looked at him, hiding all the emotions in his heart. He nodded, "nice! This is it! "

"Really? That's it! " Bai Xia is also very satisfied.

"Change it." Xing Yifan said to her that after Bai Xia and the waiter went in, Xing Yifan immediately hooked his finger and the nearest waiter came immediately.

"What can I do for you, sir?"

"Tell this lady later that this evening dress is no more than one thousand, and I'll pay for the rest."

"Yes, sir, you love your girlfriend so much." The waiters will be envious.

The waiter immediately went in to help and took the opportunity to pass the information to the girl who served for Bai Xia.

When Bai Xia changed clothes, Xing Yifan had finished painting most of the money for the evening dress, leaving only a balance of 1000 yuan for Bai Xia to pay.

As expected, Bai Xia came out and asked about the price. The waitress immediately said with a smile, "the discount for your evening dress is 888."

In order to buy the evening dress, the waiters also reduced the price for Xia Wan.

Xia Wan is not too expensive! The price is acceptable to her.

"OK! Then wrap it for me. " Finish saying, Bai Xia comes to pick up her small bag to find the card and hand it over.

The waiter immediately brushed more than 800 pieces for her and returned them to her. Bai Xia, carrying her evening dress, said to the man on the sofa, "let's go!"

Xing Yifan stood up to accompany her to leave, and several waiters behind immediately sighed, "when can I meet such a prince charming! A tuxedo of ninety-eight thousand! "

"I can only meet you in my dream. It's hard to find such perfect men all over the world! This girl is so lucky. "

Sitting in the car, Bai Xia was very glad to say, "I think this evening's dress is very expensive! I didn't expect the discount to be more than 800. It's OK. This cloth is really wonderful. "

Xing Yifan forced a smile and naturally replied, "just like it."

"I like it so much." Bai Xia laughed.

Chapter 1062

When Bai Xia came back home, she hung up her evening dress. She admired the evening dress and wondered if the dresses were really sold so cheaply in the shops with such expensive decorations?

She thought that the evening dresses in these stores were tens of thousands! Bai Xia didn't bother about it any more.

Tonight I had a good time. Xing Yifan must have gone back to his room to see the information. It seems that his case is also very complicated!

Bai Xia sits on the chair, and she begins to record today's plot. Bai Xia's brain hole is still very big. She wrote in the cartoon that the hero bought an evening dress for the heroine today. The price is not cheap.

Moreover, she decided to paint the white evening dress. Now she has made the cartoon more and more popular. Even her editor in chief has started to promote it for her.

At about 10 o'clock at the moment, Bai Xia sat at the table aimlessly on the net, ready to take a bath and go to bed.

At this time, her editor in chief sent in a message.

"Summer summer, tell you a good news, you can be ready in the heart."

"What? It's not going to pay me a big bonus! " Bai Xia immediately made a drooling expression in the back.

The editor in chief came back directly, "there is a bonus, but today's good news is about film and television adaptation. We decided to take your comic book for film and television promotion. Maybe it's possible to make TV series and movies in the future, and we are very optimistic about your IP value."

Looking at the editor in chief, Bai Xia doesn't know how happy she will be if her other comics are adapted. However, the adaptation of this comics makes her very sad.

She just wants to secretly serialize a cartoon and make a little money. If she moves to the screen one day, Xing Yifan will see it. Moreover, it's all cartoons that record their daily life!

Then she will be ashamed to die, because she is set in the cartoon to pursue the female Lord!

That is to say, the real version of Xing Yifan pursues himself, and there is still some kind of dead skin.

Bai Xia can't think about it. If Xing Yifan knew about it, what would he think about it.

"Boss, can we not adapt it for the time being? I've just serialized it now. What should I do if I fall behind. "

"You should have confidence in yourself!"

"I don't think so! Shall we talk about it later? " Bai Xia obviously has some meaning of rejection.

"All right! You can do it slowly first. It doesn't have to be a drama, but we will try our best. "

Bai Xia also thought how hard it would be to adapt the cartoon! Sure, she couldn't make it to her, so she had to let go of her airway! Then I'll keep it up to date. "

"Come on! Your man is so grounded. He is just like a man living in our world! I'm after your comics too! "

Bai Xia was embarrassed for a few seconds, right! The original man is her neighbor. Bai Xia laughs and ends the conversation. She is really sleepy. She takes a bath and goes to bed.

Lying in bed, dazed, she summoned the courage to send a message to Xing Yifan. "Go to bed early, don't stay up late!"

After she sent it, she was looking forward to his reply.

In less than two minutes, Xing Yifan's message came back, in a simple word, "OK."

White summer looked at this word, curved lips smile, inexplicable feeling chest some sweet Zizi.

With this feeling, she fell asleep.

Xing Yifan also went to bed at 12 a.m. and didn't stay up too late.

In the morning, Bai Xia accompanies Xing Yifan to have breakfast. After breakfast, Xing Yifan goes out to work on the case, while Bai Xia comes back to work. Because tonight she will attend her father's dinner party, she can only work in the daytime.

When Xing Yifan was driving, he put on his Bluetooth headset and dialed LAN Qianchen. "Hello! What can I do for you? " That end blue thousand Chen asks with a smile.

"Do me a favor."

"Oh! You will ask me! Say it! What are you busy with? " Blue thousand Chen is a cheerful person.

"I'd like to go to a company dinner tonight. I hope you have some way to put me in line."

"Which company!"

"The company dinner of Haode pharmaceutical company, tonight." Xing Yifan spoke out.

LAN Qianchen at that end was a little surprised. "What are you doing at someone else's company dinner party?"

"Don't ask me so much. Find me a relationship and let me in. Reply me in half an hour." Xing Yifan ordered.

"Hello, young master Xing, your status is much more expensive than mine. You still bother me with such trifles." LAN Qianchen teases him.

"If it's a brother, do it." Xing Yifan didn't want to explain so much.

"All right! Can't I find a relationship?" LAN Qianchen agrees.

Xing Yifan hung up the phone and called Chen Liang. "Uncle Chen, call your men for a meeting, and I will attend."

"Well, when will you arrive, master Xing?" "I'll be there in half an hour." Xing Yifan answers.

Chen Liang has great trust in Xing Yifan, because he learned from LAN Qianchen that Xing Yifan has fought several huge financial cases abroad and won absolute victory. He is a genius.

Therefore, his recovery of his own funds is also entirely on him.

When Xing Yifan arrived at Chen Liang's meeting room, his tall and slender body stepped in, showing a kind of fierce and domineering manner that is hard to speak. Although he is young, it is hard to admit that his momentum is powerful.

Liu Baoneng is the most impatient person. When he saw Xing Yifan coming in, he deliberately made a very restless tone, "lawyer Xing, you can handle cases as soon as you handle them. How can you always trouble us? Do you think we are just idle people in the company every day? According to your three-day meeting, we don't have to work anymore? "

Xing Yifan sits beside Cheng Liang. His sharp eyes sweep past the people present. He hooks his lips and smiles, "please everyone cooperate."

"Lawyer Xing, I really doubt your ability. Mr. Chen, I think you have asked the wrong person!" Liu Baoneng proposed to Chen Liang, "I suggest to change an experienced one! This young man is inexperienced at first sight! "

Chen Liang wanted to introduce the real identity of Xing Yifan, but was stopped by Xing Yifan.

Chen Liangchao and Liu Baoneng said, "vice president Liu, I trust Xing lawyer very much. Please cooperate with me."

"Hum!" Liu Bao can hum.

Xing Yifan looks at the other people present. Although he has his own thoughts, he is obviously fighting for him. His purpose is to test the reactions of all the people present, and he has some gains.

Liu Baoneng was forced by Xing Yifan to stay for another hour for a meeting, which made him angry. As soon as he left the meeting hall, he lit a cigarette and walked to the elevator, directly pressing the top floor.

When he makes a secret call, he will come up here. There is no one here.

Xing Yifan comes to the elevator and looks at the number of elevators that go straight to the top floor. His eyes squint complicatedly. Liu Baoneng has absolutely problems.

Xing Yifan also reached out and pressed the upper key.

At the moment, Liu Baoneng was on the phone and said, "I want you to deal with that lawyer immediately. This kid is too arrogant to take me seriously."

"Brother Liu, to deal with him is just a matter of your words. We have money now. No one can afford it."

Liu Bao can't wait to let Xing Yifan disappear immediately, because Xing Yifan's momentum makes him uneasy, as if the young man's eyes have the ability to see everything.

"Well, I want you to find someone to deal with him tonight." Liu Bao can keep his voice down.

At this time, the elevator behind him jingled, and Liu Bao was shocked. Looking back, he saw a long and straight figure step out of the elevator, not Xing Yifan.

Liu Bao can be startled. He raises his voice and talks as if he were pretending to talk about business.

"Well That's OK. Let's deliver the goods! All right, hang up. " Finish saying, Liu Baoneng hurriedly end the call.

In Xing Yifan's eyes, his panic color is almost flawed.

"Lawyer Xing, even if you are Mr. Chen's lawyer, please don't run around in the company." Liu Baoneng ordered angrily.

Xing Yifan, with his hands on the railings, seems to be enjoying the scenery on the top floor lazily. He doesn't look at Liu Baoneng around. He sneers and asks directly, "why is vice president Liu secretly calling on the top floor?"

Chapter 1063

Liu Bao can immediately cool his back and stare at him defensively, "what do you mean? Is there any place I need to pick when I call? "

Xing Yifan immediately stared at him with deep and complicated eyes, "I think you have a ghost in your heart!"

Liu Bao's face was livid with rage. "You're talking nonsense. You don't have much ability. You want to wronged me!"

"Vice president Liu, you are overreacting." Xing Yifan raises his eyebrows lightly and turns to leave.

Liu Baoneng, who left behind, was in a panic. He did not know what the young lawyer was thinking or what he knew.

In a word, the words of the young man made him uneasy.

After seeing Xing Yifan enter the elevator, Liu Baoneng immediately dialed the phone again. This time, his voice line was a little angry. "Send someone to deal with him, and we must deal with him tonight."

The man at that end immediately replied, "OK, brother Liu, don't worry. We'll send someone to watch his car immediately. We'll make sure he looks good tonight."

Liu Baoneng was relieved.

As soon as Xing Yifan got into the elevator, he dialed LAN Qianchen's phone number. Because he was in a meeting just now, he didn't answer LAN Qianchen's phone.

"Hello! After the matter is settled, I found several relationships and finally found the director of Houde group. I introduced you and made up an identity for you. How about the position of vice president of our company? Pull the wind! "

Xing Yifan chuckled, "not bad."

"What are you doing in there? Undercover! "

"I'll tell you later." Xing Yifan remains mysterious.

LAN Qianchen also had to say, "OK, you must tell me later. You just need to give your name and go in tonight, vice president Xing."

"Well!" Xing Yifan answered and hung up.

After a look at the time, it's almost lunchtime. He and Cheng Liang have a lot to talk about recently, so they usually have lunch with Cheng Liang.

After a while, Xing Yifan's mobile phone rang again. He picked it up and looked at it. He didn't dare to be careless at once, because it was his mother's phone.

He went to an empty balcony and picked up, "Hello! Mom! "

"Why haven't you come home for dinner recently? What are you busy with! " Jiang LAN asked curiously.

"I've taken a case and I'm following it up. I may not go home in a short time." Xing Yifan is just able to cope with her mother.

"Oh! Working? Is the work still successful? " Jiang LAN asked with concern.

"All right."

"Then Did the girl catch up? Do you want help from home? " Jiang LAN didn't forget to mention it.

"Well No need. " How dare Xing Yifan let his parents show up?

"Well, when you are busy at work, you should also pay attention to rest. Besides, you can go home and have a meal when you have time. You are smart when you are young. I think you are not stupid to chase girls. Mom is waiting for your good news!" Jiang LAN has great confidence in him.

Xing Yifan is a little sad and laughable. He didn't say he was chasing a girl long ago, so as not to leave a bad influence in his parents' mind that he didn't have the ability.

"Oh! I'm focusing on my work at the moment, and I don't have time to talk about feelings. " Xing Yifan replied.

"Work is work, and we need to talk about our feelings. In this way, when will we bring Ono home? It's time for the cat to be bred at home." Said Jiang LAN.

Xing Yifan's handsome face stiffened directly for a few seconds, "Mom, do you need it?"

"Yes! When will you go home, take it back! " Jiang LAN finished speaking and hung up.

Xing Yifan was speechless, because he said that he had found Ono and was raising a cat again when he went home last time. Unexpectedly, his mother really wanted to breed. "

Xing Yifan thought, do you want to talk to Bai Xia about this.

At the moment, Bai Xia is also working hard at home, also called take out, which is the pasta restaurant she is familiar with. She has no expectation of the party she will go to in the evening. Anyway, she didn't know anyone there. She wanted to show her face and told her father to work and go home!

In short, she won't stay long.

Moreover, she didn't know whether ye Jiamei would appear or not. With her, she didn't want to stay more.

Ye Jiamei is ready for the party tonight. Although she is in her early forties, she is well maintained. She looks like 356. Ye Jiamei is bored recently. She also wants to take the opportunity to show her face in her husband's company and let those little ones understand her position in the palace.

What's more, my husband refuses so mercilessly. I'm sure he's looking for another woman to replace her! Ye Jiamei will pass this time.

She also has two children and a son to protect her. Bai Shize will not do anything to her.

Ye Jiamei has invited a professional makeup artist to come home and make up for her since afternoon.

Ye Jiamei looks at herself in the mirror, which is very amorous. She also wants to upgrade her feelings with Bai Shize! Lest Bai Xia steal her husband. At about four o'clock, Bai Xia gets a call from Bai Shize. His car will pick her up at five o'clock and go to dinner there. Then, the dinner starts at seven o'clock. Bai Xia changed into the white dress, simple but elegant. Standing in the mirror, Bai Xia thought that Xing Yifan also praised her. She couldn't help smiling sweetly.

Around five o'clock, Baishize's car came to pick her up. The banquet held by Baishize company was not attended by the whole company, but at the level of manager. With the customers of all levels of their company, it was a year-end dinner attended by qualified talents!

Although it was just the beginning of December, it happened to be the birthday party of the chairman's son, and he held it ahead of time.

Baishize owns 25% of the company's shares and is also one of the top management. The annual dividend is considerable and it is also one of the major shareholders.

Bai Shize asked Bai Xia to come here tonight. Although he didn't have any other special ideas, he still had a private heart. Their chairman's son is 27 this year. He is unmarried and has a good look. He called Bai Xia here, hoping to give Bai Xia a chance.

Maybe we can get married with the young master of Houde group. That's really a happy thing.

At the moment, Ye Jiamei's car also starts from home, and she doesn't inform Bai Shize. Instead, she wants to go secretly to have a look. Bai Shize doesn't allow her to appear. Which woman is with him.

Bai Xia arrives at the door of her father's company. She has lived abroad all these years. She also knows that her father's business is very successful, but for the first time, she knows that his father works here.

This is also a large building. Bai Xia is welcomed in by Bai Shize's assistant.

"Miss Bai, President Bai is waiting for you in the office. This way, please." Bai Shize's assistant is a very amorous woman.

Bai Xia looks at her and nods. She doesn't like any woman around her father.

At the moment, Bai Shize has such a beautiful daughter, which surprises people around him.

Bai Xia walks into his father's office, and Bai Shize immediately smiles, "Xia Xia, here, here, sit for a while, and when Dad finishes a few documents, he will take you there."

"Dad, you're busy!" Bai Xia nodded, sat down and waited.

Bai Shize soon finished his work and led Bai Xia to say, "Xia Xia, let's go. Tonight, my father will show you the world and meet my father's friends."

Finish saying, Bai Shize looks at her daughter's dress tonight, can't help but secretly gratified, as expected very beautiful! I'm sure the young master tonight will like it!

Bai Xia's face didn't look happy. She just followed her father out obediently.

The restaurant is nearby. Bai Shize takes her into the restaurant. It's already a dozen guests. Bai Shize leads Bai Xia to the first one.

And there, chairman Xie Hao's side, is sitting his son Xie Yiwei, and this young master of Xie's family saw Bai Shize leading a beautiful girl to come over, he held up the action of the glass, because he was stunned.

As soon as Bai Shize came, he hurriedly introduced, "brother Xie, let me introduce my eldest daughter Xia to you."

Finish saying, again toward white summer way, "summer summer summer, see Uncle uncles quickly."

Bai Xia looked around the table and said hello politely, "Hello, uncles and uncles."

Chapter 1064

Bai Xia's fresh temperament immediately attracted the attention of all the men, women, old and young people present, because she really spilled into others' hearts like a beam of sunshine, and thought this girl was really beautiful.

Bai Xia sat on her father's side with some unpleasant feelings. She saw that ye Jiamei had not come, and she felt better inside.

"Uncle Bai, this is your daughter, eldest daughter!" Xie Yiwei's voice line is full of curiosity.

"Yes! My eldest daughter, who has been studying abroad in recent years, is seldom by my side. No, today I will bring you to know each other Bai Shize can also feel a kind of pride, because today's Bai Xia brings him a lot of face.

"Bai Xia, what a nice name." Xie Yiwei's eyes were reluctant to move away from Bai Xia.

Xie De also saw his son's interest in Bai Xia. They were business partners. He immediately wanted to complete his son and Bai Xia.

What's more, Bai Xia seems to be a quiet lady, and she has studied abroad, which should not be too bad.

The white Xia Dynasty thanked a circle politely to reply, "thank you."

"My name is Xie Yiwei." Thank you for introducing yourself.

Bai Shize immediately re introduced to her ceremoniously, "Xia Xia, this is the young master of our chairman's family. Today is also his birthday. Come and get to know each other well. You young people can also make friends."

Bai Xia looks up at Xie Yiwei. She chuckles, but she is polite and polite. She has no idea of making friends.

She came here just because she didn't want to brush her father's face. She had no purpose. Now she had some thoughts of leaving.

At this moment, the dinner is just beginning. At this moment, at the gate, the figure of Ye Jiamei appears. As soon as she comes in, some people know her and laugh at her. Ye Jiamei looks for her husband's figure at the first time, which really makes her find it at the front table.

What makes her heartstrings angry instantly is that there is a girl with charming back around her husband. Damn it, ye Jiamei is going mad. Is that why her husband doesn't want her to be here?

She would like to see what this woman is.

Because Bai Xia's position is back to the gate, and she sits beside Bai Shize, ye Jiamei doesn't misunderstand.

Ye Jiamei was furious in her heart, but she had to show a generous smile on her face. She came to the table in a few steps. When Xie De saw it, she immediately got up and said, "yo! How come the younger brothers and sisters are here? "

This words, let Bai Shize turn his head and see his wife, he frowned, "what are you doing? Isn't it for you to watch the children at home? "

At the moment, ye Jiamei's eyes are fixed on the white girl's figure. Suddenly, Bai Xia also turns her head, which startles Ye Jiamei directly. She stares at her eyes, and can't believe that what her husband brings this time is her?

What? For such an important company year-end party, my husband doesn't take his junior and senior, but his eldest daughter? Is he going to treasure his eldest daughter?

"My sister-in-law is coming. Let's sit down and eat together!" Said shead boldly.

Ye Jiamei saw her husband did not take his junior, but also a sigh of relief, toward Bai Shize, "Shize, the children have a babysitter watching, I will come to play."

Even if she comes, Bai Shize can't drive her away with a black face on the spot. A man gives up his seat, and ye Jiamei immediately sits down. At the same time, she says to Bai Xia beside her husband, "eh! Summer is here, too! "

In front of Bai Shize, ye Jiamei is enthusiastic about Bai Xia! Moreover, in front of others, her stepmother, Xingye, also needs to pick it up.

Bai Xia looks at her expressionless, lowers his head and continues to eat his own food. Xie Yiwei's eyes are always looking at her. As a rich man, he has seen many girls, but Bai Xia is the rare clean one.

This kind of girl is also his favorite. Today, it's his birthday, and his birthday wish is suddenly strong, hoping that Bai Xia can be his girlfriend.

Even if it is Bai Shize's daughter, then it will be more convenient for him to catch up in the future.

With Ye Jiamei by her side, Bai Xia is really upset. She hopes to leave early.

The sky outside, also gradually dark down, winter night, come early, also very long.

Xing Yifan didn't attend the dinner. He just wanted to come to the party and stare at Bai Shize by the way. He hoped that he would not hurt Bai Xia by being unfaithful.

Bai Shize doesn't have any bad thoughts. He just hopes that Bai Xia and Xie Yiwei can get to know each other and get to know each other more in the future. If Bai Xia marries Xie's family, it will be the life of his little grandma in the future, and it will also help his business.

On the dining table, ye Jiamei is playing an able and generous person. From time to time, she mentions how promising her son is and how clever her daughter is. She is running over Bai Xia's eldest daughter everywhere.

Bai Xia doesn't care about it at all, just listening to what she said, she feels a bit off her appetite.

After dinner, at 7:30, we will start to go to the banquet hall of a five-star hotel. Tonight, in addition to the banquet, there is also the birthday party of master Xie's. Who would want to miss this opportunity to cheat?

Bai Xia really didn't want to go. She found an opportunity to say to Bai Shize, "Dad, I won't go for a while. Go and play! I have to go home and work. "

"What work can't be put on? This opportunity is rare, summer summer, go to play Bai Shize at the dinner table, he can see that Xie Yiwei is interested in his daughter, and today is his birthday, how can I give him this face!

"Dad, I really don't want to go..." Bai Xia wants to refuse.

Bai Shize's eyes also pleaded with her, "daughter, how about giving dad some face? I think master Xie really hopes you can come to his birthday party, so you can play! "

Looking at her father, Bai Xia was in some trouble, so she had to say, "can I leave before 8:30?"

"Nine o'clock! I'll have the driver take you back then. " Bai Shize said.

Bai Xia had to nod and get into Bai Shize's car, while ye Jiamei got in from the other side. Bai Shize sat in the passenger seat.

Just now, ye Jiamei saw Xie Yiwei's interest in Bai Xia. She was not very happy. If Bai Xia was lucky enough to marry Xie Yiwei, her status would be improved in an instant.

Xie Debei has more money than her husband, and Xie Yiwei is the only son. He has passed away later. Isn't all the property of Xie's family inherited from Xie Yiwei?

If Bai Xia marries him, she will be worth a lot in the future, and she can't guarantee that her daughter will marry better than her. In case Bai Xia spills her resentment on her daughter at that time, it will be miserable.

So, she must make sure that Bai Xia gets married badly. Tonight, she must make Bai Xia a little ugly, and let Xie Yiwei know that she has no other skills besides being beautiful.

Bai Xia opens the window, blows the night wind, and sits in the same car with Ye Jiamei. Her whole body is disgusted. Fortunately, the five-star hotel is not far away. It's only ten minutes away.

It's half past seven now.

At the door of a high-end restaurant, Xing Yifan and Cheng Liang step out, and Cheng Liang reaches out to pat him on the shoulder, "Yifan! I've told you what to say. It's up to you. "

"Don't worry! Uncle Cheng, I'll do my best. " Xing Yifan nodded.

"Well, I'm at ease. I'm really at ease with you!" Cheng Liang expressed his trust.

Xing Yifan sent him to his car and opened the door for him. "Uncle Cheng, go back to have a rest!"

It's also a great honor for Cheng Liang. Regardless of the identity of Xing Yifan's lawyer, the identity of the second young master of Xing's family, it's hard to be ignored.

Xing Yifan watches Cheng Liang's car leave. He raises his hand and looks at his watch. It's seven thirty-five. It seems that he should go to another place.

Xing Yifan immediately opened the door and sat in his off-road vehicle, and drove out of the driveway beside the restaurant.

When Xing Yifan's car left, he suddenly followed three cars behind. These three cars were thrown on the road, which were also very common models. But at the moment, there were eight or nine fierce looking gangsters sitting in the car, holding iron bars in their hands, waiting to teach Xing Yifan a lesson on the car ahead!

Chapter 1065

In the night, tracking becomes a very easy thing, because the lights are hard to distinguish, and Xing Yifan is also anxious to see Bai Xia at the moment, he doesn't know that he is following three cars.

His car drove to a street. There was a newly built building beside the street. It was a little dark, and even the lights had not been turned on.

Followed by three cars, one of the leading men seize the time, toward the call machine, "this is it. Don't stop his car, we'll drag him into it to beat it up."

In their eyes, is not Xing Yifan a lawyer? A soft footed character, they can teach a lesson at will, as long as there is no human life.

Xing Yifan's car was suddenly approached by an acceleration overtaking SUV nearby, which made him avoid collision by turning the steering wheel, but the other side obviously didn't overtake, but hit his car head again.

When Xing Yifan's eyebrows are twisted, he also cherishes his car. As soon as his body is turned, he turns to a side road to enter the construction site. Xing Yifan sees from the rear-view mirror that three cars are behind him. He squints, and these people don't choose time for trouble.

When he's in a hurry, it's bloody.

Xing Yifan's car drove to the front and saw a row of parking poles. He still didn't hit them, but stopped the car and put out the fire.

The cars behind him also stop and turn off the lights. From the nearby city lights, Xing Yifan sees a group of people who come towards him with iron bars and a fierce face. Xing Yifan chuckles.

Liu Baoneng called a thug to deal with him so soon? Xing Yifan, seeing that these people are just Street gangsters, naturally does not pay attention to them.

"It's him. Give it to me until he can't get out of bed in three months." The leader of the man is very arrogant with an iron bar, pointing to the SUV side, handsome and straight young man.

Xing Yifan felt that the venue was not enough to play. He stepped into the construction site inside. It was very dark, but the place was still large. He shook his hands with each other for a moment, making the joint sound rattling. The two men who wanted to lead the way immediately stepped back.

"I know who sent you. Are you going to join us? Or alone? " Xing Yifan sneered, but he quickly continued, "come on, let's go! I'm in a hurry. "

In this sentence, I'm really pissed off by this group of hoodlums. It's clear that they are the one with a large number of people! Why does this man seem to ignore them as air?

"Grandma, where are you coming from? If you don't look at the guy in our hands, you dare to say such a big talk. In a moment, you will scratch your teeth and beg for mercy on your knees."

Xing Yifan only thought that they were talking too much nonsense, and he took his time. He bit his thin lips and said, "don't talk nonsense, hurry up!"

"I haven't seen anything more arrogant than you, son." The man at the head angrily scolded and said to his subordinates behind him, "go, give it to me until he can't speak."

The first two men immediately hit Xing Yifan with iron bars, which was disorganized and all relied on brute force. In Xing Yifan's eyes, it was just like a joke. He sneered and gave a shot like

electricity. He grabbed the iron bars of two people directly, and sent two hard ones back, which made the two gangsters react too late. Each shoulder took one and fell on the ground directly.

Other people looked at Xing Yifan, who was so difficult to deal with. They immediately shouted to Qi Qi to surround him. They wanted to attack him in turn. Xing Yifan was surrounded in the middle, and the light light in the distance reflected on him, making his straight suit full of texture.

However, at the moment, Xing Yifan doesn't intend to stain his suit, because he will attend the banquet perfectly in a moment.

He reached out and took off his suit, revealing a black fitted shirt that made him strong.

He put his suit on a high iron bar beside him and looked back at the surrounding humanity. "Don't dawdle, I don't have time to play with you for too long."

"Damn it, this kid can't be confident." The first man was so angry that he immediately waved his staff to the front, and his men nearby were not behind. Immediately Xing Yifan was faced with the blow of six or seven iron bars, but the light was dim.

All the people hit a blank, because Xing Yifan's figure was so sensitive that before they could react, Xing Yifan's figure disappeared.

When they reacted, Xing Yifan appeared behind them like a ghost. This time, Xing Yifan didn't wait for them to attack. With his long legs, he put the gangsters in front of him on the ground, and the iron bars in his hands began to wave. It was the gangsters' turn to hold the iron bars and block them. From time to time, there was a cry of pain.

Xing Yifan cleans up five or six of them in a twinkling of an eye, and the remaining two are retreating there. I can't believe that it's fatal to meet such a powerful role.

"Are you going to roll, or go on?" Xing Yifan forced them, covered with a murderous spirit.

The two men were retreating, and suddenly they ran into the iron pole where he put his suit. Suddenly, Xing Yifan's suit was about to fall on the ground, stained with the dust on the ground.

His eyes were a little anxious, and he hurried to reach for it. At this time, the leading man took the opportunity to hit him on the back with a stick. At the same time, he was wearing a knife, and his eyes were red with anger. Now he killed Xing Yifan. The knife in his hand suddenly wanted to stab Xing Yifan in the back. Xing Yifan received a stick. At the same time, he turned around with a suit in his hand. The knife stabbed Xing Yifan in the arm and made a cut.

Xing Yifan's face is like a leopard. He kicks at the tiger mouth of the man. The man's hand holding the knife is unstable. Xing Yifan puts his foot on his chest again. He hardly needs to do anything. The man falls back and sits on the ground.

And Xing Yifan stepped on his chest and pressed him to the ground again.

At the moment, Xing Yifan's ferocious strength made those gangsters who had already risen around him have no courage to provoke him at all, because his whole body's killing intention scared them.

"You dare to hurt me." Xing Yifan is really angry.

This man, who was trampled on his feet, almost broke his chest. He seemed to see death calling for hands. He was immediately frightened and frightened. He begged for mercy.

"Spare my life! Let me go! I also work with money. I have old people and small people The man cried for mercy.

Xing Yifan didn't let him go because he begged for mercy. He just didn't bother to teach him a lesson because of his time. However, when he left, he still stepped on one of his kneecaps and left angrily.

And his black sleeve, dripping blood, he ignored.

His figure quickly walked to his car. He took a piece of paper and put it in his mouth. At the moment, with his current injury, he had to go to the hospital to deal with it. However, Xing Yifan thought about it. It seemed that there was a medicine box in the trunk, but he didn't have time to do it now.

He backed straight out of the street and drove to the pavement not far away. He got out of the car, took out the medicine box in the back compartment, found the gauze, took off the black shirt. He

grabbed the gauze with one hand and wrapped the wound skillfully until the wound about eight centimeters was wrapped by gauze and stopped the blood.

Xing Yifan put on his shirt and looked at the time. At 10:00, his long fingers buttoned up slowly and thoughtfully.

He stepped on the accelerator at his feet, and the SUV rushed out. It was already 8:25 at the gate of the hotel where baishize company held the banquet.

Xing Yifan stepped out of the car and took his suit from the back seat. He reached out and brushed the dust on it. He was sure that the suit was still clean. His neat cover also covered the cut part of his shirt. In an instant, he recovered the image of the second young master of Xing family.

He stepped into the brightly lit lobby of the hotel and pressed the elevator number on the eighth floor.

When the elevator reached the banquet hall on the eighth floor, he stepped down and the staff were checking the invitation card.

"This gentleman, are you a guest of Houde company?"

"I am." Xing Yifan nodded in response.

"Did you bring your invitation card?"

"You tell Mr. shead that I'm the vice president of blue's group. He should know." Xing Yifan didn't want to name himself, because he didn't want the Xing family to show.

Chapter 1066

At the gate of the staff heard his deputy general identity, immediately dare not neglect said, "please wait a moment."

With that, someone immediately pushed the door into the banquet hall to find shead.

In the banquet hall at the moment, Bai Xia is very bored sitting on a sofa. She doesn't know anyone except her father, and ye Jiamei and some elegant and dignified ladies are chatting and laughing on the spot, as if they are very integrated into the occasion.

Only her, lonely like an outsider.

However, one person's eyes are always on her, that is, Xie Yiwei. Bai Xia has become the most surprising gift for him tonight. He was just led by his father to introduce the company's customers, and he didn't come out for a while. At this moment, he finally doesn't have to deal with the customers anymore. He carries a glass of red wine to Bai Xia.

When Bai Xia saw him coming, he immediately smiled politely at him. Xie Yiwei sat beside her and asked, "Miss Bai, do you have a bad time sitting here alone?"

Naturally, Bai Xia can't say he's unhappy. This is his birthday dinner party! She smiled. "I just don't know people here, so I don't know who to talk to."

"How about I chat with you?" On Monday Wei held up his glass and touched it. "Miss Bai, nice to meet you. Uncle Bai is my father's good brother. Can we also be friends?"

Of course, it's not easy for Bai Xia to brush his meaning. Although she thinks she won't contact again, she still can't do the thing of rejecting people face to face.

"OK." Bai Xia just smiles.

"Let's go. There's food there. Let's have some more! I don't think you ate much at dinner. " Wei invited her on Monday.

Bai Xia really said that she didn't eat much dinner at all. Now she is really hungry. In addition, tonight's dessert looks great. She also wants to eat it.

"Good!" Baixia is also boring! My father just introduced her around, but he still talked with the guests and ignored her.

Zhou Yiwei takes Bai Xia to the direction of the meal, and two people are holding plates to eat.

And Xie De's side, the staff immediately came to his side, whispered, "President Xie, there is a young gentleman at the door, claiming to be the vice president of the blue group."

Shed was immediately surprised. "Oh! Is he at the door? Come in, please. This is our guest tonight! "

With that, shed himself said to the staff member, "lead the way quickly. Where is he?"

The staff immediately dare not neglect to take him out of the gate, only to see under the light, Xing Yifan's long and charming figure standing there, magnificent and extraordinary temperament, just one eye is amazing.

"Hello, vice president Xing, you're here. I've been waiting for you to come," said Xie de

"You're welcome. There's a traffic jam on the way." Xing Yifan chuckles.

"Come in and have a drink!" Shed didn't know why the vice president of the blue group came, but how dare he refuse such characters? At the same time, he is looking for big investors, hoping to cooperate with blue group.

Xing Yifan can't wait to get in. His goal of coming here tonight is very clear. It is to see if Bai Xia has been sold by her father.

At the moment, Bai Xia and Xie Yiwei are sitting by the window, where the lighting effect is very romantic and emotional, and the light music on the banquet is separated from the bustle of the center, so it's very suitable for chatting here.

Xie Yiwei is not that kind of annoying person either. He is also a person who stresses cultivation and etiquette. Bai Xia just because someone took care of her, she would not be ignored.

Bai Xia didn't find out that there was a charming figure coming in from the door, and the noble Qi emanating from his whole body was like a bright moon, pressing the men around him into darkness in an instant. Standing there, he had a temperament that can't be ignored. Tonight, I come to the top of the company, so I'm all 30-40-year-old ladies. When they look at this young man, they all want to marvel. If they have daughters, they all want to introduce them to him.

What a handsome young man!

Xing Yifan's sharp eyes swept away. Bai Xia was not in the crowd. Instead, he saw Bai Shize chatting among a group of men. Xing Yifan's body side Xie de immediately brought a glass of wine.

"Vice President Xing, come and quench your thirst."

Xing Yifan took the wine and handed it gracefully to his thin lips. He was thirsty for the fight he had just fought.

His eyes wandered around from the edge of the cup. At last, his eyes were fixed on the girl on the dining table in front of the floor window.

To his instant displeasure, there was a young man sitting opposite her. They seemed to be talking and laughing about something. Obviously, the atmosphere was still very happy.

Bai Xia and Xie Yiwei are talking about things in the University. They share the same topic and have many interesting things, so they are familiar with each other unconsciously.

Just chatting, Bai Xia felt that there was a strong line of sight coming from the crowd, which was too aggressive to be ignored. This also attracted Bai Xia to drink juice while raising a glass, a pair of smiling eyes curiously looked at the past, wanted to see who was so rude staring at her.

At this sight, she was directly frightened and choked. She quickly reached out and patted her chest with a choking expression.

When Xie Yiwei saw that she was choking, he got up quickly and patted her back very gently and considerately. His eyes were concerned, "Bai Xia, are you ok?"

Bai Xia is flustered. She hurriedly says to Xie Yiwei, "I'm ok, thank you."

Xing Yifan's figure stepped towards them, his eyes fixed on Xie Yiwei's palm on Bai Xia's back, as if he wanted to swing a fist.

Bai Xia hurriedly gets up, steps out from the position, greets Xing Yifan to come over, pleasantly asks, "how did you come?"

Xing Yifan's eyes narrowed and his eyebrows were raised? I'm not welcome? "

Bai Xia is not welcome! She's just surprised! This is my father's company's private dinner party, he will show up, she was shocked!

"No! You Are you here for me? " Bai Xia's eyes sparkled with surprise.

Inexplicably, Xing Yifan came for her, but when he saw her talking and laughing with other men just now, he suddenly didn't want to make her so happy.

"No, I'm here to talk about work." Xing Yifan opened his mouth and said a word.

Sure enough, the divine color in Bai Xia's eyes had several chat lines, and she was embarrassed, "Oh! Is it? Then talk about work ~ we'll talk later. "

After Xing Yifan, Xie de has come. He quickly introduces him to his son, "Yiwei, come here. Meet him. This is Mr. Xing, vice president of the blue group."

Xie Yiwei saw that Bai Xia and Xing Yifan knew each other, and his heart couldn't help worrying. Just now, Bai Xia was so excited to welcome him. This man has an extraordinary manner. In addition, he is the deputy general manager of the blue group. On his status and appearance, he feels incomparable.

"Hello, Mr. Xing." Xie Yiwei said hello politely.

Xing Yifan just squinted. "Hello." With that, he looked at Bai Xia beside him, "Miss Bai, you have a good time tonight!"

Bai Xia blinks at once. Xing Yifan calls her Miss Bai? How strange the name is!

However, she only knew that he was the vice president of some group besides the profession of lawyer. As expected, he was capable.

"Then you talk. I'll have something to eat." After Bai Xia finished, she went back to her position.

Xie Yiwei wants his father to greet Xing Yifan. He wants to go back to accompany Bai Xia. "Dad, I will accompany Miss Bai."

Xing Yifan said to Xie Deqi, "President Xie, you are busy first. I'll have something to eat."

"Well, vice president Xing is at will, at will! If you need anything, just talk. " Xie Desheng was afraid of offending this distinguished guest.

Xing Yifan went to the buffet beside him and began to pick out food with the plate.

Bai Xia looks at his figure, holding his chin a little depressed thinking, the gap between her and him is bigger.

He is more than a lawyer! See Xie De's attitude towards him. He must be a vice president of a large group!

Bai Shize was also attracted by the new young man. He went to Shad and said, "who is that young man just now?"

"I only know that he called me in person from the president's office of blue group. This is the vice president of their company. He is interested in our company's investment. Shize, we can't neglect it. We'll be entertained."

Chapter 1067

Bai Shize immediately nodded, "OK, elder brother, don't worry."

Ye Jiamei went to the bathroom just now. As soon as she came out, she saw a group of ladies chatting with a young man.

"Whose young master is that? It's so beautiful. I want to introduce my daughter to him. " Said a lady in her early fifties.

Ye Jiamei is also curious to see the direction of the buffet, only to see that under the soft yellow light, a young man is picking up food alone, with a long and even body, a straight back, a charming demeanor between hands and feet, which makes a group of men around look like soil.

"Who is that!" Ye Jiamei asked curiously.

"It seems to be Mr. Xie's distinguished guest."

Ye Jiamei can't help but look twice. At this time, she finds that Bai Xia and Xie Yiwei are having dinner. Her eyes cast a resentful look.

Bai Xia really has the means. He seduced young master Xie so quickly.

At the moment, Bai Xia has no mind at all. Moreover, her whole heart is beating, because Xing Yifan suddenly appears.

It seemed that every time she met him, she would never meet him.

For example, the elevator door where she just moved, or here, what a coincidence!

Xing Yifan is holding a plate and holding a glass of red wine in his hand as if he is looking for a place. Bai Xiaxin thinks, will he sit at her table? There's still room.

Just thinking about it, I saw Xing Yifan walking towards her side with a plate. Her heart beat faster immediately.

Xing Yifan's eyes are on this pair of men and women who are very emotional. He wants to make a huge bulb. Sure enough, his plate is on Bai Xia's table, facing Bai Xia, who is sitting in the front position, "give way to a position."

Bai Xia saw that he was sitting here, and her red lips could not hide a smile. She quickly asked for a seat for her, and she sat inside.

Xing Yifan sat down and looked at her. Bai Xia was concerned. "You haven't had dinner yet!"

"Well!" Xing Yifan replied.

Xie Yiwei on the other side was also embarrassed. In fact, he really hoped to chat with Bai Xia alone.

However, Xing Yifan's identity should be respected by his father. How can he say anything?

"Bai Xia, you know president Xing!" Xie Yiwei asked curiously.

White summer bent his lips to smile, happy to explain, "we are neighbors."

Xing Yifan's face suddenly looks ugly. There are so many ways to introduce her identity. She chooses a neighbor, so she can't be a friend?

Does she want to leave a chance for the young master of the Xie family?

Sure enough, I heard that it's just Xie Yiwei from my neighbor. I'm relieved. It seems that it's just a neighbor!

Xing Yifan looked up and asked her, "did you feed each flower when you came out?"

Bai Xia was shocked immediately. "You didn't prepare food for each flower!"

"I forgot." Xing Yifan hums.

Xie Yiwei on the opposite side was curious. "Who are the flowers?"

"It's our cat." Bai Xia explains.

Xing Yifan squinted, micro strip scolded, "I'm not forbidding you to enter my home, not recording my fingerprint code for you?"

It's a lot of information! They are neighbors, but they can enter each other's home at any time.

Xie Yiwei, on the opposite side, stared slightly. Of course, he could hear it.

White summer thought that so pitiful flower after flower, she even forgot to go to see her, immediately some guilt bit red lips, "I'm sorry, I really forgot."

Xing Yifan is to let the man opposite know that the relationship between them is not only that of their neighbors. He snorted, "go back and feed you."

"Good! I'll feed me Bai Xia is willing to agree!

At this time, Xie Yiwei was called by his father's assistant. "Thank you, master. Thank you for letting you go. Maybe it's time to cut the cake."

Xie Yiwei had to stand up and say to Bai Xia, "Bai Xia, let me go first."

"OK! You are busy. " Bai Xia nodded.

As soon as Xie Yiwei left the table, Xing Yifan didn't have any appetite at all. He had dinner before he came. He turned his eyes and looked at the women around him like a interrogator.

"It seems that you can make friends. You'll make good friends so soon?"

Bai Xiaming knows that he is sarcastic. She looks at him with a wry smile. "We are just chatting at will!"

"Talk? I think you're calling. " Xing Yifan could not help humming.

Bai Xia choked for a while and asked curiously, "you will come here even if you know I will come here. Why don't you say hello to me in advance?"

"Is it necessary?" Xing Yifan asked.

Bai Xia choked again, as if Xing Yifan ate dynamite tonight, or who offended him?

Isn't it a good time to chat tonight?

"Oh!" Bai Xia has a pair of cheeks. I don't know what to talk about. Suddenly, Bai Xia only felt that there was a kind of bloody smell in her nose. She thought it was wrong. She could not help sniffing again carefully. As expected, there was a strong bloody smell around them.

Bai Xia immediately thought that she didn't come to the good thing again. Where does the bloody smell come from!

Bai Xia can't help looking for the smell of blood, so unconsciously she approached Xing Yifan's arm with a face.

Xing Yifan looks at her and smells like a puppy in his arm, which is the one he hurt.

"What do you smell?" Xing Yifan's voice line is a little tight and doesn't want to be found by her.

"There's a smell in you." Bai Xia said.

"What's the taste?" Xing Yifan asked

"Bloody! It's very bloody! Are you hurt? " Bai Xia has a sensitive sense of smell, but there is no blood on his suit! He looks as if he is alone.

Xing Yifan didn't expect to be able to smell it out. He covered the wound lightly and didn't want to hide it. "I just had a fight with several people and got scratched."

"Eh? Then you didn't go to the hospital! " Bai Xia is shocked to ask, also heartache rises, "Hurt where?"? Serious? Hurry to the hospital! "

Xing Yifan looked at her small face and worried about him. He suddenly felt that it was time to leave.

"Good! You go with me. " Xing Yifan raised his eyebrows and said.

Bai Xia is in a hurry, because the smell of blood on his body is too heavy, so he must be hurt badly.

"OK, I'll go with you. Hurry up!" Bai Xia stood up and reached for his arm.

Just as Xing Yifan stood up, Bai Xia took him by the arm and walked towards the door regardless of anything.

It happened to be a scene that all the people in the banquet hall should see. Xie De, Bai Shize, ye Jiamei and Xie Yiwei all know Xing Yifan's identity, but at this moment, Bai Xia is holding his hand, so close!

Bai Xia is in a hurry to pull him out. Then he thinks of something. Turning back, he says to Bai Shize, "Dad, I'll go first."

When Xing Yifan turned his back to everyone, his smile was on the corner of his mouth, and the woman led his hand out.

Standing at the door of the elevator, Bai Xia asked anxiously, "why don't you go to the hospital! What else are you doing here? "

Xing Yifan would like to say, is not it for you? He could not bear to say.

"What's more important than dressing a wound?" Bai Xia was educated, "and how can you fight! Have you offended anyone? "

Bai Xia is really worried about the old lady's feeling. He thinks that Xing Yifan is injured and has come here. He is not responsible for himself.

But she doesn't know. There's only one reason why he will be here tonight. That's her.

Although Xing Yifan was read by her, his heart was inexplicably filled with a warm current.

She cares about him.

"It seems that master Xie is interested in you." Xing Yifan said a word when he stepped into the elevator.

Of course, Bai Xia can feel that Xie Yiwei is interested in her, but she hasn't thought about anything with him.

"Is it? How can I not know? " She pretended to be stupid.

"You like him?" Xing Yifan asked again.

Bai Xia shakes her head quickly. "No!"

"And what do you like?" Xing Yifan looks back at her.

Bai Xia looks at the ground with some shame. She wants to say that he is good.

But isn't that a direct confession? She doesn't have such a face!

"I don't know yet." Bai Xia replied with shame.

Xing Yifan got out of the elevator and handed her the car key. "My hand hurts when you drive."

"Now you know that your hand hurts! Then why don't you go to the hospital? " Bai Xia asked again.

Xing Yifan suddenly didn't get angry. He reached out and knocked on her head.

"Why do you hit me?" Bai Xia looks back at him puzzled.

Xing sipped his thin lips together.

Chapter 1068

Bai Xia sits in Xing Yifan's SUV. With her small and exquisite figure, this powerful car has an unspeakable contrast beauty.

Xing Yifan can't help looking at her more. Bai Xia's driving skill is good, but she doesn't know the nearby hospital very well.

"Do you know there is a hospital near here?" Bai Xia asked. She didn't use navigation either.

Xing Yifan thought about it, and suddenly felt that it was a waste of time to go to the hospital. Now he just wanted to go home and have a rest.

"Forget it. Don't go to the hospital. Take me home!" Xing Yifan leans on the passenger seat to rest.

Bai Xia immediately worried, "but your wound needs to be disinfected and cleaned again!"

"You can do it. I have a medicine chest at home." Xing Yifan said with a firm voice, "go home."

"But I can't do anything." Bai Xia doesn't mean to be self deprecating, but she doesn't have any experience in this field at all.

"I'll teach you." Xing Yifan's thin lips make a light sound. He is really tired.

When Bai Xia saw that he asked to go home, she could only drive in the direction of going home. Fortunately, she remembered this road when she came here in the afternoon. As long as she drove on a main road and drove all the way to the center of the city, she knew the way.

Bai Xia drives his car carefully. It's too quiet in the car. When she stops at the traffic light, she finds that the man beside her is sleeping with his head on his side.

Bai Xia also whispered, "Xing Yifan, did you sleep?"

If the man didn't answer her, he must have fallen asleep.

Bai Xia sighed, thinking that he was tired today!

Bai Xia drove for half an hour and finally arrived at the entrance of the community. She drove into the underground parking lot. After parking, Bai Xia turned on the lights and stared at the sleeping man beside her. She couldn't bear to wake him up!

However, it's not a matter for him to keep sleeping in the car! Bai Xia had to harden his heart and clap his shoulder. "Hey, Xing Yifan, get home, get off!"

Xing Yifan's thick curled long eyelashes dyed a shadow part. At this moment, his long eyelashes slowly lifted, revealing a pair of rare and blurred eyes. He sat up and looked left and right.

"Home, let's get off!" Bai Xia said softly.

Xing Yifan nodded and pushed the door first to get off. Bai Xia also picked up the bag and got off.

Xing Yifan reaches for his forehead, but he doesn't sleep well. He has a headache.

But Bai Xia thought he was dizzy, so she quickly reached forward and held his arm, which was not hurt. "I'll help you back."

Xing Yifan looks at the girl who cares about him. How can he refuse her kindness? But she is so petite and supports him. He is affected.

So, he simply extended his arm to her shoulder and leaned half of his body against her.

Bai Xia only feels the weight of her shoulder. Although it makes her a little hard, she is very careful to hold his waist and help him to the direction of the elevator.

But don't know, a pair of slightly pondering smile eyes on the head are staring at her.

In order to pretend to be dizzy, Xing Yifan put some pressure on her. When Bai Xia got to the elevator, he had a layer of sweat on his forehead.

"Are you ok! What's wrong? " Bai Xia asked him with concern.

Xing Yifan narrowed his eyes and said, "maybe he lost too much blood and was a little dizzy."

White summer face flashed a little anxious, "do you want to go to the hospital?"

"No, just have a rest." Xing Yifan pretends most of them at the moment. His spirit is just a little tired now. He has the strength to fight again.

Bai Xia helped him into his room together. Xing Yifan sat on the sofa, and Bai Xia hurriedly said, "take off your clothes and let me see your wound."

Xing Yifan said to her, "the medicine chest is in the second phase cabinet. Go and get it."

Bai Xia immediately went to the cabinet where he stored the medicine box, pulled it open, and brought out a white medicine box, which was filled with some gauze and disinfectant alcohol.

When Bai Xia turned around, he saw that the man on the sofa had taken off his suit coat. At this moment, his long fingers were skillfully picking out the buttons of his shirt, and the looming strong chest muscles were showing behind the shirt.

Bai Xia's pretty face suddenly turned red. She wanted to see it, but she dared not. She held the medicine box and looked away. Xing Yifan took off his shirt and showed his upper body directly. At the moment, he could see a piece of bloodstain on the gauze which was wrapped in a hurry in the car.

Looking at some startling feeling, Bai Xia immediately stared at her eyes, and regardless of what man was giving or not, she squatted down to his side.

"It's such a serious injury!" Bai Xia is twisting her eyebrows. For a while, she doesn't know how to do it.

"Take out the scissors from the box and cut the gauze." Xing Yifan said to her.

Bai Xia immediately looked back and found a pair of scissors. She gently cut along the gauze layer by layer, and the gauze stained with blood fell off. But the last layer, which had blood stains and

wounds tightly adhered together, Bai Xia watched, and felt pain. "Tear it off." Xing Yifan gave a low order. Bai Xia immediately bit his red lips and looked at him with heartache on his face. "It will hurt."

"If you don't tear it off, how can you clean the wound and bandage it again?" Xing Yifan's handsome face is light, as if he was not hurt.

Bai Xia really admired her. At this time, she would have to howl for a long time. Maybe she would have to cry.

"Doesn't it hurt?" Bai Xia's eyes blinked fiercely. They were watery.

Xing Yifan didn't hurt too much, but he didn't want to be brave when he listened to her. He narrowed his eyes and said, "of course it hurts."

Only when it comes to pain, can she feel more painful!

Bai Xia looks at the wound that sticks to his muscles, and she feels very sad!

"Tear it off." Xing Yifan said again in a low voice.

Bai Xia had to take Nie Zi, hold her breath, tear it down bit by bit, and the exposed wound made her feel tight. Only the wound of middle finger turned out on his strong arm. "I think you should have stitches." Bai Xia thought that in this way, the wound could not be recovered.

Xing Yifan took a look and asked with expectation, "how about your needlework?"

Hearing this, Bai Xia immediately stared at him and said, "you You want me to sew it for you? No, no, No I can't do it. Let's go to the hospital! "

"Just answer me." Xing Yifan looked at her in such a frightened and crying way, and couldn't help laughing.

Bai Xia's needlework is still good. She blinked and said, "I used to sew clothes for many flowers with my clothes. OK!"

As soon as Xing Yifan's face stiffened, he had to say, "OK! Find the thread from the inside and get ready to sew it for me! "

Bai Xia thinks that this kind of work will kill her. How dare she start!

Xing Yifan squinted. "I believe in your technology."

Bai Xia herself is not sure, but she has no choice now. Who let him not go to the hospital?

"In case your wound recovers badly later, you can't blame me!" Bai Xia had to say hello to him in advance. She didn't know where she came from. She actually dared to sew a needle for him.

Xing Yifan said with a smile, "OK, I won't trouble you."

"It's going to be as ugly as a centipede." As Bai Xia said, he found the sewing tool from the inside. Xing Yifan taught her how to use disinfectant and then used alcohol to clean the wound. In order to make his wound better, Bai Xia encouraged her to chat with her.

Bai Xia only took a few minutes to sew up Xing Yifan's wound with thread. It was just that the appearance of stitching was really ugly. It must have recovered in the future. It was also a ferocious scar.

But for Xing Yifan, what is more scar for a man? It depends on who sewed the scar.

When Bai Xia was packing, the whole person sweated and wet again, because she was so nervous! At the moment, she still had some blank head, but she also found that she had the courage to do such a thing.

Xing Yifan relies on the sofa to rest. After Bai Xia has packed his big medicine box, he says, "I'll come back for a bath and see you. Are you hungry or not? What do you want to eat?"

"What can you cook?" Xing Yifan is really hungry.

"I can make noodles." Bai Xia smiled awkwardly and added, "my family still has it."

What else can Xing Yifan choose now? He had to say, "OK! When you come here, bring the noodles by the way. "

Seeing that he was willing to eat, Bai Xia was also happy

Chapter 1069

At this time, duo jumped out from the side and was hungry. Bai Xia smiled and said, "wait for me to feed you."

When Bai Xia came home, she took a bath, changed into a very casual suit and brought her instant noodles.

Bai Xia also prepared cat food for each flower, and she began to make noodles for two people, just as she was hungry!

Although I had two meals, I didn't have enough.

Sitting on the sofa, Bai Xia looks at Xing Yifan's bandaged wound. She admonishes, "don't touch the water."

Xing Yifan nodded, "OK!"

After a while, the instant noodles were ready. Bai Xia put a bowl of instant noodles in front of him, and they sat on the dining table.

While eating, Bai Xia looks at Xing Yifan with a smile. Xing Yifan doesn't even dislike it. Maybe noodles are delicious, although it belongs to a kind of junk food.

After eating, it's eleven o'clock unconsciously.

Xing Yifan sits on the sofa and opens the sports platform to watch. After Bai Xia finishes cleaning up, he also sits beside him to watch.

Because she remembered his injury, and because he was injured, she wanted to accompany him more. "Take a seat." Xing Yifan suddenly murmured.

Bai Xia had to sit next to him, almost next to him, while Xing Yifan leaned towards her shoulder.

Bai Xia is stunned immediately. Is he sleepy? However, she looked at Xing Yifan and watched the game with her eyes open, and she was so dependent on him.

But after a while, she felt her shoulders getting heavier and heavier. She looked down and Xing Yifan fell asleep.

Don't go to sleep even if you have a bed. Do you need to sleep on her? Bai Xia is speechless, but for the sake of his injury, she is willing to let him rely on her.

Bai Xia is also leaning on the sofa on one side, so she has the strength to support her, and will not be exhausted.

She gently picked up the remote control next to the game, turned it into her favorite cartoon, turned down the voice, and she just watched.

Xing Yifan's home is constant temperature control, so even though it is early winter outside the window, the home is warm and not cold.

Bai Xia takes his suit and covers it for him. At this time, Xing Yifan adjusts his sleeping posture.

His slender legs are lifted up on the sofa, and his head is also resting on Bai Xia's legs. Bai Xia is a little funny. Can't he go to bed?

However, Bai Xia didn't know. In fact, Xing Yifan didn't fall asleep for a while. He was just testing her reaction. Fortunately, this woman didn't mercilessly push him away. When he really had to rest on her thin leg, he was really sleepy.

When Xing Yifan was sleeping heavily, Bai Xia moved a pillow to make a pillow for him. She got up in pain, took his thin quilt out of his room and covered him, and found a blanket to go to bed.

Xing Yifan's sofa is very comfortable and big. Bai Xia sleeps on the other side. She turns off the TV and falls asleep unconsciously.

But this night, there was a person who couldn't sleep. Ye Jiamei was lying in bed, tossing and turning. Because she saw Bai Xia's ability in one night. First, she seduced master Xie, and then there was the young deputy general manager, as if she knew the deputy general manager.

Because ye Jiamei didn't recognize Xing Yifan as her neighbor, at the moment, in her heart, she only knew that Bai Xia had made friends with rich people.

This means that if Bai Xia finds a supportive mother-in-law, her life will be difficult in the future.

I don't know how to avenge her mother! And her children are so small, she must not let them be wronged.

But now Bai Xia is obviously already secretly trying to punish her.

No, she must not let Bai Xia marry well, even if she has a family like Xie De, she should marry an ordinary person and live her ordinary life well.

Ye Jiamei needs to find out what kind of rich young master Bai Xia is surrounded by in the future. She must drive away one by one.

Early morning.

Bai Xia sleeps in a daze. She feels a little cold on her body. Suddenly, she has a warm quilt. She is sleepy and suddenly thinks of something. She immediately opens her eyes.

What she saw was Xing Yifan's beautiful face. She immediately sat up in fear.

"You wake up!" Her pretty face is a little red, because she just got up, it must be very ugly.

"Well, you can go back to sleep!" Xing Yifan said in a voice. He couldn't remember how to sleep. He must have slept on her for a while.

Bai Xia's eyes were still a little red. She didn't seem to have enough sleep. She nodded, "OK! What about you? "

"I ordered breakfast and it will arrive in about half an hour."

Bai Xia smiled. "So you can also eat takeout!"

Xing Yifan said with his eyes narrowed, "the breakfast delivery shop is the one we usually eat."

Bai Xia immediately said, "it's a high-grade breakfast shop. The price is not cheap after a meal." "Does your wound hurt?" Bai Xia asked.

Xing Yifan shook his head. "It doesn't hurt."

"Do you want to go to the hospital for an examination?" Bai Xia is still worried about him.

"No need." Xing Yifan shakes his head.

"Then I'll go to sleep." Bai Xia squints his eyes comfortably, faces the sofa sideways and continues to mend his sleep for a while.

Xing Yifan came out of the balcony and prepared cat food for Duoduo. He took a glass of water and sat down to drink.

Last night, those people were fighting for him, but now they are fighting for him. They only have this case in hand. He hasn't found the defendant's trouble yet. However, someone has already informed us, so his guess is right.

And this person is Liu Baoneng. Xing Yifan's eyes are squinting and his eyes are shining with cold light.

Xing Yifan thought about the case, and his handsome face was covered with a gloomy atmosphere. Except for a pair of eyes flashing cold and wise, he had some expressionless faces.

At this time, there was a sudden sound of something falling behind him, and the expression on his face was more urgent.

He turned his head and looked into the hall behind him. Bai Xia fell asleep. Her quilt slipped to the ground because she turned over.

Xing Yifan immediately got up, picked up the quilt and covered her again.

Bai Xia gently pursed one red lip, two red lips in the sun, blinking delicate pink, Xing Yifan's eyes locked, he seemed to feel a kind of hunger from the bottom of his heart.

This is not the hunger without breakfast, but his physiological needs have been awakened.

Xing Yifan is really surprised that this woman has such ability. With a sleeping face, she can make him think so.

But Bai Xia, who was asleep, seemed innocent. She didn't do anything! At about nine o'clock in the morning, breakfast arrived, and Bai Xia also slept for a while. When the door bell rang, she opened her eyes, mended her sleeping eyes, clear and vivid.

She sat up and watched Xing Yifan carry the paper bag with exquisite package. She could smell some fragrance. She smiled, "I'll wash my face and brush my teeth at home and come back."

After that, Bai Xia hurriedly pushed the door out. When she washed her face and brushed her teeth, she changed a set of daily clothes. A white sweater suit made her return to the campus as if she were young.

Two people sat down to eat breakfast, and Duoduo also came to join the fun, but also be rewarded with some food.

"In a few days, I may take Duoduo home." Xing Yifan opens the road.

Bai Xia asked curiously, "go back to your parents' house?"

"Well!"

"Why?" Bai Xia thought, don't his parents also like blossoming?

"Because I have a cat in my house, my mother has to mean..." Xing Yifan's handsome face is slightly stiff, but he goes on, "bring flowers to the past to breed."

White summer's pretty face also don't know why red, she is ashamed of hang down Mou way, "Oh! now I see! That's good! "

Xing Yifan looks at her pretty face and blushes. He can't help but want to laugh. "What are you ashamed of?"

"I I don't have one! " Bai Xia quickly denied it. He was embarrassed. He still laughed at her.

Xing Yifan had to stop teasing her and knew that she had a thin skin.

"I'll take Duo Duo downstairs for a walk. Would you like to go with me?" He asked in the white Xia Dynasty.

Xing Yifan also decided to rest today. He nodded, "OK!"

After breakfast, Bai Xia went downstairs with flowers in her arms. Xing Yifan accompanied her with a book. Two people sat in a garden downstairs of the community. Passers-by thought they were lovers. They could not help but exclaim that they were a couple with good looks! How beautiful their children will be in the future!

Chapter 1070

In the morning, Xing Yifan received a phone call from Cheng Liang before Bai Xia had breakfast together. An anonymous letter appeared in his mailbox. The words on the letter were full of threats. Moreover, even the places where his children and wife usually go were clearly written.

Cheng Liang wants to call the police or not, but he calls Xing Yifan at the first time. Xing Yifan has to rush to check the situation, because the police will visit Cheng Liang's home soon.

Xing Yifan sends a message to Bai Xia. He can't accompany her to breakfast. He asks her to go downstairs.

Bai Xia just woke up and heard the sound of mobile phone messages. She picked up Xing Yifan's and watched him write something urgent to go out. She quickly replied, "you are busy! I'll take care of myself. "

Xing Yifan went to chengliangjia, and then the police arrived. The police attached great importance to this matter and began to investigate. As a lawyer, Xing Yifan needed to follow up the investigation.

Bai Xia has been staying at home for too long every day, so she goes out for a walk. She is used to it alone. As soon as she left the community, she was stopped by a fitness coach. He introduced their fitness benefits to Bai Xia with great heart, which made Bai Xia really moved.

It happened to be in a building next to the community. It was very close. Bai Xia thought that she would sit at home every day and keep fit. She happened to get such a big discount. She used to apply for a card in the fitness room and then came to run every day.

At noon, Bai Xia received a phone call from her father. Bai Shize invited her to come out for dinner at that end. She also wanted to say that she had solved the problem. Bai Shize had arrived near her home and had arranged for a restaurant.

Bai Xia had to go to her father's lunch. This is a very senior restaurant. Bai Xia thought that her father was the only one, but when she came in, she found that besides her father, Xie Yiwei was also there.

Bai Xia is slightly shocked, and Xie Yiwei's eyes see her, obviously brighten up, even a little excited.

"Dad." Bai Xia called his father and said politely to Xie Yiwei, "thank you, young master."

"Xia Xia, come and sit down! I'm going out to work with master Xie. Let's have a meal together! " Bai Shize said with a smile.

In fact, Bai Shize intended to invite Bai Xia out to eat with Xie Yiwei, because he thought Xie Yiwei was good.

Bai Xia sits down, looks up and bumps into Xie Yiwei's happy eyes. She also knows her father's meaning. However, she really has no meaning for this master Xie. "Xia Xia, do you know the vice president Xing last night?" Bai Shize asked curiously. He didn't have time to ask her last night.

"Well, we do." Bai Xia nodded, and Bai Shize was immediately surprised. "How do you know him?"

Bai Xia is very smart at the moment. She wants to stop her father from introducing him to her. There is only one reason for her to refuse. She is in love.

"Dad, I'm dating him now..." Bai Xia said it bravely.

Xie Yiwei is drinking a sip of tea. He chokes when he hears this sentence. He looks up with disappointment and says, "Bai Xia, aren't you neighbors?"

Bai Xia chuckled and admitted generously, "we were neighbors before, now, he is my boyfriend."

It's a pity for Bai Shize. He looks at Xie Yiwei next to him. Even though his daughter is in charge of famous flowers, he can't lead the red line. This meal was a bit awkward. When he checked out, Xie Yiwei was also very disappointed. He found an excuse to leave first.

Bai Xia stood beside Bai Shize and watched him get on the bus.

What did Bai Shize think of? He held the door and said to her, "Xia Xia, I'll see when I can bring this deputy general manager Xing home for a meal some other day! Let me know. "

Bai Xia was shocked at once. She said with a little guilty heart, "he He's been busy recently, maybe he doesn't have time. "

"No more time, but also to eat. I'm at home this Saturday. You can take him home to have a meal. How can I say it's your father? Check it out for you." Finish saying, Bai Shize sits in the car, falls the window to want to leave.

Bai Xia is in a hurry. Can she refuse? Ah, I dug a hole and jumped down.

How can I make yuan panic! She and Xing Yifan haven't reached the relationship of boyfriend and girlfriend yet!

Bai Xia wanted to cry. In the afternoon, she went to the gym to work out. Because she is a good-looking and new comer, several coaches are not willing to teach her.

Bai Xia also wanted to strengthen her body's resistance, so she stayed in the gym. Xing Yifan is dealing with Cheng Liang's threat. Until evening, his figure came out from the police station. He believes that Cheng Liang's threat letter is also related to his case.

At present, more evidence is still needed for the breakthrough. Before Cheng Liang's case, a lawyer participated in the prosecution once, but it failed, because all the documents in his case were signed to death, which is not good for him.

Xing Yifan's cross-country car is heading home. In his mind, there's something about the case. In the underground parking lot, Xing Yifan's car stops, and there's a car closing next to it. Only a girl with a famous brand comes out of the car with a bag. She flicks her long hair and sees the man who gets out of the car. Her eyes with heavy makeup immediately open, and she exclaims "Xing Yifan?" Xing Yifan is stunned and squints at it, but he definitely doesn't know this girl.

"You are?"

"I'm your high school classmate!" The girl immediately looked at him excitedly. She could hardly believe that the handsome young man had become such a handsome man.

Xing Yifan looked at her carefully, but it didn't affect her. He nodded to leave first.

"My name is Duanqi, have you forgotten? I almost hit you once, but you're not angry with me. " Du Anqi is carrying a bag behind him, following him closely. Her eyes are full of longing.

When she saw that Xing Yifan was also the elevator to her home, she immediately surprised, "do you live here, too? Great, me too. What floor do you live on? "

Du Anqi is going to be crazy. In high school, Xing Yifan was the most important person in the school, and she was just one of all the girls who adored him. She was still in the class level. At that time, Xing Yifan didn't look at any girls except learning.

However, Xing Yifan's figure accompanied Du Anqi through the whole high school life. He was the opposite of her crazy crush. Even now, when Xing Yifan met, the feeling of obsession with him came back in a second.

Xing Yifan is more slender and charming than when he was a teenager. He exudes an elitist atmosphere and has a more masculine charm.

Du Anqi followed him into the elevator. When she saw Xing Yifan's elevator, she was surprised to find that Xing Yifan was on the first floor of her building. She suddenly wanted to know which suite he lived in.

Xing Yifan is thinking about the case at the moment, and he doesn't find that Du Anqi doesn't have an elevator floor.

When the elevator jingled, Du Anqi followed Xing Yifan down with thick face. When Xing Yifan walked to his door, he thought of following Du Anqi behind him.

"What's the matter?" Xing Yifan looks back and asks with a lighter voice.

"I just want to know where you live, Xing Yifan. We are upper and lower neighbors. I live downstairs. Can I make a friend later?" Duanqi can't hide her feeling of wanting to be close to him.

This is probably the sequela of crazy secret love. Xing Yifan has become the person she most yearns to get close to.

Now, Du Anqi is also doing well as a fashion model. She has a good figure. In addition, she has grown well and made up slightly. She is also a beauty. Now, she is very confident.

Xing Yifan squinted. "I'm very busy, just be a neighbor."

After that, he went in according to his fingerprint. Behind him, Du Anqi was so excited that she and Xing Yifan even lived upstairs and downstairs?

Depending on the situation, he is still single! Does that mean she has a chance? Du Anqi looks at Xing Yifan's door, and immediately catches a hint of enchantment in her eyes. In her heart, she swears that she must catch up with Xing Yifan.

Xing Yifan returns home and sits on the sofa with flowers in his arms. He picks up his mobile phone and sends a message to Bai Xia to ask if she is at home.

At the moment, Bai Xia is sweating in the gym. She just came to the gym today, which is also very fresh.
