

## U. CEO Daddy 111

### Chapter 111

Tang Siyu was moved when she saw that they were reasonable. What she worried about most was that Xing family would rob her son. Obviously, except for Xing liehan's intention to rob, his family didn't have that intention.

Tang Siyu drives her car and takes Tang Yixi away.

Xing lie was so depressed that she left after a meal.

Wen lichen stood beside him, and chuckled, "Miss Tang has a personality."

Xing liehan's eyes immediately warned, "you are not allowed to like her."

Wen lichen chuckled, "who are you? Of course I won't rob a brother's woman. "

After Xing liehan finished, he thought he was funny. Damn it, how could he have such a strong possessive desire for this woman?

"It's my son's godmother. You can think about it." "It seems that something interesting has happened between you," Xing liehan said with a smile

Wenlichen's smile immediately solidified, and he breathed, "don't mention that she has seen all the things that should be seen and not seen."

"You shouldn't have seen it?" Xing liehan's eyes fell on his slender legs. "If she saw it, she would be responsible!"

"I'm not interested in her stereotyped girl. Interesting soul is the premise to attract me," said Wen

Tang Siyu's car is comfortable on the road, this time listening to the mechanical female voice in the navigation, she is very comfortable, thinking of today's Xing liehan let her headache navigation, she is upset.

"Mummy, is mummy back? When can I see her? " Tang Yixi sat in the back seat, fiddling with a robot.

Tang Siyu looked at him in the rear-view mirror, and chuckled, "your mother has another job. When she comes down, I'll take you to find her."

"Then shall we go to see Grandpa?"

"Er! Your grandfather may be in the company. Let's go another day! Mommy will take you shopping. "

"Mommy, do you like daddy's family?"

"I like it! They are all very good people. " Tang Siyu said without hesitation.

"What about daddy?" Tang Yixi immediately asked excitedly.

Tang Siyu's smile immediately stiffened. She narrowed her eyes and felt that her son had dug a hole for her to jump. Was this feeling of blackness inherited from that man?

She straightened her throat and said, "Xiaoxi, the feelings of adults are very complex, not only like this, but also need all kinds of feelings! I don't have that kind of affection for your father, so you can't match us in the future, you know? "

The little guy immediately squashed his mouth, "Oh!"

Tang Siyu said, and thought of what, she quickly told again, "and, Xiao Xi, you must not in your father's face premise you do mother."

"Why?" The little guy blinked.

"Because you offended him two days ago. You have a personal grudge."

The little guy immediately opened his eyes, "did my father bully my mother?"

"Er No, to be specific, your mother accidentally offended your father. In a word, it's very complicated. I can't tell you clearly. Just remember it. Don't put your mother in front of your father."  
"

"Oh! But I still hope father and mother can be together! " The little guy muttered.

Tang Siyu glanced at his son. Does he have the temperament of matchmaking?

"Well, don't think about it any more. Your Godfather and your godmother are not the same people." Tang Siyu thought that Suxi had seen all Wen lichen, and that he could not blame him for not remembering his revenge.

In the shopping mall, Tang Siyu likes to stroll leisurely with his son in the middle of a variety of shopping malls to choose the goods he wants to buy. The little guy sits on the cart, and his handsome appearance makes passers-by watch.

"Wow! What a handsome kid! I really want to abduct! "

"My God! What little star is it! "

"Can you take a picture? Children? "

"Photo refused." The little guy shook his head and said politely.

Tang Siyu, who is looking for commodities, didn't expect to see his son surrounded by several girls in his early twenties.

She smiled and pushed up the car. When several girls saw her, they immediately murmured. The woman who can give birth to this kind of child is really beautiful!

After shopping in the mall, Tang Siyu takes his son home to cook dinner, and the little guy plays the piano for her, while she cleans up the housework at home. This kind of time is what Tang Siyu enjoys most.

The little guy sat in front of the piano and looked at the music carefully. Tang Siyu asked him to practice the new music. The little guy had a strong sense of rhythm and played well.

After Tang Siyu finished drying his clothes, he thought of making a phone call to Suxi. She took her mobile phone and went to the balcony to get through.

"Hello!" There came the cheerful voice of Susie.

"Tell you one thing, don't faint!"

"My heart is super strong in endurance. What are you afraid of? Let's hear about it. What's the matter?" "Remember the name of the man who found your sapphire? Is it Wen lichen? "

"Yes! What's the matter? "

"He is Xing liehan's good friend. At the same time, today he became my son's godfather, so he will be the godfather and you will be the godmother."

"Ah It can't be true! My God? Kill me! But is it really the case? This is not true... " The ghost of sushi at that end cried for a long time, obviously breaking down.

"Calm down." Tang Siyu comforts her.

The voice of sushi was unsteady. "How can I calm down! How could it be him! Not so clever! "

"It's really him. Is he handsome? At the same age as Xing liehan

"Yes! It's very handsome! " Susie has to admit, well, that man is one of the most handsome men she has ever met.

"Well, don't bother. I'll tell you another funny thing. Xiaoxi still wants to bring you together! Ha ha! "

Tang Siyu teases her.

"What? You'd better let me be my son. I still owe him a meal! Maybe he forgot, don't let him mention me in front of that man, otherwise, I may have to invite him to dinner! Ah! I want to die now. "

"Well, I've told my son not to do this, and you'll see all of them!"

"You also mentioned this matter. Please don't mention it. It's not good at all. My eyes hurt now. I must have pinpricks."

Tang Siyu here laughs more happily. The two girls are also talking about coloring!

"When will you come back to get together! My son missed you. "

"In two days! I'll take the initiative to call you! "

"Well! Then wait for your call! " Tang Siyu replied with a smile.

"Good! Then I'll work first. " Susie hung up at that end first.

## Chapter 112

Tang Siyu holds the mobile phone in his hand with a smile. He feels that life is so wonderful. He doesn't want to meet people, but he can always get together through some relationships.

Tang Siyu has a look at the time. It's half past five. It's almost time to cook dinner. I've had a good time in Xing's house these days, as if I've gained some weight!

"Mommy will make you chicken wings and shrimps in the evening."

"Well! I love Mommy's cooking. " Don't forget to praise me.

Tang Siyu thought about it. Suddenly Xing liehan burst out of his mind. Did he get used to his food? Even thought of him when I went down?

At this time, there was a knock outside the door. Tang Siyu's heart thumped. Do you think Cao Cao is here?

Tang Siyu looks out of the cat's eyes. It's not Xing liehan, but Murphy. Today, Tang Siyu thinks back to his childhood at Xing's house. She doesn't turn him away. She opens the door and looks at Murphy, who is dressed in formal clothes. She is a little tired with a briefcase. She looks like she just came back from the company. She calmly asks, "what's up?"

"I just got off work and wanted to come and see you!" Finish saying, see Tang Siyu's hand still holding a steaming pot, his eyes a bright, "do you want to cook? Can I have one? I haven't had dinner yet

Tang Siyu looked at his tired look, her heart a soft, but a meal, she nodded, "OK, come in! I'll go after dinner. "

"Good!" Murphy has no requirements for her now. What she says is what she says.

The little guy looks at the uncle upstairs with big eyes, which he doesn't like. He has a premonition that he must have hurt Mommy before. His eyes are sharp around his arms and his face is on guard.

Tang Siyu fell three people's rice. Murphy sat on the sofa and stared at the little guy on the opposite sofa. He took the lead in breaking the silence.

"Hi, my name is Murphy. Your mommy and I grew up as friends."

"Have you ever bullied my mother before?" Tang Yixi stared at him.

Murphy's face was serious. He didn't treat the little guy opposite as a kid, but as an adult.

"I did do something that I'm sorry for your mommy five years ago. I'm sorry, so I've been thinking about making up for it."

The little guy blinked, but he was too small to understand what he said.

At this time, Tang Siyu came out and heard. She said to her son, "Xiao Xi, you can call him uncle mu. I have forgiven him for our previous holidays."

When Murphy heard Tang Siyu's words, Junyan lost a little bit. She forgives him, which means she gave up her feelings for him. Otherwise, she should not forgive him so easily. So, there is nothing to be happy for him!

Tang Yixi looked at mufei. "You can't bully my mommy anymore, or my dad and I won't let you go."

Murphy smiled bitterly, "how dare I bully her again? Now, she's the only one who bullies me. "

When Tang Yixi heard this, he finally put down the defense against him, and the little guy was just making a magic cube, which had not been played out. At this time, mufei pointed to the cube beside him, "give this to me, I'll try."

Tang Yixi has been challenging and failed. At this moment, he takes away the cube with half confidence and hands it to Murphy. Murphy takes it with a smile. He starts to lower his head and play seriously. The little guy looks at him with wide eyes open. Murphy is also a man with high intelligence. It's not difficult for him to make a magic cube. Only his hands are rotating, and he can be heard in the room The voice of the cube.

In the kitchen behind her, Tang Siyu was cutting vegetables. There was no sound outside. She couldn't help but look out and see that her son and mufei were working on the magic cube together. She sighed a little. It seems that her son's popularity is not bad.

Mufei's fingers are flying fast, and the smell comes from the kitchen. Mufei smells the smell of food. His heart is slightly shocked, and his heart is warm. He has imagined many times what kind of home she is together!

Now, he seems to feel, it should be like this, there are children, there is a home, there is a warm feeling.

The little guy opened his big eyes and looked at the cube that he hadn't spelled correctly. In Murphy's hand, he made a complete six sides. He gave a whoop and couldn't help clapping his hands.

"That's great! Uncle mu. " Praise the little one.

Murphy gave him the spell. "Here you are."

The little guy took it happily. He couldn't believe it. Suddenly, the door rang and all three people in the room were shocked.

Tang Siyu steps out of the kitchen in a hurry. She looks at mufei worried. Mufei's eyes are dark. Tang Yixi's eyes are happy. It must be daddy's coming back.

However, no matter who Tang Siyu is in his heart, it's not the right time to come. If it's dad, then mufei will have dinner at her house. What's the matter?

If it's Xing liehan, he should have a bigger opinion. If it was Qiu Lin's mother and daughter, she would be bigger.

She went to the cat's eye and took a look. She guessed that there were just a few people. The most likely one, of course, was Xing liehan.

Sure enough, this is the man standing outside! He didn't come directly from his house either. He was ringing the doorbell.

Tang Siyu really didn't expect that he would come back. He thought that he might go to the bar with Wen lichen tonight to have fun. Unexpectedly, he came back.

The doorbell continued to ring, a little restless.

Tang Siyu took a deep breath and opened the door. Some man outside was very unhappy. "Why did you open the door so long?"

As he finished, he stepped in on his own long legs. However, when he looked around the hall looking for his son, he saw a man sitting on the sofa. Xing Lihan's handsome face was straight and black.

Why is Murphy here?

Don Siyu asked him, "have you eaten?"

Xing liehan smelled the smell of vegetables in the air. He said with a cold face, "what do you say?"

There must be no more, thought Tang Siyu, and then she immediately fried like a kitten, "my food!" With that, she rushed to the kitchen like a burning butt. When she uncovered the chicken, it was lucky that she didn't burn the bottom.

In the hall, the atmosphere seems to be transitory from spring to winter.

When Tang Siyu turned off the fire, he saw Xing lie's slender body sitting lazily opposite to mufei, with two long legs raised, as if he were the master. Then he called to Tang Yixi, "son, come here."

Tang Yixi took the magic cube and went to Daddy. He was immediately hugged by daddy. Then, daddy kissed his little face.

Chapter 113

Murphy smiled, picked up his briefcase and said to Tang Siyu, "Siyu, let's have dinner next time! I left first. "

"Mufei..." Tang Siyu looks at him apologetically.

"I'm glad you let me have dinner at home, but I'll make another appointment next time." With that, mufei waved to the little guy, "goodbye, Xiaoxi."

"Goodbye uncle mu." Tang Yixi waved politely.

Xing liehan looks at his son's gesture of goodbye to mufei, and his eyes immediately shoot angrily at Tang Siyu. Damn it, this woman not only invites this man to eat at home, but also lets his son get along with this man to exchange feelings?

What does she mean? Don't you want mufei and his son to cultivate their feelings? I'm going to make him a stepfather, right!

Murphy shut the door and left. Tang Siyu gave a little breath and said to the little guy, "Xiao Xi, go wash your hands. We're almost having dinner."

"Well!" Tang Xiaoxi immediately took the demon in his hand and showed it to Daddy. "Daddy, look, uncle Mu has made it!"

Xing liehan chuckles, "I will, too."

"Really? Daddy, can you fix it in a few minutes, too? "

"Of course!" Xing liehan's own channel.

The little guy immediately laughed. He believed that Daddy must be very smart. "I went to wash my hands."

The little guy went to the wash basin on the balcony, and Tang Siyu was cleaning it up in the kitchen. A cold male voice sounded behind him, "if you dare to let my son get along with this man, I will really seize the custody of my son and let you see that he has no qualification!"

Tang Siyu knew that he was angry. Unexpectedly, he threatened her with custody. She turned around with a sneer, "OK! How to rob? Sue me? Let the world know how you fucked me up five years ago? If you let your son know You think... "

Before Tang Siyu finished speaking, her cherry mouth was immediately covered by a big palm, and the man's hoarse and low warning said, "what do you say so loudly? Do you really want your son to hear it? "

Tang Siyu really convinced this man. Didn't he say he wanted to rob the custody right just now? She held out her hand and pulled his palm away. "This is my home. I have the right to invite anyone in. You can't care."

After that, Tang Siyu brought out the dishes. Behind him, a man was so angry that he could not vent. He could only bear it.

Is it true that if he doesn't go home, this woman will stay mufei to eat here and do the same thing as his lovers here?

Tang Siyu sets up three dishes and one soup. When he turns around to bring out the rice, the man gets in her way. Tang Siyu stares at him regretfully. Xing liehan immediately pinches her chin and kisses her lips quickly, which is satisfactory to start.

Tang Siyu glared at him angrily, shook his fist and beat him, then pushed him aside.

The little guy just came out of the balcony and saw this scene. He smiled and said, "Daddy, you kiss my mommy!"

Xing lie's cold and sexy thin lips smile, "who says I'm stealing the kiss? I'm the bright one."

Tang Siyu came out with the rice, hoping to throw it on his invincible and hateful face.

"Xiao Xi, hurry up and eat at the table."

"Well!" The little guy immediately sat upright in the chair and waited for mommy to bring him a meal.

Xing liehan also sat by and waited, looking at the three dishes with all colors and flavors on the table. His anger didn't subside.

In order to greet Murphy, the woman even made better use of her cooking skills, which she usually didn't have.

Tang Siyu didn't want to serve the man rice. She sat down and picked up the bowl. Xing Lihan raised his eyebrows. He took the bowl and filled it.

When eating, Tang Siyu greets the little guy, and she's really hungry after so long, eating with relish.

Xing liehan is also hungry. Originally, he was going to eat at home. But suddenly, an idea came to him. He was glad that it was time for him to come back. Otherwise, his son would have to join mufei.

After dinner, Tang Siyu cleans up the table. Xing liehan plays magic cube on the sofa for the little guy. At the same time, he teaches him how to calculate. The little guy must be small. He listens very carefully and has been studying.

When Tang Siyu finished her work, it was more than 8 o'clock unconsciously. She said to Xing lie, "take him to your side for a bath, and send him to bed before 9 o'clock."

"Mommy, can I sleep with you today?" The little guy hasn't slept with mommy for a long time.

"Yes! I'm not allowed to go to bed until I've taken a bath. " Tang Siyu also wants to sleep with his son.

Xing liehan can't help but lead his son, "go, daddy will give you a bath."

"Well!" Tang Yixi immediately took dad's hand and went out of the door.

Tang Siyu breathed a little. She reached out her hand and stroked her lips. Damn Xing liehan, who allowed him to be so disordered?

Tang Siyu is ready to go to bed with her son earlier. She also enters the bathroom to take a bath and changes into a conservative pajama. After waiting for half an hour, she is wondering why her son is still so slow? Did Xing liehan let him play in his home again? Just thinking about it, she heard the door push. Soon, a pair of father and son in pajamas appeared.

Tang Siyu immediately opened his eyes. His son was right to change into pajamas, but why did the man change into pajamas? Is he going to sleep, too?

"Mommy, I discussed with Daddy. Daddy sleeps with you tonight!"

"What did you say? Who said he slept here? "

"Mommy! Please! Let daddy sleep together! " The little guy had a pitiful expression.

Of course, Tang Siyu didn't want to. She shook her head firmly and said, "no, you are allowed to sleep here."

Xing liehan's mood has been in a state of turbulence tonight. He crooned, "is it wrong that my son wants to enjoy his parents' company? But just sleeping together, I can't do anything. "

Tang Siyu's clear eyes and firm stand, "I said no, not No."

The little guy puffed up a cheek and turned his big eyes around for a while. He immediately decided, "Daddy, Mommy, stop quarreling. I'm going to sleep by myself tonight, so Daddy and Mommy, good night, I'm going back to my room to sleep!" With that, the little guy hurriedly came out of Tang Siyu's room. He still closed the door, went back to his little room, and closed the door.

Leaving Xing liehan and Tang Siyu sitting on the bed staring at each other, Xing liehan squints at the woman on the bed and says, "can't you see his son's idea? He wants us to form a whole family. "

#### Chapter 114

"What do you mean?" Tang Siyu raised his eyebrows and asked.

"Why don't we try to get along and think about marriage if it's appropriate?" Xing liehan is talking.

Tang Siyu bit his lips, his pretty face was slightly red, but his pink lips made a calm voice, "I won't associate with you."

Xing liehan's sword eyebrows are tightened in a flash. This sentence angered him tonight when he took off the bottom. With a long leg and a big palm, he immediately clasped her wrist. "Tang Siyu, you're wronged for associating with me? Or do you just want to get back together with mufei

Tang Siyu was a little annoyed to break away from his big palm. "Xing liehan, you are divine! Do you care who I associate with and have anything to do with you for a dime? "

Xing liehan's handsome face sank and his long narrow eyes were shining with cold light. He suddenly pressed down the girl on the bed, and Tang Siyu's head fell on the bed. In his breath, it was all surrounded by the clear and strong hormone breath of men. She stared, and wanted to talk. The strong and domineering kiss of the man directly sealed her small mouth.

"Well..."

This kiss, in ferocity, means punishment.

He had bathed and brushed his teeth, and the cool and charming breath penetrated Tang Siyu's mouth, leaving her brain blank.

Xing liehan is very angry today. He is very angry. All his anger is like venting through this kiss at the moment.

His domineering attack on everything made Tang Siyu's brain dizzy.

This man is really a usurper. Apart from this kiss, this man seems to be very presumptuous tonight. Don Siyu is not only hiding under him, but also twisting and resisting.

But the result is that the man is more and more dangerous.

Dangerous like chemicals, there will be an end of the world explosion at any time, and the fuse is in her hand.

Xing liehan finally let her go, because he also suffered to the extreme. If this woman wiggles again, he will really tear off the last string of his reason. He can't guarantee what happens at that time.

"Pa....."

A clear and incomparable slap came from Tang Siyu's palm, and the fan was Xing lieli's beautiful face on the left.

"You..." Xing liehan never thought that he would have a slap in the face of a woman.

The hot pain spread from the left cheek to the chest. The woman was very fierce, but now it's not his face, but his pride that day. How dare the woman beat him

Indeed, Tang Siyu was furious just now. Where can he be merciful? Now her hands are numb and painful! She stared at the man's reaction, but she was worried that he would report the negative, so she was afraid after fighting.

Xing lie looked at her resentfully. "It's not worth a kiss to a slap."

Tang Siyu is biting his lips. What else does he want to do? She took the lead in warning, "if you kiss me again, I'm not sure if you want a slap on your other face."

"Tang Siyu, you are the first woman who dare to fan me." Xing liehan squints his eyes, but the bottom of his eyes is not annoyed.

"I should have given you this slap five years ago." Tang Siyu's body was still pressed by him, and she pushed him away.

However, the man is pressing him at the moment. Tang Siyu can feel his hot temperature through his clothes.

"I'm not leaving yet. I want to slap you again, isn't it?" Tang Siyu asked angrily. To be honest, she had no courage to slap him again.

Xing liehan bit his lip, turned over and lay down on her side of the bed. "I'll sleep in your bed tonight."

"Then I'll sleep with my son!" Tang Siyu thought that her son's bed must be a child's bed. One meter and five, she couldn't sleep at all.

Xing liehan pillows her arm and watches her go out with a thin quilt. He sleeps very quietly. However, when the door is closed, he still touches half of the beaten face with some disbelief. This woman is really cruel.

However, this woman's personality has always been appreciated by him. This slap, he was not angry, just thought that he knew that she would slap him just now, he really should get familiar with her body.

Tang Siyu runs to his son's room to squeeze him. The little guy is already asleep. Maybe he is really sleepy. Tang Siyu lies on his side and gently raises the hand that slapped him in the face just now, as if he could feel the power hitting him in the face.

She didn't swell his face! She was afraid that she would be too cruel.

However, this man really should teach him a lesson, otherwise, he really thought she was a weak cat, good negative.

Next to his son, Tang Siyu sleeps peacefully. No matter how asshole this man is, he dare not come here in front of his son.

He is trying to maintain his good father's image in front of his son!

Early morning.

Tang Siyu gets up with his son. She pushes open the door of his room. Xing liehan is no longer in the room. She urges his son to brush his teeth and wash his face. He will be sent to school later. Today is Friday and tomorrow is weekend. The little guy went to brush his teeth and wash his face. Tang Siyu changed a casual shirt with jeans and shorts in the room. Summer has become more and more obvious, and it's time to show his legs.

When Tang Siyu put on his clothes, he saw Xing liehan coming from that door. He also changed his clothes for going out. He wore a white shirt with a thin black tie, slim black trousers and handmade leather shoes. If this man is not an asshole, he is definitely the kind of perfect lover that women want most.

Xing lie's cold mouth brought up a smile of evil spirit, "have you been fascinated by me?"

Tang Siyu snorted, "you are more handsome than you have never seen."

"Oh! Who? "

"My son is just a couple of levels more handsome than you." Tang Siyu proudly raises eyebrows.

Xing liehan didn't want to contradict this, because he couldn't help laughing when he saw that his son's gene grew up and didn't lose him.

The little guy came out in his school uniform. Tang Siyu took him to the school to have breakfast. Anyway, there are many kinds of breakfast in the school, which is more nutritious than at home.

Xing liehan followed him downstairs. Seeing that Tang Siyu didn't drive, he led his son to walk by. The little guy turned to him and waved, "goodbye Daddy!"

"Goodbye, daddy will pick you up this afternoon." Xing liehan waves.

The little guy turned around and gave a kiss. Then he went to school by mommy's side.

Tang Siyu didn't want to look back at him. He led the little guy to the school gate. A teacher took him in. Tang Siyu and his son waved goodbye.

Her cell phone rang, Tang Siyu picked up a look, it is Ye you, she is busy smiling pick up, "Hello, ye Jie."

"Siyu, there's something I'm curious about. Do you know who deleted your last affair with Qiliang?"

"What's the matter? Is something wrong? " Tang Siyu asked curiously.

Chapter 115

"It's like this. It seems that Qi Liang was suddenly banned. All his advertisements and screenplays were stopped. He was drunk here last night and almost went to the hospital."

"What? How could that be? " Tang Siyu was surprised.

"I don't know. I asked him. He didn't say it, but I could see that he was really frustrated. What was it about killing him?" Ye you is helpless at that end.

Tang Siyu's mind suddenly burst out of Xing liehan's face. Is it him?

But why does he want to kill and pray for coolness? There's no reason!

"Sister ye, do you know who is going to kill him? Did he offend anyone? "

"I guess it's the one who deleted your gossip photos last time! I've been wondering who it would be, you know? "

"I know. It should be my son's father." Tang Siyu is biting his lips, embarrassed.

"Your son's father? He had pictures deleted? Then I can ask who your son's father is? What's the name? " Ye you has never known the relationship between Tang Siyu and Xing liehan.

Tang Siyu didn't want to hide her, so she had to say, "his name is Xing liehan."

"What? Is he your son's father? My God? It's no wonder that praying for coolness will suddenly be blocked. That must have been done by Xing liehan. Poor praying for coolness, he must know it was done by Xing liehan. "

As Tang Siyu walked towards his home, he asked incomprehensibly, "but why did Xing liehan kill him?"

"Siyu, will you not know? You're his child's mother, and he certainly doesn't want his child's mother to have sex with the entertainer. "

"But wouldn't it be nice for him to delete those photos?" Tang Siyu is a situation in which he is a fan.

But ye you is one eye saw through, she smiled bitterly, "the reason is not obvious yet? He must know that Qi Liang likes you, and it can be seen from those photos that Qi Liang really likes you. Siyu, if I guess right, Xing liehan also likes you! "

"Er It's not! " Don Siyu quickly denied, but she wanted to say that the man was possessive and careful.

So, it seems that he can do such things as deleting photos and making people block and pray for cool.

Ye you finds the reason at that end. She can't help but slow down her voice and plead, "Siyu, can you help me pray for the cool? It's not easy for him to have today. It's unfair to him if he's ruined because of a scandal with you. "

"How can I help him?" In Tang Siyu's heart, he doesn't want the career of praying for coolness to be destroyed. His songs are so good, his movies are also very popular, and he should be a person with good prospects.

"Go to ask Xing liehan for help. Let him let go! You are the only one who can help with this. " Ye leisurely speaks at that end.

Tang Siyu cried bitterly. She slapped the man last night. Is she going to beg him today?

"I....." Tang Siyu bit his lips.

"Please, Siyu, help him! Otherwise he will be finished. " Ye leisurely pleads sincerely at that end.

How can Tang Siyu refuse! What's more, the mistake is not to pray for coolness, but to the employee who steals their videos. Besides, it's good for her to pray for coolness. She can't let him ruin this thing.

"Good! I will plead with Xing liehan. You can cheer me up. I will help you to the end. " Tang Siyu promised.

"That's great. If you can help me, I'll be refreshed soon." Ye you let go of his airway at that end.

"It's not his business!" Tang Siyu also sighed.

"OK, Siyu, I'll thank you for him first!" Ye you says.

"No, I should." Tang Siyu replied, "I'll hang up first and make a phone call."

"OK!"

Tang Siyu, with his mobile phone, stands on the green path downstairs of the community and falls into a deep thought. Now, how can she ask Xing liehan to let go and pray for the cool?

The last thing she wants to do now is to ask this man, because this man is not so good.

It's a big price to pay to beg him.

Moreover, after yesterday's promotion, she thought that this man would definitely ask for more in exchange for this request.

However, praying for coolness was really wrong. Tang Siyu weighed it up and decided to ease her relationship with Xing liehan first. She asked him to come out for lunch this afternoon.

She picked up her mobile phone and dialed Xing liehan's phone.

"Hello!" That end is connected. Xing liehan seems to be driving.

Tang Siyu immediately asked in a relaxed and pleasant voice, "Hello, are you free at noon? Have a meal together. "

There was a smirk of complacency on that end. "Do you ask me?"

"You How do you know? "

"Only when you ask me, will you smile and say something. "Xing liehan seems to know her well.

"That When you eat, you drive first. ""Good! At eleven o'clock at noon, you wait for me in our company. "

"All right!" Can Tang Siyu say no?

Now she's begging him.

Listen to his voice, he should be very proud!

Tang Siyu breathed a little. She would not ask anyone else for it.

However, besides him, who else has the right to deal with this matter and save the future of Qi Liang?

Tang Siyu went to the side of the car, opened the door and sat in. Then, he saw Xing liehan's personal assistant's car coming to clean the man's house and dry clean his clothes.

Tang Siyu drives out, but it's still early. She drives slowly and starts to think about where to invite him to have dinner this noon. As a man, he can't see the general restaurant. Maybe this time she has to make some blood.

Tang Siyu thought about it carefully. She found a superior restaurant near his company and booked a box. She drove towards his company.

This man's company is very magnificent. It's a landmark building of the whole city. She also hurriedly asked her son to come here last time. At this moment, she really stood under his company and looked up at the dizzy skyscraper. Her neck was sore.

At the same time, I also realized that this man is really not a general ability. I usually look at his Bohemian expression. If he has no ability, how can he manage such a large company Empire?

Tang Siyu walked into the hall and sat on the sofa beside the hall. She took a magazine of the shopping mall and a history of Xingshi group. She said that she was not rich enough for three generations. However, the family seems to have a strong genetic inheritance in business, which has been rich for six generations. Moreover, the company has been prosperous for a long time.

## Chapter 116

Turning to the last page, Xing liehan's picture is not as standard as his grandfather ' The king of the Empire.

Tang Siyu's heart beat with a thump. This man still has charm.

At about eleven o'clock, Tang Siyu's cell phone rang. She picked it up and saw it. Xing liehan called.

"Hello!" she said

"And you?"

"I'm in the hall!"

"Come up to my office!"

"Now?"

"Well!"

Tang Siyu hung up the phone and asked at the front desk. Sure enough, she had an appointment. A front desk took her up. The front desk recognized her and asked pleasantly, "are you Miss Tang? It was you who played the piano at Yeyou concert last time! "

Tang Siyu didn't expect to walk on the road. Someone else recognized her. She smiled generously, "yes, it's me!"

"You really have to play so well. You are so beautiful!"

"Thank you."

The front desk immediately thought of who she was going to see today. She couldn't help admiring her. Does Miss Tang have anything to do with the boss?

As soon as the elevator stopped, Tang Siyu stopped the front desk lady. "Don't lead the way. I know how to get there. Thank you."

After that, Tang Siyu walked on alone. She probably remembered the direction of Xing liehan's office. Just a few steps away, an assistant came up to ask her. As soon as she said she wanted to find Xing liehan, the female assistant immediately dared not neglect to take her to Xing liehan's big office.

The assistant knocked, and a male voice came in, "come in."

The assistant opened the door and invited Tang Siyu in. Tang Siyu walked in and saw Xing liehan standing at the floor window with his pants bag in one hand and a cup of coffee in the other hand. Wei'an's slender body made him stand at this height and really have a king's momentum.

Tang Siyu didn't make a sound. Xing liehan turned to look at her, squinting her eyes curiously, as if to guess first why she begged him.

Tang Siyu is a little uneasy with his deep eyes. She bends her lips and smiles, "are you finished? Are you ready to eat? "

"If you ask me, a meal won't kill me!" Xing liehan immediately picked out the words.

Tang Siyu knew that a meal couldn't kill him, so she had to go straight to the topic and pick up the topic and ask, "I want to ask you why you want to kill him even if you delete the gossip photos of me and before praying for coolness?"

Xing liehan's deep pool like eyes immediately burst into a sneer, "what do you ask me for! It turns out that you asked me for this man. "

Tang Siyu saw that he said this, and he must have done it. She couldn't help but go ahead and say, "I beg you to let him go!"

Xing liehan saw her expression of asking for help, but it was for another man. His face sank slightly. "You asked me for help because you like the expression of asking for help?"

Don Siyu can't help blinking. Where did the man misunderstand?

"No, I'm just pleading with you for his friend's sake." Tang Siyu explained.

"You and he are talking and laughing backstage, playing the piano with each other. Last time you went to Ye you's celebration party, you were drunk, or you took him down the elevator. Tang Siyu, do you really like him?" Xing liehan continued to ask after biting his thin lips.

Tang Siyu blinked at once. She couldn't remember the events after the celebration. Did she really have to hold her hands and pray for cool? That must be because she was so drunk that she couldn't even stand, so she held him.

"He and I are just friends! Would you please do me a favor? Let him go. " Don Siyu doesn't want to pester useless topics. She just wants to let the man get away with it.

Xing lie's deep cold eyes locked her in a complicated way. Even though he believed that this woman didn't like him, looking at her pleading to him in a low voice to get rid of the man, his heart was also very unpleasant.

"You have to have a gesture of begging. You must have never asked for someone!" Xing liehan didn't intend to upset this matter so easily.

Tang Siyu squinted. "What do you want?"

Sure enough, the man began to ask. As long as she could accept it, she could bear his abnormal requests.

"Not so much! I want to sleep in your bed for a month, and you have to sleep beside me. " Xing liehan's request is very clear, let her accompany to sleep.

Simple accompany sleep, because last night he was very upset, this woman left him.

Tang Siyu wants to be crazy. This man is really tough enough. She bit her lips and said, "is it just sleeping with you?"

"Yes, sleep with me!" Xing liehan is biting these two words, especially warm.

"I mean you sleep on you, I sleep on me! Besides sleeping together, I don't do anything else. " Tang Siyu's voice was cold.Xing liehan squints. Unexpectedly, she says the condition is dead.

"OK, as long as you and I sleep in that bed! It's just one of them. I have two. "

Tang Siyu immediately opened his eyes and stared at him angrily

"Do you want me to let go and pray for the cool? You know, I have the ability to keep him from turning over in his life. "

"You ok You say, what is the second requirement. " Tang Siyu's eyebrows are wringing, and he is enduring his hatefulness.

Xing liehan looked at her thoughtfully and thought, "eat with me for a month's lunch. As long as I call you, you should be on call."

"I can't afford your lunch for a month." Tang Siyu snorted.

"Who said you wanted it? You can eat with me, and my requirements are not high, as long as you eat with me for a month. "

Just? Tang Siyu really wants to slap his hateful handsome face again.

This man doesn't know what it means to be enough!

OK, accompany to eat, she eats, accompany to sleep, then she can only aggrieve her son to sleep with them for a month.

"Well, I promise you, I can't ask any more." Tang Siyu said.

Xing liehan chuckles with satisfaction, "OK! deal! I will contact my people immediately to lift the order of killing for cooling, but you must promise me that you will not see him in the future. "

Tang Siyu didn't want to cause him any trouble. She nodded, "I will! But if I have a performance and meet friends, don't interfere. "

"That's fine, I mean in private." Xing liehan pointed out that, at the same time, he added, "there is also a rare Murphy."

Chapter 117

Tang Siyu frowned. "Don't meddle in my affair with mufei."

"What? Are you still in love with him? " Xing liehan's face sank, a little angry.

Don Siyu doesn't want to get involved in this matter. Instead, she plans not to answer, but to ask, "now you can call your person and solve the problem of praying for cooling. I'll wait outside for you to have lunch together. I've made a place."

Xing liehan knew that this woman was not stupid. He went back to the same size. He bit his thin lips and said, "OK! For the sake of your solicitude, what else can I not agree to? "

When Tang Siyu pushed the door out, Xing Lihan called Wen lichen, his good friend, and asked him to lift the ban on praying for coolness and resume his normal work. Wen lichen agreed without asking more.

After the phone call, Xing Lihan tidies up the documents on the desk and calls Han Yang to pick them up. He comes out. Tang Siyu stands in the huge air corridor. The sun at noon spreads over her figure, leaving her with a layer of silver light, making her slender white legs more attractive.

Xing liehan's throat is a little tight. There is an irresistible magic to this woman's body all the time!

He began to secretly think that after sleeping with him for a month, this woman might fall in love with him. Maybe in the middle of the night, she would take the initiative to jump on her body. Then, everything would happen naturally.

Thinking of this matter, his mood can not help getting better. Thinking of the next month, this woman will accompany him to eat and sleep, he will have an inexplicable expectation.

Tang Siyu looks at him coming. He has a handsome figure, a standard figure like a model in T-stage. He is wearing a simple white shirt and has a kind of gorgeous temperament that is difficult to describe.

However, even if he looks like an angel, he still has a devil's heart. There is nothing to be infatuated with.

Walking into the elevator one before and one after another, Xing liehan raised his eyebrows and asked, "what kind of restaurant is it? You need to know my identity. I won't go to a restaurant like that. "

"I'll treat you today. If you want to choose another restaurant, I won't invite you." Tang Siyu explains.

Xing liehan frowns. This woman is hard to serve. To be sure, he has never met such a stubborn girl.

"All right! I look forward to your eyes. " Xing liehan doesn't want to fight with her.

When I arrived at the underground parking lot, I drove Xing liehan's car out. Tang Siyu navigated the location of the restaurant, and it arrived in less than ten minutes. When I entered the restaurant, I saw the restaurant full of emotion and romance. Xing liehan was also satisfied.

In a box, Tang Siyu is looking through the menu. Xing liehan drinks a cup of green tea and squints at the girl who selects dishes. She has long black hair and languid eyes. She has a delicate and classical look. If she was born in ancient times, she must be a lady who has broken the threshold to ask for family.

After Tang Siyu ordered the dishes, she felt that the opposite line of sight had been staring at her for a long time, which made her feel a little uncomfortable. She reached out her hand and naturally lifted her long hair, looked up, and stared at the cold eyes. "What are you looking at?"

Xing liehan did not dodge, hooked his lips and smiled, "look at you."

Don Siyu can't help humming, "haven't you seen such a beautiful woman like me?"

"Very confident!"

"Of course."

"No wonder the ability to attract bees and butterflies is so good! It's easy to seduce men. " Xing lie's eyes flashed a dangerous light.

After hearing this, Tang Siyu reached out his hand and held up his pretty cheek, squinting at him, "Mr. Xing, are you jealous? It's time you fell in love with me! "

Tang Siyu's charm is completely open at the moment, absolutely powerful, and Xing liehan's heart is shocked. He can't help jumping up for this woman.

But his handsome face, but very gloomy ugly, think of her such a hook people's expression, is not in front of mufei and pray for cool staged?

"I just don't want my son to lose face with a fickle mother! In my capacity and position, is it less beautiful than you? " Xing liehan immediately attacked her with unconsciousness.

Tang Siyu's face became gnashing his teeth in the next second. "Xing liehan, please don't put your hat on my head. I'm a whore, or you're lecherous. Five years ago, I called a young lady. In these five years, you can't count ten fingers of a woman you played with! You can't count ten more toes! "

Xing liehan slightly stares at his eyes. Does this woman even scold him?

"When you catch me playing with women one day, if you don't, don't speculate." Xing liehan retorts with his eyes narrowed.

"I'm not interested. I just hope you play with women in the future. You'd better not take it home. If my son fails to learn, I won't forgive you in my life."

"And you? You haven't had another man in five years? " Xing liehan asked, more curious about how she spent the past five years.

"I love myself."

"Is it? Five years ago you and Murphy didn't... " Xing liehan found that he had a mysterious interest in this matter. Tang Siyu immediately changed his face, "it was my first time five years ago! Murphy and I are innocent! "

After hearing this, Xing liehan, even if carrying it with her, was in a mood of joy that could not be said in an instant. He snorted with some chagrin, "as if I were the second time."

Tang Siyu was thirsty and was about to drink a sip of tea. Hearing this, she almost sprayed. She quickly drew a piece of paper to wipe the water stains on the corner of her mouth.

The man on the opposite side immediately turned overcast. "What do you mean? Don't believe it? "

Don Siyu didn't believe it was his first time, but she blushed a little. "Don't mention that."

Xing liehan breathed a little impatiently. The woman didn't believe him. It was the first time he had sex with a woman since he was 23 years old.

When the food came up, the topic ended. Tang Siyu was hungry. She didn't even have breakfast, so she got a call from ye you. She had so much quarrel with him just now, and her mouth was dry.

Tang Siyu ate sweet and sour ribs, and she immediately praised, "it's delicious! How is this done? "

When Xing liehan saw that she had even studied the dishes, he said, "if you want to learn, I can pay the chef here to teach you."

It's not good for Tang Siyu to think about it. "No, I'll study it myself."

Xing liehan eats the food here, but finds that it's not as delicious as this woman usually does. He has no interest in the food outside.

Tang Siyu thought about it and said to the man around him, "you know that men cook better than women! Look at those five-star chefs, most of them are men. "

Chapter 118

Xing liehan immediately heard the hint in her tone, "do you mean I'll cook later?"

"I just think you can develop your men 's cooking skills. If you are interested, my kitchen can be used for you." Tang Siyu laughs with some impure intentions.

Xing liehan thought for a moment, "wait until I have time."

"Good! I'm looking forward to it. " With that, Tang Siyu lowered his head to eat again.

But she didn't find out. There was a flash of consternation in Xing liehan's eyes, and a few thoughts. How could this woman expect his cooking?

"The winter vacation is coming soon. I think I can report two interest classes for my son. What do you think?" Tang Siyu looked up and asked him.

"See what your son means."

"I think he can sign up for Taekwondo or equestrian class because he is too thin." Tang Siyu hopes his son will be stronger.

Xing liehan listened, and suddenly looked at her with a warm smile. "Miss Tang, listen to your tone, as if I were your husband."

Tang Siyu's chewing action immediately froze. With that, her pretty face turned red and her small face turned. "You think more."

Xing liehan laughed happily, "I allow you to pretend to be your husband! As the parents misunderstood, I am your husband, you are my wife, we have a son. "

"I'll explain it to them if necessary." Tang Siyu said with a straight face.

Xing liehan immediately choked, "you'd better not explain, let them misunderstand! In this way, my son will have more face in school. "

Tang Siyu is not against it, but if this man is always joking about it, she will consider to get rid of this relationship.

After dinner, Xing Lihan left for a while. Tang Siyu thought he was going to the bathroom. When she asked the waiter to check out, the waiter told her that the account had been settled.

Tang Siyu looked at a man across the street. "Didn't I say I invited him?"

"When I eat with women, I never let women pay. It's about my male dignity." Xing liehan had a natural expression.

Tang Siyu saw that he had even found the reason, so she would not object to it. She mentioned Bao and said, "then I'll go back."

"Wait for me in my office. I'll pick up my son with you after a meeting." Xing liehan ordered.

"I drove." Don Siyu didn't want to do this.

Xing liehan was displeased immediately. "I'll let the bodyguard drive you back."

"But I'm bored in your office." Tang Siyu twisted his eyebrows and insisted on going first.

Xing liehan suddenly grabbed her wrist and said, "I want you to wait for me."

This sentence made Tang Siyu's heart beat quickly. She was slightly flustered. She drew her hand and said, "speak as soon as you speak. Can you stop doing things without your feet?"

Xing liehan snorted, "if you don't wait for me, I may change my mind and refuse to release the order of killing."

Tang Siyu immediately stared at him, and the beautiful eyes were angry.

Xing liehan is suffering from her angry stare. He hooks his lips and says, "I won't threaten you with this matter again. It's only for today. Wait for me to pick up my son."

Don Siyu didn't like his threat, so she said, "I'll find a coffee shop nearby and wait for you! I don't want to stay in your office. "

"Good." Xing liehan did not dare to ask for more, because this is the only woman who made him a little uncertain.

Back to Xing's group, Tang Siyu decided to go shopping nearby. It's a woman's nature to go shopping. Even if she doesn't buy clothes, it's also a way to mediate her mood to enjoy the brand-new styles.

Tang Siyu also plans to buy two new skirts for herself. In summer, she likes to wear the cool long skirt, which is lazy and idle, like her temperament.

Tang Siyu went to the shopping mall alone. This is the center of the city's international brands and the shopping paradise for many rich women.

Tang Siyu began to choose styles slowly, and in terms of price, she is the kind of person who likes it, and a little more expensive is also acceptable.

Because this time I got the concert salary, plus her previous livestock, I can still spend a little.

Tang Siyu walked into an Armani store. Maybe she was casually dressed today, which made her walk in. The attitude of the waiter seemed to be warm.

"Take a look." The waiter said to her.

Tang Siyu didn't put it in his heart, so he looked at it at will. Suddenly, Tang Siyu heard a string of familiar female voices. She frowned. Tang Yiyi?

It's really a coincidence. It's really Tang Yiyi. She saw Tang Siyu when she turned to pick out her clothes.

Tang Yiyi's relaxed expression of choosing clothes immediately began to draw a sword. Tang Siyu was her elder sister. She never had the reason to say hello.

She continued to pick her up. Finally, she saw a long dress that she was very satisfied with. She said to the waiter, "show me this one and I'll try it." "What size do you wear, miss?"

"M!" Tang Siyu wants a looser size first.

All of a sudden, Tang Yiyi came over and grabbed the size clothes found by the waiter. "I want this. Wrap it for me."

Tang Siyu's eyes swept over. "This is what I first saw."

"Is that what you look at first? I'm a VIP here. I have priority. " Tang Yiyi proudly shows off.

The waiter immediately stood aside and did not dare to speak.

"Stop it. I'm not in the mood for you and trouble." Tang Siyu is wringing her eyebrows. For the mother and daughter, she is thinking of getting along peacefully.

But she is also the daughter of her father.

"Whoever quarrels with you, I will tell you that I will rob everything you want, clothes and men, and I will not give up mufei." Tang Yiyi directly provoked.

Tang Siyu listened to this sentence, and her anger was also picked up. She sneered, "it depends on whether you have the ability to rob, and whether you don't want to send it to others. Can you fight for face at home?"

Tang Yiyi was so angry that he couldn't see the end of his face. "Don't be too arrogant, Tang Siyu!"

"If you don't mess with me, I won't mess with you!" Tang Siyu said with a cold face.

"It's clear that you took mufei away from me as soon as you returned home. Would you like to face me?"

"I don't want it. Here you are! You don't have one! " Tang Siyu hit back coldly.

Tang Yiyi held the skirt tightly with both hands in anger. The waiters on one side were afraid that she would tear the skirt. They laughed and said, "I know you two! Miss Tang, do you want to buy this skirt? "

"I'll tear up all the pieces of this skirt, pack them and throw them in the trash. I'll pay for them." Tang Yiyi stared at Tang Siyu, as if to sprinkle gas on this skirt.

Chapter 119

Tang Siyu frowns. Isn't it the father's that Tang Yiyi spent so much money? When she had no money, she would reach out to her family. It was a waste of money.

"You don't have to. I won't buy it." Tang Siyu said that he was going to leave.

Tang Yiyi sneers, "I'm going to buy it. I want you to know that I'm the eldest lady in the Tang family, and I'm the one who has the right of inheritance. And you, take your illegitimate son and get out!"

What Tang Siyu can't stand most is that someone scolds her son. She turns her head and stares at Tang Yiyi fiercely, "you'd better leave some morality."

"I don't think so. Didn't you become famous at Ye you's concert last time? There are people on the Internet who call you a pure and pure piano goddess. I bah, they just don't know that you learned to hook up with men five years ago, but also gave birth to a son without permission. It's just a mess. You're very fickle. It seems that I have time to open up your true face and let people see you clearly. "

"You'd better not do that." Tang Siyu's fist can't help clenching. Tang Yiyi makes her angry.

Tang Yiyi just wanted to annoy her. She smiled happily. "I'm going to do this, OK? Do you bite me? In this family, there has been no place for you for a long time. I am the serious Miss Tang. "

"Don Yiyi, your mother only gave birth to you when she stepped in my father's and my mother's affection. Would you like to have some face?" When Tang Siyu mentioned this matter, he felt angry. Her mother's depression was caused by her mother. Although her mother was not directly killed by Qiu Lin, her mother died of depression because of her existence. This account is counted on Qiu Lin.

"That's my mother's ability! Your mother can't even control men. She deserves to die so early. " Tang Yiyi smiles proudly.

Tang Siyu is only a few steps away from her. At the moment, hearing this sentence, Tang Siyu's anger hides her sense and calmness. She moves forward a few steps abruptly. When there is still a smile on Tang Yiyi's proud face, she slaps it hard.

Tang Yiyi was directly hit with a clatter, holding on to the hanger beside him before he fell down, but it was also embarrassing enough. The waiter wanted to help him, and Tang Yiyi immediately pushed away. As soon as she threw the clothes on her hand, she cried angrily, "Tang Siyu, you dare to hit me."

At this time, one of Tang Yiyi's good sisters, who was trying on clothes, came up and said, "Yiyi, do you think I look good?"

"Don't look. Help me clean up this bitch. She hit me." Tang Yiyi shouts angrily. She takes the lead in throwing at Tang Siyu. She wants to slap her back. Tang Siyu really doesn't want to fight. Because last time she fought with her, she knew it was useless. In addition to hanging the lottery, she also made people laugh.

She had to bite her teeth, pick up her bag, turn around and run out of the gate.

Tang Siyu is wearing a pair of sneakers, while Tang Yiyi and her good friends are wearing 7cm high-rooted shoes. Where can they catch up with her?

"Tang Siyu, I won't let you go. I will get back this slap." Don Yi's scream came from Armani's gate.

Tang Siyu is going to the elevator at the moment. Hearing this, she breathed a sigh. Her palm is still hurting. However, she still feels that the slap just now has no death force. If she is given a chance, she must fight hard.

However, Tang Yi's beautiful face, now five fingers are clearly printed on her face, and even the beautiful clothes on her body look very ugly.

Tang Yiyi immediately called his mother and cried about being slapped by Tang Siyu in the shop.

"What? How dare she hit you? " That end Qiu Lin is also angry, what qualification does Tang Siyu have to hit her daughter?

Tang Yiyi holds his cell phone and sits in the fitting room crying bitterly, "Mom, it hurts so much! My face is swollen and ugly. "

"Damned Tang Siyu, what right does she have to beat you? Don't worry. I must make her apologize for this matter."

"Apologize? I want to return ten times as much as I can. I want to bruise and maim her face. " Tang Yiyi is biting her teeth. An apology can't get rid of her resentment.

"Daughter, bear it first, sooner or later I want her back ten times and a hundred times, but I want to tell your father about this matter, let your father know how rude and unreasonable her eldest daughter is, and let her lose her status in your father's heart." Qiu Lin wants her husband to join in blaming Tang Siyu.

"OK, but I'll find someone to hold her down. I'll give her ten slaps." Tang Yi still felt discouraged.

"OK! I must ask your father to give you an account of this matter and Tang Siyu to apologize to you personally. " Qiu Lin comforted.

"Well! I know Mom. I'll take it first. " In the tearful eyes of Tang Yiyi, there was also a strong intention.

She knew that Tang Siyu was still very important in her father's heart. Her mother wanted to separate Tang Siyu from her father's feelings little by little. By then, the family property of the whole Tang family was their mother's and daughter's.

Because her mother once told her that 30% of the equity in her father's hands was invested by Tang Siyu's mother's family at the beginning, I was afraid that my father would return the equity to Tang Siyu later. While her father still holds the equity, she and her mother must find a way to take it! It's better to let the father and Tang Siyu's feelings break up again, and then let the father not pay the equity in the future and directly inherit it into her hands.

Now, Tang Siyu alone with a son, helpless, can not play their mother and daughter.

Tang Yiyi covers the face that suffers from pain, this slap, she won't so easily calculate.

When Tang Siyu came out of the shopping mall, she didn't buy anything. Instead, she slapped Tang Yiyi. It was very pleasant.

Tang Siyu sat down in a coffee shop not far from Xing's group, ordered a cup of coffee, read books and passed the time until 3:50 when Xing liehan called.

"Hello!" Tang Siyu picks it up.

"Where is it?" The voice of Xing liehan asked directly.

"It's just across from your company. Have you finished the meeting?" Asked Tang Siyu.

"Well! I'll pick you up. "

Tang Siyu hung up the phone, bought a coffee bag and came out waiting for Xing liehan.

Standing on the side of the road, within five minutes, his cool black sports car came, followed by a bodyguard's car.

Xing Lihan pressed the window and said to her, "give your car key to my bodyguard, they will be responsible for driving your car back."

Tang Siyu finds out the key to the car and hands it to the bodyguard who walks up to him. She says the specific location of the car, and then opens the door and sits in Xing liehan's sports car.

## Chapter 120

She took the coffee and drank it slowly. Before a long traffic light, the cup she was holding was grabbed by the man around her. Before she reacted, she saw the straw she was sucking. The man could not abandon it and inhaled it directly into his mouth.

"Hello! You... " Tang Siyu is speechless. Can this man avoid it?

"Can't I have two drinks? What's so stingy about? " Xing liehan gives it back to her after drinking.

Is that the point? The point is, will they use a straw together? Tang Siyu took out the paper towel in front of her, immediately rolled it up and down the straw, and the man beside stared at her angrily, "disrelish my saliva?"

"I'm not used to sharing straws with others, unless it's my son." Tang Siyu responded lightly, then, in the face of his breath, she held the straw again and sucked it proudly.

Xing liehan has an impulse to press her on the position and kiss her hard to make her proud. However, it can't be realized now. At night, he can do it well.

Tang Siyu's lips were the same as those of two petals. He stared at them for a few seconds and felt that his body was getting hot for no reason.

Damn it, when did this woman give him any tricks? Why don't you have any interest in other women? Why do you have such an idea about her child?

"It's green. What are you doing?" Tang Siyu reminds him.

Xing liehan immediately stepped on the accelerator, and the sports car roared forward.

Tang Siyu stopped talking. She began to think about how Tang Yiyi wanted to avenge her slap. She was thinking that her mobile phone rang. She picked it up and saw that it was her father who called.

That must be for Tang Yiyi's slapping! At the moment, she can't answer the phone even if she wants to avoid Xing liehan, because she is still in his car.

And her father's phone, she can not but answer, she had to pick up, "Hello! Dad! "

"Siyu, did you just hit Yiyi? What's the matter? " Tang Xiong's voice asked, not angry, but, obviously a little opinion.

Tang Siyu drooped his eyes and replied, "I slapped her in the face. She didn't respect me first!"

Xing liehan's eyes on one side immediately looked at her with a little consternation. Did she hit someone just now?

That end Tang Xiong some helpless way, "even if according to say something, you also can't hit! What's the matter? Can't your two sisters talk well? You are not little children. "

Tang Siyu didn't want to mention the reason for beating people at all, because her father felt guilty about her mother's death for a while, and now she doesn't want to mention her mother in front of him.

"I have nothing to say with her, Dad. You don't mind. She should fight. I won't apologize."

"I just hope you can apologize to Yiyi and sit down to solve this problem." Tang Xiong advised at that end.

"You tell Tang Yiyi that I won't apologize. She knows why I hit her." Tang Siyu insisted.

"But it's not right for you to hit people. From small to large, I didn't teach you to hit people out." That end Tang Xiong took out the majesty of being a father.

Tang Siyu's nose is suddenly sour. She is also his daughter! She also felt aggrieved when her father taught the child a lesson.

"Dad, don't worry about it. I won't apologize anyway." With that, Tang Siyu hung up the phone.

Xing liehan looked at her face, long hair covered her eyes, he couldn't help teasing her, "do you have violence tendency? Why do you like slapping people in the face so much? "

Because he just had a slap on her face last night, he can remember it in his mind!

She thought that she would retort. However, Xing liehan found that the girl around him didn't say a word. Instead, he turned his face to the direction of the window.

Xing liehan immediately finds out something wrong. He drives the sports car aside and stops on the pavement. He leans over slightly. "What's the matter?"

He saw her expression. Tang Siyu bit her lips. There were stubborn tears rolling in her eyes, but they didn't fall down.

"Crying?" Xing liehan is a little confused at once. He doesn't know how to deal with the crying girl.

"Drive your car! Leave me alone. " Tang Siyu's eyes drooped, and finally, a drop of tears could not help falling on her trouser legs, dark jeans, where the tears were obviously wet.

Xing liehan reaches for a tissue and hands it to her. Tang Siyu doesn't pick it up. Xing liehan can't help thinking. Did he just provoke her? She's mad at him?

He had to reach out to her eyes and wipe it for her. Tang Siyu pushed his hand away and didn't want him to wipe it.

"Crying what? Who bullied you? Tell me, I'll decide for you. " Xing liehan wipes it, but at the same time he can't help but want to vent his anger for her.

Tang Siyu still grabbed the paper in his hand and sucked away the remaining tears in her eyes. She took a deep breath and said, "drive! I'm fine. "

She doesn't want this man to participate in the family affairs, she just wants to solve it by herself.

Xing Lihan starts the car and continues to drive, but he looks at the girl around him from time to time, and finds that she purses her lips silently, with a melancholy look in her eyes. He can't help guessing the course of things. Just now she met her half sister and quarreled. She beat the girl. Now, her father came to the trainer to question her. She cried only when she felt wronged!

Xing liehan wanted to say something to persuade her. However, he found that comforting people was not what he was good at, so he had to keep quiet.

Ten minutes later, the sports car drove into the parking lot next to the school, Xing liehan pushed the door to get off, and Tang Siyu on the other side got off. She threw the coffee into the trash can and walked towards the school gate.

Xing liehan followed her with his eyes narrowed behind him. He checked her background. When she was 13 years old, her mother died, and his father's third child came to the house with his daughter. It can be seen that from then on, her position in the Tang family had disappeared.

Inexplicably, Xing liehan felt sorry for her, but didn't know what to do for her.

Swipe the card to enter the school, saw the son in the toy castle.

"Mommy Daddy. " The little guy is very happy to run over with his schoolbag on his back.

Walking in front of him, Tang Siyu, who was still in a low mood, immediately laughed, "Xiao Xi, with that, he stooped down and picked up the rushed son next second.

Xing liehan's heart slightly pulled, this girl in front of her son, the ability to hide emotions is really fast!

"Tell mommy, did you have a good time today?" Tang Siyu looks at his son's handsome face, and there is no worry.

"Well! I had a good time. I also taught my children how to play the piano today. "
