

U. CEO Daddy 1111

Chapter 1111

Xing Yifan called to Wen lichen, "brother Wen, please take care of my parents. I'm sorry that I can't go with you this time."

"Yifan, don't worry! I'm with your big brother! " Wen lichen smiled and comforted.

"All right, all right! My parents are waiting for your good news. " Xing Zhenting was also very happy.

Xing Yifan waved and watched them enter the VIP channel. He hoped that they would have a good time and come back.

Xing Yifan drives back to the city, he suddenly wants to see Bai Xia, and the car stops at the gate of the community.

A direct call into Bai Xia's cell phone.

"Hello!" White summer's voice is sweet.

"Come down, let's go shopping." Xing Yifan said in a low voice.

"OK, wait for me." Bai Xia is also very happy there.

Ten minutes later, Bai Xia came down wearing a short white down jacket, which made her retain the vitality of a student.

Xing Yifan likes her clean and unsophisticated appearance. He hopes that she will be around him all his life and keep it.

Bai Xia opened the door and sat up. He asked, "have you finished your work?"

"Well! Today's busy, the next time is all yours. " Xing Yifan's deep eyes stare over.

He was also excited to think that he would take her to see his family in a month.

"All right! Let's go shopping! " Bai Xia said with a smile.

Xing Yifan's car drove to the direction of downtown. While waiting for a traffic light, Bai Xia saw a couple wearing military green couple coats walking in the crowd, which was very eye-catching.

In an instant, she also came into her own. She said to the man beside her, "Xing Yifan, would you like to wear lovers' clothes with me?"

According to Xing Yifan's past character, this kind of thing can only feel boring, but at this moment, his heart is filled with a touch of fun, asking her, "do you want to wear it?"

Bai Xia nodded seriously, "think! But if you don't want to, you won't wear it. "

"Who says I don't want to wear the big red one?" Xing Yifan raised his eyebrows to show that he would dare to do anything for her.

"Really? Let's go and pick one later! " Bai Xia immediately laughed happily and looked forward to it.

"Well! Good! I'll buy it later. " Xing Yifan's eyes show his love.

International Airport, a tall figure stepped out of the airport, next to a man called her, "Miss, you are back."

The girl reached out and took off her sunglasses, showing a pair of eyes with delicate makeup. She looked at the familiar city, and some expectation flashed in her eyes. She gave the cart to the driver with a smile, but she stepped out of the airport gate first.

As soon as she got in the car, she took out her mobile phone and looked at a string of numbers. Finally, she dialed the number of LAN Qianchen.

"Hello!" The voice of blue thousand Chen came.

"It's me! I'm back. " The girl immediately shook off the high cold and was a bit playful.

"Yixiao?"

"Yes! You can't even hear my voice! "

"Well, no, have you returned to China? Some time is gone. "

"Well, just arrived. I had a chance to get together." Yixiao's voice shows her expectation. At the same time, she is biting her red lips. Some of them are looking forward to saying, "about Xing Yifan."

"Yifan! He has been very busy recently. " Of course, LAN Qianchen knows what Yixiao means to Xing Yifan.

"No matter how busy you are, you can have a look!" Yixiao is not willing to give up. She returned to China this time for Xing Yifan, a man she loves but can't.

After chasing him for three years in foreign countries, Xing Yifan only wanted to be friends with her, but she never crossed the level of friends. However, she was the more frustrated and courageous person. Xing Yifan's Gao Leng attracted her charm, and she took this Gao Leng man down by her own ability.

She used to dream, imagining that one day he was holding flowers in his hands and blocking her in a street to express his love to her. She believed that one day, Xing Yifan would do this to her.

Last time Xing Yifan came back, but she didn't finish her studies. Her father didn't let her go back. Now, she finally finished her studies and went back to China. The first thing she wanted to see Xing Yifan.

"Good! ~ have time to make an appointment with him. " LAN Qianchen and Yixiao are classmates in high school. They often play together in foreign countries, so it's hard for him to refuse.

"Well! What is Yifan busy with recently! " Yixiao wants more information about Xing Yifan.

"He's on a case."

Yixiao can't help thinking about Xing Yifan's handsome work. She has met Xing Yifan several times in foreign countries with materials in her hand, sitting in the corner of the coffee shop. The appearance of carefully writing materials is so handsome that it makes people want to fall down and tear off his mask of high cold abstinence.

She really wanted to know that Xing Yifan had put on the mask of Gao Leng and became gentle for a woman. Of course, she has no chance, because a woman has pulled Xing Yifan off his high cold coat, revealing his most tender side.

This man is Bai Xia.

In a store that specializes in lovers, Bai Xia looks at the beautiful couple coat excitedly and imagines what she and Xing Yifan are wearing.

"That's a good-looking, army green one." Bai Xia points to the model's suit. It's just too much love.

Xing Yifan's eyes narrowed, just as the army green was his favorite color, he reached for her naturally and said, "do you want to take it down and try it?"

"Good!" Bai Xia nodded, and the owner's wife looked at the couple. They must look good in high looks. She took the size they could wear.

First, she took out the girl's clothes. Bai Xia was taking off her coat. Xing Yifan helped her take off the clothes. Then he took the clothes from the owner's mother and put them on for Bai Xia. The army green clothes matched with Bai Xia's sweet girl's face, which had a contrast beauty.

Xing Yifan immediately decided to buy it.

"Nice." Xing Yifan praised.

Bai Xia seldom has such a dark coat, and she laughs and says in a pragmatic way, "Well! This color is resistant to dirt. I like it. "

Xing Yifan's wheezing was amused. At this time, the owner's mother handed him the piece, "Sir, try it on, and see if it's the right size."

Xing Yifan took over and took off his pure hand-made windbreaker coat, revealing his tight black shirt and trousers. His legs were too long.

Looking at his figure in the mirror, Bai Xia also finds a couple beside him. The girls look at Xing Yifan secretly. She pretends not to see them.

Even the owner's wife has personally served Xing Yifan, because this man's figure is so good, the standard model shelf, the one with thin clothes and meat.

Sure enough, the army green coat to his body a set, that model like temperament revealed.

Xing Yifan's body is his proudest coat. Even if he is surrounded by a rag, he is handsome.

"It's nice. It's so handsome! Miss, you are so lucky. Your boyfriend is so handsome! " The landlady said to Bai Xia.

Bai Xia is also used in his heart. He smiles and looks at Xing Yifan.

Xing Yifan takes her in front of the mirror. They wear the clothes of lovers. They really have the intimate atmosphere of lovers.

"Boss, wrap up our clothes and let's go in them." Xing Yifan doesn't want to take off.

Bai Xia is slightly gaping at her eyes. In fact, she is embarrassed to wear lovers' clothes!

"OK." The landlady immediately went to tidy up their coats with a smile.

Xing Yifan picks up his wallet and pays. When Bai Xia turns around, he hears a girl behind him asking, "boss, do you have this set? We have to try it."

The owner's wife was immediately happy. It seems that these two beautiful men and women have become her live advertisements. She said hurriedly, "if you have something, I will give it to you right away."

Xing Yifan comes out with two sets of coat bags and Bai Xia's hands.

As soon as they came out, they immediately attracted the glances of passers-by. They looked at them in surprise. Obviously, they were overwhelmed by their matching beauty.

Bai Xia is led by Xing Yifan. Now, they are really eye-catching, because lovers' clothes are eye-catching!

Xing Yifan leads her out. She asks Bai Xia to wait a moment. He returns the clothes to the car and comes back.

Bai Xia looked at him coming. In the cold wind, he felt warm and warm. His face was a little red with cold.

Xing Yifan came over, reached for her hand, and grabbed her overbearing. "Where are you going next?"

"How about coffee? It's cold. " Bai Xia rubbed his hands.

"Good! Let's go! " Xing Yifan takes her and leaves. Bai Xia leans on him and is full of happiness.

Chapter 1112

When ye Jiamei returned home, the whole person was scared to death. She didn't expect that she would fall into this step. In addition, these years, she and Hu Sheng are just like husband and wife getting along outside. Bai Shize, you know, doesn't kill her!

What's more, she has a big secret! Her children are not Bai Shize's own flesh and blood. Even though they were lovely when they were little, they are growing up. None of her children look like Bai Shize's. although Bai Shize is in his prime, he was really a talent when he was young. He is very handsome. Now he is also mature and charming. His facial features are up to the standard.

And her sons and daughters are like Hu Sheng everywhere. At this moment, ye Jiamei is in a state of confusion. I don't know if Bai Shize will check it out.

Damn Bai Xia, she even secretly used means to take pictures of her. She will not stop this matter.

Even if ye Jiamei has no evidence, she is sure that Bai Xia is harming her.

Bai Xia is sitting in the coffee shop at the moment. The atmosphere near the new year's Eve outside the window is gradually coming. Bai Xia is holding her chin. The warm sun outside the window sprinkles on her face. It is so delicate that even her skin seems to have a fresh fragrance.

This makes the man beside a little thirsty to take a sip of coffee, eyes on her pink lips, aftertaste what.

Bai Xia turned around and saw a pair of ink eyes staring at her deeply. She blinked, "what do you want me to do?"

"How do you look?" Xing Yifan praised her directly.

Bai Xia smiled and looked out of the window, but her heart was as sweet as honey.

At the moment, in another coffee shop in the center of the city, LAN Qianchen accompanies a girl, who is Ye Xiao, his high school classmate and college sister, and Xing Yifan's sister.

When ye Xiao and LAN Qianchen were abroad, they were friends. Ye Xiao showed his pursuit of Xing Yifan three years ago, and ye Xiao relied on LAN Qianchen to make an appointment with Xing Yifan every time.

Blue thousand Chen clip in the middle, also some helpless.

"Qianchen, when will you help me make an appointment with brother Yifan? I miss him so much. " Ye Xiao took the juice and pleaded to him.

"Don't you have his phone number? You can ask him out on your own. " Blue thousand Chen says to her, the taste that makes bulb, he did 3 years however.

"You can help me! Old friends, I rely on you for my life. " Ye Xiao is charming.

LAN Qianchen thought about it, then thought of one thing, and said to her, "Xiao Xiao, you've been chasing him for three years. If he's interested in you, he's been with you for a long time. I heard a few days ago that he has someone he likes."

Ye Xiao's eyes gaped a little bit. He couldn't believe it, and he couldn't believe it. "No way, how could it be?"? How can he fall in love with a girl so quickly? "

Blue thousand Chen some funny way, "you don't think he is too sage, as long as meet him like, he also can be moved of course."

"However, in these three years, he didn't care about a woman. He just came back home for less than half a year. How could he like others? You must have heard it wrong!" Ye Xiao's heart was already filled with jealousy and jealousy.

"That's what he said to me personally." LAN Qianchen thought of Xing Yifan's expression last time. It was not like joking. Moreover, he bought jewelry from his store.

"No, I must find out. I have been chasing him for three years. Even if I like him, he should like me." Ye Xiao's face is full of resentment.

As a wealthy little princess, ye Xiao's character is with a sense of outrage.

"Xiaoxiao, don't blame me for not reminding you. You should never provoke Yifan. His way of refusing people is still very hurtful. As a friend, I don't want you to have a conflict." Blue thousand Chen reminds formally.

"Qianchen, you ask him out for dinner for me! Just tonight, let me see him. If he has a girlfriend, I can leave it alone. " Ye Xiao says something against her heart. She just wants to find out one thing. Does Xing Yifan have a girlfriend?

If so, he will bring it out tonight!

"You ask him to come out with her girlfriend. Don't tell him I'm back." Ye Xiao said, biting his red lips.

"Are you sure? If he does have a girlfriend, you'll have enough. " LAN Qianchen also hopes that ye Xiaoneng can transfer his target and stop pestering Yifan.

LAN Qianchen reaches for his mobile phone and finds Xing Yifan's number to dial through.

At the moment, Xing Yifan happens to be in the coffee shop. Looking at the number of LAN Qianchen, he picks up, "Hello, Qianchen."

"Do you have time for dinner at night?" Blue thousand Chen invitation.

Xing Yifan said with a smile, "OK! Is it your treat? "

"I'll treat you. You can't eat me poor."

"If I take one more person to eat, I will eat you poor." Xing Yifan said with a smile.

"Oh! Take your girlfriend? All right! I'd like to see you, too. I'll send you the restaurant address later and wait for you to come. " "Blue thousand Chen says happily.

Xing Yifan's voice is also serious. "OK, I'll bring her to see you.""Well! See you later. " Blue thousand Chen should a hang.

Ye Xiao's face on the opposite side looked at him nervously and anxiously. "He really wants to bring his girlfriend here?"

LAN Qianchen nodded, "he really said that he has a girlfriend, Xiao Xiao, so you can eat as my friend tonight! Don't mess about. "

"Ye Xiao's eyes flashed a confidence," I would like to see what kind of girl is worthy of him

In Ye Xiao's heart, maybe Xing Yifan is also seduced. After her appearance tonight, Xing Yifan will immediately change her mind and accept her pursuit. Some women are overconfident in themselves and feel that there is no woman in the world that she can't compete with.

"I'll go back and change. I'll get in touch later." Ye Xiao must not lose tonight. She will challenge Xing Yifan's new girlfriend with her best form.

"Xiaoxiao, you promised me, don't mess about." LAN Qianchen is worried.

When Xing Yifan put down his mobile phone, Bai Xia's eyes happily looked over. "Is there a big meal to eat tonight?"

"I'll take you to meet my best brother, who will treat us to a big dinner tonight." Xing Yifan also thinks it's time for blue Qianchen to meet Bai Xia.

Even if there is a big dinner tonight, Bai Xia's mood seems to be better. She looks at the warm sun outside and wants to go for a walk.

"Let's go for a walk in the nearby park and relax!"

"Well! Let's go! " Xing Yifan reaches for her and checks out.

Neither did they drive, walking towards a large central park not far away.

Two people dressed as lovers, especially eye-catching, those men and women who come face to face can't help but look back and look at their backs, feeling as if they saw the heroine in the novel.

Bai Xia is embarrassed to touch the passers-by's eyes. She is holding Xing Yifan's arm and counting the small steps of bluestone under her feet. Xing Yifan's eyes are natural and his expression is filled with a smile of good mood. But the hand around her waist is tight all the time.

Warm sun sprinkles on the body, and there is a tall and handsome man around. Bai Xia's mood is like a princess. In her world, she meets her beloved prince charming.

Such a mood can only be described by sweetness and beauty.

The cloakroom in a master bedroom of Ye's family is full of luxury goods, a whole cabinet of shoes, and three closets beside it. In the middle of the glass cabinet, there are girl's hand ornaments and watches.

At the moment, ye Xiao is looking for her skirt tonight. She will definitely compare each other in appearance tonight and show her elegance and nobility.

She compared again and again in front of the mirror. She was dissatisfied again and again. The sofa beside her was full of clothes she was dissatisfied with throwing away.

"Why don't you have something that looks better?" The person Ye Xiao is competing for is Xing Yifan's girlfriend. She wants to wear the most expensive and beautiful clothes in the world.

Finally, there was a dress with sequins, a silk shirt, and a coat with extraordinary quality. She put on a pair of limited edition boots, which finally satisfied her in wearing.

Chapter 1113

Next is to apply the mask, make up, curl her hair, and make all her efforts to make her look delicate and dignified like a princess tonight.

But at the same time, at the moment, Bai Xia is playing in front of a huge column. She is circling along the column like a little girl, and from time to time she looks back and smiles brightly at Xing Yifan.

Xing Yifan suddenly had fun. When she turned to one side, he deliberately waited for her on the other side. Bai Xia didn't know that he was there. He ran into him and directly turned into his arms.

"You..." Bai Xia looks at him with a smile, and the man quickly steals a kiss from her red lips.

White summer pretty face instant red, left and right a look, murmur complain way, "do not allow close."

"Just kiss, what's the matter?" Xing Yifan said, and in her hair, forehead, nose, all the way down.

Bai Xia immediately chuckles to drill into his arms and hides. Xing Yifan directly carries her to the other side of the grass.

"Xing Yifan, you let me down!" Bai Xia laughed and cried.

Xing Yifan refuses to let go. He continues to carry her for a while before putting her down. As soon as she puts her down, Bai Xia is a little dizzy. She reaches out and hugs Xing Yifan.

After Xing Yifan took a step back, Bai Xia immediately chased him with a smile. Xing Yifan didn't go back and let her take the initiative to bump into her arms, while his arm tightly hugged her slender waist.

"I'm not polite," he said in a low voice

"Er!" Bai Xia looks up and is kissed again by a man on her slightly opened red lips.

Bai Xia's pretty face is red, and she is directly attracted to be speechless.

Time also slipped away unconsciously. Around five o'clock, a message came from Xing Yifan's mobile phone. It was the restaurant address sent by LAN Qianchen.

Xing Yifan ran over her and said, "let's go! It's time we went to the restaurant. "

Bai Xia also hugged his waist and nodded, "Hmm! Let's go! "

LAN Qianchen also received a call from ye Xiao, and she will soon rush to the restaurant. At this moment, LAN Qianchen, who has booked the box of the restaurant, is playing with her mobile phone here alone.

When he opened a string of numbers, he hesitated and sent a message to the other party.

"What are you doing?"

After sending out, his heart has been waiting for the response of the other party, however, one minute passed, five minutes passed, ten minutes passed, his mobile phone is still quiet.

Finally, when blue Qianchen sighed, the next mobile phone screen immediately sent a message sound, his heart beat suddenly jumped up, quickly reached for a look, a loss shrouded in his eyes, just light up eyes, and dark down. Damn it, it's an ad text, not her.

LAN Qianchen thought that she was so busy with her work every day. Maybe she didn't see his information! Come on, no wait.

Although he thought so, his eyes were still staring at the mobile phone. He did nothing and waited for the mobile phone to move.

Ye Xiao arrived faster than Xing Yifan. She was carrying a limited edition bag, dressed up and down, from head to toe, in the standard clothes of a rich lady. Those who knew the goods knew that the price of all the items on her body today was more than ten million.

Blue thousand Chen looks at the leaf Xiao that pushes a door to come in, he is slightly gaping at Mou, she is the change of a set from head to foot?

"Xiaoxiao, it's just a meal, you don't have to!" LAN Qianchen is worried.

"I'm here to eat! Can't I dress like this to eat?" Ye Xiaoming knows she's over dressed, but she pretends not to know.

Downstairs, Xing Yifan's car fell neatly into a parking space. Bai Xia and he pushed the door together to get off the car.

Bai Xia looks up at the restaurant. Because of the rich world, she is still curious.

At this time, a big hand came over, and a deep male voice also sounded, "I like the food here, and I will come here every day to eat."

"Er?" Bai Xia is scared. She just has a look! I didn't say I had to eat every day.

Xing Yifan just wants to satisfy her. As long as she looks at more things, he wants to buy them for her.

Bai Xia followed him into the hall, and she suddenly felt embarrassed. "Would it be weird for us to wear couple style?"

It's not the big street outside. It's obviously a very high-end western restaurant. Everyone comes here in elegant clothes.

Xing Yifan reached out and rubbed her little head. "What? Won't wear it with me? "

"No! It's just that the occasion is not suitable! " Bai Xia didn't dislike and wear it.

Xing Yifan stretched out his hand and took a look at it

LAN Qianchen looks at Ye Xiao holding a small mirror from his bag and checks it on his face. He doesn't allow any flaws on his face. As a man, he still can't understand it.

"It's already beautiful. Don't take any more pictures."

Ye Xiao hears footsteps outside the door. She quickly puts the mirror back in her bag, and then sits up straight, maintaining her elegant side. Her eyes tightly sweep towards the door. Now the waiter opened the door and said to the door, "please come in, sir and miss."

So, the eyes of LAN Qianchen and ye Xiao were immediately shocked by two sets of military green couple clothes.

They immediately looked at the man's appearance at the same time, and determined that Xing Yifan was right.

Xing Yifan is surprised that ye Xiao is also there. Blue Qianchen chuckles. He doesn't speak, but he thinks Xing Yifan is not the one he knows.

Although Ye Xiao was surprised that Xing Yifan was wearing a couple's clothes, her eyes immediately looked at the little girl beside him, but what she saw was a plain face, a girl's face that couldn't be seen to have made up, youth, vitality and sweetness.

There is no chemical breath in her body, but there is a natural beauty.

Ye Xiao eyes slightly, can't believe Xing Yifan's girlfriend is such a girl.

Bai Xia looked at the presence of a couple of men and women, she thought, is it a couple?

"Yifan, introduce it! We haven't met yet! " LAN Qianchen stands up and looks at Bai Xia with a smile. His heart is shocked. How is Xing Yifan's eyes so good? He chooses such a clean girl?

It's no wonder that those girls who used to stick to him were rejected by him. Think about it, all of them have delicate make-up and dare not show their plain faces. In fact, what he likes is clean and pure!

Xing Yifan takes Bai Xia in his hand and introduces them to him in the morning. "Introduce me, this is my good brother LAN Qianchen." Finish saying, his eyes look to Ye Xiao, also politely introduce a sentence, "this is my younger sister Ye Xiao in a foreign university."

White Xia Dynasty they smile to say hello one by one, "hello."

Xing Yifan introduced the girls around him ceremoniously, "this is my girlfriend Bai Xia."

"Hello, Miss Bai. I heard about you before, but I didn't have a chance to see you. Now, I finally see you." Blue thousand Chen smiles toward Bai Xia.

"I'm happy, too." Bai Xia looks at LAN Qianchen. As expected, there are birds of a feather. This is a very polite gentleman.

"Brother Yifan, long time no see." Ye Xiao's eyes, but only fall on Xing Yifan's face, eyes do not cover up his missing.

Bai Xia's heart slightly thumps, and finds that the girl has something wrong with Xing Yifan's eyes.

Xing Yifan smiled at Ye Xiao. "It's been a long time. Have you finished your studies?"

"Well! I have read all the notes you left me, and I have graduated successfully. " Ye Xiaoli is in between the lines, showing his close relationship with Xing Yifan.

Xing Yifan frowns slightly and looks at LAN Qianchen. LAN Qianchen is innocent. Indeed, Xing Yifan borrowed his notes from ye Xiao.

White summer's mind is also fretting, it seems that she misunderstood! LAN Qianchen and miss ye are not lovers.

Xing Yifan leads Bai Xia to sit down, and Bai Xia immediately feels a sense of oppression. It's Ye Xiao on the opposite side. Her eyes are full of light, as if she is looking at a girl who is not as good as her everywhere.

Bai Xia was a little uncomfortable, but she smiled politely. She picked up the cup and pretended to drink tea.

"Xiaoxiao has just returned home." LAN Qianchen also realized that the atmosphere was strange.

Xing Yifan took a look at Ye Xiao and said to LAN Qianchen, "has your family come back?"

"Well! It's back. " Blue thousand Chen has a sense of relief greatly, "I will mix with you later! We work together. I want to do what I like. "

Xing Yifan smiled, "my case is almost closed."

"Thank you for recovering the huge sum of money for uncle Cheng. He's relieved this time. Thanks to you, otherwise, it's not so fast."

Bai Xia and ye Xiao on one side heard this and immediately looked at Xing Yifan with adoring eyes. He was really powerful.

Xing Yifan's eyes are on Bai Xia, because he only needs this woman to worship him.

At this glance, LAN Qianchen and ye Xiao realized that Xing Yifan had changed. Now he is like a gentle lover, tearing off all his high cold coats in front of Bai Xia.

Even the couple's clothes, which cost hundreds of yuan in the shopping mall, he was so happy to wear.

Chapter 1114

Xing Yifan and LAN Qianchen are talking about the case. Bai Xia on the side listens very carefully. Xing Yifan seldom talks to her about his work, but she doesn't expect that he will take such a big case alone.

Two billion dollar case! For her, it's astronomical money.

At the same time, a pair of eyes tightly stare at Xing Yifan, the love in the eyes is very obvious.

Bai Xia now knows that Miss Ye is not LAN Qianchen's girlfriend, but a student sister who likes Xing Yifan. Even ye Xiao's eyes are so direct that she expresses her deep love.

But she didn't pay attention to her real girlfriend. This feeling of being ignored, Bai Xia can't even ignore it, which makes her a little depressed.

However, no matter how depressed she is, she won't show it. She can't care who has the right to love someone.

Xing Yifan's eyes are naturally sharp. How can ye Xiao not know her mind when he shows his love for his pursuit in the past three years?

For a girl like Ye Xiao, he can only be a friend at most. If he goes beyond his friend's relationship, he will deliberately keep a distance, just like in a foreign country. If Xing Yifan had given her a chance in the past three years, ye Xiao would have succeeded.

Xing Yifan's eyes noticed Bai Xia's mood around him. His big palm touched her little hand on her knee under the table. Bai Xia was scared immediately, but his eyes were embarrassed to look at him.

Bai Xia's hand is holding his finger. Xing Yifan's big palm is playing with her. He will rub it for a while and then he will clasp his fingers with her.

This time, Bai Xia can only pretend to be normal on the surface and dare not look around. If she wants to look up at Xing Yifan, she must let Ye Xiao, who has been staring at this side, know that they are making small movements under the table.

"Brother Yifan, you are so powerful! Do you need an assistant? As it happens, I don't have a job. Can I be your assistant?" Ye Xiao's face is adored, but also full of expectation.

"My case is almost closed. I don't need an assistant." Xing Yifan politely refuses to speak.

"When you need me, you can come to me at any time. I will stay in China all the time." Ye Xiao said with a sweet smile.

LAN Qianchen also saw the clue. He thought that ye Xiao knew Xing Yifan had a girlfriend, and she would die. It seems that ye Xiao not only didn't die, but also wanted to show in front of Xing Yifan.

"Xiaoxiao, Yifan likes to be alone." LAN Qianchen explains for him.

At this time, Xing Yifan's mobile phone rang, he picked up a look, it's about the case, he said to Bai Xia, "I'll go out and get a phone call."

"Well." Bai Xia nodded.

Xing Yifan picked up his mobile phone and pushed the door out of the box. Ye Xiao's eyes also chased his back. Xing Yifan was really charming and tough. He wore casual clothes on his body, so handsome.

Also at this time, blue thousand Chen put the mobile phone on the desktop also rang, he looked, the surprise in the bottom of his eyes made him hold up and said, "I'll take a call, too."

Ye Xiao said with a smile, "go! It's just the time for me to talk to Miss Bai. "

Ye Xiao immediately took the opportunity to learn more about Bai Xia. She propped up her chin and pretended to be friendly. "Miss Bai, where do you work?"

"Er! I am a freelancer. " Bai Xia smiles.

"Free workers, what is that! " Ye Xiao can't help asking.

"I'm a cartoonist." Bai Xia did not hide it.

Ye Xiao's heart has been a light Chi, but the face is pretending to be surprised, "then you are very good!" Finish saying, not from exclamation, "I ah!"! I learned about the financial industry. In the future, I may inherit my family's company. My father has only one daughter, and I will inherit all my family's companies in the future. "

This inadvertently dazzles the rich and dazzles the family background is Ye Xiao intentionally, she wants to let Bai Xia know that she has a strong family background.

Bai Xia doesn't have a brand she knows from head to toe. She knows that Bai Xia is just an ordinary person.

Bai Xia naturally smiled and praised her, "you are so powerful."

In fact, I don't like this major very much, and I'm not interested in finance. Thanks to the care and teaching of fange abroad, I gradually fell in love with this industry

Bai Xia continued to pretend to be natural? I can't do it. I feel big about numbers. "

"Brother Yifan is a genius. How can I learn from him if he can teach me? What's more, brother Yifan has taught me for three years!" Ye Xiao unconsciously shows off her relationship with Xing Yifan.

The number of three years still stimulates Bai Xia. It's only from autumn to winter that she and Xing Yifan realize now.

"Is it?" Bai Xia holds up a cup of tea and drinks it to cover up her inner emotional fluctuation.

"Miss Bai, how do you know Yifan?" Ye Xiaoshi is confused. How does Bai Xia get to know Xing Yifan so common?

"We were neighbors." Bai Xia smiles. Bai Xia doesn't want to show off, but ye Xiao's heart is not so good. Bai Xia can become Xing Yifan's neighbor. Is that revealing her family background to her?

At the same time, she became jealous. She failed to catch up with Xing Yifan for three years. But did she become a boyfriend and girlfriend just because she was his neighbor?

"I heard that brother Yifan came back to China half a year ago! Then you haven't had a long relationship from your neighbors to now! " Ye Xiao calculates, thinking that their relationship is not stable.

Bai Xia blinked and chuckled. "He used to be a neighbor, but one day, he suddenly confessed to me. I also thought it was very sudden. I also liked him. We were together."

Ye Xiao's eyes immediately gaped round a few minutes, she can't believe that Xing Yifan first expressed his love? How is this possible? Isn't she the one who killed Xing Yifan? At this time, Xing Yifan pushes the door in, and ye Xiao immediately spreads a pair of small women's charming smile on his face. "Brother Yifan, have you finished calling?"

"Well!" When Xing Yifan went out just now, he didn't know that LAN Qianchen had also gone out. He looked at LAN Qianchen's absence. He asked Bai Xia, "where's Qian Chen?"

"He's on the phone, too." Bai Xia replied.

Xing Yifan's eyes immediately fell on Bai Xia's face. Bai Xia looked at him with his chin on his chin. "Is it about work?"

"Well!" Xing Yifan smiled and returned to her side.

The opposite Ye Xiao closed her long hair and looked at her immediately with a smile. "Yifan brother, last time you borrowed my book, can I not return it to you? I think it's very useful to me! "

"That is to say, Qianchen will give it to you without my consent. If you like it, keep it!" Xing Yifan's eyes were slightly raised, and then he added, "anyway, I'm going to throw it away."

Ye Xiaoli, on the opposite side of the street, said with a stiff smile, "why do you throw it away?"

Xing Yifan replied quietly, "no need."

Xing Yifan's words also reveal a message to Bai Xia. Ye Xiao always takes those books as articles. Then Xing Yifan tells Bai Xia that the books were given by LAN Qianchen.

Bai Xia listens to in the heart, as expected has been used many, on the contrary she sees opposite leaf Xiao that stiff smile empty not to be very comfortable.

Xing Yifan thought of something and said to Bai Xia beside him, "my parents have gone abroad for the new year's Eve. Each flower has been sent to the pet shop for foster care. We will go to pick it up with Xiao Ji tomorrow."

Bai Xia immediately asked with a smile, "Xiaoji? The name of your niece's cat? "

"Well! Just a couple. " Xing Yifan's eyes reveal a trace of ambiguity.

White summer pretty face slightly hot nodded, "OK! Then we'll pick it up tomorrow. "

Ye Xiao on the opposite side couldn't get into the topic. She was in a hurry, but she couldn't help it.

Xing Yifan is like a gentle lover to Bai Xia, but he still keeps a distance from her and breaks through the little flustered words she created.

What's more, if she didn't get it wrong, Bai Xia and Xing Yifan are living together now! Because they are going to have cats together!

At this time, the waiter pushed the dinner in. The two waitresses immediately put the delicate dinner on the table one by one. One of them accidentally spilled a few drops of soup when he served it.

Ye Xiaozheng is angry. It happened to be on the waiter's body. Her voice line is not happy. "Can you pay attention to your soup spilled on my clothes? Do you know how expensive it is?"

Chapter 1115

The waiter immediately said to her apologetically, "I'm sorry, miss. I'll clean you up immediately."

"Forget it." Ye Xiao is as graceful as before.

Even Bai Xia sympathizes with the waitress. She didn't spill it on her clothes.

Xing Yifan's eyes glanced at Ye Xiao. Even if he didn't say anything, he couldn't bear her coquettish irrationality.

At this time, blue thousand Chen pushes the door to come in, his handsome face clearly has a trace of joyful color. "Served, it's just hungry." Blue thousand Chen sits down with a smile, feeling the atmosphere is not quite right, he asks to Ye Xiao, "what's the matter?"

"Nothing. The waiter spilled it on my sleeve just now. It's very expensive." Ye Xiao complained.

"It doesn't seem to spill. Don't worry." Bai Xia comforts her.

Ye Xiaoli smiled and looked over. "Miss Bai, you probably can't understand my mood."

This sentence implies that Bai Xia can't afford expensive clothes. Naturally, he can't feel the mood after the expensive things are damaged by others.

Bai Xia heard that, she chuckled and didn't speak.

Xing Yifan's eyes suddenly sank. He looked directly at Ye Xiao on the opposite side. "Miss ye, you are not the only one who can afford luxury goods. My girlfriend just doesn't need it. If she needs it, she can buy whatever she wants."

Xing Yifan is aggressive and defends his woman.

Ye Xiao's face is reddened. She smiles and says, "Yifan, you misunderstood me. I don't mean anything!"

Blue thousand Chen is in one side dark sigh, if ye Xiao is a bit clever, should not contend for white summer. Bai Xia's heart is warm, but she is not proud, just happy.

"Miss Bai, are you angry with me?" Ye Xiao immediately looks at Bai Xia. She thinks, can Bai Xia be generous?

Bai Xia looked up and shook. "I'm not angry."

Ye Xiao can't help but block up her heart. She thinks Bai Xia can also be too big. Can't Xing Yifan see her magnanimity?

"I'm sorry! I didn't mean to fight against you. I didn't mean to. " Ye Xiaoli apologizes again. She wants to save her image in front of Xing Yifan.

"Miss Ye doesn't have to worry." Bai Xia didn't want to make the atmosphere too rigid.

Xing Yifan's chopsticks took the dish to her plate, "have a meal! You should be hungry after playing all day. "

Bai Xia nodded and ate the dishes he had brought. Blue Qianchen was also a little absent-minded. Because Pei Yuehuang had just returned from the phone, she apologized to him on the phone. She didn't see his message because her cell phone was turned off on the plane, but when she got off the plane, she called him back.

"Yifan, what are you stupid about?" Xing Yifan immediately found the expression of his brother's loss of mind.

Blue thousand Chen immediately returns to think, smile, "nothing."

Tonight's four people didn't eat much, so ye Xiao didn't dare to fight against Bai Xia any more. Because Xing Yifan is too short, she is afraid that she can't even make Xing Yifan's friends.

She can only think in secret, for a long time, maybe Xing Yifan and Bai Xia are only in a new period, and she will always find a chance to make Xing Yifan like her.

Bai Xia looks good, but is her family really worthy of Xing Yifan's family?

At eight o'clock, four people couldn't eat any more. Xing Yifan left, and LAN Qianchen also wanted to go home. Bai Xia's hand was led by Xing Yifan. Just arriving in the hall, Xing Yifan stopped.

Walking behind, LAN Qianchen and ye Xiao immediately looked over. Bai Xia was puzzled. He saw the man standing beside him squatting down at her feet.

Bai Xia is scared. She lowers her head and finds that the shoelaces of her little white shoes are loosened.

There are still many people in the hall eating, and Xing Yifan squatted like this and tied her shoes carefully.

This action surprised LAN Qianchen and ye Xiao behind her. Ye Xiao was more than surprised. She was almost jealous. Xing Yifan's noble identity even tied the shoelaces for Bai Xia in public.

Bai Xia's pretty face is also red. She looks down at Xing Yifan and ties her shoelaces.

After tying it, Xing Yifan naturally grabbed her shoulder and took her out of the hall.

Behind blue thousand Chen's eyes look at Ye Xiao, but see ye Xiao that clenches red lips, clearly in envy and jealousy, it seems that he was wrong for dinner tonight.

When we got to the parking lot, Xing Yifan only said hello to LAN Qianchen, "let's go first."

Finish saying, he didn't even take a look at Ye Xiao, holding Bai Xia to his car.

LAN Qianchen said to Ye Xiao, "let's go! Go home. "

"Qian Chen, to tell you the truth, who is more beautiful between me and that Bai Xia?" Ye Xiao is biting his lips. He is unwilling to ask the blue Qianchen.

LAN Qianchen squints his eyes, "for Yifan, it's not only his beautiful appearance that attracts him. Xiaoxiao, I advise you to let go! I am doomed to be impossible with you. "

With that, LAN Qianchen goes to his car.

And ye Xiao watched Xing Yifan's car drive away from the other side. She bit her teeth and didn't hide her emotions. Tonight, she was angry. She stamped her feet. "I won't give up!" Blue thousand Chen's car also drove away, the leaf Xiao ability whistling toward her car.

In Xing Yifan's car, Bai Xia looks out of the window at the scenery and doesn't know what he is thinking. But the man who can drive, a heartstring is tensed, Xing Yifan looks at her several times with some nervousness.

"What can I explain?" Xing Yifan asked.

White summer a pair of smiling eyes look over, "then what do you want to explain?"

"If you have anything you want to know, just ask me. I will never hide it from you." Xing Yifan was worried that she would be confused.

Before Bai Xia, she had a little heart block, but now she is in a good mood.

"No!" Bai Xia chuckles and looks out of the window at night.

Ye Xiao likes Xing Yifan, she knows, but Xing Yifan doesn't like her, she knows. So, there's nothing to ask.

Xing Yifan's thin lips also aroused a smile. Does this woman trust him so much?

"It's still early. Let's go downtown. I'll buy you what you like tonight." Xing Yifan suddenly wants to realize the sentence on the table.

To let her know, he did what he said.

Bai Xia also heard it, and she chuckled, "No."

"I want to buy it for you." Xing Yifan insisted.

Bai Xia is still a bit stubborn, but he says, "I really don't want it!"

"Buy a watch, buy a bag, buy everything you like." Xing Yifan has a kind of persistence. His strength shows that if he loves someone, he will be willing to spend money for her.

Bai Xia smiled helplessly. "Xing Yifan, do you think I like you, money? Do you think I like people whose money is more than yours? Are you very happy! "

Xing Yifan immediately blocked his heart and looked at her with some consternation.

"I like your people. If you like me, respect me, right?" Bai Xia is also speechless. In order to persuade him not to spend money indiscriminately, she has to move out the big reason.

"I'm upset that you don't spend my money." Xing Yifan is a little frustrated.

Bai Xia was amused and cheered, "how could you be like this! OK, then I'll spend your money. I'll buy fruit downstairs. You pay for me. "

Xing Yifan, "..."

When she arrived at the entrance of the community, Bai Xia went to pick out the fruits. She didn't dare to buy the more expensive fruits before. Now, she went to find the bags and packed them.

Xing Yifan swiped the card, totaling 240 yuan, which made him continue to be depressed, thinking when he would have to coax the woman to spend his money.

Xing Yifan is carrying fruit, and Bai Xia is following him. He is in a very good mood and follows him briskly.

Xing Yifan reaches out to her directly, and Bai Xia immediately takes her hand.

"Come to my house and have some fruit later!" Bai Xia asked.

"I want to sleep at your house tonight." Xing Yifan suddenly comes in evil.

Bai Xia immediately scared away his hand. "No way."

"Not even a couch?"

"Your house is next door! Why do you sleep on my sofa! "

"I will."

"Xing Yifan, please don't be so stubborn. Let's make some sense."

"In front of you, I just don't want to reason."

"Why?"

"Unless you're willing to spend more than a million dollars on me." Xing Yifan forces her, even if she loves his people, but he also wants her to love his money, he bullies her to love all. Bai Xia couldn't cry or laugh. She walked in front of her and smiled back. "Then you'd better sleep on my sofa! If I sleep on your legs, I won't be upset. "

"Then I'll sleep in your bed."

"No."

"I sleep."

"Then I'll sleep in your bed."

Xing Yifan rushed to her with fruit, pressed her in her arms and rubbed her head. Bai Xia's long hair was all disordered. She cried angrily, "Xing Yifan!"

But it makes men laugh.

Chapter 1116

Xing Yifan walked into Bai Xia's home with fruit. Bai Xia picked up the imported big cherry and washed it in the kitchen. Xing Yifan sat on her sofa and took off the military green coat outside. Inside, he was only wearing a black shirt. Sitting in the light, he was slender and charming, with a kind of abstinence.

"Eat cherries!" Bai Xia sits beside him. She likes cherry very much, but it's too expensive. She usually buys it because it hurts.

Bai Xia takes one and feeds it to his mouth. Xing Yifan flashes a smile in his eyes and holds it directly. Bai Xia's hand doesn't respond, but he does.

Bai Xia immediately blushed and became hot. She bit her red lips and said, "you can eat it and bite my hand."

"Do you know what I want most tonight?" Xing Yifan chews the juicy and sweet cherry while squinting at her.

Bai Xia blinked immediately, "what would you like to eat? You didn't ask me to buy it just now. "

"What I want is right in front of me." Xing Yifan's eye heat is upgrading.

Bai Xia immediately thought of a bag of imported mangosteen, and she said, "do you want to eat mangosteen? No, there are! "

Xing Yifan said directly, "I want to eat you."

Bai Xia's hand immediately froze in the air when she went to get the mangosteen. She felt that the air around her was full of danger. She turned her head and looked at him warily. "Xing Yifan, I warn you, don't mess about!"

Her voice is sweet and soft. What's the meaning of warning? It's just provoking Xing Yifan's dangerous nerve.

"What if I mess around?" Xing Yifan's eyes narrowed tightly, so deep that they were a bit threatening.

Bai Xia encircles her chest and swallows her saliva. "No, you said you should respect me. If I don't want to, you can't force me."

Xing Yifan is just testing, of course, he will not force her.

The evil smile at the corner of his mouth stopped, and he put a cherry in his mouth with a smile. "OK, eat cherries tonight, and you will eat them later."

Bai Xia's pretty face is still red, because he talks too vaguely. What is eating? She's not food.

Bai Xia also reached for the cherry. She had a red lip. When she was biting the cherry, she was chewing. Her long eyelashes were also lovely. Xing Yifan doesn't know where the fire comes from. If he can't take advantage of it, he's afraid it's hard tonight.

He immediately reached out and pulled Bai Xia to huailila. Bai Xia was frightened and looked up at him. Xing Yifan said in a low voice, "only touch it."

"Well!" Bai Xia blinks his eyes, and his red lips are covered by the man. She is pressed in his arms. His hot hormone breath surrounds him. Bai Xia is in his arms. His breath is full of his clear breath, and his head is suddenly dizzy.

Xing Yifan can't enjoy himself every time, because the more intimate this kind of thing is, the more uncomfortable it is him.

Xing Yifan let her go. He got up and said, "see you tomorrow."

Bai Xia leans on the sofa, watching him escape from the door in a pathetic way. She chuckles. It seems that he has found himself guilty.

She easily turned on the TV, found a love to watch animation, while watching while solving the fruit.

Xing Yifan went back to his room, took a bath and came out again. Now, for him, he can only solve it manually, without brain supplement, just thinking about Bai Xia.

Xing Yifan sat in front of the computer in his nightgown, opened the copybook and began to write materials. He was ready to end the case as soon as possible.

In the night, the white house looks deserted. The two children are sent to bed early by Ye Jiamei, and she sits alone on the sofa waiting for Bai Shize who hasn't returned.

If it was, she must have called to ask where he is now, but tonight, she dared not. She knew that ye Shize was really angry this time, and even doubted her.

Ye Jiamei can't cry at the moment because she never worried that one day their affairs would be known by Bai Shize when she had an affair with Hu Sheng.

Bai Shize never cares about her affairs. She just needs to take care of her two children and clean up her family.

Now, ye Jiamei has a kind of panic in her heart, as if everything she has now will be taken away at any time.

Bai Shize was drinking outside at the moment, and now he knows that when his partner betrayed him, he was so angry and upset, which made him think of his ex-wife.

Think of her at home before, desperate to wait for him to go home, and he because of young, but also because the family is good, and handsome, surrounded by a bunch of women to please, and active is a lot.

When Bai Shize was young, he was like a runaway wild horse, which could not be fenced. After his wife wrote a suicide note and jumped into the river, his whole body woke up.

At that time, although he was surrounded by women, he found that his mind was full of ex-wife figures, so he did not touch women for a long time.

Ye Jiamei is looking for an opportunity to take advantage of his drunkenness and get on well with him. Although he doesn't like her, ye Jiamei tells him that she is pregnant and the baby is his. Bai Shize went to the hospital with her to calculate the date. He believed that it was his child. His family urged him to have another boy. Bai Shize believed that this was a boy, so he was urged by Ye Jiamei at that time, and four months later, he learned that she had a boy in her stomach.

At that time, the family agreed to marry them very much, and Bai Shize remarried. Later, he gave birth to a boy. His work made him need to play tricks on many occasions. Ye Jiamei didn't take care of his life anymore. She stayed at his side and took care of his daughter, Bai Xia, and his son.

At that time, Bai Shize was in the best time to start a business. He ignored his eldest daughter Bai Xia until she was 18 years old. When he said that he would study abroad, he suddenly remembered that he had missed a lot.

He offered her a chance to go abroad to school. By the time she came back, he was almost fifty years old.

Now he has three children, a relatively quiet family. He also wants to take advantage of his prime time to make another estate for his son and daughter in the future.

But now, ye Jiamei even has an ambiguous relationship with others, and even he has a premonition that ye Jiamei and Hu Sheng are not in a general relationship.

He is waiting for his assistant to find out the record of Hu Sheng's house opening. In fact, he doesn't have to wait. He thinks with his adult mind, and knows that ye Jiamei must have betrayed him.

In these years, he often felt tired because of his social activities outside. When he came back home, he could not meet her husband and wife's life naturally, but she also cared for him and didn't bother him every time.

Bai Shize now thinks about it. Maybe she has an affair with another man outside, which makes her not care about her husband and wife's life at all.

Time passed by. Ye Jiamei waited for three in the morning. She was almost asleep. When she was awakened by the cold, she found that Bai Shize still didn't come back.

Her heart was cold.

Early morning.

When Bai Xia woke up, she looked at the army green coat. She couldn't help smiling. She came over and touched it, then put it on again.

She came to the door of Xing Yifan's room and rang the doorbell.

Xing Yifan pulls away from the inside. Suddenly, both of them are wearing couple's coats. Bai Xia shows a row of neat teeth. She smiles and asks, "why do you wear this again?"

Xing Yifan naturally wants to wear it. I feel that his pure hand-made coats, which are just in case, can't compare favorably with this one.

"Come to breakfast with me, and after that, we'll pick them up."

"Well! Good! " Bai Xia nodded and thought it pitiful to send them to the pet.

Xing Yifan accompanied her downstairs. As soon as he got out of the elevator, his mobile phone rang. He saw that it was brother who called. He reached out and picked it up. "Hello! Big brother. "

"Yifan, are you free tonight?" The voice of Xing liehan came from that end.

"Well! Yes! What's the matter? " Xing Yifan asked with a smile.

"I have a banquet invitation that I can't put off. I've already reported your name. Tonight, you will attend for me and represent our Xing group." Xing liehan said to him.

Xing Yifan was shocked for a moment. "Must we go?"

"You know the host. It's chairman Yang. Our family will attend his banquet every year. If we don't go, it will appear that our Xing family won't give him face." Xing liehan hoped that he would have to go.

Chapter 1117

Xing Yifan looks at the girls around him. He asks with a smile, "you can take your partner with you!"

"Of course, you'd better bring your partner." Xing liehan reminds me.

Xing Yifan replied in a good mood, "good! I will go there instead of you. "

"Well! We are all fine here. Parents have a good time. Don't worry about us. " That end, Xing liehan said and hung up.

Bai Xia's eyes inquisitively asked, "what did you say about your girlfriend just now?"

Xing Yifan's eyes fell on her. "We won't pick up flowers today. Let's go tomorrow! I have an important party tonight. You will join me. "

"I haven't been to any party." Bai Xia is a little nervous. She has participated in the school exchange meeting at most.

"Don't worry, I'm here!" Xing Yifan wants to show her.

Tonight's banquet, invited to attend, are all the upper class, all walks of life's elite giant, very grand, President Yang is the chairman of the Business Council, his face, but can invite many rich people to attend.

Xing Yifan doesn't really like this kind of occasion, but he can't refuse elder brother's advice.

"Then what shall we do after breakfast?"

Xing Yifan thought that he could take her to a place this time, that is, his little aunt's dress shop. He dressed her up well.

"I'll let you know when I've finished." Xing Yifan holds her shoulder in a happy mood.

Blue house.

LAN Chu Nian has been preparing for pregnancy during this period, but sometimes, the more she looks forward to, the more disappointed she is. She has been preparing for pregnancy for nearly four months, and there is still no good news.

Before that, she would take a test every few days to see if she was pregnant, but after four months of disappointment, she would not stick to it.

This morning, she couldn't help but see the test stick in the cabinet. She picked up one of them and walked into the bathroom.

She tested, looking at the red bar on the test paper. First, the first color was obvious. Then, she saw the light color on the back, and her eyes immediately brightened.

And that light red pole, slowly, from light red to dark red.

Blue early read immediately surprised excited to cover the red lips, can't believe looking at the above test results, she was pregnant?

Are you finally pregnant? LAN Chu read carefully and determined again. She was relieved. Finally, she was going to be a mother.

Blue first read to push open the door, only to see from the cloakroom, blue Qianhao a long dark blue suit, he is ready to go to the company.

LAN Chu Nian immediately smiled at himself and hugged his waist. "Honey, I have a good news to tell you. Guess first."

LAN Qianhao turns around and looks at her smiling eyes. He also smiles, "tell me what's the good news."

"Guess first!" LAN Chu said mysteriously.

LAN Qianhao immediately thought that she had just come out of the bathroom, which meant that there was only one big thing, and his eyes immediately excited, "is our baby coming?"

Blue Chu read also thought that he guessed wrong, and she announced the answer again. Unexpectedly, he was right when he guessed. She only nodded with a funny smile, "Congratulations, the answer is right."

"Really? I'm going to be a dad. " Finish saying, blue thousand Hao excitedly embrace her, want to turn a circle in situ.

"Don't, don't, don't I'm a pregnant man. Be careful. " LAN chunian is also very careful.

LAN Qianhao immediately hugged her in her arms, held her tightly, and scolded herself for her impulse. She lowered her head and kissed her forehead, saying, "it's my fault. I dare not to do it later. I have a little heart later."

Blue Chu read to smile to nod, "that I also small heart, this is our first baby, do not allow anything."

LAN Qianhao immediately thought of something. He is going to take her to a dinner party tonight. It seems that he can only push it.

"I'd like to take you to the party tonight to relax. I think I'd better cancel it! "

"Is it important?" Asked LAN Chu. "It's important. I shouldn't have pushed it, but for you, I won't go."

"If we don't, let Qianchen go! Mom is still talking with me. He doesn't go out to make friends! Just let him go for a walk, maybe he will bring us back to our sister-in-law! " Blue early read smile way, as a wife, her mind is more delicate and mature.

Blue Qian Hao immediately nodded in response, "OK, I'll go to him later and say."

On the breakfast table of the blue family, LAN Qianchen has just left his position in the management company. He is relaxed and ready to make an appointment with Xing Yifan for sports, fitness and golf.

"Mom and Dad, we are going to report good news to you." LAN Qianhao can't wait to say it.

"Oh! What's the good news?" Mrs. blue looks forward to it.

"Mom and Dad, the best news you're looking forward to." Blue early read more can not hide the excitement.

Now, needless to say, the two old people understood. They were overjoyed immediately. Mrs. blue got up and came to LAN chunian's side. "Chunian, really? Pregnant?" "Well! Mom, I just had a test this morning. I'm pregnant." LAN Chu nodded shyly.

The opposite blue thousand Chen is also happy for them, he laughs a way, "then I will be an uncle."

"By the way, Qianchen, there is an important dinner party in the evening. Just after I was pregnant, I won't go to it. You can replace our blue group!" Said blue Qianhao to his younger brother.

In fact, LAN Qianchen is not interested in this kind of party. He has the same idea as Xing Yifan. Must he go?

"Must go?"

"It's better to go. Don't put off the party, but it's an annual mainstream business party. It's invited by President Yang himself. You can't help it." LAN Qianhao said seriously.

Blue thousand Chen sees big brother to say so, he then nods a head way, "good, then I go! Take good care of your first thoughts."

"Well!" LAN Qianhao is looking at his wife now. He has to be careful.

LAN Qianchen finished his breakfast. Anyway, the party was in the evening. He called Xing Yifan to play golf.

Xing Yifan had just finished breakfast with Bai Xia, and he could just go to have a rest. He agreed to go to the golf course together.

Bai Xia seldom takes part in this kind of project, and would like to come here to have a look. Xing Yifan stresses directly on the phone that ye Xiao is not allowed.

LAN Qianchen also has self-knowledge. Of course, he doesn't take it with him. He will never let Ye Xiao appear on the occasion of Xing Yifan in the future.

When he arrived at the golf course, Xing Yifan taught Bai Xia to play, LAN Qianchen also practiced, and the three young people enjoyed playing.

In the general office of Pei group, Pei Yuehuang listened to the assistant report her itinerary today.

"Mr. Pei, the dinner party will be at half past six in the evening. You must come at seven at the latest."

Pei Yuehuang nodded and said to her, "did you contact the dress shop?"

"I'm in touch. I've prepared the evening dress for you. Would you like to have a look?"

"I don't have time now. Just get ready, oh! I have to talk about the list with song group tonight. "

"Then you should dress more beautifully tonight, Mr. Pei. Mr. Song is very interesting to you!"

Pei Yuehuang held her forehead big. "Song Cheng is also cunning. He wants to use this cooperation to force me to communicate with him."

"Mr. Pei, do you want to agree?"

"I will never settle for emotional matters, let alone aggrieve myself. If we can't talk about cooperation, we will forget it. But I hope we can talk about it before this year, so that this year's annual report will look better, or we can make a good difference to our shareholders."

Pei Yuehuang said, her eyes couldn't help but look at the mobile phone, she said to the assistant, "Xiaomin, you go out to work first!"

Xu Min goes out. Pei Yuehuang picks up her mobile phone and turns to the message yesterday. She squints her eyes and looks at it for a while. These days, grandpa is urging her to take the blue second young master home.

However, she stopped her because she didn't want to impose feelings on him. Last time, she had to let him play a play because she had to.

Now, the young master of Zhao family doesn't bother her any more. She doesn't have to worry about Grandpa's blind date dinner.

Pei Yuehuang sighs a little, but she doesn't know what she is sighing. She just feels like she has a sullen feeling in her heart.

At the golf course, Bai Xia is practicing. She swings out one stroke at a time and plays very well. However, she doesn't play as well as the two men nearby. She just came here to play.

Chapter 1118

At 2:30 p.m., Xing Yifan took Bai Xia and LAN Qianchen out to eat in the restaurant. LAN Qianchen went to the banquet alone, so it doesn't matter whether he has a female partner or not, and he doesn't care.

Xing Yifan plans to take Bai Xia to his aunt's shop to pick out an evening dress. Tonight, he wants to spend a happy night with her.

Jiangshan's shop is a rare high-end shop in the city center. It has more than half of the upper class guests. The annual turnover is also very considerable. She has been dealing with beautiful and fashionable clothes all her life. For her life, although she is single up to now, she has no regrets, and she does not regret that she has no children. She knows that her sister's children will take care of her forever.

And these children are also very filial to her. Before Xing Yifan left, he led Bai Xia into the blue jewelry store.

Bai Xia thought he was going to buy her jewelry again. She whispered immediately, "don't buy any more. I don't need these."

"I bought it for another woman." Xing Yifan pretends to be mysterious and wants to tease her.

As soon as Bai Xia heard it, her eyes glared, and she began to question, "who is that?"

"A beautiful and beautiful woman, come in! Choose a necklace for me with your eyes. " Xing Yifan wants to test her jealousy when he sees her jealous.

Bai Xia immediately encircled her arm and hummed softly, "why do you want me to choose?"

"You girls have a better choice. Come on, that's a woman I like very much." Xing Yifan is crazy at the edge of being scolded.

Bai Xia's face turned white, but she wanted to see what kind of woman he was going to choose.

"Necklace? Good! I'll pick it for you. " Bai Xia asked again, "how old is she!"

Xing Yifan thought for a while with his sexy chin. "I don't remember his age, so you can choose with your eyes! All in all, beauty is fine. "

Bai Xia walked into the counter. Although she was really angry just now, she felt that her position in his heart was shaken when she heard that he had a woman she liked. Would she even share his love with another woman?

Think about it, she can't accept it, even she has a kind of tragic heart, if he chooses another woman, she will be generous and complete.

At this moment, she has been extremely jealous, and has gone in the direction of achieving his happiness.

Bai Xia would like to choose a very kitsch necklace for each other, but think about it, that is, the woman he likes, why does she harm him?

Bai Xia's eyes bent down and looked at the counter. He had to choose carefully. Xing Yifan followed her around the arm behind him. He was a little shocked. Shouldn't she question him and be angry with him?

Or, ask more about that woman from his mouth! But Bai Xia is very quiet. She carefully chooses one counter after another.

Finally, Bai Xia saw a necklace that was very delicate and shaped like a crescent, which was fashionable and elegant.

But when she saw the price, Bai Xia counted the zeros carefully. She couldn't help looking up at the man beside her and said, "this necklace is good, but it's a little expensive."

"This is your vision. It's ok if you are more expensive." Xing Yifan decided to buy it, as long as it was her choice.

Bai Xia's heart was stabbed by something. It turned out that the woman was so important in his heart. No matter how expensive it was, he would give it as long as he liked it.

"Then I'll wait for you at the door." Bai Xia said, silently from his side over, toward the direction of the door.

Bai Xia turns her back to Xing Yifan. When she goes to the door, her tears are rolling in her eyes. She really has a sad feeling that she never had before.

It seems that she is about to lose him. This feeling is no less than the collapse of the sky.

Bai Xia was waiting at the door with her arms around her.

Xing Yifan is paying the bill, and he looks at the slim figure behind the glass at the door.

He felt that Bai Xia had something wrong with his mood. Was that joke he had just made too much?

At the moment, Bai Xia doesn't even want to attend the dinner party tonight, that is to say, he has a woman he likes, and such an opportunity should be given to the other party, which she originally likes.

Bai Xia turns to look at the man coming out of the checkout. She takes a deep breath and tries to show a generous look. Her tears are wiped clean.

"Let's go!" Xing Yifan makes a gentle voice towards her. When he gets on the bus, he explains to her.

Bai Xia suddenly smiled. "I think I'm going back to my father's house in the evening. I won't go to the party. Please find someone else."

This time, Xing Yifan was stunned.

Bai Xia continued to smile and said, "Xing Yifan, I know that I am very ordinary and unworthy of you, so if you have a woman you like, I am willing to quit without disturbing you."

Xing Yifan, "..."

Bai Xia is biting red lips. She is holding back tears and says, "I will make you, I will..."

Xing Yifan's heart is going to break. At the moment, he is only angry and blames himself. He even has the impulse to beat himself up. Looking at the moment when Bai Xia's tears fell, his hand immediately reached behind her head and pressed tightly. Bai Xia's crying face was on his chest.

At this moment, Xing Yifan regretted so much that he would never open such a joke again.

Did not expect this wench to leave him unexpectedly, still say to complete him, this means that she can freely give him to others?

No, he won't!

Bai Xia was in Xing Yifan's arms, tears were suddenly wet. Xing Yifan said in a low voice, "I'll explain when I get on the bus."

"I don't want it!" Bai Xia doesn't want to get on his car. At the moment, he is also angry and angry with him. That is to say, he has different women. Why bother her? Why is it so hateful and hateful.

This time, Xing Yifan found himself guilty.

"Darling, get in the car." Xing Yifan just wants to find a quieter environment to explain all this.

"No!" Bai Xia is stubborn.

Xing Yifan immediately reached out for a hug, just like the princess holding her, and held her to the direction of his car.

Bai Xia immediately raised her head, a little face covered with tears. She stared at him, "Xing Yifan, let me down."

Xing Yifan takes Bai Xia to his cross-country car, unlocks the lock, opens the back seat door, and puts Bai Xia in. Bai Xia pushes the door and wants to come down.

Xing Yifan had to sit in and block her up.

The rear-view mirror of the off-road vehicle is anti-theft, so all outside visits are strictly refused.

Bai Xia wants to push another door, and continues to want to escape him. Xing Yifan's arm, once explored, pulls her back to her arms and gets anxious. "Don't you want to hear me explain?"

White summer is biting red lip, tear still revolves, "you still have what to explain."

"Yes!" Xing Yifan said definitely, "I want to explain who this woman I like is!"

White summer listens to him to be willing to say, her a pair of red and swollen eyes immediately stare over, "that you say."

Xing Yifan doesn't feel that she looks funny, but only feels hurt and blames herself.

His voice was hoarse. "Her name is Jiang Shan. She's my mother's sister, my little aunt. She's the owner of a dress shop."

Bai Xia's head exploded with a loud bang. Now, she was ashamed, angry and resentful. Her pink fist immediately greeted Xing Yifan and beat him on the chest, "you are dead, Xing Yifan you bastard, I don't want to pay attention to you."

Bai Xia is going mad. At this moment, she knows that she was so stupid, and there are so many emotions. She is dying of sadness.

"Hit hard, I'm a jerk, I'm bad, but don't ignore me." Xing Yifan is motionless and is hit by her. There is only gentleness and flattery in her eyes.

As expected, Bai Xia beat his chest hard, but beat and beat. Bai Xia stopped. Xing Yifan immediately chuckled, "I know you are reluctant to beat me."

Bai Xia turned his head and stared at him. He said angrily, "you think more. I just hurt my hand."

Who makes his chest so strong and hard? Her fists are all red. If you hit him again, he has nothing to do with it. Her hands will hurt to death.

Xing Yifan's eyes immediately showed concern. He reached out to hold her two palms and saw that her joints were red. He quickly blew towards her little hands and said with heartache, "really hurt? Do you want to go to another place? Change to a softer place. "

Chapter 1119

When Bai Xia heard this, she immediately picked up her eyebrows proudly and said, "OK! You said it! Then I'll pick your most vulnerable place to fight. "

Xing Yifan, "..."

Bai Xia immediately clenched her fist, which had not yet been hit, but her eyes had already glanced at what men called the most vulnerable place.

"What a fight you are!" Xing Yifan swallowed her saliva, for fear that she would fight.

Bai Xia's pretty face turned red. He really had to beat him with his fist. "I want you to tease me later! Xing Yifan, I warn you that if you dare to like other women, I will really ignore you. "

Bai Xia's warning still sounds childish, but Xing Yifan really has to remember it, and has a deep memory. He dare not make such a joke again.

Xing Yifan suddenly leans over and squints his eyes. There is some danger in the bottom of his eyes. "Bai Xia, your behavior just now seriously teased me. I want you to be responsible."

Bai Xia immediately blushed for a grade and moved aside quickly. "I didn't tease you, you think more!"

"But you did." Xing Yifan began to cure her.

Bai Xia swallowed his saliva and said, "I didn't touch it!"

Xing Yifan didn't touch her. Anyway, he wants her to be responsible now.

"I have to make up for it." After Xing Yifan finished, she wanted to hold her upper body and press it, and Bai Xia fell into his arms again. The clear breath of the man was enveloped, and the red lips were blocked.

Now, Bai Xia is really going to faint. Who is the aggrieved one now?

Xing Yifan kisses enough. Bai Xia sits with a red face and a dizzy head. In the back of the narrow carriage, there seems to be a heat, which makes both of them sweat.

It's still a cold winter scene.

Xing Yifan said with a deep smile, "are you still angry?"

"The kind that's angry and can't be coaxed." Bai Xia rings her arm and turns her face away.

Xing Yifan immediately handed her the necklace she had just bought. "No, let me coax you. Here you are. I'll buy another one for my aunt."

Bai Xia shook his head. "No, you can send this one!"

She just doesn't want him to spend money. This one is very expensive.

"Haven't married me yet! He began to save money for me. As expected, he is a good wife." Xing Yifan chuckles and praises her.

Bai Xia, "...". She reached over and immediately pinched his pretty face. "I think you owe it. Who is going to be your wife?"

"To fight is to love, to scold is to love." Xing Yifan smiles charming.

Bai Xia can't help him. She pushes the door open. She goes back to the copilot's seat and opens the mirror. She wants to see whether her eyes are swollen or not. She can't see people for a while. However, she only sees that her red lips are a little swollen after kissing. It seems like she's wearing a layer of natural rouge. It's pretty.

White summer's body can't help a trace of heat, still think he is hateful.

Xing Yifan sits in the car and looks at the coaxed girl. He sighs secretly and learns a big lesson.

He started his car and headed for Jiang Shan's shop.

Bai Xia also calmed down her mood along the way. Moreover, through that time, she found that she really could not lose this man, otherwise, what's the meaning of her world?

Just now I felt that the whole world would collapse.

Xing Yifan's car stopped in the parking lot, he pushed the door to get off, and Bai Xia got off. Xing Yifan carried the jewelry bag and led Bai Xia's hand to the direction of the store door. Bai Xia can't help but stare at her eyes. Such a dress shop is too luxurious. It covers an area of nearly 500 square meters. Moreover, it is a three-story building in a luxurious area in the city center.

"Is your aunt very rich?" Bai Xia asked curiously.

It's mainly because Bai Xia still doesn't know Xing Yifan's family background, so looking at Jiang Shan's store, she will think that this must be a very rich person to have such a store.

"My little aunt should be very rich. She is self-sufficient and donates more than 10 million charity every year."

"And your uncle?" Bai Xia asked again.

Xing Yifan said with a smile, "my little aunt is a single aristocrat. She hasn't married yet!"

Bai Xia was stunned for a moment. "Is that right?" Then she shouldn't go in and ask.

Xing Yifan leads Bai Xia in, and the waiter outside the store immediately smiles and says, "second young master, you are here."

"Is my aunt here?" Xing Yifan asked.

"The landlady is on the second floor. Do you want me to invite you now?"

"No, let my aunt receive the guests! I'll have a look around. " After Xing Yifan finished, he said to Bai Xia, "let me show you my aunt's shop and see which evening dress you like first."

Bai Xia looks at the back of the full shopwindow cabinet on the first floor, which is an expensive evening dress. As a woman, she feels happy and even loves everything here.

"Good!" Bai Xia nodded and felt the eyes around her looking at her in surprise. Bai Xia is led upstairs by Xing Yifan, and the waiters are also making eye contact. It seems that this is Xing'er's girlfriend! It reminds them that a few years ago, Xing's eldest young master came in with his girlfriend. Now, that young lady has become Xing's wife.

Bai Xia went up to the second floor and felt that her eyes were shining. There were rows of elegant evening gowns of various styles here, each of which was made with ingenuity, and the perfect integration of every stitch.

Xing Yifan said to her, "go and have a look! Whatever you like. "

This sentence means that she can have whatever she likes.

But Bai Xia doesn't want to own anything. If she needs an evening dress tonight, she will choose the one that suits her.

Just then, a charming laugh came, "my little Yifan, you can count on coming to see me."

Bai Xia immediately looked back and saw a charming figure on the handrail on the third floor. The noble and elegant atmosphere and the feeling of putting one's hand into one's feet can't be possessed by anyone.

Jiang Shan's eyes looked at the pure and beautiful girl beside Xing Yifan, which made her think of Tang Siyu brought by Xing liehan. It seems that both brothers have good eyes.

"Auntie." Xing Yifan smiles and leads Bai Xia to welcome the past.

Jiang Shan looks at Bai Xia with a smile, and says to Xing Yifan, "I'm not going to introduce you to my aunt."

Xing Yifan reached for Bai Xia's waist, and the action was already explaining her identity. He also smiled and introduced, "little aunt, this is my girlfriend Bai Xia."

Jiang Shan's eyes fell on Bai Xia with satisfaction and nodded, "yes, Miss Bai is very beautiful."

"How do you do, aunt?" Bai Xia said hello to her.

"No, it's a gift she picked for you." Xing Yifan hands the bag to her.

A pretty face of Bai Xia beside her turns red involuntarily. Thinking of the misunderstanding, she now wants to beat the man around her.

Jiang Shan couldn't help opening the box and looking at the beautiful necklace, she said with a smile, "Miss Bai's eyes are really good, very beautiful, I like it very much."

Bai Xia also likes Jiang Shan very much. She is such a cultivated and gentle lady, which makes her feel very kind and free from pressure.

"Aunt, I'm taking her to Chairman Yang's party tonight. What kind of evening dress is suitable for her?" Xing Yifan said to Jiang Shan.

Jiang Shan's eyes smiled at Bai Xia, and she thought, "I'll choose some suits for Xiao Xia later, and let her wear them for you to have a look."

"Good!" Xing Yifan nodded.

"Xiaoxia, you can also choose by yourself. Try on whatever you like! On the third floor, if you like

"OK!" Bai Xia smiles.

Xing Yifan took her hand and came to the next row of evening gowns! I'm with you. "

Bai Xia reached out and stroked the high-grade cloth. To be honest, she used to feel comfortable. Now, she found that it was comfortable and beautiful. It was really pleasing to the eyes and the mood would be better.

Bai Xia looks forward and Xing Yifan steps behind her. Jiang Shan looks at her not far away. She can't help chuckling. It seems that her sister doesn't have to worry about Yifan's marriage.

Bai Xia really has no foundation on what to wear for tonight's party, because she has no experience in senior party.

"Will you blame me if I lose face with you tonight?" Bai Xia asked, turning to the man beside her.

Xing Yifan smiled and said, "then I will lose face with you."

Bai Xia chuckled, "OK! You said it. "

Xing Yifan gently raised his eyebrows. "In the future, we will share weal and woe with each other."

Bai Xia chuckles and nods.

Chapter 1120

Jiang Shan's vision is very good. In a short time, a waiter pushes Jiang Shan's evening dress. There are ten dresses she picked out first.

At the same time, Bai Xia is also dazzling. She looks at the tuxedos she pushes. She also likes them. They are all fashionable clothes suitable for her age. Bai Xia is still looking at them. At this time, Xing Yifan brings up one of the tuxedos wrapped in the chest, and says to the attendant on the side, "don't do this one."

The tone is very definite.

The waiter was shocked and said with a smile, "second young master, this evening dress is very beautiful!"

Bai Xia also looked over, and immediately her eyes brightened. "It's really beautiful. Can I try it on?"

Xing Yifan's handsome face sinks slightly. He is domineering and says, "don't wear this."

"Why?" Bai Xia knows why he doesn't allow it, but can't she get even if he teases her like that before he comes?

"I'm not sure." Xing Yifan doesn't have any reason, but he doesn't want her to wear such an exposed dress. In fact, at the dinner party, such a dress is normal.

Bai Xia came over, took the waiter's tuxedo and hummed to him, "I'll wear it."

"Bai Xia You Xing Yifan was directly angry, but he dared not say anything more. He raised his eyebrow and said, "you must not look good in it."

"You mean I can't handle it? Or is my figure bad? " Bai Xia turns to question.

Smart people, will not question the body of the beloved woman, because this is a problem of self-esteem, Xing Yifan of course dare not, he immediately narrowed his eyes and smiled, "you look good in anything."

One side of the waiter Wu mouth chuckles a, Xing two young master's desire for survival is very strong!

Bai Xia was satisfied, but she took a small black dress with one shoulder and a fluffy skirt with beads, which she liked very much.

"I'll try them on." White Xia Dynasty attendants smile way.

"OK! This is the fitting room. "

Bai Xia follows in, Xing Yifan also comes and waits, he still wants to persuade Bai Xia not to wear that.

The first thing Bai Xia tried on was the one that wrapped her chest just now. The effect she wore was pure with a bit of playfulness and little sexy.

She looked at the man who folded her long legs on the sofa and looked at her. She looked at herself in the mirror.

Xing Yifan's eyes narrowed, looking at her figure from top to bottom, and there was a surprise in her eyes.

He did not see it wrong. The girl looked thin, but she was still very fleshy and comfortable to hold. But if she wore this evening dress to the party, she would be blessed by other men.

Try another one Xing Yifan proposed.

As expected, Bai Xia said she wanted to try, but after she tried, she still felt too much exposure. She put her hand over her chest and said to Xing Yifan, "isn't it nice?"

"Nice, but I think the other one suits you better." Xing Yifan squinted and said it seriously.

Bai Xia had to go into the fitting room again. In a short time, the one shoulder black dress seemed to turn her into a midnight goblin, pure appearance and childish facial features, but because of the ornament of this evening dress, she became an elf under the dark night, making men want to be crazy.

Xing Yifan swallowed saliva, thin lips biting sexy, eyes in the luster in the dye black.

"Pretty?" He asked in the white Xia Dynasty.

"Nice! This is the right one. " Xing Yifan was satisfied, because she only showed the shaved shoulder and part of the white clavicle, which should be covered, but the hem was slightly shorter, which made him not satisfied.

But it's better than that one.

"That's it!" Bai Xia also liked it very much. At this time, the waiter came up and said, "Miss Bai, try this small suit again. If you feel cold, you can put it on."

Bai Xia put on the suit again. It's very suitable. There's a kind of nobleness in the suit. She nodded, "OK."

Xing Yifan stood up, and the waiter immediately quit the fitting room. Bai Xia was still looking in the mirror, and a tall man appeared behind him.

Bai Xia found out that he was really tall in the mirror!

Xing Yifan can't help but hold the palm of his hand and compare it on her head, only on his neck. Bai Xia immediately turns his head and looks at him white, "what's the comparison? If you think I'm short, just say it. "

Xing Yifan tried to bear a smile, but he pressed her in his arms. "I like short ones."

Bai Xia was angry and annoyed. He struggled for a while in his arms. "You are tall. What are you doing to grow so tall?"

Xing Yifan smiles and kisses, "in order to kiss you better!"

Bai Xia's pretty face is red. This is the fitting room! Someone will come in at any time. He dares to make trouble.

"Xing Yifan, can you be serious? I'll try on my clothes!" Bai Xia pushes him.

Xing Yifan reaches over and arranges the collar for her. Looking at her white shoulder, he suddenly feels something is missing. He suddenly bends down and sucks at her neck. Suddenly, white summer's white neck seemed to be branded with his exclusive brand.

Bai Xia itched to death. Pushing him aside, he found that the kissing mark on his neck was obvious. It seems that it can't be eliminated this night.

"Are you hateful or not?" Bai Xia stares at him in the mirror.

"I want to brand my own label, so that tonight's men know that you belong to me alone." Xing Yifan's overbearing smile.

"Childish." Bai Xia scolds him funny.

Xing Yifan also realized that since he stayed with this woman, he really infected her childishness and gave birth to a strong heart like a child's food care every day. "My eldest brother said, if you want to chase a girl, you have no face or skin. Otherwise, if you want to face, you have no woman." Xing Yifan takes out the classic sentences of big brother.

Bai Xia bent down with a smile. When she bent down, the man in the mirror would be full of eyes.

White summer checks to feel, smile at once while covering chest, "do not peep."

Xing Yifan squinted. "My woman, where can't I look? Anyway, sooner or later it's all mine. "

Bai Xia can't talk with him anymore, otherwise, it will be ambiguous.

At this time, the voice of Jiang Shan outside the door sounded softly, "Yifan, Xiaoxia, have you tried it on?"

"Try it on, aunty, come in!" Xing Yifan goes out of the gate.

Jiang Shan pushes the door out and looks at Bai Xia standing in front of the mirror. She immediately comes to clean it up for her. Suddenly, she finds the kiss mark on her neck. She immediately understands what happened here.

Young people's world, she is not envy.

Bai Xia's pretty face was red. She knew that Jiang Shan must have found the kiss. She put out her hand and covered it.

"It's very suitable for you, just wear this one! Have a good time with Yifan in the evening. Now go and make up. " Jiang Shan smiled at Bai Xia.

Bai Xia nodded and followed Jiang Shan out. Xing Yifan also followed him with his hands in his pockets. Almost where is Bai Xia and where is he!

Bai Xia sat in front of the dressing table, and the makeup artist immediately praised her, "Miss Bai's skin is so good! It's beautiful without makeup. "

Bai Xia is embarrassed to smile. She is probably born. She doesn't usually use expensive maintenance products.

"Elder sister, may I ask, can this red mark on my neck be covered with powder?" Asked the white summer makeup artist.

When the makeup artist looks at it, it's obviously lip print!

The make-up artist didn't say anything. The man next to him replied, "don't cover it, keep it."

But Bai Xia was in a hurry. "No way."

"I'll print you another one if you're covered." Xing Yifan sat by, in front of so many people, he had nothing to be ashamed of.

Bai Xia, "...". Her face was red and hot, as if it had been rouged.

The make-up artist immediately coughed and smiled, "if you don't cover it, don't cover it!"

Bai Xia doesn't want to talk anymore. She closes her eyes and is put on makeup by the makeup artist. This is the party makeup. The makeup artist makes a suitable makeup on her face.

Some people, even with heavy make-up, also give people a pure feeling. Bai Xia is like this. She laughs, her eyes are clear and smart, and she can't be charming.

Xing Yifan looks at the girl who gets up. Her hair is curled on her chest. Her makeup is clean and clear, but her eyes are more colorful, her facial features are clear, and her red lips are painted with a more colorful color.

With a different aesthetic, like a tickling goblin.

Xing Yifan was very satisfied.

It's still early. Xing Yifan takes her to the top coffee shop to drink coffee and wait for the night.

Pei's group, a meeting ended around five o'clock. Pei Yuehuang was dressed in a neat and capable suit, with long hair tied behind her head and delicate features. She was as powerful as a man.
