Chapter 1141

"No! I won't allow it." Pei Yuehuang refused unilaterally.

Blue thousand Chen humed a, "owe."

This time LAN Qianchen directly carried her back to her door. Pei Yuehuang put on her shoes and said to him, "go back! Tomorrow you drive to work by yourself."

"No! I want to be with you."

"I'll go home tomorrow morning to see my grandfather. He's not very well." Pei Yuehuang opens his mouth.

"I'll go back with you." Blue thousand Chen immediately low proposal.

Pei Yuehuang calmly refused, "no need."

"Your grandfather invited me to your house last time." Blue thousand Chen squints Mou, last time she also promised well, but did not see her invite him to go home.

Pei Yuehuang's eyes looked at him complicatedly. Thinking of the gap between them, she was a little bitter.

"Next time! Wait until he's better." Pei Yuehuang finished, turned and pushed the door in.

LAN Qianchen watched her go back to the hall and saw that the light in her hall was on before he turned to leave.

His heart is like ice and fire, just that kiss, she is clearly warm as fire, but why does she still refuse him? It made him a little confused.

It's about ten o'clock unconsciously. Bai Xia's mood is very high today, and her comic book speed is also very fast. Moreover, her man is perfect to make readers excited. Every day, there are too many messages, and her popularity is the number one in the comic book list. Her editor in chief is going to love her to death. Before that, she was not plagued or angry. With this cartoon, she finally soared to the sky.

At the same time, this cartoon naturally attracted the attention of the film and television industry, so popular, it is inevitable to produce film and television.

"Xia Xia, I'll ask you out tomorrow to meet two people in film and television. How about we sit down and talk about it?" The editor sent her a message.

Bai Xia is holding her chin. She knows that she is really angry with this cartoon. However, this cartoon means a lot to her.

Because every frame here records the process of her and Xing Yifan from acquaintance to love. Maybe in another month, she will give the cartoon a perfect ending.

"Let me think about it again!" Bai Xia hasn't thought of making a movie at present.

"Miss, this is a good film and television resource! Don't think about it too long. While the popularity is still there, you can make an appointment with a high price. "

"Good! Give me a little more time to think about it. " Bai Xia is also very happy to be confirmed.

Maybe it's about work. She lost her sleep tonight. Now she wants to continue working.

Xing Yifan also works in his apartment, because big brother has left his work to him now, so he has to be busy.

Xing Yifan's busy schedule is around eleven o'clock. After he finished, he took a look at the time. He could have slept directly, but he still wanted to come over and see some girl to sleep.

Xing Yifan thought that Bai Xia was asleep. He pushed the door in gently, but when he saw it, the light in the study was still on.

It's almost half past eleven. She hasn't slept yet? Xing Yifan doesn't get angry, does she stay up late?

Bai Xia is looking at her comic book. As expected, even she is very excited. Xing Yifan on the comic book is handsome and stylish, showing all-round bullying boyfriend power, which makes her look like a heart is going to die.

Suddenly, she heard the footsteps outside the door. Soon, a tall figure stepped in and scared her.

"You Why haven't you slept yet! " Bai Xia asked him back, and at the same time closed the notebook in a panic.

Xing Yifan looks at her flustered look, he can't help squinting his eyes, "you don't sleep in the middle of the night, what are you peeping at?"

Bai Xia's pretty face turned red. Where did he misunderstand? She blushed. "I didn't peek at anything!"

"What did you do without peeping into the computer? Is it inappropriate to peek at children's affairs? " Xing Yifan teased her and added, "why peek? If you want, just ask me. "

Bai Xia couldn't talk with him any more. She said angrily, "I just didn't watch it. I saw what it was for."

Xing Yifan narrowed his eyes and smiled vaguely, "who knows you?"

Bai Xia is a little guilty. Although she didn't see anything suitable for children, she was secretly reading his cartoon! I can see some soul waves.

"Why don't you sleep?" Bai Xia ignores this topic and cleverly opens it.

Xing Yifan asked her, "why don't you sleep?"

"I slept in the afternoon. I'm awake now. I can't sleep." Bai Xia got up and was hugged by a man when he came to the door. The man's low voice fell on his ear, "do you want to exercise too much? You'll sleep better. "

"We don't have sports equipment at home." Bai Xia's brain is simply not comprehended.

Xing Yifan smiled and pushed her to the side of the wall. He leaned down and said, "I am the sports equipment."

Bai Xia understood. She pushed him a little flustered. "What are you thinking all day long?" "Miss you!" Xing Yifan said shamelessly.

Bai Xia's heart was sweet, but he pushed him. "Don't think about it all day!"

Xing Yifan saw her pushing him, but he was not happy. He pinched her chin and a hot kiss came down.

Where can Bai Xia push him? Instead, she was imprisoned by this man in her arms, which made her have no choice but to meet his enthusiasm.

A kiss in the middle of the night, it seems even hotter, and the reaction is amazing. Bai Xia can feel his dangerous aggressive breath, and she gently pushed.

Xing Yifan had to let go of her, because if he didn't let go of her, his trousers would be stretched open. "Cheapskate." Xing Yifan bit her in the ear again and gave her a crime.

Bai Xia looks at his uncomfortable appearance, she can't help but cover her mouth and smile, "who let you find yourself guilty?"

At the moment, Xing Yifan, a handsome face, is suffering from some emotions. He is biting his thin lips and suffering from emotion. He is wearing a black shirt. He is obviously ascetic, but he is suffering from desire.

"Goblin, now you refuse me, I will double my demand for it in the future." Xing Yifan can only have one mouth addiction.

Bai Xia looked at him innocently. "I didn't ask you to kiss me!"

Xing Yifan had to stare at her angrily, "go to bed early, don't stay up late."

"I see." Bai Xia promised well, "I'll pick them up in the morning."

Xing Yifan nodded, "OK! Together. "

Bai xiamu sent him away. She went back to her position and brushed the news. Then she went to sleep.

White House.

Ye Jiamei continues to sit on the sofa and looks out of the hall. Suddenly, she hears the sound of the car. It's a familiar sound. She rushes out of her mind.

Sure enough, she saw Bai Shize's car coming in, and she ran quickly with joy.

Bai Shize stops the car, pushes open the door and comes down with a briefcase. Ye Jiamei excitedly calls him, soft and flattering, "honey, you're back, and I've been waiting for you."

She wants to win Bai Shize's sympathy with her poor appearance.

Bai Shize 's eyes are not even to see her, "I came back to get things, by the way to see the children."

"The children are asleep, will you not leave tonight? Stay at home and rest. " Ye Jiamei pleaded.

Bai Shize did not find Ye Jiamei's and Hu Sheng's house opening records these days, but he just relied on his intuition. In fact, for the sake of his two children, he was really contradictory. In fact, he also woke up his ignorance of her these years.

"If you dare to cuddle with other men in the future, you can pack up and leave!" Bai Shize angrily left his words.

"I dare not, I dare not, that day is not my fault, it's my shoes are not easy to walk, my high school classmates just help me, really, I dare not cheat you." Ye Jiamei has figured out how to explain now.

Even if Bai Shize doesn't believe it, he doesn't want to fight with her now. For him, for the sake of children, he can continue to return to his family, but the relationship between husband and wife will become more rigid.

Here, maybe it's just a place for him to communicate with the children. Ye Jiamei only needs to fulfill the responsibilities of a wife and mother.

Ye Jiamei carefully held a glass of water for him. "Honey, I'm wrong. I'm afraid no more. Forgive me!"

Bai Shize looked at her face, and suddenly found that he was really strange, and even he could not find a trace of feelings for her, but he was still responsible, so he would not really not come back.

Chapter 1142

This evening, in order to send his son to school the next day, Bai Shize stayed at home for the night, but he went to sleep in the guest room. Ye Jiamei sighed with relief. She checked her husband's attitude, which was not as tough as before, which meant that his investigation of her and Hu Sheng was over!

It seems that Hu Sheng had some secret means. She and Hu Sheng would come out almost every week these years, like living a normal life as husband and wife.

Ye Jiamei is in the dark. Her eyes are like a venomous snake, twinkling with a sinister breath. At this moment, she thinks that all these things are caused by Bai Xia, and she would like to strangle her.

Now her husband also begins to return to her side. In order not to let Bai Xia continue to harm her, she must start to make some means. It's better to let Bai Xia disappear in the world and return her a eternal peace.

Ye Jiamei is thinking about some ways in her mind, as long as she can make Bai Xia go silent.

In the morning, Bai Shize got up early to see a pair of children. He went downstairs and saw his daughter Bai Ying eating breakfast and his son Bai Rong packing his schoolbag. He was nineteen years old. Because of Bai Rong's money, he went to the best university in the city, while his daughter sitting next to him also went to noble high school.

"Xiaorong, Xiaoying." Bai Shize called the two children.

Bai Ying called to him affectionately, "Dad, did you come back last night?"

Bai Rong on one side didn't even look at him. He packed his bag and was ready to leave. Bai Shize immediately stopped him. "I'll give you a ride later."

Bai Rong immediately hummed, "don't give it away, but you like to live outside. What are you doing back?"

As a boy, Bai Rong knows that he loves his mother very much. Ye Jiamei waits until midnight every day these days. He sees it in his eyes, so he hates his father a little.

"Rong Rong, how did you talk to your father? Apologize." Ye Jiamei came out with a bowl of noodles and immediately scolded her son.

Bai Rong immediately angrily glared at Bai Rong, "you are not worthy to be our father, you don't want this family, what do you want us two children to do?"

Ye Jiamei on one side is going mad with rage. She is not easy to leave her husband. Is it necessary to let her son go? She came over, in order to make her son obey, she slapped Bai Rong in the face, "what are you talking about? Who said he didn't want you? "

Bai Rong was knocked unconscious by his mother, while Bai Shize was also heavy in his heart. His son's words hurt him

Bai Rong, however, was ungrateful. He picked up his schoolbag and swung the door away.

Bai Ying put down her chopsticks and was frightened. She picked up her bag and said, "Dad, mom, I went to school."

Finish saying, two children leave, Bai Shize some angry toward Ye Jiamei way, "why did you hit the child just now? I don't have any quirks. "

Ye Jiamei also regrets this moment, but she absolutely forbids her son to destroy their relationship, so even if she loves her son again, she should also look like a strict mother.

"Don't keep your child's words in mind. He just didn't mean it."

"I don't blame Rongrong. It's our own problem. I blame the children." Bai Shize sat on the sofa and sighed.

Now his family and work make him a little bigger, so he felt more pressure for a while.

Ye Jiamei thought of her son's words just now. Her heart was very empty. Her son didn't know how they had such a good life now.

Bai Shize, let alone, was very interested in her two children from childhood, especially when he grew up doting on his son, what he wanted to give, and paying him to go to the best university.

This means that he has to be used endlessly all his life.

"Shize, you see the children all hope you can come back. You can go home every day in the future! If you still blame me, you can come to me! The children want to see you. " Ye Jiamei immediately persuaded him with the children.

Bai Shize saw his son's attitude just now. He blamed himself. So, for the sake of this family and the sake of his children, he still compromised.

"I'll come back to this house, but don't let me see you and other men hook up."

"I'm loyal to you. What can I do with other men? I'm afraid no more. I'll take care of our family when I've sent the kids home. " Ye Jiamei immediately expressed her determination.

Bai Shize looked at the breakfast, and he had no appetite. He picked up his briefcase and left directly. After watching her husband leave, ye Jiamei leaned on the door of the hall, with a smile of victory on his lips.

This time, Bai Xia thought she could break up her family with several photos. Hum! It's not so easy. Even though Bai Xia is the daughter of Bai Shize, she is also a daughter. She will have to spend money to marry in the future. How can she be as stable as her son?

In the early morning, Pei Yuehuang drove out. On the side of the road, she saw a blue sports car with double flashing lights. It was blue Qianchen. When she drove to his car, she saw blue Qianchen sitting in the window.

The morning sun hit him on a handsome and gentle face. He lay on the window and showed her a charming smile, "good morning." Those Obsidian like eyes twinkled with gentle luster, as if the sun around them had faded. Pei Yuehuang's eyes only had his smile.

Pei Yuehuang fixed to look at him for a few seconds. In order not to let her become a narcissist, she forcibly turned her eyes away. She said nimbly, "I'll go first."

When she stepped on the accelerator, she had some regrets. Why didn't she just stop for a while? Two more eyes?

LAN Qianchen watched her sports car, and he immediately stepped on the accelerator to catch up, just behind her body.

Early in the morning, on the road, two sports cars, one red and one blue, are particularly eye-catching.

Red publicity, blue elegance, as if the charm of these two owners themselves.

Pei Yuehuang took a look behind her, and a smile came out of her mouth. Inexplicably, her mood was happy and sweet in the early morning.

Perhaps blue thousand Chen really has a kind of magic, let her see him happy, is this fate?

On the same road, Pei Yuehuang's car drove towards Pei's house, while LAN Qianchen was going to her company, so she separated.

Pei Yuehuang can't see his car any more. Her heart is lost.

Her car is not Pei's house, but a nearby hospital. Her grandfather is still in hospital.

Pei Yuehuang arrives at the door of the hospital. The nurses already know her. They guide her to the door of Pei's ward.

I saw Mr. Pei sitting on the sofa with a good mouth, drinking a bowl of soup in his hand, and watching the news. It was very leisurely.

He was startled by the granddaughter who suddenly pushed the door in. Looking at Pei Yuehuang, he immediately put down the soup.

"Yuehuang, why are you here?"

"I come to see you! Grandpa, what's wrong? " Pei Yuehuang sat beside him, carefully looking at the red faced grandfather.

It's true that Mr. Pei lived in because of Xiaomao's illness. He didn't have much trouble. "It's just that the blood pressure is a little high recently, and the brain is confused." Pei said holding his forehead.

Pei Yuehuang laughed, "Grandpa, I don't believe that you've used so many moves. I'm not a three-year-old anymore."

Mr. Pei looked at her angrily, "even if you know I lied to you, you will not take a boyfriend home to make me happy! You really have to wait for me to be admitted to the hospital one day. Can't you bring it back? "

Pei Yuehuang stopped laughing at once and said seriously, "Grandpa, you will live a long life! You have to see great grandchildren grow up! "

"I'm seventy-eight, and half of my body has stepped into the soil. You're not worried."

"Grandpa, actually I am! It's a matter of minutes to find a boyfriend, but it's the condition of being in trouble, which scares many men away. Do you think you can avoid being in trouble?" Pei Yuehuang pleaded to Grandpa.

Mr. Pei's face sank immediately, and he said firmly, "no, we Pei family must be encumbered. That's tens of billions of assets. I can't give it to outsiders. Even if he is not an outsider, he must also promise me that he will inherit the property as Pei family in the future."

Pei Yuehuang looked at her grandfather's thousand year old stereotype, which was really ineffective in persuasion. She couldn't help saying, "Grandpa, make sure you are healthy. I'll go to the company first."

"Girl, wait a minute! Last time you said that the young master of the blue family was very good. When will you take it back and have a look?"

Chapter 1143

"No! He's too small for me to see." Pei Yuehuang refuses.

"What is not small? I think it's very good."

Pei Yuehuang's heart is bitter. If grandpa doesn't insist on entering the redundancy, she may bring it back, but she dare not. She is afraid of entering the redundancy, which scares him away.

Bijing blue family is a family with more money than Pei family. His family will never allow his son to marry her as a burden, which is disrespectful to blue family.

At this time, Pei Yuehuang's mobile phone rang, she picked up a look, "Grandpa, I left first, the company is busy."

Mr. Pei was reluctant to let his granddaughter go so soon. He wanted her to accompany him. However, when the company needed her, he waved, "go!"

Pei Yuehuang was a little reluctant to give up, turning around and saying, "I'll go home for dinner in the evening."

"Good! Come back! "

Pei Yuehuang came out. She sat in the driver's seat and thought quietly in the steering wheel for a while.

It can't be blamed for Grandpa. Pei's group is the river and mountain that he beat down. It's the property that he thinks is more important than his life. Pei Yuehuang sighs. For her, she will run the company with him if she marries anyone in the future. However, Grandpa must be a grandson-in-law willing to promise to join in.

This is like a ditch across her chest, which also prevents her and blue Qianchen from developing, and even dare not generate more ideas.

After sorting out some information, LAN Qianchen got up and went to the tea room next door to pour out a cup of coffee. As soon as he got to the door, he heard a grumble inside.

"What do you mean, Mr. Pei? If she doesn't want to promote me, she's going to tell me where she's going to get a little brat to put pressure on me. "

"Brother Li, don't be angry. He's just a new comer. Are you afraid he won't make it?"

"It's not a matter of fear. You don't want to see what this kid looks like. He's skinny and tender. I think he can come in here by relationship."

"To tell you the truth, the girl in our office, when she saw that he was crazy, chased after him, and this blue thousand Chen was really adorable."

"Hum! I think Pei likes it too! I don't know what kind of relationship this kid is depending on. Let me say that Pei is 29 years old. She is also a woman. Women always want men to nourish her. Maybe this kid climbed onto Pei's Phoenix bed! "

"Brother Liu, how do you know?"

"How do I know? Yesterday, I saw this kid get on Mr. Pei's car. It seems that he came in by eating soft food. Now, young man! If you don't know how to do it, you can rely on women. Hum! I really despise it, but I really want to know how Pei always looks in bed. It must be very coquettish. " In the tone of this brother Liu, there is a sense of immorality.

At this time, the two men standing in front of him took a breath and stepped back.

Liu didn't know that behind him, there was a pair of cold, sharp and angry eyes staring at him. He was still proud. A fist hit his side of the brain hard, which made his head hit the wall next to him.

Blue Qianchen's handsome face is gloomy and ugly. His eyes are like icy edges and angry thorns. Brother Liu screams bitterly in pain. It's another fist with an inverted hook. He immediately clangs back and falls to the ground.

After the two male employees saw this, they rushed to rescue the fight. One of them said to LAN Qianchen, "Lan Qianchen, don't fight anymore, he will die."

Blue thousand Chen clenches a tooth cold hum, "I hit is he this kind of bastard."

Brother Liu's forehead is red and swollen, and his teeth are bleeding. He gets up from the ground and points to LAN Qianchen and says, "boy, you dare to hit me."

Another man quickly hugged him, "brother Liu, brother Liu, forget it, forget it!"

It must be that they were also joking about the relationship just now. If things get serious, Pei Yuehuang will investigate. They are also jointly and severally liable.

"You should dare to say something more about Mr. Pei." Blue thousand Chen cold warning.

"I'm talking about you. Don't think you're too human to climb into Mr. Pei's bed." Liu Ge is to conclude that LAN Qianchen can enter the company, that is to rely on Pei Yuehuang's favor.

There was a female assistant passing by. She was shocked immediately. Looking at brother Liu who was bleeding, she thought that only one person could persuade him to stop the fight!

She hurried back to the office and dialed Pei Yuehuang's internal line. At this moment, Pei Yuehuang had just arrived at the company and was about to have a cup of coffee and began to work.

The phone rang in front of her, and she reached for it. "Hello!"

"Mr. Pei, it's not good. LAN Qianchen is fighting with brother Liu of our legal service. Come and have a look!"

"What?" Pei Yuehuang asked in consternation. She immediately closed the phone, got up and walked to the elevator.

"Mr. Pei, what's the matter?" Xu Min and Qu Hao came out of the office immediately because they saw her figure and left anxiously.

Standing in the elevator, two assistants immediately followed in. Pei Yuehuang gathered her long hair and said, "just now, an assistant said that LAN Qianchen and Liu Zhong of the legal department have started." Just then, the elevator door opened with a tinkle, and Pei Yuehuang's charming figure stepped towards the direction of the tea room. At this moment, all the staff ran out to watch the bustle.

In the tea room, LAN Qianchen and Liu Zhong look at each other. LAN Qianchen's face is cold and angry, but Liu Zhong's forehead is swollen, his fist marks on half of his face are obvious, and the blood on the corners of his mouth is not dry. If he is not held by two men, he really wants to beat him back at the moment.

At this time, the busy staff saw Pei Yuehuang coming, and immediately gave way to a road automatically. Pei Yuehuang saw two people at a glance, and her eyes looked at LAN Qianchen at the first time to see if he was injured.

"What's the matter?" Pei Yuehuang looks at Liu Zhong directly with cold face, as if she knows clearly that LAN Qianchen can't do anything wrong.

"Mr. Pei, you comment on us. We have a good chat here. The boy suddenly punched me. Look, my face and mouth are swollen and bleeding." Liu Zhong is in front of Pei Yuehuang at the moment. He immediately counsels like a helpless child, and puts all the responsibilities on LAN Qianchen.

Blue thousand Chen squints Mou, silent.

Pei Yuehuang turns around, the beautiful Mou falls on his face, calmly seeks to ask, "how to return a responsibility?"

"I'll teach him his irreverence." Blue thousand Chen calm answer, eyes thin anger did not disappear.

Pei Yuehuang probably guessed that brother Liu has been in the legal department. Relying on the fact that he is an old employee, he is used to doing things. He naturally despises LAN Qianchen who just came in.

"You two come back to my office to explain." Pei Yuehuang, the boss of the office, swept the whole corridor with cold eyes. "All of them go back to work."

Finish saying, she takes the lead to walk in front, and Liu Zhong angrily stare blue thousand Chen, follow her footsteps, blue thousand Chen long legs open, also follow up.

In the elevator, Pei Yuehuang said to Qu Hao, "you take Liu Zhong to the next elevator."

Qu Hao called Liu Zhong to pass. Xu Min followed him wisely. When the elevator door next to Pei Yuehuang opened, she stepped in and said, "come in."

Blue Qianchen stepped in, the elevator door closed, and the curious eyes of a group of employees outside the door were successfully blocked.

"Are you ok?" Pei Yuehuang's eyes immediately looked over with concern.

LAN Qianchen shakes his head, Pei Yuehuang looks at her eyes, and the elevator door opens.

Nearby came Liu Zhong's complaint to Qu Hao, "you say, am I wrong! Where did I offend him? He wanted to hit me like this. "

"Qu Hao, you come in together." Pei Yuehuang said to Qu Hao. She pushed open the door of the office. Liu Zhong behind her stared at LAN Qianchen angrily and came in together.

Liu Zhongzi thinks that he is an old employee who has been in the company for seven or eight years and has no credit or hard work. Pei Yuehuang won't do anything to him, but now the legal department is in need of people.

"Mr. Pei, you must make a decision for me. I'm really aggrieved!" Liu Zhong immediately sued the wrongs.

Pei Yuehuang sits on the sofa, stares at Liu Zhong, and falls on LAN Qianchen. "Qianchen, tell me, what's going on?"

"Blue thousand Chen's fist clenches tightly, coldly way," he says I can enter the company, depend on and your bed relation to exchange

Pei Yuehuang's face suddenly stiffened, looking at Liu Zhong with complicated eyes and questioning. "I I'm just kidding. I don't mean that. " Liu Zhong is also afraid to touch Pei Yuehuang's eyes.

"He and I are innocent. He can enter the company completely depending on his strength. He has successful experience in several international financial cases. I'm afraid you can't compete with him in another ten years." Pei Yuehuang, with a cold face, criticized Liu Zhong directly.

Liu Zhong stared at his eyes, obviously disbelieving. He hurriedly said, "Mr. Pei, I'm sorry, I have a broken mouth. Now that the company is employing people, I will work hard and stop talking."

Pei Yuehuang's eyes flashed coldness, "go back and pack up! Starting tomorrow, you don't have to come to the company. "

"No, Mr. Pei, why dismiss me! It's not fair. "

"You live at this age, don't you know that this society is not fair? You've been fishing in our company for so many years. It's kind of you to dismiss you today. " Pei Yuehuang stood up and said to Qu Hao, "take him down to pack up."

Liu Zhong, naturally unwilling, said in a loud voice, "I can sue your company. You are dismissing employees illegally. I want to sue you."

Qu Hao immediately pulled him out. When the door was closed, LAN Qianchen said to the woman on the sofa, "I'm sorry, I'm in trouble for you."

Pei Yuehuang stood up, walked to his side, reached out and patted him on the shoulder. "Next time, remember to fight harder, I will pay for the medicine."

Chapter 1144

Blue thousand Chen looks at the woman beside him, his thin lips bend up a smile, "do you know why I am so angry?"

"Why?" Pei Yuehuang's eyes looked at him curiously.

"I don't care if they say I eat soft food and climb into your bed." Blue thousand Chen does not think of smile way, "must unexpectedly this is my honor."

Pei Yuehuang couldn't help but be teased to smile, "do you still need to eat soft food?"

"Yes! Is Pei always willing to take care of me?" Blue thousand Chen voice line is showing a trace of expectation.

Pei Yuehuang's eyes flickered to avoid, "I can't afford it."

"I'm well fed." LAN Qianchen goes to her desk, two slender arms propping up her desk, leaning to look at her.

Pei Yuehuang pretends to look at the information, but in her heart, she knows what blue Qianchen is suggesting.

"Why are you angry and hitting people?" Pei Yuehuang raises her head and looks at him expectantly.

Blue thousand Chen's eye ground flickers slightly to be disappointed, then surges up a anger, "they are making fun of you."

Pei Yuehuang is shocked. In private, male employees like to talk about her. She knows it, but her mouth looks like someone else's. as long as she doesn't say it in front of her, she doesn't care.

"You fought because of me?" Pei Yuehuang's heart suddenly warmed.

"I will never allow a man to say a bad word about you, even a joke." Blue thousand Chen cold hum a sentence.

Pei Yuehuang chuckled, "thank you for protecting me."

Liu Zhongqi was sent to his office by Qu Hao, and two security guards came up. Liu Zhong couldn't help shouting, "why did you fire me? Because of that little white face? "

A group of employees who were watching the activity knew what in a flash. It turned out that Mr. Pei was biased towards LAN Qianchen. It seems that the ambiguous relationship between them could not be concealed, which disappointed many female employees. Such a handsome and charming man was the goal of Mr. Pei.

"It's Mr. Pei's little suckling dog!" Said a female clerk in a low voice.

"Pei has a good eye."

"Then what hope do we have! I'm also going to give him a birthday present. "

Liu Zhong of quhao Dynasty warned, "Liu Zhong, don't be unintelligent, leave now!"

"I worked for seven or eight years. When peiyuehuang came to the stage, I was there. Now she fired me for a little man. What kind of boss is she? Pei group is in her hands, sooner or later it will be finished. " Liu Zhong can't help but rely on the old to sell the old and swear.

"Liu Zhong, pay attention to your words." Qu Hao said calmly.

"Qu Hao, you are out of favor. What are you proud of here? When beiyuehuang invited you in, didn't he just see you look handsome? Now, she's taken a fancy to the blue one, and she's dumped you. You can see what kind of virtue she is. When you see something different, you'll think of moving around

"Do you want to be beaten again? Pei is always the best boss I have ever met. Between her and me, I have a clear relationship with my superiors and subordinates. If you talk nonsense, I will take you to the police station for tea. " Qu Hao calm warning.

Li Zhong finally reluctantly left. He was escorted to the door by two security guards.

Li Zhong looked at the gate of Pei's group behind him and said, "hum, I can't be better. Don't think about it. Pei Yuehuang, LAN Qianchen, you two dog men and women are waiting for me. I won't give up."

Li Zhong is also a ruthless character. Although he doesn't have much ability, he is strong in remembering revenge.

LAN Qianchen came out of Pei Yuehuang's office. He went down the corridor of the legal office, and his eyes looked around him. There was a strange look in his eyes, while the eyes of the male staff were more mocking and jealous.

You should know that Pei Yuehuang is also the goddess in their mind. Now, let LAN Qianchen get the hand. Although he has a soft meal, he also has Pei Yuehuang.

LAN Qianchen's eyes swept coldly. He took nothing seriously and went straight to his office.

Xing Yifan also came to the town of Xing group as usual to deal with some documents that need to be signed urgently in daily life. At this moment, he is sitting in Xing liehan's position, and there is a video phone on the computer screen.

At the other end of the video screen, two full and tender faces are occupying half of the screen. It turns out that Xing Yutian is displaying her newly picked shells one by one. "Uncle, look, this is my favorite blue shell. I can give it to you when I go back."

Xing Yifan felt his hands itching across the screen. He really wanted to pinch the two pink faces of his niece through the screen.

"Well, I'll give it to you when you come back."

"Uncle, is my beautiful aunt nearby? May I see her? " The little guy was obviously asked by someone.

"She's not by my side. You can see her when you come back this time." Xing Yifan doesn't have to think about it, but also knows that it's his mother's instruction. He probably wants to see his girlfriend.

"Oh! ok Let's see you at home! I'm going to play! " The little guy picked up her bucket and left. Xing Yifan has been watching the video for nearly half an hour, and he is going to work. At this time, Jiang LAN appears on the screen and says seriously, "Yifan, you can say that when we go back, you will take your girlfriend home."

"Mom, don't worry. I always talk." Xing Yifan chuckled.

"Good! Then hang up first. " Jiang LAN finished, hung the video, and Xing Yifan rubbed his eyebrows. At this time, the door of the office knocked. It was Chen Peng, the male assistant who Xing Yifan ordered to investigate Ye Jiamei, who came in.

"Second young master, I have some eyes on what you asked me to check. Let me report to you first!"

Xing Yifan nodded at once, "OK! Let's hear it. "

"You asked me to find out Ye Jiamei. She and Hu Sheng are classmates from primary school to high school. Hu Sheng went to a university, and ye Jiamei came out to work, but the relationship between the two was not broken. Later, ye Jiamei married Bai Shize as his wife."

"Then their relationship will be broken?" Xing Yifan asked with a raised eyebrow.

"It looks like it's broken, but actually it's not broken, because I found through some channels that Hu Sheng has the most number of calls from ye Jiamei. However, on Ye Jiamei's mobile phone, it shows the name of a woman."

Xing Yifan chuckled, "it seems that they have done a good job in confidentiality."

"I have found that if I investigate deeply, I may find out more about their private affairs. Do I need to dig deeper?"

Xing Yifan, even though he has no interest in Ye Jiamei's affairs, knows more about this woman and helps Bai Xia. He squints his eyes and says, "you should check Ye Jiamei's personal relationship with Hu Sheng. If you can get some evidence, it's best."

"OK, I'll follow this line." After Chen Peng finished, he put the two documents down and said, "Mr. Xing, this is the information I have collected at present. Please have a look at it when you have time."

"Good!" Xing Yifan nodded.

When Chen Peng left, Xing Yifan reached out his hand and opened it curiously. What he saw on the first page was the photos of Ye Jiamei and Hu Sheng. Looking at Hu Sheng's appearance, Xing Yifan could not help but wring his sword brow. Did he see someone who looked like Hu Sheng?

Why does his eyebrows, eyes and facial features give him a sense of déjà vu? Xing Yifan has a strong natural memory, and has a very good observation ability.

Just look at Xing Yifan. The second page is Bai Shize's photo and his two children. When Xing Yifan orders his assistant, he asks him to check it in depth. So, naturally, there will be Bai Shize's information.

Xing Yifan looks at Bai Shize. When he scans the pictures of the two children below, his pupils are slightly constricted. Although Bai Shize is old, he looks gentle and elegant, and his facial features are also standard men's looks. But compared with the pictures of his next two children, he finds that the two children seem to have not inherited his genes at all.

Xing Yifan finally knew why he saw Hu Sheng's face, and there was an illusion where he had seen the face. It turned out that Bai Rong, the eldest son of Bai Shize, had caused this illusion.

Bai Rong has a broad face, bushy eyebrows and tiger eyes, short nose, thick lips and square chin.

And his sister Bai Ying is similar to him.

Xing Yifan sneers, see what big secret he found? It seems that ye Jiamei has more than one secret! By giving birth to a son to Bai Shize, the woman bullied Bai Xia with all kinds of pressure. Now it seems that she took a lot of pains.

Chapter 1145

He can't help sympathizing with Bai Shize. Although he is also young and uneasy, in the end, is he raising children for others?

Xing Yifan looked at it for a while again and combined the data. He was thinking about whether to discuss with Bai Xia about this matter list, or he would directly make all the investigations clear and then tell her.

He thought that if she told Bai Xia, she might run to question Ye Jiamei impulsively. So, the best way is to grasp all the evidence. When facing Ye Jiamei, in front of the absolute evidence, let her feel helpless and speechless. Bai Xia also came out to accompany her for afternoon tea at the request of the chief editor. Her chief editor's play is a very energetic woman named Shen Xiao. She is less than 30 years old. She also takes care of Bai Xia, but she seldom meets her in the near future.

"Xiaoxia, you said that for the first time, if you give up easily, it's a pity. We will hold an annual meeting this time. Before the annual meeting, we will have a sign off meeting. All your previously published comics will be reprinted with 20000 copies. Then, they will be sold in major online libraries."

Bai Xia is biting her red lips. She is also melancholy. Although the copyright of film and television tempts her, it is her daily love with Xing Yifan. If she is performed in the future, she will feel very uncomfortable.

"I really don't plan to sign the film and television. My cartoon series is coming to an end. I may have a rest." Bai Xia also apologized.

Shen Xiao doesn't demand any more. She has the right to decide that the plate is in her hand.

"Then you must come to the signing meeting. We decided to hold the annual meeting abroad. Don't miss it. The company is free!"

Bai Xia chuckled, "OK! I will be there, and so will I at the annual meeting. "

Bai Xia has been in this cartoon company for five years and has produced many works. She will naturally respond to the call of the company.

"Oh! Our annual meeting! It's very humanized. If there are men and women friends, we can make arrangements to play together as long as we make a report. "

"Really?" Bai Xia's eyes brightened.

Shen Xiao watched her so happy and couldn't help being happy for her. "You don't have a boyfriend!"

Bai Xia's eyes filled with a touch of sweetness. She nodded, "Well! I have a boyfriend. "

"You are such a beautiful girl. There are many pursuers. There are several young technical brothers in our company asking about you! It seems that they have no chance. "

Bai Xia smiled awkwardly. "Is that right?"

"Well, I'll declare this annual meeting for you. You and your boyfriend will discuss it."

"Wait a minute, I'll ask him if he'll go." Bai Xia said with a smile.

"Good! Then I'll wait for you. "

After chatting about work for a while, Bai Xia and Shen Xiao came out together. Bai Xia drove a car. As a house girl cartoonist, she really had no friends. In addition, after studying abroad for three years, her life circle narrowed even more.

However, in those three years abroad, she had two close friends, all of whom were classmates studying comics together, but foreigners.

Bai Xia is driving. Her car phone rings. She looks at the strange number on the screen. She can't help pressing the answer key.

"Hello! Hello. "

"Hi, Xia, it's me! I've come to your country, is it a surprise? " It is the language of K country that only hears a good male voice.

Bai Xia immediately stopped the car on the sidewalk and asked, "yeze, is that you?"

There was a happy male voice laughing, "yes, it's me. I'm in your country. I just got off the plane. I'm here to travel."

"Are you alone or with a tour group?"

"I am alone! I still remember when you came back home and said that I came to your country, you would take me to play. Do you still remember? " Yeze said with a look of expectation.

Of course, Bai Xia remembers, because when she was in K country, yeze helped her a lot of people, taught her K language, and helped her through many difficulties. Every day in a foreign country, she could have a person who really helped her. Bai Xia is very grateful.

"You're at the airport! I'll pick you up in a minute. " Bai Xia knows that he doesn't know the language here, so she must be confused. Naturally, she can't throw him at the airport.

"Great, I just don't know where to go! Then I'll wait for you in the coffee shop! "

"Good! Don't run around! " Bai Xia asked.

"Don't run around, I'll wait for you." Nozawa was obedient and waited for her.

Bai Xia is also in a bit of a hurry. Yeze comes to see her and doesn't say hello in advance, but she is really worried about him.

Bai Xia's car arrived at the airport. After she stopped, she came in to find someone. Bai Xia was looking for someone. Suddenly someone patted her behind her. She was scared. She turned around and looked at her with a smile. "Hi, Bai Xia, I'm here."

Yeze is twenty-five years old, cheerful and childish. He belongs to the rich young master.

Bai Xia looked at him, also very excited, because in a blink of an eye two people haven't seen each other for more than half a year. "Why did you come here all of a sudden?" Bai Xia asked with a smile. "I'd like to come and travel. By the way, I'll stay for a week." Yeze's eyes are full of expectation.

Bai Xia pulls the gift box for him. "Welcome to my country. Let's go!"

Yeze nodded, reached for another bag and followed her out. There was a red cloud burning in the sky. Around five o'clock.

Yeze excitedly said what he had seen and heard along the way, and what he had achieved in the past half a year. Bai Xia was happy for him, and the two people communicated in K language.

Bai Xia sits in the car and nodze pulls out the copilot's seat. He is looking forward to the trip to another country. He and Bai Xia are good friends and pure friendship.

"Bai Xia, I heard that you have very spicy dishes here. I'd like to repay them."

"You can't stand it." Bai Xia said with a smile.

"I'll take it. I can't wait to feel it." "You are a very busy country," he said with a smile

Bai Xia nodded. Just then, Bai Xia's car phone rang. She took a look at the man on the screen, Xing Yifan's.

Bai Xia presses to answer, "Hello, Yifan."

"I've ordered dinner. I'll pick you up later." Xing Yifan's deep and pleasant voice came.

Bai Xia can't help but turn around and take a look at yeze. She smiles, "er That one, can you add a position? I have another guest here. "

"What guest?"

"My friend in country K." Bai Xia tells the truth.

Xing Yifan immediately said, "men get women?"

"Men." Bai Xia replied.

Then Xing Yifan was silent for a few seconds and answered, "OK! I'm in the company. "

"I'm just in the direction of your company. I'll see you downstairs in a moment." With that, Bai Xia hangs up.

Sitting in the luxurious General Office of Xing group, Xing Yifan holds his mobile phone, and his face is tense. He forgets that Bai Xia has been studying in K country for three years. In that country, she must have her experience and make friends. Now, what kind of relationship does this man suddenly appear to find her?

Xing Yifan is confident in his relationship with Bai Xia. He thought of his three years abroad, but he didn't participate in the time. He regretted not knowing her earlier.

Sitting in the white summer copilot's seat, yeze looked at her curiously. "Who are you, the man who called just now! A boyfriend? "

Bai Xia smiled and nodded, "yes, my boyfriend, he will invite us to dinner later."

He was just a little surprised. "How are you doing when you have a boyfriend so soon?"

"He's very nice, very nice to me." Bai Xia smiled and asked, "how about you! Have you made a girlfriend? "

"In fact, I escaped from marriage. My family arranged a marriage for me. I thought it was too sudden, so I secretly came to you for a break."

Bai Xia can't help being surprised. "You escaped from marriage?"

"No worry, I'm just protesting my parents' decision. I'll go back in a week. I heard that the girl is good. Maybe we'll develop and make her my wife."

Bai Xia knows that yeze is a very easy-going person. Whoever is with him will feel at ease.

Xing Yifan immediately picked up his mobile phone and the car key came out of the company's door. Thinking of a young man sitting in Bai Xia's car at this moment, his mood could not be calm.

Chapter 1146

Bai Xia and ye Ze are talking and laughing all the way to Xing group. Ye Ze is still a very humorous person. He doesn't look like that kind of masculine person. Instead, he has several feminine features, a dark brown slightly long hair, covering the white forehead, and five senses. It's a delicate and beautiful face.

One meter seven or eight is also a very handsome boy. Of course, in Bai Xia's heart, ye FA is her type of male friend. If you have something to say, you can help if you are busy, but you don't call each other. She is not the girl that ye Ze likes. He likes the woman who is more powerful.

Just joking, Bai Xia saw Xing Yifan standing at the gate of Xing group company, and her car immediately drove past and stopped in front of him.

Xing Yifan is trying to see Bai Xia, a foreign male friend. At this time, the window falls down and he sits next to yeze. The white and beautiful face directly threatens him.

Xing Yifan's heart string is tightened directly. From the acquaintance with Bai Xia to now, there are no men around her, which makes him feel relieved. But now, his danger signal flashes again.

"Hi, how are you?" Yeze reached out and said hello in poor Chinese.

"Hello." Xing Yifan presses the impulse to pull him out of the car and maintains the superficial politeness.

At this time, wild Ze immediately surprised toward Bai Xia, "Bai Xia, your boyfriend is so handsome! What's his name? "

Xing Yifan can't understand what he is talking about, but he knows the language, not including the language of K country.

Bai Xia replied with a smile, "his name is Xing Yifan."

Xing Yifan originally wanted to drive, but suddenly he didn't want to drive. He reached out and opened the back door of Bai Xia's car. "Just drive your car!"

Bai Xia said with a smile, "OK! Where is the location? "

"We often eat that one." Xing Yifan answered gently, and sat in the back seat of the white summer driver's seat. His eyes were on yeze.

Although Xing Yifan is handsome and charming, his facial features are handsome and extraordinary, and there is no defect in his whole body, yeze is not bad either. They have two different temperaments.

Xing Yifan is full of masculinity, while yeze is a kind of man who is too beautiful. With different temperament and appearance, Xing Yifan's advantage is much weaker.

Because some women just like this kind of man, who looks sticky and knocks obediently. Does Bai Xia like it? Xing Yifan's inner feelings are full of clear thoughts, speculation and denial.

In a word, under his seemingly peaceful appearance, he is a heart surrounded by jealousy.

In front of him, ye Ze was curious about everything. He could not help pointing to this question. Bai Xia's voice was sweet, and K's language was very smooth, which made Xing Yifan suddenly have an impulse.

Learn K language.

Bai Xia and ye Ze are talking about something. They can't help but laugh happily. Their eyes are always meeting and laughing when they wait for the traffic light.

This makes a handsome guy behind have a kind of neglected cold mood, he even has a kind of grievance, was ruthlessly abandoned by Bai Xia.

At last, Bai Xia thought of Xing Yifan sitting behind her. She turned her head and asked with a smile, "why don't you talk?"

"I can't understand you." Xing Yifan replied in a low voice.

Bai Xia also suddenly realized and laughed, "yoshiwa has just come here and is curious about everything. I want to explain to him that he is my best friend in K country."

Xing Yifan can't help choking. Which kind of friend is his best friend? Xing Yifan suddenly wanted to check all the data of yeze immediately.

At this time, wild Ze can't help looking at Xing Yifan, looking at his lazy sitting in the back seat, he immediately asked curiously, "Bai Xia, is your boyfriend a model?"

Bai Xia chuckled. "He's not a model. He's a lawyer."

"Wow, he's great. I adore lawyers." "The extent of exaggeration of things in their country is relatively strong," he said.

Xing Yifan in the back seat, while listening to yeze, heard Baixia's sweet laughter. He could not help being angry with envy. He felt that he had not been able to make her laugh so happily since he was with Baixia. Where could yeze come from?

Finally, Bai Xia's car drove into the parking lot of a restaurant. As soon as the car stopped, Xing Yifan pushed the door and stepped down. Bai Xia's car, for his long legs, was really holding back.

"Thank you for inviting my friend to dinner." Bai Xia looks back and says thank you to him.

Xing Yifan looked at her smile, but he bent down with a smile. He came close to her and said, "thank me very much in the evening!"

Bai Xia's smile was scared stiff by him. She sang, "don't do this! My friend is still there! "

"He can't understand!" Xing Yifan seems to be hostile to yeze.

When Bai Xia heard this, he immediately reached out to comfort him and said, "don't do this! Yeze helps me a lot in K country. He is my best friend. You should respect him, too." After hearing this, Xing Yifan had to hook his mouth and say, "OK!"

Wild Ze curiously stood in a listen for a while, white summer dynasty he way, "go! Let's go up. "

Yeze immediately nodded and laughed, and Bai Xia left Xing Yifan, and walked into the restaurant side by side, as if they were a pair in the eyes of outsiders.

This made Xing Yifan extremely unhappy. From small to large, he had little experience of being left out.

He put his hands in his trouser pockets lazily, and stared at the back of yeze with unfriendly eyes.

Bai Xia is explaining something to yeze. When entering the elevator, yeze seems to feel a pair of sharp eyes behind him. When he looks back, Xing Yifan has already looked away.

Even if he doesn't like yeze any more, he can't show his face in Baixia's face. If Baixia and he are angry, he will lose more than he deserves.

It's a great honor for nomosawa to get the elevator all the way to the restaurant. As soon as he can enjoy the treatment of such a high-end restaurant, he is still curious about everything. In addition, he and Bai Xia have been chatting all the time before, so Xing Yifan, who can't understand the K language and can't plug in, is not depressed.

When ordering, Bai Xia knew that yeze always wanted to eat some dishes. She ordered them for him. However, she decided to take yeze to eat the street snacks that the high-end restaurant didn't have in two days, so that he could repay the authentic spicy taste.

"Bai Xia, have a chat with your boyfriend! Are we ignoring him?" Ye Ze also finds out Xing Yifan's situation and sympathizes with him.

Bai Xia looks at Xing Yifan in the opposite direction, smiles and says, "don't worry, we have a good relationship, he won't care."

Xing Yifan is curious about this sentence. He squints at Bai Xia and asks, "what are you talking about me?"

"No! It's Yoshizawa who thinks I'm ignoring you. Let me have a chat with you. " Baixia explained.

Xing Yifan is slightly stunned. Facing the smiling eyes of yeze, he can't continue to pretend to be Gao Leng. He also smiles back.

Yeze saw that he was in a good mood. He was not dissatisfied with him and Baixia's indifference. He was also very happy.

Xing Yifan also found his pleasure, that is, when listening to Bai Xia speaking K language, he was sweet and charming, which made him crispy.

He didn't expect that her language talent was good.

Xing Yifan asked yeze in English, "how is your English?"

He shook his head. "I don't speak English very well."

"His English is not good. If you want to talk with him, I can translate it for you."

After hearing this, Xing Yifan shook his head and said, "let's talk!"

Yeze suddenly thought of a question. She asked Baixia, "Baixia, I don't want to live in a hotel alone. I'm a little afraid. Do you have any spare rooms?"

After listening to Bai Xia, she certainly has a guest room! She nodded. "Yes! You live in my house!"

Xing Yifan on the opposite side heard something from his tone. He looked at Bai Xia and said, "what was he asking you just now?"

"Yeze said he didn't want to stay in a hotel. He wanted to stay in my house. I just packed a room for him." Bai Xia has great trust in yeze.

However, when Xing Yifan's face sank, did she allow a man to live in her home? Doesn't she have any sense of security?

Bai Xia sees his face is not very good-looking, she explains quickly a way, "I and wild Ze are very trusting friend relation, you don't worry."

Chapter 1147

"Good! I allow him to sleep in your room, but I have one condition. " Xing Yifan squints his eyes and leans to stare at her.

Bai Xia blinked and asked, "what are the conditions?"

"You must sleep in my room." Xing Yifan's overbearing voice.

After a few seconds of embarrassment, Bai Xia hesitated, "why?"

"Why? I'm your boyfriend. Do you think I can rest assured that my woman and other men share the same room? " Xing Yifan directly expressed his displeasure, "even if he and you were good friends before, but the heart is separated from the belly, I don't worry, otherwise, I will directly let him stay in the hotel."

Bai Xia hurriedly said, "well, I live in your house. Don't offend my friend!"

Xing Yifan is around his arm, only then he is satisfied with the hook lip smile. It seems that the appearance of this wild Ze has helped him a little and forced Bai Xia to his bed directly.

Yeze just felt that the atmosphere was not right. He asked zhaobaixia worried, "is your boyfriend jealous? Is it because I want to live in your house? "

"No! He and I happen to live next door. You live in my house, and I live with him. " Bai Xia explains with a smile.

"Oh!" Yeze is slightly surprised. They live next to each other!

Ye Ze looks at Xing Yifan, and Xing Yifan just gives him a kind smile. Ye Ze immediately responds with a reassuring smile.

Yeze didn't notice Bai Xia's dark and embarrassed expression. Bai Xia bit his red lips and looked at Xing Yifan, who was opposite. Xing Yifan's eyes were full of a smile of unknown meaning.

After serving, ye Ze and Bai Xia continue to discuss the way of cooking. Xing Yifan becomes a quiet audience, because he also falls in love with Bai Xia's voice, saying that there is a different hook taste.

However, Xing Yifan's mind is full of things that she is going to sleep in his house tonight. When he thinks about it, he is full of expectation.

Bai Xia looks at him from time to time, and has plans in his mind. Xing Yifan's family also has rooms! In order not to make him misunderstood, she slept in his house and let yeze sleep in her room.

After dinner, Xing Yifan drove, Bai Xia sat in the copilot, and ye Ze sat in the back seat. Because ye Ze was tired, he stopped shopping and went straight home to have a rest.

Bai Xia buys some fruit downstairs and goes upstairs. Bai Xia cleans up the room for yeze. Xing Yifan is also there. He greets yeze warmly and occasionally talks in simple English.

Bai Xia packed the bed in the guest room, and ye Ze went in with his backpack and gift box.

Xing Yifan sat on the sofa, squinting his eyes and asked, "how long will he stay here?"

"About a week! I may need to play with him for a few days this week. " Bai Xia asked for instructions.

Xing Yifan, though a little reluctant, must be his woman. He is not happy to accompany other men.

"If I'm done, I'll be with you." Xing Yifan still wants to find time to play with them.

Just send him back to his country in a week.

Bai Xia nodded happily, "Hmm! Good. "

"You can sleep with me this week! Only in this way can I not be jealous. " Xing Yifan raises his eyebrows and makes a sound.

Bai Xia didn't want him to misunderstand her. She nodded obediently, "OK! I sleep on your side. "

With that, Bai Xia smiled and asked, "are you busy with your work? I'll talk to Nozawa later and I'll come over. "

Xing Yifan picked up his eyebrows and said, "do you trust him? He won't be dangerous to you! "

"You can rest assured that I have been with him in K country for three years, and I trust his character very much." Bai Xia promises.

Xing Yifan took a look at the time. "I'll give you another 15 minutes. After 15 minutes, I'll pick up your things and come to me."

Bai Xia replied, "OK! I'll talk to him and come. "

When Xing Yifan got up, he went to the door of the guest room. When he knocked on the door, he reached up the cuff of his shirt and showed two strong arms. It was very frightening to see.

He also intended to show his muscles to Ozawa. If he dared to do something wrong with his girlfriend, he would be dead.

Bai Xia didn't realize Xing Yifan's caution. When ye Ze heard the knock, he immediately opened the door and saw Xing Yifan passing on outside. Meanwhile, as a slim man, he saw Xing Yifan's strong and tall body, which really made him feel afraid.

Bai Xia came up and said, "he's back to the room first. Say hello to you."

Yeze immediately smiled and waved, saying good night to him.

"He said good night to you," said Xing Yifan of the white Xia Dynasty

Xing Yifan nodded and walked towards the door with long legs.

Xing Yifan just left, and ye Ze said to Bai Xia, "Bai Xia, your boyfriend is so strong!"

Finish saying, the look in the eyes is also very adorable feeling.

Bai Xia, "..."

Xing Yifan is one meter and eighty-five years old. He is strong and long. He is tall and has a kind of masculinity. A slim man like yeze naturally shows his worship. "He likes to exercise." White summer smile should be a sentence.

When Xing Yifan returned to his room, his eyes immediately looked at his room, thinking that Bai Xiake had promised to come to his house. Was she thinking about his room?

Xing Yifan bit the person with thin lips, but he would not let her sleep in the guest room. Even if he did not touch her, he also hoped that she would sleep in his bed.

Xing Yifan goes to the guest room, and Mingming still has a clean quilt cover. He reaches for it and goes to the balcony. He puts it down in the Yi Lou barrel on the balcony.

Xing Yifan chuckled with satisfaction, and said in a hurry.

After Bai Xia told some things about yeze's family, she took her Pajama pajamas and pushed out the door. She went directly to Xing Yifan's home.

When she pushed the door in, she saw what Xing Yifan was looking at with the iPad on the sofa. When she came in, Xing Yifan asked nervously, "here you are."

Bai Xia naturally said, "I'll sleep in the guest room tonight."

As she said, she walked to the guest room with her pajamas in her hand.

Then, pushing open the door of the guest room, I saw that the originally tidy dark blue bed had only become a mattress, and the seats on it were all gone.

"What about the mats and quilts in the guest room?" Bai Xia turned to look at the man on the sofa and asked.

"I found that I didn't sleep for a long time this morning. Maybe Duoduo climbed up to wet the bed before. Some places got moldy and put it on the balcony to wash." Xing Yifan naturally replied.

Bai Xia blinked, looked at him suspiciously, and couldn't believe it.

"True or false?" Bai Xia asked.

Xing Yifan immediately raised his eyebrows and said, "of course, it's true. Will I let you sleep in a moldy bed?"

"Where shall I sleep tonight?" Bai Xia asked him.

"My bed!" Xing Yifan smiled. "My big bed is absolutely soft and comfortable."

Bai Xia's pretty face is slightly embarrassed and red. It's not impossible to sleep in his bed, as long as he doesn't mess around.

"Then That said, go to bed and do nothing else. " He warned in the summer.

Xing Yifan put down the iPad and smiled, "Oh! What else? "

Bai Xia glared at him, "you are clear in your heart! And ask. "

Xing Yifan pretends to be silly, "tell me about it! What else can we do besides sleep? "

Bai Xia doesn't have a good way to go. "Don't insult your high intelligence here!"

Xing Yifan is a little boring. He looks at the watch and stands up. "It's not too early. Let's go to bed early."

"It's only half past nine." Bai Xia reminds him that it's still early tomorrow.

"I went to take a bath, or did you wash first? Or save water and wash together? " Xing Yifan asked her.

White summer pretty face across a lovely blush, "you wash first."

Xing Yifan was in a good mood. He went to wash it first. Bai Xia sat on the sofa and picked up his iPad to watch the news for a while.

In the bathroom in the master bedroom, there was a sound of water. Bai Xia's thoughts of reading the news were always disturbed. She thought that this man would not wear a pair of underpants to shake out in a moment!

It seems that when I saw him go in just now, I didn't pack up my pajamas to go in!

Bai Xia immediately stopped running around with her mind full of ideas. This week, wild water was here. She had to live in his house!

When Xing Yifan came out, he still tied a bath towel honestly and came out. His hair was disorderly on his forehead. The water dripping from the hair tip was like a pen end, a proud nose, and a sexy Adam's apple along his beautiful clavicle.

Bai Xia's eyes just want to see more, but they are not very interesting.

Chapter 1148

Xing Yifan naturally and intentionally shows her figure in front of her, but, looking at the woman who is twisting her face and intentionally facing the direction of the balcony, Xing Yifan can't help but want to tease her.

"White summer." He purposely called her with a heavy tongue.

Bai Xia thinks that something is going on with him, so he turns around to see him. Xing Yifan makes a fake move to tear off his bathrobe.

Bai Xia was so scared that he immediately covered his face and shouted, "Xing Yifan, what are you doing! It's necrotic. "

However, it made the man opposite laugh, and the cool laugh was magnetic.

Bai Xia looked up at him angrily. "If you do that again, I'll go back to my room and sleep."

Xing Yifan immediately coax over, "intentionally frighten you, don't leave don't leave, darling, sleep with husband."

Bai Xia looks at him and approaches a few steps. The hormone breath comes to her. Her pretty face is red and hot. Her eyes inadvertently sweep over his two strong and beautiful mermaid lines.

"Don't make such a joke. Change your pajamas and pajamas." Bai Xia warned him that she was either afraid to see him or shocked by him. She was a little upset.

Xing Yifan had to go to his room and change, then come out, a set of gray shorts and pajamas, with the shorts on the thighs, and one end of black hair disordered with the room, which made his age, suddenly many years younger, as if he was a boy in his early twenties.

Bai Xia took a look at him, which satisfied him. Xing Yifan urged her, "take a bath!"

"Don't make anything worse." He said a word in the white Xia Dynasty.

Xing Yifan said, "I'm not so bad in figure!"

Bai Xia blinked. His figure was perfect. Bai Xia had to comfort him by saying, "it's very good. I'll enjoy it later."

Xing Yifan chuckled, "OK, I'll wait for your favor."

Bai Xia, "..."

Bai Xia packed her pajamas and pajamas to take a bath. Xing Yifan took the iPad and played games for a while. For him, playing games was just a waste of time, because he had no interest in playing many games. For him, the difficulty was too low.

Bai Xia's long hair is wrapped in a dry towel. She has changed into her pink girl's pajamas, which are pink, tender and lovely.

Maybe she's a cartoonist! So I like sweet style objects very much.

Xing Yifan watched her long wet hair come out, he immediately dropped the iPad and went to get the hair dryer for her.

After a while, he came out with a hair dryer and called Bai Xia to him. "Come here, I'll dry it for you."

Bai Xia is also very happy that he will help. She sits next to him obediently. Xing Yifan's big palm gently inserts into her long hair and starts to blow for her.

Bai Xia's hair is delicate and soft, which is also a pleasure to feel. Xing Yifan likes to blow her hair.

In front of Xing Yifan, Bai Xia closed her eyes and enjoyed his service. Xing Yifan is blowing her hair and admiring her beautiful face. After washing her face, she looks clean and clear. Under the light, her skin is moist and glossy, with faint fragrance, which makes him want to take a bite.

Finally blow dry a long hair, white summer heard the sound of wind, she thought she could get up and leave, how to know her arm was pulled by a man.

She fell into the man's arms directly, Xing Yifan put his arms around her waist, and held her chin in one hand. Bai Xia was immediately shocked.

"Xing Yifan, what are you doing?" Bai Xia asked with a puzzled wink.

"Tip." Xing Yifan's eyes are dark and profound, as if he is repressed in a certain mood to be ignited.

Bai Xiazheng thought what tips he would like.

However, the man's thin lips warmly covered her and told her what the so-called tip was.

Bai Xia slightly gapes at her eyes, breathing slightly, but the man on the red lips is gentle and domineering, which makes her not push away.

Xing Yifan is tensing all over and kissing sweet and soft red lips. He really wants to tear off the coat of a gentleman and directly turn into a wolf.

Bai Xia is also dizzy after being kissed, but both of them are wearing thin summer pajamas. Bai Xia only feels that there is a strong sense of danger from Xing Yifan.

Her little hands couldn't help pushing him. Xing Yifan felt that he had to let go of her. Bai Xia's little face was buried in his arms and gasped. The air around him seemed to be burning. The restless factor would explode at any time. Xing Yifan's thin lips kissed in her hair, comforting his tense body with endless meaning.

"Wife, I'm hungry!" Xing Yifan murmured in her ear.

Bai Xia replied with a smile. "I brought cherries and washed them."

Xing Yifan is speechless. His hunger can't be solved by fruit.

However, Bai Xia understood his words, but pretended not to understand. She got up from his arms.

Xing Yifan hugged her and was reluctant to let her go.

Bai Xia got up and left with a smile. She washed the fruit and brought it to him. "If you are hungry, eat it!" "Hello." Xing Yifan asked for it.

Bai Xia reaches for a big one and hands it to his mouth. Xing Yifan holds it in his mouth, and looks at her with some resentment.

"I've fed you all, and you look at me like that!" Bai Xia reaches out to cover his bitter eyes, clean and upright eyebrows, beautiful and charming eyelid outline, a pair of bright and deep eyes. Bai Xia can't help being jealous. His eyes are so beautiful.

"How can your eyelashes be longer than mine?" Bai Xia can't help but find out this. She reaches out and touches his long and thick lashes. She is a little jealous.

Xing Yifan smirked, "is he fascinated by her husband?"

Bai Xia really fell in love with his eyebrows and eyes. She could not help bending down and kissing at his eyelashes.

Xing Yifan hugs her waist, and Bai Xia sits in his arms. Xing Yifan feeds her cherries. The happiness between lovers is probably so simple.

Make the other side feel that he is good to her all the time. Xing Yifan's big palm doesn't touch too much, but he always lingers on her slim waist. If you have nothing to do, measure his woman's slim waist.

Bai Xia also likes to nest in his arms. As long as he doesn't mess around, his arms are more comfortable than the sofa.

Bai Xia turns on his TV and looks at the animation she saw last time. It's full of vitality and pink color, which makes her enjoy it.

"Bai Xia, what do you think of when you draw these things every day?" Xing Yifan is full of curiosity about her thoughts.

Bai Xia's pretty face is a little red, which is not very interesting. "Just draw some daily things! What else can it be! "

"Don't you want something evil?" Xing Yifan doesn't believe that she doesn't want to be a cartoonist.

Bai Xia can't help being bashfully buried in his arms, "don't want to!"

"I don't believe it." Xing Yifan chuckled, "don't your leading men and women get married?"

"Yes! But we are very strict now. We can't Scribble. Otherwise, we have to ask for tea. " Bai Xia said solemnly.

Xing Yifan chuckled, "I don't mean you want to draw it, I mean you must think deeply in your mind."

Bai Xia can't help but stare at him and admit that he can't help but refute! It's all grown-up. "

Xing Yifan has been admitted by her. He can't help himself. He wants to know if she is interested in it. He can practice it on the spot. However, he has tried this question many times. The answer is No.

However, he would be very happy if he touched it, which is probably one of the most fun in Xing Yifan's life.

It's ten o'clock unconsciously. Bai Xia can't help but make a haha call. She's sleepy. She got a call from the editor in chief at seven thirty this morning. She's about to meet today. She didn't sleep at noon.

"I'm sleepy. Would you like to go to bed now?" Asked the man next to Bai Xia.

"Well, sleep together!" Xing Yifan immediately hugged her up. Bai Xia was shocked and chuckled and hugged his neck.

She fully enjoyed the treatment of the heroine in the cartoon, lying in a strong bent arm, feeling the strong sense of security given by men.

When she got to bed, Bai Xia thought she could be treated gently. How could she know that Xing Yifan threw her gently, and she fell on the soft bed.

"Xing Yifan, you are hateful." Bai Xia's small face was buried in the dark blue quilt full of his breath and gave out an angry roar.

Xing Yifan also lies down from her side with his arms on his back, smiling and charming in Bai Xia's angry stare.

Chapter 1149

But Bai Xia fought back. She reached for his handsome face, crossed her legs and rode on him, holding his face angrily for revenge.

Xing Yifan's handsome face is distorted by Bai Xia. However, his eyebrows are eyebrows, his eyes are eyes, and his teeth are as neat as ice. His smile is more brilliant.

"Still smile, ask you to bully me." Bai Xia continues to retaliate.

Xing Yifan squints his eyes and enjoys it, but her ambiguous gesture makes him have to return her initiative.

Bai Xia moves frequently until she suddenly finds out something. She burns like an electric shock. She just wants to get up, but Xing Yifan holds her down. "I want to run when I'm touched?"

Bai Xia just wants to bully him, but he doesn't want to tease him!

"Xing Yifan, you let me go." Bai Xia struggles and blushes. Unexpectedly, he is in danger of being hit by mistake.

And she found that the posture was not right.

Bai Xia wants to get down from him. Xing Yifan refuses to let him down, so that Bai Xia is in a hurry. During the struggle, a heavy foot kicks him. Xing Yifan's handsome face changes color and curls up directly.

Bai Xia also realized where she had kicked just now. She nervously sprawled in front of him and said, "it hurts you?"

Xing Yifan was biting his thin lip, and there was a little sweat on his forehead. Obviously, he had to kick him.

Bai Xia immediately hugged him, "Xing Yifan, don't scare me, do you have pain in kicking? Let me see... "

Xing Yifan didn't hurt much, but because the place was too sensitive and fragile, he turned his head and looked at her, "do you really want to see it?"

Bai Xia took a breath and bit her lips, but she didn't dare to answer, so she said, "go to the bathroom and check yourself! I really can't go to the hospital. "

Xing Yifan looked at her with a really guilty and distressed look. He had to comfort her and said, "it's OK to bear it. "

" that's not good. You must go to the hospital to see this kind of thing. "Bai Xia said in a hurry.

Xing Yifan, though in pain, was amused by her words. "Why do you have to go to the hospital? Are you really worried about what happened to me here? "

Bai Xia is in a hurry now, and dare to say anything seriously. "Of course, you are my future husband. I can't sacrifice my sexual happiness. We must pay attention to it."

Xing Yifan didn't hurt so much now. He looked at her with a smile and a pillow on his arm. "It seems that you still care!"

Seeing that he was calm again, Bai Xia blinked and approached him gently, "does it hurt or not! Do you want to go to the hospital? "

Xing Yifan thought for a moment and said, "try later. If not, go to the hospital." White summer not from pretty face a red, don't understand of ask a way, "how try!"! You

Does he want to try her? Bai Xia wants to cry.

Xing Yifan smiled vaguely, "just let it live in a moment! Methods I'll teach you. "

Bai Xia can't help but get out of bed and look at him. "I can't do that There's a way to do it. I'll find resources for you on the Internet. Try it yourself. "

after Xing Yifan listens, Junyan is not very good-looking immediately. He snorts," do you think I'm interested in other women? "

Bai Xia is still very happy after listening. She still thinks this method is feasible. She can't help coaxing him to say, "try it!"

Xing Yifan followed her out of bed, his eyes dangerously close to her, "I'm only interested in you."

Bai Xia can't help but step back and lean against the wall behind her. She swallows her saliva nervously.

Xing Yifan immediately approached, stopped her in his chest with long arms, "do me a favor."

"Well? What's the hurry? " Bai Xia looks up and asks.

"Give me a try!" Xing Yifan is also worried about what will happen to this foot. He can't help buttoning up her chin and dropping her thin lips for the so-called test!

A few minutes later, Xing Yifan is sure that he is OK. Bai Xia's pretty face is red and soft in his arms.

"Is that all right?" Bai Xia was shocked just now. Now she is very tired.

"All right! Go to bed! " After Xing Yifan finished, he took her to the bedside and said, "you go to bed first, and I'll be busy working."

Bai Xia's eyes are full of sleepiness. He doesn't want her to stay up late anymore. It must be eleven o'clock now.

Bai Xia goes to bed obediently. Xing Yifan tucks in the quilt for her and kisses her on the forehead.

"Xing Yifan, I'm sorry!" Bai Xia apologizes for her foot just now. Xing Yifan leans down with a smile. "It's OK, my wife! You can do whatever you like about it in the future. "

Bai Xia was speechless and choking. He saw his evil figure leave with a smile, and he closed the door.

Bai Xia still blames herself for her guilt. Next time, even if she plays again, she must be careful. She can't kick around.

Although Xing Yifan has a job, it is not too important. He is mainly afraid of Bai Xia's being together. He will have some ideas. He does not know what he will do if he is not rational. So, the best way is to let her sleep first. When she is asleep, his beast will stay in the chains.

Bai Xia did not fall asleep for a while. Xing Yifan came in to have a look at her. He continued to check the company's email with his notebook on the balcony.

At the moment, another person is sleepless. LAN Qianchen sits on the balcony. In the afternoon, Pei Yuehuang says that she will not come back in the evening if she has something to do. However, it's eleven o'clock now, and she will not come back.

This made him worried a little. Moreover, he called Pei Yuehuang, but he didn't answer though he did.

LAN Qianchen continued to sit on the balcony, staring at the road leading to her villa, waiting for the two familiar lights.

Finally, at half past eleven, LAN Qianchen saw two pairs of ghostly lights coming. It was Pei Yuehuang's unique light eyes for the limited edition sports car. She was right to come back.

LAN Qianchen immediately got up and went downstairs, pushed open the door of the yard, and walked towards the door of her house.

Even if she comes back, he still wants to know where she went, why she came back so late, and why he didn't answer his phone.

Pei Yuehuang came back from Pei's house. Originally, she went to the villa at more than nine o'clock. However, she didn't know that there was a traffic jam on the road. One traffic jam lasted for two hours, which made her helpless. When Pei Yuehuang's sports car was about to drive into the yard, she saw a figure standing under the street lamp at his door. She was shocked and looked at it. Wasn't that blue Qianchen?

She quickly lowered the window and asked the man standing under the street lamp, "why haven't you slept?"

"I'm waiting for you." Blue thousand Chen's tone is a little displeased.

"Get in the car and talk to me again!" Pei Yuehuang said to him.

LAN Qianchen pulls out her copilot and sits in. Pei Yuehuang's car drives into her garage.

"Why don't you answer my phone? Are you going out with someone tonight? " LAN Qianchen asks directly.

"Did you call me?" Pei Yuehuang is slightly surprised.

"Don't you know?" Blue thousand Chen squints Mou, he made at least six phone calls, and she did not answer one.

Pei Yuehuang took the bag from the back seat, took out her mobile phone and looked at it. It was all his calls. She couldn't help but smile, "I'm sorry! When I visited my grandfather, I turned my cell phone to mute and didn't want to disturb his rest. "

Hearing this explanation, blue Qianchen's displeasure disappeared.

"Are you at your house all night?" LAN Qianchen asked curiously.

"Yes! Eat at my house. " Then Pei Yuehuang asked him, "have you had dinner?"

She was worried about whether he would wait for her!

"Yes." Blue thousand Chen answered a sentence.

"Do you want to come into my house?" Pei Yuehuang sent an invitation to him.

Blue thousand Chen is willing naturally, "good."

Two people enter her hall, Pei Yuehuang wearily put on slippers, walked to the refrigerator, took out the water and handed him a bottle.

"So tired!" Pei Yuehuang reclines on the sofa, as if she doesn't want to move any more.

Blue thousand Chen does not look at her painfully, "are you so tired every day?"

In a word, this kind of tiredness is her daily routine. Every time she is in the company, she can be refreshed, but when she comes home, she is so tired that she just wants to find a place to lie down.

"Well! Almost! All these years, I'm used to it. " Pei Yuehuang is drinking water. Her makeup is still delicate, but her eyes are tired.

LAN Qianchen is really distressed. He wants to share it with her, but he knows that he does not have the qualification at present.

Chapter 1150

LAN Qianchen doesn't disturb her to have a rest. He goes back. Pei Yuehuang lies on the bed. Thinking that it's so late, he is still waiting at the door. She can't help bending her lips and smiling, as if her chest is warm.

In the early hours of the morning, Xing Yifan's bedroom, he gently pushed the door in, and saw the dishonest woman on the bed, who had been sleeping peacefully just now, but now she was sleeping crosswise, with two thin legs resting on the quilt rolled up by her at will.

Xing Yifan can't help but bear to laugh. He can't help reaching for his mobile phone and secretly recording her scene, because it's lovely.

Xing Yifan is such a big bed. At last, he can only lie down from the side. He pillows his arms and looks at the sleeping girl. The soft yellow wall lamp gathers a light halo at the tip of her pretty nose. Her small face is soft and charming.

Xing Yifan did not help supporting his side face or sleeping. He looked at her so quietly as if he wanted to burn this little face into his soul.

Xing Yifan is also bored. He has no feelings for women for so many years. Why did he fall into her hands? What kind of magic did she do to him?

Or did she hold on to some Western Love insects and cast a curse on him unconsciously? Xing Yifan looks at this picture in his sleep, with no defenses and innocent face. He is clearly a girl with childish spirit.

Xing Yifan looks at her two long strands of hair lying on her cheek. He reaches out his hand to open it for her, and draws it to her ear. Bai Xia seems to find him nearby. Her thin hand suddenly rests on his shoulder. Then, one of her thin legs gives up the quilt and comfortably rests it on his thigh. Her small face, too, reaches his arm, as if in search of a sense of security, pasted.

Xing Yifan feels her approach, his breath is slightly short, how does this wench take the initiative in sleeping?

I don't see her relying on him so much when I wake up! Xing Yifan stretched out his hand and took her into his arms. He let her sleep with a small face close to his heart.

Bai Xia uttered a sound of somniloquy, hugging his neck and sleeping peacefully.

Xing Yifan still wants to sleep. It seems that he has to lose sleep for a while. How can a man who is hungry to the age of 27 fall asleep? I was kicked by her before. At this moment, after testing, there is no problem at all.

Xing Yifan lowered his head and looked at the tiny red lips close to his eyes. They were bright and ruddy as if they were hooked.

He can't help bending down and burning it twice, but he dare not wake her up, even if he is addicted to it and solves the slander.

As expected, Bai Xia was still disturbed. She pushed him and said in a dreamy way, "Xing Yifan, don't disturb my sleep..."

With that, she turned around, turned her back to him and went on sleeping. Xing Yifan held her waist behind her, closely coincident with her shrimp body.

Breathing the fragrance of her hair, Xing Yifan can't help but relax his mind. He knows no matter how, he can't do anything to her now, so he has to suppress his inner thoughts and sleep with her in peace.

Just in the middle of the night, the people on the bed changed their sleeping posture constantly. Bai Xia kicked here and there for a while, which made Xing Yifan wake up several times in his sleep. Looking at her innocent sleeping face, he could only bear the dishonesty of her sleeping.

In the morning, the eastern sun rises little by little, and the bustling scene of city a seems to be awakened, gradually becoming lively and charming.

Bai Xia finally has enough sleep. Naturally, she wakes up and opens her eyes to find out how close she is to Xing Yifan.

She sleeps in his arms, and one of her legs lies deep in his thighs Scare!

Bai Xia immediately raised her legs, then pretended that she had done nothing. She couldn't help laughing and getting out of bed.

Just when she thought she was getting out of bed without a sound, suddenly a bully arm came behind her and pressed her back again.

"Sleep with me again." Xing Yifan's eyes are blurred.

"I have to get up. You can go back to sleep!" Bai Xia doesn't like staying in bed.

Xing Yifan chuckled, "I didn't sleep well last night, it's all your fault."

Bai Xia is pressed on the bed by him, blinking innocently, "what's wrong with me? Do I have sleepwalking? "

Xing Yifan can't help but give her a spank on the buttocks. Bai Xia's pretty face turns red immediately. "Xing Yifan, can you speak well and don't be rude?"

Xing Yifan didn't have a good airway. "Do you know how dishonest you are when you sleep?"

"Oh! Even if I'm not honest, I'll decorate your room tonight, and I'll sleep in the room. " Bai Xia is not a person who has no place to sleep.

After Xing Yifan's listening, which one is willing? He had to let go of her hand and lay down on the side of his arm. "Forget it, there's no other way for a woman in her family except to pet her."

White summer big morning hear so warm words, can not help smiling face such as flower way, "know good."

Xing Yifan's eyes did have some red blood, but Bai Xia still loved him. She lay down beside him and said, "you can sleep again." "And you?"

"I'll see if yeze gets up. I'll take him to breakfast and pack it for you." Bai Xia wants him to sleep more.

"No, go together." Xing Yifan doesn't want her to get along with yeze alone.

"You really don't sleep!" He asked in the white summer.

Xing Yifan squinted, "I will accompany you all day today."

Bai Xia listened to his jealousy. She couldn't help comforting her smile. "Don't worry, I'm really just a friend with yeze."

"As long as I live with the opposite sex close to you, I'm not sure." Xing Yifan said, standing up and pulling her, "go brush your teeth and wash your face together."

Bai Xia had to follow him into the bathroom. They brushed their teeth together. Xing Yifan took off his towel and wrung it dry. Instead of wiping it for himself, he wiped it for Bai Xia.

Bai Xia's face was slightly raised, and he wiped it. Soon, Xing Yifan put a towel on her face, only to show her a pink red lip. He hooked his lips and smiled, and the evil kiss went on.

"Well..." Bai Xia is going to faint. Can this man wash his face well!

Bai Xia was kissed by surprise. Her upper face was covered by a towel, which made her senses very strong. She was all numb. When Xing Yifan took off her towel, she saw a white face that was as red as a rose.

"Goblin." Xing Yifan rubs her head to curse lightly.

Bai Xia got the name, and she was very popular. She squinted her eyes and said, "then you are the wolf."

"No, I want to be the devil, the kind that eats people and doesn't spit bones." Xing Yifan retorts.

White summer immediately laughed pure harmless, "that is my angel."

"Oh! Angels are destined to be eaten by demons! Sooner or later. " After Xing Yifan finished, he leaned down vaguely.

Bai Xia hurriedly giggled and stepped back. "I'll go home first. You'll come later."

Xing Yifan looks at the back of her leaving. He also washes and changes clothes quickly.

Yeze stood on the balcony with a fresh face, enjoying the scenery here, and sent out a lot of exclamations. Bai Xia changed his clothes and came out, chatting with him for a while.

"Bai Xia, I want to eat all the delicious food you have here! Will you take me to eat! " Yeze had been told a lot of delicious food by Bai Xia before, which made him yearn for it.

"Good! Then I will take you to eat all over the streets and alleys today Bai Xia promised to take him to eat before.

Yeze immediately nodded with a look of expectation. Soon Xing Yifan came here. He was wearing a gray sports suit, and his hair was not treated well. A handsome face was young and natural, with a different kind of arrogance.

Bai Xia finds that he has every side she likes.

"Mr. Xing, you are handsome." Nodze praised him and spoke in less fluent Chinese.

Xing Yifan chuckled and said to Bai Xia, "translate for me and tell him it's necessary."

Bai Xia couldn't help laughing and thumping him, "well, don't be so narcissistic."

Is it not true that Xing Yifan is a little speechless and handsome?

"I'm going to take yeze to eat authentic snacks today. You can join me!" Bai Xia asked.

Xing Yifan nodded, "I can eat whatever you can." He won't choose any street stall.
