Chapter 1151

Of course, Bai Xia knows that there is a very well-known snack street. There are many famous snacks in the street. This time, he will take a good meal from yeze.

Xing Yifan drives out, and yeze looks at his parking lot and a limited edition super car. He can't help but wow, and says to Bai Xia, "this car is so cool!"

Finish saying, can't help but run to the side of the car to study, Xing Yifan said to Bai Xia, "you tell him, if he wants to test drive, I can allow him to try."

When ye Ze saw that he was speaking to himself, he could not help looking at Bai Xia, "what did Mr. Xing say?"

Bai Xia smiled. "This sports car is his. If he says you want to test drive it, he will let you try it."

Wild Ze can't help but be astonished. I didn't expect Xing Yifan to be so rich and have such a top sports car.

Of course, yeze dare not try. It's broken. He can't afford to accompany him. He's just had an eye.

I got into Xing Yifan's SUV, and under Bai Xia's guidance, I came to a breakfast snack street. Bai Xia was very familiar with this street. She took them both into a breakfast shop, and ye Ze liked it very much. Xing Yifan thought it was delicious. It's just that Bai Xia is concerned because the two men around her are still very eye-catching. After breakfast, Xing Yifan drove to a busy street in the center of the city. Yeze wanted to choose gifts for his parents. Bai Xia accompanied him. Xing Yifan waited for them in the coffee shop.

At noon, she had a meal nearby. In the afternoon, Bai Xia took them to eat snacks. At this moment, Bai Xia sat in a barbecue shop. She ordered the skewers and waited patiently.

Ye Ze also smelled the fragrance and looked forward to it. Xing Yifan also believed in Bai Xia's vision. Although he usually didn't eat these, he couldn't brush his girlfriend's face today. He had to cooperate to the end.

Finally, a plate of fragrant kebabs came, and Bai Xia was slandered. She had not indulged for a long time.

"Let's eat!" White Xia Dynasty two men who are looking at said.

Under the guidance of Bai Xia, ye Ze starts to eat. He immediately likes it. Xing Yifan takes two skewers out of a handful of barbecue and eats them very well.

The appetite of the two men was very good. Xing Yifan went to select the food area himself, and picked several kinds of food he liked again.

Bai Xia and ye Ze are also eating vigorously. After eating the kebab, three people go on. Bai Xia packs three cups of milk tea. One person goes to another Antique Street, holding one cup of tea. He accompanies Ye Ze to buy souvenirs for his parents. Xing Yifan is waiting patiently and looks like a very good boyfriend.

"Wow! That little brother at the door is so handsome! Would you like to have a lift? "

"Go and get the number. Don't miss the chance."

Two girls are pushing sang to ask Xing Yifan for the phone number. Bai Xia, standing aside, hears that. She looks at the two girls. It seems that Xing Yifan is still very dangerous outside!

Sure enough, the two girls went to chat with each other. Xing Yifan inhaled the milk tea that Bai Xia packed for him, and his whole body exuded charming breath. Moreover, today, he is very grounded, which makes people think he is very easy to flirt with.

"Little brother, may I have a number for each other?" One of the girls is good-looking. She thinks she can attract Xing Yifan's attention.

Xing Yifan glanced at her coldly and said quietly, "my girlfriend is in there."

As soon as they said this, the two girls blushed, but they didn't expect his girlfriend to be in the shop! It's a pity that such a man has a master.

"That's disturbing!" The two girls hurriedly pushed each other to leave.

Bai Xia checks out with Ye Ze. Bai Xia smiles and asks, "did someone ask for your phone number just now?"

Xing Yifan chuckled, "my personal number will not be given to any woman."

Bai Xia nodded with satisfaction. Then, she said to him, "I just saw a good car hanger. When it was pawned, it was not lovely. I bought two."

She had a pink doll in her hand, delicate and beautiful.

"Nice." Xing Yifan praised her vision.

"Then I'll put one in your car later." Bai Xia said.

Xing Yifan didn't mind at all. "OK, hang up later."

After a while, he began to mend his brain in his tank like car. Suddenly, the toy appeared. What effect would it have.

Yeze was very happy. One day, they were tired from shopping. After dinner at night, they were really tired. Except Xing Yifan, he was energetic and seemed tireless.

Bai Xia comes to Xing Yifan's house with her pajamas after arranging for yeze. She takes a bath and is too tired to sit on the sofa.

"I'm too tired. I'll go to bed early tonight." Bai Xia is like a cat. She can sleep very well.

Xing Yifan doesn't allow her to go to bed so early.

"I'll sleep with you later. You'll stay with me now." Xing Yifan said, sat beside her, took her in his arms, and said jealously, "your mind is not on me today. Don't you compensate me in the

evening?" Bai Xia couldn't help laughing, "how can I compensate you! I'm almost exhausted. " Xing Yifan's big palm is kneading on her shoulder, "I'll give you a massage."

Bai Xia can't help squinting her eyes comfortably.

"On the sofa." Xing Yifan said to her, it's hard to sit like this.

Bai Xia immediately fell down on his stomach. Xing Yifan squatted and kneaded for her. His big hand was holding very well, and it didn't hurt her.

Bai Xia is so comfortable that she squints her eyes, sleepy and sleepy. In Xing Yifan's rubbing, she feels sleepy and sleepy when she lies on her stomach.

Xing Yifan found out, he immediately beat her up, "to go to bed to sleep."

White summer bent his lips and smiled, "MMM!"

"MMM what mmm." Xing Yifan is upset, but she is really tired today. Otherwise, she will not be let go easily.

Bai Xia was put to bed. She thought that she could have a good sleep, but she didn't know that the man immediately pressed down, pried her lips and tongue, and asked for a warm kiss.

Bai Xia's head is blank when he is kissed. When he thinks that this man is going to eat her alive, he lets her go again.

Xing Yifan closed the door and looked down at himself, afraid that it would be another sleepless night.

On the third day, Bai Xia's task is to accompany Ye Ze to go to the library and the museum. Today, Xing Yifan has no time to work with him. In the evening, Xing Yifan pushes several clients to meet him. He rushes home to have Bai Xia's own meal.

He doesn't want to let yeze enjoy the delicious food of Baixia alone.

Sitting at the dinner table, Bai Xia said, "there is a comic book signing meeting in our company tomorrow. I want to attend the signing."

"Can I also visit?" nodze said excitedly

"Yes!" Bai Xia nodded, her eyes looking forward to the opposite Xing Yifan. "Do you have time?"

Xing Yifan thought for a moment and said, "when do you start signing?"

"I'll start at two in the afternoon."

"I'll try to get here." Xing Yifan has a meeting tomorrow, and he doesn't want to miss her brilliant moment, which is her achievement.

Bai Xia chuckles, "OK, if you have time, you can come and have a look. I'll send you the address."

After dinner, Bai Xia and Xing Yifan go back to his home together. Yeze has booked the air ticket for the day after tomorrow. Because he escaped from marriage this time, he dare not stay too long. He has to go back.

Bai Xia is tired today, but Xing Yifan doesn't allow her to go to bed so early. He takes her to the balcony to enjoy the night view.

Bai Xia nests in his arms and accompanies him to count the stars.

"What constellation are you? Let me guess." He said in the white summer.

Xing Yifan squinted and asked, "do you still believe this?"

"Believe it! Why not believe it. " In fact, every week has a unique charm

"I'm like Scorpio!" Xing Yifan raised his eyebrows and said, "but I don't believe it. My sister's character is the opposite of mine."

"Yes! When can I see your sister? I'm a big fan of her!" Bai Xia said with a look of expectation.

"Don't be her fan, just her second sister-in-law!" Xing Yifan rubbed her long smile.

White summer pretty face suddenly rose red, drill to his bosom, the heart is full of happiness.

Xing Yifan pressed her face and ground it on his chest. His heart was burning. "When my parents come back, I'll see them in line. Then we can get the license and get married. Let me marry you directly."

Bai Xia nodded her head in his arms. "OK!"

Chapter 1152

In the morning, Pei Yuehuang's car will naturally wait for him at the door of blue Qianchen. Blue Qianchen steps out with a light color suit. His skin is white and his facial features are elegant. It seems that he can drive a suit of any color perfectly.

Blue Qianchen opened the door and sat in, greeting the woman in the driver's seat, "good morning! The Moon Phoenix. "

Pei Yuehuang can't help but gather her long hair, turn her head and look at him. Two strands of glossy and charming hair are drawn lazily from her forehead.

"What's my name?" Pei Yuehuang asked.

"In addition to the company I will call you Mr. Pei, usually I want to call you by name!"

"If you count by age, you have to add a sister at the back." Pei Yuehuang joked.

The handsome face of blue thousand Chen can't help but stunned a few minutes, he refutes directly way, "I just don't call!"

"Why not?" Pei Yuehuang asked with a smile.

Blue thousand Chen lightly hums, "do not call is not to call."

Pei Yuehuang doesn't tease him anymore. She drives the car seriously. After a while, she thinks of something and asks him, "today seems to be your birthday. How are you going to spend it?"

LAN Qianchen looks at her in surprise. "How do you know my birthday?"

Pei Yuehuang immediately coughed with a weak heart, "your information needs to be sent to me for a look. I remember it inadvertently."

Blue thousand Chen eye ground dye a smile, as if very happy, "it seems that my position in your heart is not the same!"

"Where do you come from? I treat my colleagues equally in the company, but I have no special care for them. " Pei Yuehuang doesn't admit it.

After listening, LAN Qianchen immediately narrowed his eyes and said, "Oh? It's all the same! Well, tell me, what's Qu Hao's birthday! "

Pei Yuehuang can't help choking. To be honest, she really hasn't paid attention.

"He's been in the company for a long time, but I forgot." Pei Yuehuang had no choice but to say.

"Oh! He's been in too long! Well, I happen to know someone who just joined the company, the finance department. You should remember his birthday! " LAN Qianchen will not give up to prove this.

He was different in her mind.

Pei Yuehuang suddenly had a feeling of being defeated, so she had to chuckle and surrender, "OK, you win, right, you are different in my heart, OK!"

Blue thousand Chen just happily picks eyebrows, "do you want to celebrate my birthday?"

Pei Yuehuang thought for a moment and said, "if you have someone else to celebrate your birthday, I will give you a present! What do you want? "

LAN Qianchen shook his head and said, "last night, I refused my family to give me a birthday, so at present, I have no one to celebrate a birthday together."

Pei Yuehuang was shocked. "Why do you refuse your family to celebrate your birthday?"

"Leave you a chance!" Blue thousand Chen's eyes are hot to stare at her, "you are willing to give me a birthday!"

Pei Yuehuang couldn't help being teased again and complained, "how could you force me to celebrate your birthday?"

"I think you gave it to me. I have a reservation for the restaurant. You only have to come and accompany me for dinner tonight." LAN Qianchen doesn't want to miss the chance. She is invited to dinner.

Pei Yuehuang thought for a moment and said, "even if I am the boss, this meal must be for me, OK! I'll give you a birthday in the evening. "

She promised to come down.

Blue thousand Chen's eyes look out of the window, thin lips bend up a happy smile.

He immediately thought of something and said to her, "I found out something about the bidding last time. I'm sure I'll sue. Maybe I can help you retrieve the bidding."

Pei Yuehuang couldn't help but look at him with admiration? Then I'll wait for your good news. "

"Soon." Blue thousand Chen's eyes are full of confidence and assurance.

In the early morning, Bai Xia opened her eyes from Xing Yifan's arms and had a good night's sleep. When she heard the message, she reached for her mobile phone and looked at it. It was the message from the chief editor. She asked her not to be late for the signing meeting in the afternoon.

Bai Xia replied, and she gently drew out a thin leg which was pressed by Xing Yifan. Xing Yifan immediately lifted his thick eyelashes and stared at her deeply. "Go to sleep with me again."

Bai Xia knows that she sleeps here, which makes him sleepless every day. She has to lie back and hug his neck and say, "OK! I'll stay with you for another half hour. Go to sleep! It's still early. "

Xing Yifan's head immediately leaned into her neck, and her thin lips almost kissed her two jade like collarbones.

Bai Xia couldn't help feeling a little itchy, but he didn't push him away, so he fell asleep.

At half past eight, Bai Xia opened his eyes again. Xing Yifan was fully asleep. Bai Xia stretched out on the bed and said with a smile, "it's really nice to be in bed!"

Xing Yifan Li pulls her to her bosom and says in a low voice, "OK, my bed will let you live forever."

Bai Xia suddenly lies on his body, elbows on his chest and says, "I will depend on you all my life." Xing Yifan, with his arms on his back, smiled charmingly, "OK! You can stay for a few lifetimes. "

Bai Xia really has no time to stay in bed today! She took the lead.

Xing Yifan also got up, he said, "I will go to the company in a moment, and I will come to see you in the afternoon."

Bai Xia nodded, "OK! You should be busy with your work first! "

Bai Xia is packing breakfast downstairs, and ye Ze is very curious about today's signing meeting.

Bai Xia's company has made a move ahead of time, and many readers have received the news. The signing meeting is held in a large library. Bai Xia and several famous cartoonists from the company attended the signing meeting.

Bai Xia is also very excited. It must be an affirmation of her achievements. Moreover, her new cartoon is so popular that many readers are very curious about her. They want to see what a romantic and loving cartoonist looks like.

Bai Xia chose a fresh white shirt in the wardrobe, matched with jeans, simple and elegant, very in line with her small and fresh style.

At noon, Bai Xia takes Ye Ze out for dinner. He will go back tomorrow. She must treat him well and make him worthy of the trip.

In the afternoon, Bai Xia and ye Ze happened to be nearby. She arrived at 1:30. In a nearby coffee shop, she met with several other comic writers, usually only communicating on the Internet, and the offline party was also very exciting.

They are a group of people with common interests, and the wild Ze on the side is also surrounded, because their national comics are well-known in the world, while Bai Xia is busy translating, and the atmosphere is very good.

At two o'clock, several of the company's writers came to talk to them about something. At present, there are nearly 100 readers in the library. The situation is good.

Bai Xia is still looking forward to Xing Yifan coming. Of course, she will not urge him, but his work is important.

Yeze went into the library and waited for Baixia. To him, everything in the library was so fresh and curious that he didn't have to worry about Baixia at all.

In Xing's group, Xing Yifan signed the last urgent document. He put the cap of the pen on it. He took a look at the watch. It was 2:05. He grabbed the car key on the desk and went out immediately.

He doesn't want to Miss Bai Xia's signing.

The signing meeting began. Bai Xia and several cartoonists sat at the table of the signing meeting. There was a security guard nearby. Many readers were holding their favorite cartoon works and waiting to sign for the original cartoonist.

There are only three lines, nearly 100 enthusiastic readers coming, and there are more readers coming on the road. Most of them are young people, boys and girls. Their eyes are full of joy.

Bai Xia's eyes are looking at the direction of the door. She is looking forward to the arrival of a person.

Finally, the signing meeting began. After signing, there was a reader's appreciation meeting, which was very lively.

Bai Xia has many readers. When readers come to her with her works, they look at her excitedly. Unexpectedly, their favorite cartoonist is more beautiful than the heroine in her cartoon!

Some people even think that she is the heroine in her comic books.

"How beautiful you are in summer! Nice to meet you. " The little reader smiled and praised.

"Thank you!" they chuckled in the white summer With that, she signed her name neatly.

Summer is her comic writer's pseudonym, and she is like a sun.

Bai Xia is busy signing, and in the face of readers' warm greetings, she is also very happy, too busy. Naturally, she didn't notice a tall and charming figure stepping in at the door.

Chapter 1153

Just next to the group of women who are waiting in line to sign saw, immediately dark wow, my God! How handsome!

I saw a slender body of more than one meter and eighty-five, with beautiful features, lazy and leisurely steps, a suit unbuttoned, showing a black lining, and a tie with fine grain lattice, which showed his strong and charming chest muscle lines.

"My God! Isn't this Suye like reality? "

"It's really Su Ye! Live Suye, how can it be so similar! It's just his original

As Bai Xia was signing, she heard someone in the crowd talking loudly about Su ye, the hero of her new cartoon. She immediately looked up and saw the man who stepped in, Xing Yifan.

What's more, it makes her have a bad premonition. Xing Yifan shouldn't have come. The eyes of the readers are really bright! How do you know at a glance that he is the original version of Suye?

Xing Yifan finds out the look around him. Besides, there are a row of female voices staring at him. What's Suye's name? He can't help but cold his eyes. Who says his name is Suye?

"My God! It's him it's him! I didn't expect to see Su Ye alive. He's so handsome. "

There is a girl who stares at Xing Yifan, with stars in her eyes, as if she is adored.

Xing Yifan sees that Bai Xia is busy signing. He looks at a cartoon beside him. He goes over and immediately sees Xia's pen name. Isn't that Bai Xia's pen name?

He reached out to pick up a book, looked through it, and saw that her painting style was very fresh and charming, and the protagonist's expression and charm were lifelike. He reached out to pick up a book and stood at the end of the line.

Bai Xia looks at him and goes to the queue with her cartoon. Her face turns red suddenly. What's the fun with him! Moreover, Bai Xia looks at him there, turning over her comics. Her pretty face is blushing. If you remember correctly, the comics in his hand are kiss, bed and wall.

Xing Yifan turns it seriously. Anyway, he needs to wait for a while. He is not in a hurry.

At this time, the girl standing in front of him asked excitedly, "Hello, is your name Suye?"

Xing Yifan squints his eyes and opens his thin lips. "No."

"But you and Suye are so alike." The girl said excitedly.

Xing Yifan stared at her and asked, "who is Su ye in your mouth?"

"Eh? Don't you know? Su Ye is the hero in the new summer cartoon! Do you know summer? " With that, the female reader pointed to Bai Xia sitting on the third table.

Xing Yifan's eyes immediately overflowed with smile and warm color. He hooked his lips and said, "of course I do."

At this time, the two female readers in front of them are excitedly distinguishing, "it turns out that summer is Suye designed based on him!"

Xing Yifan suddenly becomes curious. Does the hero of Bai Xia's new work look like him? It seems that he needs to appreciate it.

The team is almost signed. Xing Yifan's turn comes to a few others. Bai Xia is waiting for him shamefully.

And Xing Yifan is staring at the beautiful comic book in his hand at the moment, only to see that he is turning over to a picture of bed Dong. Unexpectedly, this woman is inexperienced, and even can draw such a picture of bed Dong, which is so wonderful!

What's more, the style of his hero pressing the heroine's painting? Why is it like when he presses her?

Xing Yifan can't help feeling interesting. Finally, it's his turn. He walked gracefully to Bai Xia, handed her the cartoon in his hand, held his long arm, and handsome face approached her.

"Well done! Sign me! "

Bai Xia looks up and stares at him. "What are you doing?"

"I'm flattering you! And who is Suye? " Xing Yifan is not interested in asking questions.

Bai Xia is signing for him, and directly signs the name askew. She looks up nervously and says, "no one!"

"It's said that it's the hero of your new work. You won't follow my painting!" Xing Yifan raised his lips and asked with a smile.

White summer pretty face is red, my God! He's going to find out?

"After signing, you can wait for me." He said in the white summer.

Xing Yifan doesn't block other people's position either. He looks at the comic website of their company nearby. He takes out his mobile phone, sits on the chair in the last row, and calmly looks at the works in this website.

After a search, Bai Xia's new work came out. He stretched out his hand to open it. In the picture, it was the scenery of two villas close to each other, even familiar to him. Soon, there were kittens on the grass. Still in the heavy rain, he curled up into a small group.

A cute girl with long hair picked up her kitten and took care of it.

Xing Yifan seems to have discovered the new world. He can't help turning down the page excitedly. On the fifth page, he appears, a man named Su Ye.

Xing Yifan looks at this cartoon character written by Bai Xia. He is right.

There is a kind of black hair with a style, a abstinance black shirt, sharp facial features, and a high air-conditioning field between eyes. Moreover, it's the first time he and Bai Xia met. He sat in a park chair, where the sun, soon, a cat excitedly ran to his feet, is blossoming.

As Xing Yifan turned down, the smile in his eyes couldn't be covered. He was laughing alone. The smiling eyes almost fascinated the female readers around him.

Bai Xia signs the last one. She looks up at Xing Yifan, who is sitting in the back seat, looking at his mobile phone. Her long fingers are placed between his thin lips, as if she is peeping at something funny.

Bai Xia's head is slightly blank. She has a premonition that Xing Yifan must be looking at her new work. He must be smiling like he has nothing.

Bai Xia and several comic friends sat down, in front of the chair, or sat or stood many readers friends, the host introduced them on the stage.

Bai Xia introduces her own creative experience, and soon reaches the interactive link of readers.

A female reader asked curiously, "summer, would you like to ask if the hero in your new cartoon is drawn according to the real man?"

Bai Xia didn't expect this reader to be interested in knowing this. She nodded, "yes, it's based on my boyfriend's prototype."

"Is your boyfriend here?" The host also asked curiously.

Bai Xia's eyes looked at Xing Yifan, and she said with a sweet smile, "here he comes."

Xing Yifan also stood up, his eyes gently and affectionately staring at Bai Xia. The two people showed their love in the air, and the people present were immediately fed with dog food.

"My God! Your boyfriend is so handsome! " The host couldn't help but want to praise him.

"Then I'm curious to ask another question! Do you fall in love at first sight? Or do you live long? "

"We are happy friends." Bai Xia replied with a smile.

"It's a couple with super beauty to be happy with friends." The host said enviously.

"Shall we ask your boyfriend to say something?"

"Well Don't embarrass him! " In fact, Bai Xia is not very nice to show his love.

"No problem, just want to hear him say something to you on the spot." The host said with a smile.

In an instant, the present readers and friends immediately look at Xing Yifan behind them and look forward to how the handsome man can express his love to Xia?

Xing Yifan is not nervous. He stands up and looks at the girl who is too shy to look at him directly. He gently calls her, "Xia Xia, look at me."

Bai Xia had to look at him.

Xing Yifan murmured, "in your cartoon, Su Ye married your heroine. In reality, it's my turn to marry you."

This sentence is undoubtedly a proposal.

Bai Xia looks at him with a pretty red face. He turns to the last page!

"Summer, what's your answer?" The host asked her.

Bai Xia covers her mouth, nods excitedly and affirmatively, "OK!"

There was thunderous applause at the scene. Bai Xia's eyes were on the deep eyes of Xing Yifan. She didn't hide, because she was so happy.

The next communication passed quickly, and the signing meeting ended. Bai Xia went to Xing Yifan, who naturally took over and fell in her ear. "Why didn't you paint the night of the cave? Are you inexperienced? "

White summer buzzing out, do not know how to answer, a smile followed, "I teach you."

Chapter 1154

Bai Xia's signing meeting ended successfully, and she also received a wave of praise. However, she never expected that Xing Yifan would know the content of her new work.

He even watched it with great interest and couldn't let it go. When she went to the library to look for Yoshizawa, he sat on the chair beside the library and looked at it carefully with his mobile phone.

Even if the girls around him cast adoring eyes on him, he also completely ignored, let alone what he saw. The soft light and smile in his eyes would almost kill a bunch of girls.

Bai Xia found a book in a corner on the second floor, and let him find a book that he could understand, which was very interesting, so he decided to buy it back.

Bai Xia takes him out to pay the bill, and she sees Xing Yifan sitting there, holding his mobile phone, and continuing to read her new work.

White summer's pretty face can't help blushing, blushing like the tide that drowns her, my God! All her careful thoughts will be seen out by this man. Moreover, she added many descriptions to him, even excerpted his words, all kinds of accurate records of their lives.

When Xing Yifan saw them coming, he couldn't help standing up with a smile. His charming eyes locked Bai Xia, who dared not look at him, said to him, "let's go back!"

Pei group, at about 4:30, Pei Yuehuang said to Xu Min, assistant, "book the restaurant I often go to, and ask for an independent box."

"OK!" Xu Min immediately replied.

Pei Yuehuang sat at the table, thinking about something. She looked up and asked Xu Min, "what do you think is better to give a man a birthday present?"

As soon as Xu Min heard this, he guessed that it was LAN Qianchen's birthday?

"It seems that most of them are for neckties, belts, etc." Xu Min doesn't know much about her boyfriend either.

"Is it going to be easier to give ties?" Pei Yuehuang doesn't think it's enough.

Xu Min immediately thought of something. He couldn't help laughing and said, "Mr. Pei, why don't you give your underwear?"

Pei Yuehuang immediately stared at her with tears and smiles, "don't make any noise! Just think about it. "

"It's good to give underwear!" Xu Min continued to tease her.

"No delivery." Pei Yuehuang said regretfully.

"Then give me the belt! I think it's something he needs, something practical. " Xu Min made a serious suggestion.

Pei Yuehuang thought about it. "OK, come out with me, and don't forget to order a cake, not too big, for two."

"Wow! Is Mr. Pei going to have his birthday alone with Mr. LAN er tonight? " Asked Xu Min with a smile.

"How do you know it's his birthday?" Pei Yuehuang asked.

"You asked me to bring up his information that day. Of course, I noticed his birthday!" Xu Min has been following her for too long, so she can find out what she thinks.

Pei Yuehuang stares at her again. "You know me so well, I'm wondering if I want to keep you by my side."

Xu Min was startled immediately. "Mr. Pei, Mr. Pei, don't do that! I dare not talk more. "

Pei Yuehuang naturally scared her. She smiled and said, "don't worry! As long as you are willing to follow me, you can go as long as you like. Please accompany me to pick out the gift! "

Xu Min nodded quickly, "OK!"

In the nearby shopping mall, Pei Yuehuang went directly to the most expensive shop. During the selection, she chose one according to her own vision. She saw that the tie beside was good and added another one.

When Pei Yuehuang came out, it was half past five in the evening. She took Xu Min back to the company. At this moment, all the employees in the company were ready to leave work.

Legal department, LAN Qianchen didn't mean to leave. He was waiting for Pei Yuehuang's call.

At about 5:40, his landline rang. He hooked up his lips and smiled. He reached for it. "Hello!"

"I've reserved the box in the restaurant. Let's go together later!"

"Well, I'm waiting for you!" Blue thousand Chen says with a smile.

"I'll see you in the garage in ten minutes." Pei Yuehuang said and hung up.

Blue thousand Chen can't help but smile and shake his head, as expected, the fan of the domineering female president! However, he had an idea that he was willing to be controlled by her.

Ten minutes later, LAN Qianchen went to the garage and saw Pei Yuehuang's sports car had been started in the private parking lot. She was waiting for him.

Blue thousand Chen opened the door and sat in. Pei Yuehuang took two gifts from the back seat and handed them to him. "Happy birthday, thousand Chen."

LAN Qianchen received the gift. His eyes were moved. "Did you choose this for me?"

"Well! Do you like it or not! If you don't like it, you can change it. " Pei Yuehuang asked him.

Blue Qian Chen reached out and picked up the belt in the bag to enjoy it. He looked at the tie again and said with satisfaction, "as long as you choose it, I like it."

Pei Yuehuang's heart was sweet, and she said slightly, "if you like it, we'll go to dinner."

"Well!" Blue thousand Chen curved his lips and smiled.

Pei Yuehuang's sports car drove into the group of cars. Under the sunset in the evening, light music was playing in the car, and a sweet atmosphere of love filled up. Pei Yuehuang is in a good mood, and LAN Qianchen's eyes are staring at her from time to time. Pei Yuehuang has caught her several times. He doesn't dodge or hide. He's not guilty, but he laughs more charming.

"What are you doing staring at me?" Pei Yuehuang asked jokingly.

"I was thinking, what do you mean by a belt?" A thousand blue stars make a sound.

"Oh! What is the special significance of the belt? "

"It's said that it means to hold each other's heart and fence each other's body." Blue thousand Chen says with a smile.

Pei Yuehuang can't help being embarrassed. "And that's the way to say?"

"Yes! So, you sent me a belt, my heart was taken away by you, and my body will be as good as jade for you. " Blue thousand Chen not from evil smile.

Pei Yuehuang chuckled and was amused, "don't do that! I don't mean that. Do whatever you like! "

Blue thousand Chen but willful and stubborn up, "I don't, I think you have this meaning."

Pei Yuehuang's red lips can't hide her smile, and her whole body's amorous feelings are revealed, which makes the opposite blue Qianchen a little fascinated.

Arriving at the door of the restaurant, Pei Yuehuang leads him to go up, two people walk into the box, suddenly Pei Yuehuang's eyes are gaping.

I saw that the whole box had been arranged, the floor window was pasted with birthday greetings, the sofa and the wall were decorated with warm decorations, and the rose, red wine, champagne and heart-shaped candle holder on the table top were placed with candle cups, which had been ignited.

Pei Yuehuang doesn't want to use it. She also knows that Xu Min asked people to decorate it. She really didn't want such an effect.

Blue thousand Chen's handsome face reveals surprise, unexpectedly she takes his birthday so seriously! "Miss Pei, Mr. LAN, what else can I do for you?" The waiter asked them, referring to the equipment in the room.

"No, thank you. Let's order!" Pei Yuehuang replied politely.

After giving them the menu, the waiter waited quietly for them to order.

Blue thousand Chen really moved, he gentle voice, "Moon Phoenix, thank you!"

Pei Yuehuang on the opposite side bit her lip and said, "you're welcome."

After ordering, the waiter opened the red wine and champagne for them, poured the wine for them and left.

"Happy Birthday to you." Pei Yuehuang raised her glass and said to the handsome man opposite.

LAN Qianchen also raised his glass and gently touched it with her. "Thank you. I'm honored to have you for my birthday."

Pei Yuehuang gathered her long hair for a while. Under blue Qianchen's deep and warm eyes, she was a little shy and even her heart beat was speeding up.

It's a feeling she didn't have in other men's place.

"Here's to you, to celebrate our meeting." LAN Qianchen continues to raise his glass.

Pei Yuehuang touched him gracefully. She held her chin and said, "are you sure you only need me for your birthday?"

LAN Qianchen is very sure, "yes, it's enough to have you with me."

Just then, his mobile phone on the side suddenly sounded a message, and still connected to the message.

Blue Qian Chen's eyes narrowed. He reached out and picked up the message. It was sent by Ye Xiao. She was wishing him a happy birthday and sent him a red envelope.

Blue thousand Chen reached out to return a thank you, put down the mobile phone, he raised his eyes and saw Pei Yuehuang's eyes fixed on him.

"Just a blessing from a friend." LAN Qianchen quickly explains.

"Of a female friend?" Pei Yuehuang asked.

"Yes! However, it's not very relevant. " LAN Qianchen explains carefully.

"You don't have to explain so much to me. I have no right to interfere in your circle of friends!" Pei Yuehuang raised her cup with a smile and took a drink alone.

But LAN Qianchen is sensitive to find out her mood. Pei Yuehuang is really depressed. As expected, there are other women who care about him.

Chapter 1155

LAN Qianchen hands her mobile phone, "show you the information."

Pei Yuehuang shook her head and smiled, "I will not interfere with your privacy."

"Her name is Ye Xiao. She is my high school girl. She played together when she was abroad, but what he likes is my good brother, and I'm just friends." LAN Qianchen explains carefully.

When Pei Yuehuang saw that he was serious, she nodded and smiled, "OK, I believe you."

"Do you really believe me?" LAN Qianchen looks at her.

"Well! Believe it. " Pei Yuehuang really believes him. His eyes are so sincere and clean, and his heart can be seen through by her at a glance.

LAN Qianchen is relieved. He puts his cell phone aside, but turns it off secretly. Tonight, he doesn't want anyone to disturb them for dinner.

Dinner was pushed in, with a fine meal and a cake for two.

In order not to be bored, Pei Yuehuang took the initiative to talk with him about the case in the company. Blue Qianchen has three cases that have been delayed for more than half a year and is ready to file a new case for prosecution. The progress is good.

Pei Yuehuang listened, but she felt that it was right to let him enter the company.

Two people unconsciously drank a bottle of red wine, blue thousand Chen is still very sober, opposite Pei Yuehuang a little drunk, between her looks, began to more mature women charming and confused.

She held her chin and stared at the blue Qianchen opposite, as if she had some childlike loveliness.

"Remember the first time we met? You tell me, how much did you see me! " Pei Yuehuang squints and asks.

LAN Qianchen put down his knife and fork, clasped his hands against his beautiful jaw. "Am I responsible?"

Pei Yuehuang was shocked. She immediately smiled and shook her head. "I didn't ask you to be responsible. I just want to know what happened that night."

"I want to be responsible." LAN Qianchen looks at her seriously.

Pei Yuehuang's face is on her side, her skin is in the candlelight, a little red, her eyes have a unique style, she made a drink! "How do you want to be responsible for me?" Pei Yuehuang is just curious.

Blue thousand Chen voice line hoarse a few minutes, "I want to marry you!"

Pei Yuehuang's mind suddenly wakes up. She knows what it means for him to marry himself.

"Are you sure you want to marry me?" Pei Yuehuang asks tentatively.

The blue thousand Chen on the opposite side replied firmly, "as long as you are willing to marry, I will marry."

Pei Yuehuang avoids his warm eyes. She takes a breath and says, "make a wish! It's time we had cake. "

"Before that, I'd like to invite you to dance." LAN Qianchen then stood up and extended his hand to her like a gentleman.

Pei Yuehuang could not help but be shocked. She was a little embarrassed. Looking at this white and slender palm, there was a yearning in her heart. She slowly put her hand in it.

LAN Qianchen holds her and pulls her away from her position. Pei Yuehuang immediately has a big palm on her waist. She only feels that a force is driving her and tightly sticks to LAN Qianchen's arms.

His clean and unique male hormone left her head blank, but at the same time, it was filled with a kind of joy and joy, and also looked forward to.

She gently pasted it on his shoulder, as if she had found the harbor bend where she rested.

LAN Qianchen finds out that she is quiet. He kisses her hair gently and dances with her in a random slow rhythm.

Pei Yuehuang reclines quietly in his arms and enjoys this reassuring hug. In fact, her inner desire has been long.

She doesn't want to be a strong woman either. She wants to be a little woman. Like all women, she enjoys love and care.

Xing Yifan and his three had dinner outside before returning to the direction of the apartment. Yeze was already preparing to pack up his things and went to the airport in the morning. Bai Xia accompanied him to pack up. The time was more than 8 o'clock unconsciously.

"Thanks for your hospitality these days, Bai Xia. I'm very happy. Welcome back to K country. I'll treat you well." He thanked her.

Bai Xia said with a smile, "as long as you have a good time, I may not have time to go."

Talking with yeze, her mobile phone on the table rings, which is the sound of information. She takes a look and sees Xing Yifan send a message in a domineering tone. "You're limited to two minutes."

Bai Xia smiled wordlessly, and chaoye said, "you can have a rest earlier! I'll take you to the airport tomorrow morning. "

"Good! You go to rest! " Nozawa nodded.

Bai Xia pushes the door out with her mobile phone, and opens Xing Yifan's door. She steps in.

I saw the man who had bathed on the sofa, with long legs and iPad, and was still staring at it.

"Is it so beautiful?" Bai Xia can't help asking.

"Super good-looking, I never knew I was in your heart, so handsome, so charming! I can do anything. " Xing Yifan found a very strong sense of existence in her cartoon.

Bai Xia had no face but no skin. "Remember to give me a reward after reading it!"Xing Yifan said with a smile, "I've given you a dozen rewards. Now I'm the king of rewards among your readers."

Bai Xia, "... " There was no words for a while, and she said, "keep watching! I went to take a bath. "

"Go!" Xing Yifan read carefully and carefully. He would not turn the page until he read every page carefully.

Su Ye is the original version of him. He didn't expect that he was so important in Bai Xia's eyes. How could she describe his handsome appearance without putting him on the top of her heart? I found the same clothes. Xing Yifan was almost fascinated. He never thought the girl's cartoon was so childish. Instead, each frame attracted him so much that he couldn't extricate himself.

Bai Xia takes a bath and looks at the man sitting cross legged on the sofa. He becomes a reclining position, but the iPad in his hand is still stable.

"Don't your eyes hurt? Do you want to have a rest and have a look. " Bai Xia is really worried that he has watched too long.

"It doesn't hurt. I found out that my wife loves me so much." Xing Yifan never forgot to show off.

Bai Xia's heart is sweet. No wonder she is wrong? I thought it was a shame to be found by him. Unexpectedly, I let him see it, but it was such a reaction.

"I didn't paint you askew!" Bai Xia sat next to him and asked with her chin up.

Xing Yifan hooked his lips and smiled, "paint my husband super handsome!"

Bai Xia couldn't help but smile and stare at him, "you are less complacent. It's not a matter of how handsome you are, it's because I'm good at painting."

Xing Yifan continued to turn, just turned to a page, he squinted to appreciate the way, "the posture of connecting kisses are so correct, it seems that I have a good education."

Bai Xia immediately took a breath and grabbed his iPad. Naturally, she knew the kiss. Not only the kiss, but also the plot description. She blushed and said, "don't look at this."

Xing Yifan is watching hard! He is about to take it away when he comes here with long arms. Bai Xia is holding the iPad and doesn't show it to him.

But where is the goal of men? It was the woman who had just taken a bath and was full of fragrance. He put his arms on both sides of her head. Bai Xia thought he was going to rob her and fell on the sofa, but it was convenient for the man to cover his body.

Bai Xia finally knows his plot, but it's too late. The man pinches her chin and a domineering kiss falls.

"Well..." Bai Xia sends out a coquettish chant.

And the iPad in her hand was easily taken out by the man, and on the table aside, he began to deepen the kiss seriously.

Bai Xia is dizzy. She pushes her hand for a while and can't help but hug his neck.

Finally, Xing Yifan let go of her. Bai Xiaqiao blushed and looked at the handsome face on her head. She narrowed her eyes and warned, "no more kissing."

"Do you want me to unlock more kisses for you? Help you find inspiration?" Xing Yifan's evil spirit smiled for a while, revealing a neat ice white tooth.

Bai Xia only smelled the danger. She was busy trying to get out of him. She twisted and twisted.

However, the handsome face of the man immediately tensed a few minutes, and he cried in a low voice, "don't move, I'm not polite to move again."

Bai Xia stopped at once and looked at him warily. Xing Yifan's breath was panting, "I want you to move around. What should I do now?"

Bai Xia was also nervous and asked with a blink, "what to do!"

Xing Yifan was speechless, so he had to press it for a while, which made Bai Xia's face red. Xing Yifan turned over and got off the sofa and went to the main bedroom.

Bai Xia looked at his back and thought of what he was going to do. Her head exploded. She was too embarrassed.

Chapter 1156

Bai Xia waited for a long time on the sofa with his iPad, and then saw Xing Yifan come out of the room. Moreover, he had taken a bath, wearing a set of pajamas, and his expression was obviously relaxed!

White summer pretty face slightly pan hot, she dare not ask more, also embarrassed to ask why he just came out now.

She still has a few things about men.

Xing Yifan locks her with a pair of eyes. He leans his body lazily on her, pillows her shoulder and says, "tomorrow I will accompany you to send yeze to the airport."

"If you're busy, I'll deliver it!" Bai Xia doesn't want to take up his time either.

"No, I have to." Xing Yifan is not willing to give them two alone time!

Bai Xia has to let him alone. She is reading the news with his iPad. Xing Yifan grabs it and says to her, "I will continue to watch your work!"

Bai Xia had to let him watch it. Anyway, what he said about her? She has nothing to do as long as she is a little cheeky.

Bai Xia thought of a thing, and could not help discussing it with him! By the way, my editor in chief said that I had the chance to sign up for film and television! If the contract is signed successfully, it may be put on the screen later! "

After hearing this, Xing Yifan immediately narrowed his eyes and said, "let others play our story? no way! I don't like it. "

Seeing his rejection, Bai Xia had to say, "I didn't agree, and I didn't come up with a movie."

Xing Yifan really doesn't want others to act. This comic book record is just their memories and sweetness. However, in order to compensate her for giving up the copyright fee of film and television, he laughs and says, "I'll give you five million yuan and sell your copyright to me!"

Bai Xia couldn't help laughing and pushing him, "don't make trouble, I won't sell it! Besides, I'm not worth the price. I'll keep what I enjoy when I'm old. "

Xing Yifan holds her, and the thin lips can't help but reach her red lips, cauterize her gently, and kiss her secretly!

Bai Xia looked at the time and said to him, "we are going to sleep! Tomorrow I have to get up early to see yeze off! I can't let him miss the plane. "

Xing Yifan reaches for her and leads her to his master bedroom. Bai Xia lies on the bed. Looking at his spacious bed, she rolls like a child.

"That's a good bed for you!" Bai Xia is sleeping at ease here these days!

Xing Yifan, lying beside her with a smile, turned to look at her and said, "if you like it, from now on, you can sleep in my bed!"

Bai Xia said, "how can I do this! Will I disturb your rest? "

Xing Yifan even if disturbed, he is also willing, he reached for her into his arms, "I would like to be disturbed by you."

Bai Xia smiled and nestled in his arms, hugged his strong waist, felt his slender body, and compared with her slender body, Bai Xia could not help thinking about a problem.

After marriage, what's the reason for this man's abstinence? Otherwise, she can't bear it.

Bai Xia was thinking about it. He was in Xing Yifan's arms and had a doze.

Xing Yifan patted her shoulder and said, "sleep well! I won't bother you. "

Bai Xia swallowed a word, and then he lay in his arms and closed his eyes to rest.

A red sports car drove into the courtyard of the villa, and changed to blue Qianchen to drive. Peiyuehuang had a drink tonight, and she had a drink, so she couldn't drive.

LAN Qianchen doesn't have a cold for red wine. In addition, his degree is not high. His head is awake. He returns to Pei Yuehuang's villa yard safely. She pushes the door to get out of the car, and LAN Qianchen quickly steps over to help her.

"Shall I take you in?" LAN Qianchen is worried that she is really drunk.

"Nothing! It's just that I'm a little dizzy. I'm not very good at drinking. " Pei Yuehuang shook her head and said to the man beside her, "happy birthday, go back to have a rest!"

LAN Qianchen is not willing to waste this night. Seeing Pei Yuehuang going to her living room, he immediately catches up with PEI Yuehuang with long legs. He reaches out to clasp her wrist and starts to bully her.

Pei Yuehuang had a dizzy head, and immediately after his pull, she turned a half circle and hit him in the arms.

"Blue..." Pei Yuehuang is trying to call his name and ask what he wants to do.

She clasped a palm in the back of her head, and the man's warm lips came down.

Pei Yuehuang's head is blank for a few minutes. She only feels a strong physical reaction exploding, which makes her a little flustered and helpless. But she knows that she is eager for this kiss.

When she was in the restaurant, she was expecting something to happen.

Pei Yuehuang's slender arm is like a snake around the blue Qianchen's neck, feeling the masculine and charming masculinity of his body. Pei Yuehuang is fascinated.

So that she almost indulged in his kiss, just at this time, her cell phone did not know how to ring, in the bag.

Blue Qianchen immediately hugged her, and thin lips didn't let her go. She didn't want her to answer the phone, but peiyuehuang knew that it must be more important to call around 10 o'clock. She reached out and pushed LAN Qianchen, lowered her head and went to find her mobile phone. LAN Qianchen took a step back and looked at her with a little breath.

Pei Yuehuang saw the name of the call in, she immediately picked up, "Hello, Dad."

"Your grandfather just got sick again. He took a few drinks. Now he is in the hospital."

"What? Can't grandpa drink? " Pei Yuehuang immediately asked in a surprisingly calm voice.

"Your grandfather is hiding in the cupboard and drinking in the room. If I didn't find it in time, he would be in danger."

"Which hospital, I'll come here." Pei Yuehuang is not sure about Grandpa.

"It's the hospital near home."

"Good! I'll be right here. " Pei Yuehuang hung up without saying a word and said to LAN Qianchen, "my grandfather is in hospital. I have to go there."

"You're not fit to drive. I'll drive." LAN Qianchen wants to go with her.

Pei Yuehuang was stunned. She nodded, "OK! Please. "

LAN Qianchen starts the car and arrives at a hospital under peiyuehuang's guidance. LAN Qianchen knows that Pei's house is not far from their villa.

This is the reason why Pei Yuehuang chose to live here. She is close to home.

LAN Qianchen pushes the door to get out of the car and prepares to go up with her. Pei Yuehuang immediately calls him, "Qianchen, go back! I won't go home tonight. "

"I want to go up and see your grandfather." LAN Qianchen wants to accompany her to the end.

Pei Yuehuang's heart is filled with a bit of worry. If he goes up and proves their relationship in front of his family, then he should soon hear about the condition of marrying her. Will he be scared away?

"Well, it's late. You'd better go back!" Pei Yuehuang shakes her head. She hopes to maintain such a relationship! He doesn't have to be stressed.

Blue thousand Chen can't help squinting his eyes. He just can't understand. She clearly needs him, but why can't he appear in front of her family?

Looking at Pei Yuehuang is about to walk to the hospital gate, LAN Qianchen reaches out and stops, "why don't you let me see your family? Can you give me a reason?"

Pei Yuehuang was shocked for a while, but she didn't dare to look directly at his eyes. She smiled, "there's no reason! It's just that we haven't reached the point of meeting our parents yet! "

LAN Qianchen turns around. He steps towards the hospital hall. Pei Yuehuang is scared and chases him quickly.

"Qian Chen, stop making trouble. Go back quickly!"

"I don't want to. I came with you to see your grandfather. I didn't see him. I won't go." Blue thousand Chen finish saying, then stride in.

Pei Yuehuang is in a hurry behind her. It seems that she can't stop her. She has to let him in.

Two people walk into the inpatient department together. In the VIP room, Pei Yuehuang knocks on the door and comes in. Pei Yuehuang's parents are sitting on the sofa, while Pei Laozi is sitting on the bed with fluid on his arm. They have not yet had a rest.

When they look at Pei Yuehuang's back, they also step into a young man, the eyes of the three people are gaping a little bit, so late, there is a man beside their daughter?

"Grandpa, I've come to see you. Are you ok?" Pei Yuehuang sat on the edge of the bed and looked at her grandfather, who was suffering from high blood pressure. She was both heartbroken and angry.

Old Pei recognized LAN Qianchen at a glance and said with surprise, "Yue Huang, you are bringing him back to see me."

"Hello, grandpa! Hello, uncle and aunt. My name is LAN Qianchen. I am

LAN Qianchen just wanted to introduce.

Pei Yuehuang immediately calmly cut off his words, "he is my subordinate, the newly recruited lawyer consultant of the legal department."

LAN Qianchen looks at her in amazement, but she feels lost. She even introduces him with such an identity.

Chapter 1157

"You said last time that he was your boyfriend! The child looks good, and is worthy of you! " Pei said immediately.

"I lied to you that day, because I really don't like that Mr. Zhao, so I pulled my men over to cheat you." Pei Yuehuang replied calmly.

"I wasn't your man then!" Blue thousand Chen can't help but break through her flustered words.

Pei Yuehuang turned to warn, "who said it! You are clearly my man. "

Pei's parents at one side looked at LAN Qianchen, and they were satisfied with him! Although I look two years younger than my daughter, I look very stable and mature.

"Little blue! Do you have a girlfriend? " Mr. Pei asked him curiously.

Blue thousand Chen smiled to answer a sentence, "I am single."

"That's right. My Yuehuang is also single. If you don't dislike my Yuehuang, you can try to get along with her!" Mr. Pei also likes blue Qianchen.

LAN Qianchen laughed, "Grandpa Pei, don't worry, we are in the communication stage."

Pei Yuehuang was in a hurry and got up and said, "should you go back?"

"Is it? Are you seeing each other? " Pei's mother asked in surprise.

"No! We are just friends plus subordinates. " Pei Yuehuang corrected.

"Today is my birthday. Yue Huang personally celebrates my birthday and gives me gifts! Although she didn't admit it, we were in a relationship. " The three elders of the blue thousand Chen Dynasty told each other the truth.

Pei Yuehuang's heart is smothering. Where is this guy's confidence? Who said they were dating?

"Grandpa, you have a rest earlier. If you are OK, don't drink. I'll come to see you another day." Pei Yuehuang said, holding blue Qianchen's hand, "let's go!"

LAN Qianchen waved to the three elders behind him, "goodbye, I'll come to see you next time."

Pei Yuehuang has pulled him out and closed the door. She goes to the elevator with a heavy heart.

In the room, Mr. Pei sighed, "if this child could come to Pei's house, how nice!"

"Yes! Let Yuehuang bring him back! In the future, if we let them manage the company together, we will not be afraid of Yuehuang's hard work alone. " Pei's father is also satisfied.

In the elevator, blue Qianchen's eyes fell on the woman in front of him. He was really puzzled.

"Is it so difficult to admit our relationship in front of your family?" Blue thousand Chen some displeased ask.

Pei Yuehuang bit her red lips and said, "I will talk about our contacts in front of my family."

"What do we have to do now?" Ask LAN Qianchen.

"What kind of relationship you think is what kind of relationship. If you can't accept the way we communicate now, I won't force it." Pei Yuehuang also knows that she is also using him. He gives her a sense of security and a warm and dependent embrace.

But she dare not take him home! I dare not admit their relationship in front of my family.

Blue thousand Chen has never been treated like this, as if he is a dispensable person, even in her heart, he feels that there is no status!

Pei Yuehuang walked out of the door of the hospital, heard the silence of the man behind her, and her heart ached. She wanted to apologize very much, but she held back.

Blue thousand Chen opens the door, although he is sullen, but, he did not show his anger on the move.

All the way back to the villa, both of them were silent, and finally arrived at Pei Yuehuang's villa. LAN Qianchen pushed the door to get off the car. Pei Yuehuang looked at him painfully, and apologized, "I'm sorry, I've said a lot."

"Nothing! I didn't blame you. " Blue thousand Chen turns around, the eyes are moist come down, "you rest assured, without your permission, I will not see your family again."

Pei Yuehuang breathed a little. She really wanted to tell him the truth and why she wanted to stop him from seeing his family, because she didn't want him to know that the man who married her would have to go in.

"Good night!" Blue thousand Chen is low to sink a voice, step toward courtyard door.

Pei Yuehuang sighed, leaning back on her sports car, and fell into guilt.

Early morning.

Bai Xia is awakened by the alarm clock. She opens her eyes from Xing Yifan's arms. When she climbs to get the mobile phone to turn off the alarm clock, she accidentally presses it on him. Xing Yifan's arm immediately hugs her and presses her on him.

Men have a very awkward time in the morning. Bai Xia's face turns red when he presses it.

"Xing Yifan, let me go." Bai Xia really felt his state in the morning and was really scared.

Xing Yifan has some malicious hook lips a smile, "satisfied?"

Bai Xia bit her lips, blushed and did not answer. She turned off the alarm clock and said, "it's time to get up. I'm going to send yeze. You can go back to sleep!"

Xing Yifan narrowed his eyes and immediately sat up, "I must accompany you."

Bai Xia looks at him helplessly, "let's go!" Yeze also got up early. He packed up all the gifts. At 8:30, Xing Yifan's car set off for the airport.

All the way was very smooth. When we got to the airport, we quickly registered with yeze. When we saw him in the entrance, it was time to say goodbye. Yeze's heart was reluctant and grateful. He could not help but put down the gift box, turned around and looked at Baixia, and walked towards her with a smile.

Xing Yifan's eyes narrowed, because this is the last thing he wants to see. Does yeze want to embrace Bai Xia?

"Just say goodbye! No hugging. " Xing Yifan makes a sound towards Bai Xia.

Ye Ze can't understand it, but Xing Yifan guesses it right. He just wants to hug Bai Xia and say goodbye.

Bai Xia heard Xing Yifan's voice full of jealousy. She smiled and said, "hug among friends!"

"No way!" Xing Yifan refuses.

At this time, wild Ze reached for a hug. In order not to let the men around her jealous, Bai Xia quickly smiled and waved, "wild Ze, goodbye! Next time. "

Wild Ze see her wave, he had to give up a hug farewell, also wave, "goodbye, I wish you two happy marriage."

"Thank you!" Bai Xia chuckled and watched him enter the inspection port.

Until yeze went in, Bai Xia was relieved, as if he had finished a task.

Xing Yifan took her in his arms and said, "let's go. My husband will take you to a cool place."

Bai Xia had to be hugged by him vaguely. Xing Yifan took her out for a relaxing trip today.

Niu De, the chief criminal of the case in Xing Yifan's hand, has been put in prison and served his sentence after his trial. He just went in, naturally, has been educated by all kinds, which makes him count all the resentments on Xing Yifan's head.

It was Xing Yifan who sent him in personally. He can't swallow this tone. What's more, he will face a sentence of more than 20 years. Maybe he will squat here for the rest of his life.

He must be angry. He has been waiting for the chance, waiting for a reliable person to come to pass on the news to him.

He had a loyal subordinate. Because he was just in prison and was not allowed to visit, he finally got a chance to be visited. His subordinate came to visit him.

As the phone would be recorded, he wrote a note and slipped it to his men through the cracks below.

The man quickly received the note and said to Niude, "boss, don't worry, I will finish what you told me."

Niude trusted this man very much. He nodded, "I'll wait for your good news."

The man came out with a note. He opened it and saw that Niude was telling him what to do.

Either kill Xing Yifan, or let him give up, pay 10 million!

This man also wanted to dig out a little more way to make money from Niu De, but didn't expect that he would have such a chance so soon.

Isn't it a lawyer? Even if we can't let him die, it's easy to get rid of him. Moreover, ten million yuan is not a small amount.

This man knows that Niu De's overseas account does contain a large amount of money, so as long as he completes this job, the money will really be his.

After Niude came back, he was beaten directly because he thought the food was too bad and had a conflict with others.

Lying on the ground, huddled in a huddle, he hated Xing Yifan.

If it were not for him, he would not have come to this point. He would have lived the most natural life.

Chapter 1158

Xing Yifan takes Bai Xia all the way to the other side of the city, where there is a very suitable farm for leisure and leisure. The hotels built with high-end facilities are all leisure areas for the rich.

Here, you can also enjoy a lot of sports fun, golf, private pool, equestrian, belonging to the club mode enjoyed by the rich.

When Xing Yifan arrived, he was going to book an independent villa hotel here. Staying here tonight, Bai Xia thought that she was in a hurry to go back and forth in a day, so she agreed.

Xing Yifan took her on a horse ride. For the first time, Bai Xia's heart rate accelerated unavoidably. He was too stiff to move on the big horse's back.

"Will it throw me down!" Bai Xia is very worried about this. She must be afraid that she will be despised by the horses!

At this time, Xing Yifan jumped up after herself, and before Bai Xia could react, an arm came around her waist, holding her tightly and safely in the man's arms. "My God!" Bai Xia has been pumping several times in a row, feeling a strong sense of stimulation.

"It's called Xiaobai. My family raised it here. I grew up as a pet." Xing Yifan explains in her low voice.

Bai Xia immediately laughed, "why didn't you just say that?"

And she really saw that his pet was a horse.

Xiaobai immediately let out a few grudges. The horse's hooves dug the ground back and forth, as if protesting something silently.

Xing Yifan immediately patted it on the back, "Xiaobai, she is my woman, you can't refuse her."

Xiaobai seems to understand. The beautiful brain bag points. Xing Yifan raises the horse rope and makes a command. Xiaobai patiently carries the two people forward. A green Meng park is a green grassland covering an area of 20000 kilometers. You can enjoy the pleasure of running in the wild.

Bai Xia tightly grasped the strong saddle and looked at the green prairie. She could not help asking the man behind her, "is it going to run. "

" don't worry, Xiaobai is very stable and safe. It knows how to protect people. " Xing Yifan smiled and comforted. Sure enough, he raised his horse rope, and Xiaobai, who got the order, immediately started to trot. Baixia was surprised and excited. At the same time, he was afraid and enjoyed the ride.

Bai Xia gradually enjoyed the fun of riding. Besides, Xing Yifan was behind her, and she felt very safe.

Xiaobai has been running for a long time, and just landed in front of a coffee shop. Xing Yifan took the lead in getting off the horse. Bai Xia was afraid to jump because of his soft legs.

Xing Yifan immediately hugged her down. Bai Xia tightly hugged his neck. He found that he could not control the shaking until his legs were down.

Xiaobai was rode by the staff to feed the grass. Xing Yifan took Baixia to sit in the cool yard and tasted the mellow coffee. The white clouds in the sky drifted leisurely and the wind was gentle. It was hard to find such a quiet and slow time place in the fast-paced urban life. Baixia held up his chin and his eyes were full of laughter. After she was with Xing Yifan, she really saw a lot.

"Our company will organize an annual meeting, which is to go abroad. Do you have time to go together?" He asked in the white summer.

Xing Yifan said with a smile, "of course, where to go?"

"I'm still sure. Maybe I'll go to country X!"

"Good! I'll take the time to go with you then. " Xing Yifan will not miss any of her time.

In the evening, it's too quiet here. After breakfast, Bai Xia and Xing Yifan enter the villa to have a rest. Bai Xia likes the top floor of the villa. The starry sky here is more pure than in the city.

Xing Yifan came around his waist and kissed his thin lips on her side. "My parents may come back these days. Are you ready to meet them?"

Bai Xia's heart strings tightened immediately. After knowing Xing Yifan's specific family background, she was really afraid to see his family, even though she knew that his family must be very good.

But maybe she was influenced by the big news and TV series! There is always a lot of pressure.

However, she will overcome the pressure. She nodded firmly, "Hmm! Be ready, ugly daughter-in-law always wants to see her mother-in-law! "

After hearing this, Xing Yifan immediately retorted, "you are not ugly."

Bai Xia's heart is sweet, "isn't it? I don't think my face looks good enough! "

Finish saying, white summer micro Yang head, a Ying white beautiful face in his eyes.

Xing Yifan lowered his head and gazed at the little face that made his heart beat faster. He kissed her on the forehead and said with a low smile, "my woman looks good everywhere. It's perfect."

Bai Xia is happy again. Every woman who falls in love is not confident in her appearance! What's more, Xing Yifan is such a handsome man that women always feel inferior in front of him.

Bai Xia put her arms around his neck, and she kissed him on the lips, "thank you."

Xing Yifan's eyes immediately went deep. He held her waist and lifted it. Bai Xia immediately lifted the toe. Xing Yifan also took the opportunity to kiss her and murmured at her lips, "I like you to thank me with your body." Bai Xia didn't refuse either, because at this moment it really suits a warm kiss. After spending a night in the villa, Xing Yifan didn't overdo it. He decided to act after marriage, and he could bear it. His self-control was always his strength.

The next afternoon, Xing Yifan received a meeting from the company and arranged to send Bai Xia back to his apartment. He went straight to the company's direction.

In a reception room of Xingshi group, sat the customers who came to participate in the meeting and the representatives of another company, including the daughter of the president of the company. She was looking at the materials at the moment, but her face was somewhat absent-minded. She could not help but watch the watch waiting for xingyifan to appear.

Although Xing Yifan's name has never been disclosed, his fame as the second young master of Xing group has always been very noticeable in the industry.

Entering the conference room at about 3:00, the representatives of the two companies were present. At 3:05, Xing Yifan stepped in in a handsome suit. His young and handsome appearance and slim body made the girl in fashionable dress look bright at once.

There was a sense of hunter in her eyes. This girl is not a fuel-efficient person. She is 26 years old and has taken over the important projects of the company. At the same time, she is also a playwright with money and power. She likes to hunt for some tall and handsome men. She will not let go as long as she has the chance.

When she saw Xing Yifan, she found that the men she had played before were several grades behind, and there was no comparability.

The woman's eyes flashed with her thoughts. She wanted to sign the project and win the man.

Maybe it's playing more with men. For her, it's so common to see one in love.

"Mr. Xing, I don't know about our company's project. How do you think about it? If there is no problem, we can sign a cooperation agreement. "

Xing Yifan didn't know much about this project. He had to manage too many projects every day. He needed a few days to think about it.

"You send a representative to explain it and allow me a few more days to think about it. If it's OK, I'll sign the contract." Xing Yifan's calm opening.

"My name is Ye Meiyi. I come to negotiate with your company on behalf of our company. Nice to meet Mr. Xing."

"I was talking to your father about my eldest brother. I'm not proficient in taking over the company's projects, so I'll have a few more days."

"Of course, it's OK. As long as Mr. Xing has a good eye on our project, time is not a problem." After that, ye Meiyi immediately sent her company's best representative to explain the project.

When the light in the meeting hall dimmed, a piece of engineering drawings of the base appeared.

Xing Yifan seriously focuses on the development process of the project and the evaluation budget of all aspects.

Ye Meiyi's eyes are more on Xing Yifan. For her, the cooperation of the company is naturally important. However, if she wants this man, she must have the potential.

Even just looking at Xing Yifan's back, she was a little hot. She imagined the wonderful night, and she could even feel Xing Yifan's strong body.

Chapter 1159

How happy it would be to be his woman.

The two-hour meeting finally ended. In the meeting room, ye Meiyi deliberately left behind several important questions not to mention. At the end of the meeting, she proposed, "Mr. Xing, let's have dinner tonight! There are several important issues I need to talk to you face to face. "

Xing Yifan really has doubts about this project, and the time for signing the contract is also very urgent. He thought, "OK! I'd like to add some of your company's special directors. "

Ye Meiyi naturally wants to be alone with him, even if he has such a proposal, she can not refuse, "OK! I'll see you in the dining room at half past six. "

Ye Meiyi said, reaching over, "hold your hand! Wish us a happy cooperation. "

Xing Yifan reached out his hand and shook it politely, and ye Meiyi's heart beat faster. She had some expectation for this dinner tonight!

Ye Meiyi summoned several key members of the company to go to the restaurant first. Her eyes looked around and she started to say, "after dinner, you can all avoid it. Leave some time for me to get along with Mr. Xing alone."

These people all know her. They know that her ordinary private life is very chaotic. Even now, male stars have many disputes with her, and even her one foot on several boats.

So, as for what the female boss is doing tonight, these people are very clear-cut!

All they want is to make money with her. They can't care how she plays.

They all nodded with great cooperation. Ye Meiyi glanced at the assistant beside her, and the male assistant immediately gave her a response, indicating that he had brought all the things she wanted.

Xing Yifan came here with his assistant. He just wanted to finish the project at the dinner table as soon as possible and then went home to accompany Bai Xia.

Xu Le, assistant, stayed outside the restaurant and waited for him. Xing Yifan entered the box ordered by Ye Meiyi alone.

In the box sat a group of personnel from all parties involved in the project. Xing Yifan asked them to order, and then began to ask about the details of the project.

In order to get his appreciation, ye Meiyi naturally answers all the questions about this project like running water, and the time has passed unconsciously.

From seven o'clock to eight o'clock, Xing Yifan knew almost everything he wanted to know. Xing Yifan began to look at the wristwatch. When ye Meiyi realized that he might be leaving, her eyes immediately turned to the people present.

"Mr. Xing, we just need to go back to work overtime, so let's go ahead and let boss Ye accompany you for two more drinks."

A representative got up and said.

"Well, just in time I'm leaving." Xing Yifan nodded.

"Wait a minute, Mr. Xing. I have a few more questions to ask. Can you give me some more time?" Ye Meiyi has experience to keep men.

At this time, those men immediately went out, and in the seat, only Ye Meiyi and her male assistant.

Xing Yifan looked at the wristwatch nearly 8:30, so he had to say, "OK, Mr. Ye, please tell me."

Ye Meiyi drinks a few glasses of wine. Under her delicate makeup, she is bewildered and seduced.

"Mr. Xing, you are such a genius. I've heard about you. I really admire you!"

Xing Yifan just smiled at such praise, "Mr. Ye, please talk about the project first! I happen to be in a hurry. "

"There must be no problem with the project, and our company has not cooperated for the first time. We were all big winners in the last project, and this time it must be a win-win situation." When ye Meiyi finished, she saw Xing Yifan's mobile phone on the table. She immediately stood up to toast, "Mr. Xing, I respect you."

With that, her hand pretended to accidentally touch Xing Yifan's mobile phone, which immediately landed on the carpet on the ground.

"I'm sorry, I'm sorry..." Ye Meiyi immediately pretends to squat down in panic, but it looks like dizzy. Xing Yifan sees the mobile phone landing, he immediately bends down to pick up it.

And the assistant who has been waiting for the chance, a pack of powder God unconsciously poured into Xing Yifan's remaining half glass.

It's a bag of medicine that melts as soon as it enters the water. It's even colorless and tasteless.

This is a very habitual means of yemeiyi. For her, if she sleeps out of experience, it will be no loss for men to sleep.

So, she doesn't have to worry about taking medicine. She will be resented by men. She will make compensation in all aspects.

Xing Yifan checks it with his mobile phone. Because the floor is carpet, the mobile phone is not broken.

"I'm sorry! I'm sorry. I'm a little dizzy. " Ye Meiyi apologizes.

"Nothing!" Xing Yifan's words are simple.

"Then we'll have the last drink and finish the dinner tonight!" Finish saying, ye Meiyi holds up her wine cup and comes to Xing Yifan.

Xing Yifan takes half a glass of wine and touches her. When he finishes drinking, ye Meiyi immediately smiles. It seems that her plan will succeed. To sleep with a man like Xing Yifan, she thought it must be the most proud thing in her life.

Xing Yifan gets up with her mobile phone, and ye Meiyi's assistant goes first. Ye Meiyi follows Xing Yifan out of the restaurant door. She immediately holds her forehead and leans towards Xing Yifan.

"How dizzy!" Because she is leaning directly, Xing Yifan immediately reaches out for a hand. This hand, Xing Yifan only feels an idea that is not controlled by him surging up from his body.

He immediately pushed away the side of Ye Meiyi, handsome face tight to check the body of that inexplicable heat, he is very clear that this is an abnormal response.

But when ye Meiyi came here just now, even though there was no idea in his mind, his body was even hot.

"What did you give me just now?" Xing Yifan's head immediately realized that he had drunk the wrong thing.

Ye Meiyi didn't expect him to find out so quickly. She smiled and reached for his arm. "Nothing, Mr. Xing, you are probably drunk. Look at a hotel opposite. I'll take you to have a rest! If you feel bad, I can help you! "

Xing Yifan felt a wave of nausea surging up. He pulled out Ye Meiyi's hand and said coldly, "no need."

"Mr. Xing, I know you must need mine now." Ye Meiyi would like to take the initiative.

Xing Yifan's steps quickly toward the assistant's car, and his body is covered with a burning heat.

Xing Yifan immediately got into the car and said to Xu Le in front, "drive me home."

Xu Lecha realized that his breath was a little thick. He asked, "Xing Er Shao, did you drink a lot of wine?"

"Take me back, now, now." Xing Yifan only felt that the accumulated firepower in his abdomen would explode in a little while.

Xu Le quickly stepped on the accelerator and drove out of the restaurant's parking lot without waiting for a moment. Behind him, Ye Meiyi's eyes gaped, and Xing Yifan just left her? Doesn't he need her to cure him?

"How is it possible? He's gone?" Ye Meiyi was so disappointed that she stamped her foot.

The assistant on one side worried, "Mr. Ye, will Mr. Xing blame you?"

Ye Meiyi's move has been used for a long time. Aren't all the high cold first-line male stars hooked? Why can Xing Yifan bear to leave?

"How much did you take?" Asked Ye Meiyi to her male assistant.

"One pack, that's the strongest."

"You..." Ye Meiyi stares angrily.

"I'm afraid Mr. Xing won't agree with you, so I'll have more." The assistant quickly explained the grievance.

Xu Le's speed was very fast forward, and he heard Xing Yifan's rough gasp behind him, which became stronger and stronger. He asked with concern, "what's wrong with you, Xing Er Shao? Do you want to go to the hospital?"

"No! Just take me home. Hurry up." Xing Yifan naturally doesn't want to go to the hospital, which is a shame.

At the moment, he only has Baixia in his mind. Unfortunately, the more he thinks about Baixia, the hotter he is. Damn it, how dare that woman attack him?

It's not too far from Baixia's community. It's twenty minutes later. Xu Le's car just stopped at the door of the community. Xing Yifan grabs his cell phone and quickly pushes the door to get off, because he can't help it.

He didn't know what he was going home for, but at the moment, he had only one thought in his mind to go to Bai Xia's side.

Chapter 1160

Bai Xia is also at work today. After dinner in the evening, she washed some fruits in the living room and watched anime for a while to supplement her inspiration. For her job, it depends on her brain power. She is now designing new works.

She was looking hard. Suddenly, outside her room door, there was a hint that the fingerprint lock was unlocked. Bai Xia was shocked immediately. She looked at the door nervously.

Soon, the door was pushed away from the outside, and the man who came in was Xing Yifan.

She could not help but breathe a sigh of relief and got up to wonder, "are you finished with the party?"

When Xing Yifan was near Bai Xia, his whole body's flame almost destroyed his reason. He suddenly pulled Bai Xia in front of him into his arms.

Bai Xia didn't notice what was wrong with him just now, but when he came to his arms, he felt that his body was full of intense hot temperature, and his forehead was covered with blue tendons. His tie was missing, and the button of his shirt was untied with the third one. The taut clavicle, the sexy male Adam's apple, was full of an invisible explosive force.

"Xing Yifan Well Before Bai Xia's words could be asked, the red lips were kissed by him, and her whole body was propped against the wall nearby.

Bai Xia is gaping at her eyes. What's wrong with him? Why is he suddenly like a fierce beast, full of danger?

Although Bai Xia was kissed by him, she didn't want to. She just wanted to know what was wrong with him?

"Well Xing Yifan. " Bai Xia pushed him, calling his name from lips to teeth.

Xing Yifan is in a hurry to solve his inner fire. He kisses and believes her, which makes his explosive body feel better, and his sense recovers. His eyes are red, and his eyes are like a wolf who has been hungry for eight hundred years. He looks at Bai Xia closely, and will swallow her into his stomach in the next second.

Bai Xia looks at his whole handsome face, as if it is extremely uncomfortable and hot. She reaches for his face and eagerly asks, "Xing Yifan, what's wrong with you? What's the matter with you? "

"I was drugged." Xing Yifan's eyes shot a flash of anger, but soon his anger was suppressed by another kind of fire.

Bai Xia, no matter how stupid he is, knows what medicine he's taken. He's all stretched into a bow. It seems that he's been tortured for a while.

"Who is so hateful to give you medicine?" Bai Xia is very angry. Who dares to touch her man.

"Will you help me?" Xing Yifan's voice was full of pleading. He really needed her as an antidote.

Although Bai Xia has been holding fast, she has been willing to spend her life with him in her heart, so this hold can be given up for him at any time.

She looks at him if afflictive appearance, where does she not agree? Is it possible for him to continue to be tortured?

"Good! I promise you, Xing Yifan, I will save you. " After Bai Xia finished, she immediately took the initiative to hug his neck and hold him. She didn't know what to do about this kind of thing.

Xing Yifan gave a comfortable sigh, his arms also tightly held her, and he was also pleased and surprised. At this moment, he felt the strong love of Bai Xia.

Xing Yifan suddenly hugs her. Bai Xia's breath loses rhythm. There is a flash of fear in her eyes. She is afraid of ordinary Xing Yifan. What's more, he is not nervous at this moment. That's really a lie to himself.

"Xing Yifan Can you be gentle? " Bai Xia blinked his big eyes. There was a strong tension in his eyes.

Xing Yifan's eyes twinkled with dark red, as if reason had been pressed down, only the most primitive kind of desire, he gasped heavily, threw her on the bed, and Bai Xia immediately had a blank head.

Xing Yifan looks at the thin and soft girl on the bed. Where can he stand him now? He knew that once he touched her, he would ask endlessly. If he lost his sense, he would surely lose his importance.

And how can he bear to hurt the girl he usually doesn't want to hurt?

Bai Xia watched him standing in front of the bed, not without action. She swallowed her saliva, "Xing Yifan, I really want to You feel bad, don't you? "

Of course, Xing Yifan has another way to solve it, but that way must not be easy.

Xing Yifan quickly bit his teeth and said, "I'll go back to my room. Don't come here."

After that, Xing Yifan turns around and strides out of her door, and goes back to his room. Xing Yifan enters the room, and he enters the bathroom. He immediately turns on the shower switch of cold water, and the dense cold water drops on his head immediately pour down from his head. He tightly bites his teeth and bears the pain of ice and fire fighting in his body.

Bai Xia hurriedly comes from her room. She presses Xing Yifan's room in a hurry. Where can she leave him alone?

As soon as she entered the door, she heard the sound of water coming from the bathroom in the master bedroom. She knew what he was doing painfully. Bai Xia came to the door of the bathroom with a distressed face and said softly, "Xing Yifan, how are you?"

"Well!" Xing Yifan replied hoarsely.

"Can I help you?" Bai Xia continued to ask, clearly she can help him, let him better, but he chose to use this way. "No need! I'm all right! " Xing Yifan answered in a low voice in the bathroom.

Bai Xia is so angry that he grits his teeth. Who did it to him? Just now, looking at him burning like a high fever, and seeing his suppressed pain, she really hated the man who dared to start against him.

Xing Yifan was in there for about half an hour. Bai Xia listened to the sound of the water inside. She was worried outside the door.

Finally, Xing Yifan came out with a bath towel all over his body. After such a long time of cold water, his handsome face had a trace of abnormal whiteness. It was obvious that this way of rescue hurt his body very much.

Bai Xia's eyes turned red at once, and even though he was wet all over, she reached out and hugged him. "Why are you so stupid? I'm willing to help you. "

Xing Yifan leaned down and made a kiss on her forehead.

"I don't want to ask you in such a state of unconsciousness!" Xing Yifan has completely calmed down.

Bai Xia felt the cold of his muscles. She took a bathrobe from the side and put it on him. "Put it on quickly. Don't catch cold."

Xing Yifan is very confident about his body. He chuckles, "I haven't had a serious cold once in five years. Don't worry, I'm strong!"

Bai Xia wants to laugh now, but she can't laugh, because she is so distressed.

"Whoever is so mean to prescribe medicine to you will feel at ease!" Bai Xia clenched her fist angrily, as if to give the other party a good beating.

"It's a female client of my brother's company. I won't let her go." Xing Yifan's eyes also shot a cold fierce, dare to do so to him, she must pay the price. "There is such a bad woman." Bai Xia is so angry that she is ashamed to be a woman.

Xing Yifan reached out and held her in his arms. He kissed her again and comforted her, saying, "I was moved by what you did just now."

Bai Xia's eyes were wet. "Of course I would."

Xing Yifan reaches out to hold her up. He is exhausted by the torture of drug resistance. At the moment, he still has some mental weakness and needs to lie down.

"Sleep with me." Xing Yifan put her on his side, his head toward her arms.

He is like a tired child. At the moment, Bai Xia's eyes are very gentle, caressing his back brain and comforting him to sleep.

After a while, Xing Yifan's breathing sound was even. He was so tired that he fell asleep. Bai Xia kissed him gently on his forehead, and there was still air in his eyes.

Ye Meiyi is on her way home now. Of course, she is extremely disappointed. She thought this evening was a wonderful night. How could Xing Yifan be different from all the men she met? How could he leave under such strong drug resistance?

Where did he go? Which woman did you find? She thought, Xing Yifan must be lucky to find that woman. This man is so strong, which woman doesn't love him?

At the same time, there is also a kind of worry about ye Meiyi. Will Xing Yifan be angry if he is drugged by her this time? Originally, she hoped to achieve this cooperation. If Xing group gave up cooperation, it would be a blow to her company.

In addition, Xingshi group is her company's largest customer in recent years. Once lost, her company will face great pressure.
