

U. CEO Daddy 1161

Chapter 1161

In the quiet room, Bai Xia doesn't go anywhere. She accompanies Xing Yifan and looks at his sleeping face as quiet as a child. Her fingers touch him gently to describe his perfect line outline. She is fascinated for a moment.

After a while, Bai Xia was also infected by his heavy sleepiness, and she fell asleep.

At the moment, it's only 9:30 at night.

Pei Yuehuang is standing on the top of her villa with her arms around her. She is holding her chin and looking at the blue thousand Chen villa not far away. It's still dark. She can't help wondering where he has gone!

However, after that night, it seemed that the relationship between the two was pushed away by her. In the morning, LAN Qianchen didn't stop her car intentionally. In the company, she asked Xu Min to see it. LAN Qianchen came to work. Moreover, he was very busy, and she didn't disturb him.

Pei Yuehuang has long been in a long line because of her cold personality. However, for the first time, she hurt a man so much, which made her deeply regret and feel guilty.

She wanted to find an opportunity to say sorry to him. At this moment, there was a little uneasiness in her heart, for fear that blue Qianchen would suddenly leave her side and disappear her world.

Pei Yuehuang took her mobile phone and turned to the number of LAN Qianchen. She hesitated to dial it, but she still couldn't help it.

She dialed it.

When the phone was on, her heart immediately tightened, as if she were a young girl who was just in love.

"Hello!" Seven seconds later, there came a clear and charming male voice, in a quiet and open environment.

"Well Well, I just saw that there is no light in your villa. Didn't you go home? " Pei Yuehuang immediately pretended to be natural and asked.

"I have something to do." The blue thousand Chen sound line is as warm as it goes.

"Well! Then I won't bother you. " Pei Yuehuang wants to hang up.

"I'll be back soon, hungry? Do you need me to bring you something to eat? " Ask LAN Qianchen.

Pei Yuehuang's beautiful eyes suddenly gaped. Would he bring her food? Isn't he angry with her?

"Er! Good! I'm really hungry. Bring some snacks! Will it bother you very much! " Pei Yuehuang's heart is still very happy.

"No! Wait for me for half an hour. " Blue thousand Chen falls softly.

"Good! I'll wait for you at home. " Pei Yuehuang also smiled.

"Well, I'll go first." That end of the blue thousand Chen Hang up.

Pei Yuehuang is in a good mood. She holds her cell phone and looks at the night sky. She laughs alone. Unexpectedly, LAN Qianchen is not angry with her at all!

As if the wire fence wrapped around her heart disappeared in a flash, she had an idea of singing and dancing.

She went downstairs, humming a tune. She came into the room, went into her spacious cloakroom, and looked at herself in the mirror, wearing a gray casual suit. She was immediately disgusted.

It seems that the gray is old. No way. She has to change one. Pei Yuehuang reaches out to the wardrobe and finds that most of her clothes are suits and the household clothes are silk. Isn't there anything that can make her look younger?

It seems that she will go to the shopping mall tomorrow, and finally find a long white T-shirt that she bought two years ago. She immediately reaches for it and puts it on. With a long hair and a ball in her head, she is indeed several years younger.

Pei Yuehuang looks at herself in the mirror. She suddenly smiles helplessly. What's wrong with her!

Half an hour later, LAN Qianchen's car drove into her villa. Pei Yuehuang came out and saw LAN Qianchen bring her the packed night from the front passenger seat.

"See if you like it." Blue Qianchen hands it to her.

Pei Yuehuang took over with a smile. "I'm not picky about food now. I like to eat everything."

Blue thousand Chen smiled a while, he reached out to open the door, sat in again, clear plan to go.

Pei Yuehuang was stunned and disappointed. "Don't you eat with me?"

"No, I need to go back. I have work to do." Blue thousand Chen side says, one side is backing a car, drove out her villa again, drive to the direction of his home.

Pei Yuehuang is carrying a midnight snack. Some of them are standing at night, inexplicably embarrassed. When LAN Qianchen returned to his villa, he sat on the sofa and looked out of the window. It wasn't that he had any work to finish. Instead, since Pei Yuehuang warned him not to see her family last time, LAN Qianchen had been hurt.

He thought, maybe she just wanted to be a friend, not a lover as he wanted!

Even so, he would be more sensible and would not pester her or annoy her.

Even if he wants to be close to her, LAN Qianchen is also pursuing women for the first time. His active and warm heart is indeed calmed down by a basin of cold water.

Pei Yuehuang is sitting on her sofa in a quiet and luxurious villa. She has desserts. However, even if the desserts are very sweet, she can't eat them, because her heart is not sweet, or even a little astringent. Even though LAN Qianchen is not angry, it seems that their relationship is alienated.

Early morning.

White summer sleepy, feel a hand gently close her hair, she can't help but open her eyes, see Xing Yifan smile looking down at her.

"How are you?" Bai Xia immediately sat up and asked questions.

Xing Yifan is OK naturally, he comforted her and said, "don't worry! It's over. I'm fine. "

Bai Xia put out his hand and hugged his waist, admonished, "be careful not to get women in the future. Don't get too close to those women who have intentions."

Xing Yifan reached out and stroked her long hair, kissed and promised, "I will. I won't worry you."

Bai Xia is really worried to death this time. Last night, Xing Yifan looks like that. It's really frightening. He's bursting all over.

"Why did you prefer to get cold water last night rather than let me help you?" Bai Xia raised her small head and asked curiously.

Xing Yifan looked at her childish face and sat down with a smile. "How can I let you suffer with the state that I lost my mind yesterday? I would rather suffer myself. "

White summer pretty face is not from one red, she does not understand this aspect matter, biting lip way, "really can let me hurt?"

Xing Yifan narrowed his eyes. "I don't believe it. After we get married, let you try it normally."

Bai Xia immediately blushed with embarrassment and pushed him shyly, "I hate it."

Xing Yifan immediately hugged her into his arms. Bai Xia could not help giggling and cuddling in his arms. "When will your parents come back?"

"Fast! If the flight is not delayed, it will arrive in three days. " "My family can't wait to see you," Xing Yifan said, holding her nose

Bai Xia also wanted to see his family and get their approval. However, she also had some inferiority.

Bai Zhai and Bai Shize are going to forgive Ye Jiamei because of their two children recently, but the couple's feelings are already in vain.

This time, ye Jiamei's vitality was greatly damaged, which made her not as proud as before. She was not valued by her husband at home. Where could she be proud?

She doesn't dare to go to see Hu Sheng at will now, but her inner worry is not less than one day, because Bai Shize will go home these days, which makes her feel better. She has a kind of unease, and Bai Xia won't give up.

Therefore, she and Hu Sheng have communicated this matter on the phone several times. Hu Sheng is not a person who dares to commit crimes easily. He is also thinking about how to find Bai Xia's troubles or make her disappear in the world.

It takes time for him to plan.

Xing Yifan is at home with Bai Xia in the morning. In the afternoon, he will go to the company.

He got into the car and made a phone call to assistant Xu Le to let Ye Meiyi meet him at the company immediately. If she doesn't come in the afternoon, she will pay a heavy price.

Xu Le also knows what happened last night. He also thinks that ye Meiyi's courage is that he dare to put his idea on the second young master. Isn't that to die?

Xu Le calls Ye Meiyi on her cell phone. He just calmly informs her to meet Xing Yifan at the office before 3pm.

"Assistant Xu, did Mr. Xing say, what can I do for you?" Ye Meiyi also cheekily asked.

"Maybe it's business! If you don't come, you'll be at your own risk. " With that, Xu Le hung up.

Ye Meiyi was biting her red lips, and her eyes flashed a strong anxiety.

Chapter 1162

Where dare Ye Meiyi neglect to see Xing Yifan? She realized that last night's behavior was too much. She despised Xing Yifan's self-control. If she slept with him last night, she would not be afraid, because she believed that she would make men very comfortable.

After ye Meiyi's elaborate dressing up, she hurriedly drove to the direction of Xing group. When she arrived, ye Meiyi was thinking about how to explain the matter.

Ye Meiyi is invited into the general office of Xing group by assistant. Xing Yifan is waiting for her. Last night's drug made his skin a little whiter than usual.

As soon as ye Meiyi came in, she felt as if she had entered a cold winter. There was a low pressure in the whole office, and it was the handsome man sitting in the boss's chair that brought this cold.

"Mr. Xing, I'm really sorry about last night. That's because I fell in love with you at first sight. You are my ideal man." Ye Meiyi decided to express her love to him.

I believe that every man will be very happy to hear what he loves. Xing Yifan 's eyes stare at her coldly, "who allowed you to prescribe medicine to me? I'm sick of being adored by a woman of your quickness. "

Ye Meiyi can't help blushing. No man has scolded her so irrationally. She is also a born rich lady. She was held in the palm of his hand by men since childhood.

"Mr. Xing, I know it's my fault to offend you this time. If you have any complaints, I'm willing to make compensation for anything, but please don't affect the cooperation between our two companies, OK?" Ye Meiyi had to bear it.

Xing Yifan is not a man who has pity on others. In his world, except for his family, there are only two kinds of women. One is what he likes and the other is what he doesn't like.

He only holds the woman he likes in his heart, while other women, he will not show mercy at all.

"I'm here to ask you to sign the termination contract. I unilaterally cancel this cooperation." Xing Yifan's lips are thin, cold and sexy.

With his cultivation, he will not be angry and angry. However, even if he said a word in such a calm way, Ye Meiyi across the street was flustered. She hurried forward and pleaded, "Mr. Xing, it's my fault. I apologize to you. What can you do to me? Please don't cancel our cooperation?"

Ye Meiyi can't bear the price of bravery. Even if the company belongs to her family, how do the shareholders of all parties view this matter? At that time, her company can only face criticism from all sides, and it will not be far from bankruptcy.

Xing Yifan threw the antidote contract at the table in front of her and urged coldly, "sign."

Ye Meiyi is holding the table and chair, her whole body has been taken away. She is powerless to hold the table and look at the termination contract in front of her. She regrets it too late.

"I don't want to sign it, Mr. Xing. You can't terminate it unilaterally. We had a breach of contract in it. "Ye Meiyi immediately got tough. She would fight for it no matter what.

Xing Yifan stands up and looks at this face. He has a disgusting feeling. If he didn't control last night, he would really take Baixia as an antidote under the condition of medication. Now he really has to kill this woman's heart.

"Ye Meiyi, I'll tell you that if you know what you do, just sign. If you don't, I'll make your company bankrupt within this year. Otherwise, I won't be Xing." Xing Yifan's voice line is full of pressure and threat.

If it's not for men to say this to Ye Meiyi, she may not believe it, but if this person is Xing Yifan, she must believe it.

She had heard early in her father's mouth that he was an excellent student in the legal profession, without a case he could not win.

Ye Meiyi's eyes turned red. She suddenly backed towards Xing Yifan. Then she reached for the button and said to Xing Yifan, "Mr. Xing, I'd like to serve you and do anything. Please don't be so ruthless?"

She was ready to seduce with beauty. Xing Yifan's eyebrows were disgusted. He hung his eyes, picked up his mobile phone and dialed the internal line. He ordered, "immediately inform the security guard to come up and throw out the people in my office."

When ye Meiyi heard that the security guard would come up, she just released the two buttons and immediately closed them tightly. Then she quickly fastened the buttons back. She didn't expect Xing Yifan to be so hard to lure. She was the first time to see a man so callous to her.

"I'll sign it." Ye Meiyi endured the grievance. She took up her pen and quickly signed. At the same time, she wanted to run into the wall in shame. She quickly signed and left.

Xing Yifan looks at the signature on the contract and the fingerprints he has pressed. It's too cheap for him to let her go. However, without this order, Ye's company is facing bankruptcy and the consequences of shareholder's capital withdrawal will come one after another. Therefore, ye Meiyi will still pay for her wickedness.

Ye Meiyi went back to the car and cried loudly. It was the most shameful moment in her life.

However, no matter how much she regretted, what she had done could not be retrieved. She could only pay the price.

At the gate of Pei's group, in a black business car, a man in his early forties is opening half of the window, smoking hard. There are more than ten cigarette butts on the ground. Obviously, this man has smoked a lot. Just then, the man's phone rang, he picked up a look, immediately picked up, "Hello!"

"Liu Zhong, when will you pay back the money you owe us?" That's a debt collector.

"Hurry up, mom, my wife and children don't want me. You still come here to hurry up. When I die, you can't get any hair."

"When you borrowed our money, it was like a pug. How can I ask you to pay it back? You're still the master. I warn you. If I don't owe it three days later, we'll be impolite."

Liu Zhong shook his cell phone and immediately took a cigarette out to smoke. His eyes were fixed on the door of the garage. At the moment, his heart was full of resentment.

Because he was fired by Pei Yuehuang, his life immediately became nothing. In order to vent these days, he took out his previous convulsions to gamble wildly, and borrowed money from other places. He originally despised his useless wife and took his son to divorce him. Now, they all went back to his mother's house. He was alone and in debt. He was driven to mental illness every day coming.

At this time, he always wants to find someone to take all the responsibilities. Blue Qianchen hates him, but what he hates most is Pei Yuehuang. In addition, he once had a promotion opportunity and was rejected by Pei Yuehuang. He would rather hire outside than promote him, which has already caused his inner resentment.

And he waited another year, thinking that her promotion was on the way, she got another blue thousand Chen in, and his chance was lost. He thought that he had no credit or hard work, but Pei Yuehuang, a cold woman, ignored him so much.

Now, he is almost driven to the point of desperate, but there is a vicious idea of returning to the end.

He wants Pei Yuehuang to be buried with him. Today, he received a phone call from his wife, and he will leave next month. He really wants to live. He drove here from noon, just waiting for Pei Yuehuang's car. Today, he must kill Pei Yuehuang. If he doesn't die, he will be disabled. Anyway, he should take his life to replace Pei Yuehuang's life. He thinks it's worth it.

"I see you dare to raise a little white face. I want you to go to hell with me." Liu Zhong takes another breath and looks at the time. It's only half an hour from the company's off-duty time.

In the general office of Pei group, Pei Yuehuang signed today's documents. She held her forehead and felt a sense of fatigue. As a woman and the only decision-maker of the company, she did not dare to be careless.

Like her this position, any decision, a son falls wrong, loses everything.

So she has survived for so many years. She has sacrificed all her personal time and devoted herself to her work. However, she has not mentioned her tiredness to her family and will not let anyone know.

But only she knows that sometimes, she really can't stand it, she's really tired. In recent years, she hasn't even given herself a chance to take a vacation.

She is like a machine that doesn't stop working. When it stops, it will feel a sense of crisis. However, now her heart is tired, because her world, mixed into a relationship.

She did not like before, only work, now, she did not know when to live in a man, blue thousand Chen.

The more I know that I like him, the more I'm afraid of him. I'm afraid that I'll have a good time. I hope that I can get ready at any time, but I can't extricate myself.

It makes her contradictory. She is a little absent-minded today, and her work is not as efficient as before. That's because she lost sleep until midnight last night. Last night, she thought a lot and analyzed the future of her and LAN Qianchen.

There are only two kinds, one is yes, the other is no, and her bitter is more inclined to the latter.

She reached out and pressed the inside line. "Give me another cup of coffee."

She told assistant Xu Min that she still had some mail to deal with, and she was all tired now.

Xu Min immediately cares, "Mr. Pei, if you drink too much coffee, you will have stomachache. Don't drink it!"

"Don't worry, I'm fine." Pei Yuehuang ignores that sometimes her body is not important to her work.

Xu Min's face was bitter. She bit her lips. She was really concerned about Pei Yuehuang. She couldn't persuade her. Maybe someone could.

Xu Min boldly dials LAN Qianchen's internal line, but does not get through, which makes her stunned. Is he out?

Xu Min found his private number again, and she continued to dial through.

"Hello!" Blue thousand Chen clear Lang's voice line spreads.

"Hello! Young master LAN Er, this is Xu min. I'm calling you. I hope you can help me with something. " Xu Min quickly reported her identity.

"What is it?" LAN Qianchen is curious.

"It's like this. Today, Mr. Pei has had four cups of coffee from the company till now. Just now, she asked me for a cup of coffee. Her stomach is not good. If I drink it again, I'm afraid she'll have a stomach disease." Xu Min asked for help.

As expected, LAN Qianchen paid attention to it. "You don't need to give her any more coffee. I'll call her."

"Don't mention I said that!" Xu Min is afraid of being scolded.

"Well!" LAN Qianchen answers, after hanging up Xu Min's phone, LAN Qianchen dials Pei Yuehuang's personal number.

Pei Yuehuang is rubbing her eyebrows and waiting for Xu Min's coffee. She hears the phone ring. She takes a look and feels happy. She reaches for it and says, "Hello!"

"Are you tired today? If you feel tired, go home early and have a rest! " Blue thousand Chen's voice line comes.

"How do you know I'm tired?" Pei Yuehuang asked with a smile.

"Guess, I'm going back from the court now. On the way, I'll buy the ingredients for dinner and come to my house for dinner tonight." LAN Qianchen asked her.

Pei Yuehuang couldn't help but rejoice. "What can I do for you?"

"Yes, I want you to put down all your work and go home now." Blue thousand Chen murmured, knew that she arrived at this time, the important work must have been finished. Pei Yuehuang suddenly had an impulse to be obedient. She thought for a while and said, "OK, I'll go home from work in advance. See you at home."

That end blue thousand Chen gentle answer, "good."

Pei Yuehuang put down her mobile phone, and the annoyance immediately disappeared. Now, her eyes are full of expectation, and even her sweet smile is on the corner of her mouth.

Xu Min brought in a cup of lukewarm boiled water at this time. She said in a panic, "Mr. Pei, there are not many coffee beans today. You can't make coffee. Have a cup of lukewarm boiled water!" Pei Yuehuang is a very sensitive and smart person. Looking at Xu Min, she smiles and asks, "did you call him in private?"

"Er! Who is it! " Xu Min dare not look at her.

"Blue thousand Chen." Pei Yuehuang sees through her mind.

Xu Min can't hide it, so he has to admit, "I'm afraid that your stomach can't stand it, so I can only ask master LAN Er to advise you. Mr. Pei, don't blame me! Don't blame master LAN er. "

Pei Yuehuang stood up, smiled and patted her on the shoulder. "What do I blame you for? You do it for my good, I know. "

And she would like to thank her, because she, let her heart suddenly disappeared, the whole person become relaxed.

She picked up the car key and said to Xu Min, "I'll go back first, and you can get off work on time!"

"Thank you, Mr. Pei."

Pei Yuehuang thought of what, looked at her seriously and said, "and if you have time, have a love meeting! You're not too young. "

Xu Min immediately smiled at Mimi and said, "is it Pei that you get the sweetness of love?"

To this point, Pei Yuehuang really has no comment. She didn't know what it was like to fall in love with a person before. Now she knows that falling in love with a person is really full of expectation every minute and every second.

Pei Yuehuang went downstairs and went to her red sports car. She thought that LAN Qianchen might go home first, and she wanted to go back to make dinner with him soon.

Normally, she had a lot of mail to read, but for him, she would rather leave her work temporarily. Because going to dinner with LAN Qianchen is more important than any work.

Pei Yuehuang's red sports car slowly drove out of the exit of the garage. At this time, Li Zhong, who was smoking in the black business car on the street beside, immediately took a hard breath, threw the cigarette end out of the window, and his eyes were filled with fierce light. With one foot of accelerator, Pei Yuehuang's sports car was followed.

His eyes are like poisonous snakes staring at Pei Yuehuang's sports car. At the moment, Li Zhong just wants to die with PEI Yuehuang.

It seems that with her funeral, his death is also worth it. He has a cheap life. He can take Pei Yuehuang's life and die together. He has earned it!

Pei Yuehuang's car plays ordinary light music, which makes her extremely relaxed. At the same time, her mind is also thinking of something.

She thought that she had to find an opportunity to talk with her grandfather about the topic of encumbrances and see if he could relax his mind.

Pei Yuehuang's car drove out of the central street of the city center, and then drove to a straight road to her villa, about ten kilometers away.

Li Zhong didn't start in the city center all the time because he didn't feel sure to knock Pei Yuehuang's car over because the traffic was too dense.

So, he has been waiting for the chance to start. When driving on a very spacious street with few cars, Li Zhong's car sped all the way to Pei Yuehuang's red car.

Pei Yuehuang still drives in accordance with the traffic rules. She drives at a normal speed.

A black business car passed by her. Li Zhong ran a red light first and drove on. He was going to find a suitable position in front of her and hit Pei Yuefan's car from the side. In this way, her sports car would be shoved up and rolled over, and she would not be killed.

Pei Yuehuang didn't know that death was waiting for her. As usual, she quietly waited for the traffic lights and counted the numbers. Because she was in a hurry to get back today, she didn't want to miss the time with LAN Qianchen.

Pei Yuehuang immediately stepped on the accelerator and drove past the traffic light. There was a car waiting for her as early as a kilometer away. Li Zhong's car backed up at an exit and lay in ambush. With his wide vision, he could see the passing vehicles. He saw Pei Yue's red sports car coming at a speed of 50 yards.

At once, the accelerator under his feet roared to the maximum extent. Finally, he saw the opportunity. When Pei Yuehuang's car was within ten meters from him, his car roared and crashed into the red sports car.

Pei Yuehuang is looking at the front. When she finds out that there is a car coming over, she wants to avoid it too late. Her red car is overturned by a huge impact force. It turns three times on the broad road, and finally straightens the body again. There are broken glass and parts on the ground. In the broken window, a thin figure can be seen, lying on the broken safety Air bag, and her forehead, a blood flow slowly down.

Li Zhong almost lost consciousness under the strong impact, but at the last sight, he saw Pei Yuehuang in the opposite sports car, and he showed a sly smile!

Pei Yuehuang fell into the darkness, surrounded by cold and pain. At the last moment of her unconsciousness, her heart was shouting a name.

Blue thousand Chen.

At that moment, there seemed to be a strong regret. If she died like this, she would not be reconciled!

Chapter 1164

The sudden traffic accident made all the passing vehicles stop immediately. Those kind drivers immediately pushed the door open, some of them rushed to Pei Yuehuang's sports cars, some of them rushed to Li Zhong's business cars.

Some drivers quickly took out their mobile phones to make a rescue call, and some of them were pulling the car door open with great force, holding Pei Yuehuang, who had fainted in the car, down. There were bleeding wounds between Pei Yuehuang's forehead and hairline on both sides. Her face was pale and she had no trauma, but her brain injury was serious.

Because they all saw the red sports car turn over three times before they stopped. You can imagine what kind of trauma people will suffer.

As the ambulance is on the road, there are passers-by protecting the scene and directing the passing vehicles to drive away.

Not far away, a blue sports car came over in the car group, and the blue Qianchen in the car looked at the time of the watch. Junyan was worried because he had been blocked on the road for a while, and he thought peiyuehuang might have come to his home first.

LAN Qianchen saw a crowd of onlookers not far away, as well as vehicles passing by and stopping. He immediately felt that there should be an accident ahead.

Suddenly, a red sports car came into his eyes, the smooth body, everywhere sunken, glass broken.

In a second, his breath almost stopped. In his eyes, the red and dazzling sports car was too familiar. Blue thousand Chen's head is blank, he almost lost thinking, only instinct let him quickly push open the door, rush toward the place of the crowd.

His heart is crying, praying, no, not the moon.

However, he looked at the red sports car, his heart almost broke, just at this time, there was a quick sound of ambulance nearby, from far to near.

Blue thousand Chen rushes in from the crowd, his eyes are seeing the woman lying on the ground, being protected by clothes. He hisses and says, "no Don't... "

He knelt beside Pei Yuehuang and held the woman with blood in her arms. Blue Qianchen's eyes were scarlet and he called softly, "Yuehuang, Yuehuang..."

"Sir, who are you from? Here comes the ambulance. Take her to the hospital! " The man who just saved people said to him.

Blue thousand Chen did not answer, look at him painful appearance, then explain him and the woman on the ground is what relation.

"Sir, please let me." At this time, a nurse and a doctor immediately came with a stretcher.

Blue thousand Chen took a breath, he forced to bear all emotions, put Pei Yuehuang together on the stretcher.

"There's another one over there. Hurry up and get another ambulance." There is a doctor in command.

When LAN Qianchen followed Pei Yuehuang's ambulance up, his eyes angrily stared at the bastard who hit him. However, he happened to see the doctor lift him up, and his face made LAN Qianchen's star eyes gape. That man was Li Zhong.

In an instant, the occurrence of this traffic accident has a clear message in blue Qianchen's mind. It's not an accident, it's a malicious negative report.

"Are you a family member, sir? Families can get on the bus. " The nurse asked him.

"I'm her boyfriend." LAN Qianchen gets on the bus immediately.

He sat near the door and watched the doctor and the nurse check peiyuehuang immediately. His heart was tight. He had just checked peiyuehuang. Peiyuehuang's injury was not serious, but from the traces on the ground, peiyuehuang's car suffered a serious rollover.

From the other side of the road, she turned directly to the other side of the five lane road.

Blue thousand Chen tightly clenches fist, he dare not disturb doctor, wait for answer quietly.

Finally, after the doctor finished the examination, he said to the blue Qianchen beside him, "the patient's heart rate is OK, and the forehead injury is not serious, but now we are thinking about the problem of concussion and brain injury. We need to go to the hospital for a detailed examination."

LAN Qianchen looks at the nurse to stop bleeding for her. She tries to wipe the blood on peiyuehuang's face. The red blood makes her face pale and painful.

"She will be fine." Blue thousand Chen firmly said, but his fingers are tightly pinched into the meat.

"Sir, this lady's family, can you contact me? At this time, her family is also needed. " Asked the nurse.

LAN Qianchen takes out his mobile phone and dials Xu Min because he doesn't have Pei's family number.

"Hello! Young master LAN Er, what can I do for you? Mr. Pei is off work ahead of time! " The voice of Xu Min came.

"Yuehuang has a car accident. You should inform her family to go to the hospital immediately." With that, I LAN Qianchen looked at the name of the hospital on the ambulance, and he read it again.

Xu Min at that end was scared. He asked Pei Yuehuang how she was. LAN Qianchen comforted her. It was not serious. Let her not worry.

However, at the moment, in blue Qianchen's heart, peiyuehuang's appearance at the moment makes him want to change her very much. He would rather have an accident by himself than by her.

When he arrived at the hospital, Pei Yuehuang was immediately pushed into the emergency room. LAN Qianchen was stopped at the door of the emergency room. Later, in the next emergency room, Li Zhong was obviously injured more seriously. He didn't want to live. So before he hit someone, he didn't fasten his safety belt. In addition, the quality of his car was not resistant to collision. A sharp iron thorn flew out and stabbed his abdomen and blood The flow is already serious. At the moment, LAN Qianchen looks at Li Zhong, who pushes him in front of him. His fists are tightly squeezed into the meat. He would like to let this bastard pay for his life immediately.

Xu Min informs Pei's family that hearing the word "traffic accident" is enough to scare them. Even Pei, who is taking care of his body in the hospital, immediately comes.

Twenty minutes later, Pei's husband and wife took Pei's father and rushed in. They saw LAN Qianchen waiting at the door of the ward. They were all mad.

"How about Yuehuang? How is she? Serious? Is there a life risk? " Mrs Pei burst into tears.

Blue thousand Chen immediately comforts a way, "uncle aunt you are at ease, month Huang she just was injured in the head, the injury is not serious, she will be OK."

"What's the matter? How could such an accident happen? Yuehuang is very careful when she goes out. " Mr. Pei's eyes were red with anxiety. For this granddaughter, the whole family was full of heart.

"Thank you, young master LAN. Are you ok?" Blue father asked, thinking that he and his daughter are in a car.

"I'm fine. I'm also going home. I came with the ambulance on the way." Blue thousand Chen shakes his head, he looks at the ice blue door, the heart surges on the intense self reproach.

If we say that the accident of Pei Yuehuang is the root of the disaster that he buried before, if he has no impulse to fight loyalty, even if he is lazy in his work, Pei Yuehuang will stay with him, but because of him, she will directly fire him, so that Li Zhonghuai will hate in the heart, hurt her and revenge her in such a vicious way.

In blue Qianchen's heart, he firmly decided to take care of peiyuehuang and accompany her for the rest of his life, regardless of her injury.

Compensate her with his life.

"Yuehuang, nothing can happen!" Mr. Pei looked at the rescue room, his heart was almost unbearable, and he stroked his chest from time to time.

"Dad, don't worry, Yuehuang will be OK." Pei's father comforted.

At this moment, their hearts are suffering, torture, wish this kind of thing happened to themselves.

"What's going on? How did it happen? " Pei Fu asked LAN Qianchen, wanting to know more about it.

"It's my fault. Yuehuang's accident was not an accident, but a man-made revenge."

"Who will take revenge on my daughter?" Asked Mrs. Pei, her eyes red.

"It's Li Zhong, an employee of Pei group's legal department. I had an entanglement with him before. Yuehuang dismissed him. He hated Yuehuang and drove maliciously to revenge Yuehuang. He was also in the rescue room next door." Blue thousand Chen doesn't want to mention this kind of scum.

Pei's father immediately knew Li Zhong and clenched his fist angrily. "I know this man, who has been living and drinking in the legal department, is also an old employee for several years. Unexpectedly, he is so vicious."

"It's my fault. I caused today's traffic accident. If I could, I would bear all the pain for Yuehuang." Blue thousand Chen's eyes looked at the rescue room, the pain was obvious.

Finally, an hour later, the door of the rescue room opened.

Chapter 1165

"What about my daughter, doctor?" Mrs. Pei is the first to ask.

The doctor took off the mask, and his face was a little congealed. "This young lady's injury is not serious. The most serious one is probably brain tonic injury. At present, the injured person is in a

state of dizziness and unconsciousness. We can't detect more brain problems. We can only check it when she wakes up."

"What would be the most serious situation." Pei's father asked worried.

"Fortunately, CT examination has no symptoms of cerebral hemorrhage, and it is possible that the injured only cause severe concussion, but we are optimistic that we will do a detailed examination when she wakes up!"

Pei's family all relieved, blue Qianchen looked at the ward and asked, "can we see her?"

"I'll transfer her to the ward, and your family can be with her."

At this time, the door of the next rescue room opened, and the doctor immediately asked, "how is the rescue?"

The doctor shook his head and said, "too much blood loss, weak will to survive, severe dizziness, and need to be observed."

The Pei family, listening to Li Zhong's situation, all wanted to say something worthy, but they were well-trained and didn't make a sound.

Pei Yuehuang was pushed out, the blood on her face was cleaned, and her forehead was wrapped with a circle of gauze. She looked very quiet, as if she was asleep.

"Yuehuang, my Yuehuang." Mrs. Pei still covers her lips, tears flow. As a parent, she can't see her child suffer.

In blue Qianchen's heart, he was more or less relieved, but his inner self reproach was hard to get rid of.

Pei Yuehuang enters the ward, and Mrs. Pei takes warm water again, and wipes her cheek and arms for her.

With PEI Yuehuang's family in the room, LAN Qianchen retreats to the outside of the ward first. He stands in front of the glass window and stares at the sleeping, bloodless face. His heart is baptized with remorse and guilt over and over again.

He decided that this life is not her marriage, no matter how she will treat him in the future, he will accompany her and protect her for life.

Pei Yuehuang will arrive at night as soon as she goes to sleep. According to the doctor, it may take time.

Blue thousand Chen accompanies Pei's elder to guard together, does not want to leave for a moment.

Later, hearing the nurse come to talk about Li Zhong, Li Zhong finally died.

Hearing this ending, LAN Qianchen doesn't have any opinions, which is the best end of self abuse.

Sometimes, people die of illness and old age. Life is impermanent. The most important thing is to cherish the present and spend more time with loved ones.

In Xing Yifan's apartment, two kittens chase and play in the room. The lovely figure makes the whole room warm.

Bai Xia could have slept after she finished her work, but she just wanted to come here and suck cats.

She didn't knock at the door, but went in by fingerprinting. However, she was very careful to listen to the room. It's better not to take a bath in Xing Yifan, because at this time, the man became very dangerous.

Bai Xia saw flowers and hairs on the sofa. She immediately sat down and picked them up to play.

"Play with my cat, but pay for it." There was a deep male voice from behind.

After hearing this, Bai Xia immediately turned to look at him and the man in good pajamas behind her. She was relieved to say, "what's the money? It's mine."

"You are a real thief." Xing Yifan said as he sat beside her.

Bai Xia doesn't want to be judged like this. She immediately stares at her, "what did I steal from you! When I was picking up flowers, I didn't know she had a master. I thought she was just a poor and helpless little wild cat. "

Xing Yifan chuckled, "stealing a cat and stealing a heart, you say, what are you not a thief?"

Xing Yifan reached out and rubbed her head.

After hearing this, Bai Xia immediately felt sweet and said, "when did I steal your heart?"

Xing Yifan pulls her into her arms with the cat and the people. Seeing that her owner is tired of being crooked, she quickly jumps out of Bai Xia's arms.

Bai Xia's side face was immediately kissed, "it has stolen my heart for a long time."

White summer hangs Mou, curved lip complacent smile, "that shows my ability is good."

Xing Yifan kisses her fiercely on her curved red lips. Bai Xia doesn't expect to be kissed successfully by him again. He tries to push, but he doesn't give up.

Xing Yifan kisses her directly in his arms, and Bai Xia gives him a powerful beating on the chest. "Damn it, don't do it."

"That's what you stole from my heart." Xing Yifan accused her.

Bai Xia looks at him speechless, but her heart is sweet. She nestles in his arms and says, "are your parents really coming back soon?"

"Well! There are two days left. Take out your account book in advance, and go to get it the next day.
" Xing Yifan's overbearing order.

Bai Xia thinks about it. The Hukou is still with her father. She nods and says, "OK! I asked my dad for it. "

Xing Yifan thought of Ye Jiamei's two children's life experience. He asked Bai Xia, "how come your father's other two children are not like him at all?" Bai Xia was also very puzzled about this. "I don't know. Maybe Ye Jiamei's genes are too strong. They are not like my father at all."

Bai Xia didn't think much about it. Xing Yifan sent someone to check, but he didn't get back the news. He thought, he would have an answer soon.

On that day, he will personally tell her to go back to the White House, drive Ye Jiamei out, and restore her status as the only child of the White House.

At this time, I heard the cat's voice. It turned out that Maomao had been chasing after each other. After catching up, I put them on the ground. I licked their hair very softly and flattered them!

"What are they doing!" Bai Xia asked the man beside her.

Xing Yifan's thin lips make up his ambiguous smile, "please love!"

Bai Xia's pretty face is reddened. At this time, she feels a pair of deep eyes look at her without blinking. She turns her head and sees Xing Yifan's burning eyes lock her. "You What are you looking at me for? "

"Please." Xing Yifan's reply was deep and hoarse.

Bai Xia couldn't stand it. She got up from his arms and said, "I'm going back to my room to sleep."

Xing Yifan put her back in his arms. "I'll sleep in my house tonight."

"I'm going to sleep in your house. Are you sure you can sleep?" Bai Xia looks at him with a kind of eyes you know.

Xing Yifan swallows his mouth and says, "although I want to eat you all the time, I will be fine if I endure for a few days."

Bai Xia is embarrassed to be buried in his arms. She is thinking. When she gets the certificate, she will give it to him completely.

Xing Yifan still didn't let her go back to sleep. In his heart, he didn't want to sleep separately from her in the future.

In the hospital, there was another scene. Under the dim light, blue Qianchen sat in front of the bed and stared at peiyuehuang's pale face. He held her hand tightly and kissed her on his lips.

Although the old man of Pei family wants to accompany his daughter, he is old and can't bear it. Even if he can't sleep, he will rest in the hotel next to him.

They can also see that LAN Qianchen loves peiyuehuang. They also like to see their daughter with him and let him guard her.

Pei Yuehuang is still in a cold darkness. Her consciousness is sinking. Even if she wants to struggle to wake up, she can't find a light.

She had to continue to run in the dark, endless running.

In the morning, LAN Qianchen stayed up all night. Even if he had a red eye, he would not blink more. He wanted to wait for her to wake up.

He was sure that she would wake up.

Pei Yuehuang's long eyelashes vibrated gently for a while, and blue Qianchen immediately gazed with surprise and waited.

Pei Yuehuang in the hard moving eyelids, finally, her dark world, opened a bright door.

And the first person she opened her eyes and saw was the one she longed to see.

"Qianchen..." Her voice line is hoarse, her eyes are in a kind of excitement for the rest of her life, her tears are brushed from the corner of her eyes.

"It's me! Here I am, Yuehuang, you finally wake up. " LAN Qianchen holds her hand tightly and kisses the back of her hand to let her feel him.

Pei Yuehuang has a headache, but she can't bear to close her eyes. She wants to make sure that it's not a dream. It's really blue Qianchen who accompanies her.

"You're all right, it's just a slight injury to your forehead." Blue thousand Chen low comforts a way.

"You kept me all night?" Pei Yuehuang looked at his boiled red eyes, and she was immediately distressed.

"Nothing! No matter how long you stay here, as long as you're good. " Blue Qian Chen's eyes are slightly wet. Seeing her wake up, he can relax his last breath.

Chapter 1166

Pei Yuehuang scares the elders of Pei's family for the rest of her life. At this time, their wishes are nothing more important than Pei Yuehuang's life safety.

Pei Yuehuang knew that Li Zhong was the one who hurt her this time, but Li Zhong paid the price of her life for it, and her mood was complicated.

If it wasn't for the high safety performance of her car, it would be a blessing if she could only get a slight injury after such a rollover.

After this accident, Pei Yuehuang also realized that she would like to live well in the future, and she must not let her family and people who love her fear any more.

Pei Yuehuang's concussion is still serious. She has headache from time to time. The next morning, Xu Min and Qu Hao came here. Pei Yuehuang asked them to keep it secret. Even if other people knew that she had a car accident, they could only say she was slightly injured.

Because she is in the business world, many illegal people will take advantage of the fire, and it will also affect the stock unrest of Pei group.

Pei Yuehuang's forehead is wrapped with gauze, her hair is long, and her back is on the back of the bed. The whole person looks like a kind of sick beauty.

It's like two kinds of aesthetic feeling with the way that she usually walks with the wind in the company.

LAN Qianchen comes to accompany her after a rest. The Pei family and their husband are willing to give time to their two young people, and they should go home. Anyway, there is LAN Qianchen in the hospital, as if they don't need to do anything.

Xu Min packs a bowl of porridge in Pei Yuehuang's favorite restaurant. Xu Min puts it down and leaves. LAN Qianchen takes the porridge and Pei Yuehuang sits up straight to receive it.

"I'll feed you." Blue thousand Chen raises eyebrow way, "you are good to eat to go."

Pei Yuehuang is short of a trace of blood. Because of his words, she has a few traces of red blood. She is embarrassed and says, "no, I will come myself."

She is a person who is used to being independent, as if she can carry down everything by herself, without the help of others.

But LAN Qianchen insisted, "there are no outsiders here. What are you afraid of?"

When Pei Yuehuang heard this, she could not help but press down the sense of shame. Her eyes fell on his beautiful face, and there was a kind of gentle and loving luster in her eyes.

"Good! " Pei Yuehuang nods, but when LAN Qianchen feeds her, she still dare not look into his eyes. A kind of girl's shyness surges up so strongly.

After this bowl of porridge, Pei Yuehuang's stomach is warm and her heart is warm.

"Qianchen, thank you!" Pei Yuehuang is half lying down. At this moment, she is a little sensitive and fragile, but with him, she seems to be very secure.

LAN Qianchen suddenly got up. His hands were on her shoulders. He kissed her on the forehead naturally. "I said, it's right to do anything for you."

Pei Yuehuang blinks her beautiful eyes. At this moment, she suddenly wants to abandon all responsibilities and pride and love him recklessly. If grandpa doesn't let go, she will give up her family inheritance right and let Grandpa look for someone else to manage on his behalf. And she, pursue her happiness!

When blue Qianchen finished kissing, he turned around and his wrist was held by a thin hand.

Pei Yuehuang pleaded, "don't go!"

Blue thousand Chen chuckles, "I'm just going to wash the fruit for you."

Pei Yuehuang is slightly embarrassed. What do you think he is going to do! She let go of his hand, looked at his slender figure and walked into the bathroom with fruit.

Pei Yuehuang still left a strong shadow for the accident. She closed her eyes and could feel the fear of the car body rolling, as if the whole world were fragments.

So when she woke up in the morning, she didn't dare to go to sleep. She was afraid that she would fall asleep and return to the moment when she was hit.

LAN Qianchen washed the fruit. Peiyuehuang's head suffered some trauma. In addition, she took the medicine, which also made her very sleepy. But she didn't want to sleep. She was afraid of nightmares.

"Sleepy? Sleep when you are sleepy! " LAN Qianchen sits beside her with fruit.

Pei Yuehuang's eyes could see that she was sleepy, but she was holding on. She sighed, "I don't want to sleep, I'm afraid of nightmares."

Blue thousand Chen lightly grasps her hand, comforts a way, "all passed! Don't be afraid. "

"Can you hold me?" Pei Yuehuang's eyes are eager.

Blue thousand Chen thin lips set off a smile that is more than happy, "of course."

Pei Yuehuang's bed is a VIP room, so the bed is also of normal size. LAN Qianchen sits in bed, and Pei Yuehuang lies in his arms. LAN Qianchen holds her in his arms like a child.

After a while, Pei Yuehuang fell asleep, and blue Qianchen's eyes fell gently on her face. As long as her Demi eyebrows were slightly twisted, he patted her or held her hand to give the sleeping woman a sense of security with the external force.

Sure enough, Pei Yuehuang had no nightmare when she fell asleep, because there was a force protecting her from time to time.

Mr. Pei and his wife are thinking of coming to see Pei Yuehuang. When they got out of the window, through the shutter, Mrs. Pei immediately called them, "let's not go in and disturb! The moon is resting. "Mr. Pei and his father saw it and understood it. They pushed aside the rest room and sat there waiting.

"It seems that this young master blue is really good for the Moon Phoenix! It's rare for Yuehuang to like him so much. I wish we could be together. " Mrs. Pei looked forward.

Pei's father next to him was also thinking about something. He sighed and said, "the identity of the blue two young master is not suitable for being a burden!"

"Dad, do you have to let the other half of Yuehuang agree? As long as he loves Yuehuang. " Mrs. Pei thinks the requirement is too strict.

Pei's eyes still insist, "of course, I hope someone like this will come to Pei's house to be my son-in-law. I'm willing to let him and Yuehuang inherit all my company's property together."

"However, the good family background of the second young master LAN, even if he agrees, I don't think the other side of the blue family agrees. In this way, isn't it just hard to separate them?" Mrs. Pei and her father-in-law got into a fight.

Pei's father said to his father, "I used to agree with you, but I'm afraid of this big accident. There's nothing more important than Yuehuang's life. She's also old. I'm afraid that she will be alone in the future without lowering her requirements."

How can old Pei repay? He's half a foot in the coffin. What he wants to see most is the safety and health of his descendants.

Pei thought for a few seconds, and finally nodded, "OK! Then let Yuehuang choose by herself! It's ok if you don't want to go in, but you have to focus on the Moon Phoenix. "

"I think this young master LAN Er is the most suitable person for her. He can cook and take care of people. Moreover, I heard that he solved several old cases and saved a big project just after he entered the legal service in the company. He is really a good man who is good at writing and martial arts." Mrs. Pei's comments on LAN Qianchen are very high.

And in the ward, in the quiet time, calm and beautiful, blue Qianchen gazed at the sleeping face of the woman in his arms, he gently bent down and branded her red lips. Get a kiss.

Xing's group, Xing Yifan, is dealing with several affairs of his subordinates today, and is ready to do the handover work. Immediately, the eldest brother will come back, and he can relax. Around 3 p.m., Xing Yifan's office rang. Chen Peng, an assistant sent by Xing Yifan to investigate Ye Jiamei's incident, came back.

Chen Peng hasn't contacted him these days. He is seriously collecting information about ye Jiamei and her children.

In Xing Yifan's eyes, there was a look of expectation, "is it a victory for the progress of things?"

"Second young master, I'll check according to your instructions. It's true that the direction is very right. Ye Jiamei and Hu Sheng's way of cheating is very hidden. Even two people don't need to open a room, because it's a hotel opened by Hu Sheng's friends. Usually their friends open a room for them with other people's ID cards."

"So, even if Bai Shize sent someone to check Ye Jiamei's background, he didn't find out at all. Now Bai Shize has chosen to return to his family for two children." Chen Peng presented his findings.

"Do you have all the information and evidence?" Xing Yifan asked.

"I've got it all. I checked Ye Jiamei's cell phone. She and Hu Sheng had a close contact with each other more than ten years ago, almost a few calls a day."

Chapter 1167

"How are the two children doing?"

"I've checked the DNA. It's true that I have no blood relationship with Baisheze. If I look at her, it should be Husheng's child. Baisheze has raised two children for her lover these years."

Xing Yifan received two DNA test reports from Chen Peng, which showed that it was not the result of father son relationship, and his eyes flashed cold. Ye Jiamei and her two children occupied the Bai family, and drove Bai Xia out of the country. When she was an outsider, she and her two illegitimate children were the real outsiders in this family.

"Second young master Xing, everything has been checked out. I can continue to check what you don't know."

"No, it's clear." Xing Yifan shakes his head, and he can't pass these evidences to Bai Shize. If Bai Shize knows that he has checked his face, he won't see each other very well in the future. He must be the future father-in-law!

No one likes his life to be peeped on by others.

Therefore, this matter still needs to find a gap, so that Bai Shize can find out the life experience of these two children.

As for how to let him find out, it needs to be arranged secretly.

In fact, the best one among them appeared, that is, Bai Xia. It's appropriate for her to report this, but Xing Yifan didn't want to dirty her hands.

Xing Yifan thinks of Hu Sheng's appearance, and even he can see one or two. Can Bai Shize not see it? Depending on the situation, he really didn't think that his child would be Hu Sheng!

He must have been brought up together since childhood. Only when he has feelings can he not think much.

Xing Yifan narrowed his eyes and thought carefully. He still used the most direct way to say to Chen Pengdao, "I'll call Bai Shize. You pretend to be a person he knows and tell him directly that his child is not him. If he doesn't believe it, let him test his DNA."

Chen Peng is good at this kind of thing. He nodded and said, "OK! I'll remind him later. "

"Well! If he asks you who you are, you can just hang up and he will have to be confused. "

After hearing this, Chen Peng immediately came out of Xing Yifan's office. He went back to his office, took out an unusual mobile phone and dialed Bai Shize's number. At the moment, Bai Shize is busy in the near future, and now he is on his way to talk about work. He is on the way to the expressway.

He watched the strange phone call in, and he reached for it! Who is that? "

"Mr. Bai? I'm your friend! There's something I'd like to kindly remind you of. "

Bai Shize listened to the strange male voice, and immediately tensed his heart, "who are you and what do you want to do?"

"Don't worry! I don't want to do anything, I just want to help you understand that the children you are working hard to earn money are not your own children, but your wife's children born out of cheating and other men's children. "

"What are you talking about?" Bai Shize asked angrily.

"I don't want to talk nonsense. Just go back and test your DNA yourself, and you will know that your child and you don't look like each other at all!"

"Who are you? What's the purpose? "

Chen Peng immediately thought by telegram, "Hu Sheng offended me and I investigated him, so I happened to find out the big secret between him and your wife. I don't need you to thank me. I just hope you won't be kept in the dark. Goodbye."

With that, Chen Peng closed the phone.

Bai Shize at the moment, a face startled and stunned, he is ready to go to the front of the driver on the highway way, "turn around, immediately turn back for me."

"Boss, aren't we going to talk about business?"

"Take me home." Bai Shize's mind began to show the looks of his two children. Because the man mentioned Hu Sheng just now, he would naturally think of Hu Sheng's looks as well.

He reached out and took out his mobile phone. He opened a picture of Hu Sheng that he had saved last time. It was a working picture of Hu Sheng. It was his head. His facial features were very clear.

Bai Shize looks at Hu Sheng's picture carefully. His heart vibrates severely. He thinks of Bai Rong's facial features, triangular position of eyebrow angle, high cheekbones and square face, which are similar to Hu Sheng's.

He took out his daughter's picture again and looked at it. His head was blown blank.

Why is it so like Hu Sheng? Why are his two children so like Husheng?

And then came a guess that made him feel as if he had been struck by thunder, and the great pain spread out from his heart.

Son? His son is not his own? Is he raising children for ye Jiamei's lover? And two?

Bai Shize is going to collapse and go crazy. Ye Jiamei dare to cheat him like this. It was because she was pregnant with a boy that he married her and offered for her. He still remembers how proud he was when he came out with his son in his arms. He thought that his white family had a future.

But now, the only offspring of his white family is his daughter, Bai Xia, born with his ex-wife. "Ah! impossible? impossible? How could that be? " Bai Shize was in the back seat, roaring with pain. "Boss, are you ok?"

"Go home now, now." Bai Shize's voice went crazy.

In the bank, ye Jiamei is typing money on the counter. When the waiter looks at him and transfers 3 million yuan, she can't help enjoying the warm treatment of the waiter.

What ye Jiamei loves most is that others treat her as a rich lady, as if this kind of life is the most suitable for her.

"Mrs. Bai, do you need financial advice? We have a very professional financial person here to help you understand. "

"Next time! When I have time, I'm busy. " Ye Jiamei takes back her ID card and bank card.

She quickly stepped out of the bank, took out her mobile phone, dialed Hu Sheng's phone, and her face was obviously vicious. "I've transferred money to you. You'd better deal with Bai Xia quickly. No matter what you do, I must let her disappear, or our children will be in danger."

"With this money, it's time for better activities." Hu Sheng at that end should be her.

"I've given you all my roots. You can't let me down." After ye Jiamei finished speaking, she hung up the phone and thought that although the money of the card was not much, she still wanted to go to the famous brand clothes and bags shop.

When Bai Shize returned home, he found that ye Jiamei was not at home at all. He suddenly thought of one thing. It's better to verify whether the child is his or not, just to test the DNA.

Bai Shize came out and found his driver and said, "go to the high school nearby."

He wants to take his daughter Bai Ying out for blood test. Bai Shize doesn't care about everything. He goes into the classroom and calls out Bai Ying who is in class.

"Dad, where are you taking me?" Bai Ying asked in bewilderment.

"Come with me to a place." Bai Shize finished, led her, and said to the driver, "take my son together, and it's my order."

The driver went to pick up Bai Rong.

It's five o'clock in the evening, and Bai Rong has just finished class. When he saw the driver coming to pick him up in person and he was about to go home, he got into the driver's car, but the driver took him to the hospital.

Bai Shize, with his back to his daughter behind him, did not dare to see, nor could he bear to see, because he still had feelings for his children. He only hated Ye Jiamei, who was innocent.

They have no choice but to be born.

Soon Bai Rong came, and his face was displeased. "What do you want us to do in the hospital?"

Bai Shize looked at their brothers and sisters and said, "go and draw blood!"

"We didn't get sick and draw any blood."

"Don't ask so much. There are some things to do." Bai Shize is trying to bear the pain in his heart, but he still can't bear to be too severe and cruel to these two children.

Bai Rong's two brothers and sisters still went to take blood. Bai Shize asked the driver to take them home immediately, while he stayed in the hospital.

Bai Shize sat on the chair beside him with his head in pain, waiting for the result to come out.

It was only 15 minutes before he heard the doctor call him, "Bai Shize, your test results have come out, come and take them."

Bai Shize's chest is tightly held. He dare not see the result, because he knows what the result is.

But he had to go to see, he took two reports to the eye, he directly fell on the bottom of the sentence, "two DNA samples have been identified, showing that they are not biological father-child relationship."

The next one, of course, is a non biological father daughter relationship.

Bai Shize's head exploded and he was on the edge of collapse.

Chapter 1168

Bai Shize sat on the rest chair in the hospital and looked at the two test reports. His head was blank for a long time, as if his life had suddenly undergone a big change. All the power he had tried to achieve was gone!

He also thought that after Bai Rong passed it on to him, he inherited the surname of Bai family. But now, ironically, he did not give birth to a descendant of Bai family, but also raised a pair of children for his wife's lover until now.

For nineteen years, he devoted himself to supporting an outsider's child. With all his heart, he didn't hesitate to spoil his childhood and go to his son's University. He also spent more than 100000 yuan to make connections. His daughter went to the best noble high school for ye Jiamei's extravagant spending, but he sent his own daughter, Bai Xia, out of the country.

When ye Jiamei did all kinds of ideological work for him, she worried that Bai Xia's presence would affect her children's growth. So when Bai Xia wanted to leave the family, he let her leave without much consideration.

When Bai Xia left, he didn't return for three years. Thinking of his guilt and debt to Bai Xia, Bai Shize suddenly slapped himself in the face. His ex-wife left a suicide note, which was also caused by him. Bai Xia lost her mother's love in her teens. She lived in a warm home and suffered from ye Jiamei's exclusion. Bai Shize's eyes were scarlet. At the moment, he wanted to kill Ye Jiamei and Hu Sheng.

He was in a long collapse, and stayed until the evening. The doctors and nurses who passed by looked at him in surprise, and some would come forward to care for him. Bai Shize buried his head, as if he was in infinite pain.

When ye Jiamei returned home, she saw the two children come back early, and her son usually goes to play.

"Why did you come back so early?" Ye Jiamei said as she took out her new clothes from the bag and compared them with her daughter. "Come on, Yingying, mom has selected two new clothes for you. Come and have a look. Do you like them?"

As soon as Bai Ying saw the new clothes, her eyes lit up immediately. Ye Jiamei bought them from a brand store every time. Therefore, the styles of the clothes were very good. Bai Ying immediately held them in her arms. "Mom, I love them, but I need two more skirts! You can buy it for me at any time! And shoes, they're old. "

"Well, I'll buy them all. When mom has time, I'll take you out to pick them myself."

Finish saying, ye Jiamei takes out a new set of blue ball suit again and hands it to his son, "Rongrong, your, you see whether you like it or not."

"Mom, today, dad asked me and my sister to go to the hospital to draw blood. Do you know why he did this?" Bai Rong asked his mother curiously. He felt that his father's practice was not normal.

Ye Jiamei is packing her clothes. Hearing this, she is stiff. She looks back at her son. "What? Your dad took you to a blood pump? What kind of blood? Why do people draw blood? "

"I have a big can! It's killing me. " Bai Ying tells her mother about her grievance.

Bai Rong frowned. "Don't you know why he took us to draw blood?"

Ye Jiamei's heart was filled with uneasiness. Her husband said he was going on a business trip? How could she take a pair of her children to draw blood? What's more, why should the good end take blood?

"Did he say what to do with the blood?" Ye Jiamei asked a pair of children with strong composure.

"I don't know! Anyway, he asked the driver to send us back after drawing blood, but he hasn't come back yet! " Bai Ying is having fun with her new clothes.

Ye Jiamei's breath smothers, she comforts a pair of children and girls, "nothing, it's probably the normal physical examination and blood drawing, you all go to do your homework! I'll call and ask him. "

After that, ye Jiamei went to get her mobile phone, but by this time, her hand was shaking. She took her mobile phone and came out of the small garden outside the gate, but what she dialed was not Bai Shize's phone, but Hu Sheng's.

"Hello! What's the matter, Melanie? " The voice of Hu Sheng immediately sounded softly.

"Laohu, it's not good. Just now Rongrong and Yingying said that Bai Shize suddenly pulled them to the hospital to have blood drawn. You said it's a good idea. Why should we let the two children have blood drawn? He didn't tell me why. He hasn't come back yet! "

"What does baishize want to do?" Hu Sheng was also surprised.

"I just can't guess! He was going on a business trip. At this time, he was in another city. But now, he is still in the hospital! What did he find out? Do you know about the children? " Ye Jiamei's face was white with anxiety. She felt that the strength of standing was all in the air.

At this time, she saw the iron door opened outside and a familiar car came in. Ye Jiamei was so scared that her cell phone was immediately clenched in her hand, and Hu Sheng's phone was randomly disconnected. She was so nervous that she was about to have a heart attack.

But she is still calm, she thought, it must not be what she was worried about. Bai Shize just cares about the children's health!

Bai Shize's car looks at the woman standing at the door of the hall. At the moment, he really has an impulse to drive there with one foot of accelerator and send Ye Jiamei away.

However, baishize calmed down after all. He parked the car in the garage. He pushed the door open and stepped down. Although Ye Jiamei was afraid, she went to him as usual. "Husband, how are you back! Isn't it a business trip? Did you change the time? "

Bai Shize's face was very gloomy, his eyes were cold and staring at Ye Jiamei, and the anger in his eyes was turning, as if he wanted to kill people at any time.

Ye Jiamei faces his eyes, she can't help but take a breath of cold air, back, her voice line trembles, "old Husband, what's wrong with you? Why do you look at me like this! "

Bai Shize suddenly walked into her, but ye Jiamei didn't react. A fierce slap in her face made Ye Jiamei fall on the ground immediately. The pain on her face was more than the fear and fear in her heart at the moment.

She knew, the child's life experience, the present man already knew.

"Shize How can you hit me! " Ye Jiamei cried, trying to pretend to be pitiful and compassionate.

Bai Shize suddenly put his foot on her again. As a man, he never beats a woman. But today, he really can't help it, because his rage needs venting, otherwise, he will go mad first.

"Don't hit me Shize, don't hit me It hurts. " Ye Jiamei is begging for mercy. She can't stand Bai Shize's cruel conjecture.

At this time, Bai Rong in the hall heard it, and immediately rushed out with Bai Ying. They stared at the picture outside the door. Their father was kicking his mother, and he was still trying to die.

As a man, Bai Rong immediately became angry. He was not used to Bai Shize's drunken life outside. At this moment, Bai Rongze, who has been one meter and seven five years old, came here immediately and beat the angry Bai Shize with a fist. Bai Shize is getting old. He stepped back a few steps and gasped for breath.

Bai Rong guards Ye Jiamei's face and angrily says, "what are you doing to my mother?"

At the moment, ye Jiamei, regardless of the pain, gets up and pulls Bai Rong behind her. "Don't talk to your father like this. Apologize."

"I don't want to. He is not worthy to be my father at all. Has he ever used money except for money? He is not a qualified father at all. " Bai Rong also burst out his anger.

Bai Ying is frightened to cry at one side. The two children of Bai family, who are spoiled by Ye Jiamei's childhood, become rebellious. Bai Rong is not accustomed to Bai Shize.

Bai Shize suddenly wryly smiled. He looked at the so-called son he once regarded as the hope of the white family. He laughed at himself and said, "I really don't deserve to be your father, because you are not my own son, and I am not your own father! You were born with your mother behind my back. "

When ye Jiamei heard this, she was going to faint. As expected, Bai Shize knew everything. How could it be? She and Hu Sheng's affairs, he has been thrown in the past not to pursue it?

Why did he suddenly know so many secrets?

Bai rongmeng circle, he looked at Bai Shize, and looked at his mother, "Mom, I'm not his son?"

"Not only you are not, not even your sister, you are not my children. Your father's name is Hu Sheng! It's a man your mother cheated on me all the year round. I asked myself that I didn't treat your mother and son badly these years. " Bai Shize found that all his anger had no energy, he was tired, and really had no energy to toss.

Chapter 1169

"No, you're my father, my father is you, no one else." Bai Ying says loudly, she can't accept, her father is someone else, Bai Shize still dotes on her very much.

Bai Shize's eyes suddenly turned red. Even if ye Jiamei died, the two children were raised by him from childhood. They still have feelings.

And just then, outside the door, there was a male voice shouting, "Bai Shize, you are not allowed to hurt them."

Just outside the iron gate, Hu Sheng arrived. He was talking to Ye Jiamei on the phone just now. But suddenly, ye Jiamei's words died, which made him worry that she was hurt in the White House.

He worried that Bai Shize was angry and started to fight against her and her children, so he rushed over regardless of everything.

And just across the iron gate, he saw several people in the garden, and he was in a hurry.

Ye Jiamei looks at Hu Sheng, who suddenly arrives. She can't help but stare. There is a sense of shame surging up. In front of the children, she always wants to be an example of a good wife and a good mother.

But now, the evidence of her cheating with other men is here, and Hu Sheng comes here in person.

"Melanie, let me in." Hu Sheng cried outside the iron gate.

Ye Jiamei suddenly broke down. Bai Rong looked at the man outside. He immediately walked towards the door. At this time, ye Jiamei severely stopped him from saying, "don't open the door for him."

At this time, ye Jiamei suddenly hates Hu Sheng. An ordinary and incompetent man, he is useless except to please her. Now even if he is the father of children, she feels ashamed.

"It's me, Melanie!" Hu Sheng hears Ye Jiamei's ruthless words and pleads, "open the door for me."

Bai Shize said to Bai Rong, "let him in, he is your biological father!"

Bai Rong is still in the past. When he sees Hu Sheng in the light outside, his eyes are directly gaping. The two people's looks are seven points similar, so Bai Rong can't doubt what's going on.

"Rongrong, open the door for me. Open the door for me." Hu Sheng called him. Although he didn't see his son in person, in Hu Sheng's heart, Bai Rong and Bai Ying had been his own children for a long time. They even called him so close!

Bai Rong looks at an ordinary man. He can't believe that his biological father would be such a person. Even behind Hu Sheng, tens of thousands of old cars are driving lights there.

Bai Rong's first feeling is to look down upon the man in front of him, let alone his father, and he will be ashamed.

No matter how bad Bai Shize is, he is also a man with a fortune of over 100 million, or even several billion. He was also raised from a rich age, and developed a kind of man who despises incompetence.

Bai Rong still opens the door for Hu Sheng, because he also wants to know the truth of all this. As soon as Hu Sheng came in, Bai Rong backed away, while Bai Ying on the opposite side looked at the strange Hu Sheng. Suddenly, she was afraid to hide from Bai Shize, and she really had to go. Bai Shize looked at her coming, and he didn't refuse.

Even now, his head is blank. He suddenly finds that ye Jiamei has been punished. She has enjoyed so many years since she followed him with nothing. Suddenly, she falls back to nothing. This life gap is more painful than killing her.

Yes, Bai Shize will let her go out of the house, take back everything she has, and won't give her a minute to leave the house, and let her go back to the miserable days with nothing.

For ye Jiamei, in addition to using Bai Shize's money these years, she has lost the ability to make money. Instead, she enjoys a rich life and sees herself as a superior.

Ye Jiamei's life suddenly took a big turn. Today, she is still enjoying the treatment of your wife, crazy shopping and swiping card consumption. Now, she knows that she has nothing.

"What's wrong with you, Melanie? He hit you? " Hu wins. He's going to rob his women and children like a man.

"Bai Shize, you dare to hit her." Hu Sheng shouts at Bai Shize. In his eyes, Bai Shize is also his enemy.

Bai Shize looks at two people who are so funny. He really doesn't want to waste his emotion. He sneers, "now, you can take your woman and your children to leave my home. These two children call me a father since they were born, so I have no regrets about raising them. But ye Jiamei, a vicious woman, you get it from many people, I will write one by one Pen and you figure out, Hu Sheng, you'd better be able to pay back the money she spent these years for her. Otherwise, you two, I'll sue the court together. "

This sentence is really more cruel than killing Ye Jiamei. She looks up in horror. Hu Shengna's new masculinity is suddenly oppressed by the money. He looks at Bai Shize in amazement.

"Isn't it right that I spend yours? I'm your wife. " Ye Jiamei doesn't want to be treated like this.

"You lied to me that year. You forced me to marry you with a boy you were pregnant with. Otherwise, you would have an abortion. However, you didn't give birth to my Bai Shize's child. You also used this thing to persecute my ex-wife and let her commit suicide. Ye Jiamei, you are the most vicious woman I have ever met." Bai Shize's anger, once again. Bai Ying was frightened to cry. Bai Rong was suddenly silent. Even he was confused about the future. He thought that his future was to inherit Bai's family property and live the life he wanted.

Now, it's all gone.

"Hu Sheng, I suddenly sympathize with you and pity you. You have to give me your children. You are a man. I really despise you. Take them with you!" Bai Shize said coldly.

Hu Sheng wants to retort, but he is still in front of Bai Shize, a rich man. He doesn't retort, and he is going to leave with Ye Jiamei. However, she suddenly pushes him away and uses a disgusting air way, "look at your useless future."

Bai Rong and Bai Ying, looking at their mother, were stunned.

Bai Shize said coldly to Ye Jiamei, "you go, get out of my house, and I will start to calculate for you tomorrow."

"Bai Shize, you are cruel. How could I have been your wife for so many years? Can't I find someone to comfort you when you are out having a lot of fun?" Ye Jiamei still wants to reason.

"After the death of my ex-wife, I just spent a lot of time for business. Do you see any other women around me? I go out early and come back late for you and my two children. I work hard for the industry, but in the end, you cheat me so much. " Bai Shize snorted coldly, "in the future, all I have will be left to my daughter Bai Xia."

In Ye Jiamei's eyes, there was panic and helplessness. Hu Sheng pulled her. "Jiamei, let's go first!"

What else did ye Jiamei want to say? Suddenly Bai Rong looked at her blankly, "Mom, let's go! I feel ashamed. I feel ashamed. "

After that, Bai Rong looks at Bai Shize. His eyes are really ashamed. He just said that he is not worthy to be a father, but even if he is not his own father, he has raised him and his sister for so many years, which is already worthy of gratitude.

"No, Rongrong, everything in the white family belongs to you. You can't call him a father for all these years." Ye Jiamei is still dreaming. She is talking crazy. The whole person is in a crazy state.

Bai Rong suddenly yelled at her, "you don't want to face me, I want to."

Finish saying, he suddenly rushed out of the iron gate, Hu Sheng was in a hurry, he hurried to lead Bai Ying, but Bai Ying called out disgustedly, "don't touch me! Go away, I don't want you to be my father. "

Hu Sheng was stunned. He found that he was born but not raised. What he got was the strange and disgusting eyes of the children. Don't say he hugged them. He couldn't even get close.

Ye Jiamei is also in agony. She looks at her daughter standing beside Bai Shize, but she knows that Bai Shize will no longer provide her children with a rich life. In the following days, she and her children will have a hard time following Hu Sheng, a useless man.

"Yingying, no matter what, he is your father. I am not your father now. Go!" Bai Shize is still gentle and persuades Bai Ying.

However, Bai Ying cried and stared at Hu Sheng. "I don't want a father like him. He is not worthy to be my father. I would rather be an orphan than his daughter."

Finish saying, Bai Ying mood comes, she learns Bai Rong to run out like, Hu Sheng and ye Jiamei after death are all in a hurry to chase out.

While Bai Shize watched, he just shook his head and felt very tired.

Chapter 1170

In the evening, Xing Yifan sat on the dining table of Bai Xia. He was holding rice with chopsticks. He didn't send it to the entrance, but his eyes seemed to be thinking about something.

Looking at his coming back from tonight, Bai Xia began to be so absent-minded. She couldn't help looking up curiously and asking, "what are you thinking?"

Xing Yifan immediately had a meal with a little guilty heart. It's about thinking about work. "

Bai Xia is also an observant woman. She squints her eyes and stares at him immediately. With a suspicious look, "I don't believe you. Do you do anything sorry to me outside?"

Xing Yifan's heart emptiness disappeared in a second. He straightened his back, "how could it be? I said, I don't want to see a woman but you. "

After listening to Bai Xia, her heart was warm. She rewarded him with a dish. "No, here you are."

Xing Yifan does have a thing in his heart at the moment. He thinks that Bai Shize must be very sad today. Maybe he has quarreled with Ye Jiamei now, and it must be her father. He makes Bai Shize so sad, but he dare not tell her, which makes him feel guilty.

"Bai Xia, it seems that I haven't seen your father recently. I'll buy something to visit him tomorrow! Isn't this the account book? " Xing Yifan pretends to be natural and asks questions.

Bai Xia listened and nodded, "yes, I haven't been back to see him for a while, OK! I'll call him later and tell him that he'll have a weekend tomorrow. I don't know if he'll be busy with his work. "

"You'll call after dinner." Xing Yifan thought to himself, Bai Xia now cares about Bai Shize, he will be more comfortable.

Bai Xia didn't think much about it. She picked up her mobile phone from the side, dialed her father's phone, put it in her ear and waited for answers.

after a while, she heard Bai Shize's tired and happy voice, "Hello, Xia Xia."

"Dad, are you free tomorrow? Yifan and I are going to come back to see you. " Bai Xia asked with a smile.

"Good! Are you and everyone here? "

"Well, come all. We don't eat at home. Let's make an appointment to eat out!" Bai Xia also doesn't want to get along with Ye Jiamei, so she chooses to go back and ask for food.

Bai Shize could hear that she was avoiding Ye Jiamei. He could not help comforting him. "Xia Xia, from now on, you don't need to see ye Jiamei anymore. She won't bully you again."

After hearing this, Bai Xia asked in surprise, "why?"

"Because my father has driven her out, I will soon file for divorce. I will have nothing to do with her in the future." Bai Shize tells the truth. Listening to Bai Xia's voice at the moment, he is indeed the greatest comfort.

Because his guilt for Bai Xia is too strong.

Bai Xia immediately put down his chopsticks and asked, "Dad, what's the matter between you?"

Opposite Xing Yifan also put down his chopsticks and looked at Bai Xia closely.

"She is not suitable to be my wife. In short, Xia Xia, my father is sorry for you and your mother. My father is wrong. I am sorry for you all my life." Then Bai Shize's voice choked.

Bai Xia has never seen his father so sad and sad, especially when he seems to be crying, which he has never seen since he was a child. Only when he meets with something particularly painful, can he force a man who has experienced so many storms to cry out.

"Dad, I'll be right here." Bai Xia still doesn't trust him. She has some background in her heart. Is it because of Ye Jiamei's cheating?

"Xia Xia, don't come here. Dad is OK."

"No, I have to come. I'll be right away." With that, Bai Xia hangs up.

"I'll go with you." Opposite Xing Yifan immediately stood up and answered.

Bai Xia can't eat it now. She nodded, "OK! Then take me home. My father seems to have met with something. "

Xing Yifan on the opposite side knows nothing about Bai Shize, but he can't say.

Xing Yifan drives to Bai Shize's house with Bai Xia. On the way, Bai Xia's face flickers anxiously from time to time. She sighs, "my father said that she drove Ye Jiamei out. It must be because of her cheating."

Xing Yifan replied to her in his heart, but not only this matter.

"I'll see when we go back. Don't worry." Xing Yifan comforts her.

Bai Xia can only speculate and imagine his father's whole life. He doesn't know what to say.

But at least, she won't repeat her parents' old way. Her clear eyes flashed. She turned to look at the man driving beside her. The light in the dark blue sports car was controlled and sprinkled on his angular face, which was really a very excellent and excellent man.

Will he change? Will he be like his father?

Bai Xia's eyes were just discovered by Xing Yifan. He turned his head and touched her eyes, which were blank and thoughtful. He seemed to see what Bai Xia was thinking at a glance.

Xing Yifan's mind is not from Yilin, she should not be thinking more about his father's things, but worried about their future! Xing Yifan saw that there was no car on the sidewalk beside him. As soon as the car body of his sports car turned, he turned in and stopped. Bai Xia was thinking a lot, and could not help but see that he stopped.

"What are you doing stopping?" Bai Xia asked curiously.

Xing Yifan leaned over the steering wheel and stared at her. "What were you thinking when you just looked at me?"

Bai Xia blinks a pair of stunned eyes. As she dodges his profound visit, she smiles, "nothing! Just think about my dad! "

"Are you worried that I will be like your father?" Xing Yifan asked.

Bai Xia immediately had a kind of embarrassment that her mind was seen through. She did have such worries just now. She must have been so unconditionally in love with her father when her mother married him?

In those days, their parents, men and women were beautiful and affectionate together. From their wedding photos and videos, we can see that they were so in love with each other, but the later things made people shush.

"White summer, look at me!" Xing Yifan suddenly asked.

Bai Xia was still blinking her eyes, and her chin was gently grasped by the man's big palm. His strength forced her to look up at him. Under the dark street lamp, Xing Yifan's eyes were bright and threatening.

Even though the inner luster is deep, it does not hide any unpredictable thoughts, as if his heart was revealed in his affectionate eyes.

A love her, unreserved heart, completely in his eyes.

Bai Xia's breath is slightly smothering. She feels a living emotion from her parents. Everyone will get some emotional inspiration from their parents.

But now, looking at this man's eyes, she suddenly felt guilty. She shouldn't think about this possibility, because his love is so sincere and unreserved. Even if the future is unknown, she should trust him unconditionally and trust each other wholeheartedly.

"Sorry, I..." Bai Xia apologizes from the heart.

Xing Yifan chuckled and kissed her red lips gently, "I know what you are thinking, but you can rest assured that we will definitely live the happiest life."

Bai Xia believed him. She put her hand around him and kissed him on his side face! I don't want to go to see my father! "

Xing Yifan's car immediately drove back to the street and went straight to Baizhai.

Bai Shize is sitting on the sofa at the moment. There are several bottles of wine empty on the table beside him. He wants to use the wine to relieve his worries, but the more he drinks, the more sober he is. He is cheated and hurt by Ye Jiamei, and the alcohol can't anesthetize him. Instead, how can he spend his life on the table outside for the sake of his two children, drinking until he vomits.

Now, this family, except for him, only his own daughter Bai Xia belongs here.

Bai Shize held his head again and fell into pain.

Ye Jiamei and Hu Sheng catch up with Bai Ying, but Bai Rong doesn't know where to go. At the moment, ye Jiamei takes her daughter to a hotel and forbids her to run around again. She calls Bai Rong. His cell phone is off and he doesn't answer the phone. Hu Sheng is at a loss at the moment. In front of the two children, he realizes how incompetent he is. Even though he loves them more, he used to do it every day Secretly ran to the school to see them and see them off, but even if his love was strong, the two children did not enjoy a point.
