

U. CEO Daddy 1171

Chapter 1171

At this moment, he suddenly ran out and admitted that he was their father, which made both children feel disgusted and disgusted.

In the hotel, ye Jiamei looks at the lights outside the window. She is really flustered and helpless. All Bai Shize's properties are completely out of their way.

"Yingying, come on, let dad have a good look." Hu Sheng sits on the sofa and looks at his own daughter. He wants to hug her.

But Hu Sheng's appearance at the moment, for Bai Ying, is very scared, just like a lewd man, which makes her run to Ye Jiamei's side in fear, "Mom, who is he! Don't let him near me. I'm afraid. "

Ye Jiamei looks at her daughter's rejection. She looks at Hu Sheng on the sofa and feels disgusted. Before, he said a lot of good words and love words, which are worthless in the face of reality. She was a very material woman, how could she bear a man without ability?

Before, she enjoyed baisheze's money and his gentleness at the same time, because that was something that baisheze could not give her. Now, when there was no money, Hu Sheng would be a jerk.

"Mei Mei, the daughter we gave birth to is so beautiful!" Hu Sheng tried hard to get a little favor.

Ye Jiamei said to him, "let's go! The children can't accept you for a while. "

Hu Sheng's heart was hurt, but ye Jiamei's words made him get up and say, "well, I'll go back first. My family called me several times."

Ye Jiamei immediately blocked her mind. She was broke, with a pair of children, but Hu Sheng was a family member. She forgot that.

"Hurry back! You don't have to worry about the children. " Ye Jiamei said fiercely.

Hu Sheng naturally wants to recognize these two children. Because his wife didn't have children, he only has these two children.

As soon as Hu Sheng left, Bai Ying held Ye Jiamei and cried, "Mom, I miss Dad, I want to go back to Dad, I don't want this man to be my father."

Ye Jiamei's heart finally hurt like a diamond. How she hoped that her child would be Bai Shize's! In this way, even if she was expelled, the children also have a strong dependence. Now, she is expelled, and the children have nothing to do with Bai Shize.

"Why didn't I come from your father? Why didn't big brother and I? Why did other people give birth to us? I hate that man!" Bai Ying cried out in disgust.

Ye Jiamei's mind is blank. She finally knows how wrong she has made these years.

Xing Yifan's sports car stops at the gate of Baizhai. Bai Xia finds a key left by Bai Shize last time from his bag. She opens the small door and brings Xing Yifan in.

As soon as he entered the hall, he smelled the smell of wine in the air. Bai Shize was sitting on the sofa, smoking and drinking, as if he didn't want to die.

"Dad, what's wrong with you? Why do you drink so much! Cough White summer walked by, but was stimulated by a strong smoke.

Xing Yifan immediately opened the curtains and windows nearby to let out the smoke.

Bai Shize raised a pair of red eyes and looked at Bai Xia. His heart was immediately joyful and sad.

"Xia Xia, my father is sorry for you. My father is useless. It's my father who makes you suffer so much coldness and distress in foreign countries..." Bai Shize cried like a child in front of Bai Xia.

One side of Bai Xia was stunned, she hurriedly comforted, "I'm ok, I've had a good time these years, Dad, how can you be the only one at home!"

Xing Yifan sat down and said to Bai Shize, "uncle, tell us something!"

Bai Shize raised a pair of red eyes and said to Xing Yifan, "Yifan, thanks to you taking care of Xia Xia for me, otherwise, I really have no face in my life."

"Where's my brother and sister, dad?" White Xia dynasty he seeks to ask, this time, they should be at home!

In Bai Xia's heart, although he was not close to the two brothers and sisters, he did not regard them as enemies.

Bai Shize suddenly holds Bai Xia's hand and stares at her with red eyes. "Xia Xia, my father wants to tell me a message. In the end, my father only has you as a child You know what? Ye Jiamei gave birth to two children for me. Neither of them is my own They were born by Ye Jiamei and others... "

After hearing this, Bai Xia was stunned and couldn't believe it. For Bai Xia, it really came out of the blue.

"What? Those two children are not yours? Are they not related to me by blood? " Bai Xia is a little confused.

Xing Yifan on one side calmly said, "Uncle means that your stepmother and others were born."

"How could it be! How can ye Jiamei do this! " Bai Xia takes a breath. Is father raising children for others all these years? It's no wonder that father is so miserable.

"Xia Xia, don't worry. My father will make up for you. Everything of my father is yours. I will never give it to outsiders." Bai Shize is really drunk, "I'm sorry for you and your mother..."

"Dad, you're drunk. How do you rest?" With that, Bai Xia reaches out to help him. Xing Yifan at one side comes to help him immediately. He sets up Bai Shize and walks to the master bedroom on the second floor. Bai Xia behind him quickly follows him. Bai Shize is put on his bed, and he sleeps in pain and intoxication.

Looking at her father, Bai Xia is pitiful and doesn't know what to do!

Xing Yifan at one side can only hope that Bai Shize can revive. At least Bai Xia needs his father very much.

Having experienced such things, as a man, I really feel hopeless about life.

Hard to raise a pair of children, in the end are not related to him, or lover's son.

Bai Xia covers the quilt for Bai Shize. She comes to Xing Yifan. She stares at her father on his chest for a while, and they come out.

"How could this happen?" When Bai Xia went downstairs, he uttered this exclamation.

"Didn't you find out before that this pair of children don't look like your father at all?" Xing Yifan asked.

Of course, Bai Xia found out that when she went home for dinner for the first time, she felt this way, but she didn't think about other places.

"My dad is going to die of grief." Bai Xia is cleaning the wine bottle and cigarette end on the table.

Xing Yifan immediately said to her, "I'll come. Sit down and have a rest!"

"No, I'll do it."

Xing Yifan didn't have any time to spare. He cleaned the table with her. Both of them sat down. Bai Xia, with her chin on, looked at the villa. It was the property his father had rebuilt. She didn't come several times. "

On one wall, there are pictures of the two children growing up. There are also many pictures of Bai Shize and ye Jiamei accompanying their children growing up. It seems that ye Jiamei has paid a lot of effort to run the family.

Bai Xia couldn't help getting up and went to the front of the photo wall and said, "take these down and put them away! In case my father saw it, he would be more sad. "

Xing Yifan found a bag, and they packed the photos one by one. Bai Xia put Ye Jiamei and the two children away, and his father's alone. Later, if ye Jiamei wants to come back to take them, she can take them away.

Bai Xia is sitting on the sofa, chin propped up, a little dazed, her thoughts are full of many things.

Xing Yifan looks at her and feels sad. He grew up in a warm and family home, so he tries to experience Bai Xia's growing up experience. "I'll be the only child my father has ever had." White summer, ye Jiamei is also worthy.

Xing Yifan reached over and grabbed her. "Don't worry, I'll take care of him with you."

Bai Xia looked at him gratefully and snuggled up in his arms! I want to stay here tonight and take care of him. "

"I'll be with you." Xing Yifan naturally wants to stay.

Bai Xia is much more silent tonight. She loves her father and sympathizes with him.

In the hotel, ye Jiamei coaxes Bai Ying to sleep. She keeps calling Bai Rong. Bai Rong keeps shutting down the phone. She is so worried that she is worried. At this time, she really wants to call Bai Shize and ask him to find Bai Rong. However, she finds that she is not qualified to ask him.

What is helplessness? It's helplessness at this time. Ye Jiamei sits on the sofa in a state of collapse. She only hopes that her son will not have an accident, because she will rely on this son for the rest of her life.

Chapter 1172

In the hospital, Pei Yuehuang's injury is recovering, but her concussion still exists, and even some of it is serious, which leads to her bad appetite and headache. At this point, the doctor can only prescribe some medicine to supplement her body as much as possible.

Even Pei Yuehuang didn't want to stay in the hospital, because the atmosphere in the hospital gave her a feeling of depression.

Pei Yuehuang decides to leave the hospital and go home. Even, she wants to go back to LAN Qianchen's home to recuperate. Naturally, Pei's elders will not stop her. They are looking forward to her being with LAN Qianchen.

At eight o'clock in the morning, Pei Yuehuang left the hospital in LAN Qianchen's car. She didn't deal with any work in the hospital these two days, so she also piled up a lot. Xu Min and Qu Hao were taking her work documents and went to LAN Qianchen's villa from the company side.

LAN Qianchen also loves her very much. It's only two days. She seems to be thinner. After Pei Yuehuang's car accident, she now has some inner fear in the car. She is on the road, most of the time with her eyes closed. Blue Qianchen accompanies her to chat while playing light music to relieve her phobia.

Finally, everywhere in the blue Qianchen villa, Pei Yuehuang just got off the car, and felt a little dizzy. Blue Qianchen was beside her, and found her stroking her forehead and shaking. He reached out his hand and took her into his arms. Pei Yuehuang looked at him vaguely, and his thin arms wrapped around him like a snake.

"My head is a little dizzy." Pei Yuehuang smiled helplessly.

Blue thousand Chen immediately bends down some bodies, the healthy arm passes under her knee, stretch out a hand, then easily held her horizontally in the bosom.

"I'll take you in." Blue thousand Chen holds her easily, as expected, she feels a little thin.

Pei Yuehuang's eyes are full of the softness of the little woman. She pastes her face on his shoulder and feels his strength.

Pei Yuehuang sat on his sofa, took a pillow and put it on her, squatted down and said gently, "you will have vertigo at any time now. Don't run around. If there is anything for me, I will clean up the room."

Pei Yuehuang bent her lips and smiled, "Hmm! I'm good. "

LAN Qianchen got up again and brought her a cup of lukewarm boiled water. He began to clean up the house. As a man, Pei Yuehuang was stunned by his neatness in cleaning up the house. Obviously, he was also born into a rich family and had better ability of self-care than her.

At this time, there was a car sound and a doorbell outside the door. Blue Qianchen saw Xu Min and Qu Hao outside. He opened the small door and let them in.

Soon, Xu Min and Qu Hao came in with two bags of documents in their hands.

"Mr. Pei, are you better now? Is there any discomfort!" Xu Min asked worried.

"I'm fine! It's just that occasionally I feel dizzy." Pei Yuehuang shakes her head, her eyes are less fierce than before. She is wearing a light white Pajama, which exudes a variety of styles of little women.

With long hair tied behind his head at will, Xu Min and Qu Hao both found out that in front of blue Qianchen, their female president became a little bird.

As expected, the power of love is great, which makes a strong woman willing to be a little woman. "Mr. Pei, take care of yourself and we won't disturb you." Qu Hao sees this, suggesting that Xu Min should go.

Xu Min also stood up wisely, pointed to the document bag and said, "Mr. Pei, we have sorted it out. Part of it is urgent. You can take a look at it slowly. I'll come here in the afternoon to get some."

"Good! I'll see it." Pei Yuehuang nodded.

Two assistants left, and LAN Qianchen brought in the dishes he bought in the morning from the car. Looking at the woman on the sofa, he didn't take good care of his injuries. He quickly picked up the document and looked at it. He twisted his eyebrows and said, "don't look now. Take a rest and look again."

Pei Yuehuang bent her lips and smiled, "it's OK, I can still hold on."

LAN Qianchen put down the dishes and walked to her side. He grabbed her in his arms with a strong arm, and he reached for her documents.

Pei Yuehuang is comfortable in his arms. She looks up and says, "I'll hand over my work to you for the time being. Help me deal with it!"

LAN Qianchen shook his head and said, "I'm only responsible for helping you to see. You should make your own decisions!"

Pei Yuehuang couldn't help chuckling. "I want you to accompany me to make decisions. I believe you."

LAN Qianchen's eyes moved away from the document and fell on her face. "Can I think of you as your future husband?"

Pei Yuehuang's face was not a little bloodstained, but it was because his words immediately flashed a blush. However, she was not a shy girl either. After experiencing this event, Pei Yuehuang's perception of life was a layer more. She must not let herself stay regretful. She would fight for what she wanted immediately.

And what she wants most now is blue Qianchen.

"Good! Then marry me!" Pei Yuehuang naturally smiles.

Blue thousand Chen squints Mou, the ecstasy of Mou bottom is gathering a little bit, finally he throws the document aside, holds Pei Yuehuang's delicate chin, kisses fall down.

Pei Yuehuang's head was a little dizzy originally. She was even more dizzy by his sudden kiss. However, she liked his initiative, warm and passionate. A kiss makes Pei Yuehuang's head more dizzy. She can't read the document directly. She relies on LAN Qianchen's arms for some breath and says, "today's work, you handle it for me!"

LAN Qianchen naturally has no problem, "OK, I don't know how to ask you."

Pei Yuehuang nestles in his arms. LAN Qianchen holds a document. After reading it, she tells her that Pei Yuehuang is comfortable leaning on his chest and listening to his beautiful voice line is also a kind of enjoyment.

"Sign it!" LAN Qianchen takes the paper and pen.

"Well! You sign it. " Pei Yuehuang said to him.

Blue thousand Chen some helpless, he took the pen, neat simply in the document, signed his blue thousand Chen's name.

After signing, LAN Qianchen squints at the woman in her arms and asks, "what if I can sign and the department doesn't recognize it?"

Pei Yuehuang replied, "I will let everyone know that you will be my man."

Blue thousand Chen chuckles, the heart is satisfied extremely, namely has such treatment, he is also full of energy for her busy work.

"Good! Then I'll sign it. "

LAN Qianchen has been handling the work for her all morning, and Pei Yuehuang has been so comfortable for the first time since she took over the company, as if her heart really got a harbor bend for rest.

When LAN Qianchen was still reading the documents, she fell asleep in his arms. She let out a long vent on the sofa, just like black silk, which set off her delicate white face, with a thrilling beauty.

Blue thousand Chen can't stop lowering his head, kissing on her forehead, kissing her pretty nose tip, finally, falling on her red lips, and branding.

Pei Yuehuang, who was sleeping, bent her red lips. She put her hand around his neck and rubbed against his chest, as if she were a child with a little temper.

Blue thousand Chen also did not look at the document, stretch out a hand to hold her horizontally in the bosom, holding to go upstairs to send her to bed.

White House.

Bai Shize got drunk last night and went to sleep in the afternoon. Bai Xia and Xing Yifan went out to buy vegetables and came back. They were going to cook some light home-made vegetables at home to take care of him.

Xing Yifan cooks porridge in the kitchen and fry several meals.

Bai Xia comes to Bai Shize's master bedroom and sees Bai Shize sitting on the bed holding his head as if he is suffering from a headache after a hangover.

"Dad, are you ok! What's wrong? " Bai Xia immediately came forward and asked with concern.

Bai Shize shook his head. "I'm ok! Where did you sleep last night? "

"We can sleep everywhere. If we are cooking lunch, please wash it and go downstairs to have something to eat." He said in the white summer.

When Bai Shize woke up, he would have felt despair in life. However, Bai Xia's company reduced his pain. At least he had a biological child by his side.

"Well, you go down first. I'll be down in a minute." Bai Shize replied.

Bai Xia comes down to the kitchen and brings out Xing Yifan's fried dishes. Bai Shize comes down soon.

Xing Yifan looked at his haggard appearance and knew that he had done a lot of wrong things when he was young, but now he also got the retribution, so he had only pity and sympathy for Bai Shize.

He believed that if a man did right, God would be kind to him.

Chapter 1173

Just like his family, no one has ever made a mistake. The whole family is full of positive energy and love.

"Yifan, thank you for staying to take care of me." Bai Shize really respects Xing Yifan, because Xing Yifan is a very excellent young man.

"Uncle, that's right." Xing Yifan smiles.

Bai Xia scoops a bowl of porridge for him. Bai Shize has not eaten anything since last night. Even if he has no appetite, his body can't stand it. He drinks too much wine. If he doesn't have something to warm his stomach, his stomach will ache.

After a few mouthfuls of porridge, he felt warm all over.

Bai Shize also wanted to know last night that he completed Ye Jiamei and Hu Sheng, because he had no feelings for ye Jiamei for a long time, so he let her go, and let himself go and live again.

"Xia Xia, I want to sell this villa. I'll go to another place to buy one. There are so many things I don't want to remember." Bai Shize sighed.

"Dad, you should do that." Bai Xia agreed.

"I'll choose an apartment in the neighborhood of your community. I'll be close to you and take care of anything in the future." At the moment, Bai Shize is full of guilt, only Bai Xia. Those two children, he thinks he hasn't been treated badly these years. Therefore, he will not ask about their future life.

"Dad, don't think too much. If ye Jiamei's heart is not here, it's useless to stay. Let her go!" Bai Xia advised.

Suddenly, Bai Shize looks up at Xing Yifan, and he asks curiously, "Yifan, do you know Xing liehan, President of Xing group?"

Xing Yifan smiled, "he is my eldest brother."

Bai Shize's eyes were still full of surprises. "You are the second young master of Xing group! What a blessing summer is! "

Bai Shize just thought of Xing Yifan's surname as Xing. He only asked about it subconsciously. Unexpectedly, he was so pleased with the answer.

White summer pretty face slightly a red, "Dad, the household registration in your here?"

Bai Shize immediately understood that he did not smile all day long, and finally raised a smile, "are you going to get married?"

"We're going to get the license first, and then we're going to get married. We can't go too fast. I'm going to give Xia Xia a memorable wedding." Xing Yifan's eyes fell affectionately on Bai Xia's face.

Bai Xia looks at him a little shamefully, and agrees to nod his head! It's not urgent to have a wedding. "

Bai Shize is also very happy. Xing Yifan is also responsible for his daughter. After getting the certificate, he is already a husband and wife.

"OK, I'll look for it later. It's Ye Jiamei who has been collecting it. She should be at home." Bai Shize spoke out.

In a nearby hotel, after ye Jiamei thought about it, she still couldn't find Bai Rong. She asked Hu Sheng to find her. However, Hu Sheng didn't know Bai Rong and didn't know how to find her.

Ye Jiamei still has the cheek to come to Bai Shize.

Bai Shize has already had lunch. Ye Jiamei has the key outside. She brings Bai Ying directly in.

Bai Xia is picking up the garbage and bringing it out. She is cold in the garden and meets Ye Jiamei's mother and daughter.

Bai Xia stared at the woman who hurt her father, her eyes twinkling with anger, "what face do you have to go back to my house?"

Ye Jiamei used to be a natural person. At this moment, when she saw Bai Xia, her face was green and red. She was embarrassed and said, "I'm here to find your father."

"You still have the face to look for my father? My dad's been in your hands for half of his life. What else do you want? My dad doesn't want to see you now. " Bai Xia's eyes drove away coldly.

Ye Jiamei immediately choked. Looking at Bai Xia, she has been the hostess of this family for half her life. Bai Xia used to be the mistress of her bullying. Now she comes back.

"Bai Xia, my son Bai Rong is gone. Can you ask your father to find him for me? He is my son. I can't let him go wrong." Ye Jiamei had to pretend to be pitiful and compassionate.

Bai Xia can't be so easy to talk. Ye Jiamei deserves all the things she can do now.

"You can ask the police for help. What are you doing with my dad?"

"Bai Xia How can you be so ruthless? I'm still your father's wife now. We haven't got a divorce yet. You can't do this to me. " Ye Jiamei showed her fierce face immediately and wanted to have a place in the family.

Bai Xia sneers, "I forgot to tell you that if you are a lawyer, I think anyone can sort out the money you have taken from my father over the years, make you leave the house clean, even compensate my father for the most possible mental loss, as well as the crime of deception."

Ye Jiamei's face turned white immediately. Bai Xia's words really scared her.

"I won't go too far for your daughter's sake, but don't come to my father again. Divorce will help him." White summer cold way. Just now at the dinner table, this is also the meaning of baishize. He didn't want to see the face of yejiamei any more. Even at a glance, he didn't want to see it.

Ye Jiamei looks at Bai Xia. At last, she finds that she has no right to speak. Bai Ying next to her doesn't like Bai Xia. At this moment, she looks at Bai Xia, but she is so envious and jealous. She also wants to be Bai Shize's daughter. Ye Jiamei still wants to ask Bai Shize for help, but Bai Xia drives her out.

"I have something else at home. I want to take it out. " Ye Jiamei came back this time with the goal. She has valuable things. She wants to take them out.

Bai Xia sees through her thoughts, and she reaches for a stop. "My father said, all your things, don't move."

"You I bought it myself. "

"That's my father's money, too."

Under Bai Xia's interception, ye Jiamei still lost her courage and dared not rush in. Bai Xia, who she once thought was an outsider, is Bai Shize's heir.

"Mom, let's go! Don't lose face. " Baiying still needs a face to hold her.

Ye Jiamei thought of her son. She had to go to the police for help.

Bai Xia returns after throwing rubbish. Bai Shize has found the Hukou book, which is still very new. He hands it to Bai Xia himself. "Take it! You keep it. "

"Thank you, Dad. I'll send it back when I've finished my marriage certificate."

Bai Shize said to Xing Yifan, "Yifan, first beat Xia Xia's marriage license! I'm fine after my divorce. "

"Uncle, there's no conflict. I'll sort out the matter well, distribute the property according to your orders, and try to file a case earlier and file a divorce lawsuit for you."

Bai Shize nodded, "OK! I'd like to go out for a rest these days, and I'll give it to you in summer. "

"Don't worry! I will take good care of her. " Xing Yifan assured him.

Bai Shize can see that he is still very tired, and he still has work to do. Now, he decides to finish the project in hand and start the pension plan.

The property in his hand is enough for Bai Xia to inherit.

Later, Bai Xia and Xing Yifan came out together. Bai Shize and the driver were going to the neighboring city to sign a contract.

Ye Jiamei finds Bai Rong with the help of police officers. He hides in a bar and gets drunk. When he is found, he is still drunk. Hu Sheng helps Bai Rong back to the hotel.

Ye Jiamei said to Hu Sheng, "give me back the three million I gave you that time!"

Hu Sheng naturally obediently turned it back to her, and ye Jiamei thought, money is still safe in her own body.

However, baishize will not give her money. This time, ye Jiamei is going out of the house. All the credit cards she uses are the vice cards of baishize. Ye Jiamei's cards have been frozen.

Only her personal card, only Hu Sheng's money, she thought, can't let Bai Shize find out.

In this divorce case, Xing Yifan comes to fight. Bai Shize still has a little kindness to the two children. He will be in charge of Bai Ying's education until she is 18, and ye Jiamei leaves the house.

Bai Xia goes home in Xing Yifan's car, and tonight, there is a very important thing to welcome all members of the Xing family home.

Xing Yifan's family is coming back. Bai Xia is still nervous.

"Do I really have to go tonight? I'm not ready for anything. " Do you think it's too casual for Bai Xia to appear in front of his family?"

Xing Yifan smiled and stared at her. "What else do you need to prepare?"

"Present!" Bai Xia blinked.

Xing Yifan smiled, "for my parents, the best gift is you."

Chapter 1174

Xing's plane landed at about 9 p.m., and Bai Xia and Xing Yifan finished their dinner and drove to the airport to wait.

At the moment, it's the most leisurely time to wait for family members. Go to a coffee shop, find a most partial position, order a cup of coffee and say some sweet love words, which is probably the best way of love.

Xing Yifan's eyes fell on the opposite side of her chin. She was so bored that she stared at the girl with his big eyes. She had clean eyebrows and eyes. She smiled and showed a row of neat teeth. There was a kind of childlike childishness.

It makes his heart seem to be hooked by her. It's hard to believe that he really got it now. He will break into such a fairy like woman in his life, and think about the character of the little wild cat when he first saw her.

Now, she still doesn't seem to pay attention to him. Every day, Xing Yifan's first name and surname are called him.

He even thought that the habit was pleasant to his ears, and he liked the way that she was shouting loudly and making his quiet world very lively in his world.

Because of her, his world suddenly becomes bright and fresh, and every moment with her becomes so meaningful.

"Xing Yifan, close your eyes and let me see your eyelashes." Prompted by a sudden impulse, he felt his eyelashes were very beautiful, as if he had a line of eye liner.

Xing Yifan blinked his eyes, slowly closed his eyelids, two rows of thick eyelashes like small fans, which made Bai Xia across the street very eager to kiss her, her heart pounding.

Xing Yifan opens his eyes again. The deep ocean is like a reflection of stars, bright and threatening.

Bai Xia's heart jumped out of control again. Sure enough, she liked a man's appearance. He had it all.

Xing Yifan cooperates with her childish actions. He squints his eyes and asks with a smile, "are you satisfied?"

"I think I'll secretly cut it for you one night." Bai Xia is thinking about some evil thoughts.

Xing Yifan said with a smile, "cut it for you! I'll get it back from you anyway. "

"How can you get it back? I have no money. "

"Who said I wanted your money? I want people. " Xing Yifan's eyes are flowing with black desire.

Bai Xia immediately covered his face with shame. He was embarrassed to see him, but Xing Yifan smiled happily.

In such a time, there is an hour left to pick up the plane.

In LAN Qianchen's villa, Pei Yuehuang wakes up after a sleep and looks comfortable. According to her, she likes to nest on the sofa. Blue Qianchen's dark blue fabric sofa is very comfortable for her.

LAN Qianchen is ready to drink shrimp porridge she likes, with some appetizers. Pei Yuehuang is satisfied with his porridge.

LAN Qianchen sits down on the opposite side and has documents to read. Pei Yuehuang looks at him pitifully. "Qianchen, if you want to read so many documents every day after you marry me, do you regret later?"

LAN Qianchen raised his head and looked at the woman in the opposite direction. He replied seriously, "I will never regret it."

Pei Yuehuang has got the news from her mother. Her grandfather is not so stubborn. She can look for another half of her lover according to her own preference, which makes her heart seem to be free at once.

"If you regret it, just tell me that I am very generous." Pei Yuehuang teased him.

Blue thousand Chen can't help but put down the document in hand, some of chagrin of sit to her side, "I don't regret, you also can't regret."

Pei Yuehuang with porridge, a pair of eyes some funny looking at him, "you do not regret, I do not regret."

LAN Qianchen looks at her with porridge and doesn't take it seriously. He takes her bowl and feeds her with a spoon.

"I'll come myself." Pei Yuehuang seldom accepts such favor, some are not used to it.

Maybe it's the strong women who are used to it.

Blue thousand Chen but a bowl hide, "I come, later you want to get used to me slowly to your good."

Pei Yuehuang just refused. He fed the porridge. The porridge was delicious, and the man who fed the porridge was also very good-looking.

Pei Yuehuang can't imagine that she will be fascinated by a man who is three years younger. His eyebrows are clean and beautiful, but his character is sometimes gentle and sometimes domineering, which makes her heart firmly controlled by him all the time.

When she was injured, she didn't even want to bother her family. She just wanted to be lazy and dependent on him. She was spoiled like a child and couldn't take care of herself.

At the airport, Bai Xia and Xing Yifan play with children's stone scissors and cloth. If they lose, they can hit each other's hands. Bai Xia has lost several times in a row. Moreover, Xing Yifan giggles and pulls her hands every time she tries to fight. Finally, Xing Yifan doesn't play with her after coming down several times.

"Well, I won't hide. Let's continue." Bai Xia still has half an hour to watch. She wants to play with him.

Xing Yifan's eyes narrowed and said, "let's play ten games. I won. You have to give me a kiss. If you win, I'll give you ten palms."

Bai Xia thought, she still took advantage of it. She said, "OK!" The more Bai Xia wants to win, the more he loses. Xing Yifan seems to be able to guess her mind. He can beat her if anything happens to her.

Ten games down, white Xia lost a step confused, and Xing Yifan won.

Bai Xia sat in her seat and began to cheat again. Xing Yifan hooked his finger at her. "Girl, come here."

Bai Xia had to sit next to him. Xing Yifan hugged her arm. Bai Xia wanted to cheat, but he let the man suck on her side face.

Bai Xia smiled so hard that she had to snuggle up in his arms to rest.

Xing Yifan's breath is gently sprinkled in her ear, just like a feather swinging her skin.

"Well! Xing Yifan, don't be so close to me. " Bai Xia protested in a low voice.

Xing Yifan suddenly felt a kind of uncontrollable shyness in his heart. He pressed her tightly in his arms. "After pulling the evidence, you are not allowed to refuse me."

Xing Yifan has no choice but to be passionate about her in the coffee shop, and only to say that this woman is really a goblin.

White summer is not from bashful and hectic face way, "isn't there still two days to pull?"

"Why are there two days left? I'll talk about it tomorrow. I can't get the Hukou book. " Xing Yifan retorts in a low voice.

Bai Xia blinked a little flustered, "don't you say that the two parents will talk about the evidence when they meet?"

Xing Yifan found so many reasons when he saw her. He could not help biting her white and tender ear, "sooner or later, you are mine."

Bai Xia is going to be embarrassed by such a conversation. She pushes him, "can you be more serious?"

"I can't be serious in front of you." Xing Yifan reluctantly releases her, and Bai Xia sits back in her position.

Now Xing Yifan has a strong hormone breath all over his body, and it's very dangerous, just like a wild animal at any time.

Time passed by. Finally, nine o'clock was coming.

Xing Yifan leads Bai Xia to walk out of the coffee shop, with a long and straight body and a beautiful sculptural face. It is hard for young women who come and go to the airport to be charmed.

Xing Yifan's cold appearance, deep eyes, fierce and lazy aura, wherever he goes, are all heart harvesters.

Some stop to watch, some surreptitiously look at the girl in his hand, pure and clean, with a sweet smile on his face. This look is the girl who is spoiled.

It seems that this prince charming man has his princess in his heart.

Bai Xia nervously holds his hand and comes to a VIP passage. Xing Yifan looks at the landing time of his private plane. He thinks his family is coming out soon.

Xing group's private plane has landed steadily, and its own bodyguard assistant has gone to pack up the luggage. At this moment, Xing liehan is accompanied by Xing Yutian, his sleepy daughter, and Tang Siyu. Wen lichen is also accompanied by a smaller baby girl, and Su Xi is teasing her.

Xing Zhenting is carrying his wife's bag behind him, Jiang LAN is holding their grandson Xing Yixi's hand, Wen Liangyao is holding the sleeping baby princess in his arms, Xing Yinuo is wearily holding his coat and nestling beside him happily.

Wen's two elders followed at the end, accompanied by the bodyguard assistant.

A family who went abroad finally returned home.

Chapter 1175

Bai Xia, who was waiting at the door, first saw several guests coming out. Xing Yifan told her that she was not his family until a mature and tall figure came out. Xing Lihan, Xing Yifan's elder brother, was a man who was similar to Xing Yifan and more calm.

"My brother is out." Xing Yifan introduced.

Bai Xia was immediately nervous to see the gradually stepping out crowd. She saw Xing Yinuo, her idol goddess. These young people are all of the highest beauty. All men are handsome, tall and noble, while women are also beautiful and atmospheric, standing beside them, complementing each other.

But, they hold the child, holding the child's appearance, giving a super warm warm picture.

As if in the outside more powerful man, at this moment, have become the child's God of protection, wife's good husband, parents' good son.

When Xing Yifan leads Bai Xia to welcome her, Xing family and Wen family naturally see Bai Xia and smile politely to her.

Jiang LAN and her husband looked at each other, and they were very satisfied. Bai Xia stood beside Xing Yifan, and his son was very right.

"Dad, mom, brother and sister-in-law, introduce my girlfriend, Bai Xia." Xing Yifan naturally introduced the girls to his family.

"Hello, uncle and aunt, brother and sister-in-law." Bai Xia said hello politely.

Xing liehan nodded and smiled, "Hello!"

Tang Siyu smiles, takes Bai Xia's hand, looks at her and says, "we've been listening to Yifan talk about you, thinking about when we can see you. Now, we finally meet."

Jiang Lan also stepped forward. She believed her son Yifan's vision. The girl he identified must not be bad.

"Bai Xia, I've been working hard. I'm still with Yifan to pick us up so late."

"Auntie, it's not hard." Bai Xia hurriedly shakes her head.

At this time, Xing Yutian, who was in Xing lie's cold arms, couldn't help but wake up from fan dengdeng. Looking at a beautiful sister standing beside Xing Yifan, she blinked and asked, "is this beautiful sister my new aunt?"

This sentence directly recognized Bai Xia's identity, which made the people beside laugh. Xing Yifan took Bai Xia for a while and said to her little niece, "yes, it's called aunt."

When the little guy heard this, he immediately called out, "Auntie, how beautiful you are!"

Bai Xia immediately smiled back and said, "you are also very beautiful!"

Xing Yinuo steps forward with a smile from behind. She looks at Xing Yifan first and says warmly to Bai Xia, "he will bully you later. Tell us that our family will help you."

When Bai Xia saw Xing Yinuo, she was more excited. She looked at Xing Yinuo and found that she was really a goddess.

Bai Xia can't help being happy. She feels Xing Yinuo close. She covers her mouth and smiles. She looks at Xing Yifan.

Xing Yifan chuckled at his sister, "how can I give up bullying her? It's almost like bullying you. "

Xing Yinuo immediately said to Bai Xia, "don't listen to her nonsense. When I was a child, I bullied him more."

Jiang Lan said, "Yifan, it's late. Take Xiaoxia back to have a rest! Take it home for lunch early tomorrow. "

Xing Yifan nodded, "OK! We'll be back early tomorrow. "

Xing Yifan introduces the Wenjia people behind him to Bai Xia again. They leave the airport and go straight to their warm and long lost homes.

Xing Yifan takes Bai Xia back to the apartment. On the way, he tells her the history of one of their big families. Bai Xia listens to the two big families and has a different understanding of the big family.

It turns out that the history of bloodshed does not always exist in the big houses.

Back in the apartment, it was already 10:30 p.m., and Bai Xia and Bai Shize made a phone call to make sure he didn't continue drinking, so she hung up at ease.

Xing Yifan has bathed and tried to wipe his thick black hair with a clean towel. The messy hair is placed on his handsome and white forehead. In pajamas, he can mask a strong sexuality of men.

When Bai Xia looked up, she couldn't help but stare for a few seconds. She bit her lip and thought about getting the license. Then she began living together with him, which made her have a kind of expectation and some tension.

"Take a bath!" Xing Yifan suddenly put a towel on her head, and Bai Xia immediately laughed and scolded, "Xing Yifan, what are you doing?"

The next second, she was pressed on the sofa by the man. She was still busy tearing open the towel on her head. What her eyes just saw was the handsome face that the man suddenly approached.

She took a breath in fear, and the red lips were kissed down by the man's domineering. A long and deep kiss made both of them gasp for breath.

Bai Xia picked up the towel and said to him, "don't litter."

After Bai Xia finished, he took it to the balcony to dry. Xing Yifan followed behind him. He leaned on the balcony and looked at her with a pair of eyes and a smile. "You say you are so lovely. What can you do except to be my wife?"

Bai Xia was made to laugh and refused to accept the defeat. "Who said I must be your wife?" After hearing this, Xing Yifan immediately grabbed her, held her in his arms and asked, "who else do you want to be if you don't want to be my wife?" "Well? "

Bai Xia looks up at him with a smile, "I can't be your lover!"

Xing Yifan reached out and rubbed her head. "The position of your lover's wife is yours."

Bai Xia put his hand around his neck and raised his face. "You said it!"

"Well!" Xing Yifan leaned down and kissed on her red lips, "you are my own wife."

Bai Xia nestles in his arms and smiles contentedly, "go to your house to get the Hukou book tomorrow! We'll go and get the certificate tomorrow afternoon. "

Xing Yifan couldn't help but smile in his eyes, "Oh! Is there anyone more anxious than me? "

After hearing this, Bai Xia immediately stared at him, "that's not it!"

Xing Yifan hugged her with a smile and coaxed, "OK, you're not in a hurry, I'm in a hurry."

Bai Xia was amused for a second. She saw his family in a hurry today. She was also very happy. Moreover, from the eyes of his family, she knew that he had already told his family that she existed.

This represents her position in his heart, which is very important.

In LAN Qianchen's villa, Pei Yuehuang is easily trapped because of her head injury in recent days.

Pei Yuehuang sleeps in the blue thousand Chen guest room. At this moment, she has already bathed and laid down.

After LAN Qianchen finished his work, he walked into her room uneasily. Now peiyuehuang often has nightmares in the evening, but she didn't wake him up. Only the next morning, when he saw her sleeping badly, did he know that she had nightmares at night.

Just as LAN Qianchen stepped in, he saw Pei Yuehuang on the bed sweating. She was very restless in her sleep. Her red lips panted slightly, as if she was suffering from a nightmare. "Yuehuang? The Moon Phoenix? " LAN Qianchen shook her shoulder, trying to wake her up.

Pei Yuehuang suddenly reached for his hand and called out, "thousand Chen, run, run..."

Blue thousand Chen immediately holds her hand, he bends down to call her gently, "the Moon Phoenix, wake up! You have a nightmare. "

Pei Yuehuang quickly opens her beautiful eyes. In the dim light, she can see her panic.

Pei Yuehuang looks at the intact blue Qianchen around her. She immediately sits up and hugs him tightly.

Blue thousand Chen a Zheng, looking at tightly holding own woman, he patted her back lightly, "I am here, don't be afraid! I'm here. "

"I just had a nightmare!" Pei Yuehuang nestles wearily in his arms. The nightmares that are too real just now make her still throb.

In the dream, LAN Qianchen is chased, but she is trapped in the car. She can only watch him besieged. She can do nothing. That sense of despair is very real.

It's like a real experience.

"I know." Blue Qianchen patted her back and thin lips kissed her hair.

Pei Yuehuang tightly around his waist and close her eyes on his chest. She thought, how nice to hold him all the time!

Blue thousand Chen lightly drew her hand, seem to want to leave, Pei Yue Huang immediately hugs him again, implore way, "do not leave."

"I'm not leaving. I'll pour you a glass of water." Blue thousand Chen comforts a sentence, looked at her to come out a body cold sweat, certainly will be thirsty.

Pei Yuehuang just let go and let him pour her a glass of water. After drinking the water, she immediately hugged him again and snuggled up in his arms and said, "I dare not sleep."

Chapter 1176

LAN Qianchen patted her back and comforted her, saying, "don't worry, I'll accompany you here and sleep at ease!"

Pei Yuehuang gently replied, "Well! Will you sleep with me tonight? "

Blue thousand Chen's eyes crossed a surprise, is this an invitation to him? But even if he had such a chance, he would not do anything to her when she was injured.

"Good! I'll sleep with you. " Blue thousand Chen's voice line is a little low.

Blue thousand Chen side lower body, also hug Pei Yuehuang to sleep, Pei Yuehuang pillow on his arm, under the dim light, two people face to face, across a palm distance, staring at each other.

In blue Qianchen's eyes, peiyuehuang's eyes and eyebrows are all his favorite customs, just like the white luster of diamonds, which makes him appreciate and want to dominate.

In Pei Yuehuang's eyes, blue Qianchen's clean and dusty breath is something she has never met in these years. His heart is like a thorough water, without a trace of miscellaneous stains. But he is used to seeing men in the mall. Blue Qianchen is so special.

Pei Yuehuang blinked. In his eyes, she was embarrassed to look down first. She must be old. She still has some inferiority and even some fear.

Time will not spare! What's more, the man who is three years younger! She always has a way of taking advantage of him.

Blue thousand Chen not from bend thin lips, silent smile to look at her, he reaches out to cover for her forehead some messy soft long hair, Pei Yuehuang only feel his breath close, next second, forehead will fall a cool kiss.

In the dim yellow light, there was a red tide on her cheek. Her eyes were blurred. She looked at LAN Qianchen. Suddenly, there was an impulse. She tightly hugged his neck and actively kissed him.

Blue thousand Chen is a Zheng, close to the body makes his handsome body tight, even a little at a loss, his arms gently hug her, as if astringent.

In front of Pei Yuehuang, LAN Qianchen also has an inferiority complex, because she is as powerful as a goddess, which makes him feel the pressure when he drives.

Pei Yuehuang has no experience in this field, she just gently clings to his red lips, but there is no other action.

However, at this moment, the atmosphere is very warm, as if an invisible fire enveloped the two of them, making all the breath burning.

Blue thousand Chen even if have no experience, but he still has man's instinct at least, he handsome body one time, deepen this kiss.

In the air, all factors are in disorder, as if the air is burning. LAN Qianchen thought of meeting her for the first time. Although she is mature and charming, what she said is so childish, just like a child who lacks love and yearns for his care.

At the moment, LAN Qianchen is not sure whether he can

A kiss, two people are breathless, blue thousand Chen is supporting elbow, eyes are suffused with a faint light to look at her, his voice line is hoarse, "do you want to continue?"

Because just now he felt Pei Yuehuang's initiative.

Pei Yuehuang's face is in the dark, white and red. Her hair is scattered, which makes her charming and elegant.

She clenched her lips and smiled, "I'm not a child. I can take charge of everything I do."

Blue thousand Chen at this time some lack of reason, still dare not to guess other meaning in her words.

Pei Yuehuang's arm was hooked, and he whispered in his ear, "Qianchen, go on!"

Tonight, she will let the fire burn to the end.

In Xing Yifan's apartment, Bai Xia is asleep, but a man can't sleep. Xing Yifan is sitting on the sofa, and a handsome face doesn't know what to think of. He is giggling, and the cell phone next to him doesn't look, the game doesn't look, and he doesn't know what to think about. But he is in a very happy mood.

He thought, looking at the direction of his master bedroom, the desire in his eyes was obvious.

Early morning.

In the main bedroom of the villa, the spring sun comes in, covering a green place in the corner of the room. On the water blue big bed, two figures hugging and sleeping together, the air is vaguely floating with an ambiguous atmosphere.

Blue thousand Chen a pair of bright and charming eyes open, he lowers his head, looks at the woman who sleeps wearily on the arm, his eyes show a touch of deep love, and a trace of satisfaction.

His lips gently kiss in her hair, and the woman in his arms makes a soft chant. LAN Qianchen continues to close his eyes and sleep with her for a while. Bai Xia slept very well in Xing Yifan's apartment. When she got up early in the morning, she found that Xing Yifan didn't sleep in the main bedroom. He slept in the guest room.

Bai Xia gently pushes the door in. When she fell asleep last night, he didn't know what he was doing.

Did he stay up to watch the ball game last night? Bai Xia didn't want to disturb him, just wanted to sneak in and see him.

She approached silently as if she were a cat, because she knew Xing Yifan was a very alert man.

Bai Xia just arrived at the bed and was going to chuckle. He saw Xing Yifan's side, flowers and fur crawling around him. Two cats were sleeping very well with their faces resting on his arms! When a man and a cat are together, there is a kind of inexplicable contrast. Bai Xia is forced to resist the urge to go and masturbate.

She silently smiled, ready to leave quietly Mimi, just turned around, her arm was clasped by the big palm.

"Er!" Bai Xia turned around and saw the man who was sleeping just now. Now he opened his eyes and looked at her with some red eyes. He ordered in a low voice, "come here."

Seeing that he must have been late last night, Bai Xia hurriedly drew her hands and said, "you can go back to sleep, I'll buy you breakfast."

Xing Yifan refuses to let her go, but uses his strength. Bai Xia immediately lies on the edge of his bed.

"Xing Yifan, what are you doing with your sleeping?" Bai Xia protested in a low voice.

Two kittens woke up and jumped out of bed immediately, leaving two owners holding on.

Xing Yifan wants to put her to bed regardless of her, but Bai Xia and he are against each other, so he doesn't go up.

One in bed, one under bed, silent contest.

The silky air conditioner on Xing Yifan's body was slipped from his waist bit by bit, revealing his strong and strong waist. Bai Xia saw it and immediately said with shame, "Xing Yifan, let go!"

Xing Yifan went to sleep last night wearing only one bullet underpants. Now he is all over and his body is exposed.

Bai Xia still underestimates his man's hand strength. When she can't earn it and is still trying to open his finger, the man's other arm reaches her waist. In a moment, Bai Xia falls into the man's arms.

Even the momentum of the people have lost.

"Xing Yifan, can you be more serious?" Bai Xia still wanted to resist, so the man opened the quilt, covered her and hugged her. The quilt was like wrapping hemp flowers, tightly wrapping the two people together.

Bai Xia, "..."

She is really going to faint, and looking up, it is the man's smile smug evil gas face.

"Don't make any noise. You see your eyes are red. Go to sleep!" Bai Xia still loves him. Staying up late like him must not work.

Xing Yifan gave her a bad breath and said, "it's all your fault."

Bai Xia said helplessly, "how did I hurt you?"

Xing Yifan chuckled, "you did it!"

He thought that he would not be able to sleep until he was full tonight.

With a man wearing only one pair of underpants, wrapped in a tight quilt, Bai Xia's experience is very clear, which makes her pretty face red as shrimp.

Can you let me go! " Bai Xia protested in a low voice.

Xing Yifan had to let her go. Today, he will take her home for dinner! In the afternoon, I went to get evidence.

What could make him happier than this!

Xing Yifan gets up and goes out in a handsome way. Bai Xia also carefully selects a beautiful skirt and draws a light make-up look, looking exquisite and elegant.

Xing Yifan led her downstairs to a nearby breakfast shop. After breakfast, two people went to pick out some gifts according to Bai Xia's request. Xing Yifan meant that adults should not buy gifts, just for his two nephews.

And Xing Yifan chose the gift. When checking out, Bai Xia wanted to rush to pay and was rushed aside by him. In his eyes, his money is her money, and everyone pays the same.

Chapter 1177

Bai Xia has to let him go, because she can't rob him.

Xing Yifan went to Xing's house with his gift and Bai Xia.

Xing Zhai, in the early morning, Jiang LAN and two servants drove out of the shopping mall to buy vegetables. They specially selected good ingredients. This is her second daughter-in-law. She has to treat her well. Xing liehan went to the company early in the morning. Tang Siyu stayed up late with his daughter because the long flight made the little guy tired.

Tang Siyu gets up to eat breakfast for her daughter, and then takes her to practice piano in the piano room. Tang Yutian has been active since she was a child, and she can't sit down. Therefore, her piano is still at the initial level. Even now, she runs to play in a short time.

Tang Siyu just turned around and brought her a glass of milk. The little guy was playing with her little doll.

"Yutian, OK, how can I play again? Mommy said that if you can't play this tune today, you can't have lunch. "

Xing Yutian blinked his big eyes with a look of grievance, "but today my new aunt is back! Don't you want me to sit on the table for lunch? "

"Don't make excuses, go to practice!" Tang Siyu has no choice but to his daughter. His son used to be able to play music when he was two and a half years old. When he got to his daughter, he couldn't play well when he was six years old. Maybe she didn't inherit her genes, but her husband also has talent in this field, but her daughter just can't help learning.

"Mommy, I want to drink milk." The little guy turned his attention again, ran to him and drank the milk there, drinking and playing at the same time. Tang Siyu can't help but get angry. Maybe her son's intelligence and energy from childhood made her think that everything she gave birth to was easy to take. Now, by contrast, her daughter makes her worry.

It's probably also because of the husband of a pet madman.

Tang Siyu took the milk away from the little guy, and Xing Yutian's little mouth immediately tooted, "Mommy, villain, I want to call Daddy."

"Don't play. Practice." Tang Siyu is a little stern.

Tang Yutian's small mouth is flat, tears roll down from her big beautiful eyes, not aggrieved.

Although she is six and a half years old, Tang Yutian grew up in love, so she looks a little bit delicate.

At this time, Tang Siyu heard her cell phone ringing in the master bedroom. She looked at her daughter and turned to get her cell phone.

The crying Tang Yutian immediately wiped a tear, went to the piano room table, squatted down very skillfully dialed daddy's number to sue the account, and complained of grievances.

"Hello!" Xing liehan's gentle voice sounded, because he knew that he would use his home phone to call him, only his baby daughter.

"Daddy..." Xing Yutian holds the mobile phone, and there is a cry in the immature voice line.

Xing's group, general meeting of shareholders, Xing liehan pushed forward the important general meeting of shareholders for one month. At the moment, the meeting is just halfway through and still stuck in an important link.

Xing liehan is answering the phone. All the shareholders dare not have any opinions. They stop their work one after another and quietly look at the man in the chief position who answers the phone seriously. From the soft smile on his handsome face, the shareholders all know who is calling him now.

Besides the little miss Xing who called him in three days and two days, who else?

Xing liehan gets up and makes a pause gesture. He makes a low and gentle voice and steps out of the conference hall to the balcony.

"Well? What happened to the baby? "

"Daddy, Mommy won't let me have lunch." Xing Yutian told the account immediately.

After hearing this, Xing liehan asked with a smile, "why don't you have lunch?"

Xing liehan knows that his daughter must be forced by his wife to review the piano.

Because the wife wants her daughter's future to be a versatile lady.

But Xing liehan is tolerant of her daughter's requirements. As long as she grows up happily, even if he has paved the way for her future, what he wants to teach her is how to protect herself in this complex society.

At this point, Xing Lihan did not disrespect his wife's view. Therefore, Tang Siyu was in charge of his daughter's education.

This caused him to always receive his daughter's pitiful phone call at all times. "I I didn't practice. " When talking about her own mistakes, Xing Yutian's voice was a little guilty, but soon, she continued to complain, "Mommy said that the new aunt came to eat at home and didn't want me to eat at the table, so I would be hungry."

The little guy knows how to think about his little belly.

At the moment, Tang Siyu is standing at the door, arms around, watching her daughter carrying her, and secretly calling her father to sue. She is helpless, but at the same time, she is amused by her daughter's lovely little sample.

"My dear, I'll talk with your mommy. As long as you practice for half an hour, will you have dinner with your new aunt?"

Xing Yutian had to say, "well, that's all right." "Daddy's back for the meeting." Xing liehan said softly.

"Daddy, how long will you be back? I miss you! Will you come back soon! " The little guy has a flat mouth.

Xing liehan looked at the wristwatch carefully, calculated the time and said, "I'll be back in an hour or so! Darling, listen to mommy at home. "

"But I miss Daddy!" The little guy held the phone and wouldn't let it go.

Tang Siyu behind him can't help murmuring a word, let her husband pet this little stickler all day long, now she knows her ability of Stickler.

"Darling, daddy will come back to accompany you after the meeting as soon as possible!" Xing liehan coaxes his little lover patiently.

"Well! Then I'm good, daddy, you can't tell Mommy I'll call you! " The little guy still wants to maintain his image in front of Mommy!

"Good! I will not tell her. " Xing liehan agrees.

Tang Siyu, standing at the door, stepped back with a smile and listened to what the little guy said before hanging up.

After waiting outside for a while, she saw her daughter sitting next to the piano obediently, her fleshy little hands tapping on the keys, and her reluctant little mouth practicing. Tang Siyu immediately praised, "Tian Tian is so lovely! That's great. "

Finish saying, she kissed on her small head, don't disturb her, she went to the sofa beside, holding a book to read.

On the way to xingzhai, Bai Xia is still a little nervous. Even if she has seen her future mother-in-law and father-in-law, she still has a kind of unspeakable tension.

Xing Yifan said to her, "it will be here soon!"

Xing Yifan's cross-country vehicle drove into a very luxurious single family private Chinese villa, which is a villa with a huge garden surrounded by high walls, forming a very grand appearance.

Bai Xia looks at this villa, which is not only domineering but also elegant in Chinese style. He has a new understanding of the wealth of Xing family. If he can have such a villa in the center of the city, he must not be rich.

Xing Yifan's SUV is parked in the nearby parking lot, and Jiang LAN, who is waiting in the hall, comes out. She looks at her son and future daughter-in-law from the car with a smile.

Bai Xia, both in appearance and character, is Jiang Lan's favorite type. She is gentle and quiet. At first sight, she is suitable for being a wife.

Moreover, Jiang LAN is also very confident about his discerning son. He has absolutely no wrong choice for his wife.

"Auntie!" In the white Xia Dynasty, she took the lead in greeting, and some of her long hair closed with shame.

"Xia Xia, come in and sit at home. Yifan, welcome Xia Xia!" Jiang LAN called directly and took her hand.

Bai Xia is flattered. Xing Yifan takes out two boxes of big toys from his trunk and laughs to keep up.

In the piano room on the third floor, Tang Siyu heard the sound of the car downstairs. She looked at the window. At this time, the little guy had made some progress.

"Mommy, is uncle back?" The little guy's ears are sharp, too.

"Well! It's back. "

"My new aunt is back, too. Mommy, can I see them?" I can't wait for a pink face.

Tang Siyu had to surrender to the fairy's eccentric daughter. She nodded and said, "go!"

Watching the little guy running happily, she followed her downstairs.

Chapter 1178

Bai Xia is sitting in the hall. She hears a child going downstairs and barking. She can't help looking up. She sees a big revolving staircase. A little guy in a beautiful princess skirt, with big black eyes, smiles and looks at her.

Xing Yutian's little friend was also embarrassed. She ran down and went to Xing Yifan's side.

"Uncle!"

Finish saying, leaning in Xing Yifan's arms, a pair of big eyes are looking at Bai Xia in a hurry, and Bai Xia is also smiling and looking at her head askew.

Two delicate faces, one big and one small, look at each other.

"Didn't you shout well last night? Please shout Xing Yifan urges his niece to reach out and rub her face like a dough.

"Auntie!" Xing Yutian doesn't study hard, but she is sweet with a small mouth.

"What's your name!" Bai Xia laughs and pulls her from Xing Yifan's arms to her side.

"My name is Xing Yutian. You can call me Tiantian." The little guy bent his eyebrows and smiled, and his big starlike eyes twinkled and twinkled! adorable.

White Xia Dynasty Xing Yifan looks, smiles way, "your family gene is really good."

In this regard, Xing Yifan admitted without hesitation, "of course, our children will be so beautiful in the future."

Bai Xia, "..."

How can we jump to the topic of having children before we get married? She was pretty and slightly red, but she smiled and didn't answer. Xing Yifan narrowed her eyes and pondered. She didn't know whether their first child would be a boy or a girl.

He hopes it's a girl, just like his little niece. It's so cute and tender that he can make dough. It's no wonder that elder brother has brought this little guy with him in recent years.

And Xing Yixi, as a son, is totally a way of free breeding. Only this little guy is favored by heaven.

"Auntie, will you wear a beautiful wedding dress to marry my uncle?" Although the little guy is small, she is already overwhelmed by the beauty of the wedding dress. If she has nothing to do, she will go to see mommy's wedding dress photo, which makes her want to have one too!

But daddy is satisfied with everything, just don't buy her a nice wedding dress.

Bai Xia nodded and smiled, "yes!"

Xing Yifan handed her the toy beside her, "no, your aunt bought you a gift!"

As soon as the little guy heard of the gift, he immediately hugged Bai Xia excitedly and kissed her on the face, "thank you aunt."

Bai Xia's heart was also happy. The little guy was very happy with the new gift. At this time, Tang Siyu stepped down the revolving stairs and said with a smile, "don't buy her a gift later! She has too many presents to fit in one room. "

"Mommy, this is from my new aunt. I didn't make trouble." The little guy hugged her gift wrongly for fear that Mommy would steal it.

In this family, everyone loves the little guy, especially Xing liehan's love, which makes the little guy go to heaven. Therefore, Tang Siyu often makes a strict mother's gesture, otherwise, she is really afraid that her husband will spoil her daughter.

Because every time Xing liehan wants to be strict, he can't stand three words of coquetry and compromise.

"Sister in law." Xing Yifan called, and Bai Xia said hello politely, "sister in law."

"My sister-in-law is a national pianist." Xing Yifan introduces Tang Siyu's career.

Bai Xia's eyes are slightly gaping, so young! Tang Siyu is only twenty-five or six years old in her eyes, but she has such a high position.

Moreover, the elder sister-in-law's temperament is very elegant, just like a fairy who does not eat fireworks.

Tang Siyu still keeps her long black hair, and her face is still at its peak. In these years, she has a very good attitude. She is more and more favored by Xing liehan, and younger and younger. She just has a daughter, which makes her worry a little, but her happiness is still strong.

Tang Siyu modestly said, "I'm just a pianist."

Xing Yifan introduced Bai Xia, "Bai Xia is a cartoonist, I have confidence in her, and I will be a very excellent cartoonist in the future."

White summer heart sweet Zizi, but also a feeling of being inspired, she smiled, "I try to improve myself."

"You're so young, you still have a lot of time to do what you want to do." Tang Siyu said with a smile.

Bai Xia is in the family atmosphere, and she can't be lazy any more, because she feels love and upward energy here. Although the family is not short of money, each of them has a proud career.

"Well! I will try." Bai Xia nodded and smiled.

At this time, there was a sound of cars outside the yard. Bai Xia was guessing who was coming. The little guy cried excitedly, "aunt and uncle are coming! My little sister is here, too."

After listening to Bai Xia, there was a rush of excitement. Xing YINUO came?

Xing YIFAN finds out her inner desire to meet her sister. He looks at her with a pair of eyes looking forward to the door with some tension.

Tang SIYU gets up to welcome out. Xing YIFAN takes the opportunity to get to Bai Xia's ear and says, "what are you nervous about? You are Xing YINUO's second sister-in-law." Bai Xia was slightly embarrassed. At this time, Tang SIYU had a baby girl carved with powder and jade in his arms. He was only one year old. He was still sucking a pink pacifier in his mouth and was being teased by Xing YUTIAN.

Xing YINUO is a fashionable long skirt. Although she has given birth, she has recovered very well. It's just like she didn't give birth. She's cultivated in the performing arts circle these years. She's calm and elegant, and charming.

And after her, a handsome and gentle figure followed in. Wen LIANGYAO's temperament is clear and moist, with a touch of mature man's calm temperament, and his facial features are sharper.

Xing YINUO came here today just to be close to Bai Xia. She and Xing YIFAN were born of dragon and Phoenix. They grew up together from childhood. So, his other half, Xing YINUO, naturally wanted to be close.

Bai Xia looks at Xing YINUO coming towards her. Before she says hello, Xing YINUO has already sat beside her with a smile, "second sister-in-law!"

As a second sister-in-law, even though Xing YINUO is several years older than Bai Xia, there is no lack of respect for her identity.

Bai Xia's pretty face was suddenly embarrassed. Xing Yifan was afraid that she would be nervous. He put his arm around her and taught her, "just call her a promise!"

Xing YINUO looks at Xing Yifan's positive attitude towards protecting his wife, and then guesses that Bai Xia is really Xing Yifan's heart treasure. Fortunately, the second brother has a very good vision, and finds a second sister-in-law she likes at a glance.

"Yes, just give me a promise! I was only half an hour younger than Xing Yifan. If I had been more than half an hour, I would have been my sister. " Xing YINUO finished, chuckled.

Xing Yifan glanced at her at once, "can you be my elder sister by yourself?"

Xing YINUO snorted, "why can't you do it? According to the truth, the later born is the first one in mom's stomach. I may be your sister!"

Wen Liangyao came over and smiled, "don't you have a time when you don't trip your mouth? I think you are friends and sisters! "

Bai Xia looks at Xing YINUO's husband, who has never been exposed in the entertainment circle. Although he is very young and gentle, she is a very gentle person. She secretly praises their husband and wife. They are very loving people.

Bai Xia is also amused by Xing Yifan's way of getting along with his brother and sister.

Xing Yifan didn't argue with Xing YINUO either. He conceded, "OK! What you say is what I let you since I was a child. I'm used to it. "

Xing YINUO snorted, thinking of the second brother who was good at learning and smart from childhood, she was taken care of by him! She said to Bai Xia, "sister-in-law, let's go. I'll take you to the second floor to have a look at the photos of my second brother when he was a child. He was handsome from childhood to adulthood. You must not have seen him."

Bai Xia can't help smiling and nodding. She really wants to know more about Xing Yifan's youth!

Xing YINUO takes Bai Xia upstairs, while Tang Siyu holds Xing YINUO's daughter and accompanies Jiang LAN to pick vegetables in a small garden in the back garden. Xing Yifan and Wen Liangyao are chatting.

Xing Yixi went to class. When he came back from abroad, he missed a week's class. But it's not a big deal for him. He inherited his father's genius student gene completely and learned everything quickly.

In LAN Qianchen's villa, Pei Yuehuang didn't get up until more than 10 o'clock at noon. She opened her eyes and looked at the man beside her. She was also ashamed to bury her body in the quilt, some ashamed to see him.

Chapter 1179

Blue thousand Chen looks at her this lovely appearance, can't help kissing her forehead way, "what should be done last night, all done, no longer cover up also useless."

Pei Yuehuang's face was a little red. How could she find a younger man? It would be such a tiring thing? And, for the first time, it was much better than she expected.

Who would have known that this proud goddess like woman would lose her first time at the age of 29? Probably no one believes it!

But LAN Qianchen believed.

"Is it still painful?" Blue thousand Chen asks gently.

Pei Yuehuang shook her head. "It's OK! But I'm hungry. "

"Well, then lie down for a while. I'll go downstairs and get some food. I'll call you when I'm done."

"Well!" Pei Yuehuang nods. She really needs to calm down. She didn't get drunk last night. She remembers everything clearly!

LAN Qianchen went downstairs. Pei Yuehuang couldn't help but cover her eyes, but her red lips were bent with a smile. What string was wrong with her last night? How can I eat this man like this

Pei Yuehuang always has a feeling of taking advantage of blue Qianchen, so she thinks what happened last night is her fault.

However, in LAN Qianchen's heart, last night was his brave man's moment, the most important moment in his life, so he didn't take advantage of her!

After a while, Pei Yuehuang didn't want to lie down either. She took her nightgown and went to the bathroom to take a bath. She came out wrapped in a bath towel. She couldn't find any clothes to wear. It's not her family's wardrobe, so she opened blue thousand Chen's wardrobe.

Looking at the row of neat white shirts, she easily took off one and put it on. Wearing his white shirt, she felt full of security. There was no one else here, and there were anti perspective glass doors and windows. Pei Yuehuang willfully went downstairs wearing only his white shirt and a pair of underpants.

Her figure is good enough to be compared with that of the model. Besides, it's not the kind of backbone. Her skin is white, plump and full of girl's muscles.

LAN Qianchen came out of the kitchen and was going to drink a glass of water. He looked at the woman who had stepped down the stairs coldly. His pupil suddenly shrank, and he even forgot the action of drinking water, because in his eyes and heart, there was only the figure of him wearing his shirt and walking down lazily.

He felt that the fire that had only been extinguished last night was rising for her in a second.

Pei Yuehuang looks like she's wearing her white shirt. She's going to be crazy about him.

Pei Yuehuang looked at his stupefied appearance. She could not help smiling and asked, "I have no clothes to wear, I can only wear yours."

Blue thousand Chen put down the cup, squint Mou way, "I feel you are intentional."

Pei Yuehuang can't help but be seen through by him. She has to admit generously, "yes, I just wear it for you on purpose."

Blue thousand Chen's hand can't help cuddling the ground to come over, "you successfully attracted my attention."

Pei Yuehuang couldn't help but chuckle and fell into his arms. Blue Qianchen picked up the remote control on the cabinet and closed the curtains of the whole house to death.

Even though he knew that people outside could not see inside, there was still a sense of jealousy in his heart, and no one was allowed to see her.

Pei Yuehuang looked at him carefully. Her heart was sweet. She hooked his neck and kissed him on his side face.

Blue thousand Chen directly overbearing kiss falls, almost to be staged in the living room, Pei Yue Huang secretly cries bitterly, as expected should not wear so.

Fortunately, LAN Qianchen is cooking porridge to remind him, he went to get porridge again. Pei Yuehuang hurried back to her room and changed into a suit for breakfast.

After breakfast, she went for a walk in the nearby garden. Now Pei Yuehuang has the sequelae of the car accident, and her thinking is limited. As long as she uses more brain, she will have some headache symptoms.

"Yuehuang, I want to take you home to see my family." Said blue Qianchen in a low voice.

Pei Yuehuang's heart beat quickly for a few seconds, and looked at him nervously. "Must I see you now?"

About age, she always can't jump over. She didn't think about it before. She would find someone smaller than her.

LAN Qianchen knows the source of her tension. He smiles and rubs her long soft hair. "Don't worry, my parents won't care about it. Besides, you are better than me."

Pei Yuehuang bit her lips and said, "can you wait?"

"What are you waiting for?" Blue thousand Chen asked with a smile.

"When I raise it, I'm not in good shape recently!" Pei Yuehuang felt that she often had a bad sleep recently. She must be in a bad state. When she wanted to return to her best state, she accompanied him home to see her parents.

Blue thousand Chen smiled to answer a sentence, "good! Then wait two months! It's not urgent anyway. "

Xingzhai, at noon, xingliehan finally went home, and Xing Yutian, who had been waiting for his father, rushed out immediately, and was soon carried back by xingliehan. Although the delicate features of Xing Yutian look like Tang Siyu separately, her small face looks like Xing liehan as a whole, saying that her daughter is more like her father!

Jiang LAN has made a rich table of dishes. The family sits on the table, eating and chatting at the same time. With two children, the atmosphere will not be dull. Bai Xia's tension gradually disappears in everyone's laughter. She receives Jiang Lan's loving eyes from time to time, which makes Bai Xia feel more at ease."Mom, I'll use the household register later!" Xing Yifan said to his mother at the dinner table.

This sentence reveals a lot of information. Xing Yinuo and Tang Siyu both look at them with blessing.

"It seems that our family is going to have a wedding ceremony soon." Xing liehan also joked.

Xing Yifan said to big brother, "big brother, prepare big red envelopes in advance!"

Xing liehan snorted, "what a big red envelope, I'll give you 30% of your equity in one company! Take care of yourself. "

Xing Yifan directly refused, "I don't want to, I only accept red envelopes."

Bai Xia covered his mouth and was happy. Xing Yinuo also said, "second brother, you look like this. Big brother won't give you a red envelope."

"Then don't take it. Lend it to my little niece and let her be my flower boy."

When Xing Yutian heard this, he immediately pointed his little head, "I want to be a flower boy." Then he asked Tang Siyu, "Mommy, can I wear a wedding dress?"

Tang Siyu knew that her daughter was born with a special love for skirts. She nodded and said, "OK! I'll get you a beautiful little wedding dress. "

"Yeah! I can finally wear my wedding dress! " The little guy clapped happily at once.

Xing liehan, on the other side, looks at the smile of his little daughter and thinks to himself that his baby daughter, who doesn't know which family will be cheaper in the future, hum! If anyone dares to make his daughter wronged, he must be prepared in his heart.

Jiang Lan said with a smile, "OK, I'll give it to you later! Is there a date for the wedding? "

"We haven't set a date yet." Bai Xia replied with a smile.

Jiang LAN immediately said, "it's spring time. May is good. There are still two months to prepare. It should be enough time."

Jiang Lan's tone, naturally, is to marry Bai Xia home early.

Xing Zhenting nodded, "yes, it's suitable for a wedding in May."

"Second sister-in-law, you can get married in May! Our family hasn't been busy for a long time. " Xingyi Nuo's way to Baixia.

Bai Xia and Xing Yifan look at each other and nod their heads. Xing Yifan says, "OK! Let's choose one day in May! "

After eating, Jiang LAN can't wait to hand over the Hukou book to Xing Yifan, and at the same time, he whispered, "Yifan, be better to others."

After hearing this, Xing Yifan seriously replied, "I will certainly."

"Go! If you want to go home for dinner in the evening, just say hello. "

"I want to take Bai Xia out for dinner tonight! Celebrate. " Xing Yifan replied.

"Good!" Jiang LAN didn't ask for it.

Xing Yifan came out with Bai Xia after greeting his family. Xing Yifan's black SUV drove out of the door.

It's time to get to the Civil Affairs Bureau. It's also time to get to work.

Bai Xia has two Hukou books in her hand. Her heart is tense and excited. Just before returning to China, she thought her marriage would last a long time. Maybe she would be over 30 years old before she could get married. Unexpectedly, when she met Xing Yifan, she immediately felt the urge to marry.

Now, they are going to get the license. After getting the license, they are already husband and wife.

Chapter 1180

At the door of the Civil Affairs Bureau, Xing Yifan leads Bai Xia into the hall. Xing Yifan takes the number. In front of them, there are more than a dozen couples in line.

When watching them enter the next lounge together, some couples sitting in the hall are all amazed. What a pair of lovers with high beauty! Men have to be tall and handsome, girls are beautiful and pure, little birds stand beside men like people, and their hands are tightly clasped.

Xing Yifan leads Bai Xia to sit on the row of sofas where few people are. Xing Yifan gently says to her, "what do you want to drink? I'll buy it for you. "

Bai Xia thought for a moment and said, "I want to drink milk tea." After thinking about it, she said with a smile, "let me order takeout! You don't have to run. "

Xing Yifan is helpless, even if he is willing to run errands, Bai Xia orders himself a cup of milk tea and a cup of ice.

They arrived in ten minutes, and the team in front of them only managed two pairs. It seems that they have to wait patiently.

Bai Xia drinks milk tea, nestles in Xing Yifan's arms sweetly, looking at the couple holding the red small book and leaving happily, her heart is also full of happiness.

"Xing Yifan, you must be better to me in this life." Bai Xia blinked clear big eyes and approached his ear.

Xing Yifan leaned down, almost to her ear, and promised, "how can this life be enough? To you all the time. "

After listening, Bai Xia snorted and buried herself in his arms with a smile. Every time, he gave more than she wanted.

In fact, she only asked him jokingly. Of course, she did not doubt that he was good to her.

Bai Xia tilted his head and continued joking, "Xing Yifan, can I regret it?"

Xing Yifan turned to look at her, knowing that she was joking, but his eyes were extraordinarily domineering. He pressed her little face into his arms, "do you want to regret? How can it be! "

Bai Xia giggled in his arms, "OK! It's a joke! "

Xing Yifan rubbed her little head. When a small face of Bai Xia was close to him, he almost bit his teeth in her ear. "I'm going to faint tonight. Do you dare to regret it?"

Bai Xia's pretty face was so red that she had to bury it in his arms and didn't even want to lift it.

Finally, half an hour after the queue, the waiter came to read the number. It was Xing Yifan's turn and Bai Xia's turn. Xing Yifan led her two people to go there. First, she filled in the information. Bai Xia's handwriting was beautiful, while Xing Yifan's handwriting was strong and forceful. Looking very manly, after filling in the information, she went to take photos nearby.

Bai Xia and Xing Yifan take their wedding photos with a smile on their faces. All the photographers should enjoy them. This is probably a couple of beautiful men and women he has taken photos for so many years.

Bai Xia and Xing Yifan watched the staff busy, input the data, and then took the red book from the side and began to carve it in. When the very authoritative print was engraved, the two small red books were handed to them.

Bai Xia reached out to take the two books together, opened them and looked at them. She couldn't help but feel happy. Then, she said proudly to the man beside her, "now, you are my man."

After listening to this sentence, the staff nearby all laughed and thought that this girl was really cute.

Xing Yifan put his arm in his arm and said, "well, you will love me all your life."

Bai Xia hugged him and said, "OK! I will do you good. "

Two people holding hands, light to go out, Bai Xia sat in his car, time around four o'clock, Xing Yifan's heart these days are itching together, wish to eat the woman around him.

And tonight, it seems that it's the day when he's eating openly! He thought, nothing can stop him from doting on her wife.

"Where can we sit? I'll book a restaurant in the evening and have a good celebration." Xing Yifan said to her, today's time, he will all belong to her.

"Well! Listen to you, you are my husband! " Bai Xia laughs.

Xing Yifan's handsome face raised a happy smile. He turned around and said, "good, please let me hear more."

Bai Xia is a little embarrassed, but still calls to him, "my husband ~ I love you, just like mice love rice."

Xing Yifan was also very useful. He thought of a dessert restaurant that was good for passing time. He was afraid that she didn't eat or drink at home at noon, so he took her to fill her stomach first. Bai Xia's eyes brightened as soon as she heard of dessert. She was such an easy person to satisfy. As long as she took her to eat delicious food, she could smile and bend her happy eyes.

Xing Yifan also knows that his women are easy to raise.

When he arrived at the dessert restaurant, Bai Xia ordered several favorite desserts and took out the red book from his bag. He took photos and refused to put them back into his bag again and again.

Xing Yifan looks at her happy look, and his heart is warm.

Bai Xia can't help showing off to him, and then put it back in her bag, but he doesn't know that in the eyes of men, she has become a delicious meal, waiting for him to pay for it. Soon the dessert came up. White summer is enjoying sweet and Zizi. When her mouth is stained with a bit of cream, her little tongue is hooked. The soul of the man in the opposite side will be hooked away.

This woman even wants to tempt her to eat.

Where does Bai Xia know that he can eat something? He can also have such an idea! It's not her fault.

Bai Xia finished eating some sweets. She held her chin contentedly. "I'm so full. Can I eat dinner?"

"I ordered your favorite western restaurant!"

"Then I can eat it." Bai Xia said with a positive face.

Xing Yifan chuckled, "is eating really more important to you than anything?"

Bai Xia nodded his head without hesitation! Of course. "

"I'm not afraid to be a little fat pig." Xing Yifan teases her.

Bai Xia blinked and said, "if I become a little fat pig, would you not want me?"

Xing Yifan chuckled, "how could it be? Whether you are fat or thin, I like it. "

She's still too thin. He's going to fatten her up himself.

White summer sweet smile, of course, she will also appropriately control the weight, and, she decided to work hard to keep fit, keep the best body, she loves him, will also show his own perfect side.

"I have a suggestion." Xing Yifan spoke out.

Bai Xia stood on her chin and listened carefully. "What's the suggestion?"

"I think we can move back to my villa and live together. I don't like living in an apartment with two doors apart." Xing Yifan wants to be with her all the time.

Bai Xia didn't dare to live with her before. Now, she has become a husband and wife. What else can she dare not live with?

"Well, when shall we move back?" White summer is naturally happy.

"I don't need to move anything. Just move something important. My family has everything! If you want to keep the house here, keep it. "

"Keep it! My father bought it. I'm reluctant to sell it. " Baixia road.

Xing Yifan is up to her. Anyway, he wants to get her to live in his villa.

Around six o'clock, Xing Yifan took her to the restaurant. Bai Xia couldn't eat much of the romantic candlelight dinner. However, she was very happy with his dinner arrangement.

She drank some red wine, because she knew what an important day it would be tonight. As the night got later, she began to feel nervous.

In Xing Yifan's eyes, the thought that was revealed could hardly be concealed. As long as you look at her, it's like the feeling that big gray wolf looks at little white sheep.

Bai Xia is embarrassed to look at him. After drinking two glasses of red wine, Bai Xia is not drunk, but her tension disappears, and even her whole person is more open.

"That Shall we buy some measures? " Bai Xia doesn't know much about this, but he also knows about common sense.

Xing Yifan came up and said, "if you don't want to have a baby immediately, I'll buy it!"

Bai Xia is still in consternation. Xing Yifan has already said, "forget it. We don't want babies in two years."

Bai Xia was stunned and asked, "why?"

Xing Yifan chuckled, "I want to enjoy the world with you. I will talk about it later."
