Chapter 1181

Bai Xia is a little speechless. He thought so!

Of course, Xing Yifan thinks so, because he thinks it's better to have children in the two-year world.

Bai Xia nodded, "OK! You decide. "

At the gate of a supermarket, Xing Yifan immediately stops and comes back after a while. In addition, he hands it to Bai Xia, who immediately holds it in his hand. It feels like hot water.

Xing Yifan looked at her embarrassment and chuckled, "what's the shame?"

Bai Xia took it out of the bag, looked at it and said, "there's nothing to be ashamed of!"

Bai Xia said, can't help but ask curiously, "is this uniform?"

Xing Yifan's eyes couldn't help glancing at her. "You can see it clearly."

Bai Xia immediately took the box to look for it, and then found that there was a size, and this man still increased the size, Bai Xia immediately chuckled, "would you take it wrong?"

Xing Yifan immediately had an impulse to knock her. "Go back and you will know."

Bai Xia's cheeks are bulging. He just laughs to ease the embarrassment and coughs, "Oh!"

Xing Yifan bit his teeth secretly. This woman dare to doubt him. Hum! Let her repay him tonight.

After thinking about it, he immediately stepped on the accelerator at his feet, speeding up the pace of going home. Bai Xia could not help turning his head and admonishing, "slow down, pay attention to safety, don't drive fast."

Xing Yifan immediately and obediently lowered the speed. Bai Xia took the box apart and took it out to enjoy it. Because she had never seen it before, she became curious and was studying.

Xing Yifan on one side is funny. She is shy, and it is true. At this time, she studies this without any pressure, which is also serious.

Xing Yifan's car finally arrived at the parking lot downstairs of the apartment building, with a handsome car control technology, one step in place.

Bai Xia pushes the door to get out of the car. Xing Yifan comes to take her and goes to the elevator.

Bai Xia's tension is coming again. Moreover, this tension makes her feel that her chest is swollen, and even the cells in her whole body are tense.

As soon as Bai Xia entered the elevator, she felt a rush of heat. The feeling that she could not be familiar with any more made her beautiful eyes gape a little bit. At the same time, her breath was also a little short. She thought to herself, it would not be so clever!

She immediately took out her mobile phone and secretly went to look at the schedule she had recorded. At this time, her head was buzzing for a while. It was such a coincidence! It's really a good time to come, and at this moment, the sense of familiarity in the body has to be distressed.

Bai Xia didn't have the courage to tell the men around her that she was coming because she felt that if she said it, he would receive 10000 critical hits.

The elevator door jingled, and Xing Yifan took her and came out. Moreover, Xing Yifan opened his door directly, but Bai Xia had not yet responded. He had already pushed it one by one. She leaned back against the door, and Xing Yifan's hot lips pressed down.

"Well Xing Yifan..." Bai Xia wants to tell him, but she has no chance, because Xing Yifan wants to liberate completely.

Bai Xia only felt a hot hormone breath surrounding her, which made it difficult for her to say a word, because Xing Yifan didn't want to hear at all, he just wanted to tell her how much he longed for her with his actual actions.

This kiss also made Bai Xia unable to refuse, but she felt that she would not tell him that her pants would be stained.

Bai Xia can't help but start to refuse him, but the more she pushes him, the more annoyed Xing Yifan is, thinking that this girl doesn't cooperate with him so much.

He had to show his manly manner, so the kiss went from the door to the master bedroom.

Finally, when Bai Xia was breathing, the man let go of her, and his long fingers were untying his shirt.

Bai Xia finally took two easy breaths. She stood up and stopped him Wait a minute! "

"What are you waiting for?" Xing Yifan squinted and asked in a hoarse voice, "do you regret it?"

Bai Xia shook her head and blushed, "of course not!"

"Then why wait?" Xing Yifan's long hand opened another button, and his strong chest was half hidden and half exposed.

Bai Xia had to take a deep breath, "I'm here for good, just now."

Xing Yifan's handsome face was shocked. He could not accept the fact. He bit his lips and said, "are you sure it's a good thing? Not you? "

Bai Xia blinked and said, "this feeling is too familiar. If I don't deal with it quickly, it's really troublesome!" Then she said to him, "I'll go back to my room first!"

Bai Xia's slender body ran out of his master bedroom, and soon the door slammed shut.

The man who left the master bedroom and was about to catch fire, Xing Yifan took a breath and felt that God must be jealous of him, so he would torture him like this!

Bai Xia goes back to the bathroom of the room to have a look. Sure enough, good things are coming. Bai Xia is helpless too. She doesn't want to do this! However, how could she still have some secret joy! In this way, she can prepare her mind for a few more days.

When Bai Xia went back to Xing Yifan's room again, he saw the sofa in the hall. Xing Yifan changed into pajamas and pajamas. His hair was wet. Obviously, he took a shower and sat there, surrounded by his arms. The handsome face could not express his depression.

Bai Xia has just come here now, and her stomach is still uncomfortable! She sat next to him and said, "do you blame me?"

How can she be blamed for such a thing? And it's also a good thing. Xing Yifan swept away the depression and took her into his arms. "Fool, I blame you for what!" Finish saying his big palm gently pastes in her abdomen place, "hear you this time, very uncomfortable, I give you warm."

Bai Xia was really uncomfortable. She nodded, "Well! Not comfortable. "

Xing Yifan's big warm palms are across the clothes, warming for her. His hot palms are close to her, which makes her abdomen warm and harmonious. She is very comfortable.

"I'll have the villa cleaned tomorrow, and we'll move back the day after tomorrow."

Bai Xia nodded, "OK! Move back and move back! "

After that, she thought that her house had been sold and her difficulties had been overcome. However, she hoped that she could come back to attend the wedding. It seems that she would also like to inform her.

This night, Bai Xia still sleeps beside Xing Yifan, who is already a husband and wife, and Xing Yifan will not sleep with her in separate beds.

Bai Xia snuggles up to her quietly. She is tired and sleepy at this time. Xing Yifan is infected by her sleepiness and gradually sleeps.

And in LAN Qianchen's villa, he and Pei Yuehuang have also lived together and slept. Pei Yuehuang's mood at the moment is the most relaxed, comfortable and happy after she took over the company these years.

Because there is a man for her to share everything, take care of her, but also bring her a sense of security, satisfaction.

She deals with the company's affairs together with LAN Qianchen. LAN Qianchen solves the simple documents for her. She discusses and exchanges with him on the project cases.

Pei Yuehuang always hopes to have a person to accompany her and share her pressure. She finds it.

LAN Qianchen is her lover.

Early morning.

White House.

In a taxi, Ye Jiamei's figure is stepped down. She looks at the locked iron gate of Baizhai. She bites her teeth. She thinks about it. She still wants to get her previous things, clothes and jewelry from Baizhai.

She has paid a lot of money for them. She must have a lot of face to wear them in the future!

Now, she left in a hurry and didn't get anything. Now, what she was wearing was a dress bought at will, without the texture she wanted.

She missed the fashionable and textured high-grade fabrics, and her nearly ten million jewelry.

Ye Jiamei goes to the small door next to her. She reaches for her fingerprint and presses it. She only hears the tone and the red light warning, which shows that it is a wrong fingerprint.

Ye Jiamei is shocked. Does Bai Shize have her fingerprints removed? Ye Jiamei tried again, but she still made a mistake. Her face was livid with anger.

Bai Shize is so heartless and ruthless to her. She is also his wife!

Ye Jiamei is biting her lips. She randomly presses several possible codes and still prompts the wrong one. Ye Jiamei immediately chucks the door. This place where she has lived for more than ten years, now, she is coldly turned away.

Chapter 1182

Ye Jiamei stands in front of the White House and refuses to leave for a long time. She looks at the room close to her eyes and thinks that, no matter what, she must bring back her own things.

Ye Jiamei can't help thinking that there is a tree beside her. Now Bai Shize is not at home. She can just slip in and have a look.

Ye Jiamei sneaks in like a thief. After living here for so long, she naturally knows how to enter from the outside, because there is a sliding window that can be opened from the outside.

After ye Jiamei opened it, she couldn't help but secretly rejoice. Finally, she could go in. She sneaked in directly. She looked at the luxurious home and thought of the house she had just rented. Her heart was very unbalanced. It was a day by day comparison.

Ye Jiamei goes into her master bedroom, and she reaches for her cloakroom. However, when she goes in, she can't help being silly. Her clothes full of several cabinets disappear. She rushes to the cabinet where the jewelry and watches are stored to open it. She sees that there is nothing in it. There are only some empty leftovers, and the valuable ones are gone.

"What's the matter? Where did Bai Shize get me? " Ye Jiamei is going crazy. Everything here is carefully selected by her. Now it's gone?

It was a huge blow to the rich woman.

She cried out angrily. She went to the place where Bai Shize stored valuables and found that it was empty. She was going to be mad. When did Bai Shize take away all the valuables in the family?

Ye Jiamei is going crazy. She can't help falling things beside her. After falling, she calls Bai Shize.

At that end, Bai Shize's cold voice came, "what are you doing?"

"Baishize, what about my things? Where did you hide my things? Give them back to me. " Ye Jiamei asked at this end.

Bai Shize also understood her character, so he asked his assistant to take everything away in advance and store it in his new house.

He won't let the woman who cheated him for 20 years get everything because she deserves it.

"Those that don't belong to you, you have no right to take them away, get out of my house, or I will call the police."

"You Bai Shize, you are such a bastard! You are cruel. " Ye Jiamei yelled and scolded.

"I'm not as cruel as you are." Bai Shize finished and hung up.

After ye Jiamei smashed it, she left again. Now she doesn't want any face. She wants to get one point from Bai Shize.

Unfortunately, Bai Shize won't let her get anything.

Bai Shize is now relaxing outside and is on a business trip. He doesn't want to come back for the time being.

In the morning, Bai Xia drinks Xing Yifan's cooked breakfast and drinks a cup of brown sugar water to warm her body.

Bai Xia also drank with satisfaction. Today, Xing Yifan went out to clean up the villa. Tomorrow, he began to move in and take two kittens with him. Two little couples began to live a happy life there.

"Wait for me at home and tell me what you want for lunch." Xing Yifan told her before going out.

"Don't worry about me. I'll have some porridge at home! Go ahead and do it! " Bai Xia doesn't want him to run around, but she wants to do one thing. She just wants to stay on the sofa, read comics or books!

It's time for her to prepare a new book. At the annual meeting, she decided not to go, because she would be busy preparing for the wedding next.

Bai Xia sat on the sofa, thought about it, picked up the computer, and began to edit the new cartoon, because her popularity is high, and many readers want to have the protagonist come out.

Bai Xia also wants to give this cartoon a happy ending, so she decides to paint the embarrassing incident last night, so that the male and female owners can also have such a thing, and finally, a warm ending.

Xing Yifan's sports car drove out of the apartment and immediately followed a black business car. The business car has been waiting here for a long time, from last night until now.

In the business car, the man sitting in the front passenger seat, staring at the xingyifan SUV in front, said to several men behind him, "your goal is the man in the front car. You can first stare at him for a few days and find the most suitable opportunity to start."

"Don't worry! It's not just a young lawyer, we can certainly clean it up. " A few men with tattoos all over their bodies behind them, with a confident voice on their faces.

"Don't be complacent. I've heard from my former boss that he sent someone to get him before, but he's beaten him into the hospital. This man is very skillful. You can't be careless."

"How is your skill? The imported guy we got from the outside this time, even if his skill is better, he has to lie down. " The man behind them is very confident in the guy in their hand.

The man on the copilot's seat is Wang Quan, Niu De's subordinate. He is looking for a powerful thug these days. With the previous failure experience, he dare not have any carelessness when dealing with Xing Yifan. He must have the assurance of success at one stroke. Because only if he succeeds, Niu de will spit out his money abroad, which is a lot of money.

That's the money that will make him worry free for the rest of his life. It's not easy to do any business now. There are not many opportunities to make money so easily.

Their car followed Xing Yifan all the way to his villa. Xing Yifan asked some housekeepers to clean it. He came here in person to clean it up and meet Bai Xia at his home tomorrow.

This is their love nest.

After Xing Yifan drives into the villa community, the black business car can only be parked outside, because this high-end villa community, the general vehicles are unable to enter.

Even if you want to go in, you need the owner's approval and formal company's professional license.

"Damn, how can a lawyer live in such a good house? It seems that he can only do it when he comes out." Wang Quan was a little puzzled.

"Don't worry, these days, we will keep an eye on him, master his daily schedule and find the most suitable opportunity to start."

"Don't make any other trouble, as you can remember. Otherwise, it will be troublesome. I only need him to have trouble." Wang Quan told.

The men behind also understand that because this time they get a lot of money, Wang Quan in order to let them participate in, but also show that if the successful completion, there are follow-up bonuses.

Xing Yifan is standing in the villa at the moment, watching several middle-aged women invited by the housekeeper dress the villa for him.

If there are some places that need to be rectified, he is also trying to find a way to finish the rectification today. He plans to change the style of the room, because he used cold colors before. If Bai Xia lives in, he must use the most warm materials to make her have a good mood every day.

Xing Yifan invited the decoration designer to make some changes in the soft decoration. In the afternoon of that day, he decided to change some of the more male design places in the room.

Bai Xia only had porridge at noon and didn't let him come back. Xing Yifan was busy redecorating his room. He didn't come out of the villa until evening.

and the black business car waiting for a day came back with him and sent out a few eye lines to track Xing Yi fan.

Xing Yifan bought the ingredients for dinner from the supermarket and went in. The protection system of the community is still very high, which makes these gangsters dare not go in.

Bai Xia is waiting for him to come back. Xing Yifan says that the room needs soft decoration. Bai Xia is moved. She is really moved that he can change the room from her point of view.

"You don't ask me, but I really like your old style." Bai Xia has no opinion.

Xing Yifan felt that she had to change because she was going to live with him and everything had to be designed according to her preferences.

Bai Xia also handed over the new cartoon to him for review. He had read all her comics, but he didn't think it was enough for her to continue to draw. Now, she finally continued to draw. And that's what they did last night.

Even Bai Xia's painting skill is very good. Even Xing Yifan's Zhang Junyan and dissatisfied expression are well depicted.

Xing Yifan looks at it. He can't laugh or cry. He can only say that his woman is powerful.

Chapter 1183

Bai Xia looks at him, biting his pen. "How is the painting?"

"Very good! But is it suitable for you to draw your husband like this? " Here is Xing Yifan's discontent.

Bai Xia couldn't help chuckling. "Why not! This is to record our life, ha ha! If you don't like it, show it to me. "

Xing Yifan didn't dislike it, he said generously, "you can pass it on! Let people know, I am a husband, for you, what can bear the limit! It's all because I love you. '

After hearing this, Bai Xia immediately looked at him with moving eyes. Xing Yifan kissed her forehead. "I'll cook dinner, and you can continue to draw."

Bai Xia nodded and really continued to draw. Now, Xing Yifan won't ask her to do anything.

Two kittens were by her side.

LAN Qianchen decided to take Pei Yuehuang out for a meal tonight. She was afraid that she would be too stuffy at home.

Pei Yuehuang's concussion is much better. But now she can only drive by car, not by car, because there is a shadow in her driving. If she drives by car, it must be blue Qianchen.

LAN Qianchen takes her to her favorite restaurant. She hasn't come for a while, but the waiter still knows her.

"Miss Pei, is it still your favorite box?"

"Yes!" Pei Yuehuang is still in a long dress.

After the waiter finished, he led them to go. Pei Yuehuang, now, walked by with blue Qianchen in his arm.

Suddenly, a woman stood up in surprise and called out, "Yue Huang?"

Pei Yuehuang can't help but stay in her step. Looking at her coming, she turned out to be her classmate and a more successful woman in the business world. However, she has been married, and her marriage life is not very happy. There are often rumors about her husband's infidelity.

"Eh! It's really you! I thought I was wrong! " This woman once showed off her marriage in front of Pei Yuehuang.

Pei Yuehuang smiled, "what a coincidence! You are here!"

"Oh! This is! " This woman immediately discovered blue thousand Chen, probably grows handsome man, all specially attracts people's attention!

"This is my boyfriend." Pei Yuehuang introduced generously.

This woman is a little surprised at once. Blue Qianchen's appearance is still small. She thinks to herself, is Pei Yuehuang unable to find her boyfriend? To find someone younger than her.

However, I have to admit that Pei Yuehuang's money is good. Even her boyfriend can be found.

"Your boyfriend is so handsome!"

"Thank you!" Pei Yuehuang has long hair and smiles happily.

Blue Qianchen put his arms around her waist. At this time, the woman reached out her hand and paused at her ear, revealing her huge pigeon egg like diamond ring.

This is a kind of performance of a woman's Secret competition. She always shows her good life when she doesn't care.

Pei Yuehuang used to know that she liked performance, but now she is still like this. "Yue Huang, I wish you happiness! You're not too young. If you can get married, don't play anymore. " This woman thinks, Pei Yuehuang must be the feeling of playing! And this man is so handsome. Do you really want to marry a woman who is bigger than him?

Pei Yuehuang said with a smile, "then we have to keep in touch! I will send you my wedding invitation this year. "

When the woman's smile froze, would they really get married?

LAN Qianchen looks at Pei Yuehuang's competition with this woman quietly. He hates this kind of behavior very much.

"Oh! You see, my husband had to buy this for me last month. I said it was important to wear it. " The woman complains that her diamond ring is bigger.

Blue Qianchen squints his eyes and takes a look. There is a complex smile on the bottom of his eyes. "You look good at this diamond ring! It should be very expensive! "

"My husband is several hundred million, I forgot! Probably this price! He said it was unique in the world. " This woman also wants to show off her family background.

However, she didn't know that the blue Qianchen in front of her was the second young master of the diamond family. He could see that it was a fake diamond at a glance. In fact, it was only cut. The purity of the diamond was only the most common zircon, and more than 100000 people could make a fake diamond on the market.

"I know more about diamonds. It's rare to see such a large diamond in the world. Even in my family's shop, there are only about 1000 diamonds." Blue thousand Chen silently looks for Pei Yuehuang.

The woman was stunned. "You have a thousand diamonds of this size?"

"I forgot to introduce him. He is the second young master of the blue group. He comes from a diamond family." Pei Yuehuang naturally answers.

The woman immediately instinctively hid the diamond ring behind her, as if she dared not take it out again.

Blue thousand Chen smiled, "forgive me to remind you that you'd better go to a professional organization to identify it. I doubt that your diamond is not a real diamond, but a zircon cut."

"What! This How could it be! No, how can my husband cheat me? " The woman blushed with embarrassment. Because she knew it was fake.

Pei Yuehuang can't help but make a secret call. It seems that LAN Qianchen's face fighting skill is better than her.

"I'm a little hungry, Qianchen, let's go in!" Said Pei Yuehuang.

Blue thousand Chen smiles to hold her shoulder, toward the woman of the side to nod a head, two people figure of the love walked toward the direction of the box.

And behind this woman, immediately red face, back to her position, shy some dare not see people.

Sitting in the box, Pei Yuehuang sighed, "sometimes I really sympathize with her, and I don't know what she has to compare with me, but from our reading to now, she has been secretly competing with me, always thinking that she is better than me, happier than me."

"Blue thousand Chen squints Mou way," I feel she certainly won't be happier than you

"Why!" Pei Yuehuang raised her eyebrows and smiled.

"Because you have me!" LAN Qianchen's very confident answer.

Pei Yuehuang couldn't help chuckling and nodded with great approval, "yes, I have you! I'm happier than her. "

"In the future, you don't have to deal with people like this. It's unnecessary." LAN Qianchen doesn't want her to make friends.

Pei Yuehuang nodded, "I know, I don't like it either! But there will always be occasions. "

"I don't think he'll see you very well after tonight."

"Of course! If you fight back for me, she probably won't dare to touch me. " Pei Yuehuang is holding her chin with a smile, which makes her feel so adored.

LAN Qianchen leaned down and kissed her in her hair, "after that, I will be everything."

Pei Yuehuang smiled sweetly, "when shall we upgrade our identity?"

"Anytime." Blue Qianchen has been looking forward to it!

"Let's meet the parents!" With that, Pei Yuehuang said with some concern, "do your parents really mind if you are with me?"

"Then I'll tell you a story about my family! After listening, you will know how well my parents think! "

The story that LAN Qianchen wants to tell, of course, is the story of his elder brother and his elder sister-in-law. Pei Yuehuang listens carefully. After listening, she is really incredible!

"Really? Do your parents really agree that your big brother will marry your sister? "

"She is my sister-in-law now! Of course, the first thought has nothing to do with our consanguinity!"

"Of course I understand." Pei Yuehuang is still a little surprised. However, after hearing this story, she did know more about LAN Qianchen's parents. It seems that they are very tolerant and enlightened.

"Now, are you worried?" LAN Qianchen asked her with a smile.

Pei Yuehuang also breathed a sigh of relief, "then I won't worry!"

Blue thousand Chen comforts a sentence, "wait to see them, you can understand, their biggest wish is to hope that their children get happiness."

Pei Yuehuang loves such a loving family growing up. He must be a very responsible man.

Dinner was very happy. Pei Yuehuang's mood was much better. Starting tomorrow, she decided to go back to the company. Moreover, she would let LAN Qianchen take over some business of the company and share it with her.

The elders of Pei's family have also been very optimistic about their feelings. Now, they only wait for their daughter to lead LAN Qianchen home and officially become her future sweetheart. If it's a man with a different family background, they may doubt that the purpose of approaching their daughter is impure. However, LAN Qianchen's family background is not to be worried because he

has a very good family background. Moreover, he takes care of his daughter's car accident and lets them see it.

Daughter's life with such a good companion, it will be very happy.

Chapter 1184

In the evening, Bai Xia didn't do anything for a day because of her good deeds. Instead, she was sweating all over and was tired. After supper, she had no energy.

Sitting on the sofa, accompanied by two kittens, accompanied her to watch anime together. Now the cartoon in her hand has begun to be published. Although the money is not much, there is no problem in living and supporting herself.

Xing Yifan came out of his study and just dealt with some mails. He picked up a pair of dumbbells from the side and walked towards Bai Xia while holding them.

When Bai Xia heard footsteps, she turned her head to look at the man who came over holding the dumbbell.

Looking at his relaxed appearance, Bai Xia had an impulse to try. "I'll try it, too. I think I need to practice more."

Because of the good news, she was tired sitting, so she thought it must have something to do with her lack of fitness.

Xing Yifan squinted and asked with a smile, "are you sure you want to lift it?"

"It's not very heavy!" Bai Xia is confident. Everyone overestimates his ability.

Xing Yifan easily put two dumbbells on the ground. Bai Xia couldn't help but reach out for one. He felt that he couldn't play as easily as he did, but he could also mention it to practice his strength!

When Bai Xia used her whole body's strength to lift them, she found that the two dumbbells seemed to be sucked on the ground. She made the normal strength, which was motionless at all. Even if the power of sucking was made, she could only slightly lift the ground.

It was just a few moments of strength that made Bai Xia gasp for breath. As he let go of his hand, he smiled bitterly and said nothing! Why can't I lift it! "

"This is a 45 kilogram combo dumbbell." Xing Yifan reminds her.

Bai Xia could not help sweating for a while, but thought that she could have much power. Only after this try did she know that she could not do anything with this power. At the same time, it also proved how amazing the strength of this man's arm was. Such a heavy dumbbell in his hand seemed to play.

White summer made a burst of force, a layer of fine sweat had appeared on her forehead, she reached out to wipe, "I went to take a bath, and went to bed early tonight."

"Well! Go! I'll practice and wash again. " Xing Yifan is afraid of his good spirit now, so he is trying to make his physical strength burn.

At the same time, he is waiting for the good things of Baisha to pass.

After taking a bath, Bai Xia sat on the bed and read some novels to find some inspiration and prepare for her next work.

Looking at it, she was so tired that she fell asleep. Outside the room, Xing Yifan had not come in.

Xing Yifan didn't expect her to fall asleep so soon. When he came in, her book was still in his hand. He came over with some heartache, reached out to open her book and kissed her on the tip of her pretty nose.

He knows that at this time, she is also very hard. Xing Yifan has also developed a sweat. After taking a bath, he lies beside her on his side. Bai Xia's abdomen is often cold. She has abdominal pain. Only when his hands are pasted on her abdomen can she feel better.

Xing Yifan thought about how she survived those years when she didn't know her and came to good things.

But every month in the future, he will accompany her and warm her stomach.

Bai Xia consciously drew close to his arms to absorb his body temperature, and she fell asleep more deeply.

In LAN Qianchen's villa, once the fire is ignited, it seems that it will not burn to the heart and will not be extinguished. Pei Yuehuang and LAN Qianchen have officially cohabited and lived a husband and wife life.

In the days of dry wood and burning fire, some of them are out of control.

LAN Qianchen also takes care of her body, not excessive, but the beauty of the night, more lonely than ever, makes both people regret not meeting each other earlier.

In the morning, Xing Yifan began to collect information about baishize's divorce case. In fact, this divorce case is very simple. With the proof of two children, ye Jiamei can leave the house clean, and she can also be properly sued to compensate baishize for her spiritual loss.

Baishize's request is also very simple. When ye Jiamei leaves the Bai family, she can't take any money except two children. Ye Jiamei has no source of income. Every time she spends money, she swipes the vice card of baishize. Therefore, the luxury goods she purchases are traceable.

These hundreds of thousands, millions of jewelry necklaces, Bai Shize would rather donate to charity than let the woman who cheated him for half of her life take away.

At the moment, Xing Yifan is in the bank, joining with Bai Shize's assistant to clear the funds of the vice card under Bai Shize's name. All the right to use the vice card has been frozen. At the same time, it is found that two weeks ago, ye Jiamei wiped three million yuan from a vice card. Bai Shize needs to recover the money.

In the bank, ye Jiamei's money was found. It was once transferred into a card under Hu Sheng's name. Later, Hu Sheng transferred it to her again, which can be seen from the time.

It's Ye Jiamei who wants the money back after she's in trouble.

However, no matter where the money finally falls, it must be returned to Bai Shize. Now, because Xing Yifan has filed a divorce lawsuit with the court, ye Jiamei's card fund has been frozen by the

bank and cannot be used temporarily. When Xing Yifan was in the bank, ye Jiamei was looking forward to a good two bedroom apartment and decided to pay a down payment.

She and the agency signed the papers at another bank and prepared to pay down one million yuan.

Ye Jiamei needs a foothold now. When the teller of the bank swipes the card for her, she immediately reminds her that the capital of this card cannot be swiped out.

"Do you have another card, Miss ye? This card can't be swiped out. "

"How is it possible? There are still millions on my card! How could a million dollars not be painted? " Ye Jiamei asked immediately with some angry quality.

"Miss ye, let me check for you!" The teller took the card and looked it up. She was embarrassed and said, "Miss ye, I'm sorry, your card has been frozen in our head office! Not for the time being. "

"What? Why is my card frozen? " Asked Ye Jiamei in amazement.

"We're not sure about that. You can check it yourself."

That is to say, if the money of the card can't be swiped out, it's natural that it can't be paid down. In front of the intermediary personnel, ye Jiamei, some of the chatting people, withdrew and delayed signing the contract.

She called a car straight to the head office to ask, which only found out that Bai Shize's divorce lawyer took out the court's certificate and temporarily froze her card.

Ye Jiamei is going to die of anger. Is Bai Shize going to drive her to the end? Ye Jiamei is biting her lips, and the whole person is a little broken.

She knows that Bai Shize is going to divorce her. With two children, she has no chance of winning.

If the son had not married Bai Shize, but the daughter must have been cheating with Hu Sheng when she married Bai Shize.

Ye Jiamei quickly finds a lawyer she knows to ask. She wants to know what rights and interests she can win in this divorce case, which makes her lawyer very difficult. She only gives her a few possible rights and interests.

Xing Yifan came out of the bank. He was separated from Bai Shize's assistant. He got on his car and went straight to the direction of the villa. He was going to check the decoration.

After Xing Yifan's body, a gray car followed him and stared at his Yeyue car.

This is Wang quanhuo's servant. Their recent task is to look at Xing Yifan and find the right opportunity to start.

However, Xing Yifan's current travel mode makes them unable to find opportunities, because it is not suitable to start in the city center, and police monitoring can be seen everywhere.

Wang Quan doesn't do anything now, so he is looking for a way to deal with Xing Yifan, because he needs money urgently recently.

Wang Quan is walking downstairs in Xing Yifan's community. They also have a message in their hands. Xing Yifan has a girlfriend.

However, they don't have specific information about what Xing Yifan's girlfriend looks like. If they really can't find an opportunity, they decide to kidnap Xing Yifan's girlfriend and lead him out of the city before starting.

They are now squatting around here.

Xing Yifan comes back from the villa. In the evening, he will take Bai Xia out for dinner. Xing Yifan waits at the door, and Bai Xia comes down from his apartment.

Chapter 1185

At the gate of the community, the sunshine in the evening sprinkles warm breath. Bai Xia has been staying at home all day. She is very looking forward to the dinner in the evening.

She has a white long sleeved T-shirt, a knee high suspender denim skirt and small white shoes. Her skeleton is thin, small and exquisite, with a little student atmosphere.

Xing Yifan steps down from the driver's seat and takes the initiative to meet him. Bai Xia quickly steps up to him. Xing Yifan reaches for her and leads her to his car. In a car not far away, a camera is aiming at them to shoot. Wang Quan has been crouching for three days until Xing Yifan's girlfriend appears.

Xing Yifan's off-road vehicle has left, and Wang Quan's people don't need to follow it anymore. As long as they can hold the information of Xing Yifan's girlfriend, it's more useful than they can track Xing Yifan.

Because kidnapping a woman is much easier than kidnapping Xing Yifan.

In the restaurant, Bai Xia listens to Xing Yifan's talk about the divorce between her father and ye Jiamei. She can't help but feel happy and relieved. It's really retribution.

This time, her father was punished by heaven for his mistake. But she must be her father and her closest relative. She only hopes that he can live his next life safely.

"Does my father really have to pay Bai Yingxi tuition again?" Bai Xia thought that her father was a little puzzled. At the same time, she also knew that her father was very fond of Bai Ying since childhood.

"If you don't feel well in your heart, I will suggest this to your father. Let him think about your feelings and stop supporting Ye Jiamei's children." Xing Yifan said in a low and serious way.

Bai Xia bit her lip and thought, "how is my father going to support you?"

"Your father will keep Bai Ying's high school degree instead of supporting her directly with money. Instead, he will let the school free her from tuition and deposit an education fund for her to graduate from college. In this way, he will only pay for tuition, but not for living expenses. Your father will not visit her again." Xing Yifan explained.

Bai Xia held up her chin, squinted her eyes and thought. She sighed, "OK! I don't mind that. Bai Ying has called my father for so many years and will plan for her, which is also the result of human feelings. "

Xing Yifan feels the kindness in Bai Xia's bones. In fact, he wants Bai Shize to break the relationship between Ye Jiamei's mother and son, which is the respect for Bai Xia.

"If you don't feel well, I can still persuade your father to take it back." Xing Yifan just wants her to feel better now.

Bai Xia shook his head. "No, I don't feel uncomfortable, but if I do this, it will make my father feel better. Although my father is playful, he is in love."

Xing Yifan feels sorry for her. She has no choice to have such a father.

What Bai Xia wants to see most is the end of Ye Jiamei.

After dinner, Bai Xia and Xing Yifan went shopping in the nearby shopping mall. Bai Xia bought some articles for daily use. In a second, it was the third day for her. She was not as soft as the previous two days and had a lot of fun.

Xing Yifan's villa will be finished with soft decoration tomorrow afternoon. After three days, he will take her to move there.

Later, two people go home. Bai Xia starts her new work. Xing Yifan is also preparing Bai Shize's materials. The divorce case will take place in two days.

Tomorrow morning, ye Jiamei will receive a summons from the court. There is no suspense about the winner of the divorce case.

In the morning, ye Jiamei's mobile phone rings. She is in the rental house now. Hu Sheng is powerless even if he wants to help her, because he doesn't have much money. Now, ye Jiamei has taken another 200000 yuan from his hand.

When ye Jiamei answered the phone, it was the court that called in. Her summons had been sent out to let her pay attention to it.

When ye Jiamei received the call, she knew she couldn't escape. She also hired a lawyer. She didn't win the case, and she tried everything to fight for her rights and interests.

Ye Jiamei looks at the time on the summons. It's the day after tomorrow. Now she wants to find the evidence of Bai Shize to prove that he cheated these years.

However, ye Jiamei has always been a housewife. She can't find the trace of Bai Shize's private life, which makes her very angry.

And her lawyer is also collecting some evidence to try to get her back, but the court has given them too short time, which makes them a little unprepared.

This is also Xing Yifan's strategy. He is going to end the case in the first trial. Bai Shize's private life is not too clean. Xing Yifan will not give ye Jiamei's lawyer a chance to obtain evidence.

Xing Yifan has to go out again today. Although the divorce case of baishize is simple, he must make sure that there is no change in the case. He is also investigating some of baishize's past. He has more channels than ye Jiamei.

Xing Yifan didn't take the initiative to ask Bai Shize. If he dug his father-in-law's bottom too deep, he would not face it in the future.

Fortunately, after several investigations by Xing Yifan, after Bai Shize and ye Jiamei were together, due to the birth of a son, his private life converged a lot, and there were few women, even if they had been contacted, there was no evidence of infidelity.

Xing Yifan is outside to investigate Bai Shize's divorce case. Bai Xia is waiting for him at home. She just started a new novel, but it's still under consideration. As a brain worker, he often wants to relax because of his dull inspiration. Bai Xia saw that the fruit at home was almost finished, so she wanted to go down and buy fruit. She picked up her mobile phone, picked up her bag and went out.

When Bai Xia went out, she fed her cat again. Because she decided to buy fruit, she also wanted to go out for a walk. Recently, the sweetness of love has reduced her enthusiasm for work. She needs a quiet walk to organize the plot.

It's also her favorite way of finding inspiration.

Everyone doesn't know what kind of danger will happen in the fate, just like Bai Xia doesn't know that there is already danger around her.

Just like a normal person, out of a door, on a street, no one would have thought of being stared at by dangerous people.

Bai Xia gets into the elevator. She comes out through the front door.

Wang Quan, who was waiting for the chance, was standing in a corner of the community gate smoking. He was very upset these two days. When his eyes swept over the gate, he saw a thin figure coming out. He was immediately shocked. Unexpectedly, the way they squatted at the gate worked.

I really saw Xing Yifan's girlfriend go out alone. Wang Quan picked up his mobile phone and gave orders to some of his men who were resting in the car nearby.

"Look out. The lawyer's girlfriend is out. Watch it. Move on."

Those people were excited immediately. After staring for several days, they were impatient. Now, it's hard to see Bai Xia traveling alone. How can they not be excited?

If we catch Bai Xia, we can lead Xing Yifan out of the city. At that time, the pit they prepared will wait for Xing Yifan to jump.

Wang Quan went to see Niude again these days. Niude was already very angry inside. He wanted Wang Quan to take revenge for him.

Wang Quan, for the sake of money, dare to fight like this. In addition to his identity to Xing Yifan, he only thinks that he is an ordinary young lawyer, and they move when they move.

As usual, Bai Xia walked along a quiet street to the nearby fruit shop. The fruit there was very fresh. She was also an old customer.

Bai Xia did not find that behind her, in the flow of cars and people, someone followed her.

Wang Quan rode a bicycle to follow behind him, and a black business car beside him was flashing, as if waiting for someone or looking for a way.

It will not make people suspicious, and several pairs of eyes in the car are staring at Bai Xia, trying to find an opportunity to get her into the car immediately.

Bai Xia walked so fast that she went to the fruit shop in a flash.

Wang Quan asked his men to be patient. He guessed that Bai Xia was coming out to buy fruit. He would surely pass the road she came by later. He asked his men to get off the bus and wait with him on the side of the road.

When Bai Xia was buying fruit, she happened to meet Duanqi, who was very enthusiastic about her. She must be the girlfriend of the God of man!

After Du Anqi bought it, she was waiting for Bai Xia. Bai Xia also chose several ways to pay quickly. She didn't want Du Anqi to wait too long.

"All right! I've bought it. Let's go back together! " Bai Xia walked to Duanqi's side.

Du Anqi looks at her and finds that she is more plump than before. It seems that Xing Yifan is very good at taking care of her girlfriend!

Chapter 1187

In his eyes, how capable can Xing Yifan be? I'm afraid that a little lawyer who thinks he's right at the beginning doesn't even have a regular law firm!

Today, they had a miserable talk. They left in a hurry.

Bai Xia is being served at Duanqi's house. Two girls are sitting in the room. They all regret the fight. Why didn't they put durian on the face of two men?

Two people chatted and laughed, feeling that this is one of their feats in life.

Bai Xia and Du Anqi also talked about that she will move to Xing Yifan's villa soon, which is a pity. However, Bai Xia will definitely invite Du Anqi to their wedding. Now, they are good friends in common.

"It's a great honor for me to attend your wedding. Don't worry, I will come." Duanqi really wants to go.

At this time, Xing Yifan is visiting some evidences with Bai Shize's assistant, such as the hotel where Hu Sheng and ye Jiamei are cheating, which is Hu Sheng's friend. However, Xing Yifan finds out many illegal operations of the hotel, and even explains the punishment after the violation with the boss in detail. Xing Yifan's professional expression startles the boss.

So, after thinking about it, he decided to go to court to testify and hand over the video records of Hu Sheng and ye Jiamei's cheating over the years. With his own testimony, Hu Sheng and ye Jiamei, two old lovers who have been cheating for more than ten years, can't escape.

Bai Shize's assistant, following Xing Yifan, is also experienced.

Tomorrow is the time for the court session. Xing Yifan will definitely give his father-in-law a good fight in this divorce case.

Before Xing Yifan drove home, he called Bai Xia and wanted to ask her what she would like to eat in the evening. He just bought it by the way.

"What would you like to eat at night, my wife? I'm coming back. " Xing Yifan's inquiry.

Bai Xia is already in a stable mood at that end. She thought for a moment and said, "cook porridge at home in the evening! Shrimp congee, with a small dish

Xing Yifan said with a smile, "OK, I'll drop in and buy some fresh shrimps."

"When you come back, tell me that I'm at angel's house."

"Duanqi's family? How did you get to her house? " Xing Yifan was surprised.

"Come back and tell you!" Bai Xia replied.

Xing Yifan hung up and went to the shopping mall near his home. He fished a jin of fresh shrimp and went home. At the same time, he bought several porridge dishes.

Xing Yifan went upstairs from the elevator and went directly to this floor of Du Anqi. He called Bai Xia.

After a while, Du Anqi sent Bai Xia out. She saw Xing Yifan with vegetables in her hand. She really believed that this was true love.

Xing Yifan, a man of such achievements, is willing to lead a plain life for her. How many young men are willing to live such a life now? In the nightlife, I have been in the bar and nightclub for a long time!

Xing Yifan looks so different.

And with Bai Xia, Du Anqi can also feel that she is a very good girl, kind, gentle and independent.

They are very well matched!

"Angie, goodbye!" Bai Xia turns around, waves and smiles with Du Anqi, and Xing Yifan enters the elevator.

Bai Xia breathed a little, looked up to Xing Yifan and said, "today I almost had an accident."

Xing Yifan's eyes narrowed sharply. "What's the matter? What's the matter with you? "

The elevator jingled to open. Bai Xia stepped forward and opened his fingerprint lock. Xing Yifan put down the vegetables behind him, reached out to hold her shoulder, and continued to ask, "tell me, what happened to you?"

Bai Xia leads him to sit on the sofa. She looks straight and says, "in the afternoon, I am bored with my painting, so I want to go down to buy some fruit. I met Angie in the fruit shop. The two of us go

home together. Who knows that on the path to buy fruit, there is a man asking for our way, and beside him are two men with tattooed arms It's bad people. "

Xing Yifan listened to her tightly. "And then? They bullied you? "

"Angel kindly told the man how to deliver the goods to the South Gate of our community. When we relaxed our vigilance, the two men beside him held a piece of white gauze in their hands and covered our faces." Bai Xia is now very calm.

Xing Yifan's face changed with fright. "How did you break free?"

Bai Xia said with a smile, "we have secret weapons! Guess what? "

Xing Yifan saw her smile, and his face was still tense. He urged, "seriously, tell me how you escaped."

"Today, angel bought two durians for her mother to go home. I picked up one for her. So when the bad guys want to hijack our car and confuse us, we'll fight back the bad guys one by one. Then, we ran to the gate of the security room and were saved."

Bai Xia said, and said to Xing Yifan, "are we brave?"Xing Yifan took her in his arms and praised her, "yes, very brave."

But there was a complex reflection on his face. He was a lawyer. There were not a few people who offended him, such as Bai Xia's experience today, although those villains seemed to list her and Du Anqi as the images of kidnapping.

However, Xing Yifan thinks that this event is likely to come to Bai Xia. Damn it, who dares to touch his woman? I'm dying.

Xing Yifan's eyes flashed cold light. He said to Bai Xia in a low voice, "if there is danger in the future, you must call me at the first time! Do not deal with it alone. "

Bai Xia nodded quietly, "I know that I didn't disturb you at angel's house today."

Xing Yifan gently rubs her long hair, "I will investigate this matter."

White summer felt he was nervous, she smiled, "I'm ok, you don't nervous."

How can Xing Yifan not be nervous? Even though Bai Xia is safe now, he doesn't dare to think about what to do if something happens! It was also his carelessness that made her dangerous.

He must find out the whole matter, but he must see what is behind it.

Bai Xia patted him on the shoulder, "don't worry! Let's cook dinner! "

Xing Yifan pressed her to sit on the sofa. "You have a good rest. I'll get dinner."

"Well!" Bai Xia nodded.

When Xing Yifan was cooking porridge, he saw Bai Xia tickling two kittens on the balcony. He picked up his mobile phone, first dialed the phone of the security room of the community, making it clear that he was Bai Xia's husband, and asked them to tell him the information they had.

The security guard has called the police for the kidnapping incident in the afternoon. Now the police have filed a case for investigation.

Xing Yifan called the police directly, and he also provided that the incident is likely to be a retaliatory act. The police immediately paid attention to it and let him have time to go tomorrow.

Xing Yifan promised to go there early tomorrow morning. At night, Bai Xia was drinking porridge and propping up his chin. There were still some surprises. In such a dangerous situation, everyone had two ideas. One was that the natural disaster would not die, but what if he was kidnapped? Bai Xia found that before, she lived only for herself. Now, she not only lives for herself, but also for Xing Yifan, because she wants to accompany him to the old age.

She silently thought, the future of life, she must be more careful to go.

"Tomorrow morning, I'll take you to my parents' house. I'll go to the police station."

Bai Xia nodded, "OK, you must find out this matter. We almost had an accident, but we can't let these bad guys harm others any more."

"Well! I'll find out. " Xing Yifan had already wished to send these people to prison.

In the evening, although Bai Xia was frightened, she slept in Xing Yifan's arms. She felt extremely safe and slept soundly. In Xing Yifan's mind, she had been thinking about the recent events.

Who on earth dares to do so? Ye Jiamei? She doesn't have the financial resources to bribe killer gangsters.

Is it Niu de who was sent to prison recently? Xing Yifan's eyes flashed a cold and murderous meaning. If it was really him, he would wait for his life to wear the prison bottom!

Chapter 1188

This night, Xing Yifan didn't sleep well.

In the morning, before Bai Xia got up, he called home first to make their breakfast, and they would come back to eat.

When Bai Xia wakes up, Xing Yifan is already dressed neatly. This man has a kind of masculine temperament when wearing any clothes on him. Today, he is wearing a dark shirt with straight casual trousers, and he is full of asceticism.

Bai Xia's heart flashed a smile. It was just that others saw him. He was so cold that he could not be near. But for her, only she knew the other side of the man.

When Bai Xia was brushing her teeth in the bathroom, a healthy body stuck behind her, with long arms around her slender waist. The warm breath of the man sprinkled on her ears.

Bai Xia couldn't help smiling at the man in the mirror, "brush your teeth!"

"You brush it!" Xing Yifan just wants to hold her.

Bai Xia brushes his teeth, wipes his face with a washcloth, turns around and kisses him on his thin lips! I'm going to change clothes. Don't follow me! "

Xing Yifan followed her and asked curiously, "what day is it?"

Bai Xia chuckled, "count yourself!"

Xing Yifan can't help but have a bad way of thinking, "do you want me to count such things?"

"The next day! It's early! Bear it again! " Bai Xia turns her head, and her hair is silky and smooth in the sun, which is charming.

"Xing Yifan angrily retorted," it's the fourth day since Mingming. You still want to cheat me. "

Bai Xia can't help giggling, "do you remember! I thought you didn't remember! "

Xing Yifan immediately pressed her down and forced her to kiss her lips. Bai Xia pushed the door out and went to her home to change clothes. After a while, Bai Xia was dressed in fresh clothes. White T matched with jeans, which was one of her favorite clothes, because it was nice and convenient to do things.

Xing Yifan reached for her shoulder and walked into the elevator. "My mother has made breakfast. Today, you will stay at my parents' house for one day. In the evening, I will pick you up."

"Well! You can fight this case for my dad! I'll be good. " Bai Xia doesn't want to make trouble for him.

"Don't worry, your father's lawsuit is basically no problem, ye Jiamei will pay the price."

Bai Xia's eyes twinkled with a trace of sadness. If her mother was still in the world and saw such a thing, would she regret leaving that year?

I hope my mother knows!

When Bai Xia and Xing Yifan returned to Xing's house, Jiang LAN made a rich breakfast in the morning and waited for them, but because they arrived at nine o'clock, Xing liehan and Tang Siyu went out, except for Xing Yutian, who was not willing to go to school, who was still at home.

Bai Xia and Xing Yifan accompany their little niece to breakfast. Xing Yutian asked for leave today, because she coughed a little. Besides, it can be seen that she pretended to be, but Xing liehan asked for leave early in the morning to let her rest at home.

"Grandma, can I play with my aunt today? I love my aunt! " Asked Xing Yutian.

Jiang Lan said with a smile, "OK! But you can't disturb your aunt when she's going to have a rest. "

"Well, I know."

Bai Xia also likes this little niece very much. It's so cute. It's just like a doll. "Can my aunt teach you how to draw today?"

Bai Xia has a set for children, because she is good at painting, just like a painting teacher, she can teach for a day!

"Good! I love painting! " Xing Yutian is very happy.

Xing Yifan saw Bai Xia at home, and he would not be bored. He left after breakfast.

Xing Yutian takes Bai Xia to her little castle. Bai Xia thinks it's just a place for children to play. How can he know that in a spacious room on the fourth floor, there really is a little castle. It's just like the world of children's paintings. It's full of all kinds of small toys. Bai Xia finally understands the popularity of this little family here.

Xing Yutian finds out all kinds of her brushes. Bai Xia teaches her to draw. Some of the most basic brushes are regarded as idols by Xing Yutian, because what Bai Xia draws is as real and lifelike as it is.

Under her instruction, Xing Yutian sat on the small table and drew all kinds of small animals and flowers, which is more serious than going to kindergarten!

From time to time, Jiang LAN sent fruit plates, milk, and some snacks. She was afraid that she would not greet Bai Xia properly.

However, she was very happy to see her granddaughter and Bai Xia get along so well, and her painting skills improved rapidly.

Xing Yifan came out of his home and went straight to the nearby police station. As the police station soon mastered the surveillance video of that road section, in the video closest to the kidnapping last night, Xing Yifan stared at the two women who fought with the kidnapper. He simply didn't believe that the girl who dared to hit people with durian was white and soft Summer.

And Du Anqi is fiercer. Because she is older and one meter seven tall, the fighting posture makes the eight meter strong men back.

Several police officers on the side all laughed. Although the occasion must be serious, the two girls fighting in the video really made them admire them. Xing Yifan watched it several times in a row, and felt that Bai Xia's courage in the picture was commendable. The police gave him the information of several kidnappers who had been investigated.

When Xing Yifan saw Wang Quan, he immediately had an impact. The man seemed to have met in Niu De's office.

"This is a criminal I once contacted. This is his subordinate. It seems that this kidnapping case is not a random match between them. Their target is my wife Bai Xia." After Xing Yifan finished, he once again determined, "maybe the ultimate goal is me."

"Mr. Xing, do you mean that this is an act of malicious revenge?"

Xing Yifan nodded and said definitely, "yes, I'm very sure it's a revenge act against me."

"OK, Mr. Xing, we will arrest these people and bring them to justice immediately. If you are in need, I will inform you to come here."

Xing Yifan nodded. He believed in the power of the police, but he thought that Niude had only chased two-thirds of the money this time. There were still some money that had not been recovered. Obviously, it was still in Niude's hands. Otherwise, if he had been sentenced for 15 years, it would be impossible for him to drive someone outside to kill for him.

Xing Yifan must find out and recover the hidden fund of Niude, so as to prevent him from having money to drive others to take revenge in the future.

When Xing Yifan came out of the police station, he received a phone call from the court. It turned out that ye Jiamei's lawyer mentioned that Xing Yifan's relationship with Bai Xia did not allow him to attend as Bai Shize's lawyer. He asked Bai Shize to change his lawyer as soon as possible and postpone the hearing to three days later.

After Xing Yifan answered the phone, he received a call from Bai Shize.

Xing Yifan has been on the phone with Bai Shize these days. He has changed his address. He naturally answers, "Hello, Dad!"

"Yifan, I just received a call from the court. Based on the relationship between you and me, you are not allowed to appear in court for me."

"Dad, don't worry. I have a good brother who is also a competent person in the legal profession. I will inform him to attend for me. Don't worry, this lawsuit will win."

Bai Shize, of course, believed in his ability very much. He assured himself at that end, "well, in that case, I would like to appear in court, and I don't want to avoid it."

"Well, see you in three days!"

"Take good care of Xia Xia for me. I'll be back after two days of work."

"I will." Xing Yifan replied, but he still felt guilty. He was afraid of the sudden danger last night.

In the future, he will not allow such a thing to happen again. He will send two bodyguards to elder brother's side to protect Bai Xia's travel invisibly. Without disturbing her life, he will put an end to all the dangers near her.

After Xing Yifan hung up, he called LAN Qianchen, who had not seen each other for some time.

LAN Qianchen has accompanied Pei Yuehuang to the company at this moment. He has now transferred from legal work to Pei Yuehuang's office, and directly becomes the vice president of the company, taking over all projects.

After receiving Xing Yifan's phone call, LAN Qianchen naturally asked for help. What's more, this is the divorce case of Xing Yifan's father-in-law. How can he not help?

"Well, I'll come downstairs and have a detailed talk. I'll help you win the lawsuit. It's just time for my brothers to meet each other." In the blue thousand Chen voice line, it seems that he is in a very good mood in the near future.

Chapter 1189

Xing Yifan's car drove to a coffee shop near Pei's group. He arrived first. After a while, LAN Qianchen was dressed in a white silk shirt, and he lost the appearance of the boy next door. He looked more mature.

Xing Yifan made a move. He was surprised to see the transformation of his good brother.

"It seems you've been doing well recently! Is there anything happy? " Xing Yifan said hello to him.

"If there's nothing special, you should prepare a big red envelope to drink my wedding wine." LAN Qianchen sat opposite him and said proudly.

After listening, Xing Yifan laughed directly, "Oh! Is it? It is not certain who will drink whose wedding wine first! "

Blue thousand Chen's eyes also brightened up, rejoicing for him, "no! Are you going to talk about marriage? When did you start so fast? "

Xing Yifan's face is full of happiness

LAN Qianchen thought he could take the lead. Unexpectedly, both of them have already gained happiness. He said, "congratulations."

"Same joy, same joy." Xing Yifan smiled back.

LAN Qianchen said seriously, "let's talk about the case first! There will be a court session in three days. I need to have a good understanding. "

Xing Yifan brought all the information he should bring. Before he opened it, he said to LAN Qianchen, "this is my father-in-law's divorce case. When reading the information, be serious."

When LAN Qianchen heard this, it was a divorce case. He nodded, "don't worry, I'll have a good look at the information."

In the following time, Xing Yifan tells Bai Shize's divorce case from beginning to end, and LAN Qianchen firmly straightens out the causes and consequences of this case.

Two good brothers have been talking until evening time. Xing Yifan is going home to pick up Bai Xia. LAN Qianchen is also going back to the company. They are separated in the coffee shop.

Bai Xia had a very meaningful day today, because she got a little admirer. Xing Yutian liked her very much. In the evening, Xing Yifan went home. Xing liehan and Tang Siyu had an entertainment tonight. They would not go home for dinner. At 6:30 p.m., Xing Yixi came back. This is the eldest nephew Bai Xia has not seen.

Last time, he just went to school to make up for lessons, so he didn't see it. When Bai Xia saw this big nephew, he once again lamented that Xing family's genes were really strong. Xing Yifan and this nephew are three points similar!

Xing Yixi has become a handsome young man, and he is already a man of the moment in school. When walking on the road, he often meets a star scout who is very interested in him.

It's a pity that a bodyguard appeared just after the star scout got close to protect the young master of Xing family.

At present, what Xing Yixi has to do is to study, and from time to time, he has to take part in piano performance. Sometimes, he can get an award from all over the world, but he still hasn't fallen behind in his studies. He has a continuous grade jump. At the age of about 16, he will be sent abroad to the best university in the world for further study.

After dinner, Xing Yifan is going to take Bai Xia home. As soon as Xing Yutian hears that Bai Xia is going, she, who was still happy, suddenly starts to cry because she doesn't want Bai Xia to leave.

Xing Zhengting holds his granddaughter and comforts her repeatedly. Bai Xia also promises to come to teach her how to draw from time to time in the future. Xing Yutian is still sad for a while. Xing Yixi takes her to the nearby small square to ride a bicycle.

Sitting in Xing Yifan's cross-country car, Bai Xia heard that she wanted to change a lawyer. She worried about it first. She heard that LAN Qianchen would help, and she was relieved.

Xing Yifan also told Bai Xia about the kidnapping. When she went out, she tried to be accompanied by him as much as possible. He didn't mention bodyguards. Because Bai Xia's life before was the life style of ordinary people. If she was told that there were bodyguards around her to protect her at any time, she would be uncomfortable.

"Well, I'll try to go out with you." Bai Xia nodded, and she was shocked this time.

Back home, Bai Xia took a bath and saw Xing Yifan sitting on the sofa, holding the calendar book and looking there. Besides, he was checking something with his mobile phone.

Bai Xia's neck was encircled by herself, and her delicate chin was placed on his shoulder. She asked curiously, "what are you looking at?"

"I'm looking at the day. I'll choose a good day from May for the wedding." Xing Yifan said while looking at the Yellow calendar beside him. He never superstitious, but he wanted to choose the best day to marry her home.

Bai Xia chuckled and sat next to him. He came under his arm and watched with him.

"Let me see, no, it's a good marriage." Bai Xia points to May 12.

Xing Yifan narrowed his eyes. He chose all the days in May. At last, he thought the 12th was the best day. He also wanted to marry him home earlier.

"Well, it's the twelfth." Xing Yifan reaches for her hand and kisses her face. Bai Xia, who has just bathed, is fascinated by the fragrance.

Bai Xia leaned comfortably in his arms, lazily, and she thought, "I really want to be the first to have a daughter." After hearing this, Xing Yifan immediately agreed, "OK, let's have a daughter!"

"Don't you say it'll come back in two years?" Bai Xia asked, turning her head.

Xing Yifan immediately choked. He wanted to have a daughter and accompany him to live in the world of two, which was a bit difficult for him. But if he had a son, he would just regenerate in two years!

"Shall we think about it in a year? I want to take you around the world! " Xing Yifan wants to accompany her, travel around the world, and then spend some time in the two people's world, and think about children.

Bai Xia has always had a dream of traveling around the world, but she has never had a companion. She is a little lonely and scared. Now, with his company, she feels full of security.

"Good! After we get married, let's go around the world! You can take me anywhere, as long as I can be with you. " Bai Xia hugs his neck, and a beautiful little face shows a strong expectation.

Xing Yifan reached her white forehead and promised her, "OK! That's it. "

Bai Xia is happy to be in his arms, content to wait for their wedding.

"When your father's case is over, we will prepare the wedding together. I will satisfy you with whatever kind of wedding you want." Xing Yifan dotes on it.

Bai Xia squints her eyes and thinks, "just be romantic."

"Good." Xing Yifan nodded, so choose romantic!

At the moment, in LAN Qianchen's villa, Pei Yuehuang and LAN Qianchen are also sitting on the sofa, discussing the time of the wedding. Tomorrow, they have an appointment with their parents. They are now discussing the date. Tomorrow, they will book it together in front of their elders.

Pei Yuehuang holds her chin and looks at the time. She chooses May 6. LAN Qianchen thinks it's good, so she decides.

After meeting the parents tomorrow, they can prepare for the wedding.

"In a few days, find a suitable time, I'll show you my good brother and ask his girlfriend to have dinner!"

"It's the second young master of Xingshi group!" Pei Yuehuang heard of him last time. She was also very happy. Blue Qianchen's circle of friends is such an excellent person.

"Well! He's going to get married in May, too. I'll ask if he has a date! "

"Well, don't run into it." Pei Yuehuang smiles.

LAN Qianchen looks at the way she has bathed. Her long hair is casually put on the back of her head. Though she is wearing a beige robe tightly, in LAN Qianchen's eyes, Pei Yuehuang's appearance of a goddess makes him feel that his soul is sucked away every time.

Pei Yuehuang is smiling. When she touches his eyes coldly, she knows what he is thinking. She can't help being flustered and reaching out to cover his eyes. However, how can this stop LAN Qianchen from trying to love her?

Blue thousand Chen hook lip a smile, a handsome face approaches, "see my wife also break the law?"

Pei Yuehuang looked at the face close to her. She couldn't help it. She couldn't refuse him. She just didn't expect that life would be so uncontrolled. Was it because she found a man who was three years younger?

But such a day is full of happiness. Every time I don't have to think about work, I just need to be tired to snuggle up in his arms and fall asleep. That feeling is really good.

Chapter 1190

Bai Shize returned to the city center the next afternoon. He asked Xing Yifan and Bai Xia to have dinner together.

In the dining room, seeing his father back, Bai Xia suddenly felt a burst of heartache. Only a few days later, he had been skinned down. He looked very tired, even his hair had turned white.

"Dad, you need to take a good rest." Bai Xia reached out and offered him a cup of tea.

Bai Shize sighed, "I don't have any idea now. I've sorted out the shares in my hand. In a while, I'll cash in the shares and put the money into your account. Although my father is useless, he can earn enough money for the younger generation, at least it can make you have a better life."

Xing Yifan advised, "Dad, you are still young, don't give up on yourself! Cheer up. "

Bai Shize waved his hand. "I have no regrets now. I owe a lot of people, and God has punished me. I've experienced all the storms in my life. I don't waste it. Now, I only have summer. I'll give her to you in peace! I'm very relieved to have you with her. "

"Dad, don't do that. You're only fifty-two. You must have a lot of things to do." Seeing his father's self abandonment, Bai Xia also wanted to persuade him to cheer up and be confident in life again.

"I save a fund in your name to be your dowry. My father hopes you will be happy and worry free all your life, and don't worry about money any more." Bai Shize liquidated his assets to 1.5 billion yuan this time, and he deposited 1.5 billion yuan into an account and gave it to Bai Xia. He only needed tens of millions to find a leisure coastal city to start his pension plan.

This is his debt to Bai Xia over the years. Even if he takes more money to make up for it, he still feels guilty.

Bai Xia sighed and looked at Xing Yifan, thinking whether he could persuade his father again.

"Dad, this Sunday, we set up a restaurant. The parents on both sides will meet. My dad has joined an old-age club now. There are many activities. Would you like to join us? I'll sign you up. " Xing Yifan's way to baishize.

When Bai Shize heard that he wanted to see his family, he was very happy and said, "it's a great honor for me to meet your father and your brother. As for joining the club, I may not have the physical strength. Now I just want to find a place to rest. Let's talk about it later!"

Xing Yifan can only nod, "OK! You can join my father's Club whenever you have time

After a meal with Bai Shize, Bai Shize went back to the hotel to have a rest with his assistant. Xing Yifan took Bai Xia to the apartment.

Suddenly, his car phone rang, and he answered, "Hello!"

"Mr. Xing, let me tell you the good news. We have successfully arrested Wang Quan and other dangerous elements in another city. You have time to come here."

Xing Yifan and Bai Xia look at each other, and he seriously replies, "OK, I will go the day after tomorrow."

Hung up the phone, Bai Xia could not help but breathe a sigh of relief, "just catch it!"

Xing Yifan's eyes flashed cold. He dared to attack his women's ideas. He must make these people pay a price.

Tomorrow is the time to appear in court. Ye Jiamei and his lawyer are thinking about ways to get back some of her profits from Bai Shize tomorrow.

In Bai Jiamei's heart, these years, she has no credit, but also hard work, because with her at home, Bai Shize can go to work in peace of mind. She keeps the family in good order. She feels that Bai Shize kicks her away, very ruthless.

Now ye Jiamei is also the eldest. Her son has dropped out of college and left alone. However, he firmly denies Hu Sheng as his father. Bai ronghen and his incompetent father.

Bai Ying also dislikes Hu Sheng, and she doesn't even want to see him. Hu Sheng now runs to Ye Jiamei's house for three days, but every night he has to go back to his current wife. Ye Jiamei is also furious.

Ye Jiamei shut her daughter in the room to do her homework, and she went to a middle-aged lawyer and pleaded, "Lawyer Zhang, you must help me. No matter what, I can't leave the house clean in this lawsuit."

"I wanted to know the background of the lawyer, but I can't find out. I only know that he is a young man with a lawyer's license, and he must have just graduated." The middle-aged lawyer is confident in his experience.

"That's great. In this case, he must have little experience. But you've been a lawyer for more than ten years, and you'll be able to help me to get the most benefits, right?" Ye Jiamei did not forget to be in front of the lawyer, so that she could use her beauty skills, while gathering her hair, she took off her coat, which was only wearing a sling.

Ye Jiamei has been at Bai's house for years, using very expensive maintenance products, looking younger than her actual age. At this moment, she also hopes that Lawyer Zhang can do her best for her.

Lawyer Zhang held up his glasses, some of them did not dare to look straight and said, "tomorrow I will try my best to help you fight for it."

"Thank you, Lawyer Zhang! As long as you can help me to get the most benefit, I will not treat you badly in the future. " Ye Jiamei finishes saying, palms lightly patted on his shoulder. At this time, Hu Sheng, who pushed in from the door, saw this scene directly. He looked at the atmosphere in the room with astonishment.

Lawyer Zhang got up quickly and left. He was also afraid of making trouble.

Hu Sheng watched the lawyer leave. He immediately bit his teeth and asked, "Jiamei, what were you doing just now?"

Ye Jiamei said around her arm, "what else can I do? If I depend on you, the child and I have already starved to death. Of course, I will fight for myself. "

Hu Sheng clenches his fist and wants to vent his anger. But he can't lift his head in front of Ye Jiamei all the time. Now he can only bear it.

Ye Jiamei said to him, "tomorrow is the day of the court session. You can't come here, or you will lose my face."

Hu Sheng sits down. He is not a man at both ends. His wife is still keeping a secret. Here, the two children don't recognize him. Ye Jiamei looks down on him too, which makes him suffer from a kind of anxiety disorder.

And such men are often the most terrible.

At this time, Bai Ying came out from the inside to take things. When she saw Hu Sheng, although she was young, her look of contempt was in place.

"Yingying." Hu Sheng would like to hear his daughter call him. His tone is very gentle.

"Hum! You can't call me that! It's only my dad. You're not my dad. " Bai Ying's heart, Bai Shize is her father, even if not her own, she only recognizes him.

In Hu Sheng's heart, there is a kind of jealousy, crazy jealousy. He really wants Bai Shize to disappear in the world. In this way, a pair of children will know that he is their father.

Ye Jiamei doesn't care. Her daughter recognizes her if she wants to, and denies her if she doesn't want to. She says to Hu Sheng, "go back! Yingying doesn't want to see you. "

Hu Sheng looks at Bai Ying, who slams the door to death. He hangs his head and shakes his head. He goes out disappointed.

But as soon as he went out, he clenched his fist. "Bai Shize, only when you die, my children will not remember you."

In the evening, Xing Yifan and LAN Qianchen made a phone call and talked about the court session in detail for a while. LAN Qianchen is very familiar with the case.

Bai Xia's heart is heavy today. Her father's living condition worries her very much.

When Xing Yifan came back from the balcony, he saw the girl who had bathed and sat in a daze on the sofa with long hair. He sat down, reached for her shoulder and pressed it into his arms. "What do you want?"

"I'm thinking about my dad's next life. He seems to have lost all his fighting spirit." Bai Xia nestles in his arms and worries.

"At this time, we can't help him. We can only let him out of the shadow. What we can do is to accompany him more." Xing Yifan understands Bai Shize. At the same time, his whole life is also alerting him.

A man should never let his woman down. Only by respecting, loving and protecting her can he achieve a happy life.

Tomorrow is the court session. Bai Xia is still nervous for her father. She is not afraid that the lawsuit will be lost, but that her father will be angry in the face of Ye Jiamei again.
