Chapter 1191

Ye Jiamei has no other skills, but her selfish appearance really makes people angry.

Early in the morning, a drizzling rain began to fall, making the whole city shrouded in the misty rain, between the mist, high-rise buildings looming.

Bai Xia is wearing a classic conservative skirt, and the color is also black and grey Plaid style. Her long hair is tied behind her head, and her white face is a little worried.

Xing Yifan accompanied her to the audience today. He was dressed in a gray suit, which was also very low-key.

"Let's go! Let's have breakfast first, then meet Qianchen and pick up your father. " Xing Yifan said to her.

Bai Xia nodded. When his hand reached out, she held it with a smile.

They went to the nearby breakfast restaurant. After breakfast, they asked LAN Qianchen to go to a coffee shop near the court. It was in the afternoon and there was plenty of time to meet.

Bai Shize also arrived in a short time. He and LAN Qianchen met for the first time, and there are many things that need to be communicated in advance.

"Uncle, I'll do this. You only need to answer questions at a specific time and try to be clear and concise in tone."

Bai Shize nodded, "I will cooperate with you."

At noon, we had a meal nearby, and the opening time in the afternoon was up. Before Xing Yifan went in, he asked Bai Xia to go first, because he had to make sure of something. When Bai Xia went in, another middle-aged man also went in. He was the bodyguard sent by Xing Yifan, but Bai Xia didn't notice.

Xing Yifan confirmed that the witness who made the evidence was present. He was the owner of Hu Sheng and ye Jiamei's hotel. He came here very honestly, because Xing Yifan had many illegal operations in his hand. If he didn't come, Xing Yifan's next thing to deal with was him.

How dare he not come? Xing Yifan said that his criminal evidence can be heavy or light. As long as he cooperates, he will be fined at most. Otherwise, he will face the disaster of imprisonment.

Bai Xia looks at her father and LAN Qianchen sitting down. In the other door, ye Jiamei and her lawyer also arrive. Her eyes are on Bai Shize, just like the third enemy. Ye Jiamei really hates it! Bai Shize left her with nothing.

And even the money on her card is frozen.

Looking at Ye Jiamei, Bai Shize is also extremely remorseful. At that time, he shouldn't let this woman get close to him. Otherwise, he and his ex-wife will grow up with his daughter, and they won't fall into this field.

Bai Xia's eyes also stare at Ye Jiamei with resentment. She wants this woman never to appear next to her father again, and never to hurt him again.

Bai Xia is looking at Ye Jiamei. Xing Yifan sits down beside her. He reaches out his hand and holds her hand. Bai Xia breathes a little. She really wants to be calm.

It's not worth it to be angry for ye Jiamei.

Soon, the two sides began to complain. LAN Qianchen first complained about the divorce appeal, and put forward Bai Shize's divorce request and property distribution.

After hearing this, ye Jiamei, on the opposite side, did not give Bai Shize a cent, and asked for her money back. She cried on the spot, "Bai Shize, you are so cruel! Have I been waiting on you for nothing these years? You don't even give me a cent. It's not easy for me to run this family for you. "

Bai Shize closed his eyes for a while, because he was holding back his anger, but he didn't want to talk. The judge said, "silence, the other lawyer, please begin to file."

Ye Jiamei's lawyer naturally tried everything possible to fight for her rights and interests, and also proposed that Bai Shize's property needs to be legally distributed by both husband and wife. "

After hearing this, Bai Xia was so angry that she bit her teeth secretly. "She still does it."

Xing Yifan clapped her shoulder comfortingly, "don't worry, she can't get it." LAN Qianchen started to fight back. He directly proposed that ye Jiamei used pregnancy to force Bai Shize to marry her 19 years ago.

"How do I know my son is not his? I was in touch with him. " Ye Jiamei retorted.

"Ms. Bai, if you gave birth to your son under unclear circumstances, and thought it was Mr. Bai Shize's, please ask your daughter to be born, you should be very clear about it!"

Ye Jiamei immediately changed her face. "This kind of thing is very common. When he is with me, he is uneasy. He doesn't have time to accompany me. I can only find others to accompany me. This is a mistake made by both sides. I can't blame him."

Bai Shize on the opposite side has clenched his fist angrily, but LAN Qianchen doesn't panic or hurry. "Then please come up with evidence to accuse my client of his mistake. Please don't slander my client by presuming this kind of behavior. This is the court. All the evidence is demanded."

Ye Jiamei sneers, "there is no evidence, but Bai Shize's people must know."

"Then please show me the actual evidence. If you can't, I have the right to conclude that you are defacing my client." LAN qianchenyi is accusing severely.

"I just made a mistake," Ye Jiamei said, biting her teeth. "It's not that I betrayed Bai Shize. I can only blame him for neglecting me. It's also his fault." LAN Qianchen is waiting for her to say so. He squints his eyes and asks, "Ms. Bai, are you sure you made a mistake when you gave birth to your daughter? Is it Mr. Bai Shize who only betrayed me once? "

Ye Jiamei immediately said with great certainty, "I'm sure that my son's affair happened when we were not married. At that time, it was not a back sentence, but my daughter's affair, I just made a mistake by accident."

"Is this chance of Ms. Ye's happening willingly or unwillingly?" Ask LAN Qianchen again.

Ye Jiamei almost insisted, "of course, that's what I don't want."

Her lawyer immediately interrupted LAN Qianchen, "ask the other lawyer to stop questioning our client."

"I'm finished!" Blue thousand Chen finish saying, elegant sit down, look between very calm.

Ye Jiamei whispered a few words and exchanged eyes with her lawyer.

The judges above are also communicating with each other about the next process. In a short time, it's time for the evidence of both sides to be submitted.

Ye Jiamei heard from his lawyer that her victory was expected, and she could not help waiting for the court to adjudicate.

"We have invited a witness who can prove that Ms. ye and her lover Hu Sheng had an improper relationship for a long time in that year, and they had frequent affairs, at least three times a week in the hotel, or even in the way of husband and wife." LAN Qianchen suddenly stood up and complained.

Ye Jiamei's face suddenly changed, and her lawyer asked, "what's the matter?"

Ye Jiamei's affair is hidden, because Hu Sheng told her that no one would ever know about their affair, because the owner of the hotel promised to keep it secret to the end.

"No way, how could it be? I didn't have frequent contact with Hu Sheng at all. "

Ye Jiamei insists.

Blue thousand Chen dispassion way calmly, "the evidence can explain all truths, I ask to ask a witness to attend."

Soon, there was a nervous young man standing in the witness stand. Ye Jiamei's face began to turn blue. Isn't this man the owner of the hotel? She stood up in fright, but slumped in her chair in fear.

"Li Yong, please tell Ms. ye and her lover Hu Sheng about it." Blue thousand Chen asked calmly.

Li Yong's eyes flicked to Xing Yifan on the seat. He immediately shuddered and began to tell the truth. "Hu Sheng and I have known each other for more than 30 years. He and ye Jiamei were classmates in high school. At that time, we got in touch. After ye Jiamei got married, they have been secretly dating in my hotel. In addition, I opened a room for Hu Shengli with someone else's ID card and opened it for them False house certificate. "

"And how often do they date?"

"Probably more than three times a week! I heard Hu Sheng say that ye Jiamei's husband is very busy and has no time to accompany her. She is alone. Every time they arrive at the hotel in the morning in the daytime, they leave in the afternoon. "

"That is to say, ye Jiamei is not reluctant to be with Hu Sheng, but openly with Hu Sheng in the form of a day husband and wife." LAN Qianchen made a conclusion.

Ye Jia, on the opposite side, pointed angrily at Li Yong and said, "whatever you say, it's all your nonsense. You must have taken advantage of it."

Li Yong can't help being angry, "what am I talking about? I keep the video of the past five years. When will you and Hu Sheng come and leave? Several times a week. I have evidence. "

After hearing this, ye Jiamei looks pale again, while Lawyer Zhang next to her shakes her head and loses completely.

In the face of such absolute evidence, ye Jiamei is unable to refute at all!

Bai Xia took a sigh of relief and looked at his father, but he was very painful, because all this showed that ye Jiamei had hurt him.

Chapter 1192

In front of the absolutely powerful evidence, ye Jiamei looks pale. She stares at Li Yong on the stage. She never thought that he would come out of the hall to issue the evidence, and even the evidence remains.

But Hu Sheng told her that Li Yong would never betray them. Hu Sheng would give him more money every time to pay for sealing. But now, Li Yong's existence directly made Ye Jiamei lose the divorce case.

Next, LAN Qianchen's statement and conclusion, as well as various spiritual compensation requirements for ye Jiamei, make ye Jiamei on the opposite side sit down.

"Bai Shize, you are merciless. I was blind and fell in love with you." Ye Jiamei can't help crying.

Bai Shize doesn't want to talk to her at all now, but in the stands, Bai Xia is biting her teeth, watching Ye Jiamei and scolding her father, she wants to see ye Jiamei's end.

The court announced the divorce result in court. Ye Jiamei and Bai Shize divorced successfully. At the same time, ye Jiamei's three million vice cards from Bai Shize will be returned within one week, and ye Jiamei has no right to the property of Bai Shize.

I went out directly.

After leaving the court, ye Jiamei sat in the hall. The whole person was stupid. She thought she could get some benefits. But now, she can't get anything, and she has to return the money of the card to Bai Shize.

Bai Shize stood at the door. He said to Xing Yifan, "take Xia Xia back to have a rest."

Then he said to LAN Qianchen, "thank you for your help, young master LAN."

"That's what I should have done, uncle. I hope I didn't disappoint you." Blue thousand Chen tiny smile.

"I am satisfied with the verdict." Bai Shize nodded, but in this divorce case, no matter what, he was the loser.

"Yifan, Baixia, I'll take the first step, and contact again another day." LAN Qianchen also wants to go back to Pei group to accompany his girlfriend.

"Good! Make an appointment for dinner some other day. " Xing Yifan reached out and patted him on the shoulder.

"Well!" Blue thousand Chen smile should, stepped toward his sports car direction.

Bai Shize said to Xing Yifan, "I will go out tomorrow to have a rest, and Xia Xia will give it to you."

"Dad, don't worry. She'll be fine with me." Xing Yifan promised.

Bai Xia came over, reached for his father and told him, "Dad, you and me, you must cheer up. I will inform you in advance of my wedding in May."

"Good! You'll arrange the wedding first, and I'll be back early. " Bai Shize nodded.

Xing Yifan leads Bai Xia to the direction of his sports car. Bai Shize's assistant asks, "Mr. Bai, do you want to go now?"

Bai Shize looks behind him, and ye Jiamei comes with her bag, haggard. There is no emotion in his eyes, just a stranger.

Ye Jiamei rushes over like crazy at once, points to Bai Shize and says, "Bai Shize, you are too cruel. I hate you. I will hate you all my life."

Bai Shize's assistant stopped at once. Ye Jiamei was not allowed to hurt him. Bai Shize said calmly, "you and my husband are in love. You have the present situation, which is caused by yourself!"

"Well, even if the children are not yours, but they also called your father for more than ten years, you are so cruel, how do you make my children behave?" Ye Jiamei said.

Bai Shize waited for her to come out, just to mention it to her.

"Although these two children are not my own, you know how I treat them these years." Bai Shize does not regret being good to these two children, because the children are innocent.

"Hum! Don't you think of them as your own? If you had known that they were not your own, would you have treated them well?" Ye Jiamei said forcefully.

Bai Shize didn't want to talk to her about these useless things. He said calmly, "Yingying's education expenses, I will let the school always give her study abroad places, I will give her the tuition fees until she is 18 years old, and even reserve a college fund for her. These money, I will let my assistant operate, will not pass your hand."

"You..." Ye Jiamei can't speak at once. She doesn't need his sympathy. However, she finds that if she can't speak, she should leave a way for her daughter, even if not for herself.

"This is our total generosity. If you don't appreciate it, you can do it." Bai Shize's assistant said.

Ye Jiamei did not say no, she should say, "OK! Then do what you say and don't say if you can't do it."

Bai Shize turned around and said, "this is my last love for your mother and son. I will do what I say."

With that, Bai Shize walked to his car, and ye Jiamei watched his car leave. At the gate of the court in the evening, she found that without Bai Shize to rely on, her life was very difficult.

Even if travel has become a kind of difficulty, which is like the previous white lady, there is a special car driver to pick up?

Bai Xia and Xing Yifan come back to the apartment, and Bai Xia's heart seems to be relieved. At last, ye Jiamei has nothing to do with her father, and she will not see this woman again. This kind of feeling is happy and relaxed.

"Next, we can start planning our wedding." Xing Yifan made a low voice.

Bai Xia nodded, "Well! We still have a month and a half to plan, but I don't understand. "

Xing Yifan chuckled, "please plan a top wedding! You just need to provide your needs, and they will do everything for you. "

Bai Xia said, lazily leaning on the position, "next, I don't want to do anything, just marry you at ease!"

"What else do you want?" Xing Yifan asked curiously.

Bai Xia thought about it and shook her head. "I have to marry you."

Xing Yifan gave her a satisfied look and stopped at the traffic light. He reached over with his long arm and stroked her head.

Bai Xia said shyly, "don't touch it! It will be photographed. "

"What's the picture? I only touch the head, and there is no place I should not touch. " After that, his eyes also deliberately glanced at the place she shouldn't touch.

White summer pretty face a red, some angry smile way, "you are a little more serious."

Xing Yifan can't be serious. He can't help leaning closer to her. "Today should be the seventh day! Tomorrow on the eighth day... "

Bai Xia's heart string can't help tightening. It's true that she is clean today, but she still wants to push it. At this time, her body hasn't recovered yet!

"No, it's only the sixth day today." Bai Xia retorted.

Xing Yifan doesn't want to bite her teeth and tap her head. "Still want to cheat me!"

Bai Xia can't help but eat a sentence. She holds her head and has no words. He still remembers the days!

How can Xing Yifan not remember? He can endure it again and again. Even now, his self-control is amazing.

"The day after tomorrow, the day after tomorrow, we'll move to your apartment." He said in the white summer.

Xing Yifan squints his eyes. "Why not here?"

Bai Xia said with his cheeks bulging, "it's not very difficult for you to endure for another two days."

Xing Yifan looked at her pitiful look. He didn't have a good way of breathing. "OK! The longer I endure it, the less polite I will be then. "

Bai Xia can't help but stare at her eyes, "you have to be gentle."

Xing Yifan puffed, or do not want to scare her away, "well, your husband is very gentle."

Bai Xia cannot help blushing with embarrassment. She is so ashamed to chat with him here all day.

LAN Qianchen also returned to the hall of Pei's group. The staff who came to meet him said hello to him very consciously, "good afternoon, vice president LAN."

Blue thousand Chen nodded and smiled, and walked to the elevator. Although he didn't see her every other day, he still thought of Pei Yuehuang in his heart.

LAN Qianchen has just arrived at the office. Xu Min is packing the papers.

"Where is the Moon Phoenix?"

"Mr. Pei has gone to meet the guests!"

"Which guest?"

"Huang Sheng's guests!"

Blue thousand Chen immediately narrowed his eyes, he stepped toward the direction of the meeting room, in a meeting hall, he stood in front of the window, looked at the position of the chairman of the hall, his woman's divine color flying negotiation appearance, the corner of his eyes and eyebrows showed a domineering manner, even though she was opposite, sitting two 40 up men, but in front of her, dare not have the slightest disrespect.

Pei Yuehuang's powerful woman's momentum naturally reveals that women's ability to keep men away from men makes even men blush.

Pei Yuehuang's calm eyes, when she inadvertently glanced at the man out of the window, suddenly, her eyes showed a little woman's joy, which made her whole body's momentum gather up and naturally lift up the style.

Chapter 1193

She made an end move to the opposite guest, "today we talked about here, next time I will go to your company to sign the contract in person."

"Thank you, Mr. Pei. You are welcome."

After the two guests finished speaking, they got up and shook hands with her. Pei Yuehuang reached out and made a gesture to ask them to come out.

The two guests came out, greeted LAN Qianchen and left.

Pei Yuehuang smiles and gathers her long hair. She has a sexy body feeling, which shows no doubt in her suit.

Blue thousand Chen immediately health arm a embrace, hold her in bosom, low head in her atmospheric face kissed.

"Back to the office!" Pei Yuehuang finished, took the lead in the direction of the office.

Blue thousand Chen can read her idea, he hooks a lip to smile, cannot conceal a joy, he quickly steps to follow.

As soon as she entered the office, Pei Yuehuang threw the report in her hand to the sofa beside her. Turning around, she threw it into LAN Qianchen's arms again warmly, put her arms around his neck, and asked with a smile, "have you won the official business?"

"Well! It's a beautiful win. " Blue thousand Chen finish saying, buckle her back head spoon, already can not help but brand on her red lips, Pei Yuehuang warm response to him.

Pei Yuehuang only in front of him, will reveal the appearance of a small woman who is not easy to show people, moreover, this side will only be given to him in this life.

A kiss made both of them gasp. Pei Yuehuang asked with a smile, "it's almost time for us to go to the wedding company!"

"I asked Yifan, their wedding is better than ours, they are on May 12, and we are on May 6! A week in advance. "

"Good! When they come to our wedding, we will go to their wedding. " Pei Yuehuang also thinks it's good. Congratulations.

"I have made an appointment. Tomorrow at noon, our two elders will meet. It's time for them to meet."

"Well! You can arrange it! I'll listen to you. " Pei Yuehuang finished, and then reached around his waist, nestled in his arms, busy for a day, she is a little tired.

Blue thousand Chen relies on rest by her, he reaches out to caress her long hair, stands in front of the floor window, looks at the sunset to fall the mountain together the beautiful scenery.

In Xing Yifan's apartment, after dinner, Bai Xia is the most leisurely time, holding flowers in her arms, lying next to a hair, watching anime with her. Xing Yifan comes out of the study, he will take time to deal with the mail every day, looking at the woman who is staring at the cartoon. He can't help slowing down. Before Bai Xia is aware of it, he reaches out his hand and covers her eyes.

Bai Xia was attacked for no reason. She could not help bending her lips and laughing, "Xing Yifan, what are you doing?"

Xing Yifan looks at her red lips. He leans down and sears them on his lips. He releases his hand and goes to her side to sit down. His arms are clasped again. Bai Xia has to snuggle up in his arms.

Xing Yifan's patience has been better and better recently. Maybe victory is in sight, so he is very patient.

"On Sunday the day after tomorrow, I made an appointment with my family to have dinner with your father."

Bai Xia nodded, "OK! My father should leave after dinner. "

"Next, we have a lot to do. I want to make you the most beautiful bride." Xing Yifan said, kissed her head, "in my eyes, you are the best to see."

Bai Xia is very popular. She looks up and says, "really? But I don't think my eyes are big enough. "

Xing Yifan kissed her with her eyes closed. "It's very beautiful."

"You are handsome, too! The best in the world. " Bai Xia also praised him.

"Except handsome?" Xing Yifan wants to hear something else.

Bai Xia thought for a moment and said, "I'm diligent, responsible, tender and considerate."

Xing Yifan hugged her with a smile, "you will realize more advantages of me in the future."

"What are the advantages?" Bai Xia blinked.

"I'm in good health! You are satisfied. " Xing Yifan whispered in her ear.

White summer pretty face brush red, can't help to beat him a, "don't be too good."

Xing Yifan couldn't help laughing. The image of Gao Leng's asceticism disappeared at this time. There was only one big boy who was amused.

Bai Xia can't help but laugh. Xing Yifan, like this, is the only one who can see except his family!

In the morning, LAN family and Mrs. LAN get up early and take care of LAN Chu Nian, who has been living for five months. Today is also a very important day, because LAN family is about to have a second daughter-in-law.

Mrs. Lan also has enough knowledge of peiyuehuang. When she heard that LAN Qianchen said her age, she was really surprised. She thought her second son would find a smaller girlfriend.

However, the blue parents are very reasonable people. They are very welcome to accept Pei Yuehuang as their second daughter-in-law.

LAN Chu Nian is also very happy. Soon, there will be another family at home. In Pei's family, Pei was dressed neatly in the early morning. He took out a formal Zhongshan suit, which had some old-age demeanor.

Pei and his wife also wear the most appropriate clothes. Today is the day when they meet. They want to leave a good influence on each other!

"I can't believe that Yuehuang is going to marry. I'm a little reluctant." Mrs. Pei sighed.

This daughter! That's it. When you can't get married, you're worried. You're going to get married and you won't give up.

"We should be happy that Yuehuang finds someone she likes. Qianchen is such a good child, and Yuehuang will be very happy." Pei's father is quite open-minded.

Mr. Pei used to think about his son-in-law, who had to cut in the door. Now, LAN Qianchen has a very good influence on him. Even if he doesn't need to come to the door, he is also relieved to leave his family property to him.

Pei Yuehuang and LAN Qianchen are still in his villa, and they are ready to start. Pei Yuehuang chooses an elegant dress. She asks LAN Qianchen, "do I put on my hair or pull it up?"

"It's all pretty." Blue Qianchen looks on.

Pei Yuehuang looked at herself in the mirror. She smiled confidently and gathered her long hair at will. "That's it!"

Blue thousand Chen comes over, reach out to embrace her shoulder, "how all beautiful."

Pei Yuehuang's good mood was contracted by him in the morning. What a woman loves most is the sincere praise from the man she loves.

"Let's go! It's time to go out. Don't let the old people of the two families arrive first. I'm sorry. " Pei Yuehuang leads his hand to go out.

LAN Qianchen didn't want her to worry. They went out together and went to the restaurant they had ordered.

Xing Yifan went to the police station early in the morning, and Wang Quan and his group were all arrested. After careful questioning, Niu de actually sent a message to Xing Yifan in prison, asking him to find Xing Yifan's trouble. Moreover, Wang Quan also told him. Niu de still has ten million assets in foreign countries.

Wang Quan and his group will also face the crime of kidnapping. Xing Yifan will work with the police to recover Niu De's money and prevent him from having capital to do evil.

After this incident, Xing Yifan will strengthen his guard against the safety of Bai Xia.

At noon, Pei Yuehuang and LAN Qianchen are in the dining room, greeting the old people on both sides.

LAN Qianhao leads his wife LAN cunian to come in together. Peiyuehuang looks at this loving couple. Especially when LAN cunian sits beside her, she immediately feels kind.

The two women began to communicate with each other, and their parents also said hello to each other. They were all knowledgeable families, and they fell in love with each other very much.

LAN Qianchen sits beside the elder brother, but the two brothers don't chat, just take care of their elders' feelings from time to time, and reply with a smile.

But at the same time, their eyes will fall on the women chatting around, showing their love.

LAN Qianhao leaned down to his younger brother and said, "just got back a batch of good diamonds, one of which is the most pure big diamond. I'm thinking about making a wedding ring for you."

Blue thousand Chen smiled, "good! Show us the design drawings in advance. "

"OK, then you can choose. It should be made before your wedding."

The atmosphere on the dining table is very good, and the elders on both sides have talked about their health care experience without the guidance of their young people, as if their younger generation can only listen.

LAN cunian is carefully taken care of by LAN Qianhao. Now, LAN cunian's business is to give birth to her baby peacefully. Especially the other day, her good friend Zhuang warm child last year is extremely lovely.

Chapter 1194

After the lunch, the blue house and Pei family's elders were invited to the blue house to continue their evening dinner. Pei Yuehuang also liked the parents of blue house. When she was single, she heard that all kinds of places were getting along with her mother-in-law in Tucao. It would make complaints about the love of a woman after she married.

However, Pei Yuehuang's feeling towards Mrs. LAN is just like that of her mother. She is gentle and considerate, with accomplishment and warmth in her eyes.

After LAN Chu came back, she went back to the room to have a rest because of her stomach. LAN Qianhao went back to the room to accompany her for a nap.

LAN Qianchen leads peiyuehuang to visit his room. Peiyuehuang looks at his room. It is clean and tidy, and there are many decorations of big boys.

This makes blue thousand Chen not from Sao head, some embarrassed way, "I used to like to collect some cartoon characters, you won't mind!"

Pei Yuehuang was enjoying it with a smile. She shook her head and said, "don't mind! I like it, too."
"

She said, holding a beautiful cartoon doll in her hand, "this is for me."

"You like to take it at will. I'm all yours. What else is not yours?" Blue thousand Chen finish saying, oneself hind circle her waist, chin is put on her shoulder, resemble a good little milk dog.

Pei Yuehuang is held by him around her waist, and she is interested in seeing his collection. If she finds something she likes, she wants to take it back to the office and put it in the room.

Downstairs, the elders of the two families are still drinking tea and chatting enthusiastically. The topic has never stopped. It must be the right family. The level is the same, and they are at will.

"My dear mother, you have educated Yuehuang very well. I read an article about her. This child is so excellent."

"Your family's Qianhao Qianchen is not bad either! You have achieved this at a young age, and you are well educated. " Mrs Pei went back with a smile.

"When Qianchen and Yuehuang are married, my heart will really fall down, and I will wait for my grandson's arrival, so that our old life will not be lonely."

"Yes, I'm also looking forward to it. Yuehuang has been busy with her work before. Our family is in a hurry. Fortunately, when Qianchen appears, Yuehuang has plans to get married."

"Parents really worry about their children. It's the same."

The two ladies are in the garden, chatting about their family habits and experiences. In the evening, they are warm and harmonious.

In LAN Qianchen's room, Pei Yuehuang looks at LAN Qianchen's clean bed, then she lies down lazily, squints her eyes, and plans to have a rest. LAN Qianchen looks at her with her elbow, a pair of clear eyes, full of gentle smile.

Pei Yuehuang raised her eyes, looked at his clean eyebrows and clear smile. She really loved him deeply. She never knew that she could love someone so strongly that she was willing to give up everything just to spend the rest of her life with him.

"Qianchen, how I want to know you earlier." Pei Yuehuang felt that her previous time had been wasted. She really wanted to know him when she was 25, so she had four more years.

Blue thousand Chen squints Mou, also have the same feeling, "yes! I also hope to know you earlier."
"

Pei Yuehuang put his hand around his neck, blue Qianchen immediately covered her body and supported her arms. The two men looked at each other closely, and understood the soul match from each other's eyes.

"But I'm glad to meet you now. If I put it off for a few years, I'll regret it!" Pei Yuehuang thanks God for bringing him to her.

Blue thousand Chen smiled and bent down, burned a kiss on her forehead, "we are destined to meet, because I see your first eye, there is an impulse to have you."

Pei Yuehuang couldn't help laughing. "I don't seem to have any!"

Blue thousand Chen also does not blame her, smile, "I know, you think I am young."

Pei Yuehuang could not help squinting her eyes and asking, "then, to be honest, did you feel me the night we met! There's still no feeling. "

Blue thousand Chen does not from ponder of smile ask, "you guess."

Pei Yuehuang pursed her lips and thought, "you must have no feeling for me, otherwise, you will not leave me alone."

LAN Qianchen shakes her head and corrects her answer, "no, I left just because of my feelings. I can't have sex with you at that time."

After that, he continued to laugh, "I'm afraid that when I touch you, you will want to kill me! Where and now? "

Pei Yuehuang thought about it carefully, as if he was right. She chuckled, "do you know me so well?"

"Because at that time, you completely showed your emptiness and loneliness in front of me. I think after you sober up, you must be embarrassed to want to kill people." Although LAN Qianchen is young, he can see things through.

Pei Yuehuang bent her lips and smiled, "yes, I want to know that I'm just like a madwoman. I really want your life."

Blue thousand Chen suddenly proudly lowered some heads, two people's forehead together, he complacent way, "now, you are my, this life is." Pei Yuehuang put her arms around his neck, red lips met him, and murmured, "well, this life is yours."

A warm kiss, performed in the blue thousand Chen's room.

Xing Yifan's villa has been decorated with very environmentally friendly materials, so you can stay directly.

Xing Yifan and Bai Xia are packing their important things in the past. Bai Xia has packed a lot of clothes, but there are many girls' clothes, plus many miscellaneous things.

Xing Yifan is simple, a few ordinary clothes, some daily necessities, a laptop.

In the evening, Xing liehan's bodyguards drive to carry things for them. Bai Xia holds many flowers in her arms and Xing Yifan simply goes out with Maomao.

They also moved in advance. Xing Yifan can't wait to take her there, because he's not sure about the safety of the community.

When she arrived at the villa in the evening, Bai Xia did not come up with a lot of previous memories. She looked at the book she had climbed last time, and she was kind of funny.

At the same time, she naturally remembers what happened to Xing Yifan and the girl in the hall that day. On that day, if she didn't hide in his curtain secretly, she didn't know what story would happen to him and the girl!

Bai Xia's cheeks are bulging. He has an impulse to find him to settle accounts after autumn.

After Xing Yifan beckoned the bodyguards to leave, he walked into the yard from the door and saw Bai Xia with arms around, looking at the tree in his yard. He came from behind.

"Wife, what are you looking at?"

Bai Xia can't help but pull off his big palm. She turns around and looks at him seriously.

"You answer me a question honestly."

Xing Yifan was stunned and said with a smile, "what's the problem?"

"Do you remember that day, in order to steal back to Duoduo, I sneaked into your house and hid behind the curtains? You take a girl home, and if I remember correctly, she almost sits on your lap and wants to kiss you, right

Bai Xia's tone is more sour than vinegar.

Xing Yifan can't help but scream bitterly. He shakes his head very seriously. "I don't have any idea about her. She's just the daughter of an old friend my mother introduced to me for blind date. I just want to show her home in my mother's face."

"Is it?" Bai Xia asked again, squinting her eyes.

Xing Yifan's heart strings tightened. He raised his palm and swore, "I, Xing Yifan, promise that if I have any idea about other women, I will..."

Bai Xia immediately put out his hand to cover his mouth and cried, "don't say, who will swear, I just ask you."

Xing Yifan kissed her palm and said with a smile, "my wife still loves me."

Of course, Bai Xia believed him, but she was angry and wanted to cross examine him. However, when she came back here, she did have many memories.

She has lived around here for more than a year! She is just a pity that she sold the villa opposite her. If she also lives here in the future, she will have company.

"Let's go and have a look in the master bedroom. I have changed my style in the whole villa. Do you like it?" Xing Yifan took her hand and walked towards the hall.

Bai Xia nodded. She was also curious about Xing Yifan's new decoration. What caught her eyes was the warm picture. Even the sofa was changed into a warm fabric sofa.

Chapter 1195

It seems that Xing Yifan has spent enough time to build a new home!

"Satisfied?" Xing Yifan looks at her and looks forward to her reaction.

Bai Xia nodded, "I'm satisfied. I like everything."

Xing Yifan led her upstairs and went straight to his master bedroom. Bai Xia looked at the light golden bed, the silky and soft silk quilt, which had a noble flavor. At the same time, she fell in love with it at a glance.

"How do you change the color! I can't stand dirty! " Bai Xia said, but she fell in love and giggled, "but I really like it!"

Xing Yifan looked at her and wanted to get up. He immediately followed her in a vicious way and pressed her under him. His eyes narrowed with a wolf like light. "If you like, we can sleep here earlier."

White summer some shameful dodge his eyes, "good!"

Xing Yifan knew that it was the eighth day. He was secretly happy, excited and looking forward to it.

Xing Yifan leans down, sucks her red lips gently, and solves the slander first.

Bai Xia can't push away, so she has to try this bed first. It's uncomfortable and wrapped. She is surrounded by Xing Yifan's dense masculine atmosphere, and her brain is blank.

Xing Yifan's kiss, warm as the sun in summer, to melt everything, white summer in his body directly into a pool of water.

However, Xing Yifan still didn't start at this time, and let him solve his slander for a while. He pulled up Bai Xia. Bai Xia's face was red, and he beat his arm. "It's necrotic."

Xing Yifan laughs and holds her hand and says, "let's go for a walk! You haven't come back for some time

Bai Xia really wants to go out for a walk to see what changes have taken place in this place of life for a year.

Of course, there is no change around, but the trees are bigger, the rose in the garden is more prosperous, and Bai Xia is idly holding Xing Yifan's hand. She looks at the villa opposite, as if she lives in a new house, and hears the laughter of several children. She must be a happy family! "Remember that day, when I saw you, you gave me the feeling of the first sight. It was so cold that I couldn't get close to you!" Bai Xia imagines the memory of Xing Yifan.

That childish look really impressed her.

Xing Yifan chuckled, "if I knew you were my future wife, I would certainly have the most brilliant smile for you."

Bai Xia couldn't help chuckle and said, "you smiled so brightly at me at that time, I thought you were a fool, and I would scare you away!"

"Oh! Do you like your husband to be cold? " After Xing Yifan finished speaking, Junyan immediately revealed several ruffian and handsome breath, with charming smile.

Bai Xia raised her head and put it around his neck. "You can't laugh at others like this in the future."

This domineering words, make Xing Yi fan not from smile deeper a few minutes, "good, smile to you only!"

"It's not easy to have a handsome husband!" Bai Xia finished, and let go of his neck, a very worried expression.

Xing Yifan immediately chased and held her hand. "Don't worry, I'll make you worry!"

Bai Xia looks at his handsome face, but she is proud of it. "Well, I believe you."

Xing Yifan takes her shoulder and strolls around the garden. Xing Yifan is ready to take her home to cook dinner. Now everything is ready in the villa and the refrigerator is full.

"How about I bake steak tonight, have some more wine, and have a candlelight dinner?" Xing Yifan asked her.

Bai Xia nodded, "Well! Good! "

When the two returned to the villa, they began to prepare for the candlelight dinner tonight. Xing Yifan went to his basement cellar and picked up two bottles of superior red wine.

Bai Xia also picked some blooming roses in his garden, took a small vase and prepared to put a bunch of flowers in it.

Xing Yifan has also prepared a glass of wax and a candlestick. Now it's night outside the window. It's a good time to light a candle. Xing Yifan has lighted a glass of wax in many places in the hall, illuminating the whole hall with a hazy beauty. Bai Xia came in with a bottle of flower arrangement, put it on the table, put it together with red wine and goblet, and the picture is very romantic and beautiful. Now he's going to prepare cattle Row and fruit.

Xing Yifan is busy in the kitchen. Bai Xia comes in with him. He is around his waist like a little tail. Wherever he is, she will follow him.

Pro it look, do not need any language, then the two hearts tightly stick together.

From time to time, Xing Yifan turned around to take things, and put one kiss after another on her head and forehead.

Bai Xia also enjoys his constant love and looks forward to his dinner tonight. "I'll feed the flowers and the hair first." Bai Xia said with a smile.

"Good! Go! " Xing Yifan replied.

Bai Xia comes out to feed the cat. From time to time, she hears the sound in the kitchen. It seems that this small home has become warm and lively.

She sat in the porch corridor outside the hall and watched the rising of Polaris not far away. It was so beautiful in the night that everything was wonderful. Bai Xia's heart is also very soft. She turns her head to look at the man in the kitchen. Her heart secretly makes a decision. Tonight, she will give herself to him.

I don't want him to wait any longer.

Because he has waited long enough, and they are husband and wife. What else can't be overcome together?

Even if she had some fear of it, she had to overcome it.

Blue house is also a rich dinner. The two families began to talk about the wedding and talk about the happiest future with their families. It's such a happy thing.

Pei Yuehuang and LAN Qianchen's eyes meet and convey their love to each other.

From time to time, LAN Chu Nian also receives LAN Qian Hao's pet eyes, which infects their new marriage happiness. They are also reminiscing about their good wedding time.

Xing Yifan's villa is very quiet. It's not like a commercial apartment. It's crowded. In the single villa, everything is quiet. Only the sound of frog kisses came from time to time, but there was also a bit of excitement.

At about seven o'clock, Xing Yifan's dinner was served. It was fragrant, and Bai Xia could not help being slandered. Because Xing Yifan's roast steak was really good at cooking, and the plate was also very beautiful.

It's like a meal in a five-star hotel, and tonight, the candlelight is shining in a different atmosphere.

Xing Yifan took a screwdriver and opened the red wine. He poured half a cup into two goblets. Bai Xia reached for a glass and held it up to him. "Cheers."

Xing Yifan, squinting his eyes, suggested, "come and have a drink."

Bai Xia's eyes flashed a touch of tenderness. She nodded her head, and the two men were arm in arm. They looked at each other and drank a glass of wine.

White summer's pretty face a trace of climb up the red halo, is not the reason for the wine, but the atmosphere at this moment, make her ashamed on the surge.

Sitting face to face, cutting steak, two people's eyes meet from time to time, even if no language is needed, full of love.

Xing Yifan seemed to feel the girl in the opposite direction, and his whole body showed a sense of conglomeration, which made his heart full of ecstasy and excitement, and he felt the tenderness of white summer.

Tonight, it will be the day of their union.

Bai Xia is touching his eyes of deep expectation. She is so ashamed that she can't respond to him immediately, for fear that she will be eaten by him before she has finished her meal.

Bai Xia wants to enjoy her delicious food! At the same time, she sipped the red wine from time to time. The sweet red wine was mellow and delicious, making her drink like a drink.

Xing Yifan looked at her and drank half a cup. He said in a low voice, "do you like it?"

"Well! Can I have another half? " Bai Xia nodded.

Xing Yifan gets up and pours another half cup for her. Under the candlelight, Bai Xia's face is as beautiful as a flower, with a trace of blush, showing the girl's charming breath, which makes Xing Yifan lose his mind for a few seconds.

Bai Xia continues to drink red wine. She doesn't want to be drunk, but she hopes it will make her more relaxed.

Xing Yifan saw through her mind, but also by her, but he felt that she was such an idea, very cute.

Bai Xia drank two glasses of red wine, and she was really intoxicated. She held her chin and slightly pursed her red lips, staring at the man opposite.

"Xing Yifan, I'm going to sleep in your bed tonight."

"Sleep in my bed, or in me." Xing Yifan asked directly.

Bai Xia made a drink and answered with certainty, "sleep on you."

Chapter 1196

Bai Xia's eyes are confused. Maybe it's the reason why he drank wine! At the moment, she is not so sensitive to shyness. Instead, she looks forward to it in Xing Yifan's eyes.

She will be twenty-four or nearly twenty-five years old. Even if she is ashamed of this kind of thing, she will face it calmly.

Xing Yifan listens to her sincere idea, he hooks his lips and smiles, "OK, I'll sleep for you tonight."

Bai Xia is holding her chin, smiling coquettishly and lovably, as if a little alcohol has turned her into a charming little fox demon, and her eyes are also showing a trace of possessive hegemony.

Bai Xia reaches out to pour the red wine again. Xing Yifan looks at it and immediately comes over and takes it away from her.

Bai Xia can't help blinking, some aggrieved way, "what's the matter?"

"No more." Xing Yifan stops her. He doesn't want this girl to get drunk.

Bai Xia can't help crooning, "stingy, don't drink a little red wine!"

"Later tonight." Xing Yifan 's eyes are already deep with fire.

"Tonight, you are not allowed to get drunk." Xing Yifan's overbearing and low voice.

Bai Xia understood the reason why he didn't let her drink. She couldn't help chuckling, "I'm not so drunk!"

Xing Yifan just ignored her, but under the candlelight, she had a beautiful smile, red lips and white teeth, fresh and delicious, which made him know that his endurance was reaching the limit tonight, he would not wait any more, and he didn't want to wait for another day.

Bai Xia is stared at so straightforwardly by him. She can't help holding a little red face, eating and eating, and drinking two glasses of red wine. Bai Xia is holding the table and wants to stand up.

I don't know the reason why she drank wine. She just felt her body shaking. She threw herself into the arms of the man beside her and hugged him. "Xing Yifan, I'm a little drunk."

Xing Yifan looks down at her, a pair of long eyelashes blink lovingly, he reaches out to touch her head, "then go out for a walk together, blow the wind, wake up."

Just full is not suitable for sports, so he is not in a hurry, anyway, tonight is still very long!

Bai Xia can't help but say something gently. Xing Yifan walks out of the hall with his shoulder in his hand. The night outside is burning. The light moonlight sprinkles in the quiet garden. There is more mystery in the romance.

Xing Yifan hugged her waist and didn't let her leave her. He was afraid that she would fall down if she was really drunk.

Bai Xia is not so drunk either. The intoxication is just right. Her head is not so clear, but there are many joys floating around. Like a child, there are only the simplest joys in her mind.

Xing Yifan leads her to a quiet path in the garden, where only the business owners can come in, so at this time, we can see some parents bringing their children out, but they will not disturb each other at some distance.

The night wind came from all around, and Bai Xia's head was sober as expected. She looked up at the men around her. She was handsome, tall and straight. She was perfect as the leading actor in her comics.

Bai Xia can't help but have a real feeling of becoming a cartoon heroine. She will let herself become a heroine tonight! Do what you want with the hero in her cartoon.

Xing Yifan reached out and stroked the back of her head. "How are you?"

"Well, much better." Bai Xia looks up and smiles. He releases his hand and turns around in front of him.

A beam of moonlight sprinkled on her. She was wearing a White Sleeveless skirt. She looked like a fairy under the laurel. Her snow skin was crystal clear, her hair was silky and her face was picturesque.

Xing Yifan was stunned for a few seconds. When Bai Xia approached him with a smile, he could not help holding his arms. Bai Xia raised his eyes with a smile. His kiss had been branded on her red lips.

"Let's go back!" Xing Yifan's voice was muffled.

Bai Xia felt the pain in his voice line. She nodded, "OK!"

Return to the villa, Xing Yifan let her go to the sofa to have a rest first, he packed the plates.

"I'll help you." Bai Xia doesn't want to rest either. She wants to share everything for him.

Xing Yifan only allowed her to bring a few plates into the kitchen, so she went back to the room to take a bath first.

Bai Xia is also sweating when she moves today. She nods and says, "OK, I'll go back to my room and take a bath first. I'll wait for you."

"Or wait for me to wash?" Xing Yifan turned to ask her.

Bai Xia's shameful refusal, "not tonight."

After Bai Xia finished, she went back to the master bedroom. She went into the cloakroom. It was very big and covered with her clothes. Bai Xia walked in the row of pajamas. She was basically conservative. Bai Xia turned to the wine red Pajama at the back. She bought it in her head a year ago, but she never wore it.

Because it's a sexy shoulder belt, so Bai Xia has been airing her in the wardrobe, and tonight seems to come in handy.

Bai Xia doesn't want Xing Yifan to see a self who doesn't understand the taste. Bai Xia reaches out and takes it down, and then goes to the bathroom. Xing Yifan tidies up the kitchen, and when he comes out, the candles in the hall have been burned to the end. After Xing Yifan blows them out one by one, he leaves a dim yellow wall lamp in the hall. He carries a glass of lukewarm boiled water upstairs.

Bai Xia has already washed it. Just now, standing in the mirror and looking at the way she put on the pajamas, she is about to die of shame. So, she has now got into Xing Yifan's quilt and hid well. Under her neck, she is covered in the quilt.

Xing Yifan brought in the water and looked at the girl tightly wrapped in the quilt. His throat couldn't help tightening. He thought whether she was wearing nothing under her and waiting for him?

"Not hot?" Xing Yifan asked her a funny question.

Bai Xia shook his head. "It's not hot. It's just right."

"OK, I'll wash it." Xing Yifan finished, the long finger picked open the black shirt, while unbuttoning, while walking toward the direction of the bathroom.

Before he went in, he had already taken off his coat, his straight waist, like a pair of beautiful little wings, speechless and charming.

And the trousers down, the long, slender and strong legs, are perfectly proportioned, hiding the explosive power.

Bai Xia could not help swallowing his saliva and watched him enter the bathroom.

When Bai Xia closed the door, she couldn't help but lift the quilt a little, because she was just fine, but I don't know why she saw Xing Yifan's figure, as if she was covered in a hot sweat.

Bai Xia listened to the sound of water coming from the bathroom. Her chest was thumping and she was inexplicably nervous.

She didn't do anything at the moment, so she went to listen to the sound of water in the bathroom, and she was rich in imagination. Now she can't help imagining the man under the shawl.

The more I think about it, the hotter I feel, my forehead is going to sweat.

In the bathroom, the sound of water suddenly stopped. Under the misty fog, a charming figure stood up. His big palm held up the black hair covering his forehead. Some water drops from his hair were like a pen tip. Under his proud nose, he slipped the thin lips of his sexual lips, along the beautiful jaw line, and the firm chest extending from the Adam's apple It's down. The bolder the water drops gather, the stronger the man's physique will be.

Xing Yifan took a towel to wipe the drops of ink on his hair. At the same time, he took a towel and wrapped it around his waist.

Standing in front of the mirror, he blew the black hair to half dry. Under the soft black and thick black hair, the angular facial features showed the masculine breath everywhere.

Bai Xia listened to the sound of the water in the bathroom disappear. Her heartstrings tightened again and again. Suddenly, she hissed. The door in the bathroom was opened.

Xing Yifan came out wrapped in a bath towel, and Bai Xia almost instinctively pulled the quilt back, at the same time, he covered his eyes with his hands.

At the moment, Xing Yifan is like a leisurely beast, not eager to enjoy his big meal, because he knows that the delicious meal is in front of him, and he doesn't want to make himself as rude and anxious.

"Why? It's all your husband. Don't you dare to watch it?" Xing Yifan went to the table next to him, leaned against the cabinet with his slender body and drank the warm water.

Listen, Bai Xia immediately thinks that he is right. It's her husband. How dare she not look?

She had to move her hand away, and looked at the man in front of the dark gold cabinet with a big stab. The strong abdominal muscles like bricks made Bai Xia curious and bored to count whether it was six or eight.

Chapter 1197

Bai Xia also admires that she has such a free mind now. After counting, it seems that it's eight yuan!

Xing Yifan took the cup, sat on the edge of the bed, and said to her, "get up and drink water!"

Bai Xia was not thirsty just now, but I don't know why Xing Yifan felt thirsty as soon as she came in. She couldn't help but sit up with her quilt covered. She went to drink two mouthfuls.

Xing Yifan's eyes fell on her thin shoulder belt, and his heart snickered. It turned out that she was wrapped like this because she was wearing a sexy Pajama?

For him?

Xing Yifan felt satisfied. Bai Xia continued to lie back and tucked in the quilt.

Xing Yifan watched her move, and he couldn't help but smile. It's obviously a willing thing. How could it be like he would bully her later?

When Xing Yifan put the cup, he reached out and pressed the key to open it. In his master bedroom, the bright crystal light suddenly went dark. In front of the floor window, the two porch lights were on. The yellow soft light made the master bedroom shrouded in the dark while half fell in the soft light.

Bai Xia on the bed took a breath. She watched Xing Yifan come towards her. She moved her body immediately and moved to the opposite side to make room for him to sleep.

Xing Yifan looks at the girl who gives him a place. He laughs and gets into bed. As soon as his heavy body lies in, the whole edge of the bed will sink.

Bai Xia is biting his lips nervously. In the light that is not bright, Xing Yifan's facial features are more profound and three-dimensional, so he comes close to him.

"Come here." He murmured at her.

Bai Xia's eyes blinked nervously before he moved to half of his body. He was pulled by a man and immediately fell into the arms of a strong hormone.

Bai Xia gasped and looked up. Xing Yifan's eyes were as black as the eyes of a wild animal, which made her not dare to look at the darkness in them.

"Don't be nervous, trust me." Xing Yifan comforts her deeply. He doesn't want to frighten her.

Of course, Bai Xia is nervous! She must have drawn comics. Although she had no experience in this field, she imagined a lot. In addition, she was misled by many novels and thought that this kind of thing was very painful.

"Believe me! I will not hurt you. " Xing Yifan's lips were gently branded on her forehead.

At the moment, Bai Xia was in his arms, sweating all over with heat. Her body was even slightly quivering.

It's about two people holding each other up! She felt Xing Yifan deeply. Xing Yifan has no experience, but he knows how to do it so that she doesn't need to suffer too much. That is to use the most gentle way to relax her mood and let her hand herself over to him at ease.

Bai Xia's chin is gently pinched. She looks up, and Xing Yifan's thin lips are gently covered. Bai Xia closes her eyes and her head is blank

She believed him that she would not flinch even if she had to suffer.

Suddenly, Bai Xia pushes away the man and leaves his kiss.

Xing Yifan immediately stunned, looked at her, and asked in a hoarse voice, "what's the matter?"

"Well, I don't want to wash the quilt tomorrow. Can I Change it? " Bai Xia likes this set very much! And it's troublesome to wash!

Xing Yifan, "..."

The man is very angry and funny. He said in a low voice, "if you like, I'll prepare ten sets for you Don't worry. "

Bai Xia's red lips, once again invaded by him

This night, the night outside the window is cold like water, and behind the spacious curtains, the warmth of a room reveals.

In the early morning, the sunshine outside the window has awakened the earth at six o'clock. The trees outside the window drink enough dew, the grass and trees, and the water drops are shaking. Everything seems to be full of vitality.

In the main bedroom on the third floor of the villa, the curtains are still tightly covered, as if refusing all visits, even the sunshine is not allowed to disturb the rest people inside.

In the soft big bed, the arms of the man beside Bai Xia who nestles wearily, breathe evenly and gently.

Xing Yifan has already woke up, but he is still embracing her. He looks at his woman with only one pair of eyes. In his bright and charming eyes, he shows satisfaction.

His thin lips fell on her forehead and kissed her gently. After a while, he bent his lips and smiled. He looked at her red lips and breathed blue breath. Xing Yifan could not help touching them.

She was probably tired last night. It was already nine o'clock. She still slept so soundly.

Bai Xia is really tired now. Xing Yifan fully proves to her what physical strength is.

Because the curtain covered the sunshine outside the window, Bai Xia fell asleep until her biological clock began to wake up. Bai Xia's long eyelashes trembled slightly and opened a pair of eyes.

In the moment, Bai Xia buried her little face in his arms.

Xing Yifan smiled and stroked her long hair. "Am I so ugly? You don't want to see me? "

"You bullied me." Bai Xia can't be sued. She was so sleepy last night. He still wouldn't let her sleep. How could it be like this.

Of course, Xing Yifan knew where the bullying in her mouth started, and he had no way. He smiled and said, "I said that it's troublesome to endure too long!"

Bai Xia, "..."

All right! Last night has become a profound and unforgettable night in her life. Moreover, she found that it was a wonderful thing to tell lies in novels. Bai Xia's life seems to open another door.

"Hungry? What would you like to eat? " Xing Yifan asked her.

"Hungry, I want to have porridge."

"Good! I'll cook porridge and you'll lie down for a while. "

Bai Xia nodded and watched Xing Yifan get up. Bai Xia was still ashamed to cover her face.

Xing Yifan went into the bathroom. He took a bath and then set up his leisure clothes and went downstairs.

Bai Xia lies on the bed with her big eyes open. She reaches for the remote control of the curtain and opens it. The sunlight outside the window comes in immediately. A beautiful halo spreads in the room.

Bai Xia's mood seemed to be filled in a second. She remembered all the gentleness of Xing Yifan last night, and her red lips curved with a satisfied smile.

Happiness comes from the bottom of my heart.

When Xing Yifan was cooking porridge, he took a cup of warm water and went upstairs. He found that Bai Xia had already got up. Bai Xia also took a bath and came out. He wore a long T-shirt and a long hair, which was a bit messy, and a small face was fresh and clean.

Xing Yifan can't help admiring his own woman, as if every frame of the picture can be framed into a picture, which makes him have no other way but to be fascinated by her.

Bai Xia came to him with a long head of hair and took a sip of warm boiled water with a smile.

"I hate changing sheets." Bai Xia is still struggling with this matter. She saw it just now and got blood.

Xing Yifan kissed her on the back of her head, "if you like, I'll wash it."

Bai Xia said with a smile, "let's wash together."

"After breakfast." Xing Yifan finished, led her downstairs.

Bai Xia went to feed the kitten. The sun was shining all over the yard. It was very warm. Bai Xia sat under the cute tree and teased the kitten. She was as pure and lovely as a child.

Xing Yifan stepped out and said to her, "come and have breakfast."

Bai Xia smiles and puts the cat stick aside. Then she comes to the man at the door of the hall. She reaches out and hugs her. Xing Yifan holds her waist in one hand and presses it in her arms.

Bai Xia felt that he had some bad ideas. She smiled and misdirected his chest, and went into the restaurant for breakfast together.

After last night, Bai Xia's face seemed to have a touch of amorous feelings between girls and women. Her long hair was draped behind her head, and her eyes were blurred and clear.

Xing Yifan watched, his heart throbbing.

After breakfast, Xing Yifan took down the mat and cleaned it under the water tap in the yard. Bai Xia also helped. Even if he didn't lack money to buy a new one, they both thought it was a very precious thing and shouldn't abandon it.

Bai Xia crouches aside and looks at it. Xing Yifan wears his sleeve and washes it. In her eyes, it's cool.

Bai Xia leaned over his head and kissed him on his side face, "honey, I love you."

Xing Yifan looked at her with a smile. "I love you too, wife."

Xing Yifan unscrewed the mat and went to the clothesline in the yard. Bai Xia immediately came to help him. He was pulled behind the quilt by the man and kissed him.

Chapter 1198

After drying the mat, Bai Xia was kissed by a man, his legs and feet were soft, and he had no strength to stand, so he could only snuggle up to him, which was very embarrassing.

Xing Yifan carried her directly to the sofa in the hall. In Bai Xia's eyes, there was also happiness and sweet smile.

Xing Yifan brought out shrimp congee, poached eggs, toast bread, hot milk, fresh fruit, a variety of varieties for Bai Xia to choose from.

Bai Xia blinked and looked at such a variety of breakfast. He was puzzled and asked, "can we finish eating?"

Xing Yifan squinted and said, "I have to give you a good tonic."

Bai Xia immediately thought of last night's weakness, and she was so embarrassed that she wanted to drill.

"I'm fine! My body is not as weak as you think! " Bai Xia wants to protest. Is it his physical abnormality?

Xing Yifan laughed, "right? Let's try again tonight. "

Bai Xia immediately stared at him, "no, not too often, just enough."

Xing Yifan watched her finish the sentence seriously. He could not help being funny. He had to coax her first, "OK, listen to you."

"I will ask my mother to send some bird 's nests to me in a moment, and I will cook them for you every morning and evening." Xing Yifan still wants to mend her body.

Bai Xia was still very happy. She blinked and said, "don't let my aunt run so hard. Let's go and buy it ourselves later!"

"Auntie?" Xing Yifan can't help laughing to correct her.

Bai Xia immediately covered her mouth, then slapped her chest with guilt and changed her mouth, "Mom You told mom not to come. "

Bai Xia's mother's name is still very stiff, because she lost her mother when she was 13, so she hasn't called it for many years. Xing Yifan is inexplicably distressed. He goes forward and reaches for her. He holds her in his arms. Bai Xia can feel his emotion. She smiles and says, "I'm ok. I'm not mature enough. I hope mom doesn't blame me."

"She must not blame you. She will be your mother later. We will take care of you and love you together." Xing Yifan stroked her long hair and kissed her.

Bai Xia's eyes were a little hot, and some tears welled up. She nodded, "well, I know."

She is also very touched, can have the mother's feeling again, Jiang LAN to her, just like the mother is gentle and kind.

"Then I don't want it. Let's go out and buy it later." Xing Yifan also considers her feelings. As a daughter-in-law, she naturally doesn't want to trouble her mother-in-law.

Bai Xia nodded, "well, OK."

After breakfast, Xing Yifan and Bai Xia went out. Xing Yifan went straight to some high-end places, bought several boxes of top-grade bird's nests and put them in the car. He planned to cook them for her when he was at home.

Bai Xia is sitting in his car. When she passes a wedding dress design shop, she can't help but hold her chin and look at it curiously.

Xing Yifan catches her eyes and asks gently, "are you tired? Do you want to go home or go shopping again?"

"Where to go?" Bai Xia asked in a blink.

"Go to see the wedding dress! Go to our aunt's shop. " Xing Yifan said with a smile.

When Bai Xia heard this, she immediately became happy. She nodded, "Well! Good! Then go and have a look! "

Jiang Shan's shop also has high-end wedding dress customization. Her shop has expanded to two-layer dress counter, and the upper two layers are wedding dress design. She has collected the international top designers to design drafts for her, and she personally took the team to create one classic and perfect wedding dress by hand.

Therefore, her wedding dress and dress have always been the favorite of the upper class.

When Xing Yifan leads Bai Xia in, the waiters here all know their good news.

"Second young master, you are the second young grandma who bought the wedding dress! Our landlady has been asking when you will come over! "

Xing Yifan said with a smile, "yes, let's come here and choose. We're going to turn over my aunt's pressing box bottom."

One side of the white summer not from cover mouth funny.

"Second young master, our boss's mother has prepared her budget for your wedding. Let alone the bottom of the box. She is going to leave the shop to you when she retires!"

This is a message that Jiang Shan has been revealing all the time. She has no children. Only these three nephews are her closest children. She gives them all the industries behind her in the future.

Xing Yifan said seriously, "my little aunt will live to be 100 years old. She will take care of this shop by herself."

Just then, a mature and charming voice said, "it's no good living too long. I don't want to live long. I just want you young people to love and be happy."

I saw Jiang Shan step down from the second floor with a dignified evening dress. Her style and style could not tell that she was in her fifties at all, but still retained the flavor of her thirties.

"Xiaoyi, Xia Xia and I happened to be free to come to you. Did my mother tell you about our wedding?" Xing Yifan leads Jiang Shan of the white Xia Dynasty. Jiang Shan said with a smile, "except for your family, your mother probably told me for the first time, that's me."

"Auntie." Bai Xia calls.

Jiang Shan immediately looked at her with a smile. With her eyes on people for many years, she could see that Bai Xia seemed to have another temperament. It seems that Bai Xia would be an elegant and gentle young lady beside her nephew.

"Come on, follow me! I have prepared the wedding dress and wedding dress for you in advance, and you can see whether you like it or not. " Jiang Shan is also waiting for them to come.

Bai Xia takes Xing Yifan's arm and follows him upstairs. Jiang Shan's assistants immediately follow him to help him and serve him with tea and water.

Bai Xia looks at the whole display cabinet of more than 1000 square meters. She can't help but secretly wow. She only feels that as a woman, Jiang Shan is really powerful. She has such ability and runs such a beautiful business. It's really a career that women envy.

Bai Xia can't help but walk to the side of the window cabinet and appreciate one by one, because she really thinks everything is so perfect.

Xing Yifan sat on the sofa and followed Bai Xia's figure with a smile in his eyes. Jiang Shan sat down and said to Xing Yifan, "two days ago, your sister-in-law came here with Yutian. This little guy also wants a wedding dress and is going to be a flower boy at your wedding!"

"Yes, I decided to let Yutian be our flower boy." Xing Yifan nodded.

"I've measured her size and started to make it for her in the past two days. Look at this little guy growing more beautiful. She will be a big beauty in the future!" Jiang Shan now enjoys her sister's grandchildren.

"Family genes are good." Xing Yifan chuckles and praises, "little aunt, you are the top beauty!"

"Old, old, if I could go back to twenty, I would die of joy." Jiang Shan laughed and joked.

At the moment, Bai Xia stands in front of a window cabinet and looks at the wedding dress inside. Her eyes brighten. Although the wedding dress based on it is perfect, her heart is fascinated by the one in front of her.

It's so beautiful.

Jiang Shan said to Xing Yifan, "let's go and have a look. That's the wedding dress I prepared for Bai Xia. Ask her what she thinks."

Jiang Shan sees Bai Xia and stops on this wedding dress. She smiles and asks Bai Xia, "Xiao Xia, do you like this dress?"

"Well, I like it. It's beautiful." Bai Xia found that the words were poor.

Jiang Shan said to his assistant, "take it out and let Xiao Xia try it on."

"Auntie, I just want to enjoy it first." Bai Xia didn't want to trouble them either.

Xing Yifan announced the answer, "then try it! This is what my aunt prepared for your wedding. "

Bai Xia could not help but rejoice. "Thank you, aunt."

"I didn't expect that you would like this one most after seeing so much. It's really something I designed for you. It's a mixture of young, fashionable, romantic and dreamlike elements. I hope you really like it."

"I really like it. I like it at first sight." Bai Xia tells her feelings with a smile.

Xing Yifan on one side could not help but answer, "it's the same feeling that you fell in love with me at first sight!"

Bai Xia turned her head and smiled. "We don't seem to fall in love at first sight."

Xing Yifan choked slightly, and Jiang Shan beside him was already amused. Chao said, "Yifan, don't say, I've worried about your love situation, afraid of your late marriage."

"Why?" Asked Xing Yifan.

"Because you have a high cold temperament. You are handsome and scare away girls." Jiang Shan said her previous worries.

Chapter 1199

Bai Xia thinks that Jiang Shan is right, which is what Xing Yifan felt when she first met.

At this time, an assistant came to tell Jiang Shan that there was an order problem that needed to be solved.

Jiang Shan said to Xing Yifan, "I'll deal with the work first. You'll try first. Tell me if you're not satisfied."

"Little aunt, you go to work! We'll do it ourselves." Xing Yifan replied.

Jiang Shan and her assistant went to work, and Bai Xia was waiting for the waiter to take out the wedding dress in the window and try it on.

At this time, a bullying arm came around her waist. Bai Xia couldn't help looking up and bumped into a pair of eyes that were a little annoyed. Xing Yifan couldn't help bending down and said with thin lips in her ear, "next, I want to have a long-term relationship with you."

As expected, Bai Xia understood this sentence. She blushed and her beautiful eyes stared at him with a smile. "No!"

"Yes, who asked you to say to my aunt that you didn't fall in love with me at first sight?" Xing Yifan has some complaints.

Bai Xia blinked innocently, "I'm telling the truth!"

Xing Yifan can't help pinching her waist. "Next time, I'll be flustered."

Bai Xia, "...". How could there be such a bully! Does this hurt his male self-esteem?

"All right!" Bai Xia reached an agreement with a smile.

But Xing Yifan smiled, "when others ask me about my relationship with you, I mean, we live forever."

Bai Xia couldn't help but stare at him and beat his fist on his chest. "Don't say that."

The staff next to me, looking at the flirting look of the couple, couldn't help but think about it. It seems that this is another loving couple.

When the wedding dress was taken out, Bai Xia went in with the staff to try on it. Xing Yifan's men's dress was not in a hurry, so he sat on the sofa and waited for his bride to come out.

This wedding dress is tailor-made for Bai Xia, so everything is just right when you put it on. The style of chest wrapping makes Bai Xia, who seldom wears off shoulder clothes, start to feel uncomfortable.

However, the sanctity and ceremoniousness of the wedding dress make her cover up the shame. The girl in the mirror looks very beautiful in the wedding dress.

White summer's long hair, like black satin and waist length, collides with the white wedding dress and makes her skin like snow. When Bai Xia was ready to take a look at her back, she was so cold that she had a blank head and even blushed with embarrassment.

Last night, Xing Yifan branded several kissing marks on her shoulder and back! Bai Xia was so embarrassed that she wanted to explain that it was a mosquito bite. However, when she saw the waiter, she was very serious and didn't give her a different look, so she held back.

"Miss Bai, go out now and let the second young master enjoy it!"

"Can you call him in?" Bai Xia doesn't want to go out, because only two waiters serve her now. If she goes out again, more people will see the strawberry seal on her back.

"OK, just a moment."

The waiter came out, and after a while, Xing Yifan pushed the door in, and another waiter quickly smiled and quit.

Bai Xia stood under the soft white light. Her skin and wedding dress seemed to be covered with a layer of crystal clear white fog. The beauty made him breathe hard, and he dared not breathe too hard.

I'm afraid that she is a beautiful fairy, and the casting will disappear in his eyes.

Bai Xia is also enjoying herself in the mirror. The layers of gauze skirts are like clouds flowing around her, beautiful and dreamy.

She also saw the man walking behind her. She chuckled, some of her long hair shrouded in shame, revealing the strawberry imprint he had sucked on her shoulder last night.

Xing Yifan reached for her waist from behind. How thin and soft was her waist? He tested them one by one last night.

"It's beautiful." Xing Yifan looks at the girl in the mirror, he can't help sighing.

Bai Xia nestles in his arms and appreciates the two people in the mirror together. The feeling of happiness obviously covers them.

"I like it, too." Bai Xia said with a smile.

"The wedding dress is beautiful, my wife is more beautiful." Xing Yifan immediately turned into a prince of love talk. He even wanted to tell all the praise words.

Bai Xia has already felt his praise from his eyes. She knows her position in his heart without saying anything more.

Xing Yifan's eyes pointed to her long hair, but also left his last night's traces of war, he smiled low and kissed on it, "this is my result."

Bai Xia said to him that she could not help warning, "next time, you are not allowed to kiss obvious places. I'm sorry to see you."

Xing Yifan naturally listens, but will not do so, because he can stay as he likes.

Xing Yifan lifted her long hair and kissed her on her beautiful neck. Then he wondered, "how can I design a chest wrap for you? Do you have a shawl? "

Bai Xia can't help laughing and explaining, "that's how the wedding dress is designed! It's not very revealing! "Xing Yifan is still struggling with her perfect clavicle. He thinks to himself, go out in a moment and see if he can give her a suggestion.

"I'm still jealous." After Xing Yifan finished, he stood in front of her again, looked at her cheek, and imagined how to change it.

At this time, there was a knock outside the door. Jiang Shan stepped in. She looked at Bai Xia in her wedding dress. She could not help but sigh that she was so young!

"Xiaoxia, do you like it? Is there anything unsatisfactory? " Jiang Shan came over and gently put out her hand to tidy up.

Bai Xia smiled and shook his head. "It's beautiful, auntie. I like it very much."

Xing Yifan on one side raised his hand. "Auntie, I'm not satisfied."

Jiang Shan couldn't help turning to look at him. "What's wrong with you?"

"I think it's too revealing. Can you be more conservative?" Xing Yifan put forward his request.

This makes Jiang Shan laugh again. It seems that her nephew is very jealous!

"Auntie, I don't think it's a problem." Bai Xia said.

Jiang Shan carefully looked at Bai Xia's wedding dress. There was really no problem with the style. This is also the current popular wedding dress style.

"Auntie, if you don't change the style, do you think you can cover it?" Xing Yifan doesn't want to change it, because Bai Xia is really beautiful.

"If you are not sure, I will put on a light shoulder around Xiaoxia's neck. Moreover, this time the veil is long, so don't worry too much." Jiang Shan thought about his nephew's idea.

Xing Yifan is satisfied with this, holding Jiang Shan's shoulder, "or little aunt knows me."

Bai Xia naturally has no words to say, but Xing Yifan's idea is also because she loves her so much!

Take off the wedding dress, come out from Jiang Shan's shop, time unconsciously went to the afternoon. Xing Yifan takes Bai Xia home to have a rest for two days, so he goes to the wedding shop to prepare for the wedding.

Bai Xia was really tired last night. As soon as she got home, she wanted to lie down. Xing Yifan accompanied her upstairs to have a rest.

The new sheets are also very warm. Bai Xia is tired and nestles in Xing Yifan's arms and sleeps peacefully.

Xing Yifan is lying on one arm, turning the picture of last night in his mind. He can't help tensing up. He squints his eyes and just wants to wait for the girl in his arms to get enough sleep. Tonight, he will relive the beauty of last night.

Pei group, having met Pei Yuehuang and LAN Qianchen of their parents, also began to prepare for the wedding. In the afternoon, LAN Qianchen received the diamond ring design drawing sent by his elder brother.

It's a pair of very beautiful pair of ring design, without over exaggerated appearance, which is very classic.

Pei Yuehuang looks at it and likes it very much. When blue Qianchen sees that she likes it, she decides.

"My eldest brother's shop has arrived at a batch of diamonds with very high purity. He will put the biggest one on your diamond ring." Blue thousand Chen said to Pei Yuehuang.

Pei Yuehuang couldn't help laughing and said, "it's too big. Will you hold on?"

"My woman, she can afford it." LAN Qianchen's domineering answer.

Of course, Pei Yuehuang knows that the designer of the diamond will control it well. She doesn't worry about it. Now she is also going to get married. On the contrary, most of the company's affairs are on LAN Qianchen.

LAN Qianchen has handled everything well, which makes Pei Yuehuang think of her future life. It's nice to have a person standing by her side and moving forward side by side.

Chapter 1200

When Bai Xia woke up, it was already night outside the window. She sat up and stretched herself out. Xing Yifan was not around. She couldn't help being stunned, so she hurriedly pushed out the door to look for it.

Thinking about where he would be? Bai Xia heard a noise coming from the direction of the kitchen downstairs. She was holding on to the railings, only feeling a happy warmth.

She stepped downstairs, only to see the man in the kitchen changed into a black T-shirt, casual pants, in the bright kitchen light, directly staged a back kill.

Bai Xia looks at his strong and slender body. She can't help but walk by lightly. Taking advantage of the man's inattention, she puts her arms around his waist.

Of course, Xing Yifan knew that she woke up. When she went downstairs, he heard her footsteps.

"Awake?" Xing Yifan turned his head and looked behind him with a smile.

Bai Xia said, peering over his head from the side, looking at him cutting broccoli. He was going to make dinner.

Xing Yifan bent down and said to her, "wife, kiss me."

Looking at his face, Bai Xia can't help but pick up his toes and kiss him. Xing Yifan smiles and says to her, "go to the sofa and have a seat. It'll be ready soon."

"Well! I'll sweep the floor. " Bai Xia doesn't want to be too lazy. She also wants to be an industrious person.

After hearing this, Xing Yifan immediately turned around and earnestly advised, "don't sweep the floor, just sit on the sofa and don't move."

Bai Xia could not help blinking, "but I want to sweep the floor! I have to exercise! "

Xing Yifan, of course, is concerned about her body. She must have just experienced the first time last night. He is afraid of tiring her.

Listen to Bai Xia's reaction, Xing Yifan's bad hook lips smile, "Oh! Too little exercise? "

Bai Xia nodded, "yes! I didn't move much! "

"In the evening we'll exercise together. I'll let you move." Xing Yifan said with a smile.

Bai Xia immediately threw him a shy and angry look, "No."

Xing Yifan looked at her shyness and thought that her spirit was so good at the moment, so the evening would be better.

After Bai Xia came out, she didn't sweep the floor, but went to feed the cat. Two kittens were at home with each other. They didn't stick to them at all.

After Baixia fed the cat, Xing Yifan simply fried several dishes. Baixia washed one hand and went to the table, smelled the smell of rice in the air, looked at the man who came out with the soup again, and she took the initiative to come out with the rice.

Bai Xia takes chopsticks to pay for the food first. She smiles and raises her mother's finger. "It's great."

Xing Yifan reached over to her pretty face and said, "my goal is to make you fat before the wedding."

Bai Xia can't help but stare at her eyes, smile and refuse, "I don't want to, I don't want to wear my wedding dress."

"No, I see. You can wear it even if you put on five pounds." Xing Yifan likes her now, but at the same time, he doesn't mind that she is a little fatter.

Although Bai Xia refuses to gain weight, she still sits down hungry and starts to eat. She even thinks she can eat two big bowls!

Two people are talking about the details of the wedding and looking forward to the life after marriage. Bai Xia's heart is as sweet as eating honey.

In fact, as long as he is around, it's a safe and happy day.

It seems that her pursuit has become so simple as long as she is with him. After dinner, the two diverged for a while. When they came back, they played like children again.

Playing the game of stone, scissors and cloth to let the other side carry herself, Bai Xia always wins, so on the way, she is satisfied with Xing Yifan's broad back and giggles constantly.

All the way back to the villa happily, finally, Xing Yifan lost. Bai Xia could not help thinking that his small body could carry him, a man of one meter eight five, but Xing Yifan didn't want to.

He was afraid of crushing her accidentally. He put his arm around her waist and said, "let's punish in another way!"

Bai Xia asked curiously, "what's the change! I can carry your back. Come up and try. "

Now it's just beside the villa. There's no one around. It's covered by trees. Xing Yifan pinches her chin and a hot kiss falls down. He wants to punish her in this way more than carrying him.

A kiss seemed to make the air around him hot. Bai Xia was dizzy for a long time, only to find out that he went into the villa with shame.

A kiss seems to have upset the man tonight. Xing Yifan will not let her go.

Bai Xia's face is red. After sleeping in the afternoon, she feels full of energy. She doesn't know how to kill her energy.

"Let me draw a cartoon!" Xing Yifan of the white Xia Dynasty said that he had not worked for several days and was afraid of being born by hand.

Xing Yifan didn't want her to work. He squinted and said, "no, you have to accompany me at night."

"I'm with you!" Bai Xia is a little funny."But I don't want to be with you." Xing Yifan's body is deceiving her for a few minutes, and her voice line is hoarse.

The implied meaning in that tone, Bai Xia understood as soon as she heard it, and she could not help waving her hands and saying, "say yes, say no tonight."

Xing Yifan suddenly came forward and gave her a big hug. "Who told you that? I think you are very energetic tonight. How can you sleep without exercising? "

Bai Xia, "..."

Can this man stop making so many excuses? It's just that he wants to be bad. In fact, Bai Xia didn't really refuse him, but she was too shy, and thought it's not good to indulge!

However, for men, it's not excessive indulgence, but dissatisfaction!

Who let him endure so long, probably this period of time frequency will be very high, so, Bai Xia had better be prepared.

In another villa, the same happiness and sweetness are also performed on a couple. Pei Yuehuang has moved everything to LAN Qianchen's house, and they have lived like a little couple.

Pei Yuehuang used to think that it must be a very troublesome thing to live with a man. But after she really realized it, she knew that there was a man who was sometimes domineering, sometimes gentle, and who could take care of her three meals a day. It was so beautiful.

Obviously, she seems to have gained two Jin. Every day, she looks radiant and radiant. This is the breath moistened by love. Even her image of Gao Leng in the company can't be hung.

Because her face is always filled with a gentle and happy smile, which is like a little woman who can't hide.

It is also known that in this relationship, LAN Qianchen firmly grasped peiyuehuang's heart, and peiyuehuang met her real right man.

Early morning.

Bai Xia is holding some waist that can't be straightened up. She wants to complain about the men around her. She also wants to drive him out of the gym. She'd better spend his terrible physical strength elsewhere.

Otherwise, her life would be lost.

Xing Yifan is brushing his teeth and coming out. He hears his mobile phone ring. He takes a look and picks up his lips. "Hello! Miss me

Bai Xia is changing clothes and coming out. When she hears this sentence, she immediately looks at him with a small jaw. She has a small waist and a pair of warning eyes. What woman is his gentle voice saying good morning to!

Xing Yifan looked at the jealous girl beside him, and he could not help laughing and added, "of course, I miss you, but I miss you."

Bai Xia is biting his teeth. This man is openly in front of her, showing affection to other women? His skin is itchy, isn't it! She reached out and pinched him on his waist.

Xing Yifan immediately smiled and hissed, and the woman who answered the phone across the street heard it and asked curiously, "what's the matter?"

"No Nothing! " Xing Yifan didn't dare to complain, but in order not to let his wife turn into angry God, he immediately called out with a smile, "Xing Yinuo, what are you doing calling me this morning!"

Bai Xia's little face beside her was rich in expression. She immediately stared at Xing Yifan, angry and funny. This guy was intentional! It seems innocent to cause her misunderstanding.

Xing Yifan looks at her with a smile and listens to Xing Yinuo's words.

"I have two concert tickets in my hand. Liang Yao and I have no way to go. I want to give them to you and let you take your second sister-in-law to join us."

"Concert? I'm not interested. " Xing Yifan wants to refuse.
