Chapter 1201

At this time, Bai Xia immediately reached out and pulled at him, indicating with her mouth that she wanted to go, and she wanted to go very much.

Xing Yinuo at that end said with a smile, "you don't want to ask sister-in-law's opinion, either! I think she should like to go. "

Xing Yifan had to smile and said, "OK! I'll take her to your house to collect tickets at noon and go to your house to have lunch! "

"Come on! I can't wait to improve my relationship with sister-in-law! " Xing Yinuo is ready to drink.

"Good! It's settled. We'll come after ten. " With that, Xing Yifan hung up.

Bai Xia has already stared at him angrily, "you have to provoke me, don't you?"

"Well, next time I dare not." Xing Yifan used to make her cry because of this incident. At this moment, he regretted it again. Just now, he had a thought of teasing her.

However, now Bai Xia can't be so easily misunderstood, that is, her husband. If he dares to provoke her, she should educate her well.

"Who needs a concert?" Bai Xia was immediately interested in the concert.

Xing Yifan picked up his mobile phone and said, "check it! Let's see who's going on sale tonight. "

It suddenly occurred to Bai Xia that last night she was in the street. It seemed that she saw the singer propaganda of the concert, and she was also a male singer she liked.

"I know who it is, even Shaofeng." Bai Xia said excitedly.

Xing Yifan, squinting her eyes, directly interrupted her enthusiasm. "Never heard of it."

"He's famous, he sings well, he's handsome, he's very talented..." Bai Xia still wants to count the singer '.

"Dare to praise other men's good in front of me, was it too gentle for you last night?" After Xing Yifan finished, he took Bai Xia in his arms and asked, "who is more handsome than him?"

Bai Xia couldn't help but chuckle and coax her husband, "you are handsome, you are handsome."

"The concert is over." Xing Yifan suddenly ordered.

Bai Xia could not help looking at him disappointed and shaking his arm, "please, go! I'm just going to listen to songs, not to see people. "

Xing Yifan naturally knew that her heart was his. He chuckled, "OK! It's OK to go and meet my requirements. "

"You said, I can meet all the requirements. Just accompany me to the concert." Bai Xia really wants to go and join the party. He must be young! There is still a passion for music.

Xing Yifan's eyes were filled with danger. He immediately held the woman in his arms and said, "you can say that all the requirements are met."

Bai Xia finally knew what he was going to do, and she was immediately ashamed to death. "Xing Yifan, can you control a little?"

"No."

When they went downstairs again, it was already 10:30. Bai Xia's pretty face was still red, while the men around him were satisfied to go out.

Xing YINUO and Wen LIANGYAO now live in a luxury apartment area in the center of the city, which is also convenient for Xing YINUO's work. This area is also full of people in the same circle, and the communication is very good.

The environment is first-class and the security is also top-notch.

Xing YINUO's job now is to accompany his daughter more. Wen LIANGYAO also put down all his work and accompanied their mother and daughter.

The little guy is over one year old, very cute, pink, like a little doll, Xing YINUO is full of girl's heart, and dresses the little guy cute every day.

Anyone who sees it wants to hold this little guy.

Xing YINUO takes his daughter to play on the cushion under the sofa. Wen LIANGYAO goes to the supermarket downstairs to buy vegetables. It's also to greet Xing YIFAN and his wife for a while.

At this time, the video of Xing YINUO's family rings. She smiles and holds her daughter to open the door for Xing YIFAN downstairs.

After a while, Xing YIFAN led Bai XIA to stand at the door, and Xing YINUO immediately warmly invited him, "second brother, second sister, come in quickly!"

Bai XIA is also unpredictable. She will become Xing YINUO's second sister-in-law one day. Xing YINUO is her favorite actress, and none of them.

She felt that she was just like a stream in the performing arts circle. She had no gossip and relied on works to speak. Every work was a masterpiece.

She doesn't need to hype, she doesn't need to rely on variety show. She has already gained a lot of loyal fans, not only at home, but also abroad.

But Bai XIA looks at her arms holding a small doll made of powder and jade. She thinks Xing YINUO under the camera is more beautiful and feminine.

"A promise." White summer Dynasty she called a sentence.

Xing Yifan can't wait to hold her niece in her arms and kiss her on the pink face.

"Call an uncle to listen!" Xing Yifan said to his niece.

Xing Yinuo couldn't help laughing. "She only calls her parents. You have to teach her well." The little guy calmly sucks the pacifier and looks at the handsome uncle. His big eyes are curious. Xing Yifan immediately says to the little guy, "come, read to me, uncle!"

The little guy didn't cry, but he was tickled to giggle. Those big black eyes were about to pop.

Bai Xia is also on the side, looking at this beautiful little guy in awe, touching her little arm, which is as white and tender as lotus root. It feels very comfortable.

"Then you can be ready to have a child after marriage." Xing Yinuo asked them with a smile.

Xing Yifan shook his head and said, "for the time being, I don't want to have children. I want to talk about the two-year world."

Bai Xia couldn't help laughing and said, "it's not planned yet!"

"Nothing! You are still young. You can go through two worlds first. When you have children, you will have a little rival." Finish saying, Xing Yi Nuo's eyes, looking at her daughter, clearly doting.

The little guy didn't know that she was rejected by mommy. She opened her eyes innocently. The little face, which combined all the advantages of her parents, was tender and tender.

Xing Yifan said that he didn't want to have a baby, while holding his niece, he sat on the cushion next to him, put the little guy down, and played there.

Bai Xia also noticed that Xing Yifan likes children very much, so she won't insist on having children two years later in her heart. Let's go with her after one year! Because their world needs a child, it will be more lively.

After a while, the door opened, and Wen Liangyao came in with a bag of vegetables. As a top gold medal producer, he has all kinds of identities, but how powerful he is outside. In this family, he is a father and a wife maniac.

A white white shirt, with dark linen pants, leisure without loss of elegance, Wen Liangyao's warm breath, increased the taste of mature men.

Wen Liangyao is the kind of person who gives people a sense of internal security, which is not about money and status, but his unique temperament.

Being held in the palm of his hand by such a man will surely be the happiest woman in the world. Over the years, Wen Liangyao has always put her in the most important position on the top of her heart, not letting her suffer a little grievance, and willing to give up everything for her, because giving Xing YINUO happiness is his most important career.

Wen Liangyao is like a ray of light in the years. He is gentle in appearance, firm in heart, introverted and powerful, and has a broad mind to accommodate everything.

Xing YINUO still lives like a girl these years, because he dotes on her. She has childlike innocence and knows the true meaning of loving a person. She actively responds to Wen Liangyao's efforts, making the two hearts more closely connected.

"Daddy..." Before Wen Liangyao put down the bag, he heard a sound of milk and milk. He was accompanying Xing Yifan to play with him. He immediately got up from the landlord, some stumbled and rushed towards his father unsteadily.

Wen Liangyao immediately put down the bag, squatted down, and firmly caught his daughter. The little guy immediately held him in his arms, "Daddy, Daddy..." I can't stop shouting.

Xing YINUO smiled and Bai Xia felt the warmth of his father and daughter. It seems that with a child, life is more fulfilling!

"Yifan, here you are." Wen Liangyao came with his daughter's smile, and he smiled at Bai Xia.

"It seems that our promise really has a rival in love. Now, you can't fight for it!" Xing Yifan joked to his sister.

Where does Xing Yinuo still have the idea of competing for favor in his eyes? She looks at her daughter and dotes more.

Wen Liangyao's eyes fell on his wife's body. The two people's eyes were intertwined and full of love.

Bai Xia and Xing Yinuo on one side also smile at each other. Bai Xia is so happy to see Xing Yinuo have such a happy marriage.

Chapter 1202

Wen Liangyao's cooking skills are not covered. Bai Xia found that all the men in Xing family like to cook, and the cooking skills are first-class.

Bai Xia is right. Even Xing liehan, Xing Yifan's eldest brother, has been a master in recent years. Because cooking for his family is also a way to spoil his wife.

After lunch, Xing Yinuo will take the little guy to a nap. Xing Yifan and Bai Xia also say goodbye.

Bai Xia is also very looking forward to the concert in the evening. Just go to the vicinity of the concert, or hang out. Bai Xia used to be alone and now has Xing Yifan.

Her whole life is more like the outside life. It's not like she used to stay at home for a week without going out.

Beside the large art gallery of the concert, there are already many people who buy some concert props, and many fans have come to wait in advance.

Tonight's concert is a very lively one, because Lian Shaofeng's popularity in recent years is not low, and he will be assisted by mysterious guests tonight!

Xing Yifan looked at the man on the flyer, and he was very young and handsome indeed. But as for the masculinity of the man, he thought he was better than others.

It's said that men with girlfriends will become childish invisibly. Maybe now even Xing Yifan hasn't noticed how childish he has become.

Xing Yifan and Bai Xia are waiting in the nearby coffee shop. They are not in a hurry anyway, but there are people all around here, and there are many young girls.

Xing Yifan is using his mobile phone to deal with the mail. Bai Xia also looks at the interesting news, and hears a girl behind him screaming in a low voice.

"My God! How handsome! "

So, on the table behind Bai Xia, five girls look at Xing Yifan boldly. Maybe there are many people! Several girls are attracted by Xing Yifan's lazy figure sitting on the sofa.

Xing Yifan's simple dark shirt, with casual black trousers, is more simple and luxurious than the handsome men nowadays, as well as the high cold and ascetic temperament. It's just the kind of man who wants a woman's life.

Such a man, probably every woman met, would like to ask the number, even if refused, will not feel the kind of shame.

Several girls chose a girl with thick skin and great courage when pushing mulberry. Her slight body is full of courage. She leaned down and said, "well, if I can get his phone number, you can pay for my concert ticket tonight."

"Go on, go on! If you give me his phone number, I'll pay for your dinner. " The most beautiful girl, with a promise on her face, because she knows that she has the best chance among the flower crazy girls.

However, they ignored the girls opposite Xing Yifan, and Baixia, with the back of her head facing them, naturally ignored them. Moreover, in this society, fair competition now!

The main thing is that Xing Yifan's charm is too great. Even if these girls tear off their shameful coats, they all want to get close to him.

Bai Xia is wearing earplugs, enjoying her milk tea and watching the new animation. It's really wonderful to spend such a leisurely time.

Xing Yifan, on the other side, is also answering the email with his mobile phone. When he sees someone coming from the sofa beside Bai Xia, his eyes immediately rise vigilantly. When he sweeps past, he sees a girl in a skirt coming towards him with a smile on her face.

"Hello, handsome boy. I came here instead of my friend. My friend is very interested in you. Can you leave her a contact information?" The girl is ordinary and brave.

Xing Yifan narrowed his eyes and swept to the table of four or five girls from behind her. The girls immediately showed their most charming smile and waved to him.

Xing Yifan's eyes look at the girl immersed in anime on the opposite side. He can't help being funny. Her husband is being seduced. Is she not aware?

Because Bai Xia was looking sideways, she really didn't find Xing Yifan accosted.

Xing Yifan said to the girl, "I have to consult my wife about this."

With that, he leaned over and waved to the opposite Bai Xia.

Bai Xia immediately looked up at him, took off his earplugs, and asked curiously, "what's the matter?"

In front of her eyes, the little girl turned her head and saw Bai Xia. She couldn't help but murmuring.

My God! The handsome man's wife was so pure and beautiful. She felt a little ashamed and embarrassed at once. She quickly chatted up and smiled, "nothing, nothing. Excuse me."

Then she hurried back to their table.

Bai Xia couldn't help but look at Xing Yifan and wonder, "what's the matter? What happened to that girl just now? "

Xing Yifan didn't want to tell her the truth. He smiled and said, "nothing, that girl came to ask me to borrow the charger. I said no."

Maybe it would be fun to tease her, but Xing Yifan found that it made her mind more peaceful and meaningful.

So, meaningless things, he didn't want to do. Bai Xia bent his lips and smiled at him and said, "I want to drink your coffee!"

Xing Yifan hands her coffee. Bai Xia takes a drink with a cup in her hand. With her long hair folded, she looks around at the crowd.

And the girls at that table also saw Bai Xia's face. They felt a sense of being second. They were convinced.

It seems that such a handsome man can only be matched by fairies. They'd better enjoy it.

Outside the concert, a woman entered a batch of goods and immediately occupied a position. She opened the goods word for word and solicited fans from all around to buy them.

This woman is wearing an ordinary T-shirt. Her hair is tied behind her head. The sun is still shining in the afternoon. She holds a silk scarf around her head to avoid sunburn.

This woman is no one else. It's Ye Jiamei. She heard that there is a concert here. These props are very easy to buy, and the profit is very large. So she came here.

Just after the divorce, her money was transferred from her card. Now, her life is in an awkward place. What's worse, Hu Sheng and his wife are also fighting for divorce. The affair of Hu Sheng and Ye Jiamei cheating on each other and having children secretly spread.

Hu Sheng's divorce case was also unsuccessful. His fierce wife took all his assets over the years and let him leave the house clean.

Ye Jiamei wanted to rely on Hu Sheng. Now Hu Sheng's ability to resist pressure is too weak. Once divorced, he lost his fighting spirit and began to rely on wine for a living. Ye Jiamei let him roll directly.

Ye Jiamei is now old and has no education background, so he can only rely on some fast money if he wants to make money.

It's already four o'clock. The fans from all over the country are very large. These are ordinary tickets. Xing Yifan and Bai Xia have VIP seats, so they are not in a hurry.

At about half past six, Bai Xia and Xing Yifan came to the entrance hand in hand.

"I'll buy some bracelets and fluorescent sticks." Bai Xia feels that there is no shortage of such things as going to a concert, and there is more atmosphere.

Xing Yifan then accompanies her to go up to those stalls beside her. Ye Jiamei, who has just finished greeting a guest, immediately wants to wave to take the guest from the stall beside her. When she looks up, she looks away in a panic.

She never thought that a city of Nuo would let her meet Bai Xia and Xing Yifan.

Ye Jiamei quickly droops her eyes and covers her face with a silk scarf. She looks like this. She can't let Bai Xia see her. She is afraid that Bai Xia will laugh at her and step on her.

However, Bai Xia and Xing Yifan bought it at that stall. Bai Xia happily held it in his hand and Xing Yifan naturally held her and walked towards the entrance.

Ye Jiamei looks at Bai Xia and Xing Yifan jealously. In the crowd, she can feel their love.

She couldn't help but heave a breath. She was in a trance. Looking at Bai Xia's direction, she had to admit that it was a very wrong thing that she used such means to force her mother to death and bully his father.

If when she was young, like Bai Xia, she wanted to find a man she liked, it would not fall to this level.

Chapter 1203

She watched her attract guests all afternoon, but only bought one-third of the props and made more than 100 yuan. She could not help tears in her eyes.

However, at this time, she didn't rely on her back. She had to put down her self-esteem and face to make money because of the living expenses of her children and the pressure of life.

She knew that in this life, she would never be able to get up again, her reputation would be bad, and she did not know who had spread her news. In the past, her sisters who were engaged to play mahjong were all laughing at each other, taking her deeds as the laughingstock after dinner.

She once tried to borrow money from them, only to find that all the phone numbers had blacklisted her and blocked her.

Ye Jiamei rings her arm and wants to cry. However, when a guest comes, she greets him with a smile. This is the real life, forcing her to bow her head.

Bai Xia and Xing Yifan find their place. The atmosphere is very warm. Bai Xia is also excited.

Xing Yifan's mood is not high. He is here to accompany Bai Xia. His heart is full of jealousy.

The concert began with a very warm atmosphere. Bai Xia and Xing Yifan were close to each other. Xing Yifan's arms were tightly around her waist. Bai Xia's eyes reflected the light on the stage and looked at Lian Shaofeng singing and dancing on the stage. She was like a small fan.

But don't know her side, a pair of deep and quiet eyes, sour looking at her, Xing Yifan's heart will be filled with jealousy, the first time I saw, in Bai Xia's eyes, it was not him, but the singer on the stage, even if I knew that she was just admiring, but his heart was so not the taste.

Around eight o'clock, Xing Yifan brought Bai Xia out. Bai Xia experienced the mood of fans and followed him willingly. She looked at the man who was eating all night. She smiled and held his arm. "Angry?"

Xing Yifan didn't want to be angry. He took her in his arms and said, "no! I just want to come out and walk. "

"Good! Then I'll walk with you. I'll have a good time. " Bai Xia holds his arm tightly, and his eyes are full of him.

She knew that because of watching the concert, the man's mood was upset, and she was still trying to please him.

Xing Yifan looked at her with a pitiful look of atonement. All the emotions in his heart disappeared. He held her in his arms and burned a kiss on her forehead.

"Let's go. I'm hungry. I'll have some more food."

Bai Xia nodded and smiled

Tonight, Pei's group has a meal that can't be pushed away. The only thing the other party invites is Pei Yuehuang, the group's president. However, LAN Qianchen is also present with PEI Yuehuang.

At the banquet, I happened to meet Zhao Dong, who pursued Pei Yuehuang.

Zhao Dong's idea of Pei Yuehuang is that he is a thief, because Pei Yuehuang is the goddess in his mind. Now, he has been eliminated. Pei Yuehuang looks up to a man three years younger than her, which makes Zhao Dong unhappy.

Zhao Dong, who sat at the table and drank two glasses of wine, began to drift a little. He knew that peiyuehuang and LAN Qianchen were already preparing for the wedding, but he didn't have a chance. Then, he was addicted to his mouth and wanted to do things like throwing his anger.

"Young master LAN, do you think you can eat Yuehuang? I'm a little worried about you! " Zhao Dong's mouth, he began to shut the door.

LAN Qianchen always stares at Pei Yuehuang all night. He also has a very big opinion. He lightly replies, "you don't need to worry about it. I love Yuehuang very much."

Pei Yuehuang has found blue Qianchen's mood. Her hand gently holds his hand under the table, and she will be on the wine table. She doesn't want blue Qianchen and Zhao Dong to have a conflict.

"Ah! You don't know the charm of Yuehuang. It's a man who has seen it. He must be fascinated! " Zhao Dong said, looking at Pei Yuehuang, she said, "Yuehuang, I haven't forgotten you. You are in my heart, but no one can replace you."

"Zhao Dong, you have enough." Pei Yuehuang's face was cold and her eyes were alert.

"So say! Woman! There is a man who can bring down her. If he can't, he will be disgraced. I think young master LAN is so young and his career is not as good as that of Yuehuang. I'm afraid there will be many troubles in the future! " Zhao Dong means that Pei Yuehuang will lose sight of him in the future and dump him.

LAN Qianchen's handsome face is angry. When he is ready to fight back, peiyuehuang, who is next to him, stands up and pours the cup in front of him on Zhao Dong's face. "Pa!" A sound of water sounded, Zhao Dong the whole person of the spirit of the wake up a few minutes.

Pei Yuehuang's cold eyes stared at him angrily, "try one more sentence."

All the people in the business circle were shocked by Pei Yuehuang's arrogance at the moment. Zhao Dong immediately stood up angrily, "Pei Yuehuang, you are too much."

"If you dare not spit Ivory out of a dog's mouth, I will have to wait for you more." Pei Yuehuang says coldly.

LAN Qianchen gets up, grabs Pei Yuehuang and warns Zhao Dong, "dare to make fun of us again, I will not let you go."Zhao Dong immediately retorted, "Lan Qianchen, what else can you do to me?"

"Although my husband is young, his business ability is very good. Zhao Dong, your company is in frequent situations. You'd better be careful." Pei Yuehuang said, and said to LAN Qianchen, "let's go first!"

This sentence, with a hint of warning.

Zhao Dongli's face changed. He knew the crisis behind the warning.

Pei Yuehuang now has blue Qianchen's help. There are many recent trends. Do you want to start with his company?

Zhao Dong's wine woke up half at once.

Blue thousand Chen accompanies Pei Yuehuang to come out, Pei Yuehuang's vision gentle looks to the nearby man, "Zhao Dong's words, you don't go to the heart."

LAN Qianchen smiled and held her shoulder. "Don't worry, I don't put others' words in my heart at all. I just want you around me."

Pei Yuehuang reached out and patted him on the shoulder, "although I am now the president, one level higher than you, I will give you this identity after I get married!"

LAN Qianchen shook his head and stared at her seriously. "No, you are more suitable than me."

"But..." Pei Yuehuang is worried because there are so many rumors outside. She is worried that his male self-esteem will be damaged.

As for the rumors in the company, LAN Qianchen is very clear. Everyone thinks that he will marry her only if he wants to embezzle her family property.

From the initial anger to the present calm, LAN Qianchen felt that it was not important for people outside to say anything. What was important was that their hearts depended on each other.

"Yue Huang, don't worry. I'm willing to be the man behind you. Even if people outside misunderstand us, we can only live our own lives." LAN Qianchen is so willing that he can't be stabbed even by bad language. Pei Yuehuang put out her hand and held his face painfully, "but I don't want to I love you. I want to be the woman behind you. "

Blue thousand Chen's heart not from gush up a burst of move, holding her hand, "go back first!"

Pei Yuehuang followed him out and asked the assistants to leave on their own. She was sitting in LAN Qianchen's car. Suddenly she felt a little tired. This kind of tired was not mental, but physical.

"Are you tired?" LAN Qianchen asked immediately.

Pei Yuehuang shook her head. "Maybe it was a few meetings today."

Pei Yuehuang said, after thinking, what did she think of? She said to the blue thousand Chen beside her, "when you pass the drugstore, go in and buy something!"

LAN Qianchen immediately understood what she was going to buy. His handsome face panicked, "it's not me..."

Pei Yuehuang looked at him in such a panic, and she was also in a panic. "It shouldn't be. I'm just testing my peace of mind."

Because one night, without safety measures, LAN Qianchen said she wanted to buy it, and she loved him for running in the middle of the night, so she was still in the heart of luck.

Is it really that accurate? One time without good measures?

LAN Qianchen sees a drugstore in front of him. He stops in the driveway. "Wait for me in the car. I'll be right back."

Peiyuehuang nodded, "Well! Go! "

Chapter 1204

LAN Qianchen bought five test sticks at a time. When he handed them to Pei Yuehuang, Junyan was still tense, because this kind of thing, for him, should not be committed.

Their wedding hasn't been held yet, and he doesn't want to be so hasty.

Looking at the test stick bought by LAN Qianchen, Pei Yuehuang's mood suddenly relaxed again. She thought, it should be fun to have a baby!

This is the change of a woman's mind. Maybe she said she didn't want a baby one second ago, but when there is a real life in her body, it seems that the whole world is soft and warm.

Will immediately accept and look forward to the arrival of children.

"I don't think so. Don't worry, Yuehuang." LAN Qianchen hopes not now, because he also wants to give her a romantic wedding, and then, the honeymoon trip after marriage, although he also likes to have a child, he hopes that is a year later.

Pei Yuehuang looked at him with a smile and raised her eyebrows slightly. "If there is one, do you want to be a boy or a girl?"

Blue thousand Chen's eyes immediately excited surprised a few minutes, "are you sure you really have it?"

"I'm assuming! Do you like boys or girls! " Pei Yuehuang wants to hear from him.

LAN Qianchen's eyes fell on her gentle face, and he said definitely, "I hope it's a girl! A girl as beautiful as you. "

Pei Yuehuang chuckled. She hoped it was a boy, a handsome boy like him!

"Go home! Go home and test it, whether it's true or not, let's all look forward to it! "

LAN Qianchen's speed slows down, and she drives very carefully. Pei Yuehuang's eyes are tender, as if all her thoughts are changing after meeting LAN Qianchen.

Is this the power to love someone? All her previous thoughts have been reversed.

How could she have wanted a child before? How could you want to get married?

Now, she not only wants to marry him at once, but also wants to have a child with him, maybe another one, full of vision for the future life. "Yuehuang, I'm sorry! I was too impulsive. " Blue thousand Chen turns to show her apologetic color.

If he held back that night, and waited until he bought the security measures the next day, there would be no such fright.

Pei Yuehuang smiled, "what's wrong with you! That night is definitely my initiative, OK? "

"Then I should refuse you..."

Pei Yuehuang immediately pretended to be angry, "what? Do you dare to refuse me? "

Blue thousand Chen immediately frightens to turn to look at her, hurriedly changes mouth, "no, I am not this meaning."

Pei Yuehuang could not help giggling, "please! You are serious, but I really don't blame you. That night, even if you refuse me, I won't let you refuse. "

"Why?" Blue thousand Chen tiny eye.

Pei Yuehuang puffed her cheeks and said, "don't you know that I have endured so many years, and the demand is great! I'm almost thirty. "

Blue thousand Chen resists the impulse that wants to laugh, still a face serious answer way, "good, then I do everything possible satisfy you."

Pei Yuehuang nodded with satisfaction, "OK! Then you have to satisfy me. "

This is the couple's daily life. Even if we say some dizzy jokes, we don't feel embarrassed.

LAN Qianchen's car drove into his villa. When he got off, he quickly walked around the front of the car to the front passenger seat and opened the door to Pei Yuehuang, who had the bag in front of him.

Pei Yuehuang has a sweet heart. It's lucky to have such a thoughtful husband!

Pei Yuehuang is still wearing high-rooted shoes today. She steps down, tall and slim, very charming.

LAN Qianchen reaches for her hand and takes her into the hall. Pei Yuehuang says to him, "I'll go to the bathroom."

"I'll be with you." LAN Qianchen quickly follows.

Pei Yuehuang said with a shy smile, "no, you are waiting for me here."

But LAN Qianchen followed her to the bathroom door and looked at the closed door. His slender body was leaning against the wall outside the door.

A soft yellow light sprinkled down his head, which made the tense and excited expression on his face show no doubt.

Blue Qianchen leaned on the door frame for a while, and then stretched out his hand to support the door frame. From his action, he could see that he wanted to know the answer very much.

"Yuehuang, are you ready?" Blue thousand Chen asks inside.

Pei Yuehuang has been tested. When she found out that what she tested was a stick, she had a deep loss in her heart. She didn't have a bosom!

She thought about it carefully, it must be that she was coming soon, so she felt a little tired these two days.

Pei Yuehuang opens the door. She looks at the anxious man outside. She sighs, reaches for him and hugs him.

"What a disappointment! Not pregnant. " Pei Yuehuang finished and continued to hold him.

LAN Qianchen doesn't know if she is in love with her or if she is relieved, because there are still many things to be busy when she wants to get married in the near future. If she is pregnant at this time, she will be very tired. He would like to wait for the marriage, they are ready to have another child, so that she will be more relaxed.

"Will you wait a little bit longer about the children? When we finish the wedding, if you want children, we will. " Blue thousand Chen gentle comfort voice.

Pei Yuehuang was buried in his arms and said, "OK!"

Finish saying, Pei Yuehuang hugs him not to let go, like so hugs him, relies on him to rest.

Blue thousand Chen is smiling to clap her shoulder, "go to sofa to have a rest."

Pei Yuehuang takes his arm and goes to the sofa together. LAN Qianchen sits down and holds her.

Pei Yuehuang lies on the sofa and puts her head on his thigh. There is still some loss in her eyes.

"What I didn't like most before was children. I thought children were very noisy and noisy. However, just now in the car, I suddenly expected to have a child that belongs to us. I suddenly felt that the child was so lovely." Pei Yuehuang smiles and shakes her head.

Blue thousand Chen is smiling to reach out to comb her long hair, "is it? I've always liked children. My eldest brother's baby is about to be born. If you like it, then let's go home more and have a look!"

Pei Yuehuang smiled and nodded, "OK! I can also learn how to take care of my baby from beginner in advance. "

Blue Qianchen leaned down, and her thin lips were burned on her red lips. Pei Yuehuang was lost and went crazy. She put her arms around his neck to deepen the kiss.

Blue thousand Chen low smile, dumb voice way, "that I satisfy you well tonight."

Pei Yuehuang's face was very hot. That joke was a big one just now. However, she liked being with him very much.

A false alarm, but inexplicably make two hearts more hot, tonight, is bound to be a sleepless night.

Xing Yinuo's villa. Xing Yifan has just come back with Bai Xia in his car. They took a walk. It's ten o'clock by now.

Bai Xia is also very satisfied today. She saw a concert and spent a romantic night with Xing Yifan.

In the concert, there were so many people, and naturally I was sweating all over. Xing Yifan of the white Xia Dynasty said, "I'll take a bath first."

"It's time to wash it together!" Xing Yifan's words shocked humanity.

White summer pretty face a red, reject him immediately, "no, wash separately."

"Is there any difference?" Xing Yifan asked her with a smile, "if we wash together, we can still control the cost of water!"

Bai Xia couldn't help laughing, "I don't think you can't afford the water! You can't afford it. I can. "

Xing Yifan is a little speechless. Is the focus on water fee? The point is that he wants to bathe with her.

Already together, what else can I be sorry for? Xing Yifan insisted, "wash together."

Bai Xia immediately turned around and went upstairs. He ran upstairs and gave him an answer from the second floor, "no, I'll wash first."

Xing Yifan immediately took a long leg and two steps to follow him. Bai Xia heard the footsteps behind him and immediately chuckled and rushed to the bathroom. "Xing Yifan, don't rob me."

Xing Yifan watched her rush into the bathroom, and he suddenly thought of something. In the morning, he took out the bath towel in the bathroom and washed it in the sun. The woman had to beg him for a while.

As soon as Bai Xia went in, he seriously stuck out his head and ordered the man in the room, "don't come in!"

Xing Yifan chuckled, "you will ask me to come in later."

"No!" Bai Xia is very sure that she will not wash with him.

After a while, Xing Yifan heard the sound of water. He sat on the sofa with his arms on his back, waiting for the woman to beg for him.

Chapter 1205

Bai Xia took a very attentive bath. After washing, she wiped her hair with a white towel. When she reached for a bath towel, she felt an empty space. She couldn't help but look at it and was silly.

Where's the bath towel?

In a word, she did not find a bath towel in the bathroom cabinet, which made her standing in the bathroom want to cry. She spread her long wet hair and quietly pulled out the door of a silk bath towel.

Call out to the door, "Yifan! Are you there? "

"Well! I am! " Xing Yifan's tone forced a smile.

"That What about the bath towel in here? "

"Oh! I washed it in the morning. I'll dry it outside! " Xing Yifan replied with a smile.

"Then Please take it for me! Find me a pajama, too! " Bai Xia has no foundation now. She can only plead with the men outside.

Xing Yifan chuckled, "I remember you said just now, I'm not allowed to go in."

"Just pass it to me outside the door. You don't have to come in!" Bai Xia said with some embarrassment.

Xing Yifan stood up. His long hand had already unbuttoned his shirt and headed for the bathroom.

As Bai Xia was still opening a little door, she could not help thinking happily when she heard footsteps coming. She must have sent her bath towel.

"Open the door!" Xing Yifan said in a low voice.

Bai Xia immediately opened the sliding door. However, instead of waiting for her bath towel, she saw a man come in naked, and he didn't hold it either.

Bai Xia felt cheated for a moment.

"Xing Yi..." Before the words are finished, the kiss of the man's punishment falls down. If you dare not wash with him, the end will be very miserable.

Then wash it with him again.

This evening, Bai Xia only learned one thing. In the future, bath towel must be prepared in advance, otherwise, the consequences can't bear it!

Early in the morning, Bai Xia held up her straight waist and looked at the man around her with some complaints. Xing Yifan sat up with a smile and rubbed her waist tenderly with his big palm. "Wife, I'm sorry."

"You said it!" Bai Xia looks back at him.

Today they had an appointment with a senior wedding company, so they went out after breakfast in the morning.

Bai Xia doesn't have a specific concept about the wedding, just hope it's a romantic and beautiful wedding.

After arriving at the wedding company, Bai Xia and Xing Yifan were received by the top planning team and sat in the spacious and elegant box, enjoying the VIP treatment.

Bai Xia is looking at the scene map arranged on site. There are many classic scenes in it.

There are romantic, dreamlike, effect pictures under various colors of lights. However, Bai Xia likes sunshine, so she hopes the wedding will not be held indoors, but outdoors.

At this point, Xing Yifan listened to her, but he didn't have any opinions on one side, so he let Bai Xia choose. When Bai Xia discussed with him, it was also the final decision of Bai Xia.

This made several unmarried girls in the team feel extremely envious. They received a lot of big weddings, many of which were made up of men.

There are very few things like the one hand work done by the woman.

Bai Xia is carefully looking at the scene layout renderings, and the locations at home and abroad can be selected. Bai Xia hopes to hold it in China, because she thinks there are many good venues in China.

Among them, Bai Xia takes a fancy to an island, which is just less than two hours away from the city center. It is a holiday resort, with many villas to live in, and invincible sea view, quiet and undisturbed.

"What about this island? How beautiful! " Bai Xia looks at the landscape above, and praises it.

"Miss, you have a good eye. This is the most popular island in our country. We are very satisfied with the new weddings on this island! You can think about it. It's a great venue. " The female manager smiled and said, with the financial resources of the Xing family, even if the rent of the island is more expensive, it doesn't need to be considered at all.

Bai Xia was moved. She looked at Xing Yifan, who was also satisfied. He nodded and said, "you can make up your mind!"

This is what he said most here. It's not that he has no right to speak, but that he has given Bai Xia the right to speak.

Bai Xia smiled. "Do you agree?"

"Well, the venue is very good. It's close to our downtown. In addition, the villa hotel can provide guests with rest. The scenery is good and the transportation is convenient. It's very good." Xing Yifan will also come out with the most pertinent opinions.

Seeing that he thought so, Bai Xia smiled and nodded, "then choose here!"

After Bai Xia finished, he went on to study some details of the wedding, such as the color of the flower, the color of the table top, and the kinds of flowers to be used on the style. If the new couple

had any requirements, the wedding company would do its best to meet them. Bai Xia only chose the venue. For the next details, she needs to go home and choose slowly, because it's impossible to choose well in a short time. Xing Yifan receives a call from LAN Qianchen. They just chose this wedding company. They will come here in the afternoon.

It's really the marriage of two good brothers, but it's also lively.

Xing Yifan took Bai Xia out to have a lunch at noon. In the afternoon, they went home to choose the details of the wedding together.

Around two o'clock in the afternoon, the figures of LAN Qianchen and peiyuehuang came, and they were received by another team.

It's said that Xing Yifan's wedding venue was chosen on the island. LAN Qianchen and peiyuehuang are going to choose other places. Anyway, their wedding is in the front, plus another week's interval. It's not easy to choose the same place to decorate the scene. It's better to avoid it.

Pei Yuehuang also likes outdoor weddings. Because the indoor wedding is too oppressive, Pei Yuehuang chooses a villa outside the city as the venue.

For them, a lot of guests are in the local area, so there is no need to go abroad, so the guests are also struggling. As long as the lovers are together, where the wedding is held, it is sweet and happy.

The evening sunlight, sprinkles in the courtyard, white summer sits on the sofa on the broad balcony of the two floors, she has already spent some time to select some details.

Too many choices, her head is a little tired, Xing Yifan made her favorite coffee, full of milk flavor.

Bai Xia took over the delicate coffee cup, bent his lips and smiled, "thank you, husband."

Xing Yifan was attracted by her smile. He leaned down and kissed her on the forehead. "You're welcome, wife."

Finish saying, he sits next to, reach out hand gently embrace come over, Bai Xia relies on him, holding coffee to enjoy, "I selected some detail respect, circle up, you see later."

"I believe in my wife's eyes." Xing Yifan finished, and kissed her hair again.

"Give me some advice!" Bai Xia pleaded.

Xing Yifan nodded. "OK, let me have a look now. Have a coffee and have a rest."

Bai Xia follows him and Xing Yifan looks at the place she checked. Bai Xia's vision is really good. This wedding will be very romantic.

Bai Xia put down her coffee and even after drinking it, she was still a little lazy. She couldn't help but pillow Xing Yifan's leg and say, "I'll squint for a while."

"Well! Sleep! " Xing Yifan patted her gently. Bai Xia closed her eyes and looked at her for a day. She was really tired. She fell asleep soon.

But the sun in the evening is still dazzling. Although Bai Xia is asleep, Xing Yifan's big palm gently covers her eyes to block the sun for her. This careful action is more comfortable for Bai Xia.

This scene, there is a sense of time and quiet.

Next to the flower bed, two kittens are chasing after each other. The sunset in the distance is accompanied by a beautiful and spectacular sunset, hitting a pair of men and women on the sofa.

It's very warm.

After watching it, Xing Yifan also made some checks. He didn't want to put all the pressure on Bai Xia, so she would be too tired.

Xing Yifan looks at the girl on her lap from time to time as she chooses. Bai Xia breathes evenly, just like a sleepy cat, not his legs, looking for the most comfortable position.

Xing Yifan bent down and kissed her face several times.

Chapter 1206

Pei group.

The sunlight in the early morning refracts under the dark glass curtain wall. Pei Yuehuang and LAN Qianchen step in hand. Their relationship has already been open in the company.

However, the message fragments in the company always exist. In their eyes, LAN Qianchen is just a person who just climbed up from the legal department. He is young, handsome and can catch up with the female president of the company. That's the same life.

So, behind the scenes, there are many male employees who are very reluctant. They come earlier than LAN Qianchen. They are also very confident about their appearance and figure. How can LAN Qianchen climb up?

The whole Pei group in the future may be his. That's the peak of life. So, some male employees dare not say anything on the surface, but they have been mocking LAN Qianchen for eating soft food.

At the moment, looking at the figure standing beside Pei Yuehuang, several male staff who also rushed to work behind them were immediately envious. Pei Yuehuang is the goddess in their mind. If she can match her man, it must be the same family. How can a small legal service be the first step?

Moreover, now that LAN Qianchen has become the vice president of Pei group, the chances of becoming the president of the company in the future are quite certain.

For today's young men, this kind of life is so beautiful. Can this society, as long as it has the appearance and value, make women happy and get all this?

They are very despised this kind of soft food, and often hope that this opportunity will come to their own contradictory ideas.

LAN Qianchen holds peiyuehuang's hand. In the company, he naturally knows that his identity has been discussed. He doesn't want to pay attention to it, but he can get rid of such messages.

"Qianchen, go to the office first. I'll talk to the personnel manager." Pei Yuehuang walked into the elevator and smiled at the man beside her.

"OK, I'll wait for you in the office." Blue thousand Chen clenches a lip to smile, stretch out a hand to press her back brain spoon, kissed on her forehead, "I make coffee for you!"

"Let Xu Min cook!" Pei Yuehuang said with a smile.

"I think I cook better." LAN Qianchen is very willing to do it by himself, because at his home, she praised the coffee he made is very good.

Because of this praise, LAN Qianchen decided that he would make coffee for her when he had time.

Pei Yuehuang's heart is still sweet and Zizi. Sometimes, men say it's the same thing, but when they say it, they take care of her feelings everywhere. It really makes her feel spoiled in a man's heart.

It's so happy.

"All right! Then I'll come up and drink the coffee my husband made for me. " Pei Yuehuang reached for his shoulder. Originally, she was one meter and seven, plus high-heeled shoes. She was only half shorter than blue Qianchen!

Pei Yuehuang is down on the floor where the personnel department is located, and LAN Qianchen is up.

Pei Yuehuang walked towards the office of the Ministry of personnel. She walked through a corridor and smelled a smell of smoke. She frowned and looked at a hidden corridor nearby. It was clear that there was a regular smoking area. Who dared to smoke in the office.

Pei Yuehuang turns a corner and sees three men squatting on the balcony smoking. She wants to have a drink and scold these three people. She hears them talking and a name.

Blue thousand Chen.

I saw a male staff member snorting, "what's the best way to eat soft food? Why can others eat it as soon as they eat it? I have eaten it for so many years, and no female president likes me. "

"You read too many novels! Where do so many female CEOs look up to you? What's more, even if you look up to you, you must have the hardware conditions of blue Qianchen! "

"A small legal staff has become a vice president. I think there must be a lot of people in our company who are not convinced. I am one of them. Why! I also want to be liked by Mr. Pei! "

"Maybe they'll cajole people. That's a good job. Look at you. You've been sitting in the office for a long time. What do you look like?"

"Yes! Last time I saw him fighting, it seemed that he was still practicing! "

"As you say, I'm going to the gym now, and I'm going to practice Taekwondo. I'm going to hook up a female president and climb into her bed, and my life will be at its peak."

Finish saying, a few men issued a few wretched laughter.

But they didn't know that in the shadow behind them, a cold figure stood, listening to their reputation of destroying blue Qianchen here.

Pei Yuehuang didn't show up. She turned around and went to the personnel department. She walked straight into the manager's office and said in the first sentence, "there are three male staff smoking in the corridor. You let them go, no matter which department they are, and immediately let them go."

Pei Yuehuang's voice was domineering and powerful. The HR manager immediately paid attention to it. When she came out, she asked the assistant to check who was smoking in the corridor.

The two female assistants immediately got up to check. Pei Yuehuang's face was also very ugly. At this moment, she was sitting in the chair beside her, with a beautiful face pondering, as if thinking about something. "Mr. Pei, I have uploaded the recruitment documents to the Internet, and the vacancy will be filled as soon as possible."

Pei Yuehuang pointed out several important positions in particular. We must recruit talents who are satisfied with her, and we can't be careless.

After Pei Yuehuang finished, the assistant knocked on the door and reported the position of the male staff who had just smoked in the corridor. Pei Yuehuang said coldly, "let them pack up and leave immediately."

With that, she stepped out of the office of the personnel department and went straight to the direction of the elevator, but her face was still a little worried.

What Zhao Dong said that day made Pei Yuehuang still think about it. She was still very uncomfortable. Who dared to look down on LAN Qianchen? The feeling of being insulted was to hit her directly, or even hate to hear that.

Before, although she knew that there were some gossip in the company, they were all fighting for her and LAN Qianchen.

But just now, when she heard the words of those male staff members, she found that the misunderstanding of these male staff members to LAN Qianchen was even greater, and it was simply unbearable.

Pei Yuehuang bit her lips and was so angry that she stuck her waist in. These people didn't know that she and LAN Qianchen didn't compete with each other in terms of identity. Apart from their age, everything was the most suitable and right.

Pei Yuehuang got angry for nothing. She narrowed her eyes and began to think of ways. She could not let her man suffer this kind of grievance.

Soon, Pei Yuehuang's mouth was crooked. LAN Qianchen's low-key identity has been revealed. Pei Yuehuang happens to know a very well-known business reporter. She has also been interviewed by Pei Yuehuang and published in her family's business magazines.

And famous and authoritative.

Pei Yuehuang thinks that he should not tell LAN Qianchen about this for the time being, but LAN Qianchen always despises others' comments on him. He is not afraid of shadows.

However, Pei Yuehuang can't accept that her man is despised by others.

After Pei Yuehuang comes up, LAN Qianchen sits on the sofa to read the documents, and there is also a well brewed coffee nearby.

"Back?" Blue thousand Chen hook lip a smile, picked up delicate white porcelain cup to pour a cup of coffee for her, add proper sugar and cream.

As soon as Pei Yuehuang entered the door, she saw blue Qianchen's smile, and half of her anger was gone.

She sat down, took a sip of coffee, picked up her cell phone, and she said to him, "let me take some pictures for you! I don't have a picture of you in my cell phone! "

Blue thousand Chen can't help chuckle up, "good!"

With that, he immediately put on an elegant posture and looked at her camera. Pei Yuehuang in order to take some handsome photos for her husband, she can't help but get up, incarnate as a professional photographer, take her mobile phone, and create a very good light and shadow effect!

"Come on, smile." Pei Yuehuang encouraged.

Blue thousand Chen purses a lip, Pei Yue Huang says immediately, "you smile very handsome, really, it is the man that I have seen smile best to see."

Blue thousand Chen is in her words, not from wheeze, smile again, that one pair of star eyes all curved into last string month general.

Chapter 1207

"Come on, let's go to the French window and have some more. I want to take your figure. My husband has a great figure." Pei Yuehuang comes here, reaches for his arm and pulls him to the window.

LAN Qianchen's body and mind are still very happy. He has to put on some handsome and charming postures at the suggestion of his wife and become Pei Yuehuang's imperial male model.

Pei Yuehuang's heart pounded every time she looked at the man in the camera. Under the camera, blue Qianchen's face, which has no dead angle at 360 degrees, was so handsome that it made her drool.

Finally, Pei Yuehuang took a picture for a long time, and she thought it was enough. She sat down, drank coffee and looked at the picture. LAN Qianchen could not help sitting next to her, and asked curiously, "why do you take so many pictures of me?"

"Enjoy it! When you are not by my side, I can look at the pictures to solve my missing Pei Yuehuang will not tell him the truth for the time being.

Blue thousand Chen just laughs, "I will always be by your side."

Pei Yuehuang takes a look at the itinerary beside her. Today's work is not too heavy. In terms of documents, LAN Qianchen can handle it. She has become a casual worker.

"I'll ask my friend out for morning tea and talk about the company's image expansion business. You can stay in the company and sit down!" Pei Yuehuang said to him.

LAN Qianchen nodded and said with a smile, "go and relax! Company to me. "

Pei Yuehuang sits beside him with a smile, holds his handsome face and looks at it for a few seconds. He takes the initiative to brand a kiss on his lips, "I'll be relieved if you are here."

LAN Qianchen kissed her on the forehead. "I'll take you there."

"No, you are in the company! I'll drive by myself. I'll be around anyway! " Pei Yuehuang didn't want him to know that she was going to see the business magazine. "

Pei Yuehuang came out with the bag, and she dialed the phone of her friend. As expected, she made an appointment soon. Naturally, in her capacity, she made an appointment very quickly.

Pei Yuehuang will be in a nearby coffee shop and ask the other party to bring the record book. She wants blue Qianchen's figure to appear in the magazine within this week. At that time, she will let the employees of the company, one by one, give her a good look. Her husband doesn't have a dry meal.

Pei Yuehuang's thoughts at the moment are so childish.

In the coffee shop, the female reporter immediately brought the guy who ate.

"Yue Huang, you look more and more moist recently. I heard that you have a boyfriend and are getting married soon, right?" The female reporter said enviously.

Pei Yuehuang said, "how do you know? Where did you hear that? "

"You are the goddess of a group of male employees in our company. I don't know where they learned that. In a word, they have broken their hearts."

Pei Yuehuang is not surprised. Now her relationship with LAN Qianchen has been spread in the company, and it's also normal that it's spread to people outside.

Pei Yuehuang gathered her long hair and said happily, "yes, I'm going to get married soon."

"Congratulations, I also want to ask for a drink!"

"Please, how can you be less!" Pei Yuehuang has something else to cooperate with!

"Then may I ask what your other half does?" The female reporter is also a gossip.

And that's why peiyuehuang came to her. She said with a smile, "I'm here on behalf of my husband, asking you to do an interview for my husband and write an article about him."

"Really! Good! Let's start! I'm short of goals! " The female reporter said excitedly.

When it comes to LAN Qianchen's career, it naturally starts with his family and his strong academic background. Naturally, there are also several successful financial cases abroad. Pei Yuehuang doesn't need to exaggerate, because LAN Qianchen is so excellent.

The female reporter is recording the information in detail, and at the same time, she can't help but secretly wow. As expected, it's a genius who is worthy of Pei Yuehuang!

What's more, through what Pei Yuehuang said, of course, she believed it, which made her really want to see her husband!

It's the invisible rich second generation plus talented people.

Pei Yuehuang also talked for more than an hour. The female reporter happily collected the materials. She asked curiously, "Yuehuang, talk about your love history! I just want to add a sentence below to let people know your sweet love. "

Pei Yuehuang can't help but think of the first time she met LAN Qianchen. She's funny. However, their love history is really sweet.

Pei Yuehuang omitted the first meeting and wrote it directly on a banquet.

"Does your husband have a picture? It's better to have some high-definition photos. "

"Of course." Pei Yuehuang finished, picked up her mobile phone, turned to the photo just now and handed it to her, "you choose one and see which one suits you."

The female reporter picked up the photo and looked at it. It was just the first one. She said, "your husband is so handsome!"Of course, she also wants to say that she is so young! However, she can see that LAN Qianchen seems to be smaller than peiyuehuang, so she's smart.

Pei Yuehuang smiled, "younger than me, too."

"Where, Mr. Pei, you are also very young!"

Pei Yuehuang said to her in a good mood, "choose one!"

"Wow! Either one will do! " Finish saying, female reporter can't help but turn to see the last one all the time, because she is also attracted by blue Qianchen's handsome appearance and wants to see it all.

Finally, the female reporter found three photos with the best light treatment, and Pei Yuehuang sent them to her.

"When can I get into a magazine? I hope it's soon. " Pei Yuehuang said to the female reporter.

"I try to write in the afternoon and send our latest issue of the magazine in the evening. Besides, I will give a front page and a cover!"

"Good!" Pei Yuehuang was also very satisfied.

The two men ended their chat and shook hands to see each other. Pei Yuehuang breathed a sigh.

When she drove back to the company, she saw LAN Qianchen reading the documents carefully in the office. She couldn't help but feel distressed and encircle his neck, "tired or not?"

"Not tired!" LAN Qianchen reached out and pulled her to her arms. "Are you finished meeting the guests?"

"I'm done." Pei Yuehuang reached out and stroked his Mo hair, "do you know? Now if others bully you, I feel worse. "

"Are you upset by the company's gossip? You can ignore it. " Blue thousand Chen comforts a sentence.

Of course, Pei Yuehuang doesn't care about it, but she has already shut these people up.

Wait another three days!

"Tonight, I asked Yifan to come out for dinner with his girlfriend. Let's have a meeting!"

"Good! We have a restaurant. " Pei Yuehuang nodded.

LAN Qianchen and Xing Yifan have just made an appointment for dinner. They are going to get married soon. It's time to get to know each other. In the future, they may also be the two families who have made good friends!

Xing Yifan and Bai Xia are also preparing for the wedding. At noon, they ate at Xing's house and reported on the wedding. Jiang LAN and his wife asked them to make their own decisions. They would not interfere. Moreover, Jiang Shan asked Bai Xia to choose what they liked as much as possible.

Obviously it's about letting her not care about money.

Bai Xia will stay here in the afternoon and teach Xing Yutian how to draw. Xing Yutian also likes her very much and pesters her all the time. Bai Xia also likes this lovely and innocent little niece very much.

Bai Xia's painting skills are admired by Xing Yutian's children. With Bai Xia's teaching, she has made a lot of progress in her painting. The painted animals are very spiritual.

Xing Yifan is chatting with his father. Xing Zhengting hopes that he will develop in the company in the future. Now the company is growing larger and larger, and the lawyer group is short of people. In the future, Xing Yifan may become the chief lawyer of the company's lawyer group, specializing in the legal affairs of the company.

This is Xing Yifan's strong point. Xing Yifan agreed to stay in the company and serve his own company.

In fact, Xing Yifan is also very accurate about the future direction. He hopes to give Bai Xia a stable home, not because he is separated from her in terms of work. That is to say, if he stays in his own company to work, he can stay with her forever. Anything can be with her.

Moreover, his family's business is also his goal. Big brother stands on the front line and carries the company all over the world, while he works together to maintain the stability of the company's giant ship.

Chapter 1208

Around 4 p.m., Xing Yifan and Bai Xia are going to leave, because they have dinner about blue Qianchen.

Hearing that the little aunt was about to leave, Xing Yutian's big eyes immediately turned red, tears rolled down without any sign, pulling Bai Xia's skirt.

"Wuwu Auntie, don't go... "

This makes Xing Zhengting and his wife in the hall laugh and cry. They look at their little granddaughter's sticky appearance. They are sad and funny.

Bai Xia also squatted down in pain, reached out to wipe tears for her, smiled and comforted, "Tian Tian, will you teach me next time when my aunt comes here? Don't cry. "

Xing Yifan also felt that this soft and sticky little crying bag was so cute that he reached out and picked up Xing Yutian. "OK, this Sunday, my uncle will come to pick you up and play with me. Will you let your little aunt paint with you for a day?"

Xing Yifan's words have a great effect. Xing Yutian immediately flattens his mouth happily and nods obediently, "OK, that's what you say, pull the hook."

Xing Yifan accompanies her to pull the little finger. Xing Yutian's immature voice line says loudly, "pull the hook, pull the hook. It's the dog who doesn't speak."

Jiang LAN came and held her granddaughter in her arms. "OK, goodbye to my uncle and aunt! I'll send you to my uncle's house this Sunday. "

"Well, goodbye, aunts and uncles." Xing Yutian is still very reluctant.

White Xia Dynasty in front of a pair of gentle loving husband and wife said, "Dad, mom, then we go first."

Jiang Lan said with a happy smile, "go! Have a good time. "

Xing Yifan leads Bai Xia out. As soon as he comes out, he sees his eldest brother's car coming back. Xing liehan gets off with his wife and son. Today, there is a basketball match in Xing Yixi. The two couples accompany him to cheer on.

"Yifan, don't you eat at home?" In the eyes of Xing liehan's younger sister and sister-in-law.

Xing Yixi, beside Tang Siyu, called politely, "uncle, aunt."

Bai Xia looks at each other with a smile. She is surprised to see this handsome young man for the first time. Mingming's so young brother and sister-in-law have a 15-year-old son. What's more, they are really handsome! I don't know how many girls are young in the future!

"No, Xia Xia and I have dinner with friends tonight, and we will come back to get together some other day." Xing Yifan said with a smile.

"Good! Then come back together next time, we just went out with Xiaoxi today. " Tang Siyu looks at Bai Xia and says, "Xia Xia, did you go to the wedding company?"

"I just went to have a look yesterday. There are still many details under discussion."

"Good! If you need any help, just let us know. " Tang Siyu is full of elegant artistic atmosphere, which makes her exude a goddess like atmosphere.

At this time, a happy voice came, "Mommy, Daddy..."

Tang Yutian's little figure is like a little butterfly wearing flowers, and immediately runs to Xing liehan's side. Xing liehan holds her firmly in his arms when the little guy jumps. Xing liehan wants to panic when he doesn't see his baby daughter in one day.

Xing Yixi also came forward, teasing his lovely sister, and his eyes showed his brother's love.

"Well, then slow down and come back next time." Tang Siyu said to Xing Yifan.

Xing Yifan and Bai Xia get on the side car and open the door together.

Bai Xia waves with Xing's family in the car and looks at the family of four in the yard. She can't help admiring.

"Yifan, what do you say we need children earlier?" Bai Xia asked at a whim.

Xing Yifan immediately refused, "no, say a year later."

"Why, I think children are lovely! Just like xiaoyutian, I feel like I'm going back to my childhood when I stay with her all afternoon! "

Xing Yifan naturally doesn't deny that his little niece is cute, but he will come all the way. However, for the children, he will definitely want it in the future, but now, Xing Yifan just wants to love his wife well.

"Let it be! Anyway, we haven't even got married. " Xing Yifan comforts me.

Bai Xia looks forward to it. "What do you think our children will look like?"

"It must be lovely, too." Xing Yifan chuckled.

"Hope is to focus on our strengths." Bai Xia said expectantly.

Xing Yifan narrowed his eyes, turned his head and said, "just look at you. In my eyes, you have no shortcomings."

White summer's heart is infused with honey in an instant, sweet and Zizi's, she laughs, "it's not bad to be like you! My husband is so handsome. "

When Xing Yifan was at the traffic light, he saw that there was still 90 seconds left. He put his hand around her and kissed her on the face.

Bai Xia immediately pushed him with a smile. "Don't do this. Go home and kiss whatever you like."

Xing Yifan's eyes are not forced by Jingliang. "OK, you said, I can kiss you as much as I want. I remember."

Bai Xia, "..."

Pei's group, after a day's important work, LAN Qianchen and Pei Yuehuang are ready to start. It must be the first time that the future wives of two good brothers meet. We must pay attention to them."Let's go! They should go. " LAN Qianchen leads his woman out.

Pei Yuehuang walked into the elevator, resting on his shoulder on one side of his cheek, holding his arm, which was also very sweet.

At this time, the elevator door stopped at the first floor and opened. In front of it was waiting for a group of employees to get off the elevator. Leng buting was fed a wave of dog food.

And it's from their president and vice president.

Suddenly a group of employees quickly chat up and smile, "Mr. Pei, Mr. LAN, we will wait for the next time."

Blue thousand Chen slightly nodded, shut the elevator, all the way to the underground garage.

LAN Qianchen takes Pei Yuehuang to the appointed restaurant.

Xing Yifan and Bai Xia arrived first. They sat in the reserved box and chatted.

Looking out of the window at the spectacular scene of the sunset, the mood is calm, as if there is no anxiety. Looking at such a sunset, you can imagine how bright and beautiful tomorrow morning is.

Ten minutes later, there was a knock outside the door. Then, the waiter opened the door and stepped into LAN Qianchen and peiyuehuang from behind.

Xing Yifan and Bai Xia immediately smile and stand up to meet them. Bai Xia and Pei Yuehuang are also happy to see each other. They must have known each other's existence for a long time, but they never had a chance to meet each other.

"Introduce, this is my wife Pei Yuehuang." LAN Qianchen introduces them to Xing Yifan and peiyuehuang.

"This is my best brother Xing Yifan, next to his future wife Bai Xia." LAN Qianchen is not sure whether Xing Yifan and Bai Xia have obtained the license, so he introduces it.

Xing Yifan added with a smile, "it's already my wife."

Blue thousand Chen immediately chuckles, "move so fast! Don't tell me a word

Xing Yifan looked at him and joked, "aren't you faster than me?"

In an instant, four people looked at each other and laughed. They sat down and began to order.

Four people ordered a good meal and began to chat. In order to adjust the atmosphere, Xing Yifan and LAN Qianchen naturally exposed each other's embarrassment in studying abroad. It made Bai Xia and Pei Yuehuang laugh to tears. Bai Xia also knew about Xing Yifan's school days from LAN Qianchen's mouth. Fortunately, Xing Yifan was called the girl insulator by LAN Qianchen.

And Xing Yifan also digs out the embarrassment of blue Qianchen for everyone to enjoy.

This is probably the fun of young men!

The atmosphere has been very good. I also talked about Bai Xia's study abroad. Pei Yuehuang started to take over the company's hard life at the age of 24. She really wanted Bai Xia's life.

Because she is so relaxed and unrestrained, Bai Xia also admires her strong female nature, and every woman wants to be stronger.

But, obviously, no matter how powerful a woman is, when she meets the right man, she will still change back to the posture of a little woman, willing to return to the soft side of a woman for her beloved.

It happened that the two new couples talked about the wedding. Naturally, the topic was too much to have enough time.

"Bai Xia, let's go out to relax some other day! I think it can be organized before the wedding. " Pei Yuehuang hasn't been so happy for a long time, because she has been a strong woman for too long. She asked her to work all the time she needed to play. Now, she wants to make up for it.

"Good! I also want to go out for a walk together. "

LAN Qianchen and Xing Yifan also agreed. They discussed that they would find a quiet holiday in China for a few days because they were close to the wedding.

Soon, four people have settled on a picturesque holiday village. We can start next week.

Four people ate until 9 p.m. because it was too late, two pairs of people began to go home.

Chapter 1209

I had a very good time tonight. This is probably the time for young people. They have the same topic and the same vision for a good marriage.

In the evening, Xing Yifan didn't forget Bai Xia's words in the car in the afternoon. As soon as he came back, he executed them. Bai Xia was going to die of shame, and understood the terrible cost of the disaster.

All the way to the room, he couldn't even turn on the light, and Xing Yifan was going to get to the right place.

Pei Yuehuang is sitting in the vice driver's seat of LAN Qianchen. Her mobile phone rings. She picks it up and happily picks it up. "Hello!"

"President Pei, the manuscript has been written. Would you like to have a look? After reading it, it's just in time for the issue that we will publish in three days after 12 o'clock."

"No, I'm sure you won't let me down." Pei Yuehuang said that she didn't want to find fault, and she also trusted each other's handwriting.

"Well, in three days' time, I will send the batch you want to your company. The cover is too urgent. I didn't have time to change it. I'll get your husband's photo again after the next batch."

"OK, no problem, then I'll wait for your good news." Pei Yuehuang said, hung up the phone, she didn't ask to be on the cover, but she was afraid of her husband's thin skin, so the publicity with the inside page has been very satisfied.

LAN Qianchen looks at her curiously. "Who has a phone? What's the good news? "

Pei Yuehuang chuckled. "Secret, you will know later."

"A secret you can't tell me?" LAN Qianchen asked with a curious smile.

Pei Yuehuang immediately pacified, "anyway, it's good news. Don't worry about it! You'll know then. "

Blue thousand Chen certainly won't be many heart, he is looking forward to this secret!

Three days later.

Last night, Pei Yuehuang received another call from the female reporter. The printing magazine will arrive in the morning tomorrow, so Pei Yuehuang will come in the morning. However, she came first alone. LAN Qianchen's family packed up her clothes and went to dry cleaning.

Pei Yuehuang arrived at the company at 7:30. Xu Min received a phone call and Qu Hao came together.

"You send a couple of people over and send these magazines, ten copies to each office." Pei Yuehuang echoed Qu haophen.

Qu Hao immediately called several of his staff. They held the magazine and began to deliver it to each office. The whole floor operated by Pei group was delivered.

At about eight o'clock, the employees were just on their way to work, but their office had already placed magazines in advance. Because they could not reach one for each person, they would surely have ten in each office.

Pei Yuehuang looks at the magazine. The cover character of this issue is a business tycoon recently, whose identity also proves the authority of the magazine.

She turned to the high-end paper cover on the third page. Blue Qianchen's handsome picture was presented in high-definition, and her mouth corner could not conceal her smile.

I didn't expect her photography skills were good. Moreover, the girlfriend cooperated very much. She made a small layout with the photos of brother LAN Qianchen and President LAN Qianhao of Lan group. The two brothers were in the same frame.

Xu Min and Qu Hao on one side still don't understand. At this moment, when they see the boss's smile, they know the secret.

They are very clear about LAN Qianchen's identity. They also know that he and his boss are rich young masters.

But there are a large number of people in the company who don't know. They are chewing the tongue with their love every day, just taking this magazine to fight.

After the magazine was issued, Pei Yuehuang went out to the breakfast shop that he had arranged with LAN Qianchen.

This matter, she is very attentive, so, personally to do it, she was happy.

LAN Qianchen also wondered why she went to the company in the morning.

"Is there anything important you have to do yourself?" Blue thousand Chen worry of ask a way.

Is there something wrong with the company?

Pei Yuehuang chuckled, "yes, there is one thing, which is very important. I must do it myself, so I can feel at ease."

"What is it?" LAN Qianchen stares at her curiously.

Pei Yuehuang also brought out a magazine. She handed it to the man across the street. "No, this is a new issue of magazine. Have a look."

LAN Qianchen looked at the magazine and smiled, "isn't this the most famous business magazine in the business world? You ordered it, too? I remember my big brother was on the cover! "

"Turn it over and have a look at today's issue!" Pei Yuehuang urged him.

Blue thousand Chen not from smile look at her, look at her this tone, is there any mystery inside?

Blue Qianchen just turned to the third page, his star eyes can't help but slightly gaping, he directly smiled, "that's why you want to take photos for me last time?"

Pei Yuehuang's face immediately became serious and explained, "Qian Chen, don't you get angry? I know you don't want to be too high-profile about your identity and background, but I think you need these. I don't want people in my company to comment on you like that. I want them to know that it's not you who are superior to me, but we are the right couple. "LAN Qianchen listened to her words, his eyes filled with emotion, and he also looked at the woman in the opposite side seriously. "Thank you for doing all this for me, I'm very moved, and I'm not angry at all."

Pei Yuehuang laughs and lets his identity be announced. She is happier than him.

"You're my husband. I don't allow others to talk behind my back. If anyone in the company dares to talk, I'll be fired immediately." Pei Yuehuang is furious and makes a sound.

LAN Qianchen could not help comforting him. "I'm afraid he won't dare to say it again. He's afraid of you."

"I want them to know that my husband is the best." Pei Yuehuang finished, she reached over, blue Qianchen immediately reached over and held her hand.

The warm morning light outside the window came in. The eyes of two people looking at each other and smiling clearly reflected each other's faces, as if they had already carved into each other's souls.

The employees of Pei group arrived around 9 o'clock. When they saw the magazines in the office, they competed to read them. They didn't need to turn many pages, but only to the third page. They were shocked and looked at the handsome young man in the magazine.

They finally know that LAN Qianchen is not a small legal staff. His identity is so good. Moreover, he is the second young master of Lanshi Jewelry Group, which has a big brother who controls the jewelry industry. Moreover, his education has shut up a group of people.

Those who had talked about him behind his back and felt that he could not afford Pei Yuehuang felt a hot cheek, as if they had been slapped for no reason, and they all wanted to take back the previous words.

Now, LAN Qianchen's identity in Pei's group has been perfectly reversed. Everyone is talking loudly, thinking Pei Yuehuang's vision is really good, believing that this is a perfect marriage.

After breakfast, Pei Yuehuang and LAN Qianchen went back to the company hand in hand. When they met the staff, their eyes changed. They looked at them, and there was no different look.

Those male employees who thought they could marry the female president back home like LAN Qianchen finally understood that people in the world who did not work hard could not have such an opportunity at all.

What's more, LAN Qianchen is handsome and hardworking, and has a first-class family. Even if he controls the executive power of Pei group in the future, it's because he has the ability.

It's not a good place for another person!

Pei Yuehuang calls Xu Min when LAN Qianchen goes to the meeting.

Xu Min immediately told her some information he had collected.

"Mr. Pei, when I went to send the information below, I found that all the people in the company were talking about master LAN ER! Who dares to say that young master LAN Er is not worthy of you this time. "

"That's what I want."

"Take out the education background of the second young master LAN. They are all crushed! What's more, his achievements are so great. People in the legal service must be shocked. They thought he was a young lawyer who just started his career! "

"Even if he's new, that's the best." Pei Yuehuang's eyes showed her pride in her men.

Xu Min immediately chuckled, "Mr. Pei, can you consider the existence of my single dog! Your dog food is enough for all of us. "

Pei Yuehuang immediately said to her, "Qu Hao is good! You take the chance! "

Xu Min's face suddenly turned red. "Mr. Pei, don't make fun of it."

Chapter 1210

Bai Xia and Xing Yifan are preparing for one thing these two days, that is, on Sunday, they will take their niece Xing Yutian to play at home. For a six-year-old girl, they are really worried about wronging her.

It must be that if this little guy starts to cry, it will really hurt him.

Bai Xia is also worried because she has no experience of taking children, so she must be ready, for example, to buy toys, brushes, and to send two sets of Princess skirts to the little one.

Make sure that the kids are happy to play in their home. In the shopping mall, Xing liehan pushes the cart and looks at the girl who stops in front to choose a gift. His eyes are full of laughter.

He has a strong and determined idea that if Bai Xia has a baby in the future, it will be a very motherly person.

This makes Xing Yifan suddenly want to change his mind. If Bai Xia wants children ahead of time, he also accepts that there must be children around him. That must be a good thing, and life will be more fulfilling.

"Just in time, my little niece came here once. Let's have fun with the kids." Xing Yifan's chin, beautiful face, silently attracted the eyes of women around him.

He must be a man with a magnetic field.

"Good! It happens that we need to experience such a day. " Bai Xia is carefully selecting the children's book and answers him.

Bai Xia picked out a book and turned to him with a smile. "How about this one? I think it's lovely, and the story is very attractive.

”

"my niece is six years old, but she is not very literate. You have to read it to her."

"Good! I'll read it. I think she'll like it. " Bai Xia finished, and put it into the cart that was about to be pushed full.

"What snacks does she like to eat? Can we prepare some? Although we can cook by ourselves, we still need some snacks. " Asked Bai Xia.

Xing Yifan thinks about what niece likes to eat. It seems that this girl likes to eat chocolate, but her eldest brother and sister-in-law don't allow her to eat too much, because she is now in the time of changing teeth, and two front teeth have fallen out, and she is changing new teeth.

"Forget it, don't buy it. The time of the day has been filled by you. I don't think she has time to eat." Xing Yifan stops her from preparing snacks.

Bai Xia had to give up. Xing Yifan said to her, "but Yutian has two days to come. You can buy some of your own food."

Bai Xia thought about it, as if there was nothing she wanted to eat. She shook her head and said, "I don't want to eat it. I'm afraid of being fat. Now I'm the one with the wedding dress. In case I'm fat and can't wear it, I'll have to ask Xiaoyi to change it again!" Bai Xia sticks to her own desire.

Xing Yifan was directly amused by her. I didn't expect that his woman's willpower was so strong!

Finally, she is checking out. Bai Xia hopes that she will pay for it this time. Her new aunt should buy a gift for her little niece.

"Don't rush to pay with me for a while. I have to pay today." Bai Xia turns to the man behind him and tells him.

Xing Yifan raised his eyebrows slightly and said, "why? Have you paid for your contribution recently? "

Bai Xia's contributions are just enough for her living expenses. If she saves a little, she can save some money.

"Well! I've sent it. Don't worry. Your wife and I have a job. " As a strong and independent woman, it is her dream to pick eyebrows proudly.

Xing Yifan didn't want to beat her confidence. He nodded, "OK, my wife is promising."

When checking out at the counter, Bai Xia took the card and brushed it. She didn't care about today's bill at all. She still felt that she had bought less gifts for her little niece.

After buying toys and so on, Bai Xia is going to the brand children's clothing store upstairs to buy two more Princess skirts for the little guy. Listen to my mother-in-law, now the little guy gets up every day, and it must be princess skirts to wake up.

At a young age, I love beauty so much. I must be a beautiful woman in the future.

Bai Xia has never been in a children's clothing store since she was a child. Every time she passes by, she feels that the skirt inside is not so beautiful as words. At this moment, she just knows when she is standing in the children's clothing store. It's not only beautiful!

Those lovely skirts are tempting her to have a daughter!

"How small, how lovely!" Bai Xia is holding a small skirt with exquisite workmanship, and every stitch is full of lovely flavor.

Xing Yifan saw that she liked these little skirts so much and asked in a low voice, "do you want to have a daughter immediately?"

Bai Xia nodded almost without thinking, "yes, I want to have a baby immediately."

Xing Yifan suddenly teased her, "who is going to give birth to you! Can you live alone without me?"

Bai Xia couldn't help laughing and staring at him angrily, "if you don't give birth to me, I'll find someone else to give birth to."

This sentence is hard enough to respond, and directly let a man around him, Zhang Junyan rushed up and panicked, hugged him with his arms, and shouted, "in this life, except for living with me, you are not allowed to live with others."

Bai Xia looked at him with a satisfied smile. "You didn't give birth to me first!" "It's OK to have a few." Xing Yifan is honest.

Sure enough, one thing comes down one thing.

After buying two beautiful princess skirts, it's three o'clock in the afternoon on the street. It's sunny in spring. It makes the whole city seem to be full of a lazy atmosphere.

Bai Xia passed a brand store of milk tea she often drank. She smelled the fragrance of milk tea inside. She could not help but stop for a few seconds. However, she thought of her wedding dress. She swallowed and struggled.

Would you like a drink, but I'm afraid of being fat.

Don't drink, and some unwilling.

It's a big head for a cup of milk tea.

Xing Yifan saw through her idea at a glance, he accompanied her to stop, and then he smiled and encouraged her, "if you want to drink, go to buy it!"

"But I'm afraid of being fat."

"Just a cup of milk tea, where can you get fat?"

Bai Xia's heart was shaken. "But a cup of milk tea has a lot of heat. I'm afraid of meat."

"Have a drink. I'll take it for you." Xing Yifan comforts me.

This sentence almost tilted Bai Xia's balance. She said happily, "wait for me here. I'll go to the queue."

Xing Yifan looks at her and hurries to buy milk tea in line. He can't help it. How can he be with this woman? His life is always full of joy?

Xing Yifan stood by and waited for Bai Xia. Immediately, a middle-aged woman approached him. She handed over her business card with surprise and excitement. "Hello, handsome man, I'm a star scout. I don't know if you are interested in acting. Your temperament and appearance ensure that the first play is the hero."

Xing Yifan's eyes raised and refused directly, "I'm not interested."

"Handsome man, don't you really need to think about it? Look and figure like you are the material to be an actor! Besides, you'll make a lot of money in the future. "

Xing Yifan's eyes remained unmoved and refused again, "I'm not interested in this!"

Bai Xia comes out with milk tea. The middle-aged woman turns her head and her eyes brighten again. It's a pity that she refused for Xing Yifan, but the girl in front of her is another goal for her.

When Xing Yifan saw her idea, he immediately reached out and stopped, "don't disturb my wife."

With that, he reaches out to protect Bai Xia and leads her forward. The woman behind him has no choice but to feel sorry.

"Who is that man!" Bai Xia asked curiously.

"A star scout. She wants me to be in the show business." Xing Yifan tells the truth.

Bai Xia looks funny and looks at her husband. He is really on the road and will be mined by the star scout.

Bai Xia took a few sips of milk tea and handed it to him. Xing Yifan took it over. They went shopping and enjoyed an easy afternoon.

Pei group.

Pei Yuehuang's task now is not to work, but to check her wedding arrangements. Her requirements are relatively high, and she also carefully selects details.

LAN Qianchen took over her work. So, LAN Qianchen was in a meeting, and she was free.

However, although it's more than a month before the wedding, she and LAN Qianchen have not yet received their certificates.

They are not in a hurry. What's more, the certificate is just a formality. They have already regarded each other as the beloved of this life.

LAN Qianchen is sitting in the conference room. Once his identity is spread in the company, the managers who accompany him in the meeting will show their admiration in their eyes. Even if they are quite young, they will feel that the future of Pei group will be better and better, which makes them firmly believe that the development of Pei group will be promoted step by step.
