

U. CEO Daddy 1221

Chapter 1221

All four people have the same opinion. In the afternoon, you can play on the nearby beach, have a good rest in the evening, go diving tomorrow morning, go fishing in the afternoon, and enjoy a delicious seafood dinner at sea.

Since all the villas here are single houses, the distance between them is also a little far, at least about one kilometer. This also makes the two new couples play in the afternoon, and get together in the morning tomorrow.

Bai Xia changed her shoes and went into the villa hotel. She couldn't help running to the balcony on the third floor. The view from here is very charming and broad. Xing Yifan followed, reached around her waist and kissed her neck. "Do you want to go to the beach now?"

"Yes! Would you like to go with me? " Bai Xia turned around and asked, "it's about three o'clock now." do you want to have a rest? Let's go after four o'clock? It wasn't that hot then. "

Bai Xia said with a smile, "I've got sunscreen and hat, but I'd better have a rest."

"Well, let's have a rest. I'll put sun protection on you later." Said Xing Yifan.

Bai Xia looks at him in surprise. Xing Yifan adds with a smile, "all over the body."

Bai Xia has been able to make her stare at him shamefully every time for this kind of joke. "No, I don't wear bikini to go out."

Finish saying, Bai Xia blinked an eye, some of the narrow toward a certain man asked, "can I wear it?"

Xing Yifan quickly came up to her and grabbed her in her arms. "No way."

Even if he is the only one to see it, he can't. what if the staff here also see it?

White Xia ha ha ha a smile, as if pulled back a bureau, some complacent way, "that line! No, then. "

"No, you can wear them, but show them to me at home."

Don't wear it! Never wear it. " She can't stand it. She's conservative.

After hearing this, Xing Yifan also nodded her tip of the nose, "well, darling."

Pei Yuehuang and LAN Qianchen are also going to have a rest on the beach. LAN Qianchen still needs to work. Look at the email. Pei Yuehuang loves him.

Obviously, she came to play. Now, she doesn't have any mental pressure, but it's all on him.

Pei Yuehuang goes downstairs to find the coffee beans and grinds them to make coffee.

LAN Qianchen is writing an email, smelling the aroma of coffee behind him. His spirit is immediately mentioned. Turning around, Pei Yuehuang comes with a small tray and two cups of coffee.

Sitting under the shade umbrella on the balcony, the sea wind here is very gentle, with a hint of sea water cooling, even if sitting outside, it is not hot.

"Stop and have a coffee!" Pei Yuehuang said to him heartily.

Blue thousand Chen's long finger hit a few times, sent the mail in his hand, he smiled and took a sip of coffee, "I'm really lucky to drink your own coffee."

Pei Yuehuang smiles and selects Demi, "I can make coffee for you all my life!"

Blue thousand Chen is satisfied to smile to look at her, "I begin to look forward to our honeymoon travel."

"We'll start when the wedding is over." Pei Yuehuang is also looking forward to it!

Bai Xia accidentally took a nap and woke up at 4:30. She was so excited that she was ready to start.

Xing Yifan didn't sleep. He was also dealing with work mail. Looking at her in a suspender dress, he immediately got up and said, "I'll put sun protection on you."

Bai Xia immediately sits next to him obediently. The man carefully wipes the naked skin on her body. Xing Yifan wipes it carefully. Bai Xia wears a sunshade hat, pure as an elf.

"Pretty?" He asked in the white Xia Dynasty.

Xing Yifan smiled and nodded, "nice." Of course, he can't say that he used to think that it was very earthy for a girl to wear such an exaggerated hat.

But my wife took it. It must be a fairy.

Bai Xia nodded with satisfaction, looked in the mirror again, and said to him, "let's go!"

Xing Yifan went downstairs, put on the beach slippers, and went down the beach from a side path together, which was a fine and clean beach. No trace of pollution can be seen here. Everything here retains its original flavor.

As soon as Bai Xia arrived at the edge of the beach, he took off his shoes and stepped on the soft beach with a pair of white feet to catch up with the ebbing tide.

Bai Xia was having a good time. She didn't know that the tide was coming up again. She was scared to run back immediately. She also giggled like a silver bell.

Xing Yifan looks at her childlike innocence and is in a happy mood.

As expected, Bai Xia has a good time of playing. She chases and runs. She is frightened by the sea water and runs back. She can play back and forth for more than ten times with such childish actions.

Xing Yifan on one side smiled and stared, waiting for her to play enough.

Bai Xia really had enough fun, but also a little tired. She went to Xing Yifan's side breathlessly, took his arm and said, "let's go to pick up shells!" Xing Yifan took her hand and looked at her forehead with sweat. He took out a prepared handkerchief and wiped it for her. "Is it fun?"

"Well! Have fun! It's fun. " Bai Xia said with a smile.

Xing Yifan is holding her hand and looking for shells on a fine beach. It's like looking for treasure. It's also full of uncertain expectation.

On the other side, LAN Qianchen and Pei Yuehuang are going to play on the beach. They share the same beach, but they are far away from each other. There is a half curved shelter, but the two couples play each other.

Pei Yuehuang has been flying all over the world in recent years, so she is very fond of this kind of beach, but she likes the feeling of walking on the beach.

Stepping on the soft sand, very unzipping, blue Qianchen led her, two people together in one direction.

Enjoy the setting sun in the distance, seabirds prey, enjoy this different broad sky.

There is a sunshade umbrella and a clean beach leisure chair nearby. Two people lie down and listen to the sound of the ocean together.

It's ethereal and deep, which makes people wash, float and dry, and enjoy this moment alone.

Pei Yuehuang unconsciously fell asleep. LAN Qianchen lay on his side, admiring her sleeping face and looking at her eyes. He thought to himself that she must be immersed in a dream.

He guarded her quietly.

Bai Xia and Xing Yifan had a different time. Bai Xia found that there were more beautiful shells in the shallow part of the sea. Therefore, she stepped in several times, and a long skirt was gathered up by her. She tied a knot beside her thigh to show a thin leg and was excited to pick up shells.

Xing Yifan accompanies her, at the same time, he also pays attention to the surroundings. If someone appears, he will not allow Bai Xia to deal with her skirt like this.

Bai Xia picked up some beautiful ones, and was going to take them home for memory.

Two people unconsciously walked very far, almost walked a kilometer, Bai Xia looked back, can't help but wow a sentence, originally they walked so far.

The setting sun in the distance is also very spectacular. Bai Xia and Xing Yifan enjoy the sunset for a while and then go back.

Bai Xia is tired of playing and her two thin legs are trembling. She supports her waist. Before she asks Xing Yifan to carry her back, Xing Yifan has squatted down in front of her. The broad back shows powerfully.

"Come up!" He gave a low order.

Bai Xia immediately walked over with a smile, lying on his back, and was easily picked up by him. "How do you know I'm tired?" Bai Xia is happily carried on his back, with his face on his shoulder.

"According to your usual physical strength, you must be tired after walking so far." Xing Yifan thinks she is super physical today.

Bai Xia could not help bending her lips and smiling, "well, I'm a little tired! Thank you

"I have to give you a rest, and you're tired at night." Xing Yifan likes to make fun of her and tease her.

Bai Xia immediately stiffened and protested on his back, "no, I just want to sleep at night!"

"In the evening, I'll tell you later. Who knows if you're the first to jump on it?"

Bai Xia, "...". She was content to feel the strength of his strong back and arms.

"I'm looking forward to our wedding!" Bai Xia murmured a sigh.

"There are more than twenty days left, and they will arrive soon." Xing Yifan comforted her.

Bai Xia said, yes! That day, she will come. She will wait patiently.

Chapter 1222

At seven o'clock in the morning, it's the most peaceful time of the sea. Xing Yifan and LAN Qianchen have come out of the diving area with their own women. It's a very safe shoal. The sea is clear and clean. It's very suitable for people who have just learned to dive.

Pei Yuehuang used to be a diver, so she was not afraid, but Bai Xia's first dive. She was a little nervous.

LAN Qianchen and peiyuehuang dive into the sea first. Bai Xia is also studying the diving precautions. She and Xing Yifan go to the sea later.

As soon as Bai Xia dived, she was shocked by the underwater world. She fell in love with the sport in an instant. Xing Yifan was beside her, and two staff members were protecting her.

From the initial tension to now, Bai Xia is excited to dive to a deeper place nearby. The underwater world is pure and clean, just like another world, which makes her feel relaxed.

Bai Xiachu dived and landed in half an hour. Xing Yifan accompanied her to have a rest first. LAN Qianchen accompanied peiyuehuang for an hour before she came up. But a dive was very physical. After diving, they went back to have a rest. They were ready to go to sea in the afternoon. They had dinner on the sea all the time and experienced the fun of sea fishing.

Because Bai Xia didn't dive for a long time and was not tired, she and Xing Yifan went to the place where they arranged the wedding venue first, just where there were staff.

There is only a huge flower stand built on the grass. On the wedding day, they will decorate the background wall with real flowers and decorate the whole site with flowers.

Bai Xia and Xing Yifan are satisfied to see the layout of the venue. They also walk on the stage of the wedding day in advance. Although they don't put on the wedding dress, they walk on the site

with this man holding hands. Bai Xia's heart seems to have the excitement at that moment of the wedding.

Two people return to the villa, and lunch is also enjoyed in the villa. At 3pm, two pairs of people are ready to go fishing. A luxury yacht is waiting for them. The yacht is equipped with a chef and two waiters to accompany them on this trip.

When they were far away from the island, the whole sea looked at the calm sea level. They entered a safe fishing area. In a short time, Bai Xia caught a small fish, but Bai Xia let it go when he saw the bright color. However, fishing is usually fun.

With the no idea of the catching something, at six o'clock in evening, setting sun in distance began to fall to sea level, and night gradually fell, and sea around was still like a mirror.

The moon rises from the sea level, like a jade plate, bright and round. There are many stars in the sky, and even the Milky way clearly flows in the night sky.

Dinner began, four people's candlelight dinner, while enjoying delicious Western food, while tasting juice wine, this time, in four people's hearts, all left a good memory.

In a flash, it's time to go back to the city center. At 3pm that day, all four of them walked out of the wharf safely. Pei Yuehuang's assistant came to meet them.

"Well, Yifan, let's say goodbye here!" LAN Qianchen turned to them and said.

Pei Yuehuang also smiled, "have a good time, thank you for your invitation."

"We are also very happy! I'm looking forward to the opportunity to travel together next time. " Bai Xia responds with a smile.

Xing Yifan waved, "OK, then drive slowly on the road. Let's go home and have a rest."

LAN Qianchen and peiyuehuang decided to go to the company first and then go home because of work problems.

Bai Xia is sitting in Xing Yifan's car. She looks at the photos and records the memories.

As soon as Pei group, Pei Yuehuang and LAN Qianchen arrived at the company, there was an urgent acquisition plan waiting for them to make a decision.

In the conference room, LAN Qianchen and peiyuehuang come in. Peiyuehuang's figure sits in the chief position, and LAN Qianchen sits on her side.

"Mr. Pei, the Zhao group that you asked me to focus on, because there are many capital turnover problems, now the stock market is falling, this is a good time for us to launch the acquisition." The manager of the project department, who is in charge of marking Zhao group, spoke with confidence.

Pei Yuehuang and LAN Qianchen look at each other. Pei Yuehuang doesn't want to give up the acquisition plan just because she has some friendship with Zhao group. It's just that Zhao Dong's rudeness to LAN Qianchen caused her last time.

"OK, now let's explain the main events and draw up the initial acquisition plan." Pei Yuehuang replied calmly.

In the corridor outside the meeting, a female assistant came with the materials. She was going to come to Pei Yuehuang to sign an emergency document. Xu Min asked her to give the document to her. She knocked on the door and went in. Just when the door closed, the female assistant's eyes immediately glanced at the above topic, which was a few words of Zhao group's acquisition project plan.

This female assistant immediately covered her mouth with fear. She was the assistant Zhao Dong bought. At this moment, she was shocked. Does Pei always want to buy Zhao Dong's company?

Does he know? The assistant's eyes flashed across the plan.

She sold intelligence and gained a lot of benefits in Zhao Dong's hands, usually tens of thousands to hundreds of thousands of bags, but now she wants more. If she told Zhao Dong this plan, he would certainly give her a lot of benefits. The female assistant left with the information, and at the same time, she was thinking about how to use the information to benefit Zhao Dong.

Zhao's group, because of the crazy stock jump, attracted Zhao Dong's recent pressure is also very big, and even he was a little scared, but his company is not well run, how many eyes are staring at his family's company outside.

Zhao Dong hasn't inquired about LAN Qianchen these days, so he hasn't implemented his plan for the time being.

Just then, his personal cell phone rang, it was a strange number, he immediately reached for it, "Hello!"

"Hello, Mr. Zhao, I'm Xiao Li! Pei always has Xiao Li around him. " The female assistant over there quickly introduced her.

Zhao Dong immediately called out with a smile, "Xiao Li! What's the matter Is there any important news for me? "

"Mr. Zhao, I do have a very important message in my hand, but I don't need a bag this time. I want money."

"Oh! It depends on the news. " Zhao Dong immediately paid attention to it.

"It's not general Lan's news. It's about your company. I want 500000 for the old local coffee shop."

Zhao Dong's eyes flashed a little displeasure, but he really needed to get internal information from Pei group, so he had to say, "OK, I'll come right away."

Zhao Dong came to the coffee shop and saw that Xiao Li had arrived. She was calm. Zhao Dong pushes a card with 500000 yuan in front of her. "If the news is not worth the money, I will take back half of it. If it is, I will give it all to you."

"Believe me, Mr. Zhao, the news must be worth it." Xiao Li said confidently.

"Oh! Let's hear it? "

"Mr. Zhao, is there anything wrong with your company?" Xiao Li asked tentatively.

Zhao Dongli said with displeasure, "how is it possible? My company is fine! "

Xiao Li naturally did not dare to offend him. She said with a smile, "that is." After that, she quickly leaned over Zhao Dongdao and said, "but Mr. Zhao, the news I told you this time is the top secret news of our company."

"Tell me." Zhao Dong's face is tense.

"When I sent Mr. Pei emergency materials today, she and Mr. LAN were having a meeting together. When the door of the meeting room opened, I saw the meeting title on the projector."

"What meeting title?" Zhao Dong immediately became nervous.

"It says that Zhao's group's acquisition project plan is a line of words. Mr. Zhao, you should be careful. Mr. Pei starts to stare at your company and intends to acquire it."

Zhao Dong was shocked in his heart, but with a strong calm face, he said to her, "are you sure you are right? "

" I'm sure! It's true. " Xiao Li nodded.

"Good! Take your money and go! " Zhao Dong is now lost in a deep thought. Pei Yuehuang is really planning the acquisition and has set up the acquisition project team.

Xiao Li took the money and left quickly. Besides, she also plans to leave Pei group in the near future.

"Damn it, don't take me seriously!" Zhao Dong angrily thumped the table and stared at him in surprise.

Zhao Dong immediately got up and left, but his heart was already furious.

Chapter 1223

It is not so easy for Pei Yuehuang to acquire his company, so it is a long-term battle. In terms of tactics and strength, he can not compare with PEI Yuehuang.

However, Zhao Dong is also implementing her plan now. If Pei Yuehuang's feelings fail, it will be a very heavy blow to her. Therefore, Zhao Dong decides to start from this aspect.

He wants Pei Yuehuang to doubt LAN Qianchen's love and loyalty to her. Now Yang Tiantian has two contacts with him, and everything is perfect.

Only two more contacts can let Pei Yuehuang know about it. Zhao Dong starts to think about how to make LAN Qianchen and Yang Tiantian meet again? And intimate contact?

Zhao Dong also needs more intelligence and opportunities to create this affair.

Zhao Dong also informed Xiao Li that if she could provide more useful information, he would never lose her benefits.

Of course, Xiao Li spared no effort to prepare to keep a close eye on LAN Qianchen and Pei Yuehuang.

After the meeting in the company, it's more than five o'clock in the afternoon. LAN Qianchen sends peiyuehuang back to have a rest.

Although playing is relaxing, it will be very tiring once you enter the working time.

Pei Yuehuang is really tired. LAN Qianchen and her go to the elevator together. LAN Qianchen says gently, "I'll go to the mall later and take you back to have a rest."

Pei Yuehuang thought and said, "OK! I'll lie down. "

Maybe she is good to come, but also because of the marriage, which makes her heart tired.

Behind the pillar next to her, Xiao Li is going to work. When lengbuding hears this sentence, she immediately feels happy. Zhao Dong asks her to tell him about any private activities of LAN Qianchen and peiyuehuang in exchange for benefits.

Xiao Li naturally won't let go of any useful information.

When peiyuehuang and LAN Qianchen got off the elevator, she hurriedly followed them down. When she came out of the company door, she immediately called Zhao Dong.

"Hello, Mr. Zhao, I just overheard something. Mr. Pei and Mr. LAN are off duty. Mr. Pei has to go home to have a rest. Mr. LAN is going shopping alone. Is that intelligence?"

Zhao Dong immediately replied, "of course, I'll buy you a bag next month, and you will keep watching."

"Pei and LAN always live together, no more than one kilometer apart."

"I know." Zhao Dong also grasped the information.

If LAN Qianchen sends peiyuehuang home at this time, he will surely appear in the nearby supermarket. As long as Yang Tiantian is sent there, there will be many encounters in the supermarket.

Zhao Dong immediately contacted Yang Tiantian and asked her to take a taxi to go to the gate of peiyuehuang villa community, and he also rushed there immediately. At the same time, he sent two powerful men to immediately keep an eye on LAN Qianchen's car.

LAN Qianchen sent peiyuehuang back home, but he didn't come out immediately. He poured her a glass of water, stayed with her in the bed and adjusted the air conditioner.

"I'll call you when dinner is ready." LAN Qianchen bent down and kissed her on the forehead.

Pei Yuehuang smiled and nodded, "Hmm! Good! Hard husband. "

"Not hard, that's what I should do." Blue thousand Chen gentle answer, "what do you want to eat tonight?"

"Steak, fruit salad and some desserts!"

"Good!" Blue thousand Chen is low answer, see her really tired cannot open an eye, he stood up to come out.

LAN Qianchen takes a look at the time. At six o'clock, there is a large supermarket he often goes to.

At this time, Yang Tiantian has taken the lead, Zhao Dong has also arrived. It is inquired that there is only a large shopping mall nearby, and LAN Qianchen should go to that supermarket.

Zhao Dong is staring at the exit of the community near the mall. He sees a familiar blue sports car coming out. It's blue Qianchen's car.

Zhao Dong hurriedly stepped on the accelerator at his feet and followed up. Yang Tiantian watched the cool blue sports car. Her heart throb started to move. She really hoped that in the future, she could ride in the blue Qianchen car with him!

Yang Tiantian takes out a small mirror and starts to make up immediately. She is about to see blue Qianchen again. She must let herself present the best state.

Zhao Dong can't help telling her, "you can jump on him in any way."

"Well, I know." Yang Tiantian also wants to attract blue Qianchen's attention.

LAN Qianchen gets out of the car and goes straight to the shopping mall. Behind her, Yang Tiantian hurriedly follows LAN Qianchen under the guidance of two men, but she dare not follow her too closely.

As soon as she entered the mall, there were more people. At the gate of the supermarket, Yang Tiantian pretended to push a cart, and two people in charge of taking photos were scattered around her.

Ready to capture the moment of her closest contact with LAN Qianchen.

Yang Tiantian soon found blue Qianchen in the food material area. He stood in the crowd. His handsome and extraordinary temperament was really fascinating.

Yang Tiantian casually takes a dish and puts it in the cart. She pretends to come out. She quickly stands beside LAN Qianchen. When she reaches for the dish, she immediately greets him with surprise. "Eh! How are you? " She spoke in a voice that pretended to be familiar.

Blue thousand Chen hears a voice, he turns a head to look, "do we know?"

Is she a female employee of Pei group? He didn't affect it.

Yang Tiantian's heart is so disappointed that she has met twice. How could he not remember her face?

"As we have seen before, have you no influence?" Yang Tiantian immediately showed her sweetest smile.

However, LAN Qianchen has no influence at all. He continues to pick up the vegetables. At this time, Yang Tiantian immediately pretends to be unstable and falls on his back. She reaches out to hold LAN Qianchen.

Blue thousand Chen immediately whole body a Zheng, he reaches out to pull open her hand, turn round to retreat a step, "what do you do?"

He asked a little coldly.

"I'm sorry, I'm sorry, I didn't stand firm just now." When Yang Tiantian finished, she immediately pretended to put her hand on his lapel. "There's a dirty thing here."

Just when her hand was about to touch blue Qianchen, blue Qianchen clapped her hand away. "Thank you for reminding me." With that, he flicked his lapel, and he wheeled away.

And the two men beside have successfully captured these photos. In the static photos, it has become a perfect encounter.

I saw the blue thousand Chen face in the photo didn't look at the camera, most of them were Yang Tiantian's surprise and adoration eyes, as if they met here, both of them were very happy.

There is also a back hug, and Yang Tiantian touch his lapel with her hand.

All these are beyond the intimacy of normal relationship. Yang Tiantian performs well.

But blue thousand Chen does not like to touch the expression, but it is the perfect avoid.

Zhao Dong, who is in the car, looks at the photos sent by his subordinates. He sneers and recalls that this plan is becoming more and more perfect. He successfully creates the evidence that LAN Qianchen betrays Pei Yuehuang.

As long as we meet twice more, Pei Yuehuang has to believe it.

At that time, by the emotional impact of her, where is the mood to sort out the company's affairs?

After a while, Yang Tiantian came out. She was really sad. Is her face so hard to remember? LAN Qianchen doesn't know her?

LAN Qianchen has checked out. He sits in the sports car and heads for home.

Yang Tiantian, who was sitting in the car, watched the shadow of his car, her eyes lost. Zhao Dong on one side asked, "fall in love with this boy?"

Yang Tiantian shakes her head at once and dare not admit it.

Zhao Dongli reached for her hair and said, "you are not allowed to fall in love with him. Besides, with your identity, LAN Qianchen may not be able to see it."

Yang Tiantian immediately cried out, "I dare not! Mr. Zhao, I really dare not. "

When LAN Qianchen came back home, he began to cook dinner. At about seven o'clock, he heard the footsteps behind him and turned around.

Pei Yuehuang had a good rest. She took a bath and wore a loose T-shirt. Her long hair gathered at random behind her head. Her atmosphere was full of amorous feelings.

"I'm hungry," she asked, holding him by the waist and smiling

"It'll be ready in a minute."

"May I eat you first?" Pei Yuehuang plays a joke on him.

Blue thousand Chen immediately put down the action of the hand, the eye turns around surprisingly, "are you sure?"

Pei Yuehuang immediately snorted and took a step back. "I'm kidding you."

Blue thousand Chen is a little annoyed to stare at her immediately, "such fun!"

"Have fun!" Pei Yuehuang likes to look at his surprise eyes, because she feels that she is so important in his eyes.

"Feed you first and kill at night." LAN Qianchen finishes, turns around and continues to make dinner.

Chapter 1224

In the morning, as soon as Zhao Dong comes to the office, he is in a hurry, because Pei Yuehuang is already preparing to deal with him. No matter what, he has to destroy their feelings.

He believed that peiyuehuang was a very sensitive person, and could not bear a trace of betrayal. He believed that the evidence in his hand was enough to prove that LAN Qianchen had an affair with Yang Tiantian on her back.

Zhao Dong thought about it. What kind of way should he use to publicize it?

He was thinking about the idea. Suddenly he saw the magazine next to him, and immediately his heart rushed to a plan. Then he bought a paparazzi team! Let him release it.

Only in this way can we get rid of the relationship in which he participated and will not let Pei Yuehuang doubt him.

Zhao Dong's mouth raised a sinister smile. He made a lot of friends. It's not difficult to find one or two paparazzi that can be done with money. He immediately thought of one.

This paparazzi team is very resourceful, and because of his work in this field, he has made a lot of money, and as long as he has the money to start, he can do all kinds of work.

Zhao Dong picked up his mobile phone and contacted this person directly. Now he can't wait a day.

After making an appointment, Zhao Dong met the man in the nearby coffee shop. When Zhao Dong passed by the lounge, he saw Yang Tiantian sitting in it. He immediately called her, "go out with me."

Yang Tiantian is also a person who takes money to do business. She immediately follows Zhao Dong to the nearby coffee shop. A person in her early forties knows a lot of doorways at a glance.

"Mr. Zhao, please come to me to discuss something good!" The man's eyes lit up at once, and he felt good things were coming.

"Elder brother, I know you have a lot of doorways in your hand, and everything can be immediately popular on the Internet, so I have an important thing to tell you. As long as you do well, the price is easy to talk about."

"I look at people doing business, like Mr. Zhao's work. I ask for a high price. I hope you are prepared in mind, and you can believe my character." Wang Liang immediately set out the money to talk.

Zhao Dong believed that his mouth was tight enough to give him the job. Zhao Dong is also not polite. He immediately takes out some photos he brings and tells Wang Liang how to do it. First of all, this matter must be publicized throughout the Internet. Second, the identity of blue Qianchen must be revealed to let people know who he is. In addition, the love between him and peiyuehuang must be attached. That is to let people across the Internet know that he is a scum man with two feet and two boats.

Yang Tiantian's heart strings tightened immediately after listening to this. She was inexplicably in love with LAN Qianchen. Did LAN Qianchen really get so dregs? She had experienced it herself.

She approached her three times, and he had no influence on her? This made her feel very frustrated, which she had never been treated before.

"This is our sweet, super net red." Zhao Dong will choose Yang Tiantian. Naturally, she also knows that she has exposure on the Internet. She is a female anchor. When Wang Liang heard about it, it would be very easy to write a manuscript, because all the materials are complete.

"Don't worry, brother Zhao. This matter is wrapped in me. At most, tomorrow afternoon is not needed. I will publicize this matter on the number I usually use. You know, my traffic is very large. Once publicized, it will be immediately hot." Zhao Dong asked Yang Tiantian to leave first, and he handed Wang Liang a five million bank card he had prepared. "If you succeed, there are rewards behind, you are indispensable."

Wang Liang accepts the card. He is satisfied with the price. Isn't that to report the private life of a rich man? This is what he often does, skillfully.

After Zhao Dong finished this, he was at ease. As soon as he came out, he heard the news that his stock was falling again, which made him immediately clenched his fist. This event only allowed success, not failure.

He knows Pei Yuehuang so well, her character is so strong, how can he bear the back sentence of LAN Qianchen?

Pei group, LAN Qianchen and Pei Yuehuang arrived at about 10 o'clock. After breakfast, Pei Yuehuang went to hold a regular meeting of the company, while LAN Qianchen called the project team that acquired Zhao group to hold a meeting.

Two people sit in the company, everything seems to be in order, and each other do not have to work every day.

At about one o'clock in the afternoon, Wang Liang stayed up all night to write the manuscript. He first sent it to Zhao Dong to read it. Zhao Dong watched the well-organized and orderly exposure picture he made. The second young master of LAN Qianchen group played very loudly.

It is known that he is the role of a rich man with a very disordered private life. Besides, there are some beautiful photos of Yang Tiantian as the anchor, which are very charming. It makes people feel that two people have stories to tell.

After Zhao Dong checked it, he was very satisfied. He asked Wang Liang to upload it immediately, without delay for a moment. He would wait for Pei Yuehuang to be defeated.

As a woman, in the face of this matter, I will definitely be hit hard. What's more, Pei Yuehuang is a brother-in-law love. She will be more sensitive to such things.

Wang Liang saw Zhao Dong had no opinion, and immediately uploaded it to his official account, which often published news. At the same time, he also spread the matter in various channels, so that people in the whole network could see it for the first time. In the 10th minute of Wang Liang's upload, the reprint volume of this event is amazing. Even if some people first know that there is a second master in Lanshi group jewelry company, they are very happy with this kind of melon. They always think that the bigger the incident is, the better, because they can have talks after tea.

The image of LAN Qianchen can be said to have broken the bottom in an instant. For female netizens, the second young master of Lan group is such a handsome man, but it's a pity that such a handsome man is so fickle. Mingming and the rival Pei group are about to get married, and they immediately cheat on a monstrous net red. It can only be said that the handsome man can't be relied on.

Among the gossip female employees of Pei group, one of the first employees found out about the incident and immediately forwarded it. Many employees immediately whispered about the incident.

They are all surprised. Mingmingpei and Mr. LAN have such a good relationship that they all envy. And Mr. LAN doesn't look like a man with a big heart. Why is this scandal coming out?

Moreover, the publisher is very well-known Wang Liang, who has been digging for some information about the celebrity rich, and the accuracy is very high every time.

"My God! I can't believe it's true! Is blue always carrying our blue and a small net red together? "

"You can't believe it. It's not just that you see these photos. Is there a story in our blue and red net? Look at her coquettish appearance, we Pei always despise it. "

"Now, how can I believe in sweet love? Even Pei is treated like this. I can't believe love. Poor Pei has seen it, but how angry he is! "

"In that case, can they still get married? Isn't it like they're preparing for the wedding? "

"What kind of marriage is that! Even if young master LAN is handsome again, he will feel disgusted when this happens! "

Xu Min is sending information to a department downstairs. Just passing by the corridor, he hears someone talking from the corner.

When she was near, she heard what they said.

"It's not worth PEI for us. Mr. LAN has cheated. It's not a man."

"Yes! I can't believe that the evidence has been presented! A small net red unexpectedly defeated our goddess general Pei? What do you think, this little netizen is not enough to carry shoes for Pei!"

Xu Min clearly heard what they said, she immediately frowned and turned a corner to see several employees still chatting.

"What are you talking about? No matter, you can't chew your tongue. Be careful Pei always hears about you. " Xu Min has a good relationship with some of them. She also asked them to speak carefully.

However, now they have a very confident reason. One of the female assistants in the R & D department said, "Xu Min, haven't you seen the general blue scandal on the Internet? That's all over the Internet, but you don't know yet? "

Chapter 1225

"Yes! We didn't say anything, we just felt unfair for Pei. "

"What scandal?" Xu Min really didn't know that she was so busy all day, but she didn't have time to brush the news.

"No, look, that's the news! It just came out this afternoon. " A girl handed her cell phone, Xu Min immediately took it, looked down, she opened her eyes, the same incredible.

She can't help but point open those big pictures of blue thousand Chen, only to see a charming girl standing beside him, the girl is smiling and singing, as if she is very close to him.

"Who is she?" Xu Min cried out.

"Her name is Yang Tiantian. She's a little famous net red. The taste and taste of blue are too bad! All of this? "

"No, it must not be true!" Xu Min immediately yelled out that the blue Qianchen she knew would never be with such a gorgeous bitch.

"Xu Min, please tell Mr. Pei! Let her know about it. " A female assistant urged her to go back to the general office.

Xu Min immediately turns around and takes out her mobile phone. She doesn't need to search. She just needs to click on the hot news. Blue Qianchen's scandal is floating on the top. She quickly clicks on it. Her mind is also in a mess. She believes that blue is not such a person, but what's the matter with these photos?

Should she tell Mr. Pei at once?

When Xu Min got off the elevator, she saw Pei Yuehuang and Qu Hao coming from the corridor of the next conference room.

Qu Hao looked at her, and immediately her eyes showed a gentle smile. Xu Min could not help looking at her boyfriend's eyes. She immediately went forward and said, "Mr. Pei, I have something to tell you."

"Oh! Say it! " Pei Yuehuang said directly to her.

"No, no No, not here! " Xu Min shakes her head.

Pei Yuehuang looks back at Qu Hao. Qu Hao also has a feeling of being hit. What can't Xu Min say in front of his boyfriend?

"Aren't you seeing each other? What else can't be said in front of Qu hao? " Pei Yuehuang joked.

"It's not going to work." Xu Min had to ignore Qu Hao's feelings now.

Pei Yuehuang had to say, "OK, go to my office."

Xu Min comforted Qu Hao immediately. "I'll find you later."

Pei Yuehuang walked into the office, and she said to Xu Min, who was eager on her face, "well, you can say, what must I avoid what Qu Hao told me?"

"Mr. Pei This thing That I said if you can calm down. "

"I'm calm now! What else can stimulate me? " Pei Yuehuang's mood is very peaceful recently. After she was with LAN Qianchen, she was even less angry. It can be said that even if there were angry things to come to her, she would be more calm.

"This is about general lan..." Xu Min is biting her lips. She doesn't know how to open her mouth so as not to hurt the boss in front of her.

As soon as I heard that it was about LAN Qianchen, Pei Yuehuang immediately started, "Oh! Thousand Chen's? Say it! What news does he have? "

"Mr. Pei, do you believe in Mr. Lan's character? Do you think he may betray you and like other girls! " Xu Min can't help but ask first.

Pei Yuehuang seriously narrowed her eyes and thought, shaking her head. "No."

"What if that girl is young and beautiful and very charming? Will the blue club like this one? " Xu Min tries to ask again.

Pei Yuehuang didn't need to think about it this time. She said firmly, "of course not."

After listening to Xu Min, he immediately felt hurt. This slap on the face happened too quickly. Will it make Pei unable to bear it!

Xu Min had to quietly take out his mobile phone, turn to the news page, and pass it to her, "that Look at this. You must be calm! Everything needs to be discussed. "

Pei Yuehuang narrowed her eyes and reached for the mobile phone Xu Min handed over. She lowered her eyes and saw that her Demi immediately screwed up. She reached for the big picture of Pei Yuehuang and the girl. On the picture, there were several pictures of the girl in blue Qianchen's arms, and blue Qianchen's hand just held her very gentlemanly and even pushed it away.

There are also several pictures. Blue Qianchen is wearing his back, only patting the girl's smiling face. He looks at blue Qianchen in his eyes, eager and excited.

She didn't know the scene in the front few photos, but she knew at a glance that it was the last time at the party. LAN Qianchen was on the balcony with her, and the girl almost fell into LAN Qianchen's arms, and even she tried to put her hand around his neck.

The last few are in the supermarket. Moreover, she is familiar with the details. This is the supermarket near her.

One side of Xu Min watched her wring her eyebrows and staring at these photos. Her heart was so scared that she was about to explode. For fear that Pei Yuehuang would suddenly be furious, she wanted to go to Mr. LAN to testify.

Pei Yan Huang's sharp eyed look at these photos, she also recognizes that the girl has a long red wine. Although she looks young, she looks at her face. She thought of the first time he found the hair on the blue thousand Chen, and the strange fragrance on his body. She must be the girl. She went back to look at those pictures, and found that the first time the blue thousand Chen wore that suit, the girl's hands were on his skirts, and it seemed that her perfume had no doubt.

At this time, there was a sudden push at the door. LAN Qianchen had just returned from the meeting.

Xu Min immediately stares at her eyes, my God! She stood in the center of the explosion. She took a look at Pei Yuehuang, who looked unpredictable. Then she took a look at the blue Qianchen coming from her long legs behind her.

She felt a storm brewing, ready to explode.

Before Xu Min thought of leaving, Pei Yuehuang said to her, "go out first and leave your cell phone!"

"Mr. Pei, you must be calm! This must not be blue's fault. If you want to blame that fox spirit..."

"I'll take care of it. Get out!" Pei Yuehuang gave her a look.

Xu Min did not dare to speak at once. She turned around. LAN Qianchen, who was approaching, waved her hand. "Mr. LAN, good afternoon."

Blue thousand Chen smile to nod a head, his vision then fell on the facial expression calm Pei Yue Huang on the face.

Pei Yuehuang is leaning against her desk, her red lips are biting, her eyes are also revealing deep thoughts, as if something is bothering her. "Yuehuang, what's the matter? Who made you unhappy?" LAN Qianchen finished, he picked up her cup, went to the water bottle beside, poured a cup of warm water for her and handed it to her, "after the meeting, drink water!"

Pei Yuehuang's eyes were full of thoughts. After seeing the water he handed, she suddenly sighed and smiled.

"What are you laughing at!" LAN Qianchen is also amused by her smile.

Pei Yuehuang took over the water, her eyes fixed fixed on the jade like face in front of her. A few seconds later, she quietly pressed the mobile phone to shut down, and said to him, "nothing!"

LAN Qianchen finds out what her hand is touching behind her, and he immediately comes round his waist, "what are you doing with my back? Hand it over and have a look. "

Now Pei Yuehuang has turned off her mobile phone. She smiles and shakes her head. "Nothing! I just want to have a good look at my husband. "

Blue thousand Chen kissed in her forehead, "buy Zhao group to have preliminary plan, Zhao Dong should be urgent."

"With you, it will be a success." Pei Yuehuang looks at him trustfully.

Blue thousand Chen chuckles, "I try not to let you down."

"Qianchen, I believe you!" Pei Yuehuang suddenly said a word.

Blue thousand Chen looks at her slightly in consternation, "Why say so?"

"I said, no matter what happens, I believe you." Pei's eyes were very firm. He was not counting what those pictures were. Even if he had the strange perfume and the red hair, he could not shake the position of the blue thousand Chen in her heart.

She believed him unconditionally and believed that he would give her a reasonable explanation. Although LAN Qianchen didn't know what she was talking about, he was moved and nodded, "Hmm! I will certainly live up to your trust in me. "

Chapter 1226

LAN Qianchen picked up the computer from the side, "I'll take a look at the stock market of Zhao group again! Would you like to have a rest? "

Pei Yuehuang suddenly doesn't want him to touch the computer, because this matter has been widely reported on the Internet. As long as he contacts the Internet, he may find this matter.

Pei Yuehuang went to his side, reached out his hand and pressed down the laptop he was about to open. "Qianchen, don't be busy with this thing. Now there is a more urgent thing you can do for me."

"What is it?" When LAN Qianchen heard that it was her business, she immediately looked forward to it.

"My wedding dress has been airlifted to the airport. I hope you and the people of the wedding dress company will go there together. I don't want anything to happen to my most beautiful wedding dress." Pei Yuehuang received this in the morning, so it's just right to send him out now.

LAN Qianchen immediately smiled and put the computer on. "OK, I'll contact the people in the wedding dress company right away. I'll go with them."

"By the way, you stop by your store and see when my set of jewelry will arrive. I'd like to try it on in advance."

"Oh! I forgot. Just now in the conference room, my eldest brother called and said that he had arrived. He can get it back at any time. "

"What are you waiting for? I want to see you tonight. Go get it back! I'll take care of the company. " Pei Yuehuang chuckled, bent down, kissed his white forehead, "go!"

Although the case of Zhao group's acquisition is also very urgent, there is nothing like Pei Yuehuang in LAN Qianchen's mind.

It's very important to supervise the delivery of the wedding dress for her, or to go to the company for jewelry.

"Then I went." LAN Qianchen picks up his mobile phone and car key to go out.

Pei Yuehuang personally sent him out and pressed to open the special elevator she usually uses,

this elevator is not used by other employees, so he didn't have to meet the gossip of the employees all the way to the garage.

Pei Yuehuang waved. At the moment when the elevator door was closed, the gentle smile in her eyes turned into a fierce cold light. She went back to the office and rang the internal line. Qu Hao and Xu Min came in immediately.

"President Pei." Both of them were tense.

"Contact the informant for me, buy up the news, inform all the spreading networks, block the news, no matter how much." Pei Yuehuang's voice line shows a kind of domineering awe.

Qu Hao is a person with strong ability to handle affairs. He has found out all this for a long time. "Mr. Pei, the first person to expose this matter is a studio, a person named Wang Liang. He specializes in mining entertainment events and the scandal of famous and rich businessmen as a way to make money. I'm afraid this time he also collected money from others and used his influence to expose this matter."

"But we believe that blue is definitely not such a person. There must be some misunderstanding in it." Xu Min said hurriedly.

Pei Yuehuang narrowed her eyes, and a sneer flashed across her eyes. "A small net red, dare to calculate my man, she has several courage, I want to see what she can do."

"This net red is called Yang Tiantian. She is famous on the net, but her real identity should be the plaything of rich businessmen." Qu Hao can see the essence of it at a glance, because Yang Tiantian, who is in her circle, often shows off her wealth. With her ability alone, she has no such financial resources.

"Talk to Wang Liang about this on the Internet first." Pei Yuehuang is faced with this unexpected event, and she is used to facing it calmly.

After Qu Hao and Xu Min went out, Pei Yuehuang took out her iPad and looked at the Internet. Her comments on this matter have been criticized by a group of netizens for LAN Qianchen's personality and personal life.

Although LAN Qianchen has never appeared in the public field of vision, as long as he has the identity of a rich second generation, he is bound to be labeled as Playboy, dandy and chaotic private life.

Wang Liang is just a source. From these photos, Pei Yuehuang realizes that Wang Liang is not qualified to obtain these photos at all, because the strictness of the headquarters of universal exchange and the photos taken at the last private banquet prove that a small paparazzi team can not be qualified to enter, even if he can buy people to take these photos.

However, what qualifications does Yang Tiantian have to enter these two venues? Unless there is someone behind her, someone deliberately creates this scandal, the purpose is to break her

relationship with LAN Qianchen, let her suffer from emotional setbacks, and let the person behind enjoy the convenience of fisherman.

These photos are all static photos. If you look carefully, you can see that this woman is in the initiative, while LAN Qianchen is not that kind of cold personality. He treats people politely. Obviously, in this photo, this woman intentionally relies on him.

Taking photos behind his back is a very skillful way to capture these scenes, which is to make people think that LAN Qianchen is flirting with this woman and intimate in public.

After Pei Yuehuang's rational analysis, there was a flash of anger in her eyes. No matter who was behind her, she would make him pay the price.

In Xing Yifan's villa, Bai Xia usually likes to watch anime and play forum. When she opens a search box, a group of hot search words follow. She sees the name of blue thousand Chen coldly, she can't help but be surprised, reach out and point in naturally.

In the webpage she clicked in, what immediately appeared to her was a group of striking black headlines: "the second generation of the dandy rich, sitting on the president's fiancée, is also a famous online lover."

Next, there are a lot of articles full of ridicule made up by Xiaobian. The photos below are even more in full swing. After Bai xiatong read them, her eyes slightly gaped.

How could it be! How can a man like LAN Qianchen have such a scandal? It must be a fake.

White summer's mind, directly on the idea, she immediately took the iPad to the direction of the study sprint past.

"Yifan, no good." Bai Xia pushed the door open and rushed into the study.

Xing Yifan is dealing with his own company. Seeing the girl running in flustered, he is shocked, "what's the matter with you?"

"It's not me. Look at this. There's something wrong with your brother." Bai Xia hands him the iPad.

Xing Yifan had a quick look at it. After reading it, he could not help feeling angry and snorting, "shameless people."

"No, you should believe that LAN Qianchen is not such a person. If you know him so well, he must not be a random person." Bai Xia heard him wrong for a while.

Xing Yifan does not laugh at the explanation, "I scold not Qian Chen, but the bastard who takes Qian Chen to earn eyeballs. I know who Qian Chen is best."

"Can you explain it to Yuehuang! Let her never misunderstand LAN Qianchen. " Bai Xia said anxiously.

"I'll ask Qianchen first." Xing Yifan finished, picked up the mobile phone on the table and dialed LAN Qianchen's mobile phone directly.

At this moment, LAN Qianchen is heading for the airport. The car phone shows Xing Yifan calling. He naturally presses the answer key.

"Hello, Yifan." Blue thousand Chen picks up.

"Have you offended anyone? Let me know if you have any trouble. "

Blue thousand Chen instead was asked Leng, he picks eyebrow to ask, "what's the matter? What makes you care so much about me? "

Xing Yifan is afraid that he doesn't know the news on the Internet. Otherwise, he is the most anxious and flustered person.

"Are you driving now? Then you pull over and search for your news on Netpower. I think you have been retaliated by someone. "

"What?" Blue Qianchen immediately stepped on the brake, turned on the turn signal, and stopped at the side parking lane. He picked up his mobile phone, opened the search box, and his message was displayed directly below.

He immediately reached out to open the page that Bai Xia was looking at. Blue thousand stars squinted and stared at this scandal about him. When he saw the picture below, he could not help breathing. This time, he saw Yang Tiantian's face for the first time. Only then did he realize that the girl who had hit him three times recently turned out to be the same person.

Even the protagonist at the center of the scandal knew at a glance that it was a highly malicious plot to slander him and create a plot to derail him.

Chapter 1227

"Moon Phoenix." Once LAN Qianchen threw his mobile phone, his heart suddenly panicked. No matter how maliciously he smeared it, he was fearless. However, the other person hurt by this incident was his wife.

Blue thousand Chen's sports car, like a blue lightning, immediately from the airport high-speed, straight to the direction of Pei group.

At the moment, all employees of Pei group have learned about this matter, and it is widely spread. A group of employees are waiting for the follow-up. Some people say that LAN Qianchen will definitely kick out Pei group immediately, and the boss's wedding will be yellow.

There are also a group of people who are questioning blue Qianchen's vision. They even put peiyuehuang, a goddess like peiyuehuang, out of the way to hook up with a gorgeous net red. Is that greedy for each other's youth?

In a word, there are rumors everywhere, and all kinds of guesses are springing up among employees. In a word, they are not too busy to watch.

Qu Hao is trying his best to contact Wang Liang. He wants to talk about the price and buy it out.

However, Wang Liang received Zhao Dong's money, and now he is hiding. Zhao Dong also forbids him to contact Pei's group. Wang Liang also knows that this kind of money can only be made by one side, otherwise, his reputation in the industry will be over.

Even if Pei group offered a high price, he could not show up.

Zhao Dong is now sitting in his office, watching the crazy reprint of the blue thousand Chen scandal on the Internet. His face flashed a grim smile. Can Pei Yuehuang keep him around next time?

So haughty as a goddess, but she is suffering from a man who is messing with the Internet. I don't know what the love between the two brothers and sisters is going to look like. Best Pei Yuehuang kicks away LAN Qianchen, but she is sad and disappointed, her mood is unstable, and she doesn't want to work.

It's a good time to save the company. He's talking about a new project. If it's done, the other party immediately injects a large amount of money to make his capital chain work normally. Once the previous projects with quick endings are completed, his company can make a lot of money by recycling funds.

Zhao Dong is proud of his smart plan. In the business world, he will do whatever he can to succeed.

Yang Tiantian has also become a person on the cusp of the storm, which makes her angry. Now, her name is hanging on the hot search, which is even more eye-catching than the first-line star.

However, Yang Tiantian is still afraid of the sudden fire in this way. She didn't expect blue Qianchen to be so concerned. The scandal is like a fire that can't be put out.

When she looked at the comments, she was so shy and impatient that she didn't dare to look at the terrible words.

Now, she only hopes that the storm will stop. She also takes Zhao Dong's money and hides for a while.

On the Internet, Qu Hao has talked about the media that can be suppressed. Some of the media they cooperate with have blocked this matter. However, the Internet is like a flood, which can block some ports, but still can't block all the sources like quicksand.

Qu Hao is in the office, and he is also in contact with the media of all parties. Xu Min helps him to deal with it, but it is still forwarded badly and becomes an eye-catching commodity.

In the underground garage, in a parking space, sparks are rising in the dark, because the driver's brake is too strong, and the sports car is also shaking, the driver's door is immediately pushed open, blue Qianchen steps out, straight to the direction of the elevator.

He quickly pressed the elevator several times, because of anxiety, the fatal one of his handsome face has been stretched to the brow, the clenched fist, the ups and downs of the chest, are showing his crazy mood.

Pei Yuehuang is listening to Qu Hao's report on this matter at the moment. Qu Hao has tried his best, but this matter can't be eliminated completely.

"Mr. Pei, I'm afraid it will take some time. I'll send more people to deal with it."

"Good! You just have to deal with it. No matter what price the other party wants, if you are willing to block this incident, you will promise to come down. " Pei Yuehuang's eyes calmed down a lot. She turned around and looked at the distance. Her beautiful eyes were covered with worry.

"Yes, Mr. Pei! I'll do it right away. " After Qu Hao finished, he turned around and saw the people who pushed the door in. He was shocked.

Is blue always back?

But Pei Yuehuang thinks it's just Xu Min coming in. She doesn't look back. Blue Qianchen makes a gesture to Qu Hao to let him go first.

Qu Hao immediately opened the door and went out. Blue Qianchen looked at the tall figure in front of the floor to floor window, and his heart immediately hurt.

Is she hurt? Is she very sad? Blue thousand Chen hurried past anxiously.

Pei Yuehuang heard the footsteps behind her, and she was about to turn back. However, a strong arm held her back tightly. She immediately felt the familiar breath. She was stunned for a few seconds and turned to be surprised, "how are you coming back?"

"I'm sorry. Let me explain." Blue thousand Chen is low, the voice line is tight, as if he wants to dig his heart to show her, his heart is only her.

Pei Yuehuang bent her lips and smiled. She turned from his arms. She leaned back against the French window and looked at him with a smile. "Then explain! Who is that woman? "

"I don't know her, and I don't know her identity, but after looking at these photos, I know that the girl who approached me three times is the same person." Since LAN Qianchen fell in love with her, the woman who appeared beside him, he didn't even have the idea of seeing more. Therefore, Yang Tiantian pretends to meet him three times, and he has no influence. If another man approaches him, he may not be so careless.

Pei Yuehuang chuckled, "so, you don't know that!"

"I don't know. Since I've been with you, I won't look at a woman more. If I know that she intends to approach me, I will never let this happen." On blue thousand Chen's warm face, there is also anger of gnashing teeth now.

Pei Yuehuang looked at him and her brow was blue. She immediately reached for his face and comforted him. "Well, let's find out who is behind him and find out who is so insidious. Let's play this trick to separate our feelings."

LAN Qianchen reaches out and clasps the back of her head, presses her in her arms, and says hoarsely, "do you know what I am most worried about when I get this news? I'm just afraid you'll get hurt. "

"Don't worry, I'm not a child. I can't tell right from wrong. I can see through this trick at a glance." Pei Yuehuang said, still can't stop sneering, "it's rare that this woman can perform so well. I have the opportunity to ask her in person where her face dare to calculate my man."

Blue thousand Chen caresses her long hair, low way, "thank you! Thank you for your trust, Yuehuang. "

Pei Yuehuang also reached around his waist and nestled in his arms, "of course, I believe you, never doubted."

LAN Qianchen lowered his head and kissed her on the forehead. "I'll find out about this matter. All the people here, I'll let them come out to clarify this matter, and I'll let them pay for my innocence."

"I think of a suspicious person. Maybe Zhao Dong is behind us. He knows that we are looking at his company. So he wants to use this insidious move to frustrate our feelings. He doesn't have the mentality to buy this thing." Pei Yuehuang can see through the essence of this matter at a glance.

Blue thousand Chen angrily clenches a fist, "really despicable."

"Well, don't be angry. Let's calm down and fight back this matter. Ignore what people outside say. There will be a day when the truth will come out." Pei Yuehuang comforts her.

Of course, LAN Qianchen will return the incident to Zhao Dong and all the people involved.

Just then, LAN Qianchen's cell phone rang. He took out the phone and saw that it was elder brother. He said to Pei Yuehuang, "my elder brother's phone, I'll take it."

"Good! Explain it to your family. I think they know it too. "

Just then, Pei Yuehuang's cell phone rang. She picked it up and shook it with a smile. "My mother, I've probably come to inquire about it."

LAN Qianchen said nervously, "then explain it to mom."

"Don't worry! I will. " With that, Pei Yuehuang picked up her mobile phone and went to the side to answer.

And LAN Qianchen picked up the elder brother's.

"Qianchen, what's the matter on the Internet?" Blue Qianhao's voice was obviously shocked.

"Elder brother, what kind of person am I? You are the most clear. Someone has no intention to smear my reputation. I will find out in two days."

"You are about to get married. This matter must be explained to Yuehuang and Pei's family. Don't misunderstand."

"Well, I know. Don't worry."

Pei Yuehuang next to her also explained a few words to her mother. Fortunately, the Pei family believed in LAN Qianchen's character very much, and soon became relieved, waiting for the truth.

Chapter 1228

LAN Qianchen's event broke out on the Internet and could not be suppressed.

Originally, the rich second generation, together with the word "derailment" and "stepping on two boats", has become the most concerned event of current netizens. Therefore, it has become somewhat difficult to suppress. Pei group's employees have been unconscious because of this matter, they are worried about Pei Yuehuang's emotional frustration, and whether even the company will be involved.

But the general office has been refusing any staff to go up for exploration, which makes a group of staff can only wait for a final result.

Pei Yuehuang has calmed down for a long time. LAN Qianchen feels guilty and blames himself. He is more upset and angry. Zhao Dong unexpectedly has such a thing out of nothing. If you fight against him, just come to him. Now, Pei Yuehuang is the one who is most hurt.

Now, we don't need to look at the Internet to know that Pei Yuehuang's reputation is still involved in this incident.

Pei Yuehuang looks at the blue thousand Chen who has been very worried. She can't help but feel extremely distressed. In the end, if she doesn't put it in her heart, it has no meaning. As long as their two hearts are not affected, Zhao Dong can ignore even if she pulls out a bigger flurry.

Pei Yuehuang came to him, reached for his shoulder, put his forehead on his forehead, smiled and comforted him, "Qianchen, don't blame yourself, you know I didn't blame you! Let's go home! Take a good rest and deal with it. "

"I promise it won't happen again." LAN Qianchen's mute promise is that he is careless.

"Zhao Dong is willing to calculate you like this. You can't defend against it. As long as we don't fall into the trap, he's just in vain. If we are affected, it's just in his mind."

Pei Yuehuang's words made LAN Qianchen reach out and hold her in her arms. "OK, I'll send you back. I'll check this matter."

Pei Yuehuang leads LAN Qianchen out. The assistants on the floor of the general office know that even though the incident has spread to the Internet, it has not affected the feelings of LAN and Pei.

Zhao Dong's eye liner Xiao Li, who is responsible for copywriting work at this level, is now holding her paper out, and sees Pei and Huang thousand Chen walking hand in hand with the lift. She immediately looks at the strings tightly.

At this time, Xu Min was behind her. She saw Xiao Li sneaking around. She couldn't help being surprised. What was she looking at?

And she also happened to see Pei Yuehuang and LAN Qianchen enter their private elevator. She reached out and patted Xiao Li.

Xiao Li immediately turned pale with fright. After seeing Xu Min, she still couldn't hide her panic and said, "Xiao Xiaomin. "

"Xiao Li, what are you peeping at here?" Xu Min looks at her face and turns white. She can't help thinking that she's scary.

Xiao Li immediately clapped his chest, calmed down for a while and asked, "Xiao Min, ask me, Pei and LAN have nothing to do!"

"Of course not! Pei and blue are so good together, but also a small net red can affect? " Xu Min snorted from his nose.

"That's right! If it doesn't matter. " With that, Xiao Li holds the document and turns to leave.

Xu Min is still wondering. Just now Xiao Li was scared. How could he be a little guilty?

Xu Min didn't think much about it, so he went to find Qu Hao. Tonight Qu Hao may have to work night shift to deal with this matter. She will accompany him.

Zhao Dong is sitting in his office. He also wants to know how the relationship between peiyuehuang and LAN Qianchen is.

now Pei Shi Group, his eye liner has only this little Li. He picks up the phone and goes to the French window to dial directly.

Xiao Li just came back to the office and heard her cell phone ring. She immediately took a look and hurriedly hid in the corridor next to the office to answer.

"Hello! Mr. Zhao, what can I do for you? "

"Xiao Li, I want to ask you something. You have to tell me the truth."

"You say." Xiao Li's hands are short, and he was eaten to death by Zhao Dong.

"Lan Qianchen has cheated on netred. Pei Yuehuang knows it!"

"This matter is well known in Pei's group, and Pei must know it." Xiao Li told the truth.

"Did Pei Yuehuang and LAN Qianchen's feelings be affected? Does Pei Yuehuang get angry or quarrel with LAN Qianchen Zhao Dong is looking forward to his result.

Xiao Li is also smart. She knows to cater to Zhao Dong's preference. She hurriedly said, "now we don't know the relationship between Pei and Mr. LAN. I heard that they have been in the office. I don't know if there is any quarrel."

"According to your general character, Pei can't stand this kind of thing." Zhao Dong said proudly.

"That's right! No one can stand it. "

"Good! Keep an eye on them for me and see when they break up. " Zhao Dongbi was one of Pei Yuehuang's pursuers.

"OK! I'll keep an eye on it for you. " Xiao Li hung up the phone and suddenly thought that the whole thing might be Zhao Dong's plot. It turned out that she had revealed LAN Qianchen's whereabouts before, which was to provide him with information.

Xiao Li was in a hurry. She went back to her desk and began to write her resignation report. At the moment, Pei Yuehuang and LAN Qianchen have already got on the bus. LAN Qianchen drives. Pei Yuehuang calmly looks at the photos with her mobile phone. She looks at them and immediately finds out something.

"Strange, how does Zhao Dong know where you usually go?"

"Maybe he sent someone to follow me."

"That's one reason, but take this banquet as an example. Yang Tiantian's online identity can't enter such an occasion. It must be someone who exposes materials to Zhao Dong in advance. Zhao Dong has time to win the invitation card for Yang Tiantian."

Blue thousand Chen star Mou one squint, "do we have Zhao Dong's person nearby?"

Pei Yuehuang thought that Zhao Dong had spent a lot of time trying to woo people around her in order to chase her. Xu Min and Qu Hao would never do this. So, there are only a few people who can touch her more personal whereabouts.

Pei Yuehuang immediately has an absolute person in her mind. This person is her assistant Xiao Li, who is in charge of copywriting. She happened to find out yesterday afternoon that she was showing off her new bag to an assistant. Even if she had money to buy, it was too coincidental. In addition, Xu Min once said that Zhao Dong wanted to give her a famous bag.

It seems that Zhao Dong's way of persuading women hasn't changed.

"I know who it is." Pei Yuehuang finished, she picked up her mobile phone and dialed Xu Min's mobile phone.

"Hello, Mr. Pei."

"Xiaomin, I'd like to see the documents of the Gali group tonight. You asked Xiaoli to take me to the villa after work."

"Or I'll send it to you!" Asked Xu Min with a smile.

"No, you are very tired today. Let Xiao Li come here!" Pei Yuehuang insisted.

Xu Min has been working with PEI Yuehuang for such a long time. She can understand the implication of her words. After she answers the phone, she goes to find Xiao Li. Xiao Li is preparing to pack up and get off work. Xu Min asks her to send the latest documents of Gali group.

"Xiao Li Zheng," Mr. Pei personally let me deliver it

"Yes! What's the matter? " Asked Xu Min at her.

"No It's nothing, sister min. can you give it to me? I have something else to do later. "

Xu Min thought to himself that Pei always wanted her to go there. It must be something.

"Xiao Li, it's your duty. I'm too busy to leave today. Please send it as soon as possible!" Xu Min refused. She turned and left.

Xiao Li is biting her lips. She's really afraid of anything now. What she's afraid of most is facing Pei Yuehuang and LAN Qianchen. At the moment, she needs to send documents to her home.

She can't help worrying. Mr. Pei, they shouldn't doubt that she let out Mr. Lan's whereabouts!

Xiao Li thought for a moment that if the storm had passed, she might still be here, and it would not be easy to do so.

Xiao Li found the document bag of the Gali group, picked it up and went downstairs to the underground parking lot to drive the documents.

Pei Yuehuang and LAN Qianchen have returned home. For this matter, LAN Qianchen blames herself. At the same time, she also wants to eliminate the influence of this matter on the Internet quickly.

And the fastest way to eliminate this matter is to find two parties, one is Wang Liang, the other is Yang Tiantian, and let them take the initiative to tell Zhao Dong behind them.

Let this plot surface and expose Zhao Dong's sinister intentions.

LAN Qianchen called big brother. He hasn't asked big brother to help him for a long time, but this time he wants big brother to help find out Zhang Liang and Yang Tiantian.

Chapter 1229

After that, LAN Qianchen called Xing Yifan and asked Xing Yifan to look for these two people together. Now, they must be hiding.

Xing Yifan gets a call from his good brother. After hearing the reason, he is also very angry. Someone did this to his good brother. That's what provoked him.

"Don't worry, I will inform my elder brother that the strength of our family believes that it's not difficult to find these two people." Xing Yifan comforted.

"Good! Find out their news and inform me immediately. I want them to pay for it. "

"OK, I'll make a few calls right now." Xing Yifan falls.

Pei Yuehuang is also waiting for her assistant Xiao Li to come here. Now everything is very clear. It just needs some evidence.

LAN Qianchen sits next to her and touches the back of her head. At this moment, the happiest thing for him is her trust with all her heart. Nothing can make him more grateful than that.

"Thank you!" LAN Qianchen kissed her on the forehead, "thank you for trusting me!"

Pei Yuehuang chuckled, "my trust also comes from your love for me, because you love me enough, and I feel it, so any external disturbance can not come into my eyes."

LAN Qianchen pressed her into his arms, and he sighed with remorse, "it seems that after that, I really should be careful! You can hurt me, but I won't let anyone hurt you. "

Pei Yuehuang immediately raised her head and smiled, "no, who dares to hurt you? This time, Zhao Dong, I will make him pay a heavy price."

In Pei Yuehuang's eyes, there was a flash of ruthlessness. Zhao Dong thought he was smart, but he angered her. Now, even if she tried her company's best, he would pay the price.

Outside the door, there was a car noise. Pei Yuehuang knew it was her assistant Xiao Li. She said to LAN Qianchen, "I'll ask you later!"

At this time, the doorbell rang, and LAN Qianchen went to open the door. After a while, he saw Xiao Li holding the file bag in the yard. On her shoulder, she was carrying the brand bag of more than 100000.

Xiao Li looked at Pei Yuehuang sitting on the sofa. She immediately said respectfully, "Mr. Pei, I have sent you the information you want! Do you put it here? "

Xiao Li thought that he could leave after putting down the information. Pei Yuehuang's mouth made a smile of unknown meaning. "Xiao Li, you have a good bag. Where did you buy it?"

"Er! It was brought back by my friend from abroad. "

"You have a good eye. It should be very expensive!" Pei Yuehuang raised her eyebrows and pretended to be curious.

Xiao Li's heart flashed across her eyes. She sang and smiled, "it's not too expensive. Fortunately, Mr. Pei, I won't disturb you. I'll go first."

With that, Xiao Li wanted to leave.

"Wait a minute, I have something to ask you."

"Mr. Pei, you said." Xiao Li immediately had a heart beating, but he turned around with a strong composure.

"I want to ask, have you contacted Zhao Dong recently? Did he ask you anything? "

" no Not at all! Mr. Pei, how can I contact Mr. Zhao! After you and LAN are together, hasn't he been to the company? " Xiao Li replied with a calm face.

"Is it? Xiao Li, there's a price to be paid for panic. You'd better think it out and tell me later. " Pei Yuehuang's eyes narrowed a sharp color.

Xiao Li can't help breathing, but she will not admit it. She shook her head and said innocently, "Mr. Pei, I really don't have it. Besides, who is Zhao always? How can he contact me?"

Pei Yuehuang stood up, walked to her side with great pressure, stared at her around her arm, and finally looked on her bag. "You know I'm a distinguished member of this brand. I can find out whether you bought this bag from abroad or at home, or someone else bought it for you. Zhao Dong bought it for you!"

Xiao Li couldn't help but stare. Unexpectedly, Pei Yuehuang saw the origin of the bag. She shook her head. "No!"!. Mr. Pei, this bag is my own, really I bought it. "

"Come here tomorrow with your warranty card. Let me see if you bought it yourself or someone else paid for it. If you dare to take it out, I will believe you."

"I..." Xiao Li blinked at once.

"Xiao Li, you bought Mr. LAN and me from Zhao Dong to get benefits. You have violated our privacy right and criminal law. If you don't want the defendant to go to court, you'd better tell us everything truthfully. Otherwise, you can't bear the consequences." Pei Yuehuang's eyes, with a touch of breath, seem to have a cold face with the queen.

Xiao Li's face was white with fear and his legs were soft.

"Qianchen is a well-known lawyer. He can let you go to jail for several years."

"No, no, no Mr. Pei, I was forced. I didn't mean to. Zhao Dong forced me." Xiao Li was frightened to kneel on the ground immediately and admitted that compared with a famous brand bag, she spent several years in prison, and her life was ruined. LAN Qianchen is silent all the time. I expect Xiao Li has something to do with it." Zhao Dong took the initiative to contact me and said that as long as I was willing to provide you and Mr. LAN with travel information, he would bring me benefits and pay me back. I could not bear the temptation and promised him..."

Pei Yuehuang's eyes stared at her deeply. "I usually treat you well. You betrayed me for a bag. I really despised you."

"Mr. Pei, please forgive me. As long as you forgive me, I can do anything."

Pei Yuehuang saw that she admitted, and she said coldly, "go back first, and don't reveal a word to Zhao Dong. If you let me know, you'll stay in prison in your life!"

Xiao Li's legs are numb with fear. Pei Yuehuang glances at her and says, "I'll look for you when I'm ready."

"Thank you, Mr. Pei. I will cooperate with you to clarify this matter." Xiao Li really knows that he is wrong. He shouldn't brew such a disaster because of his momentary greed.

As soon as Xiao Li left, Pei Yuehuang was so angry that she bit her teeth. "Is this the person I trained? Betray me so peacefully."

"Don't be angry. It's not worth it." LAN Qianchen doesn't want her to be discouraged by these things.

Pei Yuehuang immediately breathed a sigh and smiled, "I'm really angry. I'm so kind that you've been wronged like this. Now those comments on the Internet can't be read at all, and you're not allowed to see them."

"The one who is clean is self-cleaning. He is not afraid of shadow slanting, which will not affect me." Of course, LAN Qianchen doesn't take these things too seriously.

He can't control how others judge him, as long as his favorite people believe him.

But this matter, he will give oneself a confession sooner or later.

Xing Yifan made several calls in a row. It will take some time to find Wang Liang and Yang Tiantian.

And LAN Qianhao also let people around him begin to look for and inquire about the whereabouts of these two people. Now, one is the informant and the other is the scandal person. As long as they are found, everything will be true.

Wang Liang is hiding in a small county at the moment. He came here to see a friend and dodge the limelight. He didn't expect that LAN Qianchen's influence was so great. Now things seem to be out of control. LAN Qianchen's name is on his back.

Wang Liang is still afraid. He must have such a family background. He will certainly not ignore it.

Yang Tiantian then went back to her apartment, packed up her things, took Zhao Dong's 2 million yuan and prepared to go abroad for a while. Now, she became popular on the Internet and tied up a handsome and rich second generation of rich people, which made her very proud. Now, she answers a lot of phone calls, it's all the envy and jealousy of her sisters.

Yang Tiantian also enjoys being envied by them. She has had an affair with LAN Qianchen in other people's eyes. His body and appearance are worth being envied by those sisters for a lifetime.

It's a pity that Yang Tiantian has made a fire, but she has no communication with LAN Qianchen. She thinks that LAN Qianchen wants to know her because of this!

Yang Tiantian picked up the box and went out. She took a taxi to the airport.

When Yang Tiantian was checking in, suddenly the ticket inspector looked at her ticket and looked at her face. She picked up her mobile phone and dialed a phone.

There are two workers coming by.

Yang Tiantian can't help being scared, and asked quickly, "what's the matter?"

"Miss, you are not allowed to leave the country," said the conductor, deadpan

"What? Why? I didn't break the law, why can't I go abroad. " Yang Tiantian asked eagerly.

"Miss Yang, come with us."

Chapter 1230

Yang Tiantian's face was a little white with fright. It was the first time that she met this kind of thing. She said to the two staff members in front, "what's going on! Why can't I leave the country! "

The staff didn't answer her, they just received the above notice.

Yang Tiantian was taken to a rest room and temporarily stopped.

In LAN Qianchen's villa, it's nine o'clock in the evening. He also receives a phone call from Xing Yifan. Xing Yifan tells him that Yang Tiantian has been found. Because Yang Tiantian's incident has violated the personal safety of others, he can apply to detain Yang Tiantian for 24 hours for trial.

LAN Qianchen received the phone call. He was not surprised at Xing Yifan's ability. His family had a stronger background.

Pei Yuehuang heard that Yang Tiantian had been found, but she had never hated a woman so much. Now, she is really disgusted with such behavior. As a woman, Yang Tiantian does not love herself, but does not know what the shame is.

As for Wang Liang's whereabouts, Xing Yifan is still looking for him. I believe he will have his information soon.

Yang Tiantian is being detained now. She can't contact Zhao Dong. She can only worry about it. But she has a hunch that it must be related to LAN Qianchen.

Zhao Dong is staring at his stock right now. He talks hard to an investor at the wine table about his future ideal, the future development prospect of his company, and a few drinks down. That investor really has to be talked about by him. He will give him a reply in two days after he examines.

At the moment, Zhao Dong is still secretly happy, because Pei Yuehuang has a chance to turn over as long as he hasn't moved his company immediately.

Pei Yuehuang didn't know where to hide and cry now! LAN Qianchen gives her such a blow, she can't stand it.

After Wang Liang took Zhao Dong's money this time, he hid from anyone as before, only paying close attention to the follow-up of his disclosure. He was smart and cunning, and also avoided many people's debt.

Blue thousand Chen this matter, also is he sees money eye open impulse action, he thinks, waited for this wave of heat, silence to go down, he nature is all right.

But he didn't know. He caused people who couldn't be bothered by this incident. Other people's news gossip because he secretly took photos to find evidence and had real material, so others didn't bother him.

But LAN Qianchen's case is a real fraud case. All the participants violated the law.

In the evening, Xing Yifan did not feel sleepy for a while because of blue Qianchen. He was waiting for Wang Liang's news. When his brother met with this kind of thing, he was also very angry and even a little blocked.

After bathing, Bai Xia saw Xing Yifan pour out a glass of red wine and stand on the balcony. She knew that he was depressed today. She walked to him gently and asked, "can't you sleep?"

Xing Yifan saw that she had taken a bath and was waiting for him to go to bed together. He said gently, "I'll take a bath and sleep with you right away."

Bai Xia looks at some red wine in his hand. She reaches for his glass, smiles, looks up and takes a sip. "I'll have some, too. Is there anything else?"

Xing Yifan didn't stop her. He went back to the table and poured half a glass of red wine for her. He also took a glass and poured it half full. The two people enjoyed the red wine and talked about blue Qianchen.

What they feel is their firm love and absolute trust.

After drinking two glasses of red wine, Bai Xia's sleepiness became stronger. Xing Yifan grabbed her into her arms. Bai Xia soon fell asleep, while Xing Yifan pillowed his arm and looked at the mobile phone on the desk from time to time. He turned to vibration.

However, as long as Wang Liang's information is available, his people will call him as soon as possible.

He believes that his people will find out Wang Liang as soon as possible. His channel is different from that of the blue family. He is more confident about this matter.

At the moment, Wang Liang is very low-key hiding in a county. He and his friends boast that he didn't go back to the hotel until two o'clock in the morning. He lies on the bed and watches the event of LAN Qianchen has been reproduced on the whole network. He can't help but purr, thinking that he needs less money from Zhao Dong this time.

In the lobby downstairs, two uniformed people came in and flashed a picture at the front desk, "excuse me, does this person live here?"

As soon as the receptionist looks at the identity of the person, she dare not neglect it immediately. After carefully confirming the photo, she nods, "yes, it's the guest here."

"He's a criminal. Tell me his room number."

At the same time, she took out a room card and led them upstairs.

Wang Liang is now asleep. When he is in a daze, he hears someone pushing the door. When he opens his eyes, he sees the door. Under the open light, he is in a bright uniform, which immediately scares him.

"Is your name Wang Liang, from city a?"

"I'm not..." Wang Liang refused to admit it immediately.

But the photos on his information make the person confirm his identity at a glance. The two people don't say anything and stop him. "You are suspected of cheating together, please come with us." Wang Liang wanted to resist, but he was held down to death. He immediately shouted, "you caught the wrong person. I'm a good man. I didn't break the law..."

Xing Yifan's mobile phone rings 15 minutes later. The sound of vibration makes Xing Yifan, who has just closed his eyes and slept in shallow sleep, immediately feel it. He gently pulls out Bai Xia's arm and grabs the mobile phone and walks to the balcony.

"Hello! Xing Er Shao, the person you are looking for has been found. Now, it is on the train taken back to city A. "

"OK! Thank you! " Xing Yifan replied.

"You're welcome." The man on the other end hung up.

Xing Yifan took a look at the time. It was 2:30 in the morning. He thought about it. He reached out and dialed LAN Qianchen.

Sure enough, the blue Qianchen at that end didn't sleep, and soon picked up the phone.

"Hello! One. "

"Qianchen, good news. Wang Liang has found it. He is on his way back to a city. You can find him tomorrow."

"Yifan, thank you."

"What do you say to my brother-in-law? Didn't you also play for me in my father-in-law's lawsuit last time?"

That end blue thousand Chen laughs a way, "the good brother of lifetime."

"Well! Rest early! "

"Well, you too."

The two brothers hung up and went back to their women's side. After the matter was settled, they could sleep in peace.

On the train, Wang Liang turned into a criminal and was taken back. He wanted to make trouble loudly for many times, but he was educated. Wang Liang immediately became honest, and he dared not do the right thing with these people.

Wang Liang's hands were tortured, and his guards sat around him. Although he asked why he was arrested, they didn't tell him that he could only think about it by himself at the moment.

But, needless to think, he also knows that this time he really has to commit a crime.

In this day, the scandal of LAN Qianchen is flying all over the world, making many people eat a big melon, waiting for the follow-up events, imagining that there are bigger melons out, so that they can eat enough at one time.

Early morning.

Pei Yuehuang reaches for her hand and embraces her naturally. However, she feels the warmth of a quilt. She can't help but open her eyes and watch the man around her get up.

LAN Qianchen has come here dressed neatly. He bends down and kisses her on the forehead. "You can sleep a little longer. I'll ask Xu Min to bring you breakfast. Today, you can work at home! Don't go to the company. "

"And you?"

"I'm going to the police station to get rid of this!" Blue thousand Chen low way.

Pei Yuehuang reached out and held his hand, "Hmm! Then come back as soon as you've finished. "

"Good! Wait for me. "

Pei Yuehuang watched him leave. She continued to rest in peace. With him, it seemed that she always felt special peace of mind.

Wang Liang and Yang Tiantian have been detained in the same place, and LAN Qianchen takes Qu Hao to set out together.

LAN Qianchen has drawn up a prosecution case, combining the scandal on the Internet with Pei's recent acquisition plan to set up a fraud case.

Because the whole thing was planned by Zhao Dong, Yang Tiantian, Wang Liang and Xiao Li, the assistant of Pei group, were all participants.

Pei Yuehuang also called Xiao Li to let her go. Even though Xiao Li was afraid, she knew that she could not escape from this matter. Only by being honest, could she handle it lightly.

Zhao Dong, the main conspirator of this matter, is also indispensable.
