

U. CEO Daddy 1251

Chapter 1251

At the end of the meeting, Jiang Xinwei was called away by Jiang Shan alone, and the other four older people got up to leave, leaving two youngest women cleaning up the manuscript on the desk.

"Now our achievements will be taken a piece of the cake. Where did Jiang Xinwei come out? I heard that master has only one niece!" The woman's name is Lu Zhen, and she has some obvious disdain in her eyes.

The next Luo "yes! Miss Xing Yinuo! Jiang Xinwei! It's said that it's a watch. How can I compare it with Miss Xing Yinuo? " The woman's name is Luo aimi, and her tone is the same as LV Zhen's.

Lu Zhen chuckled, "master means, let's take her to study well. If we let her learn our skills, then she won't step on our head after that?"

"So! Just perfunctory, who really has to teach her! Even the senior brothers and sisters have the same idea as us. "

"Yes, best! If she can get out of here, then we don't have to worry about being trampled in the future. "

The two women look at each other and have a feeling of mutual understanding. They all think that they will have a chance to drive away Jiang Xinwei in the future, and they will not miss it.

At the moment, Jiang Shan is in her office with Jiang Xinwei. She will show her the works of the show. After Jiang Xinwei has read them carefully, she can't help marveling.

"Auntie, the works are very good. This show will be very successful."

"Have you ever had such an experience?"

"You I haven't had such an honor, but I have several works selected for the graduation show of our college. " Jiang Xinwei's life has just begun, and she is full of hope for the future.

"It's also very good. This time, you can follow it and see it. It's also your stage in the future." Jiang Shan is also full of hope for her, she is also intended to train successors.

Although she has three nieces and two nieces, they have their own achievements in their fields. Everyone is very excellent. Even Bai Xia has a good chance to take over, but obviously, Bai Xia is not in this field, and Xing Yifan is the nephew's pet. It's not suitable for her to devote all her energy to her career.

So, Jiang Shan knows that it's not realistic for them to inherit her career. It's also kinship. She hopes that Jiang Xinwei will take over her career in the future and let her fashion legend live forever.

As for her disciples, after they have been trained, they will have their own ambitions. Now they serve her. That's because they still need her. In the future, they will not be winners.

"Aunt, thank you for giving me such a chance. I will study hard." Jiang Xinwei is really excited and excited. With such an opportunity, how many students just stepped out of the design school want it.

"This time I didn't plan to go because I believe my students won't let me down." This time, Jiang Shan also let her disciples go, and she didn't have the energy to buy the show.

Jiang Xinwei's eyes are full of adoration.

On one side, Jiang Shan looks at her eyes full of vision for the future. She looks like she is young. Speaking of it, Jiang Xinwei really looks like her young face!

Jiang Shan knows that she needs to go through too much. In this industry, she needs not only talent and efforts, but also a heart full of courage. Because of all kinds of competition and obstacles, insidious and scheming are beyond defense.

These, she can only teach her on her way in the future, but can't tell her now, otherwise, it will create psychological pressure for her.

"Get busy! Maybe you will leave next week. Take a look at the information of the show. " Jiang Shan said to her with a smile.

Jiang Xinwei nodded and went to her office with the information. She attached great importance to this matter and spread it secretly in this shop.

At 7:30 p.m., Xing Yifan and Bai Xia appeared at the airport. They boarded Xing's private plane directly from the VIP channel and waited for the departure notice.

Bai Xia is very excited. Besides, she is very happy to make her first private plane.

After receiving the take-off notice, Xing Yifan fastened her seat belt and comforted her excited heart, "eleven hour flight, are you still so excited? Not afraid of boredom? "

"I'm not bored with you!" Bai Xia turns to look at him. Xing Yifan always has a way to tease her.

Xing Yifan stroked the back of her head and kissed her face. "OK, my husband will make you happy."

Four stewardesses on the plane passed by the aisle from time to time, which made Bai Xia complain in a low voice, "don't mess now!"

Xing Yifan chuckled, "do you mean you can make a mess when you get off the plane and go back to the hotel?"

Bai Xia looks at him speechless and chokes. She can't help thinking about whether Xing Yifan is here. Will she be tired all the way?

Bai Xia can't imagine, but she must be tired.

The plane glided smoothly and took off.

During the sprint, Bai Xia's hand immediately grabbed Xing Yifan in a panic. Xing Yifan took her in one hand and held her hand tightly. Looking at her tense appearance, he comforted, "don't be afraid, the plane is safe." Bai Xia is really nervous about the moment of taking off, but when the plane is stable, she will not.

Flying in the night, Bai Xia's thing to kill time is to watch anime. Xing Yifan accompanies her to watch it.

Stewardesses don't come to disturb them. They just come to ask what they want to drink.

Time unconsciously arrived in the early morning. Bai Xia was sleepy for a long time. She turned off animation and leaned her head on Xing Yifan's shoulder.

Xing Yifan reached for her and said softly, "sleep when you are sleepy!"

"Sleep, too!" He said in the white summer.

"I'm not sleepy for the time being." Xing Yifan did not feel sleepy.

Bai Xia had to go to bed first. Xing Yifan asked the stewardess to send him a cup of coffee. Bai Xia snuggled up in his arms and he didn't do anything. He just noticed that her sleeping posture was uncomfortable.

Bai Xia fell asleep soon.

In the eleven hour flight, Bai Xia slept for six hours. When she was about to wake up, there was another sky outside the window, and it was only an hour before the plane landed.

Bai Xia can't help being surprised, but sleeping is the best way to pass the time. Xing Yifan also sleeps, and now wakes up with her.

Bai Xia and he ate together on the plane. This kind of Western food in the sky of 39000 miles is also unspeakable romance.

After Bai Xia finished eating, he stood on his chin and looked out of the window at the clouds, leisurely and leisurely.

"What do you think?"

"I'm thinking about creating inspiration. When I get back from my honeymoon, I'm going to work hard." Bai Xia feels that she can't spare time. A woman must have a career of her own.

Xing Yifan knows that she likes to stay up late for this job. He says in a low voice, "don't be too hard, I'll support you!"

White summer Curved Eyebrow a smile, "I know you can raise me, but, I also want to have own enterprise!"! Otherwise, I will be very empty. "

Xing Yifan put a smile on her forehead and said, "if I give you a child, you will not be empty."

Bai Xia immediately blushed, "I hate it."

This sentence is inexplicably ambiguous.

In Xing Yifan's eyes, there is a sense of complacency.

An hour later, the plane landed steadily. The driver who picked up the plane from the seven-star hotel arrived. Xing Yifan took Bai Xia to the car and went straight to the hotel to rest.

The hotel room is also a wonderful scenery. Bai Xia took a bath, sat on the balcony, and looked at the scene of a prosperous strange country. Her heart was free and very relaxed.

Behind him, a strong arm rings around his waist. Bai Xiawei turns his face and grins his face. Xing Yifan asks with a deep smile, "are you happy?"

"Happy!" Bai Xia said, and said to the man behind him, "you've only slept for a few hours on the plane. Now go to sleep!"

"Sleep together." Xing Yifan takes her hand.

"I've got enough sleep. You can sleep!" Bai Xia just wants to sit here and see the scenery.

"Do you really have enough sleep? So, are you energetic now? " Xing Yifan came back to ask.

Bai Xia immediately heard the meaning of his words. She felt nervous for a moment and turned around and said, "you can't! You've only slept for a few hours, Xing Yifan. Be careful of excessive indulgence! "

Xing Yifan sees his wife to doubt his ability, immediately good airway, "rest assured, husband is not so inferior."

Bai Xia is speechless. Is that the point? She just wants to have a rest! Is it that hard?

Chapter 1252

Bai Xia didn't expect her first day to be in the hotel. Who told Xing Yifan not to give her a good rest? So she could only sleep until the next morning.

Bai Xia opens her eyes, looks at the time, and gets up with her back. When the man's arm is tied again behind her, she immediately beats her angrily, "no holding, I'm going to get up."

Xing Yifan's arm was taken back again, and some stuffy male voice came, "sleep with my husband for a while!"

"No!" Bai Xia replied firmly, and then she got out of bed.

She washed and changed a set of very simple long skirts, which made her feel the breath of travel. She sat on the balcony, holding her chin to enjoy the different scenery on the street, in a good mood.

Xing Yifan also got up, with a long and strong body, walked up and down from her eyes, as if to show her deliberately.

Bai Xia steals a few glances secretly, this man has a kind of contradictory breath.

He dressed like an ascetic man, but in front of her, he was like a wolf who didn't feed enough.

Xing Yifan sat beside her in a casual suit. "I ordered breakfast. After a while, where would you like to play?"

Bai Xia immediately took the iPad and carefully looked at the nearby scenic spots.

"It's good here!" Bai Xia pointed to a pagoda church, "let's go here!"

Xing Yifan has no interest in scenic spots. He and LAN Qianchen used to travel all over the world. Therefore, the main purpose of this trip is to accompany Bai Xia.

"OK, then go here!" Xing Yifan nodded.

Breakfast makes Bai Xia not used to eating. She still has some taste requirements. It must be that western breakfast is different from her usual breakfast in China. After eating, Xing Yifan has the car prepared by the hotel ready, and Xing Yifan has the driver drive them to the scenic spot.

Standing in front of this very historic Cathedral, Bai Xia can't help but look up and wow, only to see that the grass around is full of tourists, many people like to bask in the sun and chat here.

Carrying a small bag and holding Xing Yifan's hand, Bai Xia walked in happily.

Xing Yifan's eyes are full of her smiling face. As long as she is happy, he has no reason to be unhappy.

Even though what Bai Xia shows at the moment is like a person who has never met the world, he is also full of her.

Bai Xia has never been to any other country except the country where she studied, so she is very fresh about all this.

"Yifan, take a picture for me." Bai Xia went to a beautiful relief and put out a pair of scissors.

Xing Yifan is amused, holding the mobile phone, clapping and laughing at the same time.

"Don't laugh!" Bai Xia knows what he is laughing at. It's just the vulgar gesture of laughing at her!

So, she put on a natural pose again. After taking the picture, Bai Xia came to see the picture.

It is said that his boyfriend must be the ugliest to take photos. Bai Xia is also worried about Xing Yifan's photography technology.

Xing Yifan showed her the picture. Bai Xia's eyes brightened. Fortunately, Xing Yifan took a beautiful picture of her.

"I look at it. It's quite high!" Bai Xia can't help but say a word proudly.

Xing Yifan immediately measured her hand, taking him as a reference, and made a flush gesture on her head, which was just the height of his shoulder.

Bai Xia glared at him with a smile. Xing Yifan bent down and said, "I don't think you are short."

"Even if you don't like it, it's useless. Don't return it." Bai Xia looks up and replies.

Xing Yifan chuckled, reached for her shoulder, kissed her face, "how can I give up returning such a lovely wife?"

White summer immediately sweetly, holding his arm toward the deeper corridor.

On a leisure beach in another city, LAN Qianchen and Pei Yuehuang have already been on their third day's trip, free and substantial.

In the evening, although there are many people in the upper reaches of the beach, there is a strong flavor of travel here. The hot bikini show on the beach makes many men addicted to it.

However, there is a man's eyes, but there is no interest in the past beauty. Blue Qianchen leads Pei Yuehuang to walk among the tourists.

Pei Yuehuang likes to appreciate more than LAN Qianchen. She must have a feeling of appreciation for the figure of a woman.

"That girl has a great figure and a great bikini color." Pei Yuehuang couldn't stop looking in one direction.

But LAN Qianchen didn't lift his head. He just looked ahead and said to her, "in my heart, there is no woman whose figure is better than yours. There is nothing beautiful."

Pei Yuehuang is secretly happy, OK! She just wanted to tempt him to have a look, and then she took the opportunity to narrow him.

I didn't expect that he didn't take the bait. Pei Yuehuang asked, "if I put on bikini and come here to play, do you have any opinion?" Blue thousand Chen that two star eyes immediately reaction big, his vision domineering look at her, "opinion is very big."

Pei Yuehuang couldn't help chuckling, "how could you be so domineering!"

This time, although she was wearing a long dress with suspenders, she was also wearing a shirt cardigan outside. It was because of his mood that she matched it.

"But if you show it to me at home, I won't refuse it." LAN Qianchen leaned over her ear and said.

Pei Yuehuang thought this proposal was very good. She nodded and said, "well, next time I'll go home and show you!"

Two people walk to a bar, want to put on a bottle of iced cocktail to pass the next evening time, enjoy the sunset afterglow in the distance, feel the bustling atmosphere in the crowd, and the time slows down.

Later, there will be all kinds of parties and dances, which are also very lively.

Pei Yuehuang and LAN Qianchen were chatting, but they didn't find the two men nearby. Although they were tourists, their eyes were turning on the watch in LAN Qianchen's hand.

Lanqianchen's watch is a gift from peiyuehuang. It's worth more than a million dollars. Therefore, it's a visible wealth for people who know the goods.

The tourists here are also the places where the dragon and the snake are mixed. Therefore, they have the idea of robbing money. They often check the tourists from other places and start from their belongings.

They also found Pei Yuehuang's bracelet and her diamond ring.

Blue thousand Chen's eyes are still very alert, in his and those two men's eyes slightly a pair, he found out these two men's bad intentions.

"Yuehuang, let's go back!" LAN Qianchen said to Pei Yuehuang, and he didn't intend to frighten her.

Pei Yuehuang is also tired. She nods and stands up from her position. When blue Qianchen's hand reaches out, she holds it.

LAN Qianchen leads Pei Yuehuang away, and the two men who stare at him, although they know that they have been detected by LAN Qianchen, but they are acquaintances in this area, so naturally there are other paths to follow up.

LAN Qianchen leads peiyuehuang to the direction of the hotel. It's about a kilometer away from the hotel. Besides the sandy beach with many people, there's a coconut forest path with few people. Pei Yuehuang follows his footsteps. She is also very keen. She finds that LAN Qianchen's footsteps seem to be on her way.

"Qianchen, what's the matter?" Pei Yuehuang asked curiously.

LAN Qianchen had to tell her, "just now in the bar, two men have been staring at us. I think they may have hit on our financial ideas."

Pei Yuehuang was shocked immediately. "Is that right?"

Blue thousand Chen saw her to be startled, he smiled for a while, "rest assured! I won't let anyone hurt you. "

"I'm not afraid of you." Pei Yuehuang put her hand around his waist. She thought her husband was very powerful.

Two people walk into the coconut forest. The hotel is a seven-star hotel with very good security. But there are many rich people here. Some people will come here with the idea of making a fortune.

LAN Qianchen and peiyuehuang just walked into the coconut forest, but before long, LAN Qianchen heard the footsteps behind him. He turned his head and saw one of the men appeared behind him.

Chapter 1253

He looked at the front at once, and the other was standing in their way. Pei Yuehuang's heart strings tighten. Unexpectedly, these two people are really following.

"This gentleman and miss, we have no intention of hurting people. As long as you give us valuable things in your hands, we will let you go." The man in front of me is in a negotiation tone with his arms around him.

Pei Yuehuang looks at these two men. They belong to a kind of Western men who are quite tall and strong. Although she knows that LAN Qianchen can fight, she still doesn't want to hurt him.

"Qianchen, let's give it to them! I don't want you to get hurt. "

LAN Qianchen takes a look at the terrain. It's less than 300 meters away from the hotel at most. There are security guards at the entrance of the hotel, but this coconut forest is deep, so the security guards can't find any robbery here.

"I don't want to give it. You gave it to me." Blue thousand Chen low voice, he toward Pei Yue Huang way, "you run from here to the hotel side, to the security there waiting for me."

"Qianchen..." Pei Yuehuang is still very worried.

"Don't worry, your husband is not so easy to be knocked down."

"But..."

"Have you discussed it? If not, let this beautiful woman play with us! " The two men also made Pei Yuehuang's idea.

There is no doubt that blue Qianchen's whole body is full of anger. These two people are dying.

Pei Yuehuang also felt sick and stared at two people. Blue Qianchen said to Pei Yuehuang, "run over, and you can find a security guard."

This sentence is undoubtedly the best reason for Pei Yuehuang to leave. She immediately nodded, "well, I'll go to the security guard later. Be careful, I'll let the security guard come right away."

LAN Qianchen nodded. The man in front of him, glancing coldly, clenched his fists and walked over. When the man saw him coming, he would look down on Asian men. They thought they had an advantage in size. "Yuehuang, let's go!" Blue thousand Chen low cry, he one foot Chuai opened this man.

Pei Yuehuang took the opportunity to run towards the hotel.

The two men were stunned for a few seconds. Although they ran away from a woman, their goal was still a blue Qianchen watch, which was worth a lot of money.

"Come on, grab his watch." Another man had a quick drink.

The man, who was carried away by LAN Qianchen, immediately came back. When LAN Qianchen hid, he jumped into the air and just turned back to attack. LAN Qianchen punched him on the chin and saw a scream. The man directly turned back.

Another man saw that his companion was beaten twice and fell to the ground. He immediately shouted angrily and waved his fist. LAN Qianchen dodged flexibly. Compared with his irregular fist, he punched faster and harder.

Only then did the two men find out that they despised the young man and thought he looked like a rich young man in Asia.

But I didn't expect that his kung fu was so good. They tried to rob his watch with all their strength, but LAN Qianchen put his feet on the ground. Before LAN Qianchen and Xing Yifan had no other hobbies. Their biggest hobby was boxing and fighting, kendo.

Therefore, these two men are not blue Qianchen's rivals at all.

However, one of the two men is a little clever. He knows that LAN Qianchen cares about peiyuehuang very much.

He immediately pointed in one direction. "That woman is back."

LAN Qianchen really cares. He turns his head immediately, but he is attacked by the man behind him.

LAN Qianchen sees Pei Yuehuang hasn't come back. He can't help being angry. He turns around and punches back. He kicks the man on the ground and makes his hands surrender.

But in a short time, Pei Yuehuang came here with four security guards. At a glance, the two men were so scared that they hurried away.

Pei Yuehuang immediately concerned, looking at blue Qianchen's handsome face, "you are not hurt! Is there anything hurt? "

LAN Qianchen smiled and shook his head. "No! All right. "

Even if there was a trace of pain in the place where the back was just attacked, it would be OK for him.

"You scared me to death." Pei Yuehuang reached out and hugged him. "Money is important, or life is important!"

"You are the most important." LAN Qianchen reached out and stroked her long hair. "What you give is also very important."

Pei Yuehuang can't cry or laugh at once. When she sent the watch, of course, she chose it well. It's expensive to give it to him. I don't know if it's dangerous.

"Let's go back!" LAN Qianchen reached for her and thanked the security guard. They went back to the hotel.

Pei Yuehuang is still a little uneasy. Once she returns to the room, she reaches out to remove his shirt and button.

Blue thousand Chen sees, look at her with deep eyes immediately, "so initiative?"

"Where do you want to go? Take off your clothes and let me see. I'm not sure." Pei Yuehuang said to him.

LAN Qianchen had to take off his coat. Pei Yuehuang checked it and found the faint red mark on his back. "You have some red marks here, have you been beaten?" "Well, I was accidentally attacked by those two bastards." LAN Qianchen confesses.

"Take a bath, and I'll give you some medicine."

"It's okay with this little injury."

"No way! You have to apply some medicine. " Pei Yuehuang is not at ease.

Blue thousand Chen had to smile way, "good!"

If this makes her more secure, he will cooperate! Although he didn't think it was a big deal.

After LAN Qianchen took a bath, peiyuehuang applied medicine to him. She thought that in the future, she would go to less places with more people and try to choose some high-end places to play.

In another country, it's still in the afternoon. Bai Xia is tired of playing. He and Xing Yifan find a coffee shop on the street to drink coffee. Next to it is a magnificent fountain. There are many artists who are doing art and painters are drawing.

Bai Xia, with her chin on, looked at the scene with a smile in her eyes.

And she did not know that not far away, a idle painter, he was looking for the most beautiful face he thought, so he found Bai Xia.

At the moment, the brush on his hand is very natural. Bai Xia is holding his chin, watching the two men on the opposite side play and sing for their own amusement, and the tune is very good.

Xing Yifan looked at his wife's eyes at the two young men who were playing and singing, but he still had some bad feelings in his heart.

What's more, when the two men found Bai Xia, they suddenly looked at her intentionally, as if they were singing this song for Bai Xia, and even the singing became more romantic. Bai Xia smiled, and the two men laughed.

When Bai Xia was in a daze, the painter had already drawn a very vivid picture, even the light in Bai Xia's eyes was lifelike.

"It's time we went back." Xing Yifan's jealousy was about to overflow, and he reached for the waiter to check out.

Although Bai Xia also enjoyed this moment, she was late looking at the time and was tired of shopping today.

"Good!" Bai Xia stands up and accompanies Xing Yifan to leave.

At this time, the painter quickly walked over and stopped them. "Stay, two. I have a present for this beautiful lady."

The painter was also very young, and looked very artistic. Xing Yifan's eyes immediately glanced at him displeased, and reached out to xuanzhan to hug Bai Xia's waist. "What's the matter?"

His voice is cold.

The painter smiled and drew a picture of him while Bai Xia was in a daze. "This is my gift to this young lady. I hope she can accept it."

Bai Xia reaches out to take it. She is stunned. Is it her portrait?

What's more, she was more surprised that the painter's painting skill had made her so vivid.

Xing Yifan was also a little shocked. He immediately reached out and took out his wallet. He took out \$100 from it and said to the painter, "thank you, I have bought this painting."

The painter was still very surprised. Unexpectedly, he received a small sum of money. He hesitated for a moment, and Bai Xia smiled, "thank you, please accept our payment!"

The painter accepted it and said a few thanks. Bai Xia left with the portrait and Xing Yifan.

Xing Yifan found out that his wife had been brought out of the country, so liked by foreign men. However, this depression could not be revealed.

It's also because my wife is beautiful that others like her.

"I'm going to keep this portrait for a memorial." Bai Xia also likes it.

Xing Yifan's heart was filled with jealousy. However, because his wife liked it, he had to suppress it.

Chapter 1254

There is a commercial building on the first floor next to the Jiangshan store. She rented a floor to be the office of the disciples. Jiang Xinwei attended the fashion show in M country this time. She also came here to help. There are many preparations before the show. The details can't be wrong, as far as the button color on a dress is concerned.

Jiang Xinwei loves this job very much, so even if she is tired, she is also very happy.

This time, there are 180 pieces of show clothes, each of which is exquisite and full of fashionable new elements, and it is also the main color of the next season. In a blink of an eye, it's time to get off work again. As a new person, she is still under various orders.

"Xinwei, I'd like to ask you to work overtime tonight to check your clothes! We've been tired for three months, and we're going to rush to the show. You know, we're already tired. " Luo aimi put the list of clothes in front of her desk, smiling and asking.

Jiang Xinwei immediately said with a smile, "OK, I'll stay here tonight to work overtime. Go back to have a rest first!"

"Tomorrow morning, Shifu asked us to hand in our work. Don't make a mistake."

"Don't worry! I will count them carefully. " Jiang Xinwei nodded.

"Well, thank you then." When Luo aimi finished, she turned around, with a smile on her lips. New people are new people, but they dare not care about them.

As soon as she came out, she whispered to several designers waiting outside the door, "she works overtime, we can have a good dinner, hi, hi!"

It's just that other designers are going through all kinds of shows, so they have been indifferent to every show.

Let's go! " Several people left in a hurry immediately, leaving Jiang Xinwei alone to work overtime here.

Just then, her mobile phone rang. She picked it up and saw that it was her mother who called. She had to say something about work. Mrs. Jiang told her to come back early. Don't be too busy late. A girl is not safe.

"OK! Mom, I'll be back early. " Jiang Xinwei said with a smile.

Just after hanging up the phone, Jiang Shan's call came in again. As soon as she heard that she was working overtime, she immediately sent several powerful waiters to help her and also brought her dinner.

Jiang Xinwei was very moved. Jiang Shan also knew that she had just started her career. This kind of coolness would be suffered by some people, and she didn't say anything.

A designer always has to go through these times. She never stayed up late to work overtime before. Of course, this is also a way of growing up and learning.

It's about time to go to the show. Jiang Xinwei is looking forward to it. The two loving couples who are on vacation abroad are also living a warm and sweet world.

Bai Xia and Xing Yifan have changed a small town at this time, which is said to be one of the most beautiful towns in the world. The small town built by the sea is full of lazy and fresh breath. The building is very beautiful and comfortable.

In the distance, there is a shadow of snow mountain. It is said that there is a very interesting skiing ground there. Bai Xia has a desire to try. Xing Yifan naturally wants to go, so he will accompany her.

Bai Xia is worried that she can't ski. She makes a fool of herself there. So, after thinking about it, it's hard to decide.

Xing Yifan saw her sitting on the balcony, chin propped up, and looked at the snow mountain side. There was a yearning color in her eyes, and she would have come. If she could not experience it, there would be some regrets.

"Go if you want! Don't hesitate. " Xing Yifan plays with her long hair and suggests making a sound.

Bai Xia bit her lip and nodded at last, "OK, let's go in the afternoon!"

Xing Yifan immediately arranged his car towards the villa hotel. He was ready to go with Bai Xia. Bai Xia didn't get tangled up. He had a good time.

The skiing ground is very large. I can only see the snow track extending from the other side of the snow mountain. The snow-white ornament is in the middle of the mountain, just like a white cloth, which is very beautiful.

Bai Xia's eyes brightened immediately. Fortunately, he came here. Otherwise, he would miss such a beautiful scenery.

Xing Yifan parked the sports car in the nearby parking lot, rented the best equipment, and two people went to the best skiing ground by car, sitting in the car, Bai Xia was also very excited. Xing Yifan looked at her like a child, and his chest was also inexplicably satisfied.

As if his mood, can be infected by her mood at any time, she is happy, he is happy.

Bai Xia's skiing skills are now learning and selling. However, Xing Yifan next to him is a master. He is very skilled in the movements with equipment. Bai Xia is surprised to see him. "Have you ever skied before?"

Xing Yifan chuckled. "In the past, when we were skiing every year, Qianchen and I used to live for a month or two. Our technology is first-class!"

Bai Xia is slightly gaping at her eyes, only to find that her husband is really hidden! This also made her realize the gap with him, it seems that she will have to learn more in the future.

Otherwise, something is like a little white in front of him.

Bai Xia had just slipped, and it was very slow. She managed to master the rhythm, so she met a place where she was more apprentice, which made her immediately exclaim, "Xing Yifan, help! So fast I'm afraid." Xing Yifan had been looking at her behind her. When he saw her calling for help, he immediately slipped forward for tens of meters. Bai Xia looked up and saw that he was in front. She hurried away nervously and held him straight in his arms.

Xing Yifan also held her firmly. Then, Xing Yifan shook her. Bai Xia was shocked. She rushed too hard to knock him down. Xing Yifan fell on the snow with a smile. The thick snow and their ski suits didn't hurt, but the two people gasped for breath and almost pasted together.

Both of them couldn't help laughing. Xing Yifan grabbed the back of her head. At this time, he didn't forget to take advantage of her.

Bai Xia shamefully buries his little face in his lapel. Xing Yifan holds her and lies in the world of ice and snow. He looks up at the lazy clouds in the sky. He enjoys it very much.

At this time, there are not many skiers, and it's common for lovers to play in the snow, so we all envy this young couple! Bai Xia was buried in Xing Yifan's arms for a while. She looked up and asked, "do you have to slide down?"

"Do you want to go down?" Xing Yifan asked jokingly.

Bai Xia thinks about it. If he wants to go, he must take his equipment and go back to the direction of holding the car. There are more than 100 meters to climb up! It's going to kill you.

"Then keep sliding!" Bai Xia thinks that skiing is very interesting. As long as she learns some skills, she can still slide to the bottom.

Xing Yifan helps her to stand up together. He hands out his hand and pats snow on her clothes. Bai Xia helps his helmet and glasses. He grins at Xing Yifan and says, "let's go!"

Xing Yifan said in a low voice, "are you sure there is no problem?"

"Well! No problem. " Bai Xia made an OK gesture. This time, she began to calm down. With Xing Yifan's teaching of those ways, she slowly bent her knees slightly, and this time she slid down steadily.

Xing Yifan is protecting her and paying attention to her safety at any time.

Bai Xia successfully slid to the bottom this time, which made her have a sense of inexplicable achievement. Only when she took off her ski suit, she found that her legs were trembling. Obviously, she was not afraid. However, due to the tension of the leg nerves, she was shaking her legs now.

Xing Yifan looked at her, but he didn't laugh at her. He came to her and squatted down. "Come here, I will carry you."

"Er! No, I can do it. " Bai Xia shakes her head. It's very tired to walk on her back in the snow.

"Come up." Xing Yifan insists on letting her up, and Bai Xia has to lean down on his back. Xing Yifan's solid and powerful arm holds her up and steps on the snow.

"Where are we going now?" Bai Xia lies on his back and asks.

Xing Yifan asked her, "where do you want to go?"

"Let's go back! I've had enough. " It's not early for Bai Xia to see you. It's time to go back.

Xing Yifan carries her on his back and goes towards the parking lot. When they get into the car, Bai Xia's leg nerves are still shaking gently. She says helplessly, "I'm not afraid of it! Still shaking. "

"Go back to the hotel, take a hot bath and have a good rest." After Xing Yifan finished, he backed out.

Chapter 1255

All the way back to the hotel, the road is very spacious, listening to music, enjoying the scenery around, also have some fun.

Bai Xia felt extremely relaxed. At this time, there was an off-road vehicle passing by. The two men on it were obviously very hi. They also cast a look of choosing things towards Xing Yifan.

These two men just have nothing to spare. The performance of Xing Yifan's sports car is very good. They want to find a person who can race cars and have fun.

If you can't get angry, you will be racing with him. Xing Yifan's eyes are only a cold glance, and his speed is still not stable.

If he is alone in the car, he will not let these two men arrogant, but, his side has Bai Xia, there is nothing in the world more important than her safety.

For her sake, he can bear everything, even if these two men are challenging his dignity.

The two men saw that he was no better than him, and immediately left with a dull step of the accelerator. Bai Xia was looking at the photo and did not find the car passing by. Of course, she did not know Xing Yifan's appearance as a mature and stable man for her.

Back in the hotel, Xing Yifan immediately takes Bai Xia upstairs. He puts the bath water in the bathtub for her. Bai Xia looks at his thoughtfulness. When he comes out, she is already moved to embrace him.

Xing Yifan hugged her waist and kissed her on the forehead, "go wash it! Take a good dip. "

"Well! Thank you Bai Xia bent his lips and smiled. He let go and went into the bathroom to take a bath.

In another city, it's already eight o'clock in the evening. Pei Yuehuang has mentioned the following itinerary to those safe areas since she met the danger at the seaside that day. Even if she spends twice as much money, she is willing to.

Blue thousand Chen also has no opinion, as long as she is at ease, money is not important.

In the evening, there is an air restaurant on the upper floor of the hotel. Here, you can also enjoy coffee. The scenery in the distance is very charming. Pei Yuehuang squints her eyes and is having a good time. At this time, she hears a milk voice from her knee.

Pei Yuehuang hurriedly turned around and saw at her feet a little girl who had just turned a year old doll. She seemed to recognize her mother and hold the wrong person. Her little fat arm held her and raised her cerebellum bag to call her, "Mommy..."

Pei Yuehuang's heart is about to melt. She looks at the little guy in surprise and communicates with her in English, "I'm not your mommy!"

The little guy also found that he was mistaken, but she was so cute that Pei Yuehuang really wanted to hug her!

At this time, a young mother came over and smiled at Pei Yuehuang, very sorry, "sorry, this is my daughter! I'm sorry to bother you. "

"It doesn't matter. The children are very lovely." Pei Yuehuang bent her lips and smiled.

The young mother took the little guy away. Pei Yuehuang followed her and looked at her. The little guy was sucking his little hand and looking at her. She immediately sighed, "how lovely!"

The blue thousand Chen on the opposite side, looked at her expression all the way in the eye, he low smile, "like the child? Shall we have one? "

Pei Yuehuang may have some exclusive ideas about giving birth to children before, but at this moment, she is even moved. She looks at the opposite blue Qianchen and imagines what kind of children they combined will look like?

LAN Qianchen thought that the problem was embarrassing her, and he immediately smiled again, "OK, I don't want to solve this problem for the moment."

Pei Yuehuang raised her head and said, "thousand Chen, let's have one!"! I'm not young either. "

"You're not big either!" Blue thousand Chen refutes a sentence immediately, think she wants to take age again sad, he just forbid her to think so!

Pei Yuehuang couldn't help laughing at him. "Well, don't worry, I'm not depressed about this. I'm just telling the truth! I don't want to be an old woman. "

LAN Qianchen reached over and held her hand. "In my eyes, you are my goddess. It's my lifetime blessing to marry you."

Pei Yuehuang really felt his love, she was moved to chuckle, "I know, we are not talking about children! What's more, I really want a child who belongs to us. Now I begin to think that the child is very lovely. "

After listening, LAN Qianchen looked at him with some consternation, "really? Are you sure you want it this year? "

"Well! I used to be under a lot of pressure, so I was not in a good state, and only recently I had a good rest. Therefore, I plan to start preparing for pregnancy from now on. " Pei Yuehuang said seriously.

LAN Qianchen was caught off guard by her decision. At the same time, he was surprised. Naturally, he longed for their children to be born. However, he was distressed at the thought of making her pregnant and suffering.

Pei Yuehuang raised her chin and asked with a smile, "scared you?"

"No! As long as you decide, then listen to you. " LAN Qianchen continues to hold her hand.

Pei Yuehuang couldn't help but look at the little girl at the opposite table. She was sitting on the baby chair next to her. Under the light, she looked like an angel. She decided whether to have children or not.

In China, it took another two days. Tonight is the day when Jiang Shan's team set out for M country. Jiang Xinwei worked overtime for several consecutive nights, which made her a little tired.

She tidied up her travel gifts, and Jiang Shan called her to the office to give her a good admonition.

"Xinwei, this time you go out with them. I can't be by your side. You should take good care of yourself." Jiang Shan told her.

"Don't worry, aunt! I will cooperate with my senior brothers and sisters in their work and finish the show successfully." Jiang Xinwei chuckled.

"I know you're working hard, but you're still a newcomer and may suffer a little bit. You should be prepared in your heart."

"I know I'm not afraid of hardship. I'm young and energetic."

"OK, keep in touch with me at any time. I'll tell them to take care of you."

"No need for my aunt. I'm also an employee of your company. It's my job to do a good job." Jiang doesn't want to be taken care of here.

Jiang Shan can't help but look at her approvingly, "you are really sensible! Well, go! "

Jiang Xinwei nodded. Jiang Xinwei came out of her office. She had already agreed with her parents that she would go abroad by plane in the evening.

In the coffee shop of the airport, other people are talking about the show. As long as she's still checking the classification of the clothes, the things about Luo aimi and LV Zhen beside her, because they are also later designers. Now with Jiang Xinwei, these goods will be thrown to her.

I was afraid that Jiang Shan would say something, but apparently Jiang Shan didn't ask them to remind them, so they thought Jiang Xinwei could do it.

Jiang Xinwei has no dissatisfaction, because in her eyes, it is not only work, but also the kindness that Jiang Shan brings her to her side.

"Well, we're on the plane!" "Yes," said roamy.

Jiang Xinwei put the documents in her handbag, and the party began boarding. This time it was first class, but it was also comfortable to sit. Jiang Xinwei was so tired that she fell asleep as soon as she got on the plane.

In a daze, she seemed to walk in a busy street. She didn't know where she was going. Suddenly, she saw an outstanding figure in the crowd, a dark blue suit, elegant steps, walking casually.

Jiang Xinwei's heart tightened. The figure was strange and familiar. At this time, the man turned his face sideways. The five features under the sunglasses made the perfect lines as clear as the mountains. At one glance, Jiang Xinwei's heart strings touched.

"Xiang Qinghao!" Suddenly she murmured in her dream.

But the tall and straight back seems to disappear in a flash. Jiang Xinwei is looking for him. At the same time, she unconsciously continues to call his name, "Xiang Qinghao..."

Just then, someone was shaking her shoulder, "Hey, wake up..."

Jiang Xinwei was woken up. She opened her eyes and found her on the plane. Besides, Lu Zhen looked at her in surprise. "Whose name did you call just now?"

Jiang Xinwei's face is red for a second, my God! Did she dream of him?

Call it out on the plane.

What a shame! She shook her head in a hurry No one. "

"Spring dream?" Lu Zhen touched her shoulder and said, "what do you love?"

"No..." Jiang Xinwei is busy denying that she is upset at the moment! How could I dream of him?

Chapter 1256

Jiang Xinwei can not say the embarrassment, even if Luo Zhen did not come to inquire, she faces the clouds outside the window, still feel hot to the cheek for a long time. That dream just now is so real! It was as real as if she had to meet him in the crowd.

He is in the eye, even the corners of the mouth, meticulous expression are clearly visible. Jiang Xinwei can't help patting her head. What's the matter? How could she dream of him?

It must be that I'm too tired recently, so I'll think about it!

Jiang Xinwei can't help but look at the scenery outside the window and tease herself. Maybe that day she missed the chance to continue to know each other. In this life, she will miss it!

On the plane to m country, Jiang Xinwei almost slept in the past, but she never dreamed of the man again. However, the short sight in the crowd made her clear and unforgettable.

When the plane landed, Jiang Xinwei and several senior brothers and sisters received the salute together. This time, there were 16 boxes of clothes, and the hotel's special car came to the airport to see them off.

Back in the hotel, they were all tired because of carrying the boxes. Now the boxes are stored in a very safe place, and they can finally rest.

Starting tomorrow, I will go to the show to arrange and collect points. This show will be held for six days and six nights. They have four shows. At different times, the task is very big.

In a mysterious and Grand Manor in country a, this is a very large and ancient family. At the same time, it is also a very authoritative medical family in the world. It has cooperation with the medical industry in various countries, and belongs to a low-key and invisible rich family.

Bing's leading medical technology has become an urgent and active field in the world.

Xiang family has a man with a long life. He is 112 years old now. A crisis a few days ago scared the whole family. Fortunately, Xiang family is just a common cold and has survived. The whole Xiang family was relieved.

At this moment, in front of a floor to ceiling window, a long figure, persistent coffee, overlooking the distant scenery, the eyes are a few threads deep and unpredictable.

He has well-organized and stylish hair, sharp facial features and handsome face, just like the noble temperament of a prince. As the successor of Xiang's group, Xiang Qinghao is outstanding in all aspects.

He was relieved that his great grandfather had come to an end. At the same time, he had another request. He hoped to see his great grandson born.

So, everyone's hope is on this great grandson. At the age of 27, it's time to get married.

Grandpa and father are already in a hurry to find the right person for him. If there is no accident, he will have a very high chance of dating this year.

So, Xiang Qinghao just came back here, he had an impulse to escape. His research is all over the world, so he works as a tourist every year, but at the request of his parents, he must stay at home for two months every year.

Xiang Qinghao bit his thin lips, and a beautiful face filled his mind. On the sunny path, her long hair and flying skirt made him hard to forget.

Like a beam of light, shot into his heart, come back these days, he thought of the girl named Jiang Xinwei.

Obviously, it's just a day's meeting. However, this girl seems to have a kind of magic power that lingers in his heart.

He was too busy to talk about feelings, so once this happened, he did not know how to do it. He was not good at taking the initiative, but also had a proud heart. His self-esteem was still strong, even though he knew how to suffer.

But it doesn't change.

It's self inflicted!

Just then, the phone on the table next to him rang. He came up to take a look. He couldn't help but smile and quickly pick up, "Hello, brother Xing."

"Qinghao, how is your grandfather? Is it better? " The voice of Xing liehan's concern came.

"All aspects of the illness have been stabilized and the spirit has recovered. Thank you, brother Xing."

"I didn't get together last time, but I'm still sorry. I'll have a chat when I have a chance to meet next time!" Xing liehan said to him.

"Well, I'll see you next time."

"OK, see you next time!" Xing liehan's tone indicates that the call is about to end.

"Ah! Wait a minute, brother Xing. May I ask you about someone? " Xiang Qinghao hurried out.

"Who do you want to know?" Xing liehan is a little curious.

"The bridesmaid of that day is your cousin! I think Get to know her. " Xiang Qinghao was a little embarrassed, but his desire for Jiang Xinwei's phone number overwhelmed his pride.

Xing liehan over there couldn't help being happy. "Didn't we leave contact information with each other?"

"No time."

"Xinwei is a good girl. I'll find her number and send it to you later! You can have a good chat. " Xing liehan is a passer-by. He can see through the young man's mind at a glance."OK, thank you, brother Xing."

Of course, Xing liehan is willing to become a man of beauty. Besides, one is his favorite little brother and the other is his cousin. If he can achieve a marriage in the future, it's a great joy!

Xing Lihan hangs up at that end. Xiang Qinghao can't help but breathe. People who have hundreds of research projects are so lacking in courage because of a girl.

After Xing liehan hung up Xiang Qinghao's phone, he sat in the office and thought about it. If he asked his uncle and aunt for Jiang Xinwei's phone number, they would be curious about who wanted it.

Xing liehan hasn't had time to ask Jiang Xinwei for her number recently. She has just returned home, and her uncle and his family often contact their parents more.

However, Xing liehan knows that there is a person who must have her number, that is his aunt.

Xing liehan thought about it, but he thought it was the best way to dial the number of Xiaoyi. He reached out and dialed through.

"Hello! Liehan, what can I do for you? " Jiang Shan asked with a smile.

"Xiaoyi, do you have Xinwei's number?"

"Of course there is! Who's looking for her? " Asked Jiang Shan curiously.

"It's a friend of mine. He wants to know Xinwei." Xing liehan keeps secret for the time being.

Jiang Shan is also a person with exquisite mind. She even thought of a person immediately. She asked with a smile, "is that the best man from Yifan last time?"

Xing liehan can't help but be startled, the little aunt unexpectedly guessed, he had to smile, "yes, he should have a good feeling for Xinwei."

"I think it's a perfect match. I'll give you her number in a moment, but Xinwei is not in China now. She went to country m with one of my team and stayed there for a week."

"What are you going to do there?"

"There are several shows. She'll come and help, OK! I will also send you the address of the hotel and the show. You will send it to the little brother to see if he is willing to go to her. "

"OK! Send it together! " Xing liehan replied.

Jiang Shan has edited the information, including Jiang Xinwei's phone number, her hotel abroad, and the venue of the show, which is very detailed.

Xing Lihan has made friends with Xiang Qinghao for more than seven years. He has great trust in him, so he sent all these information together.

Xiang Qinghao is waiting for information in the room. When he hears the sound of information, his thin lips lift up a smile and take a look.

After reading the information, he can't help but appreciate Xing liehan. He even sent Jiang Xinwei's current location. Is she holding a show in M country?

Is she a fashion designer? Xiang Qinghao can't help but feel interesting, and it's just that he is also thinking about where to go next. Now, he has a goal.

Xiang Qinghao happened to be on vacation recently, so he had a lot of time. He picked up his mobile phone and dialed his men. "Give me a backup. I want to fly to m country."

Country D.

Xing Yifan and Bai Xia set out for a new place. This time they were on a cruise ship. Bai Xia's first experience in making such a large cruise ship was also an experience.

There are also many entertainment items in the cruise ship. Bai Xia strolls around the famous stores, but she has nothing to buy. In addition, she has no desire for this luxury brand.

It's just for a stroll. It's OK to be addicted.

"Don't buy one?" Xing Yifan was pulled out by her, but he hoped that she would buy some gifts!

"No, I don't have no bags, I have clothes, and I can't fit any boxes. So I decided not to buy anything and increase my burden on the way." It's the same idea of Bai Xia.

Chapter 1257

Xing Yifan looks at her funny and speechless. As a girl, don't you like buying? What's more, she didn't really want to save him money!

For such a strange reason, she didn't want to bring more things on the road, so she didn't buy them.

Ah! What a strange brain hole.

"There's a masquerade party tonight!" Bai Xia looks up at the screen, which is promoting a big dance tonight, and it's still a mask dance!

"Would you like to join?" Xing Yifan asked her in a low voice.

"Well! Think about it! Will you accompany me? " Bai Xia asked excitedly.

"If you want to go, of course I'll accompany you. Can't you let another man accompany you?" Xing Yifan reached out and stroked her little head.

Bai Xia bent his lips and smiled: "if you give up, I have no opinion!"

Xing Yifan took her shoulder and said, "you dare to try another man."

Bai Xia's small face was immediately pressed against his hard chest. She could not help shouting, "your muscles are so hard, so painful!"

Xing Yifan chuckled, "are you praising my figure?"

Bai Xia: "..."

All right! She had to admit that he was in good shape.

"But I didn't bring a tuxedo! Let's go and have a look! " Bai Xia thought about what to buy. Evening dress.

Xing Yifan took her hand and went to that luxury brand evening dress shop. At the same time, he thought, she also needs a set of matching jewelry.

Bai Xia went out this time, but she really didn't bring these things. She was just a tourist.

When Bai Xia chose the evening dress, she saw the black dress with the bra on the model. Her eyes were shining. Maybe the girl's heart had a desire to try the little black dress.

She looked at her, an arm directly to her side: "don't look, anyway, I don't allow you to wear."

Bai Xia looked at him helplessly: "it's pretty! Most of the evening dresses are designed with a bra! "

"No, no! If you like, buy it alone and show it to me at night. " After Xing Yifan thought about it, he couldn't help looking at the little black dress. He thought it would kill her to wear it!

Bai Xia did not forget. Her thin fingers lit her red lips, thinking about other things.

Xing Yifan: "... " Can't you just let her wear it to him?

Bai Xia has to keep looking. She is slim and exquisite. She can wear all the s-size evening dresses.

Now, she wants to choose one that is more special.

Suddenly, Bai Xia saw a naked pink, starry diamond. It was really a fairy skirt.

Bai Xia shows her star eyes again. She reaches out and touches the cloth. It's very soft, and the style is not exposed. It's sleeveless. The chest design is also a conservative small V-neck. Bai Xia also likes the light gold belt.

"Like this one?" Xing Yifan asked.

"Well! I like it. " Bai Xia nodded.

Xing Yifan said to the waiter: "give my girlfriend a try!"

Bai Xia's English is still a little poor, so most of the foreign exchanges are operated by Xing Yifan. Bai Xia thinks that his Jane is an all-around husband.

Bai Xia tried it in the past. Her warm white skin, wearing the nude pink color, is very beautiful, as if her skin is shining with luster.

"Pretty?" Bai Xia turns around in front of him.

Xing Yifan nodded: "well, it's beautiful, just this one!"

When talking about the price, Bai Xia is still trying to understand. Mei Mou is slightly shocked. She whispers to Xing Yifan, "can I change one?"

It's too expensive. Her flesh hurts. Fortunately, she presented another pair of shoes.

Xing Yifan looked at her lovely look, he doted: "don't change, your husband has money."

Bai Xia's heart is sweet at once. If she has money, she will spoil her husband. She is the best husband!

Bai Xia went back to the room to have a rest with her evening dress. Xing Yifan saw that she was going to have a nap, because she was a little seasick.

"Go to sleep! I'll be back in a minute. "

"Where are you going?"

"I'll go shopping." After Xing Yifan finished, he kissed her on the forehead: "you can sleep in peace!"

Bai Xia didn't ask him what he was going to buy. She nodded her head. The waves were big. She was still sleepy.

Xing Yifan came out when she was asleep. He went to the jewelry store alone.

Xing Yifan is alone among the tourists. His excellent and beautiful oriental face still attracts the attention of the girls around him, especially those who are also Asian.

In addition, they really hope that he is a native. In this way, it is possible for him to develop after returning home.

A girl boldly asked Xing Yifan the way, pretending she couldn't speak English, so she asked in Chinese.

Xing Yifan naturally replied to her in Chinese. The girl was so excited that she turned out to be from a country, which made her feel very cordial. The girl who walked with her also sniggered when Xing Yifan walked to the jewelry store.

The girl stamped her feet excitedly: "my God! handsome! What should I do? I really want to know him! "

After that, she took her partner to the jewelry store and quietly followed Xing Yifan behind her. For nothing else, she just wanted to appreciate his masculinity.

Xing Yifan is in the jewelry store. Under the bright light, he is wearing a dark shirt, which is particularly elegant and charming. Moreover, he chooses the calm look of jewelry.

The two girls out of the window were fascinated. At first sight, he was very rich.

Xing Yifan carefully selected a set of jewelry, he checked out, the active girl immediately pretended to meet again.

"How do you do, handsome boy? What a coincidence!" Naturally, the girl is also very confident, because she is also very beautiful.

Xing Yifan looks at her politely and steps towards the direction of the elevator.

The two girls are both lost and reluctant, but, at least knowing that he is here, there will be more chances to meet him in the future. As long as they meet several times, they may get his contact information!

When Xing Yifan returned to the room, Bai Xia was still asleep, and he didn't disturb her. He took the iPad and waited for her to wake up.

Bai Xia fell asleep and couldn't help turning over. She had already changed into a suspender Pajama, with two thin legs. Because of the heat, she put them on the quilt.

Xing Yifan looks up and looks at this scene. His eyes are immediately covered with black fog. He can't help holding his chin and admiring the sleeping girl.

Only in front of him can Bai Xia sleep so shapeless and not afraid to go out.

Xing Yifan appreciated for a while, but he was afraid that she would get cold. He got up and tucked in the quilt for her, covering her abdomen.

Bai Xia seemed to know it was him. Before he woke up, he reached for him.

Xing Yifan had to bend down and let her hug her neck. Next second, Bai Xia was leaning on his neck. Xing Yifan had to go to bed with his side and support her elbow to climb up like an octopus.

Bai Xia finds a comfortable position and continues to sleep.

Xing Yifan was in front of the pillow, he had to maintain this position, let her sleep.

Bai Xia slept for more than ten minutes, but also woke up naturally. She blinked with long eyelashes, opened her eyes, and looked at the man beside her.

"Husband!" she called sweetly

Xing Yifan kissed her on the forehead: "have you had enough sleep?"

"Well!"

"I'll get up and give you a present."

As soon as Bai Xia heard the gift, he immediately sat up and said, "what gift!"

Xing Yifan narrowed his eyes and kept saying mysteriously, "guess."

Bai Xia couldn't really guess his mind. She shook her head, held his arm and said: "honey, tell me quickly!"

"A set of jewels! You wear it with a tuxedo at night. " Xing Yifan still couldn't hold on and offered.

Bai Xia blinked: "it's too expensive for this dance! I would not have gone if I had known. "

Xing Yifan kissed her hair for a while: "darling, I also want to go."

With that, he got up and went to the table and handed the well packed jewel box to her.

Bai Xia reached for it and opened it, only to see a set of very beautiful and shining diamond jewelry.

"It must be very expensive!" Bai Xia looked up and asked.

Xing Yifan bent down and stared at her brightly: "it's worth paying for you."

Bai Xia reached out and hugged him: "thank you."

Xing Yifan felt the hug, and his heart was very satisfied. He held her back: "as long as you are happy."

"I'm happy. I've never been so happy." Bai Xia kissed on his side face: "after meeting you, it's my happiest day."Chapter 1258

M country, in a lounge of the hotel, Luo aimi, LV Zhen and Jiang Xinwei are making plans. It's already 11 p.m. unconsciously. Tomorrow afternoon is their first show. Some preparations need to be finished tonight.

"So sleepy! But there are more than ten pages to proofread! Who can help me? " Luo aimi is playing haha and looks at Jiang Xinwei on the opposite side. She pleads, "Xinwei, you are younger and can stay up late more than us. Can you help us proofread together?"

Jiang Xinwei looks up, and LV Zhen quickly hands over the information, "right! Help us! Tomorrow we have to be busy at the show! "

Jiang Xinwei looked at the materials delivered. Although she could see some dry and sore eyes, she nodded, "put them here! I'll proofread for you later. "

" thank you so much, Xinwei. You are lovely, beautiful and capable! " Lu Zhen immediately said a compliment.

Push Luo aimi to come out quickly together. As soon as they come out of the corridor, they look at each other with a smile.

"go, go back to apply the mask, relax for a while, and strive for beauty tomorrow."

"Of course, it is said that the global fashion experts will come to this show, and maybe our prince charming will come too!"

"Ah, I wish I could meet a man who makes me feel moved!"

Two people went back to have a rest, and left Jiang Xinwei alone to proofread here. This job hurt her eyes, and it is very necessary to be careful. It seems that she doesn't want to sleep well tonight.

At the cruise ship, the mask dance also began. Xing Yifan led Bai Xia to this floor of the banquet hall. The original goal of tonight's banquet is still required. Only VIP guests can attend. At the door, Xing Yifan and Bai Xia received masks.

Bai Xia is a pink fox mask. Xing Yifan is black. Two people put on the mask and walked to the dance hall hand in hand. At this time, the music sounded. The atmosphere was very good. Under the dim light, we could see that the full moon, which was bright, was dancing in the moonlight. There was a romantic feeling.

Bai Xia is dressed in a nude pink evening dress. The skirt is as elegant and flexible as the clouds. As she turns around, she turns and flies. With a long hair and a mask, Xing Yifan's heart throbs.

Jump, then to a dark place, Bai Xia slightly gasped, looked up at him, through the mask, into his deep and charming eyes, Bai Xia also saw through his thoughts.

Although there have been many foreign lovers around for a long time, Bai Xia will be a little shy when kissing, but when Xing Yifan comes close to her with the back of her head.

She closed her eyes, held her toes slightly, and kissed with him in such a romantic atmosphere.

The dance lasted until 10:30 p.m. and Bai Xia was tired. Xing Yifan accompanied her to rest on the deck. Bai Xia suddenly covered her chest and retched.

Xing Yifan immediately came over and looked down at her. "What's the matter? Is there anything uncomfortable? "

Before Bai Xia finished, she covered her mouth and retched again.

Bai Xia didn't know how, but suddenly she became upset. She reached for Xing Yifan's hand and said, "let's go back to the room!"

Xing Yifan immediately took her and walked towards their room. As soon as he entered the room, Bai Xia rushed to the bathroom. Xing Yifan followed anxiously, "what's wrong with Xia Xia? What's wrong? "

"Nothing Just want to vomit I can't vomit. " Bai Xia is also very sad. She doesn't know why.

Xing Yifan's eyes suddenly smothered. He seemed to think of something. When she and Bai Xia first met, he didn't take measures because he didn't have time to prepare. It's about a month and a half since now.

Was it the first time she was pregnant?

When Bai Xia came out, her eyes were watery and her face was pale. She felt as if she was still suffering.

"Is there anything uncomfortable?"

"No If you feel like vomiting, you must be seasick. " Although Bai Xia likes the atmosphere of the cruise ship very much, she still feels dizzy when the waves are urgent.

Xing Yifan helped her to the sofa and sat down. His eyes were aching and he looked at her. He reached for her and put her hair to his ears. He asked gently, "do you remember when your good thing was?"

Bai Xia blinked. With her eyes wide open, her brain immediately went to the time of the last good thing. She usually came on the 5th of every month. Now it seems that the good thing has been pushed for more than a month. Recently, she was busy with the wedding and honeymoon. She was so excited that she forgot the good thing.

"Is there a delay?" Xing Yifan asked her.

Bai Xia looks at him with a smart face, and swallows the water channel nervously. "It's over, I put it off for a month and a half The first time we did I forgot to take the medicine. "

Xing Yifan reached for her and said, "it's my fault. It shouldn't have happened that day."

Bai Xia suddenly lowered his head, looked at his smooth belly, and asked, "do you think I have one?"Xing Yifan can't guess for sure. He thought for a moment and said, "I'll buy a pregnancy test stick and get it."

Bai Xia was shocked at first. Now, she was surprised and excited. She nodded and pushed him. "Go! I want to know if there is one. "

Xing Yifan got up and said, "I'll be right back."

With that, he got up and poured a cup of warm water for her and put it in front of her. "Drink some water and wait for me to come back."

Bai Xia nodded and watched his figure go out. She breathed and stroked her belly. It won't be the first time! So, she's half a month behind?

If so, isn't her baby one and a half months old in her stomach?

Bai Xia bit her lips and waited for Xing Yifan to come back. Xing Yifan got three pregnancy test sticks at the fastest speed.

"You buy so much!" Bai Xia looks at three. She reaches for one. "I'll go to the bathroom."

Xing Yifan's heart string is also tense. At this critical moment, he is probably more nervous than Bai Xia.

If so, it means he will be a father in nine months.

Bai Xia follows the icon above and patiently measures. When she sees the first red bar clearly appearing, she immediately waits for the second one

Along with that, the subtle color changed from light to dark red.

Two bars, big stab appeared in her eyes.

"Ah..." Bai Xia did not know whether it was excitement, surprise or fright.

Xing Yifan immediately opened the door and looked at the girl squatting on the ground. He asked urgently, "what's the matter?"

Bai Xia stood up, took the pregnancy test stick and handed it to him

Xing Yifan took a look. Even though he had never used such a thing, he knew what those two bars meant.

Bai Xia bent his lips and smiled, "our plan is broken."

Xing Yifan put down the pregnancy test stick and held her in his arms. "We'll get off the ship at the next wharf, and then we'll go home directly. At this time, you have to have a good rest at home."

Bai Xia has had enough fun with him these days. She nodded, "Well! Then let's go home! "

Xing Yifan kissed her on the forehead. "I didn't expect it to be so fast. I'll work hard next."

Bai Xia was nervous and excited. "I'm not afraid. I'm thinking, is this a boy or a girl?"

"Everything is good." Xing Yifan said in a low voice, let's go home and tell the family about this news!

The nearest wharf is three days later, Xing Yifan lets his private plane arrive at the nearby airport to wait, and they get off the cruise ship and go home directly.

The surprise came suddenly. Although she was a little unprepared, it's good news. Bai Xia was sleepless. She couldn't wait to take her mobile phone and add some knowledge about pregnancy. Xing Yifan accompanied her to have a look. They should be ready to be parents.

Country m, early morning.

The alarm clock rings mercilessly. At half past six, Jiang Xinwei holds her head and wants to get into the quilt to hide from the soul stirring sound.

She was so busy last night that she didn't go to bed until 3:30, which was only three hours!

Jiang Xinwei thought of today's task. Although she was trapped as a dog, she got up and pressed the alarm clock of her mobile phone. She went to the bathroom drowsily, brushed her face with cold water, raised her head, and looked at her pale face and red eyes.

She sighed, and then she took a deep breath. No matter what, she still has to work hard today. This is the first show she participated in. She can't miss it.

Chapter 1259

Just after Jiang Xinwei finished washing, the phone came in. LV Zhen asked her to go to breakfast. They are going to the show.

Because today they are not the only show, so it's better to prepare ahead of time. Jiang Xinwei can't help dressing herself up. She goes down to breakfast with plain face.

After breakfast, the car drove in the direction of the show, Jiang Xinwei fell asleep again.

Lu Zhen and Luo aimi took a look at her. They couldn't help feeling proud. They slept well last night.

When she arrived at the show, Jiang Xinwei was pulled by LV Zhen. She woke up and got off together.

In the morning, the hall of the show hall is very open and quiet, and the huge show platform arranged is very fashionable. It is decorated with beautiful dark blue marine plants and equipped with light show. Under the platform, there are beautiful marine fish swimming freely and walking on the platform with glass, which is a very shocking visual effect.

Jiang Xinwei can't help but secretly wow, such a scene really shocked.

Come to their office and start hanging and ironing the clothes for today's show and communicating with shapers.

"Xinwei, we are all thirsty. Please check if there is a coffee shop nearby and make us a cup of coffee!"

"Oh! OK, I'll go and have a look now. " Jiang Xinwei belongs to the most leisurely one here, because the communication with the staff can not reach her.

She has to run errands.

In a seven-star hotel in the center of the city, in the luxurious presidential suite, at this moment, on the white big bed, a strong figure sat up, Xiang Qinghao opened the quilt and walked to the floor window with his underwear only. The perfect golden ratio, bathed in the sun's light, each line is as if drawn by God himself.

He looked at the city, his thin lips hooked, as if the city to him, another kind of fun.

In fact, what really makes him feel interesting is that the girl he wants to know is here.

Even if he has her phone number, he is not ready to call her immediately. Maybe, the beautiful and romantic way of meeting is more worth remembering.

So today, he is going to the show to meet her.

Washed out, his assistant has prepared a set of shirts and suits for him to watch today's show, as well as a distinguished guest position for the first row of seats. "Young master, check it out. Madame Jiang Shan's show starts at 3:30 in the afternoon. Do you have anything else to tell me?"

"No, go out first!" Xiang Qinghao said, picked up the shirt and put it on directly. In the deep eyes, he was full of expectation.

Time passed unconsciously. Around 10 o'clock, there was a first show, and fashion experts gathered here from all over the world. Every show was full. Even because of the limited ticket source, many people regretted that they could only enjoy the visual banquet through live broadcast.

Jiang Xinwei watched a lot of teams come here, all of them are top fashion designers, the way they command on the spot, their elegant dress, all of them are the way she wants to be.

Jiang Xinwei is staring at a team leader, who is a very well-known master in the clothing industry. At this time, Lu Zhen takes a picture of her after herself, "what are you looking at? What are they looking like? "

"That's the idol i've always admired. Can I go and ask for a autograph?" Jiang Xinwei is still a graduate, with a reverence for his predecessors.

Lu Zhen immediately took her arm and said coldly, "don't go there, we will lose face."

Jiang Xinwei was stunned, so she had to be sorry. LV Zhen took her to Luo aimi's face and saw that Luo aimi had just heard a very strong news.

"Guess who's here today's VIP?"

"Who is it!" Lu Zhen asked immediately in surprise.

"The status is absolutely extraordinary." I just heard that from outside.

"You say it! Tell me what a distinguished guest it is. "

"A member of the royal family of M, his highness Ronald, who is very handsome."

"What? Will he come too? My God? He is the prince of the royal family! How could he be interested in this? "

"I don't know. He will arrive in the afternoon, and then he will be in time for our show."

"That's a great honor for us!"

Jiang Xinwei is also surprised, but it must be the honor of all designers today, with such distinguished guests present!

"I must see the prince with my own eyes." Lu Zhen said excitedly.

Jiang Xinwei is very excited because she can participate in such a show.

At about two o'clock in the afternoon, Xiang Qinghao was at the door of the car. A row of motorcades were very eye-catching. Xiang Qinghao looked at the row of cars. He hooked his lips and smiled, and walked over the whole suit.

The bodyguard opened the back of the third car for him, and Xiang Qinghao sat in. He saw a handsome man about his age calling to him, "Xiang young master, long time no see."

"Your Highness Ronald, long time no see." Xiang Qinghao said hello. "I've been looking forward to your coming to our country, but I didn't expect you to come. I'm going to treat you well this time."

Xiang Qinghao was honored to look at him. "Thank you for your hospitality."

The medical empire of Xiang's family makes him the future successor who wants to be invited by many countries. The cooperation of Xiang's group means that the medical field of the whole country will soon lead the rest of the world.

Therefore, Xiang's family members are highly valued by important personnel from all countries. Once Xiang Qinghao arrives in country m, he will have VIP level treatment.

It's just that Xiang Qinghao didn't expect that even Prince Ronald would accompany him personally. Even when he went to the show in the afternoon, Prince Ronald would also accompany him warmly. Xiang Qinghao has no reason to refuse. Besides, it's also his pleasure.

"I've asked two beautiful ladies to go with me. Young Xiang doesn't mind!"

"Even if it's his highness Ronald's friend, of course I don't mind." Xiang Qinghao smiled.

"Then let's go!" His highness Ronald said to the bodyguard ahead.

Among the original guests of the show, there was no news that his highness Ronald was coming, but suddenly he was coming to watch the show. At this moment, the whole host of the show attached great importance to it, doubled the security, and strictly controlled the guests.

At the gate of the show, his highness Ronald and a young Oriental man stepped out.

Behind them, two beautiful girls join hands. They are the aristocratic Miss of M country. Today, they are invited by his highness Ronald to watch the show together. One of them is naturally the girlfriend of his highness Ronald, and the other is his highness Ronald who intentionally accompanies Xiang Qinghao in line.

If a blonde can reach the heart of the successor of the medical Empire, she will surely occupy a place in the advantages.

This blonde knows the importance of this Oriental handsome man. Her eyes are always full of love.

Xiang Qinghao didn't expect that he just wanted to watch the show in a low-key way and get such a grand reception.

Jiang Xinwei was walking in the direction of the hall with a missing belt. Just then, she heard something moving in the front door, as if there were some important figures coming.

The security guard immediately cleared the surrounding staff. Jiang Xinwei was stopped behind a post, but she could not help wondering who it was.

"It's Prince Ronald and his friends."

At this time, there is a girl beside excited voice.

Jiang Xinwei was excited immediately. Unexpectedly, she could meet Prince Ronald. However, there were a lot of people around, and she was crowded into a corner.

With the help of seven or eight bodyguards, Prince Ronald accompanied another young man.

Jiang Xinwei looks at the man, her beautiful eyes suddenly gape, how can it be him?

Prince Ronald's friend? Is it Qinghao? Jiang Xinwei feels like a dreamer, and unexpectedly meets him in a foreign country.

At this time, Prince Ronald's girlfriend took his hand and accepted the photos beside him. Xiang Qinghao, who was alone, was immediately seized by the blonde girl. She took Xiang Qinghao's arm and pasted it on his shoulder. She took photos of the employees nearby, like two excellent lovers.

Jiang Xinwei's eyes were gaping again. The belt in her hand fell with a snap. She immediately squatted down to pick it up, but her chest was inexplicably sour.

Chapter 1260

Jiang Xinwei picked up the belt and watched the chairman of the organizer come to meet him personally. Prince Ronald and Xiang Qinghao went in and looked at the familiar and more strange back. She had some complicated feelings in her heart.

To be friends with Prince Ronald means that this man has a special identity.

What's more, he has a good relationship with his cousin. As a super rich man, a man who can make friends with him must be an equal.

Jiang Xinwei looks back at the last time and sees Xiang Qinghao's hand embracing the girl in a gesture of intimate affection.

Jiang Xinwei's heart finally understood, and also waved away the wishful thinking. Although she didn't even understand what it was, from this second on, she nipped it out.

Put out cleanly, Jiang Xinwei's one jilt horsetail, quickly walked to the other side of the studio.

But she didn't find out. The reason why Xiang Qinghao went to help the girl just now was that the girl didn't find a step in front of her. A pair of high-heeled shoes and empty shoes made her fall.

As a friend of Prince Ronald, Xiang Qinghao helped her in time and didn't make her fall ugly in public. This is what a gentleman should do.

Xiang Qinghao didn't know how serious the consequences were.

Just when Jiang Xinwei arrived at the studio, she saw Roland and Lu Zhen come out arm in arm and rush to the door excitedly. Seeing her coming back from the hall, she immediately grabbed her and asked, "is Prince Ronald here?"

"Yes, just arrived." Jiang Xinwei replied.

The two men immediately ran to enjoy the handsome prince's highness. Jiang Xinwei came back and handed the green belt he found to Li Lin, the oldest senior sister. "Senior sister, I found it. Do you think this one is OK?"

Li Lin picked it up, went to a skirt and compared it, "OK, just this one! Go check in and pay it back."

"OK." Jiang Xinwei immediately sat down, turned on the computer and began to register seriously.

At this moment, in the show, the afternoon show is about to start, and all the guests are expected to arrive. They are all celebrities, celebrities, and many top fashion celebrities. Today's show is all occupied by this group of people.

Of course, the best four positions have been given up, Prince Ronald and his girlfriend, as well as his distinguished guests and another lady.

Xiang Qinghao is not interested in the next show. He came here to find people. He can finally take a chance to leave.

He told Prince Ronald to go out and make a phone call. Prince Ronald nodded and smiled, and Xiang Qinghao stepped out. From the sound East shaking environment, he went to the sound insulation very good backstage direction. He didn't know where Jiang Xinwei was, but it was their home court immediately, and she was willing to be somewhere in the backstage.

Xiang Qinghao passes by a mirror, and he subconsciously admires himself.

After watching it, he smiled a little, but went to see a woman. When did he not have enough confidence in his male charm?

Models have begun to make up, Jiang Xinwei is a start to work, the whole spacious dressing room, the first wave of models dressed in show clothes, is tense makeup work.

As designers this time, Li Lin and her team watched every detail.

"Xinwei, take this one and sew it again. It's a bit of thread." Li Lin's eyes pointed to a skirt that was about to appear on the stage.

"OK! Right now. " Jiang Xinwei immediately took over and rushed to the door.

At this moment, I heard the noise of the busy dressing room here. Xiang Qinghao was walking this way. He had just arrived at the door, and suddenly a girl rushed to the door that had been opened.

A head into his chest, a fiery sprint, a man with lazy feet, in an instant, Xiang Qinghao's body retreated to the wall opposite the door, and a girl in her arms tightly hugged him, and she was terrified.

Jiang Xinwei rushes out with her head down. How could she know that there is still a person coming out of the gate.

So, a bow, a look up, two pairs of eyes on so unexpected right up.

"You..." Jiang Xinwei stared at her eyes, my God! He's the one you hit?

Xiang Qinghao was even more surprised. Unexpectedly, the bold ghost in his arms was her. He chuckled, "it's you!"

Although Jiang Xinwei is shocked, she has lost her mind completely to this man. She is a little good, and she doesn't procrastinate.

Even if I had expectations in my heart, once I give up, I really have to give up completely.

Her face is not red and her heart is not jumping. She immediately steps back from his arms. Xiang Qinghao also stands straight with his lips hooked. He cares, "is it OK?"

"Nothing!" Jiang Xinwei responded and said to the man in front of her, "excuse me."

Xiang Qinghao immediately looked at her in astonishment, and then Jiang Xinwei hung him aside, and she hurriedly took the skirt and pushed open the side door and went in.

Xiang Qinghao's reaction is abnormal. This is not the perfect encounter he imagined! If she hadn't just looked up to see him and seemed to recognize him, he really thought that after that day, she would have forgotten him. Is his sense of existence so low? Or, at the wedding that day, his influence on her was not profound?

He reached out his hand and pushed open the door. He saw Jiang Xinwei sitting in front of a fine sewing machine. His slender hands were turning over the skirt and ready to sew.

Xiang Qinghao immediately came to her side with great interest, and looked at her work with his hands on the table.

Jiang Xinwei saw him come in, just glanced at him and thought to herself, what is he doing here if he doesn't go with that sexy blonde?

"You come to see the show! This is the backstage, not the show. Did you go to the wrong place Jiang Xinwei is cutting the thread and doesn't look at him.

Xiang Qinghao's eyes narrowed, which really hurt his heart. He came to find her with joy. Is that her attitude?

Even if she did not know his good intentions, to last time they met at the wedding, she should not be so indifferent to him!

"I came to see you." Xiang Qinghao plans to take the initiative.

Jiang Xinwei is in a hurry to sew now, and this skirt has serious cross threads. She is going to walk on the stage. She must strive for perfection.

So, her eyes at the moment can't leave this skirt for a moment.

"What do you want me to do?" Jiang Xinwei took a quick look at him and went back to the skirt.

"I asked brother Xing for your number, and I knew you were busy with your show here, so I came here to find you." Xiang Qinghao pulled out a chair and sat down.

Jiang Xinwei was surprised. He asked his cousin for her number? Do you want to know that she works here now?

It seems that the energy of a man is really strong. Isn't it enough for him to have a blonde to accompany him? Can he spare his hand to inquire about her affairs and even try to tease her?

It's a pity that even if he is handsome and rich, she will never participate in his chaotic private life.

Jiang Xinwei picked up the sewn skirt, checked it again, and asked the man around her curiously, "what do you want to do with me?"

Xiang Qinghao, "..."

Before he had a chance to answer, Jiang Xinwei said to him, "I'm sorry, I'm busy."

Xiang Qinghao, "..."

When the door closed automatically, he stood alone in the workshop, biting his thin lips in depression. It seemed that he was overconfident in himself. He thought that they had at least some good feelings with each other at the wedding that day, and had the opportunity to develop their feelings.

I didn't expect that he had become amorous.

After Jiang Xinwei sent the skirt to her, Luo aimi continued to give her a task, "Xinwei, can you move these hangers? They take up too much space. Move these to the next studio for a while. It's not easy for the models to change their clothes."

Jiang Xinwei looked at the hanger that had been left in that box. There were at least thirty hangers, and they were not plastic.

"OK, I'll move right away." Jiang Xinwei immediately rolled up her sleeves and reached out to hold them. The weight was heavier than she thought, at least 30 jin. Moreover, it was still a big box, and she was not very strong.
