Chapter 1271

Xiang Qinghao returned to China. He was wearing a gray suit made by hand. He was wearing a trouser bag with one hand in one side. There was a touch of tiredness between his erect eyebrows.

His step, deep eyes, as if thinking about something.

The first thing Xiang Qinghao did when he stepped here was to know whether Jiang Xinwei had returned to China. Counting the days, she should have returned to China!

Xiang Qinghao's mouth was slightly raised. This time, he returned home to choose a superior Fengshui treasure house for his family to welcome the whole family back home.

"Young master, are you going back to the hotel?" The bodyguard asked him.

Xiang Qinghao squinted his eyes and looked at the wristwatch. It was only 5:30. I should call her at this time. It's not an interruption!

Xiang Qinghao naturally took out his mobile phone as he walked forward, searched for the number and found it. He also sat in the car, in the quiet car, listening to the sound of connecting.

Inexplicably, his heart was beating fast.

Jiang Xinwei is having a meeting in Jiang Shan's studio at the moment. Her mobile phone is on the desk. Although it rings, there is no one in the office, so no one reminds her.

The man in the car waited with expectation for the girl to invite him to dinner, but unexpectedly, she didn't answer the phone.

Xiang Qinghao's good mood immediately made a discount. No, it just disappeared. He bit his thin lips and said to the bodyguard in front, "back to the hotel."

Voice, all unprovoked cool a few minutes.

At 5:40, in the conference room, the designers came out a little tired, and their hands all sent out the design plan for the second half of the year.

When Jiang Xinwei returned to her office, she picked up her mobile phone and took a look. She wanted to see if her parents had called her. When they started, there was really a missed call!

She points to open, impressively is not the parents call, but.. Xiang Qinghao.

Jiang Xinwei slightly stared, how could he call her? He's back?

Jiang Xinwei took a look at the time. It was called ten minutes ago. Out of politeness, of course, she had to return a call.

She reached for his phone and walked towards the quiet balcony. Xiang Qinghao is in a bad mood. Coupled with his long-distance tiredness, he is now sleeping in the back seat with his eyes narrowed.

Suddenly his cell phone rang, directly woke him up, just narrowed him, for the phone interference, naturally some of the resentment.

If it was not an important phone call, he would not give the other person a good face until he picked up the screen and saw the name appearing on the screen. In an instant, his spirit immediately recovered to the peak.

Looking at the incoming call, he pulled his tie, cleared his voice, pretended to answer with a low voice line, "Hello!"

"Mr. Xiang, did you call me just now?" Jiang Xinwei's sweet voice came.

"Why don't you answer the phone?" Xiang Qinghao still wants to know why she didn't answer the phone.

"Oh! We were in a meeting just now. My cell phone was on the desk, so I didn't hear you. I'm sorry!" Jiang Xinwei said sorry.

After listening to this explanation, Xiang Qinghao's mind was balanced. At least she didn't intentionally miss his call.

"I just arrived in China. Do you have time in the evening? Have a meal together! " Xiang Qinghao asked.

Jiang Xinwei still owes him a month's meal! She looked at the time. There should be no dinner at home. She could call back.

"Well, I'll treat you to dinner, and I'll set a seat." Jiang Xinwei agreed.

"Where are you! I'll pick you up. "

"I'm in my aunt's studio."

"Send me a location."

Jiang Xinwei thought to herself that it would be better if he came back to pick up the car. She should say, "OK, I'll see you later."

After that, she hung up the phone first, sent a location to him, and then she called her parents. When her mother asked why she didn't go home at night, she had to say that she was flustered and said that she would have dinner with her colleagues.

Her parents won't interfere with her circle of friends, so she is relieved to wait for Xiang Qinghao to come over for dinner.

Jiang Xinwei searched the restaurant in the city center. She ordered a more upscale one. She still had some money. Some money from her parents and what she earned herself won't make her poor for the time being.

Half an hour later, her cell phone rang. She took a look at Xiang Qinghao. She reached out and picked it up. "Hello, have you reached the gate yet?"

"Well! Here you are, come down! " Xiang Qinghao replied.

When Jiang Xinwei cleared up the table, LV Zhen and Luo aimi were just off duty. "Xinwei, it's off work! Let's go! "

Jiang Xinwei smiled, "OK!"

Three people came out of the hall together. LV Zhen and Luo aimi took a taxi. When they asked Jiang Xinwei, Jiang Xinwei had to say that someone had answered.

And just then, in the three limousines standing side by side at the entrance of the hall, the back door of the car in the middle pushed open.

A handsome and extraordinary figure stepped down. In the spectacular sunset background, the handsome man standing beside the car pulled out his body, just like a top male model, instantly attracted the eyes of women around him.

Lu Zhen and Luo aimi immediately excitedly tugged at each other's arms, "God! That man is so handsome! "

On the show that day, the light was so dim that they didn't recognize him as the handsome guy on the show.

Jiang Xinwei looks at him shamefully. What does he do when he gets off the bus! I don't know how ostentatious he is?

Xiang Qinghao's eyes are also looking this way. He looks forward to her passing with a smile on his lips.

"My God! He's looking at me. " Lu Zhen was immediately excited and ashamed.

However, in the heart of Luo aimi, she immediately snorted that the handsome man was clearly looking at her.

Jiang Xinwei looked at the man who opened the door and waited for her to pass. She said to her two elder martial sisters, "my friend is waiting for me! I went first. "

After that, under the eyes of LV Zhen and Luo aimi, she walked towards Xiang Qinghao.

This time, the two finally saw clearly. Xiang Qinghao was looking at Jiang Xinwei instead of the two of them.

Lu Zhen and Luo aimi's heart surged with strong jealousy. Watching Jiang Xinwei sitting in the car of Qinghao, the two people's mouths opened directly into O-shape.

My God! Such a gorgeous man is Jiang Xinwei's friend?

Boyfriend?

Jiang Xinwei takes a seat in the car. She looks at the door of the hall through the glass. The two elder martial sisters look extremely complicated and stare at this side in astonishment.

She sighed in secret. She must be scolded tomorrow.

Xiang Qinghao was stunned when he saw her sitting in. He looked at her in surprise.

I haven't seen him for a few days. Does his sense of existence weaken again?

"Xinwei, aren't you glad to see me?" Xiang Qinghao had to ask.

Jiang Xinwei immediately returned to her senses, turned to look at him and shook her head. "No! I'm glad to see you. "

"Is it? Do you miss me these days? " Xiang Qinghao cheekily asked again.

After listening, Jiang Xinwei smiled, "I'm so busy that I feel dizzy. I'm sorry! I don't really miss you. "

This is also true.

Although before a period of time, from time to time think of him, but, in understanding his real person, Jiang Xinwei cut off those visions.

Xiang Qinghao had never seen such an honest person as her, but her words also pierced his heart.

These days, he is busy working and thinking about her at the same time!

"Didn't you finish the show? Still busy? " Xiang Qinghao asked.

"Yes! I've been assigned the task for the next quarter, and I'm still very busy. " Jiang Xinwei smiled.

Xiang Qinghao looks at her for a moment.

Jiang Xinwei said the location of the restaurant to the bodyguard in front of her. She turned to Xiang Qinghao and asked, "how many days will you stay in China? Is there anything to do? "

"I came back to look for a good house. I will pick up my grandfather and live here. Maybe I will stay here for a while." Xiang Qinghao said.

After hearing this, Jiang Xinwei is still worried about it. She shouldn't have eaten with him this month!

"Oh! Why are you the only one! You didn't bring your girlfriend back? " Jiang Xinwei thought of the beautiful blonde.

"Girlfriend?" Xiang Qinghao looked at her with some consternation. "Who said I have a girlfriend?"

When Jiang Xinwei saw that he was still acting silly, she smiled and reminded him, "last time on the show, that beautiful and sexy blonde! Isn't she your girlfriend? "

Xiang Qinghao couldn't help chuckling. "Who told you she was my girlfriend?"

Jiang Xinwei listened to his words and thought he wanted to deny it. She said proudly, "I can see it clearly. Don't lie to me! Yes, no, it is not. "

Xiang Qinghao's handsome face was filled with tears and smiles. He bit his thin lips, but couldn't resist laughing for a while.

"What are you laughing at?" Asked Jiang Xinwei curiously.

"Sometimes what you see with your own eyes is not necessarily the truth." Xiang Qinghao is a little upset. She misunderstood him so much. He is really sad.

"Isn't that girl your girlfriend?" Jiang Xinwei asked again.

"That night, I was going to go to the show alone, but I don't know why. Prince Ronald knew that I was going to the show, so he took the initiative to invite me to go. As for the blonde, I still don't know her name, do you think it would be my girlfriend?" Xiang Qinghao explained a long list, but he was really a bit embarrassed by the ordinary people who were very reluctant to pay attention to words.

Jiang Xinwei eyes slightly, she misunderstood him?

"But I see you are very dear!" Jiang Xinwei did not forget that the girl was whispering and adoring.

Xiang Qinghao has never explained a thing so seriously, but he does not allow her to misunderstand it.

"The music of the show was so there that she wanted to talk to me and naturally wanted to be close to me, but I had no interest in her. I went to the show that day just to talk with you. My purpose of going to m country was just to see you."

Jiang Xinwei is stunned for a few seconds. It seems that he really misunderstood him when he tried to explain.

She had to smile apologetically, "Oh! Then I misunderstood you. I'm sorry. "

Xiang Qinghao narrowed his eyes and thought of something. He stared at her deeply.

"I don't think you will ignore me when you are in country m, because of this blonde woman!"

Jiang Xinwei 's eyes flashed a flurried, and she hurriedly put on her face and said, "no! I was really busy that day. "

"But it doesn't matter. It's just a misunderstanding. Just explain it clearly. I need to say it again. I'm single." Xiang Qinghao can't help but say something dry. Seeing her misunderstanding just now, he really wanted to explain it with more mouths.

Jiang Xinwei bent her lips and smiled. Then she looked out of the window at the neon red street. She could not help laughing.

It wasn't his girlfriend. Inexplicably, Jiang Xinwei was a little guilty and a little upset. Those days in country m, she doubted his character and believed that he was a man of love.

The man around me is very unjust!

Xiang Qinghao finds out that she has been hiding from snickering. His heart strings are loose. It seems that the misunderstanding has been solved.

Women, do you like to think nonsense so much? Xiang Qinghao is helpless.

"Young master, Miss Jiang, the restaurant is here." The bodyguard parked the car at the door.

Xiang Qinghao and Jiang Xinwei push the door to get off at the same time. Jiang Xinwei is embarrassed to see him. She looks down like a person who has done something wrong.

"Go in!" Xiang Qinghao said, waiting for her to go first.

Jiang Xinwei walked forward shamefully. Once in the elevator, in the narrow space, Jiang Xinwei's mouth corner couldn't help laughing for several times.

"Is it so funny?" Xiang Qinghao asked with eyebrows.

"No!" Jiang Xinwei replied with a smile.

"If I have a girlfriend in the future, I'll let you know in advance so that you won't misunderstand me again." Xiang Qinghao said with some resentment.

Jiang Xinwei chuckled and asked curiously, "why should I be informed?"

Xiang Qinghao turns to face her, and Jiang Xinwei is immediately shocked. At this time, the man's long arm quickly supports the wall behind her, and she breathes. The man's action seems to kiss down.

"Jiang Xinwei, next time you misunderstand me like this, I won't let you go." Xiang Qinghao's handsome face was close to her, with a low and domineering voice.

Jiang Xinwei blinked innocently, but could not refute. This time, he was misunderstood.

However, they seem to be a little too ambiguous at present.

At this time, the elevators jingle, Jiang Xinwei immediately ran out of the elevator.

Behind him, Xiang Qinghao smiles and steps out gracefully.

Jiang Xinwei ordered the restaurant. It was the window of the hall. After ordering, Xiang Qinghao asked curiously, "isn't your house looking for a place to live? Have you found it? "

"Yes, my parents have already lived in it." Jiang Xinwei sticks to the tea cup, her pretty face is still a little hot.

"I may need to find another style of courtyard. My grandfather is too old to walk up and down the stairs." Xiang Qinghao said.

"Your grandfather, he should be very old!" Jiang Xinwei asked curiously. His name is too grandpa!

"One hundred and twelve years old." Xiang Qinghao replied with a smile.

Jiang Xinwei immediately shocked the water eyes and said, "God! Your grandfather is in great health. "

"My family is a medical family, usually the most important thing is health care. My grandfather has good health care, and his family is still very healthy." When Xiang Qinghao talked about his family, his eyes were full of happiness. Jiang Xinwei only knows that he is a member of a medical family, but she doesn't know much about this. She doesn't know that the Xiang family has a medical Empire and is the counterpart of many developed countries.

"Yes, now people are too frivolous. It's the way for more students to cultivate themselves." Jiang Xinwei agrees.

"When my family moves back, I invite you to live in my house. My family is leading in this field."

Jiang Xinwei nodded and said, "yes!"

On the food, this is Chinese food, Xiang Qinghao also eat hard, Jiang Xinwei very hungry, and very seriously eat up.

Xiang Qinghao looked at the way she ate and asked, "Why are you always so hungry? Don't you have enough for lunch? "

Jiang Xinwei's face is slightly red, and she shakes her head. "No, I'm usually too busy to eat, so I'm hungry when I get to the point of eating."

Xiang Qinghao has no reason to think that she is so cute. Nowadays, there are so many snacks for girls. They always prepare all kinds of snacks in the office. But she is so pitiful that she doesn't even have time to eat.

"Would you like some snacks?"

In fact, Jiang Xinwei often forgets to eat and sleep, so instead of having no snacks, she is too busy to forget.

"No, thank you. I'll take care of myself." Jiang Xinwei said gratefully.

After dinner, Jiang Xinwei looked at the time. It's half past eight. When she left here for home, at least half an hour. If there's a traffic jam, it's more than an hour.

"It's time for me to go home. It's too late. My parents will worry." Jiang Xinwei said.

Xiang Qinghao saw that she was a good girl at home. He nodded, "I'll take you back."

"Trouble? If it doesn't go your way, I won't bother you. " Jiang Xinwei is a person who doesn't like troublemakers very much.

Xiang Qinghao even if it's not on the way, as long as it's to send her, it's on the way.

"I have a lot of time. Give it to you!" Xiang Qinghao's words have the meaning of persistence.

Jiang Xinwei is not good to refuse his kindness, said a thank you, two people got on the car.

In the dark of the car, Jiang Xinwei told her home address, and then she focused on the street view out of the window.

In fact, she is not very good at chatting. Sometimes she racked her brains to ask questions, and felt a little silly. So, in the carriage, she was unconsciously silent.

Xiang Qinghao's eyes are fixed several times. Just as it happens, he is not a person who is good at making chat atmosphere. His identity also makes him not need to deliberately please and cater to others.

Only someone bent over to please him.

Although Jiang Xinwei looks out of the window, but several times Yu Guang glances at the man around her, which makes her heartstrings tense.

When she felt that he was looking at her again, she turned her head boldly and Xiang Qinghao was caught. He just laughed to ease the embarrassment.

Jiang Xinwei also laughed, thinking of the misunderstanding of him in country m, she did not know why, which was like a sigh of relief, but also some confusion.

Think about it. Why was she so angry at that time? Is it just because he and the blonde are close?

"Can we make an appointment for dinner this Sunday?" Xiang Qinghao asked.

Jiang Xinwei thought for a moment, "I'm going back to my aunt's on Saturday. Maybe I'm not free! Make another appointment on Sunday. "

"Oh! What's the dinner at brother Xing's house In Xiang Qinghao's eyes, there are several surprises and expectations.

Chapter 1273

"Yes! Brother Yifan is very happy! Sister Bai Xia is pregnant with twins. "

Xiang Qinghao's first feeling when he heard the news was envy, and he also felt happy for them.

"Is it? This is really good news. For example, I am only a little younger than Yifan. He will be a father soon. My other one doesn't know where. " Xiang Qinghao said, do not have a meaningful look around the girl.

Jiang Xinwei didn't receive his eyes. She comforted him seriously. "You can rest assured that you will find your girlfriend soon on your terms."

Xiang Qinghao immediately asked jokingly, "otherwise, how about you being my girlfriend?"

Jiang Xinwei directly some silly eyes, head buzzing blank for a few seconds, and then, brain fever back, "you are kidding!"

Xiang Qinghao looked at her in such a panic. His long fingers stroked his chin and said meaningfully, "what if I'm not kidding?"

Jiang Xinwei is in the dark. She only feels a pair of bright and pressing eyes staring at her, which makes her panic. Is this a confession?

It's so sudden! Moreover, she was not prepared at all.

For a while, Jiang Xinwei didn't know how to reply to his words. Her long eyelashes were blinking, like they were very difficult.

Xiang Qinghao can't help but realize that the joke is too big. He quickly smiles, "I'm kidding, didn't scare you! It's funny. "

Jiang Xinwei looked up at him. In his eyes, there was a smile. She shook her head. "No, don't make such a joke next time."

Xiang Qinghao looked at her reaction just now, and knew that she was a girl who was just in love. She was not involved in the world, nor touched the feelings. Therefore, she looked flustered and helpless!

This means that her heart is very pure, Xiang Qinghao thought. In the future, this kind of joke will not be played. The next time I want to say this, I will not joke with her, but I will be serious.

The car drove all the way to the gate of Jiang Xinwei's community. Jiang Xinwei said thank you. She pushed the door and got off. She waved to see Xiang Qinghao's motorcade.

Xiang Qinghao took a look at the name of her community and said to her, "go back!"

Jiang Xinwei nodded. She walked to the entrance of the community and Xiang Qinghao's car left.

He took a look at the time. At nine o'clock, he reached for Xing liehan's phone.

"Hello! Qinghao, are you back? " Xing liehan's voice came.

"Yes! Brother Xing, I just arrived today. This Saturday, can I come to your house? " Xiang Qinghao asked cheekily.

Xing liehan happens to have a family dinner this Saturday. He laughs and says, "of course, welcome! I really want to invite you to my home! "

"Then I'll come on Saturday!" Xiang Qinghao said with a smile.

"Good! Come early. "

"OK, brother Xing won't bother." Xiang Qinghao said, hung up the phone, he slightly relieved.

Early morning.

Jiang Xinwei packed up and went out. She just joined Jiang Shan's company. She also hoped that she could bring out an outstanding achievement and live up to Jiang Shan's love and attention.

Jiang Xinwei just arrived at the office for a while. At about nine o'clock, two figures outside her office stepped forward one by one.

It's Lu Zhen and Luo aimi.

Jiang Xinwei could not help but smile and say hello, "sister Zhen, sister Amy, good morning."

"Xinwei, you should be honest. Who was that handsome guy last night?" Lv Zhen immediately asked with a forced face.

"Yes, what is your relationship? Is it your boyfriend? " Asked Luo aimi, the taboo on her face could not help.

Jiang Xinwei smiled and shook her head. "You misunderstood, we are just friends."

"What? We are just friends? Sure? Don't lie to us! " Lu Zhen asked in surprise.

"Yes! We are just friends. " Jiang Xinwei didn't panic.

Luo aimi can't wait to hold her shoulder. "Xinwei, sister aimi is good to you! Can you introduce this kind of man to me? "

Lu Zhen immediately looked jealous and said, "why only introduce it to you, can't you introduce it to me?"

Jiang Xinwei stared at the two jealous senior sisters.

Luo aimi thinks she is more beautiful than LV Zhen. She laughs and says, "sister Zhen, I'll introduce you to you next time I have a good one!"

"No way! Xinwei, you can only give me the phone number of that handsome man. " Lu Zhen fell in love with Xiang Qinghao at first sight and never let him.

"Xin Wei, when will you make an appointment with this handsome guy? Let's meet together!"
"Please," pleaded Amy.

Jiang Xinwei did not expect to evolve into this situation, she busy chat up a smile, "he He's very busy at the moment. "

"Busy again, doesn't he have time to talk about his girlfriend? what's his name? How old is it this year? He is the one I dream of. He is handsome and man. He looks very rich! " Amy has a dream.Jiang Xinwei looks at the two elder martial sisters. In order to get jealous of Xiang Qinghao, she can't help crying and laughing. Of course, she can't understand their current situation. They are twenty-eight or seventy-eight years old and can't keep up with each other. She urgently needs to find a high-quality man to get married.

Jiang Xinwei didn't know how to answer. She really didn't want to attack them. However, Xiang Qinghao, a rich man, didn't know what kind of woman he liked.

"Xinwei, you are not going to keep it for yourself! Don't want to introduce us? " Seeing that she didn't speak, Amy asked at once.

"I can't give him the phone number in private for the time being, because it's subject to his own consent. I'll see him the other day and ask him." Jiang Xinwei had no choice but to say.

This sentence makes LV Zhen and Luo aimi feel uninteresting. It seems that Jiang Xinwei will not introduce it to them because she keeps it for her own use.

Of course, they don't have the capital to compete with Jiang Xinwei. She is young and beautiful, with a good figure. She is the kind of good girl that men like best.

"Well, wait for your good news." Two people have no expectation just now, turn around and go out.

Jiang Xinwei is relieved and funny. Xiang Qinghao is not worried about finding a girlfriend! Suddenly, I thought of what he said in the car last night.

Jiang Xinwei's eyes flashed. After all, is that his joke? Or his heart?

She turned on the computer, looked at her recent design of the painting, did not give a bright feeling in front of her eyes, maybe living in this forest city every day, has made her no inspiration, Jiang Xinwei holding her chin, thought, when should she choose, go out well, pick up the wind.

Just then, Jiang Shan knocked on her door and walked in.

"Aunt." Jiang Xinwei stood up to meet her.

Jiang Shan came up to her, propped up the table and said, "I'll send your manuscript to see later."

"Aunt, I'm not very satisfied." Jiang Xinwei shakes her head.

"You're still new, don't be too strict with yourself," Jiang Shan consoled

"Aunt, can I ask for leave next week? I want to go out and find inspiration. "

"Of course! When are you going to go? Let me know. " Jiang Shan supports her. At the same time, she thinks that when she was young, she had been to a place where there were beautiful mountains and rivers. You were just a little remote.

"When I was young, there was a good place, where I also found many different inspirations. I remember that year, with that inspiration, I won the international award, and sometimes it was a good idea to be close to nature."

After listening, Jiang Xinwei is just like her. She wants to stay away from the metropolis, relax between the quiet mountains and forests, return to the nature, clear her mind and take a vacation for herself.

"Where is that?" Jiang Xinwei asked, looking forward.

"That place is in F City, where people are simple and simple, and there are some ethnic characteristics. If you want to go, I'll find the exact address for you later."

"Good! I want to go. I'm not familiar with China, but I'm looking forward to those places. " Jiang Xinwei looked forward.

Jiang Shan nodded, "OK! I'll find you the address later, but you'd better ask your friends to come together. I'm not sure you're alone. "

Jiang Xinwei, friend? Her friends and classmates are all abroad, but at home, except for her parents, they are Xing family, but everyone is very busy.

When Jiang Shan saw her stupefied, she said with a smile, "it's a big deal. I'll let some apprentices accompany you."

"No, I can't. let my parents accompany me!" Jiang Xinwei doesn't want to bother others.

"Good!" After Jiang Shan finished, she asked again, "don't forget the dinner party on Saturday!"

"I won't forget. I will."

"Bai Xia is blessed. Twins! Maybe it's still a dragon and Phoenix fetus. It can be checked out in a period of time. " Jiang Shan is also from the heart of joy ah!

She hoped that the Xing family would be full of children and grandchildren.

Chapter 1274

It's Saturday. In the early morning of the morning, Jiang LAN starts to open busily. Xing Yifan comes back with Bai Xia in the morning. Xing liehan and Tang Siyu are also at home. The family gather in the hall to chat.

Tang Siyu sits beside Bai Xia and talks about her pregnancy experience. Bai Xia is in need of these experiences, which makes her not so panic.

At this time, Tang Yutian heard that the beautiful aunt was pregnant with a baby. She immediately rushed to Mommy's arms and restrained the cerebellum pocket and said, "Mommy, I also want a sister. You can give me another sister! Please. "

Tang Siyu chuckled. Looking at the man holding a cup of tea opposite, Xing liehan's eyes flashed a smile, even a sense of expectation.

Tang Siyu held his daughter in his arms and gently advised him, "when your aunt gives birth to her younger brother and sister, you can also help take care of them!"

"But I also want mommy to give me another brother and sister. Mommy, can you have another one?" The little guy said with a smile.

"Maybe there's no time! Your father is going abroad on business recently. We don't have time together. " Tang Siyu advised.

The little guy immediately tilted his little head and asked, "why do you have to have daddy at home? Can't Daddy live without home? "

Opposite is drinking tea man, was choked by this sentence directly, his vision looked at the innocent daughter immediately, some speechless.

Xing Yifan and Bai Xia look at each other with a smile and dare not say anything.

Tang Siyu was also happy, and asked the man opposite, "your daughter has a good idea. What do you think?"

Xing liehan's handsome face was helpless. He came over and took the little guy to his bosom. "You are enough. You won't give birth."

"No, no!"

"Good! That gives birth to a younger brother and younger sister to come and grab your toys. " Xing liehan wants to knock on her little head. He dares to ask her mother to have children with others. He doesn't agree.

The little guy's eyes flashed at once, "OK! Daddy, you have younger brothers and sisters. I can give them toys to play with. "

Xing liehan saw Xing Yixi coming downstairs and cried, "son, come and take your sister out to play."

Xing Yixi came up to him and called to Bai Xia, "uncle, aunt."

Call the perfect person, he reached over, nearly one meter eight, he easily picked up his sister, "think about playing bubble?"

"Where are the bubbles?"

"I bought it for you."

"Really? Good! I want to play. " The little guy was immediately distracted.

Xing Yixi went out to play with his younger sister, and the hall was quiet. Xing Yifan suggested, "elder brother, elder sister, you are still young, are you sure you don't want a child anymore?"

Xing liehan looked at his wife and asked with a smile, "listen to your sister-in-law, I dare not express my opinion."

Tang Siyu really doesn't want to have children. Now she has two children around her. She thinks this kind of time is the best. She shakes her head and says, "it's not going to be born. It's going to be big. The generation gap is too big. When your two babies come out, the family will be more lively."

In this way, Xing liehan and Xing Yifan are imagining that two years later, the hall is full of children!

Bai Xia has just eaten a few sour grapes, and she feels a little queasy. She also thinks that her future baby's eyes are as big and round as black grapes, but her stomach is sour recently, so if she eats too much, she will feel queasy and vomit.

"Yifan, go to the bathroom with me." Xing Yifan road beside the white Xia Dynasty.

"Good! I'll accompany you upstairs for a rest. You didn't sleep well last night. "

Bai Xia nodded, and Tang Siyu agreed, "Yifan, you can rest upstairs in a moment! Come down at lunch. "

Xing Yifan brings Bai Xia back to his room. Bai Xia washes her face in the bathroom. These days, she has experienced the hardships of early pregnancy. However, Xing Yifan's meticulous care makes her feel happy.

At 9:30 in the morning, Jiang LAN and two servant aunts came back from the outside and bought a lot of good dishes. Today, they will have a good time.

Tang Siyu came over and took the dishes for her. "Mom, I'll help you."

Jiang LAN handed her a bag of fruit. "Go wash some fruit, and your uncle will arrive soon! And Ashan is on his way

"OK!" Tang Siyu brings up the fruit and goes to a wash basin in the garden. Xing liehan comes here with his sleeves on. Bai Xia takes some water fruit baskets and the two couples wash the fruit together.

Xing liehan washes a cherry and feeds it to Tang Siyu. Tang Siyu eats it and nods, "it's delicious!"

Xing liehan washes and feeds a few more. Tang Siyu is satisfied with his food. In the early morning, the sun shines brightly in the garden. The two figures are full of love and happiness.

After a while, Jiang Shan arrived first. After Jiang Shan arrived, the three members of Jiang Tiansheng's family also arrived.

Jiang Xinwei follows her mother and comes in with a gift. Jiang LAN goes out to meet her. Looking at the valuable gift, she complains, "come to have a meal, what else can I offer you?" "This is the last time I bought the best bird's nest abroad. It's just for Bai Xia to mend her body." Zeng Yueyi said with a smile.

"It's very thoughtful. Come on in!" Jiang LAN reached for them and welcomed them in.

Jiang Xinwei saw Jiang Shan on the sofa and called out, "little aunt, you are here."

Jiang Shan smiles and asks them to come and sit together. Tang Siyu and Xing liehan come in with the freshly washed fruit.

"Haven't they come back yet?" Asked Jiang Shan curiously.

"They came back in the morning, because Bai Xia didn't sleep well last night. Now let them rest upstairs!"

"When I was just pregnant, I couldn't eat well and sleep well!" Zeng Ruyi nodded.

We eat fruit and chat together. At this time, Xing liehan's mobile phone rings. He takes a look. Junyan Yixi reaches out to pick it up. "Hello, is it here?"

"Brother Xing, I just got to the door. Please open the door!" Xiang Qinghao's voice came. The man has arrived.

Xing liehan can naturally open the door for him, but he takes a look at Jiang Xinwei next to him. He laughs, "Xinwei, I have a guest here. Can you go to the door to meet me! He's outside. "

Jiang Xinwei was shocked, but of course, she would be happy to do such a thing.

She nodded. "OK!"

With that, Jiang Xinwei went out in a flash, walked through the garden and towards the gate.

On the grass on the other side of the garden, Xing Yixi and his sister are playing with bubbles there. The little guy happily chases and runs on the grass, killing bubbles all the time. She can't let go of every bubble.

Jiang Xinwei came out and thought, who is the guest of the big cousin! The gate is a luxurious heavy steel door with a small door beside it. Jiang Xinwei opens the door. She looks at the door expectantly. It's cold. Only a familiar figure stands outside the door. His car has left.

Xiang Qinghao is the only one who is lazily and generously putting in his trouser bag. He is enjoying the scenery around him. When he hears someone open the door, his eyes are quickly drawn back.

He looked up, and in an instant his eyes collided.

"You..." Jiang Xinwei was even more shocked. She reached for him and couldn't believe that he would appear here.

Xiang Qinghao came here in advance. Seeing her stunned expression, he raised his eyebrows and smiled, "what's wrong with me? Can't I come? "

Jiang Xinwei's heart suddenly jumped, and finally knew why big cousin asked her to pick him up. It turned out that big cousin deliberately asked her to come!

"No, no, I'm here to pick you up. Please come in!" Jiang Xinwei is busy greeting him to come in.

Xiang Qinghao didn't expect that she would come to open the door, but the mood was still happy. Obviously, his mind was detected by brother Xing.

"Why didn't you say that last time, you will come here as a guest!" Asked Jiang Xinwei curiously.

"I forgot to mention it." Xiang Qinghao won't tell her that he asked to be a guest.

Jiang Xinwei took him into the hall. Everyone remembers Xiang Qinghao, a handsome young man, who once looked at the picture of him and his daughter coming together. She immediately stayed for a few seconds, and a thought came out of her heart. She couldn't help smiling at Xiang Qinghao.

Xing liehan came over, patted him on the shoulder, and introduced him to his relatives. "You should have met him, my good brother, Xiang Qinghao."

Xiang Qinghao recognized that Jiang Xinwei's parents were sitting next to him. He said politely, "Hello, uncle and aunt!" Finish saying, face opposite Jiang Shandao, "aunt is good!"

Jiang Shan smiled and nodded, "Hello, Xiang young master!"

"Come on, sit down and talk for a while!" Xing liehan pulls him to the sofa and sits down. Jiang Xinwei, a little shy, sits beside his mother.

"Master Xiang left in a hurry last time. He didn't get to know each other well." Jiang Shan said.

"That day, my grandfather was not in good health. I rushed back in a hurry. It was also a pity."

Chapter 1275

"Your grandfather should be very old!" Zeng Ruyi listens.

"He is 112 years old." Xiang Qinghao said with a smile.

Four people were shocked by the words. They had never heard of such a long-lived old man, but this is also good news.

"Qinghao's family is a medical family. Xiang Tailao is the second generation of medical inheritors. He knows how to maintain his life." Xing liehan introduced.

"Grandpa has a very self-discipline life, three provinces a day, and he is also keen on Buddhism, clearing his mind and nourishing his spirit. Now he is still very healthy." Xiang Qinghao mentioned that he was also very respectful of Grandpa.

"It's also worth learning! I really want to visit him when I have a chance! " Jiang Tiansheng looked at him.

"Uncle, you have a chance. In a short time, my grandfather would like to move back to China to live for the aged. Then, please come to my home." Xiang Qinghao's warm invitation.

"That's great. I'll go if I have a chance." Jiang Tiansheng also likes Xiang Qinghao very much.

On one side of Zeng Ruyi is also more like it! Jiang Xinwei is eating fruit and listening to Xiang Qinghao's voice. There is also a smile in her eyes. She listens to every word he says.

"So Qinghao, you want to stay here for a while? Can I help you find the house? " Asked Xing liehan.

"Yes, I'm staying in China at present. There is a special person looking for the house. Please don't bother brother Xing." Xiang Qinghao replied, his eyes inadvertently fell on Jiang Xinwei who said nothing.

Jiang Xinwei has so many elders. She doesn't speak very much. Moreover, in front of her parents, she won't take the initiative to chat with the boys.

Jiang Shan looked at the two young people. She thought to herself, and she said to Jiang Xinwei, "Xinwei! Last time I mentioned that place, I've found the detailed address and route, but it's too far away. I'm afraid that it's not safe for you to go alone. If there's someone to accompany you, it's OK. "

Jiang Shan's eyes did not look at Xiang Qinghao, but in her tone, she revealed the information.

Xiang Qinghao listened to where she was going alone. Naturally, Mu Lu looked this way with concern.

Zeng Yueyi looks at her daughter curiously, "Xinwei, where are you going?"

"Mom, I want to go out to collect wind. My aunt has a good place to introduce me."

Jiang Shan hurriedly said, "that place is a minority area, with a very natural landscape, which is very suitable for collecting wind. I recommend Xinwei's past."

"Is it quite far? Any company? I'm not sure Xinwei is alone! "

"No, I also hope Xinwei can find a companion! It's better to be male. " Jiang Shan is very suggestive.

At this time, a low voice volunteered, "I have time, I can accompany Xinwei to go."

This man is Xiang Qinghao.

Jiang Xinwei listens, immediately water Mou is tiny gape, from mother's side probe head to see to him, "do not bother you."

"Is it? Is Xiang young master free? That's great. I'm not sure Xinwei is alone. If you are with her, I'll be relieved. " Zeng Ruyi is surprised. She is expecting her daughter to get along with him more when she has time. What if he becomes a son-in-law later?

"Mom! He's very busy! " Jiang Xinwei can't say it, it's just too unexpected.

"no, I've been very busy lately except finding a house." Xiang Qinghao smiled back.

When Jiang Shan saw that Zeng Ruyi had agreed, she also said, "that's very kind. Young master Xiang is a very protective person. Xin Wei, let young master Xiang accompany you!"

Xing liehan also said with a smile, "Qinghao's Kung Fu is also very good! He can protect you if you meet some bad people. "

Jiang Tiansheng also thought that it was too curtly for his daughter to draw in the room every day. He also said, "it's good to go out and walk! My parents support you to go out for a walk. "

Jiang Xinwei, "..."

How come everyone is so enthusiastic to bring them together? Even my parents agree? You know, parents don't like her alone with boys all the time!

Xiang Qinghao heard these words, and his heart was full of hope. It seems that he was liked by everyone around her.

"Xinwei, I trust Qinghao's character very much, and you don't have to worry about it." Xing liehan's cousin comforted him for fear of any misunderstanding.

Zeng Ruyi also turned to Xiang Qinghao, "Xiang young master, Xinwei will trouble you to take care of her. She is timid."

This is attached.

"Mom!" Jiang Xinwei looks at her mother and shouts shyly.

Xiang Qinghao's thin lips couldn't help bending up to smile.

Jiang Shan also said, "Xin Wei, you should go. You haven't seen the great rivers and mountains of our motherland! Take the opportunity to go to a few more places and take as many holidays as you want. "

Jiang Xinwei sees that Xiang Qinghao really intends to accompany her, and she is naturally happy. She asks him, "do you really have time?" Xiang Qinghao nodded and replied seriously, "yes, at least for a month."

A month's time, enough to play a lot of places.

"Thank you then." Jiang Xinwei is grateful.

"You're welcome. I'd like to walk around and get together." Xiang Qinghao is also full of yearning for the scenery of his own country.

At this time, Xing Yutian, who was sweating, came back. She jumped into daddy's arms and put her head in his arms. Xing Lihan drew a tissue to wipe her sweat carefully.

"No one has been called yet!" Xing liehan said to the little guy.

The little guy turned around and looked at the people around. She obediently called for people, and Xing liehan led her to wash her face.

Xing Zhengting came back. As the host, he went out for a meeting. Now he is also sorry to come and greet him.

After greeting for a while, he and Jiang Tiansheng went to play chess. Jiang Shan and Zeng Ruyi went to the kitchen again.

Xiang Qinghao also took the opportunity to say to Jiang Xinwei, "how about going for a walk in the garden?"

Jiang Xinwei nodded, "OK!"

The garden is very spacious. There are several paths and the beautiful scenery of the bridge and water. Jiang Xinwei looks up to him gratefully. "Thank you for coming with me."

"Do you want me to go with you?" Xiang Qinghao's eyes fell on her small face.

Jiang Xinwei always dislikes troublemakers the most. She blinked and said, "if you are not free, I can't force you to go!"

Xiang Qinghao saw that she was not important, and he couldn't help bending down. "I just ask you if you want me to accompany you. You just need to answer yes or no."

Jiang Xinwei's heart beat quickly disordered. In the sun, this man's face is very aggressive. It's also because she looks so good, which makes her feel inferior as a woman.

"I..." Jiang Xinwei bit her lips, which was really a bit shy of opening her mouth!

"Is that so hard for you to answer?" Xiang Qinghao asked with a smile.

Jiang Xinwei thought, or with Cong's own heart, she nodded, honestly replied, "yes."

Xiang Qinghao smiled contentedly, "even if you want me to accompany you, I will accompany you."

Jiang Xinwei wanted to laugh, but she still held back. She suddenly thought of something. She asked him, "last time I had two elder martial sisters see you, they want to know you very much! I would also like to ask your personal number. "

"No!" Xiang Qinghao directly bullies.

"I told them to ask your opinion first! I'll give it if you like. "

"I don't want to. My personal number is not allowed to any woman except you." Xiang Qinghao turned and looked at her cautiously. "Tell them I don't want to know them."

Jiang Xinwei was shocked and nodded, "OK, I know."

Xiang Qinghao felt that his tone was a little cold. He bent his lips and smiled, "scared you?"

"No!" Jiang Xinwei shakes her head.

"Let's plan our route and come back at least a month later." Xiang Qinghao began to look forward to traveling with her.

"I'm going to collect wind. It may be a little boring. I stayed in a place. If I like it, I'll stay for a while." Jiang Xinwei said to him.

"I'll stay with you as long as you like." Xiang Qinghao has no opinion.

Jiang Xinwei saw that he wanted to accompany herself so sincerely, and she was grateful in her heart.

Chapter 1276

The lunch in xingzhai was very lively. At noon, Xing Yinuo and Wen Liangyao arrived. The little princess of the Wens had a cold. They just took them to the hospital to see them.

The little guy pasted the antipyretic stickers. The little face was red. Some of them were pitiful. Jiang Lan also held them in her arms and coaxed them. However, it was inevitable that the child would get sick. For example, bone development would lead to fever.

In the afternoon, Xiang Qinghao received a phone call. His people found a house and asked him to come over to have a look. Xiang Qinghao left first. For him, he would go with Jiang Xinwei in a few days. He was not in a hurry to meet for a while.

The family members didn't go home until the evening!

Xing Yifan and Bai Xia have lived in Xing's house for the time being, because Jiang LAN is going to give her a good tonic. Although Xing Yifan is good at cooking, he still lacks experience in the soup and water for women's tonic body, so he lives in Xing's house with Bai Xia at ease.

A family together, also lively, in a period of time, they can determine whether it is twins, or twins.

When Jiang Xinwei returned home, she met a bottleneck due to her recent inspiration, and she also wanted to go out to relax immediately. At night, she clumped in front of the computer and looked at the map of the mountain. She saw only a mountain range on the map. Obviously, to go to that ethnic minority, it would take a lot of primitive forests.

She is very eager to go to nature, she thought, picked up her mobile phone, sent a message to Xiang Qinghao, "I decided to start the day after tomorrow, are you sure you have time? If so, I'm booking now. "

Soon, it came back, "no need to book a ticket, my private plane can start at any time."

Jiang Xinwei looks back at this sentence, ordinary, but it shows his wealth family, he has his own private plane!

"All right! Do you promise to leave together the day after tomorrow? "

"Well! Anytime! " Xiang Qinghao replied.

"Then I'm going to salute, and you're going to do the same!"

"Good! Originally I wanted to ask you out for relaxation, but it's too late. I'm afraid your parents don't trust you to come out. "

Jiang Xinwei has a look at the time. It's already half past ten. Does he want to relax? Does she think the man's night life is rich? She had to send a sentence to the past, "have a rest earlier! Don't stay up late. "

After that, Jiang Xinwei put her cell phone on the table, and she was ready to take a bath. At that time, her cell phone rang quickly. In the quiet room, the bell was very loud.

Jiang Xinwei quickly picked up her mobile phone and saw that he even called. She had to close the door and pick it up at the same time, "Hello! What are you doing on the phone

"You care about me?" The male voice on that end looks very happy.

Jiang Xinwei was stunned, thinking that he just said don't stay up late? She just laughed, "Yeah! I know that your nightlife is rich, so I advise you not to stay up late and have a rest earlier. It's good for your health. "

"Who says my nightlife is rich? I'm in the hotel now, taking a bath and going to bed. " Xiang Qinghao quickly retorts.

The rich nightlife means that he doesn't have this kind of low-level hobby in the place of nightclubs and bars!

Jiang Xinwei silently suppressed the smile, and she replied solemnly, "Oh! Is it? Good night. "

"And I'm in great shape." The man added.

This sentence comes from his deliberately low and hoarse voice, which is inexplicably ambiguous.

Jiang Xinwei blushed at his words across the phone.

"Good health, that's a good thing, your own body, your own care on the line, I hung up, goodbye." Jiang Xinwei answered this sentence with some rigidity. She hung up the phone immediately, and talked on again. She didn't know what he said!

After hanging up the phone, Jiang Xinwei's heart was in a quiet room, jumping a little disorderly, and I don't know if he just said that to provoke.

She took a bath, took out the gift box, packed the things to be used, at the same time, checked the equipment and medicine to be brought into the mountain, she was a very careful person.

Tomorrow, I have time to go to the mall and get some ready.

At this time, in the presidential suite, there is a man with arms on his back, but some of them can't sleep. Xiang Qinghao has never planned his future so clearly. Of course, it's not the development direction of his family company, but his emotional future.

His eyes twinkled with firmness. This time, he must conquer her with his own male charm and let the girl fall in love with himself.

It's a rare opportunity. He won't let it go.

His equipment doesn't need his own hands. His assistant and bodyguard have been waiting for him all the year round. They are all well managed.

In the morning, Jiang Xinwei accompanied her mother out of the shopping mall and bought some ant proof water and medicine. Zeng Ruyi let her daughter leave for the first time. This time, she was relieved.

Because Xiang Qinghao is protecting her!

In the tea restaurant, Zeng Ruyi looks at her daughter in the opposite direction. She suddenly wants to inquire about her daughter's thoughts. She can't help but gaze at her daughter gently and ask curiously, "Xin Wei, tell your mother honestly, do you like that young master?" Jiang Xinwei immediately raised her head in fright and looked at her mother. Her white face turned red.

The first time my mother asked about her feelings, she was really at a loss.

"We are just friends." Jiang Xinwei also dare not cross distance, she and Xiang Qinghao are really just friends.

Zeng Ruyi smiled, "of course, I know you are still friends now. I just want to ask you if you like him. If so, you can go out to play together this time and get to know each other deeply."

Jiang Xinwei is a little sad. Is mom eager to marry her out? She had to say, "he's a nice guy, but we haven't known each other for a long time."

"He's really good. He's a good-looking person and has a good family. What's more, he's your friend Xing Biao. He also said that young master Xiang has a very good personality and excellent family education."

"Mom, you've only seen him for the second time. That's how you praise him?" Jiang Xinwei can't help laughing to interrupt her.

Zeng Ruyi held up the teacup and gave her a look, "I'm telling you the truth, some people! I think it's very good at the first sight. This is the eye edge. "

Jiang Xinwei's heart although some ideas dare not tell her mother, but she really did not dare to go deep place to think, because she is also confused about the feelings. It's too early to talk about liking before we have a deep understanding of each other! Although he is good.

Zeng Ruyi refuses to tell the truth when she sees her daughter, and she doesn't force her to ask. In a word, let's see how they get along with each other when they set out to travel together this time!

In the direction of the International Airport, a private plane landed steadily. The Pei family and their husband were waiting for their daughter and son-in-law.

At the exit, LAN Qianchen pushes the gift box, and Jun Yan smiles. Pei Yuehuang around him holds a delicate bag with ease. Apparently, the two return happily from their vacation.

"Dad, mom!" Pei Yuehuang called out to the couple who were outside.

"Yuehuang, Qianchen, you are finally back. Is it hard on the road?" Pei's mother asked with concern.

"Dad, mom, I don't work hard. Yuehuang is probably a little tired." Blue thousand Chen smiles a way, look at the wife beside heartily.

"I'm fine, too! I take care of me all the way. What am I tired of! " Pei Yuehuang bent her lips and smiled.

Pei's husband and wife look at their daughter in front of LAN Qianchen and show the appearance of a little woman. They are also happy. Their daughter is not so strong at last.

"Then let's hurry home! Go home and have a good rest. "

"Good! After two days off, we will go back to the blue house to see the big brother's baby. " Pei Yuehuang said to LAN Qianchen.

Today, the blue family would have come to pick up the plane, but because the blue family now has a little more to take care of, it's the elders of the Pei family.

A family of four set out to go back to Pei's house. Mrs. Pei cooked a rich lunch. After eating, Mrs. Pei and her daughter chatted on the balcony on the second floor. LAN Qianchen and Pei's father were having tea.

"Yuehuang, mother asked you a word, you can tell me the truth, when do you and Qianchen want children?" Mrs. Pei is in a hurry. She wanted to hold her grandson for a long time. Now she can't wait for her daughter to get married.

Pei Yuehuang is not a little girl either. She smiles. "Mom, don't worry. I discussed with Qianchen. We are getting pregnant now."

"That's good! You are all young, and you must be quick to have children. " Mrs. Pei looks forward to it.

Chapter 1277

Pei Yuehuang also understood her mother's hope for her grandson. She nodded, "we are working hard."

After dinner, the two young people still go back to their own nest, and they will be more relaxed in their private space.

Back in the villa, LAN Qianchen asked Pei Yuehuang to rest on the sofa. He came to tidy the gift box. Pei Yuehuang didn't want to rest. She went to the cloakroom and watched the man squatting there to clean up her clothes.

There was a rush of emotion in her heart. As soon as he got up with his clothes, she held her back.

"Qianchen, I am so happy!" Pei Yuehuang sighed.

LAN Qianchen put his clothes on the cabinet next to him, turned around, looked at the light, all the women he adored, and his eyes were full of affection. He smiled, "me too! It must be the blessing I have accumulated in my life to marry you. "

Pei Yuehuang curls her lips and smiles. She takes the initiative to kiss him.

LAN Qianchen immediately felt warm and hugged her. She responded fiercely. There were still unfinished clothes beside her. However, it was obvious that the newly married couple wanted to explore each other more.

Jiang Xinwei's master bedroom, she is still in front of the gift box to check, hope not to miss anything, tomorrow will start, her mood is very looking forward to and excited.

After the inspection, we should take all the things with us. Xiang Qinghao's car will come to pick her up at 9 o'clock tomorrow morning and go to the airport.

Jiang Xinwei has brought two more books. You can also read them when you are free.

After a good night's sleep, Jiang Xinwei opened her eyes and saw the sunlight outside the window flowing into the room, scattering all over a corner. It's really nice in summer.

Jiang Xinwei stretched out and looked at the time. She got up and washed quickly.

She put on a very light make-up, only put on sunscreen and draw eyebrows, which made her delicate facial features and showed a woman's charming feeling.

After she came down, Zeng Ruyi cooked breakfast for her. At about nine o'clock, her mobile phone rang. She didn't expect Xiang Qinghao to have such a sense of time.

"Hello, are you here?" Jiang Xinwei picks it up.

"Here you are, come down! I'm at the gate. " Xiang Qinghao's voice came.

Jiang Tiansheng and Zeng Ruyi send their daughter out together. Jiang Xinwei brings a big box, because she will go for a while, so she prepares several sets of clothes.

"Is everything ready? Have you got enough cash? In some places, the mobile payment function cannot be used. " Zeng Ruyi reminds me.

"With some of them."

"Not enough! Tiansheng, bring all the cash in your wallet to your daughter. " Said Zeng Ruyi.

Jiang Tiansheng stops and takes out his wallet. More than ten thousand cash in it is handed to Jiang Xinwei. "Take it, it's not enough for Dad to make money on your account."

"Dad, mom, that's enough. I'm not going to spend money!" Jiang Xinwei smiled and reached out to take his father's money. He took half of it and handed it back to him. "That's enough."

"Bring them all!" Jiang Tiansheng handed it back and put it in her backpack.

All the way out of the gate, Xiang Qinghao saw a black SUV parked there. Xiang Qinghao pushed the door to get off himself and rushed to meet them. He also took the gift box from Jiang Tiansheng's hand. "Uncle and aunt, you can give Xinwei to me at ease and I will take good care of her."

"Of course, we are very relieved. Mr. Xiang has troubled you."

"Just call me Qing Hao." Xiang Qinghao smiled clearly and said to Jiang Xinwei, "let's go!"

Jiang Xinwei turned to her parents and waved, "Mom and Dad, I'm gone!"

"Call home more!" Zeng Ruyi told me.

"Well, I see." Jiang Xinwei finishes saying, sees Xiang Qinghao's bodyguard to come over, wants to help him put the gift box in the back compartment, was rejected by him. In front of the future father-in-law and mother-in-law, can he let go of the opportunity to perform?

Xiang Qinghao waved to the couple next to him, "goodbye, uncle and aunt."

"Goodbye, be safe all the way."

Watching the SUV leaving, Zeng Yueyi couldn't help laughing, "the more I like this child!"

Jiang Tiansheng replied to her, "only when your daughter likes it, what's the use of your liking?"

Zeng Ruyi thinks about it. It depends on their fate.

Jiang Xinwei's mood is very excited, probably the mood to travel has been very high, she looked at the street to the airport, and felt a heart flying to the deep mountain ahead of time.

Xiang Qinghao's mood is naturally very happy. He looks at the girls who are full of vitality and vitality around him. He looks forward to the interesting stories that will happen along the way.

Jiang Xinwei is looking out of the window. Suddenly, the man around her is looking at her. She is a little shy at once, gathering her hair and sneaking back.

But do not want to directly hit the man's eyes.

It's embarrassing.

"I can't wait to get to my destination." Jiang Xinwei shares her feelings with him. "The plane will take off on time. It will be soon." Xiang Qinghao comforts me.

Jiang Xinwei also didn't expect that she would have the treatment of private air travel when she pulled him on, which was really unexpected.

"Thank you. I'll go with you again." Jiang Xinwei is a person who receives a little favor and feels grateful.

"You're welcome." Xiang Qinghao raised his eyebrows and smiled. This time, he also had ulterior motives.

He is casting a net, waiting for his prey to come to his door, but it is a love net he has laid with his heart, waiting for only a little white rabbit to enter the net.

Not far away is the airport, Jiang Xinwei also saw several planes flying over her head, she was in a very good mood.

After the security check, Xiang Qinghao walked to his private plane with her gift box. Jiang Xinwei watched under the blue sky, the strong and huge plane, which made the man full of wealth.

Jiang Xinwei inexplicably has several silk inferiority complex, must unexpectedly and his gap is really big! Even if her family is not poor, but compared with him, I don't know how many grades are worse!

Some women, when they see rich men, hate to climb up and try to catch them. But there is a kind of girl who is afraid to step because of the wealth of a man, and because he is too excellent, she has an unworthy self-knowledge.

On the plane, Jiang Xinwei chose a seat by the window. Xiang Qinghao naturally sat beside her. Soon, the plane entered the runway and took off smoothly.

It takes three hours to fly. After the flight is smooth, the stewardess delivers delicious desserts and fruits, as well as exquisite morning tea.

In the altitude of 39000 feet, enjoying this morning tea, the mood has been particularly relaxed.

Jiang Xinwei looks out of the window at the clouds. At this time, a cake comes to her lips. Jiang Xinwei turns around and sees the cake sent by Xiang Qinghao.

"I'll come myself." Jiang Xinwei is a little shy and wants to take the fork in his hand.

Xiang Qinghao reaches out to avoid, and continues to hand it to her. Jiang Xinwei has no choice but to refuse. She opens her mouth and eats it at the same time. She doesn't know that the cake is too sweet. She feels that her heart is filled with sweetness.

Jiang Xinwei didn't dare to let him feed any more. She started to eat by herself. She saw the men around her. Her long legs seemed to have no place to put them. She was a little lazy, elegant and persistent. She sipped at her thin lips.

Jiang Xinwei saw a kind of elegance and dignity inherent in this man. It's not those who are cultivated by the rich family, but the good blood line reflected in the family gene.

"Xiang young master, are you the only one in your family? Do you have any brothers or sisters? " Asked Jiang Xinwei curiously.

Xiang Qinghao saw that she was interested in herself. He shook his head and replied, "my parents gave birth to one of me. I don't know why they didn't give birth to another brother or sister for me. However, I have a lot of family members and I'm not alone. There's a little uncle on me who is not much older than me!"

Jiang Xinwei smiled, "is that right? Is your uncle married? "

Xiang Qinghao immediately felt like a crisis. "Are you interested in my uncle?"

Jiang Xinwei couldn't help chuckling, "where do you want to go! I haven't seen your uncle again. "

Xiang Qinghao heard that he found that he was jealous of his uncle. However, he secretly thought that he had better not let her see him for a while.

For specific reasons, he will not tell others that his family has a younger uncle who is more charming than him.

"Yes, my uncle! You won't be interested in it when you're old. " Xiang Qinghao smiled.

"Didn't you just say how old are you? It should be in its early thirties! " Jiang Xinwei blinked.

"He's four years old, but he's a senior and senior." Xiang Qinghao said earnestly.

Jiang Xinwei doesn't know why. It's lovely to see him so real!

Chapter 1278

The time on the plane is also very fast. Xiang Qinghao is reading his research project with a notebook. Jiang Xinwei is sitting next to him with a book. The time goes by unconsciously.

Xiang Qinghao sits next to her when the plane is about to land. Jiang Xinwei looks out of the window. There are endless mountains and a mysterious river like a giant dragon crossing between the mountains.

"It's beautiful." Jiang Xinwei praised, but at this time, when the plane landed, it encountered some airflow, and some bumps happened.

Jiang Xinwei instinctively reaches out to catch something, but doesn't want to. What she catches is a strong man's small arm. She turns her head and Xiang Qinghao is surprised. At the same time, the next second, he pulls out his own hand and uses the way of holding her to hold her in his arms.

Jiang Xinwei's face is instantly pasted on the man's strong chest, and her head is buzzing with blank space. If there is panic in it, She nestles in the man's arms, and a strong sense of security grabs her.

Make her a pretty face can't help but blush, she closed her eyes, the plane has been stable, Jiang Xinwei some embarrassment out of his arms.

Xiang Qinghao's low voice fell to her ear, "don't worry, my plane is safe."

Jiang Xinwei nodded, sat up straight and turned her face out of the window. The touch on her face was still a little hot.

Xiang Qinghao's eyes were fixed on her red ears, and his thin lips raised a smile.

How shy you are!

The plane finally landed steadily on the ground. Jiang Xinwei sat on the plane for a while, and then she accompanied Xiang Qinghao to get down. After getting down from the ladder, she saw two black cross-country vehicles standing beside the plane, and six bodyguards standing beside them.

Jiang Xinwei found out that the man's private plane was always equipped with his seat frame and bodyguard!

And the roof is full of the equipment for this trip, full of two big bags.

"Is this your car?" Asked Jiang Xinwei curiously.

"Well! This kind of car is convenient for going to the mountains. " Xiang Qinghao then opened the door and said to her, "let's go!"

All the way out of the direction of the airport, according to the navigation began to move forward, in the center of a restaurant for dinner.

It's not like a metropolitan restaurant with first-class service. Most of the restaurants here are very lively, and the dishes also have the characteristics of the city.

It's spicy.

A lunch, Jiang Xinwei was full, but she found that the opposite man still ate very little, obviously, he did not eat spicy ah!

At noon, I left the restaurant and continued to go to their destination. The scenery along the road was not a busy street, but a very lush landscape of mountains and forests, along the way of vegetable gardens, rice fields, and the pictures of children herding cattle, which made Jiang Xinwei feel a strong and simple atmosphere.

Xiang Qinghao also felt a kind of relaxation that had never been before. He was relaxed and happy. Besides, there was a girl who attracted him all the time. How could his mood be bad?

The car is very stable, driving from a national road in the urban area to the direction of the ethnic minorities in the target direction, and there is a stone mountain with very different characteristics. Suddenly, a stone mountain appears, which is quite spectacular between the heaven and the earth.

As the car went on, it was unconsciously far away from the direction of the city. There were more mountain views and some evacuation villages, and the number of people was gradually sparse.

Jiang Xinwei is really happy that he can come with him. Otherwise, if she comes alone, she will still be afraid. She has lived in the city for too long. She hasn't traveled anywhere alone for a long time.

The setting sun outside the window began to fall. The bodyguard in front of them used a pager to report that there was no foothold in front of them. It would take two hours to go to the ethnic village.

Xiang Qinghao asked them to move on, and they could drive slowly. Jiang Xinwei watched the sun disappear in the distant horizon little by little. There were no lights around. There was only a huge round moon on the head. The bright light shone down, and the whole world was light silver.

The bodyguards delivered dry food and water from the outside of the car window. They were well prepared.

Xiang Qinghao picks up a bag of soft bread and hands it to her. Jiang Xinwei takes it and chuckles, "thank you."

"Tonight we can only use this to fill our hunger. When we reach our destination, we will have some hot food."

"Well, good." Jiang Xinwei also doesn't think it's a grievance to eat these. Moreover, it's delicious.

In the dark, Xiang Qinghao's bodyguards are all elites. Although it's hard to walk on the mountain road, their cars are very stable and the route is not wrong.

Jiang Xinwei has been flying and driving for nearly eight hours. As a girl, her physical strength is still limited.

She can't help shaking from left to right, even like lying in the cradle, making her feel comfortable and want to sleep.

And she also unconsciously, she closed her eyes and squinted for a while, her little head was crooked, and she relied on the shoulder of the man beside her.

Xiang Qinghao is staring at the road ahead. Lengbuding is being relied on. He looks out of the window by the moonlight and sees that the girl around him is asleep. Xiang Qinghao immediately reached through the back of her neck, protected her little head and leaned on his chest. At the same time, he ordered in a low way, "drive slowly, and Miss Jiang is asleep."

This sentence shows the importance of Jiang Xinwei, and with his bodyguards, how can you not understand that the young master is pursuing Jiang Xinwei?

So, the speed of the two off-road vehicles has decreased again, and they are exploring the tortuous mountain road very slowly.

Jiang Xinwei is now comfortable and quick to the ground. Because of the potholes in the mountain path, there were some uneven places. When Xiang Qinghao was riding an SUV over a big pothole, the people of the whole vehicle still threw it lightly.

Xiang Qinghao also didn't respond to the sudden pit. His hand was naturally holding it. When he threw it up, Jiang Xinwei's head fell vertically from his arms and was directly buried in some indescribable places.

The sleeping girl didn't know what was going on, but when the man was all stretched, his hand immediately lifted her body and held her tightly.

Even if she fell asleep, such a thing was still a bit awkward.

It took the SUV three hours to see the dim light in the deep mountain. That's their final destination, a place called Gelenzhai.

The village, which is located on the hillside, shows a mysterious atmosphere under the moonlight, which makes people yearn for it and also gives birth to a sense of awe for the ancient village.

Two cross-country vehicles stopped on a flat ground at the entrance of the village. Xiang Qinghao asked two bodyguards to ask if there was a place to settle down.

The two bodyguards got out of the car at once, took a flashlight and passed by. It was just over nine o'clock at the moment. There were several other families who didn't turn off the lights. Soon they heard the barking of the dog.

Xiang Qinghao's handsome face is under the light of the car. It looks strange and calm. The bodyguard comes back in ten minutes.

There are also some tourism plans in the stockaded village. Now there are two Inns here, which can be set up, but the car can't go in, and there's no avenue built in, so you have to go in.

Jiang Xinwei vaguely heard someone talking. She wiped her eyes and saw that the car had stopped. Then she saw the houses along the window. She was surprised. "Is it here?"

Xiang Qinghao smiled, "here we are, but we have to get out of the car and walk in. There is an inn in it."

"Well." Jiang Xinwei nodded. She pushed open the door and stepped on the stone road. Everything here seemed primitive.

In the distance, there are mountains like giant beasts crouching in the sky, as well as shaking bamboo forests. The stars are shining, the Milky way is clear, and the air is full of a smell of soil

and grass. Xiang Qinghao also stepped down. He went to Jiang Xinwei's side and said to the bodyguard, "lift up her suitcase and leave two cars to watch. The others will follow us."

The bodyguard took off Jiang Xinwei's gift box, two leading the way in front, and two protecting the way behind. Xiang Qinghao's hand naturally held Jiang Xinwei's, walking on the uneven stone road, Jiang Xinwei's foot was shallow from time to time, and finally, she tightly held Xiang Qinghao's arm.

Under the moonlight, Xiang Qinghao's face was filled with secret joy from time to time. It seemed that he had come to the right place.

Chapter 1279

At this time, he felt deeply that he was needed by the girl all the time, which was really good.

"Woof Woof..." Suddenly a very fierce barking of dogs came from the house from afar, as if they were going to bite at any time.

"Ah?" Jiang Xinwei hugged Xiang Qinghao with one hand and tried to hide in his arms.

Listening to the barking of the dogs, Xiang Qinghao almost instinctively picked her up. He was afraid that some ungrateful dogs would come up and bite him. He was not allowed to bite this woman.

Jiang Xinwei put her arms around his neck and shivered with fear.

"Don't be afraid. They don't dare to come and bite." Xiang Qinghao comforts me.

At this time, there was a flashlight coming from the opposite side, and the old man's shouting and shouting at the dog. The dogs were scared away at once, so they had to look for a sense of existence from time to time.

They are the guardians of this mountain. Facing the invasion of outsiders, they naturally have to do their part.

Not far away, I saw the old village head with two villagers coming. They also came to visit in the evening. They are very welcome.

Jiang Xinwei is a bit embarrassed, Chaoxiang Qinghao whispers, "can you please let me down?"

Xiang Qinghao gently put her on the ground, and Jiang Xinwei was grateful. At this time, the old village head was swarthy, but a very simple face appeared. He smiled and said, "welcome to our village for a visit. Please follow us, and we will lead you to the place where you are staying."

"Thank you." The bodyguards make a noise. At this time, the bodyguards also try to restrain their common grumpiness and dare not frighten the villagers here.

Led by Xiang Qinghao, Jiang Xinwei followed the old village head all the way to a small inn that had just been built for a year. Due to the limited resources, the Inns here are all built of wood.

Under two incandescent lights, a wooden building appeared. The old village head turned around and said to them, "we have three rooms. Six of you will make do with it! We have limited conditions here. Don't be surprised. "

"We are grateful to have a place to live." Jiang Xinwei smiles.

Two young men behind the old village head saw Jiang Xinwei with straight eyes. They had never seen such a beautiful girl. Her skin was white and thin, and her facial features were delicate and soft, just like fairies.

"OK, please show us to the room." Xiang Qinghao nods.

The old village head took the key to the door. Two rooms were on the second floor. One room was on the first floor. Two bodyguards lived on the first floor. The other two followed him to the second floor.

The old village head opened the door, only to see two small beds spread out, in the narrow room, or the pattern of double beds.

Jiang Xinwei just heard the old village head's words, but she couldn't help thinking about one thing: three rooms, six of them, and four bodyguards occupying two rooms.

The old village head must have regarded her and Xiang Qinghao as a pair! Jiang Xinwei's head has been buzzing for a while, but under this condition, what else does she mind? "There's another one next door, all double beds. It's just right for you six." Said the old village head.

At this time, the bodyguard looked at Xiang Qinghao as if he was waiting for an order. If Xiang Qinghao wanted to live alone, they would go back to the car to rest. However, they found that the young master did not give the order.

"Mr. Xiang, you and I can only be wronged to squeeze one room." On the contrary, Jiang Xinwei first mentioned the matter.

Xiang Qinghao chuckled, "no grievance, as long as you don't mind."

Even if Jiang Xinwei does mind, at this moment, there is no condition to mind. Besides, on the way, he takes care of him and provides bodyguards with money and effort. What else can she complain about?

"Of course not." Jiang Xinwei smiled and the bodyguard brought the salute to her.

"It's cool at night, so without the air conditioner in your big city, it's also very cool at night. The bathroom is public, and the bathroom is on the first floor. You can make do with it." The old village head looked at the group. They were all well-dressed. They were rich.

"OK! Go to have a rest, village head! Don't worry about us. " Jiang Xinwei said sweetly.

The old village head laughed and led the two young people away.

Jiang Xinwei looks at Xiang Qinghao and says, "let's go in!"

The bodyguards also went in, but their responsibility was to protect them, so they immediately began to lay out equipment in the inn without trace.

Within 100 meters of the whole Inn, plus the corridor gate of the inn, they are all in the range of all-round monitoring within 15 minutes.

Xiang family is not short of money. It is the first thing to protect Xiang Qinghao's life safety. Therefore, Xiang Qinghao's bodyguards are definitely people who take money to do prison work.

Jiang Xinwei pushes open the wooden window, the cool wind pours in, blows up her long hair, she is propping up the chin to appreciate the village which is located in the hillside.

Xiang Qinghao came to her side, just as the wind blew a wisp of her black hair, swept his cheek, a light woman fragrance into his nose, which made him a little drunk.

"Is it beautiful?" Xiang Qinghao asked with a smile. "Well, the night is beautiful, too. I'm looking forward to the day." Jiang Xinwei looks at the stars in the sky. Her inspiration comes up suddenly. Now star suits are also popular in the market, and every designer gets different inspiration.

She seems to take the starry sky as the cloth and cut out a dreamlike skirt in her mind!

"Do you want a bath? If you want to wash it, I'll accompany you down. " Xiang Qinghao asked.

Jiang Xinwei thought about it. She thought it was too late. Instead, she wanted to soak her feet. "I'll bring a basin of hot water to soak my feet later! It's too late. Let's have a rest early. "

Xiang Qinghao was stunned.

"Do you mind if I don't take a bath?" said Jiang Xinwei

Xiang Qinghao snorted and looked at her with a stoic smile. "Of course not, let's wash our feet together! I'll get the water. "

"I'll go!" Jiang Xinwei thinks that this kind of thing is still a woman.

"Sit still and don't run around. I'll go." With Xiang Qinghao finished, he pushed out the door.

After a while, he carried a wooden bucket with half of the hot water in it. It was very comfortable to soak one foot in such a cold night.

Xiang Qinghao moved the only wooden chair in the room and Jiang Xinwei sat on the bed.

The light here is not too bright, yellowish, but also with a hint of sentiment.

Jiang Xinwei is wearing a pair of small white shoes. She takes off her socks, a pair of small white feet. She rolls up her trouser legs, and her straight and slender legs are also beautiful.

Xiang Qinghao also put down all the young masters' shelves. He took the lead in extending his feet to test the temperature. Then, he sank his feet naturally.

Jiang Xinwei saw that the water was not hot. When she stretched out her feet, she immediately hissed slightly. There were still some hot feet.

She's skinny! Afraid of scalding.

"Slowly try to come down." Xiang Qinghao smiles to remind her.

At this moment, the scene is probably not expected by both of them. In such a place, there seems to be an inexplicable force pushing them, pushing them to become close.

Finally, her feet dare to enter the water, but stepped on the back of the man's feet. In an instant, two hearts shake, and two eyes look at each other.

A pair of deep smile, a pair of shyness dodge.

Xiang Qinghao felt her greasy and boneless feet. On the back of his feet, in addition to the heartstrings shaking, he even tensed up instantly, and his trousers were a little tight.

However, he can't let her find this kind of mess. Two people soak for more than ten minutes. Xiang Qinghao picks up a clean towel. Jiang Xinwei wants to wipe it. The man's hand holds her feet. "I'll come."

This time, Jiang Xinwei's pretty face is still red to her ears. She feels embarrassed that the man has wiped her feet. She sits on the bed, hugs her knees, and watches him wipe the water out.

A quiet space, her disordered heart, got a breath, she held a small face, head, all his just gentle movements and looks.

My God! It's too shy.

Xiang Qinghao soon pushed the door in. He had a dark shirt and two beds side by side, one arm apart.

Xiang Qinghao saw that she had chosen a bed, and he sat on another bed. His eyes looked at the girl holding her knees. His eyes were serious. "Don't worry, I will never hurt you though I am in the same room."

Jiang Xinwei nodded, and just because she trusted him very much, she would live with him.

"Good night!" Jiang Xinwei said, she did not take off her clothes, she picked up the quilt cover, and lay down with him on her back.

Xiang Qinghao looks at the thin figure under the quilt. He is lost in a few threads, but his heart is full of satisfaction. Tonight, it's very meaningful.

Chapter 1280

All the way is really too tired, Jiang Xinwei almost pillow on the head, she entered the dream.

It was the man on the small bed beside him, with his arms on his back, who was still sleepless for a while.

He turned off the light, which didn't affect the girls' sleep. The moonlight outside the window was like water.

Jiang Xinwei turned a body, pillow palm, a face turned to the man's side.

Moonlight is hitting her little face. Her skin is white as snow. Under the moonlight, it is crystal clear and white, and the skin is fragrant.

Xiang Qinghao's eyes blinked and moved the star's eyes. For a while, he was fascinated, entranced and intoxicated.

In this mood, he unconsciously infected her sleepiness, and he closed his eyes and fell asleep.

The moonlight outside the window, shrouded in the whole mysterious and quiet village, sprinkled a silver world.

Early morning.

When Jiang Xinwei woke up, the birds outside the window were very beautiful, melodious and pleasant.

She opened her eyes and looked at the bed beside her. Xiang Qinghao got up.

Jiang Xinwei took a look at the mobile phone on the small table. At 7:30 in the morning, she hurriedly gathered her long hair and got up. Step by step, she went to the window and saw the beautiful scenery of the village, which made her immediately excited and curved her eyebrows.

It's so beautiful. It's a worthwhile trip!

At this time, there was a soft door pushing sound outside the door. Jiang Xinwei looked around and Xiang Qinghao pushed the door in very carefully. When he saw that she had got up, he hooked his lips and smiled, "up."

"Well! Good morning. " Jiang Xinwei some shameful close long hair, last night spread down a long hair.

At the moment, it was scattered behind her head. Her hair was as soft as silk, reaching the waist position.

With her slender body and a body of one meter and six six, she really has a sense of immortality.

Xiang Qinghao's heart is hit by her again and again, and he finally knows why he can't help but want to get close to her.

Because she has a kind of magic that he can't refuse, as if he wants to treasure her in his own side all his life.

"This inn is under my charge. Don't worry about other people coming in to disturb you." Xiang Qinghao said to her.

Jiang Xinwei nodded and said, "I'll take the towel and toothbrush."

Xiang Qinghao naturally understood that personal belongings could be seen in the girl's box at any time. He turned to open the door and left.

Jiang Xinwei takes out the towel and toothpaste she has prepared for her new tooth brushing cup. These are all travel clothes and don't occupy much space.

After she took it, she went downstairs to wash it. Although it was a very simple bathroom, it was cleaned very clean. With the antique bathroom, Jiang Xinwei washed it. She walked out of the Inn and met her in the gentle morning sun. She immediately looked at everything outside the door with a smile.

Xiang Qinghao came out of a nearby restaurant and said to her, "come and have breakfast."

"Well!" Jiang Xinwei walked over with a smile, only to see the very simple villagers here, the breakfast is also very thick and light noodles and porridge, but the dishes here are very good, Jiang Xinwei looked at Xiang Qinghao opposite.

He was drinking porridge, holding chopsticks, and even two sticks of corn beside him, which had just been steamed and smelled delicious. He reached out and handed Jiang Xinwei one, "come on, eat it! Very good. "

Jiang Xinwei nodded, took a sip of pure soymilk, and then chewed the corn. She saw Xiang Qinghao, who was opposite to her, and had no shelf. She was very integrated into such a life. She took the corn and ate it gracefully.

Jiang Xinwei couldn't help but snigger a few times. Xiang Qinghao's eyes collided with each other, and the two smiling eyes were intertwined.

Jiang Xinwei turned her head a little shamefully.

"I've come here with you right now, and there are some puzzles I want to solve." Xiang Qinghao said in a low voice.

Jiang Xinwei is shocked. Isn't he just here to travel?

"What riddle."

"The topic of longevity, I just surprised to find that there are more than ten old people living here, and one is two years younger than my grandfather." Xiang Qinghao's eyes are also full of a sense of expectation. He is a young child of a medical family.

What he pursues is to overcome one medical problem after another and find solutions.

Jiang Xinwei is also surprised. However, she feels everything here and finds that the mountains and rivers are also nourishing. The same sun, the sun here is gentle and does not shine.

"Then we can live here for a while." Jiang Xinwei also loves it very much.

"Well! We'll stay. " Xiang Qinghao smiles and nods.

After breakfast, the head of the village led several important villagers to visit them. Xiang Qinghao's bodyguard also distributed some of the external things brought this time to get a good impression from the villagers here.

After breakfast, Jiang Xinwei and Xiang Qinghao walk towards a bamboo forest area under the guidance of the village head. There are many sceneries here. They don't need any places of interest. They just enjoy themselves among these mountains. Jiang Xinwei with a camera, shooting anything she is interested in, some unknown flowers, some beautiful and unknown birds.

When she was about to take photos of the mountains in the opposite direction, a sharp side face like a mountain front reflected her eyes.

Her heart was stunned for a moment, and she immediately secretly pressed the shutter to take a picture of this man and this spectacular scenery.

Xiang Qinghao is also full of curiosity and interest in everything here. He will not disturb people here, but he will solve the code of longevity here through his own observation.

The bodyguards will only follow them from afar and will not disturb them. When they come to a small river, they only use two pieces of wood to build it as a small bridge.

Jiang Xinwei immediately wants to try to walk again, but, just step up, she takes back, she is still a little timid.

"Dare not go?" Xiang Qinghao asked with a smile.

"You try." Jiang Xinwei let out the position and let him pass first.

Because it's really two very thin pieces of wood standing on it, which really challenges people's nerves.

Xiang Qinghao's military leather shoes are easy to step on, steady to step on, and soon to the opposite side.

Jiang Xinwei looked at him in surprise. She swallowed her saliva immediately. "I'll try."

Xiang Qinghao encouraged, "come on."

Jiang Xinwei's little white shoes stepped on them. She was a little shivering. She could see the man opposite, and her heartstrings were always tight for her.

In the middle, Jiang Xinwei shook a little, scared her to scream a few times, she almost ran to the opposite side.

Xiang Qinghao immediately opened his arms, and Jiang Xinwei almost jumped into his arms. Xiang Qinghao holds her tightly in his arms.

Jiang Xinwei's fear disappeared immediately. Instead, she hugged the man intimately, which made her pretty face blush.
