Chapter 1321

In the early morning, Xiang received a phone call from the police. He found the thief who stole the wallet and mobile phone. The money was gone, but the mobile phone came back.

The police will let the thieves pay Ni back in a week.

Xiang Bo Han knocks on Ni chuxue's door with her mobile phone. Ni chuxue just got up. She has just had a bath and is wearing a bathrobe. Because she asked the hotel to bring a glass of milk a few minutes ago, she heard the doorbell. She thought it was the room attendant who came. She tried to wet her hair and went to open the door in a nightgown.

If it's the hotel staff, it's just a matter of bringing in a cup of milk. However, when she opens the door and stands outside, it's a cold.

She was startled immediately. Her pretty face was red for no reason, and she looked at the man outside the door with a tiny eye Uncle Xiang. "

She didn't think it was him. At this moment, she was naturally ashamed.

Xiang didn't expect that she would take a bath in the morning, and her long wet hair would be pulled to one side to show her thin neck on the other side. At this moment, her red face, even her earlobes, were flushed.

This made the heart string of the thin cold pressed for no reason. He forced a calm expression and asked her, "may I come in for a while?"

Ni chuxue hurriedly leaves the door, "of course!"

When Xiang Baohan came in, he carried the mobile phone found by the police and put it in a bag.

"Your cell phone police have found it." Xiang Pohan takes out the mobile phone and hands it to her. "There's no electricity. Try charging it and see if it's broken."

Ni chuxue took over the mobile phone in surprise. "It's great. I'll find it soon."

"The police will try their best to get your money back."

"Well, it doesn't matter how much money, but you can't lose your cell phone." Ni chuxue finished, took the mobile phone to the side, began to charge with the charger.

Xiang Xianhan looked under the broad bathrobe, and she was still slim. He could not help but remind him, "you are too thin, eat more."

In fact, Ni chuxue is just as slender as a girl, but she is not thin at all.

Ni chuxue stood up and gratefully walked to him. "Uncle Xiang, thank you for looking for the police to help me find my cell phone."

"It should be! I should have protected you. " The item is thin and cold naturally and casually.

Ni Chu Xue's heart was shocked by this sentence. Should she have been protected?

Xiang Pohan looked at her stupidly at himself, and he smiled, "what's the matter?"

"Uncle Xiang, what can I do to repay you for your kindness?" Ni chuxue has always understood that the grace of dripping water should be reported by the spring, so she can't take for granted what Xiang Bo Han has done for her. She really hopes she can repay him.

Item thin cold deep eyes squint for a while, repay? For a moment, he really didn't think of how to repay her.

"I don't need you to repay me," said Xiang

"No, I must repay you, as long as you need my place, you must tell me." Ni chuxue immediately replied firmly.

"No matter what I am asked to do, I will." She added another sentence.

A beautiful girl, say this sentence, for a single gold man, this sentence is really make people want to be elegant, even the person with such a strong determination, looking at the clear eyes full of worship and gratitude for him, have a kind of trance idea.

However, he knows that he shouldn't come up with such an idea. In this world, there is no real saying about who is good. To be good to a person, there must be a plan. No matter whether it is good or bad, there is always a certain desire in it.

And he, I don't know when, had some idea about the girl in front of him.

"First snow, as long as you have a happy life, it will be a return to me." He stared at her with a low voice.

Before Ni could react, he turned to the door and reached out.

Ni Chu Xue looks at his back, thinking of his words just now, and still doesn't understand.

Why does she have a happy life, that is to return it to him? Ni chuxue is not sensitive enough in this fast emotion. If a woman is changed, all that he has done like Xiang Bo Han, he will be able to feel that he must like her.

Ni chuxue sat on the sofa, a small face full of doubts, still thinking of the words of thin cold.

But, how to think, also did not think, at this time, the waiter sent milk, she thought of his just that words of concern, let her eat more, she was holding milk, inexplicably drink more mellow.

After a while, she went to the mobile phone, unlocked the fingerprint lock, and several unanswered messages came, along with a message.

Ni chuxue opens the message that she didn't answer the phone. It turned out that President Li called, but she didn't answer it.

She immediately turned to the last message, which was sent by Li Yuanchang.

"Miss junior snow, I have found the object you carried when you were a child. It's a small wallet. When are you free, I'll give it to you." Ni chuxue looks at this message and gets excited immediately. Her heart is filled with a desire. She really had something when she was a child. Did her parents give it to her?

Ni Chu Xue wants to go to the happy home immediately. She wants to go out, but she still wants to say something to Xiang Bo Han. Now, she dare not run around for fear of troubling him.

She dialed the phone of Xiang shanhan, who is still in the room at the moment.

"Hello!" A deep male voice came.

"Uncle Xiang, I just received a message from Dean Li. She said that she found something I had when I was a child. Let me go and get it. I want to say to you that I am going out." Ni said.

"I have time. I'll go with you."

"Do you have time? I have no trouble to you! "

"No! I'll see you later. " Xiang Baohan finished and hung up.

Ni Chu Xue can't help but be happy. If he can accompany her, she also has a sense of security.

Xiang Baohan just hung up the phone, his cell phone rang again, he picked up a look and picked it up. "Hello, boss, it's time we started."

It's his assistant.

"I'll be out in a moment after I've put off the dinner."

"But this meal is very important to you."

"I have more important things to do. Let's postpone dinner to the evening!" When he finished, he hung up.

The assistant over there can't help surmise that he is responsible for arranging his schedule. What else does the boss have to know?

However, he was afraid that he didn't know about this matter. In his mind, he had unconsciously entered a very important person.

Chapter 1322

Ni chuxue is ready to go out. She is already eager to go to the orphanage. She is standing at the door of Xiang Pohan's room with her backpack on her back and waiting for him.

After a while, the door opened from the inside, and he stepped out. Looking at the girl waiting at the door, he chuckled, "let's go!"

"Well!" Ni chuxue bent his lips and nodded with a smile. He was worried but didn't show it.

But the man has seen the urgent light from her eyes. His long legs move towards the direction of the elevator. Behind him, Ni chuxue also steps to keep up.

All the way to the door of the hotel, the car is ready. Xiang Baohan comes over when the bodyguard opens the door for him, but he doesn't sit in. Instead, he stands at the door and waits for Ni chuxue to sit in first.

Ni Chu Xue has a kind of flattered treatment. She bends over and sits in. Xiang Bo comes in. The bodyguard closes the door.

A convoy of three black cars pulled out of the hotel gate.

Sitting in the car, Ni chuxue's heart still beats faster. Xiang Pohan personally opens the door for her. As for her identity, it's too unmatched. She's not a big person.

She is just a nobody, and even his position in the family, and even his parents are flat people.

Xiang Pohan finds out that she is too quiet. He looks around and breaks the dull atmosphere in the car.

"If your parents had news, would you be nervous?" The item thin cold curiously asks a sentence.

Ni Chu Xue thought about it, nodded, "I'm a little nervous!"

Because there is a feeling of being abandoned in her heart. She is afraid that she will find her own, and her parents will still not recognize her.

"Don't be nervous. I'll be with you." The thin cold comforts the voice.

Ni chuxue was shocked, but was comforted by him. It seemed that he was like a solid wall, standing behind her. If anything happened, he would feel safe.

This kind of feeling, also depends on, from returning home to now, Ni chuxue can be so reassured, because he is around.

Ni chuxue glances at him from the corner of her eyes. She stealthily and carefully moves her eyes to look at him.

Although he is so many years older than her, he exudes a mysterious temperament and maintains a young appearance. He looks like a big brother. Where does he look like an uncle?

With more eyes, Ni found that her heart began to speed up irregularly. He was one of the few handsome and charming male faces she had seen. The combination of the East and the West was elegant and profound, with a calm temperament, which gave off a strong atmosphere without any reason.

As if with him, don't worry about what will happen, because with him, everything is not a problem.

Ni chuxue's surreptitious observation, for the sharp item, he felt that his heart was not as calm and elegant as his surface, and even had some worries.

Why is this girl looking at him? Don't you think he's old? Does his looks match her eyes?

In front of a girl who is ten years younger, even if she has a successful career, her appearance is not bad, but there is still an emotion, that is, she is not confident.

Always feel age, has become his inferiority, make him worry about being picked up.

Ni Chu Xue didn't find the mood of the man around her. When she took back her eyes, her heart was still racing. She had to look out of the window at the scenery and take a deep breath to suppress the intense heart.

The speed is very fast and stable. Within half an hour, from the hotel to the gate of the happy home orphanage, the car body stops, and Ni chuxue can't wait to push the door down.

Xiang's slender body followed. Ni chuxue came in. Some employees who knew her smiled at her and told her that President Li was waiting for her in the office.

Ni chuxue laughs and sweeps. Toward the direction of the office, the man behind him is particularly noticeable.

They really feel lucky for Ni chuxue, who was abandoned at that time, but now has such a rich identity. Beside her, there is such a tall, handsome and adored man.

In other people's eyes, the existence of thin cold, as if to become a boyfriend's role. Ni chuxue enters president Li's office. Li Yumei is waiting for her to come.

Because Ni chuxue returned a message and said to come right away.

"The first snow, you come, I have been anxious to contact you!" Li Yumei came forward and said with a smile.

"I'm sorry, Dean Li. I lost my cell phone these two days. As soon as I found it back in the morning, I came as soon as I saw your news." Ni chuxue said sorry.

"It doesn't matter. You'd better come." Li Yumei said, and when she saw the man walking in behind her, she was very grateful. The man's donation was too important for them.

Li Yumei takes out a wooden box from the cabinet, opens the upper lock, opens the lid, Ni chuxue immediately looks at the things inside, Li Yumei picks up the exquisite small money bag and hands it to her, "chuxue, this small money bag is not on your shoulder when you are sent, open it yourself and have a look! Is there any clue in it?" Ni chuxue looks at the small golden purse. Although it has been more than 20 years, it is still well preserved. It can be seen that the quality of the purse is good.

"What's in it?" Ni chuxue curiously holds it.

"Generally speaking, it's small copper coin for praying. Some people will put some rice in it, but I think it's like copper coin in it."

Ni chuxue unties the rope above, and her heart leaps violently. Is there any secret about her life experience?

One side of the item thin cold eyes also narrowed a few minutes, he hoped that she could find the original family, but also felt that if the family is abandoned her, not found is also a good thing.

For a family who didn't want her since childhood, there was nothing to recognize.

Ni chuxue carefully opened the money bag, the baby's money bag, very small, she poured out two pieces of copper money, delicate and small, but also a little heavy.

Ni Chu is shocked. Are there only two pieces of small copper money? Reluctantly, she reached out and took the purse to the maximum. Then she continued to pour it on the table. Suddenly, a folded piece of paper fell down.

The yellow color shows a long history.

Ni chuxue is stunned. Li Yumei is also surprised. It turns out that there are some notes in it.

"First snow, let's see if your parents left it for you."

Ni Chu Xue reaches for her hand and opens it carefully. She sees a very small piece of paper, on which there is also a line of words: "daughter, forgive your mother for not growing up with you. Remember, your father is Gu Mingfan. Find him and he will tell you everything about me."

Ni Chu Xue's tears burst up in an instant. She got the news from her father and learned that her mother was no longer alive.

Chapter 1323

Ni Chu Xue holds the note. Tears that are hard to control fall from her eyes. She even shakes herself.

Li Yumei next to her wants to help her. However, there is a faster figure, with her thin shoulder held by her arm without any consideration, and she is carried to a warm and broad embrace.

Ni Chu Xue is in urgent need of a place to rely on at the moment. Even her heart is sad and doesn't care about anything. She reaches out and hugs the man's waist, buries herself in his arms and tears uncontrollably.

Although Xiang hasn't seen the information on the note in her hand, he knows that it must not be good news.

Li Yumei also looked at her heartily and comforted her, "junior snow, don't be sad, you are a lucky person."

Ni chuxue sobbed a few times. She took the note in her hand and looked at it with tears, "Gu Mingfan, my father's name is Gu Mingfan..."

Xiang Pohan reached for her note, read the words on it, and understood the reason for her sudden grief.

Her mother is no longer in the world. He sighed and stroked her back with his hands. "Don't be sad, I can take you to your father."

Ni chuxue's heart is sad, strong and suddenly, she can't hold her tears for a while, and continues to cry on the shoulder of a man. Her mother loves her and has to leave her. What happened? Why does mother leave her behind?

As if she was afraid to touch her own life experience.

She came out of the orphanage and sat in the car. Xiang Pohan drew a tissue for her. Ni chuxue took over the tears. Li Yumei stood by the car and watched them leave.

Ni chuxue's choking sound gradually became smaller, and finally disappeared in the car. However, she kept looking out of the window, and the whole person was covered with a layer of sadness, so that the thin cold did not disturb her.

After a long time, Ni chuxue looked down at the note and read the name, "Gu Mingfan This is the name of my own father. "

"Want to see him? If you want to see him, I'll see you as scheduled. " The item is thin, cold and deep.

Although her life experience has become a little complicated, Ni wants to see her father. She nods, "I want to see him, but I'm afraid to disturb his life. I think when I was so young, I left him. He must think I'm not in the world!"

"Then I'll investigate for you to see what he is and how he lives. Then I'll meet you in line." He didn't want to hurt her any more.

"Uncle Xiang, thank you!" Ni chuxue's eyes show gratitude. He is helping her in this trip home. She really doesn't know how to repay him.

The item thin cold light ha a, "need not thank, can help you, I am also very happy."

Ni Chu Xue thought in her heart that if she could repay him anything, it would be good. Back in the hotel, Ni chuxue called the foster parents over there and told them that they were happy for her and supported her to find her biological father. No matter what the result was, they would wait for her to go home.

Ni chuxue thinks that she is a very lucky person. All the people she met in her life are good people, who are helping her and loving her wholeheartedly.

At the moment, a white sports car is driving to a resort beach around the city. Xiang Qinghao drives. Jiang Xinwei, sitting in the passenger seat, has a beautiful face and a relaxed look.

Xiang Qinghao has rented a single beach villa to let her relax and took her to the resort.

Jiang Xinwei has been busy these days. She really needs a relaxing environment. She can lose the pressure on her job and relax without thinking.

Behind the sports car, two black cars are following. Xiang's bodyguard won't let the amnesiac master run around.

They will lose it, or something will happen, and they can't afford it.

Xiang Qinghao's sports car finally arrived at the designated Villa Hotel according to the route and drove into the courtyard parking lot of the villa. Xiang Qinghao held a clothes bag and led Jiang Xinwei to the door.

The villa has been cleaned by specially assigned person. It is luxurious and clean. It has a large swimming pool with no boundary. There is also a walking distance to the beach. It is a clean and meticulous white beach, which is desirable.

The clear water is also a good place for snorkeling.

Looking at the time, Jiang Xinwei can't wait to go to the seaside.

"Let's get dressed and go swimming!" Jiang Xinwei suggested, and then, looking curiously at the man, "can you swim?"

Xiang Qinghao thought about it. He couldn't help screaming. He forgot whether he would. But in front of their own women, we must say yes.

"Of course I can swim. How can I not even swim?" Xiang Qinghao replied with extreme confidence.

Jiang Xinwei looked at him suspiciously. "Aren't you amnesic? How can you prove that you can swim? "

Xiang Qinghao was a little embarrassed at once, but he didn't need to prove his confidence.

"Believe me, for a moment, stay by my side, and I will protect you." Jiang Xinwei is a swimmer. She has been sent to swim and keep fit since she was a child. Therefore, it's difficult to swim with her.

"Then let's change our swimsuits!" Jiang Xinwei suggested that she pick up her small box, open it and take out a bikini swimsuit from it.

"Wait, you're wearing this?" Xiang Qinghao immediately realized that the swimsuit was too sexy.

"Well, I didn't bring anything else. What happened to this one?" Jiang Xinwei asked with a smile, this is the normal style, and he was too nervous.

How can Xiang Qinghao not be nervous? Her own woman! Dressed like this, if you get a look from a man, you will lose.

"Do you have any other clothes?"

"Then I'll tie another silk apron outside!" Jiang Xinwei replied.

"Good!" Xiang Qinghao nodded and agreed, watching Jiang Xinwei take it to the room on the second floor.

He took it to the bathroom on the first floor to change it. The man holding the clothes stepped out of the bathroom, wearing only one swimsuit, with a strong upper body, which made him charming.

Xiang Qinghao hears the footsteps on the second floor. He looks around and sees a graceful and slender figure coming down. His light blue upper body is tied with a thin skirt. The magic that makes a man breathe quickly emanates.

Xiang Qinghao lost his memory, so he forgot what happened in the mountains last time. Now, it's the first time to see her figure after he lost his memory. It's almost a surprise to him.

As if earned, it is Jiang Xinwei some shameful drooping eyes, step by step down.

Chapter 1324

Jiang Xinwei and Xiang Qinghao come out of the beach. It's a private beach. Except for the ships in the distance, no outsiders are allowed to enter nearby. The whole beach belongs to them.

The clear bottom of the sea, white sand, calm as if the lake, no wave ups and downs.

Jiang Xinwei took a look at the man beside her. "Let's go into the water!"

Xiang Qinghao did ask, "can you swim?"

"Yes! I've been growing up, and it's not the first time I've ever swam in the sea. " Jiang Xinwei smiles confidently and Mei Mou looks at him. "I'm worried about you."

"Don't worry! It's not as hard for me to swim. " Xiang Qinghao replied confidently.

Jiang Xinwei reaches over and takes his hand, step by step, steps into the sea. When the water overflows over her chest, Jiang Xinwei faces Xiang Qinghao, smiles and turns around. Her slim figure looks like a mermaid entering the sea.

Xiang Qinghao immediately looked into the water and saw a delicate figure floating gracefully in the clear water.

"Wait for me." Xiang Qinghao immediately did not dare to dive into the water and chase her.

When Jiang Xinwei raised her head to summon Qi, her long hair was like black silk draped behind her head, which was particularly beautiful on her perfect back.

When she surfaced, she didn't find Xiang Qinghao behind her. She immediately looked around in panic. At this time, Xiang Qinghao stepped on the water and smiled at her, "do you want to find me?"

"You You gave me a fright. " Jiang Xinwei cried angrily, and Xiang Qinghao immediately swam to her side.

At this time, Xiang Qinghao will lose his memory and be able to walk on the water. His body will fall into the sea.

"Qinghao!" Jiang Xinwei took a breath and dived into the water, only to see the sun shining underwater, Xiang Qinghao suddenly put his arms around her waist, and Jun Yan quickly approached.

Jiang Xinwei's eyes are slightly gaping. Where is the state of falling into the water for this man? His eyes are clear with a smile. Next second, his hand clasps her back head spoon, and thin lips face her.

The kiss under the water, because of fighting for each other's breath, seems to be particularly entangled with brocade.

Jiang Xinwei's pretty face was already red under the water. Finally, the man put his arms around her waist and brought her out of the water.

Jiang Xinwei some lose strength, can only tightly hug his neck, rely on him to breathe.

"You are so bad." Jiang Xinwei immediately cried out in embarrassment.

Xiang Qinghao's thick long eyelashes are stained with crystal clear water, which makes his eyes more like the sea. There is a sea of stars in it. In the sun, the bad smile on the corner of his mouth is particularly charming.

Jiang Xinwei's heart was enchanted, as if involuntarily, and he kissed on the sea again.

After playing in the sea for more than half an hour, Jiang Xinwei was very tired when two talents landed. Xiang Qinghao had good energy.

"I'll take a bath." Jiang Xinwei said to him.

"Good." Xiang Qinghao watched her wet figure, and her body was slim and full of imagination.

Xiang Qinghao also went upstairs. He took a shower in the guest room.

After a while, Jiang Xinwei stepped down wearing a long T-shirt, and the restaurant Department of the villa delivered lunch. In such a restaurant facing the sea, he enjoyed exquisite and delicious ingredients, which was also a good enjoyment.

Xiang Qinghao is taking care of her everywhere. Jiang Xinwei is also loved and cared by him. When she is with Xiang Qinghao, she has a feeling of being spoiled as a child. After lunch, they will take a walk here in the afternoon and enjoy afternoon tea. In the evening, they will go back to the city. Tomorrow morning, it will be Jiang Xinwei's show.

She must go back early.

It's Dusk before we know it.

In the guest room of a five-star hotel in the center of the city, Xiang Xianhan is holding a piece of information. Beside the information, there are more than ten photos. He is a middle-aged man who is nearly 50 years old. Although he is old, he can see his handsome and extraordinary appearance when he is young.

Gu Mingfan, currently the chairman of a charity fund, shows that among the family members, he has a wife, but he has no children.

This man, at the same time, is Ni chuxue's biological father.

Xiang Bo Han also ordered to go down at noon. He just got the information. The information is particularly detailed. He wants to know the information about Gu Mingfan. It's all here.

After reading, Xiang Baohan picked up the information and went out to the next room and knocked on the door.

The door quickly opened from the inside, Ni Chu snow looked at him expectantly, "Uncle Xiang."

Xiang Bo Han handed her the information about her father. "This is the information about your father that my men just sent. Have a look!"

Ni chuxue is already anxiously waiting for her father's information. She reaches for it and says, "thank you, uncle Xiang."

Xiang Pohan smiled, just about to say you're welcome, but he felt a sweet smell coming. Ni chuxue gave him a big hug from the door. Ni chuxue's pretty face is slightly red, but she hugs him tightly. Her gratitude and excitement are all expressed in this hug.

"Thank you." Ni chuxue makes a sound again, and then takes a shy step back.

He was stunned for a few seconds. His voice line was deep and hoarse. "I'm very happy to help you."

Ni chuxue nodded. She took the information and looked at it. When she saw the elegant man in the picture, she immediately opened her eyes slightly. Is this her own father?

My God! She looks like her father. Her eyebrows and eyes are full of his shadow.

It's said that the daughter generally looks like the father, and at the moment, Ni chuxue looks at the man in the picture, and has a kind of unspeakable cordiality.

When Ni chuxue saw the column of her children, she couldn't help looking up at the item outside. "Didn't my father have another child?"

"The information that my staff got at present should be that they have no children, and I will let them focus on this." It's also strange that Xiang is thin and cold. Gu Mingfan is also a person with status and status. But it's strange that he has no children.

Ni chuxue's inexplicable heartache, why didn't he have another child? Does he know the death of his mother?

Ni chuxue looks at the man in the picture. She suddenly has an impulse to see him and listen to him tell her everything about her mother.

"I want to see him." Ni chuxue's eyes were slightly red, a kind of desire from family and blood, which made her want to see him immediately.

"I'll arrange for your father and daughter to meet tomorrow." The opening road of the thin cold.

"Really? Will I see my own father tomorrow? " Ni chuxue is excited.

"Well! Tomorrow, I will let you see him. " Thin cold guarantee.

Chapter 1325

early morning.

Jiang Xinwei was woken up by the alarm clock. She immediately sat up and looked at the time. At seven o'clock in the morning, she thought of today's important day and quickly got out of bed.

Come to the bathroom to wash your face and brush your teeth. Sit on the dressing table and start to make up seriously.

She has always disliked the heavy makeup of herself, so her makeup is fresh and elegant, which makes her real and natural.

She went into her cloakroom, opened the cabinet, and looked at the neat clothes inside. She chose a very professional personality shirt and a small black dress with A-shape, which is fashionable and elegant.

Jiang Xinwei stood in front of the mirror and looked carefully at herself in the mirror. She smiled with satisfaction and made a gesture of cheering for herself. She picked up a small and exquisite bag and went out.

When Jiang Xinwei arrived at the company, everyone had come one after another, and Jiang Shan also arrived. She was making speeches for her staff for today's activities. As a boss, she was looking forward to such a day.

"Today, our designer team has added new blood and is also a very outstanding young designer. She will use more than 30 sets of works to participate in this show. She is my niece Xinwei. I wish you success in advance."

"Thank you, aunt." Jiang Xinwei is excited.

The army started from the company, and all the works were packed in boxes and transported to the studio of the show. In the prepared studio, the assistants began to take out and hang them one by one, and then iron them again, making sure that all the works presented the best style of the show.

Jiang Xinwei and her senior brothers and sisters are discussing some details, which is almost over.

An assistant probes in and says to Jiang Xinwei, "sister Xinwei, have you finished the meeting? Someone has been waiting for a long time. "

Jiang Xinwei is stunned. When she pushes out the door, she sees a man on the opposite wall, and there is something hidden behind him. Jiang Xinwei can't help smiling at him. "How come you are so early?"

"How can I not come on your important day?" Xiang Qinghao said, as he approached her, he took out a bunch of roses from behind and handed them to her, "I wish you success."

Jiang Xinwei looks at the flowers, and there are surprises in her eyes. Women love flowers. It's true, especially when she receives the flowers, as if the whole world is romantic.

Jiang Xinwei looked at the people around, all in a hurry. She immediately picked up her toes and kissed him on his side face. "Thank you."

Xiang Qinghao, when she was about to retreat, immediately put his arms around her back waist, followed her with thin lips, and kissed her red lips.

Jiang Xinwei immediately stepped back with shame, holding the flower and said to him, "go to the front desk and watch the show! I'll come to you when I'm done. "

"Good! I'll wait for you to finish. " Xiang Qinghao didn't want to disturb her either. He withdrew from a nearby corridor.

Jiang Xinwei put the roses on the cabinet in her lounge, and she got up and went backstage.

Her show was scheduled to start at two in the afternoon, but there are many things to prepare ahead of time, so the backstage is still a little busy.

In the hotel.

Ni chuxue couldn't sleep last night. She was only tired for a while at three o'clock in the morning. However, she was woken up by a dream. In the dream, she saw her mother's figure coming towards her, called her and left again.

And she ran all over the world to find her, but she couldn't find her. In her dream, her eyes were swollen with tears. When she opened them, she found that it was dawn.

She washed her face and immediately showed the look of expectation. Uncle Xiang said that he would take her to know her own biological father today.

She believed everything he said. If he said he would, he would.

At about nine o'clock, Xiang Pohan knocks on the door, and Ni chuxue is already dressed neatly waiting for him.

"Uncle Xiang, can we go?"

Xiang is ready to take her out and meet Gu Mingfan in his capacity, which immediately attracts the chairman of the charity company. The appointed meeting time is half past ten.

"Yes!" The item thin cold nods, looks at her a pair of eyes all some to be suffused with red, he can't help but heartache of ask, "you didn't sleep last night?"

"I slept, just had a dream and woke up crying." Ni chuxue finished, smiled and wiped his eyes. "I'm ok."

He said to her, "I'll take you to see him now."

"Well!" Ni chuxue nods happily.

Ni Chu Xue didn't see it when she entered the elevator. She was almost hit by a woman coming out.

The thin and cold arm stretched out and pushed her into his side. Ni chuxue's delicate body was close to his chest. She breathed a little and a kind of inexplicable warmth occupied her heart.

Item thin cold leads her to go in, Ni early snow did not break open, only feels his big palm solid strong, also very warm.

In the car, Xiang Pohan asked the assistant to contact Gu Mingfan immediately to confirm the time.

"Boss, it's 10:30." Xiang Bo said to the girl beside him, "you can see him in an hour. If you want to say something to him, you can think about it now."

Ni chuxue bit her lower lip, and a mist appeared in her eyes, "I just want to know why my mother left."

"He will tell you." Item thin cold comforts a sentence.

"Doesn't he really have another child?" Ni Chu Xue looks up and asks again.

"No! My people have checked him. He has no other children except you, and his current wife has no children. "

"Is it?" Ni chuxue did not know whether he was happy or worried.

If she didn't go back to China, wouldn't he have a child to accompany her in his life?

"So, you are his only daughter." At the bottom of the eyes, there was a little worry.

Will his wife accept her?

Ni chuxue nodded softly. She wished her father knew her existence.

In the headquarters office of a well-known charity foundation company, a man nearly 50 years old sat in his office and began his work of handling documents in one day. As the head of the charity, Gu Mingfan always sticks to his work.

He is a good leader in the staff and a well-known person in the charity circle, and is respected by all people.

Gu Mingfan holds a piece of information sent to him. This is a medical group. They intend to cooperate in their company for charity. To his surprise, this medical group is a medical empire that shocked the world.

Why do such a huge company cooperate with their company? He couldn't think of the reason.

Chapter 1326

At about 10 o'clock, a group of three black cars stopped at the main gate of a well-known charity foundation. The assistant who had been greeting at the gate immediately called Gu Mingfan.

"President Gu, the guest of the medical group has arrived."

"Well, I'll be right down." Gu Mingfan is also very excited. He can attract such a large group of people in power to invest in charity, which is a great happiness!

He can't be slighted at all.

Gu Mingfan's assistant is ready to close the door, but the bodyguards who come down from the front and back immediately open the door with very fast gesture, and at the same time, they are alert not to allow people around.

A pair of long legs stepped down, and the assistant was surprised to find that the big boss of the medical empire was actually a young man. Seeing his momentum, he could not accurately guess his age.

His appearance is very young, but he gives people a mature and steady aura, as if even the forty or fifty year old businessman, in front of him, must be short!

"Are you Mr. Xiang, please?" The assistant asked with a smile.

"Yes, I am. I have an appointment with your general manager at 10:30." He nodded.

At this time, the assistant found that a beautiful girl from the other side was protected by a bodyguard. He couldn't help being surprised. What a beautiful and eye-catching girl. Is this Mr. Xiang's girlfriend?

Sure enough, rich men, even girlfriends are so pure and refined.

"Hello, please come in. Our general manager Gu is waiting for your driving." The assistant did not dare to neglect and hurried to meet them in.

Ni chuxue looks at the direction of the hall. Her excited eyes blink red. She looks up and looks at Xiang shanhan. Her secret joy lies in the bottom of her eyes.

Xiang Pohan reaches out to touch her back of the head. This kind of action has a soothing effect. At the same time, it is particularly spoiled, which makes Ni chuxue feel useful.

"Mr. Xiang, this way, please. Mr. Gu will be down soon." The assistant said as soon as he saw an elevator on the first floor, the door of the elevator opened.

Gu Mingfan stepped out of the elevator quickly. He recognized the tall young man surrounded by bodyguards at a glance. He quickly shook hands and said happily, "Hello, Mr. Xiang. I'm Gu Mingfan. I've heard a lot about your company."

Xiang Bo smiled at the first time. "Nice to meet you." Then he reached over and shook hands with Gu Mingfan.

And Ni didn't expect that her father would appear suddenly. She was so excited that she couldn't speak. There was a kind of gentle and warm atmosphere in her father's body. Moreover, she looked like her father, a kind of kinship, which made her more emotional.

Gu Mingfan, after withdrawing his hand, is not attracted by the young girl beside Xiang Baohan, because she stands beside him and shows his important identity. At the same time, because the girl gives him a sense of inner shock, an oily cordiality and a sense of déjà vu.

Ni chuxue wants to call him, but her throat is like a ridge. Except for the tears in her eyes, she doesn't know how to introduce herself.

Xiang Pohan noticed that he reached for her hand and held her. He said to Gu Mingfan, "President Gu, I want to talk to you in private."

Gu Mingfan takes back his eyes from Ni chuxue's face. He nods, "OK, this way, please."

Finish saying, he still can't help looking at this young girl, a sense of inexplicable familiarity shocked him.

Gu Mingfan welcomed them all the way to the reception room on the third floor. After he invited Xiang Baohan and his two people to enter, he closed the door.

"Mr. Xiang, I heard that you are planning to donate to charity. I wonder what our company can do for you?" Gu Mingfan asked politely.

As soon as Ni Chu Xue heard this, he looked at Xiang Po Han with some consternation. It turned out that he could meet his father because he was planning to invest in charity? Or is it just because of her?

Ni chuxue's heart was shocked and guilty because he paid too much for her to help her.

"Yes, I have a charity fund in my hand. I want to donate it through your hand."

"Mr. Xiang, please don't worry about giving it to me. I will make every cent use of the land you need. I will never fail your kindness in charity." Gu Mingfan said excitedly.

Xiang Pohan nodded. As he looked at the girl sitting beside him, he said to Gu Mingfan, "Mr. Gu, there is another thing I want to tell you."

"You say." Gu Mingfan listened, but his eyes were moved by the girls around him. He was even surprised. Why did the girl's eyes turn red when she saw him? What's more, this familiar face reminds him of an old man.

"First snow, do you want to say it yourself, or do I say it for you?" The item thin cold gentle inquiry.

As soon as Gu Mingfan heard this, he was surprised and asked, "this young lady is Chu Xue?"

"Yes! My name is Ni chuxue. " Ni Chu Xue Dian, tears continue to revolve in the eyes, why is father so surprised, does he know her existence?

Gu Mingfan's expression was shocked. He murmured, "Ni chuxue..."What a long time ago it was for him! Her family name is Ni. She said that the child she gave birth to had her family name, Ni chuxue.

Xiang Baohan looks at Gu Mingfan, who has shocked Ni chuxue's name. He doesn't hide it. He says directly, "Mr. Gu, chuxue is your own daughter."

Gu Mingfan is guessing the thought, which is directly turned into a kind of ecstatic look by this sentence. He can't believe looking at Ni chuxue, the voice line trembles, "what? Are you my daughter? Are you ni Yin's daughter? "

"Is Ni Yin my mother?" Ni chuxue knew her mother's name.

"Yes, she is your mother, and I I am your father... " Gu Mingfan never thought that he would know that there was still a daughter alive when he was old.

He thought that the child and Ni Yin disappeared in the cold lake together.

"Dad!" Ni chuxue finally called out.

Gu Mingfan is excited and ecstatic, and Ni chuxue also stands up, and the two father and daughter embrace each other.

"Child, you are still alive, you are still alive..." Gu Mingfan's tears are the biggest surprise in his life.

"I was sent to the orphanage by my mother, and then adopted by my adoptive parents and raised abroad.. I came back this time to find my life experience. Ni chuxue swallows. Although her mother is gone, she may be very happy to see her father.

"Child Dad, I'm sorry for you. I'm sorry for your mother and daughter Gu Mingfan's voice is hoarse and full of guilt.

One side of the item thin cold looked at their relatives to recognize each other, also sincerely for Ni chuxue happy, at least she has another person love her, care about her.

Chapter 1327

Gu Mingfan's eyes were red with tears, and his voice choked at Ni chuxue. He was sure that this was his daughter.

I didn't expect that child was still alive. It was a gift from heaven.

"First snow, how are you doing abroad?" Gu Mingfan asked excitedly.

"I have a good life and my parents abroad love me very much." Ni Chu nodded with red eyes. Then she looked at the man around her gratefully. "Dad, I can find you because of Uncle Xiang's help."

Gu Mingfan looked at this magnificent man with a grateful face. "Mr. Xiang, thank you so much for sending the first snow back to meet me and let me know that my daughter is still alive. Thank you."

Xiang Pohan smiled, "you're welcome. It's the first snow who wants to come back to look for relatives. I'm just going to help."

Ni chuxue, on the other hand, is very grateful. Xiang Bo Han's help to her is not only easy, just like the two million donation to the orphanage last time, but also the care of everything in China. He has paid a lot for her.

"Uncle Xiang, I will repay you if I have a chance in the future." Ni chuxue said firmly.

The smile of Xiang QingHan flashed a little complicated. There seemed to be some helplessness at the bottom of deep eyes. The reward he wanted was not necessarily the way she wanted to repay.

But, this feeling, he can't reveal, the seniority and age are placed there, she is young and bright, lovely and smart, there will be a better young man to accompany her in the future, rather than him who is ten years older than her.

"Later." Xiang Pohan replied, "I left in advance. You and your father have a good talk!"

After finishing, Xiang Baohan said to Gu Mingfan, "today's time is not suitable. In three days, I'll ask my assistant to come over and talk about donation with you. I'm looking forward to cooperating with you."

Gu Mingfan is surprised. Xiang Pohan comes here with sincerity to talk about cooperation. He is deeply moved.

"OK! Thank you for your trust in Mr. Xiang. "

Ni chuxue on one side is also grateful. The help and support from Xiang Pohan to her father's work also impresses her.

"You're welcome. I'll go first." Finish saying, item thin cold saw Ni Chu snow, "need I to pick you up in the afternoon?"

Gu Mingfan immediately said, "Mr. Xiang, if you are free in the evening, can you enjoy a meal?"? Let me thank you very much. "

Ni chuxue also hopes that he can come. Her eyes twinkle with anticipation. "Uncle Xiang, do you come?"

Xiang Po Han thought a little and nodded, "OK, I'll come in the evening."

Xiang Baohan left, Gu Mingfan sat down and asked in some surprise, "junior snow, is Mr. Xiang the elder of your family?"

Because Gu Mingfan feels that Xiang QingHan has taken care of her daughter, and her eyes are especially kind. She must be the elder of her family!

"Oh! Uncle Xiang is a friend of my father abroad, and the two families are friends. " In fact, Ni did not dare to say that his father and Xiang Bo could become friends, but more importantly, his father appreciated him.

"Oh! So it is! " Gu Mingfan nodded. Although he didn't understand that Xiang Bohan was good to his daughter, he was most happy that someone was good to his daughter.

"Dad, can you tell me something about my mother? I want to know why she left me. " Ni chuxue mentioned his dead mother, and his heart was sad.

Gu Mingfan sighed, "I have a bad relationship with your mother! When we fell in love with each other, the elders of the two families disagreed with this marriage. Even if your mother was forced to marry someone else, she chose to leave under her sadness. "

Ni chuxue listens to his father. In his calm and painful expression, he can see how cruel it is for the lovers to be separated.

She now knows that her mother is such a tough person, her tears come up, "mom left, you and me, Dad, I will always be by your side in the future."

"Junior snow, Dad married an aunt later. We have been together until now. She is a very good person. Tonight, I'd like to introduce you to her, OK?" Gu Mingfan also mentioned his current family background.

Ni chuxue nodded happily, "OK."

The two father and daughter began to talk on the sofa. They were very concerned about each other's life. But Gu Mingfan was relieved to hear that she had been admitted to a good university and had graduated now.

At this moment, in a fashion building in the center of the city, a fashion show with global attention is in full swing preparation. It is about to have a walk show in the afternoon. In the background, it has already become a pot of porridge.

Jiang Xinwei is a new comer into the show, but she is especially calm today. She doesn't show the anxiety and fluster of the new comer, and her clothes, even the models on display, are very fond of it and have been talking about it.

Jiang Xinwei is also very discerning. She follows up on various details and strives for success.

At the moment, the customers have not entered, but most of them have arrived, in a nearby coffee shop.

Xiang Qinghao looks out of the window at the scenery with some absentmindedness, and occasionally stares at the opposite fashion building. Suddenly, he thought of something. Some of them carefully took out a red velvet box from their pocket and opened it. There was a beautiful diamond ring in it. In the sun, it reflected colorful colors.

His thin lips raised the anticipation smile, he hoped that she would like his surprise. Although Xiang Qinghao still hasn't found his lost memory, he knows that Jiang Xinwei is the only one in his heart. This feeling is unswerving, so he wants to marry her as early as possible, day and night.

This is a proposal diamond ring he was looking for in all jewelry stores in the city last night. He is going to propose on stage when Jiang Xinwei's curtain call is over.

Xiang Qinghao was a little nervous, even his heart was beating fast. He didn't report this to his parents or anyone else.

Xiang Qinghao looks at the time. It's almost two o'clock. The show over there is about to start. He stands up gracefully and comes out of the coffee shop. The bodyguards around him immediately follow him.

Xiang Qinghao walked into the show. Today, there are all kinds of celebrities, celebrities and fashion experts. His figure is particularly noticeable.

So that the women, eyes follow his figure around, and this becomes the focus of the general man, eyes on all around, just like ignore, he just want to see the backstage that woman's demeanor.

He believes that she will succeed, so today, he wants to make her career and love double harvest.

Let people all over the world know that he wants her to be his wife.

Jiang Xinwei, who is busy backstage at the moment, doesn't know what kind of surprise is waiting for her today.

Chapter 1328

The off stage show is full of fashion people, as well as many foreign fashion celebrities. They come here to appreciate the fashion elements, and they also want to attract people with design talent.

Jiang Shan was also off the stage. She invited some friends from the fashion circle to have a party and chat together, waiting for the show to begin.

Sitting in the front row opposite her, she saw Xiang Qinghao. Xiang Qinghao also saw her. She waved and greeted him. Jiang Shan also liked the young man very much. From him, she saw a man's firmness and persistence in love.

She has been waiting for him and Jiang Xinwei to have a result!

Backstage, Jiang Xinwei stood in the middle. She was dressed in makeup around the models ready to appear on the stage. She was keen to make corrections in terms of color.

After Jiang Xinwei finished her work, she finally found time to have a cup of coffee. She held it, left the noisy backstage and sat in a small hall nearby.

It's hard to enjoy a cup of coffee in such a busy time. She looks at her wristwatch, and there are ten minutes left for her show.

For the first show of her life, she is naturally nervous, but she has come to this step, she can only calmly wait for the result.

At the moment, she thought that there was a man watching in front of the stage. Her heart had some expectations. When she was waiting for the next show, she could go to find him.

"Xinwei, it's time for you to change a suit. You can't wear it like this when you go on stage to thank you!" Her senior sister came to remind her.

Jiang Xinwei chuckled, "OK! I'll go now. "

Jiang Xinwei put the coffee in the storage box, and she came to the backstage and changed into a thank-you dress she made for herself. It's a white spinning skirt. It's only tied with a thin golden chain at the waist, beautiful and pure.

Jiang Xinwei sat in front of the dressing table and asked the make-up artist to make up for her. It's elegant and light. It's very well matched with her dress tonight.

At this time, her assistant Xiao Chen came, "sister Xinwei, there are two minutes left."

Jiang Xinwei nodded. She went to a live TV play nearby and was about to enter the live mode.

The strong music has always made the atmosphere of the whole show seem boiling, and also aroused the people here to pursue fashion, which makes them look forward to today's show.

Finally, the first model stepped out gracefully. Her long dress, which was spliced together, was particularly amazing. The color matched with a distinctive fashion atmosphere, which was a combination of elements of some ethnic minorities in China, but it was natural and full of beauty.

Jiang Shan's mood is excited. It seems that it's a new era! Jiang Xinwei's style is different from that of her year. Obviously, Jiang Xinwei has more mature use of this natural element.

Sure enough, those foreign fashion people under the stage stared at the display models on the stage without blinking, and then one piece of refreshing clothing was displayed.

The audience was overwhelmed, and Jiang Shan had a special face. Several friends around her were praising her.

Xiang Qinghao looks at each dress as if he has feelings, because he is sitting in Jiang Xinwei's office, looking at her inspection one by one, and being careful as if he is treating his own children, which makes him think that if they have children in the future, she must be a very gentle and considerate mother.

The show on the stage lasted for nearly 20 minutes, with 38 sets of clothes, which made people under the stage have a lot of afterthoughts, which also aroused their curiosity and wanted to know what kind of designer this show was.

At the end of the first show, a mature and deep male voice was broadcast behind the scenes.

He praised the show with very beautiful words and summed up the shock of the show.

Then, he continued, "I believe there must be a lot of friends under the stage, like me, who are looking forward to the designer of this show. Then, we are about to find out the answer. Let's welcome our young and beautiful designer, Miss Jiang Xinwei, to thank you on the stage."

Jiang Xinwei, who has been waiting for the backstage for a long time, was a little nervous and excited after hearing this sentence. Then she stepped onto the stage with elegant steps.

Slender and tall figure, just like a pure angel, came on the dazzling stage.

Everyone under the stage was surprised. It turned out to be a new man! It's amazing that the newcomer has made such achievements.

A man on the stage, his eyes tightly locked on the woman on the stage, he reached out and stroked the red velvet box in his pocket.

Jiang Xinwei took over the microphone, and her eyes saw Jiang Shan thumbing up to her, and also saw the deep and bright eyes. The light under the stage was so dark, but his eyes were so bright and charming, and her heart was filled with sweetness in an instant.

Jiang Xinwei's simple greetings and the introduction of the source of inspiration for clothing design, at this time, there was a staff member waiting for the flowers from the side, however, a large figure came to her side.

A deep and pleasant male voice approached her. "Please give me the flowers." The waitress's heart was pounding. She looked back. A handsome and delicate man was standing behind her. Her eyes were almost fascinated.

Without any hesitation, she gave him a bunch of flowers. Xiang Qinghao took the flowers and looked at the girl on the stage.

Jiang Xinwei's words fell. A staff member took away the flower tube on the stage. Her eyes looked under the stage on the left, and she found that someone was on the stage to send flowers. When she saw clearly the flowers sent, she was stunned for a while, and then she was a bit coquettish.

It was Xiang Qinghao who robbed the staff and sent her flowers.

Xiang Qinghao's elegant figure stepped onto the stage, and everyone seemed to know that they were a couple, because they were full of love.

Jiang Xinwei took the flowers sent by the man, at the same time, she was also taken into her arms by the man, with a kiss on her forehead.

Her pretty face was a little red, and just then Xiang Qinghao let her go.

Jiang Xinwei thought he was going to step down, but saw him kneeling in front of her, holding her hand in one hand, holding up a delicate diamond ring box in the other hand, and asked in a low voice, "Xinwei, would you marry me?"

Jiang Xinwei was so excited by the surprise that tears welled up.

The people under the stage, unexpectedly, witnessed a proposal and expressed their blessings for the young designer.

At this time, heard a beautiful female voice loudly replied, "I would like to."

With that, she reached out and pulled him up, hugged him, Xiang Qinghao grabbed her shoulder, and made a thank-you with her, and walked to the backstage direction together.

Chapter 1329

Backstage, Jiang Xinwei's heart is still surging. She even forgets that her show has been successful. What's more important than this show is the man's love.

It's hard for her to control herself. As soon as she entered the backstage, she gave a tight hug to the man around her.

Xiang Qinghao also leaned down and kissed her hair. "Are you scared?"

"No! I like it very much. I'm very moved. " Jiang Xinwei finished, looked up at the thin lips of the man's smile. She picked up her toes and printed on his lips.

At this time, she heard a clapping behind her, and Jiang Xinwei suddenly turned back.

I found that the backstage was full of people, and everyone stopped their work and watched them show their love.

In an instant, Jiang Xinwei's face was reddened. She was so excited that she forgot that this is the backstage.

"Congratulations, sister Xinwei!" Assistant Xiao Chen is the first to make a sound.

So, the blessing around one after another, Jiang Xinwei is not shy, holding Xiang Qinghao's hand to thank them out of the background.

Xiang Qinghao took her hand and walked into her restroom all the way. At this time, there was no one in the restroom. Jiang Xinwei only felt her body was pulled into a warm embrace. In the next moment, the man's kiss fell.

This time, men don't want to end with a kiss.

Jiang Shan can't wait to send this good news to Jiang Xinwei's parents. Now, this wedding wine is for sure.

The show was very successful. An hour later, at the end of the show in the afternoon, an assistant knocked at the door of Jiang Xinwei's lounge.

She and Xiang Qinghao have started to discuss the wedding after an excited kiss. Happiness and sweetness ripple in her eyes.

Looking at the strange woman outside, Jiang Xinwei asked in surprise, "who can I ask?"

"Miss Jiang, our director appreciates your work very much and hopes to cooperate with you." Finish saying, handed over a business card, the logo on it is very familiar, is a super brand clothing company.

Jiang Xinwei immediately understood that it was a digger, she smiled, "please tell your director, I am very happy to get her appreciation, but I am the designer of Jiangshan company, in the future, I only serve her brand, thank you."

The assistant was shocked for a moment. "Miss Jiang, people are going up. You need to know that our company is the third in the world's top ten brands. Are you sure you want to give up the cooperation with us?"

"I'm absolutely loyal to my boss." Jiang Xinwei refused without hesitation.

The assistant took a complicated look at her and turned to leave. At this time, in the next corridor, Jiang Shan stepped out, "Xin Wei, I don't think you should refuse the invitation of this brand. This is a rare opportunity."

Jiang Xinwei didn't expect her aunt to be there, and she immediately said firmly, "although all designers are proud to be employees of their company, I believe that the brand created by her aunt can also sell well all over the world and become a benchmark in the fashion industry."

Jiang Shan's eyes turned red, and finally knew who she should look for to inherit. Although she had hoped that two nieces and nieces would inherit, they already had their own careers. So, her successor, Jiang Xinwei, was the only one who could lead her company to a better and further future.

"I hope that one day in the future, it will come true." Jiang Shan also said excitedly.

After hearing this, Xiang Qinghao steps out with a smile. "Auntie, if you need my help, please let me know."

Jiang Shan listened to this sound of aunt, especially happy, "you are helping Xinwei, but before that, should I say a congratulations to you? It seems that I have a wedding drink. "

"I discussed with Xinwei to prepare for the wedding as soon as possible." Xiang Qinghao can't wait to marry her home.

"Good! It's good that you have the heart to love Xinwei. " Jiang Shan smiles and nods.

Jiang Xinwei reached out and hugged Jiang Shan. "Auntie, I have such achievements now. It's all your help."

"You are better and grow faster than me before. You will surpass me." Jiang Shan is confident in her. She can find more pure inspiration in this flashy world. Only someone with pure mind can do it.

When she gave up marriage, she wanted such a pure life.

"Tell your parents the good news! It's time for the two elders to meet. "

"Well! Let's discuss the date of our meeting. " Xiang Qinghao agrees.

Gu Mingfan and Ni chuxue talk about the evening, father and daughter's feelings have been deep, Ni chuxue was originally an optimistic person, she can return to her father's side, has been very happy.

She has nothing but regrets about her mother's death.

Around six o'clock in the evening, a well-dressed woman came in, about in her early fifties. Her appearance has the age trace of her age, which is the natural aging appearance.

"Here you are, Mrs. Gu." An employee greeted her.

Chen Meizhen nodded, she walked towards her husband's office, and the assistant outside the office immediately called Gu Mingfan."Mr. Gu, here comes his wife."

The assistant knows that Gu Mingfan's own daughter has come back. So, at this time, she is a little flustered. I don't know what kind of reaction will Mrs. Gu have when she learns that, in case she doesn't like Gu, there will always be other children?

In short, this is a stepmother's identity, which is always confusing.

As soon as Gu Mingfan heard that his wife had come, he should say, "invite her in."

Ni Chu Xue can't help looking at her father nervously. "Is Aunt Chen here?"

"Yes, she's right outside. I haven't had time to tell her about you. In a moment, she will be surprised."

Ni chuxue is a little nervous. She is the child of her father's ex girlfriend. Can she not accept it?

Ni chuxue takes a deep breath. She sits up as straight as she can and wants to give this aunt a good impression.

Outside the door, Chen Meizhen looks at the assistant who is a little flustered and calls her husband to communicate something. She turns her head and looks, "what's the matter? Is it not convenient for me to enter? "

"No, Mrs. Gu. Gu always has There are guests. " The assistant replied, with a pause.

"What guest?" Chen Meizhen asked curiously.

"That is It's an old friend of President Gu. "

"Oh! Can I go in then? " Chen Meizhen asked.

"Of course, please come in." The assistant knocked on the door and pushed it open to invite her in.

Chen Meizhen steps into her husband's office. The first thing she sees is a nervous husband standing beside the sofa. At the same time, she sees a young girl sitting on the sofa beside her.

Chapter 1330

Gu Mingfan stepped forward and pulled his wife in front of Ni chuxue. He said excitedly, "Meizhen, let me introduce you."

Chen Meizhen looks at her husband and the young girl in front of her. She has lived with her husband for so many years. At one glance, she feels that the girl's eyes are similar to her husband's.

It's just that she doesn't know what the relationship between this girl and her husband is.

Gu Mingfan is thinking about how to introduce his daughter.

"Hello, auntie. My name is Ni chuxue." Ni chuxue speaks politely for fear that her presence will cause trouble to her father.

Chen Meizhen is slightly surprised, "your name is snow?"

"Yes, Meizhen, you won't believe that my missing daughter reappeared in my eyes." Gu Mingfan's excited eyes turned red and his mood turned again.

Chen Meizhen is shocked to see Ni chuxue, but also some can't believe it.

"Auntie, don't worry. I just came back to see my father. I won't disturb your life." Ni chuxue's voice was sensible, for fear that Chen Meizhen would be angry.

Chen Meizhen in a few seconds of consternation, her eyes smile become gentle, she put down the bag, holding Ni chuxue's hand, "don't be afraid, I don't mind your existence, on the contrary, I feel happy for your father, you can return to his side, we are very happy."

Ni chuxue is surprised to see this gentle aunt. Unexpectedly, she is so easily accepted.

Gu Mingfan knows his wife. She is a gentle and kind-hearted person. What she is engaged in now is the financial expenditure of charity. Over the years, she has devoted every sum of money to those who need help.

Because when she was young, she had a car accident and was unable to bear children. When she met the self who was frustrated and suffering in that year, the two people supported each other and all the way to today, they both devoted themselves to the work of charity.

So, when his daughter appeared, he didn't worry about his wife's rejection. If she hadn't been too busy with her work, she would have wanted to adopt a child for a long time.

"The first snow, you are so beautiful!" Chen Meizhen praised.

This is to lead Ni early snow some coquettish rise, "thank aunt's praise."

"The accent of the first snow is not like that of her own country. What family has she been adopted by?" Chen Meizhen asked her husband.

"It's a kind husband and wife from abroad. I'm going to find a time to thank them for the adoption of the first snow who was sent to the orphanage."

"Well, first snow, would you like to stay with your father?" Chen Meizhen is also very much looking forward to, like their age, the home is too cold and clean.

Ni chuxue saw that she had been accepted. Of course, she also thought about it. However, she had to discuss this matter with her adoptive parents abroad. She could not make a decision without permission.

"We have dinner together in the evening. There is another important guest to introduce to you." Gu Mingfan said to his wife.

"OK, let's order the restaurant."

When she came out of the office, the assistant was still worried. But when she saw Chen Meizhen holding Ni chuxue's hand out, she immediately breathed a sigh. It seems that Mrs. Gu likes Mr. Gu's daughter very much!

Gu Mingfan drives, Chen Meizhen and Ni chuxue sit in the back seat and chat about her growth in foreign countries over the years. Ni chuxue feels that Chen Meizhen is more and more intimate, which makes her feel the warmth and care of her mother.

"First snow, please call Mr. Xiang! Tell him where we are and let him come over for dinner. "

"Well! Good. " Ni chuxue also hopes that Xiang Lianghan will come together.

When the phone was dialed, a low male voice came from that end, "Hello!"

"Uncle Xiang, my father and I have set out for the restaurant. Do you have time to come over for dinner?"

"Yes, send me the address. I'll be there in a minute."

"Well, yes!" Ni chuxue finished, hung up the phone, put the address into the mobile phone and sent it.

At the moment, in the reception room on the top floor of a high-rise commercial center in the center of the city, the two parties who have just reached a cooperation agreement are ready to leave after signing.

"Mr. Xiang, please enjoy your meal." The president of the other side spoke with great expectation.

"I'm sorry, but I have another important dinner. I'll make an appointment next time." He refused with a smile.

"Our cooperation, but as many as five billion projects, I have many details to discuss with you. I really hope you can give me face." The president really wants to retain the leader of the medical Empire, but there is so much room for future cooperation.

"Sorry, I'll treat you next time." Xiang is still determined to leave.

The other side can only regret to nod and send him out, Xiang Pohan sits in his car and reports an address to the bodyguard in front.

In his eyes, the so-called important dinner is to accompany Ni chuxue's father to eat.

Even his assistant began to confirm the fact that the boss was pursuing Ni chuxue.

However, he didn't pursue it openly, but was secretly good to her.

Poor age, really bitter boss. In the restaurant, Ni chuxue and Chen Meizhen also fell in love with each other. Ni chuxue also felt that her father and Aunt Chen had a good relationship, but why they didn't have children, which puzzled her.

She was also embarrassed to ask directly. When she went to the bathroom, Chen Meizhen and her husband exclaimed, "Mingfan, I really hope that in the future, the first snow will be able to live in China."

"I'll ask Chu Xue about this matter. If she is willing to return to China, we will be happy." Gu Mingfan has never raised this daughter in these years, and his guilt has been strong.

Therefore, he is not qualified to force Ni to return home to live.

Ni Chu Xue just came out of the bathroom and saw a magnificent figure coming in from the door. She cried happily, "Uncle Xiang."

Looking at her with thin cold side eyes, under the light, he was elegant and noble, which showed that the restaurant was too common.

"My father and Aunt Chen are here." Ni chuxue leads him to Gu Mingfan's direction.

Gu Mingfan stands up, and Chen Meizhen is grateful for the great businessman who devoted himself to charity.

"Mr. Xiang, please take a seat." Gu Mingfan said, introducing his wife, "this is my wife, Chen Meizhen."

"Hello, Mrs. Chen." Xiang Pohan says hello with a smile.

Chen Meizhen also looked at the man in some shock. Maybe she had seen the man with the most outstanding appearance and temperament since she lived till now.

Although he looked young, he was mature and dignified.

"Uncle Xiang, have tea, ouch!" Ni chuxue poured a cup of tea for him. When he brought it to him, his hand suddenly burned.

Xiang Pohan immediately reached for her palm to check, "no scald!"

Ni chuxue bent his lips and smiled, "No."

Gu Mingfan and Chen Meizhen look at each other silently, as if they realize a situation. Chen Meizhen is a woman who is more sensitive to capture the feelings of the two opposite people.
