

U. CEO Daddy 1371

Chapter 1371

early morning.

Xu Xinyue woke up with the head of hangover headache, sat on the bed, her head had a few seconds of blank, she recalled last night's events, only remember to escape from the devil's claw, a kind-hearted man sent her back.

As for the man's appearance

Xu Xinyue squints her eyes and finds that she can't remember. There is only one impression, which is pretty handsome.

Forget it, Xu Xinyue shakes his head and gets up and gets out of bed. It seems that the change of models is out of the question. He can only make do with the use of these models!

She is not suitable for drinking either. She will never drink in the future.

She washed Lin Maomao, who was sitting on the sofa when she came out of the room, and hurriedly got up and said, "sister Xinyue, you got up. Were you OK last night?"

Xu Xinyue shook his head. "It's OK."

"Why are you drunk? Are you all right

"It's all right. The model change is over."

"I think that boss has a clear idea of you."

Xu Xinyue's heart is also full of alarm bells. In the future, this kind of thing will not happen again.

Everything is ready for the first show.

Around nine o'clock, Xu Xinyue and her team arrived at the art museum, just in time to meet Amanda.

Amanda is dressed in sexy clothes. She grabs her by twisting her waist and posing for the money. She looks back and says, "Xu designer, I hope you are ready to lose."

Xu Xinyue looks at her calmly, "who loses and who wins has not been decided yet!"

"I will definitely win Jessica's favor." Amanda confidently led her team forward.

In the lounge of the art museum, I spent a morning finishing my clothes, and the first show at 2:00 p.m. is about to start. Amanda is the first in time and becomes the designer of the first show.

Xu Xinyue is the third.

At the moment, guests from all over the world have come to see through, and many fashion media editors have come to cheer for this visual feast. At about two o'clock, a luxury business car stopped and stepped into a tall and sexy figure. The woman who was wearing sunglasses was shocked to take off her sunglasses when her eyes swept over the brand wall of publicity.

Revealed her delicate eye makeup, as well as that pair of unbelievable eyes.

Xu Xinyue?

Unexpectedly, five years later, she became a fashion designer and qualified to hold a show.

Xu an can't believe that the woman above is the cousin who was the surrogate of her five years ago. She remembers seeing her for the last time. She is as weak as she can't live. She is pale, puffy and haggard. But now, she is intellectually charming and radiant, which is amazing.

"Hum!" The corner of Xu an's mouth raised a smirk of disdain.

No matter how hard Xu Xinyue tries, she can't surpass her. Besides, she has a son who will inherit the Empire group of Gu family. She lies on her back and has millions of wealth!

What's more, she is in the front line of the entertainment industry. Any advertising fees are money Xu Xinyue can't earn in his life.

Xu an continued to wear her sunglasses and led her two assistants and bodyguards to the art gallery.

Amanda's special show is over. Soon it will be the second show, and the third show will come soon.

The show, which has been busy for nearly three months, is only for the stage to show that moment's grace. A designer's show lasts for 15 to 20 minutes at most.

Backstage of the show, models, make-up artists, costume designers, and all assistants have been crazy. There are always such and such situations. Xu Xinyue has experience in the show, but there are always unexpected situations.

She asked the models who had made up and dressed well to stand in a circle. She stood in the middle of the circle and looked at them calmly in the noisy environment. She quickly found any incongruous places on them and made corrections.

"makeup is too strong for a light eye shadow." Xu Xinyue said to a very young female model, because the intensity of her make-up conflicts with the originally strong color of her clothes, which pulls the color beauty of the clothes.

At this time, a female model nearby suddenly made a painful cry, and she immediately squatted down, looking extremely painful.

A staff member who was close to her helped her to one side, only to see the female model take off her high boots, and a string of blood beads came out of her sole plate.

This is a very young and beautiful mixed race female model, and she is also the exclusive model of Xu Xinyue's finale tonight.

“shit. ” Female model a low incantation sound, she poured out a small sharp nail from the sole of the shoe, and there was blood on the nail.

"Which madman did it." She cursed.

Xu Xinyue immediately squatted down to check her foot injury, and said, "Maomao, do you have a band aid? Come here."

"What's the matter, Miss Ji?" The model asked angrily. "I'm sorry. It could be the staff's fault." Xu Xinyue can only comfort her like this, she said, while looking for Lin Maomao, she happened to touch a pair of complicated and funny eyes.

Amanda, she is talking with people around her arms. Her high eyebrows and proud smile show her happiness.

Xu Xinyue can't help secretly getting angry. It seems that the accident was not an accident, but a man-made one. Amanda robbed her model and made such an event, destroying the clothing display that she came out at the end of the show.

Lin Maomao finds a band aid and delivers it to her in a hurry. Xu Xinyue takes it. He temporarily pastes the band aid on the foot of the female model to stop bleeding. At the same time, he comforts her to have a rest first. The cost of this appearance will still be charged to her.

The model was very aggrieved in the support of his companions, went to the rest room next door.

"Sister Xinyue, what should I do with this set of pressing clothes? We don't have models to use. " Lin said anxiously, seeing Amanda's model resting, she immediately asked, "let's borrow a model from Amanda!"

Xu Xinyue reaches for her hand and holds her, lest she be rejected and ridiculed after passing.

"Forget it, she won't borrow it." Xu Xinyue said, looking at this deep red one shoulder elegant long dress, simple style, very beautiful, is one of her most proud works.

"It's our show in 15 minutes. Where can we find a model?" Lin Maomao is going crazy.

In Xu Xinyue's mind, there was an idea at the first time. If there is no model, she should go!

This is the battlefield. The designers have become enemies. She has no right image for help. This evening dress can be used as a show or a thank-you dress.

"Let me go!" Xu Xinyue said to Lin Maomao, "call the makeup artist."

Chapter 1372

Lin Maomao's eyes brightened at once, and he called the makeup artist to come across the space. After that, he said to Xu Xinyue, "sister Xinyue, you can save the scene."

Xu Xinyue can only save herself. Now, there are a group of fashion heavyweights sitting in front of the stage. Xu Xinyue also hopes to have the opportunity to cooperate with these people in the future. Even if they recognize her, it's also her honor in the fashion industry.

The reason Amanda is jealous of her is that she was found backstage by Jessica, an international fashion celebrity, to chat about her works.

Amanda, who is also backstage, is ignored by Jessica even though she wants to chat up several times.

Xu Xinyue sat on the dressing table. The makeup artist and hairdresser all surrounded her and began to work on her.

Xu Xinyue tells Lin Maomao and Gu Yang to take good care of the models already waiting for the show, and never make any mistakes again, because 15 minutes later, it's her show time.

At the moment, in the book room on the top floor of the art museum, a beautiful and handsome little boy is turning over comic books. He looks serious, but people dare not to disturb him.

Only the warm afternoon sun hit the little guy like an angel.

A thick, soft and well-organized short hair, a handsome and lovely little face, fair skin, two young swordsmen, a pair of big eyes of black gems, just like a layer of dew, crystal clear and pure.

Under the straight little bridge of nose, a thin, pink lip was gently pursed. He was wearing a small plaid shirt, with a kind of calm and calm that didn't match his age.

"Young master, the car is coming. Let's go down!" The bodyguard leaned down and spoke softly to him.

The little guy rubbed his big eyes, put the cartoon back in place, and led the bodyguard to the elevator.

Elevator all the way down to the first floor, the top floor is quiet, but on the first floor is another scene, today here is surrounded by fans, because they know that today in this show, there are a lot of their idols.

The bodyguard also didn't expect to encounter this situation. He reached out and was ready to pick up the young master. Suddenly, a female star wearing a hat and a mask came out and immediately caused fans' madness.

Before the bodyguard could hold his young master, the little boy took his hand from his palm.

"Young master..." The bodyguard turned around in panic, and there was no figure of his young master in the crowd.

Only a group of fans came forward.

And the little guy is OK. He just hates the crowded scene. He is walking along the corridor with his bag on his back. Suddenly, he is attracted by a half open door beside him.

In the door of the room, there is a strong music coming, as if there are some activities in it.

The little guy immediately walked curiously through the door and got in, while the security guard closed the door.

Protect the atmosphere of the show and block the entrance of random personnel.

The little guy looked at the model on the stage. He blinked big eyes and stayed quietly in a corner to watch the show.

At this moment, the show on the stage is exactly the work of Xu Xinyue. More than 30 models appear in turns. One after another, the fashionable clothes are displayed, which is beyond our eyes. At the same time, we can enjoy a visual feast.

Xu Xinyue came out at the end of the show as the finale. When the last female model in a metallic skirt stepped out, Xu Xinyue took a deep breath.

In the rhythm of music, she straightens her back and looks at the front. Although she is not a professional model, she is better than being slim and graceful, with delicate facial features, and can cope with it.

"Please, come on." Lin Maomao's voice came.

Xu Xinyue's slender legs have stepped out. The standard model's steps are matched with an egg face of Oriental beauty. The walking room is like a floating cloud of flame, which takes away the breath of the people present.

The girl on the stage, dressed in a red dress, is elegant and stunning, sexy and pure, with a high-level feeling.

Although the model's height is not like a normal model, he is slim, with a good proportion, white as snow, and exudes a kind of smart breath, which is more exciting.

In the booming music, people were amazed at the woman in the red dress on the stage. In the dark position of the back seat under the stage, a pair of big black eyes were also gaping.

Gu Yimu looks at the woman on the stage with a small face, and her mouth is slightly open.

That sister on the stage is so beautiful! It's not only beautiful, but also kind to him.

How I want to know her! The little guy looks longingly at Xu Xinyue on the stage.

Xu Xinyue walked steadily through the whole stage. Finally, she led her models to walk around the stage again. In terms of clothing, there were some casual and fashionable dresses, which were quite eye-catching.

Walking at the beginning, she is graceful, calm and natural.

Xu Xinyue finished the show perfectly with her model on the stand less than 15 minutes away.

Just on the stage, her face was naturally stretched. After arriving at the stage, she took a breath and relaxed. This show is more successful than she expected. Just now, under the dim stage, there was a pair of eyes full of sense and ridicule staring at Xu Xinyue.

She is Xu An'an. Even though she thought that Xu Xinyue was just some talent, her appearance and her works just now made her jealous.

How could Xu Xinyue have such a work? In her eyes, she is just an ordinary woman.

Sitting in her seat, Xu noticed a familiar person sitting opposite, Jessica, vice president of world luxury brand company. Unexpectedly, she was also here!

This year, Xu an succeeded in getting the domestic clothing spokesman of the brand. She cut the color with Jessica at the beginning of the year!

Xu an wanders in these occasions all the year round. Naturally, she knows that Jessica's presence here must be a net of the latest fashion design elements. At the same time, if the designer she likes, she may sign in to her company and achieve benefit cooperation.

Xu an thought to himself that Xu Xinyue must also want to attract Jessica's attention. Just now she found that Jessica had no change in expression on other shows. Xu Xinyue's show, however, kept her eyes fixed and talked with her subordinates from time to time.

Obviously, Jessica is interested in Xu Xinyue's works.

As soon as Xu an chuckles, even if she is here, she can never give Xu Xinyue the chance to get favor.

At the end of the 20 minute stage display, the host's low voice rang out, "let's welcome our mysterious fashion designer, Miss Xu Xinyue to thank you."

Xu an looks at each other coldly. She looks at Jessica in the opposite direction. Jessica shows her expectation.

In the next one into the backstage channel, a small figure was not found to slip into the backstage.

Chapter 1373

Xu Xinyue on the stage changed into a show dress, a simple white shirt, A-line skirt, slender long legs, and high-heeled shoes with wine glass, just like a dignified actor. It makes people enjoy her design works, but also full of interest and praise for the designer.

Xu Xinyue smiles in the applause of the models, holding a bunch of flowers sent to the stage by the staff. She smiles in the direction of Jessica, and when she turns her head to look at the other side, a familiar face, cold, stabs her eyes. Xu an!

What happened to her?

Xu Xinyue didn't expect that she would come. She kept a smile on her face, made a curtain call and followed her team into the backstage.

Just enter backstage, Xu Xinyue holds the flower to prepare to rest on the sofa beside.

Suddenly, I saw a little guy in the broad background.

A little boy in a plaid shirt.

She was surprised, whose child was lost?

And the little one's big eyes are blinking at her coming.

"Sister, do you have a boyfriend?" The little guy asked directly.

Tender and pleasant milk sound, very soft and sticky.

Xu Xinyue didn't expect any children to talk to her. She smiled and shook her head. "My sister doesn't have a boyfriend yet. Why do you ask?"

"Does that sister mind having one?" The little guy's big eyes are naive and lovely. He has a delicate face and wants to be pinched.

Xu Xinyue can't help but be teased to smile, "are you?"

"It's my daddy," the little guy replied seriously

Xu Xinyue is about to laugh. Looking at this handsome little guy, he has a cordial feeling and even likes it from the bottom of his heart.

"No way! Your father belongs to your mother. I can't be his girlfriend. " Xu Xinyue tries to reason with him.

"I don't have a mommy! I want my sister to be my daddy's girlfriend and my mommy. " The little guy doesn't know what it means to be polite. He just wants her to be a mommy.

Xu Xinyue can't help laughing, but she doesn't respect him if she smiles directly in front of the little cute's serious expression.

"Little friend, you are lovely. I like you very much, but your family must be worried about you. Come back to them!" Xu Xinyue looks at the little guy. Suddenly, she feels a pain in her heart. The child she gave birth to should be so big!

That's a boy too! Looking at this handsome little boy, a longing she held down surged up strongly.

How I want to see that child! In her ten months of pregnancy, many times, she would have the illusion that it was her child.

Xu Xinyue feels sorry and helpless. She shakes her head and knows that there is no chance to see each other in her life.

Xu an is only a donor. What kind of person is the father of the child? With a private hospital, so mysterious, it must be very rich.

At this time, a fashionable foreign woman came in, Xu Xinyue recognized Jessica's assistant at a glance, and she quickly stood up and smiled.

The assistant smiled and said, "Miss Xu, our wife wants to see you."

Xu Xinyue didn't expect the surprise to come so fast. Jessica wants to see her. Does that mean her work has been selected?

"OK, please take the way." Xu Xinyue is also eager to see Jessica.

However, at this time, her skirt was quickly pulled by a small hand, and the young male voice was eager to ring, "beautiful sister, can you give me your phone number?"

Xu Xinyue was stunned and looked down at the big eager eyes of the little guy. Although surprised that he asked, she couldn't bear to refuse.

"What do you want my phone number for?" Xu Xinyue asked with a smile.

"If I have any difficulty in the future, I can ask you for help!" The little guy said with a cute face.

Xu Xinyue smiled and didn't think much. He took a piece of paper from the side, quickly wrote down his number and handed it to him, "no, here you are, but it's better to find the police uncle if you have any difficulties! Goodbye. "

The little guy's lovely appearance made her finally reach out and touch his little head, "darling, hurry to find your family!"

After that, Xu Xinyue left the backstage.

And the little guy with her phone number is excited.

With the phone number of this beautiful sister, I'm not afraid I can't find her.

The little guy didn't know that the bodyguard who took care of him had been frantically looking for him in the front hall and even contacted his father.

Xu Xinyue follows Jessica's assistant to a corridor. The assistant points to the last lounge and says, "madam is waiting for you in the lounge."

"OK, thank you!" Xu Xinyue smiles gratefully.

Xu Xinyue just walked to the door of Jessica's rest room. The door was slightly closed. She was trying to push the door, when she heard the voice of dialogue coming from inside.

It seems that Jessica and someone are chatting in it. Xu Xinyue wants to go in, and a familiar female voice spreads into her ear. "I haven't seen Jessica for a long time. I missed you very much when I left last time!"

Xu Xinyue's hand, this voice

How is Xu an?

If she remembers right, she is one of the spokesmen of Jessica brand's domestic clothing.

Xu Xinyue doesn't want to go in at this time, because she doesn't want to face Xu an.

In the lounge, Jessica is also very fond of Xu an, who uses her fame to drive the huge domestic market sales up in a straight line.

"Ann! I saw you just now. " Jessica was excited, too.

"What a show today! Especially in the first and second games, I love the style Xu an pretends to have a memorable expression.

Jessica naturally valued her ideas. She asked, "how about the third one?"

Xu an shook his head directly and said, "the style of the third show is too boring, the design is nothing new, and it doesn't show any high-end atmosphere. I'm going to sleep."

Xu Xinyue breathes outside. The third show is her show.

How could Xu an be so demoted in front of Jessica?

Jessica is shocked. Xu an's words still affect her evaluation of Xu Xinyue's design.

In a word, Ji'an has brought a lot of profits and popularity to her brand.

Outside the door, Xu Xinyue was very anxious. She couldn't imagine that as her cousin, Xu an even belittled her.

Without her words, maybe Jessica would consider cooperating with her, but with her words, she thought the cooperation would be yellow.

"It's true, I think the first and second shows are very good. ANN, your vision is also very good." Jessica immediately changed her mind and echoed her words.

Xu Xinyue finally couldn't help it. She knocked on the door and pushed it in.

Chapter 1374

"Mrs. Jessica, please come to me." Xu Xinyue asks with a smile.

"Oh! Miss Xu, you are here. " Jessica had a calm smile.

But Xu an also follows to turn around, looks to behind Xu Xinyue, she picks the eyebrow slightly, did not say hello.

Xu Xinyue also pretended not to know her and went to Jessica's face. "Madam, I hope this work doesn't disappoint you."

"Your show is good, but I have gained something else this time, so I'm looking forward to your future works." Jessica's tone has already denied her works.

As soon as Xu Xinyue's heart was smothering, she could not hide her anger and looked at Xu an, who responded to her with an innocent expression.

"I will try my best. Thank you for your advice." Xu Xinyue said, and turned to push the door to leave.

She did not go far, but was waiting for Xu an beside a pillar.

After a while, Xu an also came out. She saw Xu Xinyue waiting there. She hooked her lips and smiled.

"I haven't seen you for a long time. I didn't expect you to come back to China." Xu an said in a heartless voice.

"The same family, why do you do this to me? If you are not expected to help me, please don't step on me. " Xu Xinyue really can't understand the purpose of her doing this. At the moment, her beautiful eyes are angry, and she questions.

Xu an pretended to smile and snorted, "do you want to know why? Then I'll tell you, it's also Xu's family, only one person is the best, and this person is me, so I won't allow you to have an early start, understand? "

"You..." "How can you do that?" Xu Xinyue said

"Since childhood, when your parents were still alive, with your father's presence, you were pressing me everywhere. Don't think I forgot what happened when I was a child. Now, I will never allow you to steal my presence." Xu an's eyes are dark and shining.

"You are too vicious." Xu Xinyue scolds.

"Don't think you helped me with my surrogacy, I will be grateful to you. On the contrary, not only will I not be grateful to you, but I also don't want to see you. You'd better go abroad quickly!"

With that, Xu an took off his sunglasses and put them on, leaving with a proud face.

Xu Xinyue gasped for breath and watched Xu an's back, but he couldn't do anything. He was even furious.

At the entrance of the hall, a Rolls Royce Yinling car worth tens of millions of dollars braked rapidly. Without waiting for the bodyguard to open the door, a big palm pushed the door open, and a pair of long legs stepped down quickly. The man's proud figure, especially like the emperor's patrol, was full of momentum.

But at this moment, the handsome face of a man is hard to hide his intense anxiety.

Four bodyguards came down next to him. One of them held the iPad and said to him, "Gu Shao, young master is sure to be in the art museum. We can accurately locate his position."

"Lead the way." The man gave a cold command.

The bodyguard quickly leads the way in front of him to the direction of precise positioning and the direction of the hall show on the first floor.

"The young master is getting closer and closer." The bodyguard makes a sound and quickly follows the red dot.

"Young master is in the backstage of the show." The bodyguard pointed to the door into the backstage.

The man's fast pace, first step to push open the door into the backstage, when he walked into the corridor, in a messy backstage field, he saw his baby son calmly sitting on the sofa, his legs are still swinging, there is no danger.

The little guy is waiting for Xu Xinyue to come back. Unexpectedly, he first waits for the angry daddy.

"Daddy, why are you here?" At the sight of daddy's elongated face, the little guy felt guilty and puffed up his cheeks.

Gu Chengxiao, even though he was angry and wanted to teach him a lesson, still squatted down and looked at the little guy carefully. He twisted his eyebrows and asked, "is there any injury? Who brought you here? "

Gu Yimu shook his head. "I'm not hurt! I came in by myself. There are too many people outside. It's too noisy. "

And lost his bodyguard, at the moment also hurriedly push the door to come in, almost his heart disease to frighten out.

If you lose this young master, Gu doesn't bury him alive.

"Young master, you scared me to death." The bodyguard gasped for breath and said in a sweat.

"I'm sorry, uncle Yang." I'm sorry, kid.

"Come home with me." Gu Chengxiao reached out and held him in his arms. The little guy sat in daddy's strong arms. His eyes were looking at the direction of the other door, expecting the beautiful sister to appear soon.

In this way, he can introduce himself directly to Daddy.

However, the little guy can also feel that he has run around and violated daddy's bottom line. His face is blue with anger, so he dare not mention the matter of finding his girlfriend at this time.

I had to hold daddy's neck and go home with him.

But the little guy doesn't worry, because he has the phone number of his beautiful sister! As soon as Gu Chengxiao and his party left, Xu Xinyue pushed the door in. There was still some confusion in the background, but all the staff left. Xu Xinyue watched the little boy on the sofa disappear, thinking that he must have been picked up by his family.

When Xu Xinyue's cell phone rang, she picked it up and answered, "Hello, Maomao, where are you?"

"Sister Xinyue, let's pack up and wait for you in the business car near the gate. Come out quickly!"

Xu Xinyue sighed, and all her efforts were in vain. With a few words, Xu an denied that all her efforts had been wiped out. This resentment was really hard for her to swallow.

Xu Xinyue said to Lin Maomao, "you go back to the hotel first. I want to go back to my grandmother's house. I'll contact you tomorrow."

"OK! Then we'll go back first. " Lin Maomao and his party were also exhausted, thinking of going back to the hotel for a rest.

When Xu Xinyue came out of the gate of the art museum, she couldn't stop the taxi for a while, and she was not in a hurry, because her mood at the moment was very frustrated and depressed.

Xu Xinyue walked for a while, feeling better. She picked up her mobile phone and dialed Shao Gu.

"Hello!" The sound of Shao mushroom came from the noise.

"Hello, it's me. I'm back home." Xu Xinyue's voice seemed excited and light.

No matter how low she is, she can't show herself in front of her relatives. She has always been happy but not worried.

"I'm glad you're back. That's great. We miss you so much."

"I'm at your house now."

"Come on! I'll take a leave to get off work early. " Shao mushroom is also very happy.

"Well, I'll be right here." Xu Xinyue said, and listened to the little aunt said a few words and hung up the phone.

She is just like her biological mother. She is eight years old and follows her. Because her family is often disliked by men, she is still unmarried. Now she works in a supermarket. She is over 40 years old.

And in Xu Xinyue's heart, the kindness of her aunt and grandmother's upbringing is the person she most wants to repay.

Chapter 1375

In a high-end dress customization shop, Xu an's sports car stops at the door. She has a big good news that has not yet come to the public. Even if it has not been made public, it is enough to make her happy and crazy.

For five years, the day she had been waiting for was coming.

A week ago, Mrs. Gu called her mother to have an appointment with her, not to think about it, but also for her and Gu Chengxiao's children.

The child is four years old and is about to grow up. At this time, the child needs a complete family.

Therefore, she is likely to marry Gu Chengxiao and become the future Mrs Gu. This is the harvest planted five years ago. Now, she will have a big harvest. She has a lovely and handsome son and a handsome husband worth billions.

Just now, my mother called her to pick out the dress, because the meeting time arranged by Mrs. Gu's side is this Saturday.

Xu an walked into the dress shop and waited for her Li Jingya to come and take her. "An an, go and pick out a beautiful skirt. You must show your best state when you meet Mrs. Gu this time."

It took Xu an five years to get this phone call from Mrs. Gu. How could she be careless?

In her heart, she wants to be more beautiful than her mother, because she will come all the time. Gu Chengxiao and their common son are too strict to protect that child.

The outside world doesn't know that Gu Chengxiao has a son. Even she hasn't had a chance to see her own son in the past five years.

At that time, she was just a donor and had no right to ask anything about her children.

If we didn't go to visit our home, the Xu family wouldn't dare to climb up. We would have realized that the present ten Xu families can't compete with the wealth of one family. The family is a real noble family.

"Mom, don't worry, my daughter will never lose your face."

"I'm so excited now that I can finally meet my lovely grandson. He doesn't know my grandmother yet!" Lin Jingya's heart strings trembled with excitement.

"Mom, after choosing the clothes, go to choose the gifts! When I see my son for the first time, I have to give him a gift he likes! "

"Yes, yes, we must." Li Jingya answers quickly.

Xu an picked out all the skirts here and casually said, "Mom, who do you think I met on the show today?"

"Who is it!" Li Jingya picked it up and asked curiously.

"Xu Xinyue, she returned to China and became a fashion designer out of fashion." Xu an's reply.

Li Jingya could not help sneering, "what is she doing when she comes back? Have you met? "

"Yes, I have. I gave her a big gift!" Xu an smiles smugly and holds a skirt to compare with her.

Li Jingya listened to the fork for a moment, and asked in a hurry, "what gift do you give her to meet?"

As soon as Xu an heard that her mother misunderstood, she chuckled, "Mom, haven't you heard what I said? What I mean is not a gift, but an insult to her by stepping on her feet. "

After hearing this, Li Jingya was in a good mood. "Well done, let her know who is in charge of the Xu family now. Don't let her go out later. She always thinks she's the eldest daughter of the Xu family and robbed you of the limelight."

Xu an became more and more satisfied. "When I see her, I will give her a little bit of pain, so that she can't even appear in front of me."

"When you become Mrs. Gu, she doesn't even have the qualification to give you shoes. You are the noble cloud in the sky, and she is the mud underground." Lin Jingya spits.

Looking at herself in the mirror, Xu an is noble, charming and confident. She will marry Gu Chengxiao. For the sake of their son, Gu family will allow her child's mother to marry in.

No good stepmother can compare with her own mother's position in her son's heart. Five years ago, Gu Chengxiao didn't expect to wake up suddenly when he had a child for two months, waiting for his media attention.

He has regained his former momentum. He is still, even as he grows older. At the moment, he is more mature and charming. He is in charge of all the economic power of his family. At the same time, in recent years, he has no scandal.

Xu an has been waiting for years and years. Finally, now that her child is old, she needs a family. In those years, the information she submitted to Mrs. Gu shows that she has a high education, excellent appearance and family background. Therefore, she is fully qualified for Gu Chengxiao's wife.

After buying a customized dress worth more than one million yuan, the two mothers and daughters drive to the nearby shopping mall to choose the boy's favorite toys.

In a rich villa area, a black car drives past a large artificial lake, around the high-end garden with unique landscape, and you can see a single private villa covering a very wide area.

The outer wall is a dark golden glass curtain wall, which reflects a dazzling light in the sun.

The car stopped, the bodyguard opened the door, a small figure jumped down, and then, a dignified man followed. "No more of this next time." Gu Chengxiao warns the little guy in front.

"I know Daddy. You've talked all the way. How can you talk more than grandma?" The little guy turned around and made a face.

"Son of a bitch, I'd better hear it in my stomach." Gu Chengxiao is at home, but he plays many roles.

In recent years, he took care of his son. He has successfully evolved into a split personality.

"Knowing daddy, I'll go to the toy room." As soon as the little guy came home, he ran around.

Gu Chengxiao looks at his son upstairs. He is relieved. God knows that when he receives the phone call from the bodyguard, his heart will jump out of his chest.

It's true that people who raise children have an explosive temper.

Gu Chengxiao's mobile phone rings at the right time. He takes a look at the caller ID. he breathes a little. Fortunately, he finds the little guy.

Otherwise, how to tell your parents?

"Mom!" Gu Chengxiao calls out.

"Chengxiao! Is Yimu obedient these two days? How about the meal? " Every time Mrs. Gu calls from that end, the most important thing is the problem of her grandson.

Obedient? An hour ago, he was scared to death. As for the amount of food, I can tell from his small body that he was not hungry.

"Very good." Gu Chengxiao replied.

"Oh! By the way, as I told you last time, it's time to meet the child's mother. "

"Mom! I'll take my son alone. There's no need to involve outsiders. " Gu Chengxiao's tone showed his thoughts.

Chapter 1376

"Do you know why I suddenly found that girl? It's because Yimu has grown up and become sensible. He can't grow up without his mother. He will feel inferior. What's more, his biological mother. He will want to have a mother very much. " After Gu Fu's long speech, he added, "you are not too young to marry for life!"

"Must I see you?" Gu Chengxiao twisted the brow of his sword and pressed the color of resistance on the bottom of his eyes.

"It's better to find his own mother to accompany him than to find a stepmother who has no blood relationship with him. In this world, only the close relatives will really be good to him." Mrs. Gu said earnestly.

When she had this idea, she communicated with her son several times, and he always used busy as an excuse. Now, she has some tough attitude.

"You try to understand her. Although she is in the film and television industry, she is clean and has never had a scandal. She loves acting, but she is a pure girl." Mrs. Gu appreciates Xu an very much. She must have a layer of identity. She is the biological mother of her grandson.

"Good! Mom, you're in line! " Gu Chengxiao promised to come down.

"You should also communicate with Xiaomu tonight to let him know his real mother identity earlier. He will like it very much."

"Well, I'll talk to him." Gu Chengxiao replied.

Just then, someone robbed Mrs. Gu's phone, and a witty and sweet voice came, "brother, how about Yimu? I want to talk to him. "

It's his sister Gu xuenuo.

Gu Chengxiao smiled. "He's in the toy room. I'll let him call you later."

"Well, I'd like to die my little nephew. If it wasn't for the recent tense classes, I'd go to your house."

"Don't make trouble, study hard and try to get into your target university. In two days, I will take him home."

"But I'm going abroad for a week tomorrow."

"I'll see you when you come back."

"Well, all right! Goodbye, brother

Gu Chengxiao also hung up.

Holding his mobile phone, Gu Chengxiao's long legs stepped upstairs to a toy room on the second floor. He saw nearly 200 square meters of rooms, all of which were toy castles built for him, like a small maze, and the little guy liked to stay here.

Gu Chengxiao stepped in and watched the little guy playing with the building blocks. He sat next to him and handed him the toys skillfully. He asked, "son, I want to talk to you about something."

"Daddy, say it!" The little guy focused on the building blocks, but he spoke politely.

"Do you want more people to take care of you?" Gu Chengxiao looks at the little guy 's face tentatively.

He raised his son by himself. He can see through any thoughts he has now.

When the little guy heard this, he was pleasantly surprised and nodded his head! I want a gentle and beautiful Mommy! Daddy, have you decided to find Mommy for me? "

Gu Chengxiao was stunned. His son's reaction was unexpected. He thought the little guy would resist. He would take him to some important banquets. Once a woman approached, he was not happy.

So for a time, he thought that his son didn't like having a woman in his life, but now he happily agreed.

"Then we'll meet a beautiful aunt in two days." Gu Chengxiao continues to make a sound.

The little guy was shocked. He didn't even start to introduce the beautiful sister! Where did Daddy find the beautiful aunt? Is it better to have that beautiful sister? "Daddy, I can introduce a beautiful sister to you! Do you want to see me? " The little guy asked with a smile on his face.

Gu Chengxiao's eyebrows slightly twisted. "Where's the beautiful sister from?"

"It's a beautiful sister I met today. I have her phone number. Daddy, do you want to marry her to be my mommy?" The little guy is looking forward to it.

Gu Chengxiao was angry between his eyes and eyebrows. "How can you ask for someone's phone number?"

"I want it for you! I'm afraid I won't find that beautiful sister in the future. " The little guy's face is wronged and his mouth is flat.

Gu Chengxiao didn't give up to really train him, so he looked at the little guy seriously and said, "let's meet a beautiful aunt this Saturday! Besides, this beautiful aunt is your own mother! "

"My own mother? My mommy? Where is she! " The little guy threw the toy in surprise and rushed to hug him. "Daddy, where is my mommy! I want to see her. "

Gu Chengxiao felt the little guy's warm idea. He thought that no matter what the result was, as long as his son liked that woman, he would marry back!

His world has long been centered on this little guy. As for his feelings, it doesn't matter.

"Well, let's meet her this Saturday." Gu Chengxiao nodded.

Can the beautiful aunt that daddy said be the beautiful sister that he has seen? Little guy's big eyes flashed.

I hope it's her! Children's world is not so complicated and their ideas are more pure. He thinks it should be her!

Because he met so many aunts, only in her body, he found a close feeling that he strongly wanted.

Gu Chengxiao sees his son and wants to see him. He downplays his rejection, smiles and touches his small head. His thin lips kiss his small head.

In an old community in the east of the city, Xu Xinyue returns to his warm home, which is home to grandma and aunt.

Her grandmother is 67 years old this year. After that serious illness five years ago, she has been cultivating herself. Now she is very well.

The old lady looked at her granddaughter. The more she saw her granddaughter, the more she felt that she had changed, become more beautiful and mature.

"Xinyue, how have you been abroad these years? Have you suffered any grievances? " The old lady held her hand and asked.

"Grandma, I have a good life. I am not wronged, but I miss you so much." Xu Xinyue laughs and takes food for grandma.

"Mom, when did Xinyue let us worry? She is so kind and lovely. She must be very popular. " Shao mushroom comforts his mother.

"My aunt is right. I'm very popular! Everyone will take care of me! " Xu Xinyue comforts grandma.

"Xinyue, do you want to go back home this time?"

"Well! I want to go back. Now I am applying for a transfer back to China. Our company has opened a store in China to make high-level customized products. I will try to get back. "

"That would be great. Then our family will be together." With that, Shao mushroom looked at her niece and was surprised to find that it was the gene optimization at home? Why did my sister give birth to such a beautiful daughter?

Chapter 1377

To her surprise, this niece is neither like her brother-in-law nor sister, but she has seen her beautiful since childhood.

"I've got your room ready and I'll stay at home for two days!"

Xu Xinyue also nodded happily, "well, I'm at home with grandma."

It's Saturday.

Xu's mansion, at eight in the morning, Xu Jingya knocked on her daughter's door. Josephine Hsu opened the door and was already applying the mask.

"Mom."

"Ann, I'll show you some clothes. Today I can't tolerate any difference. You should know that Mrs. Gu's vision and taste are much higher than ours."

"Ma, I will definitely become the most perfect daughter-in-law in the eyes of Mrs. Gu," she said with a smile

"You've been secretly in love with Gu Chengxiao for so many years, and you've finally got what you want to marry him." Xu Jingya is happy for her daughter. A young and promising man like Gu Chengxiao is hard to find with a lantern.

Xu an's eyes are shining with strong desire, yes! These years, although she mixed in the entertainment industry, contact form of men, but, which one can compare to Gu Chengxiao?

In front of the real inheritors of the Empire, these colorful men in the alley are worthless in her eyes. She entered the industry only to earn money. Only Gu Chengxiao is the man she dreamed of.

She is now grateful for her mother's vision five years ago, so that she now has a rightful identity to marry into the family.

But she also cherished feathers very much, never had any gossip, instead she elevated her status as a goddess in the entertainment circle to a very high level, surrounded by a variety of halos, she was a pure goddess.

In her eyes, she showed the confidence she must have. No one can block her way.

In Gu's old house, Gu Chengxiao's car drove into the yard, and Mrs. Gu, standing at the gate of the main hall, was looking forward to her grandson happily.

As soon as the car stopped, the bodyguard got out of the car and opened the door, he saw a small figure jumping down like a bird into her arms, "Grandma!"

Hongmeishan squatted down and looked at his grandson gently and joyfully. "Is my little animal growing tall again? Grandma, look, the little face seems to be thin. "

Gu Chengxiao looks at the picture of his mother doting on his son. He has no choice but to grow up. He doesn't hear that his mother once saw his son say he was fat. He always thinks his son is too thin.

But he's not skinny at all.

"Come on, grandma has prepared delicious food for you, and your aunt has bought a gift!"

"And the aunt?"

"She's not at home today. She's out."

The little guy blinks his big lost eyes. Today, he is wearing a beautiful grey shirt, a vest, trousers and a butterfly bow tie. It's very formal.

A thick hair style, also by the father took care of, like a fashionable little prince. It's just that the little guy inherits half of his father's genes, because he looks like a father on his little face and under his nose, and his eyebrows and eyes are like a mother!

Hongmeishan stroked grandson's small head, and the love in her eyes was almost overflowing. That's a treasure in the palm of her hand!

Gu Chengxiao came out of the side hall and took the iPad to deal with some company affairs. Only when he brought the little guy here could he have some personal time.

Hongmeishan looked at her son on the sofa, but she was at random. She could not help complaining slightly, "wouldn't you choose a formal dress to attend such an important occasion? It's too casual. "

Gu Chengxiao chuckled, "your son is handsome, but you often say that."

Hongmeishan was so angry that she gave him a white look, but she was happy in her heart. Indeed, how could her son not be handsome? Although she doesn't pay attention to things outside, she knows how many girls are thinking of her son.

Five years ago, that was her most difficult day. Her son woke up after sleeping for half a year. The company was already in a collapsed situation. A group of tigers and wolves surrounded the business community. She was a woman and a family. How could she survive.

What's more, even the influential relatives of the Gu family are thinking of the Gu group. If their son doesn't wake up, the Nuo big Gu group will be divided by them.

But God is helping her. When she is sitting in front of her son's bed with her little grandson in her arms, the cry of her grandson successfully wakes up her sleeping son.

After her son woke up and revived the company, she had the glory of today's Gu's group. In these five years, she often praised sutras and chanted Buddhism, thanked Heaven for the care of Gu's family, and prayed for the safety of her children and grandchildren.

His son was also able to stand up to others. He made great efforts to turn around the tide and wipe out the company's decline, which made the group Empire stand still.

Now, her son's career is going well, and her grandson is growing up. Mrs. Gu is going to retire. It's time for her family to have another hostess.

She has also been paying attention to Xu an. Although she is in the entertainment circle, she has not made any rumors. She has read many articles about her character and conduct, which are all praise.

Therefore, Mrs. Gu is really satisfied with Xu an, the daughter-in-law. "Grandma, what does my mommy look like!" The little guy asked curiously as he ate the biscuit.

"I'll show you the pictures. Your mommy is very beautiful, capable and excellent." After hongmeishan finished, the court maid said, "bring me the iPad."

A maid went upstairs to pick it up. In a short time, she handed in an iPad. Hong Meishan took the starting point and started to search for photos of Xu an on the Internet. There were many of them. She ordered a group of beautiful and dignified photos and handed them to the little guy. "Xiaomu, she is your biological mother. Do you have a look at them?"

The little guy stared at the picture with big eyes. It was beautiful to look at the woman in the picture. However, he felt strange, just like looking at a stranger.

So the little guy shook his head and said, "she's not my mommy."

Hongmeishan was shocked immediately. She sat down quickly. "Xiaomu, you can't say that. She is really your mother. She gave birth to you with your father five years ago."

The little guy knew that he had said something wrong and made grandma sad. However, he still flattened his mouth and shook his cerebellum pocket and said, "but I don't want her to be my mommy. I want to change someone to be my mommy."

"Xiaomu, how can I change it? She's your mommy! Today we are going to see her at noon, and your grandma and grandpa will come. "

The little guy looked at the woman on the iPad again. In his mind, he thought of the beautiful sister he saw on the stage that day. How he wished she could be his mommy!

"Grandma, is it the woman who has dinner with Daddy today that can marry him?"

Chapter 1378

Hong Meishan is shocked, some don't understand his words, but today I see Xu an, the woman who will marry her son in the future, she smiles and nods, "yes! What's the matter? "

The little guy's big eyes are moving in a strange way. He smiles mysteriously, "nothing, grandma."

If the woman at the dinner table today can marry Daddy, then if the beautiful sister comes to dinner, will she also have the chance to marry Daddy?

Yes, I have to let my beautiful sister come here and let my father and grandma have a look. In this way, my father won't marry the woman in this picture.

It's 11 o'clock unconsciously, and the team of family members set out for the direction of the restaurant.

Gu Chengxiao is sitting in one car, while the little guy and Hong Meishan are sitting in the other.

Outside the window, the scenery of continuous retreat and extension passes through the deep and charming amber eyes of the man. However, he seems to be a little absent-minded. Suddenly, the motorcade drives past the gate of a hotel.

The man's eyes fell on the street next to the flower bed. In his mind, he remembered the girl who got off last time. She was helped into the hotel by two men.

At the thought that the woman even looked like his son between the eyebrows and eyes, he felt vexed inexplicably. Who is not good? Why like his son? It made him feel like he was being pissed off for no reason.

The little guy is sitting in the safety chair beside his grandmother, but it seems very quiet, which worries Hong Meishan. How could the little guy say that when he saw the picture of Xu an?

Mingming is his own mother! They are consanguineous relatives. Maybe through the photos, Xiaomu can't feel her mother's breath. If you see a real person, maybe Xiaomu can feel cordial.

At the moment, Xu Xinyue is buying vegetables in a downtown vegetable market. She is bargaining with a vendor about the price of meat.

Because she felt that the boss gave her a high price when he saw that she was new, so she was not very happy.

"Well, miss, you look so beautiful. You are five yuan less!" The boss is also guilty. Indeed, because she is a stranger, he wants to kill her for several yuan.

Xu Xinyue paid for it and came out with the pork. She saw an old lady in a corner who was watching the passers-by with a little eggplant that was not good in appearance. She hoped that the guests would buy her vegetables.

Xu Xinyue goes over, squats down and buys all the old lady's food.

Although it doesn't look good, she believes it must be authentic green food.

Aunt went to work, Xu Xinyue brought vegetables back to grandma's house, began to wash vegetables and cut vegetables, and the old lady was also very happy.

At the gate of the high-end hotel in the center of the city, Xu's car drove in, and two cars came in. Li Jingya and his wife, who had come down from the first car, hurried to the back seat. In the car door opened by the driver, Xu an was dressed in a very high-level dress, all of which were customized.

In her eyes, only constantly improve their own value, can be worthy of Gu Chengxiao standing at the top of the world.

"Ann, you are so beautiful today." Li Jingya praises her daughter, and Xu Taoyang, who is in his early fifties, nods with satisfaction. If he can marry Gu's family.

In the future, his position in the business world will step into the world's top business circle. Have Gu Chengxiao this son-in-law, where is not face?

"Mom, do I really have a problem? Is there anything wrong with my make-up?" Xu an is nervous about seeing Gu Chengxiao.

"No, it's perfect. Chengxiao will be fascinated by you when he sees you." Li Jingya praised her daughter to the sky.

Xu an picked up his self-confidence and was forced to conquer Gu Chengxiao with his beauty.

Under the guidance of the waiter, they arrived at the door of the box ordered by Gu's house, knocking at the door, and then pushed it open.

As soon as Hong Meishan heard the voice, she knew that it was Xu's family who arrived, and she welcomed her with a smile.

"Hello, Mrs. Gu." Li Jingya smiles.

"Mrs. Xu, here you are. Come in and have a seat." Hong Meishan is also very polite.

"Aunt gu!" Xu an sweet called a sentence.

"Ann, come and sit here." Hong Meishan arranges Xu an to her son's side.

Xu Taoyang did not dare to raise his identity in front of Hong Meishan

"Thank you very much for your time, Mr. Xu." In Hong's heart, Xu's husband and wife have come to greet each other as their own.

Xu an's eyes fell on the man behind the golden tabletop, his breath was immediately slightly smothering, her heart was pounding in his chest, so close to Gu Chengxiao, she was the first time.

Compared with the last time he was at the banquet, he was more mature and handsome, and the aura he exuded was also particularly powerful.

She couldn't help but swallow her saliva nervously, and her eyes fixed on the man's face for more than ten seconds.

Gu Chengxiao's eyes, complex and deep, also looked at her, Gu Chengxiao's brow twisted.

This woman even stared at him for more than ten seconds. Didn't she come here for their son's sake? How, in her eyes, the son can ignore? Obviously, this woman is more interested in him than his son, which makes his handsome face suddenly indifferent.

Xu an unconsciously gave him a very bad influence.

But Xu an didn't know it, because she did ignore the child. When she looked at the little boy sitting in the child's chair and playing with toys alone, her eyes turned red with surprise.

Is that her son? Grow so big, so handsome! Like his father, he must be the best in the world.

Just then, the little guy felt her look, put down the toy in her hand, and looked up.

When looking at Gu Yimu's eyes, Xu an's heart thumped. How could he? How can there be some pleasant appearance between the eyebrows and eyes of this child? No, it's impossible. Xu Xinyue just gave birth to him by surrogate, which will never affect the gene she and Gu Chengxiao combined.

Although she and Xu Xinyue are cousins, they have no resemblance at all. Xu Xinyue is a freak.

She was not like her parents since childhood, so she was also the offspring of the Xu family. She followed her father, and her father and his brother were similar. Xu Xinyue didn't know who she was like. Her mother also suspected that this was a wild seed that her dead aunt didn't know where she was born!

The couple of Hong Meishan and Li Jingya on one side didn't make a sound, because they didn't disturb Gu Yimu's mood of seeing his mother for the first time. Only by keeping quiet, could they make the little guy and Xu an's mother and son have feelings.

Chapter 1379

However, the little guy was staring at Xu an for a while. He didn't want to get close to her light in his eyes. He blinked his big eyes and continued to play with toys.

"Xiaomu, please call Mommy! She's your mommy." Hongmeishan said to Sun Tzu.

"She's not my mommy." The little guy curled his mouth, and still answered with certainty.

Xu an, who was standing by, was shocked. She quickly introduced herself, "my name is Xu an, Xiaomu. I'm your biological mother."

The little guy tried to look at her again. He still felt strange. Even he didn't like this woman.

Children are pure and true. They are more sensitive to the detection of things. They love and hate clearly. They like it if they like it, and they don't like it if they don't like it.

Gu Chengxiao looks at his son's refusal. Inexplicably, he is in a good mood. He has no feeling for Xu an, and even doesn't want to live together.

Even if she is the son's biological mother, as long as the son does not need her, he can also regard her as a strange existence.

Xu an looks at her son's appearance of not recognizing herself. She is really sad. It must be because she hasn't taken care of him these years that her son will be so strange to her.

Therefore, she must strive to live with her son.

Li Jingya and her husband looked at each other. Unexpectedly, five years later, the child didn't recognize her daughter.

"Xiaomu, I'm really your mother. If you don't believe me, you can ask your grandma, your daddy." Xu also tried to make the little guy accept her mother's identity.

"Xiaomu knows his life better and doesn't have to ask him too much." Gu Chengxiao's voice line is quiet.

Xu an listened to this low magnetic voice line, and her attention immediately returned to the man around her. Although Gu Chengxiao said so, in his words, she was identified as a child's mother!

This is enough to make her happy.

Hongmeishan was also surprised that the little grandson, like what he said in the morning, decided that Xu an was not his own mother.

How could it be? At that time, the donor she personally selected was Xu an, and in her private hospital, the doctors conceived the successful embryo in person, which is not wrong.

"An'an, I don't think Xiao Mu has seen you before, so I'm not familiar with you. I'll get along with you more in the future. You must be a mother and a son, connected by blood."

When Xu an listened to Hong Meishan's consolation, her mood was better. She nodded, "well, I hope I can get along with Xiao Mu more in the future and improve the mother son relationship."

"Daddy, I want to pee." The little one looked up to his father.

"I'll take you." Gu Chengxiao gets up.

"No, I'll go myself." The little guy said on his own.

"Do you want mommy to go with you?" Xu an asked quickly.

"No." The little guy refused.

Gu Chengxiao took the little guy down from the children's chair, took him to the door, and said to the waiter, "take him to the bathroom."

The waiter takes the little guy to the bathroom, while Gu Chengxiao's slender body guards the only corridor, letting go of his son's independence while doing all the security work.

As soon as he entered the bathroom, he said to the waiter, "uncle, can you go out for a while?"

"OK! Young master, I'm at the door. " The waiter answered and went out.

The little guy closed the door of the cell, took out his phone watch, and then, from another pocket, took out a piece of scattered paper with a phone number written on it.

The little guy is holding the phone watch, pressing the numbers one by one. Finally, he presses the dial, and a little face is waiting for the answer.

Xu Xinyue had just made a lunch for grandma. When she heard the phone ring, she wiped her hands and came to see a strange number. She frowned and answered, "Hello, who is it?"

"Beautiful sister, it's me! Do you remember me? " The voice of a young and lovely boy came from that end.

"Is that the last time you asked for my phone number?" Xu asked with a smile

"Yes, it's me! My name is Gu Yimu. " Little guy introduces himself.

"Hello, how do you think of calling me?" Xu Xinyue asked with a smile. He was really surprised!

"Sister, do you remember that I told you that I wanted to ask you for help when I was in trouble?"

"Do you have any difficulty?" Xu Xinyue is nervous immediately. What happened to the little guy?

"I I'm alone in the restaurant and my family is not around. Can you come to accompany me? "

"And your family?"

"My father is very busy. He has no time to accompany me. Leave me here, sister. Will you come to accompany me? I really want to see you! "

"Don't you have any other family?" What a cruel father, thought Xu Xinyue! That's why I left such a small guy in the dining room alone.

"I want my beautiful sister to come with me. Can you come here, sister?" The little guy's voice line choked and he looked very scared. "Children, can you find your family to accompany you? Take you home? "

"Wuwu As long as I have a beautiful sister, if you don't come, I'm too poor. I'm so scared alone! " The little guy was crying. He was very pitiful.

Xu Xinyue's heart is soft. Although it's only a strange child, she has a kind of deep-rooted love. In addition, she once had a child, and she is particularly fond of children.

"Well, my sister is here to accompany you. Don't run around! I'll be right here. Which restaurant are you in? "

"I'll send you the address. You'll be right here!" Although the little guy is four years old, he can read more than two thousand words. It's hard for him to send messages.

"OK, send it! I'll take a taxi right away. " Xu Xinyue responded to him.

"Thank you, sister. I'll wait for you!" With that, the little guy cut off the phone. He listened to it from left to right. There was no one around.

He wiped the tears he had just squeezed out and began to press the words with his tender little hands. His little mouth grinned happily.

This beautiful sister is coming. At that time, let daddy and grandma choose her to be his mommy!

Just as the little guy sent the address, there was a familiar call outside the door, "Xiaomu."

"Daddy, I'll be all right." The little guy hurried back, flushed the water, and opened the door between the grids.

Originally in the corridor waiting for her Gu Chengxiao, he didn't come out for a long time, so he didn't trust to come in.

The little guy smiled and hugged daddy's waist, but Gu Chengxiao led his little hand to the washing table. "Wash your hands and then hold them."

"Daddy, do you dislike me?" The little guy said sadly as he washed.

"Pay attention to personal hygiene." Gu Chengxiao washes his tender little hands.

The little guy couldn't help laughing. Gu Chengxiao found that he couldn't help laughing and asked, "what are you laughing at?"

"Nothing! I'm just a little happy. "

"What are you happy about? Because of seeing your mother? " Gu Chengxiao twisted his eyebrows to see his son. Wasn't he unhappy just now?

Chapter 1380

"Daddy, is she really my own mother?" The little guy doesn't believe that Xu an is his mother.

"Whether she is or not, daddy is by your side. You can choose not to live with her." Gu Chengxiao made a serious voice to him.

"Well." The little guy nodded, thinking that he really wanted someone to accompany them, the beautiful sister he had seen last time.

Now, she's on her way.

Xu Xinyue had to come out first. Fortunately, she made lunch for grandma. She said something to grandma, and she came to the side of the road to block the car and get on the taxi. She gave the driver a look at the restaurant address sent by the little guy.

The driver immediately stepped on the gas and drove her over.

Sitting in the back seat of the car, Xu Xinyue's heart had already flown by first. She thought that the little guy didn't look like an ordinary person in his clothes. Didn't his family worry?

Throw such a small child in the dining room. What if he is abducted? What if I'm carried away?

Now the means to abduct and sell children are so smart, and so small children can't be a bad person at all.

In the dining room, the little guy back to his position became the focus of the Xu family. Li Jingya and her husband looked at each other with tears in their eyes. This is their grandson. How beautiful he looks! Like a little angel.

"Little Shepherd takes good care of it." Li Jingya praised.

Hongmeishan smiled, "yes! Xiaomu is smart, obedient and sensible, and very smart. He can learn everything as soon as he can. He knows a lot before he goes to school. "

"Xiaomu must be a gifted baby." Li Jingya thought, with Gu Chengxiao's genes, her grandson will be a business genius in the future.

In Xu an's eyes, he was excited. He looked at his son and the men around him. If they were a family of three, how happy they would be!

"Xiaomu, I bought you a gift, which you like!" Xu an tries to get the little guy's favor.

But the little guy didn't like her. He asked, "how do you know what I like?"

When Xu an choked, she was asked by a little guy. She quickly smiled and said, "I heard from the boss that your little boy prefers remote control cars and robots, right?"

"If I want to, my father will buy it for me." The little guy obviously didn't take her presents.

Xu an can't help but get hurt. She looks at her parents in the opposite direction. Xu Taoyang smiles and comforts them. "An'an, don't worry. Chengxiao said it! When children recognize each other, they will develop feelings when they get along with each other more. "

"That is to say, Madame Gu wants your family to be reunited. In the future, you can get along with Xiaomu more." Li Jingya also said with a smile. She looked at Gu Chengxiao's face.

I found that his attitude was too cold. Didn't his daughter's dress come into his eyes today?

Hong Meishan also comforted, "An'an, don't worry, don't be sad, the blood is connected, the small animal will recognize you, slowly."

With Hong Meishan's comfort, Xu an was relieved. She nodded and made a strong smile on purpose, "I will wait patiently for Xiaomu to recognize me."

The little guy stared at the time on his watch from time to time. He thought, when will that beautiful sister come?

Hongmeishan asked the waiter to start serving. She also made her son warm to the Xu family many times, but in Gu Chengxiao's heart, he was not friendly to people who were not important.

In the box, only Hong Meishan and Li Jingya have been talking about their children's childhood. Xu an looks at her son from time to time. Then, Mei Mou looks at Gu Chengxiao affectionately, hoping that her son can not recognize her. However, if Gu Chengxiao likes her, it's OK.

A taxi stopped at the door of the restaurant. The driver said to the girl who was dazed behind him, "Miss, your destination is here."

Xu Xinyue immediately looked through the window and saw the signboard of the restaurant. She was surprised. It was a high-end restaurant!

"Master, are you sure it's here?"

"It's OK. This is the only one in the whole city. The consumption in it is amazing! We can't afford it, miss. If you have friends to treat you, you have to eat more. " The driver joked.

"Thank you!" Xu Xinyue also made a laugh. She paid to get out of the car.

According to the address, this restaurant is right. Although such a high-end restaurant is less likely to take the little guy away, if it comes, go up and accompany him! When his family arrived, she left immediately.

When Xu Xinyue walked into the entrance of the hall, the waiter asked, "Miss, which box are you from?"

"The guest in box 806 asked me to come." Answered Xu Xinyue.

Looking at her dress, the waiter looked down on her. Yesterday, Xu Xinyue didn't pack her clothes to go back to her aunt's house. So she found out the old clothes she had worn five years ago.

A white T-shirt and a pair of creased jeans. Although she is beautiful, she can be seen as rich or poor by serving the staff here at a glance. But now, the waiter dare not look down on her. She smiles and warms up, "Oh! Are you Mr. Gu's guest? "

Xu Xinyue thought that the little guy was Gu Yimu. She thought it must be the little guy's father. She nodded, "yes."

"OK! This way, please. " The waiter immediately made a sign for her to come.

Xu Xinyue came in and looked at the decoration design in the restaurant. He was shocked. As expected, ordinary people couldn't afford it!

Xu Xinyue followed the waiter to the box on the second floor and arrived at the door of the box in 806. She knocked on the door for her. Then, the waiter pushed the door open and made a gesture of "please come in, miss."

When the waiter opened the door, Xu Xinyue heard the voice of the woman in the box. She was shocked. Isn't it just a little guy?

But she still wants to have a look at the people inside. She can't help stepping in.

When the waiter knocked and pushed the door suddenly, the voice in the box calmed down. Everyone looked at the door in surprise, and saw a tiny figure stepping in.

Xu Xinyue.

Xu Xinyue looked at the people in the box, and was shocked. Among the guests, there was her uncle's family.

And Xu Taoyang husband and wife and Xu an can't believe that they suddenly appear in Xu Xinyue.

What happened to her?

However, in the shocked eyes of Xu's family, there was a man staring at the girl who came uninvited. He could not help being surprised, but he was more curious.

What is she doing here?
