

U. CEO Daddy 1381

Chapter 1381

Xu Xinyue's breath smothers. Before he makes any response, he hears a cute voice shouting to her, "beautiful sister, here you are."

Xu Xinyue's beautiful eyes looked at the little boy who called her. She couldn't cry or laugh. The little guy lied to her!

He is very safe with his family!

"Xiaomu, you invited this young lady?" Asked Hong Meishan in surprise.

"Yes! She's an honored guest I invited. Grandma, can you invite this beautiful sister to dinner? " The little guy asked earnestly.

But Xu an's face has already changed with anger. Why does Xu Xinyue appear on this occasion? What qualifications does she have to come here? Is there something wrong with her?

Did she know that her surrogate child was Gu Chengxiao's? So what do you want to come here for? Or do you want to rob her of Chengxiao?

Li Jingya responds quickly. She smiles and Mimi gets up, pretends to be surprised. "Happy, how are you here?"

Hong Meishan was stunned and asked curiously, "Mrs. Xu, do you know this lady?"

Li Jingya reaches for Xu Xinyue and brings her to Hong Meishan. "Mrs. Gu, I'm sorry, my niece is not sensible and ran around. It's our improper education."

"Your niece?" Hong Meishan was surprised again and again.

Xu Xinyue has already panicked, even she has felt Xu an's anger, she is also inexplicable, and at this time, she felt a strong gaze on her body, so strong that she had to turn her head to see the owner of these eyes.

A young man sitting in a position with a handsome and elegant face.

She looked at the little guy who was smiling at her. She was shocked. Is this man the father of the little guy?

"Yes, she is my uncle's daughter, and I don't know why she came here." Li Jingya turns her head, a pair of smiling eyes, clearly like a knife staring at Xu Xinyue's face.

Xu Xinyue then responded, smiling at the audience, "I'm sorry to disturb you, I'll leave now."

"Pretty sister, will you not leave?" The little guy immediately pleaded, and then, very hard to climb down his child chair, quickly to Xu Xinyue's feet, put out a pair of small hands with meat to hold her thigh, and raised his head to plead, "don't go, sister, stay for dinner."

This scene surprised everyone present. When did Xu Xinyue get to know Gu Yimu?

This scene can make Xu an's heart disease come out quickly. She has been flattered for a long time. Her own son is indifferent to her. When Xu Xinyue appears, her son will hold his thigh. What's the matter?

This makes her face of her own mother, where to put it?

"Gu Yimu, let go." A stern male voice rebuked him, and Gu Chengxiao's handsome face stared at his son displeased.

"I don't want to. I want my beautiful sister to stay for dinner." With that, the little guy tightened his arms again for fear that his father would come and pull him away.

"Xiaomu, it's very impolite of you to let go of this sister's leg first, OK? Oh no, Xiaomu, you are not her sister. You should call her cousin. " Hongmeishan rose with a smile and was very friendly to Xu Xinyue.

However, the man on the other side frowned. He was not pleased with his son's recognition of the cousin. He knew what she was engaged in.

The funny thing is, didn't the woman recognize him?

Xu Xinyue didn't recognize him. That night, she was so drunk that she was dizzy and dizzy that she could see double-layer shadows. Therefore, she couldn't be expected to recognize this man.

Xu an looks at Hong Meishan's marriage. She thinks Xu Xinyue can't stay here any longer.

She stood up and walked to Xu Xinyue, smiling, "Xinyue, aren't you going to take care of your grandmother? Why do you have time to come here? "

There was a smile in her eyes, but the warning in the smile was very obvious.

Other people can't see it. Xu Xinyue can see it at a glance. Xu an is looking for a reason to get away from her!

At the same time, Xu Xinyue was at a loss. The scene was embarrassing. She said, "yes, I have to take care of my grandmother." Then she lowered her head and said to the little guy, "I'm sorry, kid. I can't stay. I have to go home. Let me go, OK?"

The little guy's big watery eyes showed his loss, so he had to let go of his little arm. Hong Meishan picked him up and said to Xu Xinyue, "Miss Xu, let's have lunch and then go! Anyway, we are all family! "

A family? Xu Xinyue listens in amazement. What's the relationship between the Xu family and this beautiful lady? Is it a relative of the Xu family?

"Mrs. Gu, my cousin's grandmother is not in good health. She has to go back to take care of her." Xu an continues to make excuses for Xu Xinyue to leave.

Xu Xinyue was also embarrassed and wanted to get out. She said quickly, "yes, I have to go."

With that, she waved to the kid, "goodbye, kid."

When Xu Xinyue wanted to leave, Xu an immediately said, "I'll give it to you." Without waiting for Xu Xinyue to say no, Xu an sent her out.

Where is her delivery? She just watched Xu Xinyue leave.

On the table top of the restaurant, Gu Chengxiao's eyes narrowed to understand why Xu Xinyue appeared here. Her son asked her to come here. Last time, his son said that he got the phone number of a beautiful sister, which was her.

When did the woman approach her son? Does she want to do business on his head?

Such a woman, he will never allow her to approach her son within one meter, even if she is the son's nominal cousin.

Xu Xinyue felt Xu an's knife like eyes. She walked out of the restaurant door, and Xu an still followed her, waiting for her to get to the street nearby. Xu an clasped her wrist forcefully and asked in a cold voice, "Xu Xinyue, why are you here?"

Although Xu Xinyue was also depressed, she didn't get angry that the little guy lied to her. She coldly wanted to get rid of her hand. "I don't need to explain it to you."

"Why do you get close to that child? What's your purpose?" Xu an continued to press questions, looking furious.

Xu Xinyue frowned. "I didn't mean to disturb you for dinner."

"Do you think I will believe it? I can see through what you think. Don't think you gave birth to this son for me. You have any right to get close to him. You can keep away from my son. " Xu an angrily warns.

Xu Xinyue, who was pinched to the pain of her wrists, was thinking about struggling. Hearing this sentence, she was stiff in her struggle. Her breath was short and she asked excitedly, "is that child yours?"

That is to say, she was born by surrogacy?

Chapter 1382

"Don't pretend to be me. You came here just to show your face in front of his father with this child? I tell you, Gu Chengxiao is mine. You can't think of any bad ideas. Otherwise, I'm not polite to you. " "If you dare to show up in front of my son again," she said

Xu Xinyue, who was thrown away, took two steps back with a clatter. Suddenly her eyes turned red and her excited tears were rolling. My God! It's the child.

The baby she gave birth to in October is this lovely little guy. At this moment, Xu Xinyue is really pleased.

He used to be so cute, so beautiful, so healthy.

"What tears do you shed? What does that child have to do with you? Xu Xinyue, get out of here. " Xu an reached out and called her to go.

But at this moment, in Xu Xinyue's heart, the excited and joyful mood submerged her, she didn't care about Xu an's cruel words at all.

During these four years abroad, she dreamed of this child from time to time, thinking how happy and satisfied she would be if she could see him in this life.

Now, this dream has come true.

"What are you doing here? Get out of here. " Xu an is suddenly scared. In the past four years, Xu Xinyue seems to have been reborn. She used to be weak and deceiving. Last time, she showed off her charm on the stage, which really seduced men. Therefore, she was afraid that Xu Xinyue would attract Gu Chengxiao's attention and steal her limelight.

Xu Xinyue looks up at the direction of the hotel. She turns around and stops a taxi to sit in and leave.

Xu an gasped for breath, and Li Jingya, who had never seen her back, took the opportunity to come out.

Looking at her daughter's huff and puff, she is also full of resentment. What's the trouble for Xu Xinyue to appear here?

"Is that stinky girl gone? Did she say what she was doing here? " Li Jingya asked her daughter.

"What else can she do? She must have known that she was Gu Chengxiao's child in her surrogacy. She wanted to come here and find a sense of existence, but also wanted Gu Chengxiao to look at her more! " Said Xu an, gnashing his teeth.

"She dreams." Li Jingya scolded in the direction of the street, "don't look at your origin, dare to rob people with you, hum, beyond your control." Li Jingya continues to spit.

"Strange, when did she meet Xiaomu in advance? Does she have any plot long ago? She must be. She must have planned to appear today. She even appeared at Xiaomu's side before me. Now, Xiaomu is so indifferent to me. She must have said something bad to me in front of Xiaomu. Xu Xinyue, I will kill her. " The more Xu an thought about it, the more he thought about it, the more vicious Xu Xinyue was. In addition, Gu Yimu's indifference to her and ignorance of this account were all counted on Xu Xinyue.

Otherwise, as her son's natural mother, she can't be treated so coldly by her son. Just now, her son hugged her, but refused to look at her.

Hearing this, Li Jingya immediately agreed.

"I say why Xiaomu is so indifferent to you. It turns out that this stinky girl is doing all the bad things about you in secret. It's cruel. There's something in life that no one teaches."

"Mom, don't let Mrs. Gu and Gu Chengxiao know that she gave birth to Xiaomu on her behalf. At that time, you shouldn't tell Mrs. gu!"

Li Jingya thought carefully and said, "I signed the surrogate contract with Xu Xinyue in front of the doctor. Even if Mrs. Gu had read her information, she should have forgotten about this matter. At that time, she only wanted an heir, a surrogate. What's the importance? Even if she had seen it, she would not have remembered it. "

"Yes, at that time, Mrs. Gu was so exhausted that she was taking care of Gu Chengxiao who was in a coma. As long as Xu Xinyue didn't take the initiative to identify the surrogate, she would not know it was her." Xu an also believes this, or she will recognize it just now.

"Then we have to warn Xu Xinyue. We can't disclose her surrogate status to Mrs Gu. Although it's nothing to say, Xu Xinyue's mind is vicious. It's inevitable that she will do something to hurt us."

"Mom, I'll go to her after this meal." Xu an can't wait to cut off the news.

At least Gu Chengxiao doesn't know it's her. If he feels grateful for the surrogate and finds her, doesn't Xu Xinyue have a chance to climb up on him?

No, no, she will never let this happen. Xu an is going mad.

When the two mothers and daughters returned to the dining room, Hong Meishan asked with concern, "did Miss Xu leave?"

"Ah! My niece! Bad luck, fortune teller is that she was born with evil spirit, hit the gram people, this is not, I a pair of uncles and sister-in-law Duke died. " Li Jingya directly discredits Xu Xinyue's life style and describes her as a disaster.

"She's pathetic, too." Hong Meishan sympathizes.

"Where are Chengxiao and Xiaomu?"

"Miss Xu is gone, and Xiaomu is still angry! I don't know what happened to the child? I like Miss Xu so much and was taken out to educate by my son. " Hong was also surprised.

Xu an's heart is not feeling. When Xu Xinyue appears, he steals his son's heart. He doesn't know what Gu Chengxiao thinks of her. At the moment, in the empty box of a restaurant, Gu Chengxiao's long legs folded gracefully, staring at the son with a small head hanging on the opposite side, and asked in a deep voice, "I ask you why you want to find this woman."

I was scolded just now. Now I'm feeling wronged! "I like this sister. I want daddy to marry her home!" he said with a flat mouth

Gu Chengxiao's voice immediately snapped, "nonsense."

Let's not say that this woman or Xu an's cousin is her son's nominal cousin status. Even if she is not, how can he marry a woman like her who doesn't know how to behave?

"Wuwu..." The little guy put tears on his eyes and sobbed in a low voice.

"What can I cry for? Your biological mother is there. If you need someone to take care of you and raise you, I can let her come home. " Gu Chengxiao twisted his sword brow and didn't get angry.

"I don't want to I only want that beautiful sister. " The little guy said stubbornly.

"Did you fall for her?" Gu Chengxiao hums coldly.

"I like her." Cried the little fellow, paranoid.

"Where is she worth your liking?" Gu Chengxiao rings his arm and bends over slightly.

"She's gentle and beautiful. She's the best mom for me." The little guy sniffed and his voice was firm.

Gu Chengxiao can't help his forehead without words, and his childhood education is not bad. How can he meet that woman? His son is like a devil?

Chapter 1383

What tricks did the woman use against her son? Let her son think so?

But he will never allow a woman who lives by selling herself to take care of his son, even if he is not Xu an.

No, she will never see her son.

At the moment, sitting in the back seat of a taxi, Xu Xinyue is like a madman. He laughs for a while, covers his mouth for a while and is moved to cry, sighs for a while and suffers for a while.

She's really excited. Although her body is as good as before, she can close her eyes and think of that little guy's mischievous appearance in her stomach. She has to practice boxing in her stomach sooner or later. During that time, although pregnancy is difficult, she is very happy.

Just now, did Xu an mention that his father's name was Gu Chengxiao?

She seems to have heard the name somewhere. Xu Xinyue picks up her mobile phone and searches the Internet.

After a while, some of Gu Chengxiao's materials and news appeared. A report from the business information newspaper talked about Gu Chengxiao and his empire group in detail. Every word in the article was praising the man and his perfection as a God.

At the same time, the article also points out his hard to estimate value and his transcendent position in the business world.

Xu Xinyue understood that the man Xu an donated was him, but why did this man want children in this way?

She can't think about these things, but she knows that Xu an is now determined to marry this man and form a family with their son, so her appearance makes Xu an so angry that she thinks her surrogate mother will destroy her position in this man's heart.

Oh!

She would never do such a thing, even if she didn't have to face it again.

Now, the only comfort for her is that the little guy is growing up healthily.

She hoped that Xu an could be a competent mother and accompany her son to grow up happily.

In the restaurant, the little guy has been in a low mood and his eyes are red. He seems to cry at any time, but under Gu Chengxiao's warning eyes, he tries to hold back a package of tears.

It is very painful for everyone present.

Hong Meishan is the most distressed, and Xu an is the worst. How could her son make such a big mood for Xu Xinyue?

What curse did Xu Xinyue put on her son when she didn't know it? Let her son not recognize her?

Xu's husband and wife also love their daughter, but they can't help it. The child needs time, so they can only make her work harder later.

Gu Chengxiao didn't eat anything either. His expression was always calm and unpredictable. Xu Taoyang on the opposite side chatted with him for a few words, and he didn't reply impolitely. However, he likes to chat to death in minutes, which makes others feel embarrassed and cold.

After many twists and turns, a meal was finally finished. A group of people went downstairs. Xu an watched Gu Chengxiao's son in his arms. He was still very happy. He watched the father and son with high beauty. She accompanied them and became a family.

"Thank you for your hospitality, Mrs. Gu. I'm so happy today! The most exciting thing is to see Xiaomu. " Li Jingya's eyes burst into tears.

"Xiaomu is still young and not sensible. Don't be surprised. I'll let Ando walk around in the future. It will get better." Hongmeishan asked.

One side of Xu an immediately happily replied, "thank you, Mrs. Gu. I will accompany Xiaomu when I have time."

"Mom, I'll go first." Gu Chengxiao opens his mouth, holding his son to the car that has opened the back seat at the gate.

"Chengxiao, take good care of Xiaomu." Hong Meishan said after him.

Gu Chengxiao just got ready to get on the bus. What did he think of? He said to his son with a small head in his arms, "you haven't said goodbye."

The little guy who had endured half a meal and wanted to cry, Wei Qu Baba raised his head and waved to Hong Meishan, "goodbye grandma."

In the voice line, there is already a trace of crying.

"Ouch! My little grandson, don't cry. Grandma will see you in the evening. " Hong Meishan came over and stroked her head.

Gu Chengxiao is helpless. His mother dotes on him. He takes him into the car, puts him in the safety seat and buckles him up.

Xu family three, quickly waved, watched their father and son leave.

Xu an's eyes are not willing to take back for a long time. Although Gu Chengxiao is cold, his charm is not damaged. Even because of his cold treatment, she is even more fascinated.

Once fall in love with such a man, it will be spoiled! Xu an has seen so many men, and he has seen them clearly for a long time.

Therefore, she must be Gu Chengxiao's heart top man, and he will spoil her as a princess in the future.

Hong Meishan and Xu's husband and wife shook hands and said goodbye. They said to Xu an, "An'an, I know you are wronged today, but don't be discouraged. Xiaomu needs time. We all understand."

"Aunt, how can I blame him? It's too late for my heartache! I can't accompany him before. In the future, I will give him all my love and care. I believe I can move him. ""Of course, you are Xiaomu's own mother!" Man Meishan also firmly believes that, in this world, what is more intimate than the love between mother and son? Li Jingya said to her husband, "Tao Yang, go to the company! Ann and I are going somewhere in a moment. "

Xu Taoyang nodded. No matter what, it's time for his daughter to marry in. He can get Gu Chengxiao's help in the project later.

As soon as Xu Taoyang left, Hong Meishan's car came up and she left first.

The rest of Li Jingya's mother and daughter also got on the bus.

Just now that she has a private space for her mother and daughter, Li Jingya has just changed her smiling face, which looks like a female tiger eating people.

So is Xu an. Just now, in front of Hong Meishan, the image of being gentle and lovely has become full of resentment.

"A good meal was ruined by Xu Xinyue. If she doesn't show up, maybe Xiaomu will recognize me." Xu an counted all the mistakes of today on Xu Xinyue.

Li Jingya immediately pulled open the shield and gave the driver an address, which was exactly the direction Xu Xinyue lived in.

"Let's go to her now, and give her a good warning, so that she doesn't know what to do, and dare to rob Chengxiao with you. Where is her confidence?" Li Jingya is unfair for her daughter.

"Well, a good warning must be given, or she thinks she can go to heaven." Xu an's teeth were gnawed with anger.

At this moment, Xu Xinyue has returned to grandma's house. Grandma left her food. When she came back, she got hot.

Chapter 1384

Xu Xinyue was still in some agitation. She carefully recalled the scene of chatting with the little guy, thinking about it, and she couldn't help laughing.

But when she returned to her mind, she sighed bitterly again. She should be satisfied and should not think about it more.

The child is shared by Xu an and Gu Chengxiao, and she just gave birth to him.

"Happy to eat!" When the old lady saw her stupefied, she said something.

Xu Xinyue smiled and nodded, "well, grandma, go to sleep!"

The old lady has the habit of taking a nap in the afternoon. She is too old to stay up without sleeping, so she goes to sleep.

Xu Xinyue finishes eating and tidies up the table. She sits on the sofa and continues to be dazed. In her mind, she thinks of the cold man in the restaurant. He is Gu Chengxiao. Has she met him anywhere?

Is it because he is too much like the shepherd, so she has such an illusion?

Xu Xinyue chuckles. It must be like this. The little guy looks like 70% of him!

Xu Xinyue doesn't know that a pair of murderous mothers and daughters are killing in the direction of her grandmother's house.

The driver stopped at the door of Xu Xinyue's grandmother's house at the fastest speed. This is the corner of an old city. The houses here were built 40 years ago and are about to be demolished.

A black car stopped. Before the driver could open the door, Xu an's mother and daughter got out of the car. Xu an looked at the shabby building. She frowned and asked, "Mom, are you sure it's here?"

"Yes, it's here. I've been here before. It's this three story building." Li Jingya said as she walked straight to the gate.

Xu Xinyue is sitting on the sofa. She is shocked when someone knocks at the door. Who is it?

She didn't think much about it either. She got up, walked over, opened the door, and saw a pair of flamboyant mothers and daughters standing outside.

She was stunned, knowing that the people who came were not good, and why they came.

Seeing her open the door, Xu an sneered, "so your grandmother lives in such a shabby place! It's going to rain down! "

"Xu Xinyue, we have something to tell you when you come out." Li Jingya ordered with a face.

"What's the matter with aunt?" Asked Xu Xinyue with a cold face.

"Do you want us to go in or come out with us?" Xu asked.

Xu Xinyue thought that grandma was sleeping on the second floor, so she couldn't make any noise. What's more, they couldn't let Grandma hear what they wanted to talk about.

"There is a cafe nearby. Let's go there." Said Xu Xinyue.

The two mothers and daughters also want a quiet environment. Xu Xinyue takes the bag, closes the door and walks in front.

On the opposite side of this old house, which has been newly demolished in the past few years, has made a good large-scale shopping mall. By contrast, compared with the old city opposite, it has become two different prosperous contrasts.

There is no one in the coffee shop with more than two points. Xu Xinyue finds the most corner. Xu an's mother and daughter are sitting opposite her. One is facing each other coldly, the other is looking at her elders with dignity.

"Xu Xinyue, how do you know Xiaomu?" Li Jingya began to question.

Xu Xinyue frowned and said calmly, "last time I was on the show, I met Gu Xiaoye who was lost. We just talked a few words."

"A few words? How do you know where we are eating today? Why did you suddenly run into the box? Do you have a plan? You follow us. " Asked Xu an aggressively.

Xu Xinyue couldn't help but feel funny. "Why should I follow you? Have I got nothing to do? "

"Then why are you there? You must have a reason!"

"My presence in the restaurant is my reason, there is no need to tell you." Xu Xinyue doesn't want to talk about things with the little guy.

"You Xu Xinyue is really vicious. You secretly prevent our mother and son from recognizing each other. What do you want to do? " Xu an clapped the table angrily.

Xu Xinyue frowned, but couldn't understand. "I don't know what you're talking about!"

Li Jingya said coldly, "today, Mrs. Gu invited us to meet and let An'an and Xiaomu know each other. In the future, An'an will marry into Gu's family and become Mrs. Gu. But Xiaomu suddenly didn't recognize us as An'an. Instead, she found you. You said, did you say something to Xiaomu, instilled some vicious thoughts into him, and destroyed my safety, Let him not recognize my safety. "

Xu Xinyue finally understood. She was shocked. Gu Yimu didn't recognize Xu an? Why? Of course, it has nothing to do with her. Before today, she had no idea that this little guy was Xu an's son.

"When I met young master Gu, I didn't know that he was the child I was pregnant with. How could I destroy your daughter in front of him?" Asked Xu Xinyue.

"You don't know? I don't believe it. At that time, you were also a person who went in and out of the Gu family private hospital. If you inquire a little, you will know that it is Gu Chengxiao's private hospital. Of course, you know that my surrogate is Gu Chengxiao's child. You just want to take advantage of the hard work of giving birth to this child by yourself and ask for any benefits in front of Gu Chengxiao! " Xu an was so angry that he clenched his teeth and clenched his fists. The more he analyzed it, the more he thought it was Xu Xinyue's plan. Xu Xinyue listened and just wanted to sneer, "I promised surrogacy at the beginning, I only need money, you give me money, I give you a child safely, after that, your business has nothing to do with me, and Gu Chengxiao, I don't know him at all, and I don't want to get benefits from him."

"Do you know Gu Chengxiao? You cheat the devil! " Xu an's arm around, his face taunting.

Xu Xinyue wondered. She raised her eyebrows and said, "do I have to know him?"

As soon as Xu an chokes, in her heart, all the women will be fascinated to see Gu Chengxiao, and Xu Xinyue's words will make her extremely bored.

"Gu group, you should know! It's the landmark skyscraper in the center of the city. He is the president of Gu's group. He has a fortune of hundreds of billions. Do you know him? But whether you recognize it or not, Gu Chengxiao is my husband in An'an's future. If you dare to make up your mind, I will never let you go. " Li Jingya warned coldly, "I know your grandmother lives here, and that your unmarried old maid and aunt work in the supermarket opposite."

Xu Xinyue is angry and stares at Li Jingya on the opposite side, "shut up! You're not allowed to say that about my aunt. "

"She can't get married, can't I say that? Hum! There must be something wrong with it. " Li Jingya picked up Xu Xinyue's unhappy words.

Chapter 1385

Xu Xinyue is really angry. "You can fight against me, but please respect my family."

"Chi! What respect do you have for a family like yours? " Xu an despised her.

"All right! If you dare to get close to Gu Chengxiao and Xiao Mu, don't blame me for being merciless. We don't know who will have any accident if your grandmother or your aunt or you. " Li said, pulling up her daughter, "Ann, let's go."

Finally, it is Willie of the red fruit.

Xu Xinyue can fight against the mother and daughter regardless of her own safety, but she can't ignore her family. She stands up and says, "don't hurt my family, I promise you, I will never be near Gu Chengxiao and his son."

Li Jingya walked a few steps. Hearing her answer, she was satisfied.

"You'd better do what you say. If you can't do it, wait for the consequences!" Xu an did not forget to put down a cruel word.

Seeing the mother and daughter leave, Xu Xinyue sighs. Her heart firmly surges with determination. She must not let Grandma and aunty do anything.

So, she will stay away from the father and son.

Besides, she didn't meet them at all! What about staying away?

Maybe I won't see them in my life.

Gu Chengxiao's villa.

The two father and son have been sitting on the sofa since they came back. The father's face is serious and the son's face is stubborn, which causes the mastermind of the battle.

It's the woman who popped up in the restaurant today.

Xu Xinyue.

"Never see her again, never call her again." Gu Chengxiao's voice line is cold.

"I don't want to, even if I can't be my mommy, can't I still be a friend?" The little guy raised his little face and asked.

Young voice, answer very seriously.

Gu Chengxiao's long fingers, chagrined and holding his forehead lightly, narrowed his eyes, opened his mouth again, "no friends are allowed to do it."

The little guy's mouth was flat, he had to endure the tears for a long time, and finally made a crash. He was very angry. He shrugged his shoulders, but he didn't dare cry, so he was crying under his throat.

"Let's cry! There is no room for negotiation in this matter. " After Gu Chengxiao finished, he Shuai, the assistant standing outside, said, "look at him for me."

He Shuai just came to send a document! I didn't know that when I just arrived here, I met a father son war. I saw the boss get so angry for the first time. I saw that the young master was crying into a small water bag, but he was not soft hearted.

What is the cause of such a serious father son war?

Maybe he Shuai wants to break his head and doesn't understand that it's a girl who has nothing to do with this father son war.

Gu Chengxiao's slender figure stepped from the side hall to the garden. His mood is really depressed today. A good son is possessed by something magical.

I have to pester that girl to be his mommy and son. I don't want him to be my own son. Although he doesn't like people disturbing his life and his son's life.

However, if two women have to choose one, of course, he will let Xu an participate in it. She must be the son's biological mother.

But that eyebrow eye although resemble son's woman extremely, he does not allow.

Gu Chengxiao is also strange. Is this the next generation gene? Why not like Xu an, but like her cousin?

No one can say for sure. Gu Chengxiao is walking in the back garden, leaving the little guy in the hall crying.

The little guy cried louder and louder since his father left. However, his father mercilessly left him for a walk.

He Shuai sat beside the little guy and coaxed him for a long time, but he could not coax him. He could only accompany the little guy in silence.

But the little guy had the habit of taking a nap in the afternoon. With this crying, he was so tired that his tears were still around his eyes. He held a pillow and fell asleep on the soft sofa.

And he Shuai is thinking about what to do, he sees the side hall, Gu Chengxiao's figure steps in.

He hurriedly got up and whispered, "Mr. Gu, the young master is asleep. Do you want to take him back to the room to sleep?"

Gu Chengxiao walked over and laid the little guy flat and didn't want to carry him back to the room to sleep.

"Send the papers to the study." Gu Chengxiao just left the little guy on the sofa to sleep. He's going to deal with the work.

A year ago, there were four servants waiting here, but Gu Chengxiao found that the little guy was so dependent that the nanny almost finished everything he needed to do and raised a delicate young master completely.

Therefore, Gu Chengxiao dismissed all servants in order to cultivate his son's independence. Now in a villa in Nuo University, he lives alone with his father and son.

He is usually taken to the company for work. In the company, a toy room is also set up for him. As his subordinate, he has to be responsible for helping him look after children.

He Shuai has not been married, and has accumulated some experience of taking children. He Shuai put the document down, picked up the top document and handed it to him, "President Gu, the demolition money of that land has been calculated, look, sign, and you can start the construction."

Gu Chengxiao nodded, "this thing should be done quickly. I don't want to delay the construction of the construction site."

"Don't worry! All goes well. "

An old urban area has not been set foot by investors for many years, because the place is too big to be demolished. However, when Gu Chengxiao sees it, he says it will be demolished.

Xu Xinyue returned to her grandmother's home. She got a reply to the email she sent to the company's boss last night.

Although the result of the show was not as expected, it also made the company famous. Although it failed to cooperate with Jessica, it also attracted a lot of cooperation.

Xu Xinyue said in the email that she would take a month off, which was also agreed by the other side. At the same time, she was also given good news.

She applied for the transfer of the domestic branch, which has been agreed. After one month's leave, she can report to the branch.

Xu Xinyue was annoyed by Xu an's mother. Seeing the good news, she was still in a good mood.

Finally, she can do the work she likes and be with her favorite family.

Xu Xinyue hears the sound of a key. It must be Xiaoyi who comes back from work.

Sure enough, Shao mushroom, who pushed the door in, looked tired.

"Little aunt, is it too tired to work?" Xu Xinyue immediately sent her a glass of water.

Shao mushroom shakes her head, looks at her and smiles, "it's OK to be tired." After that, she pulled Xu Xinyue to her side and said, "there is something I have to tell you first. A month ago, I heard that the old town is going to be demolished. However, I didn't expect that it would come. I called my cell phone at noon."

Chapter 1386

"This is a good thing!" said Xu Xinyue

"To me, it's a good thing, but to your grandmother, it's exciting. Your grandfather left it to your grandmother. She can't give up!" Shao mushroom sighed and was worried about how to tell her mother about it! Although she is satisfied with the square calculation standard of the demolition money.

But taking into account the mother's ideas.

"Will grandma disagree?" Asked Xu Xinyue in a low voice.

"Grandpa died here. There are memorial tablets for grandpa on the second floor. Grandma is superstitious. She said that Grandpa would come back here to have a rest. Therefore, she is convinced that this is Grandpa's other home under Jiuquan. When I mentioned last time, she was very angry."

In Xu Xinyue's mind, he also thought of his kind grandfather. His eyes were red. Grandpa died when she was 18 years old. She was fostered here when she was eight years old, and her feelings with Grandpa were very deep.

"Can you not dismantle it?" Xu Xinyue sniffed slightly.

"How can we not dismantle it! The document has been issued. We have to move out three days later. The demolition team is coming. The whole old area needs to be demolished. Like the other side, we need to build high-rise buildings, and we are satisfied with the compensation. I have no opinion, so I'm afraid your grandmother won't agree. "

Xu Xinyue also knows that there is no room for recovery. That is to say, it is for urban planning and construction. This kind of old urban area must be demolished.

"Then let's advise grandma!"

"In the evening, we advised her together. I asked for leave these two days, and I will pay the demolition money tomorrow. How can we move out of here after three days?"

"Good! Then we advise grandma. " Xu Xinyue nodded.

For dinner, Shao mushroom made two big dishes, and three people in the family also had a delicious dinner.

Xu Xinyue first told grandma and aunty about their job transfer. Both of them were very happy, which means that they can live together instead of separate.

"I still have a month's holiday. I'll go to the hotel tomorrow to pack up and come back."

"Good!" Shao mushroom nodded, then looked at Xu Xinyue and began to signal that she would talk about the demolition.

As the old lady was eating, Shao Gu put down her chopsticks and said to her mother seriously, "Mom, do you remember what I told you about the demolition here last time?"

The old lady's muddy eyes stared at him. "What's the matter? Is it not to be dismantled? "

"No It's really going to be demolished. The government has informed us to move out of here within three days, and the demolition money will be distributed tomorrow. "

"What? I don't agree. I don't agree to tear it down. " The old lady had a great opinion at once. She didn't want to leave here.

"Grandma, I can go to buy a new house. We'd better live together!" Xu Xinyue also advised.

But the old lady didn't like it. "I don't care about new houses. This is the house your grandfather built with me. I have feelings for this place. I don't want to leave."

Shao Gu and Xu Xinyue look at each other. They don't know what to do.

"Mom, the demolition money is enough for us to go to a better neighborhood to buy a house with three bedrooms and two bedrooms. The house here is too old, which affects the city appearance and appearance. We have to plan. We are a first-line big city. Even if we don't dismantle it this year, we must improve it next year and the next year." Shao mushroom slowly talked about the truth.

"Then I'll take it apart when I'm dead!" Said the old lady stiffly.

"Grandma, you can't say that. You live a hundred years. You live a long life." Xu Xinyue retorted.

"Anyway, the demolition office is coming. We have to move. Tomorrow I'll find the house. The day after tomorrow, let's move!" Shaogu can only say that.

The old lady suddenly burst into tears with a hot eye. "This is the house where your grandfather and I have lived for more than 30 years. How can I give up! I don't want any new house. I just want to live here and feel at ease when I die. I want to accompany your grandfather's dead. I know the old man hasn't left. "

Shao Gu glanced at his mother and shook his head. "Dad has already left."

Xu Xinyue doesn't know how to persuade grandma. She can understand how strong grandma's feelings are.

"Xinyue, you go to the hotel tomorrow to pick up your things and come back early. I'll find the house."

"OK, I'll be back in a hotel." Xu Xinyue nodded.

The old lady didn't eat any rice. She was so angry that she went back to her room to sleep. Xu Xinyue was also very upset with grandma. She couldn't help thinking about who had to tear it down?

In Gu Chengxiao's villa, in the evening, Hong Meishan brought her cook, bought vegetables and cooked a good dinner.

The little guy didn't get upset either. It wasn't that he didn't, but he saw his father so severe for the first time. So, knowing that it won't do any good, he was safe.

However, he hid Xu Xinyue's phone number well, and he would call her if he had a chance in the future.

After dinner, Hong Meishan sat on the sofa and said to her son, "Chengxiao, the child needs maternal love. It's a pity that he didn't grow up with maternal love. Although your father left, you were 22 years old at that time, but Xiaomu was still young. He was just four years old. He needed more people to accompany him." "Mom, what do you want to say, just say it!" Gu Chengxiao asked calmly.

"I mean, in the future, let Xu an come to accompany Xiaomu when he has time. Although Xiaomu doesn't recognize her now, it's better to have more company."

"Mom, are you sure Xu an is Xiaomu's mother?" Gu Chengxiao asked casually.

Hong Meishan was stunned and gave him a white look. "How could it not be? Xu an is the donor that I picked out personally, and the test tube operation that is done in our hospital again, you say, can this still have false

"Who is Xiaomu?" Gu Chengxiao asked again.

"It doesn't matter who was born. I took care of you with all my heart. This is what Mrs. Xu is doing. How much like you when the baby was born! It's just as like as two peas. " Hong Meishan can't forget the way her grandson held her when he was born.

Gu Chengxiao didn't know that his mother gave birth to a child in this way when he was dizzy, but he had no resistance. What's more, now the little guy is the most important existence in his life.

"All right! If you want her to come, let her come! If Xiaomu doesn't like her, I will let her come less. " Gu Chengxiao agrees.

"Why doesn't Xiaomu like her? This blood is connected. He will like Xu an. " Hong Meishan said firmly.

"It's late. Do you want to rest here?"

Chapter 1387

"Well, I want to sleep with Xiaomu. Your severity today scares him." Hong Meishan said in a strange way, "there is not much serious matter. How can you scold him like this? What's more, Xiaomu's call is also the second miss of Xu's family. It's a family. You don't need to hate people so much. "

Gu Chengxiao naturally can't tell his mother what kind of work Xu Xinyue does. He said quietly, "I always do this to women."

"You! If I didn't have Xiaomu, according to your character, when can I hold my grandson is still unknown. " Hongmeishan complained, but thinking that her little grandson is going to take a bath, she smiled and went to the toy room to find her grandson.

Gu Chengxiao also got up and went to his study. His recent work is also heavy.

Early morning.

Xu Xinyue got up at 7 o'clock, and heard that Xiaoyi also got up to make breakfast. Because of her bad mood, grandma also went out for a walk early in the morning.

"Xinyue, I will go out to find a house in a moment. When you come back from the hotel, you will look at your grandmother. I'm afraid that she is too emotional and afraid of something."

"OK, I'll go to the hotel after breakfast." Xu Xinyue nodded.

The old lady also came back in a short time. When she had breakfast, she was in a very bad mood. She didn't even say a word. She was so depressed, which made Shao Gu and Xu Xinyue very sad.

"Mom, I will go out with Xinyue soon. Xinyue will come back soon. You can watch TV at home. Don't go out." Shao Gu asked.

"Grandma, I'll come back with you when I carry the box." Said Xu Xinyue with a smile.

The old lady nodded, "OK! Let's get busy! I have nothing to do. "

After breakfast, Xu Xinyue and shaogu set off separately. Xu Xinyue took a taxi and went straight to the hotel.

In the hotel, Lin Maomao has packed and airlifted the show clothes back to the company.

She heard that Xu Xinyue had a holiday, but she was still a new employee and had no holiday. Instead, she wanted to go back to the company to apply and then transfer back to China to help Xu Xinyue. Xu Xinyue is also very happy, "Maomao, I will wait for you to come back."

"Sister Xinyue, I will fight for it back. With you, I can learn a lot. I like to follow you." Lin Maomao smiled.

"Well, I'll wait for you. I have to go home first."

"Well, I'm also an afternoon plane. Please take good care of yourself!"

"You too. Be careful on the way."

After the two people said hello in the hotel, Xu Xinyue came out with the gift box, and the taxi was still there with double flashes waiting for her. The driver came to help her to put the gift box into the trunk, and drove back to her grandmother's home again.

Sitting in the back seat, through the bright windows, Xu Xinyue's eyes are not attracted by the tower towering into the cloud in the center of the city. The golden signboard of Gu group reflects the dazzling light in the sun.

Suddenly, Xu Xinyue understood why Xu an was so nervous. Gu Chengxiao was indeed a rich and powerful man. Xu an liked benefits so much. She dreamed of marrying such a family situation!

Xu Xinyue closes her eyes. Everything about Xu's family has nothing to do with her.

She won't disturb them, and she won't bring any more danger to grandma and aunty. She must be the Xu family now. They have money and power. They are just ordinary people with flat heads. They can't fight.

Xu Xinyue's car stops in the street outside the door. She drags her suitcase and knocks on the door. However, she only finds that the door is locked. Xu Xinyue can't help being surprised. Isn't grandma at home?

Xu Xinyue quickly took out the key from the backpack and opened the door. She pushed the suitcase forward. She called twice, but there was no response. It seems that grandma went out.

Little aunt told her to see grandma. At this time, it's the time when the demolition is just coming down and it's more sensitive.

After Xu Xinyue locked the door, she came out and looked around. She saw a middle-aged woman next door drying clothes. She hurriedly asked, "Sister Zhang, do you see my grandmother?"

"Your grandmother must have gone to the neighborhood committee brigade. It's said that some people who don't want to demolish there are making trouble there!"

"What? What is the matter? " Xu Xinyue's heart was beating fast.

"There are some old people living here who are reluctant to leave their own homes, but there must be many old people living here! Old thought, do not move, ah! There's a lot of money to make up for. Fools don't move! " The sister-in-law Zhang complained, "don't affect our move."

Xu Xinyue is worried about grandma. She hurried to the neighborhood committee. Although there is some distance from the neighborhood committee, she can only run all the way.

The neighborhood committee is a new building, with a very large courtyard. At the moment, the courtyard is noisy. Two teams of people are standing on one side, tearing at each other. On one side are the old people, on the other side are the demolition team. They are all young and strong, with defense sticks in their hands, to prevent these old people from going into trouble.

Xu Xinyue ran breathlessly. She was on a road. She was in a hurry to find grandma. She saw several black cars coming this way, and an old man was slow. She reached out to stop the car and signaled to let people pass first. The bodyguard didn't expect to brake at once. The young man sitting in the back seat and looking at the information could not help squinting his eyes and looking up, he saw a woman holding an old man across the road in front of the car.

Gu Chengxiao's deep eyes flashed a touch of consternation, and unexpectedly met her here?

At this time, Gu Chengxiao's cell phone rang, he picked up a look, is assistant Hershey's.

"Hello!"

"Boss, are you still in the old town? I just got a phone call saying that there are a group of old people and old ladies making trouble in the neighborhood committee of the old town. Please pay attention. "

"Why make trouble?" Gu Chengxiao asked indifferently.

"Basically, I don't agree to move."

"There is no less money for demolition, why not move?" Man 's voice line, calm and indifferent.

"The old man's thought, we also decent people in the past mediation, you pay attention to safety."

"Well!" Gu Chengxiao said, hung up the phone, he saw the figure of the old man, as if in a direction.

He thought for a moment and asked the bodyguard in front of him, "where is the neighborhood committee?"

"Boss, it's like this way. Do you want to go?" The bodyguard took a look at the navigation map.

"Stop." Gu Chengxiao gave a low order.

The bodyguard immediately pulled over and saw him push the door to get out of the car. He said quickly, "boss, I'll go with you."

"No, you're waiting for me here." Gu Chengxiao just used to see the trouble.

It must be said that his project is not allowed to cause trouble. The construction of the construction site is imperative. No one can stop the progress of his project.

Gu Chengxiao watched the old man come out of the alley from time to time and go to a place. He followed their direction and walked gracefully.

Chapter 1388

When Xu Xinyue heard the sound at the gate of the neighborhood committee, his heart was in a state of panic. Grandma's health was not very good. This kind of place is easy to happen.

She immediately squeezed into the crowd to look for grandma. As expected, she saw grandma and some old women talking loudly in the front direction. However, several middle-aged men opposite them had to block their entrance into the neighborhood committee with their bodies.

"Why don't you let us in? We want the group to protest the demolition. We don't agree. We don't want to move. We don't want their money. " An old man said very loudly.

"Immediately a group of old men and old women joined in, Xu Xinyue crowded to grandma's side, she called out," grandma, let's go back! "

When the old lady saw her granddaughter coming, she said firmly on her face, "if I don't go back, we have to ask for an explanation."

Xu Xinyue didn't expect that so many old men and women who lived in this area were all beaten like chickens, and the members of the demolition team were pushing their voices, trying to rush into the office of the neighborhood committee to find leadership theory.

"Grandma, it's dangerous here. Would you like to go to the back?" Xu Xinyue persuades grandma that she must be armed. In addition, there are many people pushing her back and forth. Grandma's legs are not stable and she is easy to fall.

"Xinyue, I'm fine. I don't want to move even if I'm out." The old lady is determined to stay.

At the back of this group of old people and ladies, a long and slender figure is particularly striking. He is wearing a gray suit, his hair is shaped, his facial features are beautiful, his deep eyes, in front of the situation, show indifference.

Gu Chengxiao just came to watch. At the same time, in the middle of a group of old people and old ladies, he saw the girl who was squeezed in the middle by virtue of his proud height. She was supporting an old man and was anxiously persuading.

However, the old lady continued to push the law enforcement officer in front of her. Suddenly, an old man beside her appeared to be very angry. He suddenly took the iron bar from the law enforcement officer and cut it towards him, trying to open a passage.

The law enforcement officer immediately went to grab it. He was also depressed for a long time. There was some violence in the means. The old people on the side all went to help Xu Xinyue, who was standing in the fighting area. He didn't expect such violence to happen. Moreover, grandma became one of the helpers.

The situation is a little more rigorous. Under such circumstances, there are naturally various kinds of injuries among the people who are pressing iron bars.

Xu Xinyue looked at the place where Grandma was standing. It was the place where an angry man waved his stick. Her heart was smothering with fear. She hurriedly went to hold grandma.
"Grandma, be careful."

The man didn't expect an old woman in the back. The iron stick didn't move, so he drew a stick towards Xu Xinyue's side brain. Xu Xinyue only felt that her brain was buzzing blank, and her ears were buzzing. The noise around her was gradually far away, surrounded by darkness.

"Please..." The old lady didn't expect to hurt her granddaughter by accident. She was so scared that she came to help her.

But she couldn't hold her. The people around didn't expect to hit them. She was so scared that she stepped back. The old lady couldn't hold Xu Xinyue. The other two came together to help her lie on the ground.

Xu Xinyue was knocked unconscious by this stick.

On one side, some good people took out their cell phones and took photos of Xu Xinyue's fainting, thinking of suing these people for violent law enforcement.

Even Xu Xinyue's pale face was clearly photographed.

And the man standing not far away, witnessing all these accidents, even inexplicably his heart tightened, he could not help pushing away the crowd in front of him, the slender figure towards her place.

Looking at the dizzy on the ground, the old lady in her arms was in a hurry to ask for help, but no one helped her at this time, because everyone was old and had no strength.

Gu Chengxiao looked at the girl who was pale and fainted. He crouched down and said to the old lady, "old lady, let me take this young lady to the hospital!"

The old lady looked at the young man beside her, as if she had caught the straw. "Thank you, young man. Take my granddaughter to the hospital! She can't have an accident! "

Gu Chengxiao reached out and hugged Xu Xinyue, but there were still people taking pictures beside him, but he couldn't care about it. The old lady was inconvenient in her steps, and she said, "young man, you must take my granddaughter to the hospital!"

"Don't worry. Go home first. I'll get in touch with you." Gu Chengxiao also didn't know how badly the woman in his arms was hurt. That stick just now could not be waved lightly.

After this incident, some old people went on, while others were tired to go home.

I was waiting for Gu Chengxiao's bodyguard, but I didn't expect the boss to hold a woman and rush towards here.

He hurried to open the door, heard Gu Chengxiao's voice, "go to the nearby hospital immediately."

The bodyguard also quickly got on the car, searched for the address of the nearby hospital and ran straight to it.

The windows cut off all the noise outside. In the quiet carriage and Gu Chengxiao's arms, Xu Xinyue nestles up pale and loses consciousness. Gu Chengxiao lowers his head and looks at the face of the girl who faints. He is still familiar with his brow and eyes, which comes from his son.

Gu Chengxiao couldn't help but hook up the corner of his mouth and sneer at the fainting woman, "what are you doing?"

The girl in his arms is weak and boneless. In his arms, she is light and watery. Even on her body, there is a faint fragrance of the mast. Close by, she runs between his nostrils.

Gu Chengxiao twisted his eyebrows, and his heart string kept the usual calm. At this time, the bodyguard quickly turned into a road into the hospital and stopped at the door.

He quickly got out of the car and opened the door. He wanted to reach for Xu Xinyue. However, he only heard a low male voice, "I'll come."

Xu Xinyue's body was held out by the man and walked steadily to the hall, while the nurses immediately led him to the emergency ward.

Xu Xinyue just fainted. There was a piece of hematoma on the side of her brain, but there was no skin bleeding. The doctor immediately gave her infusion and resuscitated her.

Outside, Gu Chengxiao leans on the wall with his arms around him, waiting for the woman to wake up.

The bodyguard has paid for it.

Xu Xinyue was running in the dark. Suddenly, she woke up with a stabbing pain. It turned out that it was the nurse who was inserting needles for her. Moreover, because her blood vessels were too thin, she could not find them all the time. She had them pierced twice.

Chapter 1389

"Miss, are you awake? Is there anything wrong with you?" The doctor saw her wake up, immediately came to ask, at the same time, picked up the flashlight to her eyes. Xu Xinyue's side of the head hurt to death. She held the beaten half of the head and asked, "I'm in the hospital. How about my grandmother?"

"I'm sending you a young gentleman. Can you ask her if you have any other discomfort besides headache?"

Xu Xinyue shook his head. "No, I have to go back to find my grandmother."

With that, she was ready to get out of bed, and the doctor had to say, "let's go after transfusion!! You've got a big lump on your head. You need to get rid of it. "

"May I see the gentleman who sent me?" Xu Xinyue ignores anything. The nurse beside her holds the medicine for her and pushes the door of the emergency room open.

Xu Xinyue wants to see who she is. However, it's not too cold. She sees a perfect figure like a model on the white wall.

When she saw the man's appearance, she was stunned and her brain exploded.

How is he?

"How are you?" Xu Xinyue is shocked to ask.

Gu Chengxiao looked at her as she came out of the infusion. He picked out his sword eyebrow and said, "don't worry, your grandmother will go home and wait for your news, and there should be no more trouble in the past."

Xu Xinyue stroked his painful side brain, "how do you know the trouble?"

"I happened to pass by." Gu Chengxiao answers.

Xu Xinyue was relieved and said to the doctor, "can I stop infusion? I have to go home."

"Miss, do you think it's a joke to have such a big lump? You don't want to leave any sequelae! If you don't reduce inflammation and swelling, the consequences may be serious. Besides, I have to check if you have concussion. " The doctor warned her very seriously.

"Miss nurse, can you lend me your phone number? I'll call my aunt," said Xu Xinyue

The nurse handed her the mobile phone. Her brain was so painful. She took the mobile phone and thought hard before dialing it.

One side of the man looked at, the eye ground flashed a trace of inexplicable smile, the head is not easy to use it?

Xu Xinyue dials Xiaoyi's phone, and Shao Gu also goes home. After hearing about her, she is in a hurry to contact her.

"Xinyue, which hospital are you in? Is it serious?" Shao Gu asks urgently.

"Auntie, I'm fine. I'll go home after I pour liquid. Take good care of grandma at home." Xu Xinyue pretends to be relaxed.

"Is it all right? Shall we come and see you? "

"No, grandma's legs and feet are not good. I'll be back soon after transfusion."

"Then you'll be back when you've finished." Shao mushroom really has to take care of her mother. Because of the noise and Xu Xinyue's injury to the hospital, she is also worried about her blood pressure and discomfort.

After making the phone call, Xu Xinyue was relieved. She was relieved to have a little aunt at home.

"Thank you, Mr. Gu," said Xu Xinyue, looking up at the man standing with his trouser bag in his side

Gu Chengxiao saw that she was OK. He stood up straight and said to her, "I'll give you the medical expenses. Go home by yourself!"

"No, I can't let you pay for me. How much is it? I'll give it back to you." Xu Xinyue said after his figure.

However, the man seemed unheard of and left with his bodyguard.

"Miss, I want to know if he is Gu Chengxiao." Asked the excited nurse at her side.

Xu Xinyue was surprised. "Do you know him?"

"Who doesn't know him! When he sent you here just now, I recognized it. I didn't expect that the real people were more handsome than those in the magazine! " The nurse's face was full of colour.

Xu Xinyue didn't feel it. She was just upset that she didn't return the medical expenses to him. She didn't want to owe him any favor.

But now she's losing fluid, and he's gone. It's difficult to pay back the money.

Xu Xinyue sat in the infusion room beside her. She had a bad headache. She fainted when the stick hit her. Is it not heavy?

Xu Xinyue has a headache and wonders why Gu Chengxiao appears there?

In his capacity, he shouldn't have been in such a shabby neighborhood. Moreover, he was still in a trouble area.

Is he attracted by the excitement?

In any case, Xu Xinyue is grateful to him. He saved himself.

At the moment, Xu Xinyue doesn't know that some good people have released her photos and prepared to make a big fuss on the Internet.

At the same time, it's natural to praise the hero who saved people, the handsome and charming man who didn't give his name but appeared in the picture.

In this picture, he is holding Xu Xinyue and walking forward. His handsome face is tight and his face is not exposed.

Xu Xinyue closed his eyes and took a rest in the infusion room.

On the Internet, this matter ferments immediately, it is a very eye-catching news! Moreover, some media people have found that the hero of salvation is Gu Chengxiao, a rich man. So, even the entertainment media are going to reprint crazily, and release it with more eye-catching titles. At the same time, they are also making up that the girl he saved must be his sweetheart and so on. As long as they can broaden their eyes, media people will not let go of the chance to write gossip.

At the moment, in a dressing room, Xu an, who is going to attend a press conference, is keeping her eyes closed while her assistant, Yang Shan, is brushing the news. So coincidentally, she brushed this news, and she knew that the person Xu an adored was Gu Chengxiao, and she immediately covered her mouth.

Then, she hurriedly went to Xu'an, "sister Ann, look at this news. It's about Gu Chengxiao."

As soon as Xu'an heard about Gu Chengxiao, she immediately sat up straight and quickly took over her mobile phone.

But this news, but see her beautiful eyes pan hate, can't believe looking at the picture, was Gu Chengxiao in the arms of the woman, it is Xu Xinyue.

How is it possible? A small troublemaker, Xu Xinyue faints and is saved by Gu Chengxiao? And he brought it out to the hospital?

Xu'an's heart was almost broken with jealousy. Her whole popularity was crazy. Yesterday, she warned Xu Xinyue to stay away from Gu Chengxiao. Unexpectedly, today, she pretended to be dizzy in his arms.

"Sister Ann, don't be angry. It's just Mr. Gu's rescue." Chen Shan felt her thunder and anger, and urged her.

But others naturally don't know how dazzling Xu Xinyue is in Xu'an's eyes. In other people's eyes, it may just be a feat of saving people.

But in her eyes, it's Xu Xinyue's way of deliberately approaching Gu Chengxiao. Why do so many old people and old ladies here have not had an accident, but she has to squeeze in? What was knocked unconscious by the stick carelessly? In her eyes, it was Xu Xinyue's trick.

She did it on purpose.

Chapter 1390

As for why Gu Chengxiao appears there, that is to say, this is a place to be demolished, so it is very likely that the bidder is Gu Chengxiao, who is the development boss of the whole old city!

Damn it, Xu Xinyue just pretended to faint by using him at the scene!

Xu'an is about to explode. If you look at Gu Chengxiao holding Xu Xinyue's picture, she will go mad.

She hasn't been held by this man yet! And where does Xu Xinyue come from?

Xu an takes a second breath, returns his cell phone to the assistant, picks up his cell phone and dials up his mother's phone.

Li Jingya is massaging in the beauty salon. When she hears the phone call, she reaches for her hand and answers, "Hello, Ann."

"Mom, I'm going to kill Xu Xinyue." The voice of Xu an was particularly angry.

"What's the matter? This stinky girl has offended you again? " Li Jingya immediately waved to the beautician to leave. She wanted to answer the phone quietly.

"Mom, Xu Xinyue is just a thief. She also wants to seduce Gu Chengxiao. Now her grandmother's old town is going to be demolished, and there are people making trouble. This is a project contracted by Gu's group. Gu Chengxiao doesn't know why it appears there today. In short, Xu Xinyue pretends to faint in the trouble, attracts Gu Chengxiao to save her, and carries her to the hospital." That end Xu an is envious extremely finish saying all these.

Li Jingya was immediately angry, "what? How dare she play such a trick? "

"She must have failed to take our warning of yesterday into account, and she was just reporting me off." Xu an's imagination is so good that she immediately thought that she stopped Jessica from signing the contract with her brand after she was on the stage last time. Without her on the spot, Xu Xinyue would have succeeded.

But because she stopped her development, Xu Xinyue wanted to repay her by such means.

It must be.

"Why did she give you back?" Li Jingya asked.

Xu an simply mentioned the last time she was at the show on the phone. Li Jingya didn't think her daughter was wrong. She immediately snorted, "this little bitch is so fond of revenge. She doesn't weigh her identity. How dare she compare with you?"

"No matter what, seeing the picture, Gu Chengxiao holding her care, I'm going crazy." That end of Xu an only in front of her mother, to show all her thoughts.

"Calm down. Gu Chengxiao must have saved her because she didn't want to have an accident in the project. Otherwise, her fainting will affect his project." Li Jingya comforts her.

"No matter what it is, I'm going to find Xu Xinyue to settle accounts. Mom, I'm going to find her now to make it clear." Xu an can't bear it anymore.

She is going to question Xu Xinyue directly.

"Well, I used to. It seems that we didn't pay attention to her warning yesterday. Today, we will warn her in front of their family." Li Jingya will not miss the chance to teach Xu Xinyue such a lesson.

"Good! Mom, let's go out together! " Xu an can't wait a second.

At the moment, Xu Xinyue, who had finished infusion in the hospital, took a taxi home. After infusion, it was better. She would be ok if she wanted to go home and have a rest.

Fortunately, this stick is on my own. If it is on grandma, how can grandma stand it?

Xu Xinyue is glad in his heart.

At home, Shao Gu and the old lady are all in a hurry. Looking at Xu Xinyue who comes back safely, they finally settle down.

"It's just that I'm such a useless old woman that I hurt you so much." The old lady blamed herself very much.

"Mom, what are you doing! So many people, what can I do if I bump into you? I've found the house. Let's start packing now and move tomorrow! "

After this disturbance, the old lady also understood that the disturbance could not bring about any result. She had to compromise and said, "OK! Then move! As long as our family is safe. "

"Xinyue, you are also lucky. Among so many people, fortunately, there are so kind-hearted people to send you to the hospital. Do you thank them?" Shao mushroom asked her.

"I thank you. " Xu Xinyue still can't believe that Gu Chengxiao saved himself.

"How is that young man!" The old lady also sighed.

But they don't know that this young man is the one who really wants to demolish here.

Xu Xinyue said to his aunt and grandmother, "I'll go back to my room and lie down for a while before I pack up."

"OK, go! I'll take care of it. There are a lot of old things here that I don't have. I don't have much to pick up. " Shao Gu looked at her pale face painfully.

Xu Xinyue went upstairs to have a rest, and she fell asleep in bed.

At the moment, on the street outside the door, two cars parked on the side of the road, a red sports car, a white car, stepped down from the car a mother and daughter.

It was Xu an's mother and daughter who came to look for Xu Xinyue. Xu an looks at the old city with such a large area, but Gu Chengxiao is able to tear it down, which shows his huge economic strength.

"Mom, Chengxiao is sure to build a commercial building here. It must be another landmark building." Xu an said with a happy face.

Li Jingya also felt touched with light and said with great face, "I'm sure you will be the hostess of this commercial building at that time."

This sentence makes Xu an happy, but at the same time more resentful stare at the next three-story building. Xu Xinyue, you wait for me, I will never allow you to think about Chengxiao.

Shao Gu is packing things in the hall. Suddenly, she sees someone coming towards the door. She looks up and looks at the person, a mother and daughter with jewels.

Xu's family.

"Oh! Isn't this miss Shao? Not married yet! " Li Jingya said with a kind of ridicule.

Shao mushroom's face slightly changed. He asked coldly, "what are you doing?"

"Let's find Xu Xinyue. Where is she?" Xu an's tone is imperative.

"What do you want to do with our family? She has nothing to do with your Xu family. " Shao mushroom said angrily that in those days, how did these people rush Xu Xinyue? She can remember! Said to send her to the orphanage.

"It doesn't matter, but I want her to come out and make it clear." After Xu an finished speaking, he called upstairs, "Xu Xinyue, come out for me."

"Who allowed you to shout so loudly? Don't scare my family. "

"Xu Xinyue is also my niece. What's wrong with my calling her?" Li Jingya also followed and called upstairs, "Xu Xinyue."
