

U. CEO Daddy 1391

Chapter 1391

But she woke up the old lady who was taking a nap. She followed her downstairs and saw the mother and daughter. She didn't know what they were doing.

Xu Xinyue, on the third floor, was sleeping in a daze. She heard someone calling her downstairs. She thought it was a dream, but the voice was so sharp that she had to open her eyes. When I open my eyes, I really hear someone shouting at her, even this sharp cry, which is familiar to me.

Xu an?

Xu Xinyue gets out of bed quickly, goes downstairs quickly and steps down to the first floor.

Just half way down the stairs, I saw Xu an's mother and daughter and her little aunt and grandmother were leaning on each other. Her heart beat so fast that she came over quickly, "what are you going to do?"

Looking at Xu Xinyue downstairs, Xu an's eyes were like two sharp knives gouging out her. "Xu Xinyue, you still have the face to stand in front of me and talk to me. I ask you what kind of means you used today to seduce Gu Chengxiao."

Xu Xinyue stares at her eyes. How does she know? Xu Xinyue didn't have time to pay attention to things on the Internet at all, not to mention that after she fainted, people around her took photos, even the photos she was held by Gu Chengxiao.

"Let's go out and talk about something!" Xu Xinyue didn't want them to disturb her and grandma.

"Just say here, what can't you say? Your family didn't know that you were surrogate for me! What's more, do you dare to tell my son and husband about this? " Xu an is going to upset her family today.

"Please, what did she say? What about surrogacy? " Shao mushroom looked at her niece in amazement.

Li Jingya hummed, "five years ago, your mother packed up the money, that is, Xu Xinyue got the money for my daughter's surrogate son, otherwise, do you think she can make so much money?"? You can't sell yourself that much. "

Shao mushroom and his mother looked at each other, and then they understood how the money came from that year.

"Please, why don't you tell us..." Shao Gu looks at Xu Xinyue with tears.

Xu Xinyue's face was also a little pale. She thought of hiding this from her whole life, but the mother and daughter said it so rudely.

"That's not the point. The point is that Xu Xinyue comes to seduce my son's father even though he doesn't want to be embarrassed." Xu an clenched his teeth and said angrily.

"I have not seduced anyone." Xu Xinyue countered calmly.

"No? Why do you pretend to faint today? Let Gu Chengxiao carry you to the hospital? " Xu an thinks that this is a play she plays, and she plays it skillfully.

The old lady was surprised and asked, "you say that the young man who is kind enough to send Xinyue to the hospital today is your son's father?"

"Yes, it's also my future husband." Xu an answered with a determined face.

"I don't know why Gu Chengxiao was there. I was dizzy. I don't know why he sent me to the hospital." Xu Xinyue clarifies the facts.

Li Jingya said coldly, "ghosts believe you. It's all your plan. You know that this land is contracted by Gu group. When you pick Chengxiao, you pretend to be dizzy. You want to attract his attention and sympathy. You carry us on your back. You don't know what kind of foxy trick you use to confuse him!"

Xu Xinyue trembled with anger. The two mothers and daughters wronged her to such an extent. However, she understood in her heart why Gu Chengxiao would appear at the scene of the trouble.

Because is this developer him?

"It's not like that." Shao Gu said loudly.

"I'm here today to warn you of your joy. If you dare me to see you seduce Gu Chengxiao again, you will wait for the consequences!" "I won't make your family feel better," Xu said

"If you have anything to do with me, don't hurt my aunt and my grandmother." Xu Xinyue reaches for a block and blocks in front of two relatives.

Li Jingya suddenly reached out and slapped her fan on Xu Xinyue's face.

"Why do you hit people!" Shao mushroom rushes over, but Li Jingya is a lady, which makes Shao mushroom scared. She has to hold Xu Xinyue, who is confused, in her arms, "Xinyue..."

Xu Xinyue covers the swollen face on one side. She glares angrily at the attacker. At this moment, she really wants to become strong and fight back against these two people.

"Why do you beat people? Get out of my house." Shao Gu reaches for Li Jingya and Xu an.

And the old lady was so angry that she picked up the broom beside her and was about to rush.

Seeing this, Li Jingya's mother and daughter don't want to be hit by their dirty brooms. She pushes out and stands at the door. Li an bites her teeth and says, "Xu Xinyue, if you dare to seduce Gu Chengxiao again, it's more than that."

After that, Ang Lee quickly put on sunglasses to cover her face. As a star, she may meet paparazzi anytime and anywhere.

Li Jingya sat in her car, which was a little relieved, "I should have played a little more with that slap just now."

"Mom, the next slap is not enough. You have to slap ten times." Li Anan hums.

Shao Gu, looking for ice to cover Xu Xinyue's face, could not help shedding tears. Thinking that the money she had in those days was for Xu an's surrogate child, she felt her heart would break. "Why are you so stupid? Why did you do that? You are still a big girl with yellow flowers! " Shao Gu sobbed.

The old lady on one side was also crying silently. Xu Xinyue's face and head hurt, but when she saw grandma and aunty crying, she was very strong. "Aunty, grandma, I'm ok. It's been five years, and I didn't regret giving birth to that child." Xu Xinyue thought, but also felt a sense of happiness.

Because that child looks so good, so lovely.

"Silly child, how can you get married later! You scar of caesarean section, others must know that you have had a baby The old lady could not help being angry and worried about this matter, for fear that the future granddaughter would not find a good family.

Xu Xinyue comforted, "grandma, don't worry. I just want to make money for you now. I don't want to marry."

"No, you can't be like me. Until now, you must find someone to marry." Shao Gu is already alone. She doesn't want her niece to go her way.

"Auntie, I'm still young. I'm only twenty-four. It's still early to get married!" Xu Xinyue gently holds the towel holding the ice to cover his face.

Shao Gu looks at her beautiful face. Half of it is swollen. She is so angry that she tears again. She is also angry that she is useless. She fails to protect her sister's daughter.

"I'm really fine. It doesn't hurt. " Xu Xinyue comforts them. Today is also a time of disaster.

First he was knocked out, then he was slapped.

Sitting in the chair, Xu Xinyue took his mobile phone, and originally wanted to search. Obviously, the photos of her and Gu Chengxiao have been flying all over the world, especially the one taken by passers-by. He holds his own picture. In the picture, Xu Xinyue can see his breath.

No wonder Xu an will be so angry, because in this picture, she is held by Gu Chengxiao, which is really misunderstood.

Xu Xinyue didn't dare to read down the comments, because the Internet is a violent field. How many people hide behind the screen and vent their emotions casually?

There's no need to be responsible for swearing. Besides, there's already a lot of swearing, because there's also a group of fans who claim to be Gu Chengxiao's wife, which is even more crazy.

Xu Xinyue closes her eyes and her head hurts even more. After that, she will never see this man again.

Gu Chengxiao has returned to the company. His assistant told him that he saved people on the Internet, but he didn't want to pay attention to it or deal with it. This kind of thing can only be spread by the Internet.

And for him, it's boring.

In the toy room, the little guy is playing games with his iPad. When he is tired of playing one, he is going to change it. He is looking for it on the web page. The little hands are cute.

However, he went into a web page and popped up a message under the search bar. He was not interested in these things, but his big eyes seemed to see his father's name.

Father's news, he still want to see, he reached out to open.

What appeared was the news of today's trouble and rescue.

The little guy looks down at the first picture, and his eyes widen nervously. He only sees the girl fainting on the ground. Isn't she a beautiful sister?

How did she faint?

The little guy continued to turn down the picture, then turn to a picture, and then let him have a small mouth. He couldn't believe looking at the picture. Daddy held his beautiful sister to the hospital.

Where's daddy?

Daddy saved my beautiful sister? Holding her?

Daddy must like a beautiful sister. The little guy's heart immediately came to this positive conclusion.

Yes, daddy likes a beautiful sister, so he can hold him. Moreover, when daddy holds her, he will be responsible for her!

As soon as the little guy was happy, he got up with his iPad and was looking after his assistant Luo min on a sofa nearby. He immediately asked, "where are you going, young master?"

"I'm going to find daddy." The little guy rushed out of the toy room excitedly and went to the direction of the elevator.

Luo min hurriedly follows him, accompanies him to enter the elevator together, looks at holding the iPad, a small face happy little guy, does not know what fun he saw again, wants to share with the boss.

Now Gu Chengxiao's figure is sitting on the chair of the office, and his long fingers are signing the documents.

The door was cold and not Ding was pushed open, so can push the door, there is only one person, that is his precious son.

"Daddy, Daddy..." The voice of the little one's youth and Joy came.

There's no sign of last night's emotion. It's another optimistic and cute child.

The little guy immediately squeezed into daddy's long legs and tried to climb up and sit. Gu Chengxiao had no choice but to let him climb up his legs and sit well.

"What's the matter?" He asked in a low voice.

The little guy opened the iPad and opened the photo of Xu Xinyue. "Daddy, do you really have a beautiful sister?"

Gu Chengxiao was shocked. Unexpectedly, the little guy read the news. He said lightly, "I'm saving her."

"I know that my beautiful sister fainted. Did Daddy save her? Daddy, is pretty sister OK? "

"She's fine. She should have gone home." Gu Chengxiao said, holding him away from his legs, "Daddy will take you to dinner later."

"Daddy, you have a beautiful sister in your arms. You should be responsible for her! You will be responsible for her for life. " Said the little one to his father.

Gu Chengxiao's handsome face suddenly froze for a few seconds, then, with a serious expression, "this kind of thing can't be nonsense, I just save her, if I don't carry her to the hospital, she will be in danger."

"But daddy, you still hold her, don't you?" Little guy, focus.

Gu Chengxiao gave him a look. "No big or small, what do you know?"

"Daddy, isn't beautiful sister beautiful? Do you like her?" The little guy continued to ask.

Gu Chengxiao hummed a little impatiently, "read another sentence, and I will drive you out."

"I want to save this picture for you to remember." The little guy finished saying, skillfully saved the picture, at the same time, he looked back at the picture of Xu Xinyue fainting, he looked at it very distressed!

How pitiful my beautiful sister is! Is she seriously injured? Is she really well? I really want to visit her!

"Daddy, can I visit my beautiful sister?" The little guy asked someone.

"No!" The man who is signing is refusing without raising his head.

"But she is so pitiful! Let me have a look at her! " The little guy doesn't give up.

This time, Gu Chengxiao raised his head, but with a stern order, "I said, you are not allowed to see her again."The little guy's mouth immediately flattened, and he left with the iPad in his arms.

Daddy is really bad.

The little guy didn't give up, that is, if daddy didn't let him go, could he not go by himself?

In the little guy's big eyes, there are some ghost ideas flickering. He knows how to find his sister Piaoshi safely.

If he can't persuade his father to take him to find his beautiful sister, then he can only rely on himself.

The little guy went back to the toy room with his iPad in his arms, and Luo min sat down beside him. He took the opportunity to handle the email with his laptop while watching the little guy not running around.

Since childhood, the little guy has been sensible, not stick to people, and likes to think independently. Moreover, now his toys are not played by normal four or five-year-old children, but some high-level toys. The intelligence level of the little guy is obviously much older than his own age.

Moreover, the boss has been personally with him, four years old, has not yet left to send to school. The little guy began to play with the building blocks in some absent-minded way, and a pair of big eyes looked at Luo min from time to time, waiting for an opportunity.

Sure enough, Luomin's mobile phone vibrated. She took a look and said to the little guy, "Xiaomu, I'll connect the phone."

"OK, aunt Joe, I'll be obedient." The little guy bends his mouth and answers earnestly.

Luo min didn't see the cleverness in the big eyes of the little guy. She praised, "Little Shepherd is good."

With that, she took her mobile phone out of the toy room, stood in the next corridor, facing the window to answer the phone.

The little guy immediately came to the place of the small backpack and picked up his watch. At the same time, he took it off because he knew that with the watch, Daddy would track him.

Quickly finish all this, and like a kitten, secretly walk behind romin and hide behind the post.

He went directly to the corridor where the elevator was, jumped up and opened the door.

Chapter 1393

When the elevator opened, his figure went in. The number of the elevator showed that the elevator went down. At the same time, Romen needs to deal with an emergency and calls for a long time. How could she think that the little guy would slip away?

In her heart, she had never seen a more obedient child.

But now, the little guy has already slipped away. When he gets to the first floor, he quickly dodges the attention of the front desk and turns out from the huge company.

Finally, he slipped out. The little guy didn't stop for a moment. He knew how to find Xu Xinyue safely.

That is, if you have any difficulty, please ask the police uncle for help! Little guy knows that there is a sentry box 200 meters ahead of the company gate. There is a police uncle there!

He walked quickly to the conspicuous sentry box, and it was a hundred meters away.

Gu Yimu blinked his big eyes. The watery eyes immediately squeezed out tears. So he walked towards the sentry box while crying.

"Wuwu Whoa, whoa Mommy Mommy The little guy cried and shouted at the same time, and the Playboy went online.

Helpless, pitiful and weak, but the cry was loud.

Lao Li, the police officer on duty, just had a sip of water and heard the crying of the children outside the door. He immediately put down the water glass and walked out. He saw a small one who was crying. There were no adults around him. It seemed that he had lost.

"Children, come to my uncle! What about your parents? " Lao Li asked in a hurry.

"Uncle, I'm lost. Can you take me home?"

"Lost? Tut Tut, how do parents look after such a small child? " Lao Li immediately scolded angrily, reached out and picked up the little guy. "Go, uncle will take you home. Where is your home?"

"I I don't know. I only know my mother's name and phone number... " The little guy sniffed and cried his nose out.

Lao Li took out a piece of paper and wiped it for him. What can such a small child expect him to remember? It's good to remember that.

"Well, tell Uncle, what's your mommy's name? What's the phone number? "

"Her name is Xu Xinyue..." With that, the little guy remembered Xu Xinyue's phone number with superhuman memory.

The police immediately picked up his cell phone, followed the number he reported, and quickly dialed the phone.

At the moment, Xu Xinyue is resting in the room. Today, too many things happened. She is very tired. In the morning, she met Gu Chengxiao. At noon, Xu an's mother and daughter came to the door to warn her. Now, it's three o'clock in the afternoon. She really wants to sleep.

However, as soon as I lay down on one side, I heard the charging mobile phone singing.

She dialed out her cell phone strangely and looked at the strange number of this city. She thought about picking it up. "Hello! Hello. "

"Hello! Hello is Xu Xinyue? You lost your son. He's here now. " There was a man with a big voice.

Xu Xinyue frowned. "Did you find the wrong person? I... "

Just as she was about to say that she had no children, she heard a familiar voice from that end: "beautiful sister, beautiful sister is me I lost it. "

Xu Xinyue breathed a smothering breath and called out, "Xiaomu? Is that you? "

The old police officer immediately said angrily, "you don't worry about the loss of the child. You say, where is your careless mother? Where is your home? I'll send it back to you."

Xu Xinyue's brain is buzzing, mother? Lost?

"Has he lost it? Where is he? " Xu Xinyue's voice line is full of worries and anxieties.

"I'm a policeman. He's here now. Where are you? I'll bring it to you."

"Didn't his father look for him?"

"She only said your name and phone number. Are you a couple or something? We are not in a hurry if the child is lost? Tell me the address. How pitiful the child is crying! " The old police officer scolded him.

Xu Xinyue wanted to explain something to the police officer. It seems that the phone doesn't make sense. She quickly reported the address of grandma's home.

"Well, I'll send it now. Come out and pick up the baby." The old policeman finished and hung up.

Turning back to get the car key, he said to one of the team members who had just come back, "the child has lost it. I have to send it to her mother's house as soon as possible."

The team members took a look at the handsome and lovely little guy and said, "OK, I'll keep it, you go!"

Xu Xinyue's head is a little muddled. How can Gu Chengxiao's child get lost? Isn't he surrounded by bodyguards?

To her surprise, the little guy gave the police officer his phone number and name, which really surprised her.

Doesn't the kid remember his father's phone number?

Xu Xinyue didn't know why. When she met this little guy, she was all in a hurry, as if it was really her own child. Even if the child's mother was Xu An'an, she didn't pay any attention.

Take the little guy home first, and then let his father pick him up, or let Xu an come and pick him up! She can't ignore it. Xu Xinyue put on his clothes and hurriedly ran downstairs to wait in the street outside.

The little guy sat in the police car with a happy face and chatted with the police uncle.

In the police car to start a few minutes, not far away in that skyscraper, Luo Min has been crazy.

When she came in, she found that the little guy was no longer playing with toys. She even shouted several times, but the little guy didn't answer. She hurried downstairs to find Gu Chengxiao. However, there was no little guy in Gu Chengxiao's office.

Gu Chengxiao is having a meeting. Luo min is scared to have a heart attack. He slams open the door of the meeting room and scares all the members of the meeting. He thinks something is wrong.

"President Gu Xiaomu is gone... " Luo min was so scared that tears burst out.

Gu Chengxiao Jun body instantly stood up, he quickly came out, he said, "let the security block the building, immediately investigate and monitor."

He Shuai answered immediately and called the security room.

Gu Chengxiao said to Luo min, "when did he disappear?"

"About ten minutes ago, when I answered the phone, he disappeared. I was standing in the corridor at the door. I don't know how the young master left It's my fault. I didn't notice him I thought he would come down to you, but I couldn't find it for a circle. " Luo min, a 27 year old woman, was about to cry.

Gu Chengxiao's handsome face is calm. Compared with Luo min's panic, he knows that his son can't be so easy.

Gu Chengxiao rushed to the toy room and saw the watch on the desk. His heart tightened for a moment, calmly thinking about everything that might happen. Chapter 1394

He Shuai's iPad, has sent a surveillance video, he tensed his face and said, "boss, the little boy has slipped out."

Gu Chengxiao takes over the iPad and looks at the little guy in the video, who smiles cunningly and slips out like a kitten behind Luo min.

His angry face was suddenly gloomy. When did his son say hello without saying a word, and then he disappeared?

Luo min also breathed. It turned out that when she called, the young master slipped out.

"Where are you going, young master?" Luo min asked urgently.

"Will you find someone?" Husai answers.

And next to the face of a man with an uncertain face, the moment grabs a trace of information in his mind.

Just 20 minutes ago, the little guy was in a hurry to find a woman, and he refused to take him there. Is it his son's intention to sneak out to find her?

At this time, Hershey's phone rang, he quickly opened the mail, opened several other surveillance video.

Gu Chengxiao endured a rage, watching the video, the little guy rushed to the police station in front of the building.

He Shuai and Luo min are relieved, he Shuai said, "little young master is really smart. He knows to go to the police for help."

Luo min quickly pulled his sleeve for a while. Young master is smart and uses the wrong place. Look at the boss's face. I wish I could catch young master and beat him!

Gu Chengxiao's face was tinged with blue tendons on his forehead. He was so angry that he wanted to beat him. What attraction did that woman have that made his son have to see her?

"Hershey, look up a woman named Xu Xinyue for me, find out where her grandmother's address is, and send it to me immediately. Luo min, follow me." Gu Chengxiao finished, his face tense to the office, took the car key and came out.

Hershey, look it up.

Gu Chengxiao's car stopped outside the sentry box. He stepped in and asked a middle-aged policeman.

"Oh! Old Li sent it to his mother's house. It's only about ten minutes' walk! " Said the policeman.

Gu Chengxiao's mouth angle again, mother? Who taught him to recognize women as mothers so easily?

"Boss, do you want the policeman to send the young master back?" Luo min opens his mouth at the side. Now, just let the police contact him, and the young master can deliver it back.

The middle-aged man always felt that the handsome man with all his strength, dressed in the formal clothes of the business elite, was full of the upper class's breath. He immediately recognized it and said excitedly, "you are Mr. Gu Chengxiao, President of Gu group!"

"I'm Gu Yimu, my lost son. Please contact your team member and send him back." Gu Chengxiao nodded. His face was gloomy at the moment. What kind of enchantment did that woman put on his son.

Why is her son so interested in her?

He Shuai's phone rings, the address is found out, the direction of the old city.

At this time, I saw the police immediately contact Lao Li. Just after dialing, I heard a cell phone ringing at the information office nearby.

The policeman took a look and said, "it's broken. Lao Li was in a hurry just now. He didn't take his cell phone."

"Thank you. I'll take it myself!" Gu Chengxiao makes a low voice and takes Luo min away from the sentry box to the direction of the old city.

In fact, in Gu Chengxiao's heart, I also hope to see the woman in person again and force her to ask what she said to her son before.

Xu Xinyue has been waiting at the door for a long time. It's about half an hour. She hasn't seen the police send Gu Yimu here. She's worried and has to wait patiently. She's excited about every police car she passes.

However, it's not the one that sent the kid back.

Just as she couldn't help but want to make a phone call, she saw another police car coming from the opposite Street entrance. She looked at it quickly.

So she saw the police car coming in her direction.

"Uncle, have you seen that beautiful sister? She's my mommy. " The little guy sat in the back seat with the tip of his eyes and saw Xu Xinyue. On the way, he always called Xu Xinyue as his mommy.

Lao Li had no doubt about their mother son relationship. He parked the car beside Xu Xinyue, opened the door and said to him, "your son is in the back seat."

Xu Xinyue was shocked, didn't say anything more, pulled back the back seat, the little guy just jumped into her arms and made her hurry to hold the little guy, and Gu Yimu gave a kiss on her face.

The soft touch made Xu Xinyue laugh and cry. At the same time, he scolded, "Xiaomu, how can you run around?"

Lao Li looked at their relatives, and when Xu Xinyue looked at them gratefully, he found that the little boy's eyebrows and eyes were extremely similar to the woman's, so he thought it was a mother and son.

"Miss, next time you have to look after your child. Such a good child is hard to find if you lose it." Lao Li made a good persuasion.

"I know. Thank you. Thank you very much." Xu Xinyue held the little guy and thanked Lao Li. Lao Li waved. "We are serving the people. Don't be grateful. Goodbye."

With that, old Li said to the little guy again, "goodbye, little devil."

"Goodbye, uncle police." The little guy waved politely.

Xu Xinyue looks at the little guy who is still in her arms and refuses to go down. She doesn't give up either. She walks towards grandma's house and asks, "Xiaomu, do you know your daddy's phone number? Call him later and let him pick you up! "

"I don't know my dad's phone number. I can't remember anyone but you." The little guy shook his head and said smartly.

"Is it? Why do you want to remember me? " Xu Xinyue was really puzzled.

"Because I like my beautiful sister!" The little guy put his arm around her neck and said with a smile.

In the sun, Xu Xinyue looks at the little guy's beautiful face, looks like Gu Chengxiao and laughs like an angel. She can't help thinking of the time when the little guy is mischievous in his stomach. At this moment, she secretly hugs the little guy.

She had no idea, just wanted to take advantage of this opportunity to hug him.

A pair of big watery eyes, the little guy also looked at her, clear fundus, all like her.

He doesn't know why. He just likes this beautiful sister so much. He hopes she can be her own mommy and live with Daddy!

When Xu Xinyue came home with the little guy in his arms, a black Bentley worth tens of millions of dollars was driving fast in the street.

The driving man, with his eyes fixed on the front, is like a wild man who is furious at any time.

Luo min, on the other side, secretly clenched the safety belt. Today's boss's mood, like an explosive bag, is ready to detonate.

Chapter 1395

Although the young master had planned to run away from home, she still had a hard conscience and remorse.

What kind of person is the young master going to find? It's still in the old city. This is a project that the boss is about to develop!

According to the navigation, Xu Xinyue's grandmother's house is nearby.

Xu Xinyue takes the little guy into Grandma's house. In the little guy's eyes, he looks around in surprise. "Sister, do you live here?"

"Yes!"

"Don't you have the money to buy a new house?" The little guy has ever had such a shabby house in the future. The houses here are very old, which he has never seen before.

"This is my home, where I live with my grandmother and my little aunt," Xu Xinyue said with a smile

She can also guess that the little guy was born with a golden spoon when he was young, and all the food and clothing around him were top luxury, so he would be surprised at Grandma's house.

"Sister, do you want to buy a new house?" The little guy asked again.

"Yes! But my sister has to work hard to save money. " Xu Xinyue finished, took a bottle of open mineral water to him from the side, "do you want to drink water?"

Little guy took over, big eyes, it seems that there are some ideas in the production.

Xu Xinyue's grandmother just went to bed, and her aunt went to the newly rented house to clean up. Xu Xinyue squatted in front of the sofa, looked at the little guy and asked, "how can I send you home? Will you be sent to your father's company? "

"I don't want to. I'm with my sister now." The little guy was drinking water, with a calm expression on his face.

It's not like a lost child at all.

"How can I do that? I must send you back to your family, or I will send you back to your own mother, will you? " Xu Xinyue is familiar with the Xu family, so it's more convenient to give it to Xu an.

However, the repulsion on the little guy's face was even stronger. His little head shook violently, "no, sister, don't give me to her."

"She is your own mother! She will take care of you. " Xu Xinyue comforted.

"I don't like her." The little guy said with a flat mouth.

Xu Xinyue is shocked. Don't you like Xu an? Why? They are mothers and children!

"Sister, I like you! I want you to be my mommy and marry my daddy. " The little guy puffed up his cheeks and looked at her pleadingly.

After hearing this, Xu Xinyue's face remained for a few seconds. She shook her head and smiled, "how can I be your mommy? In terms of seniority, I'm your cousin! You don't have to call me sister, call me aunty! "

The little guy shook his head. "I just want to call your sister."

After hearing this, Xu Xinyue had to say, "OK, you can call it anything you like, but my name is Xu Xinyue. Don't call me beautiful sister anymore, just call me Xinyue sister!"

In fact, it's called Xiaoyi. After Xu an heard it, she must be unhappy. Let's call it strange!

At this time, a black Bentley quietly stops on the side of the road, on the driver's seat, Gu Chengxiao pushes the door to get off, and the mobile phone navigation display destination is nearby.

Luo min also hurriedly got out of the car, took a look around, and went to the next row of flat houses to inquire.

"Hello, elder sister, how can I get to Xu Xinyue's house?"

"No, that's the three story building." The middle-aged woman pointed.

Xu Xinyue has been growing up in this street since she was eight years old. Her neighbors are familiar with her. Moreover, her little aunt has not been married yet, which makes others talk about their family.

Luo min came over quickly. "Boss, that three story building."

Gu Chengxiao's long legs, he strided over.

Xu Xinyue is talking with the little guy about how to get lost. The little guy doesn't have any problems. He said that he didn't get lost, just came to find her.

After listening, Xu Xinyue had just had a drink of water and almost choked. She asked in surprise, "are you lost? Are you coming to me?"

"Yes! Sister, I saw the picture of you being knocked out on the news. You are seriously injured. I just want to come and see you. "

Xu Xinyue is really touched by this little guy's friendship. At the same time, she is also shocked. Why is the little guy so good to himself? So remember?

"Elder sister, I also know that my father took you to the hospital. Is my father very caring?"

"Well! He is a good man. " Xu Xinyue answers.

"Do you like my dad! Do you want to marry him! " The little guy asked seriously.

Xu Xinyue chokes for a few seconds. Before she answers, she hears a low, cold voice from a man, "Gu Yimu."

The little guy and Xu Xinyue were frightened at the same time. They looked at the door one after another. In the low door, a very slender figure stepped in. He was tall and even needed to bend down to enter.

"Daddy!" The little guy called with a blink.

Xu Xinyue's chest was pounding. Unexpectedly, before she could send the little guy back, the man found the door himself. Well, it's the safest thing for the little guy to be around him."Xiaomu, it's time for you to go home with your father. Don't run around any more." Xu Xinyue said to the little guy.

Gu Yimu looks at his father's face. He looks at his father's face. He looks like he is challenging someone's authority.

Luo min also came in a little surprised, looking at this simple and disordered small hall, sitting to look after the young master and a young girl in ordinary clothes.

She looked at the girl carefully and was shocked for a few seconds. At the beginning of her life, the girl only thought that she was dressed in ordinary clothes. However, after a closer look, she found that she had a very pure and beautiful face and a graceful and charming figure.

At the same time, between the girl's gentle eyebrows and eyes, there are some beautiful people similar to Gu Yimu.

"Take Xiaomu to the car. I have something to say to Miss Xu." Gu Chengxiao asks Luo min, who is close to him.

"Daddy, you can't bully Xinyue sister." The little guy immediately stood up and stood in front of Xu Xinyue.

Gu Chengxiao's eyebrows are twisted. How dare the little guy fight against him for her?

"I'm just talking to her! If you dare to run around again, I'll break your calves first. " Gu Chengxiao hums angrily.

Xu Xinyue, a subconscious instinct, pulled the little guy in front of him behind him and said to the angry man, "Mr. Gu, he is your son. Please forgive him this time."

Gu Chengxiao narrowed his eyes and looked at the woman with extremely similar eyebrows and eyes to his son. He snorted coldly, "it is because he is my son that I have the right to teach him a lesson. Outsiders should not interfere."

The appellation of outsiders is a bit hurtful.

Indeed, between Xu Xinyue and the little guy is a distant relative, but in front of this man, she is an outsider.

Xu Xinyue bit his lips and pulled out the little guy behind him. "Xiaomu, go back with your father!"

Chapter 1396

The little guy is also sensible. He knows that he ran out of the house, and he was angry with Daddy. He also asked daddy to blame Xu Xinyue for his stealing.

"Daddy, I'll go back with you." Little guy slouched his little head and went to Gu Chengxiao's side. A little hand grabbed his trouser leg, and his little face was on his leg, because he cried.

And he didn't want to let people know that he was crying, so he took daddy's suit trouser legs and wiped his tears.

Xu Xinyue looks at it. Suddenly, his eyes are sore. He loves such a little guy.

However, looking at the small spot on his leg, Gu Chengxiao doesn't show even if he is distressed. What's more, he's still angry and won't hurt his son.

He said to Luo min, "take him to the car and wait for me."

Luomin immediately came to take the little guy. "Xiaomu, shall we go back to the car and wait for daddy first?"

The little guy nodded and turned back to Xu Xinyue with big red eyes. "Xinyue sister, goodbye."

"Goodbye! Don't run around next time, you know? " Xu Xinyue told him.

"Well!" The little guy obeyed and walked, wiping tears at the same time.

Luo min is surprised to find that the young master is so reluctant to give up the girl. What is the identity of the girl?

To be honest, she has been with Mr. Gu for four years. She has never seen the figure of a woman around him, and the little guy has never recognized that any woman is close to him.

At the moment when Luo min left with the little guy, Xu Xinyue took back her eyes. She blinked, forcing a trace of tears back into her eyes. At the same time, she felt the temperature in the hall as low as zero.

"What would you like to talk to me, Mr. Gu?" Xu Xinyue looks at the strange man in front of her. She also keeps a special distance. She will realize that he will be Xu an's husband in a short time.

She didn't want to cause her mother and daughter to go crazy again because of what she had to do with him.

Gu Chengxiao squints his eyes, takes a step with his long legs, approaches Xu Xinyue, and asks, "Xu Xinyue, what did you and Xiao Mu say when you first met Xiao Mu? What has been done. "

Xu Xinyue was shocked and answered him honestly and seriously, "we just talked a few words."

"Then why does my son never forget you? Always want to see you? Are you sure you didn't instill any bad information in him? " Gu Chengxiao asked again. He saved her in the morning. Now, he regrets saving her.

Xu Xinyue was shocked. She shook her head. "Mr. Gu, have you misunderstood me? I like Xiaomu very much. It's true, but I never wanted to hurt him."

Gu Chengxiao's eyes narrowed dangerously, and his slender body bent slightly, which made his anger more and more transmitted to her. "I warn you that you are not allowed to approach him in the future. No matter what ulterior purpose you have, you should stay away from my son. Otherwise, I will let you pay the price."

Xu Xinyue's breath smothers. Looking at this beautiful and extraordinary face, she looks away in panic.

"I know I won't disturb you even if you don't warn me." Xu Xinyue said firmly with a face.

This is to make Gu Chengxiao surprised lightly hum, "I'd better do what I say."

After that, he turned around to leave. However, after he walked a few steps, Xu Xinyue remembered something. She reached out to buckle his wrist. "Mr. Gu, please wait a moment."

Gu Chengxiao's cold eyes turned. Looking at his right hand and wrist, he was clasped by a delicate jade hand. He was not happy to close his eyebrows for a moment. His thin lips scolded him lightly, "let go."

Xu Xinyue found out that he had been impolite. "I'm sorry I just want to ask you to wait. I want to pay you back the medical expenses. Would you wait a moment? I'll go upstairs and get it. "

Gu Chengxiao flicked his cuffs. "No, I'll give it to you."

This sentence falls, the man strides coldly to leave.

And the girl behind, frozen, alms? Does this man want this? She was grateful that he had saved her, but his words were clearly insulting.

Xu Xinyue came out and saw the black car that had just left at the entrance of the street. With her arms around her, she felt an inexplicable bitterness.

She went back to the hall, fortunately, she didn't wake up grandma. She sat on the sofa, some of her chest was stuffy, especially Gu Chengxiao's last words, which made her feel too much.

At this time, her mobile phone rang, she picked up a look, eyebrows and eyes extended to pick up, "Hello!"

"Niu, I'm going back to China for development." Then a female voice called.

"What's the matter? Well done, why go back to China for development? Don't you say that there is a better future abroad? "

"I was fired." The voice at that end fell.

Xu Xinyue immediately straightened up and asked with concern, "what's the matter with you?"

"I've been designed, and my boss fired me directly. Now I'm a homeless man. I want to go back to China and develop again."

"Even if you don't have to work, you have hundreds of millions of money to inherit!""I don't want to rely on my family. I want to rely on myself. Besides, I love my work."

"Well, when can I return home and pick up the plane?" Xu Xinyue asked his good sister.

"You'll pick me up at six thirty tomorrow afternoon."

Xu Xinyue was stunned and asked with a smile, "it seems that you have bought all your tickets before you call me!"

"I don't want to stay here for another second, remember to come!"

"Good! I will pick you up on time. " Xu Xinyue smiles.

"Hang up, I've got a present for you! Look forward to it! "

"Well, I look forward to your gift." Xu Xinyue said, then hung up the phone.

Li Yan, Xu Xinyue's high school classmate, is also her best sister now. She is the editor of a foreign fashion magazine. However, it seems that she has just finished her three-year working career.

At this moment, a Bentley car is driving to goos group. The atmosphere in the car once hovered below zero. Sitting in the back seat, Luo min fought several cold wars directly.

The boss in front is silent, and the young master behind is also around his arm. Looking out of the window, he is a little old man with a cool demeanor. He will never lose to his father.

When poor Luo Minsheng doesn't meet, he should sit between the father and son and feel the ice and snow.

What's more, she doesn't even have the right to interrupt the atmosphere! I'm afraid that the boss's fuse will be delayed.

Half an hour's journey, directly cold field to the company, at the moment of getting off the bus, Luo min dared to breathe a sigh of relief. The little guy hung his head, Gu Chengxiao's eyes were complex and stared at the son. Although he was angry, when the little guy entered the elevator, his long arm stretched out and stopped the elevator door for him.

Luo min endured the elevator time for more than ten seconds. When she came out of the elevator, she hurriedly said, "boss, I'll go back to the office first."

Chapter 1397

As soon as Luo min left, Gu Chengxiao said to Xiaobu, "follow me into the office."

Little guy also dare not not not cluster. Behind him, he follows Gu Chengxiao like a little tail. On the sofa, the two father and son continue to look at each other, Gu Chengxiao looks at the cute little guy on the sofa, all the anger is not as good as at the moment, his inner peace of mind.

As long as his son doesn't have an accident, he doesn't really get angry even if he is more naughty. "Next time, we will not run around, let alone see her." Gu Chengxiao's voice was almost an order.

The little guy said no with a small face.

Gu Chengxiao bit his thin lips. How? Is a woman out there more important than her son?

"Tell me, what's attracted to you about her?" Gu Chengxiao wants to hear the truth from his son.

The little guy blinked and thought, "I just like her."

There's no reason.

Gu Chengxiao is helpless. Is that woman the lover of her son's last life? "If you like other people, you should be able to do the same. You haven't weaned yourself. What's the use of liking her?" Gu Chengxiao was so angry that he sneered at him.

Little guy a listen, small mouth a toot, "daddy does not marry her, I grow up to marry her."

Gu Chengxiao almost had a heart attack. How could it be? He immediately hit the table, "Gu Yimu, do you want to piss me off? Do you really think I won't beat you?"

Gu Yimu flattened his mouth. "Daddy knows how to bully people."

"You are my son, and I have the right to take care of you." Gu Chengxiao is talking. His cell phone rings. He takes a look and goes to the huge French window.

"Hello!"

"I'll come back tomorrow and take my dry son with me!" At that end, a clear male voice sounded.

"It's done?"

"Tomorrow night's six o'clock flight, remember to pick me up!" The man at that end said, "let me listen to my son."

Gu Chengxiao picked up his mobile phone and handed it to the small doormat on the sofa. "Your Godfather."

The little guy immediately took over happily, nestled in the corner of the sofa, and the first sentence was to make a small report.

"Godfather, my daddy bullies me, he wants to beat me."

"What? He's willing to beat you? " The man at that end asked unbelievably.

"Well, godfather, come back and help me."

"OK, daddy's plane tomorrow afternoon. You and daddy will pick me up."

The little guy whispered something again. Gu Chengxiao naturally heard his son's little report. He sat in his seat, but Xu Xinyue's face appeared in his mind.

He just wanted to figure out one thing. There was something about her that attracted her son.

Xu Zhai.

Today, Xu an finished a manuscript. Sitting on the sofa, he took the iPad and watched the entertainment records praising her. It was like a goddess. She ran over a group of actresses, and her mouth raised a happy smile.

Now, her position does not allow other female stars to challenge.

However, she has become accustomed to this kind of flattery. What really makes these actresses jealous of her must be the day when she becomes Gu Chengxiao's wife.

The identity of the president's wife of Gu's group is the most conspicuous identity.

Xu an pushed the two-day newsletter and interview, and what she wanted to do next was to find an opportunity to go to Gu Chengxiao's home and accompany her son, and then find an opportunity to take Gu Chengxiao.

She didn't know why. It was more urgent for her to take care of Chengxiao than to accompany her son. Xu an picked up her mobile phone and found a personal number given by Hong Meishan to Gu Chengxiao last time.

She took a deep breath and reached for it.

"Hello!" The low magnetic male voice came through the microphone.

"Chengxiao, this is Xu an. Are you free tonight? I want to have dinner with Xiaomu. " Xu an asked with the sweetest and gentlest voice.

At that end, Gu Chengxiao thought for a few seconds, "OK! I'll arrange it. "

"Well, I'll see you tonight." Xu an is about to jump up.

That end has hung up the phone, Xu an holds the mobile phone, covers the chest, happy crazy.

Gu Chengxiao agreed, he even agreed, so he also hopes to get along with his son!

In the office, Gu Chengxiao looks at his son, who is watching cartoon with his iPad alone, and feels that the reason why his son will find Xu Xinyue is that he really needs a woman around him.

Xu an is at least his son's biological mother identity, and Xu Xinyue is only a stranger in his eyes. Even after knowing her career, he feels that his son should not be close to her.

It's not who he despises, but the people who are engaged in such a profession, most of them don't have a normal and healthy mentality. Such people, their sons have more contacts, don't learn some bad things.

"I asked your mother to dinner tonight." Gu Chengxiao said to his son.

The little guy looked up and refused, "may I not go?" "If you really want someone to live with you, she's the right person." Gu Chengxiao doesn't like to be disturbed, but if his son really needs someone to accompany him, he'd better be his own mother.

The little guy silently refused to answer. Obviously, he had to agree if he didn't agree.

Gu Chengxiao asks Luo min to book a restaurant.

Xu Xinyue went through a disastrous day, but finally her grandmother agreed to move. Now, the whole old city is in the process of evacuation. Because the compensation money has also arrived, we are not afraid of no money to move.

In the evening, Xu Xinyue followed his aunt in the car of the moving company and went to a nearby rental house.

At six o'clock in the evening, Gu Chengxiao and his son arrived first in a high-end restaurant.

Xu an, who had been informed, had hurriedly arrived on the road. She thought that she would receive Gu Chengxiao's notice in person. She didn't know that it was his assistant who called her.

In spite of this, Xu an never wants to miss a romantic dinner for three. At half past six, Xu an dressed up with great care and walked gracefully in the restaurant. As a star, she would be surrounded when she went out.

And access to such high-end places, she is more like a fish in water, to show her identity and status.

In a window position, Xu an saw the handsome father and son. She was surprised that they were not the box.

The little guy is on the side, holding a small plane in his hand, and a few other little people are playing there.

"Chengxiao, Xiaomu." Ji Anan immediately sat in the opposite position and gently called them.

Gu Chengxiao nodded and looked at his son who was not shouting. He glanced at him.

The little guy could understand his father's eyes. He put down the toy in his hand and said to the delicate woman on the opposite face, "Hi, aunt Xu."

Xu an stayed directly, aunt Xu?

"Xiaomu hasn't applied your identity yet." Gu Chengxiao gives a light explanation.

Chapter 1398

"Oh! It's OK, it's OK! " Xu an's heart is extremely concerned, but on the surface, of course, she should be generous.

"Xiaomu, do you like the present I gave you last time? I can give you anything else you want." Xu an smiles softly.

"I haven't opened the gift yet, I don't need anything." Said the little one.

Xu an gave a stiff smile. I don't know why. The more she looked at Gu Yimu's face, the more frustrated she felt. Why didn't the child have something like her? Is it Xu Xinyue who gave birth to a child whose genetic appearance has changed? Now, the child's eyebrows and eyes look like Xu Xinyue.

However, her mother saved her from childbirth and her perfect figure.

Compared with this indifferent son, Xu an likes Gu Chengxiao better than her son, though she also likes him.

Anyway, my son can't run. She is bleeding all the time, but Gu Chengxiao is an indefinite number. What if he likes others?

Gu Chengxiao poured a glass of water for the little guy, and the little guy continued to immerse himself in his little toys.

"Chengxiao, I don't know if you remember. We met at a banquet seven years ago." Xu an is chatting with the topic.

"It's been a long time. I have no impression." Gu Chengxiao holds a cup of tea, elegant and charming.

Xu an can't help but be fascinated. She holds her chin and looks at him with the eyes of adoration.

The little guy on one side is willing to be left out. Anyway, she doesn't like Xu an on the other side.

In Gu Yimu's heart, the only woman who made him want to be a mommy is Xu Xinyue.

There is a kind of violence in Xu an, a kind of atmosphere that makes him resist intimacy.

The child's heart is the purest in the world. He can quickly feel a person's kindness and warmth to him. Xu an's eyes make Gu Yimu not feel the love and love that a real mother should have.

Indeed, even if she likes it, she is also mixed with many of her ambitions and desires, not the kind of unreserved love that comes from the bottom of her heart.

Xu an can't help but feel out Chengxiao's favor for Xu Xinyue.

"Chengxiao, I saw you save a girl on the news today. It's a coincidence. That's my cousin! Is she seriously injured?" Xu an asked in a concerned tone.

"She's fine." Gu Chengxiao doesn't want to talk much. He has been watching his son play with toys.

"Xinyue's grandmother lives in that part of the city. Fortunately, you sent her to the hospital. Chengxiao, I thank you for Xinyue." In Xu an's eyes, there was gratitude.

"Raise your hand." Gu Chengxiao looked up coldly and asked, "why does your cousin live there?"

Xu an was surprised. Gu Chengxiao asked her about Xu Xinyue? She thought for a moment, with a smile on her lips. "Her parents died in a car accident when she was eight years old, and she was fostered in her grandmother's house when she was a child. I heard my mother say that fortune teller said she was a disaster star. Her parents died, but she was defeated. No one who was close to her had a good ending." In Xu an's tone, there is some curse.

The little guy who was playing with toys suddenly raised his head and countered, "you nonsense, sister Xinyue is not a disaster!"

"I just said what the fortune teller said, and I didn't mean anything else," Xu explained with a smile

Gu Chengxiao reached out and stroked the back of his son's head. "Adults talk, don't interrupt."

"But sister Xinyue is not a disaster star. She is a good person." The little guy continued to retort with a big blink.

Xu an's face on the opposite side maintains a gentle smile, but his heart is going to die of anger. The little guy even defends Xu Xinyue in front of her?

Gu Chengxiao didn't want to argue about this topic, nor did he want Xu an's words to affect his son.

"In the future, in front of Xiaomu, don't talk about it." Gu Chengxiao warns Xu an lightly.

Now, Xu an's heart is hurt, even Gu Chengxiao is angry?

Is he also defending Xu Xinyue?

As long as she meets Xu Xinyue, Xu an's heart can be as small as a grain of sand. At this moment, she wants to curse Xu Xinyue more and more, but on the surface, she is still generous and decent, "I know, I'm impolite. I won't talk about it later."

The little guy continued to play with toys, but his little face was even more unhappy. Dinner came up, Xu an can not help but be careful not to talk, and, she just found, and Gu Chengxiao dinner, the pressure is very big.

He doesn't like talking very much, but the elegant and cool air he exudes is damned charming, which makes women satisfied just by looking at him.

But his eyes, has been gentle doting on his son, more than one eye would not be given to others.

Xu an thought to himself, it must be that he is so charming to all women.

It seems that she has to put her mind on their son. As long as she can get the little guy's love, she will be twice as successful in marrying this man in the future. Can think of, now Gu Yimu unexpectedly like Xu Xinyue, she felt the danger.

Anyway, we must stop this child from meeting Xu Xinyue.

They are absolutely not allowed to get along with each other.

For a dinner, both father and son were reluctant to pay attention to their words. However, Xu an was extremely satisfied because in the restaurant, she still received the envy of many women around her.

Coming out of the restaurant, Xu an suddenly stopped the little guy and crouched in front of him with a smile. "Xiaomu, let mommy hug you, OK?"

Gu Yimu suddenly hugged daddy's thigh and said, "I don't need to hug when I grow up."

Xu an was injured again. Looking at her son's strangeness to her, she really couldn't understand whether she could not get close to her because she didn't have her own child.

But she thought that if she wanted to see the child at any time in the future, Gu Chengxiao would agree, and she would slowly capture her son's heart.

Gu Chengxiao saw that his son was not allowed to hold him, and he was not reluctant. He said to Xu'an, "I should take him back."

"Good! Then I will meet next time. I want to accompany Xiaomu at home. " Xu an cleverly arranged for the next meeting.

"Well!" Gu Chengxiao says, reaching out and leading his son to the elevator, Xu an immediately follows.

Gu Chengxiao has always been a low-key person, but Xu'an is a high-profile person. She thinks it's time to find an opportunity for their family to meet the public.

At that time, everyone will know that she is the prospective wife of Gu's group. She will have continuous resources and advertising contracts, and her popularity will be very high.

Xu an, with such a calculation, followed their father and son into the elevator and all the way to the parking lot on the first floor. Gu Chengxiao asked the little guy to wave goodbye to her.

"Goodbye, aunt Xu." The little guy waved his hand, but he didn't see Xu an.

Chapter 1399

Xu an pretends to kiss her. "Goodbye, Xiaomu, next time Mommy will come to stay with you!"

Why do you have to pretend? Because Xu an has been acting for too long and her utilitarian heart is too heavy, she has no idea what that innocent smile looks like.

What's more, her heart is still angry with Gu Yimu. Her biological mother doesn't recognize her. She has to recognize a surrogate.

The little guy got on daddy's car and sat in the child safety chair. Gu Chengxiao drove for a while. The little guy took the toy's little hand loose and fell asleep against the chair. Why do adults envy their children's sleep? Just because they are tired and want to sleep, they can sleep in seconds regardless of time and place.

Gu Chengxiao saw the sleeping little guy in the rearview mirror. He also restrained the strength and ferocity of the day. His eyes were deep and gentle, and the pet in his eyes could not be concealed.

Again angry, he was just the mood at that time, but after that, what gas also disappeared, only the heart that full of father's love.

In the evening, Xu Xinyue and his grandmother lived in their new home. This time, they paid a lot of compensation. So the house they rented is also a good community and the environment is much better.

When her grandmother moved in, she found that there were many neighbors living here, so she was not afraid to chat without old sisters.

In the evening, Xu Xinyue and his good friend Li Yan confirmed yesterday's flight from country d to China. At six o'clock, there was only that flight.

In the evening, Xu Xinyue lies on the bed, but she can't sleep for a long time. Even thinking of the little guy sneaking out to see her, she is excited and happy. When is she in the little guy's heart? Is she so important in the little guy's heart?

In fact, it's a very contradictory mood, that is, I don't want the little guy to come to her, but at the same time, I'm eager to see him often and watch him grow up.

It's really unforgettable that she will have a baby in October. It's like giving birth to a child of her own.

It's early morning. A new day is coming.

Xu Xinyue helps her to pick up a new home and fill in new furniture, which is also very busy.

After noon, Xu Xinyue has been remembering to pick up her sister at the airport. She is afraid that she will miss the time to pick her up.

She thought that Li Yan was already on the plane.

At this moment, a flight is flying steadily over the ocean. The beautiful scenery outside the window is fascinating.

In the first-class cabin, Li Yan went after the drama all night last night. As soon as he got up, he slept in the dark. As soon as he slept for four hours, he had a good sleep. But he could always hear the voice of a woman around him saying something excitedly.

"What, so handsome! My God? How handsome! "

"I'm so fascinated. I'm going to faint. Can you stop being so handsome?"

"My God, there is no dead angle in 360 degrees!"

"I want to attack him!"

What kind of dialogue is this? Li Yan finally couldn't fall asleep. She took off her blindfold and wanted to see what the noisy woman looked like. However, her eyes, fascinated by dengdeng, were startled by a side face close to her eyes.

From the time she got on the plane, she had no idea what kind of people were sitting next to her, which was just now.

This is a man, a man with an eye mask, a headset and a sun hat.

However, Li Yan still thinks that this man is not bad, because the angle of his side face is the standard match of the handsome man.

She also found that the two girls who had been infatuated with flowers were sitting in the opposite row. The two girls were looking sideways at the black man from head to foot, giving out all kinds of exclamations.

There is no bottom line for the flower mania.

Li Yan can't help thinking, how can I see this man handsome?

Maybe small eyes? Maybe it's a bump? In short, Li Yan thinks they are exaggerating.

"Miss, may I change my position with you?" One of the girls asked boldly.

Because Li Yan is sleeping all the time, they are embarrassed to disturb. Otherwise, as soon as she gets on the plane, she wants to change her position.

Li Yan is woken up and upset! She had to be polite and smile. "I'm sorry, I like the window."

"It's stingy. Can't you change it?" The girl expressed her dissatisfaction immediately.

Li Yan is too lazy to pay attention to it. She is also upset! She can't help turning her head to look at the man beside her. He also seems to be asleep. Otherwise, he is also bothered by the two girls' infatuation with flowers?

Li Yan didn't go to the bathroom for four hours. Now she was in a bit of a hurry. She got up and carefully squeezed out the man's long legs. She went to the bathroom. Standing in the bathroom, Li Yan was washing her face. She felt a sudden weightlessness shaking of the plane, and her head banged against the metal door.

However, she could not care for the pain. She hurriedly came out of the bathroom and saw the whole plane shaking. Unexpectedly, she suddenly encountered a strong airflow in the clouds. The

stewardess in the cabin reminded her of the sound of warning, urging all the guests to fasten their seatbelts and return to their seats. Li Yan shakes left and right, and her heart is almost frightened. She runs towards the position in the shaking. Finally, she sees her position. She has just come to this man, and suddenly, a heavy sense of weightlessness makes her legs soft. She kneels down on the aisle directly, and her hands instinctively hold something, and a head is buried.

At this time, it's a matter of life safety. She doesn't care about anything but how to release her fear.

The plane passed through a strong current of clouds, and finally stabilized. Everyone in the plane was scared out of a cold sweat.

Li Yan, holding the man's legs, has not yet regained his mind. He continues to hold tightly and is ready to accept the next wave.

However, there is no fluctuation, only a man's cold question on his head, "have you had enough?"

The girls beside also decided to look at the man who was crazy about flowers all the way. However, what they saw was the woman who refused to change her position just now. Taking advantage of this opportunity, they took advantage of the handsome man.

Holding his long legs and burying his head in

The two fans immediately looked at each other angrily, as if they had violated them, and both wanted to pull the woman out.

Li Yan's legs were soft and panting with fear. When she heard the man's words, she raised her head.

What's more, the man has taken off his blindfold and revealed not a pair of small eyes, but a pair of clear and divine, inviolable narrow star eyes, which are bright and frightening. Even in his eyes, there is a layer of anger that he is strongly offended.

Boom!

Chapter 1400

Li Yan just returned to the God, once again was blown blank, her face rose red, let go of the hand ashamed to apologize, "I'm sorry!"

Finish saying, regardless of her soft legs, hurriedly squeeze back to her position, fasten the seat belt, face out of the window, dare not look at the man around.

My God! What a shame!

And the two fans beside have been furious. In their eyes, it is clear that Li Yan deliberately took advantage of this opportunity.

It's not intentional. What is it?

They all regretted that they didn't take advantage of the current to hold the handsome man! Anyway, in such a dangerous situation, holding him will not be blamed and pushed away by him.

Unfortunately, such a good opportunity was taken advantage of by that woman.

If Li Yan knows the mental activities of these two fans, she must breathe blood. She didn't mean to. She guaranteed her life.

If there was anything else to hold her just now, she could not hold a man's leg. She was still in a state of panic and confusion. She buried her face between his legs and would not do this for money.

The two girls beside are jealous to kill, but because the handsome man's face is not good-looking, so he can only stare at Li Yan.

Li Yan looks out of the window, afraid to look at the man around him, for fear of being despised by him.

But there was so much time left for the plane that she had to adjust her mood.

"Just now, I'm sorry, I didn't mean to." Li Yan looks apologetic and apologizes to the man who keeps his eyes closed.

The exposed forehead is bright and white. Under the two strong eyebrows, it is covered with a row of thick curled long eyelashes. Under the high nose, the facial features are perfectly contoured.

Li Yan's words, the man did not hear, which made her a boring, she had to stop talking.

But received the opposite two girls' strongly condemned eyes, she had to pretend not to see.

The man obviously did not sleep, he listened to music, immersed in his own world, indifferent to everything around him.

In the past four years, Li Yan graduated from abroad and stayed abroad to work, but she still knows something about domestic public figures.

At present, this man is not like a person in the entertainment circle.

As an editor of fashion industry, she was missed because she ran to the wrong place because of an interview with an international superstar. Of course, she was calculated to run to the wrong place by her colleagues.

Scolded by her boss, she has no face to stay any longer and can only return to China.

Li Yan is on her side, trying to reduce her sense of existence, and she pays special attention to every move of men around her.

So as not to offend him again.

At the moment, Xu Xinyue, who is waiting at the airport, is sitting in the coffee shop to pass the time. The time is gradually passing. In a second, it's only an hour since the flight landed.

Just 20 minutes before the plane landed, a line of three black cars parked neatly outside the airport in the VIP waiting area.

The man in the middle back seat, looking up at his watch, asked the little guy who was sipping a bottle of milk, "do you want to wait in the coffee shop?"

"Good! Let's go to the coffee shop and wait for father! " The little guy nodded happily.

Gu Chengxiao reaches out and unbuttons his safety seat. The little guy immediately jumps into daddy's arms from his position and hugs his neck.

Gu Chengxiao's bodyguard opened the door. He protected his son's small head and stepped down with his son in his arms.

Behind him, he followed four bodyguards, trying to cross the flow of people in a low-key way, and walked to a quiet coffee shop.

Ten minutes later, Xu Xinyue looked at the time and heard the sound of the radio. He was ready to pick up the plane.

In the coffee shop, the little guy also heard. He excitedly took daddy's hand. "Daddy, let's go! Pick up the godfather. "

"Just let uncle bodyguard pick him up." Gu Chengxiao doesn't like the crowd very much.

"No, no, I'm going to pick up my godfather. I'm going." Little guy wants to go, because he hasn't seen his father for half a year, and he misses him very much.

Gu Chengxiao knows that his son likes to join in the fun. This is also because he lives with him. The world of both father and son is too quiet.

Gu Chengxiao had to stand up and was led by the little guy towards the direction of the interface. The bodyguards around follow, trying not to let the crowd around squeeze or bump into the boss and his son.

Li Yan packed his things and immediately got off the plane in line. Behind her, the man took a fashionable black backpack and followed her to get off the plane.

Li Yan is waiting for her luggage when she glances at a large black figure around her. Her heart beats and he is waiting for the salute.

And the two female fans who chased him all the way were like a little fan girl, with stars in their eyes, making a little girl's worship expression.

What's wrong with girls now? For a man you don't know, can you chase him like this?

However, when they stare at Li Yan, they are as fierce as a female tiger. Li Yan gathers her long hair and tries not to look behind her.

At this time, Li Yan felt someone push her, she immediately turned around, saw one of the girls look at her, very impolite way, "Oh, I didn't mean to."

Li Yan is only bored, but she doesn't know that behind her fashionable floral skirt, there is a piece of pasted paper, and there is also a big character, "I don't want to face."

Li Yan was waiting for the gift box, but he didn't know it was calculated.

But the man beside saw it. His long finger touched the tip of his nose, as if he was holding a smile, and he didn't remind her.

Li Yan's suitcase arrived, and next to it is a black brand suitcase, belonging to a man.

Li Yan is pushing the limousine while looking for the exit. However, she sees people around her staring at her from time to time, and there are some jokes in her eyes. Li Yan is stunned and looks around. What are they laughing at?

As soon as she looked back, she saw the man behind her. He was pushing the luggage cart with natural and unrestrained posture. When he bumped into the eyes she looked at, the brilliant stareyes seemed to have a faint sense of joke.

Li Yan blinked and immediately ignored it. He pushed the cart towards the exit.

Xu Xinyue was crowding in the crowd. Immediately, the two couples in front of her pushed her out. At the same time, a fatter woman pushed her hard.

Xu Xinyue's slender figure backed away a few steps, almost bumping into someone behind him. Although she didn't, she also looked back.

However, Xu Xinyue and a pair of father and son behind him looked at each other.

"Please sister." The little guy surprised to let go of daddy's hand, immediately hugged her waist, raised his little face, and was very excited
