

U. CEO Daddy 1411

Chapter 1411

Xu Xinyue can only stare at him with a pair of beautiful eyes. Then, he reaches out and pushes his chest directly. His strength is still strong. Gu Chengxiao is not near for a while, and the two people are so stuck.

Big eyes, small eyes, a warning, a drama Ni.

Xu Xinyue really saw this man's bastard. He was so handsome and did such boring and jerky things.

Xu an, outside the door, saw that there was no movement or sound inside. She couldn't help worrying and asked, "Chengxiao, are you ok! Do you want me in? "

Gu Chengxiao's eyes turned away from the door. He took back his hands. At the same time, his handsome face returned to the same coldness. He turned to the door.

And Xu Xinyue continued to nest in her corner.

Gu Chengxiao opens the sliding door, and Xu an looks at him delicately, "change clothes!"

"Well! Go down to dinner! " Gu Chengxiao finished, pulled the door of the cloakroom, and walked towards the door.

Xu an also wanted to visit his cloakroom to see how many luxury goods there were. But when the man passed, she couldn't see anything, so she had to follow him out.

Xu Xinyue raised her ears to listen to the sound, and then she heard the door closing.

In an instant, her heart relaxed and her whole body breathed with a hot face.

My God! Gu Chengxiao turned out to be an asshole?

Is it clear that he and Xu an are getting along and socializing, and he even did such a slight act to her just now? Xu Xinyue is annoyed. Gu Yimu must not learn from his father.

And the little guy downstairs has been waiting to see his father's basement, and Xu an is still with him. He is stunned, but his father's face is calm. He thinks that Xu Xinyue must not be found.

"Daddy, get dressed!" The little one laughed cunningly and lovingly.

Gu Chengxiao stared at him speechlessly. First, he hid Xu Xinyue in his cloakroom. Then he sprinkled soup on his clothes intentionally. His son knew how to calculate him.

However, what happened upstairs just now made him happy.

Just now, when all thoughts calmed down, he thought of one thing. Why was he just upstairs provoked by this woman's physiological thoughts? It must be because of her own job, that is, her ability to seduce men!

Damn it, inexplicably, he was a little angry, and he was also upset about his behavior just now.

No matter how short he is of women, he will not find such a girl.

"Daddy, what are you thinking?" The little guy looks thoughtful at daddy.

"Nothing. Have a good meal." Gu Chengxiao sits on the seat, Xu an immediately sits down according to him, there is still some disappointment in his eyes.

Just now, she didn't grasp such a good opportunity, but even more unexpectedly, there was a woman hidden in Gu Chengxiao's cloakroom, which was Xu Xinyue, her most hated one.

Hong Meishan greets Xu an, "An'an, eat more dishes."

"Well, thank you, aunt." Xu an laughed happily, and paid attention to the opposite son, looking at the way he ate. Thinking of her blood in this lovely and beautiful child, she had a kind of pride and pride. Her gene is so good.

Of course, the most important thing is that the man who combines her genes is the man who has the most powerful genes and makes her son, at a young age, intelligent.

"Xiaomu, come on, Mommy will peel a shrimp for you." Xu an put the peeled shrimp on his plate.

The little guy immediately raised his head and looked at the woman in the opposite direction. He lowered his head silently, but he didn't eat the shrimp, even the rice around him.

Xu an gets hurt immediately. She can't find out why her son doesn't like her. What's wrong with her?

No, she and her son have just met. If someone hadn't destroyed her in front of her son, it would not have happened.

Therefore, the current situation of her and her son is that of Xu Xinyue. She will frame her in front of her son and destroy her, so that she and her son can get along well.

She must have messed up her show last time. She had this motive. She was just revenging her. She was careless and failed to prevent Xu Xinyue from approaching the child in advance.

While eating, the little guy's big eyes flashed, thinking about something. Then, he looked at a chicken leg in front of him with big eyes like a black jewel, making some ideas.

What the little guy is thinking about is probably only known by Gu Chengxiao on the opposite side. His son is thinking about dinner for the woman upstairs.

No, he absolutely forbids his son to bring food to her, because he has a habit of cleanliness, and absolutely forbids others to eat in his cloakroom.

"Grandma, I'm full. Can I go upstairs to play?" The little guy said to Hong Meishan.

"Just eat so little, how can you be full? Have some more! "

"Then I'll have another drumstick! I carry it upstairs to eat. " With that, the little guy took a clean plate beside him, put a big chicken leg in it, and then he was ready to leave the table."Gu Yimu, don't go upstairs to eat." Gu Chengxiao immediately stops his son.

The little guy looked at him immediately, with some pleading in his eyes, "Daddy, you let me eat it!"

"No! Eat it on the table. " Gu Chengxiao's eyes stared at him, and let the little guy understand that he saw through everything.

"I don't! I'm going upstairs. "

"No." Gu Chengxiao ordered, "you dare to try."

The little guy was carrying a small plate, and his face swelled with anger. "Daddy hates it."

Finish saying, put down the plate of drumsticks, the little guy went to the table and took two big apples and went upstairs.

Gu Chengxiao looks at his son's back when he climbs the stairs. He wants to laugh and is angry. His son never takes his breath because of others, but now he hates him because of an outsider.

Seeing this, Xu an was ready to get up immediately. She said to Hong Meishan, "Auntie, I'm full. I'll go to see Xiaomu."

Gu Chengxiao's eyebrows are twisted. He reaches out and holds Xu an's wrist. "Don't pay attention to him. Go on eating!"

Xu an looked at her hand held by Gu Chengxiao. Her heart leaped wildly at once. She said happily and coyly, "Xiaomu seems angry. I have to go and have a look."

Gu Chengxiao released her hand and said coldly, "I said, ignore him."

Hong Meishan looks at her son holding Xu an's hand, but she takes a deep sigh of relief. It seems that she really needs to get along with each other more, so that the two young people can have feelings!

As soon as he got to the second floor, he hurriedly started to run towards the master bedroom on the third floor.

Chapter 1412

Xu Xinyue hides in the room full of luxury goods. The heat on her pretty face is still there. In the breathing room, it's all men's strong and aggressive hormones that make her want to escape.

Now she only secretly prays for Xu an and Mrs Gu to leave, so that she can leave safely.

Just then, she heard a door closing, which made her heart immediately tense. Who is coming? Is it Gu Chengxiao again? Want to take advantage of her?

Just then, the voice of the little guy came from outside the door, "sister Xinyue, sister Xinyue, it's me."

Xu Xinyue immediately opened the sliding door of the clothes room and saw the little guy coming in with an apple in one hand.

"Sister, are you hungry or not? No, here you are." The little guy handed her two apples.

Xu Xinyue's heart can't help being moved. It turns out that this little guy still thinks about her! She was really hungry. She reached out and took one. "I'll take one, you take one."

"Here you are." The little guy finished, and put the other one in her hand. Then, he said angrily, "I wanted to bring you a big drumstick, but my father didn't allow it. I was so angry."

Xu Xinyue looked at the little guy's angry and lovely look, and she comforted him. "My sister can eat an apple, thank you, Xiaomu."

However, in the eyes of the little guy, it's a very aggrieved thing for Xu Xinyue to eat only apples.

"Sister, when my grandma and aunt Xu leave, I'll take you down to the big drumstick." "No, it's time for me to leave when your grandma and aunt Xu leave." Xu Xinyue bites a crisp apple and feels very sweet.

"It's delicious." Said Xu Xinyue with a smile.

The little guy sat on the sofa and ate with her.

And downstairs, Hong Meishan saw that the little guy didn't go downstairs for a long time, and she wanted to go upstairs to have a look.

However, a man got up faster and said to her, "Mom, I'll go."

"I'll go, too." Xu an doesn't miss any chance to get along with her son.

"No, you stay with my mother!" Gu Chengxiao opens his mouth to stop it.

This man's words always have a kind of intimidating feeling that people dare not listen to. Xu an didn't dare to contradict and demand either. She smiled gently, "OK, then I'll accompany my aunt."

Gu Chengxiao's long legs stepped up the stairs, and he walked all the way to the master bedroom on the third floor.

I was chatting in the cloakroom. I was shocked to hear the sudden closing of the door.

The little guy immediately came out of the cloakroom. When he saw his father coming in, he was relieved. At the same time, he had some breathing passages. "Why don't you please my sister to eat chicken legs? She's hungry."

Xu Xinyue heard the voice of the little guy and knew it was Gu Chengxiao. She came out with an apple in her hand.

Gu Chengxiao didn't answer, but looked at the soft crystal light, the two people who came out before and after, unexpectedly gave him a sense of similarity.

The handsome face of his son is full of a beautiful look, which makes him find a similar breath on Xu Xinyue's face.

Xu Xinyue didn't want the little guy because she was having trouble with her father. She said quickly, "Xiaomu, I'll eat apples."

Gu Chengxiao said to the little guy, "go downstairs. I have something to talk to her."

When Xu Xinyue heard this, he immediately tightened his heart and said, "what are you going to talk to me?"

Gu Chengxiao's eyes light up a trace of ponder, "talk about how you fascinate my son."

What is this man talking about? She and Xiaomu just like each other. How can they be heard by him? That's not good?

"Daddy, I like sister Xinyue. Is there any mistake?" The little guy also understood daddy's words and tooted his little mouth to retort.

"You don't like your biological mother downstairs, but rather like her. What's the reason?" Gu Chengxiao looked at his son with cold eyes, and didn't see him as a four-year-old.

It's like asking an adult.

The little guy hummed, "who said she was my own mother? I think it's suitable to be my mother if you please my sister!"

Children's words have no taboo. What's more, it's the childish words that come out of the mouth, which makes Xu Xinyue laugh and cry, even a little flustered.

Xu Xinyue looks at the little guy with eyes open, but he doesn't respond. The man in the opposite side hums and asks, "is that what you taught him? Want to be my son's mother? "

"I I didn't, I didn't teach him that. " Xu Xinyue put his hands and shook his head to deny.

And the little guy looked up at Xu Xinyue and said, "sister, would you like to be my mommy! I don't want that Aunt Xu downstairs to be my mommy. I want you to be my mommy. "

Xu Xinyue immediately crouched down in fear and said to the little guy, "Xiaomu, can't you just say that? Aunt Xu downstairs is your biological mother. Of course, I can't be your mommy. "

"Who said, as long as daddy marries you, you can be my mommy." The little guy doesn't know about adults. He only knows who daddy marries and who his mommy is. Gu Chengxiao's handsome face is a little ugly. If his son doesn't ask him what he thinks, he will recognize mommy at will?"No way! I can't be your mommy. " Xu Xinyue also said firmly, because she knew that Xiaomu was Xu an's son.

Gu Chengxiao said to the little guy, "if you don't go down, your grandma and that Aunt Xu will go upstairs to find you. If you want to protect her, go down quickly."

Xu Xinyue was also shocked and begged, "Xiaomu, please, you mustn't let that Aunt Xu know that I'm in your house, otherwise, I'll be in trouble, OK?"

Xu Xinyue is really worried. He nods, "don't worry! Please sister, I will protect you. "

Finish saying, walk toward the door like a little man.

Gu Chengxiao rings his arm and listens to the closing of the door behind him. His sharp eyes are like leopard's eyes. They are like X-rays shooting at the woman in front of him.

Xu Xinyue just breathed a sigh of relief, then remembered that Gu Chengxiao was still there, and immediately entered the alert state.

"You You are not allowed to mess around! " Xu Xinyue immediately encircles his chest and makes a defensive action.

Gu Chengxiao's thin lips were hooked. He walked gracefully to his sofa and sat down. He raised his legs and locked her in his eyes.

"Tell me, what means did you use to make a four-year-old boy like this? Why doesn't my son even want his own mother? He wants you. "

This is also Gu Chengxiao so far, still wondering.

Xu Xinyue is stunned. How can she explain such things clearly? Although she was very clear that she and Xiaomu had the same feelings at first sight, and probably had the result of her pregnancy in October, she would not say it.

Chapter 1413

"I'll make it clear to Xiaomu that I won't see him again from tomorrow, so you don't have to worry." Xu Xinyue explains.

Gu Chengxiao picked up his eyebrows slightly. He felt that his son would not die so easily.

"Change your phone number now." Gu Chengxiao ordered.

My son has her phone number and always knows how to contact her.

Xu Xinyue bit his lips, nodded and agreed, "OK, I'll change it."

Gu Chengxiao looks at the girl with thin body and pure skin under the light. A strange dryness surges on her chest, which makes him feel that the air conditioner in the room seems to be broken.

"How is your relationship with Xu an?" Gu Chengxiao asked inexplicably.

Xu Xinyue thought for a moment, his face cold. "We usually have nothing to do with each other."

"Xiaomu doesn't recognize her. Did you say something to Xiaomu behind her?" Gu Chengxiao asked again.

This sentence makes Xu Xinyue's face change. He stares at him, "what are you talking about? I don't have it."

"Is it? As far as I know, the Xu family has long denied that you are Xu's family. It's not impossible for you to hold a grudge and deliberately retaliate against Xu an. " Gu Chengxiao's light hum, a pair of deep eyes, is penetrating all the coldness.

Xu Xinyue trembled with anger and rushed to his face immediately. "Don't say anything. Although I don't like Xu an, I don't care to do such a thing, let alone I I like Xiaomu. I will not destroy anyone in front of him. "

Gu Chengxiao's slender body immediately stood up. The distance between the two men was no more than half an arm, while his tall body was full of pressure in an instant.

Xu Xinyue can't help swallowing his saliva and preparing to take a step back, but his calf belly is mixed in the corner of the glass table in front of the sofa.

There was no foreseen danger, which made her unstable. With a exclamation, her hand went forward and found something that could prevent her from falling.

Men's casual shirt, immediately only smell, boo.. Several times, the row of diamond black buttons on the man's body, all stretched open, revealing the man's strong and vigorous waist and abdomen.

"Ah..."

Xu Xinyue, who still looks back, screams out in fright. Seeing that she is about to fall on the table, the man's arm stretches out to save her.

The man's arm clasps her thin arm and pulls it. Suddenly, she fails to fall on the table. Her whole face bumps into the man's chest and still bumps her head into the stars.

For men, the shirt is fully open and full of wild breath.

He looked down at the woman in his arms, and his eyes were more animal like.

Xu Xinyue holds his forehead and carefully moves aside, "er I'm sorry. "

With that, she was ashamed to see the man's skirt pulled open by her.

Gu Chengxiao glanced at the corner of his mouth, took off his shirt and threw it aside, with a low voice and a hint of ridicule? The way to understand people's clothes is very clever. "

[illegible]

At this time, Gu Chengxiao's cell phone rang, he picked it up and picked it up. "Hello!"

"Daddy, aunt Xu is upstairs." That end, the voice of the little guy is reported.

Gu Chengxiao is a little annoyed. Son, did he deliberately let this woman go upstairs to make trouble?

Xu an stayed downstairs for a while with the little guy. Seeing that it was almost 8:30, she seldom visited Chengxiao's home. How could she miss the chance to brush some sparks with him?

So, when hongmeishan is accompanying the little guy, she takes the opportunity to go upstairs to Gu Chengxiao for a chat. Hongmeishan is also glad to ask her to find her son, young man, so we need to talk more before we have a topic.

And the little guy can only say to find something quickly and run to the side hall to report to Daddy. Xu Xinyue is still embarrassed about what happened just now. Suddenly, her arm was clasped by the man, and she was shocked.

The man was thrown into the cloakroom by the man. She stood up with a clatter and saw the man step in.

And the door in the master bedroom was knocked.

"Chengxiao, are you in it? May I come in and have a chat?" The charming voice of Xu an came.

Xu Xinyue immediately covered her mouth with fear. She underestimated Xu an's love for Gu Chengxiao.

Gu Chengxiao doesn't answer. He leans against the cloakroom, and looks at Xu Xinyue.

Under his eyes, Xu Xinyue is afraid. What happened here just now can be seen clearly. This man shouldn't have planned to do it again!

She immediately warned of staring at the past, around the body hiding in a corner, motioning him not to mess.

Xu an really had to push the door in.

"Chengxiao, are you there?" Xu an's voice rang in the master bedroom.

Xu Xinyue is surprised to find that the man didn't lock the door of the cloakroom, which means that Xu an may push the door open anytime and anywhere.

"Door!" Xu Xinyue pointed and reminded him with his lips. But, the man actually raises the corner of the mouth, the interesting appreciation her panic stricken expression. It's going to be crazy.

Xu Xinyue really wants to have a heart attack. It seems that this man doesn't care about her life or death at all.

He doesn't have to be afraid. Anyway, Xu'an loves him and is possessed. What he did, Xu'an will love him. But she is different. If Xu'an knows that she is here, her fate will be miserable.

Even if Xu Xinyue is not afraid of Xu an, she also needs to be in a positive situation. But now, she is hiding in Gu Chengxiao's cloakroom. It's a hundred mouths that can't explain clearly.

Xu Xinyue is so scared that she pushes the cabinet behind her. Her thin body hides in like this. The door of the cabinet is slippery and silent. She closes it quickly.

Xu an didn't get Gu Chengxiao's answer, but she didn't leave. Instead, she was very curious about the man's master bedroom, so she naturally took the opportunity to look at it.

Just as Xu an was looking, in the next row of lockers, the man opened a door and stepped in with his long legs.

Xu Xinyue dare not breathe, but when the cupboard door is pushed open and a man's long leg steps in, she still wants to scream.

What is this man doing in here?

Fortunately, the man's wardrobe is surprisingly large, and it's no surprise to hide in two people. Xu Xinyue doesn't care to push the man out, and has no time to guess why he wants to hide.

She had a premonition that Xu an would come in.

Gu Chengxiao didn't know where he came from. Seeing this woman hiding in his wardrobe, he was also bothered by Xu an. So he also hid.

Probably, the second thing is that he can enjoy another woman's panic.

Chapter 1414

Gu Chengxiao's cupboard is spacious to hide from Xu Xinyue, but it is very narrow to squeeze into a man of one meter eight five.

Xu Xinyue is in the corner, and the man's hands are naturally on both sides of her shoulders. His face and body are facing her. Xu Xinyue is frightened and shouts. The man is still naked.

In the dark cabinet, all the senses are suddenly sharp enlarged.

What's more, the sliding door of the cloakroom outside rang, and Xu an didn't invite him in.

Xu an is really curious about what a man like Gu Chengxiao looks like in his cloakroom.

Xu an also believes that Gu Chengxiao is not in his bedroom, so she appreciates it more casually.

She stood in front of the glass cabinet under the crystal light, looking at the world's out of print watches that were collected, as well as some luxury goods used by men, each with extraordinary temperament.

Xu an can't move her eyes. Although she doesn't lack these things now, conquering this man can achieve her proudest and most ostentatious thing as a woman.

But she didn't know that there were two people hiding in the closed cupboard.

Xu Xinyue's heart is about to jump out. She hears Xu an's footsteps clearly, and she crosses the door. As long as she pushes and pulls the cupboard door, she and the man will be exposed.

Even in the most ambiguous position exposed.

At the moment, from the gap along the cabinet, a faint light came in, which made her faintly feel that the man's face was close, and his breath was lightly sprinkled on her cheek.

It's killing!

The more nervous, the more error prone, Xu Xinyue felt that only a drop of cold sweat on her forehead would drip into her eyes. She reached out to wipe the sweat, but she ran into a hanger, put the hanger on the hook, and saw that the clothes and hanger would fall on the floor of the cabinet.

Xu Xinyue's breath choked in this second, and she instinctively took a breath.

And at this time, two cold lips sealed her lips and stopped her scream.

And the man's hand quickly grabbed the hanger and made it land to make a sound.

Xu Xinyue gapes at the big eyes, on the red lips, is the man's blocked lips

For fear of releasing, she will make a sound of fright, so the man is very conscious to continue to seal her red lips, bright black eyes, with a sense of interest.

Xu an turns around the door. She still wants to find Gu Chengxiao, so she mumbles, "where is Chengxiao? Is he in the study? "

So, it seems that Xu an is in a hurry to find someone in the study.

Her footsteps left the cloakroom, and after a minute or so she heard the bedroom door closed.

And in the cupboard, the woman who can't bear it pushes the man who is close to her lips hard. She opens the cupboard door and gasps out.

When the man lifted a row of white shirts, he took one of them down and put it on gracefully, buttoning slowly.

"How can you do that!" Xu Xinyue rubs her red lips and stares at the man who takes advantage of her.

"I helped you, and I don't expect you to thank me. How dare you accuse me?" Gu Chengxiao's white shirt, under the crystal light, appears extraordinarily ascetic and charming.

But who was that puny bastard just now? Abstinence is just his appearance, in fact, he is a bastard.

Xu Xinyue recalled that if the hanger had landed just now, she must expose it, and Xu an found it directly.

But how grateful is this man to save her crisis by kissing her?

This was the first kiss she had kept for 24 years, so she was taken away by this man.

Gu Chengxiao looked at the beautiful blushing woman in the light. His eyes flashed over several threads of loss. At the same time, he was once again upset about his sane behavior.

What's the matter? When I met this woman, where was his usual calm and rational? Even if self-control has declined, what charm does this woman have?

Let his son never leave her, even he Can't help but want to tease her.

Gu Chengxiao doesn't say a word. His eyes are gloomy and he steps away, leaving Xu Xinyue biting his teeth in anger.

Xu an can't find Gu Chengxiao in her study. When she came out of her study on the second floor, she saw a man in a white shirt step downstairs.

He changed clothes again, but he looked good in everything.

Xu an asked with a smile, "Chengxiao, where have you been? I've been looking for you."

"The top floor." Gu Chengxiao answered casually.

Xu an can't help being annoyed. She didn't expect him to go to the top floor. It seems that she wasted her chance to get along with him in vain.

Downstairs, Hong Meishan accompanied her grandson with a smile on her face. She loved everything.

"Grandma, it's late. It's time for you and aunt Xu to go back to bed." When the little guy saw Xu an, who accompanied his father downstairs, he said. Hong Meishan and her grandson often forget the time when they play. At this moment, she glanced at the clock on the wall and said, "it's over nine o'clock so fast. It's time to go back."

"Aunt, I really want to stay with Xiaomu for a while. I wonder if I can stay for one night." Xu an said, looking at Gu Chengxiao's face.

Hong Meishan naturally understands Xu an's mind. It's true that she wants her grandson, and it's true that she wants to develop with her son in the near future, which is what she hopes to accomplish.

She just wanted to promise, but Gu refused, "it's not convenient tonight."

"Yes, dad and I are used to living together." The little guy didn't agree.

Xu an's heart was hurt again. Looking at her son's lovely face, she was so cold to her. She was really sad.

What's the matter? How does a son's heart cover a stone that is not hot? Or does she show less maternal love?

"That's it. Let's make another day! Ann, you are tired today. Go home early and have a rest. " Hong Meishan looks for her to step down.

"Well then! Then I'll come back another day. " Xu an had to answer.

"Grandma, I'll see you off." The little guy can't wait to let Grandma and Xu an leave first.

Because Xu Xinyue is still hungry!

Hongmeishan and Xu an come out, the driver is still waiting for them. Hongmeishan kisses her grandson and waves her hands. "Grandma will come to see you in two days."

"Well! Grandma, I love you. " The little guy made a sign to kiss.

Hongmeishan's coke is broken. Xu an waves his hand and hopes his son can kiss her, but the little guy doesn't do it anymore.

Gu Chengxiao stood in front of his son and watched his mother and Xu an's car drive out of the yard.

Chapter 1415

"Yes! I can go and play with sister Xinyue! " The little guy jumped up excitedly, turned and ran into the hall.

"Sister Xinyue, you can go downstairs. My grandmother is gone." The little guy came up all the way up and yelled all the way.

Xu Xinyue stood in front of the French window in the master bedroom, looking at the car driving out of the yard. She was also relieved, and finally Xu An'an left.

"Xinyue sister." The little guy opened the door happily and came in.

Xu Xinyue laughed, "your grandmother, they left, didn't they?"

"Well! My grandmother and aunt Xu left, Xinyue sister, go downstairs to eat

Although Xu Xinyue likes little guy very much, she can't believe his father's character. She squats down and says, "I won't eat. It's very late. I should leave."

The little guy immediately put his arm around her neck, "no, Xinyue sister, don't go."

Xu Xinyue really does not know why the little guy likes her so much. When she conceived in October, she used her blood to support him to grow up, so that he could like himself so much.

"Xiaomu, dear, I really should go." Xu Xinyue opened his small hand, some can't bear to say.

At this time, a slender figure stepped forward outside the door, and the little guy immediately turned his head and begged, "Daddy, can you let Xinyue sister stay! Let her sleep in our house tonight

Gu Chengxiao looked at his son coldly, "no way."

"Please, daddy. It's dangerous for sister Xinyue to go back so late. She's so beautiful." The little guy came in a different way.

Xu Xinyue didn't intend to sleep here. She laughed, "Xiao Mu, I won't stay here. Thank you for protecting me just now. I should go."

"But it's not easy to take a taxi here! Let my father send you The little guy had to say.

When Xu Xinyue came here today, he knew that there would be no taxi in this area. Therefore, taking a taxi is indeed a troublesome matter.

"I don't have time to deliver." Gu Chengxiao sat down on the sofa with a complicated mind.

"Sister, can you drive?"

"Yes Xu Xinyue nodded.

"There are many cars in my dad's garage. Go and pick one." In a word, little guy just doesn't want Xu Xinyue to be in danger.

It's a warm little man who protects her.

Xu Xinyue smile a stiff, she quickly shook her head, "no, I always have a way back."

With that, Xu Xinyue stood up and waved to the little guy, "then I'm going."

"It takes half an hour to get out from here to the gate of the community. You can't get a taxi outside. How can you get there?" The man suddenly asked.

"It's my business. There's no need for Mr. Gu to worry." Xu Xinyue now has no such respect for this man.

Even if you have the appearance of an angel, you also have a devil's heart.

She can see through, no matter how good-looking she is, the essence is the same.

"Daddy, you can send Xinyue home! I'll be at home and obedient The little ones try to create opportunities for them to get along with each other.

Gu Chengxiao hasn't said anything, Xu Xinyue has already refused. She doesn't feel at ease to leave the little guy alone in such a big villa.

"No, I can ask my friend to pick me up." Xu xinyuexin thinks that if there is no way, Li Yan can only be bothered once.

"My assistant is on his way. I'll have him take you back." Gu Chengxiao's eyes are still. Obviously, he has arranged all these things.

The little guy is a little lost. He thought he could let his father send it!

Xu Xinyue is also worried about such a late, but also trouble Li Yan, that is, his assistant will send her, she naturally happy.

Just as he finished, he heard a bunch of lights coming from outside the yard. Obviously, his assistant arrived.

I saw a tall, capable woman stepped forward, meticulously in the back of her hair, making her look like a capable assistant in a big movie.

She is Luo min, a master of science and technology, and also one of Gu Chengxiao's effective generals.

"Mr. Gu." Luo min greets the man on the sofa.

"Send this Miss Xu back." Gu Chengxiao's eyes are light, sweeping to another woman in the hall.

Luo min and Xu Xinyue met each other. Luo min smiles at her and says, "Miss Xu, please."

Thank you Xu Xinyue was grateful and turned to the little guy around him and said, "I'm going."

The little guy put his hand around her leg, raised a lovely little face and asked, "sister, can I see you again?"

Xu Xinyue thought that the purpose of coming here today is to put an end to the miss of her in the future.

"My sister is going abroad. Maybe we can't see each other again." Xu Xinyue touched his head with some sadness.

"But But I don't want to lose touch with my sister, sister, can you write to me? It's OK to send an email... " The little guy said very persistently. Xu Xinyue's eye bottom rippled a layer of water mist, she had to cheat him, "I may be very busy, if I have time, I will."

The little guy immediately laughed happily, "then I wait for my sister's letter, you must write it to me! Write me one letter a week and send me your photos. "

Xu Xinyue eyes gradually wet, she raised her head, do not let the little guy see her have to give up.

She stretched out her hand to open his small arm. "It's time for my sister to go. Goodbye to Xiaomu."

With that, Xu Xinyue followed Luo min's figure to the direction of the yard parking lot.

Gu Yimu also flattened his small mouth and began to cry in his big eyes. Gu Chengxiao got up and went to his side. He squatted down. The little guy immediately jumped into his arms and cried out.

Gu Chengxiao looks at his son, who is crying with a shrug of his shoulders. He has a puzzled thought in his heart. Why does the son love this woman so much?

Gu Chengxiao stroked the back of his head, pushed his small face away from his shoulder and rebuked, "what is a man crying for?"

Little guy flat mouth, dare not cry, but did not stop choking, a pair of big eyes to the direction of the yard, can not help but sad.

Gu Chengxiao walked a few steps, the head also did not return to call a sentence, "go upstairs to take a bath."

The little guy had to follow him upstairs to take a bath.

Xu Xinyue sits in Luo min's car. Luo min is a very professional person. She doesn't want to talk to each other on purpose. Instead, she puts on relaxed music. Xu Xinyue in the front passenger's seat is also full of thoughts.

When Xu Xinyue returned to her grandmother's home, it was already 10:30 p.m., and the day was really tortuous.

Grandmother has been sleeping, Shaoru has been waiting for her to come back, see her back, she was relieved.

"Have you had dinner? I've also warmed up some dishes for you

Chapter 1416

"Thank you, aunt. I'm starving." After Xu Xinyue finished, she went to the kitchen to serve food. She was really hungry.

"Then I'll go to bed first." Shao Gu finished and went to her room.

As Xu Xinyue ate, she couldn't help thinking about what happened in the evening and the chance to meet the little guy again. Although she was a little sad, she felt that she should have been.

Xiao Mu is the child of Xu An'an. Xu an and her are now in a relationship of incompatibility. She is not allowed to cause any trouble to the little guy.

So, it's a good thing not to see in the future!

Thinking about it, he turned to other things, especially in the cupboard, the moment when Gu Chengxiao kisses him.

At the moment, I think, the head is blank. Can a man kiss any kind of woman?

She did not love him, he did not like her, so cold and strange two people, he actually can kiss?

Xu Xinyue shakes his head, ready to forget what happened tonight and Gu Chengxiao.

But she can forget.

A man may not be able to. Gu Chengxiao is bathing his son and holding him to bed for less than ten minutes. He is tired of crying and goes to sleep in seconds.

Only when the little guy is asleep, he can do his own thing as he likes. He handles several urgent mails on the sofa next to him and goes to take a bath.

The man who walks into the clothes room with a bath towel and his mind goes straight back to what happened here two hours ago.

Looking at the door of the first wardrobe, Gu Chengxiao's mind clearly recalled every detail in the cabinet.

Originally, he didn't want to kiss her, but just as soon as she got rid of the hanger, she panicked like she was going to scream. At that moment, he didn't have any extra consideration.

To be honest, he did not want Xu An'an to find them, so he instinctively sealed her lips and caught the falling hanger.

Therefore, the kiss, not from his heart's real desire, is just an act of compulsion.

Therefore, he absolutely does not admit the existence of this kiss.

The man who has just taken a bath is a little bit restless and shakes his ink hair dripping with water. It seems that he can't think about it any more. Otherwise, he seems to have to take another cold bath.

This night, Xu an was sent home by Hong Meishan. She tossed around in bed, but she always thought that Gu Chengxiao could not sleep. The more she thought about it, the more she felt a strong desire in her heart.

How she hoped that one day, she could sleep in Gu Chengxiao's bed.

In the morning.

Xu's house, Xu An'an's room.

Li Jingya went to bed early last night, so she didn't understand that her daughter came back. At breakfast, she was naturally very concerned about her daughter's affairs at Gu Chengxiao's home yesterday.

"An'an, tell your mother quickly. How were you at Chengxiao's house last night? How does Xiaomu treat you

For Xu an, last night in Gu Chengxiao's home, or a good life, but failed to get closer to him, she was a little disappointed.

"Mother! Chengxiao shook my hand. I think he likes me Xu an put the only time, was Gu Chengxiao shaking hands on the table, infinitely enlarged.

"Really? That's great. It shows that Chengxiao is interested in you! What about the little shepherd? Do you like you

Xu an thought of her son's estrangement from him, she felt helpless. She bit her red lips and said, "I don't know why. Xiao Mu looks at me like a stranger. How can I please him and make him happy is useless." After that, Xu an looked up at her mother and said, "Mom, did you think that because I didn't give birth to him in person, would he alienate me so much, but he was so close to Xu Xinyue?"

Li Jingya immediately retorted, "nonsense! The child is yours, but it was born out of her Xu Xinyue's stomach. What does it have to do with her? "

"Would it have been better if I had given birth to the little shepherd myself?" Xu an sighed, her son did not recognize her, she was really helpless.

"An'an, I just don't want you to experience the pain of giving birth to a child. Besides, once a woman has a child, she will grow old quickly. Moreover, I decided that you are going to marry Gu Chengxiao. You have not had a child's body, but it is better than the one who has given birth to a child, and can be more popular with men, do you know?"

Xu an's pretty face had no reason to be hot. She nodded, "I know."

"Gu Chengxiao is such an excellent man. He has no skills and is hard to grasp." Li Jingya looks at her daughter as beautiful as a flower, and her figure is not fertile, so it is easier to catch Gu Chengxiao.

"Mom, I know. I'll try my best to seize the opportunity." Xu an is also very confident. She thinks that everything is perfect. When she marries Gu Chengxiao, he will find her good.

"If Xu Xinyue dares to have any bad thoughts, I will make her look good." Li Jingya can not allow anyone to ruin her daughter's life-long event.

What's more, her grandson has to inherit the family's billions of assets. Only when her daughter takes the position of Mrs. Gu can she get all this. Other women can't even think about it. Li Jingya came out of her daughter's room. She went back to the room and looked at her husband who was tidying up his suit. She came to help, "Taoyang, how's the company recently?"

"What else? You have to let an an an marry into the Gu family as soon as possible. In this way, I can rely on Gu Chengxiao for help in business. Now, he has several big projects in his hand, and I dare not speak to him. " Xu Taoyang looks worried.

"I will let an an an marry as soon as possible. We can not easily get to this day, and we can never let the Xu family decline." Li Jingya said, suddenly thought of something, her eyes can not help flashing a trace of panic.

"There is still half a month, and the Dragon Boat Festival is coming, and my heart is beginning to feel uneasy." Li Jingya covered her chest, a little nervous.

Xu Taoyang snorted, "how many years have it been? Even if my brother and his husband and wife climb out of the underground, they are just a pile of white bones. What are you afraid of? In these years, if there is really any retribution, we have come early. Now, we have to do well? "

Li Jingya took a breath and forced his face to laugh. "Yes, there is no retribution. The Xu family is ours."

In Xu Taoyang's eyes, there was a trace of cruelty. "If I didn't do that, we wouldn't have the glory and wealth we have today. With the money I embezzled from the company, my father would have banished him to a small place."

Li Jingya immediately said, "if it wasn't for your greed, would something like this happen?"

Chapter 1417

Xu Taoyang's youth is only mentioned by his husband and wife. Where does he go now? Is he not the president of Xu's group who is respected by everyone?

"Well, let's do the marriage between An'an and his family! Xiao Mu is our grandson. It will be sooner or later for an an to marry in the past, but it will be more advantageous to marry in earlier."
"

"Busy with me Li Jingya would like this good thing to be done soon ~!

At noon, Xu Xinyue accompanied her aunt to see several real estate agents. She found two sets of houses that were more satisfactory. When she returned home for lunch, Xu Xinyue received a phone call from the company. Her one month holiday was shortened. Tomorrow, she will report to the store company.

Xu Xinyue rarely had such a few days of leisure, she is enough, work is her hobby, so she has no complaints.

When she called Li Yan to report good news, the same, Li Yan at that end also reported to her.

"I was also informed of the interview, just at two o'clock this afternoon." Li Yan said happily at that end.

"Really, congratulations. Then you have to take advantage of the opportunity and have a good interview." Xu Xinyue is happy for her.

"Well! It's my biggest dream to be able to enter the ancient dike. I will certainly grasp it. Wait for my good news

"Well, I'll wait for your good news. If it works, I'll treat you to a big meal."

"For your dinner, I have to succeed too." Li Yan is smiling at that end.

"Well, it's already twelve o'clock. You should be ready."

"Well, I'll call you this afternoon." Li Yan finished and hung up.

Xu Xinyue sat in the room and began to sort out her previous sketches. She looked at the calendar next to her and looked at the circled date. Her heart was suddenly covered with sadness.

It was another year when her parents' Memorial Day arrived. In a twinkling of an eye, her parents had been away for 16 years. When she closed her eyes, it was the scene that her parents were sent to the hospital with bloodstain. They left forever without even seeing the last one.

The hateful truck driver, such a wide road, he even straight into his parents' car, with people and cars, hit the highway bridge.

She heard her aunt say that the truck driver was arrested and wanted to be sentenced, but for her, how could two lives be so forgiven?

She was still young, and her parents' cases were handed over to her uncle. From then on, she could only send incense and flowers to her parents on the Dragon Boat Festival every year to express her missing.

Li house.

Li Yan is professional and fashionable. As the only daughter of the wedding dress family, Li Yan was interested in fashion since childhood. She was not running her own business, but she got into the career of fashion magazine writer.

Because there, it is the ocean of her pursuit of fashion. Over the years, she has gained a lot of experience abroad, both big and small. Two foreign stars she has interviewed are first-line.

These two days, her parents have been doing ideological work for her, or failed to block her a mind to collapse.

Li Yan took a look at the watch time, carrying a fashion bag downstairs.

"Smoke, no going." A young man in vest sat on the sofa and ordered.

"Dad, you let me go! You see, the ancient dike is my dream. I won't give it a try in my life. " Li Yan immediately sat by his father's side, pinching his shoulder and pounding his back.

"Hum! You don't care if you leave such a big industry at home. If you run to be a little screenwriter, will you lose my face

"Dad, don't worry. After going out, I'll never say that I'm your daughter. I can't lose it on you." Li Yan retorted with a smile.

Li's father was so angry that she stepped out of the flower hall and comforted her husband, "don't worry! Let her go. Look at her skill. I want to get into the ancient dyke. "

Li Yan was immediately struck by self-confidence and cried out, "Mom! You look down on your daughter. I was born by you or picked up by you. "

"Free of charge." Mrs. Li replied humorously.

Li Yan still smiles and Mimi walks over and hugs her mother's neck, "Mom, how about driving with your sports car? Help your daughter support her face

"Go, I have no time to lend it to you." Mrs. Li pushed her daughter away.

"Mom, you're not going shopping! When can you go shopping! Must this afternoon? I have an interview! Your daughter is so self reliant, you must support her Li Yanqi said.

"There's an old Bentley in the garage. It hasn't been opened for years. You can go out and have a walk." Mrs. Li pushed her daughter away.

"Hum! I'll take a taxi. " Li Yan has the guts to say a, bag is going to start.

"The key is in the cabinet at the door. Go and get it yourself."

Li Yan walked a few steps, and then turned around happily hugging her mother, "thank you mom, I knew I was your own."

"You're used to it." Li Fu on the sofa said with a smile.

"I am used to it, or you are used to it." Mrs. Li replied impolitely. Looking at two of their favorite people, Li Yan happiness surrounded, she waved, "Mom and Dad, I left."

"Drive carefully. Don't scratch it."

"Yes! I'm an old driver." Li Yan's voice has disappeared in the elevator in the side hall.

Two old look at each other, all sigh a sigh, such a daughter, how can we do? I can only spoil it.

Li Yan took the key and looked at the red Ferrari sports car that her father gave her mother at the beginning of this year. She thought to herself that she would look for a man like her father.

To spoil the wife, love the wife, everything to the wife.

It's just that in this world, feelings are overflowing, where can we find such a good man as my father?

It's hard to find a lantern! Li Yan came out with her mother's sports car. After a look at the time, she could easily rush to the interview.

The GuDi fashion magazine that Li Yan wants to interview is located in a commercial center building in the center of the city. The future office environment is also very good.

This is what Li Yan aspires to.

Li Yan is almost to a traffic light, she suddenly heard a roaring car overtaking sound, and also more arrogant crowded in front of her.

"Damn it, it's amazing." Li Yan complained a little annoyed.

Li Yan had already changed lanes and was ready to overtake him. Suddenly, an electric car that didn't know where to rush out of the car ran straight into her front.

"Ah..." Li Yan has stepped on the gas pedal at her feet. Forced by the situation, she can only jerk the steering wheel to the left. The front of her sports car is very impolite and kisses the cool silver gray supercar next to her, which is an expensive Bugatti.

Chapter 1418

"It's over." Li Yan opened her eyes and her brain was buzzing with a blank. When she went to find the electric car, she had already run away.

She quickly pushed the door to get out of the car, while the driver of the sports car rubbed his neck to get out of the car.

I saw the owner is a tall man in a gray fashion suit. He is wearing sunglasses. The beautiful facial features under the sunglasses are full of the charm of men.

"I'm sorry, I'm sorry..." Li Yan quickly trotted over and apologized to the owner.

Man raised his head, Li Yan a pair of beautiful eyes suddenly stare big, although the sunglasses covered his upper half of the face, but, she still recognized this person at a glance.

"It's you!" Li Yan exclaimed with astonishment.

The man's slender fingers take off his sunglasses, the whole can be called the perfect face exposed, at the same time, amber like eyes, is surging with thick anger.

"It's you!" His voice clenched his teeth and, obviously, recognized her.

"Yes, it's me." It's a good thing for him to die when he bumps into a car.

"Can you drive?" Mo Zeyang rebuked and asked.

The woman drove as fast as she could, but she still dared to bump into his car.

"I'm sorry, I'm sorry I didn't mean to. I bumped into your car in order to avoid a man riding an electric bike

"I hope you have enough insurance." Mo Zeyang finished, put on his sunglasses, took out his mobile phone and dialed the phone. He said to the other end, "my car was hit. I'm in front. Come here quickly."

Li Yan turned to look at his car, as if it was really very expensive! I don't know if my mother's insurance is enough. She is looking at her and sees the man staring at her through the eyes of sunglasses.

She had to smile again and ask, "you Your car is good. How much is it! It's expensive, isn't it

"The insurance company will introduce you in detail."

At this moment, two bodyguards stopped.

"Young master, are you ok! Do you want to go to the hospital? " Bodyguards care about asking questions.

"No need." Mo Zeyang said, slender figure bent into the bodyguard car, leaving a bodyguard in his car.

Li Yan looked at the car that drove away. She blinked her eyes and suddenly thought that she had to contact the insurance company and her interview.

Li Yan returned to the car, picked up the bag, and dialed his father's phone directly.

"What? You hit your mother's car? And you? "

"Dad, I'm fine." Li Yan heart guilty smile, "can you come to deal with it, I have to hurry to the interview, time is too late."

Li's father happened to be nearby, "I'm nearby. Come here right away."

"Well, Dad, hurry up! I sent you the location. " When Li Yan finished the phone call, he found that two traffic policemen had already arrived. The vehicle beside Zhihui was passing by, and there were a lot of people watching the scene. It was worth watching the event that two sports cars collided.

The traffic police came over and checked Li Yan's driving license and driving license, and asked her to contact the insurance company to collect evidence.

Li Yan looks at the time. It's half past one. She will have an interview in half an hour.

After five minutes, Li Yan finally saw her father's Bentley car parked nearby. She was rescued and walked over.

"Dad, you come."

Li Fu and his assistant came together. When he looked at the car he had given his wife, it was bumping into a more expensive door. He said, "smoke, you can really pick a car and hit it!"

"Dad, I didn't mean to." Li Yan bit his lips.

"OK, let Adler take you to the interview. I'll take it here." Li father said, went to the location of the two car collision, looking at the impact of the appearance, obviously the daughter is full responsibility.

"Are you the owner of this car?" Li Tiansheng asked the bodyguard.

"No, it's my young master's car. I'll wait for the insurance company to deal with it."

"Who is the owner of this car! What's the name? " Li Tiansheng walked around the Bugatti and thought it was a good car. Why didn't his wife choose this car?

The bodyguard saw that he was extraordinary and did not dare to be too cold-blooded, so he replied, "the owner of the car is mo Zeyang."

"Surname Mo! What was his father's name Li Tiansheng asked again curiously.

The bodyguard looked at the young man and was full of the temperament of a successful boss. Before he could answer, Li Tiansheng asked, "is the name of the owner's father Mo Rongkai?"

The bodyguard was surprised. "Do you know my boss?"

As expected, Li Tiansheng guessed that the one who could afford to buy the car was mo, and he was afraid that it was the son of his old classmate!

"My father and I are old friends." With that, Li Tiansheng picked up his mobile phone and dialed his old friend's phone.

"Hello, brother Li, how can you call me when you have time?" There was a steady male voice at that end.

"Brother Mo, I'm sorry to tell you first. The little girl drove in the street and accidentally hit your son's car." "Are the two children OK?" That end Mo father immediately surprised to ask.

"The two children are all right. The collision is not serious. I'm here! Wait for the insurance company to deal with it. "

"Where is it! I'll come here. " Mo Rongkai will come when he says so.

"Well, come on! We'll have dinner together in the evening and let my little girl make amends to your son. "

"Forget it. You can have a meal. Your daughter didn't hit my son's car on purpose."

"Well, I'll wait for you." Li Tiansheng finished saying, the old God sat in the driver's seat of his wife waiting for his old friend.

Li Yan has now arrived at the bottom of the GuDi fashion building. She took a look at the time, my God! With only five minutes left, she stepped on a pair of high-heeled shoes of seven centimeters and went straight to the elevator of the building.

Finally, when she stood at the front desk of the Guti company, she heard a personnel clerk calling out for an interview, "Li Yan, has Li Yan come?"

"Coming, coming, I'm here..." Li Yan gasped and answered.

The assistant turned to stare at her. "If you don't come, you'll give up."

"Sorry, traffic jam..." Li Yan finished finishing his hair, pulled out some broken hair beside his ears, modified his face, took a deep breath, straightened out his chest and followed the staff in front of him to the interview room.

Li Yan looked at the spacious and bright office on the whole floor, full of fashion flavor, flaunting the breath of being a fashion leader. She secretly clenched her fist and must seize the opportunity.

Seeing the assistant into a corner corridor, she was greedy to see the surrounding environment, she did not keep up with her, rushed to catch up with her.

It's just around the corner.

With a bang, she bumped into a man from the opposite side.

Chapter 1419

Li Yan quickly bowed his head and apologized, "I'm sorry."

Li Yan also did not see the person hit, ready to cross him to leave, but, a slender arm stopped her, condescending, a mocking male voice came, "how can there be you?"

Familiar, cold male voice.

Li Yan this just fiercely raises his head, unexpectedly sees a familiar face, it is him! "How can it be you again?" Li Yancai is going to be angry. The world is so big, how can we all bump into him?

Mo Zeyang was really angry. Last time he took advantage of him on the plane, he tolerated it and even ran into his car. Even his own magazine met her.

At this time, the assistant turned back and called to her in some impatience, "Li Yan, do you want an interview?"

Li Yan quickly answered to the assistant, "wait a moment, I'll come right here."

Li Yan over the side of the man, quickly follow the female assistant to the interview room.

Mo Zeyang, who just turned the corner, suddenly stopped and his thin lips drew a sneer. It seems that, no matter what, he still has to give the woman some color to see.

At the moment, Li Yan is sitting opposite a fashionable woman. As the director of GuDi, kelaya, who is in her early 40s, has a pair of sharp and critical eyes. She looks at Li Yan opposite and looks at her resume carelessly.

"Tell me why you left your last company and why you left."

"Eh! It's because of my family that I decided to go back to China for development. My parents have only one daughter. I want to go back to work and take care of them Li Yan responded quickly.

If we say that she lost an important interview opportunity because she ran on the wrong set, she will definitely not play.

"Is it? Look at your resume. It's very good. However, in our company, it's nothing to have a beautiful resume. What I need is the one with real talent. "

"I'm sure I can do anything for you." Li Yan answers confidently. Klaya's face fell into a trace of meditation, because she interviewed so many people, Li Yan's appearance and temperament are her favorite.

Besides, her resume is really excellent.

Just as Chloe was meditating, her office door knocked. Then, she was pushed aside by her assistant. Behind her assistant, a slender and handsome figure came leisurely in.

Li Yan turns to look, can't help stupefied, this man unexpectedly returned to come.

Don't know why, meet this man, Li Yan has a bad premonition that good luck disappears, as long as he is in, she is very unlucky.

Chloa immediately stood up, eyes, with a trace of respect, smiling at the man, "Mo Shao, you are here."

Mo Zeyang's lazy arm leans on the door and looks at Li Yan in his position.

Croya was stunned. "Mo Shao, do you know?"

Li Yan blinked and took the lead in making a sound, "we don't know each other."

"She has offended me." "You should know what to do."

As soon as Chloe heard it, she knew what to do.

"I'm sorry, Miss Li. We've decided to cancel your interview." Chloa immediately gave a cold, heartless voice.

"Wait, why cancel it?" Li Yan's beautiful eyes stare, which sent her away?

This man's words are so powerful?

What is his identity?

"There is no reason, please leave Miss Li!" Chloa's face changed quickly and coldly.

Li Yan's face suddenly rose red, and had not met such an embarrassing interview!

"If he says Cancel, cancel it! How can you do this? " Li Yan didn't give up asking.

"Yes, Mo Shao has the right to decide everything." There was a touch of flattery in her tone.

Although Li Yan didn't know what this man came from, she was really angry. She went to Mo Zeyang and waved her fist. "You are cruel."

Mo Zeyang's face did not change, even his eyes did not twinkle, he slightly crooked the corner of his mouth, "just give you a small warning, provoke me, no good end."

Li Yan bit his lips, and a good interview was so ruined by him.

"I've had eight bad days when I met you." Li Yan picked up the bag and said to Chloe, "excuse me."

Li Yan left, Chloe or curiously asked, "Mo Shao, do you have any hatred with that lady just now?"

"Nothing!" Mo Ze Yang did not want to say more, but also pushed the door out.

Li Yan is waiting for the elevator at the moment, and sees Mo Zeyang's figure coming towards this side.

Li Yan around the arm, some angry stare at him, the elevator came, she went in to quickly press the close button, do not want to sit with him in the same elevator.

However, the man's slender arm or block, the elevator door induction open, the man elegant step in.

Li Yan leans against a wall next to her, especially dislikes the appearance. Mo Zeyang from the mirror reflected from the elevator door, saw a woman, he seems to be in a good mood.

He only went to the coffee shop on the sixth floor, and Li Yan saw him go out, and she made a fist at his back.

Mo Ze Yang found, suddenly turned his head, Li Yan raised the fist is still in the air, she was angry to hum a, closed the elevator door.

Mo Zeyang adjusted his suit, and his face was not very pleasant.

Li Yan had just arrived downstairs when he received a call from his father.

"Hello, Dad."

"The car was pulled to be repaired, and it's all done. In the evening, I'll meet my old friend with dad and have a meal."

"I'm not in the mood tonight."

"You must eat it."

"Why!"

"You'll know when you go." Li Tiansheng did not directly explain.

"All right! Later. "

"How was the interview?"

"At night." At the moment, Li Yan is going to be very depressed and doesn't want to mention the interview.

At the same time, Mo Zeyang was in the coffee shop and received a phone call from his father.

"Dad."

"Make time in the evening to have dinner with me."

"Is it important?"

"Let you meet an old friend of mine."

Mo Zeyang had to promise, "OK, contact later."

At the moment, the two fathers are sitting in a teahouse chatting about the latest situation. They are tacit understanding and don't mention more about the crash. They hope that the two young people

will meet each other tonight and have a good chat. They are originally old classmates and have been meeting in the business sector all the year round. The relationship is very good, but in recent years, they have rarely moved around.

Li Yan thought of the failed interview. She was very depressed. At this time, there was a shop for holding doll machines. She went in directly and bought 100 yuan of money. She decided to release the pressure.

Fortunately, the luck of catching dolls is very good, she directly caught more than a dozen, holding it in her arms, looking at the two little girls nearby, she sent out a few.

Li Yan chose one of her favorite dolls and took it in her hand. It was four o'clock in the afternoon.

Chapter 1420

She found a coffee shop to sit down, bored dial Xu Xinyue number.

"Hello, did you succeed in the interview?" Xu Xinyue asked.

Li Yan cried and went back to the past, "don't mention I'm going to explode. Do you know who I met at the old dike

Ah, who

"The bastard on the plane, I might have been hired because he stepped in and asked director Chloe to give me up."

"Why did he do it? Is it because of what happened on the plane last time? " Xu Xinyue asked in surprise.

"It's not just about the plane, it's probably because I hit his car when I went to the interview this afternoon."

"Ah! And you hit his car? "

"I didn't mean to. I bumped into his car in order to avoid a man who ran into the road. My father has gone through insurance." Li cigarette end is as big as a bucket.

"You are enemies

"Hum! I don't want to see him all my life. I hate him Li Yan can only spit out the bitter water to Xu Xinyue, and the cruel words can only be said in front of her.

Xu Xinyue comforted and laughed, "don't worry! There are other jobs! Don't get bored any more. Do you want to get together in the evening? "

"Not tonight. Just now my father called and said," let me meet his old friend. Ah! I don't want to go, but I have to give my father face! "

"Well, let's get together again sometime! Don't be depressed. "

"Well! It's time for me to contact my dad, too. "

Li Yan hung up the phone and looked at the time. Finally, it was 5:30. She thought about the dinner with her father generation. She had no fun thinking about it. She could only look forward to her favorite dinner tonight.

Xu Xinyue cooks dinner with her aunt at home. She has a happy and relaxed time with her family. She will go to work tomorrow. She hopes to spend more time with her family after work.

At 5:50, Li Yan is sitting in the coffee shop, doing drama to pass the time. She is watching a wonderful show. Her father's phone calls in, and she reaches out to pick up, "Hello, Dad."

"Where is it! I've come to the restaurant for dinner. Would you like to pick you up

"Send me the address. I'll come by myself." Li Yan can delay, as long as the meal point on the line.

After a while, the address was sent. Li Yan looked at it and found that it was a high-class restaurant. She packed her bags and stopped a taxi.

Not far away, a black business car has just started. On the bus, Mo Zeyang sits by the window, with the back of his hand against his jaw. His amber indifferent eyes are full of unpredictable thoughts.

At the door of the restaurant, the business bus just left, a taxi came in, and a slender figure pushed the door and got off.

Li Yan took a look at his watch, stepped into the hall and went to the direction of the elevator.

The restaurant is on the fourth floor.

Li Yan looked up at the elevator door, there is a tall and straight man's back waiting.

The grey suit of high-grade customization sets off a man's loose shoulder and back, while the trousers without creases show no wrinkle, which makes his legs straight and slender.

She was even recognized in the last light.

Mo Zeyang turned his head directly. He was staring at the woman who was close to him. He tightened a pair of eyebrows nervously. How could it be her again?

Li Yan is going crazy. Why is the earth so small? She meets him three times a day? The elevator door, even if there are no two people talking, can also freeze the atmosphere.

Li Yan ring arm don't open face, men squint eyes, temperament cold.

At this time, as soon as the elevator door opened, Li Yan quickly stepped in, and Mo Zeyang stepped in with long legs.

Two people pressed the number of the elevator at the same time. However, coincidentally, they were both on the fourth floor. Therefore, the two unsuspecting people touched each other's hands.

Li Yan quickly smoked, and the man was like a king of cleanliness. He pulled out the pocket towel on that side of his pocket and tried to wipe it in the place she touched.

Just then, there was a knock outside the door. The waiter pushed open the door and saw a graceful tall figure step in.

Li Yangang was thirsty to drink a glass of water. When she saw someone coming, she almost choked. She covered her chest and looked at the man who stepped in. Her eyes were wide.

How could it be him! At the same time, later thought, is this bastard the son of the opposite couple?

Mo Zeyang saw the girl opposite the table, Jun Yan was also stiff, but he was very powerful on the spot, and walked in without surprise.

"Dad, mom." Mo Zeyang called.
